The **Kinaw** will arrive in Honolulu Sunday mornings on Volcano Trips. On Hilo Trips, will leave Honolulu on Tuesdays, and return Saturday mornings. WILDER'S STEAMSHIP CO. Honolulu, Sept. 14, 1885. 124 tf

Insurance.

WHY THE Equitable Life Assurance Society

of the United States is the Best company with which to Assure.

I.—Because of its Safety.

Its surplus is larger than that of any other assurance company.

II.—Because of its Promptness.

Of 1,043 death claims paid in 1885, nearly one-half were paid the very day proofs were received; while of the remainder, the majority were paid within the following three days. No other company can show such a record.

III.—Because of its Liberality and Reforms.

All policies are INCONTESTABLE after three years. All incontestable policies are payable immediately upon receipt of proofs of death. The Society's policy contract is clear and simple, and liberal in its conditions. Its Non-forfeiting Tontine (or Semi-Tontine) policy affords all the ultimate benefits of the full Tontine, and has during its earlier years the surrender value and other material advantages of ordinary life policies.

IV.—Profit.

No other company is paying on its policies, as large profits as are shown under the Equitable's matured Tontine policies with fifteen-year periods. Persons desiring assurance may obtain estimates of the probable results of similar policies, and of policies with twenty-year terms, which are expected to show even larger profits.

V.—Prospective Advantages.

The unexampled progress of the Equitable in the past is the best guarantee of the increasing future value of assurance with the Equitable.

Assets,	\$96,553,387.90

A PROPOSED AMENDMENT.

We published a communication from Mr. Dickey, in which he shows that the road tax is very unfairly expended. His uneven distribution of a tax levied for a specific purpose is unquestionably a serious grievance. Reasons and arguments in favor of expending the road tax in the district where collected are unanswerable. We make no plea for the method of distribution. Our characterization had reference merely to the levy. Reformation in the method of distribution is urgently needed. Justice and common fairness demand it. If Mr. Dickey will undertake to devise a measure aiming at this we shall cheerfully contribute our small help. We wish to make one other correction to the communication under consideration. Our motion is to amend by striking out the word "abuse." This word has evidently crept in through misconception, and does not properly qualify the column of matter referred to. This, we respectfully submit, is sufficient reason for its being struck out.

A MEAN TAX.

The bill given notice of by Representative Nahale, on Tuesday, to levy postage on newspapers circulating in the Islands is one of those measures which will be most judiciously disposed of by being killed as dead as Julius Caesar, at the moment of its birth. Scarcely any measure could be introduced which is better calculated to bring out the quality of meanness, if any exists, among the members of the house. No possible excuse can be offered for making common information more expensive to readers throughout the kingdom than to those in the city. If, however, the honorable member has it in view only to extort a little extra revenue from the publishers of the Honolulu newspapers, the effect of the bill, should a majority of the Legislature let it survive the first reading, will fail of its object. While the white paper on which the city newspapers are printed costs already within a fraction of what the printed sheets are mailed for to subscribers, the unavoidable result of a postal exaction will be additional cost to the readers. Every newspaper reader in the kingdom receiving his news through the post-office should raise a vigorous protest against the proposed tax. There is no good reason why the postoffice department should not deliver newspapers over the kingdom on the same terms as heretofore. It has ever been characteristic of enlightened legislation to facilitate by every possible means the supplying of information to the public. Newspaper postage has been deposited among the relics of the dark ages in the countries from which this kingdom is supposed to take its precedents, and the petty exaction proposed in this bill is shapely a premium on ignorance. The Dominion of Canada, at the time of the confederation of the provinces, levied a postage rate on newspapers; but a very few years were sufficient to prove it a public nuisance, and it was abolished. We have no desire to see the laws of this kingdom cumbered with the deleted clauses of other country's statute books. It will be discreditable to the representatives of this kingdom to be found picking new measures from the waste paper baskets of any foreign legislature. That, however, is what is contemplated in the newspaper postage bill. The members of the Assembly will inflict no loss on the postoffice department, and they will reflect credit on themselves by stifling the bill at its first appearance.

A CALF belonging to Captain Kibling was bitten by a mad dog yesterday on the corner of Queen and Nuuanu streets.

THE LEGISLATURE.

FORTY-FOURTH DAY—CONTINUED.

WEDNESDAY, JUNE 23rd.

AFTERNOON SESSION.

Rep. Kalua submitted a draft of the reply of the select committee for that purpose, to His Majesty's message, which was read as follows:—
 "TO HIS MAJESTY THE KING:
 "Sire—In accordance with a resolution of the Legislative Assembly, the honorable President nominated a committee to respond to Your Majesty's Royal message.
 "The honor has been conferred on us to present Your Majesty with the reply of the Legislature to Your Royal message of the 21st day of June, A. D. 1885.
 "On behalf of the Legislative Assembly we thank Your Majesty for this special Royal message.
 "Your Majesty's desire has been made known to us that the Legislative Assembly economize in the appropriation of moneys from the items submitted by Your Majesty's Ministers, and that Your Majesty especially recommends retrenchment to begin with the civil list.
 "This is a great measure in the opinion of the Assembly, and especially commends itself as being proper that the national expenditures should be reduced to an equality with the anticipated receipts; it would, however, be better still if the national expenditures could be reduced to less than the estimated receipts for the coming biennial period.
 "Therefore the Legislative Assembly takes heed of Your Majesty's recommendations, and will act on them in good faith, with the assurance that progress will be made in this undertaking for the benefit of the people.
 "We feel honored in being participants in the promotion of Your Majesty's wish, which has been submitted for the consideration of this Legislative Assembly.
 "We are Your Majesty's obedient citizens.
 "The report was adopted and the same committee was appointed to present the reply. By request of the chairman of committee, the President appointed Rep. Nabinu in place of Rep. Nahale, who was temporarily absent from the city.

ORDER OF THE DAY.

