Kepoikai Calls Halt In Present Public Expenditure

Territorial Treasurer Kepoikai issues a letter of warning to the various heads of Government departments, calling their attention to the immediate necessity of calling a halt in the operation of public works involving any but absolutely necessary expenses.

Estimated Territorial receipts for the current month will be between \$70,000 and \$75,000, while the estimated average current expenses per month are about \$115,000. Pay rolls will have to be materially cut in order to keep within the resources of the Government.

"The departments are spending altogether too much money," said Treasurer Kepoikai this morning. "At the present rate of expenditure the Government will be unable to meet its obligations. At the present time there are scarcely twenty thousand dollars, outside of the loan fund, in the Treasury vaults and today the outstanding warrants amount to over \$85,000. Just now the different departments are spending a great deal of money and the pay rolls are altogether too large in view of the Government's estimated receipts. Of course it is for the reason I have just stated that it has become necessary to register warrants, but it is anything but advisable to continue on with the present large pay rolls in the public works and other departments, when the Territory's income is not justifying the incurring of such expense."

Following is a copy of the letter today sent all heads of departments by the Treasurer:

"I respectfully call your attention to the fact that the Current Account balance in the Treasury of the Territory of Hawaii this day, and the probable revenues from all sources to be received from date until the incoming of taxes in November, 1904, will not, for the present, be able to meet both the current and salary and pay roll expenses of the government of the Territory. In order that available cash will always be in the Treasury to meet salary and pay roll warrants, and to avoid as much as possible the registering of warrants or borrowing money as provided by law, I respectfully request that all current expenses, other than the necessary running expenses of your office, be held in abeyance, until such time as the Treasury be in condition to meet the obligations of the Government."

"This," continued the Treasurer, "does not mean the mere cutting of pay rolls along certain lines, but it means doing away with certain works under way at the present time, work on roads, for example."

Mr. Kepoikai mentioned the balance of the Chinese fund as one of the Government obligations which had to be met, this account being continually drawn on, requiring that the money be available at all times.

On the first of the present month outstanding warrants amounted to

\$135,162.67, the difference between this sum and \$85,133.40, the exact amount of warrants outstanding, today, having been paid in the last few days.

LINES CARRIED AWAY

The steamer Ke Au Hon arrived from Kaula ports this morning at 9:25 o'clock with 11 deck passengers, 3156 bags K. S. M. sugar, 354 bags rice, 29 bags paddy, 32 bundles hides, 4 boxes chickens and 38 packages sundries.

Purser McNamara reports as follows: "The steamer W. G. Hall was at Ahukini. Heavy northerly swells all the week. February 4 we were able to work only about two hours. February 5 it became so rough that the lines were carried away. Was compelled to leave without the sugar list."

PAPAALOA WINNERS

On Sunday, January 31, at the park in Laupahoehoe, the Papaaloa baseball team played the S. S. Helene boys, the former winning by a score of 3 to 2. The game was close and exciting from beginning to end. As the Helene team had heretofore claimed the championship of the Hamakua coast, from having beaten this one team, the championship is at present undecided. Both teams are very anxious to play the deciding game and it will no doubt take place very soon.

THOSE FRENCH DINNERS.

The fifth in the series of those delightful Continental French Dinners at the Royal Hawaiian Hotel will be served this evening at half-past 8 o'clock. The management would like to impress its numerous patrons with a sense of the importance of securing a table or seat reservations early in the day by application at the office. Vocal and instrumental music by the original Hawaiian Quintet Club.

YACHTS TO PEARL HARBOR.

A number of yachts will sail off from Pearl Harbor tomorrow should the weather happen to be good. Vice Commodore H. E. Pickett will go down this afternoon in the yacht Spray and Clarence W. Macfarlane expects to be out in the La Paloma. It was the announced intention of several others to go down this afternoon but the threatening weather may deter them.

SUPREME COURT GIVES UNANIMOUS DECISION

OAHU R. & L. CO. VS. EWA AND KAHUKU PLANTATIONS—DEFENDANT'S MOTION IS DENIED.

The Supreme Court this morning rendered a unanimous decision in O. R. & L. Co. vs. Ewa and Kahuku Plantations, on defendant's motion for hearing, denying the motion.

The ground relied on in the motion was that the court overlooked a point made by defendants. Decision points out that the point was not in fact overlooked and the court's conclusion thereon was stated.

In hearing this case, Judge De Bolt sat in place of Chief Justice Frear, who was disqualified.

The syllabus declares that: "A rehearing will not be granted merely because the court in its former opinion did not set forth its reasoning upon a certain point now claimed to have been overlooked, provided the point was not in fact overlooked and the court's conclusion thereon was in fact stated."

Says the opinion, written by Associate Justice Perry:

"The only ground now relied on in support of the motion is that the court overlooked the point made by the defendants at the hearing that 'the interest of the Oahu Railway and Land Company in each of the demised premises is a separate item and as such is to be separately taxed.' If by this is meant that the interests of the railway as distinguished from that of James Campbell and that of each of the two defendants should be separately taxed, it is sufficient to say that the statement of agreed facts on file clearly shows that each of those four interests has been so taxed. The conclusion is reached on page 4."

SIGNIFICANT SALES OF STOCK ON STOCK EXCHANGE

Yesterday there were 500 shares of Waiialua plantation stock announced on the Stock Exchange as having been sold at \$35 a share. It is stated on good authority today that the stock was the property of Henry Waterhouse and that it was sold to C. M. Cooke.

Another sale announced was that of 112 shares of McBryde, 30 days' delivery, at \$2. This was purchased by an "insider" and so is considered to be a tip on a good thing.

In connection with this sale it might be stated that the cost of the plantation to the stockholders is \$3,000,000. At \$2 per share, the prevailing price yesterday, the plantation would be worth at the present time just \$224,000, there being 175,000 shares.

