HONOLULU, HAWAII WEDNESDAY, JULY 3, 1907.

No. 4764

HONOLULU TO HAVE A LIVELY FOURTH

There isn't going to be a dull minute in Honolulu's Fourth of July. From six o'clock tomorrow morning, when the first parade will be preparing to start, up to midnight, there will be "something doing" all the time and during a part of the day there will be so many things going on that a lot of people won't know which to select for attendance.

Sports will be a very prominent feature of the day, though a fine program of literary exercises has been arranged by the committee having that matter in charge. There are three baseball games on the list and nearly every other kind of sport has a place in the various programs. The fire works display at the Capitol in the evening will be the most elaborate ever given here.

The complete program is as follows:

6 to 7 a. m.—Parade of fantasies and horrors, decorated wagons, etc.

9 a. m.—Military Parade.

10 a. m.—Capitol Grounds. Literary exercises with program as follows:

President of the Day—Hon. Sanford B. Dole.

1. Music—Hawaiian Band.
2. Invocation—Rt. Rev. Henry G. Restarick.
3. Vocal music by fourteen voices.
4. Oration—Hon. S. B. Kingsbury.
5. Vocal music.
6. Reading of Declaration of Independence—Hon. J. C. Lane.
7. Vocal music.
8. Lincoln's Gettysburg Address—Mr. E. B. McClanahan.
9. Patriotic Songs and Flag Salute—Pupils of Kaahumanu, Royal and Kaula Schools, under the direction of Mrs. A. B. Tucker.
10. Music by Hawaiian Band.

10 a. m.—At Country Club grounds. Prize, 18-hole contest.

1:45 p. m.—at Baseball League grounds—Kamehameha v. Diamond Heads; 3:15 p. m., Punahou v. St. Louis.

3 p. m.—At Moanalua, Polo.

3 p. m.—At Kaplalani Park, base ball between the Chinese Alphas and the Twentieth Infantry, and various other field sports.

Evening—Elaborate display of fireworks on the Capitol grounds.

The following are the committees in charge of the various arrangement.

General Executive Committee in charge: Col. J. W. Jones, John Effinger and Col. Sam Parker.

Finance Committee: J. P. Cooke, chairman; G. P. Wilder.

Committee on Decorations: G. W. R. King, chairman; A. E. Murphy.

Music and Literary Exercises: Judge S. B. Kingsbury, chairman; W. R. Farrington, Walter G. Smith, Frank L. Hoogs, Prof. M. M. Scott.

Parade and Salute: General Edward Davis, Major R. C. Van Vliet, Colonel Samuel Johnson, Major J. W. Pratt.

Duke of Abruzzi Feted And Dined

Italy's brilliant naval commander, charming personality and attractive explorer and royal scion has been, since his arrival for the opening of the Jamestown Exposition, a guest at many of his varied exploits which stands him important social functions. The sailor in good stead and makes him a most explorer-duke is of sturdy frame, entertaining companion at all times.

FUSHIMI TALKS ABOUT 'FRISCO

THE BROTHER OF THE EMPEROR OF JAPAN SPEAKS THROUGH THE LOCAL CONSUL AND EXPRESSES ANNOYANCE AT THE IMPORTANCE ATTACHED TO CALIFORNIA TROUBLES—SAYS THE DIFFICULTIES ARE ONLY LOCAL.

"His Highness Prince Fushimi has expressed himself regarding the San Francisco troubles," said Consul General Saito, in an interview this morning. "He is much annoyed at the importance which it has been attempted to attach to the matter. The Prince is sure that the trouble is but local and does not express the sentiment of the United States, any more than the unwarranted attitude of some papers there. He is sure that the friendship between the two nations is too genuine to be disturbed by anything that has occurred in California."

"The refusal of San Francisco to grant Japanese employment bureau licenses, the Prince declares is of the same order as the previous troubles, and will not cause any international difficulties."

FIRE CANOES AT SEASIDE

Owing to the requests of many friends the advertised dance and fire canoe display at the Seaside on the Fourth will be postponed until Saturday next, July the Sixth. Watch these columns for further information as to the most unique public display ever given in Honolulu.

MILLINERY FOR THE FOURTH. Don't fail to visit the Sachs' store and see their special showing of Ladies' Outing and Shirt Waist Hats. Attention is also called to their ready-to-wear department which has had many new additions.

"SCOTTY" AS A PROPHECY. New shipment of imported German Pilsener at Royal Annex on hand. This news will be hailed with delight by many of Scotty's customers. The same good lunch will be served. See Scotty for a tip about the new governor.

PLACING ATKINSON

REPORT THAT HE IS LIKELY TO BE TRANSFERRED FROM HAWAII TO THE PHILIPPINES AND MADE A MEMBER OF THE PHILIPPINE COMMISSION IN RECOGNITION OF HIS SERVICES IN HAWAIIAN ISLANDS.

Atkinson to be in the Philippine Commission. There is excellent reason for the belief that such honor may be given the secretary.

Before Governor Carter left Honolulu for his final conference with the President relative to the appointment of his successor, he had under consideration the advisability of suggesting Atkinson's name to the president, for appointment to the Philippine Commission. In fact the advisability of making such a recommendation to the President, was strongly urged upon Carter. It was urged by some of the clearest minded people of the community. It is understood that the suggestion was made to the governor by one of his very closest friends and a man who has frequently been consulted by the governor in matters pertaining to the Territory. Carter did not give any definite answer to the suggestion, so far as can be learned now, but that he had the advisability of such recommendation in mind, is unquestioned.

It was urged that aside from a just recognition of Atkinson's excellent service as Secretary of the Territory.

FUSHIMI'S LAST FAREWELL

With the band playing and hundreds of enthusiastic Japanese and hundreds of citizens to see her depart with the distinguished Japanese that the month left Naval Wharf No. 1 shortly after 3 o'clock this afternoon for Japan. Japanese were set off, as was the case when the cruiser arrived yesterday morning. The wharf and the adjacent waterfront was crowded and the Prince was cheered and made much of by his fellow countrymen here who proceeded to the wharf with banners and shouts of "banzai."

Acting Governor Atkinson was not far distant and was one of the last to say farewell to the Prince of the House of Mutsuhito whose recollections of the great reception he received here will be long remembered.

So anxious were people to get on the wharf and get a parting glimpse of the distinguished Japanese that the sentries had some little difficulty with a few, threatening them with arrest if they were not more careful in their manner of effecting an entrance.

Fushimi was kept bowing to right and left in response to the banzais which were shouted.

The S. S. J. A. Cummins with a crowd of prominent Japanese and the Hawaiian band aboard accompanied the cruiser to the end of the channel, the band playing Japanese and American airs in honor of the Prince.

Afongs May Compromise

There is a good prospect that a compromise may be reached in the Afong litigation. The attorneys representing the various interests have been in daily conference at the Judiciary building for this week. It can not be stated what the terms of the compromise are likely to be, or the details of settlement that may be made.

BISCUIT COMPANY AFTER J C COHEN

WANT AN ACCOUNTING FOR ALLEGED SALES FOR THE PORTLAND CRACKER CO.

