

## CARRANZA DEMAND BRINGING CRISIS

### ASSASSINATIONS FATE OF CHINESE REVOLT LEADERS

Three Killed While Attending  
Military Conference at  
Canton

### DIPLOMAT TSEN MAY BE NEXT PRESIDENT

Has Been Active in Opposing  
Yuan; Provinces Plan  
Republic

(Associated Press by Federal Wireless)  
SHANGHAI, China, April 13.—  
The governor of Kiangsi has de-  
clared his independence of Yuan's  
government.

Ton Shokuei, representing Lung  
Kuang, the governor; Wang Ku-  
ang Ling, chief of police, and Tong  
Kok Tun, another revolutionary  
leader, have been assassinated while  
attending a military conference in  
Canton.

### SZE CHUEN PROVINCE IS EXPECTED TO ANNOUNCE ITS INDEPENDENCE SOON

(Special Cable to Nippon Jiji)  
TOKYO, Japan, April 13.—The pro-  
vince of Sze Chuen is expected to de-  
clare independence of Yuan Shih-kai  
within the next few days. The revo-  
lutionists have taken all of the non-  
military strongholds with the exception  
of one city, and it is expected that the  
military governor will announce the  
independence at any time. Sze Chuen  
is the largest province in China.

Yuan Shih-kai is trying to spread  
the rumor that Japan will stand with  
the government party against the revo-  
lutionists. He stated today that he  
would not resign, and hinted that if  
the revolutionists did not cease their  
attacks Japan would step in and de-  
feat the revolutionary army.

In Tokyo the assertion made by  
Yuan is not taken seriously, as Japan  
has remained neutral throughout the  
conflict, and the leaders here state  
that Japan will take no part in the  
Chinese situation. The opinion ap-  
pears to be in Tokyo circles that the  
revolutionists have a big advantage  
at the present time. Word has been  
received that Chihliang has declared  
independence.

### TSEN CHUN HSUAN MAY BE PRESIDENT OF NEW REPUBLIC PROVINCES

(Special Cable to Nippon Jiji)  
TOKYO, Japan, April 12.—According  
to an authentic report from Canton,  
Tsen Chun Hsuan will be elected to  
head the new republican government  
which will be formed from the provin-  
ces now independent of the Yuan  
government.

Tsen Chun Hsuan is one of the lead-  
ing diplomats of China and has made  
a name for himself in international  
affairs. He was the instigator of the  
second revolution, and when the re-  
bels were defeated he fled to Singapore,  
where he became active in planning  
for another revolution after Yuan  
Shih-kai had announced that he  
wished to become emperor. It is  
thought that Tsen Chun Hsuan will  
be the logical choice for premier, in  
case Dr. Sun Yat Sen is given the  
presidency, if Yuan is defeated.

### RED CROSS GETS NEARLY \$100,000 FROM TERRITORY

Nearly \$100,000 has now been  
sent to the American Red Cross  
for war relief purposes by the  
people of Hawaii.  
The War Relief Committee re-  
ported this morning the sending  
of \$2000 for the relief of Ser-  
bians in Greece. The total to date  
is now \$99,874.75. With the sums  
sent from private sources, Hawa-  
ian relief has contributed for war re-  
lief at least \$250,000.

### ROW OVER FIFTY-CENT GAMBLING GAME; KOREAN MURDERS A COUNTRYMAN

(Star-Bulletin Special by Mutual Wireless)  
HILO, April 12.—After a row  
over a 50-cent gambling game, a  
Korean killed a fellow-coun-  
tryman at Paahan on Tuesday  
night, the news reaching Hilo  
police last yesterday. The Kore-  
an murdered the other man with  
one stab of a knife.

### NEW YORK STOCK MARKET TODAY

Following are the closing prices of  
stocks on the New York market to-  
day, sent by the Associated Press over

### OAHU RIFLEMEN TO BE TRAINED BY NEW SYSTEM

Orders Received From Wash-  
ington Establish Musketry  
School at Schofield

With the arrival of Capt. Henry E.  
Eames on the army transport Sheri-  
den this evening, a new departure in  
the instruction of the soldier on Oahu  
is being inaugurated. A school of musketry  
will be taken in hand.

Captain Eames comes to Hawaii  
from the 28th Infantry, having been  
connected with the School of Musketry  
at Fort Sill, Oklahoma. He is  
transferred by orders of the war de-  
partment at Washington, which has  
directed the establishment of a branch  
school here.

It is not stated yet just when the  
school will begin here, though this  
will be in the near future, probably  
depending upon Capt. Eames' plans in  
the matter. It is very likely that  
Schofield Barracks will be chosen as  
its location. A school of this sort will  
save the expenses formerly necessary  
through transporting soldiers to the  
mainland for musketry courses.

Both officers and men will be eli-  
gible for enrolment, and the course will  
ordinarily last for three months for  
each group. The school is to be es-  
tablished on a permanent basis here.  
Army officers point out that the es-  
tablishment of the course does not  
mean the erection of a group of build-  
ings, as the present target ranges and  
galleries will be used. Instruction  
will be given in the art of handling  
the rifle and the regulation of fire.

Captain Eames is a recognized au-  
thority on musketry. He is the author  
of a book, "The Rifle in War," and  
has made a careful study of the sub-  
ject. He was graduated from West  
Point in 1901; from the Infantry and  
Cavalry School, with honors, in 1906;  
from the Staff College in 1907, and  
from the Army War College in 1912.  
He has served with several different  
regiments of infantry.

### SAYS UTILITIES BODY NO RIGHT TO STAND BILL

That the trip which Charles R.  
Forbes made to Washington last win-  
ter was not for the purpose of hav-  
ing any business with the interstate  
commerce commission and therefore  
not properly made at the expense of  
the utilities commission of the terri-  
tory was one of the contentions of  
Judge A. A. Wilder before Judge  
Stuart this morning.

Wilder declared that expense in-  
curred through dealing with the com-  
merce body was the only kind that  
could be legally allowed for travel out-  
side the territory.

Samuel Pyatt of South Plainfield, N.  
J., was struck and killed by a Lehigh  
Valley freight train at the South  
Plainfield station.

Joseph Bucher, former band master  
at West Point, and at the Naval  
Academy, died at Baltimore, Md., from  
the effects of a wound received in the  
Indian campaign in Arizona, in 1886.

### MAKEE'S SIDE OF CONTROVERSY IS GIVEN BY WILCOX

Manager Declares Small Plant-  
ers are Satisfied and  
Facilities Good

WASN'T HOMESTEADERS  
WHO STARTED "KICKS"  
Thinks Kealia Natural Outlet  
for Kapaa Fields; Shows  
Railroad Development

"You can't find a single instance  
of a homestead cane grower who has  
had contracts with us that is not sat-  
isfied with the way we treated him,"  
declared Gaylord P. Wilcox, manager  
of Col. Z. S. Spaulding's famous Makee  
plantation, in a statement to the  
Star-Bulletin last Monday afternoon.  
"We have handled the cane for all  
but eight of the 86 homesteaders in  
the Kapaa district," Wilcox continued,  
"and we have never heard a single  
kick from any of them. We have gone  
ahead quietly and fairly with all of  
them. It wasn't the homesteaders who  
caused all of the present excitement."

Wilcox smiled when asked who was  
back of the excitement. "You proba-  
bly know as well as I do," he said.  
"I prefer not to mention names."  
Wilcox says he believes that Kealia  
is the natural outlet for Kapaa cane  
fields, and that in his opinion all of  
the homesteaders up there are  
"mighty" glad to see the Makee roads  
building in the district.

In a ride which a representative of  
the Star-Bulletin took with Wilcox  
on Monday, the company's railroad fac-  
ilities were pointed out.

According to the manager the com-  
pany now has approximately 30 miles of  
road, seven miles of which have been  
constructed in the last year and a half.

"Our roads reach now within a mile  
of any homestead," said Wilcox in  
pointing out the manner in which the  
company is prepared to handle Kapaa  
cane. We will have all the rails down  
on the present construction work by  
next spring time."

Wilcox says that he would not ad-  
vise long term agreements, but that it  
is up to the homesteaders.  
One of the roads which the governor  
visited on Monday was the proposed  
route up Kapahi valley, where the  
company has run into difficulty with  
two homesteaders who are raising  
cassava for starch. These men ob-  
jected to the road's being put through  
their lots, which were small, and it  
is likely the road will have to be built  
around, which will necessitate consid-  
erable tunneling and cutting.

One homesteader—a woman—who  
had had dealings with both the Lihue  
and Makee companies, was questioned  
as to her treatment from each.

"I don't like to enter into the argu-  
ment either way," she declared,  
"but I'll say that I have had dealings  
with both companies. The Makee  
people always treated me fair in  
every instance, and the Lihue people  
didn't. All of this talk about the Ma-  
kee company treating the homestead-  
ers unfairly is nonsense."

### RUMOR KELINOL IS OUSTED FROM ROAD POSITION

Has George M. Collins, city engi-  
neer, asked Sam Kelinol, statistical  
clerk in his department, and well-  
known Republican politician, for his  
resignation?

If so, why was the city attorney's  
office notified?  
These are two questions that are  
being asked in the city hall today.  
Collins refuses to deny or affirm the  
rumor that he has asked for Kelinol's  
resignation, saying only that he has  
not received it. A. M. Crick, first  
deputy city attorney, will not reveal  
the communication Collins has made  
to him regarding Kelinol. "I am not  
in a position now to say anything  
about it. Ask Mr. Collins," he replied  
when questioned as to the truth of the  
rumor that he had been notified. Of-  
ficially, of the details surrounding  
the request for the clerk's resignation.

Mayor Lane appeared startled for  
a minute when told that the demand  
for Kelinol's resignation was known  
about the city hall. "Who told you  
that?" he demanded. Later he said  
that Mr. Kelinol's resignation has been  
requested. Mr. Collins has sole  
discretion in the matter. As city  
engineer he can remove or hire his  
employees at will."

Asked if he had any unofficial knowl-  
edge of the affair, he replied that he  
had nothing to say for publication.  
Collins declared, in a second inter-  
view, that "there may be develop-  
ments in the matter within the next  
day or two. It is regrettable that  
such things cannot be kept secret un-  
til they have been settled definitely,"  
he said.

### OIL POURED ON RAGING SEAS TO SAVE IDE MARU

Captain of Japanese Steamer  
Tells How Vessel Reached  
Here With Jury Rudder

37 DAYS OF TOIL AFTER  
STORM DISABLED CRAFT  
Skipper is Guarding Against  
Spies, as Cargo is Part  
Munitions

While his Japanese crew squatted  
down on the deck, taking a much-  
needed rest after their 37 days of  
wearing toll bringing the crippled  
steamer here, Capt. T. Uchiyama,  
master of the Katsuda Shokai freight-  
er Ide Maru, until last fall the Haku-  
shika Maru, last evening gave the  
Star-Bulletin the official story of the  
voyage. It is a real Odyssey of the  
Pacific.

As reported by the Star-Bulletin  
yesterday, the Ide Maru arrived off  
port early in the morning, after a 37-  
day struggle to make Honolulu from  
the point about 1100 miles north of  
this port where her rudder snapped  
off in a blinding snowstorm and gale  
on the Great Circle route March 6,  
when she was 10 days out from Taco-  
ma. She will be repaired here and  
have a new rudder put on. This will  
take two weeks.

"At 9 o'clock the morning of March  
6, when we were 10 days out from  
Tacoma, bound for Vladivostok, we  
lost our rudder during a snowstorm,  
accompanied by heavy winds and high  
seas," said Capt. Uchiyama. "The  
rudder carried away about three feet  
below the water line, breaking off  
midway of its main body."

