THREE PASSENGERS COULD NOT LAND

J. K. Brown Stops Three Englishmen on Moana.

CAME HERE TO LABOR ON IMPLIED CONTRACT

Pending Appeal Men Given Option of Remaining Here Under Guard or Going on With Ship.

Immigration Commissioner J. K. Brown rejected three of the Moana passengers for this port this morning. They were all Englishmen and were coming here to work for T. Clive Davies. Two of the men, George Long and Charles Young, are coachmen and the third, Julius Greaboxer, is a clerk. Although the men all paid their own fare from the old country, they came here under an implied contract to work for Mr. Davies, and this was not denied on the examination, by the men or Mr. Davies.

Commissioner Brown gave the men the option of coming ashore and remaining under guard, pending an appeal to Washington on his decision, or else to go on in the Moana and returning here, by which time the appeal would be settled.

Under the law, the Commissioner has no alternative in the matter of rejected immigrants. If they are rejected, they must be confined, in case they come ashore. No bond may be taken for their appearance and pending an appeal while the men might actually be ashore, they are not theoretically landed and so, being in custody all the time they might be deported without recourse to the courts.

"BEACON LIGHTS" TONIGHT. "East Lynne" was played before a sympathetic audience last night at the Orpheum, and many a tear was shed for the sad and unhappy Lady Isabel. The play was excellently staged and well acted, the parts being well selected.

Carl Berch made an excellent Archibald Carlyle. Walling's special forte is the up to date society villain, and as Sir Francis Levison, his ability in this line is displayed to its best advantage. Watson should always appear as an old man, for he excels in such parts. Adelaide Laidie as Barbara Harra was good. Madel Wiener's portrayal of the part of Lady Isabel and Madame Vine, brought tears to more than one pair of eyes, for in the last act she surpassed herself. Emma Cummins as Miss Cornelia made a very good bachelorette of the old school.

"East Lynne" will be repeated at the matinee this afternoon. "Beacon Lights" which made such a hit at the first of the week will be repeated again tonight. Next week, the "Fatal Card" and "The Burglar" will be played.

Committee Reports On Court Matters

The Judiciary Committee to whom was referred the items in the Appropriation bill under the head of "Judiciary Department" commencing with item 389 and ending with item 402, reported as follows in the Senate today:

Item 389, expenses of Supreme and Circuit Courts to include pay of Grand Jurors at the same rate as trial jurors, \$36,000. We recommend be stricken out, and the following items be inserted in its place:

Expenses Supreme Court, \$15,000; supplies and incidentals for all Courts to be expended under the direction of the Clerk to the Judiciary Department.

Item 390, expenses of Circuit Court, First Circuit, \$15,000; expenses Circuit Court, Second Circuit, \$6,000; expenses Circuit Court, Third Circuit, \$4,000; expenses Circuit Court, Fourth Circuit, \$6,000; expenses Circuit Court, Fifth Circuit, \$4,000; making a total sum of \$38,000; being \$2,000 more than asked for. The reason of the increase is, that the change in our jury system and the inaugurating of the Grand Jury has increased the expenses of all Circuit Courts. The expenses of the last May term of the Circuit Court of the First Circuit were in the neighborhood of \$2,000, and as there are four terms a year, the estimate is based upon the cost of that term. Upon the suggestion of the Chief Justice, the expenses of each Circuit Court for the other circuits have each been set apart for the reason that each judge will then know what sum of money is set apart for the expenses of his circuit. Heretofore the expenses have all been taken out of the lump appropriation, and each Circuit Judge was notified by the Clerk of the Judiciary Department how much of such lump appropriation was to be used by him. The sums recommended are expected to be sufficient, and are based upon data and the expenses of the different circuits, received since the Grand Jury system has been in practice in the Territory.

Item 391, purchase of law books, Supreme Court, we recommend pass as in the bill. Item 392, purchase of law books for other circuits, we recommend pass as in the bill. Item 393, same as heretofore allowed for that purpose. Item 394, we recommend pass as in the bill. Item 395, compiling and publishing Digest Hawaiian Reports, we recommend be stricken out for economy's sake, and for the further reason that if it is not necessary nor a needed work at the present time. Item 396, we recommend be changed to read, "Stationery, Incidentals and Traveling Expenses of District Magistrates, \$3,000."

SIGNS OF TROUBLE BROUGHT TO END

By Adjournment at Today's Session of the Senate.

RUSSEL WANTED TO SPEAK AGAINST KAUIE

Majority Did Not See it That Way and Turned Down Proposition - Military Reports Acted On.

It was not until fifteen minutes after the time set for the Senate to convene this forenoon that there were enough members present to constitute a quorum. Even President Kaiue did not arrive on the scene until 10:05 o'clock. There were not many exchanges of courtesies and the whole attitude of the Senators present was one of reluctance. The Independents had something up their sleeve and it turned out later that Dr. Russel had a resolution against the President which he tried to introduce in several different ways. The Republicans came in a body just as the journal was about to be read.

