Poor Blood Nervous Prostration

Tested and tried for 35 years in
all parts of the world.

Such is the testimony of Mrs. E. B. Chop-
pell, of Stawell, Victoria, Australia. She says,

"It is with great pleasure that I record
my experience as a nurse for thirty-five
years with the wonderful curative effects of

AYER'S Sarsaparilla

and Dr. Ayer's Pills. Both of these I have
used in different parts of the world, includ-
ing Australia, for myself and my patients,
in cases of nervous prostration, poor blood,
skin diseases and all complaints from weak-
ness peculiar to women. I most heartily re-
commend these preparations to all sufferers
from any of the above named distressing
complaints."

For constipation take Dr. Ayer's Pills. They
promptly relieve and surely cure. Take them
with Dr. Ayer's Sarsaparilla; one aids the other.

THE NEW SENATOR SEATED

Large Number of Bills Pass Third
Reading in the Senate.

Senator Brown Wants to Know Why Har-
bor Work is Being Continued During
Investigations of a Committee.

At the opening of the Senate
this morning Senator Brown pre-
sented the credentials of A. N. Ke-
poikai, the new Senator from
Maui, which were referred to the
Judiciary Committee. A report
followed in a few minutes that the
credentials were in order. A com-
mittee consisting of Senators Rice,
Holstein and Hocking was sent
after the Chief Justice, who ad-
ministered the oath of office, where-
upon the new Senator took his
seat.

Communications were received
from the House to the effect that
Senate Bill 19, Aala and Makiki
Parks, with amendments had pas-
sed a third reading; also that Senate
Concurrent Resolution No. 1, relat-
ing to the memorial fountain, had
passed the House.

Mrs. Louisa Marion Todd ad-
dressed the following communi-
cation to the Senate from the
Leprosy Settlement:

"A fortnight ago I wrote to the
Hon. Board of Health, asking
them for a transfer. I wish to
call your attention to my case.
Honored Sirs:—I am the only
white woman patient on Molokai.
I have the disease very light, yet
I have it. My face does not show
any signs, so there would be no
difficulty in traveling. I should
keep myself, of course. I am
an English woman and my friends
wish me to leave, as they have
hopes of my recovery. They
transfer leper patients in other
countries. As the greatest spe-
cialists on leprosy do not know
the origin of the disease, there-
fore make segregation as light
as possible. Will you kindly
intercede in my behalf
with the Honorable Board of
Health for my transfer." The
letter was referred to the
Committee on Public Health.

Minister Cooper reported that
President Dole had signed the
following bill's on April 22:

Act No. 16, regulating the grades
of streets in Honolulu and Hilo,
etc.

Act No. 17, making special ap-
propriations for the immediate
use of the government.

Act No. 18, to amend Section
1140 of the Civil Code relating to
the submission of differences to
the Supreme Court without action

Act No. 19, relating to the
limitation of time within which
actions may be brought to recover
possession of land.

Also that the President had
signed the following bills this
morning:

Act No. 20, amending Section 4,
Chapter IX of the Penal Code, re-
lating to assault and battery.

Act No. 21, making special ap-
propriations for the payment of
claims, unpaid bills and salaries
due prior to December 31, 1897.

Minister Cooper also reported
that the President had returned t-

the Legislature without his ap-
proval "An Act to amend Sections
75 and 79 of Chapter 51 of the
Session Laws of 1896, relating to
Tax Appeal Courts."

Senator Schmidt from the Com-
mittee on Commerce presented
the following report on House
Bill 59, to prohibit the importa-
tion of merchandise, which is
marked or labeled as of Hawaiian
manufacture, saying:

"When any Hawaiian factory,
such as the Soap Works and
others, have established a reputa-
tion for their products as to pur-
ity, excellence and other good qua-
lities, and when such goods
with the marks or labels
of the manufacturers are
considered a standard article by
the trade or housekeepers, then
other parties in competition with
the successful manufacturer have
had made imitations of such arti-
cles abroad and attached thereon
the same mark or labels as on
the genuine article, all at a lower
cost and value.

"The consequence has been that
our market has been flooded with
such spurious articles and that
our home manufacturers are un-
able to compete with such imita-
tions, losing reputation and cas-
tomers, and eventually will be
obliged to discontinue such home
industries.

"There is no doubt in our mind
that this should be stopped im-
mediately and that our present
and future home indus-
tries should be protected, and we
therefore recommend that the bill
pass and become a law."

Senator Brown propounded the
following question to the Minister
of Interior ad interim:

"Will you please state why the
so-called harbor improvements at
or near the old fish market are
being now carried on and at a
time when this subject is in the
hands of a special committee of
the Senate for investigation, and
such committee has signified in-
tention of making a report upon
a plan covering the future wharf
facilities of the harbor of Hono-
lulu?"

