HONOLULU, TERRITORY OF HAWAII, FRIDAY, APRIL 3 1903

IN MILITARY CIRCLES

REGIMENTAL DRILL IS ARRANGED FOR 19TH

BOARD OF SURVEY NAMED BY COLONEL—COMPANY ELECTIONS, PROMOTIONS AND SO FORTH.

They are doing things up in the military just now and everything is aimed at the bull's-eye of greater efficiency and a raising of the standard of the regiment all along the line. The bulletin board outside of the office of Clerk Gorman is filled with military orders calling for elections, drills of the regiment and announcing promotions and the like.

J. L. Benoit has been promoted to be sergeant in the regiment. On Sunday, April 19, every man of the regiment is expected to be at the drill shed at 6:30 o'clock in the morning for the purpose of forming for a march out to Kapiolani Park, where there will be a drill. The men are told to turn out in fatigue uniform, khaki trousers and leggings. No excuses will be countenanced unless there is some particularly good reason. In order that the work of the regiment may progress, it is necessary that the component parts shall take an interest in the work.

A. L. Lungegren has been appointed Commissary Sergeant, with rank from March 31.

Officers of the First Regiment are ordered to assemble in headquarters on April 5 at 10 o'clock for the purpose of attending the regular monthly business meeting of the Board of Officers.

On the night of Tuesday, April 7, there is to be an election in the room of Company F, drill shed, for the purpose of electing a captain in the place of Samuel Johnson, whose commission has expired. If Sam wants it again, he can have it without a struggle. There is not a man in the company who would not vote for him. The splendid standing of the company from every military standpoint imaginable, is due to Captain Johnson and the interest he has taken in the affairs of the organization as well as in the men individually.

On Wednesday, April 8, at 7:30 o'clock, there will be an election in the room of Company B, drill shed, for a first and second lieutenants of the company, vice J. B. Gorman and M. M. Johnson, both promoted.

Captain Schaefer will preside at both elections.

The following officers have been appointed to act as a Board of Survey to inspect and make report in such matters as are brought before them: Major Thomas E. Wall, Major W. R. Riley and Captain E. T. Winant. The Board will sit without regard to hours.

EXTREME OF CRUELTY.

Masuno, the Japanese driver who was arrested for cruelty to animals yesterday, was fined \$20 and costs in the Police Court this morning. Masuno used a stick with an iron prod with which to urge his horse along.

Mr. Poetic—The darkest hour of all the day is the hour before the dawn; but why should we dread it. Mr. Practical—Because it is the hour when all the alarm clocks in the neighborhood begin to murder sleep.

DEGREE IS REVERSED

JUDGE ROBINSON IS SUSTAINED IN PART

NO CONSPIRACY OF FITCH AND MAGOON—TEMPORARY DISTRICT JUDGE IS APPOINTED.

By a unanimous opinion the Supreme Court sets aside the decree of Judge Robinson in the partition suit of Lee Chu and C. K. Ai against Isaac Noar. Justice Perry is author of the opinion. A portion of the syllabus relates to the fact that the decree, finding it permissible for the parties and that a sale should be ordered. Where he is not sustained is stated thus: "The evidence in this case held to disclose no circumstances justifying the appointment of a receiver to take possession of the property and collect the income thereof." The cause is remanded for such further proceedings, not inconsistent with this opinion, as may be proper. J. A. Magoon and J. Lightfoot for complainants; Humphreys, Thompson & Watson for respondent. This is the first case in which Judge Robinson has been reversed after being on the bench about a year.

Judge Gear has appointed L. J. Aylett temporarily to perform the duties of District Magistrate of Koolauloa, during the illness of Judge J. Kaluhi, this action being taken under authority of Section 1128 of the Civil Laws. Mr. Aylett was recommended by Senator Cecil Brown.

Judge De Bolt granted the motion of Mr. Highton, counsel for Thomas Fitch, to amend his decree in the matter of the guardianship of Rebecca Paehee Humeke, a spendthrift. The amendment consists in words declaring that the court found there was no conspiracy, as had been charged against Messrs. Fitch and Magoon. It was found that there was an express contract between Mr. Fitch and Mrs. Humeke that the former should, under certain circumstances, receive no fee as the latter's attorney in the matter of her petition to be released from guardianship. Therefore the decree of October 22, 1902, is revoked in so far as it allows Mr. Fitch a fee of \$1250.

WONDERFUL ACQUSTICON.

New York, March 27.—Another interesting demonstration of the powers of the "acousticon" has been given in this city by the inventor, Miller Reese Hutchinson. Mr. Hutchinson selected as subjects for the experiment several inmates of the New York Institution for the instruction of deaf and dumb. Some had been stricken with deafness the meaning of sound was, and one young girl in particular almost went into spasms of delight when the ear piece was adjusted and she heard the strains of music. Mark Twain was in the little audience, as was also Mrs. George Dewey, wife of Admiral Dewey. There was one skeptic present. He was deaf but had no faith in the invention, so he asked to be put in the chair. This was done and his face flushed with surprise when he was able to distinguish "mama" from "papa." Mr. Hutchinson said "hello" to him and he repeated it.

A number of other tests were made and all were successful.

\$20,000 For Delegate Expenses Is Proposed By the House Senate Works on Liquor Bill

SENATE.

Thirty-ninth Day.

A message from the Governor was read, transmitting a communication from Hon. Miki Saito, Japanese Consul, with enclosures consisting of protests from the Japanese Hackmen's Union, the Japanese Merchants' Association and other petitioners against the House hackmen's bill. The petition of citizens in general contained three pages of signatures. Statistics were furnished among the documents showing that \$34,431 was invested in hacks, etc., by Japanese. The matter was referred to the Ways and Means Committee.

Attorney Dole's Fee.

A letter was received from Lorrin Andrews, Attorney General, stating that he had paid a fee of \$500 for his predecessor, E. P. Dole, for services in arguing the case of Ozaki Mankichi, convicted of murder, before the Supreme Court of Washington on the Territory's appeal from the prisoner's discharge under habeas corpus. The Attorney General represented that the amount stated was all that the funds of the department would stand at the time, but entirely inadequate to the magnitude of the services and importance of the case. It was agreed between Governor Dole, E. P. Dole and the Attorney General that the Legislature should be asked for \$1000 additional to the \$500 as a fee to Mr. Dole. The letter gave a long list of criminal cases depending on the decision of the constitutional question involved in the Mankichi case. On motion of Senator Cecil Brown, the letter was laid on the table to be considered with the Appropriation Bill.

House Doing Nicely.

A communication from the House announced its passage of Senate bills as follows: 1, to license the manufacture and sale of malt liquors; 2, for the incorporation of societies for the prevention of cruelty to children; 3, to repeal part of the law of 1886 relating to the tax on malt liquors.

