TENNEY TO HEAD PLANTERS IMMIGRATION PLAN FURTHER ENDORSED

Planters' President Is Strong For Immigration

W. Pfothenhauer Declares Territorial Action Should Be Continued --- Association Names Officers for 1911

Sugar Men of Islands Gather To Discuss Measures For Benefit of Industry

Measures to promote immigration and discussion of labor matters are likely to be the most important subjects taken up by the Hawaiian Sugar Planters' Association, which began its annual session at 10 o'clock this morning in its rooms in the Judd building.

The keynote of the situation was sounded in President W. Pfothenhauer's address, in which he declared strongly in favor of assisted immigration, and asserted that the legislature should not repeal the law enacted which allows immigration through the Territorial board and to which the planters of the Territory give their financial aid. His report was received at once and unanimously adopted.

Labor Matters Discussed.

President Pfothenhauer's address is a vigorous discussion of labor matters. He deprecates the trouble with the Russian immigrants and the fact that so far they have not proved their desirability, declares that plantation life must be made more attractive for the laborers, advocates more work for the welfare of the immigrants and advocates also a continuance of present immigration policies.

He sounds a note of optimism for the future of sugar, by stating that the growing crops seem further advanced than similar crops of former years.

In fact, there is a good deal of optimism over the sugar situation apparent among the planters in attendance at the annual meeting. Two committee reports, one from the committee named to investigate the advisability of burning over cane before cutting it, and the other on the work of the experiment station, are important. The first points out a new method of harvesting that is safe, economical and rapid, and may revolutionize the harvesting of sugar in the Territory. The committee on the experiment station reports rapid progress toward exterminating the enemies of cane and brilliant work done by the entomologists of the station's staff.

President Pfothenhauer called the annual meeting to order this morning at 10 o'clock. His address and that of the secretary, W. O. Smith, were read and approved, and then the election of officers was taken up.

Trustees Absent.

Four trustees were found to be now absent from the Territory—H. P. Baldwin, S. M. Damon, F. A. Schaefer and J. M. Dowsett. The first three have left proxies in the persons of J. P. Cooke, A. W. T. Bottomley and F. J. Waldron. The other five trustees—W. Pfothenhauer, E. D. Tenney, T. Faxon Bishop, W. Pfothenhauer, W. O. Smith, T. C. Davies, J. P. Cooke, A. W. T. Bottomley, F. J. Waldron and J. M. Dowsett.

The new board of trustees now is E. D. Tenney, E. Faxon Bishop, W. Pfothenhauer, W. O. Smith, T. C. Davies, J. P. Cooke, A. W. T. Bottomley, F. J. Waldron and J. M. Dowsett.

NEW PRESIDENT OF HAWAIIAN PLANTERS

E. D. Tenney

E. D. Tenney, vice-president of the Sugar Planters' Association for the year just closed, was elected president for 1910-1911 to succeed W. Pfothenhauer, at a meeting of the new board of trustees at noon today. T. C. Davies was elected vice-president, W. O. Smith re-elected secretary and treasurer, L. J. Warren re-elected assistant secretary and treasurer, and George H. Robertson re-elected auditor.

New members elected are John Waterhouse, L. A. Thurston, L. J. Warren and Edward Politz, the latter a well known San Francisco capitalist and heavily interested in Hawaiian sugar who is now visiting in Honolulu.

terminal facilities, pipe lines and irrigation ditches, pumping stations, reservoirs, factories, mills and apparatuses, including houses for employees, mercantile establishments, hotels, churches and private schools.

"Any twenty-five or more qualified persons may apply for the opening of agricultural lands for homestead settlement in any locality or district, and the Commissioner of Public Lands is required to survey and open such lands, whether they be under lease or not, or other lands as near as may be to the specified tract, the lease of any leased land so taken being protected, however, to the extent that growing crops may first be harvested.

"The Governor of the Territory, in due time, appointed the Land Board thus created. It is perhaps too early at this time to say whether the new land laws will work out as beneficially as is anticipated and hoped for, but the tendency of the law to provide, by virtue of the homestead clause, a stability of population by including desirable immigrants and residents to take up homesteads within the Territory, will, no doubt, in time prove a boon to our commonwealth, and the planters heartily cooperate with the government to bring about the salutary results which the law promises and which are of the greatest importance, not only to the sugar interests, but to all other industries, for the future development of the resources of our Territory.

Immigration and Labor.

"The introduction of Russian immigrants from Manchuria by the Board of Immigration during the past year has not come up to expectations, and further attempts to obtain immigrants from that source have been abandoned for the present. It is regrettable, in my opinion, that this influx of an entirely

CAN'T HAVE BIG FLEET NOW ON PACIFIC

Secretary of Navy Says No Place to Handle More Vessels.

ADVOCATES BUILDING TWO NEW DRYDOCKS

Declares Atlantic and Gulf Coast Have Too Many Yards and May Abandon New Orleans and Pensacola Soon.

News was brought from the Coast by the Korea today that two huge drydocks, probably near San Francisco, will be recommended for the Pacific Coast by Secretary of the Navy Meyer, who has just returned to Washington after an inspection of naval facilities all over the country.

He announced there were too many navy yards on the Atlantic and Gulf coasts and that he expected to make some changes in the work of the Mare Island Navy Yard. He declined to discuss the Pacific islands yards until he had consulted experts in the service.

He said that the naval requirements on the West Coast will receive extensive consideration in his next annual report and that he will urge the construction of adequate facilities. The present facilities could not care for the battleship fleet that the Coast has been demanding, he said.

Pacific Fleet Far Off.

It will be impossible, he said, to maintain a battleship fleet on the Pacific before more adequate dock facilities are provided. At present he believes the Pacific Coast can not maintain a battleship fleet, and probably will not be able to before the completion of the Panama Canal.

Meyer believes that there are too many yards on the Atlantic and Gulf coasts. He believes that it would be more economical to concentrate naval work in a smaller number of larger yards.

May Abandon Two Yards.

The yards at New Orleans and Pensacola will probably be abandoned, if Meyer's recommendations are carried out by Congress. On the Atlantic, Meyer favors concentration of naval work at Boston, New York, Philadelphia and Norfolk. If carried into effect, this policy will result in the abandonment of the yards at Portsmouth, N. H., and Charleston, S. C.

Meyer favors having, officially, one navy yard on the Gulf Coast of the United States, that to be supplemented by Guantanamo and to the Panama fortification. There is no intention to establish a base on the Isthmus, nor is there any intention of placing the construction and pay corps in the line of the navy.

CAISSONS FOR PEARL HARBOR

On December 22 there will be opened at Washington bids for furnishing three steel caissons for dry docks at Bremerton and New York dry docks and for the naval station at Pearl Harbor.

The notice of the proposals was received in Honolulu this morning from the Navy Department at Washington, and it is likely that a local firm will get the contract for furnishing the caisson at Pearl Harbor.

Nicaraguans In Serious Revolt

Government Troops Called To Stop Political Meeting, Get In Hot Battle

(Associated Press Cable.)
SAN JUAN DEL SUR, Nov. 14.—Nicaragua again is in the throes of revolt. Today troops were called upon to suppress a political demonstration against the government in the town of Leon, a few miles inland, and a serious battle between the troops and the revolutionists occurred in the streets of the town.

The troops swept the streets with bayonets and canisters, and many were killed and wounded on both sides. Sharp guerrilla fighting is reported almost continuously ever since. Nicaragua apparently is doomed to undergo another widespread revolution, and plots and counter-plots against the government and against the revolutionists are daily hatched.

INCORPORATE FOR ADMIRAL HARBOR INVESTMENT HERE ON VISIT

Company Is Formed by Men Well Known in Business Circles.

Papers of incorporation have been filed by the Island Investment Company, which purposes to engage in general promoting and financial activity in Honolulu and elsewhere.

The incorporators of the company are well known in the business life of Honolulu, Robert Bond, E. M. Watson, C. A. Mackintosh and Robert Miskel. The men identified with the company.

The capital stock of the company is set at \$1,000 with the privilege of extension to \$1,000,000. The stock is divided into twenty-five preferred and twenty-five common, Robert E. Bond being a holder of the majority of the shares.

BISHOP BACK ON THE KOREA

Rt. Rev. H. B. Restarick, Bishop of the Protestant Episcopal church in Hawaii, returned to Honolulu on the Korea this morning from an extended visit on the mainland. He is accompanied by two prominent members of his church, Bishop F. R. Graves and Rev. L. H. Roote of Shanghai, who are going out to the East to take up their posts there.

All three have been in attendance at the great Episcopal convention at Cincinnati, Ohio, where churchmen from all over the world were assembled.

From the dock this morning the three went direct to St. Andrew's Cathedral, where an open meeting was held, at which the three divines told of the convention and its results. The Rev. Roote and Bishop Graves spoke of the work in China, declaring that Chinese from Hawaii are doing splendidly in the Far East mission field.

Miss Restarick accompanied her father and returns with him.

Out of sixteen Japanese gamblers who had been gathered in by the police on Saturday evening while engaged in the thrilling occupation of winking fiddle fortune by the seven come eleven route, eleven forfeited bail to the amount of ten dollars each. Five defendants pleaded guilty before Judge Lymer and were assessed a fine of six dollars.

REDS BEAT WHITES AT KAMEHAMEHA

Soccer Game Saturday Afternoon Was Exciting.

There was a very exciting game of soccer played on the school grounds last Saturday afternoon between the Red and White first teams. The Red team won by the score of 2 to 0. Both had their strongest teams out; the Whites with a strong bunch of backs, expecting to keep the Reds from scoring.

The Red team had a good line of forwards. This being the last game of soccer in the color series, the whole school turned out to root for their teams. At the beginning of the game it was seen that the Reds had lost a few of their backs, but as the forwards were strong there was still hope of winning the game.

During the first half of play the Whites threatened the goal and it looked as though they would score. The Reds held them down, however, and in the middle of the half Godfrey made a first goal for the Reds. There was noise in the air then and the Whites played for all they were worth.

In the last part of the second half another goal was added to the Reds' score through combination work by Kamae and Godfrey. The latter made the second goal for the Reds. During the last half the Whites were outplayed, but by the good work of their backs the Reds were prevented from further scoring. Captain Winters refereed the game.

The lineup: Reds—Forwards, H. Godfrey, W. Kamae, J. Milika, W. Wainalea, J. Kama; backs, Ben Hussey (captain), E. Akiona, S. Luluan, G. Hewitt, S. Bush; goal, Ah Leong. Whites: Forwards, W. Opanui, K. Mackenzie, D. Kalai (captain), A. Spencer, A. Alan; backs, J. Lujan, B. Apani, H. Brandt, E. Hone; goal, P. Kinolau.

The Junior members are anxious to meet a picked team from the school in a game of football on Thanksgiving Day. Captain Milika of the Junior team has received a reply from Ben Hussey of the senior class that he will have a team ready to compete.

A military field day will be held at the schools next Saturday afternoon between the Reds and Whites. Three men from each team will be allowed to enter each event. The sports will not include sprints, but will have more to do with the handling of guns and running. Captain Winters will publish the program.

The athletic committee of the school is expected to meet this evening at 6:30 to decide on entering a school soccer team in the big league. Other matters of interest to the school will be taken up at this time.

The second payment of Property, Income and Special Income Taxes will be subject to a ten percent penalty after November 15. Better pay now and save the penalty.

