MCBRYDE IN LEAD FOR FIRST SERIES GAMES AS OTHERS SEE US PRETTY SOCIAL HOP MAKAWELI PROTEST

"We Have Won Every Game So Far, And Expect to Strike Colors to None" is the Motto of the team, and Judging From Sundy's Game its a Good One

ALL TEAMS ARE PUTTING UP CLASSY BALL WHICH IS VERY HIGHLY APPRECIATED

If there are any who are yet doubtful of the popularity of baseball as a popular Sunday pastime, they are not among the majority on Kauai, at least. Thousands of enthusiastic fans gathered at the various league ball grounds Sunday and were treated to equally as good exhibitions of the national sport as one can find in any part of the United States. Perfect order prevailed on all the grounds which is one of the chief features of a successful ball game. In Koloa, the local team went up against the K. A. C.'s in an excellent game as is shown by the score of 5 to 2, while in Makaweli, the score of 4 to 2 between the local team and Lihue maroons, would indicate that the best game of the day was played here—if the scores are taken as a criterion. At McBryde, on the Alexander field where gathered the largest crowd of enthusiastic fans ever seen there, the game between the home team and the Kilauea's—the 1912 champions—was fought from start to finish with grim determination. There were many who desired to see the visitors trounce the locals merely to make the percentage list more on an even keel, but somehow the home team couldn't—or at least didn't—see it in this light and "played ball" in their usual scientific and efficient manner. Neither pitcher allowed a walk, nor did they do any great amount of striking out, evidently desiring to trust to their field support. They apparently had the situation well in hand, for the support given by the field was excellent, indeed. There were runs, however, by the home team which, had it not been for wild throws by Kilauea's pitcher, could never have been made. However, there is little or no room for criticism to be made. The boys did their part individually and collectively and are deserving of highest praise for their sports-man-like attitude during the games—So different from past experiences.

At present, it appears that the McBryde team has a pretty tight grip on the championship of the first series. There is nothing except an unusual streak of misfortune, which can prevent them from winning. They are a good lot of scouts however, and if they continue to play the game as they have so far, they certainly deserve it. Nearly 60 automobiles were lined up on the Alexander field to witness the game. The Kilauea team was late in reaching the grounds, having had trouble with their truck. However when they had stretched their legs and got busy, the fans quickly forgot the wait they had endured before the game.

The Kilauea-McBryde game by innings was as follows:

1st. Inning.

Kilauea—Kerr swatted a straight shot to 2nd, who passed the ball to 1st, who batted him out in fiendish delight. Pacheco followed Kerr with a knock-out at 1st, while Wood fanned himself into the shady forest. No run.

2nd. Inning

Kilauea—George Akana in an attempt to break the record at batting, broke the bat and in the confusion was counted down and out by 1st. John Akana made a clean, safe hit, but lost his good start in his eagerness to connect with 2nd. Goheir singled, stole 2nd, and on

wild throw p. to 2nd, scored the first circuit for the visitors. Lorenzo fanned. One run.

McBryde—Akana flew to the welcoming arms of lf. Kobayashi made a safe liner, and stole 2nd. Gabriel struck out, and A. Perreira flew to rf. who made a sensational running catch. No run.

3rd. Inning.

Kilauea—Raposa fanned himself to sleep. Kai singled and on error of 1st, was allowed 2nd. Kerr batted a safe hit but in general mix-up, lost out in retreat from 2nd to 1st. Pacheco went the air ship route to lf. No run.

4th. Inning

Kilauea—Wood, the renowned twirler, plugged a two-bagger which brought forth a roar of applause. However, this counted for naught as Geo. and Jno. Akana fanned in rapid succession. Then Goheir was given the chance to bring Wood in and started things with a good single. He got away with this all right, but Kerr spoiled the affair by indulging in the luxury of a fan. No run.

5th. Inning

Kilauea—Pacheco got up in the air and landed kerr-plunk into the paw of left field. Geo. Akana fanned, and John Akana put a good one out to rf. who put the ball to 1st, just in time to do the speedy runner. No run.

