HAWAII'S PEOPLE ARRIVE AT BUFFALO

W. J. Coelho Writes of the Features of Their Travels.

PEOPLE ALWAYS ASK OF BUSINESS MATTERS

Courtesies Extended All Along the Route—Pleasant Call in California That Was Not on the Program.

[Special Correspondence.]

Buffalo, April 21.—The Hawaiian troupe of musicians and dancers arrived here safe and sound last Wednesday morning, and are quartered in commodious apartments in the village within the Exposition grounds.

We are being accorded the best of treatment, and I have just been told, that our people are the best paid of all others. We have cooks and waiters who prepare food for us as well as the manager of the company and we dine together with the officers at the same table.

When we arrived at San Francisco last week we were taken to the Brooklyn hotel, and had every attention given us. In the train we had the best of everything, and at every station from San Francisco to New Orleans, and from there to this place, through Chicago, Detroit and Canada we were well received by the people of all classes.

Business men, newspaper men, tourist agents, government officials, etc. They asked us concerning our little "Hawaii" and we were not afraid to talk concerning it and its future. They all wanted to have some circulars concerning the business interests of Hawaii, but I could not give them. To get some of them to heed my words, I showed my campaign card, and they immediately shook my hand and have ever since been my friends.

One prominent man of Los Angeles who traveled on the same train with us, asked me, whether the Territory had sent anything in the way of exhibits, and I was obliged to answer "No." The Hawaiians were traveling as show people under control of American capital. He said "It seems strange that such a place which has a promising future, should be so lax in bringing its prospects before the world." And right he was.

In the same car was another gentleman who had asked the Governor for the loan of Hawaiian exhibits to use at this exposition in the interest of Hawaii. He was refused, although he offered to defray all expenses to and from, leaving aside all personalities, I believe it the duty of every person who has interests in Hawaii, to bring Hawaii to the fore. I am doing all I can but I need printed matter.

One thing I would especially ask the Bulletin to say for the Hawaiians, who are so far away from our old home: Wherever we have been, from Frisco down to New Orleans, to Chicago and across to Canada and over to this city, every American lady and gentleman, received us cordially, and we are proud to say that our motto is "Hawaii is truly American." Let those Americans at home who trusted us with their cards know, that they have done Hawaii's sons and daughters a great good not to be forgotten.

We have seen the "P. C. A." of April 5, and have felt its snakelike bite. We are improving all it said about us. We are not heathen when we sing and chant our old fond melodies. By our performances, we arouse the curiosity of our audiences, and the natural consequence is they all bombard us with numerous questions concerning the industries of Hawaii. In this last, we are at a loss to fulfill, because the "P. C. A." and those it supports, have not done what the people of this great country have done in every city. At every station, one finds a guide, a map and a brief sketch of the business life of the place. And when one wants further information, there are many ready and willing persons who will show and explain all things. Yes, I never half believed what I used to hear about the States but now, I am like one who has had his eyes opened.

Something new to us took place on Friday morning. When we woke up early, we were surprised to find the roofs of the buildings and ground white with snow about two inches deep. The snow kept falling all day up to this morning. The strangest thing about this affair was the abundance of snow at an unusual time of the year. Some one in our crowd remarked that it was to show us what real snow is. "Kahuna" perhaps. Not one of us had any thick clothing, yet we stood the cold well. All we went out on the Midway and had a lively snowball battle for the first time. All the hoales we have seen since the snow fell, had overcoats, fur caps and heavy rubber boots, and they all complained of the cold. We were to attend the Press Club concert at the Star theater tonight, but owing to this weather, we will not go. Very likely the management of the concert will put it off to some other night this coming week.

I will not describe the buildings on the grounds at this writing, but I will send printed plans and descriptions of all the structures. All of the work thus far completed is great. Some of the buildings are very beautiful. It is said the like has never been seen outside of these fair grounds.

Charles Baker of the Honolulu police force is doing credit to himself by making every effort to study the system of the local police department. The officers and members of the force here are very courteous to him, and they are showing great interest in him.

