About a week ago we received some exceedingly handsome Shoes and Slippers from the East, not from S. Francisco, but direct from the East. This enables us to sell them cheaper than any other store on Maui. Ask for a pair of Men's soft, elegant Romeos. They will fit you like a glove. And our snug, comfortable Men's Embroidered Slippers are nice to slip on when you come home in the evening. Let us show you our Ladies', Girls', Boys' and Babies' Shoes. Also our Barefoot Sandals, Rubbers, Tennis Shoes, White Canvas Shoes, etc.

## MORNING STARS DEFEAT KAHULUIS

By a Score of 3 to 1 the Reds Are Beaten  
Last Sunday at Well's Park.--Waikapu  
Victorious over Lahainas.

## DEATH OF WELL KNOWN MAUI RANCHER.

George Cockett of Waiakoa, Kula, Dies Last Sunday at  
Paia Hospital After an Illness Lasting a Month.--  
Funeral Took Place Following Day.

### MORNING STARS AND WAIKAPU VICTORS.

It's a long ways one would have to travel to witness a finer and cleaner game of ball than that played at Well's Park last Sunday between the Morning Stars and Kahuluis and which resulted in a victory for the former by a score of 3 to 1.

The audience was one of the largest ever present at the Park and were loud in their appreciation of the clean sport put up. At every good play made they cheered and rooted from beginning to end. Both teams had many supporters and these did their utmost to help their favorites to score.

The Kahuluis showed up in their regular fine form but with second baseman Hampton missing. Geo. Henderson played second ably while M. Joseph, a new man, played short. Their playing, as well as that of the entire team, was very good, although they did not come up to the Stars as far as batting goes.

The line-up of the teams were as follows:

Stars--J. Garcia, 2b.; A. Garcia, ss; Geo. Cummings, 3b; T. Wilson, rf; Kaiaia, lf; T. Krueger, c; W. Bal, 1b; Jno. Garcia, p; D. K. Pokipala, cf.

Kahuluis--Geo. Henderson, 2b; M. Joseph, ss; T. Lloyd, 3b; W. Morris, cf; Jas. Hattie, p; Hussie, lf; Smith 1b; Smythe, rf.

The game by innings was as follows:

First Inning. Kahuluis first to bat. Henderson struck out, M. Joseph flew out to second, and Lloyd failed to connect and struck out. Score 0.

J. Garcia walks and on bad throw of pitcher to first reaches third. A. Garcia flies out to short. Cummings hits safe to the left garden bringing J. Garcia home. Wilson puts nice fly to second who throws to first and makes double play. Score 1 run.

Second Inning Simpson struck out, Morris safe on hit to right, Hattie and Hussey both strike out. Score 0.

Kaiaia out short to first. Krueger strikes out and Bal flies on foul fly. Score 0.

Third Inning Smith struck out and Smythe also goes out on fly to first. Henderson is given a base on balls but Joseph flies out to right. Score 0.

Jno. Garcia reaches first on bad throw of third and Pokipala strikes out. J. Garcia flies out to second who again makes double play to first. Score 0.

Fourth Inning. Lloyd safe on hit. Simpson and Morris both out on flyballs. Hattie hits hot grounder to center garden and Lloyd scores. Hattie is caught napping on second and put out. Score 1 run.

A. Garcia and Cummings both hit into the air and are put out. Wilson out second to first.

Fifth Inning. Hussie walks and Smith goes out on fly to center. Smythe hits to short, and a double play to second to first was made. Score 0.

Kaiaia goes out third to first. Krueger strikes out and Bal flies out to center.

Sixth Inning. Henderson reaches first on muffle of second. Joseph hits safe over first. Lloyd flies out to first and Henderson is caught at the plate. Simpson walks on four balls and Morris put out, pitcher to first. Score 0.

Jno. Garcia out catcher to first. Pokipala hits to center, who missed. J. Garcia flies out to center. A. Garcia safe on grounder to rf, and Cummings take first, being hit by the ball. Full bases and Wilson up, who hits liner to Henderson and put out. Score 0.

Seventh Inning. Hattie safe on base hit. Hussie out catcher to first while Smith and Smythe both fly out. Score 0.

Kaiaia goes out pitcher to first, Krueger strikes out and Bal flies out to left field. Score 0.

Eighth Inning. Henderson dies second to first and Joseph and Lloyd meet the same fate on flies.

Jno. Garcia hits safe over short. Pokipala flies out to first. A. Garcia hits a grounder to right field and J. Garcia scores. On bad throw A. Garcia reaches third and on Cummings grounder past third walks over the plate. Wilson goes out pitcher to first. Score 2.

Ninth Inning. Simpson, Morris and Hattie go out in one, two, three order.

1 2 3 4 5 6 7 8 9  
Kahului.....0 0 0 1 0 0 0 0 0--1  
Stars.....1 0 0 0 0 0 0 2 \*--3  
Time of game, 1 hour 28 min.  
Struck out by Garcia 7, by Hattie 4.

