Where Should The Nawiliwili Wharves Be Located?

When the breakwater now being built at Nawiliwili is finished only the first step in the important job of facilitating Kauai's shipping will have been taken. The next steps will be more expensive and will require much serious thought and study. The question of the locating of the wharves is all important.

It is a well known fact that no one knows very much about the action of ocean currents, once some obstruction is put in their paths to deflect their course. It is highly problematical just what course they will take. They don't seem to follow plans or human ideas. When they are supposed to angle one way they usually take the other. When it is thought that they will naturally gradually fill up one place, quite often they sweep it deeper than ever and vice versa.

But, nevertheless, it is important to be making some plans of action. This necessity was emphasized at the last meeting of the Kauai Chamber of Commerce and a letter was sent to the board of harbor commissioners to find out just what plans, if any, have been made. Chairman Bigelow's reply is printed so that chamber members can consider the matter and make recommendations at the next meeting to be held this month. This is what Mr. Bigelow says:

"As yet we have not considered any plan for the construction of piers and wharves at Nawiliwili after the breakwater has been completed for the reason that there is or will be from a half million to one million dollars of dredging to be done and this has not been authorized by Congress. Furthermore we are without appropriation for preliminary surveys or tentative plans for the construction of piers and wharves at Nawiliwili.

"Now that you have brought the matter before the board, and in order that we may have some idea of what the Kauai residents would most desire, may we ask you the favor of submitting to the board any ideas you have in mind concerning the proposed wharf and the location of the same.

MISS McLAUGHLIN TO BE LIBRARIAN IN NEW LIBRARY

Miss Gertrude McLaughlin has been secured as the librarian for the new Kauai Public Library Association. Miss McLaughlin comes to us from Honolulu public library and she was preceded by enough credentials and recommendations to have secured a dozen applicants for good positions.

Miss McLaughlin was a student for one year in the Los Angeles state normal. She then studied for two years in the University of Southern California. She is also a graduate of the Los Angeles Library school.

Miss McLaughlin was student assistant for one year in the library of the University of Southern California. She was assistant for a year in the periodical department of the Los Angeles public library and was in charge of the playground branches of the Los Angeles public library for one summer.

Nor is Miss McLaughlin lacking in experience in county libraries, such as Kauai's library is to be. She was the assistant for two years in the Kings county free library at Hanford, California. While there she had charge of the branches and had much experience in school library work, cataloging, binding and mending. She also did the ordering and the compiling of statistics.

For a short time before coming to Honolulu, Miss McLaughlin was the assistant in Siskiyou county free library. Her work in all branches was highly satisfactory. Kauai is to be congratulated upon securing her for the new library.

In all probability it will be two weeks or more before books are ready for circulation, as much preliminary work is necessary incident to the opening of a library.

G. H. W. Barnhart of the plantation department of the American Factors, is taking a short business trip to Kauai at present.

KAPAA NOTES

KAPAA IN THE DARK

Local users of electricity had to hunt for lamps for four nights last week when the plant of the Kapaa & Waipouli Electric Co. went on strike and refused to generate power. Strenuous efforts of S. Ching, manager, to repair the plant were successful after four days.

FALL ELECTION STIRS INTEREST

Now that the election is over, political talk is centering on the coming fall elections, particularly with reference to Kauai's representative in the upper house. Several names of local politicians have been mentioned, but these prospective candidates are very reticent about announcing themselves.

MAKES WILL HAVE STRONG BALL TEAM

The Makes have decided to again enter a team in the Kauai league this year and a club meeting is expected to be called for the near future to elect officers for the coming season. All of the last year's players, with the exception of Cummings, are still here, and the team therefore expects to put up a strong fight to make it three straight.

POSTMASTER RAPOZA WILL ATTEND SCHOOL

Due to the non-arrival of the commission of the newly appointed postmaster, John F. Rapoza, the Kapaa postoffice is still in its old location but it is expected, however, that the commission will arrive this month, in which case the office will change hands on May 1st. John Rapoza, the new postmaster, is leaving Wednesday to attend the postmasters' school in Honolulu, an innovation of the present administration for familiarizing new postmasters with their various duties.

KAPAA HOMESTEADERS BELIEVE IN SUGAR'S FUTURE

Many of the Waialua homesteaders have finished harvesting their first crop of cane. With the present price of sugar, however, it is believed that losses will be sustained by most of them, as labor was the highest in the history of the Hawaiian Islands when these fields were planted in 1920. Most of them, however, are very optimistic over the eventual outcome and expect to retrieve their losses in the next few years.

NEW RAILROAD CUT OPENED FOR TRAFFIC

The new cut made by the Ahukini Terminal & Railway Co. thru a high hill near the Kealia bridge was finished last week, and trains can now go through without using the tracks of the Makee Sugar Co. at this point. This cut was made due to this section of the sugar company's line being used constantly for switching loaded and empty cars to and from the fields.

SOCIAL SERVICE HOLDS INTERESTING MEETING

The April meeting of the Kauai Social Service Association, held April 1, was devoted to a consideration of the needs of social service work locally as viewed from the medical standpoint. Dr. Hagood of Kealia gave a most interesting talk on the work and experiences of a plantation physician, and Dr. Patterson dealt with the work of the government physician. Both the satisfactions and the difficulties of a practice in a field of varied standards of living and many languages were presented. Some very amusing human interest stories were related as illustrations, some intricate problems presented and some very common sense solutions suggested. The need for education on health lines and the great help given on the social side of medical practice by both nurses and welfare workers were attested to by both speakers. Questions and a brief discussion closed the meeting.

ATTORNEY W. T. RAWLINS ARRIVED

Attorney W. T. Rawlins arrived from Honolulu this morning on legal business. Mr. Rawlins has just received the endorsement of the Republican territorial central committee for the appointment of federal judge, to succeed the present incumbent, Judge Horace W. Vaughan, whose term expired yesterday.

Hanalei Robbers Are Found Guilty

The jury in the case of the territory vs. Felix de los Reyes, Francisco Penado, Mariano Meran, Rufino Luching, Kasamiro Aragona and Lucas Aragona, all charged with robbery in the first degree in connection with the spectacular hold-up of a gambling game in Hanalei last December returned a verdict of guilty as charged last Thursday.

Friday morning at 9 o'clock they were sentenced by Judge Achi of the local circuit court. The first five who were charged directly with the crime were sentenced to not less than five years and not more than 25 at hard labor in the penitentiary, while Lucas Aragona who was charged as an accessory after the fact was sentenced to not less than five years at hard labor.

All the defendants entered pleas for mercy before being sentenced by the court, Lucas and Kasamiro Aragona claiming the dependency of large families as one of the reasons that the court should show mercy. The court told them that they should have thought of their families before committing the crime. Even in view of the overwhelming evidence against them all the defendants claimed to be innocent of the crime the night the holdup occurred.

This case concludes the longest drawn-out one in the present session. The defendants were first tried with robbery in the first degree in regard to holding up one Lee Oi but owing to an error in the indictment, a direct verdict of not guilty was brought in. The grand jury was recalled and new indictments were brought in and when the case in regard to Lee Oi was brought in again it was dismissed by the court on the grounds that the men had already been in jeopardy once in this case.

Another indictment, in which the defendants were charged with holding up a Japanese who was present at the game, and the conviction was found on this point.

E. C. Fountain of Lihue returned this morning from Honolulu. He went to the capital city Friday last in charge of the Filipinos, who were recently sentenced to prison for the Hanalei robbery.

Kinau Trip Assured Few Tickets Unsold

Definite news was received this morning from Honolulu in regard to the Kinau's cruise around the island. The Kinau will make the trip, enough tickets being sold to guarantee the trip.

One hundred tickets have been sold and as the limit set by law is 125 these will be sold to the first applicants. Reservations can be made at either Nawiliwili landing or by calling Miss Helen Kimball at 72-L.

The last boat will leave Waimea landing at 6:45 and the last boat will leave Nawiliwili at 9 a. m. Passengers will be landed at Waimea and Koloa on the return trip. Arrangements for transportation from either Koloa or Waimea can be made through Clem Gomes at the Nawiliwili branch of the Waimea Stables.

PALM SUNDAY IN THE LIHUE UNION CHURCH

The Glee Club of the Kamehameha boys' school will render two sacred selections at next Sunday's morning service, and the double male quartet will sing J. Faure's favorite musical contribution for this day, "The Palms." The entire delegation will attend in a body. A Palm Sunday message will be delivered by the pastor.

