DEATH OF WELL KNOWN CAPTAIN

B. ANDERSON, MANAGER OF WASHINGTON ISLAND, DIED AT QUEEN'S HOSPITAL TODAY.

Captain B. Anderson, late of Fanning and Washington Islands, died at the Queen's Hospital this morning of dropsy. He arrived here by the S. S. Manuka last week from Fanning for the purpose of entering the hospital as his health was very bad.

The deceased was a native of Norway and was 53 years of age. He had been the manager of Washington Island for about 15 years past and was well known in that section of the Pacific. He was master of the schooner Jennie Walker when she was lost on the Gilbert Islands years ago. Captain Haglund, the port captain of the Inter-Island Company, was a shipmate with him on that occasion.

Washington Island is about sixty miles from Fanning, and is a cocoanut island owned and run by Greig and Ricknell.

Captain Johnson leaves a widow and two children who are living in Fanning Island and three other children attending school in Honolulu. The funeral will be held from the Honolulu Undertaking Parlors tomorrow afternoon at 3 o'clock.

BERTELMAN DEFENSE

Frank C. Bertelman took the stand in his own behalf this morning in his trial for impersonating a federal officer, which is to go to the jury in Judge Dole's court this afternoon. He denied ever having made the representations which witnesses for the prosecution testified to. Bertelman was subjected to a long cross-examination by United States Attorney Dunne, during which the latter had considerable animated argument with Cathcart and Strauss for the defense. Cathcart opened the argument for the defense, and continued when court resumed session this afternoon.

JUDGE G. D. GEAR GETS BACK TODAY

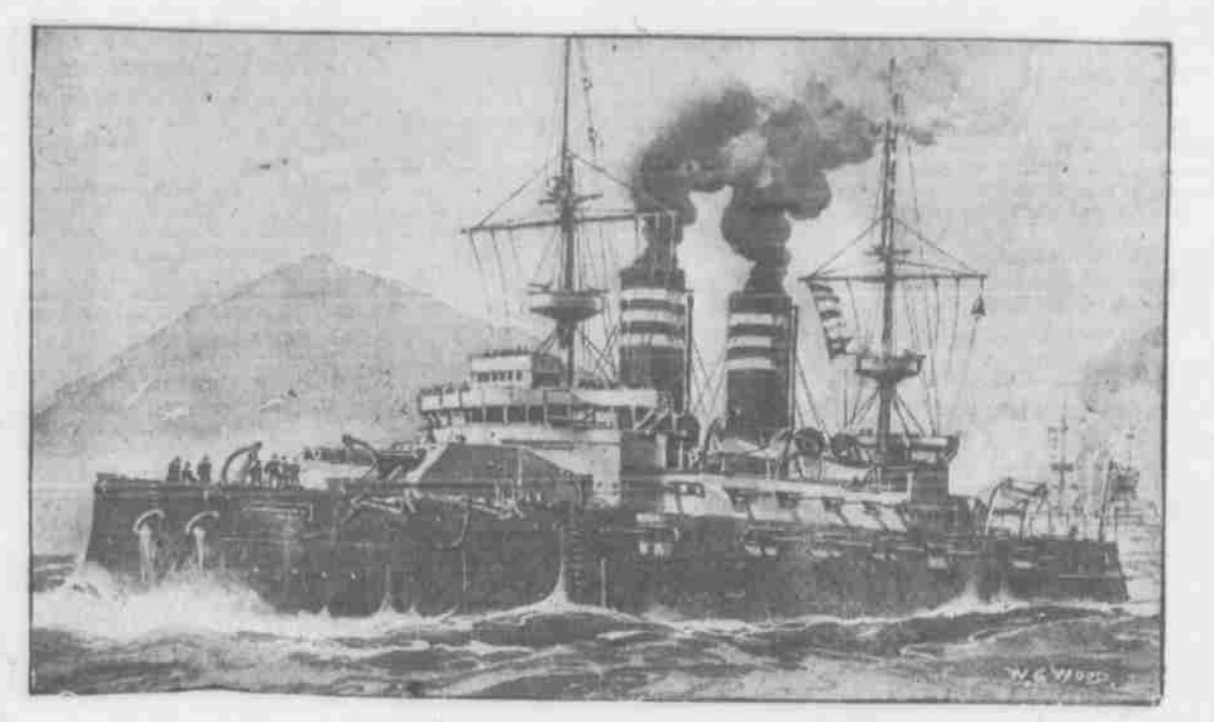

THE FORMER JUDGE RETURNS FROM A FOUR MONTHS' ABSENCE—HAS BEEN TO TONOPAH.

Among the welcome arrivals on the Korea today was Judge George D. Gear formerly of the Circuit Court bench of Honolulu. The judge was greeted by hundreds of friends and nearly had his arm shaken off before he had been in the city for an hour. It is nearly four months since he went away and several weeks of that time he spent in St. Winifred's hospital, San Francisco, where he had to undergo an operation. He recovered from this slowly but is now in better health than he has been for some time.

Judge Gear went from San Francisco to the new mining camp at Goldfields near Tonopah, Nevada, where he spent some time and where he is interested in some mining ventures himself. Speaking of the recently reported outbreak of a mysterious plague in Tonopah the judge says that the rumors are correct and that the accounts of the mysterious deaths which were published by the Examiner were true even though they did arouse the ire of the Tonopah people.

THE ACT WILL FAIL

CARTER SAYS THE COUNTY GOVERNMENT ACT IS A GOLD BRICK AND CANNOT POSSIBLY STAND—PROBABLE RESULT OF ITS BEING KNOCKED OUT AFTER LEGISLATIVE ADJOURNMENT WOULD BE A NEXTRA SESSION AGAIN.

"The County act is a gold brick," said Governor Carter this morning. "I do not see how it can possibly stand." And if it didn't stand, provided that appropriations are made with a view to its being in effect, the governor admitted that he would at once have to consider the matter of calling another extra session.

The governor was commenting upon some editorial expressions in The Star of yesterday regarding government employes in politics. He said that he had noticed the statements regarding employes' activity, also the statement that there appeared to be a directing

Extensive Quarantine Improvements Ordered

DR. COFER AT LAST RECEIVES AUTHORITY TO ADVERTISE FOR THE CONSTRUCTION OF MANY IMPROVEMENTS AT QUARANTINE ISLAND—BIDS WILL CLOSE JUNE 15 AT OFFICE OF SUPERVISING ARCHITECT AT WASHINGTON.

The plans and specifications for the improvements to the marine hospital property at Honolulu have at last arrived. They came today in the mail and Dr. L. E. Cofer, the head of the Marine Hospital Service in these islands lost no time in arranging for advertising for bids. He has received from the Secretary of the Treasury authority to advertise for bids for the work. The advertisement will be inserted in local newspapers.