The first game was played between the Waikapu and Lahaina teams, and although nothing much was expected was very exciting at times. Quite a lot of interest was

taken in the game by those waiting for the second game.

The Lahainas were much improved and showed they had been practicing, although two of their best players were not able to come over. The Waikapus have also improved and showed their mettle on several occasions.

The line-up was as follows:  
Waikapu--Viola, p.; Kaleo, c.; J. Enos, ss.; Smith, rf.; W. Enos, lb.; Cederlof, 2b.; A. Jackson, 3b.; Kauiia, lf.; Sylva, cf.

Lahaina--D. Espinda, p.; J. Espinda, c.; R. Keaupuni, ss.; E. Napaeae, rf.; Kanamu, lb.; P. Espinda, 2b.; Kua, 3b.; Ah Fong, lf.; Miner, cf.

Score by innings:

1 2 3 4 5 6 7 8 9  
Waikapu. 2 0 0 0 3 0 3 1 5--14  
Lahaina. 0 2 1 3 1 0 1 0 0--8  
Time of game, 1 hour 33 min.

Umpires--M. K. Keohokalohe, W. F. Kane.

Scorer--Dr. W. R. Boote.  
Tomorrow's game will be between the Waikapu and Kahuluis and should prove a very interesting one. The Waikapu have a large support and the Kahuluis will be supported also by a big crowd.

NOTES.

The Directors of the Association would be helping the scorer a lot by providing a table. He has a hard time as it is now.

A bell would also be an improvement and many people would be saved the trouble of asking how many runs were scored each inning.

Geo. Schrader has resigned as Manager of the Morning Star team and A. Enos has been appointed in his place.

The police are to be congratulated on the manner in which they kept the crowd away from the diamond. Officer Crowell deserves special mention.

The use of personal remarks at the players should be stopped. It does not tend to clean sport.

Already there is talk of picking a nine from among the four teams at the end of the season and play the champions of the Honolulu league.

Umpire Keohokalohe is certainly the right man in the right place. His decisions meet with the approval of the teams and audience. The Stars celebrated their victory over the Kahuluis with quite a lot of noise last Sunday.

It is said that Judge Kepoikai offered the Stars a pig if they beat the Kahuluis.

### DEATH OF GEORGE COCKETT.

On Sunday, the 21st, George Cockett of Waiakoa, Kula, died at Paia plantation hospital of liver trouble after a month's illness.

Mr. Cockett was a rancher and was born at Waikapu about 56 years ago. He was a member of the well-known Cockett family of Maui. He leaves a sister and two brothers, Mrs. Taylor of Lahaina, the widow of the late Capt. David Taylor, Chas. B. Cockett of the same town and Pia Cockett, the manager of the Cornwell ranch in Kula. Patrick Cockett, the principal of the Ulupalakua school is his son and Mrs. De Bolt, the wife of Judge J. T. De Bolt of Honolulu is his step-daughter. Deputy Sheriff Edgar Morton and Road Supervisor David Mortou of Makawao are his nephews.

Geo. Cockett was a man of quiet disposition, a good citizen, and well-liked by friends and associates.

The funeral took place on Monday morning at his late residence in Kula, Rev. D. N. Oponui of Huelo officiating.

Governor Vetoes Electric Franchise Bill. A bill granting a franchise to a number of representative people of Wailuku and Central Maui to enable them to establish an electric light and power plant for the towns of Wailuku and Kahului, was recently introduced into the Legislature. The bill was drawn in the usual form and as it would be of great benefit to the towns in question, and possibly to the promoters, the passage of the act was looked forward to with approval by practically all of the people of Central Maui.

Those who had tried to get franchises in the past were sceptical as they well knew the attitude of certain vested interests and felt that every obstacle would be thrown in the way to prevent the passage of the bill.

Amongst other things a bill was introduced into the Legislature called the General Franchise Bill, the terms of which were so drawn that it would give to the corporations established on the various Islands and already using electricity for their own private purposes, what amounts to exclusive rights to their own particular districts.

This scheme was detected in time and defeated by those who stood for the rights of the people as opposed to the interest of corporations. The bill in question, known as Senate Bill No. 64, was passed by both Houses without a dissenting vote and went to the Governor for his signature. The Governor vetoed the bill and we would like to call attention to the reasons given which read as follows:

MESSAGE FROM THE GOVERNOR.

"The day will come when this community will regret the issuance of franchises now in existence. Under the present method of obtaining a franchise there is divided responsibility. It is but natural to think that Congress will safeguard our future and that we need pay but little attention to those matters here, whereas, when Congress is presented with a bill carrying a franchise requiring its approval, the same having already been passed by the Territorial Legislature, they of course consider it fully represents all local demands and may hesitate to interfere.

