Ladies' Race Feature Legion Racing Program

Silver Dust and Dinner Bell Are to Meet in Special Five-Eighths of a Mile

STEER TYING RULES CHANGED
Cash Prize to be Given the Winner of the Cowboy Team Events

The ladies' race on Armistice Day is causing additional interest since it has been learned that there may be at least five entries at the post when the race starts. At present there are four entries, Anna Scott having entered and will ride C. A. Baggott's Champagne. Two other entries are expected from Kilauea but the committee has not been notified officially yet. Another entry that is planning to ride is Mrs. Rosalie Lovell of Lihue, but she has not named her mount. If there are more than four entries the race will be run in two heats.

The other big race of the day will be the five-eighths in which Silver Dust, Peggy, and Fireman will try to take the measure of the veteran Dinner Bell. There are not a few racing fans who believe that Silver Dust will make a showing against Sakamoto's stallion while it would cause no surprise if Fireman, who is entered by Rapozo, would show his heels to both other horses.

The two baby races are bringing together a bunch of likely looking colts and no one is making any predictions in regard to the winner. Kitty Kuhlman's Manu Kauai, Fernando's Suante II, Forty Winks from the Waipouli stables and Antone Reis' Freckles will battle for honors in this race.

The steer tying will be the main feature of the afternoon's sports and there should be quite an improvement in the time as the committee has decided to use the Pendleton round-up rules which only allow the steer a 50 foot start instead of the 50 yard start allowed last year. Another change in the rules will be in regard to the catches. This year the horns, half a head or neck will be the legal catches.

There will be eight entries in the steer tying this year and with an entry from Maui this should give the contest additional interest. Kapahu Lili, the Kekaha entry, will again be in the contest and with a little better luck should give a good account of himself. Charley Huddy and John Mallina, the other two men to finish outside the money will also be on hand to regain honors lost last year. Kainapau, Lindsay and Purdy, who finished in the order named have also signified their intention to go after the prize money again this year. Just who the other entry will be is not known but according to the committee it is a roper who will make the other contestants step if they hope to beat him out.

Three teams have entered the cowboy sports so far and at least three more teams are expected before the entries close. The committee has decided to give cash prizes this year and \$100 will be given the winning team. There will be a slight change in the rules in regard to the tug of war and the stake race. Each team will enter only one horse in these events, but it must be one of the horses that has been ridden in the potato race, and must also be used in the relay race. The mounted tug of war last year was considered too dangerous to repeat so a single horse pull will be used this year.

Reserved automobile parking space may be secured from Dr. T. L. Morgan of Lihue for the races and cowboy sports. An additional 50 cents will be charged for these reservations. Only 20 places will be reserved.

Free transportation will be given over the Ahukini railroad to all those who care to use it. Special trains will leave Puhā at 8 a. m., Lihue at 8:30, Hanamaulu at 9, and Kealia at 9.

RULES FOR COWBOY SPORTS

Team Event
Each team shall consist of four men and four horses. No team will be allowed to substitute another horse or man. Polo ponies and race horses barred.
The team scoring the most points will be the winner and will be presented with \$100.
Entrance fee, \$5 per man.

PERSONALS

James Spalding of Kealia, returned this morning from a brief visit to Honolulu.

W. D. McBryde and A. M. McLyde were returning Kauaians this morning from Honolulu.

Dr. Wm. T. Dunn, of Makaweli, returned this morning from a brief visit to Honolulu.

Assessor Carlos A. Long returned Thursday from an official visit to Honolulu.

Charles B. Makoe, of Hanalei, was a returning passenger on the Kināu last Thursday.

Dr. Charles Barton, Honolulu physician, was an arrival on the Kināu this morning.

C. Richter, of McBryde, returned last Thursday from attending the chemists' meeting in Honolulu.

A. G. Clutterbuck, of Waimea, returned Thursday morning from a visit to Honolulu.

D. W. Chang, popular homesteader of Kalaheo, returned last Thursday from Honolulu.

Harry Oneha, of Makaweli returned this morning from a visit to Honolulu.

Miss S. W. Cheek, of Lihue, spent a few days in Honolulu last week, returning this morning.

Mr. and Mrs. H. J. Eby of Eleele returned last Thursday from a visit to Honolulu.

E. J. Lennox, salesman, arrived returned this morning to make his regular business tour of the island.

N. E. Weight, chemist for Makoe Sugar Co., returned from his vacation this morning. He has been visiting his home on Maui.

C. G. Kuhlmann, of the Bank of Hawaii Ltd., Lihue branch, returned this morning from a week's vacation spent in Honolulu.

R. A. Backus, sales manager of the Hawaiian Electric Co., accompanied by Mrs. Backus, arrived from Honolulu on the Kināu this morning.

Miss Katherine McCarthy, of Honolulu, arrived this morning and will be at the Lihue Hotel for a week with a fine line of ladies' apparel.

Henry A. Wise Sr., Lihue grammar school contractor, and also a brother of Senator John Wise, arrived on the Kināu Tuesday morning from Honolulu via Molokai, where he has been on a business trip.

First Event—Potato Race
Three barrels placed an equal distance apart. Potatoes placed in the middle barrel and one team will line up at one end barrel. The opposing team will take their position at the opposite end barrel. At the signal to start, it will be the object of the teams to take potatoes out of the central barrel and carry them to their barrel. Any man can knock the potato off his opponent's stick, but if the potato falls on the ground it cannot be picked up. Contestants cannot cover potato and must hold spear at full length. When all of the potatoes have been taken from the central barrel, the team having the most potatoes in their barrel shall be declared the winner. Any deliberate and rough tactics evidently dangerous to horse and rider will disqualify a man and the team will have to continue without him. First, 5 points; Second, 3 points; Third, 1 point.

Mounted Tug of War
The event will have one horse on each instead of four as formerly. Each team will have the privilege of entering any horse in the team to be ridden by any member of the team. First, 5 points; Second, 3 points; Third, 1 point.

Stake Race
Each team to enter one horse to be ridden by any member of the team. First, 5 points; Second, 3 points; Third, 1 point.

Relay Race
One mile. Each man to ride a quarter. First, 5 points; Second, 3 points; Third, 1 point.

Championship Steer Contest
First \$100 and silver plaque. Second, prize \$50; third prize \$25. Steers will be given given a 50 foot start. Each man will be allowed to rope two steers, and the best time taken.

Entrance fee, \$25 per man.
In the steer tying the rules that govern the Pendleton round up championships will be used. In the catches, horns, half a head and neck will be the only legal catches.

Chairman: C. A. Baggott.
Judges: C. A. Rice, James Spalding, Walter Sanborn.

Dredging Operations Started at Ahukini

PLANS CALL FOR BERTHS FOR TWO VESSELS AT THE WHARFS

The Lihue plantation started dredging operations at Ahukini yesterday, the dredge having arrived from Honolulu the latter part of last week.

The portion of the harbor to be dredged is that part along the wharf from the mauka end to the breakwater. It is the intention of the plantation to dredge this portion of the harbor to a depth of 30 feet. About 16000 yards of material will be moved in doing the work.

The object of the dredging is to enable the terminal company to berth two vessels at the wharf at the same time. Heretofore whenever there was a coal or lumber boat in Ahukini it was necessary to move them out into the stream so as to allow the Inter-Island steamer to dock and work their cargoes. When the Inter-Island steamer was ready to move out the other boat would be in the way and this would necessitate considerable jockeying on the part of the pilots.

With the new system all that will be necessary will be to move the coal boat up the wharf toward the breakwater while the Inter-Island is working the cargo and when this is over the coal boat can be moved back with little or no trouble.

A clam-shell dredge with a bottom dump barge is the equipment that the Hawaiian Dredging Co. has on the job. The material will be dumped out at sea, the company having a tug here to do the necessary towing.

One of the important features of the work is the fact that when the dredging is completed steamers as large as the Mauna Kea and the Kilauea will be able to dock at the Ahukini wharf. According to rumors one of the objections of the Inter-Island in sending one of the steamers to Kauai when the new steamer arrives was the fact that they could not dock at Ahukini. This dredging will remove the last objection that the Inter-Island has in giving Kauai a real steamer on this run.

The Hawaiian Dredging Co. started dredging operations for the Lihue plantation yesterday, the dredge having arrived from Honolulu the latter part of last week.

