## TEDDY AGAIN CAUSES SENSATION

### HARRIS OR BRECKONS AS COUNTY CHAIRMAN

#### REPUBLICANS HAVE MANY CANDIDATES

THE TWO BIG PRECINCTS OF THE FOURTH DISTRICT MAKE RIVAL ENDORSEMENTS FOR CHAIRMAN OF THE CONVENTION—LINES OF THE LANE-HUSTACE CONTEST SHOWN AGAIN—LEGISLATIVE TICKET NOT TILL NEXT WEEK.

Clarence L. Crabbe, chairman of the Republican county central committee, this morning issued a formal call for the county convention to meet in the Orpheum tomorrow evening at 7:30. The announcement of the time is a surprise to most of the politicians, who had thought that ten o'clock in the morning was the hour for the meeting.

The convention will be called to order by Crabbe, as chairman of the county committee, and will probably not get farther than the business of organizing tomorrow night, if that is completed. Incidentally Crabbe himself is a new aspirant for a nomination. He would like to run for the Senate. Crabbe has served in the Senate before, having been president of that body during his last term.

The Fourth precinct of the Fourth district last night endorsed R. W. Breckons for chairman of the Republican county convention, while the fifth precinct of the same district endorsed W. W. Harris. Objection has been made to Harris in some of the other precincts on the ground that he might be a candidate for supervisor, and it was deemed unfair for the chairman of the convention to be a candidate for any nomination.

"I wish you would announce for me," said Harris this morning, "that I am not a candidate for supervisor or any other office, except that of chairman of the county convention."

The old Lane-Hustace fight shows up again in this possible first battle of the convention. Harris is a Hustace man and Breckons a Lane man and if the matter is fought out the result will be a strong indicator of what may be expected later on in the contest between Lane and Hustace for the nomination for mayor.

As a compromise candidate, R. W. Shingle has been brought forward, and he may be rushed in as chairman. There is also talk of Shingle for chairman of the county committee, to manage the campaign. Harris is mentioned also for this position.

The Fifth of the Fourth also endorsed Hustace for mayor, and will give

him its nineteen votes. The other nineteen vote precinct, the fourth of the Fourth, is divided as to Lane and Hustace, with a probable Hustace majority. W. H. Hoogs and Frank J. Kruger got the unanimous vote of this precinct for supervisor, and Norman Watkins was similarly endorsed for the House.

Harry von Holt has been brought forward as a candidate for the Senate, from the Fifth district and if he enters for the candidacy is very likely to be nominated.

C. H. Brown was endorsed by the nineteen votes of the fifth of the Fourth, for the House and Ella C. A. Long was endorsed for another term, also unanimously.

According to the plan now most in favor among the delegates to the Republican convention which is to meet tomorrow evening at 7:30—the county convention, it will complete a municipal ticket, adopt a platform and then adjourn for several days, to meet again after the Territorial convention is over, and nominate candidates for the legislature. The main reason for this programme is that the legislative candidates are to run on a platform which the Territorial convention is to adopt, and those who seek nominations naturally want to know what the platform is before they pledge themselves to performing the acrobatic feat of both running on it and supporting it.

After credentials have been ruled upon, the convention will permanently organize and then adjourn until Saturday morning, to give the committees time to work, especially the platform committee. The county convention will adopt its own platform, dealing with county affairs and will probably leave more general matters of policy to the Territorial body.

The nomination of a complete municipal ticket will be gone through with as expeditiously as possible. Each aspirant for a nomination will be required to be present in person, and to give his pledge to support the ticket and the platform.

This is one of the Representative tickets for the fifth district picked up on the street this morning:

S. K. Mahoe, William A. Kane, D. K. Kama, Charles Kanekoa, S. P. Correa, and A. S. Kalelopu.

It appears now that there is going to be quite a scramble for the nominations for supervisor and for places on the legislative ticket. The latter will be in doubt until some time next week after the Territorial convention has met.

The apportionment of the nominations between the two districts is a matter of some uncertainty. It is probable that the extra senatorship will go to the Fourth district. This is the year, under the old plan of alternation, for the Fifth to have two and the Fourth one, but the death of Senator Harvey caused another vacancy for a short term, and it will very likely go to the Fourth. On this understanding, the four nominations will probably be made by the whole convention.

There is some disagreement as to where the supervisors should come from, some delegates from each district claiming four of the seven. After the apportionment is settled, the two districts will separate and each select

#### WRITES HERE FOR MAN LOST AT SEA 2,300 MILES AWAY

UNITED STATES MARSHAL AT SAN FRANCISCO ASKS MARSHAL HENDRY TO WATCH OUT FOR PIRATE AND MURDERER WEST—MIGHT HAVE BEEN RESCUED BY A PASSING VESSEL.

In connection with the attempt to hold up the steamer Buckman on August 21 last by two men named French H. West, and George Washington Wise between Seattle and San Francisco, U. S. Marshal C. T. Elliott, of San Francisco has written to Marshal E. R. Hendry giving full particulars of the man West, who jumped overboard after he had murdered the master of the Buckman, Captain Wood.

On August 22, The Star published the following telegram, regarding the affair:

"SAN FRANCISCO, August 22.—French West and G. W. Wise, deserters from the navy, committed desperate piracy and murder on the high seas between here and Portland.

"The deserters were passengers on the coasting steamship Buckman. When off Cape Blanco, Oregon, they killed Captain Wood, held up the crew and attempted to beach the ship and rob the crew.

"Although unarmed the crew resisted and a desperate battle ensued in which the sailors were victorious.

"West jumped overboard. Wise was captured and has made a confession of the diabolical crime of himself and his comrade."

Marshal Elliott writes as follows:

"On August 21, 1910, two men named French H. West alias Pence West, alias Fred Thomas, and George Washington Wise, alias Alfred Wilson, un-

dertook to hold up the steamer Buckman then en route from Seattle to San Francisco. When the steamer was sailing along the coast, said to be nearly opposite the mouth of the Umpqua river, West jumped overboard after having shot and killed Captain F. E. Wood in an unsuccessful attempt to rob the ship. The point where he jumped overboard is said to be some seven miles from shore. He was probably drowned, although he may have been picked up by a passing vessel, or having a life preserver or he may possibly have reached shore or his body may have washed ashore.

"He was born in Chicago, Illinois; next of kin Arthur Wood c/o J. G. White, New York, N. Y., aged 29 years, height 5 feet 10 inches, weight 145 pounds or heavier. Eyes blue No. 9; hair light brown, complexion ruddy. Personal marks and scars, two moles below right axilla; mole 1 inch below right nipple; mole upper left hip. Scar right eyebrow; three moles between scapula; mole upper left buttock.

"Kindly arrest and wire me at my expense if he is discovered or if his body is found. I hold warrant charging him with murder.

"Will forward photograph if I can obtain one.

"Kindly request your local newspapers to give as much publicity as possible to this matter in the hope of apprehending this man if he is alive or of finding his remains if dead."

#### REPEAL THE FOURTEENTH AMENDMENT

Special Cable to The Star,

AUSTIN, Texas, September 8.—The lower house of the state legislature today by resolution instructed the Texas members of Congress for the repeal of the Fourteenth amendment to the constitution of the United States.

Their own, according to the convention rules expected to be adopted. In the same way each district will be allowed to select its own six candidates for the house. The Manoa precinct insurgents decided to support Eben Low for supervisor.

"David Douglas is almost certain of winning the unanimous endorsement of the Ewa precinct," said Thomas O'Dowda this afternoon.

"Dave stands very strong in the fourth district as well as his own fifth, not only among the mechanics but other good people. If he secures the nomination for supervisor he is a certain winner," Mr. O'Dowda concluded.

The following is a Fourth district list of Representatives,—six to be chosen,—and a list of possible Oahu senators, four to be chosen:

House—Norman Watkins, E. A. C. Long, A. Q. Marcellino, John Kama-noulu, Hiram Kolomoku, W. Williamson, Ed. Towse, Louis Kane, Jack Scully, Lima Kahauanele, Liliikalani, C. J. Brown, J. H. S. Kaleo.

Senate—Chas. F. Chillingworth, John Hughes, C. L. Crabbe, Cecil Brown, Albert Judd, W. C. Achi, C. C. James.

#### NOONTIME FIRE SOON PUT OUT

Fire in the home of Joaquin Freitas on Punchbowl street near Pauoa road, caused an alarm from box 156 at about noon today. It was extinguished before much of the house had burned, but not without considerable damage. The origin of the fire is unknown.

The fire was first seen on the roof of the kitchen. There was no one in the house at the time, the Freitas children having left about fifteen minutes before, according to the statements of neighbors.

The fire department had the blaze under control in a very short time. The roof of the kitchen was burned, but the rest of the damage was mostly that done by water.

#### WATERHOUSE WITHDRAWS

John Waterhouse stated to The Star this afternoon:

"I wish to say that I am not a candidate for the Senate.

"I shall support John Hughes and Charles Chillingworth.

"Both Hughes and I cannot be nominated, therefore I prefer to retire.

"While I was willing to run, if the business interests desired, and was prepared to sacrifice an intended trip to Europe for the purpose, I would rather see Hughes get the nomination."

#### HAS SENATOR LORIMER SHUT OUT OF BANQUET

(Associated Press Cable to The Star.)

CHICAGO, September 8.—Colonel Roosevelt today refused to attend a banquet arranged in his honor, on learning that United States Senator Lorimer was to be present as a guest. The ex-President notified the committee in charge of the affair that if Lorimer was going to be present, he would have to decline the honor of being guest of the evening.

The committee held a meeting after hearing from the colonel and promptly decided to recall the invitation which had been sent to Senator Lorimer. The senator therefore received formal notice of the withdrawal of the invitation he had received, and Roosevelt will accept the seat of honor.

Lorimer is under charge of securing his office as senator last year by bribing members of the Illinois legislature. Several members have confessed to having received various sums for voting for him. He is a Republican, but was elected, breaking a deadlock, by a sudden accession of Democratic votes.

