## ACT ON ANDREWS' FRAUDULENT USE OF PROXY ALEXANDER YOUNG LEFT OVER MILLION

### Big Deal In Hawaiian Electric

Local Estate Purchases 359 Shares Of The Corporation's Stock For Investment

Three hundred and fifty-nine shares of the stock of the Hawaiian Electric Company have been purchased by a Hawaiian estate, the purchase price being approximately \$55,000, the stock transferred being secured at prices ranging from \$170 to \$175 a share.

The sale was negotiated by Willard Brown of Halstead & Co., who stated this morning that he was not at liberty to divulge the name of the purchaser of the large block of electric corporation stock.

"There is no significance attached to the sale," he said, "beyond the fact that the local estate for which it was purchased wanted it for safe investment."

The three hundred and fifty-nine shares of the electric corporation's stock purchased by the estate through Halstead & Co. were acquired in a number of comparatively small blocks, all from local holders, the prices obtained ranging, as stated, from \$170 to \$175 per share.

### ALEXANDER YOUNG ESTATE IS APPRAISED AT OVER A MILLION AND A QUARTER

Complete Inventory Filed Gives Total Value At \$1,283,489.92

One million, two hundred and eighty-three thousand, four hundred and eighty-nine dollars and ninety-two cents is the appraised value of the Alexander Young estate, of which \$1,250 represents real estate and \$1,232,239.92 personal property.

The appraisers of the estate, M. T. Simonson, S. M. Damon and R. W. Shugate, worked nearly eight days on the estate and went thoroughly into the conditions of the various businesses in which the deceased held stock.

In the appraisal, personal effects, including jewelry of the deceased, amounted to \$200. His household effects, including furniture, were valued at \$2500, and one automobile at \$2500.

### LEE YOUNG BROUGHT HERE

Alleged Counterfeiter And Bogus Coin From Maui

Lee Young, accused of attempting to pass a counterfeit ten-dollar piece on Maui, was brought to Honolulu today by Deputy Sherwood of the United States Marshal's office.

The Chinese was arrested last week and held for United States officials. Marshal Hendry and Attorney Breckons went to Waiuku for the man, but found that he was in Hana, and so came back and sent a deputy on the next steamer.

It is a poor counterfeit that Young was found with, being easily detected by the naked eye, without even the trouble of ringing it.

The coin bears the date 1902 and the die from which it was made is not at all clear cut, so that the coin itself looks dull, but not as if worn to that condition.

Young has served time before for counterfeiting, but denies absolutely that he made this coin which was found in his possession.

United States Commissioner Judd is giving the Chinese a hearing this afternoon.

### MISS SASAKI ENJOYS TRIP

She Praises Yosemite But Says No Place Like Hawaii

Miss Emma Sasaki, one of the Bulletin contest winners, who went to the States a few weeks ago, returned this morning on the steamship Lurline, highly pleased with what she had seen in California.

Miss Sasaki stated this morning that the treatment accorded her and the rest of the party was excellent. The beautiful scenery of the Yosemite, she said, was a revelation.

Miss Sasaki, who was greeted at the wharf by her parents and friends, said that there is no place like "Hawaii."

### Whitney Wins Golf Honors

HOTEL DEL MONTE, Monterey, Aug. 31.—Vincent Whitney today defeated Austin White for the Pacific Coast amateur golf championship by one up, first eighteen holes.

### Hawaii's Teachers Returning

SAN FRANCISCO, Aug. 31.—School teachers from Hawaii who have been spending their vacations on the mainland sailed for home today on the Wilhelmina. The Bulletin contest party is included.

### Futurity Winner

SARATOGA, N. Y., Aug. 31.—In the futurity race today, Novelty won; Bashti, second; Second Love, third.

Novelty established a record of one minute twelve and one-fifth seconds.

### Honored With Park

OSSAWATOMIE, Aug. 31.—John Brown park was dedicated today, with impressive ceremonies. Colonel Roosevelt, ex-Secretary Garfield and ex-Chief Forester Pinchot made appropriate speeches and were loudly cheered by the thousands present.

### WANT CHOATE EXPELLED

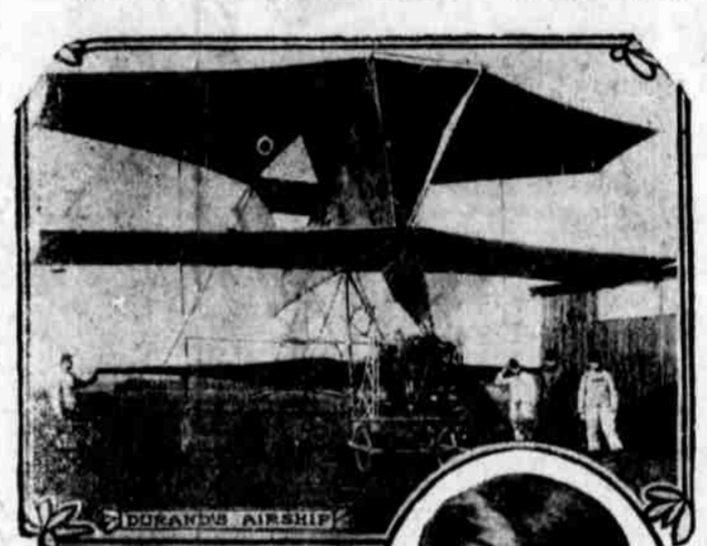

(Special Bulletin Cable)  
CHATTANOOGA, Tenn., Aug. 31.—The American Bar Association, now holding session here, has been petitioned to expell former Ambassador Choate. He is charged with unprofessional conduct.

Chief McDuffie is investigating a case in which a Portuguese girl of fifteen years of age alleges that an aged man named Francisco Oliveria criminally assaulted her a year ago. She also claims that the man, who is sixty years of age, repeated the act a month ago. The girl states that a youth had also assaulted her a week ago.

The appeal in connection with the two marriages who were sentenced to jail for assault on two Hawaiian girls, had not been perfected at 8 o'clock and the men were taken to the Oahu county jail.

This afternoon at 2 o'clock the detective staff went down to the pineapple cannery district and arrested three youths who were playing billiards.

### BREAK SKY RECORDS FOR SPEED AND HEIGHT

### Curtiss In Dash

(Special Bulletin Cable)  
CLEVELAND, O., Aug. 31.—Glen Curtiss, the American aviator, established a new world's record in over-water flight here today, when he covered sixty miles in one hour and nine ten minutes.

This is the fastest speed that has ever been maintained in an over-water flight.

### DR. CLARK IS HERE FOR WORK

"I do not think that we shall get the census returns here for several weeks," said Dr. Victor Clark this afternoon in speaking of the census work which has recently begun done all over the United States.

Dr. Clark arrived on the Lurline this morning to take up his new work as executive officer of the Territorial Board of Immigration, under appointment of Governor Frear, and he made an official call upon the Governor during the morning.

He states that the census work is so complete this year that the staff in Washington is considerably behind in its work and it is doubtful if preliminary returns will be available for a month at least, and probably a longer time.

"This census is the most complete ever taken," said Dr. Clark, "and the work to be done in Washington is immense. As to our getting returns here, I think that many other States and cities will obtain their first, for the reason that great pressure is being brought to bear, through Senators and Representatives in Washington, to get the figures. Hawaii, not having a representative on the ground to work and pull for an early count and tabulation, will be considerably behind in getting the desired returns, I think."

Speaking of politics in the national capital, Dr. Clark said that all sentiment was anti-Cannon. There were no standpatners left and the insurgent element was stronger and stronger all the time.

In regard to the political situation generally, he said that it was expected in many quarters that the Democrats would carry New York in the coming election and that in Maine there would be the greatest turnover in the political history of that State.

The state of Oregon and Nevada, in regard to the chairmanship of the State convention of New York might have a worse effect on Sherman's fortune than that of Roosevelt, as it was believed that Sherman

There is a great deal of Roosevelt sentiment in Washington among government people," said Dr. Clark, "among those who have come over from the previous administration. The political situation there, however, can be termed nothing but one of uncertainty."

### Andrews To Lose Fraudulent Seat

Attempt To Pack County Committee Will Bring Prompt Action

Lorrin Andrews will be ousted tonight from the fraudulent seat upon the Republican County Committee which he obtained by using the proxy of E. C. Brown, breaking the rules of the Republican party in presenting a proxy which he knew he was not entitled to at the time.

During the period of his late employment as assistant secretary of the Republican Territorial Central Committee, Andrews obtained special privileges and now, while holding an official connection with the Republican party, has had the presumption to attend the meeting of the committee and take an active part in the consideration of precinct protests, knowing at the time that he was breaking the rules of the party.

Section seven of the rules governing the use of proxies on County Committees disposes of Andrews' case absolutely and shows the fraud that he has perpetrated in posing as a member of the committee.

This rule reads as follows:

Section 7. A proxy may be given by a member of a County Committee to another member of such County Committee from the same Representative District, or to a member of the last preceding County Convention coming and take an active part in the con-

### HILO DEMOCRATS HOLD HOT PRIMARY ELECTIONS FOR CONVENTION DELEGATES

Metzger And Le Blond Withdraw From Tie Vote

(Special Correspondence)  
HILO, Aug. 29.—The Democrats held their primary elections last Thursday, and quite a warm time they had of it, too, at least in the Hilo town precinct. There was no contest, in this precinct, concerning the election of delegates to the Territorial convention, as there were five delegates to be elected, and as only five had been nominated. Those elected were: J. K. Paahan, Chas. K. Maguire, J. K. Maa, R. D. Kuali and Philip Kumalae.

The election of delegates to the County convention was, according to David Ewaliko, the Democratic boss, in the main a contest between the faction which wants Harry Irwin to be the candidate for County Attorney on the Democratic ticket, and those who want to give Deputy County Attorney Heen the nomination. Ewaliko calls

### SIERRA TAKES LARGE CARGO

Many Passengers And Musical Comedy Co. On Liner

There was an unusually large gathering of different nationalities at the Oceanic wharf this morning when the steamer Sierra backed into the stream and pointed her prow for the open sea.

The Sierra sailed with seventy-four passengers and a large amount of freight. The band was present and gladdened the hearts of the outgoing passengers with lively airs.