6th. Inning

Kilauea—A. Perreira struck safe, stole 2nd, and on wild throw from p. to 1st, came over the home plate midst wild excitement. J. Perreira became ham-and-eggs at 1st, in play 2nd to 1st. Costa dispatched a hot safe to lf. stole 2nd. ss. fumble, but was caught off his guard and laid among the "has-beens." Loveland singled, and in attempt to make 2nd, crowded Costa, who, as stated above, was counted out in the shuffle, the same being due to a block at 2nd. Pacheco went out at 1st, ending the inning with another score to their credit. One run.

7th. Inning

Kilauea—In this inning, the visitors seemed to be considerably in the air. Two fans and an out at 1st, took them off the diamond in rapid succession with no new laurels for their crown. No run.

8th. Inning

Kilauea—Kerr took a pretty pop-fly to 2nd, Pacheco, though apparently getting a good start, kissed the cross at 1st. Then Wood, the well known pitcher who has the record of "batting a few" came to the bat. It was plainly to be seen that if he were to get a good swat at the ball, it would mean a two bagger at least. However he "didn't get it," but instead, followed Pacheco into the death trap at 1st. No run.

McBryde—The home team took a spurt on itself at this stage of the game and did some real team work. Pacheco singled and on wild throw from p. to 1st, posed himself on the home plate. Takitani singled and stole 2nd, on same ball, but got into high water with low shoes at the home plate where he was turned over to the undertaker. Akana made a pretty safe hit, and stole 2nd, and Akana reached the goal. Kobayashi made a pretty steal to 3rd. Gabriel singled, proved a successful thing at 2nd, A. Perreira struck out, and J. Perreira flew to lf. Two runs.

Kilauea—George Akana made a good safe hit, stole 2, but met his fate at 3. John Akana got away with a pretty hit, and succeeded in reaching 3, on steals. Gabriel fanned, Lorenzo then came up, and to the surprise of the fans, made a single, and stole to 2nd. Ropozo singled, filling all bases. With all bases filled and John Akana on third, even though there were two down it appeared as though Kilauea had a last show to add at least another run. Time and again Akana would be nearly to the home plate by the time ball had reached the batter, and on one occasion a series of efforts were made to get some one of the three out, but these efforts failed. However, Kai failed to come through with a single, being fanned out, so the brightest prospects which had fallen to the lot of the visitors during the entire game, were lost when a sure thing seemed in sight.

SUNDAY'S BALL GAME

Games	June 8	Umpires
Kilauea at Lihue,	S. W. Meheula	
McBryde at Kapaa,	Sanborn	
Makaweli at Koloa,	Chas. Aki	

The regular monthly concert of the Lihue band will take place at Lihue Park next Sunday at 3 P. M.

The following remarks are from prominent parties from the various districts of the island:
"Well, why don't the Lihue Plantation Co. give the people an office? They are entitled to it."
"The plantation is on record as not opposed to a postoffice for us, but it is plainly evident that it doesn't care to help in getting one."
"It's a darn shame that the Lihue Plantation does not establish a postoffice for the people in Hanalei. It's an outrage and every reader of your paper knows it."
"Why doesn't some one tell the management of the Lihue Plantation just how to go about helping its people get a postoffice. Whisper dividends then when they are thoroughly excited tell them just how to go about it."
"On our plantation, our first consideration is the comfort and convenience of our labor. If they should require more than one postoffice, we would get it for them if possible."
"The attitude of Lihue Plantation in regard to the Hanalei postoffice situation is one in which it may be entirely justified, but it lacks a great deal of being a wise one in this time of labor difficulties."
"In remaining silent on a subject of such import as the peoples' demand for a postoffice in Hanalei, the Lihue Plantation management is gaining much undesirable notoriety."

Cannery Site Survey Has Been Finished

The survey for the cannery site in Kapaa has been completed and bids will be called for in the near future which will place same before the public buyers. Under the present law, all government land will be sold to the highest bidder and while there is no likelihood of any opposition to the company acquiring the site, the regular formality must be put through which will be done with the least possible delay. Homesteaders are engaged in burning off the grass preparatory to breaking ground for the first year's crop. From Land Agent, Miss Hunley, it is learned that the pineapple pest report has had no deterring effect on the enthusiasm of the Kapaa homesteaders.