Second reading of an act to regulate the construction of buildings in the city of Honolulu, and the towns of Hilo, Wailuku and Kahului.
 Rep. Thurston moved to strike the other towns out of the first section, so that the bill should only apply to Honolulu.
 Rep. Dickey supported the motion, believing it would be impracticable for the Superintendent of Public Works to supervise the erection or moving of buildings outside of the city. He scarcely saw what the whole bill was for, but probably it was meant as a protection from fire and unsanitary conditions. He had presented a bill to cover the matter of fire protection, and it was laid on the table because this bill was said to fulfill that object, but this bill did not do so.
 Rep. Castle, on behalf of the select committee that reported it up, supported the bill. It was not intended to place burdensome restrictions on the people, but to act as a check or guard against abuses when necessary. The other towns than Honolulu were growing, and some of them needed the provisions of this bill now. He urged the necessity of a measure to prevent landlords from putting up tenements unsafe to human life, citing a disaster in St. Louis caused by the collapse of a schoolhouse, and another in New York, where a tenement block tumbled in, killing several people, for which the builder was sentenced to nine years and six months imprisonment.
 Rep. Thurston disclaimed opposition to the bill as a whole, but said the hon. member for Wailuku had not answered the objections to making it apply outside of Honolulu. Besides the limits of Honolulu within the meaning of the act were not defined.
 Rep. Richardson was in favor of the bill generally, but did not want it applied to the other towns. It would be impossible to carry out the law unless the boundaries of all the towns were laid down.
 The amendment carried, and then the section as amended.
 Rep. Castle moved a verbal amendment to the second section, in accordance with the committee's report, and to strike out the mention of the other towns to correspond with the first section as amended. Carried.
 Rep. Thurston moved to substitute "shall" for "may," so as to make it obligatory on the Superintendent of Public Works to grant permission on compliance with the conditions. Carried.
 Rep. Brown moved to insert the word "if" where it was required to make sense. Carried.
 The section passed as amended.
 Minister Neumann moved to amend the third section, by inserting the words, "which refusal shall be in writing, stating the reasons therefor," the refusal referring to permission by the Superintendent. Carried.
 Rep. Dole moved to substitute the word "person" for "builder or architect," in defining the board of arbitration to be appointed in case of refusal of permission.

Minister Gulick opposed the amendment, as builders or architects were likely to be the most competent in such a case, and there would never be any difficulty in finding sufficient of that class to serve.
 Noble Bishop thought the amendment would not be out of place, as an architect or builder was likely to be appointed anyway by one or other of the parties.
 Rep. Castle supported the amendment, from his experience of an architect's charge for arbitration services.
 Rep. Dickey suggested a verbal change to make it read that the applicant shall "appoint one of such Board, and the Minister of Interior shall appoint another of such Board, and the two so appointed shall select the third member thereof." This was accepted by Rep. Dole, and carried.

The section passed as amended.
 Rep. Brown moved to insert the word "also" and strike out other words, to make the fourth section agree with the previous amendments to the bill, as follows: "The provisions of this act shall also apply to the erection, moving or placing of all buildings hereafter to be erected anywhere within the kingdom, to be used as churches, school houses, town halls, or places of assembly, theaters, skating rinks or hotels."
 Rep. Castle moved to make it read, after "school houses," "court houses, hotels, or other places of assembly."
 These amendments carried, also the section as amended.
 Rep. Thurston moved to insert a new section as follows: "Section 5.—The provisions of this act shall not apply to any building costing less than \$1,000." He held that there was no possible danger from small and cheap buildings. All this red tape would cost a poor man more than his building.
 Rep. Dickey opposed this amendment, as it would be necessary that the Minister of Interior should have power to prevent buildings being crowded together.
 Rep. Dole was in favor of the new section proposed. This act was not intended for sanitary purposes, but to prevent large buildings from being weakly or poorly constructed so as to endanger life. He was not very much interested in the bill as a whole, as there was not the same necessity for such a law in this country, where houses were rarely more than two stories high, as in large cities elsewhere with their buildings of many stories.
 The new section carried.
 Minister Neumann moved to name the original fifth section the sixth. Carried. He also moved a verbal amendment, to make the section correspond with the previous sections, which was carried, and then the section as amended.
 Noble Bishop moved a new section to define the limits under the act as follows: "Section 7. For the purposes of this Act the City of Honolulu shall comprise that portion of Kona District, in the Island of Oahu, within the following limits: The Kallia stream on the west, the Manoa or Kalia stream on the east, the sea in front and extending manka to a distance of three miles inland from the sea."
 The sixth and seventh sections were altered to eighth and ninth respectively, and with the enacting clause and title were passed, and then the bill as amended, being ordered for third reading on Saturday next.
 Second reading of an act to regulate the kindling of fires in Honolulu, reported from select committee.
 Rep. Thurston moved the bill be indefinitely postponed. He thought they were rushing too many fire bills through. They had passed one to provide for the inquest of fires, and now they had one on the kindling of fires. A great majority of the native people cooked their food outdoors, and this bill would prevent them doing so. It would prohibit a man from burning a pile of brush on a twenty-acre lot without getting permission from the Minister of Interior.
 Noble Bishop stated that the bill had been introduced by the Minister of Interior, and stated some of the considerations that had induced the committee to report it up. Brush fires were of frequent occurrence, and caused false alarms of fire occasioning much inconvenience to firemen and others.
 Rep. Dole thought there was nothing necessary in the act which could not be gained by an amendment to the existing law against the indiscriminate use of fireworks and firearms. This law would drive poor people to kindle fires on their verandahs and in their houses, and fires would break out in consequence all over the city. Most of the fires were due to other causes than those mentioned in this bill.
 Rep. Castle admitted the force of the moving appeals of the hon. members regarding the poor man's household fires; but, out of respect for the Minister of Interior, who was absent, he moved the bill be laid on the table, which carried.
 Second reading of an act to prevent the obstruction of streets in Honolulu, Lahaina, Wailuku, Kahului and Hilo.
 Rep. Aholo, in view of this bill being a lengthy one and of the absence of the Minister of Interior, moved the house adjourn till 10 o'clock to-morrow, which carried at 4:15.

