SUZERAIN RULER OF THE MOROS IN MINDANAO IS KILLED IN A BATTLE WITH THE AMERICAN TROOPS—TEN FORTS ARE CAPTURED AND OVER ONE HUNDRED OF THE MOROS DIE.

Associated Press Cable to the Star.

MANILA, May 7.—The Moros of Mindanao have been defeated by the American army. A hundred and fifteen of the Moros including the Sultan were killed and ten forts were captured.

The Moros are Mohammedans, their system of government a sort of sultanate exercising suzerainty over datos or chiefs who are the real rulers. Mindanao is one of the largest islands in the Philippine group and is well to the south. The evangelization of Mindanao was undertaken by the churches of Hawaii two or three years ago and a considerable amount of money was raised to carry it on.

## WARSHIPS AT SALONICA

Associated Press Cable to the Star.

PARIS, France, May 7.—The warships of most of the powers which have been mobilized at Salonica, have been ordered away from there. For some time there have been representations made to the powers that the presence of warships in the harbor of Salonica was an embarrassment to the operations of the Turkish Government both in putting into effect the reforms demanded by the powers and in putting down the disorder in the Balkans and establishing order. The revolutionists looked on these war vessels as tacit encouragement of their efforts.

## APPROPRIATIONS IN HOUSE

THE SUBSIDY FOR THE OAHU RAILWAY AND LAND COMPANY PASSES THE HOUSE—VIDA WANTS SPECIFIC SALARIES PAID, NOT LUMP SUMS TO BE DIVIDED AFTERWARDS—THE "FAMILY COMPACT."

The first appropriation item to be taken up in the House this morning was the \$9,275 subsidy for the Oahu Railway and Land Company, which was stricken out yesterday. Vida moved a reconsideration and the item was almost unanimously inserted after a short discussion.

Vida said that he had opposed the subsidy yesterday and was generally opposed to subsidies, but that this was the last one due the company under its contract and he thought the Territory should carry out its agreement. Paele opposed the subsidy, declaring it to be contrary to the Organic Act. Harris asked for the reading of the Finance Committee report, which declared the subsidy and obligation which the Territory should meet. Beckley spoke in favor of the appropriation, saying that the Territory should meet the obligations of the contract entered into, or would greatly suffer in credit. The railway had increased valuations in the district it entered from two to ten millions, said the Speaker.

The motion to reconsider carried and the item was passed as in the bill, Paele and Damien casting the only votes against it.

The item of \$1,200 for expenses of numbering houses, also stricken out yesterday, was referred to a special committee consisting of Aylett, Kumalae and Fernandez.

Running expenses, pumping station, \$6,500, was taken up next, and Vida moved to cut it down to \$2,640, putting the money for salaries in the salaries bill. Vida said he didn't believe in persons who were in the "Family Compact" getting large salaries while people out in the cold got only small pay, and that the salaries of employees should be each set forth at a specified rate.

Vida said that there was \$250 in the estimate which he failed to trace, though he had found that \$100 went to one P. Jones, in the office of the Assistant Superintendent of Public Works, and that such diversions of funds were a common thing and ought to be stopped.

Kumalae spoke next. Chillingworth proposed \$6,000 and Kumalae spoke again. The item was carried at \$2,640.

The name of Pierre Jones again came up with the item of garbage crematory/judging expenses, and Vida said he was working in the Public Works office and on the pay roll of the sewer pumping station, getting pay out of a fund not meant for him. Harris stated that he knew it to be a fact that Jones was keeping the sewer pumping station books. Chillingworth said that Auditor Fisher could be relied on to see that funds were not applied to any purposes for which they were not intended, and Vida suggested that he begin with Jones. Kumalae talked at length.

Harris said that the garbage machinery of great value was rusting away unused.

Vida said he supported the item but wanted to be sure the money was spent as ordered. He remarked that \$1,200 for repairs to government buildings had been used to put lockers in the drill shed, a federal building. Aylett and Kumalae and Kaniho did some more talking, Kumalae lasting the longest and talking the others down.

In the middle of the wordy war Kalama moved to strike the item out and the motion carried.

## FIGHT ON THE BOARD OF HEALTH

COMES UP IN THE SENATE ON THE SIX MONTHS' SALARY BILL—MOTION TO MAKE THE PRESIDENT'S SALARY ONE DOLLAR A YEAR—FINAL REFERENCE TO A COMMITTEE.

There was quite a determined fight made in the Senate this morning on the appropriations for the Board of Health, when the six months' salary measure came up.

Senator Dickey started out by moving to strike out entirely the salary of \$1,500 of the president of the Board of Health. Senator Baldwin thought that the item could be cut to \$1,000 for the period as it was, but just to give the president some compensation. The officer should be permitted to engage in private practice.

Senator Brown said that the legislature had to give the official something. Senator Dickey suggested giving him a dollar a year. When the vote was taken it resulted in the item being passed at \$1,500.

The executive officer of the Board of Health then came in for attention. Senator McCandless wanted his salary of \$1,500 stricken out. Senator Achi thought that a reduction to \$1,200 would be about the proper thing.

Senator Baldwin accused McCandless of being in a frame of mind to favor general cuts and to oppose items. Baldwin called attention to the fact that there was an increase of \$90,000 proposed in the bill. In reply Senator McCandless stated that the total increase as proposed was considerably in excess of this sum, being \$237,000 over that of two years ago. According to the provision of the bill \$867,000 was to go to the Board of Health.

Senators C. Brown and Isenberg did not favor the policy of cutting down salaries. The employees should be paid something suitable. Isenberg enumerated new various offices that the new law had caused an increase in appropriations for salaries.

Paris was opposed to the cut and considered it a bad precedent to interfere so with the management of the Board of Health, as the Board controlled quarantining of the Territory.

The Home Rulers thought that the president should perform the duties of executive officer. The motion to strike out the salary of the executive officer was lost, as was a motion to pass it at \$1,500. Achi's motion to reduce to \$1,200 finally prevailed.

On motion of Achi the salary for secretary to the Board was cut from \$1,200 to \$1,000.

There was some discussion over other items. The matter was finally ended by all items on the Board of Health appropriations being referred to a special committee consisting of Senators Baldwin, Achi, Dickey, Kaue and Woods.

The items for the auditor, military and band passed without change. Further consideration of the measure was postponed in order to enable the special committee to prepare its report on the Board of Health later.

Senator Baldwin announced that an appointment with the Board of Health had been made for 3 p. m. today.

## MOVE OF THE WHISKEY MEN

PRESSURE TO REDUCE THE PRICE OF LIQUORS AND AND MIXED DRINKS IS SAID TO ORIGINATE WITH THE WHOLESALE WHISKEY DEALERS OF THE COAST WHO WANT TO INCREASE CONSUMPTION.