Another communication announced the passage a third time by the House of a joint resolution to provide for the purchase of springs in Pauoa valley.

Senator Baldwin, rising to a question of privilege, suggestively held up a waste basket to the Senate's view.

Senator Brown moved the communication be accepted and placed on file. Carried.

Country Bikes Exempt.

Senator Dickey presented a report from the Committee on Miscellaneous Petitions upon a bill relating to bicycles. It exempts bicycles in country districts from the requirement of carrying lights. With certain technical amendments they recommended the passage of the bill. Adopted, the bill to be read a third time on Monday.

Health Bills Killed.

Senator Wilcox, from the Committee on Health and Education, presented a report on a bill relating to the Board of Health. It would abolish the provision to pay the president of the Board a salary and reverse, in other respect, the action of the Senate in a bill already passed this session. They recommended that the bill be indefinitely postponed. Adopted.

Senator Wilcox, from the same committee, made a similar recommendation as to a bill relating to vaccination. Its points had been covered in a bill that passed third reading in the Senate on March 31. Adopted.

House Bill Entertained.

Senator Cecil Brown presented the following report of the Judiciary Committee: Hon. C. L. Crabbe, President of the Senate. Sir:—The Judiciary Committee, to whom was referred House Bill No. 81, report that this Bill is the same, with

the exceptions below stated, as Senate Bill No. 73, which passed its third reading on March 16th, and was immediately sent to the House of Representatives. Senate Bill 73 made the time of holding Court in the Fourth Circuit for the months of February, May and November, and did away with the holding of Court in the District of Hamakua in August. The House Bill requires the August Term to be held in Hamakua, but has not changed the terms to be held in Hilo. On Maui the Senate Bill fixed two terms a year, June and December; the House adds another term to be held in March, and changes December to October. In the Third Circuit the Senate fixed a term at Kailua in March; the House fixes the time in April and adding another term in December, and changes the term to be held in North Kohala from September to July. In the Fifth Circuit the Senate fixed the term of Court for April and November; the House fixes the terms for March, July and December, adding a new term.

As these alterations would have been in the nature of amendments to the Senate Bill, and would have had to be sent back or returned to this body for concurrence or acceptance, your committee sees no reason why the bill should not be acted upon at once. We believe that the giving of another term of court in each Circuit outside of the First and Fourth will accommodate the public and satisfy the wants of the people; the continuing of the term of court in Hamakua, we think unnecessary; but, if the people as represented by the House so desire, we see no reason of disputing that fact, and we therefore recommend that the House bill pass its second reading.

Honolulu, April 3, 1903.

Respectfully submitted,
CECIL BROWN,
W. C. ACHI,
PALMER WOODS,
Committee.

Adopted, the bill to be read a third time on Monday.

Probate Law Amendment.

Senator Cecil Brown presented the following report from the same committee, signed by all its members: The Judiciary Committee, to whom was referred House Bill No. 6, being an Act granting certain powers to representatives of deceased persons providing for the appointment of a public administrator, and the administration and final distribution of the estate of deceased persons, report: that they have had same under consideration.

The Act in question makes a radical change in the law and practice as has heretofore existed and been administered. It settles for the future all questions relating to the determination of who are heirs to the estates of deceased persons when the proceedings are had under its provisions and in the manner directed. Heretofore the only distribution authorized by law in the probate courts has been of personal property, and the past few years in consequence have witnessed great number of suits relating to the title to land and questioning titles supposed to be undisputed. The Act was prepared, we understand, through the efforts of the Bar Association and has its approval as well as that of the Judges of the Judiciary Department. We recommend the passage of the Bill with the following amendment in Section 22: Strike out the words "as provided by Chapter 36 of the Session Laws of 1892." The reason that this amendment is recommended is, that the law relating to the Supreme Court designating a newspaper as one of general circulation, and in which notices are to be published, has been repealed during this session of the Legislature.

Adopted, the bill to be read a third time on Monday.

70 MINERS ENTOMBED

WILKESBARRE, Pa., April 3.—Explosion of fire-damp in the mine of the Lehigh Coal Company resulted in one of the worst mine horrors that has visited this region in many years. Seventy miners are known to be entombed and many have been killed. Every effort is being made to rescue the victims.

Turkish Troops Slaughter A Thousand Bulgarians

CONSTANTINOPLE, Turkey, April 3.—A fierce battle between Turkish troops and a body of Bulgarians is reported at Okhrida. Over a thousand are reported to have been killed and wounded. Although the Bulgarians are classed as being members of the wandering bands of mountaineers, a good portion of them are members of the Bulgarian army.

Floods In Louisiana Destroy Cotton Crop

NEW ORLEANS, La., April 3.—The breaks in the levees throughout Louisiana are increasing to such an extent that it is certain the cotton crop will be affected. Many fields have been wiped out and the damage done to plantation property generally will put many planters out of business for the season. The cotton market is already rising in anticipation of the short crop.

River Steamer Albion Wrecked

SAN FRANCISCO, Cal., April 3.—The river steamer Albion was wrecked today at Bodega. The passengers, numbering sixty-three, and the steamer's crew were rescued.

Constabulary Rout Ladrones

MANILA, P. I., April 3.—The campaign by the constabulary against the bands of Ladrones is meeting with general success. Many Ladrone forces have been put to route, leaving killed and wounded on the field. The skirmishes are very frequent, but the activity of the military appears to be having the necessary quieting effect.

AUDITOR WON'T PAY

The Bulletin received the information this afternoon that George R. Carter, Secretary of the Territory, intended repudiating a draft sent by H. A. Taylor, Assistant Secretary of the Treasury of the United States. In order to ascertain the truth or otherwise of this rumor, Mr. Carter was called upon by a Bulletin reporter and, in answer to a question concerning the matter, answered as follows:

Three Aeronauts Killed. Buda Pest, April 2.—In a balloon accident here today three aeronauts were killed, their balloon falling several hundred feet.

Somalia Were Defeated. Aden, Arabia, April 2.—Reports of a battle in which the British forces defeated the Somalis have been received. The natives lost 27 killed.

Kaiser in Denmark. Copenhagen, Denmark, April 2.—Emperor William of Germany has arrived here for a visit, and to meet his aunt, Queen Alexandra of England.

Revolting Tribesmen. Algiers, April 2.—Revolting tribesmen and the French soldiers have met in battle along the border and the French lost nine killed and thirteen wounded.

Czar Postpones Trip. St. Petersburg, April 2.—The Czar has indefinitely postponed his trip to Rome. The activity of the anarchists there has caused his change of program.

Mrs. McKinley's Narrow Escape. Canton, Ohio, April 2.—Mrs. William McKinley, widow of the late president of the United States, had a narrow escape from death today. She was out driving when the horses became frightened and ran away. She kept her seat in the carriage until it was wrecked by being thrown against a post but she escaped absolutely unhurt.

