IMPORTANT Real Estate Sale
PARTIES DESIRING A GOOD INVESTMENT in the Hawaiian Islands will have a rare opportunity in the purchase of the Rose Beach property, lately owned by Captain James Makee, on the Island of Maui.
This estate comprises over eleven thousand (11,000) acres of land held in fee simple, and about ten thousand (10,000) acres held under lease to run six years longer. The stock on the estate comprises about 3,500 head of well-bred cattle, including 100 yoke working cattle and 300 milch cows and 80 horses and mules.
The buildings consist of a main dwelling house, guests' cottages, office, billiard room, chapel, dairy and beef house, store, overseer's house, servants' quarters, etc., etc.
There are between three and four hundred thousand trees on the estate of varieties of eucalyptus, acacia, cypress, Prickly pear, cedar and cinchona.
The water for the estate is in number, the largest capable of holding 15,000 barrels.
Steamers from Honolulu stop at the landing of the estate once a week. The passage from Honolulu to the landing is made in 12 hours by steamer. Hundreds of citizens of California and the Eastern States have experienced the hospitality of the late Captain Makee, who will bear willing testimony to the natural beauties of the estate and to the salubrity of the climate.
ALSO TO BE SOLD.
The fine residence in the city of Honolulu belonging to the late Captain Makee, together with the furniture belonging to the house.
The sale of the above-named property will be held in the city of Honolulu, MARCH 11, 1886. For further particulars apply to:

LIQUID BREAD. AN ABSOLUTELY PURE EXTRACT OF MALT. A VALUABLE TONIC AND REMEDIAL AGENT.
INDORSED AND RECOMMENDED BY THE ENTIRE MEDICAL FRATERNITY.
Of all medicinal preparations that have been put upon the market in recent years, the extract of malt has proved itself one of the most valuable as a tonic or remedial beverage. It has received the unqualified recognition and support of physicians, and is freely prescribed by them in many cases, especially where the nervous or physical systems have been impaired by disease or over-exertion. The house of "DR. J. W. NICHOLSON," of this city, has recently introduced a pure malt extract of high character, made at their request and under their supervision by Mr. Adolphus Busch, and which is popularly known as "NICHOLSON'S LIQUID BREAD." From its life-giving and health-restoring properties. A sample submitted to Dr. F. L. James was made the subject of a chemical analysis by him, and the result of his investigations are given in the appended certificate.
"St. Louis, April 29, 1884.
"J. W. NICHOLSON, Esq., National Druggist—Dear Sir: Having submitted the Nicholson malt extract to examination, as requested, I take pleasure in reporting that I find it to be all that the proprietors claim for it. The results, as shown in the following summary, are necessarily only approximate, but are sufficiently accurate for all practical purposes.
"The specimens submitted consisted of an effervescent fluid, dark brown by direct and of a deep ruby color by transmitted light, resembling in general appearance and behavior a very superior article of porter. The taste was, however, much milder and more pleasant than porter, being somewhat sweeter than beer, the sweetness masked and covered by a very pleasant bitter, derived evidently from hops. The specific gravity of a sample fresh from the bottle is 1.022 plus. Amount of extractive matter in 30 cubic centimeters of the fluid 3.356 grammes, or about 8 per cent. Amount of alcohol, per cent. is 2.84 plus. The extractive matter is apparently identical with the "extractum malis" of Trommer, or of the German Pharmacopoeia. It consists almost entirely of malt sugar, dextrose, being free from fatty acids, etc. The fluid contains a very large amount of diastase as shown by the fact that it easily liquefies an equal bulk of gelatinous starch. This fact, its low percentage of alcohol, its effervescence, its delightful taste and odor, all combine to recommend Nicholson's malt extract as being a most nourishing beverage, and the best article of the sort that has ever come under my examination.

TUESDAY, January 19th. GOOD TIMES UPON US.

On the eve of a general election it is not out of place to turn aside from politics for a moment and consider the actual condition of the country. Having taken pains to investigate the subject, we are prepared to say that the prospects never were better or more promising than they are to-day.

There are many causes operating favorably on our industrial and business conditions. The output of sugar from the crop of 1885 will largely exceed that of 1884, which was the biggest yield upon record. Furthermore, the increase of population by immigration promises to be very considerable this year, thus causing an enlarged home demand and stimulating small industries, the result of which tells most favorably upon business.

On the other hand, with a rapidly growing local demand, we note the fact that imports fell off about \$1,000,000 last year, which enabled merchants to work off accumulations of stock, and now the supply is so low that it barely meets current requirements. This condition of trade involves necessarily a renewal of imports and an activity in business such as has not been seen in the past three years.

Add to these causes tending to the improvement of trade the fact that raw sugars are steadily hardening in value, and that the tendency is generally to higher prices, and it will be seen that there is great cause for hopefulness. This will be peculiarly advantageous to the Hawaiian Islands should the treaty with the United States remain undisturbed, because although the yield of beet sugar will be very light in Europe and the output of the same crop in Mauritius and Cuba will be very much under the average, this Hawaiian crop will greatly exceed that of former years.