Mrs. Turk appeared in the Police Court today charged with assault with a weapon on her husband, Attorney Ball appearing for Turk. The defendant was discharged, the complaint being faulty. Another warrant for the arrest of Mrs. Turk was immediately sworn to.

WITH THE PEOPLE IS CARTER'S IDEA OF GOVERNMENT

Hilo, Feb. 5.—Among a multiplicity of energetic traits wrapped up in the personality of Governor Carter there are two which stand out distinctly characteristic of the man. He is fearless and he is optimistic. By his journey through Hawaii he has become more than ever convinced that the people demand local government and he has encountered many things which strengthen his own belief that the day when the government of the Hawaiian Islands should begin to decentralize is now arriving.

To a Tribune representative Governor Carter said that the most impressive part of his experience on this island was the people themselves. He was pleased most with the evidences of public spirit and the indications of a sympathetic interest in the policies of the administration.

Governor Carter said: "My administration still stands for county government. We shall continue to work for county government. If Congress does as I hope it will do it will enact a law for us. We have discovered that the Organic Act is so drawn that a county law as liberal as we want and need can not be drawn without conflicting with it. So if we are to have a county law suited to our needs the Organic Act must be changed first. If Congress refuses to give us a county law this session I propose to ask for such modification of the Organic Act as will enable our legislature to pass a law that will stick. We will work steadfastly and continually along all possible lines leading to decentralization and local rule. Now, it is preposterous that a place like Hilo should be dependent for its government on officials two hundred miles away. These things cannot be done in a day. But they can be done. If not one way then (Continued on Page 4.)"

PARKER CLAIMS OVERDUE PARIS

A strange bark was sighted off Diamond Head this forenoon but the identity could not be made out. Captain Parker, who passed her in the steamer Claudine this morning, stated about town that she might be the overdue French bark Paris, as she looked dirty and worn as if she had been at sea for a considerable period.

Diamond Head Charlie, when asked about the matter this afternoon, stated that he had signalled the bark but she failed to show her name. He described her as a bark built something like the Ivanhoe. He was positive she could not be the Paris.

Special Term U. S. COURT For Davis Case

Federal Judge Dole, who today returned from Hilo, will open a special term of the United States District Court on Monday next.

It is believed that the hearing in the case of the disbarment of Attorney George A. Davis, ordered by the Department of Justice, is the direct cause of the calling of a special term of Federal Court here at this time.

United States District Attorney R. W. Breckons is at work now preparing the matter of investigation of the professional conduct of Attorney Davis and stated this morning that the case would probably be ready for presentation early in the week. Mr. Breckons also stated that such proceedings were better held in open court, while the matter could be brought up at chambers the preferable method of procedure from a technical standpoint was to bring up the business in open court.

It will be remembered that a majority of the Territorial Supreme Court disbarred Davis in August last. Justice Galbraith dissented.

Davis sought further investigation and recently the Department of Justice instructed Mr. Breckons to start an investigation in Federal court.

Mr. Breckons stated today that several of the Japanese who have pleaded "not guilty" to charge of conspiracy to foster prostitution were anxious to change their pleas. There are also other matters requiring a special term.

The special term, once opened, may continue until the regular April session.

There will be no calling of jurors. Judge Dole went to his chambers soon after returning from Hilo. The judge stated there were several decisions pending, besides business already mentioned, which would form part of the transactions of the special term.

Judge Dole spoke of meeting the Governor and Secretary on Hawaii and accompanying them during a portion of their explorations.

CABLE ORDERS

The cable company has just issued an announcement this afternoon which seems to be most significant in the light of the war news received today: "Only messages in plain language will be accepted for Japan, Korea, Formosa, Funan, Seoul and Chemulpo. The Japanese administration defines plain language as all Japanese, or all English or all French. No code messages will be accepted and messages in plain language will only be accepted at the sender's risk."

TEST CASE NOT DEAD BUT ASLEEP

"Nothing has been heard of the test case in the Supreme Court which Attorney General Andrews was going to prepare at the time of the Governor's departure on his Hawaii trip, concerning the question of financial procedure with which the Territory was confronted by the knocking out of the County Act," said Treasurer Kepoikai this morning.

"This is a most important matter, in my opinion, and I fail to see why the Attorney General has not acted. Is the matter to slide? Is not the opinion of the Attorney General in relation to the present applicability of the six months' bill, rendered as a result of the conference of the Governor with various members of the Senate, either to receive the approval of the Supreme Court or to be otherwise passed on by that body in the course of the test case that was planned and which, I believe it was generally understood, was to be brought almost immediately?"

"As I remember the matter, a resolution was adopted or an understanding was arrived at in that consultation between the Governor and the Senators whereby the opinion of the Attorney General, declaring that the Government could proceed in the matter of finance with the six months' bill as a shibboleth should be followed out by the Administration pending a final adjustment of the matter through a Supreme Court test case. It was understood that the Attorney General was to arrange a test case with the Auditor and (Continued on Page 5.)"

TELEPHONE PEOPLE OF HILO SAY YES TO BROWN

Among the passengers who arrived in the steamer Claudine from Hilo this morning was High Sheriff A. M. Brown, who left for Hawaii last Tuesday. The High Sheriff stated this morning that during his stay in Hilo he had made satisfactory arrangements with the telephone people there. The company is to allow the system to have the use of its poles and will also look after its maintenance.

No Deputy Sheriff of Hawaii has yet been appointed. Several applications have been filed by candidates for the position. The High Sheriff is awaiting the recommendation of the Republican district committee before taking any action in the matter.

THE BUNION LAST.

Plenty of room for enlarged joints, closely fitting elsewhere. This describes, in a few words, shoes made on the Bunion Last.