For the present there is no further activity in the rate war in the price of drinks. The saloons which have cut prices are still selling at the reduced rates, while those which have not are still doing business at the old, sterling, rates.

There was a meeting yesterday forenoon of nearly all the saloon men as well as representatives of the wholesalers. It is said there were some heart to heart talks on the situation, the arguments being practically all to the effect that this was no time to reduce the price of drinks, when there was no prospect of being able to reduce expenses.

Some of the facts brought to light at this meeting have a considerable public interest aside from their bearing on the business of the men who were discussing them. It was put forward and received considerable credence that the real pressure for a reduction of the price of drinks comes from some of the big dealers in whiskey in San Francisco. They find that with liquor and mixed drinks at twenty-five cents a drink, and beer almost everywhere ten cents or two for a quarter, the drinking public shows its discrimination and the state of its pocket by drinking beer. It is said that since the general price of beer went down the proportion of liquor drank has noticeably decreased. As one man put it, "men drink just the same, but they drink beer instead of whiskey." Especially is it noticeable toward the end of the month; men who have been drinking liquor all the month, switch off to beer for the "lean" days just before pay day. To the coast whiskey wholesaler the situation here, is, that if the general reduction in the price of beer has led to an increased proportionate consumption of beer, and a decreased consumption of whiskey, he favors a reduction in the retail prices of whiskey, to increase its consumption, the reduction in price not affecting him any, as he still gets the regular wholesale price.

The coast whiskey wholesaler's interest is therefore to have the price of whiskey reduced when sold by the drink, and it is not unnatural therefore, and the dealers here believe it is the fact, that these wholesalers are exerting their efforts and influence to secure the desired reduction.

To the saloon-keeper however, the situation is different. A reduction in the price of drinks does not mean any reduction in expenses. Cutting the price in two means a reduction of fifty per cent in the price, but more than fifty per cent in the profit, and without any strong probability that sales would be materially increased.

Most of the saloon-keepers say there is very little profit in the business now. As compared with San Francisco saloons, they sell a very much higher class of goods, goods that cost them more money. They are allowed to keep open only six days in the week instead of seven, and they are obliged to close up at 11:30 o'clock just when business is at its best. Then they pay a license of \$1,000 a year while the San Francisco dealer pays about one-tenth as much.

As evidence that there is not much money in the business, even at the prevailing prices, it is stated, that three saloons which paid the \$1,000 license have gone out of business this year, one of them not even waiting till the license expired before closing its doors. One of these three was in existence just a year and during that year had five different owners. These three saloons were the Maile, on King street below Nuuanu, the Boston, on Hotel below Nuuanu, and the First National on King street, between Smith and Maunakea.

Another condition is shown in the fact that while four or five years ago when there was a boom on, there were only thirteen saloons in Honolulu paying a license of \$1,000 a year last year there were twenty-six, and now there are twenty-three. The liquor dealers of the Territory pay \$76,000 a year into the Territorial treasury in licenses alone, besides taxes.

At the meeting yesterday everyone present expressed his views on the question of cutting rates. There was no vote taken nor any agreement to keep up the rates, as any such action as that would have made them liable to prosecution under the anti-trust act of congress, and the dealers think they have troubles of their own without adding any trust troubles.

### SENATE TRIED ECONOMY.

But The Fight To Reduce Salaries  
Failed.

The fight for economy was resumed  
in the Senate yesterday afternoon. The  
six months appropriation bill was un-  
der consideration, on the third reading.  
There was some discussion as to whether  
the items for the pay of detectives should  
be under the control of the High Sheriff  
or the Attorney General. There was some  
discussion and the item finally carried in  
the direction of the Attorney General.  
Senator Dickey wanted to cut the  
salary of the treasurer from \$2,500 to  
\$1,500 for the half year. He called at-  
tention to the fact that Californian of-  
ficials got \$3,000. There was a long dis-  
cussion on the subject, which ended finally  
in the item being passed at the original  
figure in the bill, only Dickey, Achi  
and McCandless voting in the negative.  
Isenberg moved to raise the sewer  
pay roll from \$1,850 to \$2,184. This mo-  
tion prevailed.  
An attempt was made to cut the  
salary of the Superintendent of Public  
Works from \$2,250 to \$1,800 and the  
salary of bookkeeper in the Public  
Works Department from \$1,200 to \$1,050.  
Both motions were lost.  
The item of \$105 for superintendent of  
water works at Waima, Kauai was  
stricken out.

### BOXING ON VIRGO YESTERDAY.

A number of boxing bouts were held  
on the torpedo boat destroyer Virgo  
yesterday between members of the  
crew of the torpedo boat destroyers.

### CAUGHT THREE STOWAWAYS.

the S. S. Aorangi yesterday to be de-  
ported to Sydney on the S. S. Miowera.  
The men say that times are hard in  
Sydney.

### ALASKA WIRES.

Gen. Greely, chief signal officer, has  
received a dispatch from the officer in  
charge of the telegraph lines in Alaska,  
saying that the posts of St. Michael,  
Valdez and Fort Ekaterina will be con-  
nected with the United States by wire  
in May.

## BUSINESS OF CIRCUIT COURT

CRIMINAL AND DIVORCE CASES  
DISPOSED OF BY ROBINSON AND  
GEAR.

Appeals were withdrawn yesterday  
afternoon in the four gambling cases  
of Tang Kai, Ah Tung, Ah Chung and  
Ah Ng, who were fined \$250 each by  
Judge Wiley. They were found guilty  
of conducting a lottery and appealed the  
cases but when called to trial yester-  
day they concluded to pay the fines.  
A nolle prosequere was entered in the  
cases of Ah Pong, Ah Lai and Ah Kim.

Antone Garcia, charged with viola-  
tion of the law prohibiting making threats,  
also withdrew his appeal and was re-  
manded to the custody of the sheriff.  
John Kuana, charged with selling  
liquor without a license, was acquitted  
by a jury.

Judge Gear heard the divorce suit of  
Hisa Kojima against Sodakichi. The  
plaintiff asked for a divorce on the  
ground of desertion and failure to pro-  
vide. She alleged that her husband  
was worth \$30,000 and asked for alim-  
ony. The court awarded alimony of  
\$5,000 and \$500 for an attorney's fee to  
W. S. Fleming.

A divorce was granted to Virginia  
Hendricksen from Julius Hendricksen  
on the ground of non-support.  
Judge De Bolt began the hearing be-  
fore a jury of the case of Lucy K. Pea-  
body vs. Bishop Estate, to quiet title.  
The land is located in Manoa.

### SMALL INCOMES.

In response to an inquiry from Sen-  
ator Dickey the following information  
regarding income tax returns has been  
furnished by the assessor's depart-  
ment:

Honolulu, May 6, 1903.

