DEATH IN A LAND SLIDE

PALI NEAR NAHIKU BURIES A VICTIM.

Softened by Excessive Rainfall it Gives Way, Killing Goto, a Japanese Luna—Mani's Great Rainfall.

MAUI, March 11.—At Nahiku, a sad accident occurred, as a result of last Sunday's storm. The road bed there for the tramway to the new landing, was about completed, around the edge of the cliff.

During Sunday, 13 1-2 inches of rain fell, and a great part of the cliff came down onto this road bed Monday the rain kept up, and no work was done. Tuesday morning about 8 o'clock, Goto, the Japanese luna, went along on top of this cliff, to find the most suitable place to commence work on the pile, when the ground gave way, and buried the unfortunate luna far beneath the surface.

Later his lifeless body was recovered by the workmen.

Goto was an efficient man, and will be a great loss to Wilson and Whitehouse, the contractors. Work is at a standstill on the landing now, as the workmen, fear the rest of the pali may come down at any time. It is better that this occurred now than later when the way would be used for traffic, thought it will put the work back a great deal.

This rain storm beat anything of the kind, that the Island has ever seen, so say the kamaainas. Starting in early in the morning, it kept pouring torrents, throughout the entire day, as steady as clockwork. At least 10 inches is the record for the day, in almost every part of the island, and the rain covered it all. Every gulch, and gully ran a river, and a great amount of damage was done to roads, and to small farmers, through loss of crops. Halehaku gulch, in Hamakua, was made impassable, by the ford in the bottom being washed away, and the road in other parts of this district was washed away, and will require much repairing.

In Wailuku district, from Waihee to Maalaea, the road was so washed out, as to be impassable in places.

Even the plantations have now had enough rain, and are willing that it should stop.

BECHERT-HANEBERG. LAHAINA, March 11.—Eugen Haneberg, nephew of A. Haneberg of Olowalu, and Miss Martha Bechert were married last Saturday night in the Anglican church. The ceremony was performed by Rev. W. Ault.

RAIN AT LAHAINA. LAHAINA, March 11.—Lahaina had a good rain on Sunday afternoon from the north. In Honolulu and Honokohau it came down in torrents, and the bridge over the stream at the latter place was washed away. Kanapali has been getting heavy showers nearly every day recently.

THE LURLINE. LAHAINA, March 11.—The Lurline has been anchored off here all the week.

TO JUDGE A JUDGE. LAHAINA, March 11.—Judge McKay of Wailuku is expected here next Wednesday to hear an assumpt suit in which Judge Kahaulelio is the defendant. Circuit Judge J. K. Kalua will probably appear as a witness.

FAVOR EXPANSION. The Makawao Debating Society Develops Imperialistic Tendencies.

MAKAWAO, March 11.—The Makawao Debating Society decided in favor of the expansion of the United States last night, by a vote of 16 to 15. The question read: Resolved, that the United States should keep the possessions acquired in the late war, excepting Cuba. The debate was led by H. W. Dickey and W. O. Aiken on the affirmative, and J. J. Jones and E. B. Carley on the negative. After the leaders, some six volunteer speakers held the floor, for three minutes each. About forty people of the district were present, and much interest was shown in the debate.

HEAVY RAINS ON HAWAII

Seventeen and a Half Inches Fell at Honolulu.

HILO, March 10.—The following is the record of precipitation of rain for week ending 6 a. m. Friday morning, March 10th, as taken at the under-mentioned places:

Naalehu, Kau, 1.50; Volcano House, 4.57; Honokaa, 13.12; P. Peck's, Olan, 13.29; Hilo Electric Light Works, 13.77; Waiaken Mill, 13.90; Pepeekeo Plantation, 16.38; Hakaluu Plantation, 16.48; Wainaku, 16.48; Honolulu, 17.48.

The heavy rains have extended all along the coast and back into the mountains. The waters of the Wailuku have been swollen, turbulent and muddy during the last few days as the result of the storm. Much good earth has been washed from the land above and deposited in Hilo bay, not to the advantage of the latter.

Work on the piers for the Riverside Park bridge has been suspended on account of the rains.

The reports from the Kau side shows only about one and a half inches of rain for the past week.

The rain gauge showed a fall of nearly six inches at Hilo Hotel for the twenty-four hours ending 6 p. m. Tuesday.

