THURSDAY, JULY 9, 1903.

EXTEND THE SESSION.

It cannot be rated as in the public interest for the Legislature to get into a sweat for adjournment in the last days of the session, and thereby go off half-cocked on numerous items that require the most careful consideration. That the Legislators are weary after nearly 120 days of labor and are anxious to get home is a fact and is natural. The public is also willing that the session should come to an end in order that government business may settle into its normal groove.

Some dissatisfaction is expressed in the community over the length of the session, and there is a disposition in many quarters to criticize what is assumed to be inertia in the law-making bodies. It is not our intention or desire to pose as apologists for the Legislature, which is controlled by our loathsome friends, the Republicans; but we do wish to drop one hint in the camp, and that is this: The extra session has had to consider, not only the bills for running the government, but one of the most important and sweeping loan bills it has ever been the duty of a local legislative body to tackle. That bill in almost every page runs amuck of the brow-beaten, and to be brow-beaten—although valiant, determined and solid—County Act. Every provision in the bill, and in fact every line of it, was important and called for earnest consideration. Every bill was important, and every item in every bill carried an importance and directed an influence at some point. All these multitudinous details consumed time, and thus the session was strung out.

There now remains on hand the "clean-up" of the session. Not only are the loan bill, Senate Bill 2 and

House Bill 9 (all carrying large sums of money) still hung up and subject to snap judgment or imprudent compromises at the last but other matters are pending that are too important for hasty consideration and adjustment. In the closing hours of a session, which has been burdensome and is fraught at the end with many duties and remnants of responsibilities, is the time legislatures make mistakes. Hawaii is not in position to pay the penalty of forced judgment by the Legislature on the matters now pending in it. The time of the Legislators and the expense of further deliberation would be found to compose a mere bagatelle alongside of snap enactments that might prove inappropriate or illegal.

There should be an extension of the extra session in order to give ample time for consideration of the numerous details now in hand. A good precedent for the act is found in the proceedings of the last Legislature when, on July 18, 1901, Acting Governor Cooper ordered an extension for fourteen days, or until August 4, for the reason that the appropriation bills had not been fully considered and completed. We submit that in view of the incomplete work and the fact that it cannot be intelligently completed in the short time remaining, there should be an extension of the session.

TOPICS OF THE DAY.

Speaker Beckley stated in the House today that if the House sat longer than Saturday, he would resign from the Speakership. Is that so? Too-too!

Representative Kumalae said today that the House could have thirty-two days more to sit, according to the Organic Act. He's now the authority, and Representative Andrade has dubbed him the "Chief Justice." If that is so, then, too-too!

The House this morning properly adopted the Kumalae resolution fixing the minimum salary of Public Works laborers at \$1.50 a day, and it is expected that the Senate will do the same. There is no discount on the justice of the proposition, for the work is worth the money. At the same time it will place a little extra cash in the hands of a class that will spend and enjoy it.

If Mauites attempt to repeat their Fourth of July program on August 12 they will, we opine, find most of the enthusiasm gone from it. While August 12 is an anniversary of the day when Old Glory was hoisted over these Islands, it is also an anniversary of the death of Hawaiian independence and the hauling down of the Hawaiian flag. The latter fact is responsible for a sentiment that will not facilitate considerable movements in the direction of race-tracks or other places of celebration on that day.

In view of the opposition of the Legislature and general public to the retention in office of Chester Doyle as Japanese interpreter, it would seem highly expedient, politically and in other ways, for High Sheriff Brown to give the gentleman his "passports." We have never inquired into the case, deeming it too small and—if you please—"beneath our dignity." But where there is smoke there is most-times fire; and when the condemnation of an

undertrapper, public cad puts periods in the deliberations of a Legislative body, it is about time to relieve the horizon of that man. As we understand it this man Doyle is a grafter on High Sheriff Brown much as Campbell is on Governor Dole.

It would seem that for the salary paid, the Board of Health could get a veterinary surgeon who could stamp out the tuberculosis among cattle. In no spot on earth is there more tuberculosis—no, not one-tenth as much—as here. In Texas, Kansas and the Dakotas, where hundreds of thousands of cattle roam together tuberculosis is practically unknown. It is unknown East and South, a competent veterinary being on hand to squelch in a rational manner any outbreak that might occur. Any man with the ordinary capabilities of a veterinary surgeon could stamp out tuberculosis in cattle in these Islands inside of eighteen months, and not keep busy half of his working time.