May Station Regiment On The Garden Island

Word has been received through a private source, and said to be authentic, to the effect that Kauai is soon to have a regiment of cavalry stationed in the vicinity of Lihue, plans being under way for the necessary quarters and drill grounds, being nearly completed. This is said to be a part of a scheme the government is carrying into execution, which calls for a regiment on each island outside of Oahu. There is nothing would make Lihue boom more than were this plan carried through. A thousand men added to Lihue's present populace, would be ample cause for Lihue to feel pretty much justified.

Makaweli In Wake Of Heavy Rainstorm

Makaweli was visited by one of the heaviest rains in the experience of the Plantation last night, no less than 9.18 inches being registered by the office gauge. From 10:30 A. M. to 5 P. M. yesterday 52 fell, making a total of 9.70 in less than 24 hours. This rainfall is said to exceed that of the entire year of 1912.

MARRIED

In the presence of their most intimate friends and relatives, Miss Angelina Jacinth and David Hulhee were united in the holy bonds of wed-lock at the bride's home in Koloa last Saturday evening. They will become permanent residents of Koloa

The S. S. Honelin, Capt. Neilson, arrived at Port Allen from New Castle with coal last Sunday morning at 7 o'clock.

One of the most delightful social affairs of the season was the big dance given by the Iliama Club of Makaweli last Saturday evening. Nearly all of the 160 invitations were accepted and those who did not get there missed an all round good time and will not be caught napping again. In the first place the weather was all that was needed for the occasion and some member of the club must have a considerable pull with the weather man to have secured it. The tasteful decorations which evinced much artistic ability owed their beauty to the members who worked indefatigably to secure this pleasing result. They are to be congratulated upon their success. From a palm screened corner the orchestra played entrancing music that lured the dancers on to enjoy sportive dance. When weary of dancing the Tennis Court proved the center of attraction for it was dotted with little tables prettily decorated to carry out the color scheme of the hall and well supplied with delicious refreshments of sandwiches cake and ice-cream. Not a disagreeable note marred the harmony of the evening and the big crowd that wended their way homeward were unanimous in their expressions of gratitude and pleasure for the delightful entertainment of the evening.

Moving Picture Man To Remain on Kauai

W. A. Fernandes the moving picture man from Honolulu has decided to cast his lot with Kauai. He is planning to arrange for a constant supply of good feature films especially suitable to the Kauai public. He is with us now, having billed Hanalei for Wednesday and Thursday nights, Lihue, Friday and Saturday night and will be in Koloa on the 10, 11 and 12th. The program will also include performances in Elele on the 13, and 14th. It is Mr. Fernandes' intention to as soon as possible establish a circuit which will give the public good shows at regular intervals. This is very much needed and it is to be hoped he may succeed.

League Teams File List of 1913 Players

K. A. C.'s.
Kapaa Kauai, May 10, 1913.
Dr. A. R. Glaisyer, Secretary Kauai A. A. Association, Dear Sir:
I herewith hand you the list of the base ball players of the Kawaihau Athletic Club, from which our team will be drawn, for the League games of the Kauai A. A. Association, commencing May 18th, 1913.

H. T. Sheldon, Louis Alameda, John Bettencourt, Sada Nagahisa, Philip K. Conrades, Willie Rodrigues, Aiu Ah Fat, Alfred Rodrigues, J. F. Bettencourt, Jr., Kura Miyoshi, Allen Wilcox, John Soares, Manuel Soares, Tomeichi Higashi, Ambrosia Bellamonte, John Aruda, Charles Lizama, Charlie Joseph, Manuel Bettencourt, Marcello, Daniel P. Hano, Louis Roposa, Sol Joseph, Manuel Freitas, Joe Teixeira, Miguel Koani, Takekaji, Shinichi Fujita, Antone Silva, T. Morita.

Mr. H. T. Sheldon will be the manager, and Mr. Allen Wilcox the captain. Colors buff and maroon.

Respectfully yours,
C. B. GRAY,
Representative, Kawaihau Athletic Club.

Koloa

Name of players, Koloa base ball team.
C. W. Girvin, manager; H. M. Honan, captain.
Players: C. Kuhlmann, A. Kuhlmann, H. Kuhlmann, Jr., A. Perry, M. Kuwamoto, Jno. Furtaido, A. Andrade, Joe Aka, Lorenzo, J. Medeiros, Albaso, W. Hamanku, L. Clemete, W. Smith, Geo. Brandt, Jr.