OLD POINT COMFORT, Sept. 8.—An explosion on the battleship North Dakota today killed three men and injured several others. The explosion occurred while the vessel was testing oil fuel. The three men instantly killed were coal passers. The seven injured are firemen and machinists.

A naval inquiry has been ordered.

SAN FRANCISCO, September 8.—A three days' celebration of the sixtieth anniversary of the admission of California into the Union was begun here today under the auspices of the societies of Native Sons and Native Daughters of the Golden West. The anniversary is tomorrow. The queen of the festivals was crowned today with brilliant ceremony. The city is elaborately decorated and is having a celebration comparable to the great Portola festival.

PARIS, September 8.—The world's record for high flying in an airship was again broken today. Chavez attained a height of 8,795 feet, considerably exceeding all previous achievements.

NEW HAVEN, Conn., September 8.—The Democrats have nominated Simeon Eben Baldwin, professor of constitutional and international law at Yale, and former president of the American Bar Association, for governor.

#### MAY HAVE TO ANNEX PANAMA

(Special Cable to The Star.)

PANAMA, September 8.—The Liberal party is proposing to elect an anti-American President. In view of the attitude of the politicians and the prospects in the election, Charge D'Affaires Mars has made a statement to the effect that it may become necessary for the United States, for protection of the immense interests involved in the Panama canal, to occupy or annex the Republic of Panama.

#### CHAMBERLAIN'S PAIN BALM A HOUSEHOLD NECESSITY.

It is in time of sudden mishap or accident that Chamberlain's Pain Balm can be relied upon to take the place of the family doctor, who cannot always be found at the moment. Then it is that Chamberlain's Pain Balm is never found wanting. In cases of sprains, cuts, wounds and bruises it takes out the soreness, drives away the pain and heals the injured parts. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

Fine Job Printing, Star Office.

The only baking powder made with Royal Grape Cream of Tartar. No Alum, No Lime Phosphate.

#### SACHS' SHOWINGS FOR THE WEEK.

There will be many attractive showings at Sachs the coming week. The Ladies' Underwear and Baby Outfitting Department has many dainty garments and there are some unusually fetching things in the Glove and Hosiery Department.

#### Cravenette Pumps \$4

An ideal shoe for street or dress wear. Made of Black Cravenette cloth. Soft and pliable on the foot and easy to clean. A rich jet black color. We show them in Pumps at \$4.00 and in Button Boots at \$5.00.

Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Kahului and Hilo occur about one hour earlier than at Honolulu. Honolulu standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 mins. The time whistle blows at 1:30 p.m., which is the same as Greenwich 0 hours 0 minutes. The sun and moon are for local time for the whole group.

# PANAMA CANAL WILL GIVE AMERICAN AUSTRALIAN TRADE

America will control the main trade of the Southeastern Pacific, after the completion of the Panama Canal. The center of gravitation in the commercial world will be changed, declares a writer in the London Times, dealing with the effect on trade likely to result from the use of the new waterway. The general benefits to the United States are thus summarized:  
"The point that concerns European traders with the markets named is that the Panama Canal will place New York and the manufacturing Eastern states of the American Union nearer to some of these markets. Per Chinese ports the new canal will give the United States no advantage of position. It will bring Hongkong about 250 miles closer to New York than it is now, but even so the distance from England will be 1,600 miles shorter by Suez. But the canal will place Yokohama 1,500 miles nearer New York than to Liverpool by the Suez route and it will give a 1,000 mile advantage to New York in relation to Melbourne. The new order of things will favor New York most in the trade with New Zealand, because it will bring Auckland within 8,550 miles steaming distance, while the route from English ports is 12,070 miles by Suez and will be 11,250 even with Panama. The effect of the Panama Canal upon the import trade of Australia and New Zealand will be that it will render these markets much more accessible to the manufacturing states of America and will therefore make American competition more keen in these colonial markets than it is at present."  
Australia will be first great country to come under the domination of this country in its campaign of commerce, and we read:  
"About 11.5 per cent of Australia's imports reach her from the United States direct, the value of this proportion being about \$6,000,000 annually. In addition to this, about \$1,000,000 worth of American manufactures reach Australia through other countries, chiefly Great Britain. We may expect that the latter trade or the greater part of it, will seek its destination direct and will no longer reach the Australian ports via Liverpool. This will mean a loss of revenue to the British ships at present carrying the goods, and a loss of profit to the British merchants through whose hands the goods pass on their way to the port of distribution. The effect thus anticipated is

conditional on the ability of non-British shipping to secure the opportunities placed in its path by the Panama Canal. About one-third of the export trade of the United States to Australia comprises kerosene and oils, naphtha, turpentine and resin, timber, tobacco, barley, meats, and glucose—all goods in which Great Britain cannot compete. The principal competitive goods supplied to the Australian market by the United States are boots and shoes, textiles, and matches, fish, furniture, glass and glassware, rubber and leather goods, iron and steel bars, tubes, plates and sheets, tools and machinery, stationery, vehicles, and cycles.  
"Increase of trade will naturally take place in American shipments of these goods, and here keener American competition may be expected in Australia."  
New Zealand will follow in the wake of Australia, but the most revolutionary change will result from the fact that California wines and fruits will be able to compete more successfully in European markets.

# INTEREST IN POLITICS THIS YEAR UNUSUAL

## INTEREST IN POLITICS SHOULD BE REGISTERED BOARD FINDS SURPRISING NUMBER OF APPLICANTS SHOWING UP.

"There seems to be an unusual wave of interest in politics this year," said Chairman Chillingworth, of the Board of Registration, this morning. "The number of applicants showing up for registration is breaking all records. Either there is a special interest in the campaign, or a lot of canvassing is being done to get voters on the register."

Yesterday's sessions closed with 1380 names on the register, which is considerably more than in previous years for the same time of registration. The board has usually had to do a lot of advertising of its sessions to get people to its headquarters within the legal time for registration, but present indications are that such action will not be called for this year.

### MUSIC AT PLEASANTON.

The Hawaiian band will give a concert this evening at 7:30 at the Pleasanton Hotel. The program follows:  
Overture—Poet and Peasant. Suppe

A. LEWIS, Jr.....Sec'y and Director  
HENRY DAVIS.....Auditor  
E. F. BISHOP.....Director  
S. D. TENNEY.....Director  
F. W. MACFARLANE.....Director  
A. LEWIS, JR., Secretary.

# STRIKE FOR CLOSED SHOP IS CONSPIRACY IN RESTRAINT OF TRADE

NEW YORK, August 27.—Supreme Court Justice Goff declared today that striking for a "closed shop" is unlawful and granted most of the terms of the sweeping injunction asked for restraining the striking cloakmakers from interfering with the efforts of the manufacturers to conduct their business in their own way. Picketing and patrolling are included in the restraining order. The Court declined, however, to enjoin the strikers from holding meetings, declaring that their right to free expression of opinion could not be curtailed.

The court was led to this decision by what was regarded as proof that the "primary purpose of the strike being to drive non-union employees out of a trade in the borough except on conditions of joining one of the defendant unions, the purpose was against public policy and illegal."

Parades of protest broke all over the East Side this afternoon, on receipt of the news that Justice Goff had ruled that a strike which demands the "closed shop" is a conspiracy in restraint of trade.

Bands of the 70,000 cloakmakers now on strike marched through the streets one of them to the City Hall, carrying banners and American flags and shouting "Closed Shop" at every step. There was no violence.

"The primary purpose of this strike," reads his decision, "is not to better the condition of the workmen, but is to deprive other men of the opportunity of their right to work."

He supports his ruling with a recent decision of the State Court of Appeals against the Thompson-Sharratt Company, a large building corporation,

which he cites as follows: "The court of appeals has held that it is against the policy of the State for employees who control practically the whole trade in a community to combine for the purpose of compelling workmen to join a particular union as condition of employment."

"If the rule thus laid down be the law, and it must be accepted as such, being the latest expression of the Court of Appeal, it must be applicable to workmen as well as to employers. It would be repugnant to reason to hold that it applies to one and not to the other."

A final vote on the tentative agreement reached yesterday between the strikers and the manufacturers will not be reached until late tonight. General opinion inclines to the belief that the terms will be accepted.

WASHINGTON, August 27.—Samuel Gompers, president of the American Federation of Labor, was greatly stirred by the decision of Justice Goff, which in effect, declared that efforts to enforce the "closed shop" were in violation of law and in restraint of trade.

Said Gompers: "Justice Goff quotes an unjust decision in support of his own and that is supposed to be good law. The unions of labor will live, despite injunctions and decisions that invade constitutionally guarded rights and human liberty."

St. Clements Branch of the Women's Auxiliary will meet on Friday at Mrs. William Wall's, corner of Lunalloo and Victoria streets. The holders of mite boxes are requested to bring them to the meeting.

Local journeymen barbers had a meeting last night and decided to raise the price of hair cutting to 35 cents, the rate to go into effect next Monday.

DANIEL LOGAN ..... EDITOR

THURSDAY ..... SEPTEMBER 8, 1910

DOMESTIC PRODUCE SHIPMENTS TO THE MAINLAND.

Some little analysis of the shipments of domestic produce from Hawaii to the mainland for the fiscal year ending June 30, 1910, as compared with the two previous years will be interesting. While sugar, the chief staple, more than regained the ground lost in 1909, a gratifying advance is also shown in other products. This, although the gain of \$5,766,248 over 1909, in all shipments is but \$774,000 more than the gain in sugar shipments. As shown yesterday the total shipments of domestic products to the mainland for the past year were valued at \$46,825,412.

Coffee, raw, to the value of \$288,423 was shipped, being \$76,888 more than in 1909 and \$131,286 more than in 1908. As a considerable proportion of Hawaiian coffee is consumed at home, these figures would indicate that the coffee industry is in a promising condition.