Senator Holstein introduced
Senate Bill 36, amending the
License Bill so that the annual
fee for a license to sell milk shall
be one dollar, the annual fee for
agents to take acknowledgments
of labor contracts fifty dollars,
and the annual fee for a license
to act as notary public or as agent
to take acknowledgments shall be
ten dollars in Honolulu and five
dollars for all other judicial cir-
cuits.

The following bills passed
third reading:

House Bill 5, licenses, as
amended by the Senate.

House Bill 41, public laundries,
as amended by the Senate.

House Bill 54, adulteration of
food and drugs, as amended by
the Senate.

House Bill 35, claims against
estates of deceased persons, as
amended by the Senate.

House Bill 68, disability of a
Circuit Judge.

Senate Bill 27, jurisdiction of
the Circuit Court of the First Cir-
cuit in certain civil cases.

Senate Bill 4, main appropria-
tion bill. The bill as it finally
passed the Senate appropriates
\$2,034,325.00.

Senate Bill 33, amending the
Land Act, and Senate Bill 34, an-
cient heiaus and puhonuas, were
both referred to the Committee on
Public Lands.

Senate Bill 35, relating to the
National Guard and Sharpshoot-
ers, was referred to the Military
Committee.

Senate Bill 19, creating parks
at Aala and Makiki, with House
amendments came up, and on mo-
tion the Clerk was ordered to re-
turn the same to the House, the
amendments not being certified in
the manner provided for in Joint
Rule 13.

At 11:35 the Senate adjourned,
having accomplished a big morn-
ing's work.

Leis, cut flowers and floral pieces,
furnished on short notice and de-
livered. Mrs. A. L. King, at Wo-
man's Exchange. Telephone 659.

WOULD STOP HARBOR WORK

Resolution by Robertson for Expansion
Instead of Contraction.

Chinese Declare Their Mouth Spraying of
Clothes is Not a Menace to the
Public Health.

When the House opened this
morning Mr. Robertson read a
protest from Chinese laundrymen
against the bill to prohibit the
spraying of clothes with the mouth,
and petitioning that same be not
passed. It was urgently repre-
sented that the practise referred
to was not a menace to public
health. Referred to Committee on
Health and Education.

The Finance Committee, Mr.
Pogue, offered a majority report,
Mr. Gear not concurring, on the
items in House bill 33, relief of
the Chinese hospital and Chinese
Y. M. C. A. from taxes, recom-
mended that the items be tabled.
It was found by the majority of
the committee that both institu-
tions were of a sectarian character.

Mr. Achi introduced a bill re-
lating to homesteads.

Mr. Robertson introduced the
following resolution, which went
to the Public Lands Committee:
"Whereas, The work of filling
now being carried on in Honolulu
harbor is, in the opinion of the
Legislature, inexpedient, inasmuch
as the locality being filled in
might easily be dredged out, the
harbor thus made larger instead
of smaller; and

"Whereas, The Legislature de-
sires to specify the manner in
which the appropriations for
wharf and harbor improvements
shall be spent;

"Be It Resolved by the Senate
and House of Representatives,
that the Executive be requested to
stop the work now being carried
on in the neighborhood of the old
fishmarket wharf until the appro-
priations for Honolulu harbor
improvements shall have been
passed by the Legislature."

Mr. Robertson: In presenting
this resolution I desire to say that
I think the Executive is proceed-
ing very inconsistently in the
present plan of harbor improvements.
In place of enlargement, deemed so
necessary at this time, the scheme
really seems to be one of contrac-
tion. Work is being carried on
in the hard coral rock near the
Pacific Mail wharf at great ex-
pense for the sake of one extra
slip. At the same time a large
acreage on the west side of the
harbor, with a mud bottom, and
which could be easily dredged and
at much less expense, is being
filled in. In the next few years a
large amount of money will have
to be expended for harbor im-
provements. It is proper
and necessary, then, that the
Legislature should, at
this time, take action in the
matter of how such improvements
are being carried on.

Minister Damon: The Execu-
tive is always prepared to receive
advice as to the manner of carry-
ing out public projects. I must
say, however, that a resolution of

this kind might have an effect not
contemplated by the introducer.
It is the present policy of the
Government to secure the owner-
ship of all wharves in the Repub-
lic. To carry out this policy pur-
chase, exchange and other meth-
ods have been employed by the
Minister of Interior. The site for
the new wharf slip near the
old fish market was secured in
exchange for certain filling to be
done on the Youmans lot below
Limekiln point. If the Legisla-
ture cuts off this work it will se-
riously hamper the general scheme
of Government ownership of
wharves. The new wharf slip
will be quite extensive, large
enough to accommodate any ves-
sel entering this port.