Among the passengers who departed in the Sierra was P. C. Jones, the capitalist, who goes to the States on a business and pleasure trip.

Dr. F. N. White, who occupied the pulpit of Central Union Church during the absence of Dr. Scudder, the regular pastor, who is traveling around the world, left for his home in Chicago this morning. Dr. White delivered a number of able lectures during his short stay in the islands. He is a strong speaker and his departure will be regretted by his many friends. He was accompanied by Mrs. White.

J. A. McCandless is making a flying trip to the States.

Mrs. J. Mary Elder, who has been a local correspondent for one of the local newspapers, sailed to accept a position with the San Francisco Call.

### LURLINE IS IN EARLY

Many Homecomers Enjoy Very Pleasant Voyage

After experiencing a fine and smooth trip, according to the officers, the Matson liner Lurline, Captain Weston, arrived off port early this morning, and within half an hour afterwards, she was brought along side the Hackfeld wharf, where her passengers were landed. Those who returned are principally kamaianas, who have been abroad either on business or pleasure trips.

The liner brought a full load of general cargo including supplies for the United States Army officers, stationed here and freight for local merchants. The after part of the steamer was taken up by livestock, consigned to the local scientists, ranchmen and hiversmen. Eight pleasant featured monkeys were brought down consigned to Dr. V. Curry of the Federal Experiment Station.

On Sunday, August 28, the Lurline passed the Norwegian steamer Acont, bound for Sydney, Australia, from the Sound. She reported all well on board. Among the passengers who arrived today is Noabo Akoh, the former Deputy County Attorney of Hawaii. He has just completed his round the world trip, having left here several months ago. He went first to Japan, thence to China, India, Bu

A Family Medicine Without Alcohol. Ayer's Sarsaparilla is a tonic and alterative, free from alcohol. What is a "tonic"? A medicine that imparts strength or tone; a medicine that builds up, gives vigor and power. What is an "alterative"? A medicine that alters or changes unhealthy action to healthy action. Ayer's Sarsaparilla does all this without stimulation. Ask your doctor if a family medicine, like Ayer's Sarsaparilla, is not vastly better without alcohol than with it.

Commencing Sunday, August 28, the Bulletin's phone numbers will be: Business office, 2356; editorial rooms, 2183. There were fifteen cases on the Police Court calendar this morning, but only the Cannon and Marine ones were of any interest. Lieutenant H. H. Robinson of the revenue cutter Thetis returned to Honolulu by the Lurline this morning from a vacation on the Coast. A youth named Souza was a witness in the Cannon case this morning and his manner of answering questions resulted in his being called down by the judge. Olive Branch Rebekah Lodge, No. 2, I. O. O. F., will have a card party tomorrow evening, to which all friends are invited. Refreshments will be served. F. Stokes, a Spaniard, who was charged with assault and battery, had his case sent over till tomorrow morning at the request of his attorney, C. F. Chillingworth. HAWAII WGN SIXTH PLACE

In the shooting match at Camp Perry of National Rifle Association Hawaii's first team stood sixth on the list with a score of 804 out of a possible 900 points, and the second team stood at twenty-second place with 753 points on its credit. The Hawaii men certainly "smashed their way into the hearts of the American people" by the shooting they did in this preliminary work, the first team winning a cash prize of \$24, and Major Rose of the first team making a total score of 49 out of a possible 50 points on the 1000 yard range. Major Rose, Captains Coster and Hopkins, Lieutenant Evans and Sergeant Lemon and Evans composed the first team and their work may be sized up better in making sixth place with a total of 804 points when it is known that the winning team, the sixth Massachusetts, made a total of but \$31, only 27 points ahead of the Hawaiian men. The scores of the winners and Hawaiian representatives as compared on the three ranges was:

Table with 3 columns: Range, Hawaii, Massachusetts. 200 yards: Hawaii 272, Mass 255. 600 yards: Hawaii 280, Mass 272. 1000 yards: Hawaii 279, Mass 277.

This table shows that Hawaii was stronger at long distance than at the nearer targets during the shooting. There were 32 entries in all at the shoot and the second team composed of Captain Johnson, Sergeants Stone, Pinao, Longley, Silva and Private Evans made a good mark in getting twenty-second place with a score of 753. The shooting on the regular match under the auspices of the War Department began on August 22 and detailed news from that event should reach Honolulu on the next mail.

He will leave for Maui on the Claudine, sailing at 5 o'clock Friday afternoon. Miss Emma Sasaki, one of the Bulletin contest winners, returned this morning, after enjoying a pleasant vacation. She said that the girls are having the time of their lives. She had nothing but words of praise for the Bulletin. Moses L. Heen, son of H. A. Heen, a well known Chinese merchant of Honolulu, returned from the States, where he has been studying law. He will, it is said, be appointed an office assistant of Attorney Lorin Andrews. Dr. Victor Clark, who was recently appointed superintendent of the local immigration bureau, arrived to take charge of the office. He will consult with the Governor and the officials of the local immigration bureau, before taking up the duties of the office. Dr. Clark, in response, stated this morning that the census report of the Territory, of which he was the director, had not yet been completed when he left Washington. I. H. Peattie, secretary of Trent Trust Co., who has been enjoying a well earned vacation in the States, returned today. Mrs. A. R. Curry and daughter are again in Honolulu, having returned this morning from the States on the Lurline. The Lurline brought 3000 tons of general cargo for Honolulu, 900 tons for Kahuhi, included in the Honolulu list, were 4 bell boxes, consigned to the Hinchinson services, 3 cows for Dr. W. E. Wall, 8 monkeys for Dr. V. Curry and other livestock, consigned to L. C. Ailes and Schuman. The Matson liner will leave for Kahuhi, as soon as her Honolulu cargo has been discharged.

Scott, clerk of the Inter-Island wharf, accompanied by his wife, sailed on the Sierra, to spend a few weeks' vacation in California. Mille Dreyfus, who has been staying with Captain and Mrs. Marix, returned to the mainland after enjoying a pleasant time here. E. O. Faulkner, a prominent official of the Santa Fe railroad, returned to the mainland after making an inspection of Hawaii's railway systems. A number of the members of the Casino Musical Company, who have been playing here for some time, returned to their several homes on the mainland. The Sierra's cargo consisted of 13,884 cases canned pines, 412 crates fresh pines, 9048 bags sugar, 489 cases honey, 90 barrels honey, 1513 bags rice, 4296 bunches bananas, 49 bales sisal, 1184 bundles hides, 37 bundles awa root, 35 cases crackers, 429 empty drums and barrels.

(Continued from Page 1) ... CUSTOMS Admenstrators of Vessels Eagar and Artigas have reported to Collector Stratton of San Francisco that the net tonnage of the British steamer Needles of 2995 tons, as stated in her register, is incorrect under the admeasurements rules of the United States, and that the net tonnage should be 2715 tons. UNITED STATES Steamboat Inspectors Bolles and Bulger at San Francisco on August 12 exonerated from blame Fred Matthiessen, pilot, and Engineer Marshall of the gasoline vessel San Rafael City for the fire that took place on that craft on the way from San Rafael to San Francisco some months ago. THE STEAMER Georgia arrived at Juneau, Alaska, on August 6, bringing the passengers of the wrecked steamship Princess May, and also some of the members of the crew. Captain McLeod and a number of the officers and crew are on Sentinel Island waiting until the salvage operations begin. Anyone that wants a package, a note, or anything else delivered to any part of the city can be obliged at Peter's Messenger Service. WATERFRONT NOTES. A RAISE in the passenger rates between this city and Vancouver has been made, and the local agents, Davies & Co., have been notified to that effect. The new schedule will apply to passengers who are booked for the steamship Marama, which leaves Brisbane today. The first-class rate from Honolulu to Vancouver, up to the present, was \$65. The new rates to Victoria and Vancouver are: First class, one way \$75, round trip \$135; second class, one way \$50, round trip \$100; third class, one way \$30, round trip \$60. Seattle, via Vancouver—First class, one way \$79.50, round trip \$144; second class, one way \$54.50, round trip \$109; third class, one way \$34.50, round trip \$69. San Francisco, via Vancouver and railroad, limited time—First class, one way \$105.10, round trip \$195.20; unlimited time, first class, one way \$116.10, round trip \$205.20. San Francisco, via Victoria, by steamer—First class, one way \$93, round trip \$171; second class, one way \$68, round trip \$136. The local agents have not been informed as to the reason for the increase of ticket rates. Will the present generation see the 1000-foot steamship? Following are the dimensions of the Mauretania, now crossing the Atlantic, and of some that are to be built shortly: The Mauretania is 790 feet long and her gross tonnage is 52,500. Her displacement or weight when loaded—the true comparative measure of a ship, and the standard used in all naval— is about 45,000 tons. The White Star line is building two boats 850 feet long, of 45,000 tons gross and about 65,000 tons displacement. Now the Cunard Company in turn announces two 90,000-ton ships. Their displacement will be over 90,000 tons; they will weigh nearly three times as much as the great 32,000-ton battleships which naval men are just beginning to plan, or five times as much as the original Dreadnaught.

AUGUST FOURTH marked the one hundred and twentieth anniversary of the establishment of the United States revenue cutter service. The event was observed in an informal way by all vessels of the service, no matter where they were stationed. Ships were in "full dress," resplendent with flags and bunting, and while the crews were mustered on deck a brief history of the revenue cutter service was read by the officers. THE STEAMER W. G. Hall which returned from Kaula ports this morning, brought 5590 bags of sugar, 20 empty gas drums, 20 saks coconuts, 11 empty oil barrels, 135 empty hme barrels, 59 packages sundries. She will sail again tomorrow afternoon at 5 o'clock for her usual ports of call on Kaula. THE MATSON liner Lurline, Captain Weeden, bringing passengers and general cargo for Honolulu arrived this morning and docked at the Hackfield wharf. She also brought livestock, including 8 nice looking monkeys, consigned to Dr. V. Curry of the Federal Experiment Station. PURSER KIBLING of the Inter-Island steamer Claudine which arrived this morning from Hilo reports the following ships at Hilo on Monday, Aug. 29, barkentines Irmgard, Benesia; schooners J. M. Weatherax, Gambia, Transit, Camano and steamer Enterprise. FOR HEROISM that saved three lives, Earl L. Stout, ordinary seaman in the Navy, has been commended by Rear-Admiral Mason, acting Secretary of the Navy. Stout saved a woman and two children from drowning while attached to a training ship at Norfolk, Va. THE HAMBURG-AMERICAN line has made formal announcement of its entry into the trade between the United States, Cuba and Jamaica. The two 5000-ton steamships, Prinz Eitel Friedrich and Prinz Sigmund, will be employed. THE BRITISH steamship Holland, which arrived at Philadelphia recently from Lusa, reports having passed two icebergs on July 16 in latitude 48.40 north, longitude 48.10 west. The largest was 50 feet above water. THE SCHOONER Sequoia, which has been loading general cargo at Hilo left that port, Monday, Aug. 29, for Honolulu. She will take on sugar at that port, before sailing for the States. THE LITTLE steamer Nones of the Inter-Island fleet was at Kilauea, Kaula, when the Hall left that port. She was unloading her cargo. ON AUGUST 29, the barkentine Mikahala sailed from Ahukini, Kaula, for Astoria, carrying a full load of sugar.