Six months imprisonment was the sentence meted out by Judge Cooper this morning to Jose Ferral, who entered a plea of guilty to a charge of embezzlement. A charge of being present at a gambling game against the man was dropped.

Deeds have been filed in the Bureau of Conveyances whereby the Territorial government acquires the necessary approaches to the new Kahului wharf, the parties named being the Hawaiian Commercial and Sugar Company, the Kahului railroad and the Territory.

Hilo has at least one progressive citizen, according to the following from the Hilo Tribune: Manager Wright of the Volcano Stables has offered the Supervisors to assist them in their work on the road by the Volcano by transporting prison laborers, implements and machinery free of charge, and to move the camps if necessary. The Supervisors passed a vote of thanks for this generous offer.

A Morjby, an old hand in the purser's office of trans-Pacific steamers has taken over the duties formerly performed by Allen. Morphy formerly passed through Honolulu, a number of years ago as the purser of the Occidental and Oriental steamer Coptic. When that line passed out of the transportation scheme on the Pacific, Morphy was transferred to a vessel flying the Pacific Mail flag and one that was operated between San Francisco and Panama.

While there is no one on board the Korea in an official capacity that is authorized to speak it is rumored that Billy Allen was given the axe during the stay of the Korea at the port. There appears to be an air of mystery connected with the sudden determination upon the part of Mr. Allen to leave the Korea and take a journey to the Atlantic seaboard.

It was given out before the vessel sailed that Allen had left the vessel for one voyage but in view of the fact that he has been home for so many years, the former purser removed all of his personal effects and belongings from the office, many believe that he has quit the service.

It is even hinted that there is a woman at the bottom of the affair but awaiting a confirmation or even a more definite statement, Allen's friends who are many at Honolulu refuse to believe that he had been removed from the service for any such cause.

The Korea brought 57 cabin and 11 steerage passengers for Honolulu. In her hold she has about two hundred tons of freight to be left here including three automobiles.

Through passengers are many and they monopolize practically every stateroom on the ship. For the Japanese ports, Manila and Hongkong there are 150 in the saloon 22 in the European stateroom and 462 in the Asiatic quarters.

The vessel will make a brief call at Manila and will leave forty-five hundred tons of freight, mainly consisting of war materiel supplies for the army station in the Philippines.

The vessel came down from San Francisco a little under six days and brought one hundred sacks of later mainland mail.

One death occurred on the way down that being a Chinese steerage passenger who passed away as the ship came to quarantine off Honolulu. Death was due to tuberculosis.

Captain Sandberg who has been in the employ of the Pacific Mail for a quarter of a century has retired and his place on the bridge of the Korea has fallen to Captain J. W. Saunders.

It is reported that the command of the Pennsylvania will be given to Ryland Dorman, who has been on the Panama and Oriental runs.

Chief Steward Thompson is back in the Korea again after a brief absence spent on shore.

Charles Frazier the local advertising man has returned from a very successful business trip on the mainland. Frazier declared that he left but little business behind that had not previously been nailed down. Mrs. Frazier accompanied her husband to Honolulu.

Our New Phone Number Will Be 1281 City Transfer Co. (Jas. H. Love)

Shipping ADDITIONAL SHIPPING ON PAGE EIGHT. KEEN-EDGED AXE AGAIN FELT IN PACIFIC MAIL CIRCLES

"BILLY" ALLEN, A POPULAR PURSER IS REPORTED TO HAVE RESIGNED—TRANSPORT SHERIDAN TO SAIL FOR MANILA THIS EVENING—WINDJAMMERS ARE EN ROUTE WITH GENERAL CARGOES.

Has the keen-edged axe been taken down from its temporary resting place in the head office of the Pacific Mail Steamship Company at San Francisco, and placed in official hands, and been swung upon the neck of one of the most popular pursers that ever passed through Honolulu?

The liner Korea arrived at Alakaea wharf about eleven o'clock this morning but W. A. Allen, who has been identified with the steamship company for many years was not numbered with the ship's company.

A Morjby, an old hand in the purser's office of trans-Pacific steamers has taken over the duties formerly performed by Allen. Morphy formerly passed through Honolulu, a number of years ago as the purser of the Occidental and Oriental steamer Coptic.

While there is no one on board the Korea in an official capacity that is authorized to speak it is rumored that Billy Allen was given the axe during the stay of the Korea at the port. There appears to be an air of mystery connected with the sudden determination upon the part of Mr. Allen to leave the Korea and take a journey to the Atlantic seaboard.

It was given out before the vessel sailed that Allen had left the vessel for one voyage but in view of the fact that he has been home for so many years, the former purser removed all of his personal effects and belongings from the office, many believe that he has quit the service.

It is even hinted that there is a woman at the bottom of the affair but awaiting a confirmation or even a more definite statement, Allen's friends who are many at Honolulu refuse to believe that he had been removed from the service for any such cause.

Charles Frazier the local advertising man has returned from a very successful business trip on the mainland. Frazier declared that he left but little business behind that had not previously been nailed down. Mrs. Frazier accompanied her husband to Honolulu.

For the past several months the customs quarters have been painfully destitute of furniture and the force of customs inspectors have been compelled to perform their labors under rather trying conditions upon the main floor of the wharf where dust, dirt and noise abound.

Spokane May Come to Marine Railway After completing the discharge of a shipment of lumber, the American schooner Spokane may be brought to Honolulu where the vessel may go on to the marine railway for inspection and possible repairs. The vessel with lumber from Puget Sound arrived at Hilo on last Thursday, but when off the bell buoy that marks the boundary of the harbor the breeze dropped away and the schooner drifted to the reef. The vessel came off soon after and it is believed that little damage was done as a result of the grounding.

Enterprise Has New Skipper. The Matson navigation company's steamer Enterprise has sailed from San Francisco for Hilo with 5,500 tons of cargo. As the freight included no combustibles the Enterprise carried no passengers. Captain Yohngren, the regular master of the Enterprise, was unable on account of illness to take his ship out, so Captain R. O. Nelson, formerly master of the bark Annie Johnson, was appointed master for the voyage in his place. Captain Nelson has been off duty for about four months as the result of a broken leg sustained on the last voyage he made on the Annie Johnson.

Makura Carried Supplies for Fanning Taking sixteen passengers and a unit of supplies the Canadian-Australian liner Makura sailed from Honolulu at one thirty of Saturday afternoon destined for Australian ports by the way of Fanning Island. The passengers were bound for various Colonial ports while the freight taken on here will be discharged at the British cable station having been left at Honolulu by the steamer Zealandia for transshipment to Fanning Island.

Nocera Freight List. Besides several cabin and seven deck passengers, the steamer Nocera from windward Kaula ports brought cargo including 100 bags of rice, 925 bags of paddy, 29 hides and sundries. Purser C. R. Hayden reports that when the Nocera left Hanalei there were 2000 bags of rice and paddy awaiting shipment. The weather on the windward side of the Garden Islands was reported to be good.

Mikahala from Maui. Purser French of the Inter-Island steamer Mikahala from Maui, Molokai and Lanai reports fine weather on the trip to and from Honolulu. The schooner Columbian was reported to be at Kahului. The Mikahala brought in fourteen first-class and twenty-four deck passengers. The freight consisted of one automobile, two horses, ninety pigs, crates of chickens, eggs, corn, potatoes and empty bottles.

Rice Shipment from Kaula. Rice made up a portion of the freight brought to Honolulu by the steamer Kinau. From Kaula ports the vessel brought 1500 sacks sugar, 845 sacks rice, a quantity of cases of pineapples and sundries. Fine weather was experienced on the outward and inward voyage.

Sheridan to Sail at Five This Evening. The United States Army transport Sheridan, bound for Manila by the way of Guam is scheduled to sail at five o'clock this evening. The vessel has completed taking on coal to the amount of six hundred and fifty tons. The Sheridan is berthed at the Oceanic wharf.

Alaskan Will Take First of Crop. The American-Hawaiian steamer Alaskan will take the first big shipment of the new crop sugar. Some 12,000 tons are expected to be shipped by the big freighter, which sails on December 14.

Good Ship Albert Has Arrived. The old reliable bark Albert has returned in safety to Puget Sound after having left a shipment of lumber at Kasaan. The vessel arrived at Port Townsend on last Friday.

GEN. GARCIA WORKS AS A DAY LABORER

Man Who Led Cuban Patriots Forced to Return to Soil for Living.

A story of the vicissitudes of the Cuban patriots who fought against Spain previous to the interference of the United States came to light when Mounted Patrolman Roger J. Harty, returning from a trip to Panama, brought a letter of greeting to Major T. Romer Roemer, drill-master of the St. Louis police force, from Gen. Jose Garcia, now earning his living as a laborer in an obscure town in Panama.

Garcia earned a name in his country's history when, as the leader of the insurrectionists, he fought relentlessly against Gen. Weyler, the commander of the Spanish forces in Cuba. He helped his country in the Spanish-American war, and it was in the army that he met Roemer. The two fought and lived together during the campaign and became fast friends. When the war was over and Roemer returned to the United States he lost track of his friend, and it was only a chance remark of Harty's that brought them into communication again.

He Comes Upon Garcia.
"I had to go to a small town in the Panama Canal zone on a matter for the New Orleans police force, which I undertook while I was in New Orleans August 12," related Harty. "In the course of my investigations I came to Gorgona, a small town 18 miles from the Pacific coast. I entered the Spanish settlement there one day, and as I didn't speak the language they sent for an interpreter. Garcia came. He could speak English so well that I asked him where he learned it. 'So many of the men in the army were Americans,' he answered, 'that I soon spoke it readily.'

"Then, perhaps, you know Roemer of St. Louis; he served in Cuba?" I asked.

Cuban Greatly Excited.
"Roemer! Do you know him? Where is he? Oh, my friend! And the excited Cuban, happy at finding the whereabouts of his friend, lapsed into his native tongue again, his words and questions falling over each other in his eagerness. I held up my hands in mock surrender, and Garcia, stopping short, apologized for his exhibition of feeling, and asked me if I would not take a letter to Roemer."

Garcia is living in exile as a result of the split which occurred among the Cuban independents when they were freed from the domination of Spain. With every avenue of employment closed to him, whose only thought was for the welfare of his land, he was forced to seek a livelihood elsewhere. Harty says that Garcia, however, is contented for the time.
"It is not the first time that I have had to turn my hand to digging dirt to make a living," Garcia said, resignedly.

HER PHYSICIAN ADVISED

Taking Lydia E. Pinkham's Vegetable Compound

Columbus, Ohio.—"I have taken Lydia E. Pinkham's Vegetable Compound during change of life. My doctor told me it was good, and since taking it I feel so much better that I can do all my work again. I think Lydia E. Pinkham's Vegetable Compound a fine remedy for all women's troubles, and I never forget to tell my friends what it has done for me."
—Mrs. E. HANSON, 304 East Long St., Columbus, Ohio.

Another Woman Helped.
Granville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved worth mountains of gold to me. For the sake of other suffering women, I am willing you should publish my letter."—Mrs. CHARLES BARCLAY, R.F.D., Graniteville, Vt.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

AGAINST FRIAR LAND SALES

Delegates Kalao and Apacible Prepare Resolution to That Effect.

Delegates Kalao and Apacible are to ask the Assembly to declare by resolution that the sale of the friar lands in large and unlimited areas is contrary to the will, the sentiments and the interests of the Filipino people, says the Manila Cable-news-American of Oct. 16.