We are justified therefore in assuming that a period of increased prosperity has begun for these Islands. That planters are confident is evidenced by the fact that they are expending large sums of money on improved machinery, and that they are sparing no expense in perfecting their methods of cultivation. That merchants and property owners are equally confident is proved by the improved tone of business, by building operations now going on, and by projected improvements spoken of. The Government on its part is doing its utmost, with the means at its command, to improve facilities of internal communication, to render public property more valuable and reproductive, to introduce population of a homogeneous character, and to consolidate and strengthen public credit. And that investors, without exception, are satisfied that Honolulu has a great future before it is demonstrated by the fact that real estate, even at forced sales in the dullest of our dull times, always brought most satisfactory prices, realizing handsome profits on the investments.

The selling price of well situated city property is on the advance, and before the year is out we may anticipate a "real estate boom" that will surprise even the more sanguine. Good business property always brings high rents and holders do not part with it readily. Indeed, there is no better investment to be found than well situated city property in Honolulu.

In these remarks we have confined ourselves to existing conditions, without reference at all to speculative results, but these cannot be wholly excluded from consideration. The expansion of our commerce and increase of tourist travel consequent upon the business enterprise of the Oceanic Company, and the certain construction of an inter-oceanic canal either across the isthmus at Panama or through Nicaragua, are points to be steadily borne in mind while estimating the future possibilities of trade at this city. So certain and favorable are these contingencies that we are justified in assuming that real estate in Honolulu has touched the lowest point it will reach for many years.

CAMPAIGN NOTES.

The "Planters' Monthly" for January contains further installments of the annual proceedings of the P. L. and S. Company, held last October, all of which were disposed of at the time by the Advertiser and "Bulletin." The political article, which is contributed by Mr. L. A. Thurston, the editor, is weaker than the average productions of his pen, and that is saying a great deal. It is simply one of the Opposition editorials revamped, containing the usual Opposition lies, sanctioned of course by the approval of the faithful at those remarkable political gatherings which Editor Thurston attends.

The ethics of the Opposition are peculiar. A lie against the Government is permissible, because it may help the cause of the "party of moral ideas," whose rule of conduct appears to be formulated on the anti-scriptural precept: "Thou shalt do evil that good may come

by the confusion of thine enemies." And the politics of the "Planters' Monthly" is run upon the inspiration of this precept.

Who told Mr. Thurston that the Government would introduce a ten million loan bill, a lottery bill, or any of the other measures attributed to the Ministry by the Opposition? When did any responsible Minister of the Crown make any such declaration of policy? What Minister stated that he would introduce a bill to muzzle the press? Which member of the Administration said the Government would introduce bank monopoly bills? Yet Editor Thurston, in the official organ of the Planters' Labor and Supply Company, avers that "something like this is the programme of the Government party." Similar allegations in irresponsible newspaper articles might pass unchallenged, but when the planters' incorporation, through its recognized organ, puts them forward authoritatively the case is different. We deny the truth of these allegations, and protest against resort to systematic lying in politics even by the "Planters' Monthly" organ.

Those who talk so glibly of "the taxpayers" and their wishes and purposes, do not embarrass the Treasury by the amount of their contributions to the public purse. An examination of the assessment and tax collectors' books would disclose a very remarkable state of things.

But rogues affect the politician's part, and learn to nod, and smile, and shrug with art; And who nothing has to lose the war bewails, And he who nothing pays at taxes rails.

Would the "tramps" and their financial backers inform the public what has become of the \$20,000 corruption fund subscribed by the Opposition party to carry the election. We have pretty straight points as to the destination of a good many thousands. For example, \$3,500 went to Hilo and has been used to corruptly influence voters. Four thousand dollars went to Waikuku and is being similarly used. It is also rumored that \$300 a month has been promised to a candidate not a thousand miles from Hilo for "working the oracle" in his district, said payment being intended to defray his expenses when attending the Legislature. A more corrupt or disgraceful contract never was entered into.

One of the great offenses of Colonel Spreckels, as working men understand it, is that he was the first man who furnished decent living rations to his plantation hands. Salmon and poi diversified by poi and salmon, with plenty of hard work and very little pay, formed the dietary scale and rule of servitude upon Hawaiian plantations till his advent. Accustomed to more generous methods, and understanding that it is folly to expect good work upon low diet, he introduced a liberal scale of living, and other plantations were forced to follow his example. This has been a standing grievance ever since. Higher wages followed higher living and everything went wrong, so to speak.

But the condition of the laborers was improved immensely, and they can now live in comfort working half the time that it took to keep body and soul together under the old system. Should the Opposition get into power again plantation laborers would soon comprehend the meaning of the political change. It would be a deplorable misfortune for the natives, whose generous impulses and carelessness of money would very soon transform them as a class into bond servants of the planters, working out a hopeless load of indebtedness, from year to year, through small advances periodically made.