LOCAL FILIPINOS CELEBRATE FLAG DAY

Filipino flag day exercises were held at the various camps about the island yesterday. The meeting at Lihue took the form of a barbecue in the Filipino camp and a number of the lunas and skilled help were the guests of the Filipino Association at dinner.

At Puhā exercises were held, and E. H. W. Broadbent, manager of Grove Farm plantation, was the principal speaker.

LIHUE PLANTATION TO REPAIR MILL CROSSING

Lihue plantation is planning to repair the crossing at Lihue mill, and for the time being a temporary crossing will be put in.

The plantation asks local motorists to use extreme caution in approaching the crossing during the time that the temporary one is being used.

MOKIHANA CLUB TO MEET TOMORROW AFTERNOON

The regular monthly meeting of Mokihana Club will be held at the Lihue Memorial Parish house on Wednesday afternoon, November 1, at 2:30. Dr. Stanley Porteus of the University of Hawaii will address the club on "Social and Scientific Problems of Hawaii."

The hostesses will be Mrs. J. H. Moragne, Mrs. A. D. Hills, Mrs. H. D. Wishard, Mrs. Miller, Mrs. E. F. Wood and Mrs. J. C. Jamieson.

Miss Morrison, representing Hawaiian News & Printing Ltd., arrived from Honolulu this morning and will be located at the Mokihana hall for the next week with a line of holiday goods.

Daily Mail Service For the East Side

POST OFFICE DEPARTMENT TO IMPROVE THE MAIL SERVICE

Negotiations started sometime ago by Waimea Stables Ltd., present contractors, with the postoffice department to give postoffices from Kapaa to Hanalei the same service that has been given to all other postoffices on this island are now believed to be nearly completed, and official announcement of the change will probably be forthcoming soon. For more than two years the postoffice department has given postoffices from Lihue to Kekaha five round trips a week, whereas all other postoffices on this side of the island received but three, for no apparent reason except that there are but four offices on this side to seven on the other.

The present schedule for three round trips a week makes it necessary that the public on this side either do without a dispatch of their outgoing mail for Honolulu on Wednesdays, or to leave mail arriving on Thursday at Lihue until Friday. The first alternative, which is more beneficial to the service than the latter, has been adopted, and the public from Kapaa to Hanalei is depending upon private citizens or to the willingness of the postmasters themselves, to carry the Thursday mail from Lihue at their own expense. Kilauea offices have so far suffered only a short delay as their mail has so far always been delivered by private parties, or by the postmasters themselves without remuneration, but Kilauea and Hanalei have not been so fortunate on account of the great distance. It therefore behooves citizens and taxpayers on this side of the island to make an effort to induce Uncle Sam to give them service that is at least equal to that at present given on the western side, unless the present contractors succeed in doing it.

MOKIHANA DRAMATIC CLUB HOLDS FIRST MEETING

The first meeting of the Dramatic Club was held last night at Mokihana Hall and a large number of members and prospective members were on hand at the meeting. After a short organization meeting at which it was decided that the chairman of the dramatic section of Mokihana Club should act as president of the club and that a committee be appointed to decide on the activities of the club for the coming year.

It will rest with the committee whether or not the club should produce a series of one-act plays as it did last year or whether the club should branch out and attempt a three or four act play. The committee requested suggestions from the members of the club in regard to ideas and plays.

After a business meeting a short one-act play by Booth Tarkington, "The Trysting Place," was read by some members of the club. The play was well presented and afforded an amusing finish to the meeting.

The cast of the play is as follows. Launcelot Briggs—Paul Rice. Jessie, his sister—Sue Carter. Mrs. Briggs, his mother—Mrs. H. D. Sloggett. Henry Sellonby—W. C. Crawford. Rupert Smith—T. L. Morgan.

DR. PORTEUS WILL SPEAK AT THE PARISH HOUSE

Dr. F. B. Porteus, of the University of Hawaii, will be the principal speaker at the meeting of the Kauai Social Service association at the Parish House, Lihue, next Friday evening, November 3, at 7:30 o'clock. The subject of Dr. Porteus will be "Defective and Delinquent Children." As this is a subject that is of great interest to everybody the association extends a cordial invitation to the general public to be present.

KAUAI MASONS TO MEET

The regular quarterly meeting of Kauai Masonic Club will be held in the Top Top building on Saturday evening, November 4th.

A. R. Gurrey, of Makaweli, Kauai's own artist, returned Thursday from a visit to Honolulu.

KAPAA NOTES

Wm. P. Jarrett, Democratic candidate for delegate to congress, appeared before the voters of this district last Thursday evening and was well received. Other speakers of the evening included Supervisor Pacheco of Honolulu, the "Cannon Ball" Kakaako, and M. G. Santos, local leader of the Democratic party.

As election time draws near predictions of the outcome in this district are again being made by those who claim to know. General indications are that Jarrett will beat Wise with a close vote. Rice will beat Aguilar easily and the four Republican candidates for representatives will all come out victorious. Lucas is not expected to poll enough votes to win, but Scharsch undoubtedly has gained considerable strength and some expect him to be the dark horse that may come thru.

Members of Jarrett's Democratic party, all of whom are Foresters, were entertained by a committee from Court Waialeale, local order, after the meeting Thursday night. Tables were set at the Suyoken hotel for the guests and local Foresters.

A baby Overland touring car, the property of Ernest Gomes of Kealia and driven by himself, overturned near the junction of the Kapaa school-Kealia road last Saturday afternoon just before dusk. The car lost a front wheel and its windshield and top was completely smashed, but the driver escaped without injury. Gomes was traveling towards Kealia when the accident occurred.

Residents living near the theater were startled Sunday evening just after the movie crowd had dispersed by a series of explosions that sounded as if a revolver duel was being held. Everybody within ear-shot looked to see what caused the shooting but it was only an old gas wagon whose engine was backfiring.

The widening of the narrow bridge near the postoffice is nearly finished. One side has already been completed and the other side is expected to take about two weeks more. County employees are doing the work under County Engineer Middleton.

Regular meeting of the Kapaa Hi-Y Club was held last Friday night. Plans were discussed for the Father and Son gathering to be held on Saturday night, November 18. Under the leadership of H. T. Barclay the club is having some very interesting and profitable meetings.

The men and boys of Kapaa are looking forward with keen interest to the Father and Son banquet and get-together set for Saturday night, November 18, in the Hawaiian hall. The ladies of the community are taking care of the kaukau. The presence of Messrs. Taylor and Butler as speaker and singer, assures an evening that will long be remembered of friendly fellowship and inspiration.

LARGE STILL FOUND OPERATING AT WAILUA

S. Yoshioka was nabbed by prohibition officer, J. F. Bettencourt last week at Wailua with a large still and condenser in his possession as well as one hundred gallons of mash.

Several large demijohns which were empty at the time were also found.

Yoshioka was brought before Judge Ekekele of Kapaa and was fined \$50 and costs.

WILLIAM WOLTERS WINS COLLEGE SCHOLARSHIP

William Wolters of Kealia was the winner of a \$250 scholarship offered by the Pacific Guano and Fertilizer Co., for investigation in soil fertility.

The scholarship covers only the first half of the college year as it is understood that Wolters intends to enter Harvard later in the year.

Special field and pot experiments will be carried on by Wolters to determine fundamental principles of soil fertility. William Wolters is the son of Mr. and Mrs. Wolters of Kealia and he has made an enviable record as a student at the university. He is also a member of this year's varsity playing in the line as a tackle.

Wise Is Picked to Carry Kauai

Republican Ticket Will Sweep the Island is the Decision of Prophets

RICE ASSURED OF ELECTION

Joe Scharsch is the Dark Horse and May be Elected to the Lower House

With the election just a week off every indication seems to be that the Republican ticket will have little or no trouble in carrying the day.

That Senator Wise will carry Kauai seems to be a foregone conclusion and some prophets are claiming that he will by a two-to-one vote. Older heads do not claim such a lead for the Republican nominee, but seem to be satisfied that he will lead the Democratic candidate when the votes are counted.

Jarrett is expected to poll his greatest strength in Kawaihau and the best that prophets will give him in that district is an even break or a slight shade. Wahiwa may also swing toward Jarrett but the belief is that if he does carry that district it will not be enough to offset Kilauea and Makaweli, where Wise is expected to poll his about 75 per cent of the votes. Lihue will return about the same majority that it did at the primaries for the Republican candidate. Waimea and Kekaha are expected to about split even, while Hanalei is expected to swell the Wise total. Koloa will give Wise a comfortable majority along with the rest of the Republican ticket.