Their proposed resolution is in part as follows:

"Whereas, the Filipino people consider that the acquisition of unlimited areas of land by great foreign corporations for the purpose of exploiting them may cause a disturbance of the peace and felicity so much desired in the country, in the belief that those corporations will establish a competition that will be ruinous to Filipino capitalists and producers and that they will invade and dominate with their powerful resources the field of exploitation of native energy, and will once they become firmly rooted in the country, become a great obstacle to the political emancipation desired by the Filipino people in general; and whereas, the transfer of the lands purchased from the friars to the said

corporations may give rise to the same politico-social disturbances and protests but to contribute to the peace and welfare of the Filipino people;
"Be it therefore resolved; that the Philippine Assembly declare, without discussing the question of the legality of the sales, that such sales of unlimited areas of such lands to large corporations is contrary to the will, sentiments and interests of the Filipino people, and that all sales of public lands made in future be made in keeping with the provision of article 15 of the Philippine bill.
"Whereas, the present government of occupation acquired the friar

lands not to create new disturbances and protests but to contribute to the peace and welfare of the Filipino people;
"Be it therefore resolved; that the Philippine Assembly declare, without discussing the question of the legality of the sales, that such sales of unlimited areas of such lands to large corporations is contrary to the will, sentiments and interests of the Filipino people, and that all sales of public lands made in future be made in keeping with the provision of article 15 of the Philippine bill.
"Whereas, the present government of occupation acquired the friar

of this resolution be sent to the Congress of the United States and to the Secretary of War."

MONDAY NOVEMBER 14, 1910

When you know a thing, to hold that you know it; and when you do not know a thing, to allow that you do not know it—this is knowledge.—Confucius.

When Roosevelt does talk, it will come like a kick from a mule.

All Mr. Commissioner Campbell has to do now in connection with immigration is to make good.

Take time by the forelock and shop early, else you'll have to grab it by the fetlock and be disappointed.

Honolulu greets Admiral Rees' successor with feelings of cordiality and regret. Good citizens are always welcome, but we hate to lose any.

First the politicians and now the plantation managers decorate the entrance to the Judd building. Neither has much use for the other, but we the common people have them all.

Football must have been revised downward indeed. Last year the victories were only subject to the undertaker. Now the game is not ended till the verdict of the criminal court has been rendered.

Where are the unselfish Christian women who voted to take off their hats in Church so that others might see and hear better?—Central Union Church Calendar.

Oh, Woman! Fickle Woman!!

When an applicant for a home presents a request that is not deserving the attention of the head of the Public Land Department there is something wrong, not with the applicant but with the administration of public office.

John Hughes says the politics of the municipality are in the hands of bosses. Well, that was true of one machine, the Democracy, and the people voted that they wanted none of the Boss or bossism. What more could be reasonably asked.

There was never a better time in the history of Honolulu to place the police department of the municipality under the strict civil service rule of a competent police commission. It hasn't been mentioned in any platforms but it has got to come.

This is the Week of Prayer in the churches. If the people outside the church would pray for those in the church whom they criticize and those in the church pray for the sinners outside, it should be possible to strike a very fair average. The trouble is that most everyone spends too much time "cussin'" the other fellow.

Outgoing city supervisors could not mark their final official labors with a more commendable act than by passing an appropriation that will provide for enlisting the Hawaiian band to a membership that will make it in all particulars a first class military band. Don't let the tourist season come upon us with a band for which the apology has to be offered that we don't provide as liberally as in former days.

Of course all this sounds chimerical to the sugar men and the managers who don't want any d—ed interference from those outside their balliwick, but they will have to listen whether they like it or not.

One doesn't have to be a sugar plantation manager to know that one of the strongest holds the sugar industry could have on the American people—in whose hands rests the decision of whether our industry shall continue to be protected or not—would be to bring about such an improvement of conditions that the plantations of Hawaii will be communities of contented workmen housed in comfortable homes.

To divide up the lands as some of the idealists have suggested and demanded, is a very radical step, but to better the quarters and improve home-

WHAT SUGAR MEN CAN DO.

Sugar plantation managers assembled in the city probably realize better than any of those who give them gratuitous instructions on how to run their plantations, that they have before them one of the most difficult years that a manager can experience. Three years of good times, exceptionally prosperous times, have just come to a close.

The stockholders having become accustomed to comfortable regular dividends and pleasant extras, can't always understand why they have been brought down to the "regulars" and hardly that, despite the fact that the price of sugar for the coming campaign will be twenty-five dollars a ton less than in recent years. So the stockholders become fretful.

The men who toil will experience much of the same feeling as regards their wages. They will estimate the wage-paying capacity of the plantations on what was done in dividends during the last two years, rather than on the ability to pay on the present price of sugar in the world's market. Thus laborers may become an easy prey to demagogues.

In addition to this the managers must grapple with the problems that arise from the quiet revolution that is going on in the industry resulting from the passing of gang labor consequent to the change in the character of immigration.

Every man interested in the production of sugar in these islands realizes that the conditions of the industry are steadily changing, and in consequence of this there must be a constantly increasing spirit of cooperation between the "planters" and the people at large, the citizen community of this Territory.

Nearly all those who take a common sense view of the practical facts of the sugar industry will realize that this is no time to increase dividends, nor is it the time to increase wages.

But this is the day and the season when the plantation managers who can discern the drift of affairs will shape their policies so as to make life and labor on the sugar plantations more attractive to home makers and home builders.

The time has arrived in the history of this Territory and its main industry when it is good business to establish sugar plantation employes in homes rather than barracks; to create conditions that will bring more of citizen labor onto the plantations and enable those people to reside in houses that they will be glad to regard as permanent places of abode.

This matter of citizen labor is not entirely one in which distinctions are to be drawn between the Oriental and the European. The Japanese employed on the plantations are raising families, and with the proper surroundings there is no reason why the sugar properties should not appeal to the Japanese-American population that is growing up in the Territory, a people who have a natural aptitude for agriculture and have only to be inspired as other Americans have to be, with the dignity of labor in order that they shall become fixtures in the plantation community where they have grown up.

Of course all this sounds chimerical to the sugar men and the managers who don't want any d—ed interference from those outside their balliwick, but they will have to listen whether they like it or not.

One doesn't have to be a sugar plantation manager to know that one of the strongest holds the sugar industry could have on the American people—in whose hands rests the decision of whether our industry shall continue to be protected or not—would be to bring about such an improvement of conditions that the plantations of Hawaii will be communities of contented workmen housed in comfortable homes.

To divide up the lands as some of the idealists have suggested and demanded, is a very radical step, but to better the quarters and improve home-

like surroundings of plantation workers is entirely practical even in a period of low prices.

Once this work is begun as a general and definite movement, the future period of higher prices and good times will find the people and the industry ready and in a condition to carry it forward as a matter of course.

ALL HAIL THE HEN,

So common and so individually uninspiring is the American hen that we rarely give her due meed of praise for the great part that she takes in furnishing the food products of the nation. The following figures, taken from a Western poultry journal, show that in giving honor for industry and usefulness we ought to take off our hats to the American hen:

In 1909 the poultry products marketed in the United States aggregated a value of \$600,000,000, which is \$119,000,000 in excess of the entire gold output of the country for the last ten years.

In Preparation Original Hawaiian Craft Work In Calendars, Mottoes and Prints

When it is taken into consideration that these figures on poultry represent only the products marketed it can readily be seen that the entire poultry products of the nation would run into fabulous figures. It is estimated that American farmers and other poultry raisers consume three times as many eggs and fowls as they sell, and if that be the case the total value of poultry products would be \$2,400,000,000.

The lumber sold annually in this country is valued at \$500,000,000, or \$100,000,000 less than the poultry products marketed. Hog sales are the same as those of lumber, and cotton sales amount to \$400,000,000.

A wise man doesn't pay a young widow compliments unless he is matrimonially inclined and willing to pay her bills.

Too many statesmen love their country with the disinterested affection felt by a foreign nobleman for an American heiress.

REPUBLICANS SPENT MORE

The Republicans spent more than the Democrats during the course of the last campaign, according to the statements that are being filed in accordance with law in the office of Territorial Secretary Mott-Smith.

Cecil Brown, elected to the Senate on the Republican ticket, spent \$266.50 or nearly half of the amount he will receive for the first session.

On Hawaii H. L. Holstein spent \$143.40 and Alfonso \$75. On Maui, Name spent \$25.50 and C. L. Kookoo \$28.95.

ADMIRAL HARBER HERE ON VISIT

(Continued from Page 1.) civil and military and naval, could not be given.

At this time Admiral Harber was in command of the Asiatic station and his feet was practically all in Cavite, just across the bay from Manila, the Charleston being the flagship of the squadron.

It is called the "bamboo fleet" in the navy, this small number of fighting ships in the Far East, but the officer in command of the bamboo fleet showed himself a much bigger man than the one who headed the big sixteen on that occasion.

The men of the smaller fleet had been coming ashore all the time, but when the great talk and discussion arose at the time the battleships arrived, Harber sent his own medical men to Manila to examine conditions and look into the situation with the Bureau of Health, which is in charge of Captain Victor G. Heiser of the Marine Hospital Service.

Their report was that there was absolutely no danger to the men in coming, provided they ate nothing but well-cooked food during the time they were on shore, and on this report the commander of the Asiatic squadron allowed his men shore liberty, as usual, while those on the big ships stayed on board their vessels the entire time they were in Manila waters before sailing for China and Japan.

This action on Rear-Admiral Harber's part won for him a warm place in the hearts of Manilaans, and he is most certain of the warmest of warm welcomes at any time he goes to the Pearl City of the Orient.

DE MELLE DOGGIE CAUSED TROUBLE

Frank de Melle, steward of the Inter-island steamer Mauna Kea, has a dog that he might be induced to part with should some one come around who would guarantee to remove the canine from the neighborhood.

The police allege that the animal has been indulging in the reprehensible habit of scaring women and children and life in the vicinity of the dog has been anything but a long sweet dream of bliss.

De Melle has been called to police station and will have a hearing before Judge Lymer on next Monday morning.

LYMER MATINEE BRIEF BUT BREEZY

Judge Lymer's matinee at police station this morning continued for less than a half hour owing to a number of continuances granted the several defendants represented by their attorneys.

E. J. Lord who is claimed to have disregarded the prescribed rules of the road in the manipulation of his automobile was given a further continuance until Wednesday morning.

On Wednesday morning, Joe Ferraj will present himself at police court where Judge Lymer has promised to pronounce sentence upon him. Ferraj has been found guilty of appropriating funds to the amount of \$12 the property of another person.

This defendant was sentenced to six months upon a charge of embezzlement at the Circuit Court this morning.

Wednesday will also probably determine the status of Yamashiro a Japanese woman who is alleged to have committed assault and battery upon a Hawaiian woman named Wai-nai.

WEEK OF PRAYER BEGAN YESTERDAY

Central Union Church Draws Attention to Program of Devotion.

This is the Week of Prayer, to which the Central Union church calendar draws attention as follows:

The men of the world are thanking God and praying together this week as follows:

Sunday, November 13—For the growth of the Young Men's Christian Associations in North America in material equipment, and spiritual power and effective service in God's kingdom. For the world's central and the thirty-two national Y. M. C. A. committees and officers.

Monday, November 14—For Christian unity, church brotherhoods and religious revival among the men of North America. For all men in Africa who are Christians, for the millions who are not Christians and for the Christian business men who are standing behind the work in that continent.