And still the ADVERTISER lives. This is very consolatory, inasmuch as a direct blow was aimed at its existence yesterday, when Messrs. Hackfield & Co. withdrew the advertisement of the sailing notice of John Elder & Co.'s steamships, the Australia and Zealandia, because of its outspoken comments on the deliberate attempt which is being made to drive the American flag out of the Hawaiian trade.

The ADVERTISER not only lives; it is flourishing; gathering strength from day to day by reason of its independent course, free from personalities or prejudice of any kind. In the course of its patent duty it opposes any interest in the Kingdom, private or corporate, it is because it is incumbent upon it as guardian of the public interest to do so.

In this particular case the duty was imperative. We recognize in Hackfield & Co. honorable and high-minded merchants, but that does not blind us to the fact that alien shipowners are engaged in an enterprise which, if successful, will eventually ruin the planters' interests in these Islands. Knowing this we presented the facts in the case upon their merits, without reference to individual firms or dread of the consequences that might accrue from it. Messrs. Hackfield & Co., as agents for the Australia and Zealandia, had a perfect right to withdraw the advertisement in question; but we invite our readers to consider well the drift of this interference with the national independent press by a leading Opposition firm. It is patent to the meanest understanding, and need not be enlarged upon in this place.

If anything were wanting to prove the timeliness and propriety of our warning note regarding the danger to the Treaty it will be found in this act, trifling in itself, but very significant. As we said yesterday, we repeat to-day: "Hawaiians and Americans, who are interested, 'bulletin' the watch."

The "Bulletin" printed a two-column article yesterday to "demonstrate the

Advertiser's 'Notes' of this morning (on discrimination against American shipping) to be neither more nor less than unmitigated nonsense." This is the latest version of "Much Ado About Nothing" that has issued from the press. It is worse and more of it than the essay upon Apostolic succession, or the contribution on "prohibition" which more recently encumbered its columns. Why an experienced journalist should waste two columns of valuable space, and exhaust his limited vocabulary to stigmatize and refute a bundle of "unmitigated nonsense" passes all common understanding, and demonstrates the "Bulletin" writer to be the champion—well, camel of the age.

Copies of the HONOLULU ALMANAC AND DIRECTORY subscribed for to the boys of Melis' Honolulu News Agency, will be delivered on Saturday next. The sale of this comprehensive illustrated Hawaiian Guide Book is very active, and the large edition will soon be disposed of.

CRIMINAL LIBEL.

Arrest of Mr. Arthur Johnstone on Complaint of His Excellency the Attorney General.

The rumored arrest of Mr. Arthur Johnstone on a charge of libel yesterday caused a ripple of excitement on the otherwise tranquil street. The arrest was made at the instance of His Excellency Paul Neumann, Attorney General of the Kingdom, who filed the following complaint:

To the Police Court of Honolulu—Before the Hon. R. F. Bickerton, Police Judge:

Paul Neumann, being duly sworn on his oath, deposes and says: That Arthur Johnstone, of Honolulu, on the 16th day of January, 1886, at Honolulu aforesaid, has been guilty of the offense of committing a libel, in that the aforesaid, Arthur Johnstone on said day, in a certain newspaper called "The Daily Honolulu Press," published in Honolulu, published wilfully and maliciously, and with intent to injure this affiant in fame, reputation and good name, and to bring him into disgrace, abhorrence, odium, hatred, contempt and ridicule, the following statement, to wit:

A DEAD MAN'S WORD.

Since the death of Mr. Edwin Oakley many things have been said and some have been written about the money owed him, the withholding of which, it is alleged, with apparent reason, was the immediate cause of his suicide. For instance, the following letter of the Attorney General, published in the "Bulletin" of the 14th instant, virtually admits that there was an open account between the Government and Mr. Oakley, and that the Attorney General proposed to strike off about \$18 and pay the bill.

LETTER FROM THE ATTORNEY GENERAL.

EDITOR BULLETIN—Dear Sir: In a letter of Mr. J. O. Carter, published in yesterday's "Bulletin," that gentleman alludes to Mr. Oakley's sad ending, connecting the same with a debt due to him from the Government. Mr. Carter is mistaken about the matter, and would certainly not have made the statement had he known the facts in the case. About a year ago or longer Mr. Oakley's bill was referred to me, and after examination a certain sum—about one hundred and eighteen dollars—stricken off by me as an improper charge. The amount of the bill, as allowed, was tendered to Mr. Oakley, and would have been paid had he chosen to accept it, since his refusal to rectify the bill the amount has at all times lain ready to be paid to him or his order, he having transferred the claim to certain of his creditors, who were quite willing to accept the adjusted bill. For reasons not necessary to be detailed, I decline to accept the receipt of any one but Mr. Oakley personally for satisfaction of the debt, or to pay the amount, except on Mr. Oakley's own order; for this reason the matter remained unsettled. Respectfully yours, PAUL NEUMANN.

After looking at the above picture the public will please look upon this clipping from the ADVERTISER of yesterday, and which gives the lie direct to the position taken by the Attorney General:

The Government must not think that all its creditors will follow the example of poor Mr. Oakley. Some of them are made of sterner stuff." For Mr. Carter's own sake, we regret that he should have penned these lines. For the sake of truth, which is greater than all, let us add that this illustration, a thousand times worse than Kuniakia's, was a wanted insult to the dead as well as to the living. Poor Mr. Oakley had no claim whatever against the Government.