Southard, which has carried the American flag for more than thirty years, sailed from Port Townsend on August 11 for New York on her last voyage. She has been sold to be dismantled for a barge on the Atlantic. The Gibson was built at Thomaston, Me., in 1877. THE STEAMER Claudine, arriving this morning from Hilo, Laupahoehoe and Maui ports, brought the following cargo: 36 cords wood, 20 cases M. T. bottles, 45 bags potatoes, 15 bags corn, 50 cs honey, 1 horse, 68 hogs and 233 pkgs sundries. THE STEAMER Likilike, taking general cargo for Hawaii ports, will sail this afternoon at 5 o'clock. On her return trip it is expected that she will bring cattle and sheep from Kahuhi.

(Continued from Page 1) the former faction the "insurgents," and he claims that his party, the Heen one, won the fight. On the other hand it appears that if the Irwin faction regarded the situation in the light of a battle, they gave up the victory voluntarily when they had it firmly in their grasp. The delegates who were elected received the following vote: W. H. Johnson, 29; Harry Irwin, 21; W. H. Heen, 23; J. A. M. Osoorio, 24; Jim Kepoo, 20; David Ewaliko, 23; Moa Kellinui, 18; Kahapa Peokoa, 14; Hookano Oyo, 16; J. H. Kamahala, 18; Nicola Simeona, 17. Of these Ewaliko classes Johnson, Irwin, Osoorio, Kepoo and Kamahala as "insurgents," the rest being Heen men. The wrap started when, at the end of the count, it was found that Metzger, Leihou and Hookano Oyo had tied for the last place with sixteen votes each. Irwin suggested that the three men draw for the place, but Ewaliko claimed that this could not be done under the rules. He insisted that a new election was necessary unless the three candidates could come to an agreement between themselves. Law was quoted at length on both sides, and there was great argument, until finally both Metzger and Leihou withdrew voluntarily. It was pointed out that only one of them had to withdraw, as there were two places to fill, but they answered that they wished to give the Hawaiians the majority on the precinct delegation. As a consequence Kahapa Peokoa secured a place on the delegation. It will thus be seen that if Ewaliko's "insurgents" had wanted a majority they could have had it, as both Leihou and Metzger are rated in that class. Those who were defeated were: Joane Mehau, 12; Naeha Alapai, 8; I. Kekoa, 6; Manuel Furtado, 9. In the Waikaeae precinct things ran a bit more smoothly, although there was some discussion owing to the fact that Henry West and C. Lehmann were candidates for both the Territorial and the County conventions. It was decided that they could not run for both, and their names were stricken off the list for County convention delegate candidates. The following were elected delegates to the Territorial convention: C. Lehmann, 21; Henry West, 23; D. Napeahi, 23. There was no opposition. The following were elected delegates to the County convention: Heulu Namahoe, 29; Kaleho-a, 15; M. Napeahi, 20; G. K. Malaki, 11; Wm. K. Campbell, 11; Nalimu, 15. Representative Keahawa, who received sixteen votes, withdrew. Those who were defeated were: Kialapu, 19; Kaouha Piko, 5; Wm. Wery, 6. After the election a committee was appointed to ascertain whether Heen was qualified as a candidate for the office of County Attorney.

TWO GUILTY, OTHERS FREE

Of the four marines who were charged with assault and battery on two Hawaiian girls at Punchbowl last Saturday afternoon, two were found guilty and two were discharged. The two who were convicted by Judge Andrade, were Olaf P. Pohlson and Arthur Ducker, and the sentences handed out were thirty days and six months respectively. The result of the trial came as a surprise to most of the people who have been following the case, and when Ducker got six months there was a gasp of astonishment from the crowded court room. George Korriera, a Portuguese youth with a bad police record, seems to have caused all the trouble on Saturday and he this morning was found guilty of a far more serious offense than Ducker. Even prosecutor Brown remarked in open court that he did not consider the soldiers, who all have excellent army records, were in the same class as Korriera. Judge Andrade gave Korriera a stiff lecture and then sentenced him to six months' jail. The case caused much interest and, as the soldiers had no legal advisor and the whole affair was only an ordinary sky-larking bit of fun, the sentence of six months inflicted on Ducker surprised people. Captain Ramsey, of the Marines was in court, and he will, it is thought, appeal against the judge's sentence.

RUEF CASE GOES SLOW

SAN FRANCISCO, Aug. 23.—Abrham Ruef appeared before Judge Lawlor yesterday in response to an oft-continued order to show cause why he should not be recommitted to the County Jail pending his appeal to the Supreme Court from his fourteen-year sentence for bribery. With him were his attorneys, George Keane and Thomas B. Dozier. Assistant District Attorney Berry was also present. After an extended argument, however, the case was left in just the condition it was before court convened, and an adjournment was taken until August 30th. Keane renewed his legal objections to the consideration of the subject, saying that the Court having by an order issued by Judge Cabaniss, admitted the defendant to bail, it had lost jurisdiction in the matter. The Court failed to rule on the point or to determine whether Keane was right. "I think the Court should hear some testimony in regard to the physical condition of the defendant before making any ruling," said Judge Lawlor. Ruef's attorneys could not see what difference Ruef's physical condition had on the legal aspect of the matter, but were compelled to bow to the opinion of the Court. An array of experts will therefore be on hand when the case is again called. The present proceedings are being had under an order to show cause issued on complaint of the District Attorney, a similar order previously issued by Judge Lawlor of his own motion having been superseded. It is the contention of the prosecution that the original order admitting Ruef to bail having been based upon his physical inability to endure confinement in the jail, an order for recommitment would be in order if it could be shown that the physical disability no longer exists. Dozier and Keane contend that the only authority the Superior Court now has over the person of Ruef is derivable from section 1310 of the Penal Code, and that none of the provisions of that section apply to existing circumstances.

## JOHN CANNON HEAVILY FINED

Self-Defense Was Pleaded But Judge Thought Otherwise

This morning at the police court, the case against John Cannon, who was charged with hitting Willie Souza with a stone, and thereby knocking him out, came up for trial. The row started at a luau, and after one of the bunch had been licked for butting into the show, he went away and brought a crowd of Portuguese and Hawaiians back to do up the three lone hales who were at the luau.

One of the hales, Davis, went outside to greet the newcomers, and he got knocked cold. Then Ed, Finn ventured out to assist his friend and he met the same fate. The toughs put their boots into the unconscious men's faces, and it was then that John Cannon stepped off the veranda and took a hand at rescuing his pals. John advanced towards the bunch of hoodlums and, as they came at him with a rush, he backed up against the fence, picked up a stone, hit Souza on the head and knocked him out. Luckily for Cannon, Souza has recovered from the wound, and this morning Cannon was ordered to pay \$50 for the privilege of defending his body and possibly his life from a bunch of would-be thugs who had already placed his two friends hors de combat.

Attorney L. M. Straus appeared for Cannon, and he at once noted an appeal when Judge Andrade found his client guilty.

## POLICE TACKLE TOUGH BUNCH

Last night Chief McDuffie got word that a bunch of Hawaiians was going to attack a number of marines out at Thomas Square, where the Hawaiian band was playing. The chief got together a bunch of special officers and went out to the park. There was a big crowd of Hawaiians and marines present, and the natives were armed with clubs. The chief sent his men around to watch things, and as he had got the tip that the attack on the marines was to take place as soon as a signal was passed around, he anticipated the rumpus by starting in to clear the Hawaiians out of the square.

The police used their clubs and billys, and in a short time there was a general mixup all over the ground. In the darkness many a man was hit by mistake, and some of the police officers hit one another. Apana, the Chinese detective, landed a punch at Cordell on Officer Minville, and Captain Nelson also got a poke from somebody in the dark. He, however, got even with the man who did it, and that individual will have a sore jaw for some time to come.

Finally the police scattered the mob of toughs and drove them down the street before them. Some who loitered got a well or two and then took to their heels. The trouble between the Hawaiian gang and the marines had been brewing for some time, and it was only the tip that McDuffie got that prevented a serious riot.

## PROGRAM OF KUHIO'S VISIT

Will Make Speeches At Many Outside Points

(Special Correspondence.)  
HILO, Aug. 29.—Delegate Kuhio Kalamandole will come to Hilo in the Mauna Kea tomorrow.

A short time ago Campaign Manager Carl Smith wrote to Honolulu suggesting that the Delegate come to this side of the island for a short stay in order that he might get back into touch with the community here, and at the same time his presence would serve to strengthen the entire Republican party here.

Last week Mr. Smith was advised that his suggestion had been adopted, and the visit of the Delegate is now a certainty.

Detailed arrangements have now been made for the entertainment and campaign work which the Delegate will do during his short stay here. He leaves next Friday.

On arriving in the Mauna Kea the Delegate will go straight to the Hilo Hotel, where he will reside during his stay. On his arrival there he will meet such friends as may come there to see him, and will then start by automobile for Puna, probably taking luncheon at Oiaa. He will be accompanied by Chairman W. H. Boers of the Republican County Committee, and probably by Campaign Manager Carl Smith.

The Delegate will during Wednesday afternoon make stops at Oiaa, Pahoa and Kalapana, making short addresses at each of these points. He will return to Hilo late in the afternoon.