As far as the contest for the senatorial toga is concerned, Charley Rice can make his reservations at the Young Hotel now for the next session of the legislature. Aguilar is not being taken seriously by the voters and it is doubtful if he will poll a very high percentage of the votes that were cast at the primary for Kaahu.

Joe Scharsch may cause the low man on the Republican ticket for the lower house some worry as Scharsch is figured as the dark horse of the campaign. Lucas will not cause any of the Republicans any loss of sleep however.

KAUAI LEGION HOLDS MEETING

Kauai Post of the American Legion held its regular meeting at the county building last Thursday evening. The committee for special equipment for the armory recommended that the post put in a shower room in the men's dressing room, also recommended the construction of portable bleachers and basketball goals.

The post acted on the committee recommendation that the post contain the building and put up a new screen around the building. The recommendation that the post construct a ring for boxing was postponed until a later date.

A report on the vaudeville show was given as well as a report on the progress in regard to Armistice Day. T. L. Morgan of the Armistice Day celebration announced the various committees that will officiate on that day.

The post voted to have the chair appoint a nomination committee for officers for the coming year. The committee was instructed to make various recommendations to the post at a special election meeting. It was also voted that any nomination from the floor would be in order on the night of the meeting.

WAILALEALE HIKE IN NOVEMBER

The climb of Mauna Waialeale, the highest mountain on this island, tentatively planned for last Friday and Saturday, has been definitely set for Tuesday, Wednesday and Thursday, November 7, 8 and 9. Among the prospective trampers are three of our local pastors, Messrs. Bayless, Hall and Keahi, and as there was a convention of the county church last Saturday and Sunday the latter date for the trip has been selected as being more satisfactory for all who will make this rare and interesting mountain ascent.

Prof. Porteus, of the University of Hawaii, was an arrival on the Kināu last Thursday.

Mrs. H. K. Brandt, of Koloa, returned last Thursday from a visit to Honolulu.

To Enforce Curfew Law On Kauai

The juvenile court is planning to carry out the curfew laws on Kauai in regard to children on the streets and at public places of amusement unaccompanied by an older person. One point that is necessary for local movie men to notice is the fact that if a child is found in a movie show unaccompanied, the proprietor of the place is liable to a fine of \$100.

For the benefit of those interested, the Garden Island is publishing the statutes involved:

The Curfew Law

Section 3001. Any child under 15 years of age, except in case of necessity, or except when permitted to do so in writing by the judge of the juvenile court, shall not go or remain on any street or highway after 8:00 o'clock in the evening and before 4:00 o'clock in the morning, unaccompanied by an adult person, shall be deemed a delinquent child and may be punished as by law provided.

Section 3002. Any parent or guardian having the care, custody and control of a child under 15 years of age, who, except in case of necessity, shall knowingly and voluntarily suffer or permit such child to go or remain on any public street or highway after 8:00 o'clock in the evening or before 4:00 o'clock in the morning, unaccompanied by an adult person shall be punished by a fine of not more than \$10 or by imprisonment of not more than 20 days.

Section 3003. Any keeper of a coffee shop, ice cream parlor, victualing or billiard saloon, bowling alley, skating rink, theater, show house or premises in which any show, moving pictures or any other like entertainment shall be given, who shall permit any child under the age of 15 years to be, or remain, upon such premises or in such saloon, rink, theater, showhouse, or premises, or in whose premises such child be found between the hours of 8:00 in the evening and 6:00 in the morning, unless such child be accompanied by his or her parent or guardian or some other adult person, having authority over said child, shall be guilty of a misdemeanor and upon conviction thereof shall be fined a sum not to exceed one hundred dollars (\$100.00).

Section 3004. If any keeper of, or keepers of any of the public places enumerated in Section 3003 shall find difficulty in clearing their premises of school children, the same may call in the assistance of the police, who shall first order all such school children to return to their homes, and if such order is not obeyed by the said children, the police shall proceed to apprehend all such children who shall not have proceeded to their homes, and cause them to be detained in the lock-up over night to be brought before the district magistrate the following morning, to be punished according to the law relating to such truancy.

TIP TOP-ICS

DRAGON'S CLAW AT TIP

TOP, ACTION FILM

Centuries of surmise and ages-long periods of speculation have kept close hold on the secret of where Solomon the wisest and richest man of the world has ever known, got his gold. But at last the veil has been torn aside and in "The Dragon's Claw," a Paramount picture featuring Mia May, a celebrated European actress, to be shown at the Tip Top theater Sunday, the secret is revealed to the world. This picture will be the initial instalment of a quartet of Paramount pictures grouped under the heading, "The Mistress of the World."

Miss May, as Helen Neilsen, daughter of a diplomat, learns the story of her father's betrayal of a trust, after reading his diary. His suicide, which resulted in the death of his wife, left Helen an orphan. The diary of the Queen of Sheba's treasure supposedly hidden in the wilds of Ophir, and gives directions for obtaining it.

Helen is fascinated with the quest and goes to China in search of the hermit of Kuan Fu, who is supposed to be in possession of the secret. How the various characters in the story make their escapes is thrillingly told.

The production of "The Dragon's Claw" is tremendously massive and effective. Thousands of persons are employed in the picture which is a UFA production, presented by the Hamilton Theatrical Corporation.

On account of the changes in the steamer schedules some of the pictures advertised last week for the Tip Top did not arrive.

"CINDERELLA OF THE HILLS"

Barbara Bedford, the new Fox star, is reported as having achieved a distinct triumph in her first vehicle, entitled "Cinderella of the Hills," which comes to the Tip Top theater next Sunday. Miss Bedford is the 19-year old actress who appeared in noteworthy pictures, among them being "The Last of the Mohicans," and her talent expressed in that offering entitled her to stardom. The story by John Breckinridge, is of a mysterious girl of the Ozark Mountains, living in fear of her stepmother.

The heroine brings down the ridicule of the mountain community upon her head by her mysterious actions. Her stepmother continually abuses her and her father seems powerless to help the mistreated victim. Eventually a young man comes to the backwoods town and takes an interest in the young girl's case. She shies at him until

he convinces her that he is her friend. The action develops a theme of mystery and another of love, and they are manipulated with skill. Miss Bedford gives an appealing performance as the heroine. Howard Mitchell directed.

"A GOOD PROVIDER"

Vera Gordon, Dore Davidson, Fannie Hurst and Frank Borzage, all of "Humoresque" fame, have come thru again in "A Good Provider." Here is a picture that will hand most everyone a real laugh, be good for an occasional tear, and as a combination of heart interest stuff, domestic drama and Jewish humor, stand as a landmark for many a day.

It is a very human and plausible picture that has been evolved from Miss Hurst's equally human and plausible story. The principal characters are a small town Jewish merchant, his wife, their two children and the daughter's lover. The picture picks them up when the merchant is a greenhorn struggling to get a start in the land of his adoption by peddling drygoods from a wagon. You see the family when they begin housekeeping in a tumble-down old house and you get a glimpse of their modest success in the mercantile business as the years go by. The peddler's wagon becomes a store. The children grow up and become ambitious. So it is that in time the merchant is induced to move to New York where they live at an expensive hotel, that the son and daughter may have their chance. But the little business in the commuting town will not stand the strain of such lavish expenditures and the time comes when the merchant is at the point of bankruptcy. But the crash does not come, for the whole family get back to earth when they are told the situation, and with the prospective son-in-law's money, they start over again.

SPORTS

All Stars and East Side Teams Are Winners in Double Header

Tilley Has Too Much on the Ball and Holds the Champions Helpless

JONAH HAS ONE BAD INNING

East Side Romps Away With Game Against the West End Teams

Talking Tilley was too much for the champions last Sunday at Waipouli and the league leaders went down before the All-Stars by the score of 3 to 1. It was one of the best games of the season and knocked for a goal the old saying that a bunch of all-stars never put up any kind of a game against a regular team.

Jonah got into hot water right hind the talkative one as far as twirling goes but Jonah had one bad inning the first and that accounts for his defeat. Tilly would have had a shutout except for an error in right by Conant, but as Conant contributed the two-bagger in the first inning that scored two runs and later crossed the pan with the third no one can complain as to his efforts for the day.