The italics in the above extract are ours. We do not propose, however, to enter into a discussion as to who owned Mr. Oakley's money. Suffice it to say that Mr. Oakley held a promissory note for the amount of about \$1,700, and we are further informed that the note was signed by His Majesty. The King had already reduced Mr. Oakley's bill from about \$2,000 to about \$1,700, and had settled the open account by note, which it was the duty of the Attorney General to pay without attempting to force a discount on "poor Mr. Oakley."

But further than this, we have the version of the affair as it was told by "poor Mr. Oakley" the day after the Attorney General had refused to pay his claim. Our authority is good, and there is no doubt but that what Mr. Oakley said about the transaction is the truth. The day before the interview with the Attorney General Mr. Oakley told an intimate friend that he was going to get his money the next day. The day after the interview the same intimate friend met Mr. Oakley and asked him if he had got his money. Mr. Oakley replied: "No, that mean man, Neumann, wanted me to give him \$300 before he would get it for me." "What! did he (Neumann) want the \$300 for himself?" asked Mr. Oakley's friend. "Yes," replied "poor Mr. Oakley;" "he wanted it himself, and I refused to take anything." Mr. Oakley further stated that he would appeal to some official connected with the English Government to get his rights if Neumann did not settle justly and honestly with him.

Now, there is a lie out somewhere, and Mr. Oakley's version of the affair can be proven. The officials were in a great hurry to get "poor Mr. Oakley" buried, but the Government party will not find it such an easy matter to bury "poor Mr. Oakley's" case and the facts upon which it undoubtedly rests. For our part, we prefer to present to believe the word of the dead man.

Affiant further says that said state-

ment is utterly false and without foundation, and that said statement was made of and concerning this affiant.

PAUL NEUMANN. Subscribed and sworn to before me this 18th day of January, 1886.

RICHARD F. BICKERTON, Police Justice, Honolulu.

The warrant was served on the defendant by Officer Marcos yesterday afternoon. He was bailed out for \$1,002 (S. B. Dole signing the bail bond), and will have to appear in the Police Court this morning at 9 o'clock to answer to the charge.

No book ever published contains so much reliable and valuable information regarding the Hawaiian Islands in such small compass as the HONOLULU ALMANAC AND DIRECTORY, 1886. Price, 50 cents.

The Marquis of Teano Leaves for the Coast.

On the 23d of November last there arrived in this city from Samoa as a steamer passenger by the City of Sydney a gentleman whose name was registered at the Hawaiian Hotel as the Marquis of Teano. Those who have had intimate acquaintance with him speak of him in the highest terms. He occupied private apartments, and appeared to be very

economic. Last Saturday evening he left (not suddenly) for the Coast by the Alameda. Since his departure all kinds of rumors have been current regarding him. About three weeks ago the United States Consul-General in this city received a letter from the United States Consul at Samoa, stating that the Marquis of Teano, otherwise known as Pietro Livio, had left Samoa for Honolulu, and he regarded him with suspicion. The Samoan Consul in his letter said the Marquis had no credentials or money, but he had nothing to say against him. This letter soon after it was received was read by several of our leading tradesmen. As far as is known, the Marquis has left the Kingdom without owing a cent.

Yesterday morning Mr. Michiels, of the Louvre at Brussels, called at the United States Consulate and stated that the Marquis had gone off with \$800 belonging to him, and that he should leave by a sailing vessel in pursuit. This piece of news spread like wildfire through the city, and the Marquis was pretty generally condemned. Every one seemed to know that he was just that kind of a man, and it was the old story of trusting strangers too much. But the Marquis did not borrow the money from Michiels. The latter asked the Marquis, as he was going to San Francisco, to purchase some goods for him, and gave him the \$800 for that purpose. So that if Mr. Michiels does not receive his goods in due time, and not before, can the stranger be known as a cheat. Thus the matter rests to await future developments.

A Chinese Wedding.

Last evening, at the residence of Mr. L. Aseu, corner of King and Nuuanu streets, Mr. Hoo Fon, Manager of the "Hawaiian Chinese News" Company, was united in marriage to Miss Lee Kai, niece of Lee Kat, a well-known merchant here, but who at the present time is in China. The ceremony was performed by the Rev. Dr. C. M. Hyde in the presence of a large assemblage, among whom were Mr. Justice and Mr. McCully, Dr. and Mrs. A. Mouritz, Mrs. J. M. Damon, Mr. and Mrs. F. W. Damon, Mrs. C. M. Hyde, Mr. and Mrs. Goo Kim and others. The bridal party entered the parlor to the strains of an organ march, and Mendelssohn's wedding march was played at the conclusion of the ceremony. A reception was held, the newly married couple receiving the congratulations of their friends.

Police Court. BEFORE POLICE JUSTICE BICKERTON. MONDAY, JANUARY 18TH.

