COMMISSION GRANTS DEMAND OF STRIKERS

THE PRESIDENT'S STRIKE COMMISSION AT THE END OF A BUSY DAY.

Here are the commissioners who have arbitrated the differences between the anthracite coal miners and the operators. Beginning at the right is Bishop John L. Spalding, who in the picture looks so much like Senator Hanna. Standing back of his chair are E. E. Clark, chief of the order of railway conductors, and Edward W. Parker, the mining expert. In the center of the group and seated at the desk is Judge George Gray, chairman of the commission. Beyond him to the left are General John M. Wilson, the military member of the commission, and Thomas H. Watkins, the special representative of the operators. Sitting directly in front of Mr. Watkins at the end of the desk opposite to Bishop Spalding, is Labor Commissioner Carroll D. Wright, the seventh member, who also acts as recorder for the commission.

[Associated Press Special Cable.]

WASHINGTON, D. C., March 21.—The report of the Commission appointed by President Roosevelt to arbitrate the differences growing out of the great coal strike was made public today.

The decision of the Commission gives the United Mine Workers practically all they contended for. A ten per cent. increase in wages is granted and a reduction in the hours of labor. The minimum wages is established on a sliding scale to be established by arbitration.

No decision is rendered on the recognition of the union beyond a declaration that neither the operators nor the union shall discriminate against any laborer on account of his affiliation or non-affiliation with the union.

The award is to continue till 1906.

The extent to which the union is favored by the Commission is shown from the following statement given by President John Mitchell outlining the demands of the strikers:

"We demand: First, an increase in wages for men employed on piece work; second, a reduction in the hours of labor of men employed by the day; third, pay for a legal ton of coal; fourth, that the coal we mine should be honestly weighed and correctly recorded; and, fifth, we favor incorporating in the form of an agreement the wages that shall be paid and the conditions of employment that shall obtain for a specified period."

PATROL OUTRAN CHEMICAL ENGINE

People on upper Fort street this morning when the fire whistles sounded were treated to the spectacle of two splendid teams of horses cleverly handled racing at breakneck speed to the scene of the conflagration. The teams were the horses of the chemical engine and those of the police patrol.

The chemical engine was half a block ahead of the patrol. When the patrol turned the corner the driver of the chemical waved to the patrol driver to come on. Both had to get to the fire as soon as possible, so there was no time lost in getting the horses laid out to their work.

The engine was out exercising when the alarm was turned in and started to respond from King street near Nuuanu. The patrol wagon started from the police station to tend to running the fire line and get a squad of officers to the scene. At the turn into Fort street

the two teams took the reins and raced neck and neck for a way, when opposite the convent the patrol wagon jumped ahead, leaving the heavier engine. It was a splendid sight and seemingly the race was enjoyed by the horses as well as the men.

Depository Bill Reported, Koolau Railway Franchise, Resolutions In the House

SENATE.

Twenty-eighth Day. Clerk Savidge read a reply from the Superintendent of Public Works to the resolution asking for information about teams employed on public works. Mr. Cooper transmitted statements from bureau heads of his department. Samuel John, superintendent of garbage and excavator bureau, reported 39 head of live stock in constant service and no teams belonging to parties other than the Government. Charles B. Dwight, road supervisor, signed a list showing from 36 to 54 Government teams unemployed daily from March 9 to 17, and from 6 to 26 Government and private teams employed daily in the same period, four private dump carts being employed every day. A foot note reads: "At 10:30 orders were issued by the Superintendent of Public Works to have the private teams stop working."

Referred to special committee on the subject.

Reports of Committees. Senator Achil presented a report of the Judiciary Committee on the bill to repeal certain laws relating to the trial of civil causes by referees. As they have been in force many years without, to the committee's knowledge, any advantage ever having been taken of its provisions. It is recommended that the bill pass. Adopted.

The Judiciary Committee also reported back the Board of Health bill, recommending amendments such as the Senate agreed to yesterday. Laid on the table to be considered with the bill.

Senator Dickey presented a report of the Committee on Miscellaneous Petitions upon Henry Smith's petition for a refund of taxes, finding his statement verified and recommending an appropriation of \$21.43. Laid on the table to be considered with the Appropriation bill.

Government Depository. Senator Baldwin presented the following report from the Ways and Means Committee:

Honolulu, T. H., March 21, 1903. Honorable C. L. Crabbe, President of the Senate.

Sir:—Your Committee on Ways and Means, to whom was referred Senate Bill No. 7, entitled: "An Act authorizing the deposit of the public money in a designated depository, to provide for the safe keeping and re-payment thereof, and to provide security therefor," begs leave to report that we have had the same under careful consideration.

The bill provides that the Treasury of the Territory may appoint any banking association, banking corporation, or any co-partnership or individual that carries on the banking business in the city of Honolulu, as a depository of public money and as financial agent of the Territory. But before designating the depository, the Treasurer shall require any banking house desiring to be so appointed, to tender for the purchase of not less than their face value, of all the bonds of the Territory of Hawaii, amounting to \$325,000, authorized by Act of the United States Congress, to pay in part the so called "Fire Claims." The bill further provides that the Treasurer shall appoint the banking association that shall purchase all the said bonds,

to be the public depository, and shall deposit all the public monies with said public depository during the term of life of the bonds.

