

AMONG THE BOYS IN BLUE

National Guard Hawaii's Officers' Club
Maintain Their Hospitality.

Night Visit to Camp Dole—Interchange of
Courtesies at Minnesota Boys' Drill
—The Military Hospital.

The Officers' Club at N. G. H. headquarters still maintains its princely hospitality to United States military officers bound to Manila. It began with the first expedition and has continued with every succeeding one. A sumptuous luncheon is served to the officers in the club every time the men of their command have their feast from the citizens under the trees. Besides, the table is always kept replenished day and evening with the best the market affords in fish, flesh, fowl and fruit. Evenings the Hawaiian quintet club is constantly engaged to regale the guests with its fine minstrelsy.

Lieutenant Hawkins of South Dakota is of Southern origin. Two of his uncles were killed while serving as colonels in the Confederate service. His grandfather was an unwilling guest of the "pigeon prison" in Louisville. With the lieutenant, however, these things are only an interesting tradition. There is not a more fervid patriot than he now pressing to the front.

South Dakota's quota, in response to President McKinley's call, was 613. That breezy state has already sent 1800 men to the front, and there are two more regiments all ready and "crazy to go."

Talk about aborigines! There are eleven full blooded Sioux Indians among the Episcopal clergy of South Dakota. They were educated at the famous Carlisle Institute and are fine preachers.

Lieut. Tennvoorde, in command of the company of Minnesota recruits, escorted a party of N. G. H. officers last night on a visit to Camp Dole. Major McCarthy, Captains Schaefer, Smith and Camara, Lieutenants Klemme, Rowell and Petrie, with one or two others, went through the canvas town. Lieutenant Tennvoorde explained the system of pitching tents, which was highly interesting to the local sons of Mars.

First Lieutenant Clark of the 13th Minnesota was acting adjutant in the exhibition drill of that command on Palace square yesterday afternoon. Captain Paul Smith of Co. A, N. G. H., took command of the Minnesota Co. A for the nonce, in place of Lieutenant Clark. Major Diggle commanded the battalion. The drill was greatly admired by a large number of N. G. H. officers who were present.

Dr. Griffith, lieutenant on Col. Barber's staff, comes to take charge of the garrison hospital here, which he will open one day this week. The woman nurses of the Red Cross hospital will be temporarily engaged, but later men will be detailed exclusively for the nursing. The Government makes no provision for woman nurses. There is no doubt, however, that the boys in blue who have been cared for in our local hospitals will always on be ready to hold up both hands in a proposition to have ladies employed as nurses.

First Lieut. Winthrop, quartermaster on Col. Barber's staff, visited the Officers' Club in company with Dr. Griffith last night. Both gentlemen became favorites with all who were present to them, at the first grasp of the hand.

FORGOT THE LAST HONORS

An Unpleasant Hitch in Funeral of
Soldier Lad Patton.

People Ready But No Military Escort in Sight
—At Length the Telephone Brings
a Large Detachment.

Yesterday the death that morning of William Patton, a young United States soldier, was exclusively announced in the BULLETIN. It was also stated, upon first authority, that Colonel Barber would send an escort of the visiting Manila troops to the funeral. It was known that, after this paper was so informed, Superintendent Eckardt of the Queen's hospital where the unfortunate young patriot died, had been referred by Consul General Haywood to Colonel Barber to arrange the funeral. It was decided to have the funeral start from the Methodist church, where services were to be conducted at 9 o'clock by Rev. Mr. Pearson.

The hour arrived, and the coffin lay upon the bier in front of the dais. There was a goodly attendance of sympathetic ladies and a few gentlemen. Mr. Pearson, pastor of the church, and Rev. D. Harris, superintendent of Methodist missions, were punctually on hand. Yet there was no military escort to pay the last sad honors to a dead comrade.

For more than an hour the assembly waited. H. H. Williams the undertaker telephoned to someone at headquarters to ascertain if an escort were not coming. An answer came over the wire in Scotch fashion, asking if an escort could not be done without. The result of the parley, however, was that at length a large escort appeared. It consisted of about eighty men detailed from the South Dakota, Minnesota and Colorado troops in camp. First Sergeant Short of Co. B, Minnesota Volunteers, was in command. The escort nearly filled the pews on both sides of the right aisle.

Mr. Pearson was reading a portion of scripture when the reporter entered. Then the congregation sang "Nearer My God to Thee." The coffin was covered with flowers in various designs. Poor William Patton, who fell by the way, received Christian burial and, in spite of the unfortunate hitch here recorded, due military honors as well.

Chinese Riot Case Also on Trial—Squires
Estate Case Settled—Native Woman
Divorced.