Special Holy Week service will be conducted as follows: Tuesday night, Rev. J. M. Lydgate speaking; Thursday night, Rev. Bayless, the leader; and Good Friday morning services, 11 o'clock, with Rev. R. G. Hall as the speaker.

Dr. A. H. Waterhouse of Koloa is again on the Garden Island after a short trip to the mainland to visit his mother, who has been sick. Mr. Waterhouse brought his mother back to Koloa with him for a visit.

Legion To Present Night In Orient

Everyone is getting out the old kimono to see if it will do for a costume for the big Oriental ball that the American Legion is going to give at the Lihue Armory on the night of April 22nd. Those that have found that the cockroaches have made too great inroads in the kimono to be used as a costume except perhaps at an artists' ball, are busy planning new ones. Many beautiful and wonderful costumes will be on display that evening.

As heretofore announced there is only one stipulation in regard to weight and that is that the costume must weigh 12 ounces, not including shoes. Another stipulation is that the costume must belong "somewhere east of Suez," and one further one is announced by the committee, that is that no "Gunga Dhin" costumes will be allowed.

Jimmy Brodero announces that the pageant will be "A Page from the Arabian Nights," is coming along in fine shape and that it will be the most vivid display of colorful costumes ever put over on Kauai. The committee in charge of making the costumes reports excellent progress and all are expected to be completed at an early date.

Something new and novel in the way of decorations is promised by the decoration committee and they claim that the old armory will be transformed in such a manner that it will not be recognized.

Alapaki Smith's Jazz Band will furnish the music for the affair and further comment about the music is not necessary.

The price of admission to the ball will be \$1.50 per couple and as it is the intention of the committee to not overcrowd the hall, only a limited amount of tickets will be sold. Tickets can be obtained thru any Legion member and will also be on sale at principal points about the island.

Reservations may be made thru William Wright, Waimea; John Cotton, Makaweli; Henry Santos, Lihue store office; K. M. Ahana, Kapaa branch of Hawaii Bank of Commerce; Dr. Patterson, Kilauea, on or after April 6th. Make your reservation early so as to be sure that you will have a ticket for the biggest social affair ever given by the Legion on Kauai.

Scottish Rite Easter Program

The Knights of the Rose Croix lodge of the Ancient and Accepted Scottish Rite Free Masons, on Kauai, will conduct a public religious service Easter Sunday afternoon, in the Tip Top building at 3 o'clock. This will be the first service of this nature to be held on the Garden Island. A team consisting of Messrs. Walter Coombs, Judge Vaughn and L. Potrie of Honolulu will be present and aid in the perfection of these ceremonies.

All Masons, of whatever degree, their families and the public will be welcome to be present and enjoy these ceremonies. A full program will appear in the Garden Island next week.

CAR CLIMBS WALL; SLIGHTLY DAMAGED

One of the most peculiar automobile accidents to happen on Kauai for some time, took place on the Lihue store hill at noon today. A Maxwell car, belonging to the Pond Co., and driven by Henry Mau, of Honolulu, became unmanageable just after turning the corner going down. It ran over the sidewalk, reared up and came to a stop with the front wheels over the top of the four foot retaining wall of the Iseberg park next the house occupied by Ishii.

After pulling the car into the street it was found that it apparently had suffered little damage other than bending the front axle slightly and casting a tire.

Mau, who is with the Home Insurance Co., and arrived this morning to spend his vacation on Kauai, stated that something happened to the steering mechanism, and in spite of all he could do the car left the road and climbed the wall.

PERSONALS

Mrs. William Grote of Kealia departed Saturday for Honolulu to spend the Easter vacation.

Mr. and Mrs. Adrian Englehard of Lihue, motored up to Kokee and back last Sunday.

E. F. Nichols of Eleele was a returning passenger on the Kinau last Wednesday morning.

Mr. and Mrs. J. A. Hogg departed on the Kinau last Saturday to spend a week in Honolulu.

Miss McLoughlin, librarian for the Kauai county library, arrived on the Claudine last Friday morning.

J. H. Craig, Honolulu architect, is on Kauai at present considering plans for the new public library.

Mrs. E. F. Wood spent a few days last week at the Knudsen mountain house, as the guest of Mrs. Guy Rankin.

Miss Lindsay, domestic science teacher of Kauai high school is spending the week visiting friends in Honolulu.

Elmer W. Cheatham, Kapaa homesteader, returned to the Garden Island last Friday after a short business trip to Honolulu.

The Misses Underhill of the Kauai high school faculty, have been spending their Easter vacation at the Livesey mountain house.

Richard Sloggett, who has been enjoying his vacation with his parents, Mr. and Mrs. H. D. Sloggett, returned to Honolulu Friday.

Carl Bayer, manager of the Makaweli store, made a short business trip to Honolulu last week, returning on the Kinau last Wednesday.

J. P. Leebrick, superintendent of the life insurance department of the Home Insurance Co., was an arrival on Kauai by the Claudine this morning.

Lois and Sam Wilcox, who have been spending their Easter vacation with their grandparents, Mr. and Mrs. S. W. Wilcox, returned to Honolulu on Friday.

Miss Ethel Damon, who has been a guest at the home of Mr. and Mrs. S. W. Wilcox for the last few weeks, returned to Honolulu on the Kinau Friday evening.

Mr. and Mrs. Charles Rice of Lihue entertained Mr. and Mrs. Gaylord P. Wilcox and party of Honolulu at their mountain house at Kokee over last week-end.

Mr. and Mrs. Cecil Gates, of Honolulu, arrived last week to make their future home on Kauai. Mr. Gates succeeds A. D. Hills as manager of the Lihue Ice & Electric Power Co.

O. T. Douglas, superintendent of Kauai Fruit and Land Co.'s cannery returned this morning from Honolulu. Mr. Douglas has been attending the pineapple men's convention in town.

F. S. Pugh, superintendent of vocational instruction on Kauai, has had a danger sign placed at the top of Kapala hill as a warning to drive carefully on that piece of road. The sign was made by the vocational class of Lihue school and is a creditable piece of work.

Wm. Pua Bacle, heir to the late William Bacle of Koloa, arrived on the Garden Island last Wednesday, morning to settle up his uncle's estate. He was accompanied by Byron K. Kehalepuna, administrator of the estate.

Mrs. Alice A. Carter, principal of Waipahu school, arrived by the Claudine this morning, to visit her son, Sam Carter, timekeeper for the Hanamaulu division of the Lihue plantation. Mrs. Carter is on familiar ground, as she lived here some 25 years ago, when her husband was sheriff of the county.

BALDWIN LEAVES TOMORROW FOR POST IN WASHINGTON

Delegate Harry A. Baldwin will leave for his post in Washington by the Matsonia tomorrow.

"I am leaving for Washington," stated the delegate, "in the high hope of accomplishing something for the people of Hawaii which will prove my gratitude for the splendid majority which they rolled up for me. There are many things to be done, with but very little time in which to do them; but the territory may count upon my zeal in their behalf every moment of the time I spend in the national capital."

Los Angeles May Visit Kauai In June And July

At the last meeting of the Kauai Chamber of Commerce a letter from George Armitage, secretary of the Hawaiian promotion committee, was read, stating that a large delegation of Los Angeles Chamber of Commerce members is coming to Hawaii this spring to dedicate the new steam ship line between Los Angeles and Hawaii. Mr. Armitage suggested that Kauai invite the California men to visit the Garden Island also.

The Chamber of Commerce voted to invite the Los Angeles to Kauai and the invitation was sent accordingly. An answer has just been received thanking Kauai for the invitation and asking for more information. The letter follows:

"Please accept our thanks for your favor of February 28th, extending an invitation to the Los Angeles Chamber of Commerce to visit Kauai on the occasion of our proposed excursion to Hawaii.

"I assure you we will give this the utmost consideration, and if possible to arrange our itinerary so as to do so, we will certainly take advantage of your invitation.

"At the present time it looks as though we will not be able to make this trip before June and possibly not until July, as we don't know yet just when the shipping bond vessels, the Huron and the Aeolus, will be ready for the Hawaiian service.

"Please advise us as to landing facilities on Kauai, how long our stop should be; what we would see and the expense thereof, as I must figure all these things in our itinerary and excursion tickets."

KAMEHAMEHA BOYS ARRIVE FRIDAY FORENOON

The Kamehameha school boys will arrive on the Claudine Friday for a week's stay on the Garden Island. Their advance guard will arrive on the Kinau tomorrow morning to complete arrangements for their stay.

They are going to be kept very busy with their program here, which begins with a double header basketball game against Lihue and Kauai high school teams on Friday evening at the Lihue Armory. On Saturday afternoon the school basketball team will meet the Lihue team on the Lihue diamond.