After the journal had been read at this forenoon's session of the Senate, Mr. Achi, seconded by Mr. Carter, moved to strike out all that portion of the journal after the adjournment which had been declared by President Kaiue. A discussion arose at once. Mr. Kalaaukalanui moved the approval of the journal and this motion was seconded by Mr. Kanuha. The matter was finally settled by a motion to call the yeas and noes on the motion of Mr. Achi, which resulted in a showing of 7 to 6 in the affirmative. Those who voted in the affirmative were: Messrs. Achi, C. Brown, Carter, Crabbe, Kaiue, Paris and White, a total of 7. Those who voted in the negative were Messrs. Kalaaukalanui, Kanuha, Kaohi, Nakapuuhi and Russel, a total of 6. Mr. J. Brown voted "kanalua."

On motion of Mr. C. Brown, seconded by Mr. Achi, the journal was approved as read. A message from Acting Governor Cooper, submitting for the consideration of the Senate, estimates for the payment of unpaid bills, was received, read and referred to the Committee on Public Expenditures.

On motion of Mr. Kalaaukalanui, the report of the majority of the Committee on Military was taken up for consideration and the yeas and noes on adoption called. The result was a vote of 7 to 7, President Kaiue and Mr. White voting with the five Republicans. The chair announced that the report had not been adopted.

The minority report was then taken up for consideration with the same result as in the case of the majority report. A motion of Mr. C. Brown to adjourn was lost and Mr. Kanuha spring the novel proposition of submitting the reports of the Military Committee to the House for action since the Senate had found it impossible to come to a decision on the matter.

The report of Mr. C. Brown for the Judiciary Committee, which appears in another column was adopted by the narrow majority of 7 to 6 on a calling of the yeas and noes, President Kaiue and Messrs. J. Brown and White voting with the Republicans.

At this stage in the proceedings, Dr. Russel arose to a question of privilege and then stated that he had a resolution against the chair. This was objected to as not being a question of privilege. Dr. Russel then moved a suspension of rules and Mr. Kanuha seconded the motion, but it did not prevail. Then came a little excitement.

Dr. Russel arose to a question of privilege and said he had charges to prefer against the chair. Mr. Carter—Mr. President, that is not a question of privilege. That does not concern the Senator personally. Dr. Russel—I beg your pardon. It does concern me. If the chair goes on acting in the way he did yesterday, I cannot remain on this floor.

Messrs. C. Brown and Carter, in concert—Then go back to Hilo, for Heaven's sake. Dr. Russel—That is your opinion, eh? Well, this is a case for the house to decide. Mr. C. Brown—Such a thing cannot be done under parliamentary law. You cannot attack any member of the Senate under a question of privilege. Mr. Achi, questioning more trouble, moved to adjourn until 9 o'clock Monday. There was a tie vote and President Kaiue cast his vote on the side of the affirmative.

MASTER PIECES OF ART. New York, May 31.—According to the Tribune's London correspondent three pictures encrusted with grime were recently purchased in a curiosity shop by a thrifty husband and wife in Cheshire, England, for 15 shillings. One of these when partially cleaned for the adornment of their modest dwelling proved to be the work of an early Italian mas-

EMMELUTH ATTACKS ACTING GOVERNOR

Refuses to Recognize His Right to Serve in Dole's Shoes.

TWO RESOLUTIONS READ RELATIVE TO HIS MESSAGE

Some Talk by Gilfillan—Makekau Says That House Has Recognized Acting Governor Already—Emmeluth Calls Down Supreme Court.

Cooper's right to act as Governor during the absence of Mr. Dole was vigorously assailed in the House this morning by almost all of the Home Rulers. The cause of the trouble was the introduction of a message from the Acting Governor relating to unpaid bills. In brief, the message was as follows:

Public Works ..... \$10,021 60  
Loans unpaid on account of Loan Money being exhausted ..... 63,574 35  
Treasury ..... 454 45  
General Expenses, Board of Health ..... 1,509 49  
Health Expenses, Board of Health ..... 7,531 87  
Total ..... \$83,664 05

The message was too much to be digested down Emmeluth's throat and he expressed himself accordingly. "This House," said he, "has been charged with procrastination by the Governor and the public at large. I am inclined to think that my great and good friends are hardly consistent, as we are now two-thirds of the way through the appropriations. This is no time to bring anything of the kind into the House. The Acting Governor was certainly aware of the bills before this, and should have sent them in then. For that reason, I introduce this resolution."

The resolution was as follows: Resolved, That the message of the Acting Governor be laid on the table to be considered at the next extra session.

J. EMMELUTH. Kanluho was in favor of referring the message to a committee on investigation. Makekau stated that the debts were legitimate and should be paid. "You cannot hurt the Governor by passing this resolution," interjected Gilfillan. "You are only hurting your constituents, the taxpayers. They are the ones that will suffer, as these are just debts. The reputation of this Territory as well as this House is at stake."

The message was finally tabled. In order that it might not rest too long, Emmeluth introduced the following resolution: Whereas, by reason of public notice, Henry E. Cooper, Secretary of the Territory, has been performing the duties of Governor of this Territory, and Whereas, the time which has elapsed since such publication has permitted the Governor's return to this city in sufficient good health to be daily seen on the streets thereof, and Whereas, the functions of government make it desirable that the various offices thereunder be separately administered, now be it therefore resolved, That the clerk of this House be instructed to communicate with the Acting Governor of the Territory and inquire of him the nature and extent of the disability under which the Governor of the Territory may at this time be incapacitated for the duties of his office, and what the prospects are at this time for the resumption of the duties of his office by the Governor.