Few realize the value of perpetual franchises, such as have already been obtained. It may be said that Congress is supreme and can abrogate them, but even Congress is subject to the check of the Federal Supreme Court, and the question of vested rights is a strong one. We should see to it that every franchise passed locally receives the greatest scrutiny and protects in every way possible the rights of the people.

Prominent persons have repeatedly tried to get franchises in the past for the purpose of furnishing light and power for the town of Wailuku, but heretofore have failed through the opposition of those who would have been better advised had they helped the proposition along. News has been received that both the House and Senate have overridden the Governor's veto and this is as it should be for the towns of Wailuku and Kahului cannot help but be benefited by the establishment of an enterprise such as is contemplated by the promoters.

Promotion In Excelsis. "A pink shirt-waist and a plain white vest In a laundry met one day."

That's the way the song goes in "The Grand Mogul," the newest musical comedy tickling New York crowds, in which the Governor of Hawaii is made a sacrifice to the glorious cause of promotion of a knowledge of these islands. Maud Lillian Berri, on the stage, is the daughter of the Governor of Hawaii (but she doesn't marry any Jap in the last act). The play, as described in the New York Sunday World of March 31, reveals palm trees, hula hula girls and Uncle Sam's navy to great advantage. The throne in the piece is modeled after that once known in the Honolulu palace, although the character of the Governor of Hawaii is not modeled after Carter. Thus does King George become a martyr to promotion. In this role he may still live to be a blessing to his country.—Referee.

He might if he would only accept his own resignation. We would like however, to know that it is dated

VIENNA, April 26.—The anti-Magyar movement here is growing in intensity. There are popular disturbances.

SAN FRANCISCO, April 26.—The Oceanic steamship Sierra will probably be placed on the Honolulu run.

WASHINGTON, April 22.—There is a hitch in the Central American peace negotiations. The Nicaraguan Government is demanding that Salvador be held responsible for the war.

SAN JUAN, April 22.—A drought on the sugar plantations is greatly injuring cane. It is estimated that forty per cent of the season's crop will be lost.

If there is anything you desire that is not carried in stock, remember that a word to us is all that is necessary, we'll to the rest.

We carry all the staple groceries, as well as the fancy. Dry Goods, Gent's Furnishings, Hardware, Hay and Grain.

We are headquarters for Baseball goods.

American Flag on the Pacific.

The withdrawal of the steamers of the Oceanic Steamship Company from the direct route between San Francisco and New Zealand and Australia has attracted attention mainly because the company connects its action with the failure of subsidy legislation in the last Congress.

But the most important fact about the carrying trade on the Pacific ocean in the future is the Japanese competition. If any western nation can successfully struggle against it, even with subsidies, the achievement will be remarkable.

When the Japanese feel themselves prepared for the undertaking, in the number and tonnage of the steamships under their control, what could prevent them from driving nearly all their competitors off the Pacific ocean? In a war of rates, no American line at least could hope to contend with them.

The Japanese are natural sailors, and they swarm on the seas because the scanty economic resources of their country and their insular and contracted geographical position make the sea their birthright.

Notes About Mahogany.

San Francisco April 8.—A steamship arrived here a few days ago from Honduras with a cargo of 3415 mahogany and cedar logs.

There is a line in the first book of Kings that brings up the whole East to an imaginative youngster—one who delights in the smells of warehouses and wharves.

There is a story that somewhere about the beginning of the nineteenth century a Dr. Gibbons of London and a brother, a West Indian captain, brought over some mahogany planks as ballast.

It is a pretty story, but in 1703 a cargo of the "Galleon called the Tauro consisting of Cocoa, Brazil letto, Mahogany" was exposed to public sale in London, and thirty years later Bramston wrote:

The wood is noble; the wood itself is noble. Like all things of true worth, mahogany has made its way into slang. Over a century ago Cornish fishermen drank stoutly a drink, two parts gin and one part treacle, well beaten together, and called it mahogany.

The softer wood comes from Honduras, and mahogany is often called cedar to distinguish it from hard Spanish wood. There is also the African, the bastard, the East Indian, the Forest, the Indian, the Madeira, the mountain, the red, the swamp, the white mahogany.

Here let us sport, Boys, as we sit; Laughter and wit Flushing so free. Life is but short— When we are gone, Let them sing on ' Round the old tree.

Consul Warns Japanese from Vancouver Trip.

Japanese Consul General Saito has received a cablegram from Consul Morikawa at Vancouver, advising Mr. Saito to withhold the emigration of Japanese laborers to Vancouver.

It is said that the anti Japanese feeling in Vancouver is so great that the Consul deemed it best to stop further coming of Japanese immigrants for the present.

One of the Japanese hotel-keepers also received a cablegram yesterday from his brother, who now resides in Vancouver. The cable referred to the one received by Consul General Saito and reads as follows:

"A bill restricting the immigration of Japanese was introduced in the Canadian Parliament and passed first reading. I don't think it will pass the second and third readings. The Parliament closes its work on the 19th and the bill will not be acted upon within two days.

