POINA'S END WAS NATURAL AND STILL ANOTHER STORY

ASYLUM SENSATION NIPPED IN THE BUD.

Serious Charges Against the Keepers Found to be Without Merit—Deceased was a Famous Pugilist.

Poina, a friendless old native who had been an inmate of the insane asylum during the past few years, died last Tuesday, and was to have been buried today at noon. Some suddenly found friends of the deceased, alarmed at the bandage bound around the head of the corpse to conceal the surgeon's work, concluded that the old man had been killed by a blow on the head and demanded an investigation. The services of Attorney Creighton were secured, and such a fuss made that Attorney General Smith finally ordered an inquest. The funeral was stopped, and the body taken to the police station.

It did not take long for a jury to determine that the old man had died a natural death. And they found more. Poina, although penniless and supposed to be without either relatives or friends, had been nursed as tenderly as a baby, his life sustained for weeks on the most carefully prepared food and stimulants, and every effort made to save his life. It was only after death ensued from complete paralysis, that Dr. Herbert, in pursuance of an established custom, removed the brain, to determine the cause of death. The brain was produced before the jury, and examined carefully by Drs. Cooper, Emerson and Murray, and all agreed with Dr. Herbert in his report. The doctors also examined the body as well, and all were surprised to see how well nourished and cared for it was.

Assistant Superintendent F. I. Cutler of the Insane Asylum, said this afternoon that Poina had been placed in the institution about three years ago. He was a harmless old fellow, and during the last few months of his life was almost entirely helpless. In his younger days Poina was considered the champion Hawaiian pugilist, but he was finally convicted of the offence of horse stealing and sent to jail. There he became insane, and he was removed to the asylum. Since his incarceration and up to the time of his death, the old man never had a visitor. In fact he was supposed to be without relatives and it was a surprise to the authorities when the body was claimed for burial.

Dr. Herbert as asylum physician, was not only exonerated from blame, but was commended for his excellent care of the deceased.

AND STILL ANOTHER STORY

THREE FLOORS TO BE ADDED TO THE HAWAIIAN HOTEL.

Material Changes in Plans of New Owners—Building May be Extended Toward the Alakea Street Entrance.

After a thorough examination into the foundations of the Hawaiian hotel, inquiry into the method of construction, Architect Traphagen has concluded that the present foundations and walls are substantial enough to carry the weight of three, and possibly four, additional stories, and on his recommendation the Messrs. Macfarlane have decided to build three stories higher. Mr. Traphagen will accordingly alter his plans to fit the requirements. It is just possible, too, that the building may be extended toward the Alakea street entrance. The improvements now contemplated will cost close to \$100,000, and if the plans of the new proprietors are realized, they will all be completed by early fall, before the winter travel sets in.

Col. Macfarlane made his new plans public yesterday. The improvements are to be so carried on that they will interfere as little as possible with the business of the hotel and the comfort of the guests. There has been an annoying delay thus far. The contract for the new \$10,000 kitchen was let ten days ago, and work was to be commenced a week ago, but the removal of a building from the kitchen site, which was to have been completed in four days, has already taken twelve days, and the building is not yet out of the way. Contractor Harrison has agreed to have the upper floor of the kitchen ready for occupancy within six weeks from the day that ground is broken, and the entire building completed in eight weeks.

As soon as the kitchen is finished, the old kitchen will be torn down, and work on an immense veranda extending clear around the hotel, commenced. This veranda will extend around the dining room in semi-circle form, and high arches will open onto it from the dining room. This will be the much talked of cafe veranda where guests may have their coffee and cigars after dinner, and it is there that ices will be served on band concert nights.

Were it not for the present rush of travel, work on the new superstructure would be commenced at once, but as the hotel is crowded, Col. Macfarlane has decided that it will be better to wait until early summer, when the guests are few and less likely to be disturbed. Mr. Traphagen believes that the work can then be carried on without interfering with the business of the hotel. Once under way it will be rushed with all speed, and will probably be completed by early fall. Each of the additional stories will have a broad veranda. The plan for a roof garden has not been abandoned in the change. On the contrary, the new plans will make it still more elaborate.

When the improvements at present contemplated are completed, the hotel will have accommodations for 350 guests, and that, in the opinion of Col. Macfarlane, will be sufficient to meet the requirements of all strictly first class travel for some years to come. It is the aim of the management to cater to the wants of the tourist class strictly.

In adding to the hotel, Architect Traphagen will not for an instant lose sight of artistic effect. In fact his main reason for not recommending still another story is that the building would be out of proportion architecturally. If the building were to be extended still skyward, it would be necessary to add a wing on the Alakea street side, which may be done anyhow. The veranda will be covered by a Venetian wooden awning, which will give a very artistic effect.