But little progress appears to be making in the fiber industry. Shipments of fibers and manufactures thereof for 1910, were \$11,796, an increase of \$1701 over 1909, and \$1969 over 1908. As \$9081 represents bags and twine, there is \$2715 left for the value of fiber shipped the past year.

Fruits and nuts reveal a substantial gain, the total value of shipments being \$1,775,059. This goes above 1909 by \$328,258 and 1908 by \$977,864. The main item is canned fruits, the value of which was \$1,548,959, an increase of \$319,303 over 1909 and of \$916,673 over 1908.

Hides and skins fell off in value \$5732 as compared with 1909, the shipments for 1910 having been \$139,105.

Meat and dairy products were shipped to the value of \$5276, being a decrease of \$2116. Any export in this schedule is a curiosity in view of the great demand and high prices of such articles at home.

Rice, of which there is a very large home consumption and heavy imports, shows up well for 1910. The shipments to the mainland were \$269,157, being \$13,947 more than in 1909 and \$128,449 more than in 1908. As large efforts are in progress, at the Hawaii Experiment Station, to improve rice cultivation here, the export figures enhance the prospect of rice one day resuming its oldtime importance among Hawaiian industries.

Straw and palm leaf manufactures show up promisingly. They ought to become a large industry in these islands, where aided nature will produce abundantly and cheaply the raw materials. The present nucleus of the industry is in girls' seminaries and the homes of native Hawaiians. Last year the mainland took \$6798 of these products, being gains of \$5599 and \$5379 respectively as compared with 1909 and 1908.

Tobacco culture is a new industry here, so far as scientific methods and the export trade are concerned. Until 1909 it never figured in exports. The value of tobacco leaf shipped to the mainland the past year was \$15,644, an increase of \$11,403 over the year ended June 30, 1909. In quantity the export was 18,402 pounds, against 6697 pounds in 1909, a gain of 11,705 pounds. This item of export may be expected to grow fast in future trade returns.

Sugar and molasses, the latter item being insignificant, were shipped to the value of \$42,625,069. This is an increase of \$4,992,248 over 1909 and \$2,898,987 over 1908.

Of brown sugar there was shipped \$40,579,151 worth, an increase of \$5,091,229 as compared with 1909 and \$1,976,063 with 1908. The quantity was 1,073,352,166 pounds, being 90,262,638 more than in 1909 and 18,956,179 more than in 1908.

Refined sugar, made by only one local sugar factory, represents \$2,045,921 of the total, being \$98,909 less than for 1909 and \$832,597 more than for 1908. The quantity of refined sugar was 37,242,300 pounds, a decline of 2,531,500 from 1909 and an excess of 14,067,650 over 1908.

Vegetables were shipped to the value of \$9207, or \$864 less than in 1909 and \$1309 more than in 1908.

Wood and manufactures thereof rendered increases of \$101,214 and \$142,886 over 1909 and 1908 respectively, the total shipments for the year just past being \$203,649.

Wool declined \$1708 as compared with 1908, but showed better than in 1909 by \$3977. The value of wool shipments was \$56,426.

**THE HOUSEFLY AND CANCER.**

As mentioned in this paper before, the attention of medical scientists is being keenly fixed upon the housefly as an agent in the transmission of disease. Dr. Lawrence of Philadelphia, who has been visiting Europe for investigation into certain remarkable claims of specialists in the treatment of contagious diseases of the blood, is quoted as agreeing with Dr. Lee of London in the belief that the housefly will very probably be found to be the greatest of all factors in the rapid spread of cancer. Dr. Lawrence said to a Paris correspondent: "Every practical physician must believe that cancer is more or less a contagious disease. How can we, for example, explain its occurrence in several families in a city block except through the agency of some such germ carrier as the housefly? To the American one of the most striking things in Europe outside of the absence of mosquitoes is the scarcity of the housefly; yet, in spite of this fact it is apparent that a stern warfare has been declared over here against this pest. Realizing that the house fly is one of the greatest carriers of disease germs, the municipal authorities are bending every effort to its extinction. The prevalence of the house fly in America is doubtless due in great part to the filthy condition of our city streets. We had in the Spanish war a frightful experience of the noxiousness of the common fly, which transplanted infectious germs from filth to food, and caused by itself a much higher mortality rate than did the enemy's bullets. Probably the problem of putting a stop to this means of disseminating typhoid and cancer is quite easy of solution. The maggot cannot become the fly except through a full week's incubation in filth. Keep streets and stables clean and the house fly will soon cease to exist in our cities."

A correspondent of the Philadelphia Public Ledger proposes the construction of jetties to prevent coast erosion. The conditions at certain places which he describes are somewhat like those worrying owners of resorts and residences at Waikiki beach. A harbor channel entrance is mentioned which has shifted one mile.

John L. Elwell, secretary of the merchant marine committee of one hundred, lately delivered a striking address before the Washington Grove, Md., Chautauqua. The speaker prefaced his address with statistics of the industrial and agricultural production of the United States, Great Britain, France and Germany, and of the amount con-

## Uncle Walt The Poet Philosopher

The whole sad game seems cheap and sordid, and all its tricks are poor and vain; and all that's coarse in life is hoarded for noisy use in each campaign. One statesman bores me, to my sorrow, with platitudes he thinks are wise; and then another comes tomorrow and says the first one simply lies. I went one day to see a "rally," where statesmen were as thick as fleas; they spent the time in quip and sally, and theories spavined in the knees. They talked for weary hours, perspiring, and not one pregnant thing was said; and then, of all their racket tiring, I went back home and soaked my head. A dozen idle statesmen hundered; a thousand idle loafers heard; and as I soaked my head I wondered why this fool world is so absurd. The farmers in their fields were calling for help to save the wasting grain; and in a tent those freaks were brawling, and toiling hugely, all in vain. A man who binds a sheaf of barley does more to help the human race than any loud and tireless Charlie who does his toiling with his face.

Copyright, 1910, by Geo. Matthew Adams

WALT MASON.

sumed or utilized within the several countries and the amount remaining to be disposed of to foreign purchasers. Ships to carry those purchases to their destination were amply provided for, the speaker said, under the several nations' flags, excepting the United States. Mr. Elwell told of the gradual loss of former marine prestige in the past fifty-nine years, and, contrasting the merchant marine of Japan and the United States, made these remarks: "Since 1896 Japan has practically created a modern merchant marine navy, aggregating 1,500,000 tons, against 800,000 tons for America. Japan has made the marvelous increase possible by giving a new steamer \$10 for every ton of her registry and \$2.50 for every indicated horse power of her machinery. These vessels, with the subsidized ships of Canada, have literally driven away the few ships we once had on the Pacific ocean."

The extraordinary interest being taken in politics for the campaign now inaugurated should be assurance against any unpleasant surprises to be lamented either upon the adjournment of the conventions or the counting of the ballots on election night. "Can't fool all the people all the time," do you mind?

**SHERIFF'S SALE NOTICE.**

Under and by virtue of a certain Writ of Execution issued by the Honorable W. J. Robinson, Third Judge of the Circuit Court of the First Circuit of the Territory of Hawaii, on the 30th day of July, 1910, in the matter of Kaea (w), Plaintiff, vs. Solomon Hanohano and Charlie M. Kekoa, Defendants, for the sum of Six Hundred and Three and 10-100 (\$603.10) Dollars, I have, on the 4th day of August, A. D. 1910, levied upon and shall offer for sale and sell at public auction, to the highest bidder, so much of the property hereinafter referred to as may be necessary to satisfy the said Writ of Execution, at the City Auction Rooms, Merchant street, in Honolulu, City and County of Honolulu, Territory of Hawaii, at 12 o'clock noon of Saturday, the 10th day of September, A. D. 1910, all the following mentioned right, title and interest in and to the following described property, unless the judgment and costs of execution amounting to Six Hundred and Three and 10-100 (\$603.10) Dollars, together with interest, costs and my fees and expenses are previously paid:

All the right, title and interest of the said Charlie M. Kekoa in and to that undivided one-fourth (1-4) part or share and all other right, title and interest of Charlie M. Kekoa in and to all of the property, real and personal, situated in the county of Kauai and the county of Maui, Territory of Hawaii, which belonged to James Upapa Unauana and (or) Mrs. Lahela Kekoa, or either of them, and (or) of which they or either of them died seized or possessed, and which was inherited or acquired by said Charlie M. Kekoa as one of the heirs of said James Upapa Unauana and (or) Mrs. Lahela Kekoa, the said property consisting of:

First—An undivided four one-hundredths (4-100) part or share and all other right, title and interest of James Upapa Unauana, and (or) Mrs. Lahela Kekoa in the Ahupuaa of Mahalapu, Kona, Kauai, conveyed to J. U. Unauana by deed of Keelikolani of record in Liber 76, pages 425-7, by deed of John Kalkaki of record in Liber 158, pages 61-2, and by deed of Kamali of record in Liber 159, page 22.

Second—All those certain pieces or parcels of land situated at Hanapepe, Kauai, conveyed to J. U. Unauana by deed of Ola and Pake, his wife, of record in Liber 158, pages 376-7; by deed of R. Kaunolu of record in Liber 159, pages 397-8, and by deed of Kawiohokalani of record in Liber 107, page 94.

Third—An undivided one-half (1-2) part or share and all other right, title and interest of James Upapa Unauana and (or) Mrs. Lahela Kekoa in land situated at Kahoomano, Makaweli, Kauai, conveyed to J. U. Unauana by deed of Hapalalani of record in Liber 158, pages 377-8.

Fourth—All that certain piece or parcel of land situated at Haiku, Hualala, Lihue, Kauai, and described in R. P. 6547, L. C. A. 3247 to Hua, and being the same premises conveyed to J. U. Unauana by deed of Kealoha of record in Liber 222, page 492.

Fifth—All that certain piece or parcel of land situated in the Ahupuaa of Lawai, Koloa, Kauai, containing an area of 1.65 acres, and conveyed to J. U. Unauana by the McBryde Sugar Company, Ltd., by deed, dated June

6, 1902, of record in Liber 234, pages 458-9.