Judge Stanley granted a divorce to Namanu against her husband, L. K. Halualani, on the ground of desertion.

The suit of James McQueen against Frances E. Jackson his mother, to compel the surrender of his heirship funds in the estate of Z. Y. Squires, has been settled.

N. J. Luiz by his attorney, A. G. Correa, has withdrawn his appeal against conviction of assault and battery.

Judge Stanley is hearing the trial of Ung Shing, Ung Yong and Chock Fook for riot, the following jury being empaneled. J. J. Lecker, T. V. King, A. F. Clark, B. F. Beardmore, Chas. Ramsay, H. Zerba, G. W. Farr, E. Benner, C. B. Ripley, H. G. Danford, C. H. Atherton, C. R. Dement. The prisoners are being defended by A. G. M. Robertson, Deputy Attorney General Dole conducting the prosecution.

Judge Perry is holding the trial of O. St. J. Gilbert and W. H. Pain on the charge of furious and heedless driving. It has no reference to the speed of cars on the Hawaiian Tramways Co. tracks, as might be hastily supposed from the names of the defendants. They were careering over the Waianae desert on borrowed plugs from a ranch. The deputy sheriff, as they allege, was the only being who took any notice of them, excepting the startled goats along the trails. That official alleges that the reckless cavaliers indulged in a race for the distance of seventy-five (75) yards. A policeman, whose memory has since been aroused from chronic torpor, swears that he too saw the steeple chase and that the racers were going at the terrific rate of a mile in a quarter of an hour. The defendants were convicted in the Waianae district court, but appealed to the Circuit Court.

Naturally the defendants keenly realize their position. They may be consoled by the thought that if they go to the reef, there be many kind friends who will keep them supplied with reading matter. Tracts made up from the H. T. Co.'s charter and the more recent Rapid Transit statutes will be furnished by the BULLETIN itself.

The jury trying the case is composed of L. C. Ables, C. S. Weight, M. Costa, E. O. White, Carl Willing, E. A. McNerny, J. J. Egan, H. F. Wichman, C. E. Frasher, A. Turner, Fred Philp, H. Gehring. A. L. C. Atkinson is prosecuting and Paul Neumann defending the case.

Insane Woman From Maui.

Carrie's Instructions.

Among the passengers on the Mauna Loa this morning was Deputy Marshal Hitchcock who goes to Molokai, Maui and Hawaii with instructions to notify the sheriffs and deputy sheriffs of the change in affairs after Friday. Just what his exact instructions are cannot be learned.

There is no great change in the condition of the soldiers in the hospitals today. Lieut. Hunt and Private O'Connell at the Red Cross, however, have only survived severe crises of last night.

CALIFORNIA SOIL ANNEXED

Interesting Private Ceremony to Take
Place on Flag Raising.

Curious Commission from a California Lady
—Will Be Executed by Officer of
National Guard Hawaii.

Who said Hawaii was to become part of California as a result of the Commission's work? More like California to be annexed to Hawaii. As a matter of fact, whenever the flag goes up, California soil will be made part and parcel of the Executive park.

Mrs. Lilly Bennett Baldwin of San Francisco is the paramount stateswoman who shall have brought about this happy consummation. Everybody has heard of "Lucky" Baldwin. Well, this lady is his wife.

By Major Rourke of the 4th U. S. Cavalry, Mrs. Baldwin sent to Honolulu a box of simon pure California soil. Not much of it, hardly more than a maidenhair fern seed should want to germinate in. The box is 5x3x2 inches. Major Rourke entrusted the precious package to Lieutenant C. M. V. Foster of the National Guard of Hawaii, to well and truly see the contents according to instructions.

It is decreed by the fair donor that whenever the Stars and Stripes hit the gilt ball on the main flagstaff of the Executive building, the California soil shall be gently shed upon the ground beneath, like the dew upon Hermon, or the manna in the wilderness, or the prophet's benediction upon the head of a prince royal.

Lieutenant Forster is supposed to be sitting up nights, with his temples swathed in a wet towel, conjuring up fitting words to become historical for uttering while he sows the joint emblem of California's wealth and America's freedom upon the sunbaked crust of the demesne whence Hawaiian sovereignty has departed.

THREE MEN DESERTED.

C. D. Bryant Forced to Postpone Sailing
Until This Forenoon.

Captain Colly of the C. D. Bryant seems to be particularly unfortunate with his men. Two trips ago while in San Francisco, his whole crew left the ship and he was forced, on account of the rush of sailors to the Klondike gold fields to take on men who didn't even know the difference between fore and aft. He worried along with this crew and then went back to the Coast.