Santo Domingo Situation. Cape Haytien, April 2.—The situation in Santo Domingo is exceedingly critical. There has been constant fighting there since March 23rd, when the rebels took possession of the city after hard fighting. United States marines have been landed to defend the consulate and refugees are now on guard about the consulate. The rebels still hold this port though the government forces under President Vasquez, who was absent when the revolution broke out, are pressing them hard upon every opportunity. In a battle which took place today between the forces 150 were killed and wounded, the rebels holding their own and the government forces being compelled to retire.

DEATH OF A. ST. M. MACKINTOSH. A wireless message from Waimea yesterday afternoon conveyed the information that A. St. M. Mackintosh, son of Rev. Alex. Mackintosh of this city, had been found dead in bed in Akana's hotel. A coroner's jury had been empaneled and the body viewed. No details as to the cause of death were sent. Mr. Mackintosh returned from the Mainland about a year ago and went straight to Hilo, from whence he journeyed to Waimea district, going to the Humuila sheep station.

VESSELS DELAYED. San Francisco, March 24.—A lack of wind off the Heads has caused a detention of several sailing vessels which put to sea Sunday. Among them were the ship Charles E. Moody, the schooner Prosper and the bark Mohican and Gerard C. Tobey, all of which came to an anchorage during the night or yesterday morning off Duxbury reef. Yesterday afternoon the Mohican took a tow further out, enabling her to make a start on her voyage.

SAILOR'S HOME. At the adjourned annual meeting of the Sailors' Home trustees held yesterday, it was unanimously decided that the Home should be continued for at least another year. The election of officers resulted as follows: Col. W. P. Allen, president; E. D. Tenney, vice-president; F. A. Schaefer, secretary; E. F. Bishop, treasurer. Executive committee, W. W. Hall, chairman; C. L. Wight and Henry Waterhouse.

**SENATORS ACT ON DEPOSITORY AND LIQUOR BILLS
HOUSE PASSES PAUOA WATER AND READS COUNTY BILL**

SENATE.
Thirty-eighth Day.

Afternoon Session.
Senator Cecil Brown resumed the floor to discuss the Depository bill and its substitute introduced by the committee on Ways and Means. Replying to arguments of the committee, he said the liability of failure of a bank was common to all kinds of business. Instead of United States bonds for security, as in National banks on the Mainland, it was proposed that the depository appointed under the bill should deposit with the Government the bonds of this Territory. It was provided that the bonds for deposit be put up at auction for sale to the highest bidder, the upset price not to be placed at any figure below par. The privilege of becoming the depository would thus be open to the competition of all of the banking institutions in this city. One of the benefits of having a depository, whichever bill the Senate chose to pass, would be the prevention of an evil heretofore existing, that of having large amounts of Government money coked up in a bottle and withheld from circulation. The profits to the depository would be the difference between 5 and 8 per cent interest on the average amount of public money it would have to use in its business at any time. Should the Government keep the deposit drained low, the depository would stand to be out and injured one or two per cent on the amount handled. His sole object in introducing the bill was to provide an outlet for the circulation of public money while not being actually used for the expenditures of the Government.

Baldwin's Views.
Senator Baldwin disclaimed any desire to brag about the wisdom of the committee, yet he considered it a good bill. If, under the original bill, the depository took the issue of fire claims bonds at par, the Treasury would be tied down to placing its deposits with a single bank for fifteen years. The saving the Government would make on having the bonds taken at par they did not know, it could not be ascertained until the bids were opened in the East. It would be seven per cent for all they now knew. The great objection to the original bill was tying the Government up to one bank for fifteen years. The committee bill was drawn more on the lines of the law governing public depositories in the States, in fact was drawn in toto from that law. Senator Brown's bill was partly drafted after that law. (Senator Brown—"That is the basis"), but it had new features including that of binding the Government for fifteen years. Another objection to the original bill was in its disproportion. Sometimes the Government had more than a million dollars lying idle, whereas the security required of the depository did not amount to more than a quarter of a million. The committee had discussed the question with bankers and business men and the regret on all sides expressed was over the advisability that seemed evident of opposing the measure of the honorable Senator, recognized as he had always been for his business ability and his faithfulness as a legislator to the interests of the public. Concluding, the speaker uttered the opinion that Senator Brown, on looking at every phase of the question, would support the bill submitted by the committee.

President Crabbie asked what would be the result if two banks should bid the same price for the bonds.
Senator Baldwin said the bill did not provide for more than one purchaser. Senator Cecil Brown said there would not be enough for two.
Achl for Substitute.
Senator Achl argued in favor of the committee's bill. Under county government they could not foresee what changes might take place in fifteen years. There might be large amounts of public money accumulate at Hilo, Waialuku and Lahae, and it might be inconvenient to have the public banking for those centers done in Honolulu. The speaker criticized the original bill in several details.

Senator Cecil Brown, while admitting some force in part of the previous speaker's remarks, stated that he had amendments to offer if the Senate was going to act on his bill which would reduce the objections stated to empty wind.
McCandless' Query.
Senator McCandless suggested a question as to the result if the bids from the mainland for the bonds, some of which the Secretary of the Territory had already received, proved to be as favorable as the highest local bid. Suppose, then, the original bill passed would it not be regarded as a snap by the Mainland capitalists, who in return for buying that small parcel of bonds would be enabled to start a bank in Honolulu, which would have the use of all the public funds of the Treasury?

By a vote of 4 to 8, a motion to pass the original bill was lost. The substitute bill then passed second reading, on motion of Senator Cecil Brown, and was set for third reading on Monday.
Liquor Bill.
The bill relating to the manufacture and sale of intoxicating liquors came up on second reading from a previous day. Senator Isenberg occupied the chair.

Senator Dickey moved an amendment providing that no license should be issued under the act unless the application therefor was accompanied by a majority in interest of property owners on the same side of the street and on the opposite side of the street in the block where the license was to be exercised. If there were no cross street for a distance of 200 feet, that would constitute a block within the meaning of the act. In country districts the petition should be signed by a majority of owners within a radius of 200 yards. The provision was not to apply to licenses in existence at the passage of this act.

Senator Cecil Brown did not see any necessity of tying up the measure with any more restrictions than it already contained.
Senator Dickey replied that many people objected to saloons being near their business places or residences. It was no more than American fair play that the majority of people owning in any block should have the right to decide whether a saloon should be started therein. He quoted the petition in favor of the proposed restriction which had been signed by more than seventy of the business men and firms of Honolulu. As he read some of the names, these were greeted with the epithets, "missionary," "good man," etc.
Crabbie's Amendment.
Senator Crabbie wanted the amendment limited to exclude hotels and the present limits of \$1000 a year licenses in Honolulu.