A suit for an accounting has been brought by the Pacific Coast Biscuit Company against J. C. Cohen. The latter is alleged to have been appointed agent here of the Portland Cracker Company on January 1, 1899, holding the position until July 9, 1901. He was to receive a commission on the sale of all goods of the company. Importations to the amount of \$10,183.83 are alleged to have been made. Cohen is alleged to have accounted for only \$7,343.23. It is now claimed that there is considerable balance due, reaching somewhere about \$5,000. An accounting is demanded. The Portland Company assigned its claim to the plaintiff. Thompson & Clemons are attorneys for the Biscuit company.

Four divorces were granted this morning by Judge Robinson as follows: To Kekua Ahina from Ahina;

WOULD BE SURE OF REFORM IDEA

SHERIFF IAUKEA WOULD NOT CHANGE UNLESS GOOD WORK WOULD GO ON.

Sheriff Iaukea was asked this morning if he would accept any office if tendered him by Governor Frear, the question arising from the report that certain prominent Hawaiians would wait on Governor Frear and request that he appoint Hawaiians as heads of departments.

Sheriff Iaukea stated that even if he considered any offer it would only be on the assurance that the Supervisors would appoint a man to succeed him who would carry out the reform idea followed by the present administration and to accomplish which he was elected.

to Naweiu from Naukana; to John Pua from Kalaue Pua, and to Maria Isabel Tavares from Joao Tavares. The hearing of the Mossman divorce was set for July 17 by Judge Robinson today.

DR. SUN YAT SEN THE ORGANIZER

MAN EDUCATED IN HONOLULU LEADING THE REBELLION IN CHINA.

VICTORIA, B. C., June 18.—Further advices regarding the rebellion in South China received by the steamer Montague yesterday state that Sun Yat Sen, who for four years has been organizing an anti-dynasty movement in China, left Tokio a few weeks before the outbreak and is reported leading the revolutionists near Swatow, having taken the field May 22, and opened operations by attacking the walled city of Kwang Kong, which was easily captured and all officials were killed. Kaoping and Lin Ching suffered similar fates.
The government troops on the island of Man Wo were attacked on May 27 and defeated, the revolutionists then marching upon Cha Chow, which also fell into their hands and all the officials were promptly killed. Thousands of refugees fled to Swatow, where foreign warships assembled to protect the city.
The rebels carry banners inscribed: National Army of Central Flower Kingdom under Generalissimo Sun Yat Sen, and following the example set by the Tai Pings they are posting notices that any of their followers who offer violence or death to people who do not oppose them, will be summarily killed and that arms and accoutrements will be given to all who join, none being compelled to do so.
Some foreigners are reported to be among the rebel officers and many of the Chinese leaders are dressed in foreign style and have removed their queues. Japanese newspapers, commenting on the rising state that the inaccessibility of the district will prevent the rebels getting much headway.

without encountering serious opposition as during the Tai Ping outbreak, but all regard the outbreak as serious, and Sun Yat Sen has been organizing societies and other organizations throughout the empire. The Jiji Shinbun, which prints dispatches from its own correspondent regarding the revolution in China, says that with the well equipped and amply armed troops of modern China the revolution must be believed to have the support of secret societies and other organizations. While the wine growers of France are complaining bitterly all is serene in China the revolution must be believed to have the support of secret societies and other organizations. STRAUSS' TRIP ON WAY TO HAWAII

MATTERS WHICH THE SECRETARY PROPOSES TO LOOK INTO ON HIS JOURNEY.

WASHINGTON, June 18.—Oscar S. Strauss, Secretary of Commerce and Labor, will be in San Francisco about July 18th, but he says his visit has no more bearing on the Japanese question than on any other matter coming under his jurisdiction. He views the Japanese question calmly, and thinks that the regulations adopted under the President's proclamation are working well.

Said he: "There is nothing significant about the increase of Japanese immigration. That is controlled by the same influences that control general immigration, and doubtless the increase of Japanese immigration would have been equal in per cent to the increase in general immigration but for the fact that Japanese laborers, skilled and unskilled, could not get from their Government passports to the United States. As far as I am able to judge, the Japanese Government is acting in the very best of faith. There has always been a certain amount of leakage over the borders; there is now probably less than ever before."

Secretary Strauss says that he will have new regulations applicable under the new immigration law about to go into effect, ready for publication on July 1st, on which date he expects to begin his journey through the country along the entire Canadian boundary and down the Pacific Coast through the Puget-sound country to San Francisco, and then to Honolulu. He will endeavor to come into direct touch with the men under his supervision. There are twelve bureaus comprising the Department of Commerce and Labor, and the Secretary wishes to see the actual workings of them all. He will have no bureaucracy under his administration if he can help it.

"I am trying to make this a practical, businesslike branch of the Government," he said today, "and I have already corrected many things which seemed to need attention." The Secretary may look into certain lighthouse matters on the Coast. He will spend three or four days on Puget Sound before going to San Francisco. The Secretary is well disposed in general toward the Japanese and doubts that Aoki is to be recalled.

JAPANESE SEE NEW LIGHT

WOULD STAND ALONE IF THEY SHOULD QUARREL WITH THE UNITED STATES.

NEW YORK, June 21.—Formal announcement by Viscount Hayashi, the Japanese Minister of Foreign Affairs in a Tokyo dispatch published today, that Ambassador Aoki is to be retained at Washington, is regarded here as clearly establishing the fact that the present Japanese Ministry, headed by Marquis Saionji, has assured itself of the support of both the Unionist and Conservative parties in its present attitude toward America. For a time there was some doubt even in Washington and at the Japanese Embassy as to the power behind the demand of Count Okuma for the substitution for Aoki at Washington of a "strong man", by which term it was understood he meant a Japanese committed in advance to the policy of demanding from America full rights of citizenship, of residence and of immigration for Japanese.

Aoki had realized early the impossibility of securing all of these rights at this time because of the inability of the National Government to dominate a State administration. His reports to his own government to that effect, with the intimation that it was advisable to seek, instead of unlimited rights, only those that might reasonably be expected to be conceded at this time—an opportunist policy—at first caused a disagreeable impression in Japan. The successful outcome of the recent war, with the natural inflation of Japanese pride, tended to make the Ambassador's policy of doubtful popularity.

It is quite certain that the Saionji Ministry was for a time somewhat taken aback at the ebullition of popular indignation evidenced in the publications in the opposition newspapers in Japan, and it is even surmised that there was a slight weakening and disposition to make some concessions. But soon after the agitation had reached its height, the Japanese business interests began to feel a very strong pressure from abroad conveying a clear warning that a quarrel with America would leave Japan friendless and certainly would discourage the investment of foreign capital in Japan.

After all it is not predatory wealth nor predatory poverty that is so dangerous to this country as predatory nature in the hearts of individual men.—New Bedford Evening Standard.

PEARL CITY HAS ITS LIQUOR FIGHT

CHARGE THAT EFFORTS ARE BEING MADE TO BOOST A BLIND FIG.