MAUI'S CANDIDATES KIHEI STOCK NOT TO BE CHANGED

WAILUKU, May 8.—W. G. Scott of Paia has announced himself as a candidate for Sheriff of Maui, if he can get the nomination from the Republican party. G. B. Robertson, formerly proprietor of the Maui News, has also openly announced his candidacy for District Attorney, should he be fortunate enough in securing the nomination of the Republican party. There are others who probably want some of the offices of County government, but as County government is still in the balance, they prefer to be backward in announcing their wishes.

NOAH W. GRAY.....MANAGER

TO ROAST THE CONSUL

JAPANESE HERE PREPARING TO PETITION THE FOREIGN OFFICE AT TOKYO TO REMOVE CONSUL MIKI SAITO AND WILL HOLD A MEETING AT THEIR THEATER THIS EVENING TO DISCUSS MATTERS.

Posters are pasted up all over "Japanesetown" announcing a meeting to be held this evening at the Japanese theatre for the purpose of hearing some orators who propose to roast Consul Miki Saito, starting a movement which is said to be a forerunner of a petition addressed to the Foreign Office at Tokio asking that he be recalled and that another man be appointed in his place. Consul Saito, according to the leaders in the movement, has earned much unpopularity by his relations with the Japanese immigration companies. At any rate he is to be well roasted this evening from the stage of the Japanese theatre, and there have been some quiet meetings at which plans for the proposed petition have been discussed. The following is a free translation of what the posters say:

"A great speechmaking will be held in the theatre on the evening of May 9, to discuss why we have to expel the so-called corrupt combination from Hawaii.

"Subjects:
1. Words to Consul Saito.

"2. Our Earnest Appeal to 70,000 Japanese residents in Hawaii.
3. How to Crush the Corrupt Combination.
Speakers, G. Shinada, N. Tokel. In the Honolulu Japanese Theatre, commence at six p. m."

The speakers are two professional orators, who have been stirring big audiences all over the islands by their speeches on the war with Russia. The situation in Manchuria is getting to be quite chestnutty as a subject for speeches, and this may be one reason why the orators are turning their attention to Consul Saito. The idea with professional Japanese orators is to try and hit on some subject which will strike a popular chord, and Shinada and Tokel think they have found the subject in Saito. They are expected to get off some very torrid expressions about the "corrupt combination," by which they are understood to mean the immigration companies and those who assist them.

The Japanese who want to petition the Foreign Office against Saito have appointed committees to make arrangements.

THE "FOREST CITY" ART PORTFOLIOS

Constitute a Complete and Artistic Pictorial and Descriptive History

OF THE

GREAT ST. LOUIS WORLD'S FAIR

(Reduced Pen Sketch of Cover. Size of Page, 11x14 inches.)

SO THOROUGHLY does this Great Exposition represent the world's civilization that if all men's other works were, by some unspeakable catastrophe, blotted out, the record here established would afford a necessary standard for the re-establishment of our entire civilization. And, just as the Louisiana Purchase Exposition held within its gates an epitome of the civilization of to-day, so the Forest City Portfolios are a complete record and reflex of the great Exposition. This great World's Fair, one of the most remarkable undertakings in the history of American civilization and progress, will inspire many pens, but no history of the great event can compare with the one written on the grounds by Secretary Stevens and illustrated with 480 magnificent photographic reproductions, which transfer the Exposition to the printed page.

A BEAUTIFUL SOUVENIR AND MEMENTO

KOREA BROUGHT SOME WELL KNOWN PEOPLE

VESSEL ARRIVED THIS MORNING FROM SAN FRANCISCO WITH SIX DAYS LATER MAIL.

With six days later mail and a good sized crowd of passengers for Honolulu, the S. S. Korea arrived this morning from San Francisco. For the first time in her history Captain Seabury the regular commander, was not aboard her, Captain Zeeder being the master of the vessel. Captain Seabury is taking a vacation on the mainland. The vessel left San Francisco May 3. She had good weather during the trip and nothing of special interest occurred during the run to this port. The S. S. Siberia was the only vessel that was sighted during the trip, the sister ships passing each other last night.

Among the passengers going through to the Orient is Admiral George C. Ketter U. S. N. who is bound for Manila to take command of the Philippine squadron relieving Admiral Train, who will take command of the Asiatic Station. Lieut. J. H. Y. Blakeley the first lieutenant of Admiral Ketter is accompanying his commanding officer to the Far East.

John E. Winkle is the head of the United States secret service and is going out to Manila.

Daniel S. Kidder is the American consul at Ningpo, China. He is returning to his post.

J. C. Farish is a mining engineer who is going out to Japan. He is accompanied by several assistants.

J. H. Rosenthal is a merchant of Yokohama who has been making the round trip on the Korea with his wife.

Among the people for Honolulu was former Circuit Judge George D. Gear.

Mrs. James Agler is the wife of a Southern Pacific official and has come to Honolulu for a brief visit. She was accompanied by her daughter.

W. W. Bruner the coffee planter of Hawaii has returned from a visit to the east. He was accompanied by his wife and three children.

H. P. Baldwin, returned from attending the annual meeting of Hawaiian Commercial at San Francisco. He was accompanied by Mrs. Baldwin.

Mrs. H. B. Cooper and infant were arriving passengers.

Mrs. H. Focke arrived from a visit to the mainland.

Miss Maud Kinney the musician returned from a three years absence in Europe.

F. H. Humphris returned from a brief trip to California during which he visited Yosemite.

C. B. Hofgaard was a returning Hawaiian.

August Humberg returned from a business trip to the mainland.

Thomas May arrived from his home in England, for a visit. His wife and daughters have been here for some time.

H. R. Macfarlane returned from a visit to the California. His wife did not return with him.

Aboard the vessel the 105 deported Chinese from various parts of the mainland. The vessel will take a fair sized number of people from this place. She sails from the Hackfeld wharf for the Orient at 5:30 o'clock this afternoon. She has a big cargo of freight but none of it is contraband her officers say.

NO MONEY FOR THE CONTRACTORS

HOUSE REFUSES TO REIMBURSE THE HAWAIIAN-AMERICAN CONSTRUCTION COMPANY.

The House of Representatives spent yesterday afternoon in considering Senate bill No. 5 on its third reading. The bill is for the providing of additional current expenses. There was a fight over increasing the allowance for Honolulu electric lighting from \$1500 to \$2000 but the motion carried.

The Public Expenditures committee introduced an item of \$4500 to reimburse the Hawaiian-American Contracting and Engineering Company for loss sustained over the cancelling of the Brewer's wharf contract. After a somewhat heated debate the motion was lost by a vote of 17 to 9.

A sum of \$575 was put in to cover the Board of Health's expenses during the recent outbreak of fever at Pelekuu.