Col. Macfarlane is particularly proud of the new kitchen. It was originally planned for a \$5,000 affair, but when all the contemplated improvements were put on paper, it was found that the building would cost just twice the sum. When completed, it will have no equal even on the Coast. The calculation is that dinner can be cooked in it for at least 500 people, and on banquet occasions, provisions can be made for from 700 to 800 people.

OUR METHOD.
The minute wheel of business is fair dealing.

SENATOR KAUHANE'S PLEA

WILL BE ROAD IMPROVEMENTS FOR HAWAII.

He Will Request Financial Assistance For the Waiohina People in Getting Pure Water.

Senator J. Kauhane, of Waiohina, Hawaii, has arrived in the city to represent his people in the upper branch of the Legislature. He announces that he will be the father of several bills which he is now at work upon. His first will be for road improvements on the Big Island.

"We were dissatisfied when the government constructed a road from Hilea to Waikalana instead of from Punahoa to these homesteads," said the senator this morning.

SENATOR KAUHANE.
Who Comes From Hawaii to Fight for Roads.

"However, we will offer no objection to the road already built. From Kahuku through the lava flows up to the boundary line of Kona there is no driving road. This improvement is very necessary, as it will connect with the South Kona road which reaches the boundary of Koa. This would make a driving road from Hilo clean through the Kona, and could be constructed with very little expense.

"The roads recently built under Mr. Bruner's supervision are fine. The only portion of the road not completed lies between Hookena and Kaulanamauna. We will also ask for an appropriation to repair the road from Punahoa to Pahala and from Pahala to the Volcano house.

"Another serious question confronting us is the matter of supplying water to the residents of Waiohina. The water is carried from the spring by means of an open flume to a large tank at Waiohina. To this tank the residents attach their pipes. During the sugar season considerable decaying vegetable matter collects in the tank, spoiling the water. What we want is a pipe leading from the main water supply. The citizens are making private contributions toward this improvement. I will petition the Legislature to us some assistance."

JONES IS WILLING.
Allen Jones today notified Manager Clement that he would accept Bilmartin's challenge for a five mile go, issued to him last evening through The Star. The matter of securing suitable pacemakers is now being arranged.

JAP COMMITS SUICIDE.
Another lovelorn Jap cut off his own life yesterday. He was a field hand at Ewa, and had only been on the plantation a few days. He was at work yesterday as usual, but an hour after his return from the fields, his lifeless body was found hanging from a rope end in his cabin. An inquest is being held.

THE MARSHAL RETURNS.
Marshal Brown returned from Kauai by the W. G. Hall this morning, after a hasty consultation with Sheriff Carter on a matter, the nature of which the marshal refuses to make public. He will sail on the Manna Loa tomorrow to consult with the sheriff there on the same mysterious business of Molokai on the same mysterious business. This time his wife will accompany him.

THE AUDIENCE LIKED IT.
"The song that touched their hearts" is as old as the hills, almost. The leading man in "The Dazzler" combination, which has just closed a successful engagement, made a big hit every night with his bicycle song. He never failed to bring down the house when he reached the verse telling about the good qualities of the Sterling bicycles. The audiences were all ready to bear a good word said about these wheels, and heartily cheered the singer each night. The song was at least as much of a hit as the Sterling wheels have always been. BOTH RIDERS APOLOGISE

HARMONY NOW PREVAILS AT THE BICYCLE PARK.

All Have Entered for Saturday Evening's Events—Manager Clement Wanted to Step Down and Out.

Peace and harmony bobbed up serenely among the amateur cycle riders at Cyclomere at noon today when King and Giles authorized the referee to make this announcement to the public:

"Thomas V. King, one of the participants in Tuesday evening's affair, has apologized for his language and conduct at the meet. Henry Giles also regrets that he, too, should have had any hand in the disturbance and makes due apology for his conduct."

King entered all amateur events for Saturday evening. Henry Giles, his brother, "Midget" Giles, and Fred Damon, signed their names shortly afterward. Everything is now satisfactory to everybody concerned with the Cyclomere management and the races. The public has been given an apology. The olive branch will be brought into use and Tuesday evening's occurrence will be lost sight of in the excellent races that are promised for the future.

Manager Clement has brought the unpleasantness to a very happy termination. He has acted fair and square to all concerned in the matter. At one time during the morning, when it looked as though the row would disrupt the races, Mr. Clement sent in his resignation to Bruce Waring & Co. as manager of the track, with the following letter:

"Messrs. Bruce Waring & Co.
"Dear Sirs: I feel that my influence if I ever had any, for the good of cycling, has vanished, and that it is impossible for me to satisfy both professional and amateur riders, the public and myself."