The foot with a Bunion was very much like other feet before the Bunion grew. It needs a shoe having more room in certain points, but in others no extra room is required. It has been impossible to obtain a satisfactory fit in a ready made shoe. The nearest approach to it was obtained by buying a shoe which was two or three sizes too long or two wide in order to give the room. Such a shoe felt easy when first worn, but after a time it began to hurt—why? Because it was much too large in instep and heel and allowed the foot to crowd forward into the shoe, cramping and otherwise hurting the toes and joints already tender and inflamed. The "Bunion Shoe" is the only shoe in world that will fit the foot with a bunion or an enlarged joint.

The Old Ready-Made
versus
The New Ready-To-Wear

Before the advent of
ALFRED BENJAMIN & CO.

30 years ago there were more old ready made clothes than any other kind. The fabrics were inferior; the designs were commonplace; the pieces were thrown together with cheap cotton thread; the whole garment had a hang-dog look that no amount of pressing could get rid of. What little shape it first had was soon lost. At a glance you could tell this ready-made from custom-made—just as you can now.

When BENJAMIN Clothes were first marketed the other fellows shook their heads and predicted failure. "Where is the profit," they asked "in retailing garments that cost as much to tailor as custom-made?" Thirty years of success have shown the wisdom of producing fine clothes at reasonable prices. Today the highest type of ready-for-service apparel bears this famous trade-mark.

A Great Agency

We Have Secured Control for This City of the Fulton Compounds, the Only Things Known to Medicine That Cure Kidney Diseases in Both the Primary and Secondary Stages.

The kidneys are not sensitive and the disease is sometimes fastened and already chronic with the very first symptoms. It has hung on eight to ten months it is surely chronic. In either case why take chances? Why not take at first the only thing known that cures kidney disease in the chronic stage, as the primary stages. The only case cited below, by permission, is especially valuable for its insurability was doubly confirmed by consulting physicians, and after recovery under the Fulton Compound his recovery was also doubly attested.

On May 1st, 1908, the son of E. C. Fall, the manager of the Pacific Coast Shalut Company of Second and Fulton streets, San Francisco, was declared by the family physician to have chronic kidney disease and incurable. Another physician was called in and confirmed the diagnosis. The whole body was swollen with dropsy, and a fatal termination looked for. The Fulton Compound was tried to see if it would do any good. On September 1st the dropsy had disappeared and the boy was well, and after double examinations it is the opinion of the recovery complete and gave Mr. Fall a written report which is now had.

Judge C. Calhoun, the Police Judge of San Francisco, also attests the recovery under his own observation of a friend of his who also had chronic kidney disease. He states that the case of the kidneys was well known to be incurable according to all medical authorities.

Up to the address of the Fulton Compound medicine knew nothing that would cure kidney trouble in other cases. It is the opinion of the recovery complete and gave Mr. Fall a written report which is now had.

No statements are published or invited except from chronic cases that, like the above, are incurable by all other means. It is the opinion of the recovery complete and gave Mr. Fall a written report which is now had.

CONGRESSMAN PAYNE ANALYZES DIVIDENDS AND STOCK INCREASE

The fourth section of the Congressional discussion on the Hawaiian Electric franchise, published today, gives Congressman Payne's analysis of the increase of capital stock and its relation to dividends.

That Local Opposition. Mr. Hamilton: It seems to me that this statement should be read in connection with the whole report, wherein it is said:

From the comments of the local press regarding the term of years for which franchise was asked for, namely, fifty years, there seems to be strong opposition to granting franchises except for a very short period.

Then they proceed to say what they regard as a short period, as follows: It was suggested that no franchise should be granted for a term exceeding thirty years.

Now, I want to call the gentleman's attention to the further statement of the Territorial Committee. This committee proceeds to say that they find that this franchise should be, for the reason set forth, a thirty-five-year franchise.

Now, as to this franchise, it appears to me that the length of the franchise is a difficult question and one which we ought to consider carefully; but the Territorial Legislature of Hawaii, all of them presumably intelligent people, had this matter under consideration, and they unanimously voted in favor of this franchise in the Territorial Senate and unanimously, except two votes, voted for it in the House.

This bill then was approved by Governor Dole, and afterwards by Governor Carter, who succeeded Governor Dole, and both Governors write letters in which they advocate the ratification of the law. That is the way in which this law comes to the House of Representatives and comes to the Committee on the Territories. Under the organic law of the Territory of Hawaii this act of the Territorial Legislature must be approved by Congress. Now, the question is whether this Congress shall approve it. The difficulty seems to be as to the length of the franchise. That is the trouble.

Mr. Payne: May I ask the gentleman a question? Mr. Hamilton: I do not claim to have any exclusive information in relation to this.

Mr. Payne: May I ask the gentleman a question? Mr. Hamilton: Yes.

Mr. Payne: I suppose it would be entirely competent for Congress to give a franchise, a new franchise or an extension of franchise, by law of Congress?

Mr. Hamilton: I assume that is true.

Dividends Paid. Mr. Payne: So that there is no difficulty about that. Now, as to the dividends that have been paid by this company, I find, commencing with the years 1879, they paid 2.7 per cent; in 1898, 7.9 per cent; in 1899, 10.5 per cent; in 1900, 4 per cent; in 1901, 3.5 per cent, and 1902, 6.5 per cent on a

capital which has been increased from \$200,000 to \$500,000.

Mr. Grosvenor: And \$150,000 of that increase has come from the earnings of the company.

Mr. Payne: I am very glad to get that statement. That is what I was going to ask the gentleman. It is stated here in this report, however, that all this capital stock was paid in except \$7,500, which was used for the purchase of land.

Mr. Robinson of Indiana: Seven thousand five hundred dollars.