Tuesday, November 15—For the adult Bible classes of our continent. For the millions of irreligious men in South America.

Wednesday, November 16—For all work in North America that aims to bring Christ to men who are outside of the churches. For the 150 millions of young men in Asia who have not the Gospel and for those who are trying to reach them.

Thursday, November 17—For every form of Christian social service in America. For all who labor in the regions under the Southern Cross in the Pacific Ocean and for the men they are trying to reach.

Friday, November 18—For the Christianization of our civil life and our public servants, that every citizen may take his rightful place in the political life of the nation. For the men of Europe.

Saturday, November 19—For the vast army of immigrants crowding into North America. For the men of Mexico and Central America.

Sunday, November 20—For a great religious forward movement of the world over.

The men of this church are asked to join with their fellows elsewhere in this week of united prayer and especially to—

1. Pray each day, using the suggestions in the enclosed leaflet. Tens of thousands of men will be using the same topics.

2. Come to a meeting for prayer each day, November 14 to 19 inclusive, from 12:10 to 12:25 noon, at the Association building.

3. Help make the men's meeting Sunday afternoon, November 20, at 4:30, a large and effective meeting. It will be held at the Association building, and be addressed by Rev. J. W. Wadman, one of Honolulu's best speakers.

Sincerely, RELIGIOUS WORK COMMITTEE, YOUNG MEN'S CHRISTIAN ASSOCIATION OF HONOLULU.

SCHOONER SPOKANE LUCKY

(Special Bulletin Correspondence.) HILLO, Nov. 11.—The schooner Spokane went on the reef at the entrance to the harbor of Hilo last Thursday evening. She remained fast only for about half an hour, however, and managed to get clear by her own efforts, and owing to the favorable weather conditions it is considered certain that no damage was done.

The Spokane came from the Sound with a load of lumber, consigned to Mackfeld & Co. Her former skipper, Captain Jamieson, died since the vessel was lost in this port, and her present master, Captain Simpson, had not visited Hilo for the past twenty-eight years.

Luckily there was hardly any wind at the time the Spokane went on the reef, and she therefore merely slid on very gently and did not

KUHIO'S LUAU GRAND SUCCESS

Punehani, (The flowery wreath of heaven), the beautiful home of Prince and Princess Kalaniana'ole at Waikiki, was the scene of festivities last Saturday afternoon, when a grand luau was given for the benefit of the Republican workers, who were instrumental in making the recent campaign a success for the Republican party.

Prince Kuhio, the Delegate, and his charming wife, the Princess Kalaniana'ole, received the guests in their usual hearty manner, which, at once placed all callers at their ease.

The Princess was characteristically attentive to all guests and saw to it that they were escorted to their seats, which were arranged under the trees of this beautiful home.

The luau had been arranged for one hundred and fifty guests; but the arrivals far exceeded that number and the Delegate immediately arranged for all who came. More tables were placed and lauau and other Hawaiian delicacies placed on them for the people.

Large electric lights were suspended from the branches of the trees, for it was known that the luau would extend into the night.

At the conclusion of the feast those who had partaken of the Delegate's hospitality, thanked him and his wife for the good things they had enjoyed, and departed.

AUTO HITS CAR, OCCUPANTS HURT

There was a painful auto accident late Saturday afternoon. W. H. Drummond, while driving down King street, accompanied by Miss Teir, a Palama nurse, smashed into an Alakaa street car. The impact was so severe that both occupants of the auto were thrown over the front of the machine. Miss Teir passing through the glass front, sustaining a number of bad cuts about the face. She was otherwise uninjured, but was taken to the Queen's Hospital, where the cuts were dressed.

Drummond got off with a few bruises, and is considered lucky, taking into account the nature of the accident.

HILO REPUBLICANS TALKING IT OVER

(Special Bulletin Correspondence.) HILLO, Nov. 11.—The Republican ratification meeting which took place at the Army last Thursday evening was not a particularly brilliant success, at least not in point of view of attendance. Only a few of the elected candidates showed up, and the majority of the audience was composed of young people, who evidently came mainly to enjoy the dancing. However, in staying away the voters evidently considered that they had done their full duty at the polls, which was undoubtedly true.

The candidates, on the other hand, could not be greatly blamed for enjoying a night's rest after the strenuous labors of the campaign. The meeting started with a concert by the Hilo band, which did excellently, and this was followed by some selections by a Hawaiian orchestra, while some of the young people danced. At about 8:30 o'clock John Keoloha, who acted as presiding officer, gathered together the few candidates who had shown up, and started the meeting proper.

WEED NABS FISH PEDDLER

Fred Weed, a special officer connected in a clerical capacity with the police department, made an important capture this afternoon.

Weed succeeded in placing under arrest a Japanese named Otano, who is charged with having engaged in the sale of fish at a place other than one of the authorized and recognized fish markets operated under the jurisdiction of the Territorial Board of Health.

A determined stand is being taken by the police against the discriminate sale of fish by Chinese and Japanese. The arrest made by Officer Weed today marks the commencement of a campaign that will result in protecting the public against the possible purchase of contaminated fish and other commodities.

Joe Costa a driver of a dray owned by the California Feed Company was injured by being hit by a car on the Onu Railway this morning. Costa was picked up unconscious and given attention by Dr. Herbert. The horses and dray escaped injury.

"For Sale" cards at Bulletin... strain herself any. Captain Simpson sent word to the steamer Kaula to come to his assistance, and in the meantime he backed his sails, with the result that the schooner slid off into deep water and safety, just before the Kaula arrived on the scene.

Rice-Sexton Wedding.
 "Hale Nani," the beautiful home of Hon. and Mrs. William Hyde Rice, was on Wednesday evening, October 26, the scene of a charming wedding when the youngest daughter of the family became the bride of Dr. Leo Lloyd Sexton of the United States Public Health and Marine Hospital Service. Owing to Dr. Sexton's sudden alteration of plans necessitating a change of residence to Hilo, instead of Honolulu, the arrangements for the wedding had to be deviated from, resulting in a quiet family wedding in place of the large one planned for the latter part of November.

Promptly at 8 o'clock, to the strains of the Lohengrin wedding march played sweetly by Mrs. Putman on the violin, accompanied by Mrs. Herman Rohrig on the piano, four fair little granddaughters of Mr. and Mrs. Rice entered the spacious drawing room and formed an aisle of white satin ribbons for the bridal party.

The bride, whose blonde loveliness was enhanced by her beautiful gown of real lace, and the becoming bridal veil caught with a wreath of orange blossoms, entered on the arm of her father, Hon. William H. Rice, and was preceded by her cousin, Miss Alice Cooke, as maid of honor, most becomingly gowned in white chiffon over satin with touches of rare lace, and carrying a shower bouquet of large pink carnations, only equalled in loveliness by that carried by the bride, of long-stemmed Madam Cochet roses.

The bridal party proceeded through the drawing rooms to where the groom, Dr. Leo Lloyd Sexton and his best man, Mr. Phillip L. Rice, awaited them under the beautiful marriage bell of white asters and tulips, and were united in holy matrimony by the Rev. Hans Isenberg with the impressive marriage service of the Lutheran church. At the close of the service the young couple turned to receive the hearty congratulations and good wishes of all the gathered relatives and friends. The familiar but none the less beautiful song, "Oh, Promise Me," from Robin Hood, by De Koven, was then rendered by Mrs. W. H. Rice, Jr., with the accompaniment of violin and piano. After the reception a delightful repast was served at small tables on the large lanai and many toasts drunk to the future happiness and welfare of the young couple. Dr. Sexton is carrying away one of Lihue's fairest daughters, but a warm welcome awaits them in Hilo, their future home.

An account of this charming wedding would be incomplete without a description of the beautiful decorations, the artistic work of Miss Lillian Paty of Honolulu, who is visiting with the Rices. The color scheme chosen for the spacious drawing rooms was white and green and most effectively carried out with hanging baskets of ferns and choice potted palms and cut flowers from Honolulu and Lihue. The arches of the large doors through which the bridal party passed were outlined in white flowers and green vines, the room in which the ceremony was performed being done entirely in white jasmintine and the long branches of the graceful asparagus sprengeri, and the second drawing room in white asters with banks of roses on mantles and book cases and trailing asparagus on the walls. A great bank of pure white calla lilies from the Luakaha home of Mrs. Charles M. Cooke was a feature of this room.

The dining room, connected with the drawing rooms by large sliding doors, and daintily decorated in pale yellow chrysanthemums and trailing vines, and the large innat on which the wedding supper was served was hung entirely in green vines and hanging baskets of graceful Boston fern, and the tables each held a bowl of beautiful roses.

The wedding guests, amongst whom were many nephews and nieces of the bride, had the pleasure at the close of the supper of showering the bridal couple with handfuls of rice as they hastened away to a waiting automobile.

Dr. and Mrs. Sexton leave Lihue October 29, and after a few days in Honolulu will hasten on to Dr. Sexton's new post in Hilo.

The wedding gifts, as befitting such a charming young couple, were numerous and beautiful and consisted of cut glass, silver, and choice rugs and pictures.

Amongst the guests at the wedding were Mr. and Mrs. William Hyde Rice, Mrs. Charles M. Cooke, Rev. and Mrs. Hans Isenberg, Mrs. Margaret Christ, Miss Alice Cooke, Mr. and Mrs. B. D. Baldwin, Mr. and Mrs. C. H. Cooke, Mr. and Mrs. W. H. Rice, Jr., Mr. and Mrs. Charles A. Rice, Mr. and Mrs. Herman Rohrig, Dr. and Mrs. Frank Putman, Mr. and Mrs. S. W. Wilcox, Mr. G. N. Wilcox, Mr. and Mrs. R. L. Wilcox, Mr. and Mrs. Charles Wilcox, Mrs. W. H. Scott of Berkeley, Mr. and Mrs. Gaylord Wilcox, Miss Lillian B. Paty, Mr. and Mrs. Arthur Rice, Mr. and Mrs. Harold Rice of Maui, Mr. DeLacey, Mr. Philip Rice, and eight grandchildren of the bride's parents.—Garden Island.

Sheep's milk to the amount of 42,267,000 quarts was consumed in France last year in making Roquefort cheese.

Wellman's kitty was one of the interesting members of the late lamented across the ocean balloon flight.

The man who does a lot of things is sure to do some of them right.

Only one man in 208 is over six feet in height.

Great Preparations for This Season's Holiday Trade

A Host Of Beautiful Merchandise ex Lurline

THE whole of our holiday lines have not yet arrived, but the snappy styles and values here already are winning trade for our store every day. We take pleasure in announcing the following new arrivals:

Ready-to-Wear Department

Advanced styles in Lingerie Dresses. We have these in every size from 34 to 44. These came by express in response to a cable order, and are what a leading manufacturer is making for next season--they're just as new as 5th Avenue will show next spring. [See our window.] The values are A1, and range in price as follows: \$17.50, \$24.00, \$32.50, \$35.00 and \$37.50 ALTERATIONS FREE.

FALL STYLES IN MILLINERY

We have just opened a choice line of Pattern Hats, reasonable price and exceedingly stylish.

CLOTH CAPES

New Capes again by Lurline, all colors, at prices wonderfully cheap. Style and economy here.

RIBBONS! RIBBONS! RIBBONS!