Senator Dickey conceded the point with regard to hotels in an addition he submitted, but hesitated as to the present saloon limits.
Senator Crabbie would give the mover some information. Three \$1000 saloons failed last week. If they threw the town open, there would be no more applications for new licenses. It simply would not pay at \$1000 license.

Senator Achl moved an amendment to make the local option limit 150 feet on each side of the proposed saloon.
Senator Crabbie insisted on excluding the district bounded by Alakea, Beretania and River streets and the water front.

Senator Dickey refused to accept any further change. The district in question was as much entitled to protection as any other district. It was for the Senators to decide whether they would disregard the petition of the majority of property owners. He called for the ayes and noes on the amendment of Senator Achl.
Senator Crabbie asked what was the sense of the amendment. It was the sense of the ayes and noes on the amendment of Senator Achl.

HOUSE.
Thirty-eighth Day.

Afternoon Session.
At yesterday afternoon's session of the House, which lasted from 2 until fully 5 o'clock, the Senate County Bill, as amended by the House, was brought up in third reading and Clerk Meheula read along at such a rapid rate, that seventy-nine pages were covered by the time the House was ready to adjourn. The bill will be finished today. It is understood that the native members who do not understand English very well, will waive the reading of the bill in Hawaiian in order to save time and the measure will be rushed along on its way.

Paoua Water Bill.
When the session opened yesterday afternoon, there was a scrimmage at once on the Paoua Water Works Bill which had passed its second reading the night before by a very large vote. There seemed to be a change of mind on the part of a number of the members of the House who wanted further information before they gave their votes for the bill in third reading.
Mr. Harris started the ball rolling by asking several questions of Mr. Kumalae, chairman of the committee appointed for the purpose of considering the Paoua Water Works matter. "Existing Leases."
He wanted to know what was meant in the bill by the words "subject to existing leases." He for one did not know where these leases were nor to whom they had been granted. The committee had certainly furnish no information on this subject. The bill carried with it an appropriation of \$237,000 of the people's money and as representatives of the people, they should look after their interests. The report of the committee was not clear on several important points. There was nothing about the flow of water, the amount of the water controlled by the people holding the leases. He wanted to know where the government would come off. Then, too, there was the matter of mortgages and the prospect of litigation. Absolutely nothing had been furnished by the committee along these lines. He would like more information on the subject before he gave his vote against the bill but he certainly could not vote for it in its present condition.

Kumalae to the Rescue.
Mr. Kumalae admitted that the committee had not gone very thoroughly into the matter of leases but he knew that there were none for more than three years. There were some for a little more than a year and others for two and three years. He was certain that as soon as these leases were up, the land with the water privileges, would revert back to the original owners or to whosoever might take them over.

Measured in Hours.
He stated further that the water supply was measured in hours. Mr. Harris again asked that, in case there were 148 hours of water as the member had suggested, how many hours were covered by the existing leases. Mr. Kumalae answered that all the committee knew was that the leases of the property had the right to 140 hours of the water. Mr. Harris answered that, in that case, the government would, for the expenditure of about \$250,000, get only eight hours of water.

Mr. Fernandez spoke in favor of the bill, making the statement that the remarks of Mr. Harris were not to the point. What the House had to do was to pass the bill. The government would have to attend to the matters in connection with the taking over of the water.

Basis of Information.
Mr. Kumalae made the statement that the committee had been informed that the title to the land was clear. Mr. Andrade wanted to know what the basis of this information was and Mr. Kumalae answered that the committee had met all of those interested in the leases and they had given them this information. Mr. Andrade asked Mr. Kumalae if the information received was such that he would advise a man to invest a quarter of a million dollars in the venture and he later answered that the information was such that the committee would advise the government to buy the water.

At this point the previous question was moved. Mr. Long tried to have the bill sent back to the committee for further report on certain points that had been brought up during the afternoon, but he was ruled out of order, the only motions allowable being the passage or rejection of the bill.

The vote stood as follows, the bill passing its third reading by just one vote, as required by the regular rules:
Ayes—Aylett, Damien, Fernandez, Hala, Kalli, Kalama, Kaniho, Keala-wa, Kellinot, Kumalae, Kupiho, Lewis, Nakaleka, Paele, Pulus, Purdy—16.
Nays—Andrade, Chillingworth, Gandall, Greenwell, Harris, Jaeger, Knudsen, Long, Vida, Mr. Spenser—10.
Absent and not voting—Kou, Pall, Wright—3.

At about 5 o'clock, the House adjourned until this morning at 9:30 o'clock.

At 4:30 the Senate adjourned, President Crabbie shouting too late that he had a message from the Governor.

The concrete filling makes these safes absolutely Fire-Proof and positively Damp-Proof. The solid angle corners add greatly to their security in time of fire, and form the only solid corners made. The patent BOLT-WORK is superior to any in use, and does not require constant oiling, cleaning and repairs that is acknowledged in other makes of safes. That although 600,000 of these safes are now in use and many thousands have been tested by some of the most disastrous conflagrations in the United States, there is not a single instance on record wherein one of them ever failed to preserve its contents perfectly. They make safes for County Treasurers, County Recorders, County Clerks, Jewelers, Hotels, Residences, Churches and Corporations. Political pressure is being brought to bear on President Roosevelt to prevent him from weeding out some of the questionable timber in the postoffice department. Roosevelt's response is easily forecast.

A Secret Service Department under the direction of the Territorial Secretary is a new departure proposed in the bill now before the Legislature which is at least interesting. It may be according to Hoyle.

Honolulu is playing in tough luck when a circus which approaches the real thing has to give it the go-by. The Legislature is getting settled down to such regular business methods that it cannot be depended on for amusement.

The proposed appropriation of \$20,000 to be used by the Delegate for assistance in promoting legislation favorable to Hawaii, gives the Republican majority of the Legislature a chance to express its confidence in the Republican Congressman.

It appears that Former Attorney General Doie went to Washington on a contingent fee. The additional amount now asked from the Legislature makes the total sufficient to hire a more able attorney than an Attorney General whose resignation was practically forced.

The depository bill finally accepted in the Senate places a great deal of power for favoritism toward individual banks in the hands of the Treasurer, but the fact that it will keep public funds in circulation is sufficient advantage to the public to warrant trusting a Treasurer for fair dealing.

Wisconsin legislators have made a raid on the cigarette, which is one of the most sensible pieces of legislation yet reported from any State. The law makes it a misdemeanor to sell or give away cigarettes under penalty of \$50 to \$100 fine or imprisonment not to exceed three months for the second offense.

German officers must have a chip on their shoulder when Admiral Dewey speaks. Dewey's interview which caused complaint merely stated that the men in the American navy are better than those in German ships. Now what would anyone expect Dewey to say when speaking of his own countrymen?