A broad winding boulevard giving access to the property is now in course of construction and choice lots of sufficient area for magnificent homesteads will soon be available.

On the Nuuanu side of the hill is a Pali protecting it from the high winds and heavy showers of Nuuanu Valley, ensuring a salubrious climate.

The elevation of the property is from 150 to 750 feet above sea level.

Applications will be numbered and filed and choice will be allotted according to the number of the application.

Only \$1,000 for a lot 100x200 feet. Terms Easy.

MONDAY, MARCH 13, 1899.

The funeral of the Princess Kaiulani, which was conducted yesterday, was a most solemn and sad ceremonial. The hearts of all had been touched by the untimely death of one so young and so fair promise, so that there was more true sorrow shown than is the case with state funerals as a rule. The feeling everywhere expressed was not merely ceremonial, but welled out in grief for the dead girl, apart from her rank and station, and sympathy for the grief-stricken father. It was the saddest state funeral that ever wended its way up Nuuanu valley.

The cabinet has evidently settled its differences and intends to wash its dirty linen in private for the future. This is very much better. After the years of struggle that the members have gone through, it was unseemly that there should be division, and the public will be satisfied that a peaceful solution has been reached and that whatever breach may have existed has been healed.

In the year 1900 it is proposed to take a world's census, and the Hawaiian Islands will come under the federal regulations for that purpose. The queries under these will be more far reaching than anything the people of these islands have been accustomed to. There will be questions as to the number of people employed, amount of capital invested, wages paid, etc. Then the number of deformed, of the deaf, the dumb, the blind and the idiotic, will be inquired into. The number of cattle, sheep, horses and so forth will be called for. Previous census information will be small to what will be required in 1900.

With very little stir or ostentation an expedition started for Guam on Saturday. The schooner Bessie Stevens may, however, prove a very memorable vessel for that little island. On board were three Protestant missionaries, and as the island is now entirely Roman Catholic, there is very likely to be considerable friction between the new arrivals and the priests, who, up to the present, have had government support, or in other words have represented the religion of the state. It will only be by the best judgment and care that unseemly religious brawls will be avoided, especially as the people of Guam, like the people of all places under Spanish rule, are densely ignorant.

PSEUDO-QUARANTINE.

The mock quarantine which was kept up while the China was in port deserves somewhat further notice than that it has had. It must be clearly understood that if the health authorities decide that quarantine is necessary and carry it out strictly the Star is fully in accord with the authorities, and would support them. But it is not in accord with a half and half quarantine which is used as those in authority think fit.

Let the facts be considered. A case of smallpox was developed among the steerage passengers between Hongkong and Nagasaki. The case was landed in Japan and no other cases developed during the voyage. When the China arrived here she of course flew the yellow flag was boarded by the port physician, and he decided that the vessel might come up in the wharf in quarantine. So far there is no kick coming. It is the port physician's duty to protect the city from contagion.

Now consider how the quarantine was carried out. The pilot went on board, and came off again. He of course could carry no contagion. One pilot boatman went on board and mingled with the crew. One customs officer went on board and returned. Jack McVeigh went on board and presumably mingled with the Japanese passengers. Archie Gillilan went on board. Dr. Day of course went on board and returned into town. Mr. Isenberg went on board; so did the passenger clerk for Hackfeld & Co. The stevedores passed back and forth. Consul Haywood went on board. Most of the first class passengers, the captain, the purser, the officers, the deck hands, the stewards, came back and forth. These are facts, and not haphazard surmises.

On the other hand some persons who had business which would not occupy more than a few minutes were refused admission. The stern arm of the efficient Board of Health came down with a thud and its mouthpiece became horrified at the idea of contagion being carried into the town. Moreover some of the Honolulu passengers having once gone on board were not allowed to return, lest they should bring contagion ashore.

As Mulvaney says, "Tis a Solomon of a regulation." It must have required deep study and long sitting up o' nights to have evolved such a scheme.