Hon. C. H. Dickey, Honolulu.

My dear Senator: In reply to your  
request of this a. m. re Income Taxes,  
I beg to state that the assessment re-  
turns for 1902 show the following as  
having incomes of \$3,000 and over with-  
out the deduction of \$1,000 exemption,  
viz: Lawyers, 24; doctors, 9; mer-  
chants, 74; planters, 3; capitalists, etc.,  
49; corporations, 125.

The above estimate is as nearly cor-  
rect as time allowed has permitted me  
to make.

Respectfully yours,

J. M. RIGGS,  
Deputy Assessor Income Taxes.

### HID LOVER IN RICE FIELD.

Henry Jackson, a young sailor about  
20 years of age, deserted from the Brit-  
ish cruiser Amphitrite. He fell in love  
with a native girl in Kakaako. She hid  
him in a rice field because he had  
money and she wanted his love and in-  
cidentally his money. Captain Harry  
Flint of the harbor police located the  
youth and placed him under arrest last  
night. Jackson was turned over to the  
officers of the cruiser.

## Important Reasons

Why Herring-Hall-Marvin  
Safe Co.'s Safes and  
Locks are the Best?

The concrete filling makes these safes absolutely Fire-Proof and positively  
Damp-Proof. The solid angle corners add greatly to their security in time of  
fire, and form the only solid corners made. The patent Bolt Work is superior  
to any in use and does not require the constant oiling, cleaning, and repairs  
that is acknowledged in other makes of safes. That although 600,000 of these  
safes are now in use and many thousands have been tested by some of the  
most disastrous conflagrations in the United States, THERE IS NOT A SIN-  
GLE INSTANCE ON RECORD WHEREIN ONE OF THEM EVER FAILED  
TO PRESERVE ITS CONTENTS PERFECTLY. They make safes for county  
treasurers, county recorders, county clerks, jewelers, Hotels, residences,  
churches and corporations. We have a large assortment of safes on hand  
and will be pleased to show same.

CHINESE AND JAPANESE CLAIMANTS AGREE TO TAKE ABOUT \$225,000 WORTH OF THEM.

At a meeting of the Chinese fire claimants held at the old Chinese theater, Liliha street last night, the following agreement was signed by about 1000 claimants whose claims aggregate between \$500,000 and \$700,000.

"We, the undersigned awarders and assignees of the fire claims as set opposite our respective names, hereby subscribe for and agree to take at par such number and amount in proportion of the fire claims bonds issued by the Territory of Hawaii under an act of Congress of January 25, 1903, as the aggregate amount of the bonds issued, bears to the amount of the awards by the Fire Claims Commission and do hereby authorize and empower Messrs. Chang Kim, Poon Kwal Leong, Cock Tong, Wong Chow and C. K. Ai to act for us as our agents and attorneys in fact, to make any and all needful or necessary negotiations and arrangements with the Territory of Hawaii, its officers or agents, and with any bank or banks for the purchase and sale or transfer of said bonds or any part or portion thereof, at the highest price obtainable in the estimation and judgment of our said agents and attorneys in fact hereinbefore mentioned."

Japanese claimants whose claims aggregate \$325,000 have agreed to accept a pro rata of their claims in bonds. They will sell the bonds to the Bank of Hawaii at \$90. The total of bonds which will thus be taken by the Chinese and Japanese claimants will be about \$225,000.

## SOLDIERS OF FORTUNE.

Who says the day of the Soldier of Fortune is past? It certainly has not. We no longer have bands of Free Lances, Free Companies, and what not, who would sell themselves en masse to the highest bidder, as they did in the middle ages, but we have the officer who will sell his military skill to any power willing to pay for it, and who changes his uniform frequently in less than six months, while at other times he remains steadily in employ and even becomes a power in the land he serves. There are quite as many, if not more soldiers of fortune in the world now, as there were three hundred years ago in Europe. The race of Dugald Dalgetty has by no means died out. It remains with us.

The soldier of fortune fights not for his country, but is ready to fight the battles of any country, provided he gets pay and perquisites. Soldiers of Fortune are to be found wherever an army has to be drilled, composed of an inferior race. At the present time the paradise of the soldier of fortune is in the Republics of Central and South America, but he is largely represented in the Turkish army, he takes risks among the revolutionary forces in the Balkans, and he is even to be found among the black troops in Hayti.

The character of fortune is of all nationalities. He is French, German, British, American and Spanish. But he really sinks his original nationality and becomes a citizen of the world, a man without a country. He takes his life in his hand, sometimes he receives great rewards, and at others he receives very little. If he does get great rewards, he seldom keeps them any length of time.

The character of the soldier of fortune is often very shady. Usually he is a man who is a dashing soldier, but who has committed some breach of the moral code and has had to leave his country for his country's good. Again he may be a ruined gambler or a spendthrift, and have had to fly from his creditors. From some cause or other his career in the army of his own country has come to a close. He is unable or unwilling to turn to honest labor, and he wanders off to become a professional soldier, selling his skill in drilling men to any state which will engage his services, ready to fight in any quarrel without considering its merits, without patriotism, without principle and without character.

It was only the other day that one of these Soldiers of Fortune passed through here. He was British by race, but had lived so long in South America that he could readily pass for a Spanish-American. He had been in different armies. He had fought for Peru against Chile, and had then joined Chile. His last change had been Bolivia, and it was on some duty connected with that government that he went to Japan. This was a typical case of the Soldier of Fortune. If war breaks out in China, and Chinese have to be drilled, the Bolivian business will be cast aside, and he will turn up as a Chinese officer.

To many people the days of the Soldier of Fortune would seem to have come to an end, but there is still a great field for him, and always will be as long as petty states continue quarreling. In large states like our own country, or Great Britain, there is no field for the Soldier of Fortune, but we produce the article and then send it away to be mischievous in other places.

As a contribution to the controversy over the value of vaccination, the following from "Medical Talk," a medical periodical, is at least interesting:

Lettuce is an absolute preventive of small-pox. No one is in the least particle of danger of catching small-pox who eats a little lettuce every day. Small-pox belongs to the scorbutic class of diseases. Sailors at sea, deprived of fresh vegetables, get scurvy. Scurvy is a typical scorbutic disease. Small-pox is another. Small-pox always rages during the winter season, when the poor people are deprived of fresh vegetable foods. Celery and onions are good for this purpose, but there is such a long interval between their being gathered and being eaten that they lose most of their anti-scorbutic properties. Lettuce is served shortly after it is picked, and, hence, contains the valuable properties which will prevent small-pox. We say without the least hesitation or reserve that lettuce will prevent small-pox. It is a thousand times better than vaccination. It has no liabilities like vaccination to produce other diseases. We are willing to stake our professional reputation on the broad statement that any one who eats lettuce daily will not catch small-pox, whether he is vaccinated or not.