Big Profits Made in Japan.

Special Agent Clark, in his report on Japan's cotton mills, stated that the Settu Spinning Company, Operating 103,000 ring spindles, at Osaka, had paid a 40 per cent dividend for 1905.

"Speaking at the general meeting of the company, Mr. Takeo, the president, stated that the Akashi mill of the company now being built would not be able to commence operations before 1908.

"The Kanegafuchi Spinning Company paid a 20 per cent dividend and ordered that \$100,000 be paid to the retiring manager in recognition of his services, who in turn, presented half of the amount to the staff of the company.

Say Jap Girl Was Kidnaped.

SEATTLE, April 4.—Customs officials to-day began an investigation of the mysterious disappearance of a white woman at the time the freighter Shibetoro Maru sailed on Wednesday, working on the theory that she was kidnaped.

A customs inspector found a fourteen-year-old boy weeping bitterly on the dock and the boy claimed his sister had gone aboard the boat and had not returned.

All the officers have is the circumstantial evidence of kidnaping as the Japanese steamer has passed out through the straits she can not be halted.

### Interstate Automobile Traffic.

Not merely the railroads are to be under national control, but the latest scheme is to nationalize automobiles as well. A bill for that purpose has been introduced by Congressman Cocks of the Oyster Bay district. The bill was not drawn or authorized at the White House, as the hasty might conclude from this circumstance, but comes from the American Automobile Association. Its purpose is to prevent the necessity of the automobile traveler's getting a new state license every time he crosses a state line. He must still get a state license in his home state, as prerequisite for a national license and then both his numbers must be displayed on his machine when he goes gee-whizzing through interstate space. It should be passed, next session.

Nearly half of the states now have state registration laws, and the others are in the way of adopting them. The possession of a state license is presumptive evidence of having complied with the laws of the state from which the traveler comes. That being so, there is no good reason why he should be made to stop and submit to examinations or delays from the state in which he is merely a visitor. The Federal license is designed to obviate such examinations and to serve the same general purpose for travelers by automobile that a government passport did for European travelers in the early days when crossing a national frontier was a matter for ceremony, if not for suspicion. The owner of vehicle with a Federal license will have to obey the laws of the state in which he travels, just as the holders of licenses from that state must obey them; but the formality and delay of relicensing will be ended if this bill passes. It is a movement in behalf of simplicity and common sense, and it is a matter of some moment now that vacations by automobile are becoming more and more popular.—Exchange.

### Chicago as a Scarlet City.

Take Chicago, then, not because it is worse than or different from other cities of America, but, on the contrary, because it is so typical, and because it is so well known. Why have the primary basic guarantees of civilization broken down in Chicago? Why has that city, year after year, such a flood of violent and adventurous crime? The answer can be simple and straightforward. Because of the tremendous and elaborate organization—financial and political—for creating and attracting and protecting the criminal in Chicago.

The criminal is a savage, nothing more nor less. Civilization builds up painfully our definite, orderly rules of life—work, marriage, the constant restraint of the gross and violent impulses of appetite. The criminal simply discards these laws and slides back again along the way we came up—into license, idleness, thieving and violence. He merely lapses back into savagery. To understand the matter of crime in great cities, the first step is to measure the positive forces working continually to produce savagery there. These forces are today, as they always have been, greater than can easily be imagined. The city—from scarlet Babylon to smoky Chicago has always been the great market place of dissipation. In the jungle you would call this thing savagery. In the city there is a new side to it. The dweller of the city—true to the instincts of city life—has made it a financial transaction. He has found it a great source of gain, of easy money. There has grown up, therefore, a double motive in promoting it—the demand for the thing itself, and the stimulus of the great profit in providing it. You may call the sale of dissipation in the city savagery by retail. Ethically considered, this thing is hideous, beyond belief; socially considered, it is suicidal. But to be understood and followed through intelligently, it must first be considered neither ethically nor socially. Its methods and motives are the methods and motives of pure business and must be considered as such. There is no other way. That is what I must recognize in describing conditions in Chicago. I must talk cold business, as the saying goes. No emotion, no squeamishness, nor even sympathy; simply a statement of fact.—George Kibbe Turner & McClure.

### Chinese Highbinder War Has Started.

The Chinese community is all agog with excitement as the result of the trouble in the Bong Wo Gook Society which started over the mode of electing officers and has now reached the stage of a highbinder war. This last condition was arrived at last night when Lau Yin, a member of the Min Sing Society and elected to the position of treasurer at the recent meeting of the Bong Wo Gook Society by the insurgent element, was found unconscious about 8 o'clock at the corner of Smith and Beretania streets. He was bably cut on the left side of his head and the wound apparently was made with brass knuckles.

