Short Breath
From going up stairs, walking, sweeping, singing or talking comes from a weak heart. So does fluttering or palpitation of the heart, fainting spells, choking sensation in the throat, smothering or sinking spells and irregular or intermittent pulse. The circulation becomes sluggish, and head, throat, lungs, stomach and digestive organs are burdened with congested blood vessels.

Dr. Miles' Heart Cure
Increases the heart's action, accelerates the flow of blood, clears out the clogged-up passages and puts new life into the whole body.
"Three years ago typhoid fever left my heart in a very serious condition. I could not walk a block without stopping to get my breath; the least exertion about the house would cause palpitation and fluttering, and I was so nervous that I did not know what to do with myself. Seeing an advertisement of Dr. Miles' Heart Cure I made up my mind to give it a trial. The first bottle helped me wonderfully, and when I had taken two more bottles my heart trouble was all gone."

WITH DUE CEREMONY
ANGLO-AMERICAN CONGREGATIONAL CATHEDRAL.
Largely and Impressive Services Held Yesterday in Close Binding White Administration in Hawaii.

The impressive ceremonial of church consecration was carried out by Bishop Willis of the Anglo-American Church yesterday morning assisted by his vestry and laymen intimately connected with the affairs of the still uncompleted cathedral.
The weather was in perfect accord with the outdoor nature of the ceremonial consummating the work of Bishop Willis in this diocese, and the function was carried through in impressive manner. At ten o'clock the vested choir, headed by the cross bearer led the procession from the vestry doors to the main entrance of the cathedral where the two ranks they awaited the arrival of the Bishop. In the procession were Rev. Canon V. H. Kilsat, Rev. Canon William Auld, Rev. A. B. Weymouth, Rev. Thomas Smith, Rev. Jenner, Henry Smith, Edmund Stiles, W. H. Castle, Jr., Chang Kim, A. B. Clough, James H. Boyd, Prince David Kawamanoa and Prince Capid Kawamanoa, the two latter as representatives for King Kamehameha and Queen Emma, the original donors of the ground.
The bishop in full vestments and attended by his chaplains Rev. F. Fila and Rev. Joseph Yin Tet and a bearer of the golden tipped episcopal crozier, was met at the steps by registrar Edmund Stiles and the clergy. A petition for consecration setting forth certain facts and status of the church property was read by the registrar and after the bishop's speech of compliance, a complete circuit of the cathedral was made by the procession.
Returning to the church the door was opened in response to the bishop smiling upon it with his crozier while the choir and congregation chanted appropriate music. The bishop received the brass key and the legal instruments of the donation of the site which he laid upon the altar. After prayer and the intoning of the various services, the monks of the church including the choir stalls were separately consecrated with the holy vessels and altar coverings, the final act being the reading of the sentence of consecration and its signing by the bishop.
Communion followed the consecration ceremony with a lengthy sermon by the bishop referring to the work accomplished during his dominion over the diocese and answering the objections that had been brought against the consecration of the cathedral. The differences between the bishop and the laymen of the diocese were also touched upon the absences being somewhat severely criticized.
At the evening services the Rev. A. B. Weymouth was installed as canon of the cathedral and the Rev. Canon Kilsat raised to the highest rank in the church hierarchy under the domination of Bishop Willis, that of dean of the Cathedral. This rank is irrevocable, it is claimed. The music at both services was conducted by Wray Taylor and was of high order.

SPORTING RESULTS.

Made Himas Champions—Base and Basketball.
The Association Football League closed its present series on Saturday afternoon with the Males as champions for the season and winners of the cup. The score was three to one in favor of the Males and the game was a very fast and interesting one. Congratulations on the successful close of the season were freely exchanged between spectators and players after the game. The sportsmanlike playing and lack of squabbles that have so creditably marked the league games was particularly referred to. A good sized and enthusiastic crowd was in attendance.
Captain Parker's rifle team won that picked by Deputy Sheriff Chillingworth on Saturday afternoon by twenty points. The prize was a keg of primo.
A team of soldiers from the Warren played and defeated a baseball nine on Saturday afternoon by a score of five to four. The soldiers put up a very creditable game displaying excellent team work, a quality in which the local team were sadly lacking.
Many spectators enjoyed the basket ball games played in the gymnasium of the Y. M. C. A. on Saturday evening. The "Yellow" won all three games from the "Reds" mainly owing to the playing of physical instructor Young.

THE MEMORIAL POLO GAME.

Polo players on the opposing teams for the McKinley Memorial game are hard at work practicing. Captain Walter Dillingham of the "Reds" had his men out before breakfast this morning at Mahiki, practicing team work and the others are no less assiduous. The game will be played next Saturday afternoon at Kepohani Park and a large attendance is already assured. Admission is gained by tickets already in the hands of energetic salesmen. Scorecard programs will be issued for the occasion for which much interesting matter pertinent to the game, the players and their ponies is being prepared.
FAVORITE NAMES.
There are six George Washingtons in the House, Illinois and Indiana send two each and Alabama and New York one each. The next given name in favor is Henry Clay, of which there are three. There are two Benjamin Franklins and two Thomas Jeffersons.
A GOOD THING.
There's one good thing when they feel dry.
That business men cannot pass by.
For far and wide it's same you hear.
They stop to drink of "Raiser" beer
On draught or in bottle at Criterion.

People who Use Electrical POWER

Are of course the best judges and all pronounce it the most satisfactory power they have ever used. Electricity is economical, reliable, so convenient that the motor can be moved to where the work is done, so cleanly that it can be used even where the fixtures are elegant, and it has no odor. Used for all kinds of machinery, from running the soft-foam mill at the Kona Coffee Store to hoisting heavy machinery on the Young Building and operating numerous elevators—CALL AND SEE US OR WRITE FOR INFORMATION.

CRIMINALS

THE HONOLULU COURTS at the Honolulu bench today by Judge G. M. Damon...

Exactly what bringing up and enjoining the "barred" Judge may have had the Hon. Judge say...

It is fortunate that all judges are not grooved with Judge G. M. Damon's friendliness for criminals.

IS IT HOPELESS?

The Star showed last Saturday that London doctors and London people urged on by their own passion...

Why people should worry themselves over diseases which seldom attack them, and take with apparent equanimity the diseases which menace their nearest and dearest is a matter which cannot be easily elucidated.

So far as this the Board of Health in this city is right, it will be well to note that 74 deaths took place in February and 43 births were reported...

But the point to be considered is the terrible ravage that tuberculosis, or as most people understand it, consumption has had, and is now having upon our people.