Tremendous large stock of New Ribbons bought from the makers direct. Novelty Persian Ribbons, Sash Ribbons in Floral and New Plaids, Hair Ribbons in Taffeta and Satin--every width. You can't go wrong by coming to JORDAN'S for Ribbons

OUR PIANO CONTEST

This Great Contest is growing more popular every day. Many of our customers are trying hard to get the Magnificent Piano as here pictured.

So me one will win. Who is it going to be?

Every 50c Purchase entitles the buyer to a Voting Coupon

It is worth trying for. Save your Coupons. We want it distinctly understood that our employees under no circumstances are allowed any interest directly or indirectly. Please fill in your own Coupons and place them in the Ballot Box at the store.

The names of the First Six Leaders will be published Next Saturday in Evening Bulletin.

A Special in Umbrellas and Parasols

At our September Sale we did a very big Umbrella business. We picked up another line even cheaper. These will sell quickly.

\$1.50 values for 95c

\$2.00 values in Ladies' or Gentlemen's Umbrellas at \$1.25

Other qualities right up to \$15.00

SOCIETY

Former Mrs. Gillig Aspires as Authoress.

Honolulu society people will be interested in the following Paris dispatch regarding Mrs. Gouraud, who was known locally as the wife of Harry Gillig. Mrs. Gouraud inherited much money from her father, Charles B. Crocker of California. Her husband, Jackson Gouraud, who used to help her to "entertain people out of the ordinary society rut," died after a brief illness in New York last February. Her first husband, whom she divorced, was R. Porter Ashe, the California horseman; her second husband, whom she divorced, was Henry M. Gillig.

PARIS, Oct. 8. — Mrs. Jackson Gouraud, born a Crocker, of San Francisco, has found a new outlet for her amazing activity; she has become an authoress.

Already she has written eight short stories which are on their way to New York to be published in book form. She promises that other stories will follow and that they will surely surprise and perhaps delight her friends who will find themselves portrayed in them in very thin disguise.

The stories should be sufficiently lively, for Mrs. Gouraud has founded them on some of the most entertaining incidents in her own eventful life. But she disclaims any attempt at autobiography; she calls the pretty tales "fantasies," and that will be the title of the book.

"My summer has been lonely and uneventful and has included two sojourns in the hospital," said she to the World correspondent. "I felt I must do something to retain my interest in life, so I began to write. What I have done may be pretty bad from a literary point of view, but I have tried to give some of my impressions faithfully, and all the stories are founded on fact, I assure you."

Life in the Far East.

Mrs. Gouraud, whom those who enjoy life in New York must remember well, had rich material to draw upon, for she continued: "Most of the stories deal with life in the Far East, where I passed ten years and where I had many romantic adventures. In Japan I lived the life of a native woman and dressed in their costume. In Burma, an experience I enjoyed most of all, I was disguised as a native woman, and my face, arms and hands were stained to their complexion. For three months I sold cigarettes in a public bazaar, assisted by three Burmese young women whom I paid to keep my secret.

"Only once was my disguise penetrated," continued Mrs. Gouraud, laughing at the remembrance. "Then a young English officer invited all four of us cigarette sellers to a little dinner. He watched me closely, suddenly left the room, returned with a bowl of water and seized me. Before I realized what he intended to do the young officer had washed the stain from my face. Oh, it was great fun!"

"That ought to make a good story," said the correspondent.

"Rather," Mrs. Gouraud agreed and went on:

Three Days in a Harem.

"In India I lived for three days in a Maharajah's harem where there were 300 women. I talked with them and learned much of real life in the harem, which is vastly different from the popular conception of it. It was something of a surprise to find that these women of the harem, whom I had always pitied, in their turn pitied me and all other women whose husbands love them so little as to permit other men to look upon their faces.

"It was of this life in the East, its strange scenes, its remarkable adventures, that I wished to write," Mrs. Gouraud concluded. "If I am encouraged I shall devote more of my time to writing of it. But I hope I shall always have time to gather delightful people around me and to devise ways to entertain them out of the ordinary society rut."

Mrs. Gouraud, who is still weak after a surgical operation, will leave for New York next month. But she intends to return to Paris, and has taken an apartment near the Champ de Mars. She will furnish this apartment in Oriental style and has ordered most of the furnishings from China.

S. P. PRESIDENT FOR IMMIGRATION

(Continued from Page 1)

new cases of much promising laborers—and in time very likely a desirable addition to our population—centered through the dissatisfaction among themselves, brought about by agitators of their own people, without first acquainting themselves with the true condition of surroundings entirely foreign to them. Subsequent investigations, made by the Federal government, have shown that these immigrants had no cause for dissatisfaction as to the conditions under which they were induced by the Board of Immigration to come to Hawaii.

Immigration Urged.
Mr. A. J. Campbell left a few months ago, for a second time, at the instance of the Board of Immigration, for the Azores and Madeira to further recruit Portuguese immigrants. The latter, as evidenced by the experience of many years, have proven by far the most desirable element, being of a thrifty and industrious nationality, and for some time past have contributed largely to the industrial welfare as well as civic development of the Islands. I sincerely hope that Mr. Campbell will be successful in his present undertaking.

"It is not amiss to mention in this connection that the government has been very fortunate in obtaining the services of Dr. Victor S. Clark, who, with his extensive knowledge of labor conditions, locally as well as generally, will be of great assistance to the Board of Immigration in its search for desirable immigrants.

"It is consistent with the future welfare of the Islands, and almost imperative, that the coming Legislature should not repeal the Immigration and Conservation Law, enacted at the last session, and which since the recent election has so strongly a public endorsement, and that further sources from which desirable immigrants might be obtained, be investigated.

"The gaps caused by laborers leaving the country have been filled, more or less, during the past year with Filipinos, and it is highly gratifying to state that they have proven quite satisfactory as field laborers. For the time being, at least, our association depends on this immigration to some extent to keep up its labor supply.

"A number of features inaugurated during the past year at the recommendation of your board of trustees have been conducive to a better feeling among the plantation laborers for instance:

"Extending the cultivation contract system as much as feasible on every plantation, under which arrangement greater opportunities are given the laborers to augment their earnings;

"Paying a bonus, which innovation has been in many instances an incentive among the day laborers for steadier work.

"In this connection I also wish to call special attention to the so-called welfare work, as recently recommended by our Bureau of Labor and Statistics, and would urge that the plantation managers lend their full support towards the carrying out of this plan, as, with a comparatively small outlay, plantation life to both the skilled and unskilled laborers can be made considerably more attractive through the amusements and recreation suggested by the plan, while the beautifying of the laborers' quarters will have the far-reaching tendency of stimulating the home feeling.

"To further facilitate the good work of our Bureau of Labor and Statistics, I earnestly solicit the cooperation of every plantation manager to supply all data required by the bureau, from time to time, for statistical purposes, as all information thus gathered and compiled is of great value to our industry.

Experiment Station.

"As in the past, the work of this department has also during the last year been highly efficient; and in this respect I wish to mention especially the successful introduction of the cane-borer parasites. While sufficient time has not yet elapsed to determine whether the parasite will establish itself under the local field conditions, the present indications are most encouraging. In due appreciation of this difficult undertaking, great credit is due Dr. R. C. L. Perkins, who conceived the plan on the same lines so successfully adopted in eradicating the leaf-hopper, and also to Mr. F. Muir, who spent the last four years, at the risk of his health, in quest of parasites to prey on the cane-borer, and was finally successful, with the able assistance of Mr. Kershaw, in finding the natural enemy of the cane-borer, and in landing, with the means of relay stations, a colony of these parasites alive, which have since propagated so promisingly within a short time that it was found practicable to send small colonies out to some of the plantations. The value of successfully establishing these parasites can

best be estimated by the plantations which have been so severely affected by the cane-borer in the past.

"The continued work of propagating Hawaiian seedlings has resulted during the past year in a number of promising varieties, and will, no doubt, eventually lead to a considerable increase in the yield per acre.

"All other departments of the station have also done commendable work in different lines, and the institution, through the high efficiency it has now attained, proves more and more its great value to the planting interests.

Crop.
The last season has again been prosperous, and while the total crop yielded about 17,000 tons less than the preceding year, the average price obtained throughout the season has helped to compensate for the deficiency in the tonnage.

"As regards the growing crops, weather conditions, especially during the last three months, have been very favorable, and I am told that the young cane for 1912 is further advanced at this time than corresponding crops of past years.

General.
Not exactly within the scope of general planting interests are two undertakings of the past year of which I would make mention. I refer in the first instance to the Hamakua Ditch, which was completed about the middle of the present year—a most successful engineering feat, where mountain waters, formerly running to waste, have been impounded and are being led a distance of twenty-four miles, partly through tunnels, to plantation fields in the Hamakua district which heretofore were almost every year affected, more or less, by droughts.

"The other enterprise which I have in mind is the extension of the Hilo Railroad to the Hamakua district, which, when completed, will open new opportunities for home-steads all along the line, and offer great transportation facilities, in passenger as well as freight traffic.

"During the past year death has taken from our midst the following members: W. W. Hall, C. F. Hart and Alexander Young, who have always taken a keen interest in the affairs of our association and were regular attendants of our annual meetings; also Mr. Kirka's of the staff of the Experiment Station, who as entomologist rendered valuable services.

"Reports from the Experiment Station, Bureau of Labor and Statistics and from the various committees will be submitted to you in the course of our meeting, and I recommend same to your kind attention and deliberation, the various subjects covered by them proving, no doubt, of the greatest interest to you.

"In conclusion, I wish to announce that a meeting has been ar-

ranged with the Board of Forestry, to be held in the Throne Room on Wednesday afternoon, to which the members of the association and the interested public are cordially invited, and which by nature of the addresses to be presented will no doubt be both valuable and instructive. Respectfully submitted,

"W. POTENSHAUER,
President, H. S. P. A."

Secretary W. O. Smith submitted the following report on the work of the year:

The last meeting of the Hawaiian Sugar Planters' Association was held at the rooms of the Association, in Honolulu, November 15-18, 1909.

The trustees elected for the year were Messrs. F. A. Schaefer, H. P. Baldwin, W. G. Irwin, S. M. Damon, E. P. Bishop, E. D. Tenney, F. M. Swanny, W. Potenshauer and W. O. Smith.

The trustees elected the following officers:
President, W. G. Irwin; Vice-President, W. Potenshauer; Secretary and Treasurer, W. O. Smith; Auditor, G. H. Robertson, and Mr. L. J. Warren was appointed Assistant Secretary and Treasurer.

Mr. W. G. Irwin on the 10th day of December, 1909, resigned as President and Treasurer, and as a member of the Association, and under Article VI of the by-laws the trustees appointed Mr. W. Potenshauer to the office of President, and Mr. E. D. Tenney as Vice-President to fill the vacancy caused by the resignation of Mr. W. G. Irwin from the Board.

Because of his intended absence from the Territory for a considerable period, Mr. F. M. Swanny resigned as a trustee, and on April 18, 1910, Mr. T. C. Davies was appointed to fill the vacancy.

The following members of the Association have died during the year: Mr. Alexander Young, and Mr. Charles F. Hart, and the following new members have been elected: A. G. Curtis, May 19, 1910; H. Poole, A. A. Young, W. J. Dyer, A. Gantley, Oct. 26, 1910; Keliwika Sugar Company, December 15, 1909; Niuli Mill and Plantation, July 27, 1910.