The public depository is required to deposit all the above bonds with the Treasurer as security for public monies deposited in said depository. The above is an outline of the provisions of the bill.

Your committee have considered the bill carefully, and discussed its provisions with some of the financiers and business men of the city. We are not in favor of the Act as introduced, on the ground that it obliges the Treasurer to deposit ALL public funds in one bank until such a time as the "Fire Claims" bonds, held by the Treasurer as security, are redeemed, which is likely to be fifteen (15) years. It is true that the advantage to the Government is that under the provisions of this Act the Government sells to the bank at not less than its face value, a four per cent. (4 per cent) bond, which is certainly a good price for the bond in this market, but your committee are of the opinion that this advantage does not warrant the passage of an Act that will compel the Treasurer to deposit ALL public funds in one bank for a term as stated above, that will probably be fifteen years. Such a bank might fail and cause the Government serious embarrassment; or there might be other good and sufficient reasons before the above term is out, why there should be a change in the banking house. The Government should not have its hands tied in a matter of such importance.

Another point must be taken into consideration. This Government has asked for tenders on these bonds in the cities of the Eastern States, and they will probably be able to place them in the East, at not less than their face value.

We herewith introduce as a substitute bill, a general banking Act, drawn largely from the general Act governing the depository of public monies on the Mainland. Under the provisions of this bill, the Treasurer may appoint one or more banking houses as depositories for public funds, who shall be obliged to put up territory or county bonds, of the Territory of Hawaii or United States bonds, as security.

If the Senate should decide to take up Bill No. 7, it should be amended so as to give the Government greater security.

We append herewith a table showing cash balances in the Treasury each month, during the years 1900, 1901 and 1902, and the average for each month during the year.

Respectfully submitted,
H. P. BALDWIN,
J. D. PARIS,
S. E. KAIUE.

HOUSE.

Twenty-eighth Day. The first business in the House this forenoon was the reading of the message from the Governor which was presented to the Senate yesterday afternoon. It was ordered printed.

Andrews on County Bill. A communication from Attorney General Andrews, relative to the resolution of Mr. Kupieha on the County Bill, was read, as follows, and ordered spread on the minutes of the House:

"In answer to House Resolution 208 wherein I was requested to render a legal opinion for you as to the authority of this Legislature relative to the creation of counties, towns and city municipalities, as to whether they could be created separately or jointly under a general Act, I would reply that under Section 56 of the Organic Act the power is vested in the Legislature to pass either separate or joint bills. Under the wording of that Act the Legislature "may create counties," it "may create towns" and it "may create city municipalities;" therefore, a bill to provide for all or either of such forms of government would be perfectly legal and proper. Hoping this answers the query in the resolution, which is a little vague, I remain,

Very respectfully,
LORRIN ANDREWS,
Attorney General.

Messages from the Senate announced the passage in third reading of Senate Bills 101, 20, 95, 96, 98 and 100.

Killed Stamp Act. Senate Bill 20, "An Act to repeal the stamp duties on certificates of stock of corporations," was rejected on first reading by a vote of 21 to 6, as follows: Ayes—Messrs. Damien, Fernandez, Greenwell, Jaeger, Kail, Kalama, Kanoho, Kealawa, Kellinoo (kaualua), Kou, Kumalae, Kupieha, Long, Nakalea, Olo, Paee, Pali, Pulaa, Purdy, Vida and Wright—21.

Noes—Messrs. Andrade, Chillingworth, Gandall, Hain, Harris and Knudsen—6.

Absent—Messrs. Aylett and Lewis. As soon as the title of this bill had been read, Mr. Kumalae moved to reject and Mr. Harris moved to refer to the proper committee. Mr. Kumalae favored the motion of Mr. Long, stating that by the repeal of the tax, the Government would lose something like \$40,000 a year. It looked very much to him as if those who had been paying the tax were making an effort to have the present law wiped off the books. Mr. Kail's motion for the previous question carried and the bill was rejected by the vote already given.

Senate Bills Passed. The following Senate bills passed first reading: An Act to repeal Act 24 of the Laws of 1895 entitled "An Act to prevent the bringing of actions against officers of the Government for acts done in suppressing rebellion; an Act relating to mongoose, repealing Section 2 of Chapter XLVIII of the Session Laws of 1892; an Act to amend

Castro Resigns

[Associated Press Special Cable.] CARACAS, Venezuela, March 21.—Castro has resigned as President of Venezuela. This action has been brought about by the influence of large business interests who lack confidence in Castro's administration. It is believed that Castro's withdrawal will do much towards settling the revolutionary strife in the country.

Amendments May Kill Cuban Reciprocity

[Associated Press Special Cable.] WASHINGTON, D. C., March 21.—Review of the Cuban Reciprocity Treaty just ratified by the Senate has brought to light that the amendments to the measure have created conflicting clauses which are likely to nullify the ratification by the Senate. It is now held that the Treaty to become effective must be ratified by both the Cuban and American Congresses. President Roosevelt is very much disturbed over the result, fearing that it may yet be necessary to call the Fifty-eighth Congress in extra session.

THE GAMBLERS ARE WARRING

Attorney General Lorrin Andrews appeared in the Police Court this morning to prosecute the keepers of the Chinese lottery arrested by Detective Kaapa early this week. A. G. M. Robertson and F. M. Brooks were defending.