The Chinese community is greatly excited over the matter and the aid of the police was called in at once. A clue as to the identity of the assailant in the murderous assault was found and an arrest will probably be made before night. In the meantime the prominent members of the society are keeping within doors or going about the streets only when accompanied by a body guard.

A big meeting will be held in the makai fish market on Sunday at which both factions of the society will be represented and in order to avoid trouble, which might easily be started, the police will have a detachment of officers on hand. It is said that there are several hatchetmen from San Francisco in town and that they are liable to be called into play by the various factions.

Pang Lum Mau, the president of the society and opposed to the faction to which Lau Yin belongs, denies all knowledge of the assault and claims that Lau Yin must have been the victim of some personal quarrel of his own. Lau Yin is one of the most prominent Chinese in the city and is connected with the Wing Wo Te Co. He is well off as regards worldly goods and also as regards enemies.

The Attorney General's department is looking into the society fight at the request of the Chinese Consul. The request was not made in an official way but on account of the fact that the Bong Wo Gook Society has so many members and the trouble has already reached so serious a stage it was thought best to see if steps could not be taken to end it at once.—Bulletin.

### Had to Pay For Too Many Babies.

Boston (Mass.), April 7.—Swamped by births it was organized to promote, the American Birth Insurance Society has gone into the hands of a receiver and the Supreme Court has been asked to decide the disposition of \$7000 on hand. The society started operations about two years ago and was intended to pay \$150 to \$200 upon the birth of a baby in the family of the policyholders, the idea being that many families avoided children because of the expense attendant upon their coming. Though it secured much new business the society was unable to keep up with the births it had to pay for, and decided to quit business while still solvent.

### Japanese Ruled Out on Appeal.

WASHINGTON, April 6.—The first cases coming up on appeal under the law which provides that Japanese shall not be admitted to the United States unless they present passports to this country, were disposed of by the Secretary of Commerce and Labor today.

Five Japanese, all laborers, applied for admission at El Paso. Each had in his possession a passport to Mexico, issued by the Tokio government. Admission was refused them by the local officials on the ground that they belonged to an excluded class. The decision of the officer at El Paso was sustained by Secretary Strauss.

Information was received at the Department of Commerce and Labor today to the effect that 500 Japanese, recently landed in Mexico, are traveling toward the United States. These aliens a few days ago met at a common center and divided one group moving westward and the other eastward along the Rio Grande. Efforts will be made to prevent these aliens from slipping into this country, as it is their purpose to do if opportunity affords.

**PERSONAL MENTION.**

Don't forget the sale of work given by the Daughters of the King in the yard of the Church of the Good Shepherd this afternoon at 2 o'clock.

J. R. Daggett arrived in Wailuku Saturday and is making his yearly visit to Maui. Mr. Daggett has been a regular visitor to the islands every year for the past eight years where he comes to look after his interests in the various plantations in which he has investments. Last year he returned to his home in San Francisco just a few days before the great earthquake and had to take his turn in line for bread.

Ralph S. Johnstone of the Internal Revenue Service inspected the winery at Kaupakalua this week and took the Mauna Loa Monday for Honolulu.

All lovers of Ice Cream would do well to visit the grounds of the Church this afternoon.

A. Enos and wife and his mother went to Honolulu Wednesday by the Claudine. Mr. Enos is expected back by the Kinau next Tuesday evening.

H. M. Coke was a passenger to Honolulu this week. He is expected home this morning.

C. Hansen of Puunene went to Honolulu this week.

George L. Keeney went to Honolulu this week. He will return with a pair of antlers.

F. Hons went to Honolulu this week to be initiated in the Order of Elks.

Mrs. Chas. Cash, who has been spending a few weeks in Wailuku visiting Mr. and Mrs. Enos, returned to Honolulu per last Claudine.

Mr. James Scott, formerly manager of Kihai Plantation, returned to Honolulu last week, from whence he expects to leave for Formosa on the 29th inst.

Attention! Attention! Attention!!! One of the greatest exhibitions of art ever given in Wailuku will be held this afternoon in the Church school room.

Dr. F. E. Sawyer of Puunene made a flying trip to Honolulu this week.

Mrs. S. Decker was a returning passenger to Honolulu by the Claudine Wednesday.

Mr. and Mrs. A. J. Fernandez of Kahului took the Claudine for a short trip to Honolulu.

Managers Austin and Anderson of the Hawaiian-American and Nahiku Rubber Cos. respectively were passengers to Honolulu by the steamer Claudine.

**6 REASONS WHY LADIES SHOULD WEAR ORKEDA SILK.**

- 1st. Orkeda Silk costs only 60c a yard and gives the same satisfaction and service, as many silks costing much more.
- 2nd. Orkeda Silk is rich and pure, and is not loaded, its weight is silk weight, not chemical weight.
- 3rd. Orkeda Silk will not cut and crack at the folds, and possesses pliability and wonderful softness of finish.
- 4th. Orkeda Silk can be had in an unusually large range of colors, from the deepest to the softest and most delicate tints.
- 5th. Orkeda Silk is genuine, it being stamped on the selvage every two yards is a true guarantee of purity.
- 6th. Orkeda Silk is the right fabric for all purposes for which a plain taffeta weave silk is suitable, such as drop skirts, linings, petticoats and underskirts, and all well dressed women wear them.