"This happened in latitude 52 de-  
grees 37 minutes north, longitude 163  
degrees 38 minutes west."  
"Using the available materials we  
first made a sea anchor, which was  
dropped in the water on March 8,  
but which carried away March 14,  
owing to the friction developed by  
the stormy seas."

"We used cargo booms, anchor  
stocks, chains, wires and ropes in  
making a jury rudder. It was com-  
pleted on March 14 and lowered into  
position at 12:30 o'clock that after-  
noon, upon which we started toward  
Honolulu for refuge. Our speed was  
about three miles an hour, and she  
ran only about 150 miles to the south-  
ward."

"On March 16 stormy weather and  
high seas made it necessary to stop  
at 10:45 a. m., and lay to. We hauled  
up the jury rudder on the stern. The  
vessel entered a storm field shortly  
afterward. Angry seas swept the  
deck and my ship rolled and pitched  
heavily."

"We kept her lying to, smoothing  
the seas by the use of engine oil, but  
at daybreak on March 17 the jury  
rudder was broken to pieces by tremen-  
dous waves. The weather moderated  
thereafter, and on March 19 we started  
making another jury rudder, using  
the materials which remained on board."

The second rudder, Capt. Uchiyama  
adds, held, and enabled the Ide to  
reach Honolulu safely. The steamer  
was towed to the Inter-Island coal  
slip yesterday afternoon, with Capt.  
M. A. Madson, assistant harbor mas-  
ter, piloting her in. The Matsun tug  
Intrepid was at her bow, and the  
Young tugs, Makaha and Helen had  
stern steering lines on her.  
Munition Cargo Guarded.

This morning Capt. Uchiyama hired  
watchmen to guard the steamer's  
munition cargo night and day until she  
is repaired. A survey has been re-  
quested, and will be made probably  
late this afternoon.

When the survey is completed,  
about 1500 tons of the Ide's 2500-ton  
cargo, mostly a deckload of 56 steel  
flat cars for the Siberian railway, will  
be discharged, to lighten the steam-  
er's stern. She will then go into dry-  
dock, and will be "tipped up" as was  
the transport Thomas, and the Matsun  
liner Wilhelmine, so that the new rudder  
can be put on.

The Inter-Island are agents for the  
steamer; C. P. Morse of the American-  
Hawaiian is cargo agent, at the re-  
quest of H. F. Osterander of Seattle,  
to whom the Ide is under charter for  
this voyage; and D. L. Peterson is  
broker for her.

The Ide Maru, according to the  
American Lloyd's register, is 400 feet  
long, 45 wide, 28 deep, with a gross  
tonnage of 4543. She was built in  
1889 at Belfast. Her home port is  
Kobe. The last survey of her was  
made in March, 1915.

### INQUEST TODAY OVER ASYLUM GUARD WHO DIED AS RESULT OF EXPLOSION

An inquest was held today at 1 p. m.  
over David Moniz, the 65-year-old  
guard at the hospital for the insane,  
who lost his life as the result of the  
dynamite explosion which occurred at  
the asylum while he was assisting in  
the road building work near the  
quarry. Moniz died a few minutes be-  
fore 10 o'clock yesterday at the Queen's  
Hospital.

### MEXICAN AMBASSADOR WHO PRESENTS DEMANDS

Dr. Eliso Arredondo, Mexican am-  
bassador to the United States.

### WATCH GERMANS TO STOP ESCAPE IN PHILIPPINES

American Destroyers and Allied  
Warcraft Keeping Close  
Lookout

(Associated Press by Federal Wireless)  
MANILA, P. I., April 13.—Because  
of the alleged attempts of interned  
German steamship men to escape from  
the Philippines, American destroyers  
are patrolling the coast of Luzon and  
other waters and inquiring as to the  
identity of vessels passing from place  
to place. Warships of the Allies are  
also watching Philippine waters.

PARIS, France, April 13.—The Ger-  
man attacks at Verdun have now sub-  
sided.

LONDON, Eng., April 13.—The Brit-  
ish steamer Robert Adamson has been  
torpedoed in the war zone, but with-  
out casualties.

The Russian sailing vessel Impra-  
tor, bound from Gulfport, Texas, for  
Marseilles, has also been torpedoed.  
Nine refugees, some of whom were  
wounded, have succeeded in reaching  
Barcelona, Spain.

WASHINGTON, D. C., April 13.—  
Action by the United States upon Ger-  
many's note denying the sinking of  
the British steamer Sussex, but just-  
ifying the torpedoing of other mer-  
chant vessels, is now being decided  
by the president, the state depart-  
ment and their advisers.

### GERMAN OFFICIAL CABLEGRAMS

GERMAN HEADQUARTERS, April  
12.—Near Laborselle, northeast of  
Albert, a small German detachment  
brought from a night attack against  
an English position 39 prisoners and  
one machine gun. No German losses.  
West of Meuse French attacked  
without success some German lines  
north of Avocourt. Otherwise  
the French showed only lively arti-  
lery activity.

On the east bank three French counter-  
attacks, which were prepared for  
by most violent fire, only caused them  
enormous losses and no advantage was  
won. Twice the storming French were  
unable to cross district of German  
curtain fire. Third attack broke  
down near our batteries in machine  
gun fire. In Caillotte forest Germans  
conquered some terrain step by step  
against tenacious resistance.

In an air fight one French aeroplane  
near Ornes in Woivre was shot down,  
pilot dead.

Near Garbunowka, northeast of  
Duenaburg, Russian night attacks of  
several companies were repulsed.

### GREGORY DOESN'T WISH TO GIVE "INSIDE" ON GASOLINE PRICE PROBE

(Associated Press by Federal Wireless)  
WASHINGTON, D. C., April 13.—  
Attorney-general Gregory informed the  
senate today that it is not compatible  
with public interest at present to dis-  
close information regarding the inves-  
tigation of his office into the soaring  
of gasoline prices.

### SHERIFF FILES RETURN IN O. A. STEVEN MATTER

Sheriff Charles H. Rose today filed  
in supreme court his return to the  
temporary writ of habeas corpus is-  
sued by Chief Justice A. G. M. Rob-  
ertson in the case of O. A. Steven,  
charged in circuit court with illegal  
emigrant recruiting. The return  
states the facts in the Steven case  
from the day of his arrest up to his

### RUMOR U. S. TROOPS ALREADY EXCHANGED SHOTS AT PARRAL WITH CARRANZISTA SOLDIERS

Note From "First Chief" Presents Grave  
Issue--Undertone of Caution in  
Congress--Villa Reported  
Alive and Fleeing

(Associated Press Service by Federal Wireless)  
SAN ANTONIO, Texas, April 13.—The American soldiers have  
encountered and clashed with a force either of Carranza soldiers or of  
civilians at Parral, Consul Letcher has reported, but Gen. Gutierrez,  
the Mexican commander, minimizes the occurrence. The Americans  
went through Parral to the southward, exchanging shots with the at-  
tacking Mexicans.

WASHINGTON, D. C., April 13.—Gen. Venustiano Carranza's  
new note on the Mexican situation, presented to the state department  
today through Dr. Arredondo, the Mexican ambassador, raises a new  
issue for American diplomacy to confront while American soldiers  
are marching 400 miles deep in Mexican territory.

The note, asking that the American troops under Gen. Pershing  
be withdrawn immediately, is regarded as raising a grave question.  
State department and other officials are reticent about discussing it  
and will not predict the outcome. There are no indications that the  
troops will be withdrawn or that the situation will result in serious fric-  
tion. The development, while not unexpected, has been received in  
Congress with divergent views and there is a general undertone of  
caution, and a disposition to continue the present stage of matters.

The note itself is 5000 words in length. It contends that the  
Americans crossed the Mexican border without permission, and that  
they should withdraw until a formal compact is made. The note fur-  
ther says that the United States incorrectly interpreted the note of  
March 10, to which attention was called on March 17. The present  
expedition, it is held, "has fulfilled its object so far as it is able to do  
so," and that sufficient Carranzistas are pursuing Villa to guarantee  
that he and his bands will be punished.

President Wilson has cancelled his speaking engagement for Sat-  
urday night in New York.

TORREON, Mexico, April 13.—Gen. Villa is today reported as  
headed down in the direction of Nazas, where the followers of Con-  
treras and Ceniceros are marauding.

### ARDECA, BROUGHT FILIPINO KILLS FROM COAST, IS COUNTRYMAN AND DENYING GUILT WOUNDS WOMAN

McDuffie Says Filipino Admit-  
ted Embellishment, But in  
Court He Doesn't

Utter disgust spread over the fea-  
tures of Chief of Detectives McDuffie  
this morning when Pedro Ardeca, the  
Filipino who was brought back from  
San Francisco by McDuffie on several  
embezzlement charges, pleaded not  
guilty in police court. The chief says  
that Ardeca admitted to him, before  
his capture, that he had received  
sums from each of them.

The charge is that Ardeca went to  
five of his fellow laborers on a Maui  
plantation and told them a story of  
his brother who was getting \$110 a  
month in San Francisco, and offered  
them jobs in a Southern California  
ranch project. He advised his friends  
to let him be their manager and hold  
their savings so as to make all the  
arrangements for their transportation  
at one time. Then Pedro went to two  
other friends working on a plantation  
at Waiipahu with the same propo-  
sition. They also bit. Having some-  
thing like \$600, Ardeca left for San  
Francisco without taking any of the  
others with him.

The victims became suspicious of  
Pedro's non-appearance for several  
days and notified the police just in  
time for the officials at San Francisco  
to be wired and apprehend Ardeca.

Cleto Dupusamia claims to have  
turned over \$70 to Ardeca; Domilia  
Doran, \$30; Saturnia Flores, \$95; An-  
drea Ernatica, \$100; Rufario Tulon,  
\$90; Lucas Tullard, \$80; Pedro Ban-  
nias, \$65; and Felix Sabin, property  
and cash aggregating \$37. The alleged  
embezzler denies having received any-  
thing from the last two accusers, and  
admitted to the chief of detectives less-  
er amounts in each case as follows:  
Dupusamia, \$23; Doran, \$60; Flores,  
\$25; Ernatica, \$35; Tulon, \$22; Tul-  
lard, \$26; and the charges were made  
out in the lesser amounts, to all of  
which he now pleads not guilty.

The case was continued until Mon-  
day, April 17, and bail fixed at \$1000.

release from the sheriff's custody late  
Tuesday afternoon on bond in the sum  
of \$500. Argument on the writ of  
habeas corpus will be had in supreme  
court at 10 o'clock tomorrow morning.  
Attorney J. W. Cathcart is assisting  
the city and county in the prosecution.

Additional and overnight tele-  
graph news on Page 9.

National Guardsmen on Maui  
Quarrel and One Shoots  
On Way to Drill

(Special Star-Bulletin Correspondence)  
WAILUKU, Maui, April 12.—Nar-  
ciso Toyolo, a Filipino laborer of the  
Wailuku Sugar Company, and a mem-  
ber of the National Guard, shot and  
instantly killed another Filipino  
named Alfonso Darlang in the Philip-  
pine camp, some three miles beyond Wai-  
kapu, shortly after 7 o'clock last Sun-  
day morning. He afterwards surren-  
dered to the police and will be tried  
for first degree murder.