"I have tried to settle the dispute now in existence amicably, without any public comment, but find it impossible to do so and satisfy all concerned. Up to the time of taking hold of Cyclomere Park I had the good will and friendship of all, but have concluded that I missed my calling in trying to handle the races, and ask that you release me from the position of manager of Cyclomere Park, and that the release take effect as soon as possible."

Of course Mr. Desky would not think of accepting Mr. Clement's resignation, and he, with the co-operation of every rider on the track will prevail on him to withdraw it. Having finally accomplished his purpose, Mr. Clement can have no excuse why he should not continue the management.

MR. GILES' LETTER.
Honolulu, H. I., Feb. 10, 1898.
Mr. C. L. Clement, Manager Cyclomere.
Dear Sir: Regretting very much my part in the unpleasantness that took place at the track Tuesday evening last, I herewith apologize to you as manager of said track, and to all present that night, for the part I took in the disturbance. Respectfully yours,
H. A. GILES.

SUGAR FACTORS, Commission Agents,

AGENTS OF THE
OCEANIC STEAMSHIP COMPANY
OF SAN FRANCISCO, CAL.

WHAT SAILOR MEN TALK OF

SCHOONER INCA ARRIVES FROM NEWCASTLE.

S. S. Alameda Not Yet in Sight—Half a Century of Sea Life—The New Light House—News and Gossip.

The Martha Davis has hauled over to the railroad wharf to load Ewa sugar.

The bark Ceylon and schooner Defender sailed in ballast for the Sound this morning.

The ship W. F. Babcock has been shifted over to the Wilder wharf to make room at the coal dock for the schooner Inca.

The Edward May will probably finish loading tomorrow and will sail on Saturday for San Francisco. She has had fair dispatch.

The Mikahala arrived this morning from Kauai with 5250 bags of sugar, which is going into the Edward May. She will sail again this afternoon.

The barkentine Arago did not get away after all yesterday. This morning she was hauled alongside for water and Captain Greenleaf hopes to get away this afternoon.

The Waialeale arrived this morning from Kauai with 6548 bags of P. M. sugar. She is discharging it on the Irmgard wharf, where it is being trucked across to the bark C. D. Bryant. The Waialeale will go to Kahuku this afternoon.

A great many water front people express the opinion that the sand now being thrown up on the reef by the dredger will all be washed back into the channel by the next heavy southerly swell. It has been suggested that a retaining wall of piles be constructed on the mauka side.

The steamer W. G. Hall arrived at noon from Kauai with 6548 bags of sugar. Of this amount 4700 will go into the American ship Tillie E. Starbuck, to complete her New York cargo, and the remainder into the bark C. D. Bryant. The Hayy will sail at noon tomorrow for Hanamaulu.

In the opinion of many shipping people the new lighthouse on Diamond Head, now in course of construction, will be of little advantage to shipping, as Diamond Head is practically shut off by Koko Head to vessels coming up from the eastward. They say that a light ought to be placed on Makapuu Point, where it would answer every purpose, and it is likely that a light will be placed there in the near future.

Diamond Head Charley peered in vain into the east this morning for the smoke of the S. S. Alameda, due from San Francisco at daybreak. That she has not put in an appearance is causing no worry, however, as she is likely to be delayed by the English mail. It will be remembered that the S. S. Moana was delayed three days last month. The Alameda will wait for the mails if she has to wait a week. However, she may be expected in port at almost any hour today or tonight.

Captain Johnson of the bark Edward May will have completed fifty years at sea if he lives until next September 1, nearly all of which has been in the Hawaiian trade. During that time the longest period spent ashore was eighteen months. Captain Johnson, although well along in years, says he feels as springly as he did twenty years ago, and is good for another half a century. He ascribes his good health to the fact that he has never in his life taken any strong drink nor has he ever touched tobacco in any form. Once he tasted champagne out of compliment to a French steamship captain, who had done him a good turn, but he says it was like taking so many needles into his mouth. Captain Johnson has commanded many of the well known vessels coming to this port. He has a beautiful home in Boston, and a family of whom he is very proud.

Perhaps you noticed that the steamship Australia was a little lower down in the water than usual. Well, among other things, she brought to

The Manufacturing Harness Co. Goods in the lines here mentioned, to wit:

Ladies' Driving Whips, a large assortment; Select Assortment of Trimmings for fine made harness. Leather, direct from the tannery, such as has never before been imported to Honolulu.