The last crew was fairly good and Captain Colly got along well enough until yesterday. He was already to sail for San Francisco when he found he was three men short. They had deserted ship. This of course, delayed sailing and the Bryant did not get away until late this forenoon when she took three new men in the place of the deserters.

WHAT PORTUGUESE THINK

Opinions of Some of the Leaders on
Matter of Annexation.

J. M. Vivas Awaits Proclamation—M. A. Gonsalves Does Not Want a Bluff—M. G. Silva
Take Pessimistic View.

The opinion of the Portuguese in the city on Annexation has been kept very much in abeyance and, even now, when the flag of the United States is about to be raised the Portuguese say little but continue along in the same quiet channel.

At one time there was quite a bit of excitement among the Portuguese on the subject of annexation. Meetings were held in Lusitana hall and the opinions of many of the prominent Portuguese of the city were given, but the excitement soon abated and the Portuguese went back again to their homes as if nothing had happened.

Now that annexation has been accomplished, the Portuguese are beginning to feel a little uneasy as to how it will affect them. A few of the prominent business men of the colony were seen this morning and this is what they have to say:

J. M. Vivas—I am not prepared just now to say what I think of annexation. Foreign correspondents and local newspaper men have called on me but I have stated nothing. I will say, however, that the Portuguese are waiting for the proclamation. As soon as that is given to the people, you will have expressions of opinion galore. It would not be right to say anything for or against annexation until we know just how we are going to be affected by it. There is one thing, however, that you must keep in mind—the Portuguese, like the Hawaiians, want to vote. I think if this is granted them they will be satisfied for it would mean equality with the elements that will be allowed the privilege of talking through the ball lot box.

M. A. Gonsalves—I have always been in favor of annexation and I am in favor of it now if it is not a bluff. What do I mean by a bluff? I think I use it in the same sense as the Americans and with as much force. Here is an illustration. America does not permit Chinese and Japanese to enter the country as contract laborers. Now then, special laws are made for the territory of Hawaii and Japanese and Chinese cheap labor swarm into the place. What about it? I tell you I am dead set against anything like that. To sum up the whole thing I would say that I, for myself, want annexation pure and simple as I have always said. The same laws that obtain for the United States as a whole should obtain for any part. Of course, I am not unreasonable. I know that certain laws such as land laws will have to be made for Hawaii but in such matters as the one I have just mentioned I want the same laws. Again I say, I am in favor of annexation if it is no bluff.

M. G. Silva—Annexation will bring us no benefits. I am going back to my home in Portugal not many months hence but I shall probably return in a couple of years or so. At that time the "benefits" of annexation will have shown themselves but I tell you frankly that I expect no benefits. There will be a big boom at the start. There will be a big demand for laborers such as the Portuguese. The improvements having been completed and the boom having exhausted its last bit of powder, the laborers will return to their homes to whistle on their front stoops. Annexation will bring benefits for the space of two or three years. After that the deluge. As for business houses like my own—well, we will be

ALL ABOUT THE CEREMONY

At Least as Much as Authorities Will
Reveal at Present.

Positions for Viewing the Raising—No Restriction
to Admission—Ball for
Entire Public.

Only the King street gate to the Executive building will be closed on Friday for the flag raising. The gates on Richards street and Palace Walk will be open to the public all day. As stated before the American flag will be hoisted at 12 noon or as close to that hour as possible. Invitations to official guests are timed for 11:45. These personalities will be received at the rear entrance of the building. Others who desire to be within the enclosure containing the platform can procure cards of admission at the Foreign Office. They may come to the ceremony when they choose, but 11:30 would be right.

The flag will be hoisted from the tower, not from the ground. Hence the performance cannot be seen from either the lower or the upper balcony. From the enclosure one can see it only at a sharp angle involving a crick in the neck. Really a better place will be anywhere in the grounds outside of the platform enclosure at the front. The benches used by the boys in blue at their feasts will be preferred stock.

Carriages may enter and leave by both Richards street and Palace Walk, but no carriages will be permitted to remain on the ground during the ceremonies. The salutes will be fired from near the band stand, and people may take warning about leaving horses unsecured near the grounds.

It is expected that the entire ceremony will occupy 15 or 20 minutes. Official speeches will be short, cut-and-dried compositions. Rev. G. L. Pearson, as Chaplain of the Senate, has been or is to be invited to offer prayer on the occasion.

A plenary invitation is to be issued to the public, by authority through the papers, for the ball in the evening.

