MAYOR HAS HIS SAY

No Compromise, Says Mayor Fern; Appeal To Courts Necessary

Mayor Fern, in response to enquiries as to what he had to say, if anything, in reply to the letter of W. O. Smith in the Advertiser of this morning and also touching recent editorials in the local press calling for a prompt settlement of the present differences between himself and the Board of Supervisors, gave out the following statement:

There have been several suggestions made to me, in the press mostly, but on several occasions by private individuals, that the differences be compromised.

The only suggestion that I have received pointing out the kind of compromise or what it should be came from a member of the Board of Supervisors, suggesting that Mr. McClellan be given a chairmanship in the Board of Supervisors and that both Wilson and Cummings be retired and a dark horse appointed to take the place of the Road Supervisor. This compromise, I took it, meant simply an agreement as to "division of spoils," and I dismissed the offer without even a formal answer.

If the press means some compromise on other lines I should like very much to have it made clearer what is meant. When compromise is talked of in general terms I do not know what is meant, unless it is a suggestion to divide up by mutual agreement the powers of the City and County officials between the Mayor and the Board of Supervisors, as also the officers, and I can see for myself, without the sugges-

Board Is After More Portuguese

Action is being taken by the local Board of Immigration to secure a number of Portuguese families from the Eastern States. At the meeting of the Board last week word was received by the Board that there were a number of Portuguese laborers available in the Eastern States, and word was sent to the agent in New York, J. D. Trenor, to look the matter up.

"We have learned nothing definite on the matter yet," stated Richard Ivers this morning, "but the matter has been referred to the agent of the Board in the East. He will take the proposition up, and ascertain whether or not there are any Portuguese available."

M. A. Silva, who has been the agent of the Board in San Francisco, and who sent several hundred Portuguese families down here, has been recalled, because there is nothing more he can do in California. The mission of the Board of Immigration is to bring whole families here, not single men, and the supply seems to have been exhausted in San Francisco.

The most recent plan of the Board was the bringing of fifty families of Italians, preferably from the south of Italy, here from New York, and this is the scheme that Trenor was supposed to be working on.

This Portuguese movement will not in any way interfere with the bringing of the Italians. That proposition will go ahead just the same as before.

SOUGHT PRACTICAL EDUCATION AT THE INDUSTRIAL SCHOOL

"The suggestion of Mr. Damon that the public schools do more towards training their pupils for practical vocations in life, calls to my mind an incident which happened a few days ago, and which demonstrates how wide awake the Hawaiians are to the value of just such an education," said John Emmeluth this morning.

"A Hawaiian woman came in from the country the other day to ask my advice. She has a daughter who will soon graduate from one of the country schools. She wanted to know what she must do in order to have her daughter enter the Girls' Industrial School, the Reform School as she put it, as she maintained that the girls who were turned out by that institution were better trained and fitted for practical work than those of any other school in the Territory."

Favorable Report On Frear Bill

U. S. Senate, Committee on Pacific Islands and Porto Rico, Dec. 29, 1908.

Mr. J. Emmeluth, Honolulu, Hawaii, Dear Sir:—I am directed by Senator Foraker to acknowledge the receipt of your cablegram of the 16th instant, and to hand you herewith a copy of the bill covering the amendments to the Hawaiian land laws.

Very truly yours,
C. E. ALDEN.

P. S.—The bill has been considered by this committee, but no action has as yet been taken reporting it to the Senate. A favorable report will probably be had, however.

More Ships For The Navy

WASHINGTON, D. C., Jan. 7.—Secretary of the Navy Newberry is urging an elaborate naval program upon Congress. He recommends that appropriations be made for four monster battleships, four scout cruisers, ten destroyers, four submarines, three colliers, one repair ship, and two mine-laying ships.

Ten Shocks Hourly

MESSINA, Sicily, Jan. 7.—The earthquake shocks continue, there being on an average of ten shocks every hour. The work of rescuing people from the ruins goes forward, the total saved to date being 3200, taken out alive. At 10 o'clock today a fresh fire broke out and destroyed the City Hall with its records.

To Dethrone King

LISBON, Portugal, Jan. 7.—The King was warned at a banquet today of a plot to dethrone him.

BATTLESHIPS GO TO BIERUT

PORT SAID, Suez Canal, Jan. 7.—The American battleships Virginia and Louisiana have passed through the canal and sailed today for Bierut, Syria.

REMOVE RHODES SAYS MR. ACHI

Editor Evening Bulletin: Rhodes his Secretary, he made appointments of a large number of employees including even watchmen and chairmen.

This action of the Mayor Fern without question was ill-advised; and I am afraid may constitute a malfeasance in law.

At the regular meetings of the Board of Supervisors held on Tuesday night and Wednesday afternoon, through the advice of Charles L. Rhodes, the Mayor refused repeatedly and continually to put proper motions made by the Supervisors, after such motions were duly seconded.

Such action is unusual and would

AMERICAN-HAWAIIAN

H. Hackfeld & Co., local agents for the American-Hawaiian Steamship Company, have sent out the following notice by postal card:

Seattle and Tacoma to Honolulu—S. S. Mexican to sail January 11.
San Francisco to Honolulu—S. S. Mexican to sail January 14.

The Canadian-Australian Royal Mail steamer Aorangi, bound from Sydney to British Columbia, reached here shortly before 7 o'clock this morning and, after complying with quarantine and customs formalities, proceeded to dock at the Oceanic wharf. Three hundred and eighty tons of miscellaneous cargo were landed at the wharf this morning. She takes on board a number of passengers here, bound for Victoria and Vancouver, as well as the Canadian mail. She brought in a considerable amount of mail this morning from Australia and Fiji.

WAILUA HAS CUT DIVIDEND

The directors of the Wailua Agricultural Co. held a meeting this morning at which it was decided to reduce the monthly dividend of the company to one-half of one per cent a month from one per cent a month. This move has been expected for some time past, and does therefore not create any surprise.

While the dividend is being reduced this does not reflect on the present status of the plantation, which is, as a matter of fact, very good. The year has been finished with a credit balance of over \$100,000, and the crop of the coming season will, it is estimated, run over the thirty thousand-ton mark.

Public Schools Will Have Savings Banks

Acting Attorney General Whitney has submitted the following tentative bill for the postal savings banks in the schools to Superintendent Babbitt, who will have it introduced in the next Legislature:

An Act To Encourage Saving Among School Children or To Establish a School Savings Bank.

Be it enacted by the Legislature of the Territory of Hawaii:

Sec. 1. Any child in any public school of the Territory desiring so to do may deposit with the principal of the school in which he is a student any sum or sums of money under the provisions of this Act.

Sec. 2. Such child so desiring to deposit money under this Act shall be granted a deposit book in such form as shall be approved by the Auditor of the Territory in which shall be entered such sum or sums of money as said child shall from time to time deposit. Such book shall be the property of the child or of his parents or guardian and shall be retained by him except for the purposes of entering therein deposits and withdrawals.