To allow tuberculosis to make the ravages which it does is simply throwing by one's hands and giving up a fight. Tuberculosis if taken in time can be cured.

It might reasonably be asked what should be done. Money will be wanted

to carry out any plan of disinfecting. This might be done. Money will not be forthcoming unless good reasons for spending it are shown.

It is a curious fact that the men who are supposed to be trained to fight disease are the men who do most towards establishing the safeguards against disease.

What we need, and need badly in this Territory is a consumptive hospital. If we had an epidemic of small-pox, we would have a small-pox hospital.

Mr. Wors, the artist, seems to be having a great opportunity in Samoa. He has gone to an island seldom visited, and found the Samoan fairly primitive.

The Portuguese Government did a graceful thing when it presented S. M. Damon with the ancient order of Christ of Portugal.

Hawaii has had the effect of the storm of last week, and has suffered from it. Avenidas come down of mounds washed away and abnormal rain falls.

Both of the self-confessed burglars who got off on a technicality in Judge G. M. Damon's court have been re-arrested.

Harvard is now assured of a medical college upon a firm basis. No less than \$5,000,000 was considered necessary to put this branch of the University upon a satisfactory footing.

Judge Little has raised a point which will require consideration. Of course his decision does not amount to much as a decision, but it is an indication of the direction in which our courts are turning.

Bishop Willis and an attenuated congregation consecrated the cathedral of St. Andrew's yesterday. The intelligent Bishop considered that he rounded out his episcopate by this act.

ELMER E. PAXTON, Treasurer, Oloa Sugar Co., Ltd., Honolulu, March 6, 1902.

BY AUTHORITY

SHERIFF'S SALE NOTICE.

In pursuance of an Execution issued by Lyle A. Dickey, Second District Magistrate of Honolulu, Island of Oahu, Territory of Hawaii, on the 5th day of February, A. D. 1902, in re-matter of W. C. Aehl, plaintiff, vs. T. C. Polikapa, John Kanui, Wm. Kalohiua, J. Keau, D. W. Kamatitkane and H. H. Kekua, partners, doing business under the name of "Ka Looa Kalalaima," defendants, I have, on this 5th day of February, A. D. 1902, levied upon and shall expose for sale at public auction, to the highest bidder, at the Police Station, Alaikaua Hale, in Honolulu aforesaid, at 12 o'clock noon of Thursday, the 11th day of March, A. D. 1902, all the right, title and interest of said T. C. Polikapa and J. Keau in and to the following described property, unless the judgment amounting to Two Hundred and sixty-five and 50/100 Dollars, interest, costs and my expenses are previously paid:

(1) All the right, title and interest of said T. C. Polikapa in and to that certain portion of Apana I of Royal Patent 4482 on Kuleana 5987 to Kukeahia, in Awaiaolimu, in said Honolulu, set forth in deed of Kaatama to him, recorded in Liber 66, page 398.

(2) All the right, title and interest of said T. C. Polikapa in and to that certain lot on the North corner of Pauahi and Smith streets in said Honolulu as set forth in deed of Kahookamali, recorded in Liber 133, page 75.

(3) All the right, title and interest of J. Keau in and to that certain parcel of land in Kawalihi, in said Honolulu, described in deed of Kikaha to Keau, recorded in Liber 21, page 92, and being a portion of premises in Royal Patent 4565, Land Commission Award 32 to Butler.

All of the above land will be sold subject to that certain mortgage made by said T. C. Polikapa et al. to W. R. Castle Tr., for \$2,750.00, with interest at 10 per cent per annum, dated April 30, 187, and recorded in Liber 170, pages 246, 247 and 248.

CHAS. F. CHILLINGWORTH, Deputy Sheriff, Territory of Hawaii, Honolulu, Oahu.

APPEAL FROM DOLE GOV. TAFT'S PLAN REPORT BAD WEATHER

SUPREME COURT TO DECIDE ABOUT PROXIES.

Van Falkenberg Asks for the Law as to Stripping Them—The First National Bank Case.

Treasurer Wright and A. W. Van Falkenberg this morning submitted to the Supreme Court an agreed statement of facts in connection with an appeal which Van Falkenberg desires to take from the decision of Attorney General Dole last week, that proxies are powers of attorney, and that the territorial stamp tax must be paid on them.

Van Falkenberg states that he is the owner of some stock in the H. P. Dillingham company and gave a proxy to E. E. Daxton to vote them for him at the meeting of the corporation on March 3. The treasurer, acting under the opinion furnished him by Dole, ruled that the proxies must be stamped to make them valid. The Supreme Court is asked to declare the law.

The decision in this case will be of special interest, in that it has a bearing on the First National bank controversy. It is understood that Dole's opinion that a territorial stamp tax is applicable to proxies, was the reason for the change of plan by which no meeting was held on Saturday. The proxies ruled out at the original meeting by President Brown did not bear the territorial stamp, and Dole's opinion makes Brown's ruling correct, it is claimed.

CONCERT TONIGHT.

The following is the program for Madame Geneva Johnston-Bishop's recital to be given at the Opera House tonight under the direction of W. D. Adams.

Part I. Beethoven, Allegro (5th Sonata), Piano and violin. Miss Castle and J. H. Amberg, Violin. "Paisiello, Pasa Mio Dio" (Ch. Forze del Destino), Mme. Bishop; a. Henshal, Japanese Love Song, b. Pucetti, Aria, (Opera Manon Lescaut) (new), c. Scarpola, "Hay My Sweet Oranges, (Old Spanish), Mme. Bishop; Arvill, Se Sanen, Rome, Spain, the song in 1898, Mme. Bishop.

Part II. Grieg, Allegro (from op. 13) piano and violin, Miss Castle and J. H. Amberg; Verdi, Scene ed Aria "Ma dall'arido sileo diviso", (Un Ballo in Maschera), Mme. Bishop; a. Chamade, Tomo, violin obbligato by J. H. Amberg, b. Lilipukalani, "Kau Pua I Paokalani", c. Kortheuer "Love's Rapture", Mme. Bishop; Gounod, Scene and Aria "Faust" "Jewel Song", Mme. Bishop.

DIED.

KIRLING—At Honolulu, March 10, 1902 Mrs. Henrietta K. Kirling wife of Charles A. Kirling, a native of Honolulu, aged 37 years. The funeral will be held tomorrow morning at 10 o'clock from the undertaking parlors of H. H. Williams. Friends are invited to attend.

SERIOUSLY DAMAGED

The transport Warren will have to remain here a little longer than had been expected as fresh trouble has been discovered aboard her. This time one of her boilers is out of order. Through the carelessness of some one in the engine room, the crown sheet of one of the furnaces on the starboard side was burnt. The damage, which is quite serious, was not discovered until Saturday night. As the result the fire had to be damped and the boiler was in total darkness as the electric plant was shut off.