The case was one of great interest to the Chinese in town, as it is the outcome of a feud between Chinese gamblers, and the court room was crowded by Celestials listening to the testimony. Several times during the past three months very large numbers of Chinese have been arrested in the police raids, the first big one of which was made on Beretania street and in

which nearly two hundred gamblers were corralled. The information leading to this raid, it is claimed, was furnished the police by the lottery people, whose business was being hurt by the other gambling concern. To get even, the table gamblers got the lottery folk located and they in turn were raided and twenty men, bankers and agents, arrested. These men are on trial now.

The Chinese prefer to play the lottery, as the players run hardly any risk, and as this form of gambling is so popular and the returns so great the Chinese in town, as it is the outcome of a feud between Chinese gamblers, and the court room was crowded by Celestials listening to the testimony. Several times during the past three months very large numbers of Chinese have been arrested in the police raids, the first big one of which was made on Beretania street and in

It is a Real Pleasure, to us to speak favorably of PAIN-KILLER, known almost universally to be a good and safe remedy for burns and other pains of the body. It is valuable not only for colds in winter, but for various summer complaints, and should be in every family. The casualty which demands it may come unawares—Christian Advocate. Avoid substitutes; there is but one Pain-Killer, Perry Davis'. Price 25c. and 50c.

MORNING CABLE REPORT

(Associated Press Cable.)

Yam Chow Rebellion. Canton, March 20.—Troops have been sent to suppress a rebellion in Yam Chow.

No Suffrage Bill. Phoenix, A. T., March 20.—The Governor has vetoed the Woman's Suffrage bill.

Smallpox in Salt Lake. Salt Lake City, March 20.—There is a smallpox epidemic here. Eighty cases are now under treatment.

Canada's Claim to Canal. Montreal, March 20.—A discovery of old maps supports the claim of Canada to the ownership of Lynn Canal.

A Strike Averted. San Francisco, March 20.—Concessions by the employers have temporarily averted a strike on the local street car lines.

Turks and Macedonians. Sofia, March 20.—The newspapers report a severe engagement between Turks and Macedonians with heavy losses on both sides.

Shoemakers Are Idle. Chicago, March 20.—One thousand shoemakers are out of employment owing to a strike caused by the discharge of a single freeman.

Kossuth's Birthday. Budapest, March 20.—The anniversary of the birth of Louis Kossuth, the Hungarian patriot, was marked by student riots in which the police were stoned. There were many arrests.

Vanderbilt-Neilson. Newport, R. I., March 20.—The Vanderbilt-Neilson nuptials will take place on April 15. The wedding of young Reginald Vanderbilt and Miss Cathleen Neilson has been postponed many times. Miss Neilson is famous as a beauty and a society favorite.

Levees Broken. Memphis, Tenn., March 20.—The levees have broken and the river is inundating vast tracts of country. Many refugees are arriving in boats and others have taken refuge in the upper stories of buildings in the flooded districts. The War Department has sent tents and rations to this city for the homeless.

Cook an Admiral. Washington, March 20.—Captain F. A. Cook, U. S. N., has been promoted to the rank of Rear Admiral.

Captain Cook is a Massachusetts man and has been in the navy since 1860, when he entered the Academy at Annapolis. He was an ensign in the west gulf blockading squadron during the last two years of the Civil War, and was commissioned a Lieutenant in 1867. Since that time he has lived the life of change and transfer common with most naval officers. In 1868 he was promoted a Lieutenant Commander, was made a Commander in 1881 and a Captain in 1886. Later he was given command of the cruiser Brooklyn, and remained in that post until and during the war with Spain. The Brooklyn subsequently became the flagship of the famous flying squadron, and Captain Cook acted as Commodore Schley's chief of staff.

Important Reasons

WHY HERRING-HALL-MARVIN SAFE CO.'S SAFES AND LOCKS ARE THE BEST

The concrete filling makes these safes absolutely Fire-Proof and positively Damp-Proof. The solid angle corners add greatly to their security in time of fire, and form the only solid corners made. The patent BOLT-WORK is superior to any in use, and does not require constant oiling, cleaning and repairs that is acknowledged in other makes of safes. That although 600,000 of these safes are now in use and many thousands have been tested by some of the most disastrous conflagrations in the United States, there is not a single instance on record wherein one of them ever failed to preserve its contents perfectly. They make safes for County Treasurers, County Records, County Clerks, Jewelers, Hotels, Residences, Churches and Corporations. We have a Large Assortment of Safes on hand and will be pleased to show same.

WILSON AND MURRAY

A meeting of the Republican Executive Committee was held in headquarters yesterday afternoon for the purpose of considering applications for positions in the Public Works Department, recently made vacant by the resignation of Messrs. Charles Dwight and Charles Wilcox.

C. H. Wilson was named for the Road Supervisor's position and there is no question whatever that he will secure it at the hands of the Superintendent of Public Works.

Harry Murray secured the endorsement of the Committee for the position of Second Assistant Clerk in the office of the Superintendent of Public Works.

THE TRADE-TRAIT.

An American dollar is worth a dollar. But is the article for which you tender your dollar in payment a fair exchange? Are you getting your money's worth? Every nation is composed of a mass of individuals each one of which has in its make-up a certain trait called—trade. To trade means to invest. A poor investment depreciates the principal; entails a loss. To get the most, the best, for your money shows the trade-trait present in the buyer and an honest endeavor on the part of the seller to retain customers, which means an advantageous mutual exchange of values.