For repairs to the tug Elean a sum of \$1918.82 was inserted in the list of appropriations. With a few other minor changes the bill was then passed as amended.

IS TO BE CALLED ATKINSON HALL

THE NEW MAIN BUILDING OF LAHAIALOANA SEMINARY TO BE NAMED SO.

The new buildings of the Lahaiialoana Seminary are now completed and in use though their formal opening will not occur until June.

The new central building is to be called "Atkinson Hall" in honor of A. T. Atkinson, under whose administration of the school affairs of the Territory, Lahaiialoana was rejuvenated, and the new buildings secured, planned and built.

The northerly one of the three new buildings is to be called "David Malo Dormitory" in honor of David Malo the Hawaiian historian, who reduced to writing much of the traditional history of Hawaii.

The southerly of the two buildings is to be known as "H. R. Hitchcock Building" in honor of one of the early missionary teachers who was for a long time at the head of the institution.

SENATE AT WORK THE LOAN BILL

TRYING TO KEEP THE TOTAL DOWN WHILE SQUEEZING ALL POSSIBLE ITEMS INTO THE BILL.

The Loan bill was taken up in the Senate yesterday on second reading, consideration coming on the item of \$500 for concrete bridges and culverts at Koolauoko, Oahu. The item was inserted at \$4000.

The item of culverts and approaches to bridges in Waialua was cut from \$15,000 to \$10,000, and the item for new roads in Waialua from \$10,000 to \$5000.

The item of \$6000 for a road from Waialua through Koliikoli Pass was stricken out.

The item of \$3000 for the extension of Campbell road from Kaiulani to Leahi street was stricken out.

The item of \$5000 for a new road, Kanaia to Campbell street, was stricken out.

The item of \$12,000 for a new road connecting College Hills district with Moiliili road was reduced to \$10,000, being amended so that rights of way must be given by property owners.

DENOUNCES ENEMIES OF POLYGAMY

PROMINENT MORMON DEFILES FEDERAL CONGRESS TO ABLOSH THE PRACTICE.

SALT LAKE CITY, Utah, Jan. 29.—J. Golden Kimball, general secretary of the First Council of Seventy and a very prominent Mormon in a speech at the Cache State conference at Logan today, is reported to have predicted that Congress would be unable to stop the practice. In a special dispatch to the Tribune from Logan, Kimball is quoted as having said:

"These good women in the East want Congress to stop this practice of polygamy. I would like to see Congress try it. They will have something on their hands if they do. They want to put this down and legalize race suicide. They can't do it. The more they try it, the more it will grow. We do not believe in race suicide. When we are prosecuted we will live it the more. Congress and the country know all we have done and can't find out anything more."

According to the Tribune's special report the effect on the large audience was tremendous, stirring the deepest enthusiasm and religious fervor, and shouts of approval followed the speaker's utterances.

Logan is one of the strongholds of Mormonism, the seat of a large temple and the home of Congressman Howell Kimball, the son of Heber C. Kimball, one of the former leaders of the Mormon Church.

THE LEGISLATIVE BALL GAME.

Despite the very bad weather on the day of the game, the baseball match between the Senate and the House of Representatives brought in a neat sum which has been equally divided between the Maternity Home, the Kona Orphanage and the Leper Settlement.

The total amount received, as shown by the statement submitted by Speaker Knudsen of the House, was \$165.75. Of this \$40.35 was expended for the material necessary for the ball game and three checks, each for \$41.80 have been forwarded to the institutions mentioned.

WANT IMMEDIATE TRIALS.

Motions were filed yesterday by Thompson and Clemons in all of the Chillingworth and Mossman cases asking that trials be granted at once. The cases have been on the calendar a long time, and similar motions have been filed before. Judge De Bolt set the cases for June 12, Mossman's next case to begin first.

DR. DEIMEL UNDERWEAR FOR MEN

It is now a little more than seven years since we undertook the sale of his underwear, and with the experience resulting therefrom we do not hesitate to give it our unqualified commendation. The wearing qualities and finish have recently been much improved, and we believe it is today the most comfortable, beautiful and altogether satisfactory underclothing that has yet been produced. Many of our most intelligent customers are enthusiastic regarding it.

While ideal for every season, it is especially delightful for summer wear, and we cordially invite a trial by those who are not familiar with its merits.

The Strategists At Fault

The war situation in the Far East has once more resulted in a defeat of all the strategists. How they were routed when the attack on Port Arthur was in progress, when a Russian fleet was in Port Arthur and while the Russian army went north with Japs following, from the Yalu, is remembered by all newspaper readers. But the arrival of Rojestvensky's, or Rozhdestvensky's, fleet in the waters of the eastern seas, has developed a situation that leaves every strategist except probably those who are in charge of the war, "high and dry."

Japan has apparently deliberately allowed the preponderance of naval power in the Far East to pass from herself to Russia without making an effort to prevent it. When the Russian admiral, with the name which looks like the alphabet put in a dice box and shaken up, started from home, all the war experts in Europe and America declared either that he would never reach the Far East, or if he did would be quickly attacked by Togo and driven from the sea. Whole pages were published about the tremendous difficulties of making the trip,—just as strategists managed to demonstrate that Russia could not support in Manchuria an army of anything like the size that Kuropatkin actually had at Mukden. Yet Rozhdestvensky—to give him the worst name he has—made the trip and is now menacing Japan's communications with the Manchurian mainland and apparently on the eve of joining forces with a squadron sent to reinforce him, and the Japanese have made no attack. According to all the calculations that have been made, Russia's superiority of power on the sea in the Far East will be very marked when her forces are actually combined. According to all the authorities Japan is absolutely helpless unless she can retain control of the sea. It looks simple enough,—she has a vast army to support on foreign soil and can only reach it by transports from home. Yet the fact remains that, at this writing at least, the control is passing from her. How is the army to be maintained? This is another problem for the strategists. Some Tokio utterances regarding the use of French ports by the Russians indicated a hope that Great Britain might be drawn into the conflict, a result which might of course be expected quickly to settle the sea proposition. But the crisis which threatened such a development has passed. What can be the Japanese plan? So far no strategist appears to have figured out any other than that of driving the Russians from the sea. It would seem to be obvious that the Russian fleet will soon be found lying in wait for Japanese transports between Japan and Dalny or Port Arthur. When this situation occurs Togo will apparently be forced to fight. According to all calculations the advantages when the engagement comes should be with Rozhdestvensky. Yet there is no doubt that Japan has supreme confidence in the results and it is equally clear that nowhere is there much confidence in Russia's chances to win the fight.