One can imagine how through the dreary night watches the members of the Board of Health must have wrestled with the question as to who were immune and who were not. And how they wisely settled that the captain whose duty takes him to every part of the ship could not carry contagion, while a man who comes from the shore and speaks to him on the bridge is a highly dangerous menace to the community. But if the captain comes onto the wharf and talks with the same man, he is perfectly innocuous. Again a passenger who has come all the way from China in the ship can go into our tramcars and hacks without any danger to the people ashore, but a Honolulu passenger—unless he happened to be a very important individual indeed, when his importance would cast an immune cloak over him—would be highly dangerous.

The light in which the Board of Health stands in this matter is certainly not an enviable one, for it is as illogical as the many positions of Mrs. Caudle. It is sad, but it is true, that the Board must be likened to that estimable old woman.

CRACK THE NUT.

The Chinese question does not seem quite laid at rest. Agent Brown finds that the Hawaiian consul at Hongkong is still issuing consular passports. Mr. Brown cannot see how a consul of the Hawaiian government can issue passports, when the Hawaiian government cannot issue permits. But Agent Brown might go further and ask how the Hawaiian government can have a consul at Hongkong at all, and why, the United States should not transact Hawaiian business, seeing that the Hawaiian foreign office by the act of annexation was abolished, and the consuls of France, Great Britain and other European countries, who are resident in Honolulu, are accredited not to the Hawaiian government, but to Washington.

As a separate entity the Hawaiian government does not exist in the official minds of Great Britain or France. It is merged into the United States. If anything goes wrong with any of their subjects here it is the United States and not the officially non-existent Hawaiian government that will have to straighten out matters and be responsible. If Great Britain has no consul accredited to the Hawaiian government, because officially it has ceased to exist, how can the Hawaiian government have a consul in a British colony?

The appointment of a consul is an act of sovereignty. But the sovereignty of Hawaii ceased to exist on August 12, 1898, when Minister Sewall accepted the sovereignty of Hawaii on behalf of the President of the United States. Hawaii having no longer any sovereign power, how can there be a representative at Hongkong, or anywhere else, of what does not exist?

The state of California, or the state of New York, cannot have a consul of its own, with consular powers. Their representative must be the representative of the federal government. They can have as many unofficial people to look after their affairs as they like, but they cannot have an official representative in a foreign country. And what is true of California, New York or any other state, is certainly true of Hawaii.

We may not have our organic law, but that is between the United States and ourselves. We might not have an organic law for years. But that does not give us any sovereign rights. For the convenience of the United States we may carry on our own internal affairs as we have done in the past, and we may continue the names for offices and the functions of officers as in the past, but this is entirely internal. To the outside world we are a part of the United States. When a foreign man of war comes into this port it salutes the stars and stripes, not the Hawaiian flag. It must be plain therefore that the so-called Hawaiian consuls in different parts of the world are not really consuls and have no official powers whatever.

The argument may be brought forward that the United States has a consul down here and that it recognizes an Hawaiian consul in San Francisco. But what the United States for its own convenience may do within its own borders or what officers it may recognize and what names it may call them, is its own business. When it comes to dealing with foreign countries it is quite a different affair.

A representative of a country, be he ambassador or be he consul, has his character made known by the credentials of the sovereign, or the sovereign power, which sends him. "Credentials," says Vattel, "are the instrument which authorizes and establishes the minister (or consul) in his character with the prince to whom they are addressed." Who has power in the Hawaiian Islands to issue "credentials" to any one to represent a non-existent power in whatever capacity it may be, in a foreign country? It is a question that would be hard indeed to answer.

The demand still continues for the celebrated

Blue Flame Oil Stoves

and being out of them caused great inconvenience to our customers and resulted in loss to us. But we have just received a large shipment of these justly famous stoves in three sizes, which we offer at the following prices:

\$16. \$22.50 \$25

These stoves are absolutely non-explosive and free from odor. So clean are they that a meal can be cooked in the parlor and the stove wheeled out, and no one know that cooking had been going on. They are very economical also and are just the thing for small families and light house-keeping.

We have also left a very few of the

FISCHER STEEL RANGES

which we desire to close out, and in order to do so quickly we have reduced the price to

\$45.

This figure for the Fischer Steel Range will be appreciated by those who know the value of them. It is very low and the price will soon dispose of them.

To Attorneys.