On Wednesday evening there will be a public reception tendered at the Armory, beginning at eight o'clock. Hundreds of invitations to this function are being issued by the County Committee.

There will be no speech-making, the idea being to provide an opportunity to the citizens of Hilo to meet the Delegate and to express to him their appreciation of the excellent work which he did during the recent session of Congress.

It is planned that the Delegate will spend the greater part of Thursday at the Hilo Hotel, where he will meet his friends, and will discuss various details in connection with the political situation and the coming campaign.

On Thursday evening there will be a great political mass meeting at Moohau Park, where speeches will be made by the Delegate and by the local orators on the issues of the day.

On Friday morning the Delegate returns to Honolulu in the Mauna Kea

## ANDREWS TO LOSE SEAT

(Continued from Page 1)  
from the same Representative District. No person shall hold more than one proxy.

Since Andrews is not a member of the County Committee and was not even in Hawaii at the time of the last County Convention, it is evident that he has participated in the councils of the County Committee by the perpetration of a fraud and in absolute contempt for the carefully drawn rules of the party, specifying those entitled to the use of proxies on the County Committee.

Instead of Andrews holding the proxy of Charles Costa, as was stated yesterday, it develops that Andrews slid into his fraudulent seat by the use of the Brown proxy and Costa's proxy is being used by J. C. Cohen—the latter having been a member of the last county convention.

The exposure by the Bulletin of Andrews' crooked work in trying to pack the County Committee in the interests of Cohen and himself has aroused a feeling among the other members of the County Committee that assumes prompt action if Andrews appears at the meeting on the seventh precinct protest tonight.

Clarence Craibe, chairman of the County Committee, was surprised when he was shown that Andrews had been participating in the deliberations of the County Committee by the perpetration of a deliberate fraud. He stated without qualification that as far as he was concerned he would see to it that the rules of the party are strictly observed.

There does not appear to be any way by which Andrews, Bullandau and Cohen can complicate the issue by shouting "ignor interests."

Andrews has been caught again, sacrificing the party to serve his own ends in endeavoring to pack the County Committee by using a proxy fraudulently.

## SUIT BROUGHT AGAINST COHEN

Lien for \$2656.29 has been filed in court by Charles Lucas and John Lucas, doing business under the name of Honolulu Planing Mill, against J. C. Cohen for an unpaid balance due on the remodeling of the play house known as New Orpheum on Hotel street.

The papers filed in the case allege that the work done on the new theater by this firm amounted to \$5656.29 and that \$3000 has been paid upon it.

Work was finished July 16 and the firm doing the work ask that payment for it be made or legal steps will be taken to collect the amount alleged to be still due.

## JURY TO BE DRAWN

The trial jury for the October term of Federal Court will probably be drawn tomorrow, or if not then by Friday at the latest.

Clerk Murphy of the Federal Court arrived home from a two-weeks vacation spent on Hawaii this morning and is ready for the strenuous work of the next term of court.

Seventy names will be drawn from which to choose the men necessary to sit on the cases which are to come up before the Federal Court beginning soon after October first.

## TRIXIE TAKES A TUMBLE

There was a loud noise in the vicinity of a prominent downtown hotel early this morning. It sounded as though some heavy object had fallen to earth, and that an embryonic earthquake was afoot—Jolly Trixie had broken down her bed.

It is necessary for the two heavy-set people, Jolly Trixie and her brother, Baby Bliss, whose combined weight is 1271 pounds, to find lodgings on the ground floor, as neither of them can climb stairs. It took a carpenter four hours to reinforce two beds at a downtown hotel, and he thought that the couches were strong enough to support a couple of baby elephants. But it was demonstrated beyond the peradventure of a doubt that the carpenter had not built well when Jolly Trixie was pre-occupied to the floor this morning with a thundering crash.

The landlord, who happened to come from Missouri, stuck his head into Trixie's room, and, after one gaze at the huge mountain of flesh, struggling to free itself from among a mass of springs, timbers, posts, quilts, and other wreckage, was heard to say: "This Milturo of Paro business is a 'cettle' too much."

Trixie, however, took her plight good-naturedly. She says she is used to beds going down beneath her enormous weight, only, she says, "I wish I would bounce! it would be more pleasant."

When seen later in the day Trixie was none the worse for her unfortunate mishap, and was feeling as good-natured and as jolly as ever, and stated that she and her tiny little brother, Baby Bliss, would remain here on exhibition this week only, Saturday being their last day, after which time they will continue the trip around the world.

## LOCAL STOCKS

Business on the local Stock Exchange caused no extra flurry, although there was a steady market with some stocks holding an upward tendency.

Pioneer made a substantial advance. Two blocks of five shares each went at 235, an increase of three dollars above the going price at the last previous sale.

Wailana at 129.50 holds steady in trade, twenty-five shares between boards and thirty at session sales carrying that figure changing hands.

Oahu Sugar did some trading at prices from 32.125 to 32.25, the latter being commanded at session sales on a 100-share block.

The following dividends were declared: C. Brewer & Co., \$2 share; Ewa, 20c share; Waimanalo, \$2.50 share; Haw. Electric, 50c share; Olowain, \$2 share; Hon. B. & M., 15c share; I. I. S. N. Co., 65c share; Kahuku, 10c share; Haw. Pineapple Co., 20c share.

## ENGINEERS STUDY FOR GOVERNMENT

WASHINGTON, Aug. 10. — Before Congress meets in December President Taft will have in his possession a comprehensive report on the reclamation projects owned by the government. Five army engineers are now in the West to examine the 32 government projects, and on their report to the President will depend in what manner the proceeds of the \$20,000,000 bonds authorized by Congress shall be expended.

The law provides that no part of the \$20,000,000 shall be expended on any new project, nor is any portion of it to be expended on any existing project until the engineer officers of the army make a report and the President approves the project as feasible and practicable.

Mr. Taft is anxious that work on the feasible reclamation projects shall go forward with all possible speed.

In the debate on the bond issue bill, Senator Carter, chairman of the committee on irrigation, expressed doubt as to the practicability of four reclamation projects. Mr. Carter said he had examined all the projects and had reached the conclusion that it would be inadvisable to expend any more money on the two in North Dakota and one in Kansas. A fourth project, in New Mexico, he regarded as precarious.

The army engineers will study these projects with special care. On part of their inspection tour they will be accompanied by Frederick H. Newell, director, and Arthur P. Davis, chief engineer, of the reclamation service.

All of the Alaskan coal land claims, with the exception of the famous Cunningham group, will be re-investigated by order of Mr. Ballinger, secretary of the interior. The work will be in charge of Andrew Christensen, who succeeded Louis H. Glavin.

WEDNESDAY ..... AUGUST 31, 1910

To harbor fretful and discontented thoughts is to do yourself more injury than it is in the power of your greatest enemy to do you.—Mason.

Andrews has been exposed in his crooked work in Manoa and now he has been shown to have endeavored to break into the County Committee by the perpetration of a fraud. It remains with the Republicans of Manoa to show what the people think of this apostle of crookedness.

In protection of its own dignity and in the interests of party discipline it devolves upon the County Committee to administer a prompt rebuke to Lorrin Andrews, caught in the act of trying to fraudulently pack the committee in the interests of the Andrews-Cohen-Buffandeau combination.

### ANDREWS' FRAUDULENT SEAT ON COMMITTEE INSULT TO REPUBLICANS.

That the County Committee has allowed Lorrin Andrews to force his way into its councils—in open and deliberate violation of the rules of the Republican party—is beyond comprehension. That he will be ousted tonight is undoubted, and his attempt to secure and hold a fraudulent place upon the County Committee is another convincing indication of the lengths that this advocate of "clean" politics will go in the interests of "clean" crookedness and trickery of the lowest order.

The rule that puts an end to Andrews' fraudulent attempt to regain the prestige of an official party nature, which he lost when allowed to resign as "party harmonizer," reads as follows:

"A proxy may be given by a member of a County Committee to another member of such County Committee from the same Representative District, or to a member of the last preceding County Convention coming from the same Representative District. No person shall hold more than one proxy."

Andrews presented the proxy of E. C. Brown. Andrews was not in Hawaii at the time of the last county convention and is not a member of the County Committee. His attempt to force himself upon the committee, in direct opposition to the rule of which he is familiar, shows his contempt for the party and his desire to sacrifice it in an endeavor to show his followers that he has some vestige of power left. The presence of Andrews upon the

County Committee, in open and flagrant violation of the rules of the party, is an insult to every loyal member of the party in Hawaii and it is to be hoped that in the interests of Republicanism, the rules of which have been dragged in the mire, that a prompt and effective rebuke will be directed at Andrews before being formally ousted if he has the presumption to take a seat tonight when the Kakaako protest comes up for consideration.

### DO YOUR SHARE—VOTE RIGHT.

Every Republican voter who goes to the precinct primaries on Friday should bear in mind that he carries on his shoulders as much responsibility for the future of the party as anyone else.

Too many let the other fellow do the work, and then complain afterward that it is not done properly.

The statement has been made that the control of the Republican party by the liquor interests will mean defeat. The Bulletin fully coincides with this statement. Control of the Republican party by any interest except the people, means defeat.

And by the same token, control of the party by the men who have been the leaders of the Andrews-Buffandeau campaign in Manoa and the Cohen campaign down town means defeat for the Republican party.

The revolt against dictation by interests or the trading of the people's business to secure patronage and power has become so general and the people are so determined that they will not vote for the candidates of a party that upholds government by interests. The people demand a square deal and they are going to get it if they have to fight for it.

Be sure that you do your share.

### MAINLAND FINANCIAL CONDITIONS.

The business review published in Saturday's Bulletin called attention to the excellent financial conditions in this Territory as compared with the money centers of the mainland. To be sure New York, Chicago and San Francisco are big and Honolulu is little. Nevertheless their finances are disturbed and frequently shaken with shivers that have symptoms of panic, whereas our position is strong and healthy.

Somehow the United States cannot get over the fact that it had a panic three years ago, and every time ad-

### GOOD PLATFORM PLANKS.

Manoa Insurgents fighting for honorable political methods and by reason of this, fighting the Andrews machine in the Manoa precinct, expounded some mighty good principles when they made reply to the silly declarations that they didn't know and don't know what they are doing.