The Truth About The Pilot Fish

Not only did the shark hunting party of Sunday kill the biggest shark of the season but incidentally they managed to bring to shore the largest pilot fish ever seen in Honolulu. For this latter killing however they appear to take no credit. The fish, which was seen and caught by the Young Brothers yesterday, was attached to the dead body of the shark brought in Sunday. A controversy promptly arose as to whether the mysterious stranger was a pilot fish or not. First of all the fish was caught and was placed in a tank at the Young Brothers wharf where it remains at present. It is about nine inches long and is of a dark brownish-blue color. Its most remarkable characteristic is the large "sucker" which extends over the whole top of the head and by which he at will attaches himself to the body of the shark which he "adopts." When put into a glass tank at Young's this morning, after he had been taken with a net from the body of his huge friend, the fish acted in a frantic manner, dashing about the tank presumably in a hopeless attempt to find another shark. Finally he seemed to get reconciled and attached himself to the wall of his glass prison.

The controversy over the identity of the fish was between a number of water front experts some of whom declared that the fish was a "sure enough" pilot fish while others classed him simply as a piscine parasite who lives on the various animalculae which a shark collects on his body.

The dictionary was consulted and it was discovered that a pilot fish is classed as "an oceanic carangoid." This was satisfactory as far as it went but the pursuit of knowledge is ever tireless. A carangoid was further found on investigation to be one of a family of "scombroideans," which in itself was suspicious. By a further delving into the rich soil of science it was discovered that scombroidean belongs to a family of "acanthopterygians." This looked bad, but it was found that the acanthopterygian is simply one of the "Pacific family of blennoid" fishes and here the trail grew hot. It is only necessary to add that a blennoid is a fish which has "subjugular imperfect ventrals."

Now any person who wishes can tell a pilot fish on sight. At all events the Youngs have the largest one in captivity.

Kohala Ditch Enterprise

The announcement made in the Star that five hundred men are actually at work on the construction of the Kohala Ditch, puts in the category of things that are, an enterprise that in one way and another has occupied a great deal of public attention, and has been the subject matter of controversy in congress and out of it. It is an enterprise which had something of the startling and novel about it when first proposed, and had to run the gauntlet of doubt as to its feasibility.

Then the question arose as to whether the rights in public lands which it required, were such as to make necessary the approval by congress of any franchise which might be granted to it by the Hawaiian government. On this subject there were a good many legal opinions secured. There was much correspondence between the Dole government and the Secretary of the Interior at Washington. There were one or more bills introduced in congress in relation to the enterprise. Finally a ruling was secured from the Interior Department, holding that the approval of congress was not necessary. Then there came a conflict of claimants for the privilege here, and incidentally the question arose as to whether it was not an enterprise which the Territory itself ought to undertake as a public utility. This suggestion while favored by many did not receive very much practical support at the time, chiefly because the finances of the Territory were not then in such a shape as to permit of an undertaking of that kind. The enterprise was one however which in its purposes and circumstances and the fact that the water it proposed to utilize was largely from government land, and that the course of its ditches was largely on government land, appealed very

strongly to the doctrine of public control of public utilities, and it was an interesting phenomena that the idea of this enterprise as a public enterprise, took such strong and seemingly spontaneous hold of the public mind at the time. While the idea itself was dismissed quickly simply because of the impossibility of undertaking it under the then state of the Territory's finance, it had a permanent influence in the drafting of the form of license which was ultimately put up at public vendue, and knocked down to those who are now carrying on the enterprise. Thus the Kohala Ditch, assuming that it shall be completed and prove a success, which it is to be hoped it will, will in its inception, and history, embody a good deal of the legal, political and industrial history of the islands from the date of annexation.

Of course it may be true, but a rumor in London about happenings in the straits of Korea does not inspire confidence at first reading.

A hotel trust is certainly objectionable, but what some people object to is a hotel which won't trust.

France has suddenly become exceedingly anxious about preserving her neutrality. Has she had a hint from across the channel?

Why should not Lauka become a Republican—again?

There is a good deal of general misapprehension over the status of the distilling business under the law recently passed by the Legislature. The fact that the Territory imposes a license of \$5 for distillers has led some good people to imagine that all that the guileless native or Japanese has to do is to pay his little \$5 and proceed to make okolehao. This is far from the truth however as Uncle Sam must be reckoned with first. Anyone can have a distillery under the Federal law but the regulations for the equipment and conduct of such distillery are severe. It would probably cost over \$5,000 to put up and equip a distillery which would pass the Federal requirements and then there is a tax of \$1.10 for every gallon of liquor produced.

Shark fishing is a Promotion Committee asset which has been little used, but it should be a great attraction. It is an exciting sport and would tend to attract many.

The San Francisco Chronicle still keeps up its fight against the immigration of Japanese to America.

Some of the most interesting detective stories ever written or published had to do with the detection of counterfeiters and the capture of counterfeiters. John E. Commissioner General of Immigration Sargent announces that he will come to Honolulu in June and will make a study of the needs of the Territory, and will strengthen as far as possible the bars his bureau has put up to prevent the entrance of undesirable aliens.

So Dave Barry has at last been defeated in the ring. A man by the name of Tommy Burns did it in the twentieth round, up in Tacoma.

The mistake Governor Carter thought he had made in regard to the precinct boundaries in his election proclamation, would not have proved half as unfortunate for the Territory, as will prove the mistake of filling up the county nominating convention with office holders and government employees.

KNOCKS OUT MAUI'S OLD COUNTY EXPENSES

THE HOUSE REFUSES TO PAY FOR THE HACK RIDES OF MAUI'S SUPERVISORS.

An invitation was received by the Senate this morning, an invitation was received from G. W. De Long Post, G. A. G., to join in the memorial services on May 30 at 2 p. m. The invitation was accepted.

The House went into Committee of the Whole on Senate Bill 6 with Long in the chair. The bill is identical with House Bill No. 5, to provide for the payment of certain unpaid bills so that its reading was purely a formality the different House amendments being inserted. This was done in order to save two days in passing the measure in both Houses.

The following items, not in the House bill as amended were inserted:

Mileage and fees of Jurors, 2nd Circuit June 1904: \$92.30.

Expenses 2nd Circuit court, June 1904: \$42.50.

Expenses and pay of Jurors 1st Circuit Court June 1904, \$32.50.

P. L. Weaver, books and stamps, this item empowers the Board of Registration of Land Registration \$55.

Up to this item things went smoothly but there was trouble when Harris as chairman of the Finance committee, moved to insert an item of \$2196.65 for claims which were incurred by the county of Maui under the old county act. Maui was the only county to put in such a claim for money spent during the short-lived county system but the Finance Committee had passed favorably on it. Coelho and Pall spoke in favor of the appropriation but Sheldon and Lillikalani were strongly against it.

The motion to table the item was carried on a vote of 16 to 11 as follows: Ayes—Andrade, Cox, Fernandez, Harris, Greenwell, Holstein, Kalawala, Kalojopu, Lewis, Mahelona, Pulaa, Sheldon, Shipman, Smith, Waterhouse, Knudsen.

