LOSES THE WATER RIGHTS

WAIHAWA TO HAVE NO RESERVE IN FORESTS.

Government Decides to Give Lease to Waialua, Provided California Colonists are Protected.

The most important thing done by the Executive this morning was a practical decision to give to the Waialua Agricultural Company the water rights in the forests above Waihawa, as against a deal with the promoters of the Waihawa Sugar Company.

It now appears, however, that the days ago John Emmelhuth and Dr. A. E. Nichols applied to Governor Dole for a lease of the rights. One of the conditions of the deal was to be that the Waihawa company would fence and protect the forest so as to conserve the water. It was argued that this would result in a great increase of the surplus water, probably giving enough for all purposes.

It now appears, however, that the Government had previously received applications from the Waialua Agricultural Company and from the California colonists at Waihawa for the same rights. Taken all in all the propositions were equally good. Moreover, the Waialua offered, in consideration of the rights, to supply what water might be required by the truck farmers at reasonable rates. It is the special desire of the Executive to protect the colony of small agriculturists, and for that reason this latter feature of the proposal had great weight.

In considering the matter this morning every detail of each proposal was carefully gone into. The Waialua company did not say at what figure it would supply water to Waihawa, so that final action could not be taken; but it was decided that if the supply furnished was abundant and the charge reasonable the company should have the rights.

It is understood that the failure to get the water will not cripple the Waihawa Sugar Company, as it now has an immense supply which is capable of further development. With the Waihawa water, however, the supply would have been practically unlimited.

No action was taken on anything, except a final vote on the decision of last Friday to grant no more liquor licenses in the town of Hilo. Several members of the Council were absent from the meeting.

MRS. CAMPTON DEAD.

TRANSPORTS WILL STOP HERE.

SAN FRANCISCO, August 25.—Orders have been received at army headquarters directing that the transports proceed in future straight to Manila without stopping at Nagasaki and awaiting orders there, as they have been doing since the trouble in China. They will sail on the 1st and 16th of each month, all going to Manila, via Honolulu, and those sailing on the 1st of the month going via Guam also. The Siege Battery Co. Seventh Artillery will be retained in this department, where it will be readily available if it is needed. All the other troops now under orders to sail will go on to Manila. It was the intention of the War Department to send these troops to the Philippines any way, even if there had been no disturbance in China. They will replace the volunteers, which will be slowly brought home between now and next summer, the first regiments being recalled in the coming fall and winter.

The Hancock, taking the battalion of the Third Artillery from the harbor, was the last transport to go straight through to China; the Meade, which succeeded her, had her orders countermanded.

"ROGUES" HEADING FOR FRISCO.

Harry Armitage received the following postal card from some "good fellows" via the Hong Kong Maru.

"Rogue River Valley.
Dear Armitage: The undersigned 'rogues' are heading for San Francisco. It is rumored that they are after 'big booty' and nothing less than Oia or Kibel assessable shares will satisfy them. Better unload and take a vacation. R. W. Shingle, E. E. Paxton."

DILLINGHAM SUIT FIRST

PRECEDENCE IN SQUABBLE OVER HOLT LEASE.

Decree Filed by Judge Humphreys today—Liliuokalani Answers C. B. Wilson—Some estate matters.

In the case of Waihawa Sugar Company vs. Waialua Agricultural Company, ejectment, Judge Humphreys this morning signed a decree sustaining defendant's plea in abatement and ordered that proceedings stop until the question of the title to the Holt lands is settled. Plaintiff sued for the lands mentioned claiming to have a lease and stating that the property was being held by the defendant. Defendant answered that the land was incorporated into the Waialua estate under a lease, and that B. F. Dillingham was now suing the Holt to establish his right to this lease. The plea in abatement asked that the Waihawa suit be not allowed to proceed until the other case was determined.

In the case of C. B. Wilson vs. Liliuokalani Dominis, defendant has filed an answer denying all of the allegations put forward. In addition she denies that Wilson has in his possession any signed paper showing a conveyance of the property in question or that any ever existed.

Frank E. Thompson, master has filed a report on the accounts of J. A. Magoon administrator of the estate of the late Joseph Gomes, asking that the same be approved after an item of \$500 has been more fully explained.

J. M. Penhels has applied for letters of guardianship of the persons and property of his minor children.

In the matter of T. W. Rawlins vs. Maraea K. and William Harbottle, ejectment a decree will be filed today giving the plaintiff the land in Palama claimed by him.

A Chinese opium case is on before Judge Humphreys and a jury this afternoon. Judge Stillman has gone to Hawaii. It is doubtful that he will be back before the end of the extended term.

HOGAN'S NARROW ESCAPE.

All Coon's Looked Alike to the New York Mob.

Ernest Hogan's narrow escape in the negro riots in New York is thus described by the New York Journal:

The wild, uncontrollable passion of the mob was best shown on Broadway at 12:30 o'clock this morning, when that popular negro comedian and song writer, Ernest Hogan, was chased like a wild beast with a pack of his heels.

The mob, wholly unknown to Hogan, when he left the Cherry Blossom Grove, where he had been doing his turn as usual.

"All Coons Look Alike to Me" Mr. Hogan's own composition had been rendered to the applause of a large audience. Hogan fashionably dressed, stood on the curb, twirling his cane.

A cry came from Forty-fourth street and Eighth avenue, and a mob of five hundred men, armed with clubs and stones, surged over toward Broadway.