The whole statement of the Manoa Insurgents is a good one. It is a splendid guide for the political activities of all Republicans in all precincts.

There are however certain particular and forceful paragraphs that may well be accepted as the platform on which all broad-minded Republicans are standing in the contest for the election of capable men to the convention and capable and representative men as candidates to go before the people. The Bulletin commends them to its readers:

"Our fight is one solely for clean, open and fair methods; for honesty in politics; and for representation of our precinct by nominees and men to whom we feel we may entrust the best interests of our precinct residents."

"The methods employed in the recent precinct club elections in our precinct, which duplicate similar methods employed in the past, do not meet with our approval, and we are

forced into our present fight to elect clean and representative delegates to the coming conventions.

"We believe, from the vote polled on July 26th last, that the people are satisfied with the present liquor law and that it should not be changed by the next Legislature. Some of us voted for prohibition and some of us against prohibition, but we believe and maintain, unanimously, that the liquor question should not enter into the coming campaign; and we aver that it has no part in our present precinct contest and has not entered into the selection of our committee, or of our candidates."

"We trust to the fair consideration of the voters of our precinct to judge of the good faith and honesty of purpose and effort of ourselves as promoters of what we believe is necessary for clean politics and fair dealing."

"Our ticket will go to the conventions unpledged. We have made no promises and will make none. All support is being given on this understanding. There has not been even one offer of support made to us on condition of pledges of any sort on our part."

verse legislation is threatened for big interests, there is some break in the market that at least recalls very unpleasant memories.

Of conditions during the midsummer and prospects for the Fall and Winter, the financial review of the New York World for August 14 gives what, from general reading of various financial journals, seems to be a very fair statement of the facts.

"The question as to whether the Western banks have shown a lack of conservatism recently in their loans is one that has caused very wide discussion," says the World's financial writer.

"While New York bankers are somewhat loath to publicly criticize the policies of their country correspondents, they admit privately that they have been greatly concerned over conditions in the West as disclosed by the last report of the Comptroller of the Currency. This report, which

accepted as evidence of rather unfavorable conditions in the money market. It is proof that the New York banks are holding their reserves in liquid shape to provide for any emergency that may develop in the fall. Bankers express the opinion that unless some plan is devised to take care of cotton bills, for which European bankers are demanding impossible guarantees, the demand on the New York banks this fall will be so great that they will not only need all of their present reserves but large amounts of gold from Europe to handle the situation.

"It is a mistaken policy to withhold the facts concerning the monetary situation from the public at such a time as this. It is well for the mercantile community and Wall Street

speculators also to come to an early realization of the fact that there will be use for all the surplus funds of the banks this fall in legitimate directions. Bankers know that it would be folly for them to tie up in time obligations the large sums of money which are now being loaned on call at low rates. For this reason the New York banking interests are giving the Wall Street speculators to understand that they will discourage any stock market operations that will call for the use of money needed for legitimate business purposes, at least until the demands for crop moving purposes have been taken care of. Fortunately the business reaction is releasing a large amount of cash which is steadily strengthening the position of the Eastern institutions. Moreover, the

banks in the West and South are curtailing their accommodations to borrowers on grain and cotton, which will probably expedite the exports of these commodities and establish foreign credits at a time that they are badly needed. While the reports of our foreign trade for June were very encouraging and the tide had apparently begun to turn in the right direction, the statistics for July proved disappointing and again reflected very unsatisfactory trade balances.

"Financial conditions in this country in the coming winter will depend very largely upon the export movement. It would be very unfortunate if it was retarded by a repetition of last year's over-speculation in grain and cotton."

## Cablegram

San Francisco, Aug 30, 1910  
Address: Jordan's, Honolulu

Purchased entire stock, fifty-eight cents on dollar. Returning Wilhelmina.

CURTIS

THE FOREGOING CABLE received by us means much to the ladies of this city. Our Mr. Curtis left in a hurried trip to the mainland to personally examine a large stock of merchandise that was intended for a Coast House, and through reasons over which they had no control the delivery was not made.

The goods were offered to us at a big discount, and, knowing the character of the merchandise we were prepared to buy the line at more money than the cable tells us the deal was closed for.

The stock comprises

### Ready-to-Wear Suits and Dresses

for Women and Children

### Coats and Skirts

in Linen, Silks, and Cravenette

and a Big Assortment of

### General Dry Goods

In short it is the greatest purchase so far as extraordinary values are concerned that has ever been placed before the public of Honolulu. We will hold a

### GREAT QUICK CLEARING SALE

the date of which will be announced when Mr. Curtis returns.

LOST MONEY FROM TRUNK

(Special Correspondence.)

HILO, Aug. 29.—A Japanese cane contractor at Pahoa was last week separated from \$426, which he had received from the Olan plantation last Wednesday. The man placed it in his trunk in the evening, placing the key in the trunk in a box. The following day he went to work, but his wife remained about the house all day. On Thursday it was discovered that the money had been taken, the trunk having been opened by means of the key. The wife called attention to the fact that a Japanese, generally reported to be a gambler, had twice visited the house during Thursday, coming on inconsequential errands, and this man had been arrested on a charge of larceny. It was current report about the camp that this gentleman was broke, but when he was arrested the sum of \$21 was found on his person, and this amount is said to correspond closely to the amount of small coin in the sum which the contractor had placed in his trunk.

COMMERCIAL CLUB'S BANQUET

Amendment to Bylaws Brings Up a Lively Discussion—Club Would Have Three Vice-Presidents.

There were jolly doings at the Commercial Club last night, it being the occasion for greeting a new year. The report of the club's condition for the year just gone was most satisfactory to the members. The president and vice-president being absent, their duties fell on Marston Campbell.

There was quite an animated discussion among the members in regard to some amendments to the bylaws, and on motion of Mr. Trent, the consideration of the most important proposed amendments was postponed to the next annual meeting.

The amendment consisted of electing the president and first vice-president by direct vote of the membership instead of by the board of governors as is done at present. The amendment was strongly opposed by J. A. McCandless, who was of the opinion that a better selection could be made as practised at present than otherwise. The proposed amendment was also amended to elect three vice-presidents.

John Drew, Ed. Towse, A. Gignoux, Fred Bush and P. M. Church were elected to the board of governors, and the meeting also confirmed the appointments of Marston Campbell, T. O. Lanang and James E. Jaeger to the board of governors to fill vacancies caused by death and removal during the year.

A local Hawaiian orchestra furnished music for the occasion, and after the dinner several vocal selections were given by Messrs. Dougherty and Brown.

Some men think business is bad as soon as they find that they can spare eight hours out of every 24 for sleep.

If bridge whist had originated in gambling places it would not be considered respectable to play it.

Perhaps time is money because it manages to slip away so fast.

### LOCAL KOREANS WORKED UP

The local Koreans appear to be all worked up over the recent change of government in their home country and are in no wise backward in showing their feelings in the matter.

There is a well-established society of Koreans called the Korean National Association, which, it is stated, includes nearly every Korean in these islands and on the Coast. The association has the pledge of nearly every member of the society that all savings of the members will be donated to the aid of the mother country if occasion requires, and it would not be surprising if there were some decided move made by the local Koreans.

There is said to be a large sum on hand now for war purposes, and from the feeling expressed throughout the city since yesterday morning it would appear that the hot-heads will keep up the fight.

A local Korean said yesterday that he Korean would take the oath, and that the fight against Japan would be kept up as long as there was a Korean alive.

### HONOLULU ROAD TO BE RUSHED

May Be Used With Rainy Island Couple Effect In The Election

(Special Correspondence.)  
HONO, Aug. 29.—The new Honolulu road will be completed before the time of the election.

That is what the Supervisors say, and they claim that there is nothing which will prevent the early completion of the work.

Supervisors Lewis and Lyman, who are better posted on the road work than any other members of the board, had a talk about the Honolulu matter the other day.

"Jim," said Lyman, "I have a mind to introduce a resolution at the next meeting of the board calling for the completion of the Honolulu road by October 15. There should be nothing to prevent it. The material for the bridge is on hand and the money is available."

"Yes," said Lewis, "we ought to be able to do it in that time; at least, the work under the Brown contracts. The work to be done by the Architects is dependent on a road crusher, but we might give them the crusher which is now at Pihonua doing nothing. Make it the end of October, and then we can have the road finished for sure. That is before election, anyhow."

That the Honolulu road proposition will figure extensively in politics is being predicted by politicians of all shades of party and opinion. It is claimed that the Home Rulers and Democrats will use it as an argument against Republican control of county affairs. On the other hand, it appears that the Republican supervisors who are seeking reelection will use the Honolulu road as an example of how the county, under Republican control, has been able to accomplish that which the Territory and the former boards of supervisors were unable to do.

One of these gentlemen has even proposed to use the Honolulu affair in a quite neat and unique little campaign stunt. "There has been a lot of kicking about the cost of the Honolulu road," he said. "But we can show that previous estimates, made by engineers at various occasions, have figured the cost of the road at about sixty-five thousand dollars. Then, to show the electorate in the most striking manner just why the road has been so expensive, we can have stereopticon views made of different sections of the road—there are some cuts there, for instance, which are as high as the Masonic building—and when we are campaigning we can throw these on a screen so as to give the voters the very best idea of how their money has been spent."

In the meantime the County Fathers are figuring on other things besides the Honolulu matter. Chairman Jim Lewis is anxious to have the financial tangle in which the county now finds itself, straightened out as far as possible. He stated last week that he had instructed Clerk Kai to notify the road supervisors in the various districts to make a statement to the board showing how much the claims which each district had outstanding against the county amounted to. When the County Fathers were able to tell just how they stood financially they might take steps to relieve the situation. As it is at present, money is being spent on new work, while it is quite evident that the county will hardly be able to pay for the work which has already been done. At least, one member of the board stated that he was spending money in his district on the strength of the Kalawana resolution, which divided the sum of twelve thousand dollars among the various road districts.

The sale of the buildings on the Federal lot has also brought a question up before the board, namely, what to do in the case of the water works. While the office of Superintendent Vannatta will be placed in the county building, his workshop will have to be located on the county building grounds, north of the main building. Some of the supervisors are figuring on asking Superintendent of Public Works Marston Campbell to let the county keep the building which Vannatta now uses for this purpose, provided the county removes it to the new site, and the request seems a reasonable one.