Mr. Payne: Now, if \$150,000 is capitalized as the earnings of the company, is the gentleman able to state through what years these earnings and profits are distributed, and how big a thing these people are getting upon the capital stock which they have invested there, and how much these dividends might have been if they had been distributed to the stockholders instead of \$150,000 being put in the construction of plant and distributed in stock; is the gentleman able to state that?

Mr. Robinson of Indiana: I refer the gentleman to page 4 of the report, wherein the dividends in figures and by years are stated fully in a tabulated form.

Mr. Payne: I read from that.

Surplus is Property. Mr. Robinson of Indiana: Then, in addition to that, there is \$150,000 surplus in the company represented by their property, which would run back through the entire time. I will say to the gentleman it would make between 6 and 8 per cent that has been earned through the entire period on the capital stock, as I gather it from the statement.

Mr. Payne: The \$150,000 is the total amount of dividends they have paid.

Mr. Robinson of Indiana: But the dividends they paid only amount to—as the gentleman will see by the report—3½ per cent, I think the statement has it.

Mr. Payne: From the original construction of the plant in 1892—

Mr. Robinson of Indiana: Three and two-tenths, the gentleman from Ohio suggests, the average since 1893.

Mr. Payne: From the original construction of the plant, when the plant was worth \$20,000 and the capital

stock \$20,000—I do not know whether this report shows the date at which the additional issue of the stock was made by years—

Mr. Robinson of Indiana: It does. Necessity for Charge.

Mr. Payne: And it has been through a long series of years growing from one amount to another, and finally it got to \$500,000. Now, with \$150,000 surplus profits lying in the treasury of that company has grown all these dividends they have ever paid, and the dividends have yielded 2½ per cent, and we all know in the inception of these companies the earnings are small and the profits are small. It is only when a plant is fully established and when the business is fully established that a thing shows its profits, and its profits come in the later years. It seems to me that this committee should have furnished to the House just what there is of it—just the necessity of charging these people there 20 cents a kilowatt hour, and instead of ten years—

Mr. Robinson of Indiana: The committee did furnish that. Let me suggest that this company pays 2½ per cent of its gross receipts to the Hawaiian Government.

Mr. Payne: Now they will extend this for thirty-five years with this business increasing, with these profits increasing, and with the economies constantly being introduced into electric light plants and the production of electric currents. Those things should all have been considered. Why, I am told by gentlemen here upon the floor that 5 cents is a large estimate of a kilowatt hour for the cost of electric current.

Cost Per Kilowatt. I have been told by one gentleman that he happened to hear a discussion between a couple of superintendents of electric-light plants, and they were trying to convince each other that the current costs a little over 1 cent per kilowatt hour, and they did no either of them succeed in convincing the other that it costs even 1 cent.

I think this committee ought to have given this information to the House. They ought to see to it, because the power is reserved in us—wisely reserved in the House, and reserved for the special purpose—and this House should see to it that no company should get any grant from the people in the Hawaiian Islands by way of franchises by which they would be enabled to get an undue profit from their customers in furnishing electric light, especially when it is to be a franchise for thirty-five years, so that it should be impossible, or next to impossible, for any other company to get in there and cut down the cost by competition.

TERRITORIAL FINANCES.

When Governor Carter returns from his island tour and starts in with more general expenditure of loan funds he will find a financial situation awaiting him in Honolulu that requires positive and vigorous action. Much as the community may dislike to face it, the financial situation at the present time is not pleasant, to say the least, and by many is regarded as critical. The unexpected drop in the price of sugar has created a condition that demands the most serious deliberation and careful planning on the part of leaders in our main industry. Hawaii cannot control the sugar market and must of necessity make the best of it.

In times of industrial depression the people naturally and with justice turn to the government, local or national, for the assistance it can render in the promotion of public works and the payment of its own bills. The public work to be carried on from the million-dollar loan fund is well under way. The money is going out to labor and business men as rapidly as possible. The serious feature of the situation is that the Territory is not paying its bills of current account. Notice has been given by the Treasurer that only salary warrants will be paid. Warrants on current accounts must be registered. Since the first of January the banks have refused to cash these warrants. Territorial paper is handled at a discount if at all. At the present time there is no guarantee that current account warrants will be paid before November next. The cash is not in the Treasury, though the Territory is by no means bankrupt.

Factionalists charge this situation up to what they claim to be the incompetence of the Treasurer. This is nonsense. They are merely attempting to make a factional point. Others charge that the Governor is purposely endeavoring to hamper the Treasurer by refusing to cooperate with him. The Governor has yet to hold up the Territory at large to pay off debts in a personal or factional difference. It is useless to discuss such fictitious phases of the present state of affairs. What the Territory needs as it never needed before is a clear-cut financial policy which will make definite provision for its current accounts. If this is not forthcoming and no improvement offers in industrial finance, Hawaii will be face to face with one of the most serious business and financial crises of its history. The mercantile people are looking to the Territory, as they have reason to do, to meet its payments promptly or shape a policy that will enable the merchant to put something besides Territorial warrants in his safe. Somewhat similar situations have been met before. The Administration cannot afford to be floored now.

NO REHEARING

(Continued from Page 1.) Attention seems to be, rather, that the plaintiff's leasehold interest in the lands demised to the Ewa Plantation Company and its interest in the lands demised to the Kahuku Plantation Company are separate items within the meaning of Section 820 of the Civil Laws, which provides that "all real and personal property and the interest of any person in any real or personal property shall be assessed separately as to each item thereof . . . and that the assessment of the plaintiff's interest in Kahuku and Honolulu jointly is in contravention of this provision and therefore illegal.