Inasmuch as the DOUGLAS PATENT CLOSURE, guaranteed against leakage and the annoyance of running water, is a fair exchange, is proven to be of genuine merit, is giving satisfaction, why not install one? Bath, The Plumber, 165 King St., handles the Douglas.

YANKEES IN THE ORIENT.

Miss C. C. Sisco, of Florida, was a passenger in the Korea from the Orient. Miss Sisco is on a tour of the world, but spent some seven months in Shanghai, where she engaged in newspaper work on the Shanghai Times as a diversion. The Times is a pioneer American newspaper in the Oriental field. Backed by liberal American capital and edited by F. W. Eddy, formerly city editor of the New York Times, it is making things interesting for the more moderate English press.

Miss Sisco says the Americans are making great headway in China and are fast becoming strong competitors with Europeans in the commercial world. Chinese officials are very friendly and highly appreciative of the attitude of the United States during the Boxer crisis and later in accepting silver for payment of the indemnity. The Boxer troubles, which threatened serious results early in the year, have calmed down and the situation is comparatively quiet.

Great quantities of cheap American cigarettes are being smoked by natives in India.

BY AUTHORITY.

EXECUTIVE NOTICE.

FIRE CLAIM BONDS OF THE TERRITORY OF HAWAII.

By direction of the Governor sealed bids will be received at the office of the Secretary of the Territory until twelve (12) o'clock noon, on Monday, April 20, 1903, for Three Hundred and Twenty-six Thousand (\$326,000.00) Dollars of Territorial Coupon Bonds, in denomination of One Thousand Dollars each, authorized by an Act of Congress.

DESCRIPTION.

These Bonds are to be dated May 1, 1903, and may be redeemed by the Territory of Hawaii after the first day of May, 1908, and are payable on or before the first day of May, 1918, bearing interest at the rate of four (4) per cent. per annum, payable semi-annually on the first day of May and November of each year, both principal and interest being payable in United States Gold Coin of the present standard of weight and fineness, at Well, Fargo & Co.'s Bank in the City of New York. These Bonds are signed by Territorial officials and the Secretary of the Interior.

AUTHORIZATION.

These Bonds are to be issued in pursuance of an Act of Congress, approved January 26, 1903, entitled: "An Act to pay in part judgments rendered under an Act of the legislative assembly of the Territory of Hawaii for property destroyed in suppressing the bubonic plague in said Territory in eighteen hundred and ninety-nine and nineteen hundred, and authorizing the Territory of Hawaii to issue bonds for the payment of the remaining claims," by which they are exempt from ANY AND ALL TAXES, and the payment thereof constitutes a charge upon the revenues of the Territory of Hawaii.

SECURITY.

The average annual revenue of the Territory for the past two years has been \$ 2,420,128 95
The present assessed valuation of the taxable property of the Territory is 123,000,539 38
Present actual debt, not including above proposed new issue, is 931,970 31

RESTRICTIONS.

Tenders will be received for the whole issue, or any part thereof. Each bid must be accompanied by a certified check, payable to the order of the Governor of the Territory, for at least ten (10) per cent. of the aggregate amount of the amount bid upon, the amount of said check to be forfeited to the Territory of Hawaii in the event of failure on the part of the bidder, after notification of acceptance of the proposal, to carry into effect the terms thereof. Bidders whose proposals are accepted will be required to pay ten (10) per cent. in U. S. Gold Coin upon the amount of their bids as soon as they receive notice of acceptance; and to pay in like coin twenty (20) per cent. at the expiration of each ten days thereafter, until the whole is paid. But they may, at their option, pay the entire amount of their bid when notified of acceptance, or at any time when an installment is payable. The price the bidder proposes to pay, the place where he desires the bonds shall be delivered, and the office—whether that of the Treasurer of the Territory of Hawaii, at Honolulu, or Wells, Fargo & Co.'s Bank, New York City—where it will be most convenient for the bidder to deposit the amounts of his payments, must be specifically stated in the proposal. No offer for the purchase of the bonds for less than their face value will be considered.

RIGHTS RESERVED.

The right to reject any and all bids, to waive technical defects, and to accept any part of any bid and reject the other part is hereby expressly reserved to the Governor of the Territory of Hawaii.

HOW ADDRESSED.

All proposals must be addressed to the Governor of the Territory of Hawaii, and must be distinctly marked "Proposals for the Purchase of Four Per Cent. Bonds." Blank forms for proposals and copies of the Act of Congress and the Rules and Regulations published by the Secretary of the Interior may be had upon application.

SATURDAY, MARCH 21, 1903.

Senators have moved the County Bill now keep it going.

The Bulletin has received a communication from Col. C. P. Laukae on the County Bill which will be published in a later issue.

Legislators seeking to put money in the taxpayers' purse will cut down the salary expenses to figures in keeping with the Territorial income.

Organized labor has won a signal victory in the great coal strike, by proving to the satisfaction of the people and the Arbitration Commission that its cause was just.

It was unkind for Washington newspapermen to disturb the serenity of former Attorney General Dole's important mission by reference to events of his official career. What the former Attorney General doesn't know would fill a book.