Just how the damage occurred is not positively known. It is surmised that while the vessel was tied forward, and being towed to her propeller, the water was filled in the boiler from over the particular furnaces and in consequence there was no water above the fire and the sheet was burned and lost its shape. Had the vessel been allowed to go to sea with this danger it might have had serious results. There is also a possibility that the burning might have been caused by oil getting into the boiler through the condensing pump but this is not regarded as likely.

It is expected that necessary repairs can be made in time to get the vessel away by Wednesday. Her chief and first assistant engineer have left her.

EXECUTIVE COUNCIL.

Rapid Transit Tracks and Some Liquor Licenses.

The Executive Council this morning had more discussion over the Rapid Transit company's proposed Alakea street changes in its tracks, which has been before several other meetings. No decision was reached.

T. Clark, of Wahee, Maui, asked for a renewal of his light wine and beer license. Complaints had been made of much drunkenness in the locality, and the application was held up for further investigation.

N. Pitman asked for a light wine and beer license at Hamoa, Maui, but it was refused on account of an adverse report from the High Sheriff.

L. B. Maynard's application for a dealers' license at Lapaehoe was referred to the sheriff.

IN BANKING CIRCLES.

Magoon Refuses to Discuss Situation.

There was no annual meeting of the stockholders of the First National Bank on Saturday a notice to the effect that the directors had decided that the advertised meeting was not necessary being posted on the bank doors. A meeting, stated to be unofficial, was held in the office of J. A. Magoon on Saturday afternoon, a number of gentlemen interested in bank affairs being present to discuss bank matters and the action of President Cecil Brown.

J. A. Magoon stated today that he had nothing of interest to give out in connection with the affair, adding that the cancellation of the meeting was not altogether a surprise. "I am sorry that I have nothing to announce in the matter," said Magoon this morning. "Something may develop with a few days and I hope that I shall have some information to give out by that time."

Col. W. Macfarlane is not disposed to discuss the bank's affairs, stating that the whole matter had been relegated to the hands of attorneys making it impossible for him to speak in the matter.

PEARL HARBOR ARGUMENT.

Argument of the Honolulu Plantation case was begun this morning in the United States court by United States Attorney J. J. Dunne, who occupied all the morning with his opening argument. The case is expected to go to the jury tomorrow.

FORM OF GOVERNMENT THAT HIS

For America in Withdrawing Now Would Be to Turn the Islands to an Unprincipled Oligarchy.

Governor Taft, in his testimony before the Senate Committee on the Philippines, stated more succinctly than he has heretofore done, his opinion. When he said in also the theory of the Philippine Commission, as to what Congress should do in the way of supplying the Philippine people with a form of Government. His plan is first to give the people a qualified suffrage with a gradual growth in popular government, which should be enlarged through education in the American language and institutions. Second, to institute within a reasonable short time a local Legislature, to consist of two bodies, one to be chosen by vote and the other to be appointive; third, to permit the islands to send ten or three representatives to Washington.

In reply to questions Governor Taft said he argued with General Funston that the establishment of a popular suffrage would give opportunity to oligarchs to stir up the people, but that they did not intend in this design, to allow all persons who are opposed to American control. There are, he said, only men in the islands who conscientiously oppose the continuation of the United States. To grant independence would, he thought, have the effect of continuing the so-called oligarchy of uneducated people in the island to the same servile position they held under Spanish rule.

He thought there should be a declaration on the part of the United States of its intention to hold the islands indefinitely, with the understanding that when they are suitable for such condition they may be given a quasi-independence. Such a pronouncement by this country would be welcomed by many and would do much good. Many of the common people do not, he said, know the difference between independence and dependence and many of the better informed have not followed the agitation for independence to its last analysis. Some of the agitators seem, he said, to count upon a protectorate by the United States. If the government of the islands should not be turned over to the islanders themselves there would be nothing less than an absolute oligarchy, they having no idea of civil government.

Replying to Senator Hawkins, Governor Taft advanced the idea that on account of the fact that the Philippines have for 309 years been under the influence of the Christian religion they would prove to be different from other Malay races, and that in time, under the influence of American education, the people might become capable of self-government. He did not consider the case as parallel with that represented in India. He thought all the difficulties of race and climate might be overcome, but held that it would take time and require much patience in the matter of training our part.

He anticipated some trouble on account of undue or illegal exploitation of the islands and corruption in case of continued American occupation, but he would not on account of this danger turn the islands back to the fate of an oligarchy so long as there is a probability of success, as there is in this case. "I did not originally favor the acquisition of the Philippines and I was sorry at the time that we got them, but now that we are there, I see no other plan that I have suggested, but that I may be a Mark Tapley in this matter," he continued, "but if I did not believe that we could bring these people out, regardless of the fact that the few I propose in an extent independent form, I did not believe we would succeed in doing what we are undertaking to do. I should resign immediately and come home."

Proceeding, he said that his idea was to imitate examples and actual practice in the American control of the islands and he believed that the result must be the uplifting and the education of the people to a point which would put them on a plane far above that which is at present occupied.

GOOD HUNTING.

WAILUKU, Maui, March 8.—Fine plow hunting is reported in the Kula and Upouakula districts, some enormous birds having been reported recently. One party brought in 73 birds.

MAKAWAO NOTES.

PAIA, Maui, March 8.—J. G. Anderson came up on the Claudine from Honolulu this week, to settle up the affairs of his uncle, and will remain for a short time in Makawao.

Mrs. R. You Tompkins goes to Honolulu this week on the Claudine, for a short visit on business.

Mrs. Coffee of Paunone, and Miss Aime Gathbraith of Oakland, spent the greater part of this week, during the storm at Idlewild, Oloha. They went up on Saturday last expecting to go on to the top later this week, but the storm prevented. While up there one of their horses died from the cold and exposure. Mrs. Coffee's young son, and the son of C. D. Larkin of Wailuku were with them.

Dr. McCoukey of Paia, is still quite ill, but improving slowly. It is hoped to move him to Oloha soon so that he can get the benefit of the bracing air there.

Most of the schools throughout Makawao district have had an enforced vacation this week, and also many other people who were unable to get out or across the Makalo gulch.

BUCKEYES WILL MEET.

The annual meeting of the Buckeye Club will be held tomorrow evening at the residence of C. H. Atherton on the corner of King and Alaup streets at 7:30.

HOLDING A SURVEY.