Jonah got into hot water tight at the start when he walked Fujii, Kondo laid one down in front of the plate for a sacrifice which Soong fielded but the Makee infield neglected the important item of covering first and both men were safe. They moved up a base on a wild pitch. Jimmy Burgess fanned but Conant came thru in a pinch and doubled to left center scoring Fujii and Kondo. Yamase hit one to Jonah and when Jonah threw to first for the put-out Conant beat it for third and scored when Rodriguez threw wild to the bag to head him off.

Makee looked as if they would tie it up in the first for after Rodriguez fanned Yoshida walked and Tsunehiro singled. They moved up on the double steal, but died by the wayside as Tilley tightened up and forced Soong to pop out to Yamase and King popped an easy one to Fujii.

Makee grabbed off their one and only run in the third. Cummings fanned Rodriguez hit a high fly to Conant who dropped it to Rodriguez taking second on the error. Yoshida singled to right and Rodriguez counted. Yoshida stole second and went to third when Tank threw wild. Mamuru walked and stole. Things looked pretty black for the All-Stars when Soong hit one near second with the infield in to stop the play at the plate. Jimmy Burgess made a great stop and with a perfect throw headed Yoshida off at the plate. King fanned to end the inning.

A fast double play in the fourth nipped the champs chances to score. Doi was safe on Okuda's boot. Morita flew out to Masaru on the hit and run Lyons hit to Burgess who having no chance to stop Doi at second retired Lyons at first. Doi tried to go to third on the play but a snappy return throw by Yamase cut him off.

Tark opened up the fifth for the All-Stars by doubling to center. Tilly flew out to Doi, Fujii went out short to first and Tank moved to third, but Kondo popped out to Doi ending the game.

The champions threatened in the ninth when Doi the first man singled and stole to second and third. Tilly showed that he was equal to the occasion by forcing Morita to pop out. Lyons flew out to Kondo and then Tilley ended matters by fanning Cummings. The score:

In the second game the East Side had little trouble with the West Side after the third inning. Wramp started for the West Enders and for three innings had the Eastside guessing, but they opened up on him in the fourth and fifth and he was forced to retire in favor of Kruse.

Okuda worked for the East Side and except for one inning when the Westenders grabbed off three hits and a run they could do little or nothing with him. He retired in favor of Teves in the sixth and the Kapaa hurler did not allow any Westside player to reach first base.

KAUAI HIGH SCHOOL TO MEET KAPAA TEAM ON ARMISTICE DAY

The Vets team which will tackle the Kauai high school on Thanksgiving Day is getting down to hard work in their practices. Last night they had twelve men out and the linemen were put thru their paces.

LIHUE AND MAKEE TO PLAY AT WAIPOULI NEXT SUNDAY

Lihue and Makee will tangle in the last post season game of the year at Waipouli next Sunday. The keen rivalry between the two teams will insure a good game and both teams are out for victory. Cummings and Okuda will probably be the opposing twirlers and as both men are in great shape, a pitchers' battle may result. The game will start at 2:30 and an admission of 25 cents will be charged.

Reservations for auto parking space can be made with G. M. Shak at the Hawaiian Canneries, Kapaa.

On Thursday evening the Vets hope to put on a scrimmage against one of the high school class teams.

The high school team will play two games this year against outside opponents, as they are taking the Kapaa team at the Waipouli race track on Armistice Day. This should be an interesting game as Kapaa has quite a bit of likely material and they should make the high school boys step to win.

School Games Excite Interest

Makaweli took the boys' championship in group A when they defeated Kekaha by the score of 9 to 8. This was one of the best games of the series and was not decided until the last man was out in the last inning.

Kamheo won both the boys' and the girls' games against Eleele, the boys winning by the score of 15 to 8, while the girls' score was 54 to 39.

The Kapaa girls took the championship of their district when they defeated Hanamaulu last Friday 43 to 9.

Lihue won the boys' championship by defeating Hanamaulu 18 to 11. The Hanamaulu boys put up a game battle and both teams fought hard for the victory. Good clean fast playing featured the game. Catchers in the field by the two left fielders were the fighting features, the fielder making an exceptional one-land catch.

The standing of the teams in Group B has resulted in a triple tie, all three teams having won one game and lost one game.

The following is the report of the Koloa-Eleele games:

The Eleele and Koloa game played at Eleele was a fine game between the boys. The Koloa team came over to win and if Eleele did not win they would be out of the running entirely for Kalaheo beat them last week. We are right where we began the series, each boys' team has won a game, Koloa beating Kalaheo, Kalaheo beating Eleele, and Eleele beating Koloa. Koloa was at Eleele en-mass, three truck loads of pupils and fifteen out of 17 of their teachers.

But the Koloa girls got revenge for they made 64 runs to the Eleele girls' 33 runs.

The delightful thing about it all was the good sportsmanship spirit. The Koloa teachers are to be congratulated upon the spirit and backing they give their sports.

On November 3rd, Kalaheo comes over to play Eleele and on November 10th Eleele goes over to play Koloa. But will it decide the winner? There may be another tie.

Makaweli took Mana by storm, winning by the score of 39 to 9. The smaller school made a good showing against their bigger opponents better than the score shows.

Runs by innings:
Makaweli 5 4 1 9 5 7 6 1 1—39
Mana 2 0 0 2 0 0 3 0 2—9

Waimea won both the boys' and girls' games from Kekaha, but both games were hard fought throughout. The score in the girls' game was 24 to 19; while the boys' won by the score of 23 to 16.

THREE MEN QUALIFY IN GOLF TOURNEY

Only three golfers qualified in the elimination tournament last Sunday. Hopper, Lane and Fern being the only ones to turn in a net score below 85. Lane turned in 77, while Fern and Hopper turned in 79's. A three-some will decide the tourney next Sunday morning.

BALTHIS AND FERN WIN TENNIS TITLE

Balthis and Fern took the Lihue tennis club doubles tournament when they defeated Bayless and Rice last Friday afternoon by the score of 6-3, 6-3. Bayless and Rice defeated Spalding and Baggott in the semi-finals, while Hopper and Wood were eliminated by the winners.

TO THE MAKEE BASEBALL TEAM

A baseball team which wins the league championship for three consecutive seasons deserves public attention. This is briefly the status of the Makee baseball team in the Kauai island league.

The New York Giants won for that city the honors of a world's championship baseball team. The members of that team have home towns as near New York City as Kauai is to the coast. They collected, by the way, enough money for winning the pennant in post season

games to tide them over the bitter winter months of unemployment.

The Makee boys all belong in the home town. The team has never yet imported sluggers and box artists as a plantation would mules, to pull them over the top. Five thousand miles from New York, the home crowd feel that their local team are all greater than the world's champions on the sporting page.

The local boys have played without compensation and without any gate receipts over which to heckle. They have shown for the education of thousands, who have yet to feel the pulse of America on the mainland, something of obedience to law and order as well as good fellowship. Something which will destroy the selfish purposes of individualism and which will tend to cement a sentiment for the welfare of the community in betterment.

Let us hope that the serious groups trying to synchronize in Hawaii an American heart beat will fall to earth upon a baseball diamond. Thereon they can see some of the basic principles of Americanism in fair play, unity, and public service. To measure the indefiniteness of Americanism by percentage is jingoism. Let us rather respect the batting and fielding averages of the home town team. When the people can check in public office the bluffer, quitter and cheater as readily as they can on the baseball diamond they will in some measure approach the ideal of an enlightened electorate.

The parents of the members of the Makee team for the most part, ventured to Hawaii to help in the toil of sweetening America. The boys themselves are not quite world's champions even if they are the best on the island of Kauai. It can be said of them, though, that they are desirable Americans. They have, on America's most westerly listening post, served patriotically in helping to solve our Republic's grave problems of the vast Pacific. This service deserves a broadcast, for it will help America to have a longer period of worthwhile activities between international animosities.

The rising tide of team colors on the baseball field need never be feared with alarm in Hawaii.

A BASEBALL FAN.

SCHOOL NOTES

KAPAA SCHOOL

Our girls beat Hanamaulu in seven
innings last Friday by the score
of 43 to 9 before a large crowd of
about 500 pupils. The game was
played on our grounds.

The next game scheduled for No-
vember 3rd will be postponed on
account of the teachers' convention
which will take place the same
day. This game will be between the
Kapaa-Lihue winners and the winner
in the Hanalei district. The place
and time will be announced later.

Arrangements are being made to
have the Kapaa school boys play
Lihue at Waipouli on November 11.
On Friday, Navy Day and Roose-
velt Day, was observed by a long
program of exercises in which ev-
ery room participated.