The decision of the Arbitration Commission appointed by President Roosevelt is gratifying in its confirmation of the popular opinion that the coal operators should not be allowed to continue in the belief that the earth is theirs and the fulness thereof.

The Kansas Legislature adjourned the other day after having resumed a law declared unconstitutional by the State courts and remaining in session ten days beyond the constitutional limit. If anything like this should happen in Hawaii there would be some who would like to question our capacity for self government.

It would seem proper for the Winston railway franchise for the Koolau section of this island and von Holt's franchise for a Kauai railway to have a comparatively easy path in the Legislature. Every measure for improving transportation facilities on any of the islands means superior advantages for every phase of agricultural industry.

A Los Angeles resident writing a Honolulu friend, says tourists are pouring into Los Angeles at the rate of 4000 to 5000 a month with the result that house rents are advancing at an unprecedented rate. This shows what advertising will do and should carry its own suggestion to the tourist committee of the Chamber of Commerce and Merchants' Association.

Some good advice to the legislators in general Friday morning by the Senate Judiciary Committee. The scheme of sidetracking a bill from another house and passing an identical measure as a substitute is a form of competition between legislative bodies which accomplishes nothing but a waste of time. The people judge a Legislature by final results without stopping to consider whether bills passed originate in the Senate or House.

'Incidental funds' have been condemned by nearly every legislative committee for the past ten years, and with equal regularity have the legislators voted money for incidentals that cover a multitude of expensive aims from the taxpayers' standpoint. If the Republican Legislature has the business ability expected it will save public money by making specific appropriations, allowing little for incidentals, or incidental trips to Washington.

So some people think the Organic Act is not clear on the subject of county and municipal governments. None will be more surprised at this than the able lawyers of the United States Senate and House of Representatives who framed and passed the Organic Act. The citizens of Hawaii can make up their minds to one thing; if the Legislature does not establish county and municipal governments under the Organic Act, the United States Congress will, and that too at the next session.

HOUSE.

Sections 1252 and 1255 of the Civil Code, relating to the Registrar of Conveyances and to repeal Section 1254 of said Code relating to said subject; an Act relating to marriage contract amending Section 1 of Chapter XXIII of the Session Laws of 1872; an Act to amend Sections 1292, 1295 and 1296 of the Civil Code, relating to married women; an Act relating to escheat of lands amending Chapter VIII of the Session Laws of 1886.

Mr. Kumalae moved that the order of the day be taken up but withdrew his motion on Mr. Harris rising and stating that he wished information on

the resolution of Mr. Kuphea calling for an investigation of the tax and license laws. Mr. Harris succeeded in learning from Mr. Kuphea just what was meant and the chairman of the Finance Committee was given an extension of ten days to do the work, Rapid Transit Committee.

Speaker Beckley said he also wanted a little information. What had become of the report of the special committee appointed to look into the affairs of the Rapid Transit Co.

Mr. Kellimol, chairman of the committee, stated that he had been trying to get an opinion from the Attorney General as to the right of the committee to look into the books of the Rapid Transit Co. He as a layman had not been able to figure out the opinion that had been presented. He would like further time. He had made an engagement with Mr. Thurston, president of the Rapid Transit Co. for Monday afternoon at 3 o'clock, provided this was convenient to the other members of the committee.

A report by the Printing Committee showed a large number of House bills printed and ready for distribution.

The Committee on Agriculture and Manufactures reported adversely on the resolution of Mr. Wright providing for an appropriation to send A. L. Loomison to Washington to work for the four-cent bounty on coffee.

Mr. Wright, the introducer of the resolution, objected very much to the report of the committee. He wanted it referred to a committee of the whole. It was a very important matter and should receive more consideration. It was such men as Kellimol and Knudsen, members of the committee that had just handed in the report, who were holding back the progress of the country. Mr. Greenwell was also in favor of more consideration being shown the resolution. The adoption of it would mean benefit to the whole Territory and not to any special island. Mr. Harris said the adoption of the report would put the House on record as being again diversified industries as had been suggested by some of the members. Speaker Beckley made the statement that the future of the country lay in the success of the minor industries and he would ask the members that they give the resolution very careful thought before finally disposing of it.

On motion of Mr. Kumalae, the report was finally laid on the table to be taken up at the time of the consideration of the Appropriation Bill.

Report of Agriculture Committee on House Bill 94. 'An Act to encourage diversified industries,' laid on the table to be considered with the bill. The committee submits amendments and recommends that the bill pass because by granting relief for ten years to the industries mentioned in this Act large tracts of worthless lands at present lying idle and paying almost nothing in taxes, will be improved, cultivated and rendered valuable, thus increasing the taxable property of the Territory.

Report of the Agriculture Committee on House Bill 125. 'An Act relating to exemption of machinery, etc., connected with the coffee industry,' laid on the table to be considered with one bill. The committee recommends indefinite postponement of the bill, closing the report as follows: 'House Bill No. 125 asks practically for the exemption from taxes of all the articles above enumerated, and also 'lands upon which coffee is cultivated.' Your committee consider that the exemption of the articles enumerated in the Act of 1898 above recited should be enough encouragement to the coffee industry, and besides it has a longer lease of life than that asked by House Bill 125. Therefore, your committee recommends that the bill be indefinitely postponed.'