THURSDAY, JUNE 24th.
 The Assembly was opened at 10 o'clock with prayer by the Chaplain; the President, Noble J. S. Walker, in the chair, and the following members present: Ministers Gibson, Kapena, and Neumann; Nobles Dominis, Kauhelaui, Kamao, and Kaas; Reps. Keau, Liliokalani, Baker, Hayselden, Kalua, Kaunamano, Kauli, Kaulia, Pahia, Nabinu, Kekoa, Aholo, Kaulau, Richardson, Thurston, Pachaolo, Dole, Kauli, and Palohau. The minutes of last meeting were read in both languages by the Secretary and Interpreter.
 COMMITTEES.
 Rep. Richardson, from the Engraving Committee, reported on the reply to His Majesty's message; also asked for further time on the bill relating to the grade of streets, which was granted.
 Rep. Dole presented a minority report from the select committee on pension bills, signed by himself and Rep. Brown. They recommend the passage of a bill to regulate pensions with certain amendments submitted; and that the bills conferring permanent settlements on Princess Pomaikelani, Hon. W. C. Parke, Hon. Abraham Fernandez and Mr. Thos. W. Everett, be laid on the table.
 Noble Dominis presented the majority report of the same committee, recommending that \$3,000 per annum be settled on Princess Pomaikelani, and \$2,000 each on Hon. W. C. Parke, Hon. Abraham Fernandez and Mr. Thos. W. Everett, during the terms of their natural lives, provided that no amount be paid any of them while holding salaried office under the Hawaiian Government, and that Rep. Dole's bill to regulate pensions be indefinitely postponed. Signed by Noble Dominis, Reps. Hayselden and Aholo.
 Rep. Kaulukou moved that both reports be accepted and tabled for consideration with the bills, which carried.
 RESOLUTIONS.
 Rep. Dole gave notice of a bill to provide an additional port of entry on the island of Kauai.
 The same member read his resolution to make a new rule, providing for notice being given of questions to Ministers, and moved it pass.
 Rep. Kaulukou thought the resolution, which he believed a good one, ought to take the same course as a bill.
 Rep. Dole held that rule 81 provided for making a new rule in the way being taken, and was supported by the chair.
 Rep. Kaulukou moved to amend the resolution by adding, "Any Minister so questioned shall reply within three days."
 Rep. Dole thought it was more convenient to have one day in the rule, and the house would not refuse an extension of time if denied.
 The amendment was lost and the rule passed, as follows:—
 "86. Any member of the Assembly may ask any question of any Cabinet Minister relating to his respective department, by reducing such question to writing over his signature and reading the same before the Assembly, and furnishing such Minister with a copy of such written question. Any Minister so questioned shall reply to such question upon the following day, unless the Assembly shall grant him a definite extension of time for replying."
 Rep. Keau read a first time an act given notice of, to prohibit people from other countries working on the wharves of Honolulu.
 Rep. Castle moved that the bill be rejected. He could not imagine why the hon. member should introduce this bill. The hon. member for Honolulu was a man of pretty good sense, who, if he thought there was any danger of the bill passing, would vote against it himself.
 Rep. Keau thought a motion to reject on first reading should not be entertained without a suspension of the rules and second reading by title. It was not, as the hon. member for Wailuku had suggested, in order to gain a little fame that he had introduced this bill. The people of Honolulu had some time ago petitioned that foreigners should not be allowed to work on the wharves, and it was in accordance with their prayer that he had framed the bill. A great many foreign laborers, whose contracts on the plantations had expired, flocked into Honolulu and took the work that the natives had been doing on the wharves, at rates that lowered wages to a point below what gave a fair living. On the day after the election many firms on the wharves employed foreigners simply to gratify their spite because their candidate was not elected.
 Rep. Dole said this seemed to be Mr. Dickey's bill in a new shape, to give Hawaiians privileges over aliens. The people who practised such exclusiveness lived six centuries ago. If there was any politics connected with it he was very sorry. He believed there was some truth in it, as the Oceanic Steamship Company was employing Portuguese almost exclusively, and perhaps they had better take away that corporation's pension. They had been working on a bill to prevent work on Sundays, but it was an entirely new thing to prevent people working on week days. The passage of this bill would create great confusion on the wharves. It would throw such men as Mr. Tewksbury of the