On our trip through California we came near getting into a train wreck midway between Bradley and San Miguel station. We had just entered the station at Bradley, Monterey county, when a telegram was received from the lower station stopping our train. This was about midnight. We remained at this station all that night and next day till 10:30 p. m. of Wednesday. When we passed the scene of the wreck the timbers were still burning.

While waiting at this station during that day, we all busied ourselves making leis of wild poppies, buttercups, violets and other beautiful flowers. Late that afternoon, we were surprised to meet Chas. Ferguson, formerly of Spreckelsville and Ewa. He was very happy to meet us. He and his wife assisted by Miss Stack, former post mistress at Spreckelsville, gave us quite a reception at the village hall. The whole neighborhood turned out to greet us, because we were friends of Mr. Ferguson.

Our boys played the music for the dance, while the girls danced in true American fashion to the edification of our "kamaelanas." It is to be a matter for us Hawaiians to be proud of, that it was at Bradley that a Hawaiian lady first danced on the American floor with a plain hoale. One hoale school mistress remarked: "Had I known of this before I came to town, I would have brought Mother Hubbard." When we boarded the train, a purse containing a neat sum was presented us.

SENATE BEGINS TO CHOP AT SALARIES

All Permanent Salaries Cut Out of Appropriation Bill.

EXTRA CLERKS IN OFFICE OF SECRETARY DROPPED

Independents Show Signs of Having Decided With House Members on a Plan of Action.

There is no doubt whatever that the members of the independent party of the Senate and House have agreed on a line of action with reference to the Appropriation bill for, at the session of the former body this forenoon, the officers knocked out by the House were treated in a like manner, notwithstanding a great effort on the part of the Republicans to have the various items referred to committees. Lacking the Loan bill, it has been decided that there must be a cut on all sides.

When the Senate met this forenoon, the clerk read the following communication from the Attorney General, bearing on the matter of the consideration of bills other than the Appropriation bill during the extra session, as follows: Honolulu, H. L., May 10, 1901. Hon. S. E. Kaue, President of the Senate, Territory of Hawaii.

Dear Sir:—I have the honor to acknowledge receipt of the Resolution of your honorable body, dated May 9, 1901, inquiring "whether the Legislature in this extra session can pass a loan bill or other bills with or without appropriations, according to the provisions of the Organic Act, or not."

On account of the apparent certainty that the question would arise, I requested my assistant, Mr. J. Dunne, to investigate the law bearing upon the powers of the Legislature called in extra session for appropriations. I herewith send you a copy of Mr. Dunne's opinion. It is very able and thorough. I think his conclusions are correct.

The definition of appropriation, given in Webster's dictionary and following in Poll v. Dunn, 80 Cal. 227 and other cases, is as follows: "An appropriation is the act of setting apart or assigning to a particular use or purpose a special use or purpose, as of money to carry out some public object." "Appropriation as applicable to the general fund in the treasury is defined to be authority from the Legislature given at the proper time and in legal form to the proper officers to apply sums of money, out of that which may be in the treasury, in a given year to special objects or demands against the state."

Ristline v. State, 20 Ind. 338; Stratton v. Green, 45 Cal. 149; State v. Lindsay, 3 Wash. 120. The essence of the Appropriation bill is the provision for spending public moneys. The essence of a loan bill is the authority to borrow money. Although authority to spend may be of little effect without authority to borrow, it seems to me that these powers are so distinct that the latter is not included in the former.

I have the honor to be, Sir, With great respect, Very sincerely yours, E. P. DOLE, Attorney General.

The communication was received, placed on file and ordered spread on the journal of the Senate. Next came a long wrangle as to whether or no the chair should appoint standing committees. After nearly an hour, the chair calmly announced that he had appointed ten committees, as follows: 1. Committee on Ways and Means—Senators D. Kanahele, G. R. Carter and H. P. Baldwin. 2. Committee on Judiciary—Senators C. Brown, Wm. White and C. L. Crabbe. 3. Committee on Public Expenditures—Senators G. R. Carter, H. P. Baldwin and D. Kalaupokalani. 4. Public Lands Committee—Senators J. D. Paris, J. T. Brown and L. Nakapahu. 5. Committee on Agriculture and Forestry—Senators H. P. Baldwin, J. D. Paris and L. Nakapahu. 6. Committee on Public Health and Education—Senators N. Russell, W. C. Aehl and J. B. Kaohi. 7. Committee on Printing—Senators D. Kalaupokalani, W. C. Aehl and I. H. Kahilana. 8. Committee on Accounts—Senators C. L. Crabbe, D. Kalaupokalani and J. T. Brown. 9. Committee on Military—Senators G. R. Carter, I. H. Kahilana and D. Kanahele. 10. Committee on Rules—Senators C. Brown, Wm. White and N. Russell.