There was a brief session of the Liquor License Commission yesterday afternoon. A. V. Gear represented several petitioners whose applications had before been refused. Gear presented applications in behalf of Fred Kiley of the Favorite Grotto and M. M. Calhau for a saloon in Kewalo for rehearing of the original applications for license. In behalf of Kiley it was stated, in writing, that he desired to conduct a restaurant and was ready to forego the extra hour and Sunday selling privileges. He would also be willing to make all required changes about his place, that the board might order.

In behalf of Calhau it was pointed out that he had obtained the consent of the largest number of property holders to the issuance of his license that had appeared on any application that had been made. The legal points raised by Gear were also cited in support of the case. It was also contended that there had been no protests against the particular saloon and the license inspector had reported favorably upon the application. Calhau catered to the Portuguese and other home loving trade.

Gear was notified that the board would decide whether to reopen the hearings.

There was a hearing of the application of White and Colburn of Pearl City for a saloon license. There was a protest against the issuance and the license inspector had made an adverse report on the application. A. V. Gear attorney for the petitioners claimed that the reason there was a protest was because it was desired by certain elements to prevent a licensed saloon being run at Pearl City. The idea was to enable certain people to run a "blind pig." It was further charged that J. R. Mills, or Miles one of those opposed to the issuance of the license, was illicitly selling liquor.

It was charged that the resort conducted by the applicants was improperly run, as women were permitted to loiter about the place and get drunk until late hours of the morning. The application was taken under consideration. Colburn withdrew as an applicant and left the application to be made in behalf of his partner.

A GREAT PARADE FOR PRINCE FUSHIMI

JAPANESE DO HONOR TO THE VISITOR AND SHOW GREAT ENTHUSIASM.

Last night was a gala occasion in local Japanese circles, the demonstration being in honor of Japan's visiting prince, His Imperial Highness Prince Fushimi. Thousands of Japanese—men, women and children—formed at Alaala park a great parade, which marked up Beretania street, down Fort, and across Hotel street to the Young Hotel where the representative of the Japanese Royal family is quartered, and where a scene of the utmost enthusiasm was enacted.

The parade was an exceedingly pretty one, and was a great novelty to most of the white and Hawaiian citizens. Headed by the Hawaiian band playing the Japanese national air, the parade would along, every person in it carrying one or more fancy paper lanterns, or torches, or transparencies. At they moved the procession from a distant point of vantage, looked like some monster fiery dragon winding through the streets.

Immediately following the band came about 200 students of the local Buddhist Mission, who were in neat black and white uniforms and carried open torches. Then came hundreds and hundreds of Japanese of every age and condition bearing a veritable forest of lanterns, and firing crackers and roman candles.

A lot of floats on wagons and automobiles, represented battleships, and plantation scenes and were very cleverly constructed.

As the marching throng came opposite the Young Hotel, loud "banzais" were given together with much waving of Japanese, British, Hawaiian, and American flags; and the Prince from a window in the second story of the building, bowed and waved his appreciation of the honors paid him. He was surrounded by various members of his suite, and of the local consular force. Acting Governor Atkinson was also of the party. Each of the reviewing party carried small paper lanterns on short canes, which they waved in response to the enthusiastic greetings of the crowd.

After the parade had passed the Hotel it continued on down to the Naval wharf where the British cruiser Monmouth was given a rousing greeting. There was a fine display of fireworks from the harbor, mainly consisting of rockets and bombs of extraordinary beauty, which were much appreciated by the crowds on the streets. Throughout the demonstration the crowd was most orderly, and there was not a single instance of rowdiness or improper conduct reported. The police had an easy evening.

HILO AND KAHULUI. EDITOR STAR: To settle a dispute, can you kindly inform me as to the rating, as to tonnage of vessels calling per year, of the ports of Honolulu, Hilo and Kahului. The discussion is as to whether Hilo or Kahului comes second. SUBSCRIBER.

(There are no figures available to show the amount of tonnage exactly, though such figures are being prepared at the custom house here. It is probable that these figures, when finished, will show Kahului's tonnage of vessels calling, to be larger than that of Hilo, though her tonnage of shipping and volume of exports and imports is smaller. This is because all of the big American-Hawaiian steamers call at Kahului and some do not call at Hilo, and because the customs records take no account of Inter-Island vessels, which are really a part of the tonnage of shipping. The figures as to deep water tonnage will very likely appear in the next report of the Governor.—Ed. Star.)

WEDNESDAYJULY 3, 1907

Fourth Of July Is Here Again

It is probable that Fourth of July orations throughout the United States this year will contain a good deal of warning and even foreboding of evil, mingled with the usual patriotic enthusiasm. Of course the Eagle will scream, as it is that noble bird's right to do, but there is enough cloud on the horizon to invoke much very serious discussion. The continued revelations of high finance on the one hand and the doings of extremists among the labor element on the other, together with the constant exposures of thievery in official life, constitute three features of American civilization upon which foreigners who do not like the country love to dwell. Since Lawson began his devastating exposures, everyone has become more or less familiar with the topic of robbery of the public by the big corporations and everyone knows how hard it is to reach the real culprits. Similarly in the matter of "graft" it is an old idea among too many Americans that there is no way to stop it. Now and then there are exposures and a few officials go to jail,—and then the game is resumed. San Francisco promises to be an exception that will be very beneficial, in that in her case the wealthy men who gave bribes seem likely to be punished.

But the spread of hostility to capital and even to the government, among the laboring classes is a subject not so familiar, and yet there are signs that the exposures of capital's offenses have done and are doing a lot to give America a strong "socialist class." The Western federation of Miners has stood by its three murder-defendants, making them leaders, because its members have so little faith in the administration of justice that they think the three men are innocent labor leaders being hounded by capital. The Federation has also just declared for socialism. In San Francisco Mayor Schmitz announces from jail that he will run again as soon as he is free, and he has a chance of election only because the great force of union laborers in that city have an idea that he is being persecuted because he is a labor leader.

These are some of the troubles of the times, which are perhaps a bit more acute now than they have been for quite a period back. We may therefore expect some notes of gloom in the oratory. But it is the troubles that attract attention, not the things that are going along all right, and in general the nation may "point with pride." Its prosperity continues unexampled, and without sign of abatement, and the very fierceness of the battles being waged over the problems of the hour gives promise of a proper settlement of them, so that in most parts of the country there is plenty of occasion for the Eagle to scream and the enthusiastic small boy to kill or maim himself while trying to make noise.

The Great Parade Of Last Night

The Japanese parade last evening in Honolulu was a revelation even to citizens who are aware of the large local population we have of that race, and have thought that they appreciated the patriotism of the Japanese. In doing honor to their Prince the people from Nippon showed an intensity of feeling that made their brightly lighted and colored parade a sight not to be forgotten. What other race is there whose women would join such a march as that of last night, trudging along waving a lantern with one arm and holding a baby in the other? There were scores of such women last night, and hundreds of women without babies. The little Japanese tots also marched. Another noticeable feature was the enthusiasm of the Japanese for their British friends. They shouted for the cruiser Monmouth just as they did for their Prince Fushimi. Possibly the unfortunate San Francisco troubles, with their consequent discussion of the possibilities of war with the United States, have added some extra heat to the fires of Nipponese patriotism. At any rate, the adopted brother of the Emperor can take back with him absolute assurance of the continued loyalty to him of the Japanese here, and local theorists,—among them our retiring governor,—who have put forward the idea that either Japanese adults or their children would become expatriated and desert the sunspot flag for the Stars and Stripes, have had a fairly conclusive answer to their arguments.