And to whom it may concern:

I beg to call your attention to my capabilities as an auctioneer, and respectfully solicit such business as might be at your disposal. I act as referee; conduct such sales as are formally demanded in the transaction of legal affairs; make appraisements and act as administrator of estates. I have all the facilities necessary for the successful conduct of this special class of business. I am a licensed auctioneer, thoroughly familiar with all the requirements demanded in the office as such, and PERSONALLY CONDUCT all sales. In short, I will take full and complete charge of all affairs appertaining to real estate.

Real Estate Owners.

My Real Estate Department is devoted to the listing and sale of Realty, and is most thoroughly equipped. My methods are peculiarly my own and are uniformly satisfactory to all with whom I have business relations, as in all the departments the utmost courtesy is extended to all. Special attention given to the subdivisions of outlying tracts. Twenty-five and more years experience justifies this statement.

COLUMBIA CASE IN COURT

STRUGGLE TO HAVE THE SALE
KNOCKED OUT.

Papers Read This Morning and Argument on This Afternoon—Old Man Wants a Deed Quashed.

The Columbia case was before the Supreme Court this morning. Justices Judd and Whiting and Judge Stanley were on the bench. Kinney, Ballou & McClanahan appeared for W. J. Smith and the crew of the ship; Davis, Diekey and Atkinson for Harry Evans.

At the opening Mr. Davis moved that the case be heard by a full appellate court. Overruled. Mr. Davis then moved to have Evans made a party to the suit. The court ruled that Evans was already a party in all matters in which he was concerned. The papers in the case were then read. Mr. Atkinson presenting them for both sides. At noon a recess was taken to 1:30. This afternoon argument is being submitted.

The John H. Paty estate matter, petition of E. A. Mott-Smith for discharge from the office of administrator, was before Judge Perry most of the forenoon. The court decided to grant the petition upon the filing of a receipt from W. F. Allen for the sum of \$15,000.

Supreme Court will open one week from today. Thomas Christley has entered suit against J. A. Magoon and Emiline M. Magoon to set aside a deed to certain property situated between Fort and Beretania streets and valued at \$10,000. This deed was made some time ago, since when Christley has become dissatisfied with its terms.

SCROFULA

It is Foul Blood's Advertisement

But it is Soon Cured by Hood's Sarsaparilla.

Yes, Scrofula, if anything, may be called the advertisement of foul blood. It is the scourge of the world—offensive, painful, debilitating, stubborn and well nigh unendurable.

Outward applications do not cure, they only drive the difficulty to new quarters. Emollients may palliate, they cannot abolish the evil. There is but one sure way out, and that is to eliminate the taint from the blood.

There is one remedy that can effect this, and it is the only one that, so far as we know, has almost invariably succeeded—even where the system has been poisoned by long years of taint, and the ravages to be repaired are tremendous. That remedy is Hood's Sarsaparilla. Read this:

"My daughter was afflicted with impure blood. There were running sores all over her body and they caused her much suffering. We tried medicines that were recommended as blood purifiers, but could not see that they did any good. A friend told me about Hood's Sarsaparilla and I began giving the girl this medicine. The result was that she was perfectly cured after taking a few bottles. She has had no symptoms of scrofula sores since that time." MARIETTA M. SMITH, South Middleboro, Mass.

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier. Insist upon Hood's; take no substitute.

Hood's Pills act harmoniously with Hood's Sarsaparilla.

The cleanest, brightest, safest and really a fine long run, the cheapest and best light for use in the family residence, is the incandescent electric light. Safe; nothing could be safer. A few days ago a prominent gentleman of Honolulu came rushing down to the office of the Electric Company and said: "Give me figures for wiring my house, and I want it done at once; no more lamps for me. Last night a lamp tipped over and it came so near setting fire to the house and burning my children and I take no more risks."

This is the sentiment of quite a number in the past few weeks, who have ordered their houses fitted with the perfect light. Just think it over and make up your mind what you want the best and safest light; send for the Hawaiian Electric Company and tell them what you want.

Impure Blood

Suffered for three years

Mr. F. Westall of Mitcham, So. Australia, sends us his portrait which shows a smooth and healthy condition of the skin. But he has had the following experience:

"For the past three years I have been suffering from an eruption of the body. I had medical attendance and had medicine to take and a lotion for outward application, but they did not do me the slightest good. In fact I tried all sorts of medicine and nothing seemed to relieve me. My life was a burden. I had no appetite and I could not sleep. I was strongly advised to try

DR. AYER'S Sarsaparilla

by a friend who had received great benefit from it. I did so, and after taking only two bottles the itching left me and I felt better in every way. I continued taking the Sarsaparilla and altogether took six bottles. I am now free from the eruption and can eat and sleep as well as I ever did in my life. It is now about eight months since I was cured, so I am sure I can say the cure is a permanent one."