The committees appointed for the year were:
Experiment Station—E. E. Paxton, chairman; J. W. Waldron, J. M. Dowsett, T. H. Petrie, and A. W. T. Dotsonley.

Labor—E. F. Bishop, chairman; J. P. Cooke, F. Klapap, and F. M. Swanny.

Cultivation, Fertilization and Irrigation on Irrigated Plantations—H. P. Baldwin, chairman; Geo. C. Watt, Frederick Meyer, Geo. F. Fulchard, H. B. Penhalow.

Cultivation and Fertilization on Un-irrigated Plantations—John A. Scott, chairman; C. McLennan, Jan. Webster, K. S. Gjerdrum, C. Wolters.

Cutting, Loading and General Plantation Transportation—A. Horner, chairman; H. A. Baldwin, James Gibb, F. Weber, W. G. Ogg.

Manufacture of Sugar and Utilization of By-Products—J. N. S. Williams, chairman; B. D. Baldwin, John Watt, A. Ahrens, J. R. Myers.

Machinery (a) Manufacturing—H. B. Penhalow, chairman; John Hind, Robert Cotton.

Machinery (b) Agricultural—W. W. Goodale, chairman; H. H. Renton, Andrew Adams, J. M. Ross, Wm. Pullar.

Forestry—John Watt, chairman; F. Weber, C. R. Wilcox, W. G. Ogg, Robert Hall.

Warehouses, Piers, and Storage of Raw Sugar—L. Weinheimer, chairman; J. N. S. Williams, Geo. F. Renton, W. Stodart.

Labor-Saving Devices—J. T. Moir, chairman; W. W. Goodale, A. Horner, Geo. F. Fairchild, E. Broadbent.

During the year the trustees have held thirty-six regular meetings. The Standing Committee on Labor and Experiment Station have held many meetings, reporting their action and recommendations at the meetings of the Board of Trustees.

The Island Associations on the several islands have maintained their organizations and have met from time to time to consider matters of local interest. The meetings of these local associations have resulted in benefit, and it would seem desirable that more frequent meetings should be held.

The crop reports for the past year and for the ten years from 1901 to 1910 inclusive are herewith presented. The crop of sugar for the twelve months from October 1, 1909, to September 30, 1910, was 518,127 tons.

The reports of the various committees which have been received have been printed and are presented herewith.

Hon. F. M. Hatch, the representative of the Association at Washington, has rendered valuable service at the Capitol.

The presidents and vice-presidents of the Association for the past eight years have been as follows:
1902-3—President, H. A. Isenberg; vice-president, E. D. Tenney.
1903-4—President, E. D. Tenney; vice-president, F. M. Swanny.
1904-5—President, F. M. Swanny; vice-president, H. P. Baldwin.
1905-6—President, H. P. Baldwin; vice-president, E. F. Bishop.
1906-7—President, E. F. Bishop; vice-president, F. A. Schaefer.
1907-8—President, F. A. Schaefer; vice-president, S. M. Damon.
1908-9—President, S. M. Damon; vice-president, W. G. Irwin.
1909-10—President, W. G. Irwin; vice-president, W. Potenshauer; (W. Potenshauer, president, and E. D. Tenney, vice-president to fill vacancies).

Respectfully submitted,
WILLIAM O. SMITH,
Secretary.

Honolulu, Nov. 14, 1910.

REPORT GIVEN ON SUGAR CROP

Secretary William O. Smith, of the Hawaiian Sugar Planters' Association, at the annual meeting of the Association today, presented figures on the Hawaiian sugar crop for the season just closed. The total amount of the crop was 518,127 tons. This is less than in 1909, the total then being 535,156 tons.

The report by islands and by agencies is given in Mr. Smith's report as follows:

PORTUGUESE HONOR FLAG

Serenade Consulate When Liberty Emblem Is Presented.
The red and green flag of the Republic of Portugal was flown to the breeze last Saturday afternoon from the Portuguese consulate general in the Elite building, and it was the occasion for great rejoicing by the local Portuguese, who assembled in large numbers and raised the new emblem of liberty in a way that showed that they meant it, and they further emphasized their approval with a band concert and serenade. The old blue and white flag of the kingdom of Portugal is considered down and out, and the new one of green and red has been accepted as the flag of the new republic. Local Portuguese are very enthusiastic over the change and are making the same manifest at every chance. Although the consulate was especially honored when it displayed the flag for the first time, there was general rejoicing throughout the Portuguese settlement on Punchbowl. In connection with the display of the new Portuguese flag at the Consulate General it is stated that the flag was not officially raised, such a procedure not being in order until the United States has recognized the new Portuguese Republic which has not been done up to the present time but will probably do so in a few days. The new flag was unofficially hoisted in honor of the procession that was passing at the time.

Thanksgiving Proclamation

The Store where Bargain Prices and Bargain Values do the Talking

Dining Room Furniture

THANKSGIVING SUGGESTS IT---and naturally---for the furnishing of the dining room has great influence on the enjoyment of the dinner.

AND then after Thanksgiving will come Christmas and New Years---feast after feast. Surely now is the opportune time to add that new piece of furniture, or refurnish the dining room throughout. We are ready to serve you --- splendidly so. Here are rich, beautiful pieces in golden, weathered and fumed oak, consisting of china closets, buffets, tables, chairs, specially priced for this occasion.

Solid Oak Pedestal Table

42-inch round top, extends 8 feet; rich golden oak finish. Regular price, \$20; special Thanksgiving price, \$15.

BUFFETS---\$25 to \$75.

CHINA CLOSETS---\$25 to \$70.

EXTENSION TABLES---\$8.50 to \$125.

CHAIRS---\$1.50 to \$9.

IT matters not how little or how much you want to pay. We believe you will surely find here what will suit your needs, and comparison will convince you that the values are not surpassed anywhere. We invite you to come and look whether you wish to buy or not. Our windows furnish some exceedingly interesting dining room suggestions and values.

AMUSEMENTS

NEW ORPHEUM BILL TONIGHT

The George B. Howard company will make a change of program this evening and present for the first time here at the New Orpheum one of the biggest present mainland successes, "Our New Minister." This piece played to top prices at the Princess Theatre in San Francisco last week and the week before and according to reports from there did capacity business during the first seven days of the run with indications which pointed to continued crowded houses for the balance of the season. When San Francisco, who are regarded the most critical theatrical people in the country, are willing to pay as high as one dollar for seats and crowd the theatre nightly to see "Our New Minister," Honoluluans are to be congratulated on having an opportunity to see successes of that caliber.

The story of the play concerns a ne'er-do-well of Hardscrabble and the life of New England and the simplicity and sweetness of New Englanders make up the theme. George B. Howard will assume the role of the new minister, a character entirely foreign to anything in which we have seen him here and according to his success in the part on the mainland is said to have created a new interpretation and incidentally made of it what the author originally intended.

All of the Howard favorites will be cast in "Our New Minister," including Robert McKim, James Norton, Arthur Elton, Oliver Bailey, Eva Martella, Marion Dunn and Betty Howard. For the latter part of the week, including the usual matinee Saturday, "Other People's Money" will be offered. The success of the Howard company continues and the usual crowded house should be on hand during the week.

GREAT ATTRACTION AT PARK THEATRE

A team of equilibrists, equalled by no other pair of acrobatic actors in the world will open at the Park Theatre tonight for a limited engagement. They are Wills and Hassan remembered wherever they have given exhibitions on account of the difficult and hazardous nature of their act. They have played in all the principal cities of the world and so successful have they been, that last year they sealed at an offer for a long time contract made to them by one of the great circus managers. Although the offer carried a promise of remuneration that would seem almost fabulous to many, they refused, claiming they could do much better by managing

their own act and traveling wherever they wished. That they were induced to stop over in Honolulu is the wonder on the minds of people here in Honolulu who know their real worth. But a long voyage without practice in prospect, and the offer of Manager Congdon to pay what ever sum they asked, persuaded them to stop over here. They will give the same act here that has won them such renown in Europe, Australia, Canada and the United States.

THE NOVELTY.

The Musical Millers will repeat their opening week end success and continue the act they call "The Musical Mark t Mash." These people caught on from the very first as their work is full of humor and at the same time not lacking in musical ability. So many people wanted to see the donkey and the black cats dance, who could not get into the house Saturday night, that it was decided to give them another opportunity between Monday and Thursday evening.

Wise and Milton return tonight, after a few nights' vacation in which they delighted big audiences at the Novelty. Their act made the usual hit there. Wise will have two brand-new songs. Katie Milton will hand out another surprise in one of her own songs. The team is one of the most popular that has ever appeared in the city. George Stanley, the dago imitator, is a success beyond all expression. The entire bill at the Novelty is a good one, quite up to the standard of that house.

SEAT CHANGES AT THE SAVOY.

Patrons of the Savoy will find some improvements in the seating arrangements this evening. By dint of hard work, the entire pitch of the floor has been changed, the rear seats elevated and the front ones lowered. The obstructing post in the center of the house has also been taken out.

The Savoy picture films are the best procurable and each one is doubly covered before it is shown in public. It has to pass the eye of the official censor of New York before it is shipped to Honolulu, and it has to run at a private view before the manager of the house before it goes on at a regular performance. Patrons of the Savoy may come assured of the fact that nothing objectionable in the picture or vaudeville line will be seen.

A Chinese named Leong Kum has been placed under arrest by Sheriff Jarrett's men upon a charge of attempting to dispose of a certain quantity of prepared opium. In tracing the sale of the dope to the doors of Leong Kum, Chief McDuffie and his men employed currency of the realm that had been previously marked. The Chinese will have a hearing before Judge Lyner at Police Court on Thursday morning.

CONSERVATION TO BE TALKED

Joint Meeting Next Wednesday Interests Prominent Residents of Islands.

Very general interest is being manifested in the special meeting on Conservation that is to be held in the throne room at the Capitol on next Wednesday afternoon, November 16, at two o'clock, under the joint auspices of the Board of Agriculture and Forestry and the Hawaiian Sugar Planters' Association. In addition to the general invitation to plantation managers and other members of the Hawaiian Sugar Planters' Association special letters of invitation have been sent to many men prominent in business and official life, so that the meeting could be a representative gathering. Several short addresses, limited to ten minutes each, will be made by Governor Frear, Messrs. Marston Campbell, R. S. Hosmer, Alonzo Gartley, Hon. W. O. Smith, Prof. C. H. Hitchcock, Dr. E. V. Wilcox and Dr. W. C. Hobdy on the cardinal points of Conservation as they effect local conditions.

The special object of this meeting is to direct attention to certain things that ought to be done to make the natural resources of Hawaii of greater value to the people of the islands, especially in the ways of preventing waste and encouraging wise use. It is probable that the discussion will be particularly directed toward the right use of waters, surface and underground.

This meeting is an important one which should be attended by all who wish to keep posted on the local aspects of a subject of national importance. The meeting is open to the public.

NOTICE

Deaths from kidney disease have frightfully increased---now nearly 90,000 a year.

If this is to be changed people should know---

1. That kidney trouble is INFLAMMATION OF THE KIDNEYS and that when it becomes chronic it is declared incurable.

2. Prof. Tyson says the incurable stage is established about the sixth month. Hence no part of that six months ought to be wasted.

3. Treatment of inflamed kidneys by excipients has broken down---Prof. Tyson declaring (with reference to agents to restore the normal condition of the kidneys), "I believe there are none," which cuts out at one sweep all the kidney medicines on druggists' shelves.