"Get the nigger," was the chorus. Hogan dropped his cane and darted down Broadway on a run. The mob followed and for the next three minutes it was a life and death race for Hogan.

At Broadway and Thirty-seventh street Hogan was almost in the hands of his pursuers. It would have been all over with him in a minute if he had not darted in an open door of the Marlborough hotel.

Detective Madden, who ran up from Thirty-fifth street, stood at the door and with a drawn revolver kept the crowd back while Hogan was taken through to the Thirty-sixth street entrance and sent away in a cab.

THREATEN TO GRAB CHINA

RUSSIA AND JAPAN SEEKING TO TAKE TERRITORY.

Latest News From Peking—Reported Defeat of Allies Discredited—Imperial Household Escaped to Interior.

LONDON, August 28.—Shanghai advices to the Daily News say that consular opinion there looks upon the Japanese action in the landing of troops at Amoy, despite the protests of the Consul, as similar to that of Russia at Niuchwang, the whole indicating a tendency to a partition of the empire.

"Russian journals agree" says the Moscow correspondent of the Standard, "that it is impossible to deal with China in the spirit of revenge, as suggested by Emperor William. They believe that methods less drastic can better accomplish the ends of Russia in Manchuria. The question would be satisfactorily settled to Russian minds by the seizure of the northern provinces."

Emperor William, when writing in answer to the announcement that a Russian regiment had been named after him, as follows: "Express my good wishes today with all the greater joy since our Russian and German comrades after a long and arduous struggle together again, shoulder to shoulder, according to an old and sacred tradition, victory will not be wanting."

PEKING, Aug. 21, via Taku, Aug. 27.—Three Russian, two Japanese, one British, and one American battalion searched the imperial park south of the city and about five miles out, for Boxers. No armed force was found, but only a single Chinese scout, who was killed. The Japanese are in possession of the imperial summer palace. The winter palace here is still closely guarded. The Russians wish to destroy it, but the Japanese wish to save it. A southward movement began today and will continue, but several detachments will remain to protect converts.

PARIS, August 28.—The Siecle publishes this morning the following from its special correspondent:

ST. PETERSBURG, Aug. 26.—I send you under all reserve the following information, which is repeated here with persistence. The Government has received a dispatch informing it that after a terrible battle inside the walls of Peking the allies retired, losing 1800 men, mostly Russians. The Chinese occupy the main positions, whence they are bombarding the allied forces with a very deadly fire.

PEKING, Aug. 19 (via Taku, Aug. 24).—Armed Chinese are reported to the southward and westward. A well-organized force has been located by the Bengal Lancers in a village four miles to the southwest. It is believed that the best Chinese leaders are in command. Detachments of the allied forces were out today reconnoitering and looting. The imperial city and the forbidden city are under close guard by the international authorities.

This morning a thanksgiving service was attended by the members of the British and American legations, the missionaries and the marines.

LONDON, Aug. 27, 4 A. M.—The latest news from Peking indicates that the situation there is unchanged. The imperial city is still invested, but has not yet been occupied. The allies, when the last message left, were still refraining from aggressive action, pending instructions from their governments.

An attack from 30,000 Boxers was anticipated; and to meet this the whole American force and the British artillery, according to a dispatch to the Morning Post from Peking, dated August 18th, was moved to the outer city wall. The Boxers were reported coming from the south.

WASHINGTON, Aug. 26.—Late in the day a dispatch was received from the Legation from the Foreign Office of Japan conveying the latest and most authentic information of the situation in and around Peking. In a measure the advices were of a disquieting nature, as they were believed that the news had called for an attack and were preparing for an attack upon the allies in Peking. As made public by Minister Takahira, the dispatch from the Japanese Foreign Office at Tokio is as follows:

"An official telegram, dated Peking, August 18th, was received at Tokio from General Yamaguchi, commander of the Japanese forces, to the following effect:

"The capital is now entirely cleared of the enemy. A cavalry regiment which had been sent to Wan Shau Shan (where the Empress Dowager's palace is located) reports that the imperial family, who had left Peking August 14th, started, after a short rest, and were under escort of General Ma and his troops, consisting of only about 500 horsemen and twenty carts. The Japanese forces occupied the Treasury Department, in which over 2,000,000 taels in silver and a large quantity of rice were found."

"Another telegraphic dispatch, dated Taku, August 23d, states that as the Chinese troops and Boxers who had gathered at Nan Yuen were about to attack the foreign forces at Peking, Japanese and Russian cavalry were expected to encounter them on the 20th. The dispatch further states that Chinese infantry, some 9000 strong, with fifteen guns, are advancing forward from Shantung to make a rear attack on the allies."

A copy of the dispatch was transmitted to Acting Secretary Adee at the Department of State and by him furnished to the President. While the news of a possible rear attack upon the comparatively small force of the allies was not received with surprise, generally was not regarded as serious, as the foreign forces are believed to be abundantly able to take care of themselves against any force of Chinese likely to be sent against them.

KAHIKU LANDS LEASE

ENOS' BARGAIN FOR 25,000 ACRES.

One of the Largest Tracts Ever Leased by the Government—Is Pasture Land—Protest Thrown Out.

A lease of an extensive tract of government land was made last Saturday for a term of five years. The land in question consists of 25,000 acres and is located on the south side of Haleakala mountain, in the district of Kahikulu, Maui. A. Enos and company secured the lease agreeing to pay a rental \$300 yearly.

