TOPICS OF THE DAY.

Upon the return, of Commodore Beckley, a number of the sporting fraternity will present him with a gold medal as a token of thanks for the promptness with which he had the boats of the Kinau lowered on Regatta day when the Healani and Myrtle boats where capsized near the Bell buoy. This decision of the "boys" will probably make some practical jokers who wanted to guy the Commodere yesterday, laugh on the other side of their faces,

The Deputy Sheriff of Lahaina admits in a letter written by him to the Advertiser that he stopped a "hay-ride" party of ladies and gentlemen because they were "disturbing the peace with singing, shouting and guitar playing." Imagine the peace of the sleepy one horse ex-capital of Maui being disturbed by singing and guitar playing! The Deputy Sheriff also says: "I feel perfectly satisfied with any action on this occasion." The question of interest to the public is whether the High Sheriff shares the satisfaction of the officer.

The question of preventing children within school age from attending school because they cannot obtain health certificates is a very serious one. The proposition to establish an asylum for such children is simply preposterous. Does the father of that idea contend that parents whose children are suffering from consumption should be compelled to place them among leper suspects? The next Legislature will have something to say, and the health certificate business be thoroughly revised. Why children who crowd into churches, theatres, trains and tramears should not go to school is simply absurd. We cannot all die of old age and as long as diseases exist we have to take our chances. Men and women suffering from tuberculosis marry and bring issue into the world in whom possible the germ of the disease is lurking. So do those who suffer from syphitis, cancer and similar diseases to which the flash is prove, but no government has yet attempted to stop such alliances by law. It is of no use being supersensitive and the arbitrary act of the Board of Education should certainly not be supported by the Legislature.

Responded to the Call.

Mrs. Mary Ann Rhodes Brown, one of the most respected and charming old ladies of Hawaii passed away on Sunday morning at the residence of her daughter Mrs. Alex. Mackintosh at Naugau valley.]

The late Mrs. Brown had resided in Honolulu for many years and was a well beloved gentle woman.

The deceased was born in London England in 1813 and consequently nearly 88 years of age. She arrived here in 1846 on the ship Admiral Moreseur, and lived here until 1855, when she with her husband and three children went to New York During the journey the ship was wrecked off the coast of Brazil, and arrives a fortnight hence at Taku

arrived at their gaol in the ship Chas. Mallorey.

The children accompanying them were Godfrey, Malcolm and Alice.

After living about 3 years in Ht. nolulu Mr. and Mrs. Brown left their sons at school and returned to Honolulu with their daughter Alice who later on became Mrs. Alex. Mackintosh. Cecil and Mslcolm later on made their permanent homes here and Mr. and Mrs. Brown lived many years to see their children growing up and becoming useful and prominent citizens of Hawaii nei.

The brother of deceased was the late Mr. Godfrey Rhodes, who for more than 30 years held the office of Registerar of Conveyances. The sweet womanly type of the old school will be deeply missed by the numerous kamaainas who loved and revered ber.

The funeral took place from the Mackintosh residence at Nuuanu valley, and was conducted by the Rev. Hamilton Lee of St. Andrew's Cathedral. The pall bearers were Godfrey, Cecil and Frank Brown, Judge C. F. Hart, H. M. von Holt, F. W. Glade and A. St. M. Mackintosh. The interment took place at Nuuanu cemetery.

Police Cutrages.

A morning paper a week ago published an account of an outrageous action on behalf of the Deputy Sheriff of Lahaina who attempted to stop and arrest a number of respectable young people who were enjoying a hay ride, because they disturbed the peace of the night according to the muddled brain of the police officer.

We have refrained from making any reference to the matter although we had ample evidence in our possession substantiating the story as told by the Republican. The High Sheriff will understand the reason why we were unwilling to bring up a matter which might add to the annoyance of gentlemen and ladies who desire no unnecessary publicity through the medium of incompetent hirelings under the police department. Yesterday we received from Labaina a straight endorsement of the accusations made against Deputy Sheriff Lindsay and we now call upon the High Sheriff to have a thorough investigation made and relieve the offending officer of his "brief" authority and his commission. We do not agree with the learned Little Judge who calls the High Sheriff a fifth wheel to the government coach, who will be attended to at the next Legislature, but we do claim that Mr. Brown cannot afford to keep in office men who disgrace their office, break down the bars of respect of the public and allow temper or drink to get the best of discretion and common sensa.

Appeals to Earl Li to Save Situation

London, Sept. 7, 3:30 a m .- Germany's polite refusal to withdraw from Peking is commented upon with keen satisfaction in London, and the hope is expressed that Lord Salisbury will show similar firmness. The British reply has not yet been formulated. Lord Salisbury desires to consult with his colleagues, and has notified the Foreign Office of his intention to return to London from the Continent early next week. There is little doubt, however, that Germany's reply is the outcome of the discussion carried on during the last few days between the European Cabinets, and that the compromise policy of maintaining the occupation of the capital but withdrawing the greater part of the troops to Tientsin will be found to have met with general concurrence.