The Audit Act was again taken
up. Some of the sections were
passed and some were deferred.
Minister Cooper reported sev-
eral bills signed by the President.
The act relating to Tax Appeal
Courts was not approved, but had
become law by the expiration of
the Constitutional limit of ten
day's time.

House bills 67, Penal Code, and
71, alcohol free of duty for use of
Queen's hospital, passed final
reading.

Senate bill 23, sundry appropria-
tions, went to the Public Lands
Committee.

House bill 31, Hawaiian Tram-
ways Co., was taken up. House
bill 55, with committee's report
thereon, the Rapid Transit bill,
being so closely allied to it, was
taken up in connection with this
bill.

At 12:10 a recess was taken to
1:30 p. m.

POPULAR HAWAIIAN DIES.

Consumption Carries Off Cashier Akau
of Iron Works.

A. K. Akau, cashier of the Hon-
olulu Iron Works Company,
died at his home on School street
at 7 o'clock yesterday morning of
consumption. He had been ill
but a few months. Deceased
leaves a father, mother, wife and
five children. He left for their
maintenance considerable prop-
erty, some cash and an insurance
policy of \$5000.

Akau was well known and gen-
erally liked. He was a good busi-
ness man, and was trusted by his
employers and the community. In
1893 he joined the new political
order, and has ever since been a
voter and an ardent annexationist.

The funeral is taking place from
the Roman Catholic Cathedral at
2 o'clock this afternoon.

Thrown from a Horse.

Mr. Pflueger, with the Hollister
Drug Company, was thrown from
his horse yesterday while going
down the Pali road and was quite
severely bruised and shaken up.
He hired a saddle horse from one
of the local stables yesterday, with
the intention of visiting his
friends, Messrs. Kroelling and
Tuch, who have just started a
cane plantation near Kaneohe.
The horse proved to be too
high-spirited and mettlesome for
one who knows more about drugs
than horses and the rider was
thrown.

Mr. Pflueger was brought
over from Kaneohe in a wagon
this morning by Mr. Tuch and
hopes to be about again in a few
days.

Gets Two Years.

Chock Pau, Chinaman, was sen-
tenced to two years on the reef by
Judge Peterson today for larceny
in the second degree. He was
found guilty of having stolen the
fishing nets of a Japanese. The
offense is small and the sentence
would have been modified, had it
not been that the prisoner has re-
peatedly been imprisoned for pet-
ty crimes and misdemeanors.

In Spain's population of 19,000,000,
nearly 8,000,000 report "no

tered beggars, and two-thirds of the
whole number can neither read

JOHN THOMAS WATERHOUSE

Who Loved the People and Built Them
a Synagogue.

Memorial Service and Dedication of Organ in
Waterhouse Chapel at Pearl
City Peninsula.

Yesterday the pretty little
Peninsula church at Pearl City
was the scene of one of the most
impressive praise and memorial
services ever held in that district.
In addition to the regular flock
was a number of prominent peo-
ple from Honolulu who went
down in the afternoon train. The
services were conducted by the
pastor, Rev. C. E. Winning, as-
sisted by Rev. J. M. Ezera, the
pastor of Ewa church, and Chief
Justice Judd.

The principal motives were the
dedication of the new organ and
the bestowal of honor to the
memory of the late J. T. Water-
house, first of the name in Ha-
waii, the founder of the church.
The choral services were especial-
ly a pleasing feature. After the
preliminary prayer a quartet
composed of Chief Justice Judd,
Mrs. Judd, Miss Agnes Judd and
Mr. J. Q. Wood rendered "Greet
O Thou great Jehovah,"
and later sang "Triumphant
Zion lift Thy head."

The pastor delivered an
earnest sermon from the text
Hebrews 10:25 and a Hawa-
ian address was made by
Mr. Ezera. Mr. Seymour Hall
then followed with a violin solo,
"Ave Verum," accompanied by
Mrs. Judd as organist.

Chief Justice Judd delivered, in
the native language, an extended
and heartfelt discourse upon the
life and good deeds of the late
Mr. Waterhouse, relating many
incidents in his career tending to
show his deep interest in his
neighbors principally and the
progress of the country generally.
Judge Judd's peroration was elo-
quent and touching. The services
were concluded by the singing of
"Our Fatherland" by a quartet
composed of Misses Stella and
Una, Masters Vivian and Malcolm
Smith. The young people acquit-
ted themselves in a very credit-
able manner.

The Golden Cane.