## CONGRESS AND COUNTY BILL.

The question of the validity of the County Act can be tested either in the Territorial or in the Federal courts. That the Federal courts can take jurisdiction is plain from the fact that Mr. Cooper bases his arguments against the jurisdiction of a board created by the County Act upon the Organic Act, and the provisions of the Organic Act can be taken cognizance of by Judge Estee. It is an arguable point, however, as to which court it would be best to have the case tried in.

A decision by our Supreme Court would not be final, since that decision, later on might be challenged. However, on the other hand, it might not be challenged, and everything might go along smoothly, but there would always be danger of the challenge. The decision from the Supreme Court of the Territory would be more quickly obtained. We should know very soon what the views of these judges were.

The process in the Federal Court would necessarily be longer, because there would be appeal proceedings and these would put the final decision a long way off. But when the decision is reached, we could be satisfied that it was final and there would be no fear of challenge in the future.

There is still one other plan which may be used, and that is to take the County bill to Congress next December, and have it passed as a Congressional act. There will then be no possibility of misunderstanding as to the provisions. This could be passed so that it could become law in January, 1904 and our arrangements need not be altered. Indeed were an adverse decision given here by our Supreme Court, this might be the course of the leaders of the Republican party here.

It must be plain to any intelligent person that our position is critical and that there is grave danger of confusion. The Legislature now in session is appropriating money for the two coming years upon the supposition that the County bill is all right. If the County bill is knocked out, or if, being knocked out in the courts, it should fall to

pass Congress in time there would be serious financial confusion. The division of funds into a six months' period and an eighteen months' period is causing trouble enough, but if County bill fails, there will be still more trouble, and more time will have to be wasted in the Legislature. There is quite enough to set every citizen thinking most seriously.

Incomes seem to shrink when the income tax collector comes around.

The Spanish correspondents have assassinated the pretender to the Morish throne. His return to life may soon be looked for.

The million dollars for fire claims seems to be almost within the grasp of the claimants. The bond difficulty which threatened to delay the payment has now been got over.

The eight-hour law has had its interpretation from the Attorney General's Department. Now if any one is dissatisfied with it, a case in court will settle it. The trouble with the law was that some one made additions to it after it was originally drawn.

Iwilei buildings have gone into the hands of the Asiatic contractors. It would be interesting to have a list of all those who had an interest in Iwilei. It is whispered that all the beneficiaries were not Asiatics. The episode, however, is closed.

The post office frauds on the mainland seem to be far-reaching, and from recent developments it is doubtful where the end will be. The investigation has passed from Washington to several of the leading cities of the United States. No one had any idea when the investigation started, how far-reaching it would be.

of the world. A Chinese army drilled and official by Russians would be almost irresistible. But it will be in trade that the chief trouble will lie. We are building up an oriental trade. As was shown in these columns a few days ago Russian products must compete with our own. As long as they compete on equal terms we have no complaint to make, but Russian control in China will mean discriminating duties in favor of Russia, and then adieu to our commercial expansion in the Orient. Russia is a most serious menace to the growing trade of the Pacific Ocean.

It was a bad precedent which was established at the end of the legislative session in 1901, to allow the clerk or secretary to destroy all the vouchers. Why the vouchers of the Legislature should be destroyed when all other vouchers are so carefully preserved and examined is not clear. In connection with the expenditures of committees there are some very ugly rumors. The publication of the vouchers would perhaps put a stop to these rumors, but as long as they are not published, or the public is denied access to them, so long will the rumors continue to grow. Why should there be secrecy about this matter? A clear record will seek the light of day, and will not strive to hide. Let us have the vouchers and so put an end to all unpleasant rumors.

## FREAKS ON A STRIKE

THEY GOT TIRED OF BEING CALLED FREAKS SO ORGANIZED THE PROTECTIVE ORDER OF PRODIGIES—SAID THEY HAD SENSIBILITIES THAT SHOULD RECEIVE SOME CONSIDERATION FROM THE MOBILE.

Our New York exchanges bring us news of what might be called the greatest freak strike on record were it not for the fact that the strikers insist that it shall be known as a prodigious strike. There exists in that city an organization known as "The Protective Order of Prodigies." Its object is to obtain for prodigies a position of dignity and high wages in the circus world, and it has struck because a haughty manager of a great aggregation of stupendous, dazzling shows has thought good to advertise some of them as the greatest freaks on earth.

We learn from our contemporaries that the protective order includes among its members a stone-headed man, a human pin cushion, a man who writes with his toes, a living skeleton and a what-is-it. They were the leaders in the strike. The man who writes with his toes took his pen in foot the other day and notified the manager of what calls itself "the greatest show on earth" that prodigies should not be called "freaks" and to have all such terms stricken from advertisements in newspapers or on billboards. By way of strengthening the demand the manager was informed that four years ago the prodigies of London made a similar protest and were successful in enforcing it.

It is to be admitted that the appeal to the London precedent was clever, for what goes in London must of course go in New York. It was at once a warning and an enticement. Even the greatest show on earth could hardly retain popular support in New York if it were known to have departed from British models. However, the manager did not yield at once. Doubtless he entertained the belief that the American public could not recognize a freak under the title of prodigy, and so held on to his billboards and his programmes as printed. Thereupon came the ultimatum.

There was a meeting of the order, at which thirty-six members attended. The Human Pin Cushion read the letter written by the Armless Wonder and announced that no reply had been received. He asked what course the order would pursue. The Living Skeleton said the so-called freaks are ladies and gentlemen and should act in accord with their worth. He paid a glowing tribute to the scientific and artistic accomplishments of the Armless Wonder, and the Lion-faced Boy vigorously applauded. The Albino Dislocationist declared that every one present had mental qualities that raised him above the level of a freak. "I myself, for instance," he said, "can talk intelligently to scientists of letters or artists or any one else."

The prodigies from Europe were even more forcible than those native to the soil. A Russian dancer and a Human Samson declared that in Europe they were recognized as artists and were never called freaks until they came to this land of liberty. The Bearded Lady and the Giantess cordially supported the sentiments of the previous speakers, and it was finally decided to send a peremptory notice to the manager to stop the freak business. A committee, composed of the Armless Wonder, the Human Pin Cushion and the Stone-headed Man was appointed to convey the ultimatum, and the meeting adjourned flushed with the consciousness of coming victory. So hereafter let it be understood there are Prodigies but no freaks in the circus business.—The Call.

## THE LAND TAX IN BOSTON

From Springfield Republican.