### WEDDING OF WILLIAMS-HAPAI

Rainy Island Couple Given Jolly Send Off

(Special Correspondence.)

HONO, August 29.—The wedding of Mr. Earl H. Williams and Mrs. Kani lei Hapai took place last Friday morning, and the young couple are now on their way to the Orient.

The function took place at the residence of Mr. and Mrs. W. H. Smith, Rev. Stephen Desha officiating. The affair was a very quiet one, only about a dozen of the relatives and friends of the contracting parties being present. After the ceremony a wedding breakfast was given and a little later the young couple departed for the Mauna Kea amid a shower of rice. At the steamer they were covered with leis and were wished bon voyage by their many friends. Among those who were present at the ceremony were Mrs. Sarah Hapai and Miss Hapai, the bride's mother and sister; Miss Lily Williams, the bridegroom's sister; Mr. and Mrs. W. H. Smith, the former giving the bride away; Miss Lililoe Hapai, Mr. Archie Hapai, Mrs. Jarrett T. Lewis, Mrs. Norman K. Lyman, Miss Helen Katma and Deputy County Attorney W. H. Heen.

Mr. and Mrs. Williams will go to Manila where they may settle down permanently.

### YOUNG HOTEL IMPROVEMENTS

Longer Season Induces Company to Make Changes—Rathskeller for Basement—Office Ground Floor.

Improvements to be made at Young Hotel in the near future consist of moving the office from the second floor to the space on Bishop street now occupied by Mrs. Taylor's florist shop, and installing a rathskeller in the basement.

The placing of the office on the ground floor will be a great convenience to patrons of the hotel, as when crowds arrive on steamers now it is sometimes necessary to wait on the ground floor for the elevators to take them to the office.

There will be no partition between the new office and the elevators, the whole being one large room much more commodious than the present second floor office.

The space upstairs now used for the office will be converted into large parlors for the ladies, as well cut in the floor so as to give a view of the office below.

For the rathskeller the room now occupied by the bar will be used with adjoining space and the entrance will be from Hotel street. It is planned to have a large room in the basement for the rathskeller and have it fitted up in the most modern manner to rival any such place on the coast or in the east.

The company in making these improvements is influenced by the large tourist trade which has been coming to Honolulu for the past few months.

This year there has been no winter season but the season has continued right through the summer. Hotel men say that the transient travel since what is known as the winter season closed has been nearly equal to that of the winter or tourist season of previous years and they look for Honolulu being an all the year resort from now on as is evidenced by travel this year.

It is intimated also that an addition may be built to the Mauna within a few months, although the new cottages across the road capable of accommodating fifty additional guests are now ready for use.

John Hays Hammond made a vigorous defense of the administration today at the annual outing of the Cuyahoga County League of Republican Clubs.

Mr. Hammond justified Taft's support for the Aldrich-Cannon section of the party on the ground that if he had plunged into a Republican civil war his four-year term of office would have been barren of results and not one of his campaign pledges could have been carried out.

Hammond said in part: "The people have come to regard President Taft as a man of indomitable courage and inflexible determination. In the early part of his administration it used to be frequently asserted that President Taft did not understand the political game. It is quite true that he does not play good politics according to the conceptions of hot-house politicians in that he does not subordinate questions of national importance to those of party expediency or even to those of self-aggrandizement, but recent events must have impressed it on the minds of all critics that the President has a masterful grasp of political affairs and of political methods."

## SCHEDULE WILL BE ARRANGED

### CLUBS WANT SETTLEMENT WITH W. W. HARRIS FIRST

Shower Baths Are Asked For and Will Be Insisted On—Henry Chillingworth Is Wanted as Umpire.

On September 8 the schedule of games for the second series of the Oahu Baseball League will be arranged, and from present indications a good program will be announced. The meeting last night at Senator Charles Chillingworth's office was well attended, but owing to the fact that no settlement had been made between the park management and the league, nothing was done as regards the second half of the season. Other matters which received attention at the meeting last night were the reports as regards an umpire for the league and the installation of shower baths at the Athletic Park. It is absolutely necessary that baths be installed, and it is surprising that they were not put in a year ago. The players have to change back from their dirty playing togs into their street clothes without a chance of a wash, but with all the chances in the world of catching cold. The fixing up of baths should not cost much, and the success of the Waialua series should prompt some little consideration of the players who drew the crowds.

A committee consisting of Sergeant Davis and Tin Yan was appointed to look into the matter and to see Manager Harris of the park about the shower bath proposition.

Then the matter of an umpire came up, and although Henry Chillingworth had sent his resignation in some time ago, it was decided to try and get him to take on the job again. "Kidde" is a good umpire, and he knows more about the game than most players. It would be a good idea for the Oahu league to back their umpires up properly and give them absolute power while on the diamond. There has been too much knuckling down to a few disgruntled players, and fans who have kicked because they have lost a few miserable dollars on a decision. Back your umpires up, and if any player raises his voice in dispute, suspend him from playing at once. The public have had too much of the kicking proposition, which in nearly every case has been started by men who were at least 200 feet away from the bit of play, while the umpire had been within a few feet.

Another thing that will have to be stopped at the Athletic Park is the betting evil, which attained enormous volume during the series with the Wasedas. The police will be instructed to get busy in future, and it is to be hoped that certain men, who are well known to everybody who attends games at the Athletic Park, be warned to stop their plunking and trying to buy players.

## BABY BLISS PLAYED BALL

### NINE MEN WEIGHING OVER 464 POUNDS EACH

Dashing Game Between the Baby Nine on Milwaukee Diamond—Spectators Delighted—Filled the Diamond With Players.

On July 24 last there was a great game played at Milwaukee, when the "Tots" averaged over 464 pounds each, and they were a spry bunch of ball-tossers for sure. Baby Bliss, who is now showing in Honolulu, held down first base, and his trim little figure did not leave much room for the base-runners to hit the bag. Baby played a great game and accounted for nine lives at first.

Pitcher Earl Holm is a strapping fellow of 250 pounds, and he did some fine twirling during the game. Charles Van Laven wore the big mitt, and he weighed 375 pounds, there was not much chance of a ball getting past his corporation—even if he missed with his leg-of-mutton hands. Ed. J. Sheehan played a dashing game at short stop, and although his weight is 475 pounds, he floated around like a balloon. J. A. Brown was good at second, and the way he handled the ball showed that his 470 pounds of beef and muscle did not prevent him from playing a good game. Third base was held down by that slim little player H. V. Hines. He is the real thing at third, and the way he tagged all the men who came his way showed that his 488 pounds did not trouble him much.

The fielders were Wolfgang Schmidt, who tips the scales at 425 pounds; F. C. Kneel, who goes 450 pounds; and Pinkey Hawley, who owns up to 510 pounds. The sight of the baby walked onto the field will never be forgotten by those who were fortunate enough to be present. When all the men stood inside the diamond there was no room for the umpire, so he stayed outside.

The game was a peach right from the start, and the way the "Tots" slid and ran was immense. The semi-pro had a hard job to avoid collisions, and whenever one of the Tots came sailing down at a mile an hour clip, the basemen carefully stepped aside so as to avoid trouble. The spectators laughed till they were sick, and the players seemed to enjoy themselves to the limit. After the game there were many anxious consultations with weighing machines, and when a shortage of a few pounds was shown in any case, the rest of the Tots gathered around and suggested dainty dishes that would certainly restore the lost weight.

Tommy Burns will probably get all that is coming to him when he goes up against Langford in London.

## GREAT GAME ON SATURDAY

### SAINTS AND PUNAHOU TO TRY CONCLUSIONS

Military Team Will Also Play Game Against Marines—Big Turnout of Fans Expected—Oldtime Baseball Will Be Played.

On Saturday afternoon, at the league grounds, one of the oldtime style of baseball games will be played, and it is up to the good old fans to get out and become busy on rooting stunts. When it is remembered that the St. Louis Alumni team and the Punahou are to put up the battle, every dyed-in-the-wool fan will manage to get off work in time to see the game. Any old excuse will do to give the boss, but be careful and not sit alongside of him in the grandstand—he will be there.

For a long time past there has been rivalry existing between the two sides that on Saturday are to fight it out on the old grounds. The game promises to be a beauty, and no fan will miss it if he can possibly reach the ground in time. With Castle pitching and Wynne catching, the Puns will have a great battery, and the Saints will have to play up to have a chance of winning. The Puns, if all their regular men turn out, will have a really fine team, and it is to be hoped that none of the players find it impossible to attend.

There will be another game on Saturday, and it is the Military and Marines will meet. This game should be a close one, and there is no telling in advance how it will go. The Military bunch may have a couple of men back in their lineup who have been ill for some time past. In that case the combined infantry and cavalry should do well against their opponents.

Taking it altogether, the two games on Saturday afternoon should be about the best played in the city for some considerable time. There have been big crowds at the Athletic Park at times, but the class of ball never was, and never could be, as good as that which the Saints and Puns will doubtless put up on Saturday.

It will seem like old times to sit under the grandstand and, while chewing a bunch of peanuts, watch the Saints battle it out with the team which practically amounts to an Oahu College alumni nine.

### DOTS AND DASHES.

On Sunday at Waialua, the Lala baseball nine met and were defeated by the Waialua bunch by a score of 7 to 3.

The Waialua baseball team entertained the Lales at a luncheon after they had been beaten at baseball on Sunday last.

## MIKE PATON POPULAR SPORT LEFT TODAY

Sierra Takes Bunch of Sports to Little Old Frisco—Many Leis in Evidence.

Mike Paton left on the Sierra this morning, and he will probably be away for some months. Paton is a favorite with everyone, and his fund of anecdotes and his other entertaining stunts are much admired in Honolulu. Mike has acted as referee in many a fight in Honolulu and he has always made good. There was a big lunch on the wharf to see the genial Mike off, and he was covered in leis. Everybody wished him bon voyage, and all hoped that it would not be long till the popular Irishman returned to Hawaii.

Pat Corbyn also got away on the Sierra, and he will seek fresh pastures in the boxing line of business. Other minor lights of the ring managed to get on board the steamer, and the Bowery is deserted now.

## JOE GRIMM AGAIN APPEARS IN PARIS

Ludicrous Contest in French Capital—Grimm Was Covered With Oil.