Sec. 3. Every principal of any school in which there shall be deposits under this Act shall keep an accurate account of all moneys deposited by a child of such school and shall remit as soon as may be any money so deposited to the school savings bank at Honolulu, together with the full name of the child depositing such money and the name of the parent.

Not Much Compromise

On the whole, the compromise idea was practically squashed this forenoon, but both the Republican and the Democratic sides of the Board of Supervisors being against it. A number of business men, among them Harry Armitage, approached the Supervisors to ask them to get matters settled quickly, and Dan Logan did his best to have some kind of a compromise effected, the most generally advanced idea being that of giving the Democrats Wilson as Road Supervisor. In this case, however, the way of the peacemaker was not particularly blessed. McClellan, Democrat, expressed the opinion that a compromise on the division of the spoils basis could not be of lasting value, and Jim Quinn, Republican, maintained stoutly that his side had nothing to compromise.

The main question is now in what manner and by whom the matter will be brought into the courts. It is evident that both sides are jockeying so as to get the other to take the decisive step, but at present it is impossible to say who will be "it."

The general impression of the Republicans is that Treasurer Trent will decline to pay the warrants of the

Promotion Committee Gets Encouraging Reports

Secretary Wood has prepared a report to be submitted at the meeting of the Promotion Committee this afternoon, reading in part as follows: The following letter from an Army officer at Manila is of interest and can but encourage the Committee in its work: 'I would deem it a great favor if you would send me some of your descriptive literature. I received a quantity from you about sixteen months ago, but it was gobbled up so quickly by others that I did not have a chance to get a look at half of it. If you have the same, would you kindly include in the ones you send, that which contains the prose poem of Mark Twain on the beauties of Hawaii. I think it one of the gems of the language and just about hits the mark; should you not have it in the form as asked, please do me the courtesy of sending the quotation. I wish to memorize it. 'I retire from the Army next year, when I expect to go to your town to spend the remainder of my days. I have been pretty well over the entire world in my travels, and can truthfully say that not a place in which I have been as much as even approaches Honolulu. From my first view of the place, in 1899, I have intended to live there when I should retire. I like the American element of your town, and should so enjoy living amongst and being one of them. You have, I apprehend, a very bright future. 'I presume, from what I can gather in reading current papers, that it is the policy of the War Department to maintain a very large garrison permanently in your vicinity. This will have its advantages in more ways than one. 'We are gradually getting more closely in touch with the leading papers of the Mainland. Among other letters just to hand is one from The Chicago Record-Herald, stating that they are planning to run a series of articles relating to the agricultural possibilities of Hawaii and asking us for data and photographs. 'Our agent in Los Angeles writes under date of December 22nd that the Pacific Mail Steamship Company is offering party round trip rates of \$110 from San Francisco by the steamship Mongolia, scheduled to sail February 16th, and that the outlook is good for a number of passengers by this steamer as well as by the Matson and Oceanic boats sailing during February. 'The matter for our special folder to be distributed on board all steamers calling at Colombo is already ready for the printer. For the inside pages, we have had a special map made which has reduced effectively. Through the courtesy of Dr. Gilmore, we are in receipt of translation of the text which will be published in English, French and German. Within another month we should be able to commence this distribution, which, I believe, will prove of material benefit. 'One of our correspondents writes from Rangoon, stating that he expects to be in Colombo soon, from which point he will send us some selected seed of a special variety of cocoa, which he hopes may do well here. Upon receipt of the beans, we will turn them over to the Agricultural Experiment station. 'The lithographs advertising the February 22nd Parade are now being generally distributed throughout the United States and Canada. 'C. S. Hammond & Company write that the new edition of the Cross Roads of the Pacific map has been shipped and should reach us about the middle of the month. This firm also writes that they are proceeding with the preparation of copy for the special red map of the world and hope to be large to all orders shortly. 'Mr. Henry E. Dosh, Director of Exhibits and Privileges of the Alaska-Yukon-Pacific exposition, writes, asking for copies of the colored plates of Hawaiian fishes, stating that he will have each picture framed and prominently displayed in the Fisheries building. 'At our request, the manager of the Los Angeles Times has placed our name on his free list for that valuable paper. 'Mr. A. Claude Braden, the lecturer, writes from Hongkong, that he has had all of his Hawaiian slides colored in Japan and is showing them to good audiences throughout Japan and China. 'Mr. W. H. Simpson, advertising agent of the Santa Fe Railway company at Chicago, writes that he has shipped us 100 copies of a new edition of their red wall map on which Hawaii is given prominent space. 'The principal of the Spring Valley Minnesota, High school, sends us an interesting description of "Hawaii Day" at their school, when a number of the advanced pupils submitted papers referring to the Islands. 'December 19th, we despatched some 2000 postal cards to leading railway and steamship agents throughout the United States and Canada. 'The new leaflet, for enclosure with ordinary correspondence will soon be

WATERFRONT NOTES

JUST AS SOON as the Royal Mail steamer Aorangi reached the Oceanic wharf this morning, the work of taking on board coal to carry the ship from here to British Columbia was commenced. While the stowagers were discharging cargo from one part of the vessel, men were at work filling the bunkers.

THE STEAMER Claudine, Captain Bennett, which arrived here this morning from Maui and Hawaii ports brought the following freight: 2297 bags of sugar, 100 sacks of charcoal, 28 sacks corn, 40 hoes, 1 horse, 1 automobile, 48 packages of hides, 65 packages of empty bottles, 161 packages of sundries.

THE UNLOADING of the cargo of coal, brought here for the Q. M. depot lately by the transport DIS, is progressing rapidly. The task will be completed within the next few days.

SAILMAKERS ARE busy repairing the canvas of the Inter-Island steamer Nihau, which is tied up at the Inter-Island wharf undergoing minor repairs.

THE INTER-ISLAND steamer Maui was fumigated this afternoon. The operation was started shortly after 1 o'clock.

AN INSULT

Magistrate: You are charged with assault and battery. Are you guilty or not guilty? Prisoner: I suppose I am guilty, your honor, but there were mitigating circumstances. Magistrate: The plaintiff claims that you gouged his eye, bit a piece off his ear, knocked him down, and then walked all over his body. Now what did he do that you should assault him thus? Prisoner: He said that I was no gentleman, your honor.

KEEPING UP APPEARANCES. The captain of a certain yacht had evinced an anxiety touching a mishap to the craft that at once attracted the attention of a fair passenger on board. "What's the trouble, captain?" asked she. "The fact is, ma'am," was the response, "our rudder's broken."

"Oh, I shouldn't worry about that," said the lady. "Being under the water nearly all the time, no one will notice that it's gone."

POSSIBLY.