Saturday evening the school glee club will give a concert at the Tip Top Theater, which will be followed by a dance at the Lihue Armory. Reserved seat tickets are on sale at the Lihue Store. Tickets can be bought either for the concert or the dance, or for both.

Sunday afternoon their program consists of an exhibition drill at the Lihue park under the command of Col. Adna Clark, the commandant of cadets at the school.

On Monday the boys will travel to Makaweli where they will give their concert on Monday and will repeat their performance at Waimea hall on Tuesday evening. On Wednesday they will return to Lihue where the school dramatic club will present the farce "Facing the Music." The boys will rest Thursday and will return to Honolulu Friday evening.

MOKIHANA CLUB MEETING IS POSTPONED ONE WEEK

Mokihana Club will meet on Wednesday, April 12th instead of April 5th, as had been announced. The date has been changed to accommodate the many members who are on vacation this week and who do not wish to miss the excellent program in store for them.

Mrs. Sinclair Robinson will give a concert.

Hostesses for the afternoon will be Mrs. William Hyde Rice, Mrs. H. D. Wishard, Mrs. R. L. Wilcox, Mrs. Wm. N. Stewart, Mrs. Frank Crawford and Mrs. McGregor.

NIHAU SOLID FOR BALDWIN

The belated returns from Nihaui shows that tight little island went 100 per cent for Baldwin with 55 votes, making a total of 1407 votes from Kauai county for the senator.

Twenty-seven Filipino laborers arrived on the Claudine last Friday morning for the Lihue plantation.

The Historical Society Outing

The Historical Society and their friends to the number of some 45 or so enjoyed a novel historical outing last Sunday afternoon, under the leadership of J. M. Lydgate, the live-wire promoter of that society.

Glance at Waialua Park

Meeting by arrangement at the south end of the Waialua bridge, at 2:30, they drove into Waialua Park and inspected the natural amphitheater that some day will seat 50,000 people to watch some international football contest or some program of Olympian games.

All that is Left of the Famous Puuhonua

From there they went to the Puuhonua, or city of refuge, on the point just mauka of the bridge, and with some difficulty made out the encompassing walls from the scattered stones along the line. There were many expressions of regret that this rare work of ancient art and archeology had been ruthlessly destroyed to make macadam road, and sea-wall parapet.

Auto Cold Feet

Thence hurrying across the bridge and entering the cane field just beyond, they skirted the royal fish pond till they came to the causeway across the south side. Here most of them got "cold feet" in regard to making it by car, so they got out and walked.

Range Up at Birthstone

Stringing across leisurely they were finally rounded up by the leader about the birthstone of Holo-holo, which had been cleared out of the lantana in advance, for the occasion.

Not Much to Look At

Mr. Lydgate explained that the Hawaiian antiquities are often disappointing in that they do not seem to justify the interest they have awakened. This birthstone is a very ordinary, unimpressive stone, just like dozens of others all about, and you may say, "Why all this fuss about a common stone like that?" The old Hawaiian may say, "Why all the fuss about the Blarney stone, or Plymouth Rock, or Napoleon's boots, or Washington's crib, or Shakespeare's autograph?" Its all a matter of the point of view.

The One and Only

Place to be Born

The speaker then went on to tell how it was absolutely necessary for every high chief in the ancient times to be born there. When her time was drawing near, the high chief's mother journeyed with all possible haste, to Waialua. If she was overtaken prematurely on the way the child could not possibly be of high rank, no matter what its lineage or inheritance.

Awaiting the Event

...Arriving safely and in time at this place, Holo-holo-ku, she and her retinue were made as comfortable as possible in the little cave at the rear, which was fitted up with a temporary lanai for the occasion, and they waited the event. When this came the mother reclined on the sloping north face of the rock and was afterwards again removed to the cave a few feet away.

Kaumualii Born Here

History tells us that the Kaumualii was born there, and that the last noble ali born there was his youngest son Kaumualii Lilihi.

Amid Royal Surroundings

The speaker pointed out the site of the royal palace, the royal fish ponds, the royal cemetery, etc., and by special request told the story of the discovery of fire, stolen from the alae birds, which took place in the same vicinity only a few rods away.

Pictures With Birthstone Background

The party then arranged themselves in the rear of the rock and had their pictures taken by the photographer, Senda, who, fortunately was a member of the expedition and who took a number of excellent pictures of various points of interest during the afternoon. These he will have on sale.

The Rock of Sacrifice

The party then repaired to the Heiau of Kalaemanu, a few rods to the south, to see the great sacrificial stone, an enormous block of flat, tubular rock, about 100 feet high, forming the southwest corner of the Heiau. With some help the whole party scrambled up this rock and again their pictures were taken in this historic setting, and not since the old days of the kahuaas has there been such a party on that rock, meanwhile Mr. Lydgate explained in brief the construction of a Heiau or Luskini, the services that were conducted there from time to time, and the very important place these filled in the life of the people. It was on this rock that the

The Hele Loas Learn About Old Hawaii

The Heleloas enjoyed another Hawaiian evening as guests of the high school cottage, last Tuesday evening and were there in full force.

Mr. Lydgate gave an informal talk on "Things Hawaiian," including the Hawaiian land system, Hawaiian taxes and the feudal system of ancient times, tools and tool makers, canoes and canoe builders, and bird catchers and feather cloaks.

The talk was illustrated by object lesson articles, including dainty little bunches of the rare and valuable yellow feathers, from which the royal cloaks were made, and also by lantern slide pictures.

It was all so novel and unusual and was presented in so graphic a way that held the interest and attention of the audience as by a spell, and the speaker received quite an ovation of applause at the end.

In addition to the pictures illustrative of Hawaiian life there were a few illustrative of the goings and doings of the Heleloas, surprises which brought the house down with shouts and peals of laughter.

Refreshments and a general good time followed.

sacrifices, especially the human sacrifices were made, and it was here that the last human sacrifice on Kauai was offered up.

Where is Poihau? How Far? How Long?

There were numerous inquiries during the afternoon in regard to the large heiau of Poihau, farther mauka. "How far was it? How long would it take to get there?" etc., to which the leader replied "A couple of miles or so," and it would take about an hour each way.

Many Lined Up for Hike

In spite of the fact that very few had come prepared for hiking, there was an enthusiastic response to the call for volunteers, and about half of the party set out, single file along the kuaanas through the rice fields for Poihau.

Filled with increasing enthusiasm in spite of breath shortage, as they climbed the ridge, and looked back from time to time at the beautiful panoramic views below, they reached the heiau in three quarters of an hour.

Ought to be Cleared Out

Unfortunately, it is badly overgrown with hau and lantana, so that it is impossible to see it to advantage, but they were much impressed with the size of the structure and the enormous amount of work that had been put into it. There was an emphatic expression of the opinion that it should be cleaned up so that it could be seen to better advantage, and this probably will be done.

Charm and Grace of of Filmy Poekaa

Having an unexpected balance of time left the leader suggested that they should go on a little farther to where there were most beautiful views on either side of the Opaekaa falls and valley in one direction and the Waialua river on the other. This was done and everyone was delighted with the prospect, and many declared that Opaekaa falls were prettier than Waialua falls.

Why Not Do this Often?

Returning, everyone was delighted with the outing and many said "Why can't we do this oftener?" "Sure," said the leader, "Why not? Some of us are."

SOCIAL NOTES

MRS. MARCALLINO GIVES DELIGHTFUL BRIDGE TEA
Last Friday afternoon Mrs. A. Q. Marcallino was hostess at a most delightful bridge tea at her home at Makaweli.

MRS. J. M. LYDGATE GIVES TEA
Mrs. J. M. Lydgate was hostess last Friday afternoon at a very enjoyable tea in honor of her sister-in-law, Mrs. Anthony Lydgate, who has been spending several months in Lihue.

The afternoon was pleasantly spent in sewing and chatting. Mrs. Lydgate's guests were Mrs. J. H. Moragne, Mrs. James Corstorphine, Mrs. Robert Middleton, Mrs. J. I. Hogg, Mrs. A. D. Hills, Mrs. Donnelly, Mrs. K. C. Hopper, Mrs. T. L. Morgan, and Mrs. E. H. W. Broadbent.

MRS. GRANDHOMME'S TEA
Mrs. A. Grandhomme of Lihue entertained a number of ladies of the Lihue church choir at tea last Wednesday afternoon. Those present were Mesdames W. H. Rice, Bishop, Jamieson, Rogers, Frolick, Bayless, Doyle, Midkiff and Miss Hannah Sheldon.