On motion of Mr. Baldwin, the committees were ordered printed in both English and Hawaiian. The Appropriation bill was then taken up in second reading. When it came to a discussion of the permanent settlements, the Republicans tried to

have the various items referred to a committee but the Independents objected. They stated that the Organic Act was permanent settlements and so the following items were knocked out: Mrs. Emma Bernard, \$500; Mrs. Kamakani Simsona, \$400; Mrs. Kauiha, \$400; Mrs. Mary E. Stolz, \$720; Mrs. Pahaia, \$400, and Sergeant H. E. Peterson, \$500. Next came the offices of the Secretary of the Territory of Hawaii. The first item to be tackled was that of the chief clerk. Without much argument, it was cut down from \$2,500 to \$3,000. When it came to a consideration of the assistant clerk and the recording clerks, \$1,800 and \$2,000, respectively everybody became angry. The Independents wanted these offices knocked out and the Republicans, sparring for wind with Mr. Carter in the lead, wanted the items referred to committees.

Mr. Kaohi deserted the Independent fold for one brief moment and moved to allow the salary of the assistant clerk to remain. Every Republican in the room seconded Mr. Kaohi's motion who, apropos of nothing, said: "Well, then, I will withdraw my motion." Nothing much was said about the extra clerks. They were silently trodden under foot.

The salaries of the electoral register and messenger of the Secretary's office, each at \$1,200, were left intact. At 11:45 o'clock, Mr. Carter moved to adjourn on the ground that the Senate had shown enough wisdom for one morning. The motion was seconded and carried without a dissenting vote.

Matters Up Today In Circuit Court Stipulation of parties in the equity case of Thomas Metcalf vs. Antone J. Lopez was filed today by Paul Neumann, giving the defendant until May 15 to plead. Petition for allowance of accounts and discharge as guardian in the estate of the Kahookano minors was filed today by the Hawaiian Trust & Investment Co. Amended complaint has been filed by Libana Nobrega in her suit for a divorce against her husband, Sylvano Nobrega, and the case continued for the term.

After hearing the motion in the Nobrega divorce case, Judge Humphreys called for the arguments in the case of H. M. Mist vs. the Kapiolani Estate, AD CIRCUIT COURT. Charles R. Hemenway has taken the oath as an attorney to practice law in the Supreme and other courts of the Territory of Hawaii. Mr. Hemenway is a graduate of Yale and studied law in the offices of Page & Eckley in New York City.

Thomas Fitch, guardian ad litem for Henry A. P. Carter and Grace S. Carter, minors, has filed an answer in behalf of his wards in the case of J. O. Carter, trustee, vs. Sybil A. Carter et al. The answer denies that by the last will and testament of Charles L. Carter, Mary H. S. Davis became entitled to all the property of said Charles L. Carter real or personal and deny that said Charles L. Carter ever had any interest in said property except such as expensed with his death, and deny that Mary H. S. Davis ever had or now has any interest whatever in the property described in the plaintiff's bill herein. The answer avers that the trust of J. O. Carter terminated upon the becoming of the age of 20 years of Cordelia J. Carter. It is also averred that the nature of the property, and of the trust of which plaintiff is trustee, are such that for a due performance of the same it is to the interest of all parties that the property shall be sold and the proceeds divided and the trust terminated.

FIRE CLAIMS COMMISSION. A meeting of the Fire Claims Commission was held this morning in the office of F. W. Macfarlane. All members were present. The session was short, the only thing considered being the forms in which the bills of different claimants shall be presented. The final decision in this matter was postponed until the next meeting, which will be held Monday.