At the Paris Hippodrome, on June 25, Joe Grimm fought Sam McVe. For twelve rounds the "Iron man" took an awful hammering without showing a sign of distress. He was eventually disqualified for going down without receiving a blow.

The proceedings were opened by Grimm making a characteristic speech. McVe then discovered that his opponent was dazed, and the ludicrous spectacle of Sam and his black second rubbing down Grimm with towels was witnessed. It would be impossible to describe the rounds in detail. It was a monotonous punching match by McVe, who used every blow he ever heard of without doing more than tickling Grimm. On a couple of occasions the negro felled him with a hammer-like blow on the nape of the neck, but in the end McVe stood and rubbed his nose reflectively with his glove, being in doubt as to what blow to try next. He was tiring and was angry when Grimm was disqualified. Grimm went down nine times in one round. So monotonous were his visits to the boards that the audience counted with the referee each time.

## CHINA AGAIN LOOKS FOR FOREIGN LOANS

PEKING, August 18.—Coincident with Tong Shao Yi's reinstatement to power as president of the Board of Communications, the Regent, Prince Chun, has issued a secret edict notifying Viceroy and Governors that foreign loans are indispensable in the development of the imperial railway system, and instructing them to suppress the anti-foreign agitation. This is construed as a striking demonstration of the Regent's definite commitment to the policy of progress, especially regarding railway development. The appointment of Tong Shao Yi and his elevation of Shih Hsu Chang to the grand council are expected to have a most important bearing on the Chin-Chow-Algan project, which was originally evolved by Tong Shao Yi when he was Governor of Moukden under Hsu as Viceroy. Yu Lang is the Prince who received the American loan at Amoy. All three appointments are distinctly pro-American.

## HOW EWA DEFEATED WAIPAHU MILL NINE

Hard Luck for Home-Run Hitter—Called Out for Not Touching Third.

On Sunday last, at the Waipahu grounds, a ball game was played between the Ewa team and Waipahu. The Ewas won out by a score of 3 to 1. The winners played real good ball, and they showed that they were too strong for the Waipahus. J. Mawaula pitched a great game and struck out eleven men. In Casey Frisoe's game today he got out 4

## OUTLOOK BAD SAYS RIPLEY

CHICAGO, Aug. 30.—Testifying in rate cases before the Interstate Commerce Commission here today, Edward P. Ripley, president of the Atchison, Topeka & Santa Fe R.R. road, declared that he believed the business outlook in the United States for next year is not good.

Ripley stated to the commission that higher rates on the railroads were just at the present time because wages have increased and that the operating expenses are much greater. He said the burden of expense on the big railroad lines had been increased by the rise in wages.

He was a witness before the commission in a case which involved an increase in rates on the Santa Fe.

## KOREANS RISE IN PROTEST

SAN FRANCISCO, Aug. 30.—Delegates to the number of eighty, representing the Korean National Association and claiming to speak for the ten thousand Korean patriots on the American mainland, in Hawaii, Mexico, China and Russia, many of whom claim to be political exiles, met in conference here today and announced their intention of never submitting to the yoke of Japan upon their country.

They repudiated the action of their Emperor in entering into the treaty of annexation with Japan and announced in stirring language that they would never agree to the cessation of sovereignty.

"The tyrannical compulsion in the methods employed by the Japanese in acquiring the Kingdom of Korea," ran one of the resolutions, which concluded with a pledge on the part of the ten thousand they represented never to give up the fight for complete liberty for Korea and for the independence of their nation.

The Korean patriots call upon the people and the government of the United States to assist them in their fight for liberty.

**PROHIBITION IS LEADING.**  
COLUMBUS, S. C., Aug. 30.—An exciting campaign in this State ended with a Democratic primary election today, and according to returns received thus far, Blaine, a prohibitionist, leads in the race for the gubernatorial nomination.

This State had the dispensary law for several years, which afforded State regulation of the sale of liquor and forbade treating in the dispensaries. That law was championed by Senator Tillman.

**NO-DECISION FIGHT.**  
SAN FRANCISCO, Aug. 30.—Owen Moran and Frankie Burns tomorrow will fight ten rounds, and it will be the first no-decision contest ever held in this city. The reason for the arrangement is that since Governor Gillett's action in forcing Jeffries and Johnson to leave the State to fight, the police authorities have forbidden ring contests whenever a decision is to be made.

## "FRAUDS UPON THE PUBLIC"

is what some physicians have called patent medicines, and it is undeniably true that some are frauds and some are even worse, because they are injurious. On the other hand, there are many patent medicines such as Lydia E. Pinkham's Vegetable Compound, and others, which are of real worth, and are recommended by physicians of recognized standing.

## SAYS SHERMAN HATCHED VOTE

UTICA, N. Y., Aug. 29.—At the Saturday afternoon luncheon of the Republican league in this city today former Assemblyman Hart, who has just returned from a visit to Colonel Roosevelt in New York, declared that the vote in the State committee that chose Vice-President Sherman for temporary chairman of the convention was "cooked up."

In the course of his speech Hart said:

"I assert that Sherman knew full well that it was Taft's wish that no move be made toward choosing a temporary chairman without the fullest consultation with Roosevelt. A telegram from Taft to Sherman to this effect appears to have been suppressed, for nothing has been heard of it.

"I ask Sherman if it is not true that in spite of knowing that Roosevelt had shown a willingness to act as temporary chairman, he personally solicited votes for himself as temporary chairman on Monday night in New York city.

"Sherman, by lending himself to this act of pettish politics, and by insisting on holding the appointment as convention chairman, if he can hold it, has allied himself openly with the Woodrow-Harney element and has threatened the disruption of the party in the State."

## FORT SHAFTER NEWS

For many months past there have been radical changes effecting officers in this post. The June transport carried away from this battalion, Major S. W. Dunning, Captain George D. Moore and Captain Charles W. Eaton. Special orders from headquarters, Manila, P. I. make the following changes: Captain Robert W. Mearns from Company H to Company H; Captain George H. Estes, Jr., from Unassigned to Company G; Captain Charles W. Eaton from Company G to Unassigned and Captain Arthur W. Shipp from Company H to Company B. These officers have not yet arrived but are expected in a few days.

**Practice Engineering.**  
Owing to the fact that Tuesday was the day before Muster G Company did not take its regular weekly hike instead, training in the art of building the fascine and gabion, implements used in throwing up breast works and batteries and made of sticks of wood, was indulged in. The Company did not go far and returned to the post in time for dinner.

**Company H Hike.**  
The regular weekly hike was made by H Company Tuesday morning. The model Company left the post about 8:00 a. m. in full field equipment, they did not go far however, for they returned to the post shortly after noon.

**Johnson in Hospital.**  
Private Johnson of Company H is in the post hospital for treatment. He is regaining his health very rapidly and is expected to return to his Company in a week or so.

**Muster.**  
The regular monthly muster was celebrated on Wednesday. The men wore garrison equipments and assembled on the parade ground at 9 a. m. After passing in review the different Companies were inspected by the Post Commander. Prisoners were mustered next and then came the hospital corps. The remainder of the day the men had to themselves.

**Hiking Days Assigned.**  
Special days for practice marches and field instruction have been assigned as follows: Companies E and F have the 1st, 5th, 15th, 25th and 30th, while G and H the 6th, 10th, 20th and 27th. These days will occur about the weekly days out.

**Ross in Hospital.**  
Private Ross of Company E was admitted to the hospital last Monday. Ross recently transferred from the Coast Artillery Corps to this battalion and it is thought that "road pounding" does not agree with him. It is hoped that he will be able to return to duty with his company in a few days.

**Carroll Absent.**  
Private Michael Carroll of Company G has been absent from his company since Monday morning last. Carroll took most of his belongings with him and it is thought that he shipped out on some "windjammer."

### PREPARATION OF MALTED MILK

In the preservation of foods, an art which has reached considerable perfection in these days, it is curious to note how important a part is played by opposite forces of nature. For instance, after milk is obtained from the cow, it is a wonderful stride towards keeping it pure, to use cold (in the form of natural ice, generally) to bring the temperature promptly down until near the freezing point. Further on, by prolonged heating of the milk to a moderately high temperature, the bacteria or germs which are unhealthy are killed, and the milk is rendered safe for use by the infant or invalid, and not changed in its digestibility.

Both of these methods are used in their simplest form in the preparation of Horlick's Malted Milk, so as to obtain the highest purity of the food. But, besides this, the product is reduced to a dry powder form, in vacuum, at low temperature, since the absence of moisture proves an efficient means of preventing the growth of bacteria, and the product may be taken to all parts of the world, retaining all the nutritive value of malted grain and rich milk, and at a moment's notice furnish a food drink that is sustaining, invigorating and delicious to the taste.

## HAWAII'S SHARE OF REVENUE

### Ranks Above The Other Continental States

(Special Correspondence.)

WASHINGTON, D. C., Aug. 18.—During the fiscal year which ended on June 30 last, Hawaii contributed in internal revenue to the Treasury of the United States the sum of \$209,132.51, according to the preliminary report of the Commissioner of Internal Revenue just made public. Hawaii contributed more than each of the following States: Alabama, Arkansas, New Mexico and South Carolina. The total collections were \$289,728,014.72, as follows:

Alabama	196,099.91
Arkansas	145,339.69
California	8,243,926.25
Colorado	948,810.24
Connecticut	2,724,799.86
Florida	1,431,224.12
Georgia	459,987.23
Hawaii	209,132.51
Illinois	49,166,272.73
Indiana	28,885,240.02
Iowa	1,127,172.01
Kansas	664,632.62
Kentucky	32,260,278.47
Louisiana	4,082,353.52
Maryland	8,310,956.26
Massachusetts	5,676,103.69
Michigan	6,895,714.59
Minnesota	2,995,236.00
Missouri	10,864,911.86
Montana	813,385.95
Nebraska	2,742,756.02
New Hampshire	704,663.34
New Jersey	8,834,216.53
New Mexico	128,068.95
New York	36,157,226.39
North Carolina	5,919,634.02
N. and S. Dakota	217,857.35
Ohio	20,982,844.76
Oregon	743,981.61
Pennsylvania	25,961,970.30
South Carolina	167,046.92
Tennessee	2,342,355.81
Texas	1,202,760.82
Virginia	6,025,170.48
Washington	1,215,130.84
West Virginia	1,593,868.92
Wisconsin	8,688,693.93
Total	\$289,728,014.72

Concerning the collections the Commissioner says:

"The ordinary collections exceeded the estimate of November, 1909, by \$15,768,230.98, and the collections from the corporation tax exceeded the estimate of same date by \$5,959,783.74.