Let it be well understood that the public has free and unrestricted admission to the grounds for the flag raising, subject to the regulations as to points of entrance and exit above set forth. Also that the ball in the evening is for everybody above nursery and kindergarten ages—costumes ad libitum within the category of democratic respectability.

A SOLDIER'S NOTE BOOK One of the Colorado Boys Tells of His Trip. Through Towns Patriotic and Others Not Patriotic—Gets Enthused by the Ocean—Good Words for Captain.

A volunteer signing himself "G. H. C., Co. E, 1st Colo. Regiment," gives the following account of the trip of the Colorado boys now on the St. Paul:

On June 19 the boys started out but when two miles out of Pueblo found that one man and some Red Cross delicacies were left behind. The air brakes were set and guarded by the men, who demanded that the train should return. The Superintendent was in his private car and demanded the train should continue, but as the troops had a visible advantage, the train officials caved in, the train ran back to the station and the missing man and provisions were put aboard. Lieutenant Bidwell was cheered to the echo.

June 20 arrived at La Junta at 2 a. m. and waited there till 7:30. The citizens were very patriotic, received us with band and fireworks. Breakfast in the car consisted of sandwiches and coffee; noon meal, chicken, biscuits and coffee. Everybody well and happy.

Stopped at Los Vegas 30 minutes. Citizens no good; nearly all sympathizers with Spain. Corporal McWilliams brewed some lemonade that was highly appreciated by the boys. Arrived at Albuquerque at 7:30 p. m. and had 50 minutes stop. Ladies exchanged souvenirs, addresses and promised to write. One souvenir was a yard of ribbon from a ladies hat, hat pins, etc. We were treated very well in the way of eatables and gave three rousing cheers as the train pulled out at 8:30 p. m.

June 21 we took breakfast at Winslow, Ariz., an unpatriotic town. Saw the famous Canon falls, 386 feet high, about 15 miles out from Winslow. They sell beer here at 15 cents a bottle; got a few packages. None drunk so far and all can get all they want; a very good crowd. Stopped at Flagstaff for 15 minutes, rousing reception from the citizens. Arrived in the State of California at 6:30 at a town called the Needles. Had supper and a good time here with the Indians. Bought their home-made dolls for 10 cents.

June 22, woke at 5 o'clock to find ourselves in the Mojave. Left there and after a slow run arrived at Tehachapi, the summit of the Rockies. Corporal McWilliams practised his eye by shooting a cotton tail at 100 yards. The scenery is fine. We are now going over the famous loop or horse-shoe bend where you go around in a circle, the engine almost touching the last car. This famous bend is between Bakersfield and Tehachapi, about 15 miles East of Bakersfield. Took dinner at Lathrop; citizens very enthusiastic. Arrived at Oakland Mole 7:30, citizens following us until sidetracked at 16th Street. The enthusiasm was something tremendous, women actually running to keep up with the train.

The next month we were in camp in San Francisco and on July 29 went on board the transport St. Paul, 900 troops in all, and sailed at noon on the 30th.

August 1—This is the fourth day aboard ship and every one is well again after an exciting chase to leeward for the last three days. I was not sick at all and having a stand in with the steward, I eat and drink of the best on board. The majority of us took a salt water shower bath today, which was very fine. Now being out about 1000 miles we begin to experience some warm weather. Awnings are being stretched across the decks and we will soon be sleeping on deck. Our sleeping accommodations below are good. We have white suits now but the boys are mighty careful about changing too soon as they do not want to get sick and be sent back from Honolulu. The sea is divinely beautiful; of a dark blue with tint of the lightest green and topped off with a foam covered crest. So far the weather has been grand, not a ripple to disturb the grand serenity of the vast and beautiful deep. North, South, East and West, we scan

the vast space but water is everywhere and one often wonders how the power of man can discern a landing across the vast expanse. Water, water everywhere but not a drop to drink. Our supply of fresh water on board is limited. Thus am I inspired: We sailed along and not a sail in sight Naught to be seen but water far and wide. My thoughts reverted to that happy night Dear Girl, when you were by my side; That night alas! So short but full of Joy Seems like a beacon light to cheer my heart As further from you I am borne away To that distant land where all is dark. But hark! reveille sounds again The war is over and peace rules over the land I leave those distant scenes of bloodshed and of pain. And once more clasp you dear hand.

Aug. 3.—Been on guard all night. Things are not going smooth. Food served to men of coarse quality and bad. Complaints are as thick as flies on molasses. Everybody feels sore except the officers of course who don't have to eat it. We are stopping six or seven times every twenty-four hours on account of a defective piston rod so that we do not feel very happy. Everybody is anxious to see land and Honolulu, where we hope to stay a week, then Ho for the Philippines.