The commission has accepted the terms made by the Chamber of Commerce for the use of its hall for holding sessions.

LEE YON DROWNS. Yesterday afternoon, shortly after school hours, Lee Yon, a young Chinese school boy, was drowned in the Nuuanu stream just below the King street bridge. The little fellow was unaware of the depth of the water and ventured beyond his depth, going down in sight of his companions. A search was immediately instituted and the body was recovered in about twenty minutes. Every means known to restore life was used, but in vain, and the body was removed to the morgue. An inquest will be held. The lad was 12 years old.

POLICE BASEBALLERS. The police baseball team has at last been organized and, after a short time will be ready for matches. At present the team lines up as follows: Joy, p.; Lane, c.; Lealie, 1b.; Flint, 2b.; Parker, 3b.; Martin, ss.; Jackson, cf.; Ahe, lf.; and Espinola, rf.

JUDICIAL SYSTEM IS GOOD ENOUGH

Bar Association Opposes Any Change at Present.

FIFTEEN NEW MEMBERS JOIN THE ASSOCIATION

Resolution Adopted Asking President McKinley to Appoint a Third Circuit Judge for Honolulu.

Twenty lawyers were present this morning at the meeting of the Bar Association. Sidney M. Ballou presided.

The first matter brought up was that of the Judd portrait to be hung in the Supreme Court room. The committee appointed a year ago to look after the matter reported that a portrait by Harold Mott-Smith was completed. The cost will be \$300 and the committee has on hand \$250. The balance will be contributed by individual members of the bar.

The following lawyers were by unanimous vote admitted to the association: W. Austin Whitling, Alfred S. Hartwell, Wade W. Thayer, W. J. Robinson, C. C. Biting, L. A. Thurston, John A. Mathewman, E. C. Peters, J. Alfred Magoon, Frank Andrade, F. M. Brooks, Abraham Lewis, Jr., Lyle A. Dickey, H. A. Bigelow and F. W. Milverton.

The matter of reforming the judiciary system of Hawaii was brought up by a motion of F. M. Hatch to let the matter drop where it is. Hatch's motion was withdrawn and a motion by L. A. Andrews adopted. Andrews' motion was to the effect that the Bar Association is opposed to the scheme of merging the Circuit and Supreme Courts of the Territory. W. O. Smith made the only speech on the subject. He said that he was one of the signers of the petition favoring the scheme but on mature reflection had changed his mind. He did not believe it would be wise to cumber the Supreme Court Judges with probate and chamber matters. He also did not believe it would serve the ends of justice to have the Supreme Court review cases where one of its number sat in the case below.

A resolution was introduced by A. L. C. Atkinson and adopted by unanimous vote requesting the President of the United States to appoint a third Circuit Judge for Honolulu.

Kings Daughters Successful Concert

The Portuguese King's Daughters Society gave a concert last evening at the Miller street kindergarten. The object of the entertainment was to raise funds to educate one child in India. The proceeds footed up to more than \$30. The program consisted of songs and recitations.

Mrs. Geo. B. McClellan, superintendent of the society in a few opening remarks explained the objects and aims of the organization. This was their first public concert. Others who took part in the program were Louise Melim, Rhea Soares, Mary Melim, Lillie Tewksbury, Hilda Benson, Georgina Dias, Helen Bell and Elsie Peters.

The feature of the evening was a violin solo by Miss Woods of the Oahu College. The rooms were prettily decorated and all present enjoyed the evening in fullest measure.

STANTON SEASON CLOSING. "Spid Pasha" is being sung at the matinee today before a good audience. Tonight by special request "Wang" will be given which in many minds is one of the best of the Stanton performances. A large audience will no doubt greet Miss Stanton and her company Monday night to witness "The Fencing Master," which will close the operatic engagement in this city. Several of Miss Stanton's friends and admirers have purchased seats and intend to be present to say farewell to the company. The organization leaves in the Sierra for Auckland where they will fill a four-weeks engagement, going thence to Australia for four months.