The president of the Massachusetts single-tax league, C. B. Fillebrown, recently addressed a company of Boston landlords on the nature of ground rent, and more particularly the volume of such rent existing in the city of Boston at present. As a basis of calculation he secured the records of 120 sales of real estate and 751 rentals of estates; from which pretty broad groundwork he reached the conclusion that Boston land values (or capitalized ground rental values) aggregate \$842,000,000, 5 per cent of which would give about \$42,000,000 as the gross ground rent of the city.

Accepting this calculation as approximately correct, then it would follow that the people of the city pay \$42,000,000 annually for the use of the land. Of this sum going to the land-owners, about \$8,480,000 is given back to the public in taxes as now levied, and the rest is retained. Additional to this present tax on land, there is annually collected in taxes on buildings and personal property the sum of \$9,486,000, making a total present tax on land, buildings and personal property of about \$18,000,000, or considerably less than five-tenths of the estimated yearly yield of land values alone to the landlords of the city. Mr. Fillebrown advocates the centralization of taxes upon ground rent, which would mean, in the case of Boston, that the landlords be required to give up to the public—on the basis of present public expenditure—less than five-tenths of their ground rent instead of the two-tenths (\$8,480,000) now taken. As ground rent is a value created by the community as a whole, and not by the land-owners, he bases his demand on grounds of simple justice; but presumes to be dealing gently with the landlords in still leaving to them over one-half their ground rent and in exempting their buildings and personal property from further taxation. We are not told that the company of landlords present were so far impressed as to be willing to accede to this proposal.

There is much to be said in favor of this disposal of the tax question, or the appropriation to the state of so much of the annual yield of land values (ground apart from improvements) as is needed to meet public expenses. As Henry George has required a whole book to present these favorable considerations, we shall not undertake even to summarize them. Granting their general soundness, the question still remains. Can the landowner ever be brought voluntarily to consent to the arrangement? and should it be forced upon him without his consent—supposing that were possible?

Both of these questions must be answered in the negative; and the impossibility, in this country, where the landowner forms so large a part of the electorate, of forcing the arrangement upon him is recognized by the land-taxers themselves. Their task is now to convince the landlords of the desirability of the changes from their standpoint, which is an uphill undertaking. That it can ever succeed is to be doubted. It is idle to urge as full compensation the relief to the landowner from other taxes. In some cases he might gain from exemption on buildings, other improvements and personal property, what he would lose in increased land taxes; but in most cases probably he would not; and the state, in taxing land values alone, has put itself in the way of appropriating the whole unearned increment, which is the one thing in real estate investment that attracts and enriches.

The single taxers are fighting from high motives, on strong economic grounds, and with a persistence that excites admiration. But so deeply is private land-ownership imbedded in the industrial establishment of the country, and so widespread is it among the people, that practical considerations alone, apart from a question of right and justice, must bring into the land-tax campaign the matter of a more or less full compensation to landowners, if it is ever to make great headway.

## RAISED THE QUEEN'S INCOME

SENATE INCREASES ITEM FROM \$7,500 TO \$10,000 ON EIGHTEEN MONTHS APPROPRIATION BILL.

The Senate started out on the Eighteen months Appropriation bill this morning with a motion to reduce all items for salaries 10 per cent and then ended by raising the Queen's appropriation from \$7,500 to \$10,000.

It was Senator Dickey, who wanted to make this comprehensive slash. When the bill was brought up, he moved that all salaries over \$100 be slashed 10 per cent. "Let us make the cut right through," he said from the heads of departments clear down.

The chair ruled that such a motion affecting the bill as an entirety, could not be made. The objections to the items would have to be made separately as each item was considered.

On motion of Senator J. T. Brown the permanent settlement of Liliuokalani was increased from \$7,500 to \$10,000.

Senator Baldwin called attention to the fact that the bill was considerably mixed up and the measure should be typewritten. Further consideration was deferred so that the senators could be supplied with printed copies.

The current appropriation bill was referred to the committee on Public Expenditures.

The House bill appropriating \$20,000 to defray the expenses of the present session and expenses left over from the previous session, was given first reading. It will come up for second reading tomorrow.

PEKING IS LATE TODAY. At 2:15 p. m. today the S. S. City of Peking had not been reported. The vessel was due this morning from San Francisco with seven days later mail and news files. She was reported in the cable dispatches to have sailed on time last Thursday afternoon, so the delay has evidently been due to some cause after leaving San Francisco.

## THE FIRE CLAIMS.

President C. M. Cooke of the Bank of Hawaii this morning cabled to Wells Fargo's bank in New York, for an extension of their offer to take fire claims bonds. The Japanese and Chinese claimants have agreed to take bonds if they can be taken by the Bank of Hawaii at 50 per cent, and this arrangement will be carried out if the New York concern renews its offer, which has expired.

## THE EUCALYPTUS.

The Australian eucalyptus tree has been naturalized in California, and there are now towering groves of eucalyptus in Arizona and parts of Mexico as well. The great value of the eucalyptus lies in its remarkably quick growth from the seed to the full-sized tree. Travelers in Australia have brought back accounts of enormous native eucalypts. There was a record of one prostrate ancient forest giant of the blue gum variety measuring, with allowances for the lost top, 550 feet. Such a giant would have overtopped the tallest of California's living sequoias. There are more than 150 kinds of eucalyptus, which resemble each other, though differing widely in size, height, general outline and in appearance of leaf and bark. This tree is planted for forest cover for naked hill-sides, as windbreaks and hedges, the timber is valuable, the wood and leaves make excellent fuel, and from the latter is made a drug extensively employed in medicine and surgery. The blossoms supply honey supposed to possess specially hygienic properties.

## FIRST IRON SHIP.

The first iron ship has more reputed birth places than Homer, according to "Chamber's Journal." Both the Clyde and the Mersey claim pre-eminence in this respect. Sir E. J. Robinson of Edinburgh designed an iron vessel in 1816, which was not launched till three years later, and it is said that an iron boat was worked on the Severn even as far back as 1787. Steel was not used in the construction of merchant ships' hulls until 1850. Old salts were not alone in their belief that wood was meant by Providence to float, but iron was to go to the bottom. A naval constructor of some repute once said: "Don't talk to me of iron ships; they are contrary to nature." Now none but small craft are built of wood in this country.