DELIGHTFUL BIRTHDAY PARTY

Karin, the little daughter of Mr. and Mrs. Frederick Aaser, of Kekaha, was a charming hostess last Wednesday afternoon to a number of her little friends and playmates. The occasion was in celebration of the small hostess' second anniversary. The afternoon was devoted to games on the lawn and in the sand. A delicious luncheon was served on the lawn with the tables prettily arranged with Easter decorations. The favors were rabbits and Easter eggs. The young guests were Peggy Donald, Junior Cannon, Margaret Crozier, Buddy and Spencer Deverill, Muriel Brown, Pagle Damkroger, Jean and Marion Robinson and Anne Elizabeth Knudsen.

MRS. WILLIAM STEWART GIVES A POI SUPPER

On Saturday evening, Mrs. William Stewart was hostess at a poi supper in honor of Mr. and Mrs. Gaylord P. Wilcox and party, who are spending the Easter vacation visiting the beauty spots of the Garden Island. The spacious lanai room at Kiloana, the home of Mrs. Albert Wilcox, was used for this occasion, and was gorgeously decorated with palms, ferns and Burbank lilies. The long table stretching the entire length of the room, carried several bouquets of that fragrant flower, the sweetpea, while sweetpeas and maidenhair were daintily scattered all over, making a picture of exquisite sweetness and called forth sighs of admiration from the guests. After a long and leisurely enjoyment of Hawaiian delicacies the party whiled away a pleasant evening with music and cards.

Among those who received invitations were Mr. and Mrs. Gaylord P. Wilcox, Col. and Mrs. Miller of Pittsburg, Mr. and Mrs. Sam Walker, Miss Donnell Avirett, Mr. and Mrs. C. A. Rice, Miss Edith Rice, Miss Kimball, Mr. and Mrs. Swan, Mr. and Mrs. H. D. Sloggett, Mrs. R. L. Wilcox, Miss Katherine McIntyre, Mr. and Mrs. Moler, Mr. and Mrs. Foster, Mr. and Mrs. Phillip Rice, Mr. and Mrs. Frank Crawford, Mr. and Mrs. W. H. Rice, Mrs. Bishop, Miss Lottie Jordan.

MRS. BROWN GIVES TENNIS TEA
Mrs. H. N. Brown and Mrs. Butchard were hostesses at the Makaweli tennis tea last Saturday afternoon.

LARSENS AT KOKEE
Mr. and Mrs. L. D. Larsen of Kilauea are spending a few weeks at their mountain home at Kokee. They report favorable weather and that the Kokee streams are teeming with trout and that in a year or so will make excellent sport fishing.

MISS SALLY ALLEN HAS BIRTHDAY PARTY

Little Miss Sally Allen, of Kilauea gave a most delightful birthday party to twelve of her friends last Wednesday afternoon. Sally was two years old that day.

All the guests were met at the door by the diminutive little miss who thanked them for their remembrances they brought her. Sally then took her guests to her sand pile which she had decorated and made into a wonderful well, where they all fished for presents. After everybody was present a peanut-hunting contest was started. Peanuts were hidden all about the yard and bushes and was an exciting task to see who could find the most. Master David Larsen succeeded in locating the greatest number and he received a prize for his efforts. No one was disappointed, as everyone drew a little gift.

After the well was fished dry, the little gentlemen led their partners in to dinner. Around a gaily decorated table where space was reserved for all the future belles and beaux and their proud mammas, the group sat down to enjoy a kiddies' feast.

Late in the afternoon the guests all departed voting Sally's party the hit of the season and wishing her many happy returns of the day. The guests were Gean Elizabeth Burns, Katherine Larsen, Martha Jean Midkiff, Margaret Burns, Ingrid Larsen, Scotty Pratt, Charles Haggood, Adrian Englehard, David Larsen, Dickie Patterson and Jimmy Case.

A Pump that Pays

MILWAUKEE Gasoline Pumps have a lower first cost and include improvements that make them quickly pay for themselves, and then keep on paying. For instance, there is a small valve that drains the hose when pumping stops.

The Milwaukee's accurate measure and rapid delivery please the motorist and he comes back; a gallon recording meter keeps track of every gallon pumped up to 1,000,000 gallons. Let us tell you about other features of this pump.

HI-Y's At The Kaneohe Conference

By GOICHI NAWAHARA

Yo! Ho! Lads Ho!
We go across the sea.

Wednesday evening the Kaula high school delegates left Nawiliwili for the HI-Y conference at Kaneohe, Oahu. The trip was not agreeable to some of the boys but all were entertained by the melodious orchestra consisting of Antone, Jacob and Edward. We were lucky because our leader, Mr. Locke, was a good seaman as well as a good leader.

Oh! Wasn't it a glorious feeling when we reached Honolulu where we had a good meal at the Central Y. The boys ate heavily in order to make up for what they fed the sharks. After lunch the delegates from the island hiked some eleven miles to Kaneohe. The delegates were from Hilo high, Maui high, McKinley, Mills, Punahou, H. M. A., Kamehameha and Kaula high school. Discussions, Bible study, speeches and meetings were held every day during the conference, and men like Richard Loomis, White Robinson, Wrisley, Hanwood and Frank Midkiff, gave interesting speeches.

"The Challenge of Kaula," "One Hundred Candle Power," and "How to Keep Fit," were some of the interesting talks given by the speakers. But the main theme of the conference was "Bearing the Torch of Light" throughout your life. All delegates were inspired by this speech and they will represent the torch who have received their lights from the torch of the conference and return back to their islands and brightened up their schools, homes and communities.

The delegates from Kaula high are Kazu Gokan, Seichi Kamei, Francis Chang, Tadayoshi Yamada, Goichi Nawahara, Antone Camara, Tadashi Negai, T. Nitta, Richard Rice, Wm. Moragne, Hale Cheatham, Jacob Maka and Edward Peller.

ADVERTISING PAYS
SAYS WALTER EKLUND

"Advertising in the Garden Island pays," says Walter Eklund, the live wire Kaula representative of the Von Hamm-Young Co. "I made delivery of a Buick roadster and a Buick touring car last week as a result of the Buick ad appearing in the Garden Island of March 21." The proud owners of these cars are C. J. Bomke, head overseer of Koloa plantation, and William Reichardt, field boss of the same plantation.

R. E. Hodgson, grocery salesman with the American Factors, is making his monthly selling trip to the Garden Island.

APPRECIATION

March 28, 1922
* The "Garden Island,"
* Lihue, Kauai.
* Gentlemen:
* The Republican Party of Hawaii desires to express to you its sincere appreciation of the splendid work which you have performed during the past campaign on behalf of our nominee Senator H. A. Baldwin.
* Yours respectfully,
* L. M. JUDD,
* Chairman,
* Republican Territorial Central Committee.

THE STUPIDITY OF MISREPRESENTATION OF AMERICAN LABOR

A small group of Americans A small group of men professing to represent American organized labor have recently issued a series of bald, unscrupulous statements against the prohibition law.

The statements can hardly be described as simple, because they are nothing in them a controversy. If these supposed "leaders of labor" had said that prohibition had shortened the tail of every pig in the United States it would be practically impossible to answer them a statement of fact. But an answer would not be necessary because intelligent people would not believe it. The statements made are of the same character.

If we are not mistaken, Mr. Gompers has never denied that he did active work for the brewers in the effort to defeat the popular movement for prohibition; and yet leading men over the United States, including men in labor organizations, are, as a rule, in favor of prohibition. This was definitely proved by the investigation of the Literary Digest some months ago at which time the replies from 176 labor union leaders was tabulated as follows: 345 said prohibition was a benefit to the working man; 143 said it was not a benefit; 31 were doubtful, and 7 said prohibition had not been given a fair trial. It is stated that approximately 30 per cent of the 526 replies were based on action taken at regular meetings.

The Methodist church represents every stratum of society in the United States. That being true it may be confidently asserted that the Methodist church represents more laboring men than the small group who issued this statement. In behalf of these laboring men whom we represent we are willing to say that:

1. Prohibition has started to destruction the most vicious political cabal ever existing on the American continent.
2. Prohibition has stopped the plundering of the wage pockets of American labor to a phenomenal degree.
3. Prohibition has made life larger and happier for American laboring men throughout the nation.
4. Prohibition has steadied the nation during the after-war business depression; has been an immense aid to charitable relief; has decreased all forms of crime which are even most remotely affected by drink; has given the laboring man's children more to eat, better clothes to wear and a chance to go to school.