Customs, Mr. Sorenson the ship-builder, Mr. Sam. Allen and Mr. P. C. Jones on the town to be provided for. It punishes people who work on the wharves or near the wharves, and how were they going to find out where "near the wharves" was—a mile or half a mile away? He did not think Hawaiians were afraid of foreigners, as he had been told there were no men equal to Hawaiians on the wharves.
 The motion was lost and the bill passed to second reading in its order.
 Rep. Kalua presented a resolution that the Minister of Finance state to the house on or before Tuesday next, the indebtedness of the Government, the persons to whom debts are due, the amounts due in each case, the dates on which the debts are due, and the interest due on each debt. Carried.
 Rep. Kaai read a first time an act to repeal sec. 57, Civil Code, relating to licenses.
 Rep. Palohau read a first time an act to impose a license on people who take mortgages on land. The license fee is \$100.
 Rep. Pachaolo presented a resolution that the Minister of Interior report in writing to this house on Monday whether the lease of certain Government land on Molokai was made at auction. He said the lot contained over two thousand acres, and if it had been put up at auction, would have excited eager competition, so that the revenue would have been benefited.
 Rep. Kalua said that last session there was a resolution similar to this introduced, and the Minister gave a reply, in which this very land was included, and it was shown that the lease was made during the incumbency of a previous Minister of Interior, Mr. Bush. He had no doubt the land would bring \$300 a year, instead of \$150 as now, if it had been put up at auction. He did not think the resolution would have the effect intended. The only way would be to order the Minister to take legal steps to set the lease aside.
 Rep. Richardson moved that the resolution be laid on the table.
 Rep. Kaulukou thought the resolution should be passed. Perhaps the member's constituents wished him to ask the question.
 The resolution was tabled.
 Rep. Castle moved, and it was carried, that the new rule just adopted be printed on slips to be pasted in the books.
 Minister Kapena presented a reply to Rep. Dole's resolution of the other day, regarding rice and other goods imported by the steamships Yamashiro Maru and City of Pekin. Rice and other goods imported free of duty by the Yamashiro Maru were valued at \$6,969, and entered by the Interior Department. Goods imported by the same vessel, paying duty, were valued at \$2,657.83, and entered by R. W. Irwin. Rice and other goods imported free of duty by the City of Pekin amounted in value to \$15,929.10, entered by the Interior Department, inclusive of an amount worth \$312.50 entered by the Board of Health. Goods paying duty by the City of Pekin were entered at a valuation of \$8,361.83 by W. G. Irwin & Co., T. G. Thurim, Oura Sintaro, Nippu Kai Sha, Yu Ying Yuen and Wing Wo Tai & Co. Duties collected on entries by the Yamashiro Maru amounted to \$254.25, and on those by the City of Pekin \$3,087.58. The Collector-General in his return to the Minister, in furnishing the matter for reply, says, "Permit me to state that, as far as I am aware, the Government only received benefit of the release of duties on rice and other goods imported ex steamships Yamashiro Maru and City of Pekin."
 Rep. Kalua moved that the house accept the reply and that it be printed.
 Rep. Dole was not sure that the reply covered all points of the resolution. He was not in favor of accepting or rejecting it, but moved to amend that the report be printed and laid on the table.
 Rep. Aholo was in favor of having the report printed.
 The house voted to accept, print and lay the reply on the table.
 Rep. Palohau gave notice of an act to forbid the Minister of Finance paying any official while absent from the Kingdom.
 Rep. Castle moved the order of the day, which carried, and then, on motion of Minister Gibson, the house took recess from 12 to 1:30.

AFTERNOON SESSION.
 The Assembly was called to order at 1:55 o'clock, and took up the order of the day.
 Second reading of an act to prevent obstructions on the streets of Honolulu, Hilo, Lahaina, Wailuku, and Kahului. Ordered to be read by sections.
 Rep. Dole moved that the rules be suspended and the committee on taxation be permitted to withdraw for the purpose of holding a meeting.
 Rep. Kaulukou said the majority of that committee had a report ready for presentation to-morrow morning.
 Rep. Dole said members of the committee had asked him to make this request.
 Rep. Aholo said the withdrawal of the committee would leave the house without a quorum and make adjournment necessary.
 The motion carried.
 Rep. Kaulukou moved the house adjourn till 10 o'clock to-morrow morning, which carried, the house rising at 2 o'clock.

H. DAVIS. J. K. WILDER.
DAVIS & WILDER,
 — IMPORTERS AND DEALERS IN —
Staple & Fancy Groceries, Produce, Provisions & Feed,

Grand Opening, For One Week Only!
 Commencing Monday, June 14th, at the
Ladies' Bazar, 88 Fort Street
 Having just received a supply of New Goods, consisting of some of the Leading and Fashionable Styles of LADIES and MISSES HATS, I most respectfully invite the Ladies to call and examine the same, also, a large line of
Corsets, Ladies' & Misses' Hosiery, etc.
 I have also the pleasure of informing the Ladies that I have been fortunate enough to secure the services of one of the best and most favorably known Milliners of San Francisco, just arrived by the Zealandia.
MRS. SKIDMORE
 Will now have charge of the Millinery Department, she having for many years kept one of the largest Millinery Stores in San Francisco, and being also well known in Honolulu, I hope to obtain a share of patronage, and will guarantee satisfaction in all cases.
 Dressmaking in all its branches will be attended to by myself.
MRS. J. LYONS, Proprietor.

NOTICE.
F. HORN,
 Practical Confectioner, Fancy Pastry Cook and Ornamentor.
 RESPECTFULLY informs the Public of Honolulu and the Islands generally that he intends to furnish, as soon as the needed appliances arrive, all the
Different Creams, Fruit and Water Ices
 practically known to him. Having made a contract with the Woodlawn Dairy for a constant supply of their celebrated Cream, will supply his customers with more than fifty different kinds—Fancy Creams, Tootie Fruity, Souffles and many more too numerous to mention here, all of which he has had practical experience with at the Imperial Courts of Vienna and the Royal Confectionery of Bavaria. All steam-powered articles in this line are far superior to any hand-made.
 Yours respectfully,
F. HORN,
 Proprietor Pioneer Steam Candy Factory and Ornamental Confectioner.

PASSENGERS. For San Francisco, per bk C B Kinney, June 24—Fritz Hamesch and Miss Robin.

CARGOES FROM ISLAND PORTS. Stmr Lehua—2,700 sugar and 25 cattle.

SHIPPING NOTES. The J C Ford received the sugar brought by the Dowsett this morning. The American bkne Forest Queen, Capt J C M Winding, was to leave San Francisco for Honolulu June 21st. The American schooner John G North, Captain A Moore, sailed from Port Townsend, with 400,000 feet lumber, for Mahukoua, Hawaii. The Nicaraguan bark Rimjio, Capt Howard, said to be the oldest vessel afloat, sailed from Departure Bay, British Columbia, early in June, with coal for this port. The American bark C O Whitmore, Capt Thompson, is about 21 days out from Port Townsend with lumber for Messrs Allen & Robinson. The bk Chas B Kinney sailed this afternoon for San Francisco with 30,414 bags of sugar weighing 3,321,373 lbs, and valued at \$123,254.41. The Ella sailed to-day for San Francisco with 6,537 bags of sugar, valued at \$35,545.80.

LOCAL & GENERAL NEWS. WILLIAMS' dancing school meets this evening at the rink.

Mr. L. J. Levey holds his regular cash sale at 10 o'clock to-morrow morning.

Mr. J. Lyons will hold a special sale of Japanese and Chinese goods, on Saturday, at 10 o'clock a. m.

HATS and hats at N. S. Sachs', Hats of every variety of shape, every shade of color, and every degree of price.