J. EMMELUTH. Makekau was in favor of referring the resolution to the Judiciary Committee, on the grounds that the House had already recognized Cooper by addressing the resolution to him. In support of his resolution Emmeluth said: "Mr. Speaker, this resolution is outside the pale of any committee. What we want to know is why Cooper is Acting Governor. As I have said before, this strikes at the fundamental principles of the government, and it is the right of the people to know. If the House can't find out, who can? We want to know what the advice of the doctor was, which caused the Governor to abdicate. We need a capable man, a man who is physically and mentally able to attend to his duties. I have nothing against the Governor, and would be as sorry as anyone to see anything happen to him. If we do not use diligence in regard to this matter, what will prevent Cooper from being Acting Governor during the rest of the Governor's term? What did Mr. Beckley say in his message to this House? He said that we must look out for our own troubles, and if we do not, we are lost. "It is useless to appeal to the Attorney General or the Supreme Court, for they are wedded kit and crew to the Executive."

Kekaula was in favor of referring the matter to the Public Health Committee, so that they might make a personal examination of the Governor's health. The motion to refer the resolution to the Judiciary Committee carried. The House adjourned at 12 noon.

FREAR SEEKS MORE LIGHT

Chief Justice Frear asked counsel to make additional argument this morning in the Thurston habeas corpus matter. The point on which the Court wanted light was whether or not the record in the Circuit Court shows that L. A. Thurston had been convicted of contempt in the order made by Judge Humphreys fining Thurston and sentencing him to imprisonment until he should answer certain questions propounded by the Grand Jury.

The word contempt does not appear in the order made by Judge Humphreys when he ruled that the showing of Thurston was insufficient. When the argument was made in the matter of the habeas corpus, this point was not raised by either of the counsel. It was taken up on the Chief Justice's own motion.

A. S. Hartwell and S. M. Ballou argued this morning for Thurston and F. E. Thompson for respondent.

In Memory of Lafayette. Paris, May 30.—There was the usual pilgrimage of Americans to the tomb of Lafayette, in Picpus Cemetery, this afternoon. The United States Ambassador, General Horace Porter, Consul General Gowdy and other officials were present. Appropriate speeches were delivered by General Porter, Lafayette's great-grandson, and Dr. Bartlett, of Indianapolis. Magnificent wreaths from Lafayette Park, the Sons of the American Revolution and the Colonial Dames were deposited on the tomb.

DRUNKS AND GAMBLERS. In the Police Court this forenoon, the calendar was encumbered with eleven drunks which were disposed of in the usual way at \$2 per drunk. Eight native gamblers were turned loose without a trial because none of them could be induced to squeal. The Ah family, including Ung, Choy, Tum and Hook was released on bond and will be tried for running a chiu sei game, next Monday. F. Pulos, a vagrant, was locked up until after race day. Wing Chee Lung had been selling chewing tobacco without a license, but squared himself this morning.

BRITISH LOSE HEAVILY

London, May 31.—On the anniversary of Lord Roberts' entry into Johannesburg comes the news of severe fighting and heavy losses within forty miles of the gold reef. The battle at Vladfontein, on the Durban—Johannesburg railway, reported by Lord Kitchener today, is the most serious engagement since Gen. Clement's reverse at Magaliesburg. The garrison at Vladfontein is apparently largely composed of Yeomanry, and had 174 men put out of action. That their assailants came to close quarters and suffered heavily is shown by the number of dead left on the field.

The dispatch from Kitchener, dated Pretoria, May 30th, is as follows: General Dixon's force at Vladfontein was attacked yesterday by Delany's force, and there was severe fighting. The enemy was eventually driven off with heavy loss, leaving thirty-five dead. I regret that our casualties were severe. The killed and wounded numbered one hundred and seventy-four. Four officers were killed.

CONNELL WON THE RACE. Ithaca, N. Y., May 30.—Connell won the intercollegiate boat race, Columbia second by two lengths, Pennsylvania third, by five lengths. The Cornell athletes surprised the Princeton team today in the dual meet on Percy field by administering to the visitors a severe defeat. Out of 104 points, the Ithacans took 64, leaving only 40 for the visitors.

New Drug Trust. Evansville, Ind., May 31.—A telegram was received here last night announcing the American Chemical and Spirit Co. of this city had gone into the hands of a New York trust. The plant will be closed and four hundred men will be thrown out of work. The factory is the only one of its kind in the West.

Troops Leave China. Tien Tsin, May 31.—Gen. Cummins, with the last of his brigade, left for India today. A number of officers are filling the hotels. Many of these are Germans who are about to leave China. All the sick are being sent away. Eighteen transports are now at Taku and more are expected.

Laurier's Long Trip. Ottawa, May 30.—It is practically settled that the Premier and a number of colleagues will leave here on July 1st for the Pacific Coast. Sir Wilfrid will probably be accompanied by Hon. Messrs. Sifton, Paterson and Tarte. The party will go as far as Dawson City, and return to the capital about September 1st.

WILHELMINA IN BERLIN

Berlin, May 31.—Queen Wilhelmina and her husband, the Prince of the Netherlands, witnessed the Emperor's review of the Berlin garrison this morning. The Queen afterwards drove to the royal castle with the Empress, the Emperor riding at the head of the First Guards regiment with the Prince of the Netherlands on his right hand.