A suffragist lecturer brought down the house with the following argument: "I have no vote, but my groom has. I have a great respect for that man in the stables, but I am sure that if I were to go to him and say, 'John, will you exercise the franchise?' he would reply: 'Please, hum, which horse be that?'"

"A prophet," remarked the moralizer, "never forgets his predictions if they happen to come true."

"And if they don't come true," rejoined the demoralizer, "his friends won't let him forget them."

(Continued from Page 1) large amounts of money; and all this action has been taken outside of the power of veto or approval by me as Mayor.

If Mr. Quinn and his associates can create a legal liability to pay one dollar in that way independent of the Mayor, I do not see why they cannot create the liability to pay one hundred thousand dollars in the same way.

It is true that an appropriation bill for a quarter of a million dollars has been introduced into the Board of Supervisors, and from the fact that notice of this appropriation bill has been published in the newspapers, I should infer that finally this appropriation bill will be submitted to me for my approval or veto, but that approval or veto cannot, if the position of the Board of Supervisors is correct, reach the question of distribution among our business men.

Arrived whether under the law I have a right to pass upon the crating of obligations and liabilities in the first instance, and whether I have the veto power upon such action by the Board of Supervisors or not. That is the main point in question.

When this appropriation bill comes before me, if it does, it will be largely a question simply whether I shall agree to the paying of bills heretofore incurred by the Committees of the Board of Supervisors where I have had neither voice nor say as to whether these liabilities in the first instance should be incurred or not.

Anyone who read the rules voted through by the Board of Supervisors at their first meeting could see at once what those rules meant. They were far wide of the question of who should be officers or who should not, or who should appoint them or who should remove them, and believing as I do that I have, under the law, the right to pass upon and approve or veto any proposed expenditure of public money before the obligation has been incurred, upon the direct issue of whether the same shall be incurred or not, and believing also that this right is a vital one to the public interests, I have been compelled to enter a consistent protest against all action involving expenditures in this connection.

Now how is that issue to be settled? If compromised, compromised in what way?

I do not consider that I have any authority to waive such a right anyhow. If the court holds practically that my veto does not reach the question of incurring obligations, but only comes in after the obligations have been incurred on the question of paying existing obligations, well and good, but it is clearly a matter that cannot be compromised on the side by anyone; the courts have got to decide that issue.

I stated in my inaugural address, and have repeated since, that I wish the matter settled before the courts, and that is still by desire, and I am more than willing, and have always been so, to have the matter settled promptly to court. Not a single person has approached me from the other side suggesting a suit or any compromise, other than the one to divide up offices, as already stated.

The Board of Supervisors is absolutely in the hands of the Republicans, the courts have been open to them from the very first, and I cannot understand Mr. Smith's almost threatening letter addressed to me this morning, if he desires the matter settled before the courts, and I now suggest to him that he take a hand and have the matter settled promptly before the court, assuring him that I will meet him more than half way in that matter, and telling him also that I have never been advised to do otherwise by anyone, counsel or anyone else.

Moreover, I suggest that whatever my intentions, I have had little opportunity to obstruct anything; I have entered my protest in the only way open to me at the time, which has been promptly overridden by the Board of Supervisors. Perhaps even protest under the circumstances are an offense to Mr. Smith, or perhaps he is not fairly informed as to all the facts and issues involved.

It has been suggested that the real time for intervention by the courts will be when an attempt is actually made to pay out and deliver money from the City and County Treasury to the employees created and controlled by the committees of the Board of Supervisors; however, Mr. Smith may be able to suggest some prompter and more complete settlement of these issues, if so, well and

***** good. Meanwhile in the due course of business I felt it only right to call upon the City and County Attorney for his opinion, notwithstanding the fact that the Board of Supervisors seemed unquestionably to be acting under his guidance and informal advice from the start. We now have my letter raising the issues that I want settled before the court and his reply made thereto, so that the issues are defined, in writing, that should be submitted to the court.

While I admit that I have not an unconfident confidence in the opinion of the City and County Attorney as I might have had if he had occupied a wholly neutral and non-committal position until he was appealed to, I nevertheless disclaim that I will desire to go to the courts on that account.

I am advised that the matter is too important, the Municipal Act too uncertain in its provisions, and the expenditure, the legality of which is involved, too large for me even with the most impartial advice not to have the matter first settled in court, and, therefore, the personality of the City and County Attorney is not involved in my decision to get a ruling from the courts.

The most important point now is when and how it should come, and in that respect I must be guided by the advice of counsel, which certainly thus far has not invited any unreasonable delay, and the willingness of the other side to bring about prompt action.

MAUI'S CHANGE WAS PEACEFUL

Old County Board Hands In Its Report And Retires

NEW SUPERVISORS NAME POGUE AS CHAIRMAN OF BOARD

Democrats Have Many Petitions To Offer Through Their Representatives in Public Office

(Special to the Bulletin)
WAILUKU, Maui, Jan. 6. — The outgoing Board of Supervisors of Maui County met last Saturday morning to wind up their affairs. Chairman Wm. Henning of Lahaina was present, as were also Supervisors W. F. Pogue, W. P. Hala, and T. T. Meyer. Supervisor S. E. Kalue was unable to be present. Everything passed off very quietly.
The expenditures of the County for the year ending Dec. 31, 1908, were \$188,678.99, viz.: \$136,954.16 public improvements and road board pay roll and \$51,724.83 police pay roll. Of the large amount expended during the year for public improvements, fully 65 per cent., or about \$85,000, went for pay rolls and \$2,000 for materials on the roads. Therefore Maui County can boast of \$134,654.16 worth of new roads during the year just passed, and if Maui County had expended that much per year during the last twenty years Maui would have had about \$2,739,000 worth of roads, materials, and machinery to boast of. But it hasn't.
At noon on Monday, Jan. 4, 1909, the new Board of Supervisors took their oaths of office. Their bonds were approved by Circuit Judge A. N. Kepoikai. W. F. Pogue was appointed chairman and T. B. Lyons vice chairman. Never since the first opening of County government in 1904 has the first meeting of the Board been so well attended. It was with the greatest difficulty that one fought his way through the solid phalanx of Democrats and Home Rulers lining outside the headquarters of the Board. The people were happy and contented at seeing the two Democratic members taking an active part in the deliberations.

Molokai Democrats presented a petition that the pay of laborers on the road be raised to \$1.50 per diem, while the Democrats and Home Rulers of Central Maui filed a huge petition praying that the appointments for local offices by T. B. Lyons be approved by the Board. On the strength of this last petition, the Board adopted a resolution continuing in office the appointees of the outgoing Board until new appointments are made.
Among the appointments to be made will be the following:
County Engineer—Hugh Howell.
Road Supervisor, Wailuku—P. Sommerfeld.
Road Supervisor, Lahaina—W. L. Decoto.
Road Supervisor, Makawao—G. Groves.
Deputy County Attorney—Enos Vincent.
Clerk—H. C. Mossman.
Captain of Police, Wailuku—C. Lake.