AORANGI SPEAKS MOANA. The steamer Aorangi arrived from Vancouver and Victoria last night after a speedy trip. She brought many passengers and, aside from taking five stowaways aboard from the steamer Moana on Thursday afternoon, the trip was without special interest.

The Moana was sighted at 5 o'clock on the 9th and she signalled the Aorangi to stop. A boat left the Moana's side and made his way to the Aorangi. In the boat were the first officer of the Moana and five crew members and disappoointed men who had stowed away here before the Moana left. They made their appearance on deck after the steamer was out of sight of land and

gave the officers the merriest kind of merry laugh when they were told they would be sent back to Honolulu. Soon afterwards the Aorangi was sighted with the result that the men were brought back to Honolulu in the brig of the steamer.

The Aorangi had but little freight for this port and, in fact, she was flying lighter than she usually is on arriving from the north. She took on some coal here and left for the Colonies shortly after noon.

IS NOT A BIGAMIST. Captain Chipperfield of the barkentine Newboy was quite exercised over the published accounts of his marriage last evening in the Star of yesterday and this morning's Advertiser. The skipper who has been married for several years has no intention of committing bigamy. He denies emphatically that he was married last evening at Harry Evans' house to a Miss Gibson and Captain Curtis who is stated to have been best man corroborates the skipper of the Newboy.

IN POLITICAL WHIRL. One of the most prominent of the Independent Senators said this morning: "If there is any change in the office of Governor, Sam Parker will be the boy who will come back to preside over the affairs of Hawaii. He is the choice of the people."

The Bulletin reporter asked the Senator if he believed there would be a change and he replied: "I think it is bound to come. The breaks of Mr. Dole have been so bad that President McKinley will certainly be forced to take some action."

In the Senate this morning, Mr. Carter said (speaking to Mr. White): "I will bring you a box of cigars that the present extra session will last over thirty days." Mr. Aehl was on the point of taking the bet himself but the chair rapped for order and his opportunity was lost.

There is a great change in the make up of the various standing committees of the Senate as will be seen by reference to another column. President Kauiha has named ten committees. The total number of Republicans appointed is 14 out of 30 but it is a significant fact that, out of the ten chairmen, seven are Republicans and only three, Independents.

RED LAUGHLIN THE TERROR OF FRONT

Was Among the Stowaways Returned Here in Aorangi.

HOW CANADIAN LAW TREATS STOWAWAYS

Buckley Denied Being an Alien and Said He Was a Sailor ---Men Were All Released.

Commissioner of Immigration J. K. Brown had a seance aboard the Aorangi this morning with the five stowaways put aboard that vessel by the Moana on Thursday last at sea.

Captain White wanted the men put ashore here but the Collector of Customs could not allow it unless it was proven that they got aboard the Moana at this port. For this purpose Captain Harry Flint of the harbor police was present to identify the men if possible.

The first man brought out of the lockup was Wagner, a one legged man who has been a familiar character here for some time. He is a professional beggar and operated in San Francisco before coming here. He was positively identified by several residents. The next stowaway was a negro lad, Nix, by name who stated that he was an American, born in Tennessee and arrived here in the City of Peking as a stowaway from San Francisco. Being an American he was entitled to land. The third stowaway was a surprise to those at the inquiry. He was none other than "Red" Laughlin the crimp, who was going to run all the newspaper men off the front. He was identified and will come ashore to tarry a while longer.

There was some fun when Buckley, the fourth stowaway made his appearance. He is a sailor and appeared very much frightened. Mr. Brown asked him where he boarded the Moana and he replied in Honolulu. He was then asked if he was an alien and denied that he was anything of the kind saying that he was a sailor and had come here in the American bark Sonoma and been discharged with the rest of the crew.

John J. Gillespie, a native of Brooklyn, N. Y., was the last of the batch. He arrived here as a stowaway aboard the transport Logan and finding no work and that the bread fruit and coconuts that were mentioned in a late San Francisco paper as plentiful, being hard to get, he decided to leave for the north.

Captain Jay considers that he did the five men a favor by bringing them back to Honolulu as on arrival at Victoria they would have been turned over to the police and had to stay in jail for a period of sixty days. The law of British Columbia is very strict in its treatment of stowaways. The men were all allowed ashore here.