A survey is being held this afternoon on the damaged cargo of the schooner Alice Kimball which arrived this morning from Kona, after a very rough trip. Several hundred bags of rice are thought to have been ruined by the water.

KEY AS A SCRAPPER.

It is computed that as many as 1700 Jews have fought on the British side during the Boer war, and there are on record 30 several instances of Jews Jewish brothers being on service with British regiments in South Africa.

USE FOR DOLLS.

A traveler through Sevela will often find the dolls hanging inside the cottage windows. He learns that the dolls are put up as a sign to announce to wayfarers that a marriageable daughter dwells in the house.

Note Heads, Bill Heads, Statements and Fine Commercial Printing at the Star Office.

KINAU MICE WITHDRAW OFF

Damage by Storm Reported to be Very Great—Claudine and Lehua, Stripped Several Island Ports.

Island captains report that the weather which prevailed last week was the heaviest they have encountered in many years. Some of the boats in the harbor during the week were out of their ports. The weather on the up trips was not so bad.

Captain Freeman of the Kinau says that the damage done on Hawaii by the heavy rain storm will require months to repair. The sea was unusually rough with a strong breeze, pieces of lumber and almost every sort of debris, floating about the vessel. Most of the mites along the Hawaiian coast had to shut down on account of the heavy rains and in several cases, the mites were washed away. Damage was done all along the coast, roads, bridges and buildings being ruined. The steamer Nevada was forced to leave Waipio and go to Lilo for shelter.

Both the Claudine and Lehua report having met with severe weather. The Claudine and Kinau came back yesterday from Kona. The steamer report heavy seas and rough weather along the coast of Kona. Considerable damage is said to have been done to the roads.

The steamer Malolo arrived yesterday from Hualala. The weather being so bad that she could not attempt to make Kawaihewa.

The schooner Alice Kimball arrived here last evening after a terrible passage from Kona. She left there last Monday and from that time until within a few hours of making port, the sea was so rough and she was trying to beat against contrary winds.

The captain says that he has never seen the sea any rougher around the Horn and he has traveled that way many times. The foremast was carried away by the waves and the rig was ripped loose by the winds.

The seas were very high and great waves were continually breaking over the boat. It is reported that the water got down the hatches and ruined a considerable portion of her cargo of rice. The vessel narrowly escaped going ashore on the northwest end of this island and had not her skipper been constantly on the watch she would have been lost.

CRIMINAL CALENDAR.

More Arraignments Before Judge Geary.

Crim. McCarthy and the two Williams boys were arraigned, also more this morning before Judge Geary, on the indictments returned against them on Saturday by the grand jury. McCarthy refused to plead to assault and battery in the first degree, on the advice of his attorney, filing and a plea of not guilty was entered for him. The Williams boys each pleaded not guilty of larceny in the first degree.

Manuel Texeira and John Santos, indicted for larceny, had the benefit of suspended sentence, on motion of Assistant Attorney General Douthitt, and they went free till the August term, after receiving a warning from the court. John Fernandez was given the same treatment. He was accused of malicious injury, having caused a school-house and damaged the organ therein by playing it and roughly using it. He also scattered rubbish about the door. He pleaded guilty, but was sent after hearing the facts that it did not appear to be malicious injury, no justice being shown. He was allowed to go with a warning that sentence is hanging over him at any time he shows himself to be worthy.

C. Mania, against whom four indictments were found, two charging assault and battery and two charging criminal intimacy with girls under 14 years of age, pleaded not guilty to all counts. The cases were assigned to Judge Geary. Four little girls, two of them appearing about 12 years of age, were present to testify against him.

An Wo was arraigned for robbery in the first degree. His case went over to Thursday morning.

In the case of Young Shin Kook, manager of Sun Chui Kook Ho, who got a sentence of one month for criminal libel, the motion for a new trial was submitted to Judge Geary and granted pro forma, and the case will be taken to the Supreme Court.

NEW ADVERTISEMENTS

Funeral Notice!

A special meeting of Lodge is Proposed to be held at 8:30 A. M. & A. S. L. will be held Thursday at 8:30 p. m. in the Masonic Temple for the purpose of attending the funeral of our late Brother William Auld, Member of Hawaiian Lodge, Lodge Pacific and visiting brethren are invited to attend. By order of Worshipful Master, C. G. BOEKSTY, Secretary.

Curse DRINK

White Ribbon Remedy

Can be given in Glass of Water, Tea or Coffee Without Patient's Knowledge. While it is usually only used to destroy the physical appetite for alcohol, whether the patient is a confirmed drunkard, a "wilder," social drinker or drunkard, it is possible for any one to have an appetite for alcoholic liquors after using White Ribbon Remedy. Indorsed by Members of W. C. T. U. Mrs. A. M. Townsend, Secretary of the Woman's Christian Temperance Union, writes: "I have tested White Ribbon Remedy on very obstinate drunkards, and the cure has been many. In many cases the Remedy was given secretly. I cheerfully recommend and endorse White Ribbon Remedy. Members of our Union are delighted to find a practical and economical treatment to aid us in our temperance work." Druggists everywhere, or by mail. B. Trial package free by writing or calling on Mrs. F. C. MOORE, Co. 511, First W. C. T. U., Ventura, Cal. Sold in Honolulu by Hollister Drug Co., Fort Street.

Fine Book and Commercial Printing, Star Office.

Ayer's Hair Vigor

You know the story—how good Queen Bess, pointing to the beautiful hair of a peasant girl, said, "There's a real royal crown. I would trade my golden one for it." That was long ago. Now you can have a "real royal crown" of your own, simply by using Ayer's Hair Vigor. It makes the hair grow thick and long and stops it falling out. When your hair is rich and heavy, and when the closest inspection fails to detect a single gray hair, you will certainly look a great deal younger, and you will be much better satisfied with yourself, too. Isn't that so?

HAWAIIAN RECORD STORM EIGHTY-FOUR INCHES OF RAIN FELL AT PAAULO IN ONE WEEK

FLOODS FROM THE MOUNTAINS COMING DOWN INTO WAIPIU ARE MET BY HIGH SEAS AND INUNDATE THAT VALLEY TO A DEPTH OF MANY FEET CAUSING UNTOLD DAMAGE.

HONOLULU, March 15.—The greatest rain storm (thunder) record or in the memory of the oldest inhabitant in Hanalei, has just been experienced. It began early Friday morning February 25, and continued with little intermission for a week, and was still in progress when the last steamer left for Honolulu, and the entire flooding of Waipi'u valley for a distance of two miles from the sea.