G. W. MACFARLANE & Co. will hold an extensive credit sale on Tuesday next, particulars of which will appear in to-morrow's BULLETIN.

RYAN has opened a boat-building shop back of Lucas' mill for the present. He will rebuild the surf boat and 2 whale boats that were lost in the fire.

DANCING without music is "slow." Skating without music is not so bad, but better with it. For this reason music will be provided for the Yosemite Skating rink to-morrow night.

THE Norman Electric Light Co., of Philadelphia, who have done some advertising here, are a fraud. Information of this nature has reached the postal authorities here, and also several private citizens.

MESSRS. Barnes & McCandles have been engaged about 6 weeks in drilling an artesian well on His Majesty the King's land, at Aiea, Pearl River, and report having struck a flow of water, yesterday, of 18 inches above the pipe.

THIS is Corpus Christi day, and was celebrated by low mass and the holy communion at 6 and 7 this morning, and high pontifical mass at 10. This afternoon at 3 o'clock was the benediction of the Blessed Sacrament, preceded by rosary and sermon.

VERY interesting work may be expected to-morrow forenoon, at Oahu College. There will be recitations in physical geography and geology, also laboratory and class room work by the class in chemistry in the Bishop Hall of Science. The public are invited.

A VALUABLE cow belonging to Mr. Hart, Road supervisor, died Monday night. A post mortem examination showed that the animal's death was caused by poisonous substances she had swallowed. Numerous ticks and pins, pieces of zinc, and a quantity of black sand were found in one of her stomachs.

THE general committee for the celebration of the 4th of July, at its meeting last night, appointed a finance and canvassing committee, to report on Saturday evening, at which time there will be another meeting of the general committee, when definite conclusions will be reached relating to the celebration.

THE Hawaiian Hotel looked gay last night, with its many-colored lanterns and the gathering of guests and visitors on the balconies and surrounding grounds. The music of the Hawaiian Band, stationed in the rotunda, made the air redolent of sweetness. The occasion was a complimentary ovation to Mr. and Miss Abels of California, here on a visit.

Mr. Severin, who went to Hanakua on the last trip of the steamer C. R. Bishop to photograph certain views for Mr. J. Williams, writes that he was not only very sea sick but was frightened nearly to death. After being tossed about by the surf at Hanakua landing, and thinking that every moment was his last, he grabbed a tub that jerked him several hundred feet heavenward. Severin says he will never return to Honolulu by the way of that tub.

Mr. R. W. Laine, who was unfortunate in having his store-house and its contents destroyed by fire the other night, tenders thanks to a large circle of sympathizing friends for their expressed sympathy and information that he will continue in the same business. Every human being with a heart has sympathy for another's misfortune, and in this instance the sympathy should take the practical shape of liberal patronage, in which way the loss may in time be restored, and the patrons receive an equivalent for their money at once.

The departure of the bark Chas. B. Kinney this afternoon was a scene of commotion. One officer would call to slack a line and another to let it go. A German passenger and the steward of the ship came late, and had to make a hazardous jump from another vessel, or be left ashore. They got aboard, however, to the great amusement of many spectators. The steward lost his hat, but when aboard the Kinney he peeled off his clothes and went overboard after it. Among the passengers by the bark is a Miss M. Robin, who came here by the same vessel, but found this city too quiet for her.

Mr. J. A. Hassinger, of the Interior Department, is captain of a military company, composed of about 25 small boys of the leading families in Honolulu. This company wears a uniform similar to that of the zouave, except the cap, which in this case has a peak as protection from the sun. They have regular rifles and have been drilled by Mr. Hassinger to the acme of military discipline, going through complicated movements with remarkable precision, to the tap of the drum. Next Saturday afternoon at 2 o'clock this company will assemble at the residence of Mr. Hassinger for a dress parade, during which they will be photographed by Mr. J. Williams.

KAPOLANI Bath House, the only resort in the city. All kinds of bathing apparatus. 1w

J. Fisher, corner of Fort and Hotel streets. 63 3t

THE BUILDING BILL. The bill to regulate the construction of buildings in the city of Honolulu, which passed its second reading yesterday afternoon, provides that no person shall erect, place, or move any building without permission in writing from the Superintendent of Public Works. This does not apply to buildings costing less than \$1,000. Application for the erection, placing, or moving of buildings must be made to the Superintendent of Public Works, or such other competent officer as may be appointed for that purpose. Upon filing such application the applicant shall submit the plans and specifications of the building as it is intended to be when erected, placed, or moved.

MR. DICKEY ON THE ROAD TAX. EDITOR BULLETIN:—You honor my poor little road tax law with a column of abuse, rather too much for a law that has been killed, I think. I admit there were serious objections to it in that it benefited natives as against aliens, and in that it reduced our revenue, which is already insufficient. However, I already insufficient. However, I already insufficient. However, I already insufficient.

A comparison of the expenditures for roads and bridges with the population shows that on Oahu \$3.33 is spent per capita, on Kauai \$2.24, on Maui, Molokai and Lanai \$1.20, and Hawaii \$1.92, and in some poor unfortunate districts it is much worse. In my district, for instance, only 60 cents per head during the past two years, or 30 cents yearly,

and in North Kohala it drops to 58 per capita for the biennial period. Do you wonder that I am a little rabid on the road tax question? There can be no fairer tax than a property tax properly carried out, but personal taxes should be as light as possible, as the benefits are apt to be very unevenly distributed in proportion to the tax payers. Yours truly, C. H. DICKEY. Honolulu, June 24, 1886.

THE SPREAD OF AMERICAN PRINCIPLES. Japan, Corea and Siam have opened their doors for the introduction of our American civilization, and take kindly to it. Our instructors in several branches of enlightenment are among them. Siam is one of the few countries we should have least expected to hear from favorably, and yet we have this item from Siam:— Colonel David B. Sickets, formerly the representative of the United States in Siam, has lately received from Bangkok a personal letter, which says: "His Majesty is so well pleased with the results of the system of public education for males, which was established a few years ago at your suggestion, that he has decided to establish a school in this city for the instruction of the native women, and it is probable that a prominent missionary lady will be placed at the head of the institution."—[S. F. Call.]