Noes—Aylett, Broad, Coelho, Copp, Hala, Kanoho, Lillikalani, Mahikou, Nakuina, Pall, Rice.

The bill was passed as amended and the Committee asked until tomorrow to file a written report.

A resolution was received from the Fifth Precinct Club, Second District, Hawaii, asking for liberal and adequate appropriations for the schools of the Territory. The document was tabled to be considered with the appropriation bill.

The House took a recess until tomorrow.

The steamer Mauna Loa arrived this morning from her run to Maui and Hawaii ports with only a fair sized crowd of passengers. She put into Lanai last night to bring the party of Francis Gay to Honolulu.

Purser Lloyd Conkling reports that the weather was stormy at Kau during the stay of the vessel at that port. Light showers have fallen in the Kona district, but owing to the scarcity of rain planting has been stopped at Pahala.

Two Hawaiian geese were brought down to the Bishop Museum for curatorial purposes. The geese are very rare and build their nests in trees in the forests back of Waiohina. The birds are to be killed and stuffed.

The volcano continues active, numerous cones forming in the pit of Halemaumau.

IMPROVEMENTS ORDERED

(Continued from page one)

SIX copies of the plans and specifications were sent along with the authorization to advertise for bids. These copies will be supplied to persons desiring to bid, upon applying to Dr. Cofer at the marine hospital office.

The improvements to be made are a wharf, a retaining wall, a runway laundry building and laundry plant and the necessary dredging in front of the wharf. All of these improvements are to be constructed at Quarantine Island where the quarantine hospital is situated. The bids will be received up to June 15 and should be sent to the office of the supervising architect at Washington, D. C.

The news received today is especially gratifying to Dr. Cofer for the work of improving the local quarantine station has been hanging fire for many months. An appropriation of \$80,000 for the work was made months ago by Congress, and although the general specifications and information upon which to form the plans and estimates had been in the hands of the authorities at Washington long ago, there was a constant delay. The work will now commence within a few months.

AN APE AT THE ZOO

A fine specimen of an Ape either an Orang-outang or a Chimpanzee, was received at the Kaimuki Zoo yesterday from the Island of Borneo. The ape, together with two other large monkeys, one from Japan, arrived by the S. S. Siberia. Its face hands and feet resemble a human being and it has no sign of a tail. It comes closer to the Missing Link than any known animal.

It is very tame and takes the hand of Manager J. W. Thompson and walks about on its feet like a child. Its ears and mouth are those of the human race. It has very little hair and the Zoo people say they will clothe it with a full suit of man's apparel.

WAOHINUITES DID POLITICS

According to reports by the steamer Mauna Loa today there was some politics done in Kau at the recent Republican primaries. Two factions, one at Waiohina and the other at Naalehu, were contending. The former called the meeting early in the evening, made the nominations of their own slate and closed the nominations before the Naalehu crowd appeared.

DAYTON APPEALS.

David Dayton, administrator, has appealed to the Supreme Court from the order of Judge Robinson requiring him to pay the life insurance of the late A. B. Scrimgeour being \$295 less \$57, to certain heirs of decedent as property not belonging to the estate. Cecil Brown is Dayton's attorney.

A Public Lands notice appears in this issue.

THE SENATE AND THE LOAN BILL

THE MEASURE ON THIRD READING—EFFORT TO BRING IT DOWN TO AMOUNT AVAILABLE.

At the opening of the session of the Senate this morning, an invitation was received from De Long Post, G. A. R., inviting the senators to participate in the Memorial Day exercises. The invitation was received, and the clerk was instructed to notify the Post that if the Senate was still in session on the day in question, the members would attend the services in a body.

Hewitt presented a resolution from the Third Precinct Club of Hilo advocating liberal appropriations for the public schools. Referred to the Educational Committee.

House Bill 5, to pay unpaid bills, was referred on second reading to a special committee consisting of Dickey, Woods and Achi.

House Bill 7, the special appropriation bill, was referred on second reading to a special committee consisting of Hewitt, Hayselden and McCandless.

The loan bill was taken up then on third reading. At the conclusion of the reading, Senator Wood moved to strike out the item of \$15,000 for a new road from Heela to Kahalaui. He said the Superintendent of Public Works had told him it would cost \$60,000 to build that road, and it would be just tying up that amount of money to appropriate it now.

McCandless protested against this attempt, particularly on the part of a senator from Hawaii, to knock out a part of the Oahu apportionment of the loan bill.

As to the Superintendent of Public Works, he did not visit that side of the island often, and knew nothing about it. This road was a part of the Oahu belt road, and was a necessity for tourist travel.

Dowsett wanted the road built, but feared \$15,000 would not build the road, and still he would not like to vote to strike it out, unless the members from the other islands would also consent to reduce their appropriations.

Bishop had doubts and wanted information. He did not like to vote \$15,000 to build a \$60,000 road. There was too wide a difference on the matter of cost between the Superintendent of Public Works, who knew his business, and Senator McCandless, who knew his job.

McCandless again protested against cutting out the item, saying that he would guarantee to build the road for \$25,000. The Wood's motion to cut out then carried.

McCandless moved an amendment that all tenders for public work amounting to over \$500 be advertised for, and this carried.

Before the vote came on the bill, Dowsett asked if the other islands were not going to consent to some reductions in their appropriations.

"As it stands now said Paris, "Hawaii has \$20,000 more than is called for in the bill, Maui has \$32,000, Kauai \$50,000 and Oahu \$10,000 or \$15,000 more than is called for in the committee reports."

"The fact remains," said Dowsett, "that we are still several thousand dollars above the committee's report."

There was a lot of discussion, and Bishop moved to reduce the appropriation for widening Nuuanu street from \$25,000 to \$15,000. This carried, and Oahu was the loser again.

This seemed to inspire Wilcox, who moved to knock out the item of \$7,500 for the repair of Waimea bridge. This likewise carried.

Achi thought the government buildings in outside districts should be cut out.

Woods moved to cut the item of \$8,000 for a new road in Kohala to \$5,000. This carried. He likewise moved that the cost of the proposed public building at Hilo be reduced from \$42,000 to \$35,000.

Paris said he would like to see Kauai and Maui get public buildings, but he said those buildings were for county buildings, and he had reason to believe that there would never be a cent of money borrowed by the Territory to put up buildings for the counties.

Bishop agreed with Paris as to Kauai and Maui buildings, but thought the same thing applied to Hawaii. He therefore moved that all items for public buildings on the outer islands be struck out.

Wilcox said he was willing to vote to strike out government buildings on Kauai, if an item of \$10,000 were put in for a court house and jail at Lihue, and he moved the insertion of such an item.