We make these statements on the authority of an organization—the Methodist Episcopal church—which has never been caught hand in glove with brewers who have been the subject of a congressional investigation as to their patriotism.

The statement issued by the misrepresentatives of American labor is stupid in the extreme. Organized labor needs the friendship of the substantial elements of American population, and it needs the loyalty of various sections of labor. It cannot have these and strike hands with nullifiers.

SEALED PROPOSALS will be opened by the Supt. of Lighthouses, Honolulu, Hawaii, 2 p. m., April 25, 1922, for sale by the United States of the condemned lighthouse keeper's dwelling, one service house and two water tanks, excluding land at Makahuena Point, Kauai, Hawaii. Information on application.

TIP TOP-ICS

MAVIS HAWN WANTED BOOKS, NOT BULLETS

At her fourteenth birthday, Mavis Hawn, a Kentucky mountain girl, decides that books and not bullets are essential to her life's success. So thinking, she mounts the family donkey and sets out for the lowland school to find the strangest thing she has ever seen—a railroad train, which she thinks is a thrilling machine.

This is one of the unusual situations in "Heart o' the Hills," adapted from the story by John Fox Jr., in which Mary Pickford will be seen at the Tip Top theater on Thursday, April 13. This is Mary Pickford's third First National attraction, produced in her own studios, of which her mother is business manager.

As Mavis Hawn, Mary Pickford is in love with Jason Honeycutt, a mountain boy, who chafes under the cruel treatment of his father, and who is unrelentingly jealous of the attentions which Mavis pays to one of the city aristocrats who visits in the mountains.

As time passes Mavis and Jason take separate trails in their searches for education. They finally wind up, however, back of their mountain home, to find Jason's father and Mavis' mother leading a cat-and-dog wedded life. Just as Steve Honeycutt is about to murder the Widow Hawn, the most exciting moment of the story arrives.

A FAREWELL DINNER

King, the genial cook at the Samuel Mahelona Memorial hospital, is soon to depart for an extended visit to his home in China. As a farewell to the friends and staff of the hospital, King, with the aid of Miss Pepper, head nurse of the institution, entertained the staff and a number of friends of the hospital at a well appointed dinner last Friday evening. Those present were Dr. and Mrs. Hagood, Dr. and Mrs. Kuhns, Mr. and Mrs. Sloggett, Miss Mabel Wilcox, Miss Pepper, Miss Moore and Miss Ladd.

\$500,000,000!

THIS sum is squandered annually in "wildcat" investments, according to Houston Thompson, Federal Trade Commissioner.

ANXIETY to attain financial independence too often induces people of limited means to yield to the glittering promises of extraordinary reward offered by unscrupulous promoters.

DON'T take chances with your principal for the sake of a small difference in the income returned.

A CERTIFICATE of deposit or a Savings Account with this bank meets both requirements—and you can go to bed at night knowing your money is safe.

SPORTS

BASEBALL

The first meeting of the year of the Kauai Athletic Association was held at the Lihue court house Friday evening. After organizing and election of officers the plans for the coming baseball season were arranged.

The officers elected for the coming year were:

President, H. D. Wishard.
Vice president, Caleb Burns.
Treasurer, C. G. Kuhlman.
Secretary, A. Q. Marcellino.

The following clubs were represented and signified their intention of entering the league this year: Kilauea, Makee, Lihue, Koloa, and McBryde, with Makaweli still to be heard from.

All the Kilauea and McBryde games will be played in Lihue, eliminating the long ride between those places. The same arrangements will also be made for Makaweli if that team enters the league.

A schedule committee was appointed to draw up the schedule for the coming season. It is planned to have two series with each team playing every other team twice during each series and then the winners playing off the championship at the end of the second series. Messrs. Case, Tilly and Sanborn were appointed on the schedule committee. It was suggested that the league open up its season on the first Sunday in May. A \$15 deposit instead of \$25 will be the amount put up by each team this year.

LIHUE JUNIOR LEAGUE

Club	W	L	Pct
Hanamaulu	3	0	1000
Kapala	3	1	667
Sunrise	1	1	500
Braves	0	2	000
Filipinos	0	2	000

Hanamaulu continued to set the pace in the Lihue Junior League by defeating the Filipino team by the score of 12 to 8. Both teams hit the ball hard but Hanamaulu gave their twirler the better support which meet the Sunrise team next Sunday meet the Sunrise team next Sunday and should they win, they have the second series cinched and will meet the Kapala team for the championship.

The Kapala team took the Braves into camp by the score of 10 to 8. The Braves had one bad inning when ragged support behind Souza gave the Kapala team five runs. The Braves had a game try to pull the game out of the fire in the eighth when they pounded Freddy Fernandes for five runs, but Frank replaced him and held the Braves safe.

The Lihue baseball team will meet the Kamehameha school team at the Lihue diamond on Saturday afternoon at 2:30. All the Lihue players are in first class shape, as they have been working in the Lihue Junior league. Mitsumoto will pitch, while either Perrera or Hajime will catch.

BASKETBALL

E. KAUI BASKETBALL LEAGUE

Kapaa first	0	1	000
Kealia	0	2	000
Kauai High 2nd	0	0	000
Lihue Dormitory	0	0	000

Kapaa second team and the American Legion were the winners in the opening games of the East Kauai Basketball league at the armory last Friday night. Kapaa second team defeated Kealia team after a hard battle by the score of 21 to 17. Both teams played good basketball and the Kealia team especially, is to be complimented on their showing as it is the first attempt for many of the players at the game. Both teams showed an inclination to play the man at times instead of the ball, but as it was due more to not being familiar with the rules than intentional, it will not be long before this tendency will be overcome.

Fernades at guard was the star of the Kealia team, while Ferrera and Rodrigues, the school boy forwards of the Kapaa team were the stars for their team.

Francis, g.	0	0	0
Totals	10	1	1

The Kapaa first team and the American Legion game threatened to develop into a free-for-all, the game being one of the roughest played on the local court this year. This type of basketball is not doing the game any good and the sooner the players realize it the better it will be for them.

Both the games played by Lihue and the Kaul high against the university team were fast and hard but there was none of the roughness that marked the games on Friday evening. A game can be hard without being rough and the football tactics used in this game should not be countenanced for a moment.

Victorino, g.	0	0	0
Ferrera, g.	0	0	0
Totals	7	0	6

The American Legion held on to their perfect record by defeating the Kapaa second team by the score of 43 to 22. The Kapaa boys showed good form for the first three quarters and battled hard all the way. They held the Legionnaires down well in the first half, the score being 14 to 10. In the third quarter the Legion made a slight spurt and increased their lead to ten points. In the last quarter the Kapaa team tired and the Legion increased their lead considerably. Jimmy Bodrero and Ferrera were the stars for Kapaa while Christian was the Lihue star.

PROPOSED TO IMPROVE ARMORY AS A RECREATION CENTER

There has been considerable discussion on the subject of raising the roof of the Lihue armory so that it would be of real value as a gymnasium. The low roof and the center row of posts make the portion that can be used for playing indoor games too small to get any real value out of the game.

If a truss roof was put in and the roof raised it would give Lihue a community center second to none in the E-wailian islands. It would give a playing space of 65 by 100 and the roof would be at least 25 feet high. Sheriff Rice is working with the American Legion on the proposition and something definite in regard to the project can be expected very shortly.

K. P. S. A. L. DIRECTORS HOLD REGULAR MEETING

A meeting of the Kauai Public Schools Athletic League was held at the Y. M. C. A. office last Saturday afternoon. The principal matter of the meeting was the arrangements of the field and track meet of the grammar schools. It was decided to accept the offer of Neil Locke of the Y. M. C. A. to arrange the meet.

It was decided that instead of the junior and senior classifications of last year which divided the two classes by height, to change the grading to a weight system and to have three classes—the 70 pound class, the 90 pound class, and an unlimited class. The girls were also divided into two classes, the 70 pound class and the unlimited class.

The events for the boys will be:

70 Pound Class—

1. Baseball throw for distance.
2. Running broad jump.
3. Pull up.
4. Forty yard dash.
5. Four men 160 yard relay.

90 Pound Class—

1. Running high jump.
2. Running broad jump.
3. Pull up.
4. Sixty yard dash.
5. Four men 240 yard relay.

Unlimited Class—

1. Running high.
2. Running broad.
3. Pull up.
4. 100 yard dash.
5. Four men 400 yard relay.

The girl events will be the same as last year and will include a basketball throw for distance, a basketball goal throw, each contestant to be allowed five throws, a 40 yard dash and a relay, each girl running 40 yards.