Schmitz As A Candidate

The announcement that Mayor Schmitz intends to run again when released from jail, or if released from jail, is likely to strengthen his support among the union men who elected him. He may still be a strong candidate in that union-ridden city, but the apparent breaking of the great street car strike is an indication that unionism is losing its hold. It is a strange feature of the city's experiences that the man to do it the tremendous service of "breaking" the intolerant unions is Patrick Calhoun, President of the United Railroads, and, if Heney is right in his expectations, soon to be in jail for giving bribes. Calhoun is one of the "men higher up," whom above all the graft prosecution wants to convict. All the same, he has done a lot for the city if he has broken the street car strike.

Giving Us More Shipping

The news that there is likely soon to be an order made withdrawing the application of coastwise shipping laws to Hawaii is of a kind to make local business men happy. The effect of such an order will be immediate in the tourist business and it will probably quickly follow in other lines,—a great difficulty in the way of the much talked-of "small farmer" will have been partially removed when all steamers coming here are allowed to carry freight from here to the coast, regardless of nationality. As far as the tourist trade is concerned, those in charge of promotion work have felt very directly the difficulties created by the increasing inadequacy of the American steamship service.

Viewed in one light, the proposed action is depressing. It is a partial giving up of the fight for the carrying trade of the Pacific. It is an admission that the United States has so far failed in the contest, for if there were enough American steamers no such order would be asked for. But the fact there are not enough American steamers is so patent that it would be ridiculous to attempt to deny it. And in refusing to pass a ship subsidy bill, Congress declared itself as not ready to aid

Tales Worth Telling

PROFESSIONAL.

One morning when Rufus Choate was still in England his clerk informed him that a gentleman had called and wanted him to undertake a case. "Ah! and did you collect the regular retaining fee?" "I only collected twenty-five guineas, sir. The regular fee was fifty guineas, and Mr. Choate said: "But that was unprofessional; yes, very unprofessional!" "But, sir," said the clerk, apologetically, and anxious to exonerate himself from the charge, "I got all he had." "Ah!" said Mr. Choate, with a different expression, "that was professional; yes, quite professional."—Argonaut.

WON HIS CASE.

An Irishman had to go to law, and in consultation with his counsel he was told that he had a good fighting chance. Paddy, who was anxious to win the case, was meditative for a moment, and then he said: "Do you think it would be any good to send the judge a pair of ducks?" "No, no; you mustn't do that," said his lawyer. "If you send him a pair of ducks he will be sure to decide the case against you." A day or so later the case was heard, and Paddy won with flying colors. In the course of the congratulations Paddy remarked: "It was just as well I sent the judge them ducks."

"What!" exclaimed counsel. "Did you send the ducks?" "Yes," said Paddy, quite pleased with himself; "but after what you said I sent them from the man on the other side."—Judge.

RUSH EXPECTED.

Bishop Brewster, of Connecticut, tells of an old reprobate who decided to repent, and announced to every one that whatever wrong he had done should be made right. So a man whom he had cheated out of a large sum of money went around at midnight to demand it. "But what did you come at this hour for, and wake me up? Why not wait till tomorrow?" said the old sinner, crossly. "I came now," replied the man "to avoid the rush."

THE COLONEL QUIT.

Brigadier-General Andrew S. Burt is an enthusiastic sportsman, his special hobby being baseball. At one time he was colonel of a colored regiment, two companies of which were having a game. Colonel Burt took the place of a poor player, but the men on the coaching lines did not shout to him as they did to the privates. The colonel took off his uniform coat and demanded to be treated like the other players. Shortly he came to bat, hit the ball, and started for first. "Run, you skimp-legged, sawed-off mud turtle," yelled a coachee. "Get a move on you, you miserable runt!" Colonel Burt got around the bases to this sort of accompaniment. Then he put on his coat again.

President Roosevelt on his last trip South stopped at Charlottesville, and a negro approached the President's car and passed aboard a big basket of fine fruit, to which was attached the card of a prominent grower. In course of time the orchardist received a letter of acknowledgment from the White House, expressing the President's appreciation of the gift and complimenting the donor upon his fruit. The recipient of the letter was, of course, greatly pleased, and feeling sure that his head gardener would be much interested in the letter, he read it to him. The dandy who served in the capacity mentioned listened gravely, but his only comment was: "He don't say nuthin' 'bout sendin' back de basket, do he?"

the merchant marine in a contest with other nations, especially Japanese and British, in which unaided the Americans cannot win.

It is not unlikely that some day there will be a subsidy, and that it will give the American flag a chance in these waters. Even then the application of the coastwise laws to Hawaii may not come. Such action is probably not at all what was contemplated by the act, which was not drawn with consideration for far outlying "possessions."

THE FEARLESS WANTS A SHARE

CLAIM THEY ARE ENTITLED TO MONEY FOR THE SALVING OF MANCHURIA.

There will be a suit filed shortly, it is stated, by the crew of the tug Fearless. They take the position that they were entitled to a division of the money received for the work done by the vessel for the Manchuria while she was aground. They take the position that the work of the tug was salvage operations and in consequence, the money received as compensation, should be divided pro rata among the crew.

Some interesting points are involved in this matter. The Fearless was hired at a certain rate by the Pacific Mail agents for her services in working about the Manchuria, but whether her services can be classified as salvage will be for the U. S. District Judge to decide.

THE CHANGE OF ADMINISTRATION

NO DETAILS WILL BE SETTLED BEFORE THE RETURN OF GOVERNOR CARTER.

The general details of the change of Territorial administration will not be settled until after the return of Governor Carter the last part of this month or the early part of August. Chief Justice and Governor-elect Frear will return from Kauai in time to have conferences with the retiring governor, relative to certain details. The question of who will succeed Atkinson as Secretary if he is to retire, will undoubtedly be discussed at those conferences. No doubt Carter will also make known in further detail to his successor the wishes of the President relative to affairs in Hawaii.

It is believed that the new governor will be given an entirely free hand in the matter of making appointments in the government service. It seems hardly probable that Carter will try to force upon him any of the old heads of administration.

FREAR'S TRIP.

Chief Justice and Governor-elect Frear will depart on Friday for his trip to Kauai. He has received the resignation of Territorial Auditor Fisher to take effect upon the inauguration and C. S. Snowway, the Superintendent of Public Works, has also indicated to the Governor-elect his intention to resign and give the new executive a perfectly free hand in the matter of Territorial appointments.

BOY CANNOT LAND.

The immigration law is no respecter of persons and the five-year old boy who stowed away aboard the S. S. Kumeric in Funchal, whose father is in this city, will not be allowed to land. The immigration authorities do not recognize stowaways as applicants for admission.

PLACING ATKINSON

(Continued from Page One).