For constipation take Dr. Ayer's Pills. They promptly relieve and surely cure. Take them with Dr. Ayer's Sarsaparilla; one aids the other.

HANNA-PAYNE SHIPPING BILL REPORTED ON.

The Proposed Benefits to Foreign Built Vessels Under Contract to American Citizens are Extended.

WASHINGTON, March 1.—Senator Frye, from the Committee on Commerce, has reported additional amendments to the Hanna-Payne shipping bill. These changes place additional restraints on the bill and are intended to meet the criticisms upon the measure. The assertion has been made that if the bill should become a law it in time would require an annual expenditure of \$100,000,000. To meet this criticism, a provision was inserted limiting the aggregate bounties to \$9,000,000 annually, the language to this new provision being as follows:

"The total compensation to be paid out of the Treasury, as provided in this section, shall in no fiscal year exceed the sum of \$9,000,000, and the Secretary of the Treasury shall make such regulations for the payment of said compensation as will cause any excess in the total amount of compensation earned under this section for any one year over and above \$9,000,000 to be deducted pro rata from the total compensation due each individual or corporation entitled to such compensation hereunder during said fiscal year."

The bill, as originally reported, extended its proposed benefits to foreign-built vessels under contract to American citizens on January 1 last. Advantage, it is asserted, already has been taken of this provision and a number of contracts are said to have sprung into existence for the construction on January 1. The bounty to be paid to foreign-built vessels is also reduced to 50 per cent under the new addition to the bill.

AMERICAN SHIPPING.

WASHINGTON, March 1.—John D. Spreckels and Charles N. Felton tonight arrived from Philadelphia and will stay in the city until tomorrow, when they return. Spreckels is here for the purpose of investigating chances of a subsidy bill for the improvement of American shipping. He said tonight that in the event he becomes convinced there will be such a bill passed during the session next winter he will, during his stay in Philadelphia, order three ships for the Pacific Company, which will be put into the Australian trade. He will meet some of the leaders of the House and Senate tomorrow, and then will depart having made up his mind as to the plan to be followed.

AGAINST ALGER.

Political Friends Fall Away and Call for Resignation.

WASHINGTON, March 1.—An important development in the Alger controversy today is that the support of all the Michigan Republicans in Congress has been withdrawn from Alger and their influence is now being exerted against him. The entire Michigan delegation in the House opposes Alger and hopes for his removal from the Cabinet. But, more important than this, is the fact that Senator Burrows of Michigan, who has been supporting Alger in State and national politics, has withdrawn his support and has called upon President McKinley and told him that Alger ought to be removed for the good of the Administration.

Considering the fact that Secretary Alger and Senator Burrows are from the same State and that they have been associated together for years, this is a most important turn in events.

CHAMBERLAIN'S COUGH REMEDY

This remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases, over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it robs that disease of all dangerous consequences. It is especially prized by mothers for their children, as it never fails to effect a speedy cure, and because they have found that there is not the least danger in giving it, even to babies, as it contains nothing injurious. Sold by all druggists and dealers. Benson, Smith & Co., wholesale agents for the Hawaiian Islands.

STORE ROOMS TO LET BY THE MONTH.

FEBRUARY

Was a very cold month in the bean eating and wooden nutmeg making sections of the United States, but it was rather a warm month in the poi section judging from the way our large stock of COLUMBIAS and RAMBLERS melted away. Thirty-eight Columbias and Ramblers sold for the short month of February, was our record, and five for the first three days of March, makes us believe that this is going to be a good month also.

No one to blame for all this but Columbias and Ramblers themselves. Best wheels on earth can't help selling. Seventy-nine bicycles ordered for return trip of the Australia. Do not know just how many we will get till she gets here, as it is hard to get all orders filled for Columbias and Ramblers, as they cannot be made fast enough.