Besides killing his fellow country-  
man, Toyolo first fired a shot from a  
33-caliber revolver at Mrs. Maria Ro-  
fino Bagos, of whom he was jealous,  
inflicting a flesh wound in the right  
breast. The bullet, however, was de-  
flected by a rib, and came out of the  
woman's back. She is in the Malu-  
liani hospital, but is not seriously hurt.

According to the police, the murder  
was a premeditated and cold-blooded  
one. The murderer and his victim had  
quarreled about the woman the pre-  
vious night. She is a married woman,  
living with her husband in the camp,  
and seems to have been involved with  
both Toyolo and Darlang. After the  
quarrel, in which the husband was  
also involved, Toyolo went to a  
friend and borrowed a heavy army  
pattern Colt revolver, stating that he  
expected to go the following morning  
to Maluaea to get into a gambling  
game, and might need it. Instead he  
met Darlang and other Filipinos on  
Sunday morning all preparing to at-  
tend National Guard drill. He pre-  
tended to want to settle the trouble  
amicably, and sent for the woman in  
the case. As soon as she arrived he  
fired at her as she sat on one end of  
a bench, and then turned the gun  
upon Darlang, who was seated nearby.

The murderer proceeded towards  
the main road, and when he met the  
police automobile surrendered himself.  
When searched, besides the revolver  
a murderous-looking dagger of copper  
was found on his person.

The schooner Agnes Manning was  
towed into port at Apollodora, England,  
in a damaged condition.

Chancellor von Bethmann-Hollweg  
has received a vote of confidence from  
the Bavarian ministry.

Eugene Schultz, aged 12, fell through  
the ice while skating at Tiffin, Ohio.  
Reaching out with his arms, he sank,  
grabbed a 21 pound box, which he  
still held when comrades rescued him.

## FORBES DECLARES IS NO REASON FOR HOLDING UP BILL

Auditor's Action Resented By  
Superintendent: "Will  
Serve Without Pay"

Charles R. Forbes will serve the public utilities commission without pay, if necessary. He said so this afternoon.

"If the auditor wants to hold up my bills for services as chairman of the commission let him do so," he declared. "I'll serve the commission without pay, as I am serving on half a dozen other commissions. I am working 20 hours a day for the territory and haven't got time to worry over the bills for my services."

The secretary of the commission, Henry O'Sullivan, keeps a record of the time Forbes puts in on utilities work, he declared, and makes out the bills. "I hardly ever look at them," he asserted. "The March bill for services as chairman of the utilities commission, which Auditor J. H. Fisher has sent to the attorney-general for examination, is for \$170."

The superintendent visited the auditor this morning and Fisher says that he reminded Forbes that his consent was given before the bill was sent in.

"I can take a certain amount of responsibility," says Fisher, "but when citizens begin questioning my right to issue warrants I am entitled to the opinion of the attorney-general, and I am going to have it."

The auditor thinks the public utilities act is not explicit enough and exhibits no hesitancy in saying so. "It declares that each commissioner shall be paid \$10 a day for his services, but gives no hint of what is to be regarded as a day's work," he said this morning.

Attorney-General I. M. Stainback still has under advisement the question propounded by Auditor Fisher as to the legality of his drawing a warrant for Forbes for services performed without the presence of the other commissioners.

## POLICE COURT DOINGS AND NOTATIONS FOUND ON STATION BLOTTER

Fukada, a Japanese, was found guilty and given a suspended sentence of 15 months for getting drunk and beating up his children, one after the other, on the principle that they had all very likely misbehaved during the day and were deserving of beatings.

Antoni de Costa, a warm-hearted Portuguese, was discharged and his case dismissed this morning when his accuser, an old Portuguese, shook hands with him and said that he was "good friends" again. The defendant has been trying to look out for the old man, who resented interference.

A cablegram has just been received by police headquarters from Glendale, California, asking that the Honolulu address of C. W. Clark, formerly of that city and now residing here, be ascertained. Mr. Clark should communicate with Chief of Detectives McDuffie and receive information of interest to himself.

Chang Ah Kau Pung admitted in police court this morning that he had marked his own chefta ticket and had taken it from Castner, where he lives, to Wahigwa to play it, also that he has been playing chefta in the past, but he wouldn't plead guilty or not guilty to the charge of having chefta tickets in his possession when arrested. His case was continued.

E. C. Rosenborough, soldier, was found guilty and sentenced to pay a fine of \$35 and costs for headless driving, having knocked down a produce cart pushed by a Chinaman. The owner of the pushcart made a pathetic figure in police court, appealing to the court interpreters to help him get pay in some way for the value of his produce, chiefly eggs, which were spoiled by the collision.

While testing a stabilizing device of his own invention, W. C. Robinson, well known aviator fell and was killed near Ewa, Iowa.

The Bridgeport Projectile Co. offered the War Department its entire plant to be used for the manufacture of munitions of war.

## L. A. THURSTON IN RAPID-FIRE TALKS TELLS OF TOURIST TRADE

"A splendid summary of Hawaii's tourist possibilities," declared Ad Club members yesterday after listening to L. A. Thurston's rapid-fire talk at the weekly luncheon. Speaking largely upon the results of his recent coast trip to confer with Great Northern Pacific Steamship Company officials, he said, in part:

"Preparedness! Efficiency! Power! These are three words that I noticed this morning on some poster of a local house, and they appeal to me as a pretty good slogan for us in the Ad Club right now. Preparedness is a much hackneyed phrase right now. I'll admit, but we have to prepare to take advantage of what God Almighty has given us here. We must prepare to reap the harvest that He has prepared for us. Here in Hawaii we are facing the greatest era of prosperity that has ever come to any other community on God's footstool. We are on the eve of a prosperity and development which no one here dreams of. There is more money in Hawaii today than we ever saw here before."

"What is the reason for this? We are on the highest crest of high prices in sugar. A careful study of sugar prices during the past 40 years shows that when prices are up, they are soon to go down; when they are down, they are bound to go up. Now they are up, and what are you doing in preparation for their coming slump? Are you willing to return to another period of dumps such as we suffered

two years ago? No! We must turn to what can easily be our biggest industry. We must capitalize our climate and scenery in the interests of the tourist business.

How Business Has Grown.

"In 1913 we had 4000 tourists; in the following year, 7000; last year we had 11,000, and already during the first three months of this year we have entertained more than 4000, as many as the entire year of 1913 brought to us."

"We must insure that these tourists keep coming, and our first problem in that direction is transportation. We want the Great Northern back again. We know it will return in the fall, but we want to make its run here continuous and permanent after its projected winter schedule. We can bring that about."

Not Hostile to Capt. Matson.

"I want to hammer that criticism of some narrow-minded persons that when we boost for the Great Northern we are showing hostility to Capt. Matson and his steamers. The coming of the Great Northern is one of Matson's biggest assets. He can't take care of all the tourists who want to come, and he can't take care of all the freight."

"The reason why Hawaii should contribute this guaranty to the Great Northern officials is that we can get her back on one or two runs and perhaps a month earlier than is at present planned. As for the statement of the Great Northern officials that they feel bound to finish out their six months' extension trial of the service between northern and southern ports on the Pacific Coast as an adjunct to their railway business, I can only say that the results already obtained show that experiment to be a flat failure. It won't take six months for them to recognize that fact, either. There is no philanthropy involved in our guaranty; it is not love for them that actuates us, but our own enlightened self-interest."

More Hotel Needed.

"In order to prevent tourists from returning and saying that Hawaii cannot take care of its tourists after they arrive, we must have more hotels. The enlargement operations of some of these present hotels is not sufficient. I talked a day or two ago to one of the 'Big Five' about it and he answered that the reason why he and the others didn't feel like backing a new hotel proposition is that the general public would complain that they were trying to control everything. This isn't so. Let's urge them to invest, and we won't begrudge them a dollar of profit they make, however many they get. It'll all help us in our own businesses, so why should we kick?"

Prolonged applause greeted the

speaker as he resumed his seat.

Superintendent Charles R. Forbes informed the club that the matter of diverting the "foul stream" that runs into the ocean adjoining the Outrigger Club grounds was included in the first unit of the Waikiki reclamation project, to be started very soon.

An Ad Club picnic about three weeks' hence on Round Top and Tantalus, as the guests of Superintendent Forbes, was decided upon. Forbes has selected a site for a territorial park that we want the Ad Club to see. This is the outcome of the committee's investigation of the Tantalus road problem brought up last week by C. H. Dickey. C. G. Heiser, Jr., is chairman of this committee, and he is assisted by J. T. Taylor, John A. Palmer, E. H. Lewis and others.

## BUSINESS POINTS ARE DEBATED BY LOCAL CHAMBER

Resale Price Maintenance, Federal Appropriations and Naval Academy Are Topics

Should there or should there not be federal legislation permitting the maintenance of resale prices on certain manufactured articles? This is a question that has bothered business men ever since the advent of "Big Business" in the manufacturing and mercantile fields of trade, and which the Stevens bill now before Congress seeks to settle in the affirmative. The National Chamber of Commerce in its efforts to advise the president of the United States on the composite opinions of business men throughout the country on all questions of national importance, to business men, has issued a referendum to its member chamber bodies, its thirteenth referendum since the national body was organized. There was a diversity of opinion among the directors of the Honolulu chamber who held their regular monthly meeting yesterday, and the matter will be thoroughly discussed at the meeting of the chamber as a body next Wednesday.

To have Hawaii included in the provisions of a bill before Congress, providing federal assistance to land grant colleges, so that the College of Hawaii can have funds with which to carry on certain desired experimentation, was thoroughly discussed at the meeting. Under the present dispensation all federal funds received by the college must go for instruction. Further steps were taken in the matter of seriously going after the Pacific Naval Academy of the United States in Honolulu.

More commercial attaches and more trade commissioners, a larger staff in the bureau of foreign and domestic commerce, and an appropriation of \$100,000 for the investigation of foreign markets, are some of the provisions asked for by the National Chamber of Commerce of the United States, all of which are recommended by the trade, industrial and commercial committee of the local chamber for indorsement by the Honolulu body, in order to promote more sensible trade conditions between the United States and Latin America and between the United States and the rest of the world.

The maritime affairs committee reported to the directors in favor of the contention of the local harbor officials opposing the diversion of \$100,000 from the Honolulu harbor funds towards similar work on the Kailhi harbor, and recommending that Delegate Kuhio be asked to work for an amendment to the federal appropriation bill so as to include an item for the Kailhi project.

J. K. Kalamazawa, G. R. Carter, P. L. Waldron, S. M. Ballou and A. L. Castle were appointed to represent the local chamber in the World's Court Congress to be held in Chicago in June.

An annual sum aggregating something like \$10,000 will come to Honolulu if the amended public utilities bills now before Congress pass. When the provisions of the public utilities bill were not fully understood at Washington, Superintendent C. R. Forbes, then in Washington, recommended that congressional action be delayed until the next session but the local city government wanted early action on this matter of getting two and one-half per cent on the gross earnings of the Honolulu Gas Company and the Hawaiian Electric Company from their sales of light and power, as intended by the passage in the last territorial legislature of

## TAX ORDINANCE FOR MANOA TO BE SUBMITTED

Manoa assessment ordinance will be submitted to the board of supervisors tonight for approval. This is the first assessment ordinance under the frontage tax laws to come before the board and will serve as a model for all of the others.

Several other improvement matters are due to come to the attention of tonight's meeting, the first one for 10 days. Hearing on the Seaview project will have to be postponed by action of the board for a week on account of the delay in getting the notice ready for publication.

George M. Collins, city engineer, will ask that bids be called for the construction of a culvert in Nuuanu street, near the Country Club, and for curbing in the Auwahi district, which is to be paved by the territory soon.