The argument can be made that since the plaintiff acquired its leasehold interest in the two lands together with other parcels, under one lease, with one lump sum named as rent therefor and with covenants and other terms applicable to all such lands as a whole, such interest in all of the lands constitutes but one item within the meaning of the statute and that there was no departure from the directions of the statute in making the return or assessment of both. Assuming, however, without deciding, that a strict compliance with the provision in question would have required that the plaintiff's interest in each of the lands should have been separately assessed, the failure to do so, under the circumstances of this case, would not render void the assessment as actually made. The defect would at most be a mere irregularity which cannot be taken advantage of on collateral attack, such as that now being made. The interests in the various parcels, if they may properly be called interests, all belonged to the same owner and in this respect this case differs materially from those cases where, the lands of more than one owner being involved, joint assessment have been held invalid. The plaintiff was the only taxpayer directly liable to the Government for the taxes upon its interest (the existence of the private agreement of the sub-

lessees to pay a portion of the taxes cannot affect the matter.) The requirement of Section 820, whether intended by the Legislature for the benefit of the Government or of the taxpayer, was, if it was not complied with, waived by both the Government and the taxpayer and the tax as assessed was voluntarily paid. The irregularity, if any, was such as could have been waived. See Albany Browning Co. vs. Meriden, 48 Conn. 243, 245. The point now relied upon by the defendants was not overlooked when the case was originally before us. In our former opinion we said: "It is no defense that the taxes were not assessed upon the sub-leased portions of land separately." It is true that we did not set forth our reasoning any further than to remark that "the private agreement of the parties was not binding on the assessor and the latter was under no obligation to make a separate assessment by reason of such agreement", but the conclusion was stated. The defense attempted to show that the taxes were not assessed upon the sub-leased portions of land separately, and we expressly held that that defense was not good. The mere omission of a statement of the reasoning leading to that conclusion is not a sufficient ground for granting a rehearing. We have here discussed the merits of the defendants' argument to the extent to which we have discussed it, not under any misapprehension that a rehearing has been granted but because it will doubtless prove more satisfactory to counsel to have presented a statement of the reasoning omitted from the former opinion. The motion is denied. Hatch & Ballou for plaintiff; Castle & Withington for defendants.

GOVERNOR CARTER GIVEN BIG LUAU

Hilo, Feb. 5.—One of the most pleasant incidents of Governor Carter's visit to Hilo was the luau tendered at the residence of Rev. S. L. Desha, Tuesday evening, under the auspices of the Aloha Aloha Society. The feast was served in the large and airy basement beneath the new parsonage, and was given as an especial token of the good-will of the Hawaiian citizens toward the new Administration, of which Governor Carter is the head. The guests began to arrive before 5 o'clock, and when the order was given to be seated at the tables the company numbered over eighty. When the last pudding had been sacrificed Rev. Desha called on Governor Carter, who responded gracefully to his acknowledgments and his appreciation of the courtesies and hospitality extended him by the Hawaiian citizens. Brief speeches were also made by Secretary Atkinson, J. T. Baker, Philip Peck, Senator Palmer Wood and J. B. Loebenstein. A Hawaiian quartet sang agreeable native songs. The sentiments expressed in speech and song found responsive chords in the hearts of all, as was indicated by the applause and pervading good nature.

CHEMICAL ANALYSIS

Reveals That "Pe-ru-na is Calculated to Tone up the System, Restore the Functions and Procure Health."

SO SAYS PROF. L. J. MILLER, CHEMIST.

PROF. L. J. MILLER

Prof. L. J. Miller, late Professor of Chemistry and Botany of the High School of Ypsilanti, Mich., writes from 3227 N. Clark Street, Chicago, Ill., as follows: "As several of my friends have spoken to me of the favorable results obtained through the use of Peruna, especially in cases of catarrh, I examined it most thoroughly to learn its contents. "I found it composed of extracts of herbs and barks of most valuable medicinal qualities combined with other ingredients, delicately balanced, calculated to tone up the system, restore the functions and procure health. "I consider Peruna one of the most skillfully and scientifically prepared medicines, which the public can use with safety and success."—PROF. L. J. MILLER

For special directions everyone should read "The Life of Life," a copy of which surrounds each bottle. Peruna is for sale by all chemists and druggists at one dollar per bottle or six bottles for five dollars. WITH THE PEOPLE

(Continued from Page 1.) by some other method. If we cannot get a liberal county law right away I am in favor of giving the people as much local government as possible under the present system. We might establish recorder offices on the different islands as a step in the right direction. We can decentralize in some measure without county government, and with the cooperation of the people this administration will be able to make progress. "The lesson we need to learn in Hawaii," continued the Governor, "is that the government is the people and the people are the government. There has been a different conception, which considered the government as an institution separate and apart from the people. If we can get all the people to realize that the government's interests and the people's interests are identical and that it is the purpose of my administration to make the will of the people the will of the government we shall be satisfied."

W. F. Drake, of the Internal Revenue office, returned in the Kinau.

BY AUTHORITY

PUBLIC LANDS NOTICE

On Friday, February 19th, 1904, at 12 o'clock noon, at the front entrance to the Judiciary Building, Honolulu, T. H., there will be offered for sale at Public Auction, a License for a period of fifty (50) years, for the privilege of entering upon certain public lands on the island of Hawaii, Territory of Hawaii, to confine, conserve, collect, impound, divert and sell all the RUNNING NATURAL SURFACE WATER, and power produced therefrom, (subject to existing vested rights of private parties in such water, and to the rights of the United States therein), upon and from all the said public lands situated on the island of Hawaii, in the Territory of Hawaii, within the following described area, to-wit:

Bounded on the North by the sea, on the East by Waipio Valley, on the South by Waipio Valley, the Puukapu-Laupahoehoe boundary until such boundary line reaches an elevation of 4,200 feet, from which point the contour line of 4,200 feet elevation shall form the balance of the South boundary, and on the West by the Honokane-Awini boundary as shown by green border on the sketch plan subjoined to license, the whole of such area being hereafter called the Kaha-Hamakua Water-Shed. Stated Annual Fee, \$500.00. Upset 2 1/2 per cent. of Gross Revenue, but in no event, after expiration of 2 years from date of license, shall the revenue received by the Government through this clause amount to less than \$2,500.00 per annum.