Resolution by Mr. Vida, adopted: Resolved by this Honorable House of Representatives that the Superintendent of Public Works be and is hereby requested to furnish this body with: 1st. The cost of the Nuuanu street bridge construction to the date hereof. 2d. The amount of cost of construction under the administration of James H. Boyd, ex-Superintendent of Public Works, with statement of time of execution, and the amount of work done on same. 3d. The amount of cost of construction under the administration of Henry E. Cooper, Superintendent of Public Works, with statement of time of execution, and the amount of work done on same. 4th. The amount proposed to be expended on the work according to plans and specifications by the Assistant Superintendent of Public Works. 5th. A statement whether or not the proposed Emergency Appropriation of \$5000 for same will finish the work. If not, how much more in addition thereto, will be required for the construction of the bridge.

Resolution by Mr. Vida, adopted: Be it resolved by the House of Representatives that the clerk of this Honorable body is hereby ordered to request the O. R. & L. Co. to furnish this house with a statement of its revenue derived from wharfage charges in Honolulu harbor, annually, since 1897, and to report the same in five days' time.

Resolution by Mr. Long, adopted: Be it resolved by the House of Representatives that the clerk of this Honorable body be hereby ordered to propound the following questions to the Superintendent of Public Works, Hon. H. E. Cooper: 1. Are you aware, or have you been informed, or have you reason to believe that certain stone and brick buildings lately erected in Honolulu and being those of the Judd Building Co., Ltd., Lewers & Cooke, Ltd., and E. O. Hall & Son, Ltd., or any or either of them, project several inches, or at all, upon the street lines, they front upon? and if so, have you communicated

THE POPULAR COUNTY CLERK OF THE CITY OF SAN FRANCISCO.

HON. WILLIAM A. DEANE, OF SAN FRANCISCO.

Hon. Wm. A. Deane, Clerk of the city and county of San Francisco, was Chief Deputy in the office of his predecessor during the latter part of his term. He is a Native Son, having been born and raised in the city of San Francisco, and has for many years been prominently identified with the Order of Native Sons of the Golden West, as well as other fraternal organizations. He is an exceptionally popular young man, socially and politically also, as evidenced by the ballots cast at the late election, he having defeated his opponent for the office of County Clerk by nearly 8,000 votes.

In a letter written January 28, 1898, from San Francisco, to Dr. Hartman, Mr. Deane has the following to say of Peruna:

The Peruna Medicine Co., Columbus, Ohio. Gentlemen:—I would not be without Peruna, as I have found it to be the best remedy for catarrhal complaints that I have ever used. I have tried most all of the so-called catarrh remedies advertised, and can conscientiously say that of all the remedies for catarrhal complaints recommended to me none have been so beneficial as Peruna.—WILLIAM A. DEANE.

CATARRH assumes different phases in different seasons of the year. There is, therefore, four quite well-marked varieties of catarrh, winter catarrh, summer catarrh, and autumn catarrh. In each of these varieties different organs seem to be the principal seat of the catarrh. In the winter the catarrh is more frequent in the head, throat and respiratory

organs. In the spring the catarrh seems to chiefly affect the stomach and nervous system. In the summer the bowels suffer the most; while in the autumn the liver and kidneys seem to be particularly subject to the ravages of catarrh. Of course it is not meant by this that catarrh is absolutely confined to these parts of the body during the season to which we have assigned them. Catarrh may attack any organ in any season of the year, but the liabilities are so much greater for catarrh to attack particular organs in certain seasons that these four distinct varieties have become recognized. Mr. Robert Douglas, Homeopathic Specialist, cor. 6th and F Sts., N. W., Washington, D. C., in a recent letter to the Peruna Medicine Co., of Columbus, O., has the following to say concerning their noted catarrh remedy, Peruna: 'I have been a practicing physician for some years, during which time I have administered Peruna to a number of my patients for colds, catarrh and general debility with great benefit to them. I have paid particular attention to its effects, and I have absolute confidence in its curative qualities, and have no hesitation in giving it a most emphatic endorsement.'

Hon. Clement M. Hammond is one of the best known newspaper men in New York City. He was for years editor of one of the principal papers in Hartford, Conn., later was a prominently connected with the New York Recorder and New York World. He has traveled extensively and is known all over the United States for his talent as a newspaper man. Writing to The Peruna Medicine Co., he says: 'For about six years I have had trouble every fall and winter with my bowels. At times it has extended to my bronchial tubes and lungs. I think all this trouble came from whooping cough which I had when I was about twelve years old, and which left me with catarrh. Since I have taken Peruna, my bowels have been clearer than in over two years, all of which I am willing to testify to.' Mr. Hammond's address is 'The Arlington,' of Montague street, Brooklyn, N. Y.

Peruna is an internal remedy—a scientific remedy for catarrh. It cures catarrh when you do not know it. It cures Peruna gives strength by stopping waste. By saving the mucous it enriches the blood. By cleansing the mucous membranes it increases the vital forces. No remedy can possibly supply the place of Peruna. Do not stop upon having Peruna. Take no other remedy. There is no substitute for this catarrh medicine. Send for a free book on catarrh. Address: The Peruna Medicine Co., Columbus, Ohio.