The average daily output of
the Ewa mill for the past week
was 135 tons of sugar. The limit
was 140 tons on Friday which at
\$80 the ton means about \$11,000.
During the past three weeks the
cane has taken on an unprece-
dented activity and their growth
is almost perceptible to the naked
eye.

Only the Volunteers.

There will be only six military
companies in the Regimental drill
and parade on the evening of May
6. Only the volunteers will turn
out. It is not deemed necessary,
for the success of the parade, to
take the regulars from their duties
on these occasions, and it will not
in future be done.

REGIMENT VERSUS UNION

Another Frosty League Game on the
Baseball Grounds.

Score of 18 to 5—Unions Play Hard but
Lack Muscle and Skill—Details
of Game.

Saturday's baseball contest, be-
tween the Regiment and Union
teams, was painfully one-sided
and uninteresting. If possible it
was more barrensome to the few
dozen people present in the grand
stand than the game of the week
before, when the Honolulu shut
the Unions out in nine straight
innings, for the reason that, for
most of the time, the Regiments
merely made a farce of the con-
test.

The Unions played hard, but
were like schoolboys in the hands
of giants. They are to be credit-
ed with faithful, earnest work.
With the Regiments, after the
first few innings, the game was
won.

Al. Moore, the Regiment's
crackerjack, distinguished himself
just before the game began, cast-
ing, however, a long run and be-
ing set at the foot of the batting
list. Moore was first to bat. He
took his position but just then the
Umpire called time for the re-
arrangement of one of the batting
lists. This apparently was not
heard, for the ball came whizzing
over the plate and Moore lifted it
to the fence, left field. By terri-
fic sprinting he made the round of
bases and reached home, to learn,
much to his chagrin, that his
score wasn't worth as much as
one of the new bogus Hawaiian
bills.

In the first inning the Regi-
ments made one run, by Allan
Jones. Wilder and Lishman
fauned out and Davis flew out to
Luahwa. The Unions did not
reach first base. In the second
inning the Regiments were shut
out. The Unions got in one run,
by Akina, as a direct result of a
bad throw by Davis, catcher, to
Wilder, first base.

The third inning was noted
chiefly for a three bagger by
Allan Jones and a two bagger by
Davis. Three runs were made by
the Regiments. The Unions failed
to score. In the fourth Bower
made a hit for two bags. On a
passed ball by Davis, catcher,
Akina, Union team, reached the
plate. In the sixth a fine double
play was made by Davis and Gor-
man. Kiley made a home run in
the seventh, scoring also Gorman
and Davis. In the same inning
the Unions, as the result of care-
less playing by the Regiments,
made two runs.

From the seventh inning out
the game was absolutely tiresome.
The Regiments confined their
work to the field, playing against
scores for either side.

Harry Wilder was behind the
bat part of the time and did ex-
cellent work. He will probably
catch the remainder of the season.
Lionel Hart may be in the box for
the Regiments next game.

Akina pitched half of the game
for the Unions. He is about the
strongest man for the box in the
t-am. Union team will again be
adjusted.

This was the score board of
Saturday's game:
Regiment. 1 0 3 4 4 0 6 0 0—18
Union... 0 1 0 1 1 0 2 0 0—5

Wrenched a Knee.

Hansman, the Regiment ball
player, experienced quite a pain-
ful accident while playing at Ma-
kiki Saturday afternoon. He ran
over first and in attempting to
turn wrenched his knee. The
shock and fall rendered him, mo-
mentarily, unconscious. A little
water "brought him to life" again
and in an hour his knee was all
right. Substitute Hennessey took
his place in the team.

NEW YORK NEWSPAPERS
Some Figures About Their Circulation That Can be Relied On.
The Herald Takes Rank as the Leading Journal of the United States—Character Both Wins and Pays.
Occasionally varying statements are made as to the circulation or want of circulation of the best known New York daily papers. Here are some figures that can be relied on: The New York journals which lead in point of circulation are the "World" and the "Journal," which have an average daily sale of about 250,000 each. Next comes the "Herald," with an average daily sale of 125,000 (not including the "Evening Telegram," an evening edition of the "Herald"); the "Evening News" (essentially a working man's paper), sells from 100,000 to 110,000 daily. The "Sun" has no reliable circulation; occasionally it is large, then dwindles to absurdly low figures; its circulation is as unreliable as its politics; it is essentially a mercenary sheet; its sale at the present time is about 50,000, but the average is far less.
The "Tribune," "Times," "Post," and "Mail and Express" are papers superior in character to any above mentioned; they are papers guided by principle, journals of opinion and comment, and keep their columns largely free from the gossip of the brothel, in which the first-mentioned sheets usually quite delightedly revel. The "Tribune" sells daily 25,000, the "Evening Post" 20,000, the "Times" 15,000, and the "Mail and Express" 8000 per day. The New York "Herald" takes first rank as the leading journal of the United States just as decidedly as the "Times" is the leading journal of the United Kingdom, but the "Tribune," the "Times" and "Post" are very influential; they are papers of character and good repute; they are content to record news, and do not either make or fake news. And in journalism as in everything else character both wins and pays. The enterprising sheet that employs a reporter to commit a murder in order that it may get ahead in reporting the deed, will perhaps have an ephemeral notoriety, but decent people will not want such enterprise long. Thus it is that in New York the papers of repute are growing in power and circulation, while the papers with no character to lose are gradually losing their circulation.