Horse Boots of all descriptions, Hoods, Sheets, Salt Sacks, Blanket Pins, Hobbles, in fact everything pertaining to race track outfits—for the glorious 17th of March, do you mind?

Cable Trace Chains, Hames and Collars, etc., for our plantation friends. An inspection of these goods is respectfully invited by all wanting anything in these lines. There is enough to occupy your attention until the next Australia arrives, when we shall have more to say about the completion of this season's magnificent importation. We wish you to make your own selection of Hardware and Trimmings for the Harness you order made.

THE SUGAR TRUST.

During the annexation campaign the reasons for the sugar trust opposing the treaty have been pretty thoroughly sifted, and the Washington Star has devoted many columns to the subject, which are well worth careful study.

The policy of the sugar trust, in common with that of every trust, is to crush competition and obtain a monopoly of the market for its product. The product of the sugar trust, for which it seeks a monopoly, is refined sugar.

The tariff levies a higher duty on refined and high grade raw sugar than on low grade raw sugar. The Hawaiian reciprocity treaty only admits free of duty low grade sugar. The tariff would be levied on refined or high grade Hawaiian sugar should we make it. We do not make it because of the almost prohibitive duty. As long as Hawaii remains out of the Union its products cannot compete with the product of the sugar trust. But as soon as the Hawaiian Islands come into the Union, they would be in a position to either refine their own sugar or to sell high grade sugars direct to the consumer, and would thus come into direct competition with the sugar trust.

As a fact in the early seventies, before the reciprocity treaty, when all sugars paid duty alike, the Hawaiian planters used to make beautiful sugar, which was bought by the consumer direct. In truth, it took some time before those who had been in the habit of using high grade raw sugar could reconcile themselves to the inferior product of the sugar refinery. But as it did not pay to make the high grade sugar they had to take what they could get, and now few people remember the high grade sugar. But if Hawaii becomes a part of the United States this class of sugar would again find a ready market, and thus Hawaiian sugar would come into competition with trust sugar, and therefore, as the object of the trust is to crush competition, it very naturally opposes annexation.

It will be remembered that last year the trust sought to obtain the abrogation of the reciprocity treaty, and that it was this move which forced on the annexation treaty.

The trust controlled the Hawaiian crop up to December 31, 1897. After that date it ceased to control the entire crop. T. H. Davies' plantations, and those controlled by Claus Spreckels, go to the trust, the others go to two New York refineries and to the new California refinery at Port Costa. These refineries are outside the trust, so that there is now happening what the trust so much objects to, the supplying of sugar to rival refineries.

If annexation is defeated and the reciprocity treaty repealed, which he it understood will follow the defeat of annexation as surely as darkness follows sunset, the trust would not need to trouble about the Hawaiian sugar crop. Our natural market in the United States would be cut off and our industry would be ruined.

It is very plain from the above statement that the sugar trust is interested directly in opposing annexation, and having succeeded in that, it would at once proceed to work for the abrogation of the reciprocity treaty and success in the one case would mean success in the other. This is the story in a nutshell.

SCHOOL HOUSES.

A complaint is made in one of the Hilo papers about the opening up of the Pohakupuka school. To a certain extent the complaint is just. The school house at Pohakupuka was erected some eight years ago to take the place of a school that was being held in a grass house. It was not calculated to hold more than twenty children. But since the school was erected the little knot of natives, for whose benefit the school was erected, has moved away. It is also quite correct that there should be a school house at Honohina, a place which has been opened up, practically, since the Pohakupuka school was erected.

It is one of the hard things that the Board of Education has to meet, this constant change in the location of the population in the out districts, and also the change in the class of labor

at a plantation. Take Kukuihaele for instance. A school was erected there to hold about eighty children. When first built it was well filled. But the Portuguese labor was changed for Japanese or Chinese, and the school dwindled to some twenty children, for a time. Since then it has again gone up in numbers. In the Kona whole villages would leave the site upon the mountain side and transfer themselves for a year or two to the sea, and the school house would remain empty, while at the sea there would be insufficient school room or no accommodations at all. It is very difficult, indeed, to provide for a shifting population.

CRIMINAL RECORD.

The number of criminal cases before the Supreme and Circuit Courts has increased during the last two years, very materially. Of course this comes from the large increase of population. According to the Attorney General's report the cases have been as follows:

Period of 1888-89153
Period of 1890-91215
For the year 1892336
For the year 1893397
Period of 1894-95913
Period of 1896-97537

Of course the period of 1894-95 was abnormal, and the number of cases was swelled through "the peculiar condition of public affairs," as the Attorney General puts it, but practically by the cases arising out of the attempted revolution. If the number of those cases be deducted from the total of 916, the criminal cases for the period would fall short of those for the period of 1896-97.