This is quite a large amount to pay for a lease of land but the tract is considered about the best grazing land that can be found. Enos and Company have extensive herds of cattle numbering probably 3,000 head. The particular tract has been held under lease by Enos for the last fifteen years, and no doubt on account of their herders being familiar with the land as well as the knowledge that it is about the biggest tract available, the lessees decided that the increase in price was not too exorbitant.

The land extends from the sea to the top of the mountain and although it is of the roughest description and apparently worthless it is especially good for fattening cattle. A sweet grass grows about the rocks and is one of the best kinds of feed obtainable. The government has retained the right to take any land in the district which might prove available for agricultural purposes.

Enos owns the tracts of land on the east and west of the Kahikulu lands and the whole is one vast pasture. Cornwell's pasture lands are west of the tract. The piece of the extreme east may be good for agricultural purposes some day, but nearly all of the balance is high and stony.

The government received from the Oia American Settlers' Protective Association a protest against the leasing of this land to anybody, intimating that they desired it be opened for homesteading and that it would be taken up. It was the opinion of the land department, however, that the tract was not suitable for homesteads and that the best to be done would be to lease it again for stock raising purposes.

ISLAND OR BY DISTRICT

QUESTION JUST NOW PLEATING REPUBLICANS.

Is In Regard to Voting for Senators—Factional Standing Sharpened Interest—Chairman Smith Talks.

The question whether the six Senators awarded to Oahu should be nominated and balloted upon by the two districts of the island together or by each separately is exciting a great deal of interest among Republicans. The congressional apportionment is made to the island. There need not then be any district, least so far as the selection of candidates are concerned.

Some factional feeling has brought the matter up in a stronger light and given it the air of enlarged importance. It appears that if the voting is by the district one of the elements will be able to control in one district as far as the selection of candidates is concerned.

MAY COME HERE.

SAN FRANCISCO, August 27.—Orders have been received suspending the sailing of Siege Battery O, Seventh Artillery. They were to have gone on the Belgain King early next week, but the development of events in China at the present moment makes their presence unnecessary, and they will be retained here until further orders. Of course it is possible that they will be wanted in China, after all, and there is some idea of sending them to Honolulu, where they could be of service in releasing some of the troops now on duty there, and where they would be easily available to go to China or the Philippines at short notice. They are of no particular value in the Department of California.

LANAI SOLD.

The transfer of a part of the Hayselden property on Lanai to Mr. Kunst, the German capitalist, has practically been consummated. After all debts are paid the Hayseldens will get about \$30,000 out of it. The decision was that the vendor, Cecil Brown, representing the Hayseldens, should pay. Exceptions were noted.

OUR MEN TO STAY IN CHINA

GENERAL CHAFFEE PREPARING WINTER QUARTERS.

Admirals Will Hold Li Hung Chang—He Wants Prince Tuan Arrested to Aid Peace Negotiations.

TIEN TSIN, August 24.—via Taku, August 27.—Officers who have arrived here from Peking report that General Chaffee, commanding the American forces in China, is making all the necessary preparations to maintain 15,000 men through the winter.

Fifteen of the American wounded, including the marines wounded during the siege of the legations, have arrived here by boat from Peking.

Myers (possibly Captain Myers of the United States Marine Corps) is suffering from typhoid fever and cannot be moved.

A large batch of refugees are due here tomorrow. The American Signal Service Corps, co-operating with those of the British, has completed the telegraph line into Peking and to Taku.

The commissary department is preparing to establish an extensive winter base at Tong-ku.

Lieutenant Waldron of the Ninth United States Infantry received a serious sniping wound while patrolling at Hoo Se Woo.

The Russians, Germans and Japanese are constantly pushing troops on to Peking.

LONDON, August 25.—3:40 a. m.—That the inexplicable delay in forwarding telegrams from the Chinese capital still continues is illustrated by the fact that the latest dispatch from Peking, the telegram describing the search for Boxers in the imperial park, is dated no later than August 21st.

There is no confirmation from any source of the report of an advance toward the north from Peking. On the contrary, a movement southward to clear the country and to insure free communication with Taku is apparently in progress. The powers as late as August 21st were still unable to agree as to how to deal with Peking itself.

The Japanese and Russians being at variance as to whether the imperial palace should be destroyed.

Nor is there any further news of the alleged detention of Li Hung Chang by the admirals. The probabilities increase that all the members of the imperial household have gotten safely to the interior.

A Reuter dispatch dated Peking, August 15th, and sent by post to Shanghai, describes scenes of appalling desolation and wanton destruction in Legation Street. All the houses of foreigners were riddled with shells, burned or blown up. An attempt was made to mine the American Legation. A shaft was sunk from the top of the wall fifteen feet and was continued as a tunnel with a sharp slope in the direction of the Legation. Apparently the Chinese did not have time to finish it.

The Siecle's report of a defeat suffered by the allies at Peking is everywhere discredited.

The Chinese Legation in St. Petersburg has received news that peace negotiations have already begun.

The Peking correspondent of the Daily News, in a dispatch dated August 27th, asserts that there are thousands of instances going to show that the Boxers were approved by the imperial officers in their indescribable ferocity.