Continued on page 5

Mr. J. B. Fassoth, captain of the Makaweli Base Ball Club, has in no uncertain terms protested the game played last Sunday at Kilauea between his team and the Kilauea Athletic Club. The following is a copy verbatim of this protest:

Makaweli, Kauai, May 56, 1913.
Dr. A. R. Glaisyer, Secretary Kauai A. A. Association, Dear Sir:

On behalf of the Makaweli base ball club, I hereby wish to protest the game played yesterday at Kilauea between the Makaweli base ball club and the Kilauea Athletic Club because I believe that Mr. W. F. Sanborn, who was umpire of that game, violated Rule 70 of The Reach Official American Base Ball Guide for 1913 when he debarred Mr. John Costa from the field and game as said John Costa's offense was not of a flagrant nature, he said nothing whatsoever, and made no assault upon any player or the umpire. I should be pleased to receive from Mr. Sanborn a any reason, supported by either Reach or Spalding's 1913 rules, for his action, particularly as I asked him at the time for such reason, and he replied "play ball! play ball!"

John Costa is the best second baseman Makaweli has and I know that his being ruled from the field and game was one of the prime factors contributing to our loss of the same.

Hoping this will receive your promptest possible attention, I am, Yours respectfully,
(sgd.) J. B. FASSOTH, Captain Makaweli Base Ball Club. P. S. This rule 70 also provides that "the umpire shall within four hours thereafter forward to the president of the League full particulars." The president of the K. A. A. has received no particulars. He has also violated rule 71 "Warnings to Captains," and it seems but fair that if one rule is supposed to be adhered to, all should be.

Any fairminded person who saw that game and who is well acquainted with the rules governing this league's games must decide that Makaweli has excellent grounds for a protest and just as good grounds to win it, play Kilauea again and give them rule and playing pointers. Moreover, it is being wondered what Mr. Sanborn would have done under the same circumstances had he been captain of Kilauea at that game.

It appears that Costa was ruled out in a manner denoting a decided overreaching of the umpire's powers, unlimited as they may seem to be. Possibly Sanborn thinks that the base runner reached second legally because he was touched by Costa when the latter's hands and glove inclosed the ball but if he does, there again he falls down as the above rules will plainly show.

And then, too, were Costa Sanborn's size, and were Sanborn Costa's size, some one of these occasionally facetiously minded persons was just wondering if the transposed persons might not have mixed it a few even though there wasn't quite a fair division of phisiques 'twixt the two.

Makaweli expects to win this protested game and expects to do more after the protest is won. Watch it!
(sgd.) J. B. F.

Koloa School Team Defeats Hanapepe

The return baseball match between the boys of the Hanapepe school and Koloa school took place on May 30 on the Koloa school ground. The game was well contested, few errors being made on either side and the close of the game the score was Koloa, 4 runs; Hanapepe, 3 runs.

The Koloa team winning by one run.
Mrs. Charles Atwood Rice has issued invitations to an at home complimentary to Mrs. Scott, for Friday June 6, from 3 to 6 P. M.

E. B. BRIDGEWATER, EDITOR
K. C. HOPPER, MANAGER

It is about time preliminary
steps were being taken for the
formation of June brides.

THE Waitua School, Kauai's
latest school building is one of the
exceptions—it has no flag staff.

A New Jersey man, 100 years
old, says he shaves himself without
a scratch. But think of the
practice he has had.

THE people of Hanamaulu are
expecting to hear from the Lihue
Plantation in regard to that post-
office—in about ten years.

BETTER hurry up with your
homestead proposition, for when
Uncle Sam's family of soldiers
arrive they will need a whole lot of
vegetables.

"Him fine leppo. Pololei lice ha-
nahana. All sem Pake place." So
spoke one of the "American" appli-
cants for a Kapaa homestead lot
to a reporter.

A LOCAL Scot is said to be
quietly learning to play the bag-
pipe to develop his lungs—and
will probably go bare legged to
endanger them.

In the latest and greatest steam-
ship just launched there are life
boats for 5,250 persons. Still, the
proper thing for a ship to do with
life boats is not to need them at
all.

THE stock law is again in need
of a little closer observance. Cows
browse around Lihue as though
such a law were out of existence.
If owners of cattle are privileged
to pasture them on the county road,
they should be compelled to keep
a herder with them.