WAIPIU CUT OFF. The district of Hanalei has had the two extremes of weather during the past ten days. The month of February had been dry up to the last day of it. Then a cold front came in, and a heavy wind from the north that had blown for many days caused much inconvenience from clouds of dust and seemed to cook vegetation. On Thursday of last week there were numerous weather prophets who were very positive that we were in for another drought that was to be far more disastrous than that of last year, and that when it was over the whole district of Hanalei could be brought for a long time. It must be confessed that there was some foundation for pessimistic views. It is certain there were no signs of rain that day, and at ordinary bedtime not a cloud was to be seen.

Towards midnight clouds began to gather in the southeast and about one or two o'clock in the morning rain commenced falling, and during the night fell more than five or six hours when rain has not fallen. The gauge on Friday morning showed a fall of 4.50 inches. More fell during Friday, Saturday, Sunday and Monday, but the fall was getting less owing to the great dryness of the soil the water was soaked up as fast as it fell, but by Tuesday morning the ground was saturated and the gulches and streams began to carry off the surplus.

NOEAI SEEKS SAFETY.

It was at about this time that things commenced to get serious. There was a high and dangerous sea on. The tide left Waipi'u anchorage a day or two ago and sought shelter in Hilo, where she still remains. It is thought she could not have weathered it had she remained in Waipi'u, and that had she remained a day longer she would not have escaped in getting out to sea. This high sea prevented much of the Waipi'u water from getting out to sea and caused it to back up so that the whole of the lower part of the valley was under water on Tuesday morning. By the afternoon three feet of water stood in Akika's store in the village of Napoopoo about three-quarters of a mile back from the sea, and the houses on the flat nearer the sea showed only the roofs above water. Every rice and taro patch north of the Catholic Mission was under water. As the water was heavily loaded with mud and sediment the damage can not be even estimated until the waters subside. It is admittedly great at very best, the valley is shut off entirely from the outside except by telephone, as both the old rail road and the beach road are entirely blocked up with debris and impassable.

Tuesday night brought heavy rains and Wednesday morning still heavier. Wednesday morning the road across the gulch just west of Honokaa gave way, rushed down on the bridge across the same gulch on the landing road, swept it away and headed for the sea. In this gulch at the sea the Honokaa Sugar Company has a large well, and it is the well is twenty feet deep and has a fine Worthington pump in it. The well has a cemented wall around it as a protection against high water. Manager Watt and John T. Muir were at the well when this mass of mud, bridge, logs and seaweed came down. Manager Watt said that in five minutes it claimed the well and filled the well full of rocks, mud and guava bushes. The pump is beneath all this but it is not thought it will be injured when again dug out.

CATTLE SWEEP TO SEA.

The plantation railroad bridges are somewhat weakened but not beyond use but not more than one car is sent even then at a time and the locomotives are not put on them. The work is slow but the case that was cut will thus be saved from moving in the field. The same hour the new arch bridge between Honokaa and Paunahau went out, as did also the bridge over Paunahau gulch on the government road and also on the plantation between the mill and the landing. The bridge across Pekaioa gulch was swept away during the day and thus Paunahau plantation was isolated and have had no fresh beef since Tuesday until this afternoon, when a wire cable was stretched across the gulch and beef and other provisions were sent across in much the same manner as used by the life saving crews. A number of cattle were swept down this gulch from Parker's Ranch and lost—how many is not known but four were seen doing down in one bunch.

The rainfall is heavier towards the east end of the district and the damage correspondingly greater. The fall at Kukuia at 6 a. m. today was 7.19 inches. At the residence of C. R. Blacow in the Kaneohe Homesteads, above Paunahau, the fall up to 6 o'clock this morning was two yards and one foot. This is the greatest measured precipitation so far reported. Fields are badly washed, every bridge and culvert gone, roads full of holes and covered in places with large boulders. It will require many thousands of dollars and considerable time to make the roads even passable.

Table with 2 columns: Day, Rainfall. Friday, February 25, 4.76; Saturday, March 1, 5.58; Sunday, 1.55; Monday, 3.83; Tuesday, 4.10; Wednesday, 7.53; Thursday, 19.29; Friday, 7.19; Friday, from 6 a. m. to 6 p. m., 2.06; Total, 41.56.

So far as is known there have been no lives lost, but there have been some heavy escapes. Nearly every building in the district, wood or otherwise, has leaked more or less, and a great many of them more than was agreeable to the occupants. It seemed able to rain right through iron roofs as though they were full of holes.

The mail for Hilo left here on Monday morning but the carrier has not succeeded in getting back with it. There is not much certainty when the regular schedule can be resumed. At present letters are sent on 'Hilo via Honolulu.' The telephone system works poorly in account of crossed lines and general heavy wires. Manager Pritchard was unable to get in the morning, and did the best he could for the patients who were generally reasonable and good natured. He left this afternoon for Waipi'u to clear the lines in that direction. His friends advised him to wait another day at least on account of the danger attending his work in this time, but he wanted the lines clear and started in early so as to finish up as soon as possible.

WAIPIU A LAKE.

The following is an extract from a letter written by David Forbes, manager of the Pacific Sugar Mill at Kakaia, under date of March 7, to Arthur S. Tuttle, Engineer in charge of the Waipi'u water investigation. "One sheet of water extends from side to side of Waipi'u valley. The water was up on the veranda of the houses in which you and Mr. Johnston first lived, near the foot of the Paik trail. On Wednesday afternoon I counted over 20 submerged houses, while 4 or 5 houses have gone to sea; no lives have been lost as far as I have heard."

Akaka's store is flooded with water 3 feet deep; hundreds of bags of rice in paddy are under water and will spoil, as after such a soaking it will sprout. It was a grand though terrible sight. All communication is done by boat or canoe. "Yesterday morning I counted 22 running streams between Waipi'u and Kohala point a grand water display. There were 24 inches of rain here in six days and more higher up at Hanalei and the rainfall was 53 inches in the same time. Lots of water is it not?"

CUTS THROUGH FRONT STREET.

HILO, March 15.—The rainstorm here was a very severe one though not as severe here as in Hanalei. Much damage has been done to streets, roads, culverts and bridges. The Waipi'u river and the Waioana stream have been torrents. A gap 80 to 100 feet wide was cut through Front street by the torrents seeking a way to the sea. On Puhawai street the water was four feet deep at one time. Rainbow Falls became a Niagara in volume and was visited by hundreds.

DANGEROUS LANDSLIDES.

At Oiaa 10 1/2 inches of rain fell in 24 hours. The Hilo Railroad abandoned train service Tuesday above Kakaia. The road at that point has not yet been ballasted and the trains were taken off merely as a wise precaution. A small washout on the Puna division stopped all traffic yesterday, but as soon as the rain stops, connections will be resumed in a very short time. A telephone message from Wailea, yesterday morning stated that a big landslide occurred Wednesday night on the Hanalei road near Honoumuli store. The road was covered by a mass of over 100 feet, making it impossible for vehicles to pass.