Dr. Porteus of the University of
Hawaii is coming to visit us on
Wednesday. He is particularly in-
terested in mental tests for children
and we have an opportunity class
for boys and girls who have found
the road to learning steep and rough
which may interest the doctor.

HONOR ROLL FOR KAUAI HIGH SCHOOL

Dobashi, Osako Miyasaki, Risaburo
Miyoshi, Edward Morgan, Hanako
Nagai, Tamotsu Naito, Tamayo Nishi-
moto, Adline Rodrigues, Fusao Tan-
abe, Miki Tokita, Ethel Widdfield,
Bessie Wiebke.
Special Mention: Eddie Kanoho, Mi-
yuko Yamase.

Freshmen

Honor Roll: Michio Fujii, Kenneth
Nagata, Henrietta Wedemeyer, Yo-
shiko Yamasaki.
Special Mention: Masao Akimoto,
Hideyo Kimura.

LIHUE SCHOOL

The Kauai Teachers' Association
meets on Friday, November 3rd at
the Lihue high school. Teachers from
all schools on the island will attend.
Dr. Porteus and Miss Hoffman are
the speakers.

Friday, October 27th, designated as

Navy Day, and also Theodore Roose-
velt's birthday, was celebrated by the
children in their morning exercises.

Judge Lyle A. Dickey was the
speaker. He gave a very interest-
ing talk on Roosevelt's life.

The Lihue baseball boys plays the
Hanamaulu at Hanamaulu on Friday,
October 27. The Lihue boys won
with a score of 18 to 11.

The Lihue boys will play the Ha-
nalei team Thursday, November 2,
at Kilauoa.

Dr. Porteus, the child psychologist,
and author of many mental tests
visited the school Friday.

The Lihue Girls' Reserve under
the supervision of the Y. W. C. A.
with Miss Crosby as their advisor,
held their first business meeting on
Monday afternoon. The following of-
ficers were elected: Mary Rapoza,
president; Mary Hong, treasurer; and
Chiyo, secretary.

The kitchen was in charge of the
eighth grade girls on Monday as Miss
Anthony was absent.

Lihue and Kapaa schools split ev-
en in their games, Kapaa winning
the girls' and Lihue winning the
boys.

The following is the report of the
game by the Lihue school reporter.

The girls' game was played first,
it being a five inning affair as the
time was quite limited. The game
was played as usual with lots of
snap, but what needs special com-
ment we believe is the good spirit
and sportsmanlike manner in which
the players acted. It was a pretty
closely contested game but the final
score was 19 to 17 in favor of our
guests, who were good winners and
sports. It is easier to be a good
winner than to be a good loser, but
we believe that in this case the
result would have been the same
which ever team won.

The boys' game was one of the
finest and fastest games played on
our ground as yet. Both teams were
in pretty good shape. There was a
rumor long before the game that
Kapaa had a dandy pitcher, sure
enough, he had some style and a
swift delivery. Our boys seemed to
be doubtful at first how to meet the
ball, but once they got started they
seemed to like it, for everything
went our way throughout the game.
The game was seven innings by

agreement and the final score was
18 to 8 in favor Lihue. However, in
all our games the score is not the
only thing of importance and again
we wish to comment upon the sports-
manship and good spirit of the play-
ers. This, we believe, is the one
thing that should be emphasized in all
school activities.

The following is the line-up for
Lihue:

Catcher, Llewellyn Gandell; pitch-
er, Sueki Fujitani; 1st, Akira Taha-
be; 2nd, John I; 3rd, Satoru Taka-
miya; L. S. S. Tadashi Kono; R.S.S.,
Satoru Tada; left field, Noboru Fu-
jimoto; right field, Sung Yoon Choi;
center field, Atsushi Yamamoto.

WAIMEA JUNIOR HIGH SCHOOL

The assembly periods are interest-
ing with Mrs. Wright leading chorus work
and Miss Carter in charge of stud-
ent activities. On Tuesday, Shizuo
Yamase gave an excellent translation
of the Japanese fable of the "Queen
and the Fox." Sadako Kuroaka gave
the fable of "Hawkeye and the
Dwarfs." Mary Fernandez rendered
two piano solos.

L. J. Riggle, formerly instructor in
the territorial industrial school has
reported for mathematics. Mr. Riggle is
from Columbia University.

Waimea grammar school finished
in the cellar with the Mana school in
the K. P. S. A. L. The girls' team is
the champion of District 1, and will
play the champions of District 2 for
the finals at Lihue in November.

Many Waimea school teachers plan
to spend all or part of the Christ-
mas vacation in Honolulu. The
teachers' cottage has been improv-
ed by a screened porch half way
along the front.

Plans are being made for the an-
nual school show to be given in
November or December. All the acts
will be entirely new in character.
Part of the proceeds this year will
go to pay for the district athletic
truck. Some will be spent as usual
for the Christmas celebration.

DORMITORY HI-Y PRACTICE PARLIAMENTARY RULES

Under the direction of Prof. Wilo,
of the Kauai high school, the Dor-
mitory Hi-Y members have been
receiving some very valuable and
interesting instruction in parliamen-
tary practice. The making, passing,
laying on the table motions have
been made thru actual practice. This
knowledge will be found of inestim-
able value as time goes on.

—Let your Christmas presents be
a joy throughout the year by giving
each of your friends a nice maga-
zine. Send to the K. C. Hopper News
Agency, Lihue, for a catalog. Phone

NOTICE OF SALE OF PUBLIC LAND AT HANAPEPE, KAUAI

Public notice is hereby given that at 1 o'clock P. M., Friday, November 24, 1922, at the front door of the County Building, Lihue, Kauai, there will be sold at public auction to the highest bidder, under the provisions of Section 73 of the Revised Laws of Hawaii of 1915, for dairy purposes, that portion of Kapahill Valley in the land of Hanapepe, extending north from the Valley Road to the Makaweli-Hanapepe boundary, containing an area of 34.70 acres more or less.

The sale of this land will be subject to the following conditions:
(1) Upset price \$2,602.50.
(2) Terms, cash at the drop of the hammer.

(3) The purchaser shall pay the costs of advertising immediately after the sale.
(4) The purchaser must be a citizen of the United States of America or must have declared his intention to become a citizen.

The patent to be issued covering this land will contain the following conditions:

(a) The land to be sold must be used for dairy purposes only during the first ten years from the date of sale and if the purchaser fails to use the said land for dairy purposes at any time during the said term, the land shall revert to and re-vest in the Territory of Hawaii.

(b) The Territory excepts and reserves from the land sold the Kapahill stream and all riparian rights in and to said stream and any other stream passing over and across said land.

(c) The Territory reserves the right in itself and to grant to other parties the right and privilege of crossing and using the land to be sold, with and for such flumes, pipe lines, power lines, roads, ditches and such other rights of ways and uses as it may deem advisable. The right on the part of the Territory and parties, to whom the privilege may be granted to so cross the said land, to be exercised in such a manner as not to interfere with the purchaser in the free use of said land.

Map of this land is on file and may be seen at the office of the Sub-Land Agent at Lihue, Kauai, or at the office of the Commissioner of Public Lands, Capitol Building, Honolulu, T. H.

For general information apply at the office of the Acting Sub-Land Agent, Mr. J. M. Lydgate Jr., County Building, Lihue, Kauai, or at the office of the Commissioner of Public Lands, Capitol Building, Honolulu, T. H.

C. T. BAILEY,
Commissioner of Public Lands.
Dated at Honolulu, T. H.,
October 19, 1922.
(Oct. 24-31-Nov. 7-14-21)

TENDER FOR ASPHALT

The Board of Supervisors of the County of Kauai will receive bids up to 10 o'clock of November 1, 1922, for furnishing 1000 single headed barrels "C" grade asphaltum, Pen (31-40) F. O. B. ship tackle, San Francisco for Port Allen, Kauai. Shipment to be made in four equal lots.

The Board of Supervisors reserves the right to reject any or all bids.

(S.) R. F. MIDDLETON.
(Oct. 17-24-31)

TENDER FOR PIPE

The Board of Supervisors of the County of Kauai will receive bids up to 10 o'clock of November 1st, 1922, for furnishing 3400 feet 6 inch wood pipe and one 6" water meter, f. o. b. warehouse Port Allen, Kauai.

Prospective bidders may obtain specifications and blank proposal from the undersigned.

The Board of Supervisors reserves the right to reject any or all bids.

(Sgd.) R. F. MIDDLETON.
(October 17-24-31.)