What the Doctor Ordered.
"I was in poor health and the prescriptions I tried did not benefit me." At last the doctor began to give me Hood's Sarsaparilla and it proved to be the best of all medicines for me, and I can speak of it only in the highest terms and deem it a duty to recommend it." Charles S. Powell, 429 Iowa Street, San Antonio, Texas.

What Happened to Jones.
Jones went into the Criterion Barber Shop to get a hair cut and a scrape as he would in any shop. Jones came out of the Criterion Barber Shop more than pleased with the manner in which he had been groomed, and remarked to a friend that he had at last found an exception to the general run of barber shops and would become a permanent patron.

MONDAY, APRIL 25, 1898.

Baseball should not be allowed to deteriorate in Honolulu, as the fact might be used as evidence at Washington that we are not yet fit for annexation.

Since the Legislature has pronounced so strongly by both word and action against the disposal of public property by the Executive without lawful sanction, the assembled wisdom might follow the matter up further to ascertain if streets marked upon official maps and surveys have been permanently closed against traffic, or improvement for traffic, by the bare dictum of a Minister.

The poor of Kau district are deprived of the benefit of a government physician, simply because of a contemptible professional pique held by Board of Health medic against the doctor who has taken up private practise in the district. It is to be hoped that the new blood in the Board will revolt against such petty bureaucratic subversion of a most important public service.

Both branches of the Legislature are in an inquiring mood regarding the merits of harbor works in progress. It is a hopeful sign of the times to have a Legislature wanting to know what it is appropriating money for, instead of voting the revenues away blindly and leaving to a succeeding Legislature only the privilege of finding fault, when too late for any good, with public works completed.

In placing the steamship China under the Hawaiian flag C. P. Huntington accomplished more than most people are aware. In the event of annexation of Hawaii he secures an American register for a British vessel, built and owned by Britisners. In the event of a war between the United States and Spain over the Cuban question or between England and Russia over the Eastern question the China, under the Hawaiian flag, can pursue the even tenor of her voyage undisturbed by fear of the cruiser of either of the belligerents. There may be and probably are men more shrewd and far seeing than the president of the Southern Pacific Railroad, but they are not usually found in a day's journey.

Does the business community want a cable between the Pacific Coast and Honolulu? If it does it should shake off its apparent apathy, taking action for having the respective merits of different schemes, whether presented here or in Washington, strictly and honestly investigated. Time is rapidly passing to the end of the present Legislative session, and, unless either or both of the houses be induced to push inquiry into the matter, one of two equally deplorable eventualities will ensue. Either the whole cable business will be indefinitely postponed or another speculator's job like that of 1896 be perpetrated. This latter would not only be disgraceful to the country, especially

in view of the now patent knowledge regarding that previous transaction, but also prevent for at least another two years the starting of any bona fide cable enterprise. Why does not the Chamber of Commerce or the Planters' Association, both usually forward in taking up public affairs of great financial moment, come to the front now and have this cable question thoroughly canvassed, with a view to having the commercial weight of the community thrown into the scales for straightforward and above board promotion of the much and long desired consummation?

As shown by this paper in a previous article, the Pacific Cable Company, now seeking charters in Washington and Honolulu, ask for infinitely less favors and privileges than any former applicants and, indeed, for really nothing at all from Hawaii compared with the cheerful offers this country has been holding out, all of twenty years, for securing the boon of cable communication with the United States in particular and the outside world in general. At the head of this company is known to be J. Pierpont Morgan of New York, one of the greatest of American financiers. He is one of the bankers who stepped into the breach to prevent a disastrous financial panic when, under President Cleveland's administration, the gold reserve of the treasury had been seriously depleted by exports of the precious metal. Mr. Morgan is not the man to lend his name to any charter-mongering scheme for turning over a few thousand or even a few hundred thousand dollars. The BULLETIN has the highest personal authority, which is enhanced in value from intimate face to face discussion of this scheme with Mr. Morgan, for saying that there is no hint hidden or attempted to be hidden in the cable proposition now before the Legislature. If there is anything ambiguous or doubtful in the text, the applicants would be more pleased than otherwise to have it made as plain as day by verbal amendment.