From Shanghai it is rumored that Japan has signified her willingness to withdraw her troops provided an adequate guard is left for the legations and on condition that China formally requests evacuation and opens genuine negotiations for peace. Altogether appearances are more hopeful, and it is likely that when Field Marshal von Waldersee

the shipwrecked people eventually be will find the allies agreed upon Insure Your House and Furniture s me common policy.

Shanghai is full of conflicting rumors regarding the movements of Li Hung Chang. It is asserted that Marquis Tseng and thirty officials remaining in Peking have appealed to Li Hung Chang to repair immediately to the capital to save the situation, since nobody is there to assume authority. Prince Ching being detained in the province of Shensi by illness. Chang Chi Tung, the Wuchang Viceroy, has telegraphed an urgeut appeal to the British Consul at Shanghai urging Great Britain to institute peace negotiations. He emphasizes the the magnitude of British trade interests and refers to the activity of the secret societies and the decline of trade, citing these as vital reasons why England should take the lead instead of, as in 1894, allowing

(S. F. Call's dispatches)

America Will Make a Compromite

CALL BUREAU, WELLINGTON HOTEL, Washington, Sept. 6 .- France is the only nation that has thus far accepted without reserve Russia's proposal to withdraw from Peking. It is believed Japan will adopt the pcsition assumed by the United States. Great Britain's raply has not yet been made, but the unofficial information received at the State Department indicates that she views the situation in much the same light as as does this Government. Germany's reply, as announced this morning, declares her intention to remain, and therefore, pointing to the unanimous desire of all the powers, with the exception of Russia and France, to remain in Peking the administration is giving consideration to the next step that shall be taken. In fact, what is believed to be a Cabinet meeting was held to night at the Country Club in a suburb of Washington. Having taken the lead from the outset to the entire satisfaction of all the powers, it is considered good politics to be prepared to act immediately after Japan, which will be the final power to make a reply to Russia. The dominant feature of the forthcoming note of this Government will be the necessity of complete harmony of action by the powers.

A high official said to-day that harmony is more important than any specific line of action that shall be adopted. It is not intended to withdraw from Peking, but Russia's views are to be met half way. That is to say, the proposal will be considered-and, in fact, it is hinted that a suggestion to the same effect was embodied in the reply of Germanythat each power reduce its force in Peking to a limited number of men, the rest of the troops to be withdrawn to Tientsin. The Ministers can also return to Tientsio, if it is considered desirable, and open negotiations with the Chinese Government from that point. The American proposition will therefore be a compromise and the authorities are hopeful that it will suit Russia, which desires to entirely withdraw, month.

and Germany, which does not propose to retire. In anti-German circles apprehension has been expressed that the arrival of Count von Waldersee, with 20,000 men at Peking, would mean permanent occupation of the Chinese capital. By limiting the number of men to represent each nation, there will be no cause for such apprehension.

In Executive Session.

The Central Committee of the Democratic party met last evening at its headquarters in Progress Hall. Chairman McCarthy and a considerable number of committee men from all islands were present.

The question of selecting a proper candidate for Dolegate to Congress was brought up and Prince David was asked whether he would accept a nomination. The Prince answered that he was not yet prepared to say yes or no, but if the Committee considered it advisable to make a choice there and then he would be obliged to decline the nomination. After some discussion and the suggestion of several names it was decided to ask Mr. Paul D. Isenberg, who was not present to allow his name to be used as a candidate for the important office. It is not believed that Mr. Isenberg will accept.

Other important business was transacted and it was decided to hold an open convention on the 24th inst, when slates for the territorial Lagislature will be presented.

Colonel Cornwell and John Wise left today for Lahaina to stump Maui; John E. Bush goes to Kauai in the interest of the party and other emissaries will cauvas Hawaii and Oahu.

Charming Charity.

There is a clergyman at Lihue (writes a correspondent) whose heart has gone out to the starving people of India and who is collecting money for them in a novel but very pleasing manner. When Luna is looking down in her brightest way on the Garden Island generally and Libus specially the reverend gentleman gathers around him eight beautiful Hawaiian girls belonging to his flock, and armed with guitars, ukuleles, and other sweet instruments. A "bus" is awaiting the party. The parson and the sweet singers squeeze into the vehicle and then they go forth serenading the good people of Libue and passing the hat around for contributions to the poor Hindoo. The noble people of Libue may swear under their breath when the parson's "bus" wakes them up but how many can resist the plaintive notes of "Ahi Wels, Moanalua" and other sweet hymns sung under the direction of a man of the cloth. And when the moon hides her face the noble band goes home and the Indian starvation fund has been swelled, and all sleep soundly on a conscience which says "nobly done." Who wouldn't be a charitable reverend on Kauai.