Figures showing the cost of repairing Queen street, from Fort to Nuuanu street, will be given to the board by Collins. The Emergency hospital ordinance and Supervisor William Larsen's amendments to the sewer ordinance will come before the board again. Pay-rolls will be signed. A request for the use of a water wagon and a team to haul water for the encampment of the second battalion of the 1st Infantry, N. G. H., Saturday and Sunday will be brought before the board.

The proposed memorial to the governor requesting a special session of the legislature is not ready for the attention of the board as it has not been passed on by the committee. A meeting of the committee will probably be held tomorrow afternoon. Final action by the board is expected to be taken at Tuesday's regular meeting. After that is disposed of the mayor will bring his bond message to the attention of the board again and the question of a special election to provide for the issuance of \$750,000 in bonds for a new city hall and belt roads will be considered.

He is considering asking that the board authorize tonight the appointment of a special committee, to consist of Supervisor F. M. Hatch and the heads of the road and building committees, Supervisors Arnold and Hollinger, to consider the bond question.

INVITE TOURISTS TO  
GO TO GARDEN ISLE  
WITH PROMOTIONISTS

Tourists will be invited to make the trip to Kauai with the members of the Hawaii Promotion Committee, who leave here next Tuesday for the Garden Island. In the trips to the other islands the committee has always been accompanied by tourists, and the combination party has worked to advantage.

Albert P. Taylor, secretary of the committee, says he hopes tourists will take the opportunity to visit Kauai at this time, as he has already received a number of inquiries regarding the trip, and would welcome a large addition to the party. The committee will leave Honolulu Tuesday afternoon at 5 o'clock on the Mauna Loa.

Rumania has seized 50,000 wagon-loads of cereals which has been sold to Germany.

Col. Judson S. Farrar, Civil War veteran and former United States consul, died at his home at Mount Clemens, Mich., aged 76.

amendments to the franchises of these corporations.

## LOCAL AND GENERAL

Regular meeting of Phoenix Lodge this evening at 7:30 o'clock.

A meeting of the Board of Supervisors will be held at 7:30 o'clock this evening.

Regular business meeting of Honolulu Commandery No. 1 at 5 o'clock in Masonic Temple.

A concert was given by the Hawaiian band at the Kailhi receiving station this afternoon.

Owing to lack of funds there will be no meeting of the territorial grand jury tomorrow afternoon.

Honolulu Lodge No. 800, Order of Moose, will hold its regular meeting this evening in Pythian hall.

Members of the federal grand jury have been notified to be in court at 10 o'clock next Monday morning.

The Catholic Ladies' Aid Society will hold a meeting at 3 o'clock this afternoon in the Library of Hawaii.

On the ground of non-support, Circuit Judge Stuart has granted to Mrs. Nellie Brown a divorce from John Brown.

The members of Rev. J. P. Erdman's Bible class for teachers will meet in Kaunakapili church at 7:30 o'clock this evening.

There will be work in 18th degree of Honolulu Chapter No. 1, Rose Croix, this evening. Visiting members of this order are cordially invited to attend.

A meeting of the Honolulu Street Railway Employees' Benefit Association will be held at 7:30 o'clock tonight in the clubhouse, Beretania street.

The members of the Honolulu Street Railway Employees' Benefit Association will meet at 7:30 o'clock this evening in the clubhouse, Beretania street, near Alapai.

An informal smoker will be given by the Honolulu Eagles tomorrow night. There will be a boxing exhibition and several other entertainment features.

Veterans of Foreign Wars, Hawaiian Post No. 94, will hold its regular meeting tonight at Mansfield hall, Nolley street, near Fort Shafter, at 7:30 p. m.

By trenching the land the Kaula plantations are preparing rich cane fields from soil which has been too stony to permit the use of plows or other implements.

A meeting of the directors of the Honolulu Yacht and Boat club will be held at 7:30 o'clock this evening at 1533 South street. A full attendance is requested.

An excursion to Hawaii of students of the Stockton, California, high school, scheduled for this summer, has been postponed until the next Christmas vacation.

The fire department was called out yesterday afternoon to extinguish a small blaze at McCully and Beretania streets, caused by the overturning of a barrel of boiling tar.

Prof. Carl Miltner, violinist, has arranged with Architect F. J. Catton for the construction of a \$3000 bungalow on Beretania street. The work will start within a few days.

A reinforced concrete smokestack, the first of its kind to be built in the islands, has been erected at the Waima sugar mill. It is 110 feet high and six feet in diameter.

With the approach of the vacation season registrations at the Wailua hotel are increasing rapidly, according to Proprietor E. I. Kruss, who visited in the city yesterday.

Under the auspices of the Kaunakapili Society a benefit dance will be given in Phoenix hall, Fort and Beretania streets, next Saturday evening. Dancing will begin at 7:30 o'clock.

A whist tournament will be started this evening at 8:30 o'clock by the members of Pacific Rebekah Lodge No. 1. Refreshments will be served and prizes awarded after the game.

Architect F. J. Catton has completed plans for a two-story residence for Mrs. Bertha B. Taylor of Judd street. The new home will be erected in Puunui opposite the residence of Dr. C. B. High.

About one-third of their season's crop has been ground to date by Ewa plantation and Wailua. Up to last Saturday Ewa had turned out 10,466 tons of the 1916 crop and Wailua had ground 11,097.

The board of license commissioners will meet Friday afternoon at 4 p. m. in the assembly room at City Hall, for the purpose of listening to the general report of Liquor License Inspector Fennell.

A visit to Honolulu's public schools was made yesterday by Mr. and Mrs. Hertz, friends of Mayor Rolph of San Francisco, who are visiting in Honolulu. They were accompanied by Mayor John C. Lane.

The lecture by James A. Wilder tonight at the Y. M. C. A. at 8 o'clock on the early whaling industry of Hawaii promises to be so popular that those wishing to attend must secure tickets in advance.

Scottish Rite Masons will witness the conferring of the Rose Croix degree tonight at 7:30 o'clock in the Masonic temple. The ceremony will be under the direction of J. F. Fenwick and W. R. Coombs.

Work on improvements to the

Moana hotel, which will cost approximately \$120,000, is to be begun immediately, and it is expected that the application for a building permit will be filed within a few days.

Up to last Saturday the plantations of Alexander & Baldwin had manufactured sugar as follows: Hawaiian Commercial, 31,725 tons; Maui Agricultural, 17,793 tons; Hawaiian Sugar, 7154 tons, and McBryde, 6432 tons.

Hugh Howard Kennedy, a book-keeper and a native of New South Wales, and Vincent Madec, a sailor and a native of France, have filed in federal court their declarations of intention to become American citizens.

A delicatessen sale will be held in the vacant store in the Progress building, Fort and Beretania streets, on April 23, under the auspices of the Catholic Ladies' Aid Society. The sale will begin at 9 o'clock in the morning.

A chairman to serve during the ensuing year will be elected at a meeting of the board of retail trades of the Chamber of Commerce at 2:30 o'clock tomorrow afternoon in the rooms of the chamber, Kauikoolani building.

A request for copies of the anti-pectorator posters issued by the health department of Spokane, Washington, has been made by a resident of Hilo, Hawaii, whose name is given as H. T. Dragne, says the Spokane Chronicle.

Because its kitchen staff failed to abide by the rules of the anti-tuberculosis bureau of the board of health, the Home Cafe, a Japanese restaurant at Beretania and Emma streets, was yesterday relieved of its anti-tuberculosis certificate.

At noon on April 29, Marshal J. J. Smiddy will sell at public auction in his office four diamond rings, which were confiscated by the government from Lee Tai, who was charged with having smuggled them into the territory. Lee Tai was acquitted.

Plans for a residence of colonial design are being prepared by P. J. Catton, local architect, for H. E. Savidge of the Hawaiian Pineapple Company. Will E. Miles also intends to erect two seven-room bungalows on his property near the Kamehameha schools.

According to C. J. Donaldson, who is in charge of the Hawaiian exhibit at the San Diego exposition, the exhibit is making a distinct hit at the big fair. The exhibit has been enlarged by the addition of a number of features which were shown at the San Francisco exposition.

A building permit for the completion of the entire new block which it is constructing on King street between the Nuuanu stream and the Twelfth road, has been taken out by the Oahu Railway and Land Company. This unit, which will complete the block, will cost approximately \$50,000.

A dance will be given by the Kamehameha Alumni Association in Bishop Hall early next month, at which the members of the victorious track team in the recent Cornell meet will be the guests of honor. Harold Godfrey, John Fern and E. K. Puni compose the committee in charge of the affair.

Oil hose connecting the end of the pipe line and the vessel loading fuel will be purchased by the oil companies, not by the harbor board, hereafter. The hose is expensive and the board decided at its meeting yesterday that it had made a mistake when it bought the first four pieces at \$750 each.

To ascertain the status of biological teaching in the schools of the islands, Prof. Vaughan MacCaughy of the College of Hawaii, has sent out a questionnaire on the subject to various principals. The data secured will be used in a report made this summer before an eastern educational board.

A motion by counsel for Ellen Tree Williamson for allowance of attorney's fees out of the trust estate is denied in a decision handed down by the supreme court in the case of H. M. von Holt, trustee of the estate of Godfrey Rhodes, deceased, against Anna Tree Rhodes Williamson and Ellen Tree Williamson.

More than 300 persons are now waiting to have telephones installed in their homes and offices, and the Mutual Telephone Company is exerting every effort to meet the demand. In order to better the facilities of the company, and to take care of new numbers on the switchboard, the numbers of subscribers in Waikiki, Moiliili and Kaimuki have been changed, the new numbers to appear in a directory to be issued shortly.

Final account of the trustee in the estate of Simon Roth was approved by Judge Whitney this morning as rendered, with the exception of a commission allowance of \$655.78, which was changed to \$786.90, instead. Approval was also given for the deposit of nine bonds of the Hilo Railroad Company with the Hawaiian Trust Company, the investment in two bonds of the Honolulu Gas Company, Ltd., and in one bond of the Oloa Sugar Company.

A farewell social to Mrs. A. L. Andrews, its former president, is being held by the Women's Society of Central Union Church at the parish house beginning at 3 o'clock today. There will be a musical and literary program. The social being the last afternoon social until next September, will also take the form of a jelly shower. Refreshments will be served by a club of girls presided over by Miss Diekmann of the Y. W. C. A.

Amendments to the Hilo Traction Company's franchise will be considered at a hearing to be held tomorrow morning in Hilo, at the board of trade rooms, by the public utilities commis-

## CARRANZA THE IMPOSSIBLE.

Carranza's demand that American troops withdraw from Mexico places the administration in a peculiarly awkward position. Not only would such a withdrawal encourage the greasers in their lawless banditry south of the border, but it would invite a repetition of the Columbus raid. It would also create intense dissatisfaction in the states. It might be the decisive factor against President Wilson in the national election.

"First Chief" Carranza again shows himself no staunch friend of the Americans. The United States made his present position possible, but Carranza, pompous as he is, has not progressed far enough toward humankind to restrain himself from biting the hand that feeds him.

## STEER CLEAR OF BOTH.

The main fear of citizens in connection with the move to connect the emergency hospital more closely with the sheriff's office is that the hospital will be dragged into local politics. Once that happens, half its usefulness is gone. The theory that the emergency hospital is a police rather than a sanitary department function is correct; at least in practice elsewhere such hospitals have shown a need of closer coordination with the police division than with sanitary inspection and supervision, for the reason that primarily the institution handles police cases. No good reason exists why the hospital should not cooperate both with the police department and the division of public health and sanitation, under neither, responsible directly to the board, independent of politics and paying strict attention to its own business. There is every reason why the emergency hospital should steer clear both of the politics now inseparable from most of the city departments, and from the various influences represented in the city's department of health.