SHANGHAI, Aug. 26.—Local mandarins received a telegram from Paoing-Fu stating that the allied powers have taken the district west of Peking. Li Hung Chang sent a telegram today to the Empress at Si-an-Fu requesting her to arrest Prince Tuan of the army in order to give him an opening to negotiate with the powers.

PARIS, Aug. 28.—Admiral Courbassier, the French commander in Chinese waters, has cabled to the Navy Department here that a council of the admirals has notified the foreign legations at Peking that it has been decided to hold Li Hung Chang on board ship until the opening of negotiations between the powers and China.

LONDON, Aug. 28, 3:50 a. m.—The allies, resuming aggressive operations, have taken the district west of Peking. This statement, based on Chinese authority, is cabled from Shanghai.

The same place comes the further statement that Li Hung Chang has wired the Empress Dowager at Si-an-Fu requesting the arrest of Prince Tuan and the disarmament of the Boxers in order to give him an opening for negotiations with the powers.

The illuminations projected at Shanghai in celebration of the relief of Peking have been abandoned, lest they should cause a native outbreak.

"Evidence has been received here," says the Shanghai correspondent of the Standard, "going to show that General Lung Wu was the real author of the anti-foreign outbreak, the Empress Dowager, Prince Tuan and the others all having been persuaded by him to take an extreme attitude, while he stood aside and waited developments."

American refugee missionaries in Amoy, according to the Hong Kong correspondent of the Daily Mail, are anxious to return to the interior, but the United States has forbidden them to do so and urges them to go to the Philippines or to return to America.

ORPHEUM CAFE AND ALMY

ARRESTS FOR SELLING LIQUOR ON SUNDAY.

Mitchell Chapman and the Waikiki Inn Man are Both Taken Into Custody—Trial This Afternoon.

The Orpheum cafe was visited on Sunday evening by the police as a first step in another campaign against illicit liquor-selling. Officer Hanrahan stood upon the place for nearly an hour and says he saw drinks being handed out without a much ceremony, to customers of the place. As a result Mitchell Chapman was arrested last night on a warrant accusing him of selling liquor on Sunday.

Beer and whisky is alleged to have been served quite freely at the Orpheum cafe on Sunday evening, without the buyers even being required to take seats and seem to be "guests."

When the case was called in the police court this morning Attorney McClanahan appeared for the defense and obtained a postponement till 2 o'clock.

H. N. Almy of Waikiki Inn was also arrested last night. He is also alleged to have sold liquor on Sunday to people who were not "guests" of his place. His case comes up on tomorrow afternoon.

It is understood that both the defendants intend to fight on law points. The police claim to have abundant evidence, having summoned many witnesses, to show that drinks were sold, but the defendants have no points upon which they are relying for appeals.

Attorney McClanahan has for one point his famous contention that Congress has repealed all the license laws and thrown the town wide open. In the Waikiki case there is likely to be a fine opportunity for the lawyers to split hairs over the definition of "guests."

CUT THE WATER PIPE.

Wahinehou's Way of Getting Her Share at Palama.

Wahinehou, a tenant of the Bishop estate at Palama, was tried before Judge Wilcox this morning for malicious injury, because she took a pickaxe and broke a water pipe on Koleka Kaiaha, who preferred the charge. It was developed that both women thought they had a right to the water, and Wahinehou had used the pick to get her share. Judge Wilcox decided that there was no malicious injury and the women will have to find another way of settling the water question.

The pipe that was cut is one that takes water to the tenants from Kamehameha school. It was laid during the cholera epidemic, when many cases came from Palama and the reason for them was held to be lack of a proper water supply.

Pulse Beats. Put a finger on your pulse. Do you feel the throbbing beats come strong and regular, or are they weak and uncertain? A weak pulse means a weak heart and retarded circulation of the blood. It means stomach trouble, indigestion, pain in left side, dizzy spells, shortness of breath, palpitation, fainting or sinking spells and breaking down of the entire system. If your heart is weak and your pulse irregular begin at once to guard against the coming breakdown by taking

DOCTOR MILES' Heart Cure, The Great Heart and Blood Tonic. "I had much pain about the heart, palpitation and irregular pulse, and for nearly three months had to be propped up in bed to keep from smothering. I had frequent sinking spells when it seemed as though my heart had stopped beating entirely and the most heroic measures were necessary to revive me. I had no appetite for food and lost flesh rapidly. Seeing that my doctors were doing me no good I took the advice of an old friend and began taking Dr. Miles' Heart Cure. The good effects were so apparent that I kept on with it, and I am satisfied that I owe my restoration to that valuable remedy." D. A. SWOOLEY, London Mills, Ills. Dr. Miles' Heart Cure is sold at all drug stores on a positive guarantee. Write for free advice and booklet to Dr. Miles Medical Co., Elkhart, Ind.

THE SCHOONER HELD ON SURPRISE REFUSES TO VACATE A WHARF. Would Not Leave for the Bark S. C. Allen—Rights of the New Island Shipping Company.

The question of wharf room for the Hawaiian Navigation Company, which runs the gasoline schooners Surprise and Eclipse, is now causing trouble on the water front. Yesterday morning, when Captain Fris started to dock the bark S. C. Allen at Iririgard wharf there was not room for her without moving the schooner Surprise.

The Surprise was at the Ewa side of the wharf, where she is taking cargo, being booked to leave for Kauai ports at 5 o'clock this afternoon. Captain McCauley, the manager of the company, was ordered to move her away and refused, and she is there yet.