## NOT A HARD DRINKER.

who have used it, or are now using it, we have never heard of any one who has been disappointed in it. No claims are made for it except those which are amply justified by experience. In commending it to the afflicted we simply point to its record. It has done great things, and it is certain to continue the excellent work. There is—we may honestly affirm—no medicine which can be used with greater and more reasonable faith and confidence. It nourishes and keeps up the strength during those periods when the appetite fails and food cannot be digested. To avoid imitations and substitutions, this "trade mark" is put on every

bottle of "Wampole's Preparation," and without it none is genuine. It is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. Taken before meals it creates an appetite, aids digestion, renews vital power, drives out disease germs, makes the blood rich, red and full of constructive elements and gives back to the pleasures and labors of the world many who had abandoned hope. Dr. S. H. McCoy, of Canada, says: "I testify with pleasure to its unlimited usefulness as a tissue builder." Its curative powers can always be relied upon. It makes a new era in medicine and represents the best medical advice of the twentieth century. "You cannot be disappointed in it." Sold by all chemists in the world over.

## JESSIE NORTON COMING.

Will Arrive With Elleford on Alameda Tomorrow.

A visit to the play presented last night by the Elleford's, "A Wife's Honor," will prove time well spent. The piece is well written, the plot original, the language good, the action sustained and the performance excellent. The cast is well chosen though Myrtle Selwyn as Martin would possibly make an improvement, changing Miss Maltland over to the ingenue. The play is repeated tonight.

Jessie Norton and Elleford arrive tomorrow on the Alameda and will open with the company on Monday next in "Lost in New York." Jessie is a great favorite here and the announcement of her arrival should pack the Orpheum, if possible, closer than ever.

# No Strength

Are you easily tired? Is your work  
 a burden? Do you often feel weak  
 and faint? Is your appetite poor?  
 Are you easily discouraged? Then  
 your nerves are weak and your blood  
 impure. Sickness is not far away.

Mr. Frederick Devigne, of Claremont, Cape Colony, South Africa, sends his photograph and this letter:

"My blood often becomes impure, causing eruptions on the skin, and my general system gets all run down, causing indigestion and great debility. But I take Ayer's Sarsaparilla, which quickly brings me out of my troubles. For all those who are debilitated and weakened by the long hot summers of our country, there is no remedy equal to this grand family medicine."

# AYER'S Sarsaparilla

There are many imitations "Sarsaparilla." Be sure you get Ayer's.

Always keep your bowels in good condition with Ayer's Sarsaparilla. They are purely vegetable, contain no sugar, and cure constipation, biliousness, sick headache, and all liver troubles.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

## SENTENCED TO DEATH.

Associated Press, Morning Service.  
 MANILA, May 6.—Colonel Julian  
 Santos and Colonel Delacruz, two Rizal  
 insurgents, who were sentenced to  
 death some time ago and later ap-  
 pealed, their cases, have again been  
 sentenced to death by the Philippine  
 Supreme Court.

"Santos and Delacruz," said a recent  
 dispatch from the Philippines, "are two  
 of the worst rebel leaders yet alive.  
 They were captured in Rizal province  
 by Governor Daniel Riquard and in their  
 first trial at Pasig were found guilty of  
 brigandage, abduction, and disarming  
 of police at Novatiches. Both have very  
 bad records and had killed many na-  
 tives and Americans during their  
 careers as lardrons."

# MUCH WORK ON APPROPRIATIONS

HOUSE COMMITTEE OF THE  
 WHOLE PASSES A NUMBER OF  
 ITEMS.

The House committee of the whole  
 yesterday afternoon continued work on  
 the appropriations for departments for  
 six months, and a large number of  
 items were considered. The following  
 items were disposed of: Landings and  
 buoys, \$2,750, stricken out. Lighthouse  
 expenses, \$750, referred to committee to  
 ascertain if the federal authorities will  
 do the work. Expenses of tug, \$5,000,  
 referred to committee. Pilot boats, \$500  
 passed. Numbering of houses, \$1200  
 stricken out. Oahu Railway subsidy,  
 \$3,275, stricken out. Electric light,  
 Honolulu, \$3,000, passed. Electric light,  
 Hilo, \$1750, passed. Electric lights else-  
 where, \$500, passed. Honolulu Park  
 commission, \$3500 referred to commit-  
 tee.

 ning expenses market, \$250 and landing  
 \$2,750, passed. For curbing and paving  
 government sidewalks, \$3,000 was asked  
 and passed, but the item, \$6,250, for con-  
 structing sidewalks under Chapter 23  
 Section 774, Civil Laws, was stricken  
 out. Fencing and grading government  
 lots, \$2,500, and quarantine diseased  
 animals, \$500, were agreed to. Expenses  
 veterinarians outside Honolulu, \$500,  
 had a struggle, being carried by the  
 Chairman after a tie vote.

Government pounds, \$250, was knock-  
 ed out but care government cemeteries,  
 \$1,000, went through as did rent kero-  
 sene warehouse lands, \$200.

Taking up the out of town matters  
 \$500 for jail and court house repairs,  
 Waiohina; \$1,200 for Lahaina court  
 house and grounds; \$600 for jailor's  
 cottage North Kona; \$500 warehouse  
 Napoo; \$400 jailor's cottage Kipa-  
 hulu; \$1,000 jail Kipahulu, were passed  
 almost without objection, and \$300 for  
 wharf shed at Hoopuloa and \$500 same  
 Hookena were added to the bill.

Sewerage, Honolulu, brought up  
 \$875.70 for the Kewalo district sewer  
 which passed; and \$6,500 for running  
 expenses sewer pumping station, which  
 was deferred on the statement that the  
 engineers had been notified that wages  
 must be cut in view of the 8-hour law.  
 For running expenses of garbage ser-  
 vice \$7,500 was appropriated as was \$750  
 for the sewer system maintenance, but  
 \$1,500 for the expenses of the garbage  
 crematory went over until it was de-  
 termined whether or not the crematory  
 is to be built.

The water works were cared for  
 with general repairs \$3,000, reservoir  
 repairs \$2,000, running expenses \$3,750;  
 but pumping expenses \$12,500 for the  
 three was laid over. The outside dis-  
 tricts got: Hilo water works, \$4,750;  
 Laupahoehoe, \$50; Waikuku and Ka-  
 huku, \$900; reservoir, Kahului, \$1,800;  
 Lahaina, \$1,000; water pipes, Kula, from  
 Polipoli or other springs, making seven  
 miles of pipe, half to be paid by  
 ranches, \$3,500; Koloa, \$200; Waiohina,  
 \$62.50; Waianae water works, \$1,000.

Fire Department expenses were pass-  
 ed at \$8,115; for chemical and hose  
 wagons at Nuuanu and Judd street, in  
 Kalihi and Waikiki, \$7,120 each, were  
 passed and the same set aside for the  
 same purpose at Hilo. Public grounds  
 got \$450 and expenses for tools \$150, but  
 Thomas Square item, \$625, went  
 over.