Any bid other than on percentage of Gross Revenue will be rejected. Upon fall of the hammer the successful bidder will signify his acceptance of the license and of all the terms thereof by his written endorsement thereon, and the payment of the first Five Hundred (500) Dollar Fee. For full particulars, in regard to conditions of said license, apply at the office of Commissioner of Public Lands, Honolulu, or at the office of Sub-Agent of Public Lands, Hilo. JAS. W. PRATT, Commissioner of Public Lands. Honolulu, T. H., January 23rd, 1904. 2670-tf

CHAPTER XIII.

"Good night, monsieur le curé," said the turkey, letting us through the outer door.

"Good night, good night," the priest responded.

"And to you sacristan."

"Good night," I muttered, and he came a step after me. The candle was yet in his hand, showing him my bulk and perhaps the small clothes he had longed to vend. I expected him and cry, but walked on after the priest and heard the heavy doors jar, and breathed again.

Heardening behind and in front, on the right and the left, I followed him in the direction of what I have since learned to call the Jardin des Plantes. It is near Ste. Pelagie.

The priest, wearied by his long office, spoke only once about the darkness, for it was a cloudy night, and did not attend to my muttered response. I do not know what sympathy the excellent old man might have shown to an escaped prisoner who had checked his sacristan, and I had no mind to test it. He turned a corner, and with the wall angle between us I eased down the sacred furniture, drew off the surplice and laid that upon it and took to my heels up the left hand street, for the guard has brought me across the river to Ste. Pelagie.

I had no hat, and the cut of my coat showed that I had lost a waistcoat. Avoiding the little circles of yellowness made by lamp posts, I reached without mishap of falling into the hands of any patrol a bridge crossing to an island point, and from the other side of the point to the opposite shore. At intervals along the parapet dim lights were placed.

Compared to Lake George, which would like a river, and the mighty St. Lawrence as I remembered it, the Seine was a narrow stream. Some boats made constellations on the surface. The mass of island splitting it into two branches was almost the heart of Paris. There were other foot passengers on the bridge, and a gay carriage rolled by. I did not see any gendarmes, and only one foot passenger troubled me. I was on the bridge above the left arm of the river when an ear trained in the woods caught his footstep, pausing as mine paused and hurrying as mine hurried. If the sacristan had

Social Side of Life

Leap-year, with all its possibilities is beginning to be an established fact. One hears of nothing but leap-year proposals, and leap-year jokes. "Pedro leap-year" parties are very much in evidence, and the things that sometimes happen are discreetly hidden from prying eyes. Now that popular Mary Gunn has taken the bull in hand we may all expect a rattling good time at the Hawaiian Hotel, and it will seem like the good old times to whirl around on those delightful lanais. They are just made for flirtation, and we can hide away our heart's content from stern chaperon or luckless partner,—and yet be quite close at hand, so that old Madame Grundy cannot possibly say anything,—no matter how much she may want to. It is the jolly party of the old Hawaiian, and it is thoroughly appreciated by the younger set,—and, "tell it not in Gath," I have seen some older ones,—but there! I'll stop. You may guess the rest. It really wouldn't be fair, would it? Although you know quite well what I mean.

"Carmen" on Saturday night was even better than on Thursday. Mrs. Turner was in perfect form, and Miss Campbell's top-note took the house by storm. Lot Kaulukou's fine presence and artistic acting was a picture that will not soon be forgotten. The chorus was charming from beginning to end. So many pretty girls would make the fortune of a professional company. I noticed that the younger men occupied the bald-headed row, and when the chorus arrived I did not wonder. It was essentially a music-loving audience, thoroughly in sympathy with the artists. Miss Giffard occupied the Irwin box with a party of friends. Mr. Bliss was in the right loge with Mrs. Neumann, Mrs. Price, Miss Winston, Major MacLennan and Mr. Hawes. In the left loge was Mr. John Howland and party. Mr. Howland is a keen music-lover and was the pride of Boston the four years he spent at the Tech. His voice is a deep basso profundo, and he will be a great acquisition to Honolulu musical circles. I heard him last year in Hilo and we have a treat before us. I believe he is with Mr. Holloway in the Public Works Department,—so he has come to stay.

Miss Kathleen Cartwright intends making a trip to England in March or April. Miss Lily Neumann has invited her to be one of the bridesmaids and she may accept. Miss Cartwright would make a stunning bridesmaid with her fine carriage and dignified manners. For a mere girl of twenty she is a most remarkable specimen of femininity. Strangers always admire her immensely and invariably inquire, "Who is she?" Miss Cartwright has above all the air of one to the "manor born."

Mr. E. D. Tenney was presented with a handsome koa loving cup by his dinner guests of last week in token of affection and esteem. The cup was an unusually large one with a solid silver rim.

Miss Jessie Kaufman gave a delightfully informal bathing party and supper for Mr. and Mrs. Searle last Friday evening. The bathing is perfect at Sans Souci and the moonlight made it unusually attractive. Those present were Mr. and Mrs. Searle, Mr. and Mrs. Ivers, Mr. and Mrs. Hawes, Doctor and Mrs. Humphris, Mrs. Walbridge, Miss Cartwright, Miss Winston, Mr. Potter, Mr. Wright and Captain Rodman.

Doctor and Mrs. Day entertained at dinner last Sunday evening at the Young Hotel. The guests were Mr. and Mrs. Swamy, Mrs. Walbridge, Miss Jessie Kaufman, Major MacLennan and Doctor Knudsen.