The S. C. Allen was finally docked at the end of the wharf, where she had room enough to get her live stock off, but not enough space to do very quick work. There were seven vessels, big and little, at the wharf, and it was practically covered with cargoes from end to end.

The gasoline schooner line wants a wharf at which it can do business as the Wilder and Iririgard companies do. "We have just as much right at Iririgard wharf as anyone else," said Captain McCauley, "and there is no reason why we should move out for a new arrival. As it is now we are off the wharf, and we are sure to be charged full wharfage. The Surprise was at work and paying full wharfage, and I do not see why she should have moved out for the S. C. Allen."

The Hawaiian Navigation Company is to get a wharf on the island business and when they come it will be even more difficult for the company to get wharf room. Many other small island schooners have trouble. Two were moved away yesterday morning for the S. C. Allen. For some time there has been a good deal of discussion about means of providing accommodations for the mosquito fleet but so far nothing has been done. Nuuanu stream was the ideal place, in the opinion of most water front men, had been dredged out instead of being filled in, but not the deep water vessels and the small ones are all mixed up, which is a good deal to the disadvantage of the small ones.

GLASGOW CHILD DIES OF PLAGUE Ten Families Under Observation in a Detention Hospital. NEW YORK, August 28.—A cable to the Tribune from London says: While India is suffering from one of the worst outbreaks of cholera ever recorded, so that people are dying at the rate of 7000 a week, Great Britain is alarmed by the prospect of an epidemic of bubonic plague within her own boundaries. The medical authorities at Glasgow have already had several cases under observation. On Monday a child sickened and died within forty-eight hours from an illness which was at first thought to be pneumonia, but after a minute examination by the hospital authorities it was pronounced plague. Another death occurred yesterday and ten families were removed to the reception house for patients suffering from this disease, which the municipality has hastily established.

GLASGOW, August 27.—Three persons, father, mother and child, who have been certified to be suffering from bubonic plague, have been placed under the care of the medical authorities here.

SENATORIAL NOMINATIONS.

The proposition to nominate three senatorial candidates from the Fourth Representative district and three from the Fifth bears the impress of the "piece-club." It is the kind of politics that would be expected from Turk and Lewis.

It has nothing to commend it, but the determination of a faction of the party, temporarily in control of the machinery of the party, to gain an advantage from the manipulation of the machinery, which it could not expect from the free voice of the representatives of the whole body of the Republican party, whose votes alone will elect the senatorial nominees, if they are elected. It is an exhibition of the worst tendencies of party organization, at a time when the Republican party in these Islands ought to live up to the highest principles and traditions of the party.

Precedents are being set now. They ought to be right precedents.

At a time of all others when the Republican party ought to be a party of the voters and not of the machine, it is proposed to introduce a characteristically machine innovation for the advantage, not of the party as against the common foe, the Democrats and the Independents, but for the personal and political advantage of a particular set of Republicans as against the Republican party as a whole.

The Island of Oahu is one senatorial district. It was so under the Republic of Hawaii. It was made so by congress under the territorial act. Every voter in the Island has the right to vote for six candidates for the territorial senate. If six Republicans senators are to be elected from Oahu, it will be, it must be, by the votes of the Republicans of the whole Island. Therefore every Republican in the Island has a right to a voice through his precinct representatives in the choice of the candidates for whom he is expected to vote in November. But this machine proposition, rank with the mal-order of intrigue and faction, proposes that the Republicans of the Fifth Representative district shall be called on to vote for three senatorial candidates in whose selection they had no voice, or forfeit their party allegiance; and that the Republicans of the Fourth district shall be put to the same unfair test. It may be said in rejoinder that it cannot be supposed that the Republicans of one district will put up candidates which the Republicans of the other cannot loyally and enthusiastically support. If that is so why introduce a new method? a new scheme? If the Republicans of the Fourth and Fifth districts acting separately are certain to put up good candidates, they are equally certain to do it acting together. And acting together, the senatorial ticket when nominated, will be the choice of the whole party in the Island, and will certainly and naturally be supported by the whole party.

But while it may be assumed as true, that the representatives of the two districts acting together will voice the choice of the whole party of the Island, because that is the regular and orderly way in which the party voices itself, it by no means follows that the delegates from the two representative districts acting separately, will do the same thing, for that is not the regular and orderly way in which the party expresses itself on the senatorial question. The very fact that a departure from the regular and orderly way is proposed, that the suggestion is put forward that half the Republicans shall have no choice in the selection of some of their candidates gives strength and force to the doubt whether wise selections will be made. Either the party, or some individuals or faction of the party must have something to gain by the innovation, or the suggestion is not worth the breath it takes to put it forth. The party certainly cannot be the gainer by disfranchising a portion of it in the selection of candidates. Therefore there is only the other horn of the dilemma, some individuals or faction hope to gain something by it. That alone is sufficient to condemn it.

The result of such a procedure would be either that bad nominations would be forced on the party, or that many individuals would believe that bad nominations had been made or attempted. Following this there would be the conflict in the minds of many voters whether, for the good to come from party supremacy at this time, they should adhere to their party allegiance, and swallow the unpalatable nominations; or, for the ultimate good of the party, bolt the unpalatable nominations and administer a rebuke to those who seek through control of party machinery to gain their own instead of their party's advantage. No doubt by far the larger number would yield to party allegiance. But some would not, and that number whether large or small, might endanger party victory. At any rate, such a proposition carried into effect, must of necessity introduce distrust, division and lack of cordial co-

operation into the work of the party. It is dangerous. It is unnecessary. It is uncalled for.