North Kona roads got \$4,500, the  
 Huehue road towards Waimea, \$6,500;  
 rock crusher, \$2,500; from Huehue to  
 South Kohala, \$10,000. For South Kona  
 the amounts provided were, general,  
 \$3,600; roads about Koho and Hoopuloa,  
 \$4,200. Roads and bridges, general,  
 for Kau were given \$2,500; for road  
 from Kahuku to Kona boundary, \$2,500;  
 for rock crusher, \$2,500; for Vol-  
 cano road, \$1,000. Puna road, \$2,500.  
 In South Hilo general repairs re-  
 ceived \$2,500; Volcano road, \$1,250;  
 Kailiki homesteads, \$3,750; (Pihopua  
 road, \$250, being deferred); curbing and  
 sidewalks government lots, \$1,250;  
 North Hilo received \$3,750 for general  
 work. Hamakua received \$5,000 gen-  
 eral, \$15,000 for the Ahualoa-Waimea  
 road, and \$5,000 for homestead roads  
 and trails Honokaa; for homestead  
 roads Pauulu to Kalahehe, \$5,000; Kaala  
 and Papalele homestead roads, \$2,000  
 each.

An item of \$6,000 for Olua homestead  
 roads was deferred.  
 North Kohala got \$8,000 for the roads  
 general. Under South Kohala \$2,500  
 was appropriated for the Waimea court  
 house. For the road from Nahanao-  
 hae hill to Keamoku \$750 was asked  
 but vide opposed, stating it was a Park-  
 er ranch road purely. It passed and  
 \$1,250 for the old Kohala road, \$500 on  
 Kawaihae road, \$1,250 for Hamakua  
 boundary road and \$250 for a bridge  
 there was likewise adopted.  
 When Maui was reached Speaker  
 Beckley moved the committee rise so  
 that the Maui men might get together.  
 Progress was reported and the House  
 adjourned.

 raising the funds required for naval  
 betterments and bonds have been sub-  
 stituted. The land tax scheme of the  
 Ministry had a great deal of opposi-  
 tion.

Time and Money.—Sickness causes a  
 loss of both time and money. You lose  
 the time and have the expense of med-  
 ical attendance, entailing a double loss.  
 This can be avoided by using some re-  
 liable remedy at the first stage of the  
 sickness. The purchase of a bottle of  
 Chamberlain's Colic, Cholera and  
 Diarrhoea Remedy often proves a pro-  
 fitable investment, for, by its use at  
 the first appearance of any unusual  
 looseness of the bowels, a severe attack  
 of diarrhoea or dysentery may be  
 averted, that might otherwise compel  
 a week's cessation from labor. Every  
 household should have a bottle at  
 hand. It never fails and is pleasant to  
 take. Get it today. It may save a life.

## WANTED TO REDUCE QUEEN'S INCOME

McCANDLESS THOUGHT IT WAS TOO MUCH WHEN GOVERNOR RECEIVED ONLY \$5,000.

For a few minutes yesterday morning it looked as if the Senate would reduce Liliuokalani's permanent settlement for the six months period of the present year. It was Senator McCandless who wanted the appropriation cut down.

The salary appropriation measure was up for consideration on third reading. Senator McCandless moved that the item of \$3,750 for the Ex-Queen for the six months, be reconsidered. This motion prevailed and then he moved that the item be cut from \$3,750 to \$3,000. He said that it was unjust to the governor to pay her a higher salary than the governor received. The governor got only \$5,000 a year and the queen ought not to receive any more.

The vote on this motion to reduce was as follows: ayes McCandless, Aehl, Dickey, Baldwin, and Paris; noes C. Brown, Crabbe, J. T. Brown, Kaohi, Kalua, Kalaupokalani and Nakapauhu. The item was passed as in the bill.

Previous to this motion, an attempt was made by Senators Aehl and McCandless to have a general decapitation of bookkeepers in the various departments. The senators thought that the auditor should do the bookkeeping. A motion was made to refer the salary appropriation measure to a special committee. Senators Baldwin and Brown opposed the measure. The motion was defeated and the consideration of the bill was resumed.

On motion of Senator C. Brown the item of \$900 for a statistician for the office of the Secretary of the Territory and the item of \$700 for expenses of installing that department, were stricken out because the Governor had not included them in his message on the subject of salaries.

Several attempts were made to raise the salaries of some of the second class district magistrates on the other islands, but all failed. An adjournment was taken until the afternoon, while the bill was considered.

## IN MEMORIAM

The memorial resolution adopted by the Chamber of Commerce on the death of Joseph B. Atherton has been engrossed and sent to the bereaved family in the following:

Whereas under his all-wise ruling it has pleased Almighty God to take from our midst our esteemed and beloved friend and fellow member

JOSEPH BALLARD ATHERTON

And whereas the said Joseph Ballard Atherton has occupied the position of President of this Chamber and for many years has been one of its most active and valued members,

Be it Resolved, that the members of this Chamber of Commerce deeply deplore the irreparable loss they have sustained in the death of their colleague of whose good work and influence among them, they retain a grateful and appreciative remembrance, and that their heartfelt sympathy goes forth to the family of their departed friend at this time of their great bereavement.

## SENATE WILL GAMBOL ON GREEN

ACCEPTS INVITATION TO VISIT KAPIOLANI PARK—WILL SEE WHAT THE PLACE REQUIRES.

An invitation was received by the Senators yesterday from L. A. Thurston secretary of the Hawaiian Park Commission, inviting it to visit Kapiolani park. The communication called their attention to the growing importance of the park as a public resort and the necessity for some further action being given the place.

It was decided to accept the invitation on Friday at 2 p. m. and to have the committee on public lands confer with the commission and ascertain the needs of the park.

A communication was received from Delegate Kuhio announcing that he favored the project of the people of Maui in asking, at mass meeting at Wailuku, for an appropriation for increased harbor facilities at Kahului. He said he would work to effect the same. The communication was read and filed.

Senator Dickey presented a petition from various Honolulu commercial houses and others, asking that 50,000 copies of Frazier's Handbook on Hawaii be purchased for distribution at the St. Louis Exposition.

On motion of Isenberg it was decided that the salaries of the Senate's officers would be the same as those of the regular session.

RUSSIA AND CHINA MAY AGREE.  
Associated Press, Morning Service.

MOSCOW, May 6.—Russian diplomacy is now being turned toward the planning of China. It is reported that an effort will be made to frame a treaty whereby Russia and China will form an offensive and defensive alliance. This would enable Russia to maintain a force in China for the assistance of her ally in maintaining order, and also for the instruction of the Chinese army.

VALUABLE RESIDENCE PROPERTY AT PUBLIC AUCTION.

ON MONDAY, JUNE 1, 1903 AT 12 O'CLOCK NOON.

At my salesrooms, 42 Queen street, Honolulu, I will sell at Public Auction, by order of Miss M. A. Burbank, those most desirable premises on Wyllie street, Honolulu, formerly occupied by Mrs. M. L. Hoffman, as a residence.