Columbias, \$50.00, \$60.00 and \$85.00. Ramblers, \$50.00. The only thing for nothing is wind, and that you will find on the sidewalk on tap.

SPANISH CABINET RESIGNS

THREE DAYS' POLITICAL CRISIS EXPECTED.

The Present Resignation Does Not Necessarily Involve the Ratification of the Treaty of Peace.

MADRID, March 1.—Senor Sagasta has handed the resignation of the Ministry to the Queen Regent. The Cabinet crisis is expected to last for two or three days as it will be necessary for the Queen Regent to consult with the political leaders. In the meanwhile the chambers will adjourn until a new Ministry is formed. The Ministerialists hope the Queen Regent will support Senor Sagasta and dissolve the chambers.

The Queen Regent today held several conferences with principal statesmen and party leaders. Tomorrow she will see Marshal de Campos and Lieutenant-General Asenaraga.

WASHINGTON, March 1.—The resignation of the Sagasta Cabinet State Department officials said today, does not necessarily, in their opinion, involve the failure of the peace treaty. They believe that the succeeding Cabinet will find means to forward the treaty to the point of ratification and that the opposition to the Government will express itself as content with the manifestation of disapproval in forcing the Cabinet to resign. The reason for this belief that the Spanish Government has much more to lose by the failure of the treaty of Paris than has the United States.

COLLEGE CHUMS.

HAIKU, March 11.—A. H. Rutherford, of New York, a college friend of Frank Baldwin, came up Wednesday for a three days' visit at Haiku. He was shown Haleakala's crater, and today they are taking in Iao Valley. Mr. Rutherford is on his way to Japan, and departs for Honolulu tonight.

RETURNS TO MAUI.

MAUI, March 11.—J. W. L. Marshall, formerly head luna of Spreckelsville and of Waikapu, has been on the island for the past few days. He hopes to again settle on Maui, as he has about completely recovered his health. Mrs. Marshall is in Honolulu for the present.

DIED OF CONSUMPTION.

WAILUKU, March 11.—John Kana kamaikai, for years well known in Wailuku as W. T. Robinson's assistant, in collecting taxes, died yesterday, from consumption, after an illness of seven weeks.

BEN BRUN'S STARS.

PAIA, March 11.—The Kickapoo's have been amusing Paia the last three nights, and incidentally selling medicine in great quantities. They go on Monday to Hanakuaupoko, and after that to Makawao. They do not intend to leave any part of the island to suffer.

TEACHING TEACHERS.

WAILUKU, March 11.—Normal instructor has been visiting the Keokea, Kula School for the past two or three days, after finishing up the schools of Wailuku district. Inspector-General Townsend is also now in Wailuku.

POLO.

PAIA, March 11.—A good polo game was played on the Sunnyside field, Paia, last Saturday afternoon, and another game is on for this afternoon.

SCOWS FOR KAHULUI.

KAHULUI, March 11.—When the two new scows at Kahului are launched, which will be soon now, the work of handling vessels will be done much more expeditiously. Now vessels have to wait some little time for their turn, when the harbor is so crowded.

To Rent.

At Hanalei, Kauai, the Princeville Plantation Company, will lease their Mill and Diffusion Plant, capacity twenty-five tons in twenty-four hours; also, their Lands not under Lease, comprising 1,500 to 2,000 acres of arable land, which can all be irrigated by water from the mountains, by ditches or pipes.

Something over one-half the stock of this company is for sale. Land includes the Valleys of Hanalei, Kailihikai and Kailihai, most of which are under lease for rice culture.

For all particulars apply to GEO. H. ROBERTSON, At Brewer & Co.'s, Queen Street, Honolulu, August 31, 1898.

THE ARMY BILL IS PASSED

SENATE REORGANIZATION ACT APPROVED BY HOUSE.

An Acrimonious Debate but Both Republican and Democratic Leaders Join in Assisting the Passage.

WASHINGTON, March 1.—The lingering possibility of an extra session of congress disappeared today when the house passed the senate army reorganization bill. Very considerable and vigorous opposition to the acceptance of the senate bill was voiced on both sides of the hall, and for a time it appeared possible that the bill would not secure the necessary two-thirds to pass it under suspension of the rules. But the Republican leaders, Henderson, Grosvenor and Cannon, came to its support on the Republican side, and Bailey, the Democratic leader, threw the weight of his influence in favor of it on the Democratic side, arguing that it provided only for a temporary increase of the army, which would be made permanent if congress convened in extra session.