On returning the procession was met on Uter den Linden by the chief burgomaster, the city officials, and a band of twenty-four white robed maidens. The burgomaster presented an address to Queen Wilhelmina, and handed her a bouquet of flowers of the Netherlands colors. The Queen replied with a few words of thanks.

SLAVES APPROVE SLAVERY. London, May 30.—Ninety-eight per cent of the slaves of Zanzibar and Pemba prefer to remain slaves, according to correspondence issued by the foreign office concerning the working of the decree freeing the slaves. Fewer slaves applied for freedom in 1900 than in 1899, because the British commissioner avers most of the slaves know they are not likely to gain much present advantage, seeing that those who were thrown on their own resources have a difficult time to make a living. The masters have been kinder since the slave legislation was enacted, and seek to make their service more attractive.

ANTONE CASTLE CASE SETTLED OUT OF COURT. The case of Frank Lillis vs. James Carry, an action for damages was on trial before Judge Gear this morning, jury waived. The suit is on appeal from the District Court of Honolulu. Attorney Peterson represents the plaintiff; Kinney, Ballou & McClanahan for defendant.

In the suit of Manuel De Quadros vs. W. F. Frear, et al., defendants, by their attorneys, Robertson & Wilder, have filed an answer of general denial. The answer to plaintiff's amended petition is that the cause of action therein did not accrue within the ten years next before the commencement of this action. Notice is also given that among other defenses reliance will be placed upon fraud.

License was today issued to Solomon Kawahon to practice law in the district courts of the Territory of Hawaii. J. A. Thompson, master in the matter of the estate of Achee has reported on the accounts of Ah Lan, administrator. The accounts show a sum of \$900 realized from the sale of a rice plantation, which was paid out to creditors. The assets amounted to 40 cents on the dollar for claims presented. The report states the commissions charged at \$90 should be \$45.

J. A. Thompson also files report as master in the estate of Achee, Geo. Rodbeck, administrator. The total amount realized was \$1018.57 which has been paid out to creditors. The aggregate of the claims against the estate amounted to \$2932.91.

A discontinuance was filed today by the plaintiff in the case of J. S. Antone vs. W. R. Castle, the differences having been settled out of court.

HIGH SCHOOL WON. The baseball game between the High School and St. Louis Day scholars lines took place this morning at the old baseball grounds, Makiki. The High school won by a score of 11-7.

Punahou Track Team March. A new march has just been published entitled "Punahou Track Team March." The author is Lot A. Kaulukou, son of Judge J. L. Kaulukou of this city. Young Kaulukou is but 16 years of age, but shows remarkable ability as a musician. The "Punahou Track Team March" is his first attempt at composition, but owing to his present success he will follow up this march with others. Besides playing the piano well, young Kaulukou is familiar with the mandolin, clarinet, violin and ukulele.

Wall Street Looking Up. New York, May 31.—Prices of American were lifted materially in London over the holiday, and this morning gains were extended to nearly 3 points in Atchison and Union Pacific. The opening here was higher all around, gains extending between 1 and 2 points in the principal international stocks.

Boers to Jamaica. Kingston, Jamaica, May 31.—A report from Barbadoes says the Imperial Government is arranging to send a draft of Boer prisoners there.

STEAMER MOANA OUT IN STREAM

Order Received From Home to Keep Her Away From Wharf.

SHE MADE RECORD TRIP FROM SOUND

Slowness of Immigration Officials Causing Big Howl - Twelve Passengers and Ten Tons of Freight.

The steamer Moana, from Vancouver, arrived off the harbor last evening and anchored after a very fast trip from the Sound. The big vessel sailed from Vancouver on May 31st at 11 p. m. and made the run to port in six days 21 hours. This is one of the fastest trips ever made between the ports of Vancouver and Honolulu, but then the Moana is the finest and fastest vessel ever on this run. Her time might have been much faster but for the fact that the company does not care to cut the run to the Colonies down too much as the mail authorities of Australia would be liable to keep the other vessels to the Moana's time, and this would cost the company a great deal of money for fuel.

The Moana entered the harbor this morning and anchored in the stream shortly after 6 o'clock. She had received orders from London not to come alongside the wharf here, so the vessel's freight and passengers were lightered ashore. As usual, the passengers on the vessel who were for this port, were kept waiting by the tardiness of the immigration officers to make their appearance. There has been a general kick from the passengers of all the steamers arriving from foreign ports lately, over the unnecessary delay caused by the non-arrival of the inspectors. The Custom House men have had to bear the brunt of the walls of the passengers and they are all growing very tired of being growled at for a condition of affairs over which they have no control. The passengers on the Hongkong Maru, which arrived here Thursday, were kept waiting over an hour before the immigration inspector arrived and this morning the Moana was in the stream two hours before she was boarded.

It has been suggested by some of the steamer agents that if the immigration officers should board vessels from the doctor's launch as the Customs men do, a great deal of time would be saved and the tempers of passengers anxious to come ashore after a long sea trip, would be much better on landing.

The Moana had twelve passengers for this port among whom were Charles Girdler and Mrs. Captain Tullet and two children returning from England.

MRS. MCKINLEY STILL ILL. Washington, D. C., May 31.—The physicians who are in attendance upon Mrs. McKinley, after a consultation, state that she is recovering from the fatigue of the trip. The illness from which she was suffering in San Francisco still continues, though in less intense form. She is still feeble and cannot be considered out of danger. Her progress will no doubt be slow, but improvement is looked for.