AUCTION

On Monday, the 13th day of November, A.D. 1922, at 10 A. M., at the Old Hanamaulu School Grounds I will sell the following at Public Auction:

Two old school buildings.
Two or three school bungalows.
One tool room.
One teachers' cottage.

Plumbing fixtures in teachers' cottage and school buildings will be sold separately from the buildings.

By order of the Board of Disposal Territory of Hawaii and the Board of Supervisors of the County of Kauai, T. H.

Terms: Cash and all buildings and fixtures to be removed from the grounds within fifteen days after the fall of the hammer.

Dated Lihue, Kauai, this 30th day of October, A.D. 1922.
WM. HENRY RICE,
Sheriff, County of Kauai.

IN THE MATTER OF THE ESTATE OF MONCHONG SETO, OTHERWISE KNOWN AS SETO MONG CHONG, OF HANAPEPE, KAUAI, DECEASED

ORDER OF NOTICE OF HEARING PETITION FOR ADMINISTRATION

ON READING and Filing the Petition of FONG SHEE SETO, of Hanapepe, County of Kauai, widow of Mon Chong Seto, alleging that said Mon Chong Seto, of Hanapepe died intestate in said County of Kauai, on the 16th day of October, A.D. 1922, leaving property in the Hawaiian Islands necessary to be administered upon and praying that Letters of Administration issue to D. W. Fun, otherwise known as Ah Fun, of Hanapepe aforesaid.

IT IS ORDERED that Tuesday, the 5th day of December, A. D. 1922, at 9 o'clock A. M., be and hereby is appointed the time for hearing said Petition in the Court Room of this Court at Lihue, County of Kauai at which time and place all persons concerned may appear and show cause, if any they have, why said Petition should not be granted.

Dated at Lihue, County of Kauai, T. H., October 27th, 1922.

(Seal. By Order of the Court,

J. C. CULLEN,
Clerk.

Philip L. Rice,
Attorney for Petitioner.

Study is Worth While

The following is from the pen of John C. Tachibana, a Koloa boy, graduate of Kauai High School, and now a student at the University of Hawaii.—Ed.

"If to do were as easy to know what were good to do, chapels had been churches, and poor men's cottages princes' palaces."

It was said a few years ago that three generations without schools and without any teaching would put us all back into savagery. It is worth while to think of such things; we are so used to schools and education in this country of ours that we forget how much they mean to us. If we are going to make our life the wealth of our nation, we should adopt a plan to make study worth while. As a student one must know that his work is worth doing. Think of all the good reasons you have for studying: Your own highest interest, your future home, and above all your beloved U. S. A.

It is a wise plan to read the authors and biographies that emphasize these truths, and be sure to avoid every suggestion contrary to their teachings. A young student is likely to lose confidence, to him experience says: "Remember, my dear child: the right emotional tone is one of happy earnest confidence. Have confidence that you can do it." Fortunately it requires only a little serious thought to make the average young student or man realize the importance of study. So apparent is the advantage of education that even the uneducated can realize it; and often the cry goes up from those who come to their senses too late: "Oh, why did I not devote more time to study at an age when I had the leisure for it?"

If you know that your work is worth doing you can not dislike and if you can do it, you cannot despair of it. The right emotional tone of happy earnest confidence smooths out the wrinkles in your brow, lifts the corners of your mouth, opens the chest to deep breathing and strong heart action. Your whole body becomes fit to carry on your earnest desire. Now, the question, How may we acquire this confidence? Abraham Lincoln, our beloved grandfather, sustained himself in the years of misdirected study with the belief, "What man has done before man do again." It was a good thought and still is a good one. We should remember it. Hundreds of students have mastered their mathematics, Latin, physics, over which many sigh. What all these students have done and are doing you can do. Gain confidence by the thoughts of other's success.

Not only should the thoughts of others encourage you, but respect thyself. The place that you are standing now in education should prove that you are no defective. I have heard someone say, "Have you won that place by sheer force of industry?" Hard won success breeds over the best and sturdiest confidence. Remember that Grant was but a mediocre student and Wellington slow to learn. Indifference is certainly no bar to scholarship. Are you afraid of lack of money? This should not daunt the

student. Scholarship is said to thrive best on plain fare.

After a dinner of milk and rolled oats, no sleepy dullness follows, such as holds the studies of the overfed. Many earnest students are working their way thru high schools and colleges. And many earn every cent that it costs them. What others are doing we can do.

er true or not, I leave it up to you. I have received many advices whether to consider. Some of them are: Do not carry too much work in school if you are earning your way thru school. If you find six subjects too hard for you, it may be so, take four or whatever number may appeal to you. Many students attempt the impossible, and are disappointed at the failures that were inevitable. In working one's way thru school spend five for four years if necessary. It is not a shame, it is a wise policy, and good thinking. If this is done, you will find no difficulty in holding a good standing in scholarship. Does it sound reasonable and sensible to you?

To have confidence does not mean to take more work than you can do, by any means. Just as one does not feel well by overeating, so is it true with over-working your mind. Physical differences are easily seen by young people. The other day a headline in a daily paper ran:

"PUMP SEARLE LEADS TEAM TO VICTORY; PALAMAS DOWNED"

Former Punahou Star Runs 75 Yards for Touchdown. There is one man Honolulu Fans Can Look Ahead for, a Wonder by the Name of Pump Searle."

It was something of that sort. We readily see that everyone of us cannot do the same thing. We consider him as a football star. We see that a young man boy throws a iron ball forty feet, while a lad of the same age throws it only twenty. But we are slow to recognize mental differences. Give way to the superior and "hitch your wagon to a star." Trying to do the impracticable contribute practically nothing to the happiness or efficiency of the student.

"Beware of a man of one book," says the proverb. It is just the opposite of another proverb, "Jack of all trades but master of none." Specialize—we should devote our time and energy to a narrow field of endeavor and we will be able to accomplish something worth while, even if we are a mental Hercules.

Another important fact, though you may not agree with me, but it should be considered. As my authority I will quote you several persons of renown. Weak health does not entirely bar one to scholarship. Wonderful success has been achieved by men in feeble health. Take Parkman, Stevenson, Pope, Poe, and Roosevelt. Francis Parkman, our renowned historian, worked when too weak to sit up, writing and seeking material which brought forth his wonder book, "France in the New World." We all know Robert Louis Stevenson. He wrote much in his bed. Pope was so sick that he could not sit at his desk without a bandage to hold his weak body erect. Good hope and confidence rise superior to all ills. Nothing would have daunted the spirit of these men.

Fill with RED CROWN and nothing else

Motorists who follow this rule in their gasoline buying find that they not only save money—because "Red Crown" yields more per gallon mileage—but improve the power and stamina of the motor.

"Red Crown" enables your car to develop the maximum of power that its makers built into it. It vaporizes rapidly and uniformly in the carburetor, and is consumed completely in the cylinders. Uniform wherever and whenever you buy it—hence you don't have to bother with carburetor adjustments.

Fill at the Red Crown sign—at Service Stations, garages, and other dealers.

By MIKE O'FARAD

STRAY WAVES

Hello Everybody!
Sorry the church service did not come thru as perfect as we expected or as good as it usually does. Better luck next time.

Being a parson for the first time is like making your first speech. However, didn't you get a thrill when you stop and think that the music and speaker's voice are coming from over a hundred miles away.

Well, well folks; Sacramento Union concert came in so loud last night (Sunday) that we even heard it with the phones laying on the table. Real good music too.

Hello Ako. What is the matter with your set? Suggest that you try making a ground connection to the cold water pipe. A good ground is absolutely necessary.

Mr. Wolters, that invitation last week was for you. Believe you are interested in the market reports. Of course Mrs. Wolters is cordially invited too.

For clear perfect broadcast receiving you should listen in with an Aerola Seglor receiving set using two pair of head phones. Mrs. Kuhns says you wouldn't want it any better.

The real dye in the wool radio fans cling to the head phones for receiving the broadcasts, which is the perfect way.

The Aerola Grand receiving set is being remodeled into a transformer coupled receiver. This is expected to wonderfully improve the set.

Bachelor Girls Sing for the Radio Miss Ivy Buckman, who sings at the Cincinnati broadcasting station, WLW will tell you that radio and romance go hand in hand.

She received a letter from a wealthy rancher who lives many miles from Cincinnati who says he never experienced an extra plus throb until he heard her beautiful voice over the radiophone and is desirous of knowing her better with a view towards marriage.