Another big element in the vote was Hull's recital of a statement made by the president to him that he would not construe Section 12 as authority to conscript the minority in volunteer organizations which should elect to remain in the service. The bill passed by 203 to 32. It now goes to the president. The bill provides for 65,000 regulars and 35,000 volunteers. Existing volunteer organizations may remain in the service by a majority vote of their members.

DEWEY AN ADMIRAL.

WASHINGTON, March 2.—In the house yesterday the senate bill making Dewey a full admiral was passed. The bill now goes to the president for his signature.

NAVAL PERSONNEL BILL.

WASHINGTON, March 1.—In the house today the conference reports on the omnibus claims bill, the naval personnel and many other less important measures were agreed to.

POPE LEO XIII.

Undergoes a Serious Operation Successfully.

ROME, March 1.—The Pope underwent a surgical operation at 10 o'clock this morning and this evening the surgeons expressed their confidence of his rapid recovery. The pontiff bore the operation remarkably well, considering his age. After an operation lasting twelve minutes, a tumor the size of an orange was removed.

Yesterday's feverish symptoms were entirely due to the cyst from which the Pope has long suffered. He now has no trace of fever and Dr. Mazzoni thinks no complications will ensue. The Pope yesterday desired that the cyst be simply lanced, but he consented to its removal on the doctors insisting upon the point.

There were 28,000 telegrams received at the Vatican in one day inquiring after the Pope's health.

NEW TELEPHONE STOCK.

MAUI, March 11.—The new issue of Maui Telephone Co. stock is now being distributed amongst the stockholders. None have yet been found who refuse to take their proportion.

FRANK J. McDONALD DEAD.

HILO, March 10.—Frank J. McDonald, died at the Kenan Plantation of which he was manager, on Sunday afternoon last, after an illness of a few days. He was a native of Newfoundland and a naturalized citizen of the United States. He had been in the Islands between four and five years. He was engaged to be married in a few weeks to a young lady of Hilo.

The funeral services were held in the Foreign Church, Rev. J. A. Cruzan officiating.

Laplanders think nothing of covering 150 miles a day on their skates.
SUFFERED FOR FOURTEEN YEARS.
I have been afflicted with rheumatism for fourteen years and nothing seemed to give any relief. I was able to be around all the time, but constantly suffering. I had tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did, and I was immediately relieved, and in a short time cured. I am happy to say that it has not since returned.—Jose, Edgar, Germantown, Cal.

MORE OF THEM USED.
There are probably more Singer sewing machines used in the United States than of any other one make. This is a very excellent guarantee that they are one of the very best machines. The points of merit are strength, durability, easy running and simple construction. Very little mechanism to get out of order makes repair bills small. When in need of a new sewing machine examine the Singer before purchasing any other make. B. Bergeron, agent, Bethel street.

NICARAGUA CANAL.

Disagreement in Conference Committee Upon the Measure.

WASHINGTON, March 1.—Twice today have conferences on the rivers and harbors bill got together, and yet they are as far apart as to the Nicaragua canal as the two houses have been since the beginning. The Senate favors the canal; the House opposes it. The friends of the canal say if there is no canal there will be no river and harbor bill.
The outlook, according to views expressed tonight, is there will be a compromise, as pressure for the reporting of the bill is very strong.

KODAKS.

You are told that "there is no Kodak but the Eastman Kodak." We handle only Eastman Kodaks. Their goods are a guarantee of quality. We have them from \$5 to \$35, and whether you buy the lowest priced instrument or the highest, they will be found just as represented. Kodaks make the best of Holiday Presents, acceptable to either sex.

FILMS.

Eastman Films are good Films. That is the reason we handle them exclusively. You will always find our Films fresh, and fresh Films insure the best work.

Developing and Printing.

Many amateurs enjoy the work of developing and printing. There are others who have not the time or inclination to do the work themselves. We make a specialty of this branch of the Kodak business. Our customers are kind enough to say we turn out better work than they get elsewhere. We take pride in this department of our business. Every Film developed carefully. If our photographer finds you are making mistakes he will correct you. That's a very important advantage. Let us show you what we can do.