Aug. 8.—Captain Howard of our company is deeply interested in the welfare of the men. He issued orders this morning that the men need not drill without proper food. If the captain had his way the boys would get on all right. He does the best he can and more is not asked.

TUESDAY, AUGUST 9, 1898.

When Johnny comes sailing home is a subject for some American songster to grind on.

Query: What funds are to be used to pay for the bill Friday night, Hawaiian or American?

For why? The people would like to know the explicit reasons for the delay in the flag raising.

The English Speaking Brotherhood, not Anglo-Saxon Alliance, is now the proper term. The Star will please take notice.

The celebrators are anxious to find out why some of the people who promised speeches have suddenly become tongue-tied.

As the Waiialele arrived in this port, from her exploration tour, at 10 o'clock Sunday night, Honolulu's evening papers can lay claim to the popular San Francisco refrain, "Eighteen hours ahead of the morning papers."

Mr. Balfour was in charge at the British foreign office when the crisis as to Great Britain's position in the present war came. Hon. George Gorzon, who has an American wife was his second in command. Now the question comes, do the ladies play an important part in the diplomacy of nations?

How petty will the future historian regard this quibble, this misunderstanding about the flag celebration. Yet we must not forget that petty quibbles, misunderstandings with the people have often had no small influence upon the political history of men and nations.

The Colorado boys are a very positive collection of men. When two miles out of Paeb'a they put on the air brakes of the troop train and made the train officials run back to the station to take on a man and some provisions left behind. They ought to make a jolly lot of fighters.

The Advertiser questions Minister Sewall's accuracy as an historian. If the tender of Hawaii to the United States was not an act of "splendid loyalty" it will have to be put down by the future historian as a downright job, a gamble so-to-speak to gain annexation. We are inclined to believe the kind future historian will give Minister Sewall's view the benefit of the doubt.

THE DIPLOMATIC WAR GAME.

As the National Review, of London, is supposed to be able to speak from the British diplomatic card, its statement of how the European powers sought to embarrass the United States in the present war, is particularly interesting.

As soon as the American policy was assured the continental powers evolved the scheme of making a second Crete of the Cuban question. France jumped in because her people had large holdings in Spanish bonds. Russia followed without much urging, having in view an increase in the ill will between the United States and Great Britain which would leave the Russian to carry out his Oriental schemes with a free hand. Austria was a willing party to the plan, its desire being to protect an Austrian princess, the Queen Regent of Spain. This was the first combination.

Italy, when approached, wisely held aloof. Germany is said to have jumped at the proposition, hoping to embroil two great republics, France and the United States, and pay off a debt to the American republic which has drawn so many good men from allegiance to the Emperor and done not a little to propagate republican ideas throughout his Empire.

British acceptance of this plot was banked on because of a supposed desire for revenge on account of the bluff methods used by President Cleveland in the Venezuelan affair. But the plot fell flat. Officials in the British foreign office were not only quick to see the nigger in the continental wood pile, but also saw that having the balance of power, opportunity was offered to gain diplomatic and popular friendship of the English speaking nation with which they had been at odds for years. Great Britain had the fortune of holding a trump card and having the last play in the diplomatic game and her leaders made the best of it.

British papers unite in saying that the United States should be grateful. There can be no question that the United States is grateful, and it is only hoped that this new found friendship will not become so intimate as to make good the old saying that the worst rows are those between former intimate friends.

An exchange, speaking of the serious accident suffered by the Prince of Wales recently, says: "The staircase on which the Prince met with his mishap is one of two sweeping circular staircases, one at each end. The Waddesdon stairs are carpeted with thick, deep red felt. It appears that the Prince was looking at the charming view out of the windows as he descended, and so missed his footing. The staircases are modelled on those of the Chateau of Chenonceaux, and are considered the most beautiful examples of architecture of the kind in England." Thus it is the contemplation of the artistic and the magnificent that sometimes causes the downfall of the mighty of this earth.

"A slap in the face" is what some members of the Annexation Club celebrators say they got from the Cabinet. This must be another misunderstanding.

The Portuguese take a wise view of the situation. If the people are given a vote conditions in Hawaii will soon settle themselves on a satisfactory basis.

It stands to reason that special labor laws will not be made for Hawaii. If attempt is made to put labor on a different basis from the present American system, the labor sentiment of the States will be heard from in a manner that will have its effect in Washington.

For more than fifty years has PERRY DAVIS' PAIN KILLER stood the test against all remedies prepared to eradicate pain, and today stands at the head of the list among the medicines that are so essential to keep at hand in the home.