The appointment would be a recognition of Hawaii and furthermore, be a wise appointment. At the present time the problems that the Philippine Commission have to face, are very difficult ones but in some of their important general features, they are analogous to the conditions that have been met and successfully combated in the Hawaiian Islands. The Hawaiian Islands stand today as the only successfully administered political possession of the United States. Problems that have been met here, will with perhaps some variance of detail, have to be overcome in the Philippines and a man who is

WANT A CHANCE FOR AN APPEAL

WALLACH CASES ARE ENDED, HOWEVER, BY RULING OF JUDGE LINDSAY.

Not a little discussion was held over the action of Judge Lindsay in sustaining the technicality raised by Frank Thompson and C. F. Clemons, attorneys for J. Lor Wallach, a technicality that effected the discharge of the defendant yesterday. It is held by many that where such an important point, purely one of legal discrimination was raised, the court should have permitted it to have been submitted to the Supreme Court. Such action was taken in the Willie Crawford and Joe Clark cases from Judge Robinson's court some time ago. But the court did not suggest that such disposition of the motion be made and ruled on the matter. There is to be no further prosecution of Wallach for the present.

HALAWA READY TO DO BUSINESS

THE NEWLY INCORPORATED PLANTATION ON HAWAII SECURES ITS LANDS.

The newly incorporated Halawa Plantation, Ltd., is ready to begin business. Yesterday there was filed with the registrar a lease and a conveyance of the necessary lands, mills, etc., to enable the company to start the business of raising sugar. The executors and executrix of the estate of the late James Wight leased to Arthur Mason, as trustee, the Wight lands, mills, and other parts of the plantations that was operated by the late capitalist on the Island of Hawaii. The annual rental is \$5,000 and the lease is for 23 years, dating from January 15, 1907.

Mason has, in turn, transferred the lease to the Halawa Plantation Company. This company was incorporated a short time ago.

LICENSE QUESTION

There will be an executive session of the Liquor License Commission this evening at 8 o'clock. The Board will then consider the matter of the various protests against applications for licenses and will also pass on the applications for reopening certain hearings of applications that were refused. It is expected that some decisions in the matter will be made tonight. There will be no more new applications to consider until July 9.

VERY VISITS CRACK CRUISER

Commandant Very of the U. S. Naval Station, accompanied by his aide, Lieut. Cushman, called aboard the H. B. M. S. S. Monmouth at noon today. The commandant received a salute of 17 guns. Acting Governor Atkinson and his aide, Col. Sam Johnson, also called. They were most graciously received.

familiar with the administration of government in Hawaii, would be especially qualified to assume a part in the administration of affairs in the Philippines.

Undoubtedly Atkinson has the high regard of the President. The efforts of the secretary to effect the Americanization of these islands, along the lines desired by President Roosevelt, have shown that the secretary has a wide grasp of the general situation and requirements here and a conception of the views entertained by the head of the national administration.

Such a change would no doubt, prove highly satisfactory to Atkinson. Aside from the honor of promotion, there would come a more material increase in the way of salary. The salary of secretary is only \$3,000 a year, whereas the salary as member of the Philippine Commission would be \$15,000 a year. There is now a vacancy on the commission. Governor Magoon who was appointed to that position, resigned some months ago, to accept the appointment of governor of Porto Rico. No appointment to the vacancy has been made. There is excellent reason for the belief that Carter has urged the name of Atkinson for that place. If the arguments made by Carter sufficiently impress the President, there is very good reason for the belief that the appointment may be made.

FREAR AND PRATT.

Land Commissioner Pratt was conferring with Governor-elect Frear today. It is evident that the Governor-elect desires to secure information relative to Kaula homesteading matters, prior to his visit to the Garden Isle this week.

WEEK HERE FOR CONGRESSMEN

MEETING THIS AFTERNOON TO DISCUSS ENTERTAINMENT OF PARTY EXPECTED SATURDAY.

A meeting of the committee which has in charge the entertainment of the large party of Congressional visitors in May has been called for 3 o'clock this afternoon in the Promotion Committee's rooms for the purpose of taking steps for entertaining the members of the second and smaller party which is now visiting Hawaii, but will return here on next Saturday.

The party will remain in Honolulu until the arrival of the transport Thomas, which is due here about the 13th inst. when they will sail for Manila. They will thus be here for about a week, and the local committee is determined that nothing shall be wanting to make their stay here pleasant and profitable.

SOLD IN LONDON

Hawaiian Commercial & Sugar Company has taken up its 1896 issue of bonds. Notice of release and payment of the bonds was filed on Monday at the office of the registrar. The bonds were sold to Sir William Lawrence Young, baronet, in the city of London, and Sidney Francis Hoffnung-Goldsmid, gentleman, in the city of London. The bond issue was made in 1896 and was for 100,000 pounds or about \$500,000. The bonds were redeemable in 1916 or any time after October 1, 1901.

PROSSER TO KAUAL

SPORTS

WILL INTRODUCE SURFING ON COAST

GEORGE FREETH EN ROUTE TO SOUTHERN CALIFORNIA BEACHES TO SHOW HAWAIIAN SPORT.

George Freeth, who is probably the most expert surf board rider in the world, was one of the passengers on the Alameda this morning. He is bound for the Coast where he will spend some time this summer on the Southern California beaches introducing the royal Hawaiian sport. He has taken a supply of surf boards with him, and it is not unlikely that the sport can be made very popular on beaches where the proper surf conditions exist.

Freeth has probably done more to revive the wonderful art of the ancient Hawaiians here at home than any other one person. Some years ago it had become almost unknown, except by tradition, when Freeth, who is one of the most expert and graceful swimmers and divers in the Territory took up the sport and by diligent and intelligent practice developed until he is now probably as accomplished as was any of the ancient native riders. Freeth is not taking any canoes with him this trip, but is contemplating going to the Atlantic coast next season with "Dudy" Miller in which event they will take canoes as well as boards with them.

CHINESE ALOHAS VS. SOLDIER TEAM

INTERESTING BALL GAME SCHEDULED FOR TOMORROW AFTERNOON—INFANTRY'S FIRST GAME

Commencing at 3 p. m. tomorrow afternoon at Kapiolani Park the Chinese Aloha Club will play a game of baseball with the team of the 29th Infantry.

As the Chinese Alohas is now the leading team in the standing of the Riverside League, a good game is expected tomorrow afternoon; it will also be interesting to see the soldier boys in their first game of baseball.

The line-up for the Chinese team will probably be as follows:

V. Ayau, ss.; J. Kaimi, 2b.; Mahukona, 2b.; J. Ho Yup, p.; A. Akana, 1c.; C. Wakita, c.; Geo. H. Lim, cf.; J. Wong, rf.; A. F. Yau, lb. P. L. Akana and Thompson, subs.

GUN CLUB SHOOT.

The Hawaiian Gun Club will hold their weekly championship cup shoot this afternoon at the Kakaako traps, which will open the contest for a new trophy, the other having been won permanently last week. Tomorrow a good many of the members of the Club will enjoy a day's open field shooting, the dove season having opened with the first of the month. Doves are said to be quite plentiful this year.

MUCH DOING IN SPORTING CIRCLES

PROGRAM FOR FOURTH OF JULY FILLED WITH INTERESTING EVENTS.