Board of Health Meeting. At the call of President C. B. Cooper there was a special meeting of the Board of Health last evening. The object was to coach the new members in the routine business of the Board. The Board of Health appropriations were also briefly discussed with a view to retrenchment.

No business was transacted last night, the meeting having been called merely for the purpose of the individual enlightenment of the members. The topics touched upon will come up again at the regular meeting.

J. A. BANNISTER SHOE. The last meeting of the year of the Honolulu Circle of the Territorial Teachers' Association will take place in the High School building, Monday evening, May 13, at 7:30 o'clock. An interesting program has been arranged, consisting of the following numbers: Music by High school pupils, led by Mrs. Yardley; Elementary Arithmetic, by Henry M. Lull; violin solo by Miss Iola E. Barber; "Industrial Work as a Factor in Home Education," by Chas. Bartlett Dyke of Kamehameha; "Incidental Number Work," by T. H. Gibson; discussion of papers with Arthur Maxson Smith, H. S. Townsend and Edgar Wood as leaders. Music, by High school pupils.

Three newly furnished rooms to let. See To Let column.

RELAY RACES TODAY. In the relay race this afternoon between Oahu College, Kamehameha school and Maile-Ilima, the following men will make up the competing teams: Oahu College—Alfred Castle, William Campbell, Antone Marcellina, and Edward Deverell. Kamehameha School—Hanakahi, Akana, Pa, and Punohe. Maile-Ilima—H. Sheldon, B. Hopkins, S. A. Crook and B. H. Clark. The race will take place at 4 o'clock at Kapiolani Park.

Thistle Club Anniversary. The anniversary ball of the Scottish Thistle Club at Progress hall last evening was a splendid social success. Over three hundred guests were present. The music for the dance was furnished by the Solomon Quintet Club. The grand march was led by Chief N. Kay of the Thistles and Mrs. Thos. Smith.

J. C. Brown was master of ceremonies. The reception committee consisted of N. Kay, J. Cumming, J. Crank, R. Anderson and J. F. Fenwick. The ball committee was composed of Messrs. J. C. Brown, J. Crank, W. Gondie, J. F. Fenwick and C. Stevenson. The event was in celebration of the tenth anniversary of the club.

BONDS NEARLY ALL IN. The redemption of Hawaiian bonds has gone forward very rapidly since May 1. Treasurer Wright has signed certificates for \$1,325,000 worth payable in Honolulu and for \$221,000 payable in San Francisco. This leaves a balance of \$197,900 yet to be presented.

The new schooner Alvena has arrived at Mahukona with over a million feet of lumber from Everett.

BEET SUGAR SHOWS LARGE DEVELOPMENT
 Washington, April 28.—C. F. Saylor of Iowa, special agent in charge of the beet sugar investigation of the Department of Agriculture, is in Washington and has submitted his report to Secretary Wilson. He says this year shows a very active tendency toward the institution of new beet sugar enterprises. Next autumn, he says, Michigan will have three new factories, and Ohio, Indiana, New York, Colorado, Utah, South and North Dakota, and Illinois will install new factories, making thirteen throughout the United States now in contemplation. A conservative estimate, he says, is that there will be forty-two sugar factories in operation throughout the United States by the end of next autumn. Everything indicates that the industry is thoroughly established throughout the country.
 Saylor says: "Even in the incipience of the industry these factories have shown good profits. They have maintained themselves without any apparent real contest with the sugar trust. The sections of the country that seem most adaptable to the industry are where conditions call for new resources, as in Michigan, where there has been a phenomenal increase in the last three years, largely due to the waning of the lumbering industry of that region. There will be fourteen factories there next season. California is the leading State in production, with eighteen factories. The increase amount of pulp and refuse left after the extraction of the sugar appeals especially to farmers and industries that grow out of farm products."
 Saylor says no other feed for stock is so valuable and so cheap as beet pulp. The beet sugar factories turn out from 40 to 50 per cent of the original weight of the beets worked in the form of refuse or by-product. Sugar beets seem to respond especially to cultivation in the arid region, where they have given better results than any other crop. The arid section has been enabled to cope with other sections of the country where the crops have been produced by natural rainfall, not in the amount of tonnage per acre, but in the higher sugar contents and the purity of the beet. The feasibility of the central plant idea, with branches scattered at numerous points for performing some detailed parts of the work.