The bridge recently constructed over Kameoa gulch was seriously damaged. Tuesday morning two and one-half inches of rain fell at Kau. At Mountain View 10 inches of rain fell Monday night and 2 1/2 inches in the 24 hours.

The Volcano road above 24 miles was badly washed, leaving nothing but lava rocks to drive over. There are two places above Mountain View that suffered considerably. On Tuesday laborers at Oiaa plantation were obliged to abandon work in the field, and Manager McStocker decided to close down the mill for the day. On the beach at Hilo thousands of feet of lumber washed out and covered with sand during the November storm were uncovered by the present storm and Hawaiians and Portuguese are reaping benefit in carrying it away. Just where the water empties into the bay much earth was washed away making the channel at that point nearly 200 feet wide.

All of the houses occupied by Japanese on the low ground mauka of Front street were flooded, the river in some places being a hundred feet wide. Nearly all the bridges and culverts, new and old, in Hanalei, have been washed out. The bridge between Paunahau and Honokaa was swept away Tuesday night and the one over the Paunahau and gulch is also gone. At Honokaa the bridge between the village and landing was destroyed and a short time afterward the one across the gulch between Honokaa and Kukuinele went down with a crash. At it is now the bridges on both side having been carried away.

Honokaa and Hakaluu plantations are reported to have already ordered 150,000 feet of lumber to replace timbers. There was also considerable loss caused by the washing away of the merchandise warehouse at Hakaluu plantation; the sugar warehouse was not touched, but the general warehouse was completely destroyed by the surf, and the goods stored in it were washed all along the banks. The contents were a total loss although much was recovered along the beach by natives, who have been hard at work, according to the reports, gathering in the goods which were washed to sea and then flung back upon the land.

AT WAIPIUA.

WAIPIUA, Hawaii, March 8.—There was a rainfall of 36 inches here during the past week, which saw the hardest wind and rain storm in the memory of the oldest inhabitants. The wind has been blowing almost constantly for a week, rising at times to a regular gale and there have been very few half hours that the rain hasn't been falling. The wind dashed the rain with such force that

HAMAKUA'S RECORD STORM

(Continued from page 5.)

Almost every house in Waialeale looked like one which had been struck by lightning. The worst of the storm of the rain came with such force as to strike one's face. The houses felt very damp and cold, being very uncomfortable even with all doors and windows closed.

For two days and nights the streets were very high overrunning their banks into roads and kuleannas, water rose over the floor of one house and the owner was forced to dig another channel to divert the stream. The gutters have been out away on either side some to a depth of four feet; boulders and large trees came down from the mountains.

AT LAHAINA.

Today the wind is still quite strong but the sun has been shining and we have had only occasional showers. LAHAINA, March 7.—Following a week of high winds, the record has been one of almost constant rain from the north. At the center of the town the downpour was comparatively moderate, but at a point near the Anglican parsonage, and thence westerly for a mile or more the ground was flooded. It seemed as though there had been a cloudburst in the mountains on Thursday and a roaring torrent surrounded the houses, so that the occupants were afraid to go outside their own doors.

The spring at the end of Main street, and then rushed across the intervening strip of land, until it reached the sea. In some places the violent waters were on a level with the tops of the fences, and some persons who attempted to wade through the foaming current were actually carried off. Friday morning the flood had nearly disappeared. Large trees were prostrated by the wind and water, but no serious damage occurred.

IN WEST MAUI.

WAILUKU, Maui, March 7.—The storm on Maui was quite severe, and there were heavy floods, doing no little damage in some places.

The worst damage was done to the railroad track at Paia. A torrent of water came rushing down from the hills and cut a channel across the track about forty feet wide, and from twelve to fourteen deep, down in fact to sea level. It will cost at least \$500 to repair the damages at this point.

The lake back of Kahului overflowed and sought an outlet to the sea through the channel which was washed out during last year's storm. The bridge near Ah Kip's coffee-shop on the road to Paunono is entirely submerged, but is reported as still standing. The coffee-shop stands in mid-air of the lake, which has spread out toward Kahului.

DANGER TO RAILROAD.

The bridge across the outer channel on the Waialeale side of Kahului is still intact, though the road board kept a force of men working on it for two or three days. The railroad bridge just below was undermined so as to stop trains from crossing it. Superintendent Miller improvised a pile driver, using one of the track engines for a hoist, and sunk several heavy piles about eight feet deep, on which the track and bridge is now supported safe.

The rain was very heavy at Olowalu, and the bridge across the stream between Olowalu and Lahaina is reported as practically destroyed. For the past three days mail was carried between Waialeale and Lahaina on horseback.

The storm has kept the telephones which break in mid-air of the mountains between different points on the island has been quite irregular.

Two rivers, although high, has done no particular damage, though some of the dunes of the Waialeale Sugar Company were broken down.

BENEFIT EXCEEDS DAMAGE.

PAIA, Maui, March 8.—The biggest rain storm in the annals of modern Maui has just passed over this island, and left its mark behind it. After a very dry winter, and after a very disagreeable two weeks of dry Kona wind, the rain came as a great relief. The violence and volume of its coming however has been rather a shock to everybody. On Thursday night of last week it commenced to rain, and kept it steadily up to yesterday, just one whole week. The whole island was covered by it though some parts were considerably more favored than others.

For the week's rain the record in several places was as follows: At Haleakala Ranch Makawao, about 28 inches. At Puuomai, Makawao about 28 inches. At Grove Ranch, Makawao about 25 inches. At Hamakua, about 15 inches. At Nahiku, Hana, about 42 inches, and at Kaupo, about 12 inches. In Waialeale and Lahaina districts the fall was not so heavy, but it was more than usual, and sufficient for all needs. Maliko gulch in Makawao district was a rushing roaring torrent, and was by a good deal, higher than it has ever been known in recent times. It went up beyond all marks of previous big gulch runs. Every little gulch throughout the district was running, and some of them were impassable, cut in two by the Maliko stream, and nothing passed for several days.

For a time it was absolutely impossible to cross it, and it was difficult to get up to yesterday.

The damage done by the storm to the roads has been considerable in Makawao district and doubtless the other districts have suffered more or less. On the Kula road, the crossing in the gulch at Akopua, which has only been repaired for about three months, from the big Kona last February, has been completely washed away, and other parts of this long road must more or less be damaged. A gulch, crossing at Paawalea was washed away, and the road from Paia, to Spreckelsville near the sea was gouged out for a long distance and the bridge near the boundary line of the two districts washed out.