CHINESE SUBTILITY.

The Chinese authorities are Chinese to the last. With their capital in the hands of the allies, their emperor and emperor virtually fugitives, with their peace plenipotentiary held off because of doubt as to the validity of his credentials and authority, the Viceroy and Mandarins are still delaying and holding up official and diplomatic dispatches between military and diplomatic agents of the allies and their respective governments. There is however possibly some advantage to the Chinese. It tends to confusion, uncertainty and discord among the allies, and therefore may be a potent cause of such friction and antagonism between them as to prevent hearty and active co-operation. But even this can hardly work to the advantage of China. It may prevent such punishment of the direct authors of the trouble as they richly deserve. But the hope for the integrity of the Chinese Empire as an empire lies in a speedy termination of the present difficulties through harmonious action of the allies. But if this is prevented the result will be that national ambitions, greed, and suspicion will make of the unsettled condition a general scramble for territory, and the Chinese Empire be dismembered simply because some Mandarin cut the telegraph wire or held up official messages.

The Republican Convention apparently will not go to Hilo, owing to a hitch in the guarantee of funds. Holding the convention at the second city of the Territory was by no means a bad idea, and a large number of people favored it. Hilo people have only themselves to blame because it has not been so arranged.

The yacht race to Lahaina and return was a real event in sporting circles. T. W. Hobron handled his vessel himself in fine style. On the trip up he was twenty-hours at the wheel a test of pluck and endurance. Some of these days the yachts will take a run up to Hilo and back. There is no doubt of it that there are some staunch little vessels among the white winged fleet.

The political pot on Hawaii and Maui seems to be bubbling very freely. Each Island seems to have its ideas of the correct person to send as Delegate to Congress. When the convention meets there will be quite a number of dark horses in the field. On this Island there is quite a little wire pulling going on in the various precincts. One way and another the coming territorial convention of the Republican party promises to be a lively affair.

The practice of allowing tenements intended mainly for Japanese, to be built up to the street line and then have verandas extending over the sidewalk into the street space is one that ought to be summarily abolished. The street space belongs to the public, and its permanent occupation by buildings owned by private individuals is intolerable. It does not matter that the part occupied is in the air. The old maxim, "cujus solum est, ejus est ad coelum," is still in force and should be just as rigidly enforced in relation to public property as it is in relation to private.

The need of proper trade statistics between here and San Francisco is very patent. Our trade is entirely with the mainland, and amounts to many millions in volume. Merchants take the ground that as the trade is now "coasting" there is no need of filing complete manifests. The result is that the statistics of trade of the port of San Francisco will be cut down at least 25 per cent, while our statistics will be much more affected. It is to the interest of the mercantile community that proper statistics be furnished, because Federal appropriations for harbors and so forth will depend upon their volume. Washington has been appealed to in this matter.

The Australia, the Hawaiian ferry boat, took a large number of passengers yesterday. Of these many are young people who are returning to various universities, colleges and schools on the mainland. Upon higher education Hawaiians spend lavishly, and representatives from the Territory are to be found at many of the principal seats of learning. The effect upon the rising generation is very broadening. It loses its insularity, forms intellectual and friendly ties, and at the same time shows that though the birth place is the topics there is no diminution in the physical or intellectual vigor of the race. The Australia carries a burden which is very precious to Hawaii nel.

The application of George L. Tanner, sentenced to life imprisonment for murder by the San Francisco courts, to be sent to the leper settlement on Molokai, while doubtless simply an effort on the part of Tanner to escape prison confinement, illustrates the nebulous ideas regarding the settlement entertained on the mainland. If any distinct ideas regarding it exist there, it seems to be thought of as a divinely appointed and divinely provided for place, for lepers, that when the Almighty permitted leprosy to enter the world He also created Molokai as a place for lepers to go and live. There seems to be an idea that all the lepers of all the world are invited to go there and be welcome. It does not seem to occur to the minds of people on the mainland that it is a place supported by territorial taxation for a certain class of unfortunates in the territory and that it is no more a place for similar unfortunates of other communities than their eleemosynary institutions are for other than their own unfortunates.

 Ten Dollar Fine.

One of the hardest fought cases Judge
 Wilcox has had for a long time was
 tried this morning, when Richard Shep-

 Miller on a charge of cruelty to animals.
 Judge Wilcox had one session of court
 on the side walk in front of the police
 station, where he made an examination
 of sores on the shoulders of two horses
 the defendant drove on Labor day. At
 ter prodding the sore places with his
 finger and looking at them through his
 glasses the judge thought it was a case
 of cruelty and imposed a fine of \$10.

 \$5 Each for Making Sunday Sales—
 Cases of the Restaurants.

Fourteen men appeared in the police
 court this morning to answer to charges
 of doing work that was "not work of
 necessity or mercy," on Sunday last.
 They had sold cigars or soda water, or
 some other commodity, in small stores
 all over town. Judge Wilcox set the
 men at \$5.

J. Lawrence was the first defendant.
 He admitted having served some cigars
 and Fitzpatrick, who came next, was
 also ready to plead guilty to having
 served customers. The law says that
 this is interfering with the rights of
 citizens to Sabbath quiet and repose,
 and both were found guilty.