CONTRARY TO LAW.
 Two prisoners arrived from Maui in the Mauna Loa this morning. One is a negro, Will Sharp, who is in custody on a mittimus issued by District Magistrate W. A. McKay of Waikiki and is to the effect that "there is reason to believe that Will Sharp who was arrested for larceny in the second degree in that he did at Spreckelsville, Island of Maui, Territory of Hawaii, on the 3d day of May, A. D. 1901, steal, take and carry away a piece of work of the value of fifty cents, then and there, being the property of the Camp Five company, contrary to law on the information of Yamaguchi."
 The other prisoner is a Japanese, Minoda, who assaulted Klade with a weapon.

PROF. LOVEJOY GOES.
 Stanford University, May 2.—Another resignation from the university faculty has resulted from the Ross-Howard episode. Prof. Arthur O. Lovejoy has given up his position as associate professor of philosophy and will sever his connection with the university at the close of the present college year. Prof. Lovejoy expressed himself at the time of Dr. Ross' dismissal as being heartily in sympathy with the cause of the ousted instructor, but Dr. Jordan states that the authorities have nothing to do with enforcing his present action.

TERRIBLE TERRY WON.
 San Francisco, May 1.—In a one-sided fight which was saved from absolute dullness only by the cleverness of the winner, Terry McGovern, the Brooklyn cyclone, won easily in the fourth round from Oscar Gardner of Omaha, last night. There was nothing to it but McGovern from first to last. Within a minute from the onset of the bout, Terry had knocked his opponent down with a left on the jaw which virtually ended the battle. From that time on he followed his man around the ring, hitting him right and left, until the crowd was relieved when a right to the body stretched Gardner on his face.

EMMELUTH STILL AFTER GOVERNOR

Introduces a Resolution Which Severely Grills Dole.

DICKEY AND ROBERTSON SUPPORT THE GOVERNOR

The Japanese Immigration a Black Sport on Governor's Record—Emmeluth Charges the Governor With Causing the Plague.

Yesterday afternoon's session of the House was spent in a most severe arraignment of Governor Dole by Representative Emmeluth. The remarks were caused by the introduction of another resolution which read as follows:

Whereas, The Governor of this Territory has communicated to the House of Representatives the fact that he had signed Senate bill 56 (relating to terms of the Supreme Court) six days after the close of the regular session of the Legislature, and

Whereas, If such action was considered legal it would have been also legal for him to sign the County bill and the Pure Food bill, both being of vital importance to the political and physical welfare of the voters of this Territory, and

Whereas, The Governor failed to yield his signature to the bills named; now be it therefore by the House of Representatives, the Senate concurring,

Resolved, That it is the sense of the Legislature that the Governor of the Territory is not in accord with this Legislature and the voters it represents,

Resolved, That this Legislature by its vote of confidence in the ability of the Governor of the Territory to properly interpret the Constitution of the United States, the Organic Act creating this Territory and the rights of the people thereof, and

Resolved, That the Governor of the Territory is not in accord with this Legislature and the voters it represents, and

Resolved, That the Governor of the Territory is not in accord with this Legislature and the voters it represents, and

Resolved, That the Governor of the Territory is not in accord with this Legislature and the voters it represents, and

Resolved, That the Governor of the Territory is not in accord with this Legislature and the voters it represents, and

Resolved, That the Governor of the Territory is not in accord with this Legislature and the voters it represents, and

and the Chinese 15,361. In 1900 there were 61,122 Japs and 25,742 Chinese in this Territory. In 1900 there were but 28,923 Caucasians here. Is this working for annexation? In all the time which the Governor was working for annexation, he was working with duplicity and injustice and no one can deny.