Sixth—An undivided one-third (1-3) part or share and all other right, title and interest of James Upapa Unauana and (or) Mrs. Lahela Kekoa in land containing an area of 8 and 5-11 acres, situated at Kapohue, Hana, Maui, and being a portion of the premises described in Royal Patent (Grant) 2547 to Nahuai and 10 others, and being a part of the same premises owned by Unauana by Koleka by deed dated April 18, 1901, of record in Liber 223, pages 174-5.

# FLAXOAP

FLAXOAP is an absolutely pure Linseed Oil Soap. The United States Pharmacopoeia directs soft soap to be made from cold pressed linseed oil and potash. It is well known that a soap prepared in this way is the best soft soap that it is possible to make. Flaxoap contains no animal fat whatever and no free caustic alkali, consequently it can be used on the finest fabrics without fear of injury. Flaxoap lathers freely in hot or cold, hard or soft water. It is especially adapted to cleaning floors, woodwork and furniture. Owing to the fact that Pure Linseed Oil is the life of all Paints and Varnishes, it is the best cleaner for all painted and varnished surfaces. It will be found most excellent for cleaning automobiles, carriages, windows, mirrors, and cut glass. The housewife will find it particularly valuable in the cleaning of carpets and rugs. Mechanics use it for removing dirt or grease from their hands and clothing.

## SECRETARY WOOD'S WEEKLY OFFICE REPORT

The week past has been a very busy one for the office; upwards of 5,000 copies of the reprint of account of the "Flying Fish Shooting Party" were sent out. The list included everyone connected with the passenger traffic departments of the various lines of railway controlled by the New York Central Railroad Company, of which Mr. Warren J. Lynch is Passenger Traffic Manager; also of the station agents along these roads, as well as the General Passenger Agents of other lines of railway. We have reason to expect much good publicity from this effort.

Mr. Lynch was greatly pleased with his visit to Hawaii and promised upon his return home to issue a circular letter to the Passenger Agents of the New York Central Lines, giving reasons why they should recommend travelers to visit Hawaii. The work of the Committee at Atlantic City is responsible for Mr. Lynch's visit. Railway men generally are taking note of our work there and as it is their policy to help those who help themselves, we have reason to expect much greater interest in travel to Hawaii on the part of railway men east of the Rockies.

The Annual Report of the Secretary has also been sent out quite generally, and marked copies of our papers giving an account of the reception and entertainment of the Pacific Coast Commercial Delegates have been widely distributed through the mails.

Excursion matters seem to be progressing satisfactory. Through the efforts largely of Mr. James McCand-

less, that indefatigable worker for Hawaii, the S. S. Wilhelmina has been chartered for her February trip and is expected to bring as many Shriners as she can possibly carry. If the present schedule is maintained this steamer will arrive at Honolulu February 1st, in time for the passengers to participate in the Floral Parade and Carnival. An effort should be made, however, to keep the steamer in port until the 3rd, in order that the Shriners may have an opportunity to enjoy all of the festivities.

Regarding the Los Angeles Excursion, Mr. Frank Wiggins, Secretary of the Los Angeles Chamber of Commerce, writes under date of August 29th as follows:

"We are taking up the proposition of running an excursion to Honolulu some time in February. Just now it is all talk, but I would like to have you give me this information:

If we succeed in pulling it off, what arrangements can be made at Hilo for taking the party to the volcano, and the rate?

What are the facilities now for docking the vessel at Hilo; what are the hotel rates there, and also what will be the hotel rates in Honolulu?

We had a conference with Mr. Dunne Saturday and he is more than anxious to co-operate in pulling off a first class excursion, using the "Queen" as a means of transportation. Mr. Raymond is enthusiastic and I think will use very strong arguments with the Board Wednesday, urging

(Continued on page six.)

## FOREIGN STOCK MARKET IS MIXED

LONDON, August 23.—Our stock markets closed before the holidays in so cheerful a style that bright hopes were entertained that, on resumption of business, prices would go ahead. But these hopes have not been realized. August is always a very poor month for stock exchange business, with so many members away on holiday trips, also the erratic movements of the New York market have renewed the anxiety lest another period of heavy liquidation should occur.

Eyes on home railway stocks have not derived any material benefit from the splendid dividend announcements published during the last fortnight or more. Few better results have even been achieved by our premier systems, and some of the best are by those lines which discontinued their cut-throat competition, and made arrangements to pool competitive traffic. Were it not for the labor scores as the result of the strike fiasco on the North Eastern, we should have home railway prices very buoyant, for yields are now very liberal.

The rubber and oil "booms" are quite dead. There is scarcely any attention being paid to oil shares, and business is practically non-existent. There was never any real reason for the oil "boom," though it might come in the future.

As regards rubber shares there is very little doing. We are already experiencing the inevitable aftermath of the wild upward movement of a few months ago, and the flotation of a lot of fake concerns. Several of these mushroom companies have already gone into liquidation.

Perhaps the best market in the stock exchange at present is that in South African mining and land shares, especially Rhodesians. The progress being made in the traffic of Rhodesian railways and the rise in land values are proofs of increasing prosperity, and as the speculative account open for the rise is now practically nil, small buying has an immediate effect on prices.

The monetary situation continues interesting and discount rates are steadily creeping up toward the bank rate, on account of gold demands from various quarters, notably New York, Egypt and South America. The Egyptian demand is earlier than usual owing to the earlier cotton crop. No anxiety is felt, however, for the Bank of England is in a splendid position. The demands of trade are being more and more felt by the banks reports from various centers continue excellent. Lancashire is much more cheerful, though a little anxious as to the cotton crops in Egypt and the States. The wool trade is doing more work than for months past, while the recovery in iron and steel and shipbuilding trades is most encouraging.

### CHAMBER OF COMMERCE.

Although a good deal of work has accumulated, there will be no meeting of the Chamber of Commerce this week, largely on account of the absence of President Morgan from the Islands and the fact that J. P. Cooke, the vice president, has scarcely gotten rid of his "sea legs" from his tour. A meeting will almost surely be held next week.

Exporting gold from Europe. Money rates are easy. There will be plenty of funds for crop-moving purposes. The total amount the farmer of the United States will receive for the season's harvest probably will exceed last year's amount by nearly a billion dollars. This added wealth together with the constantly increasing mineral output of the country should afford all the stimulus a resourceful people need to push forward to greater enterprise.

## OAHU AGAIN HAS LIVELY MORNING

The leading feature on the Stock Exchange this morning was the activity of Oahu. There seemed to be a good deal of the stock for sale, but buyers were equally in evidence. Although there seemed to be a slight decline towards the last, the street market for the stock is still quite strong.

The first sales were at \$32.50, a total of 60 shares, in two blocks, changing hands. Then came blocks of 25, 50, 50, 10, and 5 shares at \$32.375. At the close the latter figure was bid and \$32.50 asked for the stock.

The other feature had to do with Oahu. On the board a sale of 200 shares was made at \$6.375. Another large transaction had been made between boards, but was not reported at the request of the parties concerned. At the close of the session Oahu was strong and in demand, \$6.25 being freely bid and \$6.50 asked.

A big Hawaiian Electric deal is on, but failed to come to the surface in today's trading. Something may be heard of it tomorrow. Between boards 23 shares of this stock sold at \$170, the same being bid for more with none in sight.

Wailua again appeared in the day's trading, but at low figures. Between boards a sale of 10 shares was made at \$129.25, after which \$129 was bid and \$129.50 asked.

Another sale of interest this morning was 20 shares of Kahuku at \$18.50, after which \$18.50 was bid. The last previous sale of this stock had been at \$17.50.

Interesting quotations without sales were: Hawaiian Commercial \$39.875 bid and \$40 asked; Pioneer, \$230 bid and \$232.50 asked; Honokaa, \$18.25 bid and \$18.50 asked.

## STOCK EXCHANGE

10.30 A. M.

Between Boards—20 Kahuku \$18.50, 23 Electric Co., \$170.00; 10 Wailua \$129.25.

Session Sales—200 Oahu \$6.375; 30 Oahu Sugar Co., \$32.50; 30 Oahu Sugar Co., \$32.50; 25 Oahu Sugar Co., \$32.375; 50 Oahu Sugar Co., \$32.375; 50 Oahu Sugar Co., \$32.375; 10 Oahu Sugar Co., \$32.375.

### MATSON NOT IN IT.

Castle & Conke, acting for and on behalf of Captain William Matson, publish a notice in this issue that the use of Matson's name in connection with the sale of any oil stocks is totally unauthorized. This is probably made necessary by the frequent reference of certain brokerage concerns to Matson's interests being "close to or adjoining" those represented by them.

### PROMOTION COMMITTEE.

A business meeting of the Hawaii Promotion Committee is being held this afternoon, beginning at 3 o'clock.

Miss Buckland's dancing class will meet tomorrow afternoon in Odd Fellows' hall at 3.30 o'clock.

### LATEST SHIPPING.

Thursday, Sept. 8, 1910.  
San Francisco—Arrived Sept. 6, S. S. Nevada from Hilo Aug. 23.  
San Francisco—Sailed Sept. 7, Transport Logan, for Honolulu.  
Yokohama—Sailed Sept. 8, S. S. Chiyo Maru for Honolulu.

### NEW ADVERTISEMENTS.

## Republican Convention.

The Republican District and County Convention will meet at the Orpheum Theatre Hotel street on Friday evening Sept. 9th at 7:30 p. m. for organization.

CLARENCE L. CRABBE,  
Chairman County Committee.

### NOTICE.

### TO WHOM IT MAY CONCERN:

The undersigned, on behalf of Captain Wm. Matson of San Francisco, have been authorized to publicly state that the use of his name in any manner whatsoever in connection with the sale of any oil stocks in these islands is totally unauthorized.

CASTLE & COOKE, LIMITED.  
Honolulu, September 8th, 1910.

## Announcement.

I hereby announce my candidacy for the nomination of Representative, Fourth District subject to the action of the Republican County and District Convention.