Recent dispatches announce that the State Department is preparing to collect of San Salvador an award granted by arbitrators in the case of an American corporation. Should this collection expedition require warships we may expect all Spanish-America to forget all said in favor of the Monroe Doctrine under the inspiration of Venezuela's troubles.

What possible diplomatic complication can arise under the hackmen's license bill? The law applies to Europeans just as strictly as to citizens of the Orient. Admitting that quite a sum of money is invested in hacks by men who cannot now qualify, it ought to be worth at least a struggle to learn a little English or Hawaiian in order to carry on the business. Certainly residents who have no idea of becoming citizens cannot seek with justice privileges which become in fact more favorable than those allotted the citizens born.

AUDITOR WON'T PAY.

(Continued from Page 1.)

connection with the fire claims came up in the Legislature until today. "An inquiry came to Governor Doie from Washington while the bill was pending in the Legislature asking when the money would be forthcoming. Secretary Shaw was waiting anxiously for it. This was made known to me by the Governor and I immediately wired that ample appropriation for the expenses of the fire claims would pass the Legislature on the next day (April 12). I asked regarding the freight and insurance on the coin and requested that the amount of credit desired to be established for expenses as well as the bank in which to place the amount to the credit of the Secretary of the Treasury, be furnished me.

On the next day I received a cable from Secretary Shaw stating that the estimated cost was \$7000 and that this sum included both insurance and transportation. The bank in Washington where the money was to be deposited, was left to my discretion.

The bill passed the Legislature that day and I immediately sent a cable to Secretary Shaw to the effect that the Act had been signed authorizing the auditor to issue warrant on approved vouchers for all expenses. The Riggs National would pay all drafts on the Secretary of the Territory with vouchers attached, to \$7000.

"I consulted with the banks and Spreckels & Co. made favorable terms and wired to their agents to have credit established for the Secretary of the Treasury. They wired credit in the sum of \$7000 for the Secretary of the Treasury, against drafts, with vouchers, on the Secretary of the Territory.

"Today I signed an agreement to pay the drafts with 5 per cent interest and the cost of banking, as fast as these drafts should arrive.

"This forenoon, Mr. Spalding came up and said that the Riggs National Bank in Washington had paid out the whole of the \$7000 and had thereby failed to carry out the instructions as given them by the agent of Spreckels & Co. This had been done on the promise of the Secretary of the Treasury, and a copy of this receipt arrived by the steamer last night. It is not signed by Mr. Shaw but by H. A. Taylor, Acting Secretary.

"On learning of this matter, Auditor Fisher said he could not pay out the money except as provided by law in the fire claims expense bill and the Audit Act, which is by approved vouchers. "So you see we are in somewhat of a quandary and will have to await the arrival of Mr. McClellan, the Treasury Department agent, who is expected here in the Ventura."

KINDERGARTEN WORK REPORTED THIS DAY

(Communicated.) This has been a busy month for one of our auditors, at least,—the one who goes about healing the wounds made by broken glass upon the soles of the feet of numerous bare-foot boys—who, when "pink-eye" prevails as it does now, visits daily the little ones whose vision is dimmed and whose bodies ache in sympathy. The one who looks after the "break-bones" when it afflicts small humanity—those whose very helplessness and sensitiveness should seem to spare them.

At Kawahāho there are but thirty-five children. The many moving away from in part account for this. At the Vineyard street school, the children have succeeded in a vegetable garden from whence come enough beans to furnish their luncheon table, and proud and pleased are they.

The report of the financial secretary was read. Mrs. Coleman has been so indisposed since November, 1902, that she has been obliged to relinquish the very important work she so nobly undertook at the inception of our enterprise—that of house-to-house visiting by an interest in every family. She now desires an intermission, which has been granted. Along with this resignation came a statement of financial conditions with items appertaining. There are five kindergartens and the monthly expense of each has been as follows: Miller street, per month, \$179; Palama, per month, \$163; Vineyard street, per month, \$132; Kawahāho, \$120; Fort street, \$113.

These, altogether, expended during the month \$6,090. Out of town, Miss Koka, at Koahala, received \$300. Among contributions, are noted those of the Japanese (\$217) and those coming through envelopes \$114.

But, after all, there is a deficit of \$1,500. To meet this, and still carry on the work, is now the question of the day. Somehow, some way, the empty purse has always been replenished, and even now can hopeful ones see the "how" and "way" of opportunity opening.

May we ask that every reader of this paper shall avail himself of it, and in giving himself a pleasure give his children and his neighbor's children a lift towards a better common-sense.

There may be those who would like information as to what sort of teachers are provided these children. Once it happened that the wife of a dignitary from the Mainland was going about the town inspecting the kindergartens. She was pleased, and inquired how it was that the instructors seemed so suited to their work, so in touch with their pupils. She was told that it must be so, since each one was selected with the greatest care as to moral and mental equipment, disposition, habits and tastes—one who seemed born to the service, and glad in its accomplishment.

SENATE.

(Continued from Page 1.)

Law of Partnerships. The following report from the same committee was presented:

The Judiciary Committee, to whom was referred Senate Bill No. 156, report that they have had same under consideration. The object of the Bill is to amend the law relating to the forming of special partnerships, as to make it possible for two or more corporations to take advantage of that statute. The fact of corporations becoming partners is an innovation, and the passage of this Act will allow it. Circumstances are such in this Territory that we think it advisable and in the interests of all that the Act should become law, and therefore recommend the passage of the Bill with the following amendments: Strike out the words "Chapter 131 of the Civil Laws of the Territory of Hawaii of 1897" in Section 1, and insert in their place "Chapter 70 of the Session Laws of 1886;" insert a new section to be called Section 2 to read as follows:

"Section 2. All acts to be done and proceedings required or made necessary by Chapter 70 of the Session Laws of 1886 in the formation of special partnerships, shall be done and performed by the officers of the respective corporations entering into such special partnerships."

Adopted, the bill to be read a third time on Monday.

Judiciary Building Repairs. Senator McClellan, from the special committee on the item of \$45,000 in the Loan Appropriation Bill for repairs to the Judiciary building, presented a report. They had inspected the building. It was found to be in bad condition, the ravages of borers being great. The interior was in an advanced stage of decay and even dangerous condition. The idea of providing a fireproof safe for the keeping of records was a good one. An estimate of the cost of proposed repairs was attached.

Senator Paris thought the item should be in the appropriations from general revenue, but the Senate laid the report on the table to be considered with the Loan Bill.

Leper Band Instruments. Senator Dickey presented a resolution to appropriate \$600 for the purchase of instruments for the band at Kalaupapa. He submitted an estimate from Captain Berger, Government bandmaster. Referred to Molokai visitation committee.