## RICHARD HARDING DAVIS.

Richard Harding Davis, who died at Mount Kisco, New York, yesterday, was a writer of brilliant achievements and extraordinary versatility. Critics may scoff at the "Richard Harding Davis hero," as exemplified in "Soldiers of Fortune," "Captain Macklin" and other books, but Davis wrote with a clarity, grace and vigor few of his contemporaries in handling English could equal, fewer surpass. His short-story work was perhaps his best; next to that his special correspondence for various American newspapers. As the author of light comedies, some of which were made into comic operas, he won fame and no inconsiderable amount of royalties. As he grew older, an irritating tendency to inject the personal element into his newspaper work grew upon him, and his recent European correspondence was below usual standard, largely because the vital news was subordinated to what Davis thought and felt. Yet his vivid description of the ruined cathedral of Rheims was one of the masterpieces of the early days of war.

The Davis hero—that being scarcely lower than the gods; handsome of face and splendid

of figure; who could ride to admiration, shoot to perfection and make love to distraction; who enjoyed himself either at starting revolutions or affairs of the heart; who figured in international plots or domestic dialogue with equal verve and distinction—this hero has been enshrined in the hearts of millions of chocolate-eating school-girls, and even their older sisters and mothers must confess a half-ashamed liking for the type, of which Robert Clay in "Soldiers of Fortune" was perhaps the best example. The Davis hero started styles not only in clothes but on the stage and also, strange as it may seem, in the business of revolutions.

Davis was one of the first American writers after Poe to grasp the secret of the short story, and his early successes did much to develop the form for all contemporary writers. Though he failed to grow into either a great stylist or a great master of human material, his facile touch and wide experience with men and affairs lent to all his work an ease and authority which made whatever he wrote worth reading.

## KEEP BOOZE OUT.

There are reports getting afloat that Coral Gardens, at Kaneohe, may shortly pass into the hands of men who propose to "modernize" the establishment by the addition of a well-equipped bar.

Selling booze at this beautiful natural resort is an enterprise the community should instantly stamp with disfavor. If an application for the privilege comes before the liquor license commissioners, it is to be hoped they will turn it down with promptitude and emphasis.

Coral Gardens has been a popular place from its opening. No resort on this charming bay shore needs a liquor-selling privilege to make it attractive, while any liquor-selling privilege means the beginning of trouble. Kaneohe Bay may be modernized, but not for the better. The "souse-party" and the joy-ride are persona non grata at Kaneohe.

Kanai's record in developing the National Guard shows what the Garden Island can do when its people get together. That sort of a spirit turned to the solution of the water rights and railroad problems ought to produce speedy and satisfactory results.

Now that the big league season has begun, von Hindenberg, Petain and Enver Pasha must take second place to Ty Cobb, Eddie Kauff and Grover Alexander.

The number of alarmed Republicans and Democrats who say Roosevelt won't do at all indicate that they're afraid he's going to do anyway.

Another "accidental" explosion in a Dupont munitions plant reminds us that war orders sometimes have a kick-back.

Someone might risk suggesting that Secretary Daniels begin at home when applying the "gag" rule.

A soft answer turneth away wrath, but it doesn't always win in a diplomatic controversy.

Perhaps "Pancho" has dug himself in.

## "Making Strong Men and Women"

By HELEN F. SMITH,  
of the Child Welfare Committee.

[This is the second of a series of three articles written for the Star-Bulletin in preparation for "Baby Week."]

Many of the best athletes in our American colleges have come from Honolulu. Strong, sturdy, well-formed American boys are pointed out with pride by college instructors who say: "Those fellows come from Honolulu, where everyone lives out of doors, where the climate is perfect and conditions just right to make athletes."

And that is true as far as it goes, but they should add: "Those boys had intelligent parents who prepared for their coming, who watched their development day by day, and kept the conditions under which the boys grew up healthful, sanitary and wholesome."

That is the type of parent we want to find in every father and mother in Honolulu at the end of the Baby Campaign. We want first to interest every member of the community in Honolulu's babies. Every little one that comes to Honolulu, of whatever color, or race, must be prepared for. Every young mother must be taught all that is necessary and conducive to her own best health, and that of her child.

When the little one arrives, the mother must know just what is best to do for the child under ordinary circumstances; to watch the eyes, ears,

nose, and throat, and know how to keep them clean and healthy; to understand that fresh air is absolutely necessary to the best development of their tiny lungs; to realize that perfect cleanliness is essential; and to understand as far as possible the details of baby feeding and changes of diet as the child grows and develops. Can we even hope for regular hours of sleeping and feeding for the child? What a difference that alone would make!

The Welfare workers are beginning at the beginning—the welfare of the babies. As soon as the mothers are taught, we feel sure that they will do their best for their children. Many of them do not know what to do. Those who are competent will teach them. There is always something to be learned by everyone about the better care of babies.

It is hoped that every man and woman in Honolulu will do his or her best share toward making the week a success, so that Honolulu babies may eventually be the best in the world. They are our future citizens and we must not lose one by neglect or lack of intelligent and loving care.

## PRIZES GIVEN TOMORROW IN MOVIE ESSAY CONTEST OF STAR-BULLETIN

Tomorrow afternoon announcement will be made of the results of the Star-Bulletin prize essay contest for school children.

The results will be given out at the Liberty theater, during the special matinee which the Star-Bulletin is offering public school and college students, with educational and high-class news and comedy films as the program.

The results will also be published in the Star-Bulletin news columns tomorrow for those who can't attend the special matinee. It is urged that all who possibly can should attend this performance, as the prizes will be awarded right there. Three girls and three boys—winners of the first, second and third prizes, respectively—will receive the rewards for their energy and intelligence shown in the essay contest.

The essay contest was inaugurated at the first of these educational movie matinees. The Star-Bulletin announced then that it would give the six prizes for the six best essays describing the program of that afternoon with appropriate comment.

Principal Edgar Wood of the Normal School has consented to act as judge of the essays, and he is now going over the big batch of letters received in the contest. The winning essays and some of the others which are among the best will be published in the Star-Bulletin from time to time.

In the Liberty theater ad today is published a coupon and directions for securing admission to the free matinee tomorrow.

Every school student is invited to attend as the Star-Bulletin's guest, see a fine program and be present at the announcement of prizes. Nobody knows yet who's going to get them.

## LITTLE INTERVIEWS

—WILLIAM F. YOUNG, postmaster: I have seen Kilauea volcano, and let me tell you I never witnessed a grander or more sublime sight in all my life.

—MAURICE BRASCH: No, I didn't go East; I just stayed in California for three months and got a good rest. You don't know how much good it did me to see those wonderfully fine roads of Southern California.

—J. E. SHEEDY, general superintendent, Inter-Island: Capt. T. Uchiyama of the Ide Maru certainly did a pretty piece of work rigging up that jury rudder on his ship. The job was well handled. It brought the steamer here.

—REV. J. M. LYDGATE: The latest luxury furnished by the Inter-Island on its palatial steamers is mosquitoes. I think they were Honolulu mosquitoes, not the Nawiliwili brand. We had loads of them. It was a night of a thousand bites.

—RAYNER SHARP, deputy collector of customs: Although the new Pacific Mail steamers can't engage in coastwise trade, owing to their having been foreign built, they will help to bring tourist stopover business to Honolulu from the coast and Orient.

## VITAL STATISTICS

### BORN.

CHANG—In Honolulu, April 1, 1916, to Mr. and Mrs. Chang Tung, of Fort street extension, a son.

MATSUDA—In Honolulu, February 26, 1916, to Mr. and Mrs. Tsunoo Matsuda, of Liliha near School street, a daughter—Haruko.

HIRAKI—In Honolulu, January 30, 1916, to Mr. and Mrs. Rikichi Hiraki, of Liliha, near Kukui street, a son—Tatsuo.

### DIED.

KUWADA—In Honolulu, April 8, 1916, Harumi, daughter of Mr. and Mrs. Takuji Kuwada, of Moiliili, 18 days old.

NAHALEA—In Honolulu, April 7, 1916, Nahalea (K), of Waipahu, Oahu, married, laborer, a native of Hawaii, 50 years old.

KAWAMURA—In Honolulu, April 11,

## LETTERS

### WHAT JUDGE STUART SAID.

Honolulu, Hawaii, April 12, 1916.  
Editor Honolulu Star-Bulletin.

Sir: I prefer to correct a little matter through your paper, if you will allow me.

On the 9th inst. you stated that I said that if I was tendered the governorship, I would not accept it. I never said it. I did say exactly the portion of that article that bears quotation marks. I have found your reporter quite correct in quoting. I did say that there had never been a word passed between me and Washington on the subject. I did say that I was for McCandless.

Under these circumstances it would have been a very foolish thing for me to say that I would not accept of an office that no one in power has ever thought of offering me. I submit that it is not exactly the proper thing for you to put words in my mouth in one issue of your paper and then proceed to criticize me for them in the next. This is not in strict accord with our church rules.

I am only a medium political boxer, but I never strike below the belt. This you will notice in my treatment of your friend Governor Pinkham. I am always quoted from his reports and have not gone outside of his printed statements for the basis of my comments.

Now one more word as regards the governorship: If I was appointed governor I would immediately ask you to muster all the friends of statehood you could and I would get as many of commission government as I could, and we would go to Washington together as good friends and strive for our respective measures, and if I could not get commission government, I would join you heartily in your efforts for statehood. Please notice that in either case I would lose the governorship inside of a very few days and the secretary would be running the office in the meantime.

Very respectfully,  
T. B. STUART.

1916, at the Japanese Charity Hospital, Kensuke Kawamura, male, single, age 32 years 3 months 10 days. A native of Japan.

SHAN—In Honolulu, April 11, 1916, at the Leahi Home, Hee Chong, male, married, age 35 years. A native of China.

## PERSONALITIES

DR. AND MRS. W. T. MONSARRAT are now residing at the Courtland.

WILLIAM K. SIMERSON, chief clerk of the territorial board of health, has returned to his office after a brief illness.

GEORGE R. CARTER will be asked to represent the Honolulu Chamber of Commerce at the Lake Mohonk Conference this year.

MRS. S. M. JOHNSTONE, a prominent authoress of Butte, Montana, arrived here on the Matsun steamer Wilhelmina for a rest. She is visiting Judge and Mrs. C. F. Clemons.

N. A. GOODRICH of Pasadena, California, who recently returned to that city from a trip to Hawaii, praises the territory in general and says that Honolulu is a fine, up-to-date city.

SIDNEY M. BALLOU has been appointed a delegate to represent the Honolulu Chamber of Commerce at the convention of the League to Enforce Peace which will meet in Washington on May 27.

MISS IRENE DAVIDSON, a former Honolulu girl, returned to this city on the Waimanua Tuesday to visit relatives. She has been studying nursing on the mainland at a nurses training school.

MRS. LOUIS HERZ, who came with a letter of introduction from Mayor James R. R. of San Francisco, was on a tour of the schools of Honolulu with Mayor Lau and H. W. Kinney, superintendent of public instruction, yesterday.

Intendant of public instruction, yesterday.

MRS. J. FRED LOHMAN of Los Cruces, New Mexico, will leave for Hawaii shortly to join her son, Eugene, who was recently transferred from the 13th Cavalry, now doing patrol duty on the Mexican border, to Hawaii.