M. S. DEPONTE.

### ASSIGNEE'S NOTICE.

Notice is hereby given that all persons having claims against S. Hirokawa, of Honolulu, must file the same with G. Tashiro, at Room 27, Campbell Block, Honolulu, on or before Oct. 31st, 1910, or the same will be forever barred.

T. ODO.

Assignee of S. Hirokawa.  
Dated Honolulu, Sept. 7th, 1910.  
12th—Sept. 8, 10, 13, 15, 17, 20, 22, 24, 27, 29, Oct. 1, 4.

### A Tonic Free from Alcohol

Are you pale, weak, easily tired, and do you lack nerve power? Ask your doctor if Ayer's Sarsaparilla would not be good for you. He knows, and will advise you wisely. Not a drop of alcohol in this medicine. It puts red corpuscles into the blood, gives steady, even power to the nerves; and all without stimulation. Make no mistake. Take only those medicines the best doctors endorse. Ask your own doctor.

### Ayer's Sarsaparilla

## GYMNASIUM WORK AT THE Y.M.C.A.

Dr. Hand has not yet buckled fully down to work in the gymnasium of the Y. M. C. A., following his lengthy and very pleasant tour of the east; but plans for the new year's work have been gotten under way and are going ahead in a very satisfactory manner.

It has been decided, for instance, that the young men's class shall meet two nights a week and the Junior class two nights a week with R. S. Gault in charge of one and Dr. Hand the other. In the senior class Dr. Hand will be assisted by the leaders' class.

In future special attention will be given to business men who wish to come to the Association afternoons, special hours being reserved for them.

Saturday nights in future the gymnasium will be open for games.

#### BASEBALL TIPS.

The Safety Razor people have sent out through Benson, Smith & Company, of this city, a small booklet entitled "Baseball in Nineteen Ten," which contains a large number of valuable tips for players. It is understood that the souvenirs are being distributed free of charge to players calling for them.

#### OAHU BASEBALL LEAGUE.

A meeting of the Oahu Baseball League will be held this evening for the purpose of hearing final reports on the Waseda series and arranging for the second series of the regular games.

#### AT ATHLETIC PARK.

Two games of baseball in the Oahu Junior League are scheduled for Athletic Park Sunday afternoon. In all probability these will be the only ball games down there on that day.

## EARLY PRACTICE FOR YALE ELEVEN

NEW HAVEN, Aug. 24.—Candidates for the Yale varsity football team have received final orders to report on Monday, September 12, at Lakeville, Conn. Captain F. J. Daly plans to spend from September 12 till September 27, the day before the opening of college, in rudimentary drill there. None of the Yale football officials has yet appeared except Walter Camp who has been here most of the summer.

Mr. Camp says that the officials will have an extremely difficult task enforcing the rules this fall, as they will be compelled to watch many places at once, and looks for more than double the penalties usually enforced. Otherwise he has not commented on the rules. Captain Daly has been spending the summer in Canada and Head Coach E. H. Coy has been in a lumber camp in Wisconsin with his brother, Sherwood Coy, the former Yale end.

While no announcement has been made, it is rumored that Yale's veteran coach, George Foster Sanford, will be seen frequently with the eleven this fall, and that he will appear at Lakeville as soon as the players report. Yale football players have been in despair at making anything constructive and definite out of the new rule code and have appealed to Sanford to help them.

It is deeply regretted at Yale that Howard Jones, who was a splendid tactician, cannot be secured for Yale this fall, but Jones gave his entire time to giving Yale a champion eleven last year, and will be at Ohio State University this fall.

Yale begins this season with the smallest number of veterans on any eleven in years. Only Captain Daly, J. R. Kilpatrick and Quarterback Howe are in college. Walter Camp, Jr., and Holladay, Philbin and Spalding, the back field of the freshmen last fall, are prominent candidates for the team.

#### COUNTRY CLUB.

The annual meeting of the Oahu Country Club will be held in the roof garden of the Young building at 7:30 this evening. Reports for the year will be received and new officers elected.

#### OARSMEN ARE READY.

The rowing crews of the boat clubs are about as well conditioned as could be expected for the Regatta Day events. All of them were out late yesterday for a pull over the course. It is not expected that any records will be broken this year, but some very fine sport may be expected. It is claimed by the committee that if the program drags at any hand it will be on account of lack of interest on the part of the public.

## RIFLEMEN URGE GOVERNMENT AID

CAMP PERRY, O.—The National Rifle Association of America held its annual meeting Friday evening at the recreation tent of the twenty-sixth United States infantry, Lieut. Gen. J. G. Bates, U. S. A., retired, the president, presiding. The report of the secretary, Lieut. Albert J. Jones, stated that there were 2563 entries in the four days' matches, which closed Friday, and that the membership this year included 18 civilian rifle clubs, 13 college clubs, 22 schoolboy clubs and 441 annual members.

The secretary emphasized the need of government aid in the work of extending marksmanship skill to the citizenship of the country and urged members to use all proper means to induce Congress to pass the Hall bill, providing for the free issue of arms and ammunition to civilians, colleges and schoolboy clubs, and appropriating \$100,000 annually to carry on this work.

A new match was proposed by Lieutenant Jones to be held yearly at the close of the national matches between a team composed of the 20 national guardsmen ranking highest in the national, individual and the President's matches and teams from the several corps of the United States service.

At the conclusion of the meeting the medals and trophies won in the matches of the week were awarded.

The grand aggregate honors of the revolver matches were won by C. E. Orr, who scored 1815. E. G. Reising was second with 1812, Leroy Lyons third with 1807. The Evans skirmish match was again won by the United States infantry team, the victor in 1909. The Tennessee national guard came in second and the seventy-fourth New York, third.

## RECORD BROKEN BY AUSTRALIAN

LONDON, August 24.—Along with annexing most of the big English titles at swimming Beaupaire, the Australian, has started to make history in the record line. He is not attacking any obscure marks by mediocre performers, but is going for the records of the cracks. A couple of weeks ago he wiped off three previous marks at the Exeter baths in one night. He first attacked the 200 meters which he swam in 2 minutes 30 seconds. In the old world record of 2 minutes 31 2/5 seconds, made by Otto Siefert of Austria, seemed to be the best, the nearest to it being 2 minutes 35 seconds, made by C. M. Daniels of the New York A. C. at London two years ago. The 300 yards was the next to receive the attention of the Australian and he swam it in 3 minutes 30 seconds. The best English record for this distance was 3 minutes 31 2/5 seconds, by T. S. Battersby last year.

It was in the 300 meters that Beaupaire gave his greatest display of speed, and he knocked a big slice off all world's records. His time was 3 minutes 50 1/5 seconds, and nothing like this has ever been achieved, even with a tide or indoors. The old mark was 4 minutes 12 seconds by Otto Schele of Germany. The late B. B. Kieran swam 330 yards, which is about two yards further than the distance swam by Beaupaire, in 3 minutes 58 seconds. The record made by Daniels for 330 yards is 4 minutes 7 2/5 seconds in a bath of sixteen turns.

Warren O'Neil, the expert swimmer of San Francisco, has arrived here and is in training with the other Regatta Day programmers. He has found any amount of racing material, ready and willing to give him a tryout. O'Neil is the guest of Sergeant Barry, of the National Guard.

## SEE THEIR BALL GAMES AT NIGHT

CHICAGO, August 26.—C. A. Comiskey's recently installed lights received their first real try-out at the American League grounds last night when the Illinois Athletic Club and Calumet Lacrosse teams battled for over two hours in a fast match in the glare of over 1,000,000-candle power of light, which constitutes a portion of the light plant that will give Chicago night baseball in the near future. The plant proved itself equal to the occasion.

The Illinois Athletic Club won the game, 11 to 10, but this fact was lost to view in the confusion resulting from the pronounced success of the light plant, and at that the ground lights were curtailed and only half the power was in use. At no time during the eighty minutes of play did the players find it hard to follow the ball, and the game proved as fast

### SOME DIET HINTS FOR THE BUSINESS WOMAN.

Many a business woman suffers from digestive troubles. She is a frequent visitor in doctor's offices, is constantly taking medicines of various kinds, yet in the long run seems little better for all her efforts. A little simple regulating of her diet might remedy the whole matter, make her physically better in every way and save her the expense of doctors' bills and medicines.

Business life is not home life. The worker in an office or store needs to offset certain conditions of this life by certain kinds of food, which are not essential, perhaps, to the active home worker.

By a woman after breakfast has a heavy, uncomfortable feeling about the stomach which she rightly attributes to dyspepsia. But perhaps it is not so easy for her to find the cause. The innocent-looking dish of oatmeal is in nine cases out of ten the offender. Oatmeal is not digested, to any extent, in the stomach. Its digestion begins by mixing it well with the saliva in the mouth, after which the digestion is not continued until the oatmeal has passed through the stomach and reached the intestines. Most people "boil" their oatmeal. It is soft, it requires no chewing, and so they swallow it hastily without giving it the necessary admixture with the saliva. The consequence is that it lies in the stomach, a heavy, undigested mass, a dead weight. It should be masticated thoroughly, not that the chewing in itself is necessary, but it is essential because it is the only way to mix the oatmeal thoroughly with the saliva. If the oatmeal-eater who suffers from this feeling of discomfort will try this

plan, not merely for one or two mornings, but for some time, she will undoubtedly find relief. Other digestive troubles may have been induced by it, so that it may take some time to get the stomach into normal condition.

The business girl who feels sleepy and tired after her lunch and not a bit like working should include fruit in some form in her noonday meal, or if this is not possible, a little grape juice. The sugar in fruit is quickly converted into energy. It does not have to go through so many digestive processes as the ordinary sugar, so that after eating fruit the exhausted tissues are in a short time rejuvenated, as it were. There is a feeling of energy, and the tired, languid feeling vanishes. The juicy fruits are best, and pure grape juice is quite as good as fruit.