Huhili was fined \$6 and \$1 costs for assault and battery on Keanu.

Akai (Ch.) was charged with assault and battery on Sarah (W.) He was found guilty and sent over the reef for seven days. He noted an appeal to the Intermediary Court.

Ed Sherman was charged with deserting the bark Victoria Cross contrary to Section 623, compiled laws. He was ordered to return the advance money (\$25), or in default to be committed to jail for four months.

A Large Mail. The Post Office dispatched by the Royal Mail steamer Alameda on Saturday evening 3,033 letters, weighing 64 pounds 5 ounces, and 458 packages of papers, weighing 150 pounds. During the last week three steamers left for San Francisco, and the number of letters they took from the Post Office was 9,271, showing that there is a large correspondence between the Islands and the outer world. The number of packages of papers forwarded by the same vessels amounted to 2,583.

To Voters.

At 10 o'clock this morning the Inspectors of Election, consisting of Police Justice Bickerton, Geo. H. Luce, Tax Collector, and Fred. H. Hayselden, Tax Assessor, will be in session at the Police Court for the purpose of receiving evidence of the qualification of persons whose names do not appear on the list, and who claim a right to vote. The list of voters will also be corrected.

Requiem Mass.

At 10 o'clock this morning at the Roman Catholic Cathedral a requiem mass will be solemnized for the repose of the soul of Don Alfonso XII., the late King of Spain. Mr. B. W. Laine, the Vice Consul for Spain, has only invited invitations to Government officials, but the general public is cordially invited to attend.

LOCAL AND GENERAL.

The Y. M. C. A. singing class meets at 7:30 o'clock this evening.

The Honolulu Rifles meet for drill this evening at their armory at 7:30 o'clock.

The members of Engine Company No. 1 held a moonlight drill last evening on Fort street.

No one will be sorry to learn that the negroy-go-round was taken to Waikuku yesterday by the Likelike.

The Popular Millinery House is offering dress goods in solid colors and fancy plaids at 25 cents per yard; 104 Fort st. 3c.

The Hawaiian Hotel Carriage Company make no extra charge for calling carriages by telephone. Ring up No. 32 when you want an express.

The Marshal's sales of land situate in Luakaha, Nuuanu Valley, the property of A. K. Kuniakia, has been postponed to Saturday, February 6th.

The Royal Hawaiian Band gave a fine concert at Emma Square last evening. It was a beautiful moonlight night, which caused a large attendance.

Those empty boxes have been removed from the alley-way adjoining Michiel's store and certainly not before time. They had no business to be there at all blocking up a right of way.

A copartnership has been formed between Mr. Henry Davis and Mr. J. K. Wilder for the carrying on of a general grocery and provision business at No. 32 Fort street. The stand is a good one and the new firm is bound to be liberally patronized.

Last Saturday morning H. R. H. Princess Likelike and suite left overland for Waimae to join her daughter the Princess Kaiulani and accept the hospitality of the Hon. H. A. Widemann. The Royal party will return to town this evening by the steamer C. R. Bishop.

The Chinaman Ami, who was recently arrested at Kahului for having opium in possession, was tried last week before Police Justice Aholo who gave him the benefit of the doubt. Major Rosa prosecuted and Colonel Luken watched the case on behalf of the Custom House.

Professor M. M. Scott, the acting Inspector General of Schools, after visiting all the Government Schools on the Island of Maui, returned to town on Sunday by the Kinoh. He speaks in high terms of the schools at Waikuku and Waiehe. To-day Mr. Scott leaves for a tour of Hawaii.

The only case in the Police Court Saturday was that of four young native boys, Looi, Kaniwa, Dandala and Kopea, who were charged with burglary. It appears that the boys have been living in the Robinson homestead, Nuuanu Valley, during the past two weeks, and the damage they have done is very considerable. Though a watch has been kept they were not caught until Friday. Their case comes up on Wednesday.

Death of Mrs. G. A. Sala.

The Alameda brought the news of the death of the wife of George Augustus Sala, the distinguished journalist, which took place quite suddenly at Melbourne, December 31st. Mrs. Sala was engaged in packing up in readiness to leave by the next steamer to London, when she felt an agonizing pain, which instantly prostrated her. Two eminent physicians were telephoned for, and on seeing the patient declared it was a serious case. Mrs. Sala was suffering from an internal tumor, and it was absolutely necessary that an operation should be performed as speedily as possible. This was done on the 30th, but she died the following day. Much sympathy will be felt with Mr. Sala under the severe bereavement, as they were devotedly attached to each other. An intimate friend of theirs residing in Auckland says "that never in his life, in all his extensive travels, had he noticed such beautiful conjugal happiness or such wonderful wifely devotion."

They Could Not See It.

The New Zealand "Herald" of December 15th has the following: "For the first time for some ten years the steamship Zealandia visited this port on Monday morning as an ordinary representative of the mercantile marine, the steamer having with the delivery of her mails at San Francisco on this colony completed her contract as a mail steamer. On Monday Captain Webber endeavored to show to the Customs authorities and others that his vessel was still entitled to be considered a mail steamer, and should be relieved from all port dues, pilotage, etc.; but he was unsuccessful, and before the Zealandia was able to proceed to sea, Captain Webber was obliged to pay some £80 for inward and outward pilotage, wharfage, etc."