FRED J. HALTON, the Promotion Committee's Pacific coast representative, recently gave an illustrated lecture on "Early History of the Hawaiian Islands and Their People" at a meeting of the Home Club of Oakland, California.

W. H. LOOSE of New York is in Honolulu today seeing Oahu. He arrived on the Wilhelmina Tuesday, and is going over to see Kilauea Volcano, returning to the mainland next week on the same steamer. Mrs. Loose is with him.

JAMES L. COKE, attorney for the public utilities commission, leaves this afternoon for Hilo with the commissioners and secretary. A hearing on the proposed amendments to the Hilo Traction Company's franchise will be held in the Board of Trade rooms there tomorrow morning.

JOSEPH V. FERNANDEZ and Mrs. Fernandez of Kapiolani and Kinu streets will leave for San Francisco in the Matsuna on May 3. Mrs. Fernandez will represent Camoes Circle No. 240, A. O. F., at the annual convention of the Grand Circle at Oakland, California, on May 16.

GEORGE M. COLLINS, city engineer, spent most of yesterday at Wa-

hawa, superintending the construction of the new connection with Lelehu road. He says that it will be completed in a couple of months and then there will be a fine road from the city to Waihiwa bridge.

S. F. HASEROT, a Cleveland, Ohio, businessman, interested in canneries and owning stock in several pineapple packing plants here, arrived Tuesday on the Wilhelmina. He will be in the islands about a month.

MRS. CHARLES N. ARNOLD is reported to be well on the road to recovery. "Considerably improved," declared the nurse at the Beretania sanitarium, when questioned as to Mrs. Arnold's condition.

C. M. NEAL, day customs inspector, is so much improved at the Queen's hospital that he will probably be able to be taken home tomorrow or Saturday.

The diagram above shows various proposed routes under discussion by the Puunui Improvement Club and the Country Club to secure a roadway from the upper end of Puunui out to Nuuanu avenue. In order from top to bottom of illustration the routes are:

Laili road extension (opposite Laili road) petitioned for by Puunui.  
Circle drive, which was worked for by the Outdoor Circle a year ago.  
Direct line of Puunui's compromise proposition.  
Next is line shown running from Nuuanu out toward Mahoe property, then with angle up past Korean school and thence along Country Club boundary to "Quarry." This line is the compromise offered by Puunui people.  
Last night another route was proposed, following the last named from Nuuanu to about the point marked "Mahoe," and thence curving down to the stream opposite (curved double line) opposite junction of Hawaii street and Liliha avenue. This route was proposed as the Country Club's compromise, but Puunui people insist that it is totally unsuitable for their needs.  
Last of all (bottom of diagram) is road proposed by Country Club originally. The lines at the top of the diagram were drawn to illustrate probable direction of travel, but have never been proposed.

Without a compromise, but with a good deal of straight talk, Puunui Improvement Club representatives and Country Club representatives met last night at the home of W. O. Barnhart to discuss their road problem. Present were Geo. Sherman, E. W. Sutton, J. D. McInerney, F. T. P. Waterhouse and H. H. Walker on one side, and G. J. Bolsee, G. L. Samson, W. O. Barnhart, M. T. Simonson, J. F. G. Stokes and R. J. Taylor on the other. The only outburst of the evening was when a Puunui member suggested that the Country Club's privacy could be guarded by that high board fence which they were talking about. A Country Club man explained that it was a fence to keep people out which had been mentioned.

The discussion was free and informal. G. J. Bolsee, president of the Improvement Club, stated Puunui's side with the following address:  
President's Address:

"Gentlemen:  
"We welcome you here tonight. It has been represented to us by one or two Country Club members that, in this unfortunate controversy over Puunui's mauka outlet, we have taken an uncompromising attitude. If our position be so interpreted, it is unfortunate, as we have merely stood for what we believed to be the best for the city's future.

"To remove any such impression that may exist, we have invited you, our present opponents, here (and you have kindly attended) to listen to our proposal, which we have every confidence will meet with your approval. I regret that more of the Country Club directors are not present, as the

condition of our streets is such that we naturally want prompt action in whatever direction the decision be made.  
"I will briefly review the matter as things have gone so far. The personnel of the Puunui Improvement Club consists of residents of the Puunui Tract, all but one of whom own their own homes. No non-resident land-owners are members, although of course they are eligible for membership.  
Movement Unanimous.

"The movement to make the improvement under discussion, and others, under the frontage tax law was launched at a very large meeting of the improvement club members and non-resident land-owners on December 8, 1915, when our executive committee received full instructions to proceed with the matter. The resolution authorizing the procedure passed unanimously.

"This movement was initiated by the improvement club, whose members as I have said happen to be residents. We residents have felt for years that the greatest bar to the development of the district has been the lack of a road from the upper end. The district is now a series of blind alleys, and it is unnecessary to enlarge on what that means to a district, when talking to intelligent men.

"Our situation and the claims we have for consideration on the part of the Country Club have already been explained to you in our private letter of February 14th to the individual members of the Country Club, and copies were undoubtedly received by every one of you present. It will be sufficient here to refer to that letter, as we presume you have read the same.

Other Routes Proposed.

"In December, 1915, following our petition for a frontage tax to the supervisors, Mr. Sutton, acting for Mr. Sherman and representing that the latter objected to Laili Road extension and Circle Drive, proposed that we adopt a third route. As outlined, it was to run along the boundary of the Country Club, avoiding the sixteenth hole and joining Nuuanu avenue at Mr. Holmes' and Mr. Alexander's boundaries. We will refer to this as route No. 3. Mr. Sutton at the time offered to do all the work necessary to put this road through without opposition. We refused to adopt route No. 3, as it was neither the best for the city nor for Puunui. However, Mr. Sutton went ahead and had the road surveyed, and submitted the survey to the city planning commission on February 7. After considering route No. 3 and Laili Road extension, the commission indorsed the route of Laili Road extension at that meeting. At Mr. Sutton's request the indorsement was not immediately transmitted to the supervisors, and the transmittal has been held up pending the consideration of other views. This is the present situation in regard to Laili road extension.

"At the planning commission meeting of April 5, the Country Club proposed that Hawaii street should be extended as an outlet for Puunui. We have carefully examined and considered this route and the variations suggested, and are convinced that they will be totally unsuitable, because they will not open the district at the top.

Compromise Proposed.  
"Gentlemen, we will now put the matter up to you with the utmost candor. You have succeeded in indefinitely holding up Circle drive, proposed by the Outdoor Circle, which would have cost neither you nor the city a cent in money. You have succeeded in holding up the present proposed improvements under frontage tax for

four months. While, as we have stated, we do not believe that route No. 3 is the best one, either for us or for the city, yet in order to get our improvements under way, we will agree to drop the movement for Laili road extension and adopt the line of route No. 3, if you will guarantee to the supervisors that the improvements now proposed under the frontage tax law will not be blocked in any way in the condemnation of the land nor in the vote in the improvement district.  
"In making this proposal, gentlemen, we feel that we are meeting you considerably more than half way. We ask of you the favor of a reply within the next two weeks and trust that your reply will be the acceptance of the proposal.

"This proposal must, as a matter of course, be subject to confirmation by the Puunui people, and the route be approved by the city planning commission."

Discussion Opens.  
E. W. Sutton opened the discussion by stating that while he was president of the Country Club he was also attorney for Mr. Sherman, and as the two interests might conflict somewhat, another director would present the Country Club's views.

H. H. Walker took the floor and declared that Puunui's offer was no compromise, as the road would still be on the Country Club's land and the club would have to pay the road assessment. Hawaii street extension would be a compromise and the Country Club would help Puunui to get it. He described what an asset the club was to Honolulu and how the tourists were coming to him for visitors' cards.

It was explained by Bolsee that Hawaii street would only open up part of Puunui and that blind alleys would still remain. At the present time it is impossible for a vehicle to turn at the upper ends of the roads, and unless these roads are connected the same intolerable conditions will continue. Hawaii street extension will be more expensive anyway, as there are two houses in the way. In regard to the compromise, he added, Mr. Sherman and the Country Club are acting as a unit, and have agreed that one will not consent to what the other does not want. "We have offered to compromise more than half way," he said. "We have fully acceded to Mr. Sherman's demand and very largely to that of the Country Club."

The question was asked by F. T. P. Waterhouse, whether, if the Country Club permitted the road along route 3 to be built, it would be exempted from road taxation. And furthermore, if other improvements were put in Puunui, would the Country Club have to pay further assessments.

In reply it was stated that all the improvements were to be put in at the one time and that there were no other assessments.

Waterhouse and McInerney spoke very strongly on the advantages of Hawaii street extension and of the view that it gave of the Country Club's grounds. They also told of the benefit it had been to Nuuanu Valley. "It has been the making of this valley," said McInerney.

J. F. G. Stokes said that it had helped Nuuanu avenue, but had hurt Puunui by putting it in a pocket. He believed that they should live and let

**PILES CURED IN 6 TO 14 DAYS**  
PAZO OINTMENT is guaranteed to cure blind, bleeding, itching or protruding PILES in 6 to 14 days or money refunded. Manufactured by the PARIS MEDICINE CO., St. Louis, T. S. A.

**GOLD WAS TAKEN FROM P. O. SAFE**

No further details are yet available on the Nalehu, Hawaii, postoffice robbery, where \$1000 in gold, being sent by registered parcel to Hutchinson plantation for its payroll, was stolen.

From reliable sources today it was learned that the bag containing the money lay in the safe of the Nalehu postoffice from the time of the arrival of the overland mail from Hilo Sunday afternoon, April 2, until early Monday morning, April 3. The money was found missing when the postoffice opened for business Monday.

Postoffice Inspector Thomas J. Flavin is on Hawaii now working on the robbery. When he will return to Honolulu is not known.

**SETTLE MAWEEMA CASE TODAY BY AGREEMENT**

For a consideration of \$1200, paid to the plaintiff, the case of the Inter-Island Steam Navigation Company against the American schooner Maweema has been settled outside of court, according to a release filed in federal court today. The original case was for damages in the sum of \$5000, alleged to have covered pay for assistance rendered the Maweema by the company.

live, and that the Country Club had retarded the development of Puunui by blocking its circulation. He reminded the Country Club directors of the claims Puunui had to their club's consideration on account of the cutting off of Puunui's old trails and roads by the club.

The assessment of the Country Club for the road, said Sutton, would be \$5000. "It seems to me," he remarked, "that Hawaii street would fill all Puunui's requirements and we'll help you get it. Mr. Sherman will contribute \$1500 and the Country Club \$2700 towards it."

The Puunui people present strenuously objected to the Hawaii street plan and gave a flood of reasons for their objections. They asked the Country Club directors to put the matter up to the Country Club members, but the directors present did not take this view. The latter said that they personally were opposed to Puunui's proposal; they would put the matter up to the full directorate and the board would report back to the improvement club as soon as possible in favor of Hawaii street extension.

# SHIPPING & WATERFRONT NEWS

## ON JURY RUDDER SKIPPER GOES 2640 MILES

Under circumstances quite similar to the accident befalling the Japanese steamer *Ida Maru*, which arrived here yesterday with a jury rudder taking the place of the original one, the schooner *Hugh Hogan* reached San Francisco April 2, after a 2640-mile voyage with a jury rudder. The *San Francisco Chronicle* says:

"Completing a voyage which will go down in maritime history with special emphasis, Captain C. M. Forest brought the schooner *Hugh Hogan* 2640 miles across the Pacific with a jury rudder and also brought to this port five German passengers who made their escape from the China city on the little windjammer."