The Chinese dinner given by Doctor and Mrs. Humphris in Chinatown Wednesday evening was a most unique affair. The dinner was literally Chinese from beginning to end, and the guests found much amusement in sampling the Oriental dainties. The invitations were gorgeous affairs of red and gold written in Chinese characters.

could not hide the long hair spread upon her breast. I considered the company and the moisture into which I had fallen with unspeakable amazement. We were in a low and wide stone chamber with a groined ceiling supported by stone pillars. A row of lamps was arranged above us so that no trait or feature might escape a beholder.

That we were put there for show entered my mind slowly and brought indignation. To be so helpless and exposed was an outrage against which I struggled in nightmare impotence, for I was bare to my hips also, and I knew not what other marks I carried besides those which had scarred me all my conscious life.

Now in the distance, and echoing, feet descended stairs.

I knew that people were coming to look at us, and I could not move a muscle in resentment.

I heard their voices, fringed with e-hoes, before either speaker came within my vision.

"This is the mortuary chapel of the Hotel Dieu?"

"Yes, monsieur le marquis, this is the mortuary chapel."

"Um! Cheerful place."

"Much more cheerful than the bottom of the river, monsieur le marquis."

acters. Fortunately, a verbal invitation preceded the written one. The menu cards were diminutive Chinese children in characteristic attitudes. The courses were numerous and followed each other with lightning rapidity.

After dinner Captain Rodman took the whole party for a moonlight launch ride. The guests were Mr. and Mrs. Searle and Mrs. Hawes, Miss Winston, Miss Hoare, Miss Cartwright, Miss Kaufman, Miss Hartnagle, Mr. Hoare, Mr. Cartwright, Mr. Bliss, Mr. Haas, Captain Rodman and Mr. Potter.

The invitations to Mrs. Gunn's leap year ball read as follows: "You are cordially invited to a leap-year party to be given on February 12th, at 8:30, at the Hawaiian Hotel. If you desire to accept send in the names of two gentlemen, and a subscription of three dollars, before February 4th.—Mary Gunn."

I am sure most of those invited will "desire to accept" and it will be amusing to see ladies play the host. It will probably end in a rousing good frolic, for everybody is acquainted, and "Mrs. Mary" will set the pace.

Mrs. Walters entertained a jolly party at luncheon on Friday at Waikiki. Miss Eva Focke gave a delightful child's party on Saturday afternoon. Several of the "grown-ups" were there and helped the children to have a good time by joining in the fun. Miss Hoare was the leading spirit and taught the little ones many new games.

The lecture at Punahou by Mrs. Mary Smith on Tuesday evening was most instructive and interesting. This clever woman has a remarkable personality, and the power of holding her audience from beginning to end without tiring them. She will give another lecture in a few weeks.

Mrs. Highton is a most versatile person in more than one way. She not only writes well, but also can paint a very good picture. She did a very good portrait of Princess David not long ago. Someone saw it and said, "I don't believe Mrs. Highton can paint like that,—probably Sandona—a great friend of hers—touched it up." Mrs. Highton was delighted with this, and considered it a great compliment, much to the chagrin of the other party. Her Chinese girls are very acceptable. That seems to be a favorite subject and she can certainly catch their peculiar expression better than the usual amateur.

Miss Nellie White gave a charming little supper on Sunday evening. Among those present were Miss Marlon Scott, Miss Jessie Kaufman, Miss Jones, Mrs. Percy White, Judge Lindsay, Mr. Ranny Scott, Mr. Percy White and Mr. Potter.

Mr. and Mrs. Sprague and Mr. and Mrs. Searle expect to sail for San Francisco next week. Many affairs have been given in their honor, and they have thoroughly enjoyed their honeymoon in the Paradise of the Pacific. The two brides are remarkably pretty girls. Mrs. Sprague's blonde beauty has been much admired, while others prefer the dark, vivacious beauty of Mrs. Searle.

We are all glad to hear of the safe arrival of Doctor and Mrs. White in Manila. The overdue Thomas caused much anxiety among the friends left behind.

The concert given at the home of Admiral Terry on Tuesday evening for the benefit of St. Clement's Church was a success financially, artistically and socially. It was a typical Honolulu audience that packed the Terry mansion on Thursday evening, and it speaks well for the artists that perfect quiet was maintained throughout the excellent program. The quintet was well received and Miss Kelley's song was loudly applauded. Her voice is always sweet and true. Mr. I. Dillingham's two songs were a treat, while Miss Jeffrey's piano solo was

most enjoyable. The scene between Portia and Nerissa, acted by Mrs. Hawes and Mrs. Humphris, was a change from the usual recitation. The parts were taken with a true conception of the difficult characters. Mrs. Hawes looked Portia to the life in a most becoming costume of satin and an old Venetian headdress of pearls. Mrs. Humphris made a charming Nerissa and wore a quaint sliver frock with puffed sleeves. Her hair was loose and combed by a pearl slide.

Miss Campbell sang beautifully and "Our Bazaar," by George Davies, was a most amusing number. He acted and sang with great spirit and fairly brought down the house. Mrs. Davies, looking very lovely, accompanied her husband. Last but not least came the quartet by Miss Terry, Miss von Holt, Mr. Dillingham and Mr. Terry. It was delightfully rendered and an encore was responded to.

A delicious supper was served by Admiral and Mrs. Terry after the concert. Those invited were the artists and a few intimate friends.

Mr. and Mrs. F. M. Hatch are at "Battle Creek Sanitarium." Mrs. Hatch expects to return to Honolulu in a few weeks, but Mr. Hatch will remain behind until his health becomes fully established.

Mrs. Osborne is giving a small tea party this afternoon at her new beach bungalow.