The lot has a frontage of 234 feet on Wyllie street, and a depth of 397 feet with an area of over two acres, and lies between the homestead premises of Mrs. J. T. Waterhouse and the stream.

The buildings on the premises consist of a good one-story cottage of seven rooms, and outhouses, and all in suitable condition for immediate occupation.

The grounds are improved with many fruit trees, ornamental trees and plants, the view of mountain and sea is very fine and the drainage excellent, and there is a fine spring of pure water on the place.

The Liliha street line of electric cars run within 100 feet of the premises.

The terms of sale will be all cash; or, one-third cash and the remaining two-thirds on two notes for equal amounts payable in two and four years respectively, secured by mortgage on the premises, with interest at the rate of six per cent per annum, payable semi-annually, with privilege of paying sooner.

An unusual opportunity is thus offered for obtaining a beautiful home upon most advantageous terms.

For further particulars inquire of W. O. Smith, Judd Building.

### CONCERT TONIGHT.

Tonight's appearance of Mile. Dolores at the Opera House will be positively the last. Every lover of music should take advantage of the splendid opportunity offered and attend the concert. The singer has arranged the following program for tonight: Two old English songs, viz., "Nymphs and Shepherds," Purcell; "O, Listen to the Voice of Love," Hook; together with the "Butterfly Song," by Campra, and the Aria "Bate, bate," both from Mozart's Don Giovanni; then "Sombre Foret," from "William Tell," Rossini, two arias from the modern Italian operas "Fedora," and "La Tosca," by Giordano and Puccini, respectively, afterwards the brilliant "Polacca" from Ambrose Thomas' "Mignon," four of Dvorak's Gypsy

songs, the valse from Gounod's "Roméo and Juliet," and Becker's "Echo Song." Mr. Newell will play "Air and Variations," by Pachelbel; "Der Lindenbaum," Schubert-Liszt, and the "Siciliano Study" by Rubinstein.  
Mile. Dolores will give her famous "Laughing Song" as an encore.

## MANY WATCHED WARSHIPS SAIL

CROWDS LINED WATER FRONT  
WHEN TORPEDO BOAT DESTROYERS GET UNDER WAY.

The British cruiser Amphitrite and torpedo boat destroyers Sparrowhawk and Virago, got away this morning on their long voyage to Hong Kong.

The departure of the convoy caused more than usual interest about the city and, long before the destroyers left the harbor, the Water Front in the vicinity of the Naval slip were they lay, was crowded with people. The cruiser went outside of the harbor yesterday and was waiting for the smaller craft to come out and join her. Shortly before 10 o'clock, the sharp, shrill whistles of the two destroyers began to blow. Then the Virago backed out from slip No. 2 into the harbor and headed out to sea. She went out at a good clip, in fact at a much faster clip than usual, so the people along the Sea wall seemed to think.

The Sparrowhawk followed a couple of minutes later. There was some delay in starting after the boats got outside as the little launch of the cruiser had to be put on board. After this small craft was decked, the signal was given and the convoy started.

The torpedo boat destroyers took the lead, with the cruiser following. The cruiser did not put out any lines to them so it is evidently the intention of Captain Windham to try and get along as far as possible without towing. Local people say that if the destroyers should ever encounter such a typhoon as the battleship Oregon met last November, they would never live through it. This is not the typhoon season in Pacific waters however, so the prospects of danger from that source are remote.

## NEW JURY LAW IS POCKETED

GOVERNOR DOLE DOES NOT  
NOT SIGN THE BILL TO INCREASE FEES.

The bill to raise the pay of jurors has met death in the pocket of the Governor, with a number of others submitted near the end of the session. It provided for paying \$2.50 per day to jurors instead of \$2.00. It was sent to the Governor on the 24th of April and the time during which he has a right to sign it is therefore passed.

Two other bills sent in late are dead in the same way and it is stated that all the rest, with the possible exception of the bill to provide for bonds to be given by public officials which, however the Governor has so far refused to sign, basing his decision on objections to signing bills after the end of the session, as bad policy. The time has expired for the bill to provide a right of action for death caused by wrongful act or neglect and for the bill to provide for divorce proceedings by lepers free of charge.

## HARBOR ALIVE WITH SHARKS

HUNDREDS WENT INTO KAILUA  
HARBOR ATTRACTED BY REFUSE FROM BIG CATCH OF OPELU.

Kailua harbor was alive with sharks Wednesday, a week ago. The cause of such a run of sea wolves into the Hawaii port, was a big catch of opelu. The haul was one of the biggest in recent history, as no less than 40,000 of the opelu were taken.

The natives cleaned the fish at the wharf and threw the refuse into the harbor. Within a few minutes the sharks were attracted and began flocking into the place. Some reports give the number of sharks at 150. Persons are reported to have counted as high as 200 of the sea wolves. Nobody ventured into the harbor when the sharks were in pursuit of the refuse from the opelu.

### BUSY ON THE FRONT.

Today has been quite lively on the Water Front. The British torpedo boat destroyers got away for Hong Kong and the barkentine Jane L. Stanford for San Francisco in the morning. The bark Kailuan arrived in the morning from San Francisco and the bark Andrew Welch came along in the afternoon from the same place.

### FREAKS IN FIJI.

The Taviuni correspondent of the Western Pacific Herald, published at Suva, Fiji, says:  
Taviuni is certainly to the fore with peculiar freaks. Sometime ago a very heavy bearing coconut tree was reported to your paper. This tree has some 5,000 odd nuts on it. The other day our keenest fisherman caught on his hook a large gari, or crab, that had three nippers instead of two. Last week we sent down a banana tree that had given birth to four bunches, and I

understand that all suckers taken from this stool give at least two bunches to the tree. While some Fijians were clearing bush near Somo Somo they found a snake with two short legs, one on each side of him, and a short time ago the writer saw a pineapple with nine tops attached.

### MEASLES IN FIJI.

They are having an epidemic of measles in Fiji. The Western Pacific Herald of April 24 says:

The reported cases up to date are 715 in Suva, and 1647 in outside districts, but it is felt that the number outside Suva has been very much understated. There have been nine deaths in Suva, and five in the country. The epidemic has reached to all parts of the group, being of course more advanced in some than in others. In some parts we are happy to be able to say that it shows signs of finishing. It has certainly abated very much in Suva during the past week.

### CURE FOR TUBERCULOSIS.

A Berlin chemist has induced the lung specialists to experiment with his discovery for the cure of tuberculosis. Eucalyptus was mixed with sulphur and charcoal and then evaporated over alcohol lamps. The patients inhaled the fumes. Out of one hundred patients suffering from tuberculosis who inhaled the fumes sixty cures are reported.