There is a movement to get Mr. Foss appointed Deputy County Engineer for Makawao District.
The Board will continue its sessions until Friday, when they will adjourn until next month. Mr. Kaui has not made any recommendations for office yet, although it is understood that he favors Palukiko, Democratic political interpreter, to be appointed fish inspector for Lahaina District in recognition of his great services to the party during the last campaign.

THURSDAY JANUARY 7, 1909

Since Mayor Fern wants to go to court accommodate him as soon as possible.

Have you kept the New Year resolution to speak well of Honolulu?

According to Judge Kepoikal he must have been asleep when he resigned—if he did.

No one is happier these days than the ancient enemies of local self-government in Honolulu.

If you have money to invest, see that you think first of the town where your money was made.

Mr. Kahaulelo is in town. Which is another way of remarking that the Legislature will soon convene.

The Bulletin has received an interesting communication from Senator Coelho, which will be published later.

If Mr. Fern is the product of his political advisers he had better break loose and try being Mayor Fern for a while.

Maul's Democratic Supervisor has a chance to make himself famous as the chairman of the Committee on Town Hall.

Mr. Achi would have Mayor Fern's secretary removed, because he whispers in the ear of His Honor. Can that be what's the matter with the Mayor?

Portuguese who came from the Eastern States are occupying positions of trust on many plantations. There is every reason why others from the same source should do as well or better.

The scheme of labor agitators is to collect twenty-five cents from every Japanese laborer. That would amount to about seven thousand dollars a month. Then the agitators would be able to live in luxury.

Senator Foraker expects to put the Organic Act amendments through. And in the meantime the people of Hawaii have about as much knowledge of what is being done to them as they have of Alaska's prospect for statehood.

Over one thousand men are to arrive in Honolulu during the next few days and there are still misguided citizens sitting on the lid to suppress a boom! Honolulu is bound to grow. What's the sense of trying to stem the tide?

Maul County aims to set aside a definite sum each year for belt-road construction. That sounds good enough to inspire the City and County of Honolulu to build a belt road that will circle the island by way of the Makapuu pali.

Judge De Bolt's ideas on divorce are good and, if carried out, would correct many evils. It is possible, however, under the present law for circuit judges to exercise a beneficent influence by ferreting out the instances where there is apparent collusion among the parties to the divorce steered by the lawyers.

Watch how the local news bureau maintained to discredit local self-government in Hawaii, will play up in mainland papers the inauguration of Honolulu's city government. When white turns black, the agents of that combination will give an honest representation, and cease their effort for government by commission.

Supervisors of the City of Honolulu should do their utmost to bring the present deadlock to a speedy conclusion. It takes more than one to make competent government and there are several sides to bad government. The blame cannot be indefinitely shouldered onto the Civic Federation Mayor and Democratic member of the Board of Supervisors.

THE MUNICIPAL FOLLIES.

It is to be hoped that no member of the Board of Supervisors or any intelligent citizen regards as a discovery the self-evident fact that an appeal should be made to the courts for an interpretation of the municipal law passed by the last Legislature.

Honolulu would furnish an exhibition for gods and men if any of the governing officers were to suppose or assume that the present condition could go on forever or until one side or the other becomes tired.

The issues at stake must go to the courts. The circus has proceeded long past the time when the show continues to be amusing.

Mayor Fern and his political advisers and the Supervisors of the City and County of Honolulu may accept it as a truth that the people are neither satisfied nor pleased with the manner in which the governing authority has proceeded thus far.

The point to be determined is whether the Mayor shall make the appointments to petty offices not named in the municipal law or not.

There is no doubt that the purpose of the Legislature was to provide that the Mayor appoint with the advice and consent of the Supervisors.

If the law is properly interpreted otherwise, let it be known as soon as possible and then the Legislature will be in a position to act intelligently if the city government does not.

Meanwhile, we have to remember that the Supreme Court of the Territory is a non-political body, made up of members with keen intellects. Consequently, if the lawyers for the opposing sides are unable to find the exact point on which the municipal law may be cleared up, some judge may be expected to develop a new idea from which, as a basis, the whole difficulty will be settled.

A PRODUCT OF CIVIC FOOLS.

One hundred ballots cast in the last election by men who assume a high degree of "intelligence" were found to have not been marked for the office of Mayor; that is, one hundred qualified voters did not vote for Mayor.

The ballot is a secret ballot, but enough is gained from the after-gleanings of the election to make it clear that the refusal to vote for any candidate for Mayor of Honolulu was fostered by a secret organization termed the Civic Federation.

That organization claiming for itself and its members a high standard of intellect, a larger share of love for good government, a holier-than-thou halo, decided that there was no one in the list really worthy the office of Mayor. The three men and a boy doing politics for the secret association knew Lane was a good presiding officer and had a first-class legislative record, but they did not like him. They also did not like Achi, but came near endorsing him. They had once endorsed the Democratic candidate Fern; and knew that their failure to endorse Lane would help their former friend.

Fern was elected, or at least was so declared by virtue of a decision of the Supreme Court majority.

Fern thus far has proved a fizzle. Municipal government has started out accompanied by incidents as inauspicious as the worst enemy of American government in Hawaii could wish.

The result would have been far different had either Lane or Achi been in the Mayor's chair.

The present condition may be traced back to those "intelligent" citizens who refused to vote. The men who, in the name of "civic virtue" violated every principle of patriotic American citizenship.

There is a sample of the "good-government" hypocrisy that prevails in this town. And it proves that there is a greater danger threatening American government at the hands of pink-nosed purists than from the poorest laborer that ever did an honest day's work on the roads.

The exhibitions of incompetence in our city government are a direct product of the "intellectual" and foolish people who have formed an idea that they can reform conditions by calling political workers names and then, in the name of their "purity," refusing to play.

Government by the people will finally win. It has never failed. The thing Honolulu has encountered is merely one of the blocks placed in the pathway of progress—sometimes by fools; sometimes by knaves.

Hawaii's future prosperity is based on agricultural industry. What an error it is to educate children away from the soil, while giving them a book equipment to aid them in the struggle of life.

PUBLIC SCHOOLS WILL

(Continued from Page 1) ent or guardian of such child. Such money shall be sent whenever possible by means of postoffice money order payable to the school savings bank at Honolulu.

Sec. 4. The school savings bank at Honolulu shall be in charge of and be conducted by the teacher in charge of the McKinley High School in Honolulu. Such teacher shall keep books of account containing a separate account for each child depositing money. The work of keeping such books of account shall be done by the pupils in the Commercial Department of said McKinley High School under the direction and control of such teacher and without compensation therefor.

such savings bank shall upon receipt of any money from the principal of any school as above provided receipt for the same to the principal remitting such money and shall forthwith deposit such money in some savings bank or trust company approved by the Auditor of the Territory under such agreements as to the payment of interest on the same as shall be approved by the Auditor and to the credit of the school savings bank.