IMPORTANT TO INVESTORS.

Valuable Real Estate in the Business Center of Honolulu.

For Sale by Private Contract or at Public Auction.

The undersigned have received instructions from MESSRS. G. W. MACFARLANE & CO. to offer for sale at auction, at our salesrooms, on

MONDAY, January 25th.

At 12 o'clock Noon,

Unless previously disposed of by private sale.

The whole of that valuable city property known as the BOOTH ESTATE, excepting only the corner lot, owned by Mr. James Olds, containing in all 20,500 square feet, together with houses, stores and buildings thereto belonging.

This is the most compact and desirable piece of property ever offered for sale in Honolulu. Its main frontages are 75 feet 5 inches to Nuuanu street, and 93 feet 6 inches to Hotel street. The rear front of the property extends from Nuuanu street, back of Messrs. Castle & Cooke's fine brick warehouse and store, 172 feet 11 inches to Rose Lane, the side frontage along the line of the Robinson lot to Hotel street being 142 feet 3 inches.

The value of this and the adjoining property might be greatly enhanced by carrying Rose Lane straight through to Hotel street. Access is had to Hotel and Nuuanu streets from the rear and center of the estate by lanes long in use on the property itself.

Situated in the heart of the retail business quarter of the city, and having a large area of available space unoccupied, this property holds out unusual inducements to capitalists as a permanent investment. The present annual income is \$1,500, or 10 per cent on \$45,000; but as the leases expire shortly, the rental might be increased to \$6,000 a year without expenditure for repairs or additions to buildings. If the estate were sold as a whole, however, by judicious and inexpensive improvements which a practical eye would suggest, even this large prospective income might be very considerably added to.

The Nuuanu street frontage is occupied by a row of two-story buildings, the upper story being used as dwellings, and the first floor as stores, which are always in occupation. Restaurants and retail stores similarly occupy the frontage on Hotel street.

The old International Hotel is in the center of the property, and goes with the lot. It is used as a lodging house and pays handsomely.

Another advantage of this fine property as an investment is its excellent sanitary conditions. It is on the highest part of the city makai of Beretania street, and is therefore easily drained.

The property, if not disposed of before date of sale, will be first put up as a whole in one lot. Failing a satisfactory purchaser, we shall then put it up in lots, for which purpose it has been subdivided into sixteen lots. We shall offer these lots at the following upset prices, viz.:

Table with 2 columns: Lot No. and Price. Lot No. 1: \$1,800; Lot No. 2: 1,800; Lot No. 3: 1,800; Lot No. 4: 1,800; Lot No. 5: 1,500; Lot No. 6: 1,500; Lot No. 7: 8,500; Lot No. 8: 1,500; Lot No. 9: 1,500; Lot No. 10: 2,750; Lot No. 11: 2,750; Lot No. 12: 2,750; Lot No. 13: 11,000; Lot No. 14: 1,500; Lot No. 15: 1,500; Lot No. 16: 1,500.

And upon the following favorable terms: ONE THIRD CASH. Balance in one, two and three years, with interest at 7 per cent per annum, secured by mortgage.

We solicit an examination of this property, and confidently recommend the investment as a permanent paying one, with greater contingencies for advancement than almost any other kind of property.

A Plan of the Property can be seen at the office of

BOYS WILL BE BOYS,

Illustration of a boy sitting on a box labeled 'CONFEE' and another boy standing next to a box labeled 'FIRE DEPT.'. Text: And ere they are a dozen years old, cost Parent, Schoolmaster and Clothier no small amount of thought. For us the perplexing question is, "What will he like? What will his parents like?" Our answer is in a heavy coat of substantial clothing—THE BEST WORK OF THE BEST MAKERS. There are a thousand points about such clothing which are to be seen, not read about. But in a general way we have sought to express this thought in our clothing—that the boy should not be a caricature of a little old man—that his infant life should not be dwarfed with the garments of maturity, but that there should always linger about his dress something of child-like grace and simplicity. And it is this happy touch, as well as conscientious workmanship and low prices, which gives this part of our business such vigor and life. Call and see our new stock of goods.

Regulations for Carriages and Rates of Fare.

Under and by virtue of the provisions of an Act entitled "An Act to Regulate the Carrying of Carriages, Wagons, Carts, Drays and other Vehicles in the District of Honolulu," amended and approved on the 5th day of August, A. D. 1852, I, Chas. T. Gullick, Minister of the Interior of the Hawaiian Kingdom, do hereby make the following Rules and Regulations to be observed by licensed carriers of passengers and freight in the District of Honolulu:

- 1st. Every licensed carriage, dray or vehicle must be numbered, and this number must be placed on a conspicuous part of the carriage, dray or vehicle.
2d. Every licensed carriage running at night must exhibit two lights, and the number of such carriage plainly shown on the sign of each lantern, in figures not less than one and one-half (1 1/2) inches in height.
3d. Drivers of licensed vehicles must obey the orders of the police.