It is not a new fangle remedy nor do the proprietors lay claim to any wonderful revelation of the ingredients that enter into the manufacture of this ever popular remedy.

It is perfectly harmless, you need have no fear of becoming habitually inclined to its use.

For Colic, Cramps, Dysentery, Colds, and all painful affections, a few doses will certainly give relief. You cannot afford to be without a bottle in the house.

Your forefathers used it and found it beneficial.

Why experiment with some remedy that is new and its effect on the system unknown?

It has many rivals but no equal.

NEW RIFLES SHIPPED

Modern Arms for Troops in Porto Rican Campaign.

Washington, July 29.—Twenty-thousand Krag-Jorgensen rifles have reached Newport News for shipment to Porto Rico for the use of the volunteers who compose the mass of the invading army.

The understanding of the ordinance Bureau was that these arms would be shipped upon one of the transports that accompanied Gen. Brooke. If they did not go then they will be forwarded by the next ship that sail for Guayama. These rifles are modern magazines, 3.1 calibre guns, and are used by the regulars and are the only guns that can compete with the Mausers employed by the Spaniards.

They will be substituted for the old style 45 calibre Springfield rifles with which the volunteers are now armed and will put the new troops on an equality with the veterans so far as equipment is concerned. It is not expected that the total infantry strength of the expedition will exceed 20,000 so that every man in it will have modern arms, using smokeless powder that constitutes the chief point of superiority of the new over the old type of rifle.

The following detail of Customs Inspectors and guards for the month of August was posted yesterday morning and is as follows: District Inspector John W Short, acting Surveyor.

District Inspector Mark Johnston, assisting Surveyor. District Inspector W F Storey, in charge of night watch.

District Guard Manoha, assisting Inspector Storey.

Discharging Inspectors—R M Macaulay, W F Drake, M H Drummond, Geo W Kiester, B H Wright and A W Neely. District Guards—C Kanuha, B Kauhahi, J Kanuu, J Makaha, A Nanes, Geo W C Jones Jr.

It will be noticed that Geo W Kiester, B H Wright and A W Neely are new additions to the force of inspectors. Neely was working on the police force up until yesterday. Guards Chamberlain and Espinda are two more recent attaches of the police force.

Lack the Moral Courage.

London, July 30.—The Times' Madrid correspondent quotes Senor Gamazo as saying: "If Manila surrenders, the capitulation will only apply to the walled town." It is feared the correspondent reports that the peace negotiations will not be very smooth or expeditious. Already there are premonitory symptoms of agitation against the inevitable concessions, and the correspondent of the Times considers it "very doubtful whether all the ministers have the moral courage to accept the responsibility and face boldly a certain amount of unpopularity."

Police Court Notes.

In the Police Court Saturday the case of Somerfield for assault and battery was nolle pros'd.

Holo was sentenced to six months' imprisonment at hard labor for larceny in the second degree. Holo is the man who stole a pig from a Chinaman a few days since.

Kahana was sentenced to a year's imprisonment at hard labor for larceny in the second degree.

H. Luning and Willie Kait were each fined \$5 and costs for affray.

About one month ago my child, which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boggs, Stumptown, Gilmer Co., W. Va. DARK DAYS IN HAVANA.

People Waiting for Fleet That Never Comes—Blanco the Soldier.

London, July 30.—The HAVANA correspondent of the Times in a letter to his paper paints a terrible picture of the despair that is falling upon the city in the absence of news from the outside world, in the face of the advancing prospect of famine and "the daily watching for the Spanish fleet which never comes." He says: "Wild rumors are afloat. The more timid people imagine all kinds of disasters and foretell terrible things; while always a few miles off and steaming to and fro are the vessels of the blockade, with the intention to starve Havana into submission; for that apparently is the safe and certain if not very heroic American plan.

"The attitude of the population under the calamity is indeed admirable, as it also that of the troops, despite the absence of pay and scanty rations; but they are eating their hearts out with help less, dull rage, because they cannot try conclusion with the foe. Blanco, the incorruptible patriotic, humane soldier, stands out a noble figure in this crisis, trusted and respected by all."

RETURNING SPANIARDS.

Preparations for Shipment of Captured Officers and Men.

Santiago de Cuba, July 29.—Gen. Shafter has received advices that two Spanish transports, one of them being a hospital ship, have left the island of Martinique. They are expected here tomorrow. In addition three Spanish troop ships left Cadiz yesterday and four others are to leave Cadiz on July 30. These vessels are capable of carrying about 15,000 troops and the embarkation will begin when all the vessels are here. It is expected that all the Spanish prisoners of war will be embarked by August 15. The American commander authorized the Spanish officers who commanded the troops that came to Santiago, during the siege from Manzanillo to send for their wives and families, in order that they may be able to take them back to Spain at the Government's expense. In all there are about 75 women and children. The telegraph operator at Manzanillo notified the authorities here that Captain-General Blanco at first refused to permit the delivery of the messages sent by these officers to their families, but latter under protest from Gen. Shafter the captain-general allowed the messages to be delivered.