RADIO NEWS

In order that you may become familiar with the radio terms:

AERIAL: one or more wires insulated from and used to pick up energy in the form of ether waves produced by a transmitting station.

ATMOSPHERICS: also known as statics, strays and X's. Natural electrical discharges occurring in the ether. They have no wave length and travel thru the same medium as radio waves.

AUDIO FREQUENCIES: frequencies corresponding to vibrations which are normally audible to the human ear. All frequencies below 10,000 per second. Radio frequencies are those above 10,000 vibrations or cycles per second. Radio frequency receiving sets are now being made, although they are in the experimental stage yet. These sets will greatly amplify the signal before the detector picks up the signal.

CONTINUOUS WAVE or C. W.: a form of electric wave used extensively in radio having a constant amplitude and no damping. C. W. makes possible long distance amateur radio telegraphy and is also the basis of radio telephony.

DETECTOR: any apparatus which transforms the oscillations received by the aerial into a form of current which will operate a telephone receiver.

CRYSTAL DETECTOR: Certain metallic crystals when introduced into a radio receiving circuit have the property of rectifying the incoming signal oscillations so that the resultant direct current will operate a telephone receiver. A vacuum tube does the same thing but is extremely sensitive.

TUNING: in radio receiving the greatest signal strength is possible only when the product of the inductance and capacity value of the receiver matches that of the transmitter.

Radio waves travel the speed of light which is 183,000 miles per second, so that you the instant a signal is made or voice spoken into a distant transmitter you have in your phones the same instant.

WHAT MAKES A GOOD NAME?

In a product, as in a man, the basis of a good name is character.

For more than twenty years now, and in every country on the globe, Goodyear Cord Tires have enjoyed a good name, solidly built on the character of the service they give.

They are designed and constructed to wear well and to serve perfectly over thousands of miles.

They are so designed and constructed that their performance may in the end be the most economical, resulting in greater mileage at lower cost.

Today, Goodyear Cord Tires are even better and stronger than the Goodyear Tires that first earned this good name.

And their price is lower now than ever—so low that it is not economy ever to pass them by in favor of tires of unknown value.

Supporting the demonstrated quality of Goodyear Cord Tires is the standard Goodyear Service that Goodyear Dealers in Hawaii, as elsewhere, are trained and equipped to give every user of Goodyear Tires.

Y. M. C. A. NOTES

REAL FIGHTING MAN, FATHER AND SON SPEAKER

James Taylor, familiarly known as "Jimmy" by thousands of service men of the allied armies, who will be the guest of the county committee of the Y. M. C. A., and speaker at the various Father and Son gatherings which have been arranged during the week of November 16-22, is a man of wide experience in many parts of the world.

Mr. Taylor saw service with the Seventh Hussars in Egypt, India, South Central Africa and in South Africa. He was one of the besieged in Ladysmith during the four months of that siege, and was honorably mentioned in the dispatches of Sir George Stewart White, V. C., after the relief of that city. He advanced under the late Lord Roberts and continued in line until peace was signed. He was awarded two medals for service and also carries a Victorian decoration for the Metabell and Mashohland wars. He also saw service with the British troops on the Indian frontier.

At the close of the South African war he returned to India where he opened an independent work for the benefit of 80,000 soldiers stationed in that country. Having to leave India on account of ill health after a service of over 30 years he came to the United States and became a citizen. At the outbreak of the World War he was sent to France and in that country served with the 4th Brigade of the Second Division and was badly gassed in service in the front lines. Coming back to the states to recover he made an extensive lecture tour of the middle western states in the interests of the men in France. He was later stationed at Fort Sheridan and Fort Leavenworth.

The men and boys of the county will have the privilege of hearing Mr. Taylor on the following dates: Makaweli, Thursday, Nov. 16; Lihue, Friday, Nov. 17; Kapaa, Saturday, Nov. 18; and Waimea on Tuesday, Nov. 21. He is also scheduled to speak in the Lihue Union church, Sunday morning, Nov. 20. Mr. Taylor will be accompanied at each of these gatherings by Mr. Butler, a well known singer and entertainer from New York. A treat of song and story is in store for all who attend the above meetings.

—Give your friend a nice magazine for Christmas. Send your order to the K. C. Hopper News Agency, Lihue. Phone 22-L.—Adv.

WAIMEA HI-Y AND GRAMMAR SCHOOL CLUBS HELD JOINT SOCIAL

The Waimea Hi Y Club and the Grammar School Club held a joint Hallowe-en social last Saturday night at the Waimea Japanese church. The Hi-Y club entertained the younger group with songs, jokes and ghostly stories, and in return the grammar school club amused the freshmen boys with instrumental music, songs, and stories.

After each group had given and taken all they could from each other the evening was turned over to the social committee for games. Following the games, refreshments were served. All ended up the happy evening by singing Aloha Oe.

PUHI BOYS' CLUB MEMBERS ON AN EXPEDITION

Last Saturday morning the Puhi Boys' Club members went out on a half day exploring expedition. They left home about 8 o'clock and followed up one of the nearby valleys. They hiked for some distance and as the day was scorching hot, they plunged into every swimming hole as they went by.

Following up the winding valley over the hills and down the dales crossing the stream at a score of different places, finally they came to a spot which seemingly appeared like a miniature plateau. The boys with sunburnt faces, tired as they were, sat and talked and viewed the wonderful panoramic scenery of the entire Grove Farm and the Lihue plantations. With weary feet they crept like snails once more homeward bound.

LAWAI STABLE CAMP CLUB IS ACTIVE

Lawai Stable Camp is one of the out of the way villages where there is a Y. M. C. A. boys' club organization. When the club was first organized about two months ago there was some doubt whether it would keep up with its activities. One of the county Y. M. C. A. secretaries visited that club last Saturday night. On arriving there much to his surprise he saw the boys holding their meeting under the light of the moon. The secretary was much pleased with the way the members conducted their meeting. This simple incident reveals that in any community where there are a few boys, they can have a Y. M. C. A. boys' organization, provided that the boys work together as the members of the Lawai club do.

You get the benefit of good paint quality and cheap paint price when you buy *Certain-teed* Paints.

Certain-teed Paint lives up to all the good things said about it. Quality like that in *Certain-teed* never disappears. You can see the quality when you stir it—it has body. You can feel the quality when you spread it—it spreads so easily and covers so much more surface than you expect. *Certain-teed* Paint has to be good, because it has to live up to the *Certain-teed* reputation. Saves money too, because each color is made and sold on a cost plus basis. See us before painting—it will pay you.

PABCOLIN

This is an inexpensive enamelled floor covering which has qualities peculiarly its own. The enamel is baked onto the surface till it is a part of the material, just like the enamel on a high class automobile.

If it is kept waxed to preserve the surface it will wear for years. It will wear wonderfully well anyhow.

We will send samples and estimates.

If you will send a plan of your floor with the correct dimensions of angles and jogs we will send the PABCOLIN all cut ready to put in place.

This splendid inexpensive floor covering is only one dollar a square yard.

To The People; Citizens and Voters of Kauai

I, Manuel R. Aguiar Jr., Democratic candidate for the Senate; Am a former Republican.

For four years I was a Republican and for four years I have studied the activities and the results of the Republican party twenty years in power in Hawaii.

The Republican Party in Hawaii is the sugar planters' party and they run it. Run it to suit themselves and nobody else.

It is a failure; they are not building up Hawaii. They are just exploiting Hawaii.

The native sons of Hawaii are the sufferers; they cannot live as their ancestors do because of the education they receive in our public schools; which is highly desirable and beneficial and some day the barrier will have to give way, and it may cause trouble. I was born and raised here. My parents came from Portugal. They were Hawaiian citizens, when I first saw the light of day, so naturally I am a citizen of Hawaii.

This is my native land. Away from here I am a stranger. I will live and die for Hawaii, my home.

The problems of Hawaii are my problems.

The planters do not care to solve the problem of Hawaii. The government is handicapped by being under the grip of the planters; thru their party control. The government's powers are limited thru this control. Yet the planters want to impose upon Hawaii more problems by their desire to import into Hawaii Chinese labor.

Today there are about 47 people to the square mile in Hawaii to 33 in the United States and yet Congress has seen fit to cur-

tail immigration to the United States. Into Hawaii they are coming as fast as ships can bring them from the orient.

And yet some of our distinguished gentlemen want to Americanize Hawaii by importing Chinese, I believe.