Laxative foods are quite essential to those whose occupation is sedentary. A little stewed fruit every day is most beneficial. Peas, onions and snails should be included in the menu several times a week. If women would eat regularly, and in some quantity, of these foods, they would need to take less medicine of a laxative character, and their general health would be greatly improved.

Proper diet will correct many digestive ills. The trouble is that women do not give enough thought to what they should eat. Instead, they support doctors and drug stores. This is a far more expensive method, is not half so pleasant, and is not so likely to keep one in health.

Barbara Boyd

and as interesting as if it had been played in broad daylight.

No complaint was heard from the players, and with the roof lights covered the contestants were in no way bothered by the force of the lamps.

#### CRICKET SATURDAY.

An effort is being made to get up a cricket game for Saturday, but the prospects are poorly. So many cricketers are just now interested in other sports that it is quite difficult to get a couple of teams out.

#### WAIALUA BEATEN.

In the country league's series last Monday afternoon the Waialua team was beaten by the Laie nine, the score being 10 to 8. The game was played at Laie. On Sunday the Waialua bunch defeated the Kahukus by a score of 7 to 18. This very one-sided argument took place at Kahuku.

#### NEXT GOLF.

The next golf match will be four-ball foursome at Moanalua on October 23. Intervening games will be private.

#### SWIMMER O'NEIL.

Warren O'Neil, the expert swimmer of San Francisco, has arrived here and is in training with the other Regatta Day programmers. He has found any amount of racing material, ready and willing to give him a tryout. O'Neil is the guest of Sergeant Barry, of the National Guard.

## SECRETARY WOOD'S OFFICE REPORT

(Continued from page 5.)

that we accept the proposition he makes."

Mr. Dunann referred to in the letter is the General Passenger Agent of the Pacific Coast Steamship Company. Mr. Raymond is chairman of the Los Angeles Chamber of Commerce Excursion Committee; owner of the Raymond Hotel, Pasadena, and President of the Raymond Whitcomb Excursion Agency.

With reference to the proposed excursion from Puget Sound, our Agent at Seattle, Mrs. Headlee, writes as follows:

"I am happy to report that the prospective excursion is moving very satisfactorily—Mr. Yandell, Mr. King, and several others and myself, inspected the "Prince Rupert," the steamer that will probably be used for the trip. She is indeed a beauty,—all outside staterooms, large and airy; only two berths in each. She is beautifully furnished, new and trim, not so large as we might wish (320 feet in length), but in every other respect just what is needed. She can carry

225 passengers. They have cabled to London about her insurance, as that does not cover a deep sea voyage; so expect to know tomorrow definitely about her and I will then forward photos for use in your local papers. Mr. Yandell and Mr. King are both enthusiastic about the excursion and I feel assured of success."

The Principal of the Humboldt High School at St. Paul, Minnesota, again writes stating definitely that a party of fifteen or twenty teachers from that city will spend next year's long vacation in Hawaii.

In compliance with the request of Governor Coultou of Porto Rico, we reported quite fully as to our work at Atlantic City. By the last mail we are in receipt of information that the Legislature of Porto Rico has appropriated the sum of Fifteen Thousand Dollars, which, with a like amount furnished by the merchants and planters, will be expended by their Chamber of Commerce in advertising Porto Rico at Atlantic City, March 1st, 1911.

The Publicity Committees of the various Chambers of Commerce and Boards of Trade throughout the United States are planning for vigorous campaigns during the next few months.

Following is a short list of appropriations decided upon as per recent letters:

Duffalo	\$100,000.00
Poughkeepsie	50,000.00
Des Moines	30,000.00
Portland, Me.	50,000.00
Seattle	100,000.00
Huntington, W. Va.	25,000.00
Chicago	500,000.00
Memphis	50,000.00
Portland, Oregon	100,000.00
Spokane	75,000.00
Minneapolis	25,000.00
Parkersburg, W. Va.	100,000.00

I hope that our Committee may secure a fund of at least \$25,000 for this year's work. We could use \$50,000.00 to distinct advantage.

During this month and next, we should get special circular matter into the hands of fully 25,000 railway and steamship agents. The matter for a special mailing card is being prepared, and will be submitted to the Committee, one side giving a series of views representing "Winter Sports in Hawaii," the other containing, besides the address, a brief message to the man we want to reach.

A number of letters came to hand by the "Wilhelmina" from different parts of the world; many of them stating positively that the writers would visit Hawaii the coming winter.

While the Promotion Committee has at different times received peculiar letters and been asked to do queer things, we scarcely expected to be called upon to serve legal papers and yet by the last steamer a letter came to hand from an attorney in a western city asking us to serve papers in a divorce action, one of the parties being supposed to reside in Honolulu.

Respectfully submitted,  
H. P. WOOD,  
Secretary.

# ROOSEVELT MAKES ANOTHER REMARKABLE OUTBURST; ROASTING THE NATIONAL SUPREME COURT

THE FORMER PRESIDENT ASSAILS THE HIGHEST COURT IN THE LAND IN VERY STRONG TERMS AND THEN PROCEEDS TO URGE MORE POWER BEING GIVEN TO THE FEDERAL GOVERNMENT.

DENVER, Colo., August 29.—Acts of the Supreme Court of the United States were sharply criticized by Col. Roosevelt today in an address in the State Capitol here before the Colorado Legislature. The ex-President cited two decisions by the Supreme Court which he declared were contrary to the principles of democracy, and he said emphatically, that if those decisions indicated the permanent attitude of the court, the entire American system of popular government would be upset.

Colonel Roosevelt's speech before the legislature was one of five which he delivered in Denver today. Everywhere he went he was greeted by cheering multitudes which blocked the streets, interfered with traffic and packed to suffocation the various buildings in which he spoke. The Auditorium, in which he delivered his speech on conservation, holds 15,000 persons, and yet it was large enough to seat only a part of the throng which clamored for admission. The streets outside the building were crowded with other thousands.

"I just feel as if I'd like to stay here for good," Colonel Roosevelt said, after he had made three of his five speeches. He added that he was taken utterly by surprise by the size of the crowds which turned out to greet him.

Roosevelt Has a Busy Day.

From the moment he arrived here until he went to bed Col. Roosevelt was kept on the move. In addition to his speech in the Auditorium under the auspices of the National Live Stock Association, he addressed the Spanish War Veterans, who are holding their national encampment here, the Live Stock Association at a banquet this evening, and talked to the Denver Press Club and the Colorado Sheriffs at a "chuck-wagon" luncheon at Overland Park.

The chamber of the House of Representatives at the Capitol was filled with a crowd which cheered him so frequently that he had difficulty in proceeding with his speech. On the wall behind the Colonel was a large picture of President Taft, draped with the colors. In addition to his remarks concerning the Supreme Court, Col. Roosevelt denounced dishonest legislators and demagogues. He scored men of wealth who gain their riches at the expense of the people; attacked untruthful newspapers and magazines and praised the periodicals and news papers which, he said, boldly told the truth in order to purify the body politic.

Governor Shaffroth and Mayor Speer occupied seats near the Colonel, who was presented to the legislators by President Fitzgerald of the State Senate.

The Colonel faced a Legislature that is Democratic in both branches, one member of the House being a woman.

He was presented by the President of the Senate as a "typical Westerner."

Reminding his auditors that he had been a member of the New York Legislature twenty-nine years ago, the Colonel assured the legislators that he knew of the hard work before them and the temptation to which they are exposed.

Then Colonel Roosevelt delivered his formal speech, in part as follows:

**Shots at the Supreme Court.**

"I am anxious that the Nation and the State shall each exercise its legitimate powers to the fullest degree. Where necessary they should work together, but above all they should not leave a neutral ground in which neither State nor Nation can exercise authority, and which would become a place of refuge for men who wish to act criminally, and especially for the very rich men who wish to set against the interests of the community as a whole."

"Let me illustrate what I mean by the reference to two concrete cases. The first is the Knight sugar trust case. In that the Supreme Court of the United States under cover of what a man whose interest is chiefly in sane constructive stewardship can only call a highly technical legal subtlety, handed down a decision which rendered it exceedingly difficult for the Nation effectively to control the use of masses of corporate capital in interstate business, as the Nation obviously was the sole power that could exercise this control (for it was quite beyond the power of any one state). This was really a decision rendering it exceedingly difficult for the people to devise any method of controlling and

regulating the business use of great capital in interstate commerce. It was a decision nominally against national rights, but really against popular rights.

**One More Cause For Complaint.**

"The second case is the so-called New York bakeshop case. In New York city, as in most large cities, the baking business is likely to be carried on under unhygienic conditions, conditions which tell against the welfare of the workers, and therefore against the welfare of the general public. The New York Legislature passed and the New York Governor signed a bill remedying these improper conditions. New York State was the only body that could deal with them; the Nation had no power whatever in the matter."

"Acting on information which to them seemed ample and sufficient; acting in the interest of the public and in accordance with the demand of the public, the only governmental authority having affirmative power in the matter, the governor and the Legislature of New York took the action which they deemed necessary, after what inquiry and study was needed to satisfy them as to the conditions and as to the remedy. The governor and the legislature alone had the affirmative power to remedy the abuse."

"But the Supreme Court of the United States possesses, and unfortunately exercises, the negative power of not permitting the abuse to be remedied. By a five to four vote they declared the action of the State of New York unconstitutional, because, forsooth, a man must not be deprived of his liberty to work under unhygienic conditions."

**Blow to Popular Government.**

"They were of course, themselves powerless to make the remotest attempt to provide a remedy for the

wrong which undoubtedly existed, and their refusal to permit action by the State did not confer any power upon the Nation to act. In effect, it reduces to impotence the only body which did have power, so that in this case the decision, although nominally against State rights, was really against popular rights, against the democratic principle of government by the people under the forms of law."

"If such decisions as these two indicated the court's permanent attitude, there would be real and grave cause for alarm, for such decisions, if consistently followed up, would upset our whole system of popular government. I am, however, convinced, both from the inconsistency of these decisions with the tenor of other decisions, and furthermore from the very fact that they are in such flagrant and direct contradiction to the spirit and needs of the times, that sooner or later they will be explicitly or implicitly reversed."