The Rev. W. B. Costley, of Stockbridge, Ga., while attending to his pastoral duties at Ellenwood, that state, was attacked by cholera morbus. He says: "By chance I happened to get hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and I think it was the means of saving my life. It relieved me at once." For sale by Benson, Smith & Co., General Agent.

Carlyle and Andrews make a great success in this department and stand ready to satisfy patrons in the matter of Seattle beer on draught, as well as all the best brands of whisky, viz: John Dewar's Scotch, O. P. S., etc., and from a full line of other liquors and wines cannot fail to fill even the most exacting and varied demand.

MARRIED.

NOBLITT-JOHNSON—In this city, Monday evening, Aug. 8, 1898, Dr. W. S. Noblitt, in the Government service, and Miss Berna S. Johnson, of Idaho. The ceremony was performed at the Methodist Episcopal parsonage, Rev. G. L. Pearson officiating.

Wife—"Really, Fred, I must say I think you are the worst-dressed man in the town." Hubby—"And you, my dear, are the best-dressed woman, which accounts for it."

ITEMS FROM HARBOR FRONT

The C D Bryant did not get away yesterday as was expected.

The Lehua will take a full cargo of lumber to Molokai for the new ranch.

The steamer Lehua sails for Kalaupapa and Kaunakakai at 5 p m tomorrow.

The E K Wood and Evtarpe are both at the fishmarket wharf discharging coal.

The Keauhou came in from Kauai ports with neither cargo nor passengers this morning.

The Toppallant and Seminole have both begun to take on ballast preparatory to departure for the Sound.

The time of sailing of the W G Hall has been changed from 4 o'clock this afternoon to the same hour tomorrow.

The Andrew Welch began discharging her cargo of general merchandise at Brewer's wharf the first thing this morning.

The Waialeale will not go out for a few days yet. She needs a cleaning and slight repairs and will go on the marine railway today.

The business at the Inter Island office has been of such a rushing nature of late that another telephone has been put in. The number is 926. The old one is 300.

The Mauna Ala will not be able to get away until Thursday. She will have to go to Wilder's wharf tomorrow morning to take on 2500 more bags of sugar. This will top off her cargo.

Captain Smythe will not return to his home in Kona until the next trip of the Mauna Loa. In Kona he has found health and strength and, on that account, he will not remain away long.

FLAG PRESENTED.

Miss Charlotte Hall the recipient of a Gift from Mrs. Scott.

There was a happy scene at the home of W. W. Hall up the valley last evening. Sergeant Daley and Private Pegues, members of the Colorado troops, called at the house and asked for Miss Charlotte Hall who, appearing, was presented by Private Pegues with a beautiful white silk flag with a red cross in the center. This had been sent by Mrs. Scott the great Red Cross lady of San Francisco and the two Colorado boys were commissioned to present it to Miss Hall. The reply made by the young lady was short but it expressed the pleasure at being the recipient of such a beautiful gift.

There is no home in Honolulu where the boys in blue have been more welcome than at the Hall home and Miss Charlotte Hall has, from the beginning, stood in the rank of the ladies who have sought to make pleasant the short stay of the boys in port.

SEVENTY GUINEAS.

Price a "Priceless" Hawaiian Feather Cloak Realized in London.

Chas. K. Spencer the printer has kindly copied this item from a foreign paper:

"At a sale of curios in London on July 5 there was sold for seventy guineas a valuable Sandwich Island feather cloak, presented to Mr. George Hill by King Kamehameha, who came to England in 1824, the cloak being composed of scarlet and yellow feathers of the macaw, a bird now nearly extinct."

In a Good Cause.

"Ethel, I was shocked to learn that you permitted a young man to kiss you at the church fair the other evening."

"Mamma, he picked out \$5 worth of goods at my table and said he'd buy them if I would throw in a kiss, and if I didn't he wouldn't buy a cent's worth, and what else could I do?"—Chicago Tribune.

Hendrickson Found.

Just before going to press it was learned from the Honolulu Iron Works that Hendrickson had turned up all right. It seems he had been sick and went to the house of a friend instead of going home.