There will be a championship in each weight class, that is, the team making the most points in the 70 pound class will be 70 pound champions and the same with the other classes. The team making the most points in the meet will be declared the winner of the track and field championship.

Each school will be allowed two entries in each event and no contestant will be allowed to enter more than three events including the relay.

The meet will be held at Lihue park on the third of June.

Considerable time was spent in discussing finances for next year, but it was finally decided to have the secretary meet with the principals to obtain their ideas on the subject.

TENNIS

MEETING OF TENNIS ASSN. ON THURSDAY EVENING

There will be a meeting of the Kauai Tennis Association, Thursday evening at 7:30 p. m. at the Koloa hall for the arranging of classification of players and tournaments for the coming year. All those interested in tennis are requested to be present.

Bill Balthis, the local tennis star, left for Honolulu last Saturday to take part in the tournament that is being held there and will represent Kauai in the singles. He meets Col. Wilson in the first round today.

He has paired up with Richard Cooke in the doubles and will meet K. Matsumoto and H. K. Koribe in the first round.

Columbus Welfare Drive April 2nd to 10th, 1922

THE COLUMBUS WELFARE CLUB OF HONOLULU maintains in its building on Fort street a place where young and old can gather for rest, recreation, education, reading, writing letters, help and advice, it is always ready to serve you. It provides a place where boys and girls attending school can have amusements under proper supervision.

THERE'S A WELCOME FOR YOU whenever you come to Honolulu, visit the club, make use of our service, look over our work, we want to get acquainted, we can help you, you can help us.

WE NEED FUNDS. All of this good work costs money to carry on; we make every dollar give full value, but we must have the dollars first, that's why we are making this drive.

GIVE WHAT YOU CAN. We will receive it thankfully. If you are not asked for money by a regular solicitor on this Drive, make your checks or money orders payable to The Columbus Welfare Club, and mail direct to THE COLUMBUS WELFARE CLUB, FORT ST., HONOLULU.

MAKAWELI ITEMS

From the Makaweli News of April 1

MINSTREL SHOW A SUCCESS

By Miss Scott

A very good minstrel show, under the able direction of A. Q. Marcellino, was put on by the teachers and young people of Makaweli on March 18 at the Community House for the benefit of the Makaweli school. There was a chorus of 22 voices. The men made very aristocratic looking "niggers" with their white trousers and shows, black coats, yellow bow ties and black faces. The darkey mummies in their long blue calico skirts, red blouses and kerchiefs, lent a homey old fashioned touch to the scene.

The end people were especially to be congratulated on the way they put their jokes across the audience which by the applause received seemed to have been highly appreciated. Miss Margaret Butt took the part of one of the end people very ably. A. R. Beecroft sang a solo, "I'm Missing Mammy's Kissin'," which was very much enjoyed as Mr. Beecroft has a voice of rare ability. He also was one of the end men, told some very good jokes on some of the local people. Beam was a whole show in himself and kept the audience amused throughout the evening by his clever jokes and acting. Miss Paul sang "Mammy Jinny" caused a great deal of merriment and was very clever in both jokes and make-up. She also rendered a solo which was much enjoyed. Mr. Creevey sang "Stop That Knocking," a typical darkey song. In a very able manner, Miss Alice Cover took the solo part in "Mammy" very well, and Mrs. Marcellino sang "Yo Ho," in her usual pleasing manner. Albert Wright sang, "Those Wabash Blues," for which he also deserves credit. A cakewalk by O La Orange and Miss Adelaide Fernandez, members of the chorus, was well done and much enjoyed.

A patriotic tableau and chorus closed the minstrel.

Following the minstrel show came several other numbers on the program—two by the Japanese school, the latter being a song and dance by five small girls. Mr. Beam gave an impersonation and 20 pupils of the Makaweli school, under the direction of Mrs. Marcellino, gave two folk songs.

Coffee and cake, home made candy, ice cream and lemonade were on sale at different booths throughout the evening. A white elephant table and fish pond drew their share of the crowd and furnished a great deal of amusement. Following the evening's entertainment a dance was held, music being furnished by the Waimea orchestra. A large crowd was in attendance and the gross of \$354.75 was realized. The money will be used to complete the payment on a piano and for other school purposes.

The teachers desire to take this opportunity to thank everyone for their patronage and especially those who helped to make the evening's entertainment a success by their donations to our booths.

ORGANIZE AN ORCHESTRA

One of the big features of the Hi Jinks to take place during May at the Community House will be an orchestra competition. Each camp on the plantation will be invited to enter an orchestra and the orchestra judged best will be presented a substantial cash prize. So, get busy, organize an orchestra in your camp and win the prize. Every camp on the plantation ought to have an orchestra and now is the time to get it organized. Any assistance that the plantation welfare work director can give will be gladly given for the asking.

COMMUNITY HOUSE A BUSY PLACE

The Community House is certainly a busy place for hardly a night goes by that there is not some special program going on there. Last month during one week we had two basketball games with the University of Hawaii, three movie shows, one of the Dempsey and Carpenter fight, and a musical comedy.

LIGHTS TURNED ON AT CAMP FIVE

Camp 5 now has electric lights, as the juice was turned on on the 15th of last month.

The work of wiring the Camp 4 houses is being rapidly completed and it will not be long before this camp will be added to the list of "light by electric lights."

MAKAWELI TEAM GIVE U. OF H. HARD BATTLE

Lose by Score of 23 to 31

After holding the University of Hawaii team to an even score for three quarters of the game, Makaweli's basketball team allowed our visitors from Honolulu to noise us out in the last quarter by a score of 31 to 23 at the Community House on the evening of March 24th. It was a wonderful exhibition of this sport and kept the crowd on their toes every minute, for none ever thought that the Makaweli plantation team could ever hold the mighty university team down to an even score and it is now whispered by many who saw the combat that had the Makaweli a little more wind they would not have allowed the Hawaii team to take the lead in the last quarter. At half time the game stood 14 to 14 after a tussle that showed that both teams were very evenly matched.

Beam and Beecroft, in the guard positions for Makaweli, covered everything and allowed their men to score but four baskets. Time and time again they broke up the university's passing game and returned the ball to their goal. Damkroger and Auids did all the scoring for Makaweli, Damkroger scoring five field baskets, high man for both teams, and Auids four baskets. The Hawaii center and guard was sure kept busy trying to stop these men and had we another man of Auids' caliber the score would have certainly been different. Betsui played the other forward position and though he had many open tries for the basket, failed to connect up with one.

This game was by far the best exhibition of this sport in the four games the university played while on their visit to this island. The high school fell by a score of 44 to 17, Lihue 35 to 19, and the All-Stars, putting up the poorest showing of them all, lost by a score of 15 to 37.

Referee Hoch handled all the games. The visit of the university team here and the sample of real refereeing given the island will do a great deal to further this sport on Kauai.

GRADING OF BALL GROUND COMPLETED

The grading of our new ball ground, mauka of the Community House, has been completed and the work of grassing the field will be started this month. Trees have already been planted on the Hanapepe side and as soon as the cane is taken off the other sides, trees will also be set out there.

This ground will be by far the best on Kauai, and one of the best in the Hawaiian Islands. The field is large enough for baseball, soccer and all outdoor sports.

HI JINKS COMING

What is a high jinks, did you say? Well, high jinks is just another name for a bang-up good time; vaudeville show, carnival, stunts and a little of everything. This big affair will take place at the Community House on the evening of May 13th and the best entertainers obtainable will appear. Jugglers, acrobats, magician, black face comedians and a raft of others will be on the program. Don't forget the date. The proceeds of this big entertainment will go toward a fund to purchase an electric piano for the Community House.

CAMP 10 HOUSES BEING REPAIRED

Considerable work is being done in Camp 10 in putting the houses, stoves, sewers and plumbing in good condition. The houses are being thoroughly repaired and will be stained and the floors painted. Concrete sewers have been built and two community stoves constructed. A new bath house is also being built. This will make Camp 10 one of the best camps on the plantation as it is at a very high elevation and is always cool as there is a breeze constantly blowing from the mountains.

STAINING OF THE NEW CAMP HOUSES STARTED

The work of removing the white-wash and staining New Camp houses has just started. This will certainly add a great deal to the beauty of the camp. It can be said for those living at New Camp that they certainly keep the inside of their houses very clean and their yards are always in a fair condition.