It is rumored that the reported
pineapple pest has dealt a serious
blow to the pineapple stock-mar-
ket. From the seat of the infested
district, come reports which would
tend to put a quietus on things,
and the normal condition of the
stock has once more obtained.

LIHUE has a number of excellent
social clubs, why not another one
entitled "The mother-in-laws'
Club." That much abused and
maligned individual gets nothing
but bone-headed negro minstrel
jokes, yet she is one of the most
useful members of society and
should have a show.

"THE Pope is Entirely Recovered,"
says a headline over an As-
sociated Press cable in a contem-
porary. Now that this is the case,
what will the press do for its daily
news service? Of course, there
remains the Balkan war affair, the
Japanese war scare, the Filipino
hook worm, but these are of such
minor importance as to cause but
little ground for sensational read-
ing.

He climbed the ladder of success,
His jaws were set, his look was grim,
And many a man's unhappiness
Could be directly traced to him.—
Courier Journal.

Men marveled at his heartless
strength;
He stood upon the top most
round:

A foolish woman smiled at length;
And then he tumbled down.

THERE is something radically
wrong with a butcher shop which
permits swarms of green bottle and
germ laden houseflies to crawl
over meat which goes out to its
customers. There is no excuse for
such conditions and the Board of
Health should revoke the license
of anyone conducting business in
any such a manner.

A LOCAL man has invented a
gate which he claims will
revolutionize the "Bill Board" in-
dustry. The gate is to be put up
free of cost to the owner, who
agrees to permit the inventor to
paste advertisement on it, the ads
to cover a space of several hundred
square feet on a frame at the top
of the gate. If this advertising
scheme materializes, the ladies of

Kauai will very likely go the same
"gait," that the Honolulu ladies
did in the Fraizer case.

MEMORIAL Day, one of the
most sacred of our American
national holidays, was fittingly
celebrated by the public schools
throughout the Territory last
week. In some instances school-
held exercises in-doors, while
others were taken by teachers to
local cemeteries where a generous
distribution of flowers followed
appropriate addresses and songs.
It was a lesson which the children
will always remember as the
highest token of esteem which can
be expressed to their loved ones
who have gone on before them.

JUDGE Dickey of the local
Circuit Court, has been very
fortunate so far in his courting
experience in Lihue, having passed
the last two terms without a
criminal case on record. This
bespeaks much in favor of the
citizens of the Garden Island and
the influence of our police depart-
ment. However, the coming term
bids fair to be one in which His
Honor will get considerable
exercise, one instance of which
will be the recently tried liquor
dealing case, wherein Rosa & Co.,
of Honolulu made an appeal from
the district magistrates decision.
He is at present engaged in pass-
ing judgment on a brand new Buick
runabout.

In his evidence against a Michi-
gan newspaper man for damages,
Teddy Roosevelt declares that he
never touched a cocktail in his
life. He admits freely that he has
taken a sip of champagne once in
a while and in fact has been known
to take two, during one banquet
with a champagne taste it is easily
seen why the Colonel has turned
down the less desirable cocktail.
Teddy may have never been drunk,
but it might at least be left to the
public to account in a great
measure for such a condition being
responsible for some of his actions
and statements prior to the last
election. Better men than Teddy
are often accused of being drunk,
and we can see no reason why he
should take on so greatly over
such a simple, every day state-
ment.

ONE reason why the campaign
against the housefly is not carried
on with enthusiasm by a lot of
people is because they are con-
vinced of the uselessness of it.
What good does it do for them to
fight flies if their neighbors do not,
they argue. For such people there
is encouragement in the recently
announced discovery that flies live
their entire lives in a circle with a
diameter of but 1500 feet.

Such areas, of course, overlap,
and any particular community of
this size might free itself entirely
of flies and still have them on
account of the overlapping seg-
ments of other areas. But it is
evident the center of an area 3000
feet diameter could be made en-
tirely free from flies, provided
none were permitted to breed and
hatch in any part of it.

The existence of filth, decaying
food, rotting manure or anything
of similar nature may well be con-
sidered the greatest stumbling
block in the battle for absolute
abolition of flies. As long as any
neighborhood in a town allows
such things it will be practically
impossible for the remainder of the
town to rid itself of the health-
destroying pests, no matter how
much conscientious and intelligent
effort is expended.