"I mention them merely to illustrate the need of having a truly national system of government under which the people can deal effectively with any problems, meeting those that affect the people as a whole by affirmative Federal action and those that affect merely the people of one locality by affirmative state action. I am a most earnest and convinced believer in exercising the power of the Nation where that power alone can be really effective; yet I am no less convinced a believer in seeing that the power of the state be made effective where it affords the best means of affirming popular rights. Above all, there should be no neutral ground where, owing to a conflicting series of decisions, it shall appear that neither the State nor the Nation has power, and where, in consequence able and unscrupulous individuals are left free to riot at will without the possibility of checking or controlling them in the interest of the public welfare."

Pandemonium was let loose when Colonel Roosevelt arrived in Denver this morning. As soon as he had left the special train which brought him here from Cheyenne, he passed through the streets of Denver in a parade headed by cavalrymen, artillerymen and infantry from Fort Logan. After a brief rest, he went to Overland Park where he briefly addressed the Denver Press Club.

The Colonel had barely time to get back to the city to address the throng which was waiting for him in the Au-

ditorium. That done, he hastened to the State Capitol, and, after speaking there he was whirled back to the Auditorium to speak to his old comrades-at-arms, the Spanish War Veterans.

Denver gave Colonel Roosevelt time enough to change his clothes before it required his presence at the final function of the day, the banquet of the Colorado Live Stock Association. The Colonel talked to the stockmen after dinner and then went to his bed. It was a mighty busy day, he said, but a thoroughly enjoyable one.

The Roosevelt party leaves at 7:45 o'clock in the morning for Pueblo, where Col. Roosevelt is to lay the corner stone of the Young Men's Christian Association building. From there he starts for Osawatimie, Kansas, where he is due on Wednesday morning, and where he is to make what probably will be the most important speech of his tour.

**THE LAST WEEK.**

Only a few days in the last week of vacation. Time to think about spending it where you will get the best results. Haleiwa is delightfully situated, in close to business and yet far enough away to be out of the din and away from the noise. There is good bathing, fine golf links and a good tennis court. The drives in that locality are excellent and the view from the veranda all that persons of aesthetical taste can wish for. The rates are not high.

BETTER, SO.

Father—I say, my son, there seems to be a lot of men in your team who died on the bases.

Son—Hush, father: let us bury the subject.

For the best amuse in the city, call on Pete, the California expert, at the Silent Barber Shop, Hotel street.

Shimo Tokunago has instituted divorce proceedings against Tomihito Tokunago. Desertion is the ground relied upon.

See that you get your green stamps when you are buying at the stores. And call at the show rooms, and see the many valuable articles you get for them.

On Saturday afternoon from two until five there will be a free demonstration at the store of the Honolulu Photo Supply Co., of developing and printing on Velox paper.

John Drew, head of the shipping department of Castle & Cooke left for Hilo and the volcano, per the Matson liner Wilhelmina yesterday. He is accompanied by Mrs. Drew. Mr. Drew is making his first visit to the Rainy City, and the volcano.

Lieut. Comdr. Houston, lighthouse inspector, gives notice that on or about October 1, 1914, Kamalo Reef, Gas buoy 1, marked "Kamalo" characteristic occulting white, will be established in place of Kamalo Point Reef Bell Buoy, which will then be discontinued. The place is on the southeasterly side of Molokai.

Three, and possibly four, companies of the coast artillery corps, it is rumored in service circles, are soon to be ordered to Pearl Harbor to man the big guns already mounted at Fort Kamehameha, adjoining the naval station. The guns have been in position for nearly a year and have been under guard of watchmen.

One of the passengers for Hilo on the Wilhelmina last night was John M. Young, consulting engineer of the Pacific Engineering Company and the Hilo railroad. He will spend a week inspecting the bridges just erected by the Hilo railroad. Mr. Young will also look over the locations for bridges that are yet to be built.

In the Circuit Court, E. W. Quinn has filed a claim against Joel Cohen for \$1184.99 and \$184.59 as reported. The amount Quinn alleges is due for work done by him at the New Orpheum Theater in behalf of Cohen.

Ching Tam-sheo, executrix of the late C. Wigham, reported in the Circuit Court this morning that she had sold to J. Alfred Magoon the interest held by this estate in land at Kapahulu, Waikiki, for \$600.

Mrs. Harold Dillingham left today for Del Monte, where she will spend the week-end as the guest of Miss Helene Irwin. Mrs. Dillingham has been ill ever since her arrival from Honolulu. She returned last week to her apartments at the Bellevue, after having spent several days at the Adler.—San Francisco Bulletin.

Peter Rodrigues, who accidentally discharged the contents of a shotgun into his arm on Sunday near Wainanae, died at the Queen's Hospital last evening at eight o'clock. The arm was shattered badly, and it became necessary yesterday morning to amputate it.

Two Japanese named Onodero and Tsurishima of the Japanese Chronicle were bound over yesterday to the Grand Jury by Commissioner Judd under a bond of \$1000 each.

# FOUR-PER-WEEK HOME BROKEN

MRS. LEE SONG TRIES TO HAVE HUSBAND UNDER BONDS NOT TO SHOOT HER.

Aunt Lee Song, whose husband claims to have had an income of only \$1 per week with which to support their happy home, this morning attempted to have her husband placed under bonds to keep the peace, claiming that he had threatened to shoot her. A divorce suit is pending against the four dollar a week husband and it will not be contested according to the announcement of his counsel, C. F. Chillingworth. In the meantime, according to the story of the wife, a young Hawaiian girl, Lee Song went to her mother and declared his desire to shoot his wife, who left him last February.

Mrs. Lee Song said she was afraid her husband would shoot her. It appeared that she only knew of the threats through being told by her mother.

A motion was made to strike out all her testimony as hearsay, but was not ruled on, the court proceeding with the evidence.

At the conclusion of the testimony Judge Andrade agreed to postpone the matter for one week, on condition that Chillingworth advise his client not to attempt to go near the complaining witness. The case was prosecuted by A. M. Brown.

## HIGH CHIEFESS DEAD.

Mrs. Kaahunaakoi, a high chiefess of the Hawaiian race, died this morning. She was connected by blood relationship with some of the surviving Hawaiian royal families.

## BORN.

AFONG—In Honolulu, September 5, to Mr. and Mrs. Albert F. Afong, a daughter.

Tickets one dollar. Proceeds of this concert will go to buy a piano for the girls' industrial school. This is the last opportunity of hearing Mrs. Allan White as she leaves in the China for Europe, much to the regret of Honolulu people.

# CHANCE OF A LIFE TIME

Every man who engages in business takes a chance; the farmer's crop may fail; the ship may sink; even your life insurance is a gamble. Some gambles are even chances; some have odds in your favor. A gamble in Lakeview No. 2 oil company would be \$1000 to \$1 in your favor. Any man with intelligence takes a chance and develops into a globe trotter or tourist and lives on Easy street; the other man who didn't is still a clerk at his old job. John D. Rockefeller might still be a clerk, but he took a gamble in oil—his salary is now about a half million dollars daily; he don't work now. Today is your opportunity—tomorrow may be too late. Cut this out and come and see me; you have everything to gain in this gamble. Shares now 40c. will be worth a dollar when I get cable to stop. J. OSWALD LUTTED. Fort Street next to Convent. I will leave for Hilo September 13. The charge being one of having sent obscene matter through the mails. The matter complained of was contained in a cartoon which appeared recently in the Japanese Chronicle.

With the opening of general offices in Los Angeles, the American-Hawaiian Steamship Company contemplates the inauguration of a fast freight and passenger service between here and Honolulu within the near future, according to reports in shipping circles, says the Los Angeles Times.

# JAPANESE CALLED OFF A CELEBRATION

WANT TO MAINTAIN FRIENDLY RELATIONS WITH KOREANS AND STOPPED A PLANNED DEMONSTRATION.

In connection with reports of Koreans here preparing for trouble Editor Sheba of the Shingo said today that the attitude of the Japanese press throughout the islands was pacific. It has been considered by Japanese for a long time that the annexation of Korea by Japan was inevitable, and now that this has come to pass, the Japanese wish to continue the harmonious feelings that have always existed between the members of the two nations who reside in the islands. The Japanese for their part say that they will do all in their power to avoid friction, and they can see no reason why trouble should arise.

An earnest of their intentions it was mentioned by Mr. Sheba that at Hilo it was proposed to celebrate the annexation in a manner that would be considered befitting to the occasion. On consideration, however, it was thought that this might be regarded as offensive by some of the Koreans, so in order to avoid the possibility of trouble, the plans were abandoned, and it was resolved to let the event pass without any outward show of rejoicing. The Japanese hope that the Koreans will take the same stand, and thus permit harmony to reign as heretofore.

Unfortunately, the Koreans do not regard the annexation of the peninsula as the natural order of things, and they are preparing quietly but strongly, to oppose the occupation of Korea by Japan. Local Koreans have been active, and already a large sum has been subscribed towards the needs of war. It has been resolved to levy a toll of \$1 a month on the salary of every patriot, and in this way a large amount should be netted. Exactly in what way the fund will be used has not transpired, but it is assumed that men will be sent to Korea to join with the rebels. Of course, a proportion of the contributions will be used to purchase arms and ammunition. It is stated that a big supply of war material is stored at Vladivostok, but this statement is not taken too seriously, for naturally it cannot be expected that the Russians will be prepared to help anybody hostile to Japan at the present stage.

According to the Garden Island: "All able-bodied Koreans on the island are being called upon by the Korean Patriotic League to be ready to return to Korea and Japan. The Korean churchyards are being used as drill grounds, where three times a week the patriots are drilled in military tactics by Korean ex-soldiers."