"Gentlemen, we are spending hundreds of thousands in bringing this vast horde of aliens into our fair country, and what good comes of it? We are putting the noose about our own necks and are drawing it tighter every year. We are creating conditions under which no white man can live. What caused our late plague unless it was the Asiatics which we ourselves have introduced? And in all this business, Governor Dole is head and shoulders ahead of any of his cohorts in this business. Governor Dole was directly responsible for our late plague, and this is only one dark spot on his already black record.

"My point, gentlemen, was well borne out by the late May Day celebration. How many of the little ones were white or Hawaiians while what a vast number of them were of alien blood. This is what we have to contend against, gentlemen, and how much longer can we stand up against it?"

All this time Mr. Dickey had been getting decidedly impatient and, when Mr. Emmeluth finished he jumped to his feet.

"Governor Dole is so situated," began Mr. Dickey, "that he is unable to defend himself from the cowardly and malicious attacks of Mr. Emmeluth. The Governor has always proved himself a true friend of the Hawaiians, as they should know by this time. Look at the appointments of the Governor. There are such Hawaiians as Judge Pahea and Assessor Robinson of Maui and Curtis Iaukea of Waialua who might have been the Land Commissioner had he wanted it. Deputy Sheriff Chillingworth has been appointed by Governor Dole and will still go higher simply because he and the others are energetic men. In all the offices the Hawaiians have always been in the majority.

"Mr. Emmeluth is talking nonsense when he says that Mr. Dole is responsible for the Japanese immigration. Mr. Dole did not make the laws. The Legislature did and Mr. Dole has enforced them."

Mr. Robertson objected to Mr. Emmeluth taking up the time of the House every afternoon. In his cowardly attacks against the Governor, he called the whole affair out of order as the session was for the consideration of the Appropriation bill. He was not upheld by the chair.

Robertson's motion to indefinitely postpone the resolution was lost. Ayes 10; noes 12. A motion to adopt the resolution was carried by a small majority. Several Independent and Republican members were absent.

The bill appropriating money for salaries, pay rolls, etc., passed first reading. At 3:45 o'clock, the House adjourned until Monday.

BULLER TURNED DOWN. New York, April 29.—A cable to the Sun from London says: It is persistently reported at the military club that Sir Redvers Buller, on the publication of the official gazette in which Earl Roberts damned him with less than faint praise, applied to the Secretary of State for War for the appointment of a court of inquiry. The Secretary promptly refused. Buller then took the remarkable course of complaining direct to the King, who declined to interfere. It is confidentially asserted that Buller will soon be placed on the retired list.

Japan Making New Naval Port. Berlin, April 29.—The St. Petersburg correspondent of the Cologne Gazette says it is announced from Tokio that the harbor of Matsmal, capital of the island of Yesso, opposite Vladivostok, is being transformed into a naval port. The work is being carried out with all speed and is already almost completed.

SEATTLE BEER. The ever popular Rainier beer is becoming a household word and "will you have a glass of Seattle" is more often heard than anything else. The Criterion Saloon has the beer on tap or in bottles.

Oscar Suro, a well known young attorney of San Francisco and a son of San Francisco's late Mayor, was a through passenger in the Nippon Maru. He is on his way to Manila to establish himself in the practice of his profession and is associated with E. S. Pillsbury of San Francisco the attorney for many large California corporations.

ARE YOU DEAF??

Very kind of deafness and difficult hearing can be cured by our new invention. Only one bottle is needed and no medicine. Money is refunded if not cured. Send particulars about our cure. It is not a medicine and does not hurt. Every one can cure himself at his own home at very low cost.

ANOTHER WEEK OF THE GREAT TRUNK AND BAG SALE

You bought generously of the bargains offered in Trunks and Bags last week, so that many of the numbers are completely exhausted; e.g., the better dress suit cases—one lady bought six of them on Monday morning.

But there are still many trunks and bags left that it will pay you to see on this, the last week of the sale.

We would call your attention particularly to the two styles of steamer trunks and to the canvas telescopes and grain leather club bags. They are marked at prices at which it is seldom possible to obtain them.

Remember that the sale closes at 5 o'clock on Saturday evening, May 11th, and that after that we shall have no more trunks or bags to show you.