The German Postoffice threatens an innovation which will affect correspondence. It is proposed to make it compulsory to use envelopes of a special size. The variety of sizes causes loss of time to the German postal authorities in the stamping of postmarks, and they intend to put an end to it.

### House Talks Garbage and Health Board

Yesterday afternoon's session of the House was void of anything sensational. It was a series of just plain talks.

The discussion centering around the removal of garbage was probably the most varied and protracted.

The government asked that \$15,000 be appropriated for the care and maintenance of the odorless excavators. Mossman said he felt that the men should receive a raise of \$10 a month in their wages on account of the nature of their work, and suggested that the two items of "removing garbage" and "operating excavator" be combined with a remuneration of \$75,000.

Dicker objected, saying that \$12,000 would be sufficient providing that the excavators were self supporting. Mossman's motion carried.

Prendergast, in discussing the milk inspector, made another one of his charges that have been so common of late. He stated that the milk inspector was leagued with the big dairies, and spent all his time in attempting to crush out the little concerns. He was in favor of unlimited watering of milk, rather than letting this go on.

The following salaries were decided on in the salary bill:

Government Physician for Molokai, \$1440; for Lahaina, \$2160; for Waikuku, \$2400; for Kihali, \$1800; for Makawao, \$1440; for Hana, \$2160; for North Kula, \$1200; for South Kula, \$1200; for Hamakua, \$1440; for North Hilo, \$1800; for Hilo, \$1200; for Puna, \$1800; for Kaa, \$1440; for North Kona, \$1560; for South Kona, \$1560. Meat Inspectors, \$1800; Statisticians, \$2400; three sanitary inspectors, \$5400; milk and poi inspector, \$1800; fish inspector, \$1440; fish and poi inspector for Hilo, \$720; assistant to the same, \$960; stockman, \$1080; morgue attendant, \$1200; janitor and messenger, \$720; officer for registered women, \$960; non-leprosy children, \$2400.

The House knocked out the following items: Bacteriologist and pathologist, three sanitary inspectors, assistant clerk, stenographer, Inspector of plumbing and assistant to same.

At 4 o'clock, the House adjourned.

**MILLION DOLLAR FINE**

New York, May 23.—J. E. Overton, State Game Protector, raided the Arctic freezing warehouse on West street today. Overton received a report that there were many game birds in cold storage there. He found 2,100 birds in two rooms on the second floor. The birds found were snipe, woodcock, partridge, quail, grouse, red-head duck and canvasback duck. The possession of game birds at this season by any one in the State of New York or the killing of such birds is a misdemeanor. The fine is \$50 for the first offense and \$25 for each bird. As there were over 2,100 birds found, the company may be called upon to pay a fine of \$23,500. Overton searched only two rooms. There are forty-seven more rooms, which may contain more game birds. It is thought that there are nearly 100,000 birds in the house. This would make the warehouse people liable to fines amounting to \$2,500,000 if the letter of the law could be enforced.

**NEW NAVY MONSTER.**

New York, May 22.—A special to the Press from Washington says: The Navy Department purposes to construct the greatest fighting machine ever floated. Rear Admiral Bowles and the experts of the Naval Board believe that they can plan a ship which will be larger and have heavier firing equipment and more formidable war qualities than any other ship ever built. Preparation of the plans is in response to the program indicated at the last session of Congress, when no appropriation was made for new battleships, but provision made for new plans.

Notwithstanding the fact that the proposed tonnage of 16,000 is 1,000 tons more than any fighting ship built so far, the vessel will not draw more water than ships now in our fleets, and possibly not as much as some of the larger battleships. Speed is not to be sacrificed by the new plans, but the availability of improved armor material and new ideas in outlines will, it is believed, permit the building of a ship of immense proportions, yet able to enter most of the harbors of the world.

**Bear Eats Children.**

Job, W. Va., May 22.—The three children of E. P. Porterfield, a mountaineer residing about twelve miles southeast of this place, while gathering flowers in the woods, were killed and partially devoured by a bear. The remains were found by a searching party, which had been out since Sunday evening. The bear was discovered and killed. The children were: Mary, aged 3; Willie, aged 5, and Henry, aged 7. The parents were almost crazed with grief, the bereavement leaving them childless.

**Wireless on Steamer.**

Liverpool, May 21.—The steamer Lake Champlain, the first trans-Atlantic vessel to be equipped with the Marconi system of wireless telegraphy, has sailed from this port for Montreal. She will try to communicate with the shore two days after leaving the Mersey and two days before she reaches Quebec.

SMOKE "Kamehameha Cigarette Tobacco" COOL AND DELICIOUS

We've another treat for you this week in new and cleanable Wash Fabrics—so good indeed as to be out of the ordinary. A large shipment of Fine Dimities and real French Organdies—the newest patterns, thought out since the beginning of the season.

NEW DIMITIES.

25¢ per yard for New Dimities, 29 inches wide, with imitation lace insertion stripes. These goods are very suitable for stylish shirt waists, and come in a great variety of beautiful summery colorings.

20¢ per yard for extra fine Dimities, 31 inches wide; black ground with white figures; white ground with black figures; fancy stripes and the newest colors.