# INDICTMENT IN THE HELGA CASE

The Territorial Grand Jury submitted its report yesterday afternoon, and found a true bill in each of the following cases:

Territory v. Manuel I. Silva, who was charged with burglary stolen about thirteen tons of coal valued at \$100 on August 22 last. This is the Helga coal case.

Territory v. George Thomas, who was charged with criminal assault on a girl under the age of fourteen years.

Territory v. So Chal-when, charged with having committed assault and battery. So Chal-when struck Yoon Ki-Lo with a cleaver on August 20 last and beat and wounded him.

# AUTO DRIVERS HAVE A FIGHT

F. Wilson and Warren Benford, both auto drivers, were interrupted by a bicycle officer on Hotel street this afternoon in the middle of a fight that looked very bad for Wilson. Benford had just telephoned for the patrolman, to get rid of Wilson, who was somewhat drunk and at the police station he lodged a charge of assault and battery against Wilson.

According to his story, Wilson was pursuing and insulting him and just after he had telephoned for a policeman to take Wilson away, the latter attacked him with a knife. Wilson was getting much the worst of the fist fight that followed, when the officer interfered.

Honolulu, T. H. August 9, 1910.

MARSTON CAMPBELL,  
Commissioner of Public Lands.

Approved, August 4, 1910.

W. F. FREAL,  
Governor

24th—August 9, 11, 13, 16, 18, 20, 23, 25, 27, 30; September 1, 3, 6, 8, 10, 13, 15, 17, 20, 22, 24, 27, 29, October 1.

**OUR LIQUOR CAMPAIGN.**

By a vote of more than three to one, the Territory of Hawaii, which recently went through the throes of a sharp contest on the liquor question has decided against the proposed law which would prohibit all manufacture or sale of intoxicants. Every island returned a majority for the saloons, the total vote being 7,283, against 2,185. Just as in several of the Southern States, where the presence of the negroes induced thousands to vote for Statewide prohibition, consideration for the native element in Hawaii was the main argument of the "dry" campaign. The prohibitionists, however, made the mistake of entering the fight

insufficiently organized, and were unable to cope with the methods which the liquor interests zealously employed to get voters to the polls. Yet good results have come from the campaign, for the saloon-keepers were forced to come out strongly in favor of the present excellent licensing law, and indications are that it will hereafter be enforced more strictly. Besides this, they voluntarily did away with the worst places in the Territory, and signed promises not to sell the cheap brands of liquor. The overwhelming vote shows that Hawaii is not ready for prohibition, but the "drys" may feel that they have brought about better conditions throughout the islands.—New York Evening Post.

**INVESTIGATING RUSSIANS AGAIN**

WASHINGTON, September 8.—The department of commerce and labor officials are not satisfied with the reports that have been made regarding the condition of the Russian immigrants brought to Hawaii under the auspices of the territorial board of immigration.

So many contrary reports are being received that a special inquiry has been ordered and agents will be sent from the department to Hawaii to look for themselves into the treatment that the Russians are receiving on the sugar plantations.

**SECRETARY BALLINGER DENOUNCES DETRACTORS**

SEATTLE, September 8.—Secretary of the Interior Ballinger, who was present as a guest at a smoker given here last night in honor of Secretary Nagel and Attorney General Wickersham, roundly denounced those opposed to his administration of his department, whom he referred to in his speech as his detractors.

It was not expected that the secretary would refer so pointedly to the affairs of his department, the smoker being an informal affair and in honor of two of his associates who have just returned from a trip over the ground in a more or less investigation of the charges against him.

**SHOT IN CHINATOWN TREATER**

SAN FRANCISCO, September 8.—What is expected to be the beginning of another tong war broke out in Chinatown here last night, a spectator in a crowded theater in Chinatown being shot. In the confusion the murderer slipped away and escaped identification or arrest.

**CHOLERA CLAIMING TOLL.**

ROME, September 8.—There have been six new cases of cholera and nine deaths reported from the infected districts for the past twenty-four hours. Those fighting the outbreak believe that the situation is improving.

**EX-CONGRESSMAN KILLED.**

BINGHAM, Maine, September 8.—George W. Weymouth, a former congressman, from Massachusetts, was killed in an automobile accident here yesterday.

**DICKINSON FOR SHANGHAI.**

HONGKONG, September 8.—Secretary of War Dickinson and party sailed yesterday for Shanghai.

**KAUFMAN-KUBIAK MATCH.**

BALTIMORE, September 8.—Kaufman and Al Kubiak have signed an agreement to meet for a six round go here on September 19.

**KUM PUNG'S DEATH.**

That Kum Pung came to his death from a "hemorrhagic compression due to a fractured skull, the result of a blow dealt him with an iron bar by Arthur McDuffie, chief of detectives, while attempting to arrest said Kum Pung," was the verdict of the coroner's jury last night, sitting at inquest over the Chinaman who died raving mad at the insane asylum Tuesday night.

The jury added that it believes no blame to be attached to McDuffie and that he was entirely justified in using the force he did.

**NOTICE TO MARINERS.**

Rogers Break, California.—Notice is hereby given that Rogers Break buoy, a red first-class nun, placed about 4 1/2 miles southeasterly from Punta Gorda, California, reported adrift August 21, will be replaced as soon as practicable.

L. H. B. List of Buoy, etc., Pacific Coast, 1908, p. 36.

San Francisco Bay, California.—Notice is hereby given that four and one-half fathom gas buoy, easterly of Pacific Mail S. S. Wharf, San Francisco Bay, California, found extinguished, was relighted, August 23.

L. H. B. List of Buoy, etc., Pacific Coast, 1908, p. 25.

By order of the Bureau of Light-houses.

W. G. Miller,  
Commander, U. S. N., Inspector,  
Eighteenth Lighthouse District.

**SURE CURE FOR DIARRHOEA.**

An ordinary attack of diarrhoea may be cured by a single dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Only in the more severe cases is a second or third dose required. Try it. It has a reputation of over thirty-five years behind it and is ever recognized as the most reliable remedy in use for diarrhoea. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

**CHARGE FOREIGN COMPANIES FOUGHT AMERICAN SHIP SUBSIDY**

NEW YORK, August 30.—Government agents who have been secretly investigating the rate fixing, rebating systems of the "foreign steamship trust" in this city, have discovered that a large number of books and papers that might explain everything, were recently taken to Europe.

What might have frightened the foreign shipping rings is the Congressional inquiry, which is to be held in New York in November. It will be conducted by the special committee of the House, originally appointed to probe certain charges that alien shipping combinations were lobbying at Washington to defeat subsidy legislation for the rebuilding of the American merchant marine.

The committee is composed of Congressman Olcott (chairman), Longworth, Hawley, Humphreys and Garrett.

**Has Mass of Evidence.**

From an authoritative source in Washington it was said tonight that the Department of Justice had accumulated a mass of evidence to show that the foreign steamship rings had dictated to American shippers and

American railroads in a manner that appeared to make them amenable to the Sherman anti-trust law. A bill in equity is being drawn against several of the largest lines, but according to present plans it will not be filed until the Congressional inquiry in New York has been completed.

A statement was issued today by the Merchant Marine committee of 100 which says the United States, unless it re-establishes American shipping, will be practically helpless in case of war. This warning obtains particular force from the fact that both Admiral Dewey and Admiral Robley D. Evans are on the advisory committee of this organization.

**We Have Weakened Defenses.**

"The United States, the richest nation in the world, with five thousand miles of exposed coast, with almost double the wealth of England, the next richest nation, has less with which to protect itself than any of the four great powers," says this committee. "For the lack of a merchant marine the United States in time of war would not have one tenth the efficiency of England."

**THE BOY SCOUTS.**

EDITOR STAR.—We felt sure of our ground when we said that the Scout movement would be a great success in Honolulu. It may with patience, time and faith obviate the necessity of anything, say, like reform places; and even help to deplete jails and prisons. We are a believer (faith cure), likely, more in preventives than cures! In other words, locking the stable door in advance. The Scout movement is simply taking time by the forelock and bending the twig.

It is one of the most perfect movements of the century.

It takes hold on life and humanity with a marvelous outlook. Think what a marvel! And by the really youth of the civilized world. It will come to be the marvel of this century.

**EDITOR TIMES.**

Fine Job Printing, Star Office

**TRYING TO RAISE PRICE OF LUMBER**

TACOMA, August 28.—At yesterday's meeting of the Pacific Coast Lumber Manufacturers' Association at Hoquiam several sawmill men reported that the bottom has dropped out of the lumber market, as buyers are holding off waiting for another fall in the price. In order to prevent this, a committee of two men from each district was appointed to consider means to prevent the mills from closing down for an indefinite period.

If present conditions continue there will be some curtailment of production.

The association also adopted a

resolution condemning the Northern Pacific Railway for alleged carelessness in setting forest fires that have burned over large areas of logged-off lands in Chehalis county and elsewhere. In presenting this resolution, George H. Emerson said he counted a hundred fires between Tacoma and Montesano set by the Northern Pacific locomotives.

About eleven acres of residence property in Nuuanu Valley, above the premises of George Rodiek, will be offered at auction by the Bishop Estate in the near future.

**SAVED FROM AN OPERATION**

By Lydia E. Pinkham's Vegetable Compound

Louisville, Ky.—"Lydia E. Pinkham's Vegetable Compound has certainly done me a world of good and I cannot praise it enough. I suffered from irregularities, dizziness, nervousness, and a severe female trouble. Lydia E. Pinkham's Vegetable Compound has restored me to perfect health and kept me from the operating table. I will never be without this medicine in the house."—Mrs. SAM'L LEE, 3523 Fourth St., Louisville, Ky.

Another Operation Avoided. Adrian, Ga.—"I suffered untold misery from female troubles, and my doctor said an operation was my only chance, and I dreaded it almost as much as death. Lydia E. Pinkham's Vegetable Compound completely cured me without an operation."—LENA V. HENRY, R. F. D. 3.

Thirty years of unparalleled success confirm the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases. The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for those distressing feminine ills from which so many women suffer.