Sec. 6. Interest shall be calculated as of the first day of January and July of each year and each child depositing money shall be credited with all interest received on his or her deposit from such savings bank or trust company in which the same shall have been deposited by the school savings bank. There shall be no deductions made from such interest for any costs or expenses of carrying this Act into effect, but all such expenses shall be paid out of any funds appropriated by the Legislature for the incidental expenses of the Department of Public Instruction.

Sec. 7. Withdrawals may be made from any deposit by any child so depositing by and with the consent of his or her parents or guardian and under such reasonable terms and conditions as to interest as shall be established by the Department of Public Instruction.

Sec. 8. The Department of Public Instruction shall make uniform rules and regulations as to the manner and time of making deposits and withdrawals concerning all matters necessary or convenient for the carrying out of this Act.

Sec. 9. The principal of any school receiving deposits from any child in said school shall be personally liable for the safe-keeping of such money until the same shall be remitted to the school savings bank in Honolulu.

Sec. 10. It shall be the duty of the Superintendent of Public Instruction to require from the teacher in charge of the school savings bank in Honolulu a bond for a sum not less than two thousand dollars and at no time less than the aggregate of all deposits in said school savings bank. Such bond shall be approved by the Auditor of the Territory as to sufficiency and by the Attorney General as to form and shall be conditioned on the faithful performance of his duties as such teacher in charge of the school savings banks and for the faithful accounting of all moneys which may come under his control or into his custody by or on account of his connection with said school savings bank. When an corporation organized for the purpose of becoming surety on bonds authorized under the laws of the United States to act as surety and doing business in this Territory under the laws thereof shall be the surety on such bond, the premium due such company for acting as such surety shall be paid by the Department of Public Instruction as an expense of carrying this Act into effect.

Sec. 11. This Act shall take effect from the date of its approval.

REMOVE RHODES

(Continued from Page 1) never be taken by a presiding Officer properly advised as to his duties.

Furthermore the action of the Secretary of the Mayor in whispering to the ear of the Presiding Officer during the session of the Board and instigating and encouraging him to block the due carrying on of the public business is something that calls for more than adverse comment.

When the Mayor refuses or declines to do his duty as President of the Board, he is violating the law, and if I am not mistaken is guilty of a non-feasance in law, which could be made the basis of impeachment proceedings. (See Sec. 76 Mun. Act.)

As a presiding Officer it is one of his duties to put all proper motions which are duly seconded, whether he likes them or not.

I am informed and believe that Mayor Fern has acted throughout under the advice of Charles L. Rhodes his secretary, and to protect Mayor Fern's own interests and save him from ridicule and to protect the interests of all Hawaiian-Americans, I believe the Mayor should remove Charles L. Rhodes from the position of Secretary to the Mayor, and thus rid himself of one who is bringing discredit upon the Office of Mayor and unjust criticism upon the Hawaiian people.

SCENES IN HEALTH EXPOSITION SHOWING NEW YORK'S WAR ON THE WHITE PLAGUE

The international tuberculosis exhibition now being held in New York City supplies the most elaborate series of object lessons on tuberculosis and the means of its prevention ever placed before the public. The exhibition occupies an entire wing of the Natural History building and a temporary structure adjoining. It has attracted the attention of all classes of people since its opening, being besieged by throngs ranging from 10,000 to 40,000 persons daily. Some of the exhibits are methods of milk inspection, accompanied by lectures; graphophone lectures on cleanliness as a means of minimizing the spread of tuberculosis; the care of drinking cups at public fountains, rooms in the crowded tenement districts, where the white plague thrives and replicas of these rooms after the Charity Department has had them cleaned, refurnished and repainted, and maps of the city showing where the disease abounds. These maps are marked with black pins showing where every case of consumption is situated. There is also a red incandescence light that flashes every time a victim dies of consumption in the greater city. This grim reminder of the ravages of the disease is one of the most striking features of the big show.

Weekly Bulletin \$1 Per Year

TOMORROW COMES FIRST COUNT OF BALLOTS; SEVERAL MORE CANDIDATES ENTER RACE

FIRST PRIZE ATTRACTS MORE INTEREST

All Votes Cast Friday Will Appear in Saturday's Issue of The Bulletin

Tomorrow evening the first count of the ballots in the Bulletin's Alaska-Yukon Exposition Contest will be made, and, judging from the vote that has already been cast, there will be surprises in store for all. The voting has not slackened since the first announcement of the names were made, and most all are working for a good showing for the first count of the ballots.

Several more names were added to the list today and most all have commenced to ask for votes. On Saturday the 3000-free-vote ballot will be discontinued and all entering after Saturday will not have the benefit of the 3000 free votes for a starter, and it is a good idea to register your name before this ballot expires.

Special Features of Contest

The fifth trip will be for the chaperone, who will be chosen by the candidate receiving the largest vote in the four districts. This is the most interesting feature of the entire contest. Not only do the four winners go themselves, but the one of the four receiving the largest number of votes, irrespective of district limitations, will have the right of selecting a fifth, who will chaperone the party.

Each district mentioned will furnish one of the successful candidates, it being the rule of the contest that no two winners can be residents of the same district. Each candidate, however, is entitled to receive votes from all the districts.

Those who contest do not necessarily have to be subscribers to the Bulletin, and the winners of the free trips may go whenever they choose, individually or in a group. The best accommodations possible have been arranged for, so that there will be no doubt of convenience and safety.

Enter your name, or that of your friend at once. She may win a free trip. Nothing is easier than winning if you go about it rightly and solicit the aid of your friends in helping you out. Of course, the best way of securing votes is by getting your friends to subscribe for the paper, thus getting the coupons issued thereon. There is another way of voting, however, and that is by clipping the ballots from the Bulletin, filling in the name of the young lady you wish to vote for, and bring it to the Contest Department. The votes will be counted each day and published in the Bulletin the day following. Ballots cast after 4 o'clock will not appear in the paper until the second day following.

Tomorrow comes the first count of ballots. More new names appear this evening.

Subscription Blanks

Candidates should call on the Contest Manager at once and secure subscription books, and there are a number of things he would like to tell you, in regard to the best way of securing votes. Call at once at the Bulletin office.

3000-Free-Votes for Other Islands Until January 9th

The 3000 special nominating ballot for the outside islands on account of some misunderstanding in country districts, and those who intend entering the contest had better clip out this ballot and mail to Contest Department at once. There are no restrictions in entering the race any time during the contest, but those who enter now will get the benefit of the 3000 special ballot.

3000 Free Votes

There is a ballot printed in this issue of the Bulletin which, when clipped out and properly filled in and forwarded to the manager of the Contest Department, will count 3000 votes. This is a chance for you to propose your favorite young lady in the popular contest.