Woods was willing, also, if his \$3000 reduction on the Kohala road were put back.

And Dickey was willing if an item of \$10,000 were inserted for jails and court house on Maui.

At this point a message was received from the Governor nominating Dr. W. H. Mays, Dr. Judd and M. P. Robinson as members of the Board of Health and Dr. Grossman as member of the Board of Dental Examiners. The message was read and put on the order of the day for Wednesday.

Consideration of the loan bill being resumed, Achi moved that all appropriations for all roads save belt roads on all the islands be struck from the bill.

Paris moved to cut the item of public building at Hilo from \$42,000 to \$25,000.

The vote came on the Bishop motion to strike out all appropriations for public buildings on the outer islands, and it was lost.

Paris renewed his motion to cut the Hilo building item from \$42,000 to \$25,000, and it carried.

Paris moved to strike out the item of \$1000 for a beach road, Keala to Hookona. Carried.

On Dickey's motion, the Maui building item was reduced from \$25,000 to \$15,000, and the Maui school house item from \$15,000 to \$13,000.

TO GET FISH FROM MEXICO

GOVERNOR CARTER WANTS AN APPROPRIATION TO CARRY OUT DR. JORDAN'S PLAN.

"I would like to see an appropriation," said Governor Carter, "for stocking our island streams with fish from Mexico, where there are varieties to be had which may be expected to prosper here. The plan was suggested by Dr. David Starr Jordan when he was here, and he has offered to help us in the matter."

"Dr. Jordan stated that he would secure a man who would take the fish in Mexico and come here with them, looking after them on the way, without remuneration, and we can get the assistance of the federal government in the matter of transportation. All can be done for the mere cost of the work and I think about \$1,000 would be sufficient. One of the principal reasons for getting these fish is that they are carriers of mosquito larvae. It has been found that Hawaii has the yellow fever-carrying mosquito, though it has never been inoculated with the fever here. When the Panama canal opens, however, a single case of yellow fever imported here might infect this class of mosquitoes here, and then we might spend thousands in stamping it out. The expenditure of a thousand dollars now on these fish would amply repay us."

M'CANDLESS WINS

The Supreme court this morning decided the case of the Territory against William McCandless affirming the decree of the first circuit court dismissing the Territory's bill to restrain McCandless from building a fence at Achi lane. The syllabus says:

"The trial judge dismissed the plaintiff's bill to restrain the respondent from obstructing a highway by a fence cutting off a portion of the highway, regarding the evidence as not justifying him in saying that the fence was in the highway. Held: The burden being upon the complainant to prove that the enclosed space was part of the road, the decree dismissing the bill cannot be reversed without taking a different view of the accuracy of the plaintiff's testimony than was taken by the judge who heard it. The decree is affirmed, but without prejudice."

"Dismissing a bill on close of plaintiff's case before defendant presents or rests his case is not correct practice in equity."

CHIEF WILKIE.

John A. Wilkie, chief of the United States Secret Service bureau, arrived on the Korea this morning on his way to the Philippines. It is said that he is going to look into counterfeiting operations in the islands, which are reported to have been extensive recently especially of the new pesos. On his return Wilkie will stop over here and organize a secret service in Hawaii for the federal government. The chief is a former Chicago newspaperman.

Wilcox moved the reduction of the Kauai building item from \$25,000 to \$10,000. Carried.

The item of the Waiohina court house was reduced from \$3000 to \$2000. And now, at last, the vote came on the passage of the bill and it passed. Kalama, McCandless, Woods, Dowsett and Isenberg voting against. Then the Senate adjourned until tomorrow.

ANDREWS AND COUNTY ACT

THE ATTORNEY GENERAL REPLIES TO THE COELHO RESOLUTION ADOPTED BY THE HOUSE.

Attorney General Andrews replied this morning to the questions propounded by the House of Representatives, at the suggestion of Long agent the County Act. His letter ran as follows:

Honolulu, May 8, 1908.

To the Speaker and Members of the House of Representatives of the Territory of Hawaii.

Gentlemen: Your favor of May 8th, asking certain questions, duly received, and in reply I would answer them as follows:

First: In response to question numbered 1, "have you expressed to any person a doubt as to the legality of the County Act?" I have the honor to reply: Since the passage of the County Act considerable doubt has been expressed as to the legality thereof, and any and all conversations by me had in relation to such doubt have been to the effect that such doubt should be removed by a decision of our Supreme Court.

That as Attorney General of the Territory it was and is my duty to uphold and not to attack the laws of the Territory.

Second: In answer to your question as to whether I have "held any consultations or interviews with any persons, who have declared their intention to test the legality of the County Act in the courts?" I would reply, that I believe that the only way we can be assured that local self-government, such as this Act provided for, can be had under the present Organic Act, is by bringing the matter immediately to the attention of our Supreme Court so that a decision might be rendered prior to the involving of the Territory in the large expense necessary to a complete change in the form of government.

I have caused the matter to be taken up for presentation before our courts, with the distinct understanding and intention of defending the Act against any and all attacks, and such I consider to be my duty in the premises.

Third: In answer to your third question as to whether I have stated to H. E. Cooper and T. McCants Stewart that I desire them to assist me in defending the act, and as to whether I have had any correspondence with them I would reply, that I requested both these gentlemen, who had acted as commissioners in drawing up the act, to assist my office, provided that they would perform said services gratuitously, and that I understood both gentlemen to accept the offer, but later had my doubts as to Mr. Stewart's accepting the same without fee. As a result I wrote these gentlemen the letter attached hereto and have received an answer from Mr. Stewart, a copy of which I hereby attach.

Fourth: In answer to your question as to whether I have stated to A. G. M. Robertson that I would be glad to have him hold himself in readiness to assist me, I would state that I have had some talk with Mr. Robertson to that effect, but have not yet decided whether it is necessary to request his assistance.

In closing I would state that under the Organic Act it is the duty of my office to represent the people in all government suits and I would be derelict in my duty if I should require the government to pay large sums of money to other counsel for attending to these duties.

Yours respectfully,
(Signed) LORRIN ANDREWS,
Attorney General.

Copies of the letters to Cooper and Stewart were enclosed as was Stewart's answer to the effect that he would be glad to give his services to the public free of any charge.

The correspondence was filed.

NO PLANTING AT PAHALA NOW

SALVAGE ON DON REPORTED ADJUSTED

It is understood that the claim of salvage made by the owners of the tug Fearless against the owners of the British bark Don for services of the tug in pulling the bark off the reef at Diamond Head April 30, has been settled. A claim for \$15,000 was made but this was refused by the owners. Considerable cabling was done and finally the local people agreed to accept \$2,500 it is stated.

head who was guiding them. "Of course it cannot be meant for a reference to me," said Carter with a very pleasant smile.