For special directions everyone should read 'The Ills of Life,' a copy of which surrounds each bottle. Peruna is for sale by all chemists and druggists at one dollar per bottle or six bottles for five dollars. Those wishing direct correspondence with Dr. Hartman and can wait the necessary delay in receiving a reply should address Dr. S. B. Hartman, Columbus, Ohio, U. S. A. Benson, Smith & Co. will supply the retail drug trade in Honolulu.

The Whole Story in one letter about

Pain-Killer

From Capt. F. Love, Police Station 26, Honolulu: "We frequently use PAIN-KILLER for pain in the throat, headache, neuralgia, sciatica, rheumatism, and all affections of the internal organs. I have no hesitation in saying that PAIN-KILLER is the best remedy I have ever used."

A MORNING BLAZE

The fire alarm sounded at 7:45 o'clock this morning and the department was summoned to Box No. 62, at the corner of Vineyard and Fort streets. However, the firemen were too late to do anything more than protect the surrounding buildings.

The fire was in the house of Eugene Lafferty, one of the butchers at the Paragon Market, corner of Emma and Beretania streets. Before the department arrived, situated on Fort street almost opposite the New Era boarding house, was completely enveloped in flames and the bakery just manka was beginning to burn.

The origin of the fire is not known, although Mrs. Lafferty states that she believes the children were responsible. They were in the parlor at the front part of the house and must have been playing with matches while she was out in the kitchen getting breakfast.

Mr. Lafferty was down at work and as he had left his wife and family in bed when he went down town, he was naturally very much distressed when he arrived on the scene and no one could tell him where they were.

Had it not been for the splendid work of the firemen, the bakery next door would have gone too as the fire was a very fierce one and between the two buildings there intervenes but a very narrow space.

Mr. Lafferty had \$400 worth of insurance on the furniture in the house so that he is pretty well protected.

The police were early on the scene and one of the officers was Captain Pohaku, one of the biggest men on the force. Pohaku went into the building when the flames had been brought under control to see if he could be of any assistance.

HOUSE. (Continued on Page 5.) ed with the owners of said buildings notifying them of their occupying a portion of the public highway, and informed them that same will not be permitted? And if not, why not? And to report the answers thereto to this House within five days' time. Resolution by Mr. Wright, tabled: Whereas, the Honolulu Rapid Transit Co. have their electric overhead wires constantly charged with electricity at a high voltage, and Whereas the said wires are unprotected in places with proper guards, to prevent falling telephone and telegraph wires from coming in contact with them, and thereby becoming charged with a deadly fluid, and Whereas, it is absolutely necessary to take precautions for the preserving of life in this Territory, therefore be it Resolved, That the Judiciary Committee of this House be instructed to draft a bill or cause a bill to be drafted and introduced in this House, that will compel the said company to construct proper safeguards above their live wires so as to protect the general public from possible harm. At 12:30 o'clock the House adjourned until Monday morning. Canadian apples, the finest grown, at C. J. Day & Co's.

Thousands of Sick Ones every week write for my book

And to each one I send an order—good at any drug store—for six bottles Dr. Shoop's Restorative. I let the sick one test it for a month at my risk. If it succeeds, the cost is \$5.50. If it fails, I pay the drug gist myself. And the sick one's mere word decides it.

You see this offer everywhere—all the time. Don't you realize that I must be curing the sick ones, else the offer would not be here?

I care not for prejudice nor doubts, for they are quickly removed when a patient meets me or writes me. All I ask is that you who need help—your whose health is at stake—will let me convince you.

When a physician—after a lifetime experience—has such faith in himself, you are wronging yourself not to learn what he knows.

I have perfected a treatment which strengthens the entire nerves. It is my discovery, and the sum of my whole life's work.

When any vital organ is weak, my Restorative brings back the nerve power that operates it—the only power that can make the organ do its duty.

With any other treatment we can only doctor the organ, and the best results are but temporary. My way restores the power that Nature gave the organ at the start. There are but few of these chronic diseases which can ever be cured in any other way.

I cannot always cure. Some of these troubles result from incurable causes, like cancer. But in the past 12 years I have furnished my Restorative on trial to over half a million sick ones, and 99 out of each 100 have paid for it gladly, because they were cured.

There are 25 chances in 40 that I can cure you, and I will pay for the medicine you take if I fail.

Book No. 1 on Restorative.
Book No. 2 on the Heart.
Book No. 3 on the Kidneys.
Book No. 4 on the Lungs.
Book No. 5 on the Stomach.
Book No. 6 on Rheumatism.

Simply state which book is wanted and address
Dr. Shoop, Box 111, Racine, Wis.

Mild cases, not chronic, are often cured by one or two bottles. Dr. Shoop's Restorative is sold by all druggists.

EVERY KIND OF Upholstering - Repairs

Does your furniture need renewing? Just look—for perhaps the furniture you bought when you got married is looking shabby. No doubt the recollections it recalls are very pleasing, and you don't want to lose sight of these old friends—but faded furniture has a dispiriting look, and however much you expend upon it, it seems to be in vain. The room is lacking in cheerful comfort under such circumstances. It wants freshening up, and only some nice pieces of new furniture will do that. Now we have these nice pieces—their appearance is pleasing and the good wear they will give makes them really economical.

The Greatest Wealth is Health

THE greatest wealth is not lands, houses, farms, stocks or bonds, but Health. Many a millionaire would give his million to eat with the appetite, and sleep with the peace enjoyed by the Indian. Yet it does not need millions to be the equal of the Indian in health. The secret of his strength is now at your command.