Books, Bookish People and Things

We get no good by being ungenerous even to a book.

E. B. Browning.

Book Buying and Reading in Hawaii.

Perhaps it is not any wiser for communities than it is for individuals to praise themselves or grow complacent and self-admiring, but it does seem as if each party should have credit for its peculiar excellences.

In a communication to a New York publication written some months ago the Bulletin Bookman spoke of the amount of good reading done by residents of Hawaii, and alluded to the large number of persons here who bought good books. By good I mean books of tested general value. I am pleased now to second the opinions of the leading book-sellers in Honolulu.

The Wall, Nichols Co.: Find that the demand is for fiction largely, the better novels. A few scientific books are called for, and orders are left for the works of Darwin, Huxley, Spencer and other writers of the sort. Think that here a larger percentage of people than in other communities seek good, sound books. The better class of books go chiefly to the better class of people. Detective stories in paper bindings are sold to what is known as the "laboring" class.

Wm. C. Lyons: Thinks that the Hawaiian people show unusually good taste in the selection of their books. Before opening his store he had sold 30,000 sets of "The World's Best Classics," a very expensive work issued by The Colonial Publishing Co. He understood that 10,000 copies of the Century Dictionary had been sold here lately. Fiction had the chief run, of

PIT QUALITY
 quality of paint is the most important consideration when you're buying.
 Is the paint good?
 Will it wear well?
 Will it hold its gloss?
 Will it protect the building for the longest term of years and look well while it lasts?
 These are the questions to ask first in buying paint. If you ask them about
The Sherwin-Williams Paint
 we'll say "YES."

J. D. JEWETT

YOUNG WIFEHOOD

Boston, Mass., 152 Shawmut Ave., Oct. 25, 1902.
 After I had been married about four months I felt my health generally declining. I seemed to lose the light step and dragged wearily along instead. My appetite failed me and I lost both health and strength. I was nervous and had shooting pains through my limbs and stomach while bearing down pains and constant headaches added to my misery. The menstrual flow became more and more profuse and I was unfit to attend to my daily duties. My husband called in three different physicians and I took enough medicine to kill or cure a dozen women, but it all had no effect on me whatever, until I took Wine of Cardui. In a few days I felt a change for the better, my general health improved and at the next time of my periods my flow was more natural and I was in less pain. Gradually I recovered my health and strength and am now in perfect health. I take an occasional dose of Wine of Cardui which keeps me well.
 I am happy to give you this endorsement.

Bessie Ricker
 President, Black Bay Woman's Club.

Why don't you try for the same health Mrs. Ricker has? It is easy to secure if you take Wine of Cardui according to directions. Wine of Cardui strengthens weak and worn-out women of any age and assists the mother and housewife to bear her exacting duties. Wine of Cardui makes women fit for all the duties of womanhood.
 It will relieve the pains of irregularity, cures falling of the womb, leucorrhoea, ovarian troubles, and has been known to remove what physicians considered dangerous tumors. Women who use Wine of Cardui do not suffer at the monthly periods. They do not suffer hysterical attacks, because Wine of Cardui gives them strong nerves freed from the irritation of female suffering.
 A \$1.00 bottle of Wine of Cardui purchased from your druggist will keep you free from pain.

WINE OF CARDUI

LUNCHEON AT KAALAWAI.

Mrs. St. D. G. Walters gave a very enjoyable luncheon at the Booth place in Kaalawai yesterday. Her guests were the Princess Kawanaana, Mrs. Henry E. Highton, Mrs. Geo. W. Macfarlane, Mrs. A. G. Hawes, Mrs. Edward C. Macfarlane, Mrs. F. Howard Humphris and Mrs. English. The table was set in Hawaiian style and the decorations were in yellow. The favors constituted a feature of the delightful occasion, each guest having at her plate a hat pin with an operculum eyestone, rich in color, forming the head. These pins were stuck through brocade prints of an attractive view of old Leahi. After the luncheon came a pleasant afternoon at cards and music.

Among the arrivals from Hilo and way ports in the Claudine today were the following: J. W. Pratt, J. F. Pillsbury, W. F. Damon, Mrs. W. Lindsey, F. J. Cross, C. A. De Cew, L. R. Crook and Paul Jarrett.

TEST CASE N.T. DI D

(Continued from Page 1.)
 that some method of procedure should be adopted whereby the whole question of the validity of the Government's procedure should be settled.
 "It seems to me that the Attorney General is neglecting the matter. This is not right. I believe we should be more thoroughly satisfied as to our present financial procedure, and that the Attorney General should at once arrange the promised test."
 Attorney General Andrews, when asked as to his intentions regarding the test case referred to by the Treasurer, stated that Governor Carter had left the matter with him with the understanding that he, the Attorney General, was to confer with Auditor Fisher as to the best means of arranging the test.
 Auditor Fisher advised the Attorney General that it would be preferable to wait until the end of the month in order to take up some January salary or some other Government obligation incurred during that month and using it as a basis for the test. Then Auditor Fisher, says Mr. Andrews, was suddenly called away from town and, of course, the matter rested.
 The Attorney General stated that the matter would receive immediate attention upon the Auditor's return. The idea has been to hit upon some item provided for under the six months' bill and not coming under the eighteen months' bill, coroner's jury fees, perhaps, upon which a voucher could be presented and a warrant thereon refused by the Auditor and the matter taken into the Supreme Court. It is the desire of the Auditor, Mr. Andrews believes, to use for the basis of the test some item not likely to affect other items, some item on which payment could be refused without inconveniencing persons receiving salaries or without holding up Government business. The Auditor does not want to be in a position where he will have to refuse more than the one warrant indicated.

"Arabie" is now so well and favorably known here on the Hawaiian Islands that anyone purchasing it can not but be satisfied with the results.