But with the knowledge that
flies live in zones of but 1,500 feet
diameter, fly-fighting should be
carried on with greater zeal. It is
possible to rid a community of flies
and keep it so, and considering the
tremendous gain in health insur-
ance of such a triumph there
should be no let-up in the struggle
for its achievement.

ARE POETS MADE?

Are poets made? I ask you this,
Because it is something I miss,
Are poets made? I ask again,
Because I love Aren's pen.
Are poets made? I question you
To answer me if this is true,
Are poets made—both old and young?
Respond me in Oahu's tongue.
Are poets made? I do not know,
Nobody said that it is so,
I know that all the flowers fade,
But I do not know if poets are made.
Are poets made? I cannot guess,
A prophet's tongue I don't possess,
I know that birds sing in the glade,
But I do not know if poets are made.

A. REYES,
Lihue, Kauai.

"Why are you late for school,
Sam?" asked the displeased teach-
er.

"Well, I was crossin' the street
when a cop said, 'Here boy, mind
the steam roller' so I stayed and
minded it until he came back."

County Road Supervisor.
May 13-20-27-June-3.

BY AUTHORITY

RULE XVIII.
RULE AND REGULATION OF THE BOARD OF COMMISSIONERS OF AGRICULTURE AND FORESTRY CONCERNING THE CONTROL OF FUNGUS DISEASES ON PINE APPLES.

The Board of Commissioners of Agriculture and Forestry of the Territory of Hawaii hereby makes the following rule and regulation for the purpose of preventing the spread of a fungus disease upon pineapples which has made its appearance upon the Island of Kauai:

Section 1. All persons and corporations are hereby prohibited from carrying, transporting or shipping from the Island of Kauai to any other Island in this Territory any pineapple fruit, pineapple plant or pineapple sucker.

Section 2. No pineapple fruit, pineapple plant or pineapple sucker shipped from any port of the Island of Kauai to any other port in this Territory shall be allowed to be landed. Inspectors and other duly appointed agents of the Board of Agriculture and Forestry are hereby empowered to examine and inspect all freight, baggage and belongings arriving at any port of the Territory from the Island of Kauai and to destroy any and all pineapple fruits, plants or suckers found among such freight, baggage or belongings.

Section 3. Any persons violating the above rule shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed five hundred (\$500) dollars, as provided by Section 390 of the Revised Laws as amended by Act 82 of the Session Laws of 1905, and Act 112 of the Session Laws of 1907.

Section 4. This Rule shall take effect upon its approval by the Governor.

Approved (Signed) W. F. FREAR,
Governor of Hawaii.
Honolulu, Territory of Hawaii,
May 24, 1913.

OPENING OF PUBLIC LANDS FOR HOMESTEADS IN THE TERRITORY OF HAWAII

Notice is hereby given that the public lands hereinafter described will be opened for homesteading as follows, in accordance with law and subject to withdrawal before their selections:

1. Locations of Lands. The lands to be opened are on the Island of Hawaii and the Island of Kauai. Those on Hawaii are the lands of Kaao, in Hamakua district; Puukapu, in South Kohala district; Kaunohu, in North Kohala district; and scattered lots in the districts of Puna and North and South Hilo, and Hamakua. Those on the Island of Kauai are Kalahao and Lawai, in Koloa district, and Waipouli, in Kawaihau district.

2. Character of Lands. Most of the Kaao lots are cultivated in cane; the Puukapu lots are supposed to be suitable for corn and general farming. The Kalahao and Waipouli lands are supposed to be suitable for pineapple and other crops.

3. Terms and Methods of Disposition. The persons entitled to take said lands will be determined by drawing or allotment.

Each applicant may take one lot, or two adjoining lots, or three adjoining lots, provided their combined area does not exceed eighty acres; and provided that not more than two lots may be taken at Kalahao, and that not more than one of the lots numbered from 1 to 23 inclusive may be taken at Kaao, whether with or without one or two other lots, and that if one of the lots so numbered is taken, it need not adjoin the other lot or lots, if any, taken by the same person.