"If the law is a bad one, the only
 thing to do is to have the legislature
 repeal it," said Judge Wilcox. "In the
 meantime, if it is to be enforced at all,
 I hope to see it enforced against all of
 offenders. I see people building brick
 houses on Sunday and Japanese at work
 irrigating cane. This is certainly no
 more work of necessity or mercy than
 selling cigars."

Yau Kong of Fort street, said he was
 not guilty. He was absolutely sure that
 he had kept his place closed on Sunday,
 and had not made any sales. Two wit-
 nesses told about the place being wide
 open, one of them having gone in to
 purchase a package of cigarettes. Then
 Kong admitted that one panel was open
 in his door, though he was still sure he
 had made no sales. He was fined \$5.

The offenders were all told to sign no
 more. The high sheriff has announced
 that he will see that the law is en-
 forced hereafter, and there is trouble
 in sight for many people.

So far no action has been taken in the
 matter of the restaurants. There is talk
 of proceeding to compel observance of
 the law which orders them to close at
 seven o'clock on Sunday evenings. This
 will cause a big howl from many peo-
 ple who find them a great convenience
 later than 7 o'clock on Sundays.

HARD FOUGHT COURT CASES
JUDGE WILCOX EXAMINES THE HORSES.

They are Seen by the Court and He
 Finds Sores on Their Shoulders—A
 Ten Dollar Fine.

One of the hardest fought cases Judge
 Wilcox has had for a long time was
 tried this morning, when Richard Shep-
 ard was brought up by humane officer
 Miller on a charge of cruelty to animals.
 Judge Wilcox had one session of court
 on the side walk in front of the police
 station, where he made an examination
 of sores on the shoulders of two horses
 the defendant drove on Labor day. At
 ter prodding the sore places with his
 finger and looking at them through his
 glasses the judge thought it was a case
 of cruelty and imposed a fine of \$10.

The horse drove a float through
 Monday's parade, for Fred Harrison,
 and in the afternoon sixteen of his em-
 ployes went to the track in the wagon,
 to see the races.

Miller stopped the team and put the
 driver under arrest, on account of sev-
 eral sores on the animals' shoulders.
 Officers Hanrahan and Fox were called
 to look.

The sixteen men who were in the wa-
 gon did not seem to like the idea of
 having their celebration interrupted,
 and for a time there was trouble, but
 the appearance of Fred Harrison on the
 scene calmed those who wanted to do
 some fighting. "If I thought once that I
 should have to draw my gun," said Mil-
 ler, "but Harrison stopped the men from
 resisting."

Veterinary surgeon Clapham had a
 look at the animals at the time of the
 arrest, and this morning he testified
 that he did not consider the sores too
 bad for the team to be driven home,
 just been. The defense proved that new
 collars had just been put on the horses
 and it was claimed that the sores had
 been made, unknown to the driver, dur-
 ing the day.

When the testimony was all in the
 defense offered to bring the horses to
 court for the judge's benefit, and they
 were duly sent for. After looking at
 them Judge Wilcox said that he
 thought some of the sores were not very
 new, and must have been there when
 the team was hitched up in the morn-
 ing. After the \$10 fine had been imposed
 a notice of appeal was given.

KWANG YU WEI STARTS WAR IN HANKOW.

Propose Secession of the Southern or Chinese Provinces—Against the Manchu Dynasty.

PARIS, Aug. 27.—Official dispatches from Shanghai explain that the Hankow uprising was not due to the Boxers, but was a plot organized by the partisans of Kang Yu Wei, the former combined with the secret society known as the "Ko Lao Hui," an anti-foreign organization, who proposed to the southern Viceroy a revolt against the Peking government. The leaders of the movement were especially upon Chang Chi Tung, Viceroy at Hankow, for arms, gunpowder and other agents of destruction.

A proclamation, written in English and addressed to Europeans, was seized. In it the revolutionists declared themselves opposed to the Manchu dynasty, but ready to uphold the present Emperor. They expressed themselves as desirous of founding a "constitutional government," of protecting foreigners and Christians and of supporting the powers against anti-foreign fanatics.

The immediate effect on the Government has been to increase the peril of Europeans. Proof exists of disorder and pillage, due to the same movement, as well as separated points. The headquarters of the conspiracy is Hankow, from which point it ramified into other provinces.

Several thousands of the supporters of the movement have received instructions to demonstrate in the central valley of the Yantsekiang, but the Viceroy has a sufficient force of regular troops to guarantee the maintenance of order. Twelve of the conspirators have been beheaded.

PREFERS MOLOKAI TO FOLSOM.

Convicted Murderer in San Francisco Makes Strange Request.

SAN FRANCISCO, Aug. 25.—George L. Tanner, murderer, prefers the living death of leper-stricken Molokai to the living death of Folsom Prison. This strange choice is expressed in a letter received yesterday by Judge Dunne, in which Tanner asked that his sentence be changed to transportation to the leper settlement. The court could make no cognizance of the request, and today Tanner will be sent to Folsom.

A year ago Tanner shot and killed Deputy Sheriff James Brown and Mrs. Hattie Barnes as the result of a quarrel which he and Brown had over the woman. He was convicted of the murder of Brown, and on January 6th was sentenced to life imprisonment. The letter says:

"Your Honor: At this time I wish to make a request that was never made before and that I never may make again by anyone else after this. I would like to be sent to the island of Molokai, to take care of the multitude of lepers that are there, in lieu of going to the State Prison at Folsom.