KICKAPOO SAGWA RESTORES LOST HEALTH

The Indian shut out from all outside help was obliged to wrest from Nature the secrets of her healing herbs. Slowly, he gleaned his knowledge and perfected it. Those centuries of slow results are represented today by the perfected compound Kickapoo Indian Sagwa. There is no other remedy that has so many and so wonderful cures to its credit. It is purely vegetable. It is Nature's own remedy, as used by Nature's own children. It purifies the blood, strengthens the stomach, assists the kidneys in their functions, regulates the liver, and makes the whole man sound and strong. No other remedy is sold under a guarantee that your money will be refunded if it does not fulfill every claim made for it. You can lose nothing by Sagwa while you can obtain the wealth of health by using it as directed. Sold by all druggists.

SENATE.

(Continued from Page 1.)

December: \$682,968.45; \$699,817.72; \$572,379.75. Totals: 1900, \$2,227,887.18; 1901, \$3,258,314; 1902, \$4,131,641.54. Average each month: 1900, \$768, 973.93; 1901, \$272,526.16; 1902, \$369, 303.16.

Senator C. Brown moved that the report be laid on the table to be considered with original and committee bills, which carried and the new bill was ordered to be printed.

Senator Crabbe presented a resolution to appropriate \$1,928.26 with 6 per cent interest from June 23, 1900, for refund to Hawaiian Fertilizer Co. of taxes unlawfully collected. Referred to Committee on Ways and Means.

Koolau Railway Franchise. The bill granting a franchise to E. C. Winston and associates to build a railway through Kailua to Koolauloa was resumed from yesterday on second reading.

Privilege of any native power accepting steam locomotives was granted.

There was a little talk about overhead electric wires, but in the end these were not prohibited. Senator C. Brown said an estimate given to the Mutual Telephone Co. was that it would cost it \$180,000 to place its wires underground. He agreed with Senators Achi and McCandless in saying an underground wire provision would kill the bill. Senators Paris would have no objection to trolley wires if there was a Government electrical inspector.

The fares were fixed not to exceed 5 cents a mile first-class and 4 cents a mile second class.

Tax exemption raised prolonged discussion. Senator Achi moved to make the exemption period ten instead of fifteen years, but withdrew the amendment.

Senator McCandless stated that if the Oahu Railway & Land Co. under its franchise, chose to build its line into Koolauloa before November next, it would receive a subsidy of \$250,000 a mile.

Senator Paris was in the Legislature when the O. R. & L. Co. franchise was granted. The conditions were entirely different from those of today. Mostly everybody thought the railway was a wild dream of Mr. Dillingham. He did not think they should make any reflections on the O. R. & L. Co. in regard to its privileges. The railway had well repaid the country for all it had received.

Senator McCandless disclaimed any intention of reflecting on the O. R. & L. Co.

Senator Cecil Brown, the two questions being discussed together, said he would object to making the company pay the Government 2 1/2 per cent of receipts if it were not receiving an exclusive franchise. If the O. R. & L. Co. began laying tracks into Koolauloa before November it would knock this scheme out.

Senator Baldwin thought there ought to be some guarantee that the company would build beyond the city limits. With its three miles in town it might stop and operate with freedom from taxes.

Senator Dickey stated that neither the Hilo nor the Kona-Kau railway company had exemption from taxes, although a bill in the latter's behalf for that purpose was pending in the Senate.

Senator McCandless was talking about the O. R. & L. Co.'s privileges, including its extended franchise to build into Koolauloa until 1928, when Senator Brown remarked:

"That would wipe you out," responded the speaker.

"Yes; it would wipe me out," responded the speaker.

Senator Dickey's motion to strike the whole exemption section out was lost 5 to 7. The same member's motion to make the exemption period five instead of fifteen years, was lost 3 to 9.

The tax exemption was left without limit.

Next the contest shifted to the payment of a percentage of receipts to the public treasury. Senator Dickey began to fight for 2 1/2 per cent of the gross receipts from the start, but was

Senator Baldwin said it would not be right to pass the bill without that provision. He believed it would not pass third reading unless the gentlemen in the back row (Achi and McCandless) consented to that provision.

Senator Cecil Brown made an approving remark.

Senator McCandless said they might put in a provision that if the road was not built a certain distance within four years the special privileges would be in operative.

Senator Baldwin suggested to make the term five years, which would give the company a reasonable chance.

Senator McCandless said that probably a year or two would be required for preparations and spoke of the length of tunneling operations.

Senator Dickey accepted the amendment of five years.

"Make it ten years," Senator Achi observed.

"I guess you are in it," was the comment of Senator Baldwin.

"No; I have no shares in it at all," Senator Achi protested.

Ten miles within five years carried by eight affirmative votes, and the bill as amended passed second reading, to be read a third time on Tuesday.

Order of the Day. The bill to repeal the Hawaiian census law passed third reading.

The bill relating to the adoption of children passed third reading. It gives the adopted child rights of inheritance as to adoptive parents, depriving it of such as to natural parents.

The habeas corpus bill passed third reading. It is in the series of revision of statutes.

A House bill was called on second reading, but a motion to adjourn was made.

"Twenty-four bills on the table," President Crabbe remonstrated.

Adjourned for the day at 12 o'clock.