The lots at Kaao, Puukapu, Kalahao and Waipouli may be taken only by Special Homestead Agreement. All other lots may be taken by Homestead Lease, Right of Purchase Lease, Cash Freehold Agreement or Special Homestead Agreement.

The principal terms of the above Special Homestead Agreement are: (a) Payment—5% down, 5% in one year, 10% each year thereafter until the full purchase price is paid, with interest at 6% per annum, but with the privilege of paying any or all installments at any time and thereby stopping the corresponding interest;

(b) Residence—Five years during the first ten years in periods of not less than six months at a time; or, three years continuously, residence to begin within two years;

(c) Cultivation—20, 30, 40, 50 and 60% of the land, and 5, 10, 15, 20 and 25 trees per acre on the remaining 40% of the land from the end of the first, second, third, fourth and fifth years, respectively until the homesteader becomes entitled to a patent; or, 40% of the land and 25 trees per acre on the remainder for three years continuously, other conditions having been fulfilled up to time of beginning of said three years;

(d) Transfers—Restrictions on selling, leasing, etc., as prescribed by law;

(e) Patent—In from three to ten years according to the time within which the provisions as to payment, residence and cultivation are fulfilled.

Possession will be given at once or when growing crops, if any, have been harvested. Exceptions and reservations will be made for existing flumes, ditches, reservoirs, streams, wire and pipe lines, roads, trails and railroads. No lots will be sold as wet lands with appurtenant water rights. All waters are reserved for the public or common use and benefit.

4. Applications for Participation in Drawings. All persons qualified to take homesteads may, on or before Friday, June 20, 1913, but not thereafter, present to the Commissioner of Public Lands, Honolulu, by ordinary mail, but not in person or by registered mail or otherwise, sealed envelopes containing their applications for participation in the drawings herein provided for; but no envelope shall contain more than one application or any other paper than the application, and no person shall present more than one application for the same drawing.

There will be one drawing for the districts of North and South Kohala; one drawing for the districts of Puna and North and South Hilo; one drawing for the district of Hamakua; and one drawing for the districts of Koloa and Kawaihau.

All such applications must be made on blank forms furnished by the Commissioner of Public Lands or his agents, and must show the full name, mail address, age, height, weight and sex of the applicant, and whether he or she is single or married, and be sworn to

by him or her before a subagent of public lands, notary public, judge or other officer authorized to administer oaths, and must be mailed in envelopes furnished by the Commissioner or any such agent.

All such envelopes shall have printed upon them the Commissioner's address and the words "Application, Drawing for District of _____," the blank in which quotation must be filled in with the district or districts in which the land desired by the applicant is situated; and no such envelope shall indicate the person by whom it was presented or mailed or bear any mark of identification. All envelopes must be securely sealed and should have the requisite stamps attached thereto before they are placed in the mail.

Any person who presents more than one application for the same land drawing or any application in any other than his true name, shall not be permitted to participate in such drawing.

All envelopes which indicate by whom they were presented or mailed will be opened as soon as received, and the applications therein will forthwith be returned to the applicant.

5. Drawing and Assignment of Order of Selection. Upon receiving any such envelope properly addressed and properly indorsed as above required, the Commissioner will deposit it in a suitable container, into which will be deposited only and all such envelopes as are properly indorsed for the same drawing, and such container will be so constructed and so kept as to prevent envelopes deposited therein from being removed therefrom without detection until they are publicly opened on the day when the drawings and assignments are made.

At 9 o'clock A. M., at the Capitol Building, Honolulu, on Saturday, June 21, 1913, or as soon thereafter as many be, the container for each such land drawing will be publicly opened and all the envelopes therein will be thoroughly mixed, and will then be taken, one at a time, impartially and indiscriminately, from such container and the applications contained in such envelopes, when correct in form and execution, will be numbered serially in the order in which they are taken, beginning with number one, and the numbers thus assigned shall determine the order in which the persons named therein may select and take lots.

A list of the applicants to whom numbers are assigned, showing the number assigned to each of them, will be conspicuously posted, and furnished to the papers for publication as a matter of news, and notice of the number assigned and the time and place at which he must appear to make his selection will be promptly mailed to the address set forth in the application of each person to whom a number is assigned.

All applications which are not correct in form and execution will be marked "Rejected, imperfectly executed," and filed in the order in which they are rejected, and notice thereof will be sent to the persons who presented such applications.