"It is impossible to state the exact amount expended in the collection of internal revenue until all the accounts of collectors for the fiscal year have been received and adjusted, but the expenses of collection for the past fiscal year, excluding \$121,200 expended from the appropriation for 'Withdrawal of denatured alcohol' for the same period, will approximate a total of \$5,041,800, making the cost of collecting the internal revenue for the past fiscal year \$0,0174. The cost of collection the previous year was \$0,0262.

"The total receipts from the special excise tax on corporations for business done during the calendar year 1909 aggregate to date \$27,088,592.92, of which \$20,959,783.74 was collected during the fiscal year 1910, and \$6,128,719.18 since that time. A comparatively small amount is still in process of collection. It should be noted that the amount, \$6,128,719.18, is not included in any of the above grand totals and belongs to the receipts for the fiscal year 1911, being corporation tax which accrued during the calendar year 1909. The total collections to date for the calendar year 1909 exceed the estimates for that period by \$2,088,592.92. Statements from collectors have not yet been audited as to details of this tax and consequently complete aggregates of collections by districts can not at this time be given."

VALLEJO, Aug. 22.—Rear-Admiral Aaron Ward, one of the four aids for inspection appointed by Secretary Meyer under the new scheme of administration of the navy, arrived at the Mare Island Navy Yard today for the purpose of inspecting the gunboats Bennington and Alert and the torpedo boat destroyer Hopkins.

The Navy Department is considering a proposition to sell the Bennington, now obsolete, which has been out of commission since the explosion of her boiler tubes in San Diego harbor five years ago, and of converting the Alert into a floating barracks for men attached to submarine boats. Rear-Admiral Ward will report on these matters, and also will recommend the necessary repairs to the Hopkins, on which an explosion occurred several months ago.

## A KISS, a hug and baby slips off his mother's lap into a bowl of clean, warm water.

There he finds a Sponge and a Cake of Ivory Soap. Mother squeezes the sponge and water runs all over baby's arms, his body, his legs, and his little pink toes. Then she takes the soap, does something with it and baby is covered with a soft creamy lather that takes all the dirt away and leaves his skin as smooth as satin.

## DELEGATES TO SPARE

### Many Hilo Republicans Are Out For Honors

(Special Correspondence.)

HILO, Aug. 29.—The election of delegates to both the Republican Territorial and the county convention from the Hilo town precinct should be a very interesting event, for in both cases have more candidates been nominated than are to be elected. The nominating were made last Friday evening, and all during the day there had been much work among the politicians making up their staves.

For delegates to the Territorial convention, the following were nominated: John Deter, T. A. Dranga, Chas. R. Buckland, Carl S. Smith, H. V. Patten and Stephen Desha. Of these six, four are to be elected.

The following were nominated for delegates to the county convention: George Akau, J. Ahina, E. H. Aus, tin, B. H. Brown Jr., P. C. Beamer, A. M. Cabrinha, Thos. Cook, M. Colto, J. M. Gourela, John Hering, H. M. Leonard, W. Keesumoku, W. Kawai, Chas. Kaohu, Bernard H. Kelekolo, Kahohiwhiwa, Z. Mahaiula, Joseph Oliver, Vasco Osorio, M. de F. Spinola, W. J. Stone, W. S. Terry, Ezekiel Vierrea, George N. Day, Panos Porphyres, E. E. Richards and W. H. C. Campbell. Of all these, twenty-seven in number, thirteen are to be elected.

The club chose Bernard Kelekolo to be assistant secretary to take the place of Earl Williams, who had resigned.

In the Waialae precinct there will be no excitement in the election of delegates to the Territorial convention, as only two were nominated, and as the precinct has a right to send two delegates to this convention. The two candidates, who may thus be regarded as elected, are L. S. Conners and C. D. Green.

But there will be more fun about the election of delegates to the county convention. The precinct can only send nine delegates, and last Friday evening no less than twenty-three were nominated, which will be a most symbolical number for the majority of them.

Those who were nominated were as follows: George Deaha Jr., C. F. Alfonso, John A. Kealoha, J. D. Lew's, M. Cordeiro Jr., K. Kellikahi, B. Makani, Evan de Silva, Otto W. Rose, L. K. Leoley, A. K. Kuali, J. P. Hale, D. Kamahoe, J. T. Brown, J. Craelius, R. W. Filler, Wm. Nalimu, Oliver Akau, I. Spalding, Albert Naeole, Ed. Kamuko, Ben Spalding, F. B. Weeks.

Two-thirds of the season's pack has been put up by the Hawaiian Pineapple Company, and the end of the season is in sight.

Forty thousand cases were the number packed last week which was a little above the average but shows what can be done when the cannery is run at full blast.

The pines are received from all parts of the island especially Waialua and Pupukea. From the latter place nearly all of the crop is in.

The pineapple juice which is being put up is no small item in the day's work, about 500 cases a day being dispatched.

It is estimated that the pack for the season will reach the 750,000 mark easily. At the present time there is a night force at work at the cannery.

## Mexico's Madcap Dancer Is Here

MINYARA, Mexico's madcap dancer, she of the moonlight eyes, favorite entertainer of Porfirio Diaz, president of the Mexican republic, is in New York.

All the fire, passion and poetry that by right of inheritance run in veins of Spanish ancestry; all the romance, intensity, the wonder and palpant mystery of life in old Mexico have been brought to us in the person of this one small woman who arrived on the steamer Esperanza, which reached

port from Vera Cruz recently. Senorita Minyara comes not only to each us much of the moods, measures and melody of her people, but to learn something of the manners and language of our own land, and herein lies the real romance of her coming, for she has accepted an engagement in this country that she may earn a competence sufficient to permit her to return to Mexico to wed and care for the sweetheart whom she has snatched

from death's giant hand, but who will be a cripple for the balance of his life.

As other Mexican maids have done before her, Minyara fell in love with the part of two strangers, one of whom she decided at once was "the most beautiful man on earth." They were Spaniards, he of the beauty being the great bullfighter Antonio, and they were in search of fierce young bulls to be found at the approaching fiesta in Durango.

"The men visited at the ranch for several days, during which the athletic figure, self-reliant face, gentle nature of the torador completely won the heart of the fiery little Lona. When they left it was with a promise that all would meet in Durango at the beginning of the fiesta week.

"On the first three days the fights each afternoon were thrilling, but without accident. Always Lona and her small sister Minyara were there, watching every move of bulls and men, and always after would come the smiling Antonio to receive blushing congratulations. On the fourth day, when fighting a great red bull of wonderful activity and ferocity, the Spaniard signaled to the picadors and banderilleros that he wished to be left alone with his antagonist. Barely had they withdrawn when, in evading a furious charge by the crazed beast, the

man was fatally caught at Kawaihewa where he had gone to catch the steamer. It is reported that he confessed that he had entered the arena and had taken the goods, and that he implicated two other Koreans, who he said had acted as his confederates by helping him pack the plunder away from the store. All three men have been placed under arrest.

## ILLINOIS BABY WEIGHS ONLY POUND AND A HALF

DUQUOIN, Ill., Aug. 17.—A baby girl, weighing one and a half pounds, and less than twelve inches in length, was born yesterday to Mr. and Mrs. Charles Wallace, who live on a farm east of here. The infant is so tiny that a match will hide one of her fingers, while her head is about the size of a hen's egg. The doctors say she will live.

There are some natures so constituted that everything that gives pleasure to others seems to them insupportable.

"For Rent" cards on sale at the Bulletin office.

splendid torador stepped upon a banderillo that had fallen to the ground, slipped so long fell. Screams arose from men and women. Picadors vaulted barriers and tore across the ring, shouting at the bull, but he turned and rushed straight at his fallen enemy. Not as quickly, however, did he move as did Lona.

"The incident had occurred directly before the box in which were the two girls, with their father. As the Spaniard fell Lona jumped to the rail, thence to the barrier surrounding the ring and, like a flash of some great brilliant bird, to the ground within the ring, a few feet from the slowly rising torador. With a scream and waving her scarlet mantilla, she dashed between her lover and the oncoming bull, to be caught on the upflung horns and hurled against the barrier. The next instant the bull crumpled in a heap, with Antonio's sword through his heart, but poor little Lona's life had gone out in the saving of her lover.

"For years Minyara has been held the most perfect of Mexico's professional dancers, yet until now she has resisted every inducement to leave her native land, even refusing to journey to Buenos Aires.

"And now she will dance something of her own conceiving. Words, music, setting, have been evolved by herself from the memory that has lived with her so long. Her dance is a portrayal from inception to the sad, sad ending of the lover story of her sister Lona."

According to the flowery encomiums of the journalistic word painters of her native land, Senorita Minyara's offering is "a terpsichorean tornado of pose, poetry and passion in sumptuous settings that depicts with fiery fidelity this romantic story of love and sacrifice in seven beautiful scenes and entitled 'La Novia del Torador.'"

## Newport Fashions: Mrs. Gordon Douglas

MRS. GORDON DOUGLAS is here shown wearing one of the new polo coats now so fashionable. The coat is of white wool rough material and is relieved only by its pearl buttons. These coats are taking the place of sweaters among smartly dressed women.

Notice also the clever little tricornes shape suitable for all sorts of weather and sports.

## DEMOCRATS IN DISCUSSION

(Special Correspondence.)

HILO, Aug. 29.—The Home Rules of Hilo held a conference last Thursday evening at which the matter of prospective candidates was discussed. For some reason or other the leaders gave instructions that the names of the candidates who were endorsed must not be given out.

Only one candidate for senator was endorsed, namely Ben Ah Leong, but it is understood that before the County convention takes place another candidate will be selected.

For the County offices the name of Archibald Hapai was endorsed for County Clerk, that of Lalaika for Treasurer, while Keolani was picked for the sheriffship. The offices of County Auditor and County Attorney were left blank.

Pacheco and Todd were selected to be candidates for supervisor from North and South Hilo.