A licensed carriage, dray or other vehicle, shall be intoxicated, or who shall use insulting or abusive language, who shall demand more than the authorized fare, who shall neglect upon demand to show a card of rates of fare, or who shall contravene any of the within rules, shall upon complaint to any of the police be arrested, and upon conviction be liable to the penalty set forth in Section 14, of the act approved the 5th day of August, A. D. 1852.

27th. No licensed vehicle will be permitted to stand on any steamer wharf on the day of arrival or departure of steamers.
28th. Any licensed vehicle, horse or harness found in service at any time in an unsuitable or unsafe condition for performing the duties of common carriers will render the owner or driver, or both, liable to arrest and prosecution.

Notice to Inspectors of Election. To the Inspectors of Election in the several Districts of the Kingdom: Inquiries having been made whether persons who are exempt from the payment of personal taxes by reason of being clergymen, teachers, pupils in High Schools, freshmen, etc., or by reason of being over the age of sixty years, whose taxes have been excused by the Assessor on account of infirmity or poverty, are allowed by law to vote at the election for Representatives.

It is my opinion that all such persons are entitled to vote. The Tax Collector should issue to each such person a tax receipt with the words "Qualified to Vote" upon it, which he must sign, and in place of the amount of taxes he must write "exempt" or "excused." On the presentation of the Tax Receipt to the Inspectors of Election at their sessions previous to the election, the name of the voter must be put on the list of voters and the receipt returned to the voter.

Water Notice. From this date, till further notice, W. R. SEAL, Esq., is alone authorized to collect water rates and dues on account of the Honolulu Water Works. He is fully empowered to give a good and sufficient receipt, and none other will be acknowledged. All parties are requested when paying water rates, to produce to the Receiver their last receipt.

MORE POLITICS.

National and Opposition Candidates in Caucus.

A mass meeting was held last evening at the Meeting-house, Panoa Valley, which was well attended. Mr. Kapoe was elected Chairman and J. K. Naone Secretary. The meeting was opened with prayer by the Chairman. Hon. J. Keau, National candidate, was the first speaker, and dwelt at some length on immigration, urging that a law should be enacted compelling emigrant laborers to return after their contracts had expired. As to the gold law, some were benefited by it and some were not. With regard to the national debt, the Ministry were right if they had kept within the law.

Mr. J. O. Carter, Independent Opposition candidate, asked the meeting if it was that worked hard against the Master and Servants Act during the sessions of 1868, 1870 and 1872. He had read in American papers of the great fight between gold and silver. Gold is the only currency. It looked to him as if the Government wished to increase the taxes to meet the national debt. He urged that an Independent candidate should be elected. When he was in the Treasury Department the interest on the debt was about \$30,000 per annum. Now it had increased to about \$75,000. He said that the Hons. Keau, Baker and Lilikalani accomplished very little last session. He objected to Mr. Hayselden as a candidate on account of his being Tax Assessor, but he would give him the credit of being a hard working man, and that his assessments were fair.

Mr. Henry Waterhouse, Independent Opposition candidate, said that he and Mr. Carter would work together to the best of their abilities for the interests of the people. Every one should vote as they thought right. If Mr. Carter and himself were elected, and the Ministers had done wrong, they would fight against them. If they had done right then they would be the first to hold up the flag of victory for the Ministers. The meeting then adjourned.

Supreme Court-January Term. BEFORE MR. JUSTICE PRESTON. SATURDAY, JANUARY 10th. Jacobs Phillips vs. G. J. Waller, action for damages for malicious prosecution. The case was resumed from Friday. The jury returned a verdict for defendant, three dissenting. AT CHAMBERS-BEFORE JEDD, C. J., AND M'CUALLY, J.

Seven candidate (all Hawaiians) were examined for admission to the bar. The result of the examination will be made known during the week. MONDAY, JANUARY 18th. MR. JUSTICE PRESTON PRESIDING. J. Austin, assignee, vs. Chas. Michiels, trover. By stipulation a jury is waived. The testimony of witnesses from the other islands was taken and further hearing of the case was continued till called up in vacation. Jono. Austin and F. M. Hatch for plaintiff; L. A. Thurston and Ashford & Ashford for defendant.

At Chambers-Before Jedd, C. J., Estate of A. Machado, J. C. Edwards, the guardian of the minor children, presented his first annual account, which was examined and approved. St. Andrew's Cathedral. At St. Andrew's Cathedral Sunday at the 9:30 a. m. service, the Rev. Alex. Mackintosh intoned the service, the Rev. W. H. Barnes the litany, and the Bishop of Honolulu preached an able sermon from the text, "This beginning of miracles did Jesus in Cana of Galilee, and manifested forth His glory, and His disciples believed on Him." The congregation was large and the music hearty. In the evening at 6 o'clock the Bishop delivered a catechetical address. The second congregation services at 11 a. m. and 7:30 p. m. were very well attended. The Rev. George Wallace preached at both services, his text in the morning being "That I may Know Them," from which he delivered a fine extempore discourse. Jackson's Te Deum was well rendered by the choir. Notice was given out that the Visiting Committee would meet on Thursday afternoon at 3 o'clock at the residence of Mrs. Robertson, Emma Square, and that hereafter the service on Sunday morning will commence at 11:15.