A waist like this made at home of ORKEDA Silk is both charming and inexpensive. It will wear well, too, for ORKEDA contains no false chemical weighting, but is pure silk in every thread. Every latest color awaits your choice.

**(SPECIAL TO MAUI NEWS.)**

Honolulu, April 26.—The Senate this morning passed the Maui County Loan Bill of \$110,000. The bill had been killed a few days previous.

**LOCALS**

At Papaikou, Hawaii, last week, Shimazu Kane, a married Japanese woman, stabbed to death a man with whom she ran away from her husband about two years ago. She is in custody.

The barkentine Fullerton with a cargo of fuel oil arrived in Kahului harbor last Tuesday from Port Harford. She returned yesterday for another cargo.

The schooner S. T. Alexander sailed from Kahului to Mahukona last Wednesday.

The Maui Telephone Co. is having new telephone directories printed. They will be ready on the first of next month.

S. Decker, the local Singer Sewing Machine man, has received a consignment of new machines which are now on display at his office on Main street.

Engineering Expert Schuyler, who was brought to Honolulu at the request of a legislative committee to inspect the Nuuanu Dam, has handed that committee a report saying the dam is alright for completion.

All kinds of delicious refreshments at the sale of work in the Church yard this afternoon.

The Senate last Tuesday killed the Local Option measure by a vote to indefinitely postpone the bill.

Judge Parsons of Hilo is expected in Wailuku in the near future to hear the fishery cases, in which Judge Kepoikai is disqualified.

The Maui polo players are all keen about an inter-island tournament this year. There is a proposition on foot for Maui to send over a tennis team as well as a polo team, and to sandwich some inter-island tennis matches between the polo tournaments. Walter Dillingham is in favor of holding a gymkhana during Polo Week.—Referee.

### Hawaii's Shipping Advantages.

The Tehuantepec Railroad crossing Mexico is of greater importance to Pacific commerce than the shippers and importers of Hawaii and California have begun to realize. While the rail distance is greater than the Panama road, a mere bagatelle in the long voyage from New York to Pacific ports, the sea distance is so shortened on the Atlantic and Pacific sides as to render the new commercial route a far more desirable accommodation to northern Pacific commerce than the one farther south. The line has been in operation less than four months and before the year is out it is expected that with improved schedules Honolulu will be brought within 30 days of New York, which will cut the Cape Horn route out of all consideration as far as steam traffic is concerned. The recent purchase of two more steamers, the Maine and Missouri, by the American-Hawaiian line, which, by the way, is giving the new railroad most of its freight, means increased facilities for handling local sugar and inbound merchandise. The Tehuantepec Railroad is the best equipped in Mexico. It traverses 190 miles, though a straight line from Salina Cruz, on the Pacific, to Coatzacoacoals, on the Gulf of Mexico, measures 125 miles. The construction of the two harbors with the necessary breakwaters, lighthouses, wharves and warehouses at the eastern and western terminals cost \$7,000,000. The new route is so advantageously laid that the Panama Canal when opened—say, 10 years hence—will affect its business but very little.

### The Pest of Flies.

The Bystander in Sunday Advertiser: Dr. Cobb did a good thing the other night when he emphasized the relation of flies to disease and pointed out a way to get rid of the dangerous pests. If everybody knew that flies bred only in the compost heaps which accumulate in states or about them, there would be few flies to contend with. Every neighborhood has the flies it deserves and no more. There are localities in Honolulu where the insects are abundant; others where they are never seen. With them, as with mosquitos, the antidote is utter cleanliness—nothing rotting, nothing stagnant. When the public begins to get a clear perception of these facts, if it ever does, Honolulu will have a claim upon the attention of those who seek a sanitary resort which, perhaps, no other tropic capital enjoys.

### Fakir Wallach and his Cause Badly Stung.

Attorney-General Peters this morning sprang a surprise on worm fakir Wallach and his attorney Clemmons. And Judge De Bolt was as much surprised as anybody else.

Wallach was to appear for sentence Saturday, but the motion of his attorney, Clemmons, for a new trial was to be argued first. Peters stroled over to the court, and when Clemmons had presented his argument for a new trial, Peters took the ground that there was no new trial coming to Wallach and that he and his attorney had forfeited their right to ask for one. They had asked for an arrest of sentence, and this, although it had been disallowed, acted as a waiver or right to a new trial. The judge said it was evident that Mr. Clemmons had been taken by surprise and was not prepared to argue on the subject, so he would continue the case to Monday to allow him to see what he could do to knock out Peters' contention. But the Attorney General wasn't a bit bothered. He had a raft of authorities to back up his position and was apparently confident that no new trial could be granted under the law, and that Wallach must be sentenced.—Bulletin.