Unpaid Bills. Senator Achi presented a resolution to require the committee to report forthwith on the bill to appropriate money for unpaid bills of the Government. He made remarks on the importance of the measure and the length of time since the Governor's message recommending action.

Senator Paris, chairman of the committee named, explained the delay, showing that the committee had been working on the bill, but considerable care had to be exercised owing to the long standing of some of the claims.

Senator Brown said that, after hearing the chairman's explanation, he would move that the resolution be laid on the table. Carried.

The liquor bill. The second reading of the liquor bill was resumed from yesterday afternoon. Vice President Paris took the chair. Senator Crabbe moved to amend the license fee of dealers back to \$500 from \$750, saying the reason it was raised on former consideration was that the limit of quantity to be sold had been changed from a gallon to a bottle.

Senator McClellan was opposed to the change. It ought to stand at \$750 and the limit be altered back to one bottle. "One full quart bottle," he suggested as a preventive of selling by the glass. The argument the other day, when it was made a bottle, was that the dealers were violating the law in that regard right along anyway.

Senators J. T. Brown and Achi discussed the proposition. Senator Isenberg was in favor of the change because a great many people wanting only a bottle of brandy for medicine did not like to go to a saloon. Some wanted a bottle of cooking sherry. He could get a bottle from the dealer, because he was buying from him all the time, but it was violating the law and if he informed the authorities the dealer could be fined.

The bottle carried and the \$750 license fee was retained. Senator Isenberg offered an amendment relating to hotels, as a substitute for the provision inserted the previous day. It was that a license for a hotel without a bar be granted for \$500, conditioned that the place have accommodation for the boarding and lodging of at least fifteen persons, twelve beds to be provided.

Senator Crabbe proposed an amendment to make the license fees payable semi-annually in advance, arguing as reason the case of the Pantheon saloon where the Board of Health burned the place down when the license prepaid for a year had run but a month, as shown in an application to the present Legislature for relief.

Senator Achi objected on the ground that the licenses were annual and a license might go on selling the latter half of the year while delinquent on the fee.

"INGOMAR, THE BARBARIAN."

It is not often that Honolulu audiences have the opportunity of witnessing so rare a production as "Ingomar." Truly it cannot possibly be played at the Orpheum tonight with such spectacular magnificence as when produced in New York by Mrs. Dow-Currier, the very lady who will direct this evening's performance. That was the time when Julia Marlowe made her debut and laid the foundation of a great reputation. But, though Mrs. Dow-Currier may not have such material to work with on this occasion, there is every reason to believe that, on a smaller scale, the play this evening will be a fine performance.

Miss Waldorf has proved a good Parthenia, while Mr. McGregor's Ingomar has stood the test of many critical audiences. The Waldorfs are now positively in their last nights and will doubtless draw well until their final performance.

Tomorrow afternoon, a children's performance of "Turned Up" will be given with attractive rates of admission. For Monday night a strong farewell performance is being arranged. The amusing comedy "Three Hats" will be played, Mr. Allan Dunn assisting in the cast. A musical program is also being arranged to which Mr. Hugo Herzer, the well-known vocalist, has kindly consented to contribute.

TRUST FUNDS ASSESSED

Chicago, March 26.—A dispatch to the Chronicle from Clinton, Iowa, says: Judge P. H. Wolfe of the Seventh Iowa Judicial District, has just rendered an important decision regarding the power of assessors to assess taxes on property in the hands of a trust company as trustee. The court holds that such property is liable to assessment both for county and city taxes.

The case at issue was that of the German Trust Company vs. the Board of Review, the city assessor of Davenport and the Board of Supervisors of Scott county. The amount is in the neighborhood of \$700,000, \$217,000 of which is owned outside of the State.

Regarding the securities owned outside the State the court says: "For many purposes the domicile of the owner is deemed the situs of his personal property. This, however, is only a fiction for motives of convenience and is not of universal application, but yields to actual situs of the property when justice requires that it should. It is not allowed to be controlled in matters of taxation."

Millions of dollars worth of property in Iowa is affected by the decision. The defendant will carry the case to the Supreme Court.

KAU LINER ARRIVES.

The steamer Mauna Loa arrived from Kau, Kona and Maui ports at 6:10 this morning with 3500 bags H. A. Co. sugar, 2900 bags (H) sugar, 31 head cattle, 946 bags taro and 356 bags sundries.

Guy Kelly, who acted as purser of the Mauna Loa on the trip, reports as follows: The steamer Kauai was at Punahoa loading sugar. She had 2000 bags on board and will get about 3500 bags more. She will leave for Honolulu on the afternoon of April 30.

The following sugar is reported left at Hawaii ports ready for shipment: H. S. Co., 4000 bags and P. S. M., 3000 bags.

Mrs. Bird's Miniatures. San Francisco, March 23.—Mrs. May Mott-Smith Bird, who has attracted much interest in society during the winter, both for her personal beauty and miniatures, created something of a sensation at the Hopkins art exhibition last week on opening day by an evidence of true American independence.

Upon seeing the choice of the jury Mrs. Bird, in supreme contempt, took them down with that alacrity born of twentieth century athletics and feminine spunk that told too well of her opinion of the jury's judgment.

HER MIND WANDERS. San Francisco, March 25.—A young woman giving her name as Sarah McKeenrily was taken to the Receiving Hospital for the Insane from the steamship Ventura yesterday afternoon. With her was a female child which she says is a year old.

She was a second-cabin passenger from Honolulu, and her name appears on the list as Mrs. M. J. Kennedy and child. She is between 25 and 30 years of age. In addition to several trunks, she has \$176 in American coin and a Bank of England note. She claims to be a native of Brisbane, Australia, and says she is not married. Her mind wanders and she is unable to account for herself. She became insane on the voyage. She will be held pending investigation.

ENTERPRISE IN 'FRISCO. San Francisco, March 22.—Upon arrival yesterday morning from Hilo, after a run of nine days from the islands, the oil-burning steamship Enterprise, Captain Miller, was sent into quarantine to be disinfected, as the result of a report by cable a few days ago that there was a suspicious case of sickness at Hilo. There was no sickness on board the Enterprise, however, but Federal Quarantine Officer Cummings deemed it advisable, as a precautionary measure, to thoroughly fumigate the vessel before allowing her to dock. Steamer and passengers will be released early this morning.

WORK ON THE PARK

OLD RESIDENT COMPLAINS AND MR. GIFFARD EXPLAINS

KEEPERS LODGE BUILT BY PRIVATE FUNDS—CONDITION OF DITCHES—IMPROVEMENT.