"Held in the grip of heavy weather almost from the time she cleared the Asiatic coast, she ran into a severe hurricane 17 days out, February 20, in latitude 35 degrees 10 minutes north, longitude 167 degrees 20 minutes east."

"The rudder was sprung the first day of the heavy blow, and three days later went by the board, leaving the vessel practically helpless."

"Captain Forest then rigged a jury rudder with a cargo boom and some planks, and with this improvised steering gear made his way across the Pacific in 40 days. In fair weather the schooner came along well, but in contrary winds and seas she was at the mercy of the elements."

### SPAR BUOYS COMING ON GEORGIAN MONDAY

Included in the Honolulu cargo of the American-Hawaiian steamer *Georgian*, now en route here from Seattle and Tacoma, and due to arrive Monday from the Northwest ports, are 10 spar buoys for the lighthouse service here.

According to the Portland Telegram, the *Georgian* loaded 200 tons of spar, cooperage stock, packing house products and miscellany for Honolulu. In her outward cargo are 10 spar buoys, which are being shipped to the islands by the lighthouse bureau. The spars run about 40 feet in length.

The *Georgian* will be the last American-Hawaiian liner coming to Portland for some little time. The next of the fleet to come around to the coast will be the *Florida*. The part of her cargo for Portland delivery will be discharged at San Francisco and sent up on coasters.

Next mail for Pago Pago and Sydney will leave Monday afternoon in the *Oceanic* liner *Sierra*.

### DRINK SIX GLASSES OF WATER DAILY

An interesting statement by one of the Big Men in the Drug Business

A. E. KIESLING

of Houston, Texas, says: "If you have a muddy complexion and dull eyes, you are constipated. Six glasses of water daily and one or two REXALL Orderlies at night will correct this condition and make you fit as a fiddle. REXALL Orderlies, in my opinion, are the best laxative to be had, and can be taken by men, women or children."

We have the exclusive selling rights for this great laxative.

BENSON, SMITH & CO., LTD.

## Stone Learning Swedish; Gives Banquet in S. F.

Cal Tells Friends He's Reminded to Toast "Skoal" in St. Paul, Not "Aloha"

Honolulu's old friend, Cal Stone, is trying to make "Skoal" displace "Aloha" as a greeting before he takes up his new work as passenger traffic manager for the Great Northern Railway at St. Paul, Minn., according to the *San Francisco Chronicle*.

"Cal Stone, former traffic manager of the Great Northern Pacific Steamship Company," says the *Chronicle*, "gave a banquet to all the employees of the traffic department before he left to take up his new duties as passenger traffic manager of the Great Northern Railway at St. Paul."

"Stone said that he was taking lessons in Swedish from H. A. Jackson, his successor, and being reminded to toast 'Skoal' instead of 'Aloha,' he did not think the Hawaiian salutation would make a hit in Minnesota."

## HARBOR NOTES

The schooner *Melrose* is discharging lumber at Kahului.

Next mail for San Francisco will leave here at 10 o'clock Wednesday morning on the *Matsen* liner *Wilhelmina*.

At 5 o'clock this afternoon the U. S. army transport *Sheridan* is due to arrive with 24 bags of mail from San Francisco.

Arrival of the U. S. army transport *Thomas* and the oil steamer *Capt. A. F. Lucas*, both from this port, at San Francisco yesterday, is reported.

Mail will arrive here from San Francisco Saturday morning in the T. K. K. liner *Nippon Maru*, and on Monday morning in the *Oceanic* liner *Sierra*.

The steamer *British Empire* is now commanded by Capt. Fleming, who brought the Commercial Pacific cable schooner *Flourance* Ward here originally.

Mail for Guam and Manila will be taken by the U. S. army transport *Sheridan*, due to arrive at 5 this afternoon from San Francisco, and to steam probably Saturday afternoon.

The U. S. army transport *Sheridan*, due to arrive from San Francisco at 5 o'clock this afternoon, will steam for Guam and Manila about Saturday noon, according to the quartermaster's office.

At 5 o'clock this afternoon the *Matsen* steamer *Wilhelmina* is sailing for Hilo, taking passengers and freight. She will load 1600 tons of sugar at the Big Island port, and return here Sunday morning.

The new cook of the schooner *W. F. Jewett*, which sailed from anchorage here yesterday for Sydney, is the cook of the *Albatross* schooner *Prosper*, wrecked last January at the mouth of Hanapepe river, Port Allen, Kauai.

The U. S. coast guard cutter *McCulloch* arrived about 6 o'clock last evening. The cutter left San Francisco March 30, proceeded to San Pedro and thence to this port. She will convey the *Thetis*, of the same service, to San Francisco.

### EL SEGUNDO SENDING MUCH OIL TO ISLANDS

The *El Segundo*, California, refinery is supplying the demands of the trade for fuel oil to a great extent on the coast, even shipping this oil to Honolulu, according to the *El Segundo Herald*.

The Standard Oil Company has several vessels each week that call at Port Segundo to load with fuel oil. The *Atlas*, with a 40,000 barrel capacity, loaded recently with fuel oil bound for Honolulu. The *Ascension* is loading with fuel oil for the local trade. Other vessels are also scheduled to arrive there within a few days.

## M'CULLOCH MADE VAIN SEARCH FOR RUBY

One reason why the U. S. coast guard *McCulloch*, which arrived last night in Honolulu, did not come here sooner, is that she spent three days in a vain search for the missing gas schooner *Ruby*. The *San Francisco Chronicle* of April 4, says:

"Search for the gas schooner *Ruby*, which left here March 31 for Catalina Island, was yesterday abandoned by the coast guard cutter *McCulloch*, which was ordered by Capt. W. E. Reynolds, commanding officer of the coast guard service, to proceed to Honolulu and convey the *Thetis* to this port."

"The *McCulloch* left here three days ago for Honolulu, but before she was outside the Heads Captain Reynolds ordered her by wireless to search for *Ruby*, in command of Captain Harry Lynch and a crew of four men. For three days the cutter has searched for the missing boat, which has been purchased by the Fox Film Company. The *McCulloch* yesterday reported her failure to find traces of the schooner or her crew from Los Angeles, and was ordered immediately to Honolulu."

"Simultaneously with the discontinuance of search by the cutter came a despatch from Santa Monica to the effect that half of a schooner had washed ashore, and that the wreckage was believed to be a portion of the *Ruby*'s hull. The wreckage, however, bears no name."

## NORDMAN PLANS TO GO BACK TO TAHITI

Providing Oscar Nordman, porter on the *Oceanic* liner *Ventura*, clears himself from the opium-smuggling charge against him in federal court, he plans to return to Tahiti and live under the French flag.

"I am not anxious to follow the sea much longer," said Mr. Nordman today. "I am going to leave here on the *Sierra* next Monday, and go to Pago Pago, where I will wait for the *Sonoma*. She has a shipment of swans and love birds which I am importing to the States, and I will return to Honolulu on her and get off here if I am required to, if my case demands it."

Nordman said he had arranged \$1000 bond Tuesday afternoon, so that there should be no difficulty about leaving here. "After I prove my innocence of this charge I am going back to Tahiti, where life is free, under the French flag," he added. "No more will I be worried over lies like this. Probably the fellow who smuggled this opium into Honolulu is in Sydney now, laughing at me for being so obliging as to handle his trunk for him."

### REPUBLIC MAY HAVE BEEN CHARTERED BY ROBERT DOLLAR LINE

Instead of being operated by her owners, Sudden & Christensen and John A. Hooper, the American freighter *Republic*, formerly the German steamer *Walkure*, is likely to go to the Orient under charter within a short time, according to the *San Francisco Chronicle* of April 5. It was admitted by the owners that negotiations were on foot to send the freighter to Vladivostok, chartered to the Robert Dollar Company.

Work on repairing the vessel is proceeding rapidly, and the plates above water, which were riddled by German shrapnel in the harbor of Pago Pago, are being replaced in quick time. The vessel will be completely repaired and overhauled within a short time, and work is being rushed, as she is too big a carrier to remain idle at present freight rates.

### CHILEAN SAILORS KNIFE EACH OTHER AND REMAIN ON FRIENDLIEST TERMS

An example of unique comradeship was shown at the emergency hospital yesterday after Police Surgeon R. G. Ayer had finished dressing the wounds of Santiago Vargas and Manuel Ruido, two Chilean sailors attached to the steamer *La Conte*, now in port.

Both men had been drinking heavily all during the night, and had got into a row with each other, in which knives were used. Ruido, in the fracas, sustained two deep cuts in the back, under the left shoulder blade, and his comrade had a nasty gash in his right leg below the knee, the knife having passed through the bones to the back of the leg. When sufficiently sober they emphatically objected to testifying one against the other, as they had long been friends and wanted to continue so.

## WANTS TO SAIL TO SOUND FOR TRANSFER

That he can save \$10,000 for the owners if he is allowed to proceed to Puget sound before the change of registry from Chilean to American is completed, is the statement of the captain of the full square-rigged ship *Katherine*, now in port, who today requested Collector of Customs Malcolm A. Franklin to have the change of registry deferred until he reaches Puget sound.

A cablegram was sent to the department of commerce this afternoon by Deputy Collector Raymer Sharp, asking for a ruling on the master's request. The captain says that if the ship were required to go under American registry here he would have to pay off his Chilean crew and ship them home, entailing great expense, as Chilean navigation laws would require him to pay them off for the full voyage from Chile to Puget sound.

Transfer of the ship, the old name of which was the *County of Litchgow*, to American registry, has been nearly completed here. The department has already assigned the *Katherine* a number. The captain has been allowed by the ship's owners to proceed to Puget sound before changing registry, if permission can be obtained here first. The collector is willing provided Washington also it.

## M'CULLOCH WILL TOW THETIS TO BAY CITY

That the U. S. coast guard cutter *McCulloch*, which arrived last evening, will tow the coast guard cutter *Thetis* to San Francisco, although the *Thetis* will turn her propellers during the voyage, became known today when the *McCulloch* tied up at the naval slip just ahead of the *Thetis* this morning.

First Lieut. H. R. Searles, executive officer of the *McCulloch*, said the cutter will tow the *Thetis* to San Francisco, and will leave here with her at 10 o'clock Saturday morning. The *McCulloch* will not take any coal here, only a few supplies. A faulty crankshaft on the *Thetis* is said to be the reason why the *McCulloch* has been ordered to tow instead of conveying her.

Capt. Byron L. Reed, the *McCulloch*'s commander, said the voyage from San Pedro was uneventful. The *McCulloch*, according to Lieut. Searles, spent four days searching for the schooner *Ruby*, an old bulk which was lost at sea while sailing from the Bay City to San Pedro to be blown up for the movies.

The *McCulloch* in the Spanish-American war brought the first news of the American victory at the battle of Manila bay. She carried Dewey's despatches from Manila to Hongkong, announcing the victory, after the Spaniards had cut the cables at Manila. The news was cabled from Hongkong to Washington.

### SUDDEN DEATH

Caused by Disease of the Kidneys.

The close connection which exists between the heart and the kidneys is well known nowadays. As soon as kidneys are diseased, arterial tension is increased and the heart functions are attacked. When the kidneys no longer pour forth waste, uræmic poisoning occurs, and the person dies, and the cause is often given as heart disease, or disease of brain or lungs.