The Fourth of July will be an important day in local sporting circles and there will be something doing in almost every line of sport known to the Territory. There will be base ball, golf, tennis, polo, besides a mixed lot of field sports and racing events at Kapiolani Park in the afternoon, and a general exodus of shotgun enthusiasts to the meadows for dove shooting. Continuing the events at the Hotel Baths which will be held tonight, in way of aquatic contests between the Healan and Myrtle Boat Club members, the field of sport is to be pretty well covered.

A program of the more important events follows:

Golf at Country Club, 18-hole medal play. Two prizes. 10:30 a. m.

Polo; at Moanalua grounds, 3 p. m.

Baseball; at Ball grounds, 1:45 p. m.

Kamehameha vs. Diamond Heads; 3:15 p. m., Punahou vs. St. Louis Alumni.

Baseball; at Kapiolani Park, 3 p. m. Chinese Alohas vs. Twentieth Infantry team.

Miscellaneous sports—foot racing, bicycle racing, pole climbing, etc., afternoon at Kapiolani Park.

MRS. WATTS MUMFORD GAVE A DANCE

AUTHORESS WELL KNOWN HERE CREATED SENSATION AT A KIMONA PARTY.

NEW YORK, June 18.—Mrs. Ethel Watts Mumford, or, as she now is, Mrs. Grant, the well known authoress, artist and wit, is credited with causing a sensation by her Oriental dances at a kimona party given last night by Edmund Russell, the painter, author and tourist, in his studio here.

Russell, who received his numerous guests arrayed in a bejeweled state kimona, presented him by the Gaekwar of Baroda, thus describes her terpsichorean achievement: "Her gown was simply wonderful. She wore a close-fitting Oriental garment covered and spangled with costly gems. Her appearance was that of an Eastern queen, and when she sat in a carved throne she looked superb; then her dancing to the music of the tomtom beaten by a charming young girl! Mrs. Mumford-Grant danced two dances of the Orient—two gliding, sensuous creations. Such art! Such grace! It was the sensation of the evening."

NATIONAL DANGER.

Congressman Blank and his wife had been to Baltimore one afternoon. When they left the train at Washington, on their return, Mrs. Blank discovered that her umbrella, which had been entrusted to the care of her husband, was missing. "Where's my umbrella?" she demanded. "I'm afraid I've forgotten it, my dear," meekly answered the Congressman. "It must still be in the train." "In the train?" snorted the lady. "And to think that the affairs of the nation are entrusted to a man who doesn't know enough to take care of a woman's umbrella."

HAWAII PEOPLE ORIENTALIZED

THE INTIMATION OF PRESIDENT WHEELER OF UNIVERSITY OF CALIFORNIA.

NEW YORK, June 21.—President Benjamin Ide Wheeler of the University of California, who is in town, believes that the conditions on the Pacific Coast, insofar as the Oriental people are concerned, are very grave and present to the residents a question that will not be easily solved. In an interview President Wheeler said:

"It is not a question whether the Chinese or Japanese shall go to the same schools as the white children, neither is it a question whether some of the Japanese have been assaulted or treated badly, but the question is one much broader in its scope. It is simply whether the people of the Pacific Coast shall become inoculated with the Oriental ideas and plans of procedure, or whether they shall remain on a truly occidental basis. Shall or shall not the Pacific Coast States suffer the same fate as Hawaii. Shall the States of the coast be overrun with Japanese and finally feel the effects of their presence as it is felt in the places where they are largely in evidence."

FAMILY TESTIMONIALS.

There is a druggist of general acquaintance who has the somewhat irritating habit of associating personal references and recommendations with his wares. A short time ago a crusty customer asked for a certain toothache cure, and as the druggist was wrapping up the vial, he remarked in a patronizing way: "I think you'll find this very satisfactory. It cured a toothache of mine last Sunday." Then the customer asked for a cake of a certain brand of soap, and the smiling shopkeeper replied: "Well, we don't keep that any more. But this is a very superior article," presenting a shiny, scented box. "My wife uses it and says it's

A SOLDIER'S EXPERIENCE.

Many a soldier in the late war has cause to remember Mr. J. Dutolt Boning, an officer in the Free State Artillery, who is now manager for the store of A. Isaacman & Co., of Branford, O. R. C. His endeavor to check the ravages of dysentery which was so prevalent in the war camps brought relief to many suffering men. He says: "I cured dozens of cases of Diarrhoea and Dysentery during the war out here with Chamberlain's Colic, cholera and Diarrhoea Remedy. I never knew it to fail if used according to directions. I always kept it in the house and use it in my own family with perfect satisfaction." Sold by all dealers. Benson, Smith & Co., agents for Hawaii.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Is acknowledged to be the most successful remedy in the country for those painful ailments peculiar to women.

For more than 30 years it has been curing Female Complaints, such as Inflammation, and Ulceration, Falling and Displacements, and consequent Spinal Weakness, Backache, and is peculiarly adapted to the Change of Life.

Records show that it has cured more cases of Female Ills than any other one remedy known.

Lydia E. Pinkham's Vegetable Compound dissolves and expels Tumors at an early stage of development. Dragging Sensations causing pain, weight, and headache are relieved and permanently cured by its use.

It corrects Irregularities or Painful Functions, Weakness of the Stomach, Indigestion, Bloating, Nervous Prostration, Headache, General Debility; also, Dizziness, Faintness, Extreme Lassitude, "Don't care and want to be left alone" feeling, Irritability, Nervousness, Sleeplessness, Flatulency, Melancholia or the "Blues." These are sure indications of female weakness or some organic derangement.

For Kidney Complaints of either sex Lydia E. Pinkham's Vegetable Compound is a most excellent remedy.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass., for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law Lydia E. Pinkham in advising. Thus she is well qualified to guide sick women back to health. Her advice is free and always helpful.

EXCURSION TO HAWAII PLANNED

SAN DIEGO PAPER HIGHLY PRAISES THE IDEA OF SEND- ING A PARTY.

The plan for an excursion from San Diego to Hawaii should find favor. It will appeal to many from the standpoints of both pleasure and business. A trip to the islands is always delightful. For recreation, rest and the general advantages of travel, few journeys that can be taken are more desirable. Its practical side is even more important. Acquaintance is a potent factor for trade. This fact is becoming recognized more fully in California in these days, than was the case formerly. All over the southern counties there is a disposition among the different localities to become better acquainted. Excursions to the "back country," such as the recent one from this city to the Imperial Valley are becoming popular. It is realized that they are an advantage alike to the excursionists and to those who are visited.

At the present time it is very desirable that the people of this city, especially the business men, should pave the way for more extensive commercial relations with the rich island territory in the Pacific, and the first step in that direction is better acquaintance. The building of the direct line of railway from San Diego to the east will necessarily make new traffic alignments. There is every reason to believe that this future avenue of transportation will be utilized very largely for transpacific commerce. And that trade to and from Hawaii will be diverted to the short route between this city and the east, will not be doubted. So in view of it all, the time is opportune for the people of San Diego and Honolulu to know each other better.