An old resident of Waikiki this morning suggested that the Bulletin look into the present administration of Kapiolani Park, saying:

"The new superintendent is doing nothing at all besides looking after his house and making a garden around it. He is paying no attention whatever to the ditches and they are all choked up with limu. The stagnant water there will account for a great deal of the dengue fever."

"It is disgraceful the way the park is being neglected, and must give strangers who go out there a bad opinion of the place. A garden is all right at the entrance of the park, but at present it only makes the foul condition of the rest of the park look the worse."

"The park commissioners appear to have lost sight of their duties, beyond the erection of the superintendent's lodge with the garden around it. This is directly in front of the residence of one of the commissioners and perhaps he is satisfied with having his own surroundings made attractive."

The Bulletin called the attention of W. M. Giffard, who acts in place of Commissioner Irwin, to the above. Mr. Giffard answered the charges about as follows: "The old resident's statement is utterly misleading from beginning to end. First of all, the lodge was put up by private funds and does not, as such, come under the public. As far as the making of the superintendent's garden is concerned, there is no garden to the house, so to speak. All the grounds about the house belong to the park. The reason the grounds near the lodge are being fixed first, is simply for the reason that the lodge, like all park lodges, is situated at the entrance to the park and when the work of beautifying the place was begun, it was evidently the thing to begin at the entrance and work from there instead of beginning somewhere in the middle."

"It should finally be remembered that the sum which is appropriated for the maintenance of the park is so utterly inadequate for a place of the size of Kapiolani Park that really only very little can be done. It is absurd to expect all the improvements to be made at once on the limited sum at our disposal for that purpose."

"Finally, the fact that there is limu in the ditches is the result of unavoidable circumstances. When the Rapid Transit Company built its roadbed out past the entrance to the park, the outlet from the ditches was filled in and has been so ever since. We are now waiting for some appropriation under the Emergency Bill by the aid of which ditches can be made by which water will be allowed to flow into the ditches in the park."

"When fresh water comes into the ditches the limu in them will be floated off and can then easily be raked off. We are just now having a race for that purpose coming out from the Mainland."

"Say, Pa, where we going?" "Home."

"Why?" "Time."

"Oh." After a respite, "See that funny-looking man, Pa?" "Shut up!"

"How long must I shut up, Pa?" "Till doomsday!"

"What's that?"—but "Pa" looked like the revolving fire-gate at the front walk of Paradise. A moment later son got another idea. "Pa, what's that man got in that bundle?"

"Never asked him."

"Would he tell you if you asked him?"

"Don't know."

"I'm going to ask him. Say, mister man"—But "Pa's" elbow worked well and son's stomach felt vacant. An imperceptible pause. Then "Say, Pa, look!"

"Pa" looked out of the car window and saw Bath, the plumber, loading an order for Douglas Patent Closets on his wagon. "What they doing that for, Pa?"

"Pro bono publico," said "Pa," and the passengers applauded the pat answer.

A Reserve That Is a Reserve

The RESERVE FUND of the PHOENIX SAVINGS, BUILDING and LOAN ASSOCIATION is an additional cash capital paid in by the management. It is placed upon first mortgage under the California law, the same as your money. It is subject to the State authorities in case of loss, etc. These mortgages, for a lditional safety, are placed with the Mercantile Trust Company, the strongest trust company on the coast, and are non-negotiable. They hold them for the benefit of all, also to comply with the charter and by-laws of this Company, and the laws of the State of California. It is not a Reserve Fund made from the other stockholders. It is paid in cash by the management; it cannot be withdrawn until all contracts are completed and have been paid to the other stockholders of this Company. This Reserve Fund eliminates every possibility of a loss to you.

Our directors are satisfied that this system of loaning is safe, or they would not put up this Reserve Fund, or any part of it, to guarantee against loss. We annex a complete list of the Directors and Managers and Reserve Fund stockholders of the Phoenix Saving, Building and Loan Association.

A limited amount only of Class A 60c stock—100 payments to pay to produce \$100—for sale. \$12 per month are the payments on a \$2000 certificate. Guaranteed withdrawal values on the above.

MORTGAGEE'S NOTICE OF FORECLOSURE AND SALE.

In accordance with the powers of sale contained in two certain mortgages made by Wilhelm Kelle, of Honolulu, Island of Oahu, Territory of Hawaii, to the Pioneer Building and Loan Association of Hawaii, dated respectively the 22d day of March, 1897, and the 24th day of February, 1900, and recorded respectively in Liber 179, on pages 145 to 147, and Liber 204, on pages 273 to 275, in the Register Office, Oahu, notice is hereby given that said mortgagee intends to foreclose said mortgages for condition broken, to-wit: non-payment of principal, interest, assessments and premiums when due; and upon such foreclosure will sell at public auction on the auction rooms of James F. Morgan, on Queen street, in said Honolulu, on Saturday, the 11th day of April, 1903, at 12 o'clock noon of said day, the premises described in said mortgages, namely:

All that certain parcel of land situated at Kalia, Waikiki, Honolulu aforesaid, bounded as follows:

Beginning at the S. corner of these lots and the E. corner of a lot known as No. 3, and owned by R. W. Bennett, on the Westerly side of a sub-division road and thence running N. 27° 40' W. along said R. W. Bennett's lot 100 feet; N. 49° 50' E. 100 feet; S. 27° 40' E. along the main Waikiki road 150 feet; S. 49° 50' W. along said subdivision road to place of beginning;

being lots known as Numbers 1 and 2 as shown on Bruce Waring & Co.'s map, and being the same premises conveyed to said Wilhelm Kelle by J. A. Magoon by deed dated March 22d, 1897.

PIONEER BUILDING AND LOAN ASSOCIATION OF HAWAII By its Attorney:

A. G. M. ROBERTSON, Dated, Honolulu, March 17th, 1903. 2400—Mech 20, 27; Apr. 3, 19.

IN THE CIRCUIT COURT OF THE First Circuit, Territory of Hawaii. At Chambers, in Probate, in the Matter of the Estate of Henri Courtois, late of Honolulu, Oahu, Decedent. Order of Notice of Hearing Petition for Allowance of Final Accounts, Distribution and Discharge. On reading and filing the petition and accounts of David Dayton, Administrator of the Estate of Henri Courtois, wherein he asks to be allowed \$154.99, and he charges himself with \$170.00, and asks that the same may be examined and approved, and that a final order may be made of distribution of the property remaining in his hands to the persons thereto entitled, and discharging him and his sureties from all further responsibility as such Administrator, it is ordered that Monday, the 27th day of April, A. D. 1903, at 10 o'clock a. m., before the Judge of said Court at the court room of the said Court at Honolulu, Island of Oahu, be and the same hereby is appointed as the time and place for hearing said petition and accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted, and may present evidence as to who are entitled to the said property. And that notice of this order, in the English language, be published in the Evening Bulletin, a newspaper printed and published in Honolulu, for three successive weeks, the last publication to be not less than two weeks previous to the time thereof appointed for said hearing.