Cholera having developed on board the steamer Dormida, with immigrants from India, at a Queensland port, the New Zealand Government has ordered the quarantining of all vessels arriving from Queensland. Every vessel arriving from an Australian port is to be boarded and inspected. Victoria has adopted similar precautions against all outside ports.

Mr. Service has resigned the Premiership of Victoria, and goes to London on a visit. Mr. Graham Berry, a member of the same Ministry also, and the originator of the protective policy of Victoria, has also resigned his portfolio to accept the office of Agent General at London.

General Sir Peter Scratchley, the first British Commissioner for New Zealand, died recently from malarial fever, on board the steamer Governor Blackall, on his way to Cooktown, on the Queensland coast. His body was brought to Melbourne and buried. His successor has not been appointed.

THE LATEST AMERICAN INVENTION. THE VICTORY OF ELECTRICITY.

Since Electricity has been applied for lighting purposes, all efforts of inventors have been directed to construct a lamp for general domestic use. The reason why this problem has till now been unsolved is that none of the inventors could rid themselves of the idea of gas lighting, and that all have adhered to the system of producing the electricity in some central place, or by large machinery, instead of first laying down the principle that a lamp which should ever become generally useful and popular, must be portable like oil lamp, and contain the generator of electricity in itself, i. e., in the foot of the lamp.

The Norman Electric Light Company has at last succeeded in completely realizing this ideal of electric lighting, and there is no doubt that this most important invention will bring about a complete revolution in all branches of lighting. Our Electric Lamp needs neither machinery, conductors, nor any expensive outfit, and is neither complicated or disagreeable in manipulation; all that is necessary is to refill it every four or five days with acid. The cost of lighting will be as cheap as gas (4 cents per hour), and it has before the latter the immense advantage of neither producing heat, smoke nor carbonic acid, owing to the fact that the air is not impured, and remains at the same degree of temperature. It is further, absolutely inodorous, and does not need to be kindled by match or otherwise, but simply by turning the key, thus avoiding all danger of fire, explosion or suffocation, as in the case of gas, if the key is left open; and it must be conceded that this advantage alone is invaluable. It is further preferable to any known kind of lighting for the following reasons:

- 1. Its manipulation is so simple that any child can keep it in order.
2. That the lamp is portable, and can be removed like any oil lamp, from one place to another.
3. That it neither requires the disagreeable fixing of the wick, or the cleaning of the cylinder, as in the case of oil lamps.
4. That the light produced is a soft and most steady one; that it never flickers, and the flame, though being equal in power of lighting to gas, can be regulated to any degree.
5. That every danger of fire is absolutely excluded, as the light will extinguish immediately, if by any accident the glass surrounding the burner should be broken.
6. That it will burn, even in the strongest wind, completely unaffected, thus being invaluable for illuminations, lighting of gardens, corridors, etc.

This lamp is constructed for the present in three different sizes: A, small size. Height of complete lamp, 14 inches; weight, about 5 pounds; for lighting rooms, halls, storerooms, powder magazines, (or similar places where explosives are kept), coaches, illuminations, gardens, mines or any other industrial purpose. Price, \$1. Per lamp delivered free to any part of the world.

B, medium size. Service for domestic purposes for lighting rooms, houses, etc. This lamp is elegantly decorated, and has removable white ground glass globe. Price per lamp (inclusive of bronze foot and globe, richly and elegantly constructed), \$2. Delivered free to any part of the world.

C, grand size for parlor, hall, saloon, public building, etc. The lamp gives a most brilliant and steady light, has large removable white globe, decorated most tastefully, and the workmanship is both first-class and elegant. Price, \$4.10. Foot of lamp in either bronze, Japanese, faience or silver oxide. Any special size or design made to order. Estimates furnished.

All lamps are ready for immediate use, and will be sent, securely packed in strong wooden box, with printed directions for use, a quantity of chemicals sufficient for several months' lighting, and one extra burner for size A, and two for sizes B and C. The necessary chemicals can be purchased in any drug store, even in the smallest village. Every lamp is accompanied by a written guarantee for one year, and will be exchanged, or money refunded if the same should not give complete satisfaction. On all orders for lamps and globes, a discount of six per cent will be allowed. No orders from abroad filled, unless accompanied by a remittance to cover the amount, or first-class references on a New York or Philadelphia house.

Our Electric Lamps are protected by law, and all imitations and infringements will be prosecuted. Agents, salesmen on commission, and consignees for our lamps wanted every where. No special knowledge or capital required. A fortune to be made by active persons. Address: THE NORMAN ELECTRIC LIGHT CO., 387mar6-d-w PHILADELPHIA, U. S. OF AMERICA.
