NO DANGER OF A THIRD TERM.

William Jennings Bryan, editor of The Commoner, who will be here in October, does not think Mr Roosevelt will hazard a third term. In the last issue of his paper he says:

Some of the democrats are expressing fear that the president may be persuaded to run for a third term. There is no need for alarm. He has said that he will not under any circumstances be a candidate to succeed himself and there is no reason to believe that he has changed or will change his mind on this subject. He has declared that he regards this as his second term and his own construction has been accepted. Having served nearly three and a half years of Mr McKinley's second term he could hardly justify any other construction.

Without questioning the good faith of the president it may be added that he would have a great deal of assistance in avoiding another term if assistance were necessary. The republican party is divided as the democratic was in 1896 and he can not pass through the next three years without alienating one element of the party. He is now counted among the reformers. If he lives up to the promises he has made, the corporations would fight his re-nomination, if he falters he will lose the popularity upon which another nomination is predicated.

Neither is it sure that he would be a strong candidate, if nominated. His large majority in 1904 was not so much a personal or party victory as a democratic defeat. He received only about one hundred and fifty thousand more votes than the normal republican strength while Judge Parker received about a million and a half less than the normal democratic vote. If this was the president's experience when he had on his side the feeling that he was entitled to an endorsement what would be his experience if he had to carry the odium of a third term? The sentiment against a third term was so strong that Grant had to bow to it. Could Roosevelt overcome it? The names of Washington and Jefferson and Jackson are still potent and they refused to consider a third time. Would the people admire an ambition which would disregard their example?

No, Mr Roosevelt does not want a third term and if he did want it he would find the anti-third term sentiment an insuperable obstacle.

Let him serve the people with an eye single to their welfare and the gratitude of his countrymen will be a richer reward than a dozen terms could bestow.

MERCHANTS TAKE ACTION. Will Make Move For Number Of Improvements.

A big lot of routine work was finished up by the Hawaii Promotion Committee yesterday. A plan was set afoot to have a boat meet foreign steamers outside in order that time might be saved in getting the mail ashore. The following were the most important things done:

- 1 A new Federal building, with accommodations for all the Federal departments and offices, leaving the Territorial buildings free for the home government.
- 2 The opening of the Navy Yard at Pearl Harbor and the dredging of the harbor so as to make it commercially available.
- 3 The construction of a break-water at Hilo.
- 4 More money for the agricultural experiment station characterized by the committee as one of the most important matters in a new territory.
- 5 The enlargement of the military post here.
- 6 The construction of fortifications proportionate to the needs and importance of the islands.

Mrs McCannell, 1223 Emma street has a one roomed cottage and a few spare rooms ready for immediate occupancy.

STRANGE RULING ON CLAIMS.

The ruling of the Secretary of State that the British-American joint claims commission cannot consider the cases of Americans exiled from Hawaii in 1895, for the reason that Hawaii is now American territory—may be technically correct, but is bringing things down to a very fine point.

These claims antedated annexation by over three years, and at the time of that important event were a charge upon the (then extant) Republic of Hawaii. When the Islands were annexed the American government assumed the responsibility for these claims, the American claims going in on the same footing as the others. The secretary evidently does not fully comprehend that.

Under the Secretary's plan the claimants would have to take their cases into the Senate at Washington. This would mean an almost interminable lot of annoyance, and expense too enormous for any one of them to stand. In place of having the easy and inexpensive privilege of

presenting their claims before the arbitration commission, they would be hedged about with obstacles that they could scarcely hope to overcome.

Let the American claims be considered along with the others.

TOPICS OF THE DAY.

The N G H marksmen had a great time on their trip to Seagirt—cheap, too, to them. They were not even burdened with a lot of medals to bring home.

The big success of "The Sereade" at the Hawaiian Opera house last evening is most gratifying as it showed that Honolulu is not altogether dependent upon outside talent for high class theatricals. The entertainment of last evening would have done credit to larger cities.