There is no need—and under the circumstances it would be supremely silly—for the Legislature to make inquiries in Washington and await their answering, with reference to how that Government should regard a franchise from this Republic for laying a cable hence to Japan. The intending incorporators are taking their chances upon that question with the Congress of the United States, as they are also taking their chances upon the very material pendency of the matter of annexation. Our Government and Legislature must judge for themselves of the relative merits of whatever definite cable propositions may be to them submitted. A pretty mess they will have made of our crying interests in the whole subject if they throw out this proposed charter, only to find that with annexation deferred the Congress has granted the same company a charter! An air of suspicion is already attaching to the lack of enthusiasm—saying the least that can be said—thus far evinced by this Government toward a cable proposition as high in advantages to this country above every other one that has appeared as the heavens are higher than the earth. If the Legislature to demand that the drapery of executive reserve be drawn aside, so that the people at large may see what is really going on behind the scenes in this great matter of a cable.

A curious theory lately revived is that the sap of a tree ebbs and flows in some way in sympathy with the ocean.

Timely Topics

April 22, 1898.

We have before spoken of our BOILER COVERING, but at that time had only the plaster itself. Now we have the SECTIONAL PIPE COVERING in four sizes—1, 1 1/2, 2 and 2 1/2. We have also spoken of the favor in which this composition is held by the steamship companies here, but since then we have been able to make another test even more convincing. One of the most prominent sugar plantation engineers in these Islands furnished us with a diagram of a comparative trial, which he had given Asbestos, Scotch Compound and our

Anti-Caloric Boiler Compound!

These were all put on one surface of exactly the same thickness and the results were as follows:

BOY'S LEG BROKEN.

Result of Carriage Accident Near Pearl City on Sunday.

Yesterday afternoon an accident occurred near Pearl City, the result being a broken leg. The sufferer was Freddie McCarthy, a son of George McCarthy, the luna of the Oahu ranch. Mr. McCarthy was driving a lively team at a smart rate of speed, to catch the last train to Honolulu. His son was with him, and he had as passenger J. W. Chapman the caterer. As they neared the station, McCarthy lashed one of the horses, which responded with a jump, the wagon gave a lurch and Mr. Chapman and the younger McCarthy were thrown to the ground with the result stated.

COMPANY D WINS.

Creedmoor Count Gives Close Match
 Shoot to Volunteers.

The match shoot between Com-
 pany D, volunteers, and Company
 E, regulars, resulted in a victory
 for the former on a bare Creed-
 moor decision. As will be seen
 below the teams tied with scores
 of 410 each. The E team lost by
 having a 2 in one of the individ-
 ual scores. This was the result of
 the contest:

Elsie Adair Show.

The Elsie Adair specialty enter-
 tainment Saturday evening at-
 tracted a fair sized audience.
 Some features of the program
 were hardly up to a reasonable
 standard, though the management
 was hardly to blame for it. The
 curtain raiser, "The Decision of
 the Court," by Miss Adair and Mr.
 Walker, was a fair amateur hit
 Maguire and Vierra's specialties
 were good. Miss Adair's dancing
 was quite interesting. The vita-
 scope was perhaps the most enter-
 taining feature of the program.
 About thirty views were projected
 by W. C. Kenake. Some of the
 pictures, on account of the faith-
 fulness of their production, called
 forth rounds of applause.

The Only Place!

The Anchor Saloon is not the
 only place where Seattle beer and
 other liquid refreshments are
 served but they have a way of
 serving drinks that everybody else
 do not know of. Will Carlyle and
 Charlie Andrews are still on deck
 to make their friends and patrons
 welcome. Seattle beer on draught
 can always be had, as well as the
 best brands of whiskies, etc., in-
 cluding John Dewar's Scotch
 whisky. A full stock of other
 liquors, wines, etc., is kept on
 hand also.

Court Camoes, A. O. F.

About 200 people attended the
 anniversary celebration of Court
 Camoes, A. O. of F., in Lusitana
 hall Saturday evening. For the
 most part the program consisted
 of the reception by the members
 and dancing. The hall was pret-
 tily decorated for the affair. Ref-
 reshments were served all the
 evening.

Just Like Gold Coin.

For more than fifty years has PERRY DAVIS' PAIN KILLER stood the test against all remedies prepared to eradicate pain, and today stands at the head of the list among the medicines that are so essential to keep at hand in the home.

It is not a new fangle remedy nor do the proprietors lay claim to any wonderful revelation of the ingredients that enter into the manufacture of this ever popular remedy.