4. That these conditions gave rise to a search for something to palliate instead of excite inflamed kidneys.

5. That as the result of those researches a bland infusion was worked out that reduces inflamed kidney tissues and that a majority of cases now yield whether in the chronic stage or not.

Hence, there is only one agent that dares claim in print to cure chronic kidney disease.

Honolulu Drug Co. is the only drug store in your city that is permitted to carry the new kidney palliative, Fulton's Renal Compound. We desire to hear from and advise with cases not yielding. Ask for free literature.

WOMEN JOKE WITH AMATEUR ROBBERS

Bandits After Stopping Auto Party Are Caught by Posse of Farmers.

KANSAS CITY, Mo., Oct. 31.---Two farm hands, Fred Steiger and Lyman Ramsey, aged 18 and 19 years, respectively, yesterday held up and robbed four persons who were driving in an automobile in the country south of here. The victims of the robbery, which netted the youths but four dollars, were Harry C. Mosher and wife of Chicago and M. I. Mosher and Mrs. Ethel Allen of this city.

Although the robbers, with drawn revolvers, were extremely serious about their work, the occupants of the motor car refused to see the affair in the same light. While the women jested with the amateur desperadoes about the cruel business they were engaged in, the men pulled some small change from their pockets and handed it to the hold-up men. No attempt was made to search the passengers of the car. Both robbers were armed with 45-caliber revolvers, purchased here last Saturday, and wore red handkerchiefs as masks over their faces. Ramsey also added a pair of automobile's goggles to his disguise.

A posse of farmers captured the bandits shortly after the robbery had taken place. County authorities say the youths told them they had planned an invasion of the South, intending to commit robberies enough to pay their expenses and then go to Wyoming to establish a permanent haunt.

CLEAN VICTORY IN MAUI COUNTY

McCandless' Speeches Against Immigration Prove Boss' Undoing.

(Special Bulletin Correspondence.) WAILUKU, Maui, Nov. 11.—The Republicans made a clean sweep on Maui and Molokai. Rubio pulled the immense vote of 1586, against 473 for M. Candless and 310 for Notley, or a majority of 1113 over McCandless and Notley. McCandless' immigration speeches killed him here, for even leading Democrats who stood ready to vote with their party could not vote for "Eliwal's" suicidal policy of keeping out laborers that are greatly needed for the development of industries. With the boss went down to defeat everyone who championed his cause, even the independent candidates who called themselves Republicans, but who espoused everything else Democratic, excepting the name.

Both Coe and Kepoikal made a grand fight, but they could not win. Campaign Manager Samuel E. Kalamia and his associates have taught straight voting to all Republicans throughout the county, and even Coe and Kepoikal have helped propagate this principle in years gone by, so when they come around this year telling the voters to change for them, the people voted as they did before—straight Republican. Wailuku, Waihee and Hana are the only big precincts which gave the independents big returns. This was because these are Democratic strongholds. Everybody knows Wailuku, the fighting fifth of Maui, has over three hundred on the Republican rolls, but Hon. Phillip Pali, senatorial candidate, received but 198 votes, and over forty of these are Home Rule votes. In other words Wailuku is the only Republican precinct controlled by Democrats.

Many of the leading Democrats have made open declarations since election day of their intention to join the Republican party, for they are getting tired of belonging to a party that declines in strength from year to year, and these will be invaluable additions to the Republican ranks. Campaign Manager Samuel E. Kalamia is elated over the result of the election, but he prefers to celebrate in silence. However, the Wailuku Republicans will give a big luau at the Wailuku Armory tomorrow afternoon at two o'clock, and it is expected nearly a thousand will be there.

WOLGAST-NELSON FIGHT IN DECEMBER Matched for Twenty Rounds On Afternoon of 24th.

Ad Wolgast and Bat Nelson have been matched for a go at San Francisco on December 24. Wolgast agreeing to fight on that date in a telegram to Louis Blot, which reads: "Cadillac, Mich., November 2. "Louis Blot, San Francisco: "Will box Nelson San Francisco December 24, \$7500 and \$500 expense, with privilege of 40 per cent. Let me know quickly; vaudeville engagements.

"AD WOLGAST." Blot, with the telegram of Wolgast and the word of Nelson that he would sign articles for a return engagement with the present lightweight champion, is sure of a 20-round go at his arena on the afternoon of December 24.

BAND CONCERTS FOR WHOLE WEEK

The Hawaiian band will play at Emma Square this evening, beginning at half-past seven o'clock. This is moonlight concert week, and the band will play every evening. Tomorrow night at Thomas Square; Wednesday evening at Anala Park and Thursday at the Seaside Hotel at Waikiki. Following is the program for this evening: Overture—Unrest. Storek The Monk's Dream. Safroni Finale—The Huguenots. Meyerbeer Reminiscences of Bellini. Godfrey Vocal—Hawaiian Songs. Ar by Berger Selection—The Chocolate Soldier. Strauss Waltz—The Merry Widow (by request). Lehar March—The Merry Widow (by request). Lehar The Star Spangled Banner.

Do not think that because you have not paid your Personal Tax (Poll, Road and School) for this year or for several years, that the Tax Office is not aware of the fact. The Tax Office has a complete record of all persons subject to a Personal Tax and if not paid when due, it only means that interest at the rate of ten percent per annum is piling up against you.

A Family Medicine Without Alcohol

Ayer's Sarsaparilla is a tonic and alterative, free from alcohol. What is a "tonic"? A medicine that imparts strength or tone; a medicine that builds up, gives vigor and power. What is an "alterative"? A medicine that alters or changes unhealthy action to healthy action. Ayer's Sarsaparilla does all this without stimulation. Ask your doctor if a family medicine, like Ayer's Sarsaparilla, is not vastly better without alcohol than with it.

Ayer's Sarsaparilla

LEGAL NOTICES.

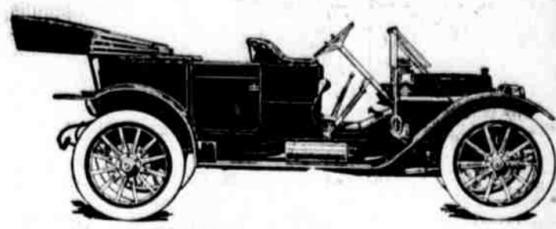

IN THE CIRCUIT COURT OF THE First Judicial Circuit of the Territory of Hawaii.—At Chambers, in divorce, Ida Kekoa, Libellant, vs. Hana and Kekoa, Libellee. Divorce. Order of Publication. On reading and filing the affidavit of said libellant herein, in which she deposes that said libellee has departed from the Territory of Hawaii and is now in parts unknown and that she has no information as to what is his post-office address or whether he has any such address or at which place letters addressed to him would most likely be received by him and that his last known place of residence was on the Island of Oahu, City and County of Honolulu, Territory of Hawaii, and upon an inspection of the return of the High Sheriff of the Territory of Hawaii, who sought to make service of process upon him, the said libellee herein, to the effect that said libellee has departed from this Territory and can not be found herein and that for said reason no personal service has been had upon him of said libel and summons herein; Now, therefore, it is Ordered, that notice of the pendency of said libel be given to the libellee, by publication thereof, at least once a week for six successive weeks in the Evening Bulletin, a daily newspaper published in said Honolulu, Territory of Hawaii, and that said case shall be heard and determined at the courtroom of said Court on Monday, January 9, 1911, at the hour of 9 o'clock a. m. of said day, or as soon thereafter as counsel can be heard. Dated, Honolulu, City and County of Honolulu, Territory of Hawaii, this 31st day of October, A. D. 1911. (Sgd.) W. J. ROBINSON, Third Judge of the Circuit Court, First Judicial Circuit, Territory of Hawaii. 4762—Oct. 31; Nov. 7, 14, 21, 28; Dec. 5.

AGED RESIDENT OF MAUI DEAD

(Special Bulletin Correspondence.) WAILUKU, Maui, Nov. 11.—Edward H. Bailey, one of Maui's most respected and oldest citizens, passed away at his home on Vineyard street in Wailuku at eight o'clock Saturday evening, Nov. 5, aged 73 years. He was born at Kohala, Hawaii, February, 1836. His father was Edward Bailey, who, with his wife, started the Wailuku Boarding School for Girls, the pioneer seminary for the Christian education of Hawaiian girls in the kingdom of the Kamehamehas. Mr. Bailey, Sr., was born in Massachusetts, and with his young bride came to Hawaii as a teacher. Five children were born of this union, all boys. The eldest was Edward H., and the other sons in order were: William H., Horatio B., Jas. B., and Chas. A. Bailey of Los Angeles, California, now critically ill in a hospital in that town. All the other brothers are dead. Edward H. Bailey was married in Wailuku to Miss Emily Kane, widow, who now survives him, and who was one of the first pupils attending the Wailuku Seminary taught by the elder Bailey. The funeral services were attended by one of the largest gatherings that ever turned out to pay its respects to a departed friend. Rev. R. B. Dodge of Wailuku and E. B. Turner of Paia conducted the services, assisted by Rev. Cannon W. S. Short of the Church of the Good Shepherd. A quartette consisting of Miss Carolyn Scholtz, Mrs. Kathryn Case, Rev. H. P. Judd and Mr. J. Rivers sang a beautiful funeral anthem during the services. Messrs. Kaunimahu and Wilbur were the other members of the choir who joined in singing other

Chalmers MOTOR CARS

Your neighbor who has a motor car will give you the straight tip if you can get him to stop enjoying himself in the fresh air long enough to do it.

CHALMERS "30" TOURING CAR

Don't Think Thoughts Six Years Old

Many a business man has said, "I'm not enough of a mechanic to run an automobile, and I can't afford to keep a chauffeur or pay big garage bills to keep my car in order."

The man who says that is thinking in terms of six years ago. Six years ago such a statement would not have been so far afield. The world has moved in six years and the making of automobiles has shown more progress than nearly anything else.

You can buy a real automobile now for as low a price as \$1500. It is so simple to operate that you can, and should, drive it yourself. It is so trouble-proof you won't need to keep it in a garage and have high-priced mechanics tinkering with it all the time.

Six years ago there was scarcely a real automobile to be had at any price. But now—just look around you. See the thousands of men like yourself who use them constantly. Talk to your neighbor who has one. He will give you the straight tip, if you can ever get him to stop enjoying himself in the fresh air long enough to do it.

There are many good cars nowadays, and any good car made by one of the well established companies is a good investment.

We are not in sympathy with that sort of automobile advertising which insinuates that all other cars except the particular one advertised have untold features and aren't worth half their price. A hammer is a very useful thing in a carpenter shop, but it has always looked to us a little out of place in the hands of a salesman or advertiser.

You need a car and you won't make a mistake in buying any one of a number of makes.

Of course, we would like the privilege of showing you the Chalmers before you buy. We know that we have exceeded our cars, yet if we can't convince you that we offer better value, dollar for dollar, than any one else, why that is our fault, not yours.

LICENSED UNDER SELDEN PATENT

Associated Garage, Ltd., Dealers in Motor Cars

Where Else Can You Buy So Much Service for \$1500?

The public has learned that it is not absolutely necessary to buy luxury-priced cars to get all the service they want.

The preference of the Chalmers "30", \$1500 car, in motor contests and owners' hands has educated the public to this fact.

The Chalmers "30" two, four or five passenger types will answer every requirement of speed, power and comfort that the average man could ask. The record of this car in winning the 1910 Glidden Trophy over 2851 miles of all sorts of roads in competition with cars twice its price and power is sufficient proof of its ability to do all the average owner could ask of it.