Last year, 1921, the Hawaiian legislature passed in form of a resolution for enactment by the Congress of the United States the famous Hawaiian Rehabilitation bill, and my opponent Senator C. A. Rice, voted for this bill, if he didn't vote for it, then he wasn't there to fight it, when it was passed by the Senate of the 1921 legislature.

Today the Republican platform calls for the revision of our primary laws. They want to know how the people are voting before they count the ballots.

These activities and other doings of the Republican party, the sugar planters of Hawaii, has caused me to become a Democrat.

You people, citizens and voters of Kauai, who are rearing children, boys and girls, who will know Hawaii as their native land, who will hate to leave Hawaii to seek a living elsewhere, are you going to let conditions go on the way they have been going and the way they are about destined to go?

You know the legislature is the supreme power in the territory.

To it you can make your appeal by voting for the man whom you may feel might stand by you, and that man is myself.

I have no axes to grind.

I am an independent citizen of Kauai.

I want to see business in Hawaii flourish.

I want to see the citizens of this Territory enjoy the fruits which they are entitled to under the constitution of the United States.

My previous experience in legislative work fits me to measure up to the requirements necessary to be a Senator.

You will not make a mistake in voting for me I can assure you.

As a Democrat I will support the Democratic platform, and don't forget to put a little cross to the right of my name on the 7th day of November.

Thank you.

What the Advertiser had to say of Aguiar's record as Representative of the 1919 legislature:

Manuel R. Aguiar Jr., of the Sixth District, Kauai, was a new member of the house who emphatically made good. He is one of the youngest members but showed his keen perception and independence when he sized up the purposes of the anti-Holstein hui and served notice that he would not associate himself with them. Aguiar was a valuable member of the finance committee and of the public lands committee bringing the sympathy and understanding of the genuine and successful homesteader as opposed to the man who wants a hand out or the man who has no real sympathy with or understanding of the needs of the man on the land. Aguiar's errors were those of inexperience and they were remarkably few. He seemed to have an appreciation of the duties of a legislator and the courage and independence to stand by his convictions. The one creditable representative of Kauai, the voters of the Garden Isle will do well to return him next session when his growing experience will make him an even more valuable member.

Manuel R. Aguiar, Jr.

FIFTEEN YEARS EXPERIENCE IN SETTLING AND MANAGING ESTATES

PROLONGING THE SPAN OF LIFE

George Bernard Shaw says the only hope for progress is by prolonging the span of life.

Just about the time a man becomes wise enough to be of use to the world he dies, says Shaw.

If we could live to the ripe age of 150 or 200 years, we could really do something worth while by utilizing our experience.

What do you think of the idea?

If a man has twice as long to make good, do you think he could make any better accounting of himself?

Does a man really become wiser as he grows older or is it better to turn things over to a fresh pack of young men every thirty or forty years.

In considering this question please bear in mind there is no such thing as absolute wisdom.

As D. H. Lawrence says, "Wisdom has reference only to the past. The future remains forever an infinite field of mistakes."

Conditions are ever changing and probably the daring and fresh view point of the new generation is as valuable as the wisdom of the old generation in meeting new problems.

Certainly it does not seem that by age of thirty or forty, it is possible for a man to know about all there is to know.

At about thirty-five, Henry Thomas Buckle knew more about the past than probably any other man who ever lived.

In his library when he died at forty were eleven thousand books, which he had carefully digested, besides ten thousand more which he had disposed of when done with them.

The fruit of this reading is contained in his "History of Civilization" which everyone ought to read, and having read, will have the foundation for an education.

It seems to us that Buckle was entitled to die when he had finished the job.—From "Toots" Magazine.

SOCIAL NOTES

JUNIOR-SENIOR MASQUERADE PARTY

A highly enjoyable evening was spent at the Parish House last Friday evening by the two upper classes of the Kaula high school, a masquerade party being the title of the affair.

Many weird and wonderful costumes were worn and nearly every race was represented.

MRS. FERN AND MRS. MORGAN GIVE BRIDGE FOR TEACHERS

Mrs. C. J. Fern and Mrs. T. L. Morgan were joint hostesses at a bridge given at the home of Mrs. Fern last Saturday afternoon in honor of the teachers of Lihue high and grammar schools. Those who enjoyed the afternoon were Mrs. Snead, Mrs. Leadbetter, Mrs. J. A. Hogg, Mrs. Sam Carter, Mrs. Rogers, Mrs. C. L. Lane, Mrs. Robert Middleton, Mrs. Troller; Misses Richmond, Crosby, Counts, McKay, Davis, Phelps, Stratford and Hunt.

IN HONOR OF MRS. MIDDLETON'S BIRTHDAY

Mr. and Mrs. Robert F. Middleton entertained informally at bridge last Friday evening, the occasion being the anniversary of Mrs. Middleton's birthday. During the evening Mrs. Allen and Mrs. Snead delighted the guests with several charming vocal selections. The high score prize for the ladies was awarded to Mrs. J. H. Midkiff. Mr. Allen received a prize for the highest gentlemen's score, while Miss Morgan and William Balthis were awarded consolation prizes.

Mr. and Mrs. Middleton's guests were Mr. and Mrs. F. Horner, Mr. and Mrs. C. J. Fern, Mr. and Mrs. Sam Carter, Dr. and Mrs. T. L. Morgan, Mr. and Mrs. James Corstorphine, Mr. and Mrs. E. F. Wood, Mr. and Mrs. J. H. Midkiff, Mr. and Mrs. R. M. Allen, Mrs. Snead; the Misses Morgan, Dorothea Cook and Edith Rice; Messrs. Ben Henderson, P. L. Rice, William Balthis, C. A. Baggott and A. Englehard.

MRS. CANNON IS BRIDGE TEA HOSTESS

Mrs. W. P. Cannon of Waimea proved to be a charming hostess at a bridge tea given Saturday afternoon in honor of Miss Ann Carter of Marysville, California, who is an old school friend of Mrs. Cannon, and who is spending the year in Waimea.

Mrs. Cannon chose old rose as her color scheme. Huge jardiniers of carnations and chrysanthemums were placed about the living room in pretty contrast to the soft light of piano and table lamps. In the dining room hibiscus was used most effectively.

Several lively rounds of bridge proved a pleasing diversion. Mrs. Guy Rankin and Mrs. Marcellino tied for first honors, each receiving a clever water colored oriental bridge score book. Mrs. George B. Tuttle received the booby prize of a small Japanese vase. Miss Carter was presented with a guest of honor prize, a small sewing bag fitted with necessary sewing articles. During the afternoon the guests were entertained by Miss Rollins of Elelee, who rendered some charming vocal selections, among them a group of Indian songs, including "Land of the Sky Blue Water," "By the Waters of Minnetonka," and "Pale Moon."

Late in the afternoon tea was served by Mrs. Cannon, assisted by Mrs. J. D. Davidson and Miss Dorothy Davidson. Besides the guest of honor, those invited were Mesdames Norman Brown, Guy Rankin, A. Q. Marcellino, C. B. Hofgaard, A. Braue, E. Deverill, W. T. Dunn, Selwyn Robinson, G.S. Sessions, J. D. Davidson, F. Anser, A. G. Clutterbuck, A. Creevey, Danford and George B. Tuttle; Misses Carolyn Weller, Gail Borum, Ruth Lindsay, Ruth Moody and Isabel Faye.

A CONDENSED HISTORY OF THE HAWAIIAN ISLANDS

A neat flexible covered booklet of 32 pages reached our desk last week. The title of the booklet is "A Visit to Hawaii," and the author is Lillian Shirwsbury Mesick, formerly a teacher at Lihue public school. It is a condensed history of Hawaii and gives as much information concerning the islands as most books with many times the number of pages.

Mrs. Mesick has been a resident of the islands for many years and has been a deep student of things Hawaiian. As a result her book is a fount of information that can be relied upon to be correct.

The book was published by the F. A. Owen Publishing Co., of Danville, N. Y., and is one of their Instructor Literature series.

NEW YORK FORGERIES COST HAWAII FIRM \$300,000.00 TO SETTLE

Alexander & Baldwin announced last week that the suits against them by New York banks, following the issue of forged acceptances by three of their employees, has been compromised on the advice of eminent lawyers who decided that both Alexander & Baldwin and the banks were innocent victims. They therefore advised that they share the loss of the \$600,000 involved, Alexander & Baldwin to stand half, the remainder to be divided among the 20 banks.