In twenty-five years the number of Protestant missionaries in China has grown from 150 to 500, and of churches from 50 to 400. A quarter of a century ago there were no theological schools for students, and only 4 of the 18 provinces were occupied with missionary posts. Now 260 students are found in 20 schools, and missionary labors are carried on in all the provinces but one.

NOTICE. NEITHER CAPTAIN MOCKETT, Master of the British bark Star of Devon, nor the Agents, Hackfeld & Co., will be responsible for debts contracted by the crew of said vessel. 63 3t

NOTICE. I TAKE this opportunity to sincerely thank the many kind friends for their expressed sympathy, and to inform them I shall continue in the same business, as before the fire, and solicit a continuance of the patronage so liberally given heretofore, guaranteeing satisfaction to all. K. W. LAINE & CO. Honolulu, June 24, 1886. 1t

ADAMS & CO., Auctioneers. 55 1d

Executors & Trustee's Sale! By order of A. J. Cartwright, Sr., the duly appointed Executor and Trustee of the last will and testament of Emma Kalelelanani, deceased, and under license of the Supreme Court of the Hawaiian Islands, sitting as a Court of Probate, we are directed to sell at public auction, at our Salesroom, in Honolulu, on

TUESDAY, the 6th Day of July, 1886, at 12 m. of that day, all the right title and interest of the said A. J. Cartwright, Sr., as such Executor and Trustee, as aforesaid, and all the right, title and interest which the said Emma Kalelelanani had at the time of her decease, of, in and to that certain piece or parcel of land, known as the

Ahupuaa of Lawai situate in the District of Kona, Island of Kauai, and containing an Area of 3,000 Acres, more or less, as described in Royal Patent No. 4512, Mahele Award 48, at the Usuet Price or Sum of \$22,000; and also that certain piece or parcel of land situate in Nuanuu Valley, Honolulu, Island of Oahu, and known as

Hanaiakamalama, and being the premises formerly occupied by W. L. Green, Esq., as a private residence. For further particulars, apply to A. J. Cartwright, Sr., or E. P. ADAMS & CO., Auctioneers. 49 1d

Administrator's Sale. By order of J. F. Hackfeld, Administrator of the Estate of Conrad Menke, deceased, we have been directed to sell at public auction, at our Salesroom, in Honolulu, On MONDAY, July 12th, at 12 o'clock, noon, of that day, if not previously disposed of, 400 Shares in the Humuila Sheep Station Co., of Humuila, Hawaii. The total Capital Stock of the Humuila Sheep Station Co. amounts to 1,000 Shares at the Par Value of \$100 each.

The Company owns the valuable sheep ranch situate on the slopes of Maunakea and Maunaloa, known as the Humuila Sheep Station; the total area of land, held under a lease from the Crown Commissioners for an unexpired term of about 25 years, is 100,000 acres, more or less, a large part of which is beautiful pasture land; there are more or less, also a large number of Horses and Wild Cattle on the lands. The Shares will be sold with privilege to take \$20 to \$30 Shares. The above sale is made for the purpose of settling the estate of said C. Menke, deceased, and will be without reservation. The terms of the sale are Cash. For further particulars, apply to J. F. Hackfeld, at the office of Hackfeld & Co., Honolulu, or E. P. ADAMS & CO., Auctioneers. 57 1ed]

Assignee's Sale. By order of J. F. Hackfeld, Esq., the duly appointed Assignee of the Bankruptcy Estate of T. K. Clarke of Kipahulu, Maui, acting under authority of an order of the Supreme Court dated June 8, 1886, we are directed to sell at Public auction, at our Salesroom, in Honolulu, On MONDAY, July 19, '86, at 12 o'clock, noon, of that day, All the Right, Title & Interest of the said J. F. Hackfeld as such Assignee, of, in and to the

Kipahulu Sugar Plantation, situate at Kipahulu, Maui, heretofore belonging to the said T. K. Clarke. The said Plantation comprises about 1,500 acres of Land in fee simple, and about 1500 acres of Leased Land; there are about 7-800 acres of Land available for cane cultivation; about 120 acres of Plant Cane and about 140 acres of 1 and 2 Plantations are now growing for the next crop to come off from, say, December, 1886, to about May, 1887. There are about 132 head of Working Cattle, 2 Bulls, 27 Yearlings, 35 Cows with 27 Calves, 3 Mules, 10 Horses and some Colts on the Plantation all branded TKC, also About 11 Bullock Carts, 2 Mule Carts, Plows and other Implements & Tools generally used on a sugar plantation. The larger part of the Cane, when harvested, can be conveyed to the mill by fluming. There is a good substantial landing bridge, in which the Plantation holds a half interest. Also, a Donkey Engine and incline track connected with the landing. The Plantation is in good running order and a new crop is being put in at present. The terms of the sale are CASH, and the Deeds are at the expense of the purchaser. For all further particulars apply to J. F. Hackfeld, Honolulu, or to OSCAR UNNA at Kipahulu, Maui. E. P. ADAMS & CO., Auctioneers. 55 1d

FOREIGN NEWS.

(Dates to the 15th inst., per S. S. Australia.)

GREAT BRITAIN.

On the 7th inst., Gladstone's home rule bill came up for second reading in the Commons, and after a long and exciting debate was defeated by a vote of 311 to 341. The Premier made a long and exhaustive review of the bill and of the fallacies in the arguments of its opponents. At the conclusion of his speech a division was taken, which resulted in the defeat of the motion for a second reading. Gladstone seemed much affected by the result and moved an adjournment to Thursday next, which was adopted. The excitement during the division has not been paralleled in the history of the House of Commons. Lord Randolph Churchill first discovered that the Government was defeated, and by waving his hat and indulging in joyful demonstrations aroused the enthusiasm of the members of the opposition, who, rising, waved their hats and cheered again and again. When the figures—311 for the measure and 341 against it—were announced the noise was deafening. A Parnellite challenged the vote. O'Connor called for cheers for the Grand Old Man, which were given with gusto by the Government supporters. Sir William Harcourt and his companions rose and bowed to Gladstone, who was somewhat embarrassed. The Parnellites called for groans for Chamberlain, which were given, with shouts of "Traitor!" and "Judas Iscariot!" Chamberlain merely laughed.