### Sierra Put on Local Run With The Alameda.

W. G. Irwin & Co. agents for the O. S. S. Co. last week received the following cable from San Francisco headquarters. The Sierra will sail on April 30 for Honolulu. She will sail from Honolulu on May 11 on an experimental voyage with a view to alternating with the Alameda on the local run. The company will expect the local support.—Star.

### Donohue Taken to Honolulu.

Detective Joe Leal arrived per last Claudine from Honolulu to take charge of Charles Donohue, arrested here by Sheriff Saffery at the request of Sheriff Iaukea of Oahu County.

Officer Leal intended to spend a few days on Maui but Saturday morning received a wireless calling him back as the Chinese highbinder war had started. He immediately started with his prisoner to Lahaina where he caught the Iwaloani for Honolulu. Donohue was charged with defrauding Mrs. Mary Rogers of \$250.

### Los Angeles Man Missing.

Late yesterday evening a remarkable case of mysterious disappearance was reported to the police. It is that of a Los Angeles merchant who left his personal effects at a local hotel nearly three weeks ago and then dropped out of sight as if earth or sea had swallowed him.

Chief Detective A. P. Taylor immediately went to work on the case and before the town had gone to sleep had collected a lot of information about the missing man, whose name is L. R. Radermacher.

Major E. H. F. Wolter, proprietor of the Occidental hotel, at King and Alakea streets, laid the information before the police. He said that on Tuesday, April 2, a well dressed and well appearing man, of smooth face and a Jewish cast of features, went to the Occidental and engaged a room. The stranger had a trunk, a valise and a dress suit case. He asked for a key to his room and the request was gratified, although very few of the rooms have key.

That night the newcomer slept in his room and he has never since been seen. He had taken some of his clothes out of packing and distributed them in a wardrobe and in bureau drawers. A very fine quality of underclothing was what he placed in the bureau.

His baggage was marked "L. R. Radermacher" and apparently came from the Alexander Young Hotel as a label on the trunk and a tag on the suit case indicated. Mr. Taylor found later that a guest of that name registered at the Young on March 14, having arrived in the steamer Sonoma from San Francisco, and left that hotel on April 1. This information disposed of a theory, based on circumstances, that Radermacher was one of the Los Angeles excursionists arrived in the Ohio.

The clothing hung in the wardrobe was readymade goods labeled as sold by Hart, Shaffner & Marx, clothing, Los Angeles. In the dress suit case one of the Los Angeles excursion programs was found. There was a letterhead also, having a pretzel ornament in the left corner and opposite a card and blank date as follows: "Home Phone 21831. J. L. R. Radermacher, Importer and Jobber of Grocers' Specialties, Los Angeles, Cal.,....., 1907." Another find was a writing tablet containing a blotter on which is decipherable in reverse the address "3022 South Fifth, City." There was also a piece of paper on which is written, "Augusta Radermacher, 448 North Belmont Avenue. Then there was a section of an Oceanic steamer passenger list, the map on the back of which had Samoa and Auckland marked with a pencil.

Lastly there was an opened envelope marked in pencil "L. R. R. \$200," as if it had been used in depositing funds at a hotel office. The envelope shows impressions of coins and apparently a watch chain in the paper.

When the Los Angeles excursionists were here a man answering the description of Radermacher was among them at different places. At the Kapiolani Park afternoon band concert he was seen in company with an attractive looking woman, dressed with taste and precision in keeping with his own notably dapper appearance. They seemed to keep apart from the other Los Angelenos, however, and attention was drawn to them particularly by a peculiar restlessness of the man "on his pins," which caused an observer to size him up as a dancing master.

Radermacher, or the man supposed to be he, is recalled by the Advertiser having been seen some days later conversing with a townsman at the street entrance of Elks hall. A search of departing passenger lists for a week after the man's disappearance fails to reveal the name of Radermacher.

### The Lid is On Wallach.

"Doctor, Wallach will not practice at Kalahe, or at the Molokai Settlement, or anywhere else, with the consent of the Board of Health."

In these words President L. E. Pinkham announced the decision of the Board of Health on Wallach's case, immediately after an executive session of that body on Friday, the 19th. It was said in presence of the members, who had just risen from the board. When an Advertiser reporter appeared in the board room as soon as the door was opened, a member declared in favor of giving out the written decision. This proposal was overruled because the document was addressed to the Legislature and would not be presented to the different houses until this morning.

There was a full attendance of members—President Pinkham, Fred C. Smith, Mark P. Robinson, D. Kalahealani, Dr. J. T. Wayson, Dr. J. R. Judd and Attorney General E. C. Peters. The Attorney General was the last one arriving and immediately on taking his seat moved that the Board go into executive session. Dr. Wayson seconded the motion and it carried.