This special ballot is only good until Saturday, Jan. 9, and each contestant is only entitled to one ballot. This ballot applies to Districts Nos. 2, 3, and 4 only.

THE FIVE TRIPS WILL BE APPOINTED AS FOLLOWS:

District No. 1 includes the City and County of Honolulu.

"MRS. WIGGS OF THE CABBAGE PATCH"

The humor and pathos of the written pages are not only retained, but the art of the actress adds to the enjoyment of the one and gives a deeper meaning to the other. In this instance the play is not the whole thing, clever as it is. The fine character-work makes one forget that the plot is not subtle, and is the distinctive merit of the piece. Mrs. Wiggs and her daughters, Asia, Australia, and Europa, whom she named from the "Jography," the lazy, liquor-loving Billy Wiggs, the pessimistic Miss Hazy, spiteful Mrs. Eichorn, impulsive Lovey Mary, each tears a page from life, and with such a rare group of entertainers a fine-spun plot would be out of place, for great emotions need simple settings. Laughs come quick and fast in the play and there is enough of the pathetic for proper seasoning. The humor of Mrs. Wiggs is irresistible. "Matrimony," says she, "is like everything else—you get out of it about as much as you put into it." This wasn't true in her own case, but she thought it was, and did what she could to make it true. "It doesn't matter what part of the world you live in, if you have the right person to live with," she says again; and she also remarks "It ain't no use puttin' up your umbrella till it begins to rain." She doesn't believe in shutting herself up in any one church, and her sympathy is wide enough to take in Lovey Mary and her baby protegee, Little Tommy, without asking any questions. Still, it is not all as a fun-maker that Mrs. Wiggs makes her appeal. She shines even brighter on the erring Mr. Wiggs, who has deserted her and the children, and unexpectedly finds himself in the presence of the woman he has so cruelly wronged. The pathos of this scene goes right to the heart. Wiggs goes away without even going into the house to see the little ones, and it seems as though Mrs. Wiggs could never be happy again, but a moment later she is devoting all her energy to pling the drunken Mr. Stubbins into a freight car and shipping him away from Mis' Hazy, who has paid a dollar for him at the matrimonial agency and got decidedly the worst of the bargain.

FRANCISCAN SISTERS

SHOULD HAVE PROPER HOME, SAYS COELHO

"I regret very much having been a member of two past legislatures which failed to reward the efforts of the good Franciscan Sisters who have labored among the lepers and their children for the past twenty years by providing decent accommodations for their comfort," said Senator Coelho today.

"I have learned that the buildings they now occupy with their charges, 57 girls ranging in age from 1 to 18 years, have been built by the Sisters themselves and their servant of old rough boards which the Government had no use for elsewhere.

"I shall certainly do all I can this coming session to get them a decent home. Hawaii should be grateful for the good it has received from the services of these saintly women. I hope there will be no opposition to the provision for such a home. The sisters do not ask it, but, the people should provide it without the asking. Other legislators here now should go down to the home and see for themselves the deplorable condition their home is now in."

Dr. K. Haida president of the Japanese Charity Hospital, will be the host at a banquet to be given tomorrow night in the Shin-Riu-ten club, corner of Vineyard and River streets. The hour is set for 7:30 and the guests are expected to be there in time.

Dr. Haida was elected president of the hospital last October and was officially installed in office December 19th, succeeding Dr. Oyama. Among the guests, will be members of the Japanese Medical Association, and a number of well known Japanese merchants.

I WAS AMUSED

THE OTHER DAY when an Elderly Gentleman backed me up against the corner cigar store and enquired if I was the "OPPORTUNITY" Man. I admitted the soft impeachment and also smiled widely. The E. G. grabbed me by the coat lapel and delivered himself to this effect: "There never was a gold mine. There isn't one today. There never was a cent made in any kind of mining. The only reason a gold mine is called a gold mine is because people are foolish enough to dump their good gold into it. They never get any out. And as often as not there's no mine at all. He knew. He had invested in mining stock once. The thing was a fake, of course. No more mining stock for him. Not in a thousand years."

Now, wouldn't that upper-cut you? Where his Nibs thought the world's present supply of gold came from, gets me. Perhaps he thought it all came from Bishop's Bank. The E. G., nevertheless, is representative of a class of people who swallow the bait of any fly-by-night fakir, or wildcatter who peddles out cheap stock and promises the earth, or at least a thousand dollars for every one put in. His proposition may be the wildest kind of "Wildcat," his roseate statements entirely unsupported, his "mine" a pipe-dream, and he himself belong in jail, but if his stuff is only cheap enough—a cent or two a share—they will buy it. Such people are not investors—they are "suckers" buying experience. But they hurt legitimate mining because ever afterwards they will keep on telling how they "invested" in mining and lost their money.

With regard to the Elderly Gentleman, I steered him along to my Office, showed him ore specimens, photos, charts, maps, Government Reports, and statements of Honolulu people who have visited the "MAYFLOWER." He revised his conviction about gold mining to the extent that there was, at least, one gold mine, and that we owned it. Before he flew, he broke in for 1000 Shares. Other mining stocks and other Mayflowers can be bought at less prices, but our Mayflower is the Mayflower Quartz & Channel Mining Co. and the price is 25 Cents a Share. Drive a tack in that fact.

Yes, our "MAYFLOWER" is the real thing, with assurances attached. Buy the Stock at 25 Cents. You're missing a trick if you don't. Be brisk and get in your order. Buy it. It's a brilliant buy. BUY "MAYFLOWER" STOCK. BUY IT NOW!

Supervisors Employ Old County Forces

The obstructive tactics which characterized the session of Tuesday evening were continued at yesterday afternoon's session of the Board of Supervisors. The Mayor declined to recognize the committees appointed by the Board and refused to put the question when their reports were offered for adoption.

The minutes not being ready, the Board proceeded at once with the committee reports after the call of the roll.

The first report made was that of the Committee on Roads, Bridges, and Parks. Supervisor Quinn read the report as chairman of the committee, and moved its adoption.

Mayor—"I must rule that the men whose names are signed to that paper are not the members of the committee, and I therefore decline to put the motion."

Logan—"Mr. Mayor, I appeal from your ruling."

Mayor—"I refuse to put the appeal."

The course of procedure adopted Monday was then followed, Supervisor Logan putting the question.

The report was adopted, all but McClellan voting for it.

The Board's Committee on Fire Department and Electric Lights then reported.

The Mayor's refusal to recognize the committee, and to put the question as to whether or not the report should be accepted, threw the whole thing back upon the Supervisors.

Logan varied the program by saying that as the rules of the Board do not require him to appeal from the ruling of the Chair, he would at once put the question himself.

The report was accepted, only McClellan voting against it.

The reading of the legal opinion of City and County Attorney Cathcart, in answer to the questions propounded by Mayor Fern Tuesday night followed. A summary of this appeared in the Bulletin yesterday.