6. Selection of Lots. Beginning at 9 o'clock A. M., on Thursday, June 26, 1913, at the Court House, Waimea, Kohala, Hawaii, for the districts of North and South Kohala;

On Friday, June 27, 1913, at the courthouse, Honokaa, Hawaii, for the Hamakua district;

On Saturday, June 28, 1913, at the Court House, Hilo, Hawaii, for the districts of Puna and North and South Hilo;

On Saturday, June 28, 1913, at the Court House, Lihue, Kauai, for the districts of Koloa and Kawaihau.

Any persons holding numbers assigned to them for any such land drawing may take their selection of the lots that are open to selection and desired by them in the order in which their applications for participation are numbered. Each such person shall, at the same time, select the method by which he desires to take such lot—whether by Homestead Lease, Special Homestead Agreement, Right of Purchase Lease, or Cash Freehold Agreement, in so far as the same are applicable under the land laws and this notice.

If any person who has been assigned a number at any drawing fails to appear and make his selection when the number assigned to him is reached and his name is called, his rights to select will be passed until the other applicants assigned have been disposed of, when his name will be called again, and if he then fails to appear and

make his selection, he will be deemed to have abandoned his right to select.

7. Procedure at Time of Selection. At the time he appears to make his selection, each applicant must be prepared to show his qualifications to take a homestead by affidavit in the form prescribed by the Commissioner, and otherwise. If any applicant is not a citizen of the United States by birth, he must present at the same time either the original or a certified copy of his declaration of intention to become a citizen, or of the order of court admitting him to citizenship; and if an applicant who is not born in the United States claims citizenship through his father's naturalization while he was under twenty-one years of age he must present a certified copy of the order of the Court admitting his father to citizenship.

No person who appears to be disqualified to take a homestead will be permitted to make a selection on, in case he has made a selection, to receive the necessary papers or take or retain possession of the lot selected.

8. Forms, Maps, Information. Blank forms of applications, addressed envelopes for applications, blank forms of affidavits of qualifications or other necessary forms and information in regard to the lands to be opened and the terms under which they may be taken, may be obtained from the Commissioner of Public Lands at Honolulu, or from any of the subagents at the following localities:

Hawaii. Waimea—W. M. S. Lindsay. Kohala—Robert K. Naipo. Honokaa—Geo. H. Williams. Hilo—Geo. H. Williams. Kauai. Homestead—W. D. McBryde. Kapaemāhū—Miss Bernice E. L. Hundley.

Breakfast Food

The word top was corrupted from the French word "taupe" meaning a mole, which is in the habit of sleeping for long periods. This shows how the meaning of a sentence can be lost in the changing of a word.

When a girl is intense that means her mother needn't expect much help with the housework.

Tom—"What's the difference between betting and bluffing?" Jack—"A good deal."

All men may be divided into two classes—those who like vaudeville and those who can stand it when they are drunk.

Jones—"James, I heard you using profanity to the horses this forenoon." Coachman—"No, suh; no suh! I'se very careful of de horses, suh! I was talking to my wife, suh!"

Hub—"The doctor says if I keep working at this pace after money, I shall be a wreck at forty-five." Wife—"Never mind, dear. By that time we shall be able to afford it."

She—"Anyhow, you must admit he is a well-bred man. Did you notice his knowledge of Aristotle?" He—"I did, and if you want my true opinion. I don't believe he's ever been there."

"What dirty hands you have, Johnnie!" said his teacher. "What would you say if I came to school that way?"

"I wouldn't say nothin'," replied Johnnie. "I'd be too polite."

Light, white, always right—Sperry Flour.

Teacher—"Mary, what is a veteran?"

Mary—"A-a horse doctor."

Sachs

The Popular Store

We have a new Delivery Wagon

This store has engaged the services of a new deliveryman to take goods to our customers on the other islands. His name is Uncle Sam. He is the world's leading expert in his line. He gets there with the goods. He is careful and honest. He began work with us on February 1st. In other words, since the first of that month we have availed ourselves of our privileges under parcels post and send you goods from our store BY MAIL. Send your orders for all classes of drygoods—anything that doesn't exceed eleven pounds in weight we will send to you by free delivery. The service won't cost you a cent.

WE PAY THE POSTAGE