It is perfectly harmless, you need have no fear of becoming habitually inclined to its use.

For Colic, Cramps, Dysentery, Colds, and all painful affections, a few doses will certainly give relief. You cannot afford to be without a bottle in the house.

Your forefathers used it and found it beneficial.

Why experiment with some remedy that is new and its effect on the system unknown? It has many rivals but no equal.

The new 35c. size contains over double the quantity of the 25c. size.

NEWS FROM PARIS.
Modes and Manners of the Great French Capital.

Nothing goes to waste in Paris. A recent notice in one of the journals announces that the advertiser buys old false teeth. A French newspaper writer, having seen the advertisement, inquires, most suggestively: "What can be done with those? And how is it possible to have an easy mind?"

To draw the hair back from the face is now the fashionable way of dressing it, but it is kept still light and fluffy. Unfortunately the complete exposure of the forehead is not becoming to every one, and women whom the style does not suit would do best to retain a few curls in front or part the hair in the middle and wave it at each side.

The tendency of the mode toward the taller effect in skirts—the front breadth being of different material or plaited, puffed or decorated in some individual way—

VELOURS COSTUME.
Is significant of a future return of the overskirt. The plain skirt has had an exceptionally long reign, and few women are yet fully prepared to relinquish it, it is so graceful, becoming and comparatively light of weight.

Sashes, tied behind with long ends, in baby fashion, are coming to the front. They are only suitable for young girls and women, but are sometimes seen worn by older persons. Roman sashes, of exquisitely blended colors, with knotted fringe, are to accompany light spring and summer gowns, as well as evening dresses.

Today's cut shows a gown of old rose velours. The upper part of the skirt is shirred horizontally to form a deep yoke, except at the immediate back, which is left free. The close bodice fastens at the left side and has triple revers of white satin embroidered with pink. The plastron is shirred, like the skirt, while the sleeves have plaited epaulets of the embroidered satin.

JUDIC CHOLLET.

The Bishop and the Cabby.
The Irish Ecclesiastical Journal tells this story: "Last week an Irish bishop was driving home to his hotel in the city from a suburb of Dublin, with a lady and one of the junior clergy as his escort. It was late at night, dark, windy and rainy, and the cabman drove away merrily, but after some peculiar turnings and ten minutes' driving the cab was returning whence it had started. The wherefore was evident, as the cabby was drunk. However, home had to be reached, and his lordship, a man of action, jumped out of the cab, mounted the box and drove at a good round pace into town. On reaching his destination the right reverend prelate said he thought he ought to be paid, a sentiment in which the cabby acquiesced with the utmost good humor, but pocketed his fare notwithstanding. To be driven home by a bishop on a cab," adds our contemporary, "falls not to the lot of many curates, and is surely worth recording."

Value For Value.
When you want to get the value of your money go and examine the large stock of carriages, wagons and harness at Schuman's Carriage Repository, Club Stable Block, Fort street. He has just received ex W. G. Irwin a new line of horse millinery also a few of the celebrated Cortland jump seat buckboards with canopy tops, finished in light colors throughout. They are beauties. Come and examine them. Prices of all these goods are lower than elsewhere.

We've Ruined the CORN CROP!

For years the corn crop of this part of the beach has been enormous. Reckless shoe sellers made it so. Everybody had to "break in" their shoes or get someone else to do it for them, and by the time they were broken in they were broken out also, and that broke pocket books.

Different Now.

Our motto is: "A cheap article is not a good article, and will not stand inspection or wear," but a good article cheap will draw trade to our store like a hungry horse to his feed.

Scrofula

Swollen Glands, Scrofula Sores, Hip Disease, Bolls, Pimples, Eruptions Tell the Story—Dreadful Consequences of Impure Blood.

Certainly scrofula, if anything, may be called the advertisement of foul blood. It is the scourge of the world—offensive, painful, debilitating, stubborn. Outward applications do not cure. Emollients may palliate, they cannot abolish the evil. There is one sure way out, and that is to eliminate the taint from the blood. For this purpose Hood's Sarsaparilla is absolutely without an equal.

"I have taken Hood's Sarsaparilla for scrofulous humor and impure blood and am now almost entirely cured of the eruptions with which I have been afflicted for the past year. My face, chest and back were badly broken out." FRED B. ORDWAY, Woodstock, Vt.

ITEMS FROM HARBOR FRONT

The Mogul for Portland Arrived With Oriental Passengers.

Harbor Master to Have a Vacation—Claudine With Maui Produce—Mokoli Makes Two Trips to Molokai.

The ship A J Fuller is at the railway wharf.

The barkentine Jane L Stanford commenced loading sugar for San Francisco this morning.