"Is there any further business?" asked the Mayor.

Cathcart said that the reading of communications would follow.

A letter was read from Auditor Bicknell stating that he had appointed Sol. Mahelona his assistant at a salary of \$125.

Logan moved to place the letter on file. Fern refused to do so three times and Logan himself put the motion, which carried by the usual 6-to-1 vote.

A petition was read from residents of Palama, asking for the installation of four electric lights on Auld lane.

"There is no such Committee on Fire Department and Electric Lights," said Fern. "I refuse to put the motion."

The formal triple refusal followed. Logan put the motion, which carried on the usual vote.

Cathcart called attention to the fact that no Chinese interpreter for the District Court had been appointed. It was necessary to have such an official.

Logan asked Cathcart to recommend someone for the position.

Fern said the law placed the appointment with the District Magistrate.

Cathcart said the Judge would appoint whoever the Board recommended. He must have an interpreter.

Logan said he did not see why the Board should take the matter up. He moved that the District Magistrate be informed to that effect and that he ask the City and County Attorney to recommend a candidate.

Logan moved to adjourn until 1 p. m. tomorrow. This carried.

The Truth About Kidney Trouble

(UREMIC HEADACHES)

There is a class of headaches that are very persistent and very painful, that are to be suspected where there appears to be no cause for them, especially in those cases in which there are decreased or scanty eliminations.

These are usually ugly symptoms and mean that the kidneys are not eliminating the toxins or poisons, and that they are retained in the circulation.

It is in such cases that appetitic symptoms or drowsiness and convulsions follow.

The central difficulty is again inflammation of the kidneys that has to an extent closed the kidney functions, and it is apparent that a reduction of the inflammation will re-open the tubules with gradual restoration.

As the direct effect of Fulton's Renal Compound is to abate inflammation in the kidney tissues, it is seen why it is the first thing to be effective in these cases and why failure has been the rule under the old indirect treatment.

The symptoms under the above heading are urgent and permit of no delay, for before this Compound was discovered they were nearly always fatal and generally in a few months.

In such cases hot baths will aid the Renal Compound, as sweating helps to relieve the uremic condition.

LIFELONG ADVOCATE OF TEMPERANCE OPPOSES PROHIBITION

Miss Phoebe Cousins, a life-long advocate of the temperance movement, has taken a stand against prohibition which will attract world-wide attention. She has finally concluded that the results of prohibition, as illustrated in our country, are wholly disastrous and that nothing good is to be gained by the further extension of that doctrine. "All women in the Women's Christian Temperance Union are narrow minded," said Miss Cousins, while discussing the wave of prohibition that has swept over the country. "They are not brought into contact with the world and do not know what real temperance is. They can only see a world of drunkards if liquor is sold. They are religious vandals of the rights of free men, and Russia itself cannot duplicate such an abridgment of personal privileges as these women propose. The women and preachers have gone mad over the whole thing. They think the whole universe is going to the dogs just because a little liquor is being sold in this country. We must look at results. The distillers are prosperous; they pay \$287,000,000 in taxes yearly. And someone besides paupers, criminals, and drunkards must drink the liquor these taxes represent. Then prohibition does not prohibit. It is not founded on common sense. It is a fraud on the people. Prohibition encourages secret vices, immorality, fraud, and perjury. It has honey-combed public morals in increasing ratio. You can't eliminate from mankind an appetite inherent in

man. "All nations foremost in history are nations that drink. Turkey, with its entire prohibition through the dogmas of Mohammedanism, prohibits the use of spirituous liquors or their manufacture, has produced a brutal, licentious, cold-blooded race. It is the only prohibition nation on the face of on the face of the globe, and it stands at the foot of the ladder of civilization, without a single impulse toward art, literature, or the sciences. In contrast to Turkey, a prohibition country, look at Germany, for 2000 years the outpost of civilization, where men and women both have always drank beer, and yet Germany holds the first rank in the arts of the world. This is because of the beer. But they drink in moderation."

When asked why she opposed prohibition, Miss Cousins laughed and said: "I have changed my mind about prohibition since its wonderful advance in this country. I do not believe that prohibition will last, for it is not built on a strong foundation. Temperance should not be checked, I admit, but prohibition is not in a man's makeup, no matter who he is. There are a few total abstainers."

Hotel Baths Re-opened

The HOTEL BATHS have been opened under a new management, and the public is now assured of having a first-class bathing place in the center of town.

Better Service

The BATHS will be under the management of the Alexander Young Hotel, which has given them a thorough cleaning and overhauling, and guarantees the public the very best service that can be given in a public Baths.

New, well-made suits have been provided, plenty of clean, good towels, and the dressing-rooms have all been put into shape.

Water

The water will be changed daily, and the tank cleaned out thoroughly with each change. It will be artesian water, as before.

An even temperature will be maintained at all times. When it is too cold to swim at Waikiki, the water at the HOTEL BATHS will be "just right."

For Business Men

Business men will find the BATHS just the thing they need to keep them feeling right up to form through a hard day's work. A little brisk exercise, followed by a fifteen minutes' swim, will brace any man up. It's a natural tonic that can't be beat.

Eddy Refrigerators Are Built for Service

We cannot emphasize that too strongly. In their manufacture SERVICE (ECONOMY for the CONSUMER) is the FIRST consideration; after that comes APPEARANCE.

It is made of white pine. "Hard wood" SOUNDS better to the ear, but repeated tests have shown that nothing is the equal of seasoned white pine as a non-conductor of heat.

The smooth, sanitary ZINC LININGS of the EDDY are not so PRETTY as porcelain and tile, but they will never peel, crack, or break, making crevices for accumulation of filth and disease germs.

The EDDY is an Honest, Serviceable Refrigerator.

A STICKER

SPECIAL PRIZE HAS FOUND NO TAKER YET

HALSTEAD GREEN BAFFLES EXPORTS OF GOLFERS

Country Club Links Are in Fine Shape and Rearrangement of Handicaps Helps Sport Along—New Tennis Court Is Promising

Halstead Green, the new seventh hole on the links of the Oahu Country Club, is proving something of a "sticker." On New Year's Day a special prize was offered for the first player who should succeed in making the hole in three strokes; the prize is still hung up, and there seems to be but little prospect that anyone will win it in the immediate future. Players who are frequenting the links these days say that there is usually a suspiciously large crowd in the neighborhood of the new green, and the next tournament will doubtless see some wondrous improvement in scores as far as that particular hole is concerned.

The rearrangement of the handicaps has resulted in upsetting the figuring of a good many of the players, and for the next few weeks at least there will be no certainty as to the outcome of any tournament.

The greens committee has caused a handsome schedule of games for the year to be printed. The schedule is that which first was published in the Bulletin, and covers holidays as well as Sundays. The cards are handsomely gotten up and will prove very convenient to the players.