The Chief Justice in his report will doubtless analyze the crime of the country and will be able to show some of the causes for it. One thing is certain that during the year 1897 there were more homicides than in any one year for many years past. There is one thing to be said in favor of the officials, in each case the perpetrators of the crime have been brought to justice. There have been no mysterious murders like that of Mary Pomper, on Maui, some years ago, the perpetrators of which were never discovered.

With increase of crime there must necessarily be increase of police force, and the suggestions in this direction will have to be considered by the coming Legislature. Some effort should also be made to probe the causes, and if possible to prevent crime.

CANNOT ARGUE.

No attempt is ever made to argue with patrons of the Criterion barber shop, on the class of work performed. The clincher to any argument has been to man's perfect appearance of face or head.

THE SUREST WAY

To success in business, is to have a useful article to sell and then to tell the plain truth about it in simple words. The popularity of our preparation proves the soundness of this principle. The best and most intelligent people throughout the world, use and rely on it. There is no haze of mystery nor affectation of magic about this remedy. The formula is on the label; made from Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites, Extracts of Malt and Wild Cherry Bark. There you have the whole thing.

WAMPOLE'S

PREPARATION,

the very soul of healing for the diseases which everywhere prevail. Cases that were pronounced real Consumption have completely recovered by the use of it; and Rheumatism, Malaria, Anemia, Debility, the sequences of scrofula, and all ailments accompanied with rapid loss of flesh and strength, yield very kindly to it. It always agrees with the stomach. All the more because, although it contains the nutritive properties of Cod Liver Oil, there is no appearance or taste of that valuable yet nauseous drug. And this is a point sick people will appreciate. It is a scientific victory of our own time and an insurance policy against disease. Palatible as honey. You cannot be deceived; pointed in it. Sold by all chemists.

THE PLANS

—OF THE—

NEW JUDD BUILDING

Will be open for inspection at our office.

THE LOCATION IS THE VERY BEST IN THE CITY.

If you want a light, clean office, with every modern convenience, of easy access, where you can establish yourself permanently, call and make your selection before it is too late.

The building will be only three stories above the ground floor—thus only a limited number of rooms are offered. Office in rear of Bank of Hawaii.

Refrigerators.

\$7.50 to \$75.

Something that is absolutely necessary in this climate if economy with the table is in question.

Why do we

sell so many GURNEY CLEANABLE REFRIGERATORS? We have just received another carload of them, which makes 300 within a year.

Where do they all go?

Because

you can now have ten pounds of ice a day for \$3 a month, which used to cost you \$4.50.

And because

you can now buy a GURNEY CLEANABLE REFRIGERATOR for a fourth less than you could buy one of an inferior make a little while ago.

Also,

you can rent of us one of these for a moderate monthly payment, and if you keep it up for six months the Refrigerator is yours.

In substance,

we have done the lion's share to put a necessity, and a first class one at that, within the reach of all, and we are doing our whole trading on the same business principles.

The Man Hardest to Suit

Is the man worth suiting. We take pleasure in fitting the particular man, the man who insists that his trousers must be just so; that his top coat must be just that length—the right color—and have a graceful hang. That's the chap we want—the one who sometimes find fault, because no fault can be found with our goods.

HAWAII'S IMPORTANCE.

The partition of China means, says the Minneapolis Times, that the commerce of the Pacific is to assume vast proportions, and that the Hawaiian Islands are in importance ten times what they were two months ago. Senator Davis of this state does well to devote his present time and energy to the work of securing Hawaii as our permanent possession. He has the approval of the vast majority of the people of the northwest, irrespective of party considerations.

GAUTAMALAN SALOONS.

The Republic of Guatemala has over 15,000 saloons and taverns. In the country districts there is one to every eighty-two inhabitants; in the towns one to every fifty-two.

SAY SHANKS WILL BE KING

THE BERETANIA TENNIS MAN IS OUT FOR HIGH HONORS.

Interest is becoming lively in the May Tournament—Pacific Club has Lost Some Good Players.

There promises to be fine sport at the regular tennis tournament in May. Last week the outlook was not at all bright. Only the Pacific Tennis club boys, who have been the undisputed champions for years, had gone in for earnest and systematic training. Last evening the Valley club players announced their intention of getting into shape. The Beretania players will follow very shortly.

Walter F. Dillingham, the winner of last season's singles, and who is recognized as the strongest player in the Islands, will probably not participate in this season's contest, owing to ill health. The Pacific club realizes that the loss of Dillingham means a big loss. The best players are being urged into practice in order that they might be in the best possible trim. Willie Godfrey, whose excellent work last season won him many admirers, and Charles K. Hyde, who wields the racket with as much brilliancy as any other man in the city, will both be missing from the matches.