"Personally I have not taken any interest in the county fight," continued the governor, "largely because I do not expect to see the county act go into effect. I do not see how it can stand. I am not a believer in county government of that kind anyhow. As far as the matter of politics is concerned, I do not rely upon what has been done in my own precinct. Before I was a member of the government at all, as a man in politics I found just the opposite from a tendency of government employees to go into politics. I found it difficult to stir many of them to taking enough interest, and too much tendency to leave political activity to the agitators and kickers outside."

"Even the members of the legislature who enacted the county bill, which I certainly had nothing to do with, having vetoed it, do not appear to repose confidence in it and are making Territorial appropriations for some of their counties."

The governor was asked what would be the situation if the legislature made appropriations based upon the county act and then adjourned, if the county act was subsequently knocked out. He replied that the situation would probably be the same at two years ago, when an extra session was found necessary. It was possible however, that this might be avoided by using the old appropriations, under the theory that the legislature, after being once called in extra session to make appropriations had failed to do so.

Built Me Up
Have you been ill? Are you still weak and discouraged? Do not get strength as fast as you think you should? Then take a good tonic, something that will aid your digestion and build you up quickly.

Here is a letter from Mr. R. Bartholomew, Jr., Mt. Vernon, Mo. Australia. He also sends his photograph.
"After a very severe attack of rheumatic fever I was left in a very weak condition. It was feared that I could not possibly pull through. I could get no help from any medicine. I feel sure that unless there had been a change just at that time I could not have recovered. But a friend of mine had taken Ayer's Sarsaparilla and knew what a splendid tonic it was. So he urged me to try it. I can now truthfully say that I feel better now than for the first time. It seemed to build me right up from the very start, and in a few weeks my recovery was complete."
AYER'S Sarsaparilla
There are many imitation Sarsaparillas. Be sure you get Ayer's.
Promptly correct any tendency to constipation or biliousness. Ayer's Pills are sugar-coated, easy to take, mild in action.

Did The Japanese Promise To Give Notice?

OFFICIAL CORRESPONDENCE MADE PUBLIC AT WASHINGTON WHICH CONTAINS JAPANESE ASSURANCES THAT HOSTILITIES WOULD NOT BE COMMENCED UNTIL THEIR HAD BEEN A DECLARATION OF WAR.

WASHINGTON, D. C., April 13.—Official correspondence made public at the State Department today discloses the fact that the Japanese government, in announcing to the American minister at Tokyo on February 5 of last year, the breaking of diplomatic relations with Russia, assured him that hostilities would not begin until after declaration had been made. The correspondence comprises so much of diplomatic exchanges between Washington and Tokyo as the department thinks it expedient to publish, and among the first is the following official paraphrase of a cablegram from Minister Griscom, dated American legation, Tokyo, February 5, 1904:

Mr. Griscom reports that the minister for foreign affairs stated that a declaration of war will not be made until after the withdrawal of their legation, which will probably take two or three days, and hostilities will not begin until after the declaration of war. In an interview the minister for foreign affairs went over the whole course of the negotiations, directed special attention to the extreme patience and moderation of the attitude of Japan, and stated that after having asked the Russian government five times to expedite a reply, and waited three weeks without result, no alternative remained but to act.

On the following day the correspondence shows that Minister Griscom reported that the departure of the Russian minister would take place on February 12. On February 11, subsequent to the receipt of the news of the torpedo attack upon the Russian fleet at Port Arthur on February 9, Minister Griscom sent a brief telegram to the department, of which this is the official paraphrase:

"Mr. Griscom reports that the declaration of war was issued on the 10th instant."
No other correspondence shedding light on this incident is contained in the notes published.
Of interest is a note of Secretary Hay, dated May 5 last, to the Japanese minister at Washington, calling his attention to the neutrality proclaimed by him, had already, before the receipt of your communication, taken the appropriate steps to detain the officers and crew of the Lena in this country until peace shall have been concluded, unless in the meantime the belligerents shall have concurred in proposing to him other arrangements in this regard."

IS IN HONG KONG.
The fair but far from physically frail, Lillian Leslie, the statuesque fairy who is said to have been one of the causes of the downfall of E. J. Smith, the ex-tax collector of San Francisco, is out in Hongkong, enjoying life. Lillian passed through Honolulu on the Siberia on the outward trip. She liked the game in the Far East and is going to reside there permanently until she decides she wants to try another climate. None of the officers on the Siberia knew of the statements relative to the woman and Smith until the vessel arrived here.
Now the summer girl will soon begin to freeze on to the reckless youth who has a mania for squandering his coin for ice cream.
CLAIM AGAINST TERRITORY.
Frank Luczewko and Minna Luczewko, his wife have brought an action on covenant, in the Supreme Court against the Territory of Hawaii, claiming fifteen hundred dollars. The claim is based upon a covenant in a conveyance made by petitioners to the Territory of land at the junction of King and Beretania streets required for street extension. The plaintiffs say that without having had the covenant acknowledged by Sanford B. Dole, governor of Hawaii, they would have been unwilling to enter into the conveyance.

REVIVAL STILL DRAWS CROWDS

CENTRAL UNION CHURCH PACKED WITH EARNEST WORSHIPERS AT THE MEETING.

There was another large attendance at the Central Union Church last evening at the revival services. Mr. Hillis opened with the hymn "Will Jesus find Us Watching?" and after prayer by Dr. Kincaid Mr. Butler sang "Somebody."

Evangelist Ostrom took his text from Matthew 16:24. "If any man will come after me, let him deny himself and take up his cross and follow me." "We have been suffering too long from a cheap religion," he said. "I mean that it has cost us too little, it means too little to us. Too many young men have thought that Christianity was a sort of button-hole bouquet that a man pins on his moral coat when he goes near St. Peter. The saint smells the fragrance of it and says: 'Walk in, sir.' We don't want a bouquet religion. The idea that it means glory, honor, character, seems to be forgotten."

"Jesus says: 'Let a man understand me, deny himself and take up his cross. He that is willing to lose his life shall save it. He would say if you want to take a Port Arthur, get under the best cover you can, but get up and take it.' Some men seem to think that Christianity is a means to get into a sort of society. I will grant that if you are a Christian you can one day enter the aristocracy of the skies and the company of the best that live but Jesus never meant that Christianity should be a way for a man to become wealthy or get into high society."

After prayer and the singing of "O, Happy Day," an after-meeting was announced and a large part of the congregation went into the chapel for a short service. Dr. Schudder dismissed the congregation.

FUNERAL OF JOHN MAGOON.

The funeral of John Magoon took place yesterday afternoon from the residence of his son, J. A. Magoon, corner of Lanailo and Keaumoku streets. The services were conducted by Rev. W. M. Kincaid of Central Union church, and the Central Union choir was present. The pall-bearers were Dr. Rodgers, Mr. Hoffman, B. R. Banning, Fred Wundenberg, C. A. Brown and Eben Low.