Besides, there will be the benefit of advertising this city. It is true that Hawaii is not the place from which San Diego expects to obtain many home seekers. The islanders themselves are in the field to get colonists. Still, Hawaii is a tourist region, and this city will gain by making its advantages known to the people who are there.

But leaving out of consideration the sordid or business side, the excursion will be a mutual pleasure, alike to the people who will go from here, and to those whom they will meet on the islands. In Honolulu the San Diegans are sure of a cordial welcome. There has always been a certain bond between the two places, owing to the fact that there is quite a colony of San Diego people in the Hawaiian city, and while they are doubtless happy and contented there, they are like all others who have ever lived in San Diego—in all that relates to its welfare. There is no spot on earth equally distant from San Diego where people of this city will find more old friends than in Honolulu.—San Diego Union.

HOW COTTON NEWS WAS OVERHEAD

WINDOW CURTAIN WAS USED FOR THE PURPOSE OF MAKING SIGNALS.

WASHINGTON, June 20.—In the cotton leak cases today, witness Van Ripper, the New York broker described in detail how a window curtain was used as a means of signaling or telegraphing about what was going on in the Government cotton statistic sanctum.

Another feature of the testimony went to demonstrate that the voice of Holmes prevailed in the councils of the statistical bureau and that his oral arguments were more powerful than the figures, which do not lie. An interesting sidelight on this feat of Holmes was that he was arguing against official figures in favor of the "bear" market and Theodore H. Price of New York, who has been mentioned several times in connection with this case, in is alleged, that time was on the bear side of the market.

An effort it is said, will be made to have the case thrown out of court on the broad grounds that there is no law to punish Holmes, even if found guilty.

WILEY PASSES ON BENZOATED PIES

FINDS MOTHER'S KIND IS NO MORE AND MACHINE-MADE PASTRY IS POOR STUFF.

WASHINGTON, June 19.—Dr. Wiley, chief Government chemist, steely of eye, hard of heart, unyielding of purpose, has been looking into pie, and circumstantial report declares that his verdict is against it.

If pie is to be examined from the fellowship of prandial properties, it will be one more alarming testimonial to the menace of commercializing tendencies. Time was when pie was as honest as our mothers knew how to make it; wholesome, toothsome and altogether desirable, it appealed to the palate without offense to the integuments of the alimentary tract.

Then pie became commercialized. It was trustified, financed, exploited, degraded. Benzoate of soda was introduced into it. Machines were invented to manufacture it. It was turned out by the million.

Thus far the evidence is largely circumstantial. Some yeeks ago it was announced that Dr. Wiley, as chief executioner under the pure food law, was investigating benzoate of soda. It transpires that instead of a long and laborious treatise, Dr. Wiley's conclusions about benzoate of soda have been summarized into a brief and succinct statement of two or three paragraphs.

When President Roosevelt's "big stick" clashes with Mr. Bear's "divine right," it may be expected that some sparks will fly.—Columbus Dispatch.

BATHER ATTACKED BY HUGE SHARK

FIREMAN OF ARIZONAN HAS TERRIBLE EXPERIENCE IN SURF AT SALINA CRUZ.

SALINA CRUZ, June 20.—The arrival of the big steamer Arizonan yesterday brought a harrowing tale of a battle between Frank Fonda, a member of the crew and a shark in the waters at Salina Cruz, in which the shark with its teeth tore the forearm almost off the unfortunate sailor. Three fingers were ground in the massive jaws of the big fish, while Fonda's right foot was almost severed.

The tragedy occurred on a hot day while the Arizonan was lying at Salina Cruz. About forty members of the crew went in bathing among the breakers. Fonda's companions observed him waving his arms wildly in the air as if to beat off something, and then sink beneath the waves. They thought, however, that he was playing the "drowning" joke and laughed.

Soon the water where Fonda had been swimming became dyed a blood red, and the man's companions secured a boat and put out to save him. At they approached the spot where the blood colored the water, there was a splash, and the shark, coming to the surface, rolled over, displaying its glittering belly. In the jaws the men could plainly see a piece of Fonda's foot. Two of the men beat the shark off with oars, and then, diving, brought to the surface the mutilated body of the fireman.

He was taken ashore and was found to be still living. A litter was made upon which Fonda was placed and taken to the hospital. He is now at the hospital at Salina Cruz, fighting between life and death. His hair has turned from a jet black to white. It is expected that he will lose his right foot and several of his fingers. The shark measured ten feet in length.

TWO WIVES ON THE SAME CAR

CHANCE MEETING LANDS CONDUCTOR BIGAMIST IN CHICAGO PRISON.

CHICAGO, June 19.—Peter Updegrove has learned that a street-car conductor is cast in poor lines for a successful bigamist, especially if his wives live in the same city and along the line his car traverses. Updegrove has been supporting two households, but the end came when his wives got on his car at the same time, and he now languishes in prison.

Mrs. Updegrove No. 1 entered the car and paid her fare. Two blocks farther along Mrs. Updegrove No. 2 boarded the car and also paid her fare. Updegrove meanwhile ignored both of them. Then a little girl got on and he had to go to the middle of the car to collect her fare. Wife No. 2 began to smile affably, but her husband scowled. Amazed at his coldness, she essayed to give him a piece of her mind, but he leaned over and hoarsely whispered: "Don't flirt with me on the car."

Wife No. 1, seeing her whispering to a strange woman, immediately rose to her rights. She charged wife No. 2, "with flirting with a married man." Then the fur began to fly, but eventually the women combined forces against the common enemy.

No Flies On Katie

No! She is up at the Volcano House where there are no flies, nor mosquitoes; up there spending her vacation. Went up last week; feels better already. She was run down and the doctor advised her to go up there for a month; she bought one of the Fifty-Dollar excursion tickets which covers transportation and allows a stay of eight days at the Volcano House, but the ticket will be good for a month or more. They gave her a good rate at the Volcano House and she will probably stay until she is quite strong again. Lots of nice people up there. Didn't you know that they had a special ticket for teachers and clerks? Why sure! Go into The Henry Waterhouse Trust Co.'s and they will tell you all about it.

PRINCE'S THANKS

HIS HIGHNESS EXPRESSES APPRECIATION OF THE RECEPTION GIVEN HIM HERE.

His Imperial Highness, Prince Fushimi, today expressed through the Japanese Consul General Miki Saito, the deepest appreciation and pleasure which he felt at the reception accorded him during his stay in Honolulu. He also wished to thank not only his own countrymen, but the citizens of the Territory for the good will shown him. "His Highness was much delighted with the parade in his honor last night," said Consul Saito. "He has also mentioned the thoughtfulness of the county officials in placing special officers near him to look after his safety. I shall probably be requested to formally extend his thanks to the proper authorities."

There was no formal arrangement for entertaining the Prince today, and he will leave at 3 o'clock as previously announced, on the British cruiser Monmouth, for Japan.

The Prince and his staff and a number of the Consul's officers visited the Bishop Museum at 10 o'clock this morning, remaining there for more than an hour, after which the party returned to the Young Hotel, where an informal reception was held until nearly 1 o'clock. During this time most of the representatives of foreign governments paid their respects to the Imperial prince of Japan as well as many of the prominent Japanese residents of Honolulu, and most prominent Americans.