REAL FRENCH ORGANDIES

40¢ per yard for real French Organdies imported all the way from France by us. They are 33 inches wide, and the patterns are the Parisian ones. Come and see something new and very handsome.

50¢ per yard for another new, real French Organdy that is 31 inches wide. Exquisite cashmere patterns with a satin stripe running through. A great variety for you to choose from.

NEW CHIFFON VEILINGS

The last steamer brought us our new Chiffon Veilings, and what a collection we have of them—a most elaborate selection of these popular goods in black and white.

NEW STOCKS AND TIES FOR LADIES

It's a long time since we had anything we've been prouder to show than these new Stocks and Ties in Wash Silks, Mull and Grass Linen. They are decidedly the most dainty and delicate conceits we've seen for many a day, and the beauty of them they'll wash. Lavender, pink and blue border trimmings.

The Light That Never Fails

Another Large Shipment of Angle Lamps. "THE ANGLE LAMP" THE LIGHT THAT NEVER FAILS.

It seems almost incredible that any lamp could be good enough to take the place of electricity on even terms, yet such is the case with the ANGLE LAMP. All over the islands people are throwing away their old lamps and replacing them with this lamp, not merely because it costs about one-tenth as much to maintain (cost is no object to some people) but, beside being infinitely cheaper, it is more brilliant and more reliable in the bargain. It is a revelation to every one who uses it, and simply demonstrates that the old-fashioned lamp was a barbarous contrivance. THE ANGLE LAMP never smokes, smells or gives any trouble; is lighted and extinguished as easily as gas, and is the idea light from every standpoint. We carry these lamps from \$1.50 up.

WHITE MATES IN TWO MOVES.

The two games given this week were played in the Inter-University Contest—the Main Universities of the United States vs. those of England.

GAME NO. 27. Petroff's Defense. (Notes by Ed.)

- White Lane, Oxford. 1. P-K4 2. Kt-KB3 3. Kt-B3 4. B-B4 5. P-Q3 6. B-KK15 7. BxB

It is seldom advisable for White to thus capture this B in similar positions, as it opens the B file for the KR after Castling. B-K2 was better.

White's intended 10. P-Q4 is very apparent and this accentuates the weakness of Move 7. The only good reason for 7. BxB was to double the KP, and he now offers Black the opportunity to undo it.

- Black Sewall, Columbia. 1. P-K4 2. Kt-KB3 3. Kt-B3 4. B-B4 5. P-Q3 6. B-K3 7. PxB 8. Castles 9. Kt-K2 10. RxB 11. PxP 12. Kt-K2 13. Q-K2 14. R-Ktch.

SATURDAY, JUNE 8, 1901.

What a noble conception it was of the fathers! The founding of this Government NOT upon the will and judgment of the FEW, but UPON THE WILL AND JUDGMENT AND CONSCIENCE OF THE MANY; a Government in which all the people of every State participate in a citizenship that is equal everywhere; equal citizenship in equal States in a Union that has never been equalled.—President McKinley.

Would it surprise the public if Chief Justice Frear saw a light by which the records of Judge Humphreys' court might be criticized?

Whatever the military may have done in the past, it is certain the militia of the Territory cannot be used to overawe or injure citizens by reason of their practical opinions.

A citizen named Drinkwater has seen the sea serpent thing early in the season. As the animal was seen in Malua Waters, its only use is to demonstrate the uselessness of the Maine prohibition law.

There may be citizens who object to a special session. There are no thoughtful, fair-minded citizens, however, who can complacently view bankruptcy of the Territorial Treasury.

BUSINESS POLICY WANTED.

The longer the Legislature sits and cash in the Treasury becomes steadily lower, the less the people are able to fathom what will be done with the Appropriation bill or where the Territorial finances will land.

Although no one has yet arisen to maintain that the Territory can do business on credit after next August, there seems to be little evidence, either in legislative or executive circles, of a positive, clear-cut business policy that will save the Territory from a financial dilemma productive only of injury and sure to create financial ruin throughout every line of trade and labor.

With all due respect for the opinions of those who would accomplish governmental reorganization through the Appropriation bill, efforts along this line can only be productive of chaos and incompetent government.

With the same regard for the opinions of executive officers who seek to stand off a special session, their program can only lead to the same chaotic end. No makeshift measures, no attempts to secure action from Congress, no assumption of authority by the executive will successfully solve the revenue or the bond problem.

The attention is neither difficult nor impossible of prompt solution if each and every member of the executive and Legislature will approach the work before them with a fair degree of patriotic cooperation, setting aside hobbies, prejudice or political bias and settling down to the plain business duty of the citizen and the official.

WORD HOOPUNIPUNI CAUSES TROUBLE

The word "hoopunipuni" when used in an ordinary tone is not very venomous, but when it is fired out as from a catapult in the hot atmosphere of the Senate in the tone that Senator Kanuha used yesterday afternoon, it is liable to bring to his feet in an "upper-cut" pose the person or persons referred to. The word when used in a mild tone of voice means an untruth or the telling of one—either black or white. Used with the rising inflection in a loud tone of voice and accompanied by the contact of clinched fist with oaken desk, means "lie" plain and simple, besides the suggestion of a flaccid encounter.