Upon the Chalmers "30" and "Forty" is staked the future of a great business organization. Every Chalmers car sold today is helping the sale of other Chalmers cars many years from today.

When you buy a Chalmers you buy, first, a car that will give you full value and hard service. You buy also the cooperation and assistance of every Chalmers agent in the country. You buy a guarantee of performance and quality backed up by an organization that is here to stay.

Examine the 1911 models at our showrooms. Let us take you out in the Chalmers "30" and demonstrate its behavior under all conditions.

AWAKES AS FROM A DREAM AFTER 40 YEARS

Victim of Explosion Asks About It, and Is Dazzled By the Modern Inventions.

KENTON, O., Oct. 22.—Waking as if from a long dream, John William Exline, whose mind was made a blank by an explosion forty years ago, is now trying to reconcile present day conditions with the world as he remembers it. Forty years ago Exline was a sawyer in a mill at Pinday, O. An explosion wrecked the mill and injured all of the employees. Exline was hurt many feet, picked up unconscious, and after hovering many days between life and death, recovered from bodily ailments but was mentally deranged. Now his mind has cleared and he is dazzled and amazed by telephones, automobiles and aeroplanes. To him all three are almost beyond belief. His astonishment is childlike. Exline says it seems that he has just awakened from a dream or a trance.

Germany is Out After More Trade

A remarkable example of the thorough manner in which Germany seeks business is provided by a circular just issued by the Export-Verein of Saxony, inviting its members to take part in a study trip through Canada for the purpose of gaining an idea of the possibilities of that country as a market for Saxony goods.

The abolition of the Canadian super-tax, which practically closed Canada to German goods, has cleared the way, and this forthcoming tour serves to show how thoroughly Saxony manufacturers mean to take advantage of the opportunity. The trip, adds the circular, will extend over several months, so that those taking part are evidently prepared to expend a considerable sum in the confidence that subsequent business with Canada will more than justify the initial outlay. The fact that English goods, profiting by the super-tax imposed on German wares, have secured a powerful footing in the Canadian market is evidently not regarded as an insuperable obstacle, and we may now expect to witness the inauguration of a widespread and scientific campaign having as its goal extensive German participation in the Canadian import trade.

San Francisco Hotels

HOTEL STEWART

SAN FRANCISCO
Geary Street, above Union Square
Just opposite Hotel St. Francis
European Plan \$1.50 a day up
American Plan \$3.00 a day up
Steel and brick structure, furnishings cost \$200,000. High class hotel at moderate rates. Omnibus meets all trains and steamers. Hotel Stewart now recognized as Hawaiian Island headquarters. Cable address, "Trawets" A. B. C. Code. Reservations made through Trent Trust Co., Fort Street, Honolulu.

Hotel St. Francis

Union Square, San Francisco
Under the Management of James Woods

FACING the beautiful park in the heart of the city, which is the theatre of the principal events of the famous festivals of San Francisco, this hotel, in environment and atmosphere, expresses most pleasantly the comfortable spirit of old California.

The royalty and nobility of the Old World and the Far East and the men of high achievement in America who assemble here contribute to the cosmopolitan atmosphere of an institution which represents the hospitality and individuality of San Francisco to the traveler.

The building, which marks the farthest advance of science in services, has now the largest capacity of any hotel structure in the West, and upon completion of the Post street annex will be the largest caravansary in the world.

WHILE THE SERVICE IS UNUSUAL, THE PRICES ARE NOT.

Cable News

(Continued from Page 1)

PARIS FLOODED AGAIN BY SEINE

(Associated Press Cable.)

PARIS, Nov. 13.—The flood that has threatened this city during the past few days, the result of heavy rains in the upper valleys of the Seine, has reached the city, and there are grave fears that the flood days of last spring are to be again experienced.

Already the river has overflowed its banks in the lower sections, and the east end quarters are inundated. The waters have reached the Museum of Natural History building, and the basements and lower floor are under water.

Residents and storekeepers in those sections of the city reached by the high water of the last flood are already making preparations to move their goods to the safer sections, and steps are being taken to protect some of the buildings undamaged in the last flood from further damage this time, if the waters should reach them.

MEXICANS STILL UGLY

CITY OF MEXICO, Nov. 13.—With reports of Mexican mobs attacking Americans in Mexican cities and reports of the possibilities of the Americans throughout the southwestern States and Texas retaliating against the Mexican residents here, President Taft, en route to Panama, and President Diaz have been exchanging messages.

Each President has assured the other that full protection to the citizens of each will be afforded by the government of each, that those who have attacked the citizens of each Republic while residing in the other will be adequately punished.

Americans Crowding Together.
The reports received last night from Guadalajara stated that the American consulate was being guarded by a strong force of cavalry. The American residents have abandoned their homes in the outlying country districts and the suburbs and have concentrated in the city, making their homes at the hotels.

Police Chief Shot Down.
ANIMARCO, Oka., Nov. 13.—An unknown Mexican called at the home of Chief of Police Temple of this city last night and asked the official for an interview. When Temple stepped from his doorway, the Mexican pulled a revolver and shot him down, death being instantaneous.

The killing of the official has aroused the citizens to a dangerous pitch, and the Mexican will assuredly be lynched if any of the various possees searching for him should catch him. As the man is unknown, it is feared that vengeance for the death of the chief will be wreaked on some innocent Mexican.

FOOTBALLER UP FOR MURDER.

WHEELING, W. Va., Nov. 13.—A tremendous sensation in athletic circles was caused here today when a warrant against Thomas McCoy was sworn out, charging him with the murder of Rudolph Munk, captain of the University of West Virginia football team, who died as the result of injuries received in a recent game with the team of the Bethany College, of Bethany, W. Va.

McCoy played right end for the Bethany team and was in the mixup from which Munk was taken, fatally injured. The umpire made a statement immediately after the affair in which he accused McCoy of deliberately striking Munk on the head in the course of the scrimmage.

CATHOLICS AND SOCIALISTS RIOT

MODENA, Italy, Nov. 13.—Fierce street riots occurred here today between Roman Catholics and Socialists, the latter making an attempt to break up a religious parade. The churchmen met the assault of the Socialists with stones, dug up from the streets, and many were injured in the fighting. The police were called out and the rioters were charged, the officials using their swords. Before the rioters were dispersed, several were seriously wounded.

SENATOR CLAY DROPS DEAD.

WASHINGTON, D. C., Nov. 13.—Senator Alexander S. Clay of Georgia dropped dead here today of heart failure.

Senator Clay was fifty-seven years old. He was born in the State he represented in the Senate and had

MUHOCKS DEFEAT C. A. C. YESTERDAY

Both Tied for Second Place in the Junior League.

Yesterday afternoon at the Athletic Park, the Muhocks defeated the C. A. C. nine to the tune of 3 to 2, this being the last game to be played on the grounds, as the Kamehameha Alumni had closed the deal for the park and begin filling in today to make a fine athletic field. On this account the Junior League series will be finished at Aulua Park.

Palama nine forfeited their game with the Asahis, which was scheduled to be the second yesterday afternoon, thus giving the latter the lead for championship, with the Muhocks and C. A. C. tied for second place.

It was the sixth before the Muhocks got a man home, and then they made two tallies, with another in the ninth. The Chinese team scored only in the second and in the fifth, failing to do anything near home plate after that.

The summary and score:

C. A. C. JUNIORS.

COLLEGE WINS BY BIG SCORE

High School Team Failed to Cross Line of Opponents.

Thirty-six to nothing was the score in the final football game of McKinley High and College of Hawaii on Saturday afternoon, the High School eleven being disappointed that they were unable to score against the larger team.

It has been a bad year for the High men this year, and at the first of the season they decided not to go into the game, as nearly all the men on last year's team were out of school this year.

After considerable discussion it was decided to get into the game and make a try at developing a team, and considering the handicap that they were under, the work of the season looks up well.

Captain Rosa was out of the game for the High School, as he had not recovered from his injuries a week ago sufficiently to go on the field again.

Honors in scoring were about evenly divided in the college team, the back field and line both contributing to the tallies which made the total, and the forward pass being worked successfully time after time.

The lineup: College of Hawaii—Amona, c.; Lemke, rg.; E. R. Tra y, lg.; Farmer Clark, rt.; Kuhua, lt.; Fook On Yap, re.; Bill Rice, le.; Marcellino, qb.; Birdseye, fb.; Fraser, lb.; Maruichi, rh.

High School—C. Littlejohn, c.; Kenneth Ables, rgv.; Josh Pratt, lg.; Nap Young, rt.; G. Awai, lt.; M. Monsarrat, re.; Tze Tau, le.; Nat Blatt, qb.; Lester Marks, fb.; Sing Hung, lb.; Clarence Dyer, rh.

Williams Rawlins refereed the game.

BIG FIGHT ON TOMORROW NIGHT

McCullough and McGurn Face Each Other at Leilehua.

Tomorrow night is the time the sports gather at Leilehua to see the big go between Soldier McCullough and Joe M. Gurn, and the bout promises to be one of the best fifteen-round exhibitions pulled off in Hawaii for some time.

Both men are in good condition, their backers state, and will give the crowd the worth of their money and more in the scientific work they will do in the squared circle at Leilehua.

Before the bout of the evening several minor scraps are billed to work up the enthusiasm of the audience to the right pitch to see the real work to be done by the principals in the event of the night.

This go at the soldiers' camp was to have been on for last Saturday, but on account of pay day there not coming until the first of the week, it was postponed until tomorrow.

In addition to the large number of soldiers who are sure to be present at the go, a large number of town sports will wend their way to the scene of the scrap tomorrow evening.

D COMPANY ARE BATTALION CHAMPS

Saturday saw Company D of the Marines win the second series' championship of the battalion league, when the team of that outfit defeated Company B's aggregation of ball-tossers to the tune of five to three.

Pitching was the feature of the game between the marine teams, Davis of Company D retiring fourteen men and allowing but four hits during the game, and Thompson of the B outfit gave eight hits and retired eight batters.

There were big doings after the game, Company D supporters carrying their twirler off the field on their shoulders.

HOT PLAYING ON THE LINKS

Evans Low Man and Walker High at County Club Yesterday.

Although but few players in the Oahu Country Club tournament were on the links Saturday afternoon, yesterday was different, and sixteen men were out for play in the president's cup competition, John Evans being low man with 83 yesterday, and Sam Walker being high with 112 for the two rounds of nine holes each.

The tournament now on lasts during the present term of Walter Dillingham as president of the club, and the player having low score at the end of that time will be awarded the president's cup. Two days each month are the limit of playing in this event.

It was some warm up Nuuanu way yesterday, and the heat may have had something to do with the scores made, several of the players willing perceptibly before the course was covered.

December 10 and 11 are the next days when play in this tournament is scheduled, every second Saturday and Sunday of the month being the days set for the players to foregather.

The scores made yesterday were: J. Evans, 83; H. Giffard (scratch), 85; G. Angus (scratch), 89; F. Halstead, 90; C. Weight, 91; R. Booth, 91; W. Woon, 92; O. Sorenson, 92; J. J. Belser, 94; M. Phillips, 95; P. Morse, 97; H. H. Walker, 99; P. Armstrong, 99; F. Klebahn, 103; R. R. Reidford, 109; S. C. Walker, 112.