From the Beretania courts will come a strong team of players, headed by Shanks. There are a good number of people who believe that Shanks will prove himself king in the coming tournament. Last year he was playing in beautiful form and was giving promise of great things, when he had the misfortune to cripple his hand. Ernest Woodhouse, Sam Woods and E. A. Mott-Smith will do strong work this season.

B. L. Marx, Dr. Nichols, Fred Waterhouse, Jess Young, Harry Mist and George Howard will be among the men who will ably represent the Valley club.

THE INCA ARRIVES.

The American schooner Inca, Captain Birkholm, arrived this afternoon, 56 days from Newcastle, with 1392 tons of coal for Irwin & Co. Pleasant weather, with frequent calms, was experienced all the way.

JUDICIARY NOTES.

E. A. Kaohi asks to be appointed as guardian of Aiwohi, a minor. Judge Perry opened the list of foreign criminal cases this afternoon. The case of the people against John Souza for selling liquor without a license will be the first case.

SALE TOOK PLACE.

Auctioneer Morgan today notified the court that he had sold a piece of land belonging to Mary Apoe, under instructions from her guardian, Nicholas Peterson, to A. S. Wilcox of Hanalei, Kauai, for \$800. This was the upset price on the property.

INCOME TAX.

The draft of an income tax bill that will be presented to the Legislature is very nearly completed. It will probably be introduced early in the session.

CAMERINOS A CANDIDATE.

P. G. Camerinos is a candidate for the office of Commissioner of Agriculture, soon to be vacated by Mr. Marsden, and he has some substantial backing. For twenty years Mr. Camerinos has been actively engaged in gardening, fruit raising and the commission business, and he is above all things a thoroughly practical man. He is firm in the belief that these Islands ought to supply the fruit and vegetable markets, not only on the Coast, but in Australia and the Orient.

RAILROADS IN CHINA.

In the immediate future China proposes to construct a trunk line from Peking to Canton, 1500 miles; a line from Shanghai to the Yangtze valley, 2500 miles, and another, 1500 miles in length, extending from Canton to the west. Unless money can be borrowed outside of China for their construction they will not be built.

I have given Chamberlain's Cough Remedy a fair test and consider it one of the best medicines for croup that I have ever found. One dose has always been sufficient, although I use it freely. Any cold my children contract yields very readily to this medicine. I can conscientiously recommend it for croup and colds in children.—George E. Wolf, Clerk of Circuit Court, Fernandina, Fla. A Tumor Formed

Finally It Broke Inwardly and Discharged

Trouble Began With Dyspepsia and Impure Blood

Thorough Course of Hood's Sarsaparilla Completely Cures.

There is danger in impure blood. Disease and suffering are surely coming to those who neglect this threatening symptom. Read this:

"Gilliam, Missouri.

"C. I. Hood & Co., Lowell, Mass.: 'Gentlemen:—My troubles began with nervous headaches, which would last me for two or three days. The doctors pronounced my trouble dyspepsia, but they could not do anything for me, and advised a change of location. At the age of 55 a tumor formed on my spine, which

Was Very Painful

but did not rise or discharge. The doctor thought best to cut it out, but I objected. It finally broke and discharged a great deal. The doctors said they could do nothing for it. Then the tumor began to rise inwardly and discharge. I read much about cures by Hood's Sarsaparilla and thought I would try it. Before I had finished taking one bottle I was much relieved. I continued the use of Hood's Sarsaparilla, and after taking 12 bottles I was entirely cured. I am now well, have a good appetite and feel that I owe my life to Hood's Sarsaparilla." W. D. FORD.

Indigestion Loss of Strength And Appetite.

The testimony of Mr. R. Dennis, Adelaide, South Australia, who was cured by Ayer's Sarsaparilla, is like unto that of many thousands of others. He writes:

"It is with very much pleasure that I testify to the great benefit I received from using your wonderful blood-purifier. I was a sufferer for years from indigestion, loss of strength and appetite, and constipation. My whole system seemed to be thoroughly out of order. A friend finally told me to take Ayer's Sarsaparilla. I followed his advice, though feeling discouraged at the fruitless results of other treatment, and I am thankful to state that a few bottles completely cured me."

AWARDED FIRST PRIZE

Merit Wins.