WHAT PORTUGUESE THINK

Continued from First Page.

frozen out. Big firms are beginning to establish branches here already. These branches will be filled with stock one year old on the Coast but new here. We will be undersold, there is no doubt. They say competition is the life of trade but in this case it will be death. Mind you, I express my own opinions. I have not talked to many Portuguese but I imagine there are quite a number who think just as I do.

The opinions given above are those of three of the leaders among the Portuguese and reflect what is passing in the minds of the Portuguese laborers as they walk from their houses in the early morning with shovel, pick and lunch pail on their way to the scenes of their work.

HOODLUMS IN COURT.

Manuel Botelho Sentenced to 1 Month's Imprisonment for Common Nuisance.

In the Police Court this morning Manuel Botelho was sentenced to one month's imprisonment at hard labor on the charge of common nuisance. There were five other Portuguese young men up on the same charge but the cases of these were all nolle pro's and they were used as witnesses against Botelho.

The defendant himself said that he and the other boys were all drunk on Saturday at the time of their arrest and that he knew nothing at all what he had done.

Botelho belongs to a gang of fourteen hoodlums who make life miserable for the inhabitants of the slopes of Punchbowl by swearing, using obscene language and making the nights hideous by all sorts of noises. The punishment of Botelho will certainly have a healthy effect on the remainder of the gang.

A few days ago one of the Portuguese residents of the locality mentioned became so incensed at the vile language of some of the members of the gang of hoodlums just outside his yard that he chased them with a blacksnake whip and gave three a good sound beating.

PITY ON UNCLE SAM.

Judge Wilcox Does Not Like the Idea of Accumulating Work.

Judge Wilcox was in the mood for short and pithy lectures in the Police Court this morning and when all is known, small blame will be laid against him.

In the first place a Chinaman charged with a certain offense, appeared with Attorney Gear to defend him. Postponement of the case until Monday was asked for. Thereupon Judge Wilcox said: "I do not believe it is just the thing to pile up work for Uncle Sam. He may want to step in here on Saturday and do a little business. When the flag is sufficiently raised we cannot tell what changes will come." A compromise was made and the case was set for Thursday.

Later on the case of Ah Lai, the Chinaman that Deputy Marshal Chillingworth and two officers had so much trouble in arresting at Ewa on Sunday, came up for trial.

Attorney Mott Smith, who appeared for the defendant, asked that the case be put over until Monday. Then Judge Wilcox spoke as follows: "It was just this kind of thing that I had to face when I first came in here. It was 'we have arranged the case thus and so' on the part of one lawyer and 'we have decided to let the defendant go' on the part of another. We, the Court, did not seem to be in it. I suppose if His Royal Highness Mr. L— wanted the case put off until September, that would settle matters. But I want to tell you that he has run up against a snag here. The time is fast approaching when people will not have the privileges they have been given off and on for some time back. However, I will set the case for Thursday and you must be ready at that time."

LIBERAL CATHOLICS.

They Seek to Name Successor to Archbishop Salpointe at Santa Fe.

Washington, D. C., July 30.—It transpires that the obstacles which prevented Mgr. Martinelli, the apostolic delegate, from fulfilling his western engagements this week, is the difficulty which has arisen in the matter of selecting a successor to the late Archbishop Salpointe, of Santa Fe, New Mexico.

The liberal faction of the Roman Catholic Church in America, as represented by Cardinal Gibbons, Archbishop Ireland and others, is naturally desirous that the new member of the Roman Catholic hierarchy in this country shall be of liberal tendencies and within a few days Archbishop Chappelle was formerly coadjutor to Archbishop Salpointe and is thoroughly acquainted with the situation of affairs in the diocese. It is reported in Catholic circles in this city that Archbishop Chappelle will recommend to the Holy Father, the promotion of Bishop Matz, of Denver, to the vacancy. The archdiocese of Santa Fe includes about 115,000 white Catholics, mostly Spanish, and about 20,000 converted Indians.

Do you want Consumption?

We are sure you do not. Nobody wants it. But it comes to many thousands every year. It comes to those who have had coughs and colds until the throat is raw, and the lining membrane of the lungs is inflamed. Stop your cough when it first appears, and you remove the great danger of future trouble.

AYER'S Cherry Pectoral

stops coughs of all kinds. It does so because it is a soothing and healing remedy of great power. This makes it the greatest preventive to consumption. It is not a question of many bottles and large doses. A few drops will often make a complete cure. Don't neglect your cough; you cannot afford to run the risk. Ayer's Cherry Pectoral will soothe your raw throat and quiet your inflamed lungs.

Beware of cheap imitations. See that the name Ayer's Cherry Pectoral is blown in the glass of each bottle. Put up in large and small bottles.