The Advertiser wallowed all over itself in the O C Swain robbery affair. It had everything stolen out of the cottage on Eretania street near Punchbowl, and the next night the burglars were to call around for the house and lot. They were then to set up an auction business in opposition to Jimmie Morgan, with Swain's jewelry, furniture, house-and-lot, chicken coop, good-will, etc, to "the highest bidder for cash." But Swain has looked around again and found that he lost only two chairs. We would suggest to the Advertiser that Mr Swain be prevented from looking around once more, for if he did he might find the two chairs, and then the sensational story would appear, like—well, as Pope might say, a "kind of rape" on the public's good nature.

Committee Disagrees.

The Legislature's conference committee this afternoon practically "broke up in a row" over Senate Bill 2. The fact of a disagreement will be reported back to the two houses and the appointment of new committee will be requested. Nine items were disagreed upon, although the principal fight was on the appropriations for Marston Campbell and Chester Doyle. The Senate committee agreed to strike out Doyle if the House would accept Campbell, but the "inferior" half of the committee refused to provide for either leech. Adjournment was taken at 2:30 o'clock.

A reception will be held on board the cable ship Anglia between the hours of 3:30 and 7 p m tomorrow. Dancing will be a feature.

H M Dow has received news that his daughter, Abbie, has graduated with honors from the Portland, Me., high school. She will go from there to Vassar College.

Treasurer Kapaikai personally sounded some of the members of the Planters Association and others in the business community, requesting them to prescribe the duties of the proposed office of Commissioner of Immigration. When he finds out the duties of such an official, then the appointment may follow.

IN EXTRA SESSION.

The Second Legislature for the Consideration of Appropriation Bills.

THE SENATE—FIFTY-EIGHTH DAY.

After the usual preliminaries, McCandless, from Public Lands, reported on House Bill 9, the Coney Estate road damage claim, recommending its being tabled. To be considered with the bill.

Dickey, from conference committee on Senate Bill 9, reported on items agreed upon. Crabbe moved adoption, and Dickey to table until action is taken by the House. The latter motion prevailed.

House Bill 8 was then taken up and passed third reading by a vote of 10 yeas to 1 no (Kachi).

House Bill 10, after an amendment had been made, passed second reading. Then House Bill 9 was amended by adding at the end of Section 1 the following, by Achi: "subject to a decision of the Supreme Court on agreed statements of facts or other proceedings of the Court." Finally the bill passed second reading, the motion to adopt the report on it being lost.

The House sent information that it adopted the report of the conference committee on Senate Bill 9. It also transmitted House concurrent resolution by Kumalae on the pay of laborers in the Road Department. Consideration, on motion of Achi, was deferred to Saturday.

Recess was taken at 11:10 o'clock to 3 o'clock.

THE HOUSE—FIFTY EIGHTH DAY.

After the disposal of the regular routine business in the usual manner, a communication from the Senate was read returning communication of the 3rd instant, setting forth the amendments made to

Senate Bill 9, for correction. Also another returning House Bill 7, to compensate E P Dole in arguing the case of the Territory of Hawaii versus Oaski Maukichi as having passed third reading (yesterday).

Kumalae presented the following concurrent resolution: "Whereas, the Legislature of the Territory of Hawaii has appropriated different large sums of money to be expended by the Road Department; therefore, be it resolved and expressed by the House of Representatives, the Senate concurring, that it was their intention in making said appropriations that the laborers working under the said Road Department be paid henceforth from said appropriations at the rate of not less than One Dollar and Fifty Cents per day." Adopted, 19 yeas to 4 noes.

Chillingworth, from conference committee on Senate Bill 9 (Eighteen Months Current Account Bill), reported the amendments agreed upon. Adopted, 22 yeas to 1 no.

Kealawas presented a resolution that the Attorney General instruct the different Sheriffs and Deputy Sheriffs that persons engaging in any athletic sports on Sundays be not prosecuted. Keliinui raised a point of order to refer back to the introducer, because it was not written on the regulation paper. Point sustained.

Unfinished business was ordered taken up on the further consideration of Senate Bill 8 on third reading, Harris moved to raise the "salary of Civil Engineer, Land Registration Court" from \$2,250 to \$3,600. Carried.