The links are now in better shape than they have been for months. The late rains gave the grass much-needed irrigation, and the moisture now having dried out of the ground, the turf looks fine and is in shape to make walking over it a pleasure.

The new tennis court promises to be one of the attractions of the club. The old court was torn out completely, and the method of construction used in the new one has been so thorough that it gives promise of being the peer of any in the Territory.

Walking Prizes Are Coming In Fast

The committee in charge of the walking contests of the 9th and 16th acknowledges the following donations for prizes offered by Honolulu business houses:

Cup, first prize open event, C. G. Bartlett, manager Honolulu Brewing & Malting Co.

Cup, a smaller one, E. O. Hall & Son, Ltd.

Pair of slippers, Manufacturers' Shoe Co., Ltd.

Five-dollar merchandise order, B. F. Ehlers & Co.

Hawaiian coat-of-arms cuff links, H. Culman.

Ornamental clock, Wall, Nichols Co., Ltd.

Box of 50 cigars, H. Hackfeld & Co., Ltd.

Cap, Silva's Toggery.

Pair of Walkover shoes, L. B. Kerr & Co., Ltd.

Shaving outfit, brush, mirror, and cup, Coyne Furniture Co., Ltd.

Volume late fiction, A. B. Arleigh & Co.

By tonight the entire list of prizes will probably be ready and the committee will then decide just what ones will be offered for the elimination event this coming Sunday.

RATHER CAUSTIC

The comedian and the leading lady stood in the observation car admiring the scenery.

"What a beautiful sunset," said the leading lady, dreamily.

"Yes," laughed the comedian, "it reminds me of your exquisite complexion."

"Ah, how kind! Because it is such a beautiful pink and white?"

"No, because it is swiftly fading."

And they never spoke from Kokomo to Kankakee.

A CALL

All the Chinese Athletic Club players are requested to turn out at Aala Park for practice this afternoon.

We want to do some batting, as our team needs practice very badly for the coming meet with the Aalas.

We want this championship. The public knows that the Chinese youths know something about baseball. Our captain is in good form for the coming meet with the Aalas; also our catcher and pitcher are in good form. We hope the boys will come out for batting practice this afternoon.

(Signed) WM. TONG.

SPOUTS BY THE SPORTING EDITOR

It is to be hoped that the coming poultry show will put all preceding exhibitions way into the shade. There is nothing that tends so strongly to improve the class of any variety of live stock as frequent competitions. The closer the competition is, the better it is for the animals entered. High class horses never flourished in a country where frequent shows were not held. Bench shows are absolutely essential where a high standard of excellence is to be maintained among canines. Cut out bench shows, and soon nothing but pot dogs will be seen. So it is with poultry. The mongrel, cross-between-a-Plymouth Rock-White-Wyandotte-any-anything else may do well enough for the hit-or-miss breeder, but the wise fancier will exercise some care in the choice of his birds. If he has the added inducement of a poultry show, he will exercise more care.

To the person whose idea of the poultry clan is limited to the common or garden variety of hen, there is something astonishing in the coops of beautifully-feathered, well-formed birds that fill the show rooms of a first class poultry exhibit. Incidentally, many a chicken-raiser, who has been content to see families of mixed-breed chickens grow to hen and roosterhood, will awaken to a realization of the fact that a little more care in the selection and breeding of their stock will mean not only increased pleasure, but increased financial returns. Good luck to the poultry show.

The Sporting Editor hates to harp on one string, and yet he feels like hammering good and hard at the near-sportsman who won't get busy and boost the All-Hawaiian team. Here is one instance where "Little Johnny Tackhammer" has an excuse for existing. Let him hammer the lukewarm, end, the knockers, just as hard as he wants to. Get busy and get out and get lively and root for that team.

ARRESTS TO TEST LEGALITY OF LOCKE RACING LAW

NEW ORLEANS, La., Dec. 17.—Because the District Attorney was present yesterday afternoon when three arrests were made at City Park as a result of a test of the Locke anti-racing law, the men arrested will not have a preliminary hearing. Their trial will probably come up the latter part of December.

W. W. Lyles of Russellville, Ky., manager of the one race meet, with E. M. Sheffield and Placide Fregerie, the two bookmakers, who were arrested, are each under bond of \$500 for appearance for trial.

It is acknowledged that the promoters of the race, which is the last one until the question of legality of the Locke law is settled, have some plan which they believe will defeat the object of that measure. It is ar-

Awards Will Be Made Before the Doors Open—Judge Will Arrive from the Mainland on the Lurline—Much Interest Displayed

On Monday mornin, the judge selected to make the awards at the coming poultry show will arrive here on the Lurline. Just as soon as he steps ashore, Judge Andrews will repair to the show headquarters and will at once get busy with his official duties.

It is the determination of those in charge of the exhibition to have all awards made before the doors are opened, and, unless unforeseen difficulties arise, the first visitors will see the blue, red, and yellow ribbons on the cages when they enter the show-rooms.

Arrangements for the show are progressing in a most satisfactory manner, and entries have come in in a way which is most satisfactory to those in charge. The class of the birds entered is, in general, very high, and there is every prospect that poultry-breeding will receive a decided boost from the exhibition.

PERTINENT REMARKS ABOUT SPORTSMEN AND OTHER FOLK

Rumor has it that Kyle Whitney will be parading the streets of Honolulu before many days have passed.

The Hon. Joel Cohen will doubtless arrive here in the Alameda on January 15.

If those Sea Wrens do not reach here on the Alameda, one tall yachtman will be very much disappointed.

Jack McFadden is still fretting because nobody has accepted his invitation to "come and have your block knocked off."

Kid Terry has become disgusted with the fighting game here and has decided to enlist in the Navy.

When Sailor Boquet can't find anyone to scrap, he spends his time plugging away at his official duties at the naval wireless station.

There is a well-defined rumor drifting around to the effect that there were symptoms of collusion in the last walking race in one of the classes. It is said that, with one competitor disqualified, the other two took it easy, finished in something under two hours, and divided the first and second prizes.

Edwin Fernandez seems pretty well satisfied with the showing of the All-Americans, if one may judge by the smile which he is carrying around with him.

J. Charles Green has varied his program, and is now visiting the volcano on Hawaii. He'll be back Saturday, however, and will then resume his old pastime of tearing up Oahu's roads with his Thomas Flyer.

'Tis reported that one well-known sportsman of this city was ferried to hide in Hilo, after the races, because a friend in this city, with whom he had communicated, was slow in forwarding a small sum of money asked for.

HEINZ GOODS are famous all over the world, and no other jellies, preserves, sweetmeats, etc., are so popular.

There are two reasons for this: one is that the best housewife or cook cannot improve upon the HEINZ QUALITY; and the other is that no one can make them as cheaply as she can buy them at her grocer's.

HEINZ GOODS give a zest to any luncheon or dinner.