As announced the decision is what the Advertiser foreshadowed two days ago.

It transpires that among the preposterous claims made by Wallach was one that he had cured 165 cases of leprosy in Honolulu during the past year.

The Board of Health, on the other hand, is aware of only 83 new cases of the disease in that period.

What appears like a piece of moral cowardice on the part of the Senate and House health committees, if not positive treachery to the other members of the Legislature and the country at large, has come to light. This is the suppression of a letter from the president of the Board of Health, giving facts relating to the services of the bacteriologist whose salary the Legislature has cut off as being, in the view of the assembled wisdom, a useless expenditure.

This letter was sent to the chairman of the health committees on the 17th inst. Its information is urgent in nature, considering the lateness of the session, yet it has been withheld from the Legislature thus far. The letter shows that a great many people have been snatched from imminent danger of being sent to Molokai through the scientific diagnosis of suspected cases by the bacteriologist. It is as follows:

"Beginning with April 4th, 1906, and ending April 5th, 1907, a period of one year, 107 leper suspects were examined by the bacteriologist of the Board of Health. The examination through the microscope showed twenty-four of these persons were free from the bacilli of leprosy and therefore were returned to their homes declared non-leprous.

"A large majority of these 107 persons came to the Board of Health voluntarily. Very few of the twenty-four persons found non-leprous ever saw the Kalahe receiving station. They usually came direct to the President of the Board of Health, who caused an examination to be made at the special room set aside in the Dispensary building. They were then invited to return the next day to learn the result of the microscopical examination, and as I state above the twenty-four were found non-leprous.

"Their traveling expenses were paid by the Board and in addition one dollar per day given them for each and every day they were detained in Honolulu so they could pay their board to their Honolulu relatives or others.

"When the suspects were children the parent who came with them also received all expense of travel and one dollar per day board money.

"There are members of both the House and Senate who are aware of these facts and can so testify if they desire the exact truth to be known.

"There are certain clinical symptoms of other diseases resembling those of leprosy, hence the use of microscopical examination of the snips of skin which contain the bacilli. If there are no bacilli leproae in this snip of skin there is no leprosy.

"The bacteriologist is the man who, above all others, prevents suspects being sent to Molokai by ascertaining the truth as to the condition of the person examined.

"I believe both the House and Senate should be made aware of these facts, but I leave that to your own judgment."

### Gets Right of Way Across School Lot.

A meeting of the Board of Education was held Monday afternoon. Superintendent Babbitt was notified by telephone, that Dr. Mackall had ordered that the school at Aiea be closed, owing to serious health conditions in that vicinity.

In response to a question by W. R. Farrington of the Board, Superintendent Babbitt stated that while it was desirable that a new high school in Honolulu should be built there were other schools more important at present.

The resignation of Mrs. Dickenson as school agent at Lahaina, was received and Arthur Wall the postmaster at that place, was elected to the vacancy. Miss Aiona was appointed assistant teacher at Lahaina, vice Mrs. Gannon resigned. T. N. Haue was made acting principal at Hookea and W. E. Wright appointed to a similar position at Aiea.

A proposed assignment of teachers on the Island of Hawaii suggested by Inspector King, was referred to the teacher's committee.

Blanche Soper of the Normal school staff was granted a leave of absence on a doctor's certificate. Mrs. Kate McKay was refused a leave of absence. Mrs. Huddy was granted a furlough.

Commissioner Dodge reported on his trip to Kahana. On his report the school was transferred to the Commissioner of Public Lands so a right of way for the railroad can now be granted over the land.

A request was received from the Central Improvement Committee, asking that principals be requested to instruct the school children not to throw banana peeling and dirt on the sidewalks.

An informal discussion of fire drills was held.—Star.

### Installation at Kula.

On last Sunday morning, Rev. J. P. Inaina was installed pastor of the Keokea Hawaiian Church in Kula. A large audience was present. Rev. I. D. Iaea preached the sermon and Rev. M. Lutero gave the right hand of fellowship. The charge to people and pastor was given by Rev. R. B. Dodge. Rev. D. N. Opunui offered the installing prayer.

### Lost Citizenship If Abroad Two Years.

The new naturalization law passed by the last Congress provides that where a naturalized citizen returns to the country from which he came and remains there for two years or remains in any other foreign country for five years, he loses his naturalization. Commissioner North is of the opinion that, under the new law, a Chinese born in this country, even if he returns to China in his infancy, is always an American citizen, which is contrary to a recent ruling of the department.

The law states that no American citizen shall be allowed to expatriate himself while this country is at war. Any American woman who marries a foreigner takes the nationality of her husband, and at the termination of marital relations she may resume her American citizenship.

A child born without the United States of alien parentage shall be deemed a citizen of the United States by virtue of naturalization of the parents.—The Beacon.