BY AUTHORITY

Office of the Board of Health, Honolulu, Hawaii, May 6, 1905.

At a meeting of the Board of Health of the Territory of Hawaii, held May 6, 1905, the following Rules and Regulations relative to the Examination of Lepers, were adopted.

(Signed) L. E. PINKHAM, President, Board of Health.

Attest: (Signed) D. P. LAWRENCE, Secretary, Board of Health pro tem.

EXAMINATION OF LEPEERS.

WHEREAS, under Sections 112, 1126, 1127 and 1129 of the Revised Laws of the Territory of Hawaii authority is given the Board of Health,

THEREFORE, BE IT RESOLVED, That all previous rules for the examination of lepers are hereby repealed; and further

RESOLVED, That all future examinations of any person or persons for the determination as to whether or not they are affected with the disease leprosy, shall be conducted under the following rules:

FIRST: The Board of Examining Physicians shall consist of five physicians appointed by the Board of Health, one of whom shall be the bacteriologist of the Board of Health, and another of whom shall be skilled in the use of the microscope for the discovery of the bacilli of leprosy, and be designated as the Assistant Bacteriologist.

SECOND: The Bacteriologist of the Board of Health shall promptly make a preliminary examination of each person coming voluntarily or otherwise under the control of the Board of Health under the suspicion of or being alleged a leper. At said preliminary examination should the Bacteriologist fail to find the bacilli of leprosy present within such person, then said person shall be immediately discharged and returned to his home at the expense of the Board of Health. Should the bacilli of leprosy be found present within such person, said person shall be held for examination at the next meeting of the full Board of Examining Physicians.

THIRD: Each person so held shall be given one week's notice of the meeting of the Board of Examining Physicians.

FOURTH: Each person so held shall have the privilege of being represented at said meeting of the Board of Examining Physicians, by a physician selected and employed by such person. Should said physician object to the decision of the Board of Examining Physicians he shall do so in writing, stating his reasons therefor. Upon receipt of such written objection the President of the Board of Health shall direct both bacteriologists of the Board of Examining Physicians to make a re-examination of such person at which re-examination said physician may be present. They shall report to the President of the Board their findings, and he shall transmit a copy of same to the physician representing such person. Should both bacteriologists find the bacilli of leprosy to be present within such person the decree of the Board of Examiners shall be final; otherwise such person shall be treated as a "suspect," and shall be required to report for further examination as the Board may direct.

FIFTH: All persons examined by the Board of Examining Physicians shall be placed in one of the following classifications, viz: Not a leper; Suspect; Leper.

If in the opinion of three or more of the examiners any person examined is a "suspect" he or she shall be so declared.

If in the opinion of three only of the examiners any person is a "leper," he or she shall be classed as a "suspect" with the condition that he or she report to the Examining Board as it may direct for re-examination.

If in the opinion of four or more of the examiners any person examined is a "leper" he or she shall be so declared. I hereby sanction and approve the foregoing rules and regulations.

(Signed) G. R. CAITER, Governor of the Territory of Hawaii.

GEAR MUM ON SUPERVISORSHIP

(Continued from page one)

The doctors are at a loss to know the nature of the disease. It simply strikes a person and takes him off within a few hours.

"Post mortem examinations have shown that several of the vital organs turn absolutely black," he said "but that is as far as they have got in the investigation. Some people ascribed the outbreak to the water and others to the possible presence of wood alcohol in the whiskey in the town but neither theory will hold because some of the victims have been men who never drink water and others have been found among those who never use whiskey."

Plague or no plague, however, the Tonopah and Goldfields camps are immensely rich he says and have a great future before them.

TERRITORY CLAIMS THE LAND

LOT ON KINAU STREET WHICH ATTORNEY GENERAL SAYS WAS ABANDONED.

Attorney General Andrews has begun suit in behalf of the Territory to secure possession of a piece of land on Kinau street between Victoria and Pensacola, which is said to be held by Irene B. Cornwell or J. F. Colburn, but which it is claimed should escheat to the Territory as a part of the estate of one Edmund Smith, who owned it fifty years ago and has not been heard of since. The suit is against Irene B. Cornwell and J. F. Colburn.

The property in question, it is alleged, is claimed by one or both of the defendants, but should by right fall to the Territory. It is set forth in the petition that Smith, who owned it, left no will nor heirs and that the land was his by right of grant. Under the law, it is claimed, the Territory because the legal heir.

JOHNSON IS NOT SUPPORTING CRABBE

Quite a change in the fight for the Republican nomination for sheriff has occurred within the last few days. Sam Johnson who has heretofore been counted as one of the supporters of Clarence Crabbe for the Republican nomination has practically withdrawn such support and is not backing Crabbe for that nomination.

"I am not supporting Crabbe for the nomination for sheriff" said Captain Johnson today. "I am more interested in the nominations for supervisors than I am in the nomination for sheriff."

The friends of A. M. Brown who is after the Republican nomination are feeling quite jubilant today over the position taken by Johnson as the latter is likely to have a great deal of influence in the nominating convention.

AGAINST JOB CHASER GOVERNMENT

EDITOR STAR: You are heading us in the right direction in your effort to influence us to select men for our political committees and conventions, who are not under government control.

While I do not favor a hard and fast rule against government officials, yet I am heartily with you in your effort to exclude appointive officials and their employees from controlling our political affairs.

If we shall have an independent convention, and choose our supervisors from among such men as George W. Smith, Sam Dwight, Clarence Cooke, J. C. Quinn, Mark Robinson, H. E. Cooper, Cecil Brown, Frank Kruger, N. Fernandez and if our county officers shall be from among correspondingly strong men, we shall win.

But if we shall have a convention run by government officials, no matter how loyal some of us may be to the government officials ticket, the County will likely go into the hands of such democrats and home rulers as Waller, Frank Harvey, Watson, and Kalauokalani Sr.

While not excluding every one of them, the Saturday primaries should turn down every ticket made up of a majority of government officials and

NO JAPANESE ON THE SIBERIA

The Siberia yesterday did not bring a single Japanese laborer. The seventeen Japanese on board were all women, come to join their husbands in Hawaii. The Siberia brought some Japanese papers which contain the explanation, for the Asachi Shingo states that the Imperial government has ordered immigration to Hawaii to stop. The Asachi states that a letter was received from the Japanese consul in Hawaii, stating that there was much agitation against Japanese in America and advising that the immigration of Japanese be kept down to the lowest possible number.

The consul here was reported some time ago to have sent a recommendation to his superiors that the further immigration of Japanese to Hawaii be stopped, but he denied that he had done so.