The signing of the armistice yesterday by the Russian and Japanese commanders in Manchuria marked the beginning of actual peace. All that now remains is the formal approval of the peace terms by the heads of the respective powers. The war has not been a long one, but it has been the bloodiest and costliest in history. All the world has become sick of it, and there will be a general feeling of relief, now that it is over.

An official who deliberately embarrasses fellow officials of the same administration, thus impairing the efficiency of the public service, because such other official differs from him in politics—does not deserve the confidence and endorsement of the people at all. In this Trent affair Attorney Douthitt has shown himself to be a smaller man we had sincerely hoped of him when elected. The voters should remember this for reference at the next election.

It would be a grand thing if Dr Jared Smith could find species of apples and peaches that would flourish in the Islands. But we think he would have a hard task. Absence of well defined seasons is the first great drawback. Then there is something in the soil or climate that prevents development of the fruit. No experiment has ever been successful, the fruit being dwarfed and without flavor. The learned specialist had better continue his attention to tobacco until he has made a success of that important industry.

It is reported from Shanghai that \$8,000,000 of American goods are tied up, the merchants of China refusing to accept the shipments. This would seem to indicate that the boycott is effective, and that America is up against a serious commercial snag in the Orient. The question is—"What is to be done about it?" We submit that nothing can be done. The Chinese have the right to refuse American or any other

goods if they so desire, and certainly the United States cannot force them to buy. It is a case of strong retaliation for unjust exclusion.

The Advertiser has discovered that Secretary Taft is particularly friendly to the Philippines and really cares little for Hawaii. It has been manifest for a long time that the Philippine squabble was Taft's card for the Presidential nomination. Roosevelt has seen this and as the secretary is his personal choice as his successor, he has given him every facility for working the Philippine game for all it is worth. And it is a good card. If Taft succeeds in bringing harmony out of chaos in the Philippines, he is as good as nominated by the Republicans.

The committee on arrangements should see to it that the reception accorded Mr Bryan is planned on broad lines, and without regard to party affiliation.—Advertiser.

We quite agree with that. Mr Bryan would expect and desire that the most conspicuous "glad hand" come from the Democratic committee; but that part of the program need not interfere with a spontaneous reception in which are no party politics. Certain it is that the distinguished visitor would enjoy such a reception far more than any other kind and would leave Honolulu with a much better impression of our people.

In cutting the new loan down from nearly a million and a half to \$750,000, Governor Carter has done something which some people may not now approve of but for which they will have every reason to feel grateful in years to come. Hawaii's public debt is increasing by leaps and bounds. In a few years the total will be something appalling and the interest upon its enormous burden annually. And then will come the day of reckoning, when the principal must be paid—and how is the Territory to pay that? In place of reducing the total of the new loan to \$750,000, Governor Carter might very reasonably have allowed it to lapse altogether this time.

There is a serious question in connection with the effort of certain lawyers to have the September term of the Circuit Court knocked out. Defendants in the criminal cases were bound over to this term—not to the December nor to any special term. If the term is killed, their cases die with it. What could be next done? One immediately thinks of a special term. That would necessitate arresting the accused persons a second time, and that would be in constitutional because it would be placing them in jeopardy twice on the same charge and that charge having once been smashed. How's that? It looks to us as though the Court is in such a position that there may be a jail delivery of accused but untried persons in this country.

A Mother's Responsibility

"A great responsibility rests upon mothers at the time their daughters are budding into womanhood. If your daughter is pale, complains of weakness, is 'tired out' upon slight exertion; if she is troubled with headache or backache, pain in the side; if her temper is fitful and her appetite poor, she is in a condition of extreme peril, a fit subject for that most dreaded of all diseases—consumption. If you notice any of these symptoms lose no time in procuring!

Dr. Williams' Pink Pills for Pale People

They will assist your daughter to develop properly and regularly; they will enrich the blood, strengthen the nerves, and all danger of consumption and premature death will be averted.