Otherwise the rain has been of great benefit to the country and will more than pay for all the damage done.

IN KOHALA.

KOHALA, March 8.—The rain storm was imprecipitated heavily throughout the district. At Niihau the rain gauge shows 18 inches for the week.

AT MAHUKONA.

MAHUKONA, March 8.—On Monday evening, commenced one of those aqueous downpours, which are such scarce visitors to this neighborhood. With such steadiness and intensity, did it rain that, by daylight on Tuesday morning, the driestup water course, which divides our town in two, was a raging, howling torrent of soil-discolored water, the railroad track was under water, those having business along the line being compelled to wade in flat cars, and in some houses a precipitation of an inch, on the floor, was recorded. In the interior, great damage was done to bridges and dwellings.—Mahukona Meteor.

FROM KAUAI.

From Kauai come reports of wind and rainstorms. The rain does not seem to have been as severe as on Maui and Hawaii.

BAND CONCERT.

The Territorial Band under the direction of Captain Berger will play at Emma Square this evening at 7:30. The following is the program:

PART I.

- Overture—"Sembrando".....Hornst
Pavane—"True Love".....Kreischmar
Musical Comedy—"Kitty Grey".....Sauer
(a) "Hooheho".....
(b) "Lili Kai o Ohele".....
(c) "Wai Maunua".....
(d) "Ahea Oe".....
Mrs. N. Alhail.

PART II.

- Cornet Solo—"Columbia".....by request
"Charles K. Carter".....Rollinson
Selection—"A Night in New York".....Waltz
Waltz—"The Office".....
Quadrille—"A Royal Midday".....Genns
Star Spangled Banner.

MARRIED.

KING-LAUNER.—At the residence of the officiating clergyman, Rev. William Morris Kinoid, in Honolulu, March 9, 1922, Miss Marion Launer, of Lanop, California, to Frank King of Honolulu. The bride leaves here for a year prior to a recent trip to the coast from which she returned two weeks ago. The groom is in the real estate business.

DIED.

AHUIKI.—At Waimea, Hawaii, March 5, 1922, Ahuiki, uncle of Moses Koli, of Waimea, after an illness of two weeks. The funeral was held March 7.

AULD.—In Honolulu, at his residence, Auld lane, Palama, Monday, March 19, 1922, aged fifty-nine years and seven months, William Auld. The funeral ceremonies will be held tomorrow afternoon, March 21, at the Masonic Temple at 3:30. Deceased was a member of Lodge Le Progress and a 32nd Degree Mason, member of the Aloha Temple. A. O. N. M. S. Interment will be in Nuanu cemetery. He leaves a widow, but no children.

MAHUKONA METEOR.—The "Mahukona Meteor" first edition without price" appears under date of March 8. P. W. P. Bluff is announced as the editor, but the many friends of John S. Smith, Collector of Customs, postmaster, Notary Public, and agent to Grant Marriage Licenses at Mahukona will have no difficulty in recognizing his genial wit, and keen but kindly humor in every line, from salutatory advertisements, including the ballad of the "Picnic at Dead-Horse Gulch."

WOMAN'S BOARD MEETING.—The regular monthly meeting of the Woman's Board which was postponed from last Tuesday on account of the storm, will be held tomorrow afternoon at 2:30 o'clock at the church parlors of Central Union. Papers on "Our New Possessions" will be read.

MASQUERADE THIS WEEK.—The 1922 Club will give a masquerade at Elys Hall next Thursday night.

ST. PATRICK'S BANQUET.—Tickets will be on sale today, by the secretary Charles J. McConagle, for the St. Patrick's Day banquet at the

HAWAIIAN Engineering & Construction Co.

Rooms 508, 509, 510 Stangenwald Building.

All classes of Engineering work solicited. Examinations, Surveys and Reports made for any class of Waterworks, Steam and Electrical Construction. Plans and specifications and estimates prepared, and Construction Supervised in all branches of Engineering Work. Contracts solicited for Railroads, electric and steam; Tunnels, Bridges, Buildings, Highways, Foundations, Piers, Wharves, etc.

SPECIAL ATTENTION given to Examinations, Valuations, and Reports of properties for investment purposes.

FREDERICK J. AMWEC, M. Am. Soc. C. E., Engineer and Manager. W. R. CASTLE, JR., Secretary and Treasurer.

Moana Hotel. A supply of Shampoo is expected by the Aloha Hotel. Arrangements were completed at a meeting of the Executive Committee held yesterday.

A PRINTER GREATLY SURPRISED.—"I never was so much surprised in my life, as I was with the results of using Chamberlain's Pain Balm," says Henry T. Cross, president of the Asheville (N. C., U. S. A.) Gazette. "I contracted a severe case of rheumatism early last winter by getting my feet wet. I tried several things for it without benefit. One day while looking over the Gazette, I noticed that Pain Balm was positively guaranteed to cure rheumatism, so I bought a bottle of it and before using two thirds of it my rheumatism had taken its flight and I have not had a rheumatic pain since." Sold by all dealers. Benson, Smith & Co., general agents, Hawaiian Islands.

Advertise your Wants in the Star.

The Lady of the Twilight

NEW SCENES! NEW COSTUMES! NEW SONGS! A musical interlude by the Company.

PART II.

LANDING OF LONO AND HIS DEATH. Characters by the Company. A scene of realistic accuracy has been specially designed and painted for these representations. Box plan opens Saturday morning at 10:30. Tickets, \$1.00, 75 cents and 50 cents.

Now You See It Now You Don't

That's the way with some paints—a little exposure to the weather washes it off like chalk. This is not the way with

Pacific Rubber Paint

Because it is properly made of pure white lead and pure linseed oil. Bear in mind when preparing to paint that residence or barn that this is the cheapest and the best. For floors it is specially good, dry quickly and looks pretty. Quality guaranteed.

NEWS IN A NUTSHELL

Paragraphs That Give Condensed
News of the Day.

Tomorrow Morgan will sell a lot of
wearing and household goods.
The Hawaiian Trust company desires
careful attention to personal and trust
funds.

Prof. Lyons says Mauna Kea has
been snow capped to the 1000 foot line
in years past.

Reduction of nearly one half an
inch in the mean temperature at A.
Horn's. See ad.

Whitney and Marsh point out some of
the merits of the "straight front" in
their today's ad.

Baseball, Fifteenth Infantry vs. Ho-
nolulu Athletic Club, Makiki grounds,
2:30 this afternoon.