The scene was one of most intense excitement, such as the oldest members cannot remember to have witnessed before. Gladstone throughout the scene sat quiet and composed, as though he had fully expected defeat as the inevitable first step in a long and arduous struggle, and was perfectly prepared for a renewal of the contest at the proper moment.

There was the wildest enthusiasm among the Loyalists in the north of Ireland over the defeat of the Home Rule bill. Rockets were sent up at Coleraine, in the county of Londonderry, announcing the result of the vote to the adjacent towns and soon the news was known throughout Ulster. Ten thousand Loyalists paraded at Lurgan in honor of their victory.

At Lurgan several militiamen have been wounded, some houses wrecked and several persons shot, some being dangerously wounded. One man named Thomas Gallagher was shot dead. Troops have been ordered from Arma to clear the streets. Almost all the constables were injured by stones or bricks. Rioting prevailed in Belfast several days. Shots were fired and a number of persons killed.

The Cabinet held a meeting on the day following the defeat, and by a unanimous vote, resolved to appeal to the country. They held that by resigning they would only prolong and complicate the acute dispute which will be terminated by a speedy dissolution of Parliament. Gladstone sent a special messenger to the Queen, with a letter recommending that Her Majesty dissolve Parliament, as the only means to secure a stable Government.

In the Commons, on the 10th, Gladstone, who was loudly cheered on rising, said that in consequence of the rejection of the Home Rule bill he had advised the Queen to dissolve Parliament without delay. Her Majesty had graciously assented to this, and he would therefore ask the House to wind up the business of the session at the quickest practicable moment. The Premier's statement was received with cheers.

Mr. Gladstone said that he was unable to positively inform the House at what date Parliament would be dissolved, but that it would doubtless be before the end of the present month. Respecting the Government of Ireland, the Premier said he thought the state of affairs in that country was such that the new Parliament ought to meet as early as possible. The country ought not to remain in uncertainty after the general election regarding the policy to be pursued regarding Ireland.

Sir Michael Hicks-Beach declared that Mr. Gladstone's statement was satisfactory.

The Government has placed the district terrorized by mobs in the Province of Ulster under martial law.

UNITED STATES.

Information leaked out of the existence of a large secret organization of fishermen at Gloucester, Mass., composed almost entirely of southern mackerel catchers, owning 175 vessels, to force the United States to take action against the Canadians. They propose to give the Government one month longer, and then they will take care of themselves. These fishermen have been adopted into this District of the Knights of Labor and as soon as the month has expired they have pledged themselves to drive away every Canadian vessel bringing fish to the States. This, it is given out, is to be done by force, if necessary. The vessels, it is asserted, are to carry six-pounders. The Knights

of Labor will order fish boycotted on land that comes by rail. Spies have been sent to all the Nova Scotian ports to notify by telegraph the departure of all cargoes for the States. The Association has pledged \$50,000 for the expenses of the spies and other outlays.

As the time draws near for the trial races between the yachts Atlantic, Puritan, Mayflower and Priscilla, to see which shall win the honor of defending America's cup against the English yacht Galatea, interest in the international contest has revived, and the races promise to be witnessed by enormous crowds from all parts of the country.

Roscoe Conkling's bill for \$20,000, for services as counsel for the State before the Railroad Committee of the State Senate in the investigation of the Broadway Surface Railroad scandal, has been audited and paid. His colleague, Clarence A. Seward, has an unpaid bill for similar services amounting to \$21,000. Conkling declares that during the progress of the investigation he refused retainers for more than this amount.

CHINA.

The American bark Matilda, which arrived at Hongkong on the 7th ult., took ninety days to accomplish the passage from Singapore.

Piracy and robbery are reported to continue to be very prevalent in the Kwangtung Province. It is now authoritatively stated that a complete understanding has been arrived at between Li Hung Chang and M. Cogordan with reference to the proposed Treaty of Commerce between France and China.

KOREA.

The Korean Government are said to have issued an educational law which requires all children between eight and thirteen years of age to attend school. The law appears to have been created on the same model as that of the Japanese.

It is stated by a Japanese native paper that the British Consul at Seoul has informed the Korean Government that the British occupation of Port Hamilton cannot be suspended for some time to come.

JAPAN.

Smallpox is reported to be very bad in Nagasaki ken, where about 400 cases occur in a week, and in spite of the exertions of the sanitary and police authorities, the disease is spreading. Cholera is also reported to have reappeared in districts adjacent to the seashore of this ken and threatens to spread.

Each successive report from Osaka and Kyoto shows that cholera is becoming worse in those cities. It is further reported that sixty cases occurred on the 14th ult. in Osaka, of which forty-nine proved fatal. A telegram received from Osaka, dated the 16th ult., says that about seventy new cases are daily reported. All public resorts have been closed by order of the local authorities.

The Home Department has issued a notification, announcing that as Kyoto and Osaka had been declared infected with cholera, the quarantine regulations would be enforced at all ports against ships arriving from these infected districts.

MISCELLANEOUS.

It is officially stated in Paris that the mission of the two French men-of-war which left Noumea, the capital of the French colony of New Caledonia, for the New Hebrides Islands, is not political, but simply to protect French subjects from the massacres recently inaugurated by the natives against Europeans. Some of the troops taken by the vessels will be disembarked on the islands and if possible will establish in a suitable locality a temporary military station where they will remain until quiet is restored.