It is a good insurance against such a risk to send 10 cents for a sample package of "An-uric"—the latest discovery of Dr. Pierce. Also send a sample of your water. This will be examined without charge by expert chemists at Dr. Pierce's Lavalade Hotel, Buffalo, N. Y. When you suffer from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, it's time to write Dr. Pierce, describe your symptoms and get his medical opinion—without charge and absolutely free. This "An-uric" of Dr. Pierce's is 37 times more active than lithia, for it dissolves uric acid in the system, as hot water does sugar.

Simply ask for Dr. Pierce's An-uric Tablets. There can be no imitation. Every package of "An-uric" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Favorite Prescription, the ever-famous friend of ailing women.

**Worry Dependency.** Kidney disease is suspected by medical men when patients complain of backache or suffer with irregular urination, disturbed, too frequent, scanty or painful passage. The general symptoms are rheumatic pains or neuralgia, headaches, dizzy spells, irritability, dependency, weakness and general misery. Worry is a frequent cause and sometimes a symptom of kidney disease. Thousands have testified to immediate relief from these symptoms after using Dr. Pierce's An-uric Kidney Tablets.—Adv.

### FLORIDAN WILL TAKE BIG CARGO TO ORIENT

Practically all the cargo space on the big American-Hawaiian freighter *Floridan* has been taken for her first trip to the Orient, which starts from San Francisco April 20th. The *Floridan* is the first of any steamer of the big fleet to be sent to the Orient by the owners, and she will go as far as Hongkong outward bound.

According to Fred Hooper, traffic manager in San Francisco of the company, all but 500 tons of space had been taken on the steamer up to April 6. The *Floridan* will likely go to Manila from Hongkong, homeward bound, and will also call at Shanghai, Kobe and Yokohama.

SHOW 'CARMEN'  
FEW DAYS MORE

Honoluluans who have overlooked the opportunity of witnessing the great Geraldine Farrar in "Carmen," the masterpiece photo-play, will be afforded another opportunity tonight, the management of the Bijou theater

announcing that it has made arrangements to show this de luxe picture for a very limited engagement.

Farrar's "Carmen," either on the screen or on the stage, has been branded as the most sensational ever produced. At the Metropolitan Opera House, during the past winter, she put on this opera so realistically that Frasquita, the cigarette girl with whom Carmen fights prior to her arrest by Don Jose, lost her temper and precipitated a real fight in which the ladies pulled each other's hair in earnest. Later, during the same production, when Don Jose, now turned

gypsy in order to escape the consequences of murder, endeavors to forcibly detain her and she bites the arm in which he holds her in an iron grip, she bit so hard that Carmo, appearing in the role of Don Jose, relinquished his hold and finished out the opera with a sore arm which needed treatment as soon as the performance ended.

This same realism is most apparent in the screen production of "Carmen," and it is this quality as much as any other that has established the undying reputation of Farrar as a screen artist.

LIFE ON CANAL  
BOAT PICTURED

The Famous Players Film Company does things on a large scale and believes firmly in thoroughness in all of its productions. In "Still Waters," which will be presented at the Liberty theater tonight, with Marguerite Clark in the leading role, it was necessary to spend several weeks along the banks of one of the great canals of the eastern states in order to secure the scenes which show little Nesta (Marguerite Clark) and her old grandfather on their canal boat home. For the later scenes which develop around a circus and give a clear insight into circus life, it was necessary to lease a large circus and the circus was leased.

In this circus section the services of Harry La Pearl, one of the most celebrated clowns from the New York Hippodrome, was secured to play opposite Marguerite Clark. It is claimed that these circus scenes are a combination of daring performances and thrilling dramatic action and are the best that have ever been obtained in any tent show.

In support of the dainty and diminutive star are seen, besides La Pearl, Robert Broderick, Robert Vaughn, Arthur Evers, Ottola Nesmith, Philip Tongue, Robert Conville and "Sally Ann" (the mule) who handles her own role.

"The Diamond from the Sky" is rapidly drawing to a close, and Esther and Arthur are at last happy together. However, it appears as though the Stanley name and fortune and the great jewel may go to Blair Stanley unless some rapid action follows in the closing chapters.

'SAPPHIRES' AT  
NATIONAL PLEASE

Olga Pennington and Lillie Rockley, the Singing Sapphires, who made their American debut at the National theater yesterday evening, received hearty welcome by an audience that filled the little playhouse to capacity. Any fear of an American audience the girls from Australia may have had was quickly dissipated by the greeting, with the result that their act "got over" in excellent shape.

The girls are good entertainers. Their voices are strong and clear and pleasing; their personality likewise is pleasing, and they showed exceptional grace. They undoubtedly will have a successful engagement here. Their songs are good and of a high class order.

The Molokai Troubadours introduced some new methods of tickling the guitar with the steel, and did wonders with the instrument. These two boys are growing steadily more popular, and deservedly so. They are masters of their craft, or art, and make a most worthy part of the National's entertainment program.

The new film feature which was shown last night for the first time, "A Black Sheep," with Oda Harlan in the leading role, is one of the National's best ninth producers. Harlan, as Goodrich, inherits a fortune, which carries peculiar conditions, one of which is that he must marry a distant relative within 99 days unless she refuses, and if she does he must marry someone else within the same prescribed time. There are about 1000 other complications and Oda Harlan, fat and puffy, rolls over them all like a jovial juggernaut. It is a story brimming with laughs and a mighty good plot in addition.

Catholic schools of the islands, including St. Louis College and the Convent of the Sacred Hearts of Honolulu, together with the Catholic Sister School and St. Anthony's School of Hawaii, will close on Thursday, April 20, for the Easter vacation.

## ARMY & NAVY MAJ. CROXTON PROMOTED; COMES TO 1ST INFANTRY

With the promotion of Maj. Richard C. Croxton, 5th Infantry, now stationed at Empire, Panama Canal Zone, the 1st U. S. Infantry, stationed at Schofield Barracks, will acquire a new lieutenant-colonel, in accordance with special orders received Tuesday from the war department. Lieut.-col. Croxton is known to many Oahu officers, and has a long and brilliant record.

### UNCLE SAMUEL TELLS MANNER OF GUARDING AGAINST TABARDILLO

Bulletins received here, just issued by the war department for the benefit of the troops in Mexico and along the border, warn the soldiers against typhus or spotted fever, and suggest prevention of the disease.

"Tabardillo" is the name the Mexicans apply to the disease, which has produced epidemics with many deaths on the Grand Plateau, Mexico. The disease develops in from five to 15 days, and is caused by the bite of an infected louse.

This louse may be of either the head or body variety, and is most apt to do his biting in winter or early spring. The bulletin suggests that the best means of prevention is thorough eradication of the pest. The eggs should be destroyed wherever found, and all clothing that has become inhabited by the little fellow should be burned. Houses where the fever has been known to exist must be fumigated thoroughly.

COMES FROM TEXAS TO  
WED HONOLULU SAILOR

### CAPTAIN FLEISHHAUER DEPARTS FOR BORDER

Among the departing army officers in the transport Logan Tuesday was Capt. William G. Fleishhauer, formerly of the 25th and now of the 18th Infantry, who has been transferred under war department orders to station at Fort Douglas, Arizona. He was scheduled to leave here last month, but his departure was delayed owing to his being placed in charge of special repair work at Schofield Barracks. He was quite well known to Honoluluans and was a popular officer at the big Lihuehuan reservation.

### ARMY ORDERS

Second Lieut. William C. Rose, 2nd Infantry, is transferred to the 18th Infantry, to take effect April 14, 1916. He will proceed to the United States as soon as practicable after that date and upon arrival will join his regiment. He will be assigned to a company by his regimental commander.

First Sgt. Frank Scanlan, Company E, 1st Infantry, is placed upon the retired list at Schofield Barracks, Hawaii, and will repair to his home.

So much of paragraph 16, Special Orders No. 67, March 21, 1916, war department, as directs Capt. Lucius R. Holbrook, 4th Cavalry, detailed in the Quartermaster Corps, to take effect March 26, 1916, to report to the commanding officer, Fort Riley, Kan., for duty as assistant to the quartermaster, is amended so as to direct Capt. Holbrook upon arrival at Fort Riley to report in person to the commanding officer of that post and by letter to the commanding officer, Central department, for assignment to duty as quartermaster and in charge of the school for bakers and cooks, and, in addition to these duties, to assume charge, under instructions of the quartermaster general of the army, of construction work at Fort Riley, relieving Capt. Frederick J. Herman, Q. M. C., of those duties.

Second Class Pvt. Henry B. Major, Company I, 3rd Battalion of Engineers, now at Fort McDowell, Cal., will be discharged by the commanding officer of that depot by purchase.

Leave of absence for two months and seven days, to expire July 19, 1916, is granted Brig.-gen. John P. Wisner, United States army.

Leave of absence for three months.

## DON'T BE BILIOUS, HEADACHY, SICK OR CONSTIPATED

Enjoy Life! Live Your Liver  
and Bowels Tonight and  
Feel Great

Wake Up With Head Clear,  
Stomach Sweet, Breath  
Right, Cold Gone

Take one or two Cascarets tonight and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up feeling grand, your head will be clear, your tongue clean, breath sweet, stomach regulated and your liver and thirty feet of bowels active. Get a box at any drug store now and get straightened up by morning. Stop the headache, dizziness, bad colds and bad days. Feel fit and ready for work or play. Cascarets do not gripe, sicken or inconvenience you the next day like salts, pills or calomel. They're fine!

Mothers should give a whole Cascaret any time to cross sick, bilious or feverish children because it will act thoroughly and can not injure.—Adv.

Cold weather has damaged the crop in the peach belt about Fort Halle, Ga.

"Awful Adventures of an Aviator" (comedy), Scig.

"Not Wanted" (comedy-drama), Edison.

"Mr. Jarr and Circumstantial Evidence" (comedy), Vitaphone.

## WAR AND BIBLE HISTORY TOPIC

"After the War, or When Dreams Come True," was the subject of one of the most interesting lectures yet delivered by the noted evangelist, J. W. McCord, and the attentive audience last night saw the mysteries of the Bible clearly unfolded before them. After a skillfully played selection on the harp was rendered by Signor DeNufrio, Evangelist McCord said in part:

"The book of Daniel contains one of the great Messianic prophecies. This book is historical as well as prophetic, dealing with the rise and fall of empires beginning with the Jewish captivity, and ending with the second coming of Christ to this earth."

"The first chapter of this wonderful book deals with the captivity of the Jewish nation in Babylon, 607 B. C. The second chapter contains one of the most wonderful prophecies in the entire Bible. King Nebuchadnezzar had a dream and Daniel was called to interpret it. In the dream the king saw a great metallic image, with head of gold, arms and breasts of silver, thighs of brass, legs of iron and feet of iron and part of clay. In his interpretation, Daniel told the king that the head of gold was to stand for the kingdom of Babylon; the breast of silver was Medo-Persia; the sides of brass, Greece; the legs of iron, Rome, and the feet and toes symbolized the ten great barbarian kingdoms that broke up and divided the Western Roman empire into exactly ten parts. Though some may wonder how the map of the world will look after the present war, none need fear any one nation ruling the world before the kingdom of Christ is set up, when Jesus will be king."

The subject for tonight will be, "Waymarks to Heaven." Each evening new musical features are proving a source of pleasure to the people who attend the meetings. Tonight Salvatore S. DeNufrio, the harpist de luxe, will play, and the male quartet will sing.

## MANY IN HONOLULU TRY SIMPLE MIXTURE

Many Honolulu people are surprised at the QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. This simple remedy acts on BOTH upper and lower bowel, removing such surprising foul matter that ONE TEASPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-i-ka is astonishing. The Hollister Drug Company.—Adv.