Mrs. John Tansley, of 130 Baker Street, Detroit, Mich., says: "We had a serious time with my daughter. She did not have any serious illness but seemed to gradually waste away. Our doctor called the disease by an odd name which as I afterward learned, meant lack of blood. We finally found a medicine that helped her. After three months' treatment her health was so greatly improved you would not have recognized her. She gained in flesh rapidly and soon was in perfect health. The medicine used was Dr. Williams' Pink Pills for Pale People. I have always kept these pills in the house since and have told many mothers about them. They have effected some wonderful cures."

—From the Evening News, Detroit, Mich.

All the elements necessary to give new life and richness to the blood and restore shattered nerves are contained, in a condensed form, in Dr. Williams' Pink Pills for Pale People. They are a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. They build up the blood, and restore the glow of health to pale and sallow cheeks. In men they effect a radical cure in all cases arising from mental worry, overwork or excesses of whatever nature.

Dr. Williams' Pink Pills for Pale People are sold in boxes (never in loose bulk) at 50 cents a box or six boxes for \$2.50, and may be had of all druggists, or direct by mail from Dr. Williams Medicine Co., Schenectady, N. Y.

GOOD CHEER FOR EXILES.

Prospect That Their Claims Will Be Settled.

Henry A Juen has received a letter from the Secretary of State of vast importance to the men who were arrested in connection with the revolution of 1895 and exiled from the country.

There is an important ruling in regard to the Americans among the exiles, however. The Secretary holds that as Hawaii is American territory the only recourse of Americans is on appeal to the United States Congress.

The Serenaders Made a Hit.

The initial presentation of "The Serenade" last night by local amateurs, for the benefit of the Healanui Yacht and Boat Club, crowded the best part of the Hawaiian Opera House. Being a comic opera, everything seemed comical from opening to closing, and was verily so, and was pronounced a success.

The play will be repeated tomorrow night, after the Regatta is over.

Polo Men Meet.

The annual meeting of polo enthusiasts was held yesterday afternoon at which the following officers for the following year were elected:

President, John L Fleming; vice president, Geo P Denison; secretary, Gerrit P Wilder; treasurer, Clarence H Cook; club captain, Geo Angus; directors, Harold Dillingham and Geo P Thielen.

A report showed that the receipts at the last polo game, Maui Oahu, amounted to \$1248 20.

Passengers Arrived.

From Kauai ports, per stmr Keauhou, Sept 15—A L C Atkinson, Mrs Kluegel, Capt Demens, J G Smith, Mrs Kalli and 7 deck.

From Eleale, Kauai, per stmr Niihau, Sept 15—W A Kinney.

Passengers Departed.

For Maui and Hawaii ports, per stmr Mauna Loa, Sept 15—Mrs E L Austin, D H Case, Jas Ogg, Miss Aungst, L A Thurston, R W Shingle, J G Smith, W G Ogg, Miss Tombs, W B Thomas, Mrs M E Scott, Miss Fitz Henry, Geo F Wright and bride, Mrs A Borba, Miss Borba, J S Malony, Capt Demens and daughter, A L C Atkinson, J W Pratt, R R Elgie, Mr and Mrs Layman, Miss Layman, W H Kelso, wife and daughter, Wm Mann and daughter, Mrs Wall, Mrs Pratt, Mrs Carrie Robinson, Dr J S B Pratt, Judge Geo Clarke, Mrs Mattie Anderson, Rev Y Imamura.

The Keauhou, from Kauai ports, brought the following freight: 340 bags paddy, 442 bags rice, 58 bags rice bran, 15 pkgs hides and 47 pkgs sundries.

The Iroquois will sail during the afternoon for Midway Islands with supplies and lights, Gerrit P Wilder and Lieutenant Harlow will go in her as passengers.

Secretary Atkinson, together with Capt Demens, who is here in the interest of labor, returned from visiting Kauai this morning. They both left for Hawaii by today's Mauna Loa.