Dated at Honolulu, this 19th day of March, 1903.

MARU WITH A CIRCUS

The Toyo Kisen Kaisha steamship America Maru arrived from San Francisco last night at 7 o'clock after a trip characterized by head winds and disagreeable weather. Among the passengers are Mrs. M. E. Doyle, the mother of Chester and Walter Doyle, who goes to Shanghai to attend to some property.

H. C. and Adolph Check, former residents of this city, are on their way to Siam, where their father has left them a large estate with tenkwod holdings.

In the steerage, the Maru carries a Hindu circus, numbering sixty-three performers, who, with a large number of various show animals, are returning from a tour of the Mainland.

The Maru is scheduled to sail this afternoon at 4 o'clock.

NEBRASKAN'S SEVERE TRIP.

San Francisco, March 23—The American-Hawaiian freight steamer Nebraska, Captain J. S. Greene, reached port late Saturday evening, seven days, twenty-one hours and thirty minutes from Honolulu and Kahului, and reports having been in a severe southeast gale for twenty-eight hours in longitude 135 deg. west. Notwithstanding the severity of the storm the big steamship emerged unscathed, and arrived in the harbor on time. Forty thousand dollars in Hawaiian money was brought by the Nebraska, consigned to the Assistant United States Treasurer in this city, the money to be received and shipped back to Hawaii. In the cargo of the steamer were 65,792 bags of sugar, 652 bunches of bananas and twenty-five bags of mail.

ADAMS AND MOHICAN.

San Francisco, March 22—The apprentices and landsmen recently taken for a cruise by the training ships Adams and Mohican are off on a furlough of from ten to fifteen days, and at the expiration of that time will be assigned to various ships of the navy. It has been reported that many of them will be placed aboard the gunboat Bennington, now at Mare Island, but this has not been confirmed. By the middle of next month the Adams is to sail for another cruise with about 250 landsmen, and the Mohican may get away about the same time with an equal number of apprentices.

REPAIRS TO SUMNER.

San Francisco, March 22—A contract for repairing and overhauling the transport Sumner has been awarded to the local firm of The J. D. Barnes Company, in which C. T. Foster, formerly with W. A. Boole & Son, is a prominent member. The Sumner's promenade deck is to be caulked and the troopship is to be repaired and improved in minor respects before her departure about the middle of April for Manila and New York.

A small Porto Rican boy, probably not more than three or four years old, narrowly escaped drowning at about 1:30 o'clock this afternoon, when the small fellow had ventured out bathing with a comrade about his own age near the Quarantine wharf. The two little chaps went out from the place where the Japanese sampans lay. The little fellow in question got beyond his depth and was struggling in the water when one of the Young brothers, who happened to be in the vicinity, noticed his plight. Young saw a native passing in a canoe and called his attention to the boy and rescued him just in the nick of time. The little fellow was brought to the Young brothers' house, where he was taken care of and soon fell into a heavy sleep.

I do not concur.

For Delegate, \$20,000.

Resolution by Mr. Vida, laid on the table to be considered with the Appropriation Bill:
Resolved, That the sum of \$20,000 be inserted in the Appropriation Bill, the same to be expended by the Territorial Delegate to Washington, for the assistance of the coffee and other industries; the improvement of labor conditions in the Territory; and for such other purposes as may be deemed in his judgment expedient and requisite for the benefit of the Territory.

Salaries for Band.
Resolution by Mr. Kupieha, laid on the table to be considered with the Appropriation Bill:
Resolved, That the salaries of the members of the Territorial Band per month be classified according to the kind of instrument each member can play or perform, and that the same be inserted in the general Appropriation Bill, to-wit: Bandmaster, \$175; second bandmaster, \$100; cornet soloist, \$80; flute and piccolo and assistant soloist, \$70 each; E-flat clarinet, euphonium, baritone, \$65; first bass, first clarinet, B-flat and assistant soloist, ditto, alto clarinet and cornet, \$60 each; clarinet and saxophone, \$65; trombone, \$60; second bass and clarinet B-flat and oboe, \$55 each; 3d alto and saxophone, and 2d cornet, \$50; 2d alto, 2d B-flat clarinet, 2d trombone, 3d trombone, and 4th alto, \$45; small drum, 3d clarinet, 3d cornet and bass drum and bassoon, \$40 each. Dimond's Gas Franchise.
Report by Committee on Agriculture and Manufactures, relating to the gas franchise for W. W. Dimond and his associates, adopted:
"This is practically the same bill which was passed last session and through an oversight was not signed by the Governor. Your committee understands that at least two-thirds of the capital will be put up by local men and the remainder may be taken up by outsiders. The intention of those asking for this franchise is to make this a local concern as far as possible. This is not, therefore, a foreign company as some may infer from arguments advanced by those opposed to the granting of this franchise.
To have a plant as proposed by those asking for this franchise established in this city means the expenditure of a large sum of money and the consequent employment of a great number of workmen.
Your committee believes that gas is a very convenient article both for

heating, cooking, etc. In fact, the uses to which gas may be put are very numerous.

Bills Are Identical.
House Bill 105 is identical with Senate Bill 23. Therefore your committee recommends that House Bill 105 be tabled and Senate Bill 23 be passed.

THE CHEEKS TO SIAM

Among the passengers who arrived here from San Francisco in the America Maru last night are M. A. Cheek, who is well known here, having formerly been connected with the Y. M. C. A. and Bank of Hawaii, and his brother, A. Cheek.
The former, when seen this morning, stated that he and his brother were on their way to Siam, where they intend to settle. Mr. Cheek was born in Siam and lived there for about sixteen years. His father was one of the first white men to penetrate into the interior of Siam, while his mother was a daughter of Mr. Bradley, one of the very first missionaries who labored in Siam.
Mr. Cheek's father was extensively engaged in the teak industry in Siam and the young man intends to go into business as a representative of several large American concerns. He intended to go to Siam last October, but upon arriving on the Mainland he found that his new field was so large that he could not start before the present time.
The Cheeks will stay in Honolulu until the Korea sails. They will go to China in that steamer and from there on to Singapore, where they will stay four or five months to establish a branch business. They will then go to Bangkok, where they will establish themselves permanently.

CRUZ FINED A HUNDRED.

In the Police Court this morning, eight Celestians, who were arrested for gambling in a house on Liliha street last night by Officers Rencor and McDuffie, had their cases nolle pross'd, as the Government did not have sufficient evidence against them. Antonio Cruz, who was caught selling liquor without a license in a notorious Kakaako joint by Detectives McDuffie and Rencor last night, was fined \$100 and costs. Kakuda, charged with receiving stolen goods, had his case continued until tomorrow.