Aylett moved to amend "salaries of Guards for Public Buildings, \$3,600" to read "salaries of 4 Guards for Public Buildings, at \$60 each per month, \$4,320." Vida to raise "salary for Deputy Insurance Commissioner" from \$2,700 to \$3,600. Carried. Aylett to raise "salary of Clerk and Bookkeeper, under the Public Works Department, from \$3,150 to \$3,600. Carried.

Kumalae moved to amend item of "Pay Roll, Thomas and Emma Square, \$2,880" by specifying "4 men at \$40 each per month." Carried. Keliinui moved to increase the "salary of Secretary of the Board of Health from \$3,000 to \$3,600. Carried. Chillingworth to raise the "salary of Chief Health Officer" from \$3,000 to \$4,500. After some discussion, it carried by a close standing vote of 13 to 12. Kumalae moved to specify "Pay Roll, Pilot Boys, \$8,640" by adding "4 boat boys at \$65 each per month," leaving the amount the same. Carried.

Harris moved to insert "salary of Pilot, Kahului, without fees, \$3,600." Carried. Keliinui moved to insert a new item of "Pay Roll, Pilot Boats, Kahului, 4 boat boys at \$65 each per month, \$4,680," and Harris amended it to "4 boat boys at \$30 each, \$2,160." The Keliinui motion carried.

Paele moved to reduce "Bacteriologist and Pathologist" from \$3,600 to \$1,800. Lost. Lewis moved to insert a new item for "Pay Roll, Pilot Boat, Hilo, 4 boat boys at \$65 each per month, \$4,680." Carried.

Andrade asked to temporarily defer consideration of the bill, so that he might introduce a joint resolution so as to pass it in time to catch the Senate before noon. It is a resolution to Congress and affects us all, and is one upon which there need be no argument. Request granted. He then read the joint resolution elsewhere reproduced. After reading it through, Paele raised a point of order that it has no bearing on the purpose of this extra session and moved to table it, but the Chair did not sustain the point raised. On motion, the resolution was adopted by 23 yeas to 4 noes.

Kuudsen moved to pass Senate Bill 3 on third reading as amended. Fernandez moved the previous question and prevailed.

The bill finally passed by a vote of 22 yeas to 5 noes.

House Joint Resolution.

To the Hon. Senate and House of Representatives of the United States.

Your petitioners, the Senate and House of Representatives of the Second Legislature of the Territory of Hawaii, respectfully represent:

1—That the cost and expense of the maintenance and care of the several harbors and lighthouses in the Territory of Hawaii, now and at all times heretofore borne by the Territory, should be borne by the Federal Government.

2—That the building of a breakwater at Hilo, on the Island of Hawaii, is very necessary for the better protection of shipping, but is of such magnitude as to be impossible to be built by the Territory.

3—That public buildings are necessary to accommodate the Federal Courts, Post-offices and Custom Houses, United States District Attorney, Marshals, Collector and other Federal offices, in Honolulu and in Hilo.

4—That the establishment and construction of the Naval Station at Pearl Harbor, and of a Military Post upon the lands selected for that purpose by the Government, is of supreme importance for the protection of the Islands, and for the safe guarding of the mainland.

5—That favorable consideration by Congress be given to the claim of the late Queen Liliuokalani, now a loyal, private citizen of the United States, and suitable provision be made for her.

6—That for the purposes of encouraging and assisting the production of coffee, a bounty of four cents a pound for all coffee produced in the Territory of Hawaii, for the ensuing ten years be authorized to be paid to the producers thereof.

Resolved, that Congress appropriate sufficient money for the purposes hereinabove stated, and that the Secretary of the Territory be instructed to send copies of this resolution, properly certified, to the Speaker of the House of Representatives, and that a suitable number of copies be given to the Hon. Jonah K Kalaniana'ole, the Delegate-elect for his use.

The Senate then adjourned.	

Conference Agreements.

The Conference Committee on
Senate bill 2 wrestled yesterday af-
ternoon and last evening with the
various items in the bill. On most
of them concurrence was easy, the
House, as a rule, winning its points.
When the item of Japanese inter-
preter was reached there was a pro-
nounced and stubborn kick against
the present incumbent of the office,
Mr Doyle. A majority of the com-
mittee seemed willing to pass the
appropriation with the proviso that
Mr Doyle not be employed in the
office.

Agreements were easy on Senate
bill 9, eighteen months salaries, the
House carrying most of its points.