"Hoopunipuni" is what put the Senators at yesterday afternoon's session in a mood that is unsafe for the collar, the blood, the spleen, the desks and paraphernalia of a deliberative assembly, as well as a few other things. It came about in this manner: Mr. Kanuha had just introduced his majority report on the military items, and the motion to adopt had been made. Mr. Carter arose with dissecting-knife in hand and began to slash away at the report. He started out with the statement that the annihilation of the military was the proposition of a few disgruntled spirits in the Senate who were harboring hard feelings for what had gone by. Such action was both narrow and shortsighted. Every State and Territory in the Union was provided with a militia. Why should not Hawaii have its militia? In conclusion, Mr. Carter said: "The whole report shows a narrow-minded spite against the past."

Mr. Kanuha arose to his feet with a spring, and there were signs of trouble on the horizon. He accused Mr. Carter of trying to "fool" and "bluff" the Senate, and then came that word "hoopunipuni." No sooner had he got this out of his mouth than Mr. Cecil Brown, who had been a disinterested listener, jumped up as if he had sat on a crooked pin. "I call the Senator to order, Mr. President, and I ask that he be made to adjourn to this house for using that word." "How else can I express myself?" asked Mr. Kanuha. "That's the idea I want to convey." "I call the Senator to order!" shouted Mr. Cecil Brown. "Well, I don't see how I am to use any different language. I know what I am talking about," shouted back Mr. Kanuha. "Well, then, you're a liar," returned Mr. Brown.

The Chair rapped with his gavel, Mr. Brown sat down, and Mr. Kanuha continued. This time the Senator made reference to the guns of the Boston and the overthrow of the monarchy. The Chair called him to order, and Mr. Kanuha said: "Excuse me." During the pauses in this speech Dr. Russel had been calling for the previous question, and now that it had been completed he called again. There was a little confusion here, and Mr. Cecil Brown arose to speak on the report. He was recognized by the Chair, but Dr. Russel insisted on the previous question. Mr. Kalaauokalani also arose and stated that he had seconded the motion. Mr. J. Brown said that Mr. Kalaauokalani had not seconded the motion until after Mr. C. Brown had been recognized by the Chair. Compliments flew thick and fast until the Chair ruled that Mr. Brown had the floor.

Dr. Russel then appealed from the ruling of the Chair, and this was seconded by Mr. Kalaauokalani. Mr. Carter moved to adjourn, but the motion was lost. More discussion followed, and Dr. Russel again called for the previous question. Mr. Cecil Brown returned: "I am going to say what I have to say or you can put me out of the room. I will stay here all night but I will have my say." The Chair refused to entertain the motion to adjourn or the motion appealing from his decision. Dr. Russel sat down, and Mr. C. Brown went on with what he had to say, basing his argument for the retention of the military on the ground of self-preservation. Having finished his speech, Dr. Russel again moved the previous question, seconded by Mr. Kalaauokalani. Again the Chair refused to consider the motion, saying that when the minority report was handed in, it was laid on the table, to be considered with the Appropriation bill and the majority report. Such action could not be taken, since neither the minority report nor the bill had been taken up for consideration.

To solve the difficulty, Mr. J. Brown moved that the minority report be taken from the table and considered. This was duly seconded and carried. At this point, Mr. C. Brown moved to adjourn until 10 o'clock Saturday. This was seconded by Mr. White. A vote was called for, and the Chair, announcing a tie, cast his vote on the side of adjournment, picked up his hat, stepped down from the platform and started out of the hall amid a chorus of cries of "Kana-lua!" Dr. Russel shouted out: "I charge that you are in contempt of this house. I declare that you have acted with partiality." Mr. Kanuha evidently had in his mind several things to say, but he was so angered that all he could get out was: "We are ashamed of you. You are not fit for that place."

Mr. Kalaauokalani, the Vice President, almost choking with rage, jumped to his feet, walked to the front of the room, brushed past President Kane with an angry look, took the chair, and again called the house to order. He announced that, as there was no quorum, the Senate could hardly proceed to business. It would be necessary to get another member. (It might be stated just here that all the Republicans, with Messrs. Kane and Wm. White, had left the Senate Chamber as soon as the Chair had declared an adjournment.) It was finally decided to send out after the missing members. The roll was called, the missing men "spotted" and the Sergeant-at-Arms ordered to bring in the deserting Senators. The Messenger was also ordered to let no Senator leave the room. Hardly had the Sergeant-at-Arms left than Mr. Cecil Brown walked into the room, locked the drawers of his desk, took a piece of candy out of a bag on the table, put it into his mouth, and went out whistling, "I don't care if you never come back," a little off the key. The remaining Senators settled down to a quiet smoke, to await the return of the Sergeant-at-Arms. In the meantime, the House, hearing of the hot wave over in the Senate, adjourned and flocked over to the Bungalow.