A meeting of the Catholic Benevolent
Union will be held at the Catholic
Mission this evening.

Mrs. Henrietta E. Kihling, wife of
Charles A. Kihling, pioneer of the Clau-
dine, died this morning.

The Hawaiian Jockey Club will hold
its annual meeting at the Hawaiian
Hotel at 8 o'clock this evening.

Lodge Le Progress will meet at 3:30
p. m. tomorrow for the purpose of at-
tending the funeral of the late William
Auld.

Prof. Curtis J. Lyons has received
the following reports of the rainfall
during the week's storm on Hawaii:
Honolulu, 54.46 inches; Niihau, 48; Kaha-
lue, 29; Kohala, 10.6; 16.43; Pepeekeo,
49; Waimea, 21.59.

Walter G. Smith will read a paper on
his experiences in China and Korea as
a war correspondent in the Japanese-
Chinese war in 1901-5, before the Social
Science Club this evening at the resi-
dence of W. O. Smith.

Rev. C. W. Hill, of Oloa, is an en-
forced guest of friends in Hanaleia.
He drove out to hold his regular ser-
vice at Hanaleia Sunday week, after an
omission of three services on account
of bad roads, and now seems it will
be about three months before he will
be able to drive away again.

TERRIBLE DEATH OF JOE DE COITO.

Was On His Way to a Funeral When
Carried Over a 100 Foot Waterfall to
His Death.

PAIA, Maui, March 8.—On Thursday
morning a distressing accident occur-
ed in the gulch at the crossing from
Paumotu to Kahanui. The crossing
here is wide and generally safe, but
this week the water was running a
torrent and it was deeper than known.
Just below the ford, and not more than
100 feet away is a high water fall,
dashing over large and jagged rocks.
On Thursday morning a woman had
died at the hospital at Paia, and her
father and some relatives and friends
started down to attend the funeral,
thinking that the stream had subsided
enough to allow them to cross. They
were four in the party. The first man
got across, though his horse bounded
somewhat and was nearly swept off its
feet. The second man, Joe de Coito by
name, got to the swiftest part of the
stream when his horse lost his footing
behind, and sank down. The man
clutched the saddle and tried to urge
the horse up, but the next moment the
current took the horse clear over back-
wards and they both went over a little
fall just below the roadway. This threw
the man from the saddle, and he was
struggling in the torrent, waving and
calling for help. Nothing could be
done for him, as in a moment almost
he was swept over the roaring falls and
disappeared, his horse following him a
moment later. The man who had crossed
ran to the edge of the bank, and saw
the bodies of the man and horse
churned round and round in the seeth-
ing waters below the falls for a least 5
minutes, and then they slowly worked
out in the current and were borne
swiftly down stream and disappeared
in the rapid below. Search was made
immediately for them but without
avail. Yesterday the horse and the
man's hat were found a short way
down the gulch caught in the brush at
the side, but the body of the man has
not as yet been found. It is most likely
down in some deep hollow. In with
the gulch abundantly caught likewise
in the brush. The dead man leaves a
widow and seven small children. The
widow is ill herself and the shock of
her husband's death, has caused her
friends to fear for her. Many of them
do not think that she will live long.
It is a most distressing affair, and one
that is hoped may not occur again.

For some time past the Makawao
Road Board have been urging the neces-
sity of erecting a bridge at Kokomo
across this gulch, and it is hoped that
this accident may bring it speedily to
completion. Two other men narrowly
escaped death at the crossing near Ko-
komo, during this week also, and were
only saved by help being near, and the
fact that the current was not so swift
as below. It is a dangerous gulch in
heavy rains and every year traffic is
cut off for days at a time, so the need
of a bridge is very great.

ARRAYED IN BEAUTY.

HONOLULU, March 7.—During a rift
in the clouds of about two minutes on
Wednesday afternoon Mauna Kea
showed to those fortunate enough to be
looking in that direction the finest
casing of snow seen for years. The sides
are deep, covered far down some
thought down as low as 8,000 feet, but
9,000 to 10,000 is perhaps nearer the line.
The night was one of great beauty
much of which will remain for some weeks
after clear weather comes.

Taroena

Is a prepared food made entirely from
taro by a unique process which pre-
serves all the valuable nourishing
qualities of the root. It is highly con-
centrated, thoroughly cooked and ready
for immediate use. Unlike artificial
food compounds, Taroena will keep in
any climate for years after being open-
ed. It is prepared under the most hy-
gienic conditions and is completely
sterilized. Taroena is essentially a
pure, wholesome, natural food and is
supplying a long felt want.

Taroena

Is rich in the phosphates. It is a won-
derful nerve tonic and nerve fibre
builder. It is the best of brain foods.
Business men who have overworked,
and suffer from loss of sleep and ap-
petite, nervousness, headache and a
general prostration of the nervous sys-
tem, will promptly improve on a diet
of Taroena. Physicians who have pre-
scribed Taroena in cases of this de-
scription, have been both delighted and
astonished with the rapid recovery of
their patients.

Taroena

Is absolutely unlike all other invalid
foods in this important essential; it
contains, placed there by nature, a di-
gestive ferment peculiar to itself. In
no other way, than by the presence of
a natural ferment, can be wonderful
digestibility of Taroena be explained.

Corset Critics

Silenced

Straight Fronts vs. Tight Lacing

THE OLD ARGUMENTS AGAINST
CORSETS ARE NOW OBSOLETE.

THEY'VE SERVED THEIR DAY
AND GENERATION, AND TO THEIR
CREDIT LET IT BE ADDED, HAVE
DONE GOOD SERVICE BUT THE
NEW "STRAIGHT FRONT" ROBS
THEM OF ALL FORCE.

THIS STYLE FOLLOWS THE NA-
TURAL LINES OF THE FORM—IN A
WORD, HYGIENIC.

ITS MERITS ARE OBVIOUS.

IN CONTOUR NOTHING COULD BE
MORE GRACEFUL, WHILE IT SUP-
PORTS THE ABDOMEN AND
STRENGTHENS THE BACK.

ALL STRAIN IS THROWN UPON
THE HIPS AND BACK MUSCLES.

BEST OF ALL IT RETIRES TIGHT
LACING A BARBARITY ON A PAR
WITH CHINESE FOOT TORTURE.

WE CARRY ALL THE BEST
MAKES AND MODELS OF
STRAIGHT FRONT CORSETS.

FOR SOME ARE BETTER SUITED
TO YOUR FORM THAN OTHERS.

IF YOU GO BY WHAT WE TELL
YOU, YOU'LL GET THE KIND THAT
IS BEST SUITED TO YOUR FORM.