One of the most attractive displays at the Mechanics' Fair this year was the one made by HILBERT BROS., Pacific Coast Agents for the Saint Louis A. B. C. Bohemian Beer. This beer was awarded FIRST PRIZE, notwithstanding it having had to compete with some of the best known brands whose names are household words. Pale and Sparkling with an excellent Hop Aroma, and renowned for its purity it makes an Ideal Family Beer. The beer is brewed from the finest growths of Bohemian Hops and the choicest Selections of Barley by the American Brewing Company, St. Louis, Mo., whose brewing plant is conceded to be the model brewing plant of the world. The Saint Louis A. B. C. Bohemian Beer is bottled exclusively at the Brewery from stock not less than eight months old. (The above clipping is from the San Francisco Chronicle of late date.)

We have the exclusive agency for this excellent article, and are offering it at the lowest market rates.

THE NATIVES DID WELL

BAND OF POLYNESIANS RETURN FROM EUROPE.

Royalty and Populace Attracted to Them—Eastern World was Glad to See the Native Life.

In June, 1895, a party of twenty-five Samoans, twenty-two girls and three men, controlled and directed by Fred Marquardt, formerly chief of the Samoan police, left Apia for a tour of Europe. All sorts of fears were then expressed. Medical authorities held that Mr. Marquardt would lose the bulk of his company; those who believed they understood the dusky natives of the Southern Seas declared that the chances were that none would survive the trip.

Last month twenty-six Samoans were returned to Apia. Their number had increased during the trip, one of the married women having given birth to a child in St. Petersburg. The entire party of Samoans looked happy and contented. They were physically stronger than when they went away, and have accumulated more personal baggage than any Indian potentate.

There had been no accidents, no mishaps, and the whole of the company had been brought back to Samoa, safe and sound. When the weather was suitable the Samoans gave their exhibitions in Zoological Gardens, and when too severe for that, in theaters and music halls.

They first opened in Berlin at the Passage Panopticon. In September, giving an exhibition of Samoan dances, the war dance, the love dance and the national dance, in which the girls sit down and move only their bodies. There were Samoan songs, too, and a variety of other antics, which moved the Germans to great applause, and caused Princesses of the royal blood to shake their sides with laughter and applause like ordinary personages.

The Danish royal family attended three of the performances, and the Crown Prince was so interested that he conversed with one of the men, through the medium of Mr. Marquardt and had the mysteries of the tattooing explained to him.

At Cologne the troupe showed in connection with the Zoological Gardens, erecting a regular Samoan village, with its huts, palm trees and its other surroundings. Here the troupe gave exhibitions of diving, swimming, canoeing, with a complete picture of native life in its other details, adding songs and dances as occasion demanded it.

Quite a number of other towns were visited. At Dresden the Queen of Saxony was one of the most interested spectators, and during the German tour the mother of the present Empress of Germany witnessed several of the performances.

When Marquardt took the Samoans from their homes he did so by arrangement with the King and with their parents, he was under agreement to have them home again by September, 1897. He was also bound to pay them £3 10s a month, and if they showed anywhere on Sundays, 4s extra. The expenses were over £450 a month.

WILL SHOW AT OMAHA.

The volcano cyclorama, which was built for the World's Fair, in 1893, at a cost of \$40,000, will be exhibited at the Trans-Mississippi Exposition, that opens in Omaha, next June, and continues for five months. The Cyclorama is now on the Exposition grounds, having been brought from Boston last month. Mr. Sesser, who is in charge of the enterprise, was given his choice of concessions. He has written on that he has selected the first lot on the Midway Pleasance. It is the intention of the owners of the Cyclorama to make a display at the Paris exposition in 1900.

Mr. Ward L. Smith of Fredericks-town, Mo., was troubled with chronic diarrhoea for over thirty years. He had become fully satisfied that it was only a question of a short time until he would have to give up. He had been treated by some of the best physicians in Europe and America, but got no permanent relief. One day he picked up a newspaper and chanced to read an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He got a bottle of it, the first helped him and its continued use cured him. For sale by all druggists and dealers. Benson, Smith & Co., wholesale agents for the Hawaiian Islands.

MERCHANTS' EXCHANGE.

No expense has been spared in fitting up the Merchants' Exchange saloon, and it is a very attractive place. Mr. Shaw gives his personal attention to all details, so that customers are sure of getting pure liquors. Enterprise beer is handled here, fresh by every steamer. Your patronage solicited.

Hawaiian Electric Company.

The cleanest, brightest safest and really, in the long run, the cheapest and best light for use in the family residence, is the incandescent electric light. Safe; nothing could be safer. A few days ago a prominent gentleman of Honolulu came rushing down to the office of the Electric Company and said: "Give me figures for wiring my house, and I want it done at once; no more lamps for me. Last night a lamp tipped over and it came so near setting fire to the house and burning my children and I take no more risks." This is the sentiment of quite a number in the past few weeks, who have ordered their houses fitted with the perfect light. Just think it over and make up your mind that you want the best and safest light; send for the Hawaiian Electric Company and tell them what you want. We have a complete stock of everything in this line and have just received a lot of the very latest designs in chandeliers.