TWO VOLLEY BALL SCHEDULES AT COMMUNITY HOUSE

Two volley ball leagues have been formed and schedules have been drawn up so that the games will be started in a few days. Both of these leagues will be played off in the Community House and no doubt the champions of both will want to mix it to decide who has the best team. The first schedule to get under way includes teams from the Japanese Athletic Club, Portuguese Athletic Club, Filipino Athletic Club and Mill. The second schedule will undoubtedly include teams representing the store, office, lunas and mill. The schedule of the first league is printed here, but the other will not be ready for a few days.

April 3—J. A. C. vs. Mill.
April 5—F. A. C. vs. P. A. C.
April 10—J. A. C. vs. P. A. C.
April 12—Mill vs. P. A. C.
April 17—J. A. C. vs. P. A. C.
April 19—Mill vs. F. A. C.
April 24—J. A. C. vs. Mill.
April 26—F. A. C. vs. P. A. C.
May 1—J. A. C. vs. P. A. C.
May 3—Mill vs. P. A. C.
May 8—J. A. C. vs. P. A. C.
May 10—Mill vs. F. A. C.
Third round will be played same as the first. All games will be played at the Community House and start at 7:15 o'clock.

PORTUGUESE LEAD JUNIOR LEAGUE

	P.	W.	L.	Pct.
All Portuguese	3	—	0	1000
All Japanese	2	1	1	500
All Filipinos	3	0	3	000

So far four games have been played in the plantation league with the All-Portuguese, which by the way, should be called a Makaweli team, as it includes Hawaiians and other nationalities, as well as Portuguese, on the top. This team, captained by August Silva, has won every game so far. The closest game so far this season was between the All-Japanese team and the leaders of the league and was won by only one run in the seventh. Some fair talent has shown up but we will have to do some tall working to develop a strong plantation team for the island league. We are sure glad to see Ah Nee with us, as he has been an old reliable of Makaweli for years. Auids ought to be a good addition to the plantation team, as well as both the Silvas. Tomas and Condido Vallinova are the only material showing up in the Filipino team. Hamada, in the Japanese team, is as usual, doing good work. There are others in all the three teams that can be developed and ought to make good material.

The remainder of the schedule for the junior league is as follows:
April 2—All Portuguese vs. All Japanese.
April 9—All Filipinos vs. All Japanese.
April 16—All Filipinos vs. All Portuguese.
April 23—All Portuguese vs. All Japanese.
April 30—All Filipinos vs. All Japanese.

KAMEHAMEHA GLEE CLUB TO GIVE CONCERT HERE

Makaweli has indeed been fortunate in obtaining many fine entertainment features in the past, but undoubtedly the best of them all is a treat in store for us. The Kamehameha Boys' Glee Club and orchestra will give a program at the Community House on the evening of April 10th or 11th and as an added attraction will bring along a crack infantry squad to show how they go through the paces.

Kamehameha Glee Club is beyond a doubt the best in the islands and we can rest assured that they will give us a wonderful program.

OUR NEW SCHOOL

By Miss C. A. Thompson, Prin.

We are all much interested in the rapid progress of our new school building. There are fourteen class rooms, 24 by 28, library, office and ladies' rest room.

All the rooms are well lighted and well ventilated. The light comes from one side as it should, through four exceptionally large windows in each room. There are four hallways that aid in the ventilation, and at the same time afford extra exits.

The building is painted brown, with a lighter shade of brown used as trimmings. The inside walls are stained a golden oak which is at once beautiful and serviceable. These shades will save us much janitor

work when the winds begin to blow the red dirt.

The plantation has just finished grading the athletic field at the back, which is to be used as a school playground.

When the entire plant is complete, I dare say, it will be one of the most conveniently arranged schools in the territory.

We are eagerly awaiting the day when we shall move into our new building.

REPAIR WORK GOING ON IN CAMPS 2 AND 4

Two gangs of carpenters are at work in Camps 2 and 4 repairing and putting many of the houses there in better condition. The plantation is certainly doing a great deal to make living a great deal happier and pleasanter for their employees.

SCHOOL VOLLEY BALL TEAMS LOSE OUT

This year's Makaweli school volley ball team did not put as good a showing as in the past years in the Public School Athletic League. We lost to both Waimea and Kekaha and therefore did not get a look in on the championship. However, the boys and girls both put up splendid exhibitions of this sport and only got noised out each time by close scores. Better luck next time.

The next sport in the school league is track. In the past, in spite of the fact that we are one of the small schools, we always took second or third in the island meet and here's hoping that we take first this year.

HOUSEHOLD HINTS

By Miss Paul

Don't leave food standing in cans after they have been opened. Turn out contents into a jar or dish and if you do not finish it then it will, if you keep it in a cool place covered from the flies, be quite safe to eat later on. But, if, when you have finished what you need there is still some left and you leave it in the original can, you are running a great risk of getting badly upset, perhaps seriously. The cans were not made to keep food in after they are opened, but to keep air from it, and as soon as the air is admitted to the can there is always the risk of it causing ptomaine poisoning, which is a very serious matter. So, don't run unnecessary risks and empty the can right away, even though you may not be using all of the contents at once.

APPLE AND SAGO PUDDING

This is a mighty nice pudding and a very economical one, as it does not require either eggs or milk. The quantities I am giving you will do for a large family but you can easily make it in larger or smaller quantities as you may need it by just thinking a bit.

- 1 large cup sago.
- 1 pound apples.
- 1 tablespoon butter.
- 1 little lemon peel if possible.
- Sugar to taste.

Place sago in a sauce pan and soak well, add more water and cook until it is quite clear, like jelly; cook lemon peel at the same time, but take it out when the sago is clear.

Peel apples and cut into slices, cook until soft and sweet to taste. Place in a dish add butter and cover with cooked sago.

This is good either cold or hot.

FISH AND MACARONI

Take some cold left-over fish, or some canned will do, cook macaroni, about twice as much as the fish, in boiling salted water. When cooked add to fish which ought to be chopped fine, a little onion and if you have it, a little cheese, mix together with just enough of the water in which the macaroni has been boiled to make it moist. Then either, empty it out into a dish, and after putting little bits of fat, bacon fat is very nice for this, on the top, bake it for a few minutes until it is brown on top, or else fry it.

This is another dish which is very good to eat cold.

CAMP 5 CLUB HOUSE AND THEATER WILL OPEN THIS MONTH

Every thing ready except the installing of the pool tables and they will be set up as soon as they arrive from the coast, which ought to be sometime during the next few weeks. The club room is equipped and ready and the theater is supplied with seats, and movie booth so that motion pictures will be a part of the opening night program. A program is being planned for the opening night and a good time assured all. The club house will be open every evening from 6 to 9 and Sundays all day. Movies will be shown every other week.

MORTGAGEE'S NOTICE OF FORECLOSURE AND SALE.

In accordance with powers of sale contained in two mortgages made by Joe Romes of Omao, County of Kauai, Territory of Hawaii, to M. J. Carvalho of said county, dated respectively November 1, 1917, and September 15, 1919 and recorded in the Registry of Conveyances in Book 481 on pages 250-252 and in Book 531 on pages 291-293, notice is hereby given that I, M. J. Carvalho, of Makaweli, Kauai, the mortgagee named in said mortgages, intend to foreclose said mortgages for conditions broken, to-wit: non-payment of principal due and secured to be paid by said mortgages.

Notice is hereby given that the property conveyed by the said mortgages will be sold at public auction at the District Courthouse at Koloa, in said County of Kauai on Wednesday the 26th day of April, 1922, at 10:00 A. M., by Koloa Plantation time.

The property to be sold is: All that land within the Ahupuaa of Omao, District of Koloa, County of Kauai, granted to said Joe Romes by the Territory of Hawaii by Land Patent No. 6478 and known as Lot 15, Registered Map No. 2492, Sixth Land District, and containing an area of five and 68-100 acres excepting a right-of-way 40 feet wide reserved for the Kauai Railroad, said right-of-way containing an area of 62-100 acre.

With all the improvements thereon. No aliens, corporations, or persons owning more than eighty acres of land will be accepted as bidders. Terms: Cash at time of purchase. Deed at expense of purchaser.
Makaweli, Kauai, March 21, 1922.
M. J. CARVALHO,
Mortgagee.

Lyle A. Dickey,
Attorney for Mortgagee.

HAWAIIAN BIRDS AND FEATHER CLOAKS

By J. M. LYDGATE

The most priceless possession of an ancient Hawaiian was not diamonds, pearls, or other jewels, but feather cloaks, feather helmets or feather cloaks, feather helmets or but the wealthiest chiefs could afford them.