At 1 o'clock the Prince had lunch at the hotel with his staff and members of the local diplomatic service.

There is nothing set for this afternoon, and it is expected that the Prince and his party will board the Monmouth shortly after 2 o'clock. The local Japanese have made arrangements for an elaborate display of daylight fireworks from sampans in the harbor as the cruiser bearing the Royal party pulls out.

KAUAI HAS TROUBLE

LIQUOR COMMISSIONERS THERE ARE TAKING VERY RADICAL MEASURES AGAINST SALOONS.

Kauai is a "closed island" and a dry one, and what is more, the License Commissioners of that island have intimated a policy of not granting any saloon licenses, alone as such, on the whole island and of granting only four licenses altogether.

On Monday of this week the liquor places all closed, and there are reports of trouble among Japanese and other laborers who cannot get the usual supplies of sake, vino, or whatever booze they like. The Commissioners at their meeting last Monday refused three applications and postponed action on all the rest until next Monday, with the understanding that dealers might get the special \$15 per day licenses for Wednesday, Thursday and Friday of this week, to cover the holiday and must then close again until regularly licensed.

It was strongly intimated in the meeting that none but wholesalers would be licensed at all and that any retail selling to be done on Kauai must be by dealers holding both a wholesale and a retail license, also that the limit would be one dealer each in Waimea, Hanapepe, Lihue and Kapaa.

***** side in Tokio, Japan; they have been granted a vacation for a year.

W. R. Sims who was appointed master to make a report in the administration of the estate of Frank Antone was before Judge Robinson today to explain the cause of some delay in making a report. The matter was continued until Monday.

Judge Robinson yesterday issued an order reducing the bond of W. W. Chamberlain administrator of the estate of Mamie L. Burke, from \$10,000 to \$250 as the remainder of the property of the estate in this territory seems to have disappeared.

DANCE ON YOUNG ROOF GARDEN

The dance to be given at the Alexander Young Hotel tomorrow night will be a very fitting close to the celebration of the Fourth of July. No place in the city will afford a better view of the fireworks to be displayed in the Capitol grounds. Everybody is invited.

GUESTS OF FUSHIMI

AN INTERESTING DINNER GIVEN BY THE JAPANESE PRINCE LAST NIGHT.

Prince Fushimi was the host at a dinner given in the private dining room of the Young Hotel last evening at which covers were laid for fifteen. The affair was entirely informal, and there was no speechmaking. Those who were the Prince's guests at the dinner were: S. Nagasaki, Court Counselor; Dr. Iwai, and Major Higashi, master of ceremonies and aide-de-camp to the Prince; Consul General Salto, Commander John A. Take, and Lt. Herby, of the cruiser Monmouth; Acting Governor Atkinson, Acting British Consul Forster, T. Clive Davies, Commander Takenchi, S. Baba, Admiral Very, U. S. N.; Col. J. W. Jones, N. G. H., and Col. Sam Parker. The decorations for the dinner were very handsome, consisting of an arrangement of Japanese, British, and American flags, while red carnations and ferns formed the floral table piece. A system of small colored electric lights on the table added to the effect. An elaborate menu served in exceptional style had been prepared for the occasion. The menu follows:

- Manhattan Cocktail.
- Eastern Oyster on Half-shell.
- Cornape Caviar sur Grape fruit.
- Salted Almond. Stuffed Olives.
- Consomme a l'Adeline.
- Planked Salmon, a l'Admiral.
- Sliced Cucumbers. Potatoes Duchesse.
- Sparkling Moselle.
- Calves Sweet-breaded Pattie.
- Victoria French Peas.
- Charred Tenderloin of Beef, Moutpenser.
- Pontet Canet. Journn Freres.
- Champagne Punch.
- Stuffed Island Squab, on Truffle.
- Potatoes Croquette. Fried Hominy.
- Champagne.
- Alexandre Young Salad.
- Neapolitane Ice Cream.
- Gateana Marguerite.
- Fruit. Caeese. Crackers.
- Demi Tasse. Creme de Mente.

THE KUMERIC IS DELAYED

QUARANTINE DIFFICULTIES AT THE OTHER END ARE NOW THREATENED.

There's a big hitch and there are several little hitches in the enterprise of taking away Japanese per British S. S. Kumeric, but Charles Chillingworth does not intend to let these obstacles interfere with the realization of his dreams.

Hitch number one comes in response to Chillingworth cabling to Vancouver, to certain government officials, with a view to ascertaining what might be expected at Vancouver in the way of quarantine in regard to the Kumeric upon her arrival there as a result of her coming to Honolulu with over a thousand Portuguese immigrants among whom small-pox had broken out.

This morning Chillingworth received a cablegram to the effect that Vancouver would certainly object to the landing of Japanese at that port from Honolulu in the S. S. Kumeric unless it was shown that each of the 1,500 or so Japanese had been treated in Honolulu after the manner of treatment accorded second-cabin and steerage passengers leaving Honolulu for San Francisco in mail-boats; that each passenger had been through outgoing quarantine in Honolulu, having his baggage and his clothes fumigated and taking a bath, if necessary.

It appears that Vancouver is up in arms against the admission of Japanese under any circumstances, according to reports from that city brought by Canadian boats and in the newspapers of Vancouver and Victoria and the people of Vancouver certainly do not desire immigrants who may introduce small-pox or any other disease through a lack of precaution at this end. The situation is that unless the Japanese are put through quarantine here they will not be admitted to Vancouver, at least not without going through a long period of quarantine at that port.

Chillingworth has cabled Washington to get permission to have the intending emigrants get the benefit of the United States Marine Hospital Service here and put through the treatment given those other than first cabin passengers leaving Honolulu per regular passenger boats for San Francisco. If Washington decides to extend this courtesy for the benefit of the Canadian port, and it is likely to do so as far as obliging Vancouver is concerned, instructions will be here this evening or tomorrow morning and the Japanese going up in the Kumeric will be packed over to the quarantine wharf and put through a fumigation of clothes and baggage, each prospective passenger being examined by a Federal doctor.

Chillingworth and his hui will have to stand the additional expense of extra guards and the incidental expenses of fumigation, beyond this but little inconvenience will be experienced except inasmuch as the Japs are likely to object to the process through prejudice or otherwise, and the consequent delay which is amounting to \$750 per day for every day the emigrants are held here.

The minor hitches are the result of the inspection of the S. S. Kumeric by United States Inspectors of Hulls and Boilers Bolles and Bulger, who found that the vessel could not put to sea until she had been supplied with about 100 additional feet of hose for fire apparatus and some new life-savers, life-boys. Some of the Kumeric's life-boys were found to be rotten as to covering and new covering is necessary and some additional life-boys are essential.

Japs were to have been put aboard the Kumeric yesterday but she is still lying in the stream, between the quarantine wharf and the cableship Restorer, with none but her crew aboard. She herself is clean, having been thoroughly fumigated and disinfected, but her crew cannot come ashore unless they go through the fourteen days' quarantine as given her passengers.