CIRCUS HAD HARD LINES

A NEMESIS HAS FOLLOWED FROM CHINA TO HAWAII.
Proprietor Willison Will Make for the Klondike Country in the Spring— Now Touring This Island.

Bert Willison and his troupe of circus performers have the genuine sympathy of those Islanders who are now aware of their misfortunes. It is indeed a curious Nemesis that has been the constant company of the show people for the past few months.

In China it rained incessantly during the stay of the circus in that region. So heavy was the precipitation that the rain waters, in one or two instances, nearly demolished the tent and other paraphernalia. It was impossible to show at any of the towns.

Willison then pushed on to Japan. Here he met with most trying circumstances. In one town he was not allowed to show, while at Yokohama he could not secure a suitable location for love or money. In the center of the town was a choice square belonging to a foreign country. It was impossible to secure a lease of the place without going through considerable red tape at the home office. Finally, after much parleying the resident minister consented to allow Willison to show on the square.

From Yokohama they came to Honolulu. During the first week, it rained every night, keeping the public away. Very little business was done in the second week. The troupe is now touring the Island and will probably do a good business. The show merits it. The other Islands will be visited. After showing in Honolulu for a week or so, Proprietor Willison will leave for the Klondike country. The circus people have many friends in Honolulu, who sincerely wish the avenging goddess will disappear immediately.

BOTH BOARDS MEET.
There was not a quorum present at the Board of Health meeting yesterday afternoon, and the meeting was postponed until 4 o'clock this afternoon. The Educational Commissioners have three weeks' business to dispose of at a session this afternoon.

IN THE EARLY DAYS.
Paul Neumann and T. G. Thrum will be the historians at the public meeting to be held tomorrow evening in the big Y. M. C. A. hall, under the auspices of the Hawaiian Historical society. Mr. Neuman will tell about the making of the first treaty by Kamehameha the Great, the first ruler of the Islands. This treaty was entered into with the Argentine Republic, in the early part of the present century and was offensive and defensive of amity and commercial relations. At the time of the treaty being signed, the Argentine Republic had just secured independence of the Spanish government.

Mr. Thrum will speak of old Honolulu. He has a carefully prepared paper.

TELEPHONE ATTACHMENTS.
In houses where there are electric bells for servants, telephones may be attached to the same wires to promote better communication between room and room or house and stable. This idea is being carried into practice in England.

They are Reliable.

Saturday evening, January 29, a party of eight left the city for a trip around the Islands on bicycles. The list was made up of some of the leading wheels represented here, among them a '97 Overland Special, which is handled here by the HONOLULU BICYCLE COMPANY. The Overland was the Only Wheel in the Lot which made the round trip without trouble of any kind. OVERLANDS are the kind of wheels that take you Away from home and Bring You Back Again. By the last Australia we received a few samples of the '98 OVERLANDS. They are as much superior to the '97 product as daylight is superior to darkness, and are without exception the most beautiful models, and the highest grade wheels ever shown here for anything near the price which we shall sell them—\$65. We defy all competition, even at a much higher figure.

NOW AND FOREVER.

Hawaii means to be annexed to some other nation, says the New York Tribune. It offers itself first to this one. If this one does not take it, and take it now, it will offer itself to another, which will take it, and will thus gain an advantage over us in the commerce of the Pacific, which we can never hope to overcome. The choice is now before the Washington government. It must be made at once and forever.

T. K. JAMES TALKS.

Says That a New Hotel Will Surely be Built.

The genial Col. T. K. James uttered a prophecy on this matter yesterday. It was that a grand new hotel would be built here shortly with foreign capital, with no local people in the deal, and that all the materials and supplies would come direct from the Coast, without benefit to any local importer.

"Whether I build the hotel or not," he said, "it will be built, and that right soon. It will put any other scheme now afoot in the shade. The men are right here in town who have the money, and they are not the sort to be balked."

When Mr. James purchased the Snow cottage it was understood that he expected to secure the lot adjoining on the Ewa side, but has found that the property is held at far too high a price for him.

A few months ago Mr. Bryan Every of Woodstock, Mich., was badly afflicted with rheumatism. His right leg was swollen the full length, causing him great suffering. He was advised to try Chamberlain's Pain Balm. The first bottle of it helped him considerably and the second bottle effected a cure. For sale by all druggists and dealers. Benson, Smith & Co., wholesale agents for the Hawaiian Islands.