Shy Little Warblers

These priceless articles were made from the feathers of certain small birds that lived in the heart of the mountains, or the depths of the forests. They were known as the Mamo, the Oo, the Iwi, and the Ou. They were about the size of the robin.

Rare Birds, Seldom Seen

The Mamo is long since extinct—but the others may still be found in the mountains by one who is familiar with them—like the Hawaiians they are fast becoming obsolete, fading away before the advance of civilization, and the ruthless Mynah bird.

Oo the Main Reliance of the Cloak Makers

The Oo was probably always the main source of the highly prized yellow feathers, from which the finest cloaks were made. The Oo however, is not a yellow bird but a jet black one, with four or five delicate yellow feathers under each wing, and as many more under the tail. They were about the size of a dollar, as soft and fluffy as a downy chick, and with the lustrous sheen of silk, and the feel of velvet.

How They Were Caught

The taking of these birds was an ancient and honorable profession, and in the hands of the expert, a fine art of the highest kind. Knowing well the haunts of his victims, the bird catcher repaired thither when the lehua trees were in full flower, and there he found the birds gathered far and near, to sip the honey from the scarlet and yellow bunches of flowers, with which the trees were laden. He used no firearms, no traps or snares, but went supplied with a plentiful stock of kepau, an exceedingly sticky and tenacious gum, made from the exuding juice or sap, of the breadfruit tree. This he carefully smeared all over the twigs and branches on which the Oo bird must light and stand, while he sucked the honey from the flowers. When the bird had sipped all the flowers within reach, and wanted to fly to another stand, he found that he couldn't do it, his claws were bound around the twig, and he couldn't let go, couldn't straighten them out. All in vain he tugged and fluttered, and cried aloud for help, he was a prisoner and could not escape. His pitiful cries brought his companions about him, but there didn't seem to be anything the matter with him, and they couldn't see for the life of them why he sat there and yelled so, all he needed to do was to open his claws and fly away, as they did. And they found they were in the same boat; they had alighted on similar branches, and met with a similar fate—they couldn't fly away either.

Picks Them Off Like Ripe Cherries

Apprised of what had happened by the piteous outcries which he heard, the bird man appeared on the scene, and leisurely picked his birds from the tree like so many ripe cherries, but not to kill them, that would have been suicidal. The bird catcher has the future to think of, so he carefully turns up each wing, and the tail, and plucks out the few yellow feathers, and then turns the bird loose, to grow more for another time.

This trapper of birds, like the fur trappers of the north country, has many stations, many trees fixed up this way, which he visits in a regular round. Of course there are many blanks, but he always finds some victims awaiting him.

How He Makes His Tax Returns

Each single feather is then added to a wisp of olona fibre and these are bound together in small bundles of five which are turned in to the konohiki, or chief's factor, as one item of taxes.

How Feathers are Shingled to Cloak.

In the manufacture of the feather cloaks a foundation of netted olona fibre is made first, of the required size, shape and mesh, and to this the little bundles of feathers are attached, beginning at the bottom and overlaying each other like the shingles of a house, and presenting on the outside a smooth, glossy uniform appearance. Some times there is a darker border added of other feathers for artistic effect.

Cheaper Grades for Common Folk

The red cloaks were made from the feathers of the Iwi, a red bird of brilliant plumage. These were very much less expensive, since the birds were very much more abundant, and all the feathers could be used, not merely the few under the wings and tail. They made fine cloaks, but they were for common people because they were cheap.

Worth a Fortune

Some idea of the priceless value of these royal cloaks may be gained by remembering that each bird would furnish perhaps not more than a tenth of an inch of covering surface, and that Kamehameha's finest cloak was the work of ten generations of bird catchers working in the finest fields.

CHINA ABLY DISCUSSED

The last of a very successful series of educational missionary addresses was given in the Lihue Union church last Sunday night, when Rev. R. G. Hall discussed "China," as he personally knows it. Having been in Siam for a year and a half his personal knowledge is greatly enriched concerning the real China.

The speaker dwelt at length upon industrial and agricultural China, on industrial and agricultural China, some of the richest of the earth, of the great fertility of her natural soil and the boundless area of her sparsely settled territory. But of the greatest importance, declared the speaker, is the fact that the Chinaman possesses superlative ability and is slowly becoming the local leader of this part of Asia. His greatest handicap, thus far, is that he has not recognized the importance of national organization, but as young China is being educated in the western world greater importance is being attached to national organization. China with her vast potentialities and her awakening national conscience, is destined to be one of the great powers on the earth within next generation or two. Her door is now open. And her future value to the world will depend upon what enters her door now. What shall it be? Militarism or Christian civilization?

What a Missing "T" Will Do

There is only one way to get ready for immortality and that is to love this life, and live it as bravely and faithfully and cheerfully as we can.—Motto displayed beneath the head of The Wiggins' Courier.

Girl Reserve Notes

HIGH SCHOOL GIRL RESERVES HOLD DIVISIONAL MEETING

The Girl Reserves of the high school came out in full swing on Wednesday, March 22, at the Lihue Armory, to hold their monthly divisional meeting. The purpose of this meeting was to give a demonstration for Miss Hanson of some of the Girl Reserve work we have been doing under health, service, knowledge, spirit. The program was planned to surprise Miss Hanson and she said it did, "taking her off her feet." We surprised each other, too, each corps having kept secret from the others what they were going to do. It was a fine meeting and we all enjoyed it. There was no time for games, but we didn't neglect our favorite refreshment! Miss Hanson has asked that we have the meeting the second time so that others may see it and we are planning to give it again, Thursday, April 13. Esther Tseu, Ilima Corps.

GIRL RESERVES OF WAIMEA

The Girl Reserves of Waimea are steadily progressing. Mrs. Wright has been acting as our sponsor. A talk on the honor system was given by Miss Hanson at our last meeting. The girls took notes on the honor system which were to be lived up to by all the members according to their wish to get an honor penant. Miss Hanson also explained to the club about bandages and showed the way to apply them. Two of the members will give a talk on the first two topics of the code at our next meeting.

Plans are under way for a trip to Waialua falls if trucks can be reasonably secured.

BUDDHIST PRIESTS AND CHRISTIAN MINISTERS WILL HOLD BANQUET

The Buddhist priests and Japanese Christian ministers of the island of Kauai will hold a banquet at the Lihue Hotel next Friday evening at 6 o'clock. This will be the first affair of this kind to take place on Kauai. The banquet is held for the purpose of the ministers getting together to discuss the welfare of the Japanese population of the island.

SEN. RICE TO MANAGE MAUI AGRICULTURAL CO. DURING BALDWIN'S ABSENCE

Surmises as to the management of the Maui Agricultural Co. during the absence of Delegate Baldwin were set at rest last week when it was announced that Senator Harold Rice will be managing director during the absence of Mr. Baldwin in Washington. No changes in the policies are contemplated during the few months absence of Mr. Baldwin.

LOCAL BOY MAKES GOOD ON MAINLAND

Paul Rice, the son of Mr. and Mrs. Wm. Henry Rice, is making an enviable reputation for himself in track and field events at the Thatcher School in California.

In the Ventura county high school meet in which there were seven schools entered, Paul made fifteen points for his school, enough to win most high school track meets with so many entries. He took first in the hundred, his time being 10:2; he also won the two-twenty with the time of 23 flat. Almost immediately after he ran this first race he ran two-twenty hurdles and took second place. He forced the winner to run hard enough to break the Pacific Coast inter-scholastic record in this event, the time 25:1. Two watches caught Paul in 25:2 in this race. He also tied for third in the 100. He was second in individuals scoring the most points. Bud Houser, the famous school boy athlete, scoring one more point than the local boy. Houser recently won the A. A. U. championship in the shot-put, an honor that has been held for many years by Pat MacDonald, of the New York Athletic Club. Houser is being picked by many as the man to break Ralph Rose's world's record in this event.

FORMER BANK HEADS INDICTED EMBEZZLEMENT IS CHARGED

Press dispatches from Hilo state that Senator J. W. Russell, H. A. Truslow and Leslie Forrest were indicted by the grand jury in connection with the affairs of the People's Bank and the Security Trust Co., institutions which are now in the hands of receivers.

The indictments charge embezzlement, against Russell and Truslow, and forgery and gross cheat against Forrest. The alleged defalcations are spread over a period of two years. Bail was fixed at \$5000 and all the accused were released and will plead to the indictments today.

ELEEE SCHOOL CHILDREN VISIT WAILUA RIVER-FALLS

The pupils of the Japanese language school, under the escort of Rev. K. Murikami, principal, visited the Wailua river and falls last Saturday.