The Sergeant-at-Arms returned after a half-hour's search and reported that he had seen all the missing Senators with the exception of Mr. Crabbe, and that they had all answered: "We won't go back. The Senate is adjourned." He had been after Mr. Crabbe, who was absent from the house during the afternoon, but he had been unable to find him. Seeing that further procedure along this line was folly, Mr. J. Brown moved to adjourn until 10 o'clock Saturday, and the motion prevailed, not, however, before Dr. Russel had preferred charges of contempt against the deserting members. The following report, dealing with plague bills, was presented by Dr. Russel when the Senate first met yesterday afternoon, and it was laid on the table, to be taken up with the Appropriation bill: In regard to the unpaid bills of the Board of Health presented by the Secretary of the said Board and referred to the Committee on Public Health, we beg to report as follows: 1. Of the two lists for the amounts of \$7,445.38 and \$492.30—total, \$7,937.68—we recommend to strike out \$285 on the bill of F. Harrison, which amount is not due and not recognized by the Board of Health, since the said amount is charged for moving F. Harrison's own furniture out of the condemned premises. The balance of \$253 is due to him and has been paid. 2. There was a mistake of additions in the first bill of Hustace & Co. on the original list amounting to \$100, which mistake being corrected and all bills put together, gives a sum total of \$528 due him and to be paid. 3. The bill of Loy Hing Co. of \$40.60 is stricken out, no such man being found on the place, according to the statement of the local postmaster to the Board of Health. 4. A bill of Pala Plantation Company of \$206.36, alleged to be due for labor in suppressing the bubonic plague on the plantation is stricken out, since, in our opinion, plantations had to contribute something in suppressing the diseases in their own places, considering the suffering and losses of private poor citizens that never will be adequately recompensed. 5. The rest of the bills on the two lists, which have been transferred to two new lists amounting to \$7,672.91 and \$492.30—total \$7,565.21—we find due, and recommend to be paid, although the Auditor, as witnessed by the Exhibit No. 1, has refused to pay them, on technical grounds. All said bills are approved by the Board of Health, as witnessed by the Exhibit No. 2. The Exhibit No. 3 relates to Secretary Wilcox's bill of \$100.

Tantalus Tree Cutting Subject of Conference

The cutting of the forest trees on the heights by order of Jared Smith, Director of the Experiment Station, has been the source of much worry to citizens and officials who have seen the trees grow from seedlings to full size. Acting Governor Cooper and J. H. Boyd made a tour of inspection Thursday and the sight that met their eyes on Tantalus made them shed real tears. Fifteen acres of the forest had been demolished by the ax, and smouldering fires showed how the fallen trees had been disposed of.

Yesterday Mr. Cooper sought an interview with Mr. Smith upon the subject, and, after hearing his plans in detail, said that he felt much better. The Acting Governor said to a Bulletin reporter: "Mr. Smith explains that he is working under the direction of his superiors at Washington and that they have a well-matured plan which, when worked out, will result in great benefit to the islands. It was necessary in these plans to have a tract for experimental services above the 1,000-foot elevation. There was no other place than the one selected by Mr. Smith. I am now preparing the proclamation which will formally turn over to the Federal Government the tract for the Experiment Station."

BRYAN AND THE GAMBLERS.

Lincoln, Neb., May 16.—Mr. Bryan attacks Wall street in this week's Commoner. He says: "A record of Wall street's doings for the last week is an indictment against our boasted civilization. That such transactions are allowed is as much a reflection upon the intelligence of the country as it is upon the conscience of the people. It is little less than amazing that a few men should be permitted to corner the market for their own selfish purposes, beat down the price of one stock and boom the price of another stock, demoralizing business and jeopardizing the interests of all classes of society. How will the historian describe the age in which a petty thief is severely punished, while great criminals go unwhipped? It often takes an object lesson to arouse the people to the evils of a bad system, and the recent fluctuations in the stock market, costly as they have been, will be cheap if they lead to legislation which will put an end to stock gambling, erroneously described as 'business.'"

Mr. Bryan also declares that a crisis in financial affairs is imminent, and insists that the recent flurry has deprived the advocates of the trust system of their greatest argument, that it was an insurance against panic.

THE FAMILY FRIEND.

No remedy has as good a right to that title as Kickapoo Indian Oil. It is good for internal and external use; it is pain's most powerful panacea. No one can say "I won't" have neuralgia, rheumatism, earache or any other acute pain, but everyone who has a bottle of Kickapoo Indian Oil in the house can say with confidence "I won't" have neuralgia or any other pain long. The power of this oil over pain is marvelous. Toothache, earache, headache, neuralgia and rheumatic pains, dysentery, diarrhoea, cholera morbus, colic, cramps, and all acute pains yield instantly to it. You are always proof against pain with a bottle in the house. Hobron Drug Co., agents for Kickapoo Indian Remedies.

WIRELESS POINTS MORAL.

Mount Vernon, N. Y., May 16.—The Rev. C. H. Tindall, the pastor of the Reformed Church of this city, has secured the services of an electrician, who recently gave exhibitions of wireless telegraphy in Madison Square Garden. This man is to set his apparatus up in the church so that the clergyman may use it in illustrating his sermon on "Wireless Telegraphy and Its Spiritual Similitudes." The illustrations will consist in sending signals and messages about the church, and Mr. Tindall said today it is possible a small trolley car might be run from one end of the church to the other without the aid of wires if the apparatus is in good working order. The clergyman will endeavor to show in his sermon that God works largely through nature, and that electricity is one of His most powerful as well as interesting agents.

Pain-Killer, the old and well known remedy has acquired a world-wide reputation for the cure of sudden colds, coughs, etc., weak stomach, indigestion, cramp or pain in the stomach, bowel complaint, diarrhoea and dysentery. It has lost none of its good name by repeated trials, but continues to occupy a prominent position in every family medicine chest. Avoid substitutes, there is but one Pain-Killer, Perry Davis. Price 25c and 50c.