A St. Petersburg despatch is as follows:—The *Nova Vremya* states that the Shah of Persia has granted to F. H. Winston, ex-United States Minister to Persia, concessions for the construction of railways between Teheran, the capital of Persia, and Bushire and Meshed, near the Afghan frontier, with such branches as may be found necessary for the development of business on the main lines. As a guarantee the Shah has granted Winston a twenty-year contract "to develop all the riches of Persia." Winston is arranging to go to St. Petersburg to make negotiations for the conveyance of Meshed of the construction material by the Transcaspien lines.

A despatch from Father Point, Quebec, of June 11th, says: The steamer *Aleides*, from Glasgow, bound inward, has on board the captain and thirteen men of the French bark *Michael Emile*, who were transferred from the Newcastle bark *Canova*. The *Michael Emile* was run down and sunk by the *Canova* in latitude 46 deg. 8 min. north, longitude 53 deg. 50 min. west. Seven of her crew are missing and are supposed to have been drowned.

The works of the North American Glass Company, at Hochelaga, were burned on the 9th, including the workshops, sheds, buildings, plant and appliances. The damage is estimated at \$130,000, partially insured.

Bread riots were threatened in Conception Bay, Newfoundland. Crowds of unemployed men were parading the streets, the police, with rifles and fixed bayonets, so far have prevented looting. The British warship *Lily* has been ordered to Conception Bay.

Great Excitement in Wales about a Marvellous Cure.

Living Six Years Without Going to Bed.

Mr. Editor:—While spending a few days at the pleasant sea town of Aberystwith, Cardiganshire, Wales, I heard related what seemed to me either a fabulous story or a marvellous cure. The story was that a poor sufferer who had not been able to lie down in bed for six long years, given up by all the Doctors, had been speedily cured by some Patent Medicine. It was related with the more implicit confidence from the circumstance, as was said, that the Vicar of Llanystryl, who was familiar with the facts, and could vouch for the truth of the report.

Having a little curiosity to know how such stories grow in travelling, I took the liberty while at the village of Llanystryl, to call upon the Vicar, the Rev. T. Evans, and to enquire about this wonderful cure. Through a total stranger to him, both he and his wife most graciously entertained me in a half hour's conversation, principally touching the case of Mr. Pugh, in which they seemed to take a deep and sympathetic interest, having been familiar with his sufferings, and now rejoiced in what seemed to them a most remarkable cure.

The Vicar remarked that he presumed his name had been connected with the report from his having mentioned the case to Mr. John Thomas, a chemist of Llanon. He said Mr. Pugh was formerly a resident of his parish, but was now living in the parish of Llanystryl. He strongly vouched for the truth of the report, and his wife most graciously entertained me in a half hour's conversation, principally touching the case of Mr. Pugh, in which they seemed to take a deep and sympathetic interest, having been familiar with his sufferings, and now rejoiced in what seemed to them a most remarkable cure.

On my return to Aberystwith, I was impressed with a desire to see Mr. Pugh, whose reputation stood so high. His farm is called Pannoc-Mawr, signifying "above the dingle," situated near the summit of a smooth round hill, overlooking a beautiful valley in which is situated the lovely ivy-mantled Church of Llanystryl. I found Mr. Pugh, apparently about 40 years of age, of medium height, rather slight, with a pleasant and intelligent face. I told him I had heard of his great affliction and of his remarkable and almost miraculous relief, and that I had come to learn from his own lips, what there was of truth in the reports.

Mr. Pugh remarked that his neighbors had taken a kindly and sympathetic interest in his case for many years, but of late their interest had been greatly awakened by a happy change in his condition. What you report as having heard abroad, said he, is substantially true, with one exception. He understood that my name was ever given up as hopeless by any Physician. I have been treated by several Doctors hereabouts, as good as any in Wales, but unfortunately no prescription of theirs ever brought the desired relief.

Fifteen years ago, he said, I first became conscious of a sour and deranged stomach and loss of appetite, which the Doctors told me was Dyspepsia. What food I could hold in my stomach seemed to do me no good and was often thrown up with painful retchings. This was followed after a time with a hoarseness and a raw soreness of the throat which the Doctors called bronchitis, and I was treated for that, but with little success. Then came shortness of breath and a sense of suffocation, especially at night, with clammy sweat, and I would have to get out of bed and sometimes open a door or window in winter weather to fill my lungs with the cold air.

About six years ago I became so bad that I could not sleep in bed, but had to take my unquiet rest and dream sleep sitting in an armchair. My attention seemed to be working downward into my bowels as well as upward into my lungs and throat. In the violent coughing spasms which grew more frequent, my abdomen would expand and collapse and at times it would seem as if I should suffocate. All this time I was reduced in strength so that I could perform no hard labor and my spirits were consequently much depressed.

Early in this last spring I had a still more severe spasm of that kind, and my family and neighbors became alarmed, believing that certainly I would not survive, when a neighbor, who had some knowledge, or had heard of the medicine sent to Aberystwith by the driver of the Omnibus Post, some seven miles distant, and fetched a bottle of Mother Seigel's Curative Syrup.

This medicine they administered to me according to the directions, when to my surprise and to the great joy of my own, the spasm ceased. I became at ease, and my stomach was calmed. My bowels were moved as by a gentle cathartic, and I felt a sense of quiet comfort all through such as I had not before realized in many years. I should walk around the house and breathe comfortably in a few hours after I had taken the medicine. I have continued to take the medicine daily now for something over two months, and I can lie down and sleep sweetly at nights and have not since had a recurrence of those terrible spasms and sweatings. I have been so long broken down and reduced in my whole system that I have not time to give you a full account of my door labor, deeming it best to be prudent lest by over-exertion I may do myself injury before my strength is fully restored. I feel that my stomach and bowels have been and are being thoroughly renovated and renewed by the medicine. In fact I feel like a new man.

I have been much gratified by my neighbors, especially by the good Vicar of Llanystryl, who with his sympathetic wife have come three miles to shed tears of joy on my recovery.

I bade Mr. Pugh good-bye, happy that even one at least among thousands had found a remedy for an aggravating disease. Believing this remarkable case of Dyspeptic Asthma should be known to the public, I beg to submit the above facts as they are related to me. (209 It wly] F. T. W.