Although there is some sugar still at Kealia, there is no vessel here in Brewer's line to take it.

The steamer James Makee sailed for Waimea, Kauai, this afternoon with a load of coal for the plantation.

The steamer J A Cummins brought in a full load of Heeia sugar and rice Saturday and returned to Koolau this afternoon.

Captain M N Sanders will probably be assigned to the duties of harbor master when Captain Fuller takes his vacation next month.

The steamer Mokoli will make two trips to Molokai this week, leaving this evening and returning tomorrow night and leaving again on Wednesday night to return on Saturday.

The following steamers sail tomorrow: Mauna Loa for Kona and Kan at 10 a m; Iwalani for Honokaa at 5 p m; Mikabala for Hanalei at 4 p m; W G Hall for leeward Kauai parts at 5 p m; Keahou for Lahaina at 4 p m and Maui for Kahului at 5 p m.

The steamer Mogul from Yokohama docked at Pacific Mail wharf at 11 o'clock this morning with 511 men, 128 women and 4 children, all Japanese contract laborers, and a small lot of freight. The Mogul sails for Portland tomorrow morning at 10 o'clock. Kichijo Aikigami and Shizuo Ozaka were cabin passengers and in charge of this batch of immigrants.

No Fighting in This Quarter. The impassioned orator who was addressing an audience paused a moment. "But the question may be asked," he said, "Are we prepared for war? Are our harbor defenses sufficiently strong and formidable to resist successfully an attack from foreign ironclads?" "They are!" answered an excited engineer in the audience. "I have carefully examined all our fortifications and means of defense. There is not a fleet in the world that could come within shelling distance of the city."

"Then," said the orator, in a voice that shook the building, "give us war—bloody war! I am ready!"—Chicago Tribune.

Sadder Illness. Mrs. R. M. Filler of Pearl City was taken suddenly ill yesterday, and pending the arrival of Dr. Blake from Waipio was tended by Mrs. Senator Rice. She now lies at her home in a very critical condition. It is only a few months since Mr. and Mrs. Filler had their several young children carried off by a malady that baffled medical skill to diagnose.

Conflicting Orders. French Postoffice employees are between the devil and the deep sea. They have just received an order, first, forbidding them to read postal cards, and, next, directing them not to allow insulting or libelous postal cards to pass through the mails.

The Castle Mansion. Messrs. Bergau and Gorham began this morning the construction of a road in Maunaloa valley from the public highway up to the site of the proposed new Castle mansion. As previously stated in these columns the house will be erected near the summit of a lofty knoll. The road will rise gradually by laps to the top. It will take the contractors several weeks to complete this job.

Messrs. Wilson & Whitehouse are the engineers of the work.

COMMERCIAL INTELLIGENCE

Working References of Development in Honolulu District.

L. M. Whitehouse of Wilson & Whitehouse, engineers and contractors, returned this other day from a business tour on the island of Hawaii. He was much impressed with the condition of capital industrial and social development apparent in North and South Kona.

"It is remarkable that progress has been made in road making," Mr. Whitehouse said in a report which he made in Honolulu.

"Roads from Hilo to Greenwell, a distance of twenty-one miles, in two months' time. It used to be a day's journey. The road is smoothly macadamized—a real bicycle road. Its surface metal is the acacia or plantain in that region.

"Then the country is settling up rapidly. Places where a year ago were bare stretches are now all dotted along with houses. Gangs of men are seen on every hand clearing the ground for planting coffee.

"Another change very striking is in the case of the beach when a steamer arrives. About a year ago at Hilo you would see long lines of stiffs and port animals waiting for passengers to alight. Now the main house shows a great falling of immunities. Rows of carriages and express wagons are the first objects to strike your eye now upon coming ashore.

Mr. Whitehouse, in answer to a question, said that the firm's road work at Hanalei and such other difficult places had well withstood the recent storms. A bridge they had erected at Hanalei was washed bodily by a flood and carried out to sea. It was a great mistake, the contractor said, for the Legislature to cut down estimate for important public works which had been carefully figured out by the bureau. The results were certain to be unsatisfactory. Better far it would be, if economy were the object, to decline to appropriate money subject for by petition, especially in cases where the desired work had not been the subject of official investigation and estimate.

The peculiar and unprecedented action of the tides in the vicinity of the Long Beach harbor last night caused considerable damage. Several houses in the neighborhood were almost entirely swept off their foundations, lands supposed to be beyond the reach of the waves were flooded, and businesses proved of no avail. Residents for years say that the action of the waves was extraordinary, and the fact remains that the damage was great.

Accounter Home comes \$5.00 and Dumas also, along by day, work or month. Taxes \$5 and 60 cents per night. \$1 and \$1.50 per week.