If it is granted to me I promise that I will not complain and will not try to make any appeal of any kind. I am well aware of what I will see there. A good many years ago, when I was in the harbor of Honolulu, I saw over ninety of those poor lepers leave that place for the leper settlement at Molokai, and I had a good chance to see all the horrors of that great plague. I hope that my petition will be granted, so that I may be able to do a little good and thereby earn the salvation of my soul by helping suffering humanity."

Tanner is a strong, vigorous man of 58 years, quiet in manner and apparently sincere of speech. Thirty years ago, while he was in the harbor of Honolulu, he saw nearly a hundred lepers, disfigured by the ravages of the loathsome white death, come down to the shore and take ship for Molokai. He remembers how they looked and how their relatives clung to the afflicted ones, begging the officials that they be not separated.

"That shows the love we have for one another," he said. "I want to do some good, and at Molokai I could redeem myself. I do not care for a pardon. I just want to pay the penalty of the law in Molokai. I want to do something for humanity."

Now that the Superior Court has disposed of his case, Tanner will appeal to the United States Government, and he still has hope that his request will be granted.

ELECT THEIR OFFICERS.

The Journeymen Plumbers Association held a meeting last evening and elected their officers for the ensuing year. J. H. Connors was made president; D. Welch, vice-president; N. Neipp, financial and recording secretary; F. C. Holland, treasurer; and A. Mitchell, sergeant at arms. Trustees—E. Knight, T. Slattery and J. Byrnes.

BEAUTIES OF HAWAII.

The San Francisco Chronicle of August 24 has this to say of Burton Holmes and his illustrated lecture on Hawaii:

"The Hawaiian Islands" was the subject of the Burton Holmes lecture at the Columbia last evening, and it proved of much interest to the unusually large gathering. The illustrations, which, with the text, gave the audience an excellent idea of the beauties and wonders of the islands, were among the best that have been exhibited in the lecture course. Such scenes as the landing of cattle, the drill of the Hawaiian field artillery, launching of the surf canoes at Waikiki, and views in the cane fields, were depicted in moving pictures. The lecturer took his hearers to all the points of striking interest in the islands, including the volcano, a number of views of the latter, beautifully colored, being depicted on the canvas.

All we ask for it is a fair price—not high, not low. Either extreme is dangerous. Any one who gives us work gets the best going at the fairest and squarest price.

GRAND ARMY IN PARADE

THIRTY THOUSAND VETERANS IN LINE.

Age Cannot Withstand Nor Custom Stale Their Patriotism. But Years and Weakness are Beginning to Tell.

CHICAGO, August 28.—Thirty thousand strong the veterans of the Civil War marched in parade through the streets of Chicago today. On them rested while they marched the glory of their Nation.

Perhaps never again will the veteran soldiers of the Civil War march as they marched today through Chicago. Certainly never again will they parade in such numbers and with such spirit.

"The last great parade," said Commander in Chief Shaw, sadly and slowly, after he had watched the last of the ranks file by. "The veterans are too old, too weary, too weak for many more marches together. The parade of today, short as was its course, but half the length of one year previous, was too long. For many of the marchers it made them pass the limit of their strength, and they fell by the wayside. For almost all it meant white faces, exhausted limbs and great suffering. The march that thirty-five years ago would have meant but a hour's pleasure on a holiday meant today pain and labor."

One especially sad incident occurred to mar in a degree the glory of the parade. Charles Beckwith of Algonza, Mich., dropped dead as the line was filing past the corner of Michigan avenue and Madison street. The parade was halted for a moment, the body of the veteran who had responded to his last call was tenderly removed and his comrades passed on.

CIVIL RIGHTS RESTORED.
High Sheriff Brown yesterday mailed to Hawaii pardons for certain ex-prisoners who had lost their civil rights. It appeared in all cases that since their days of sinning the men have settled down and become good citizens. Some time ago the Executive recommended to the Governor that their civil rights be restored to them.

THAT IWILEI ROAD.
After numerous strong protests in regard to the matter last Saturday. But it seems that the remedy has been worse than the disease. Huge rocks have been used to fill the holes. Soon after the work was finished two of Louis Toussiant's horses were hurt in traveling over the road. For a bicycle or light vehicle the thoroughfare is practically impassable. Mr. Toussiant and Jailer Henry are among those along the road a great deal. A petition directed to the Governor's council in regard to the road is now being talked of.

ON A DIPLOMATIC MISSION.
A Japanese Consul En Route to Tokio.

Count Hirokichi Matsu formerly Japanese Consul at San Francisco was a passenger on the Hongkong Maru en route to Tokio. In the last few years he has served as his country's representative at San Francisco but received orders to proceed immediately to Tokio. He says he does not know the reason for his recall.

From other sources it has been learned that his presence is demanded by the recent occurrence of events in China. During the Japanese-Chinese war Count Matsu was specially attached as interpreter to the headquarters of Count Ro to the commander and was present during all of the negotiations which terminated in peace. Now that the fighting in China is practically over and affairs are approaching the diplomatic stage Count Matsu is to be attached to the diplomatic corps which will negotiate with China. His acquaintance with the Chinese language and political affairs, together with the ability which he has displayed as a diplomat have caused his country to send for him. He expects to be absent several months, if indeed his services will not be further recognized by an appointment to some more important diplomatic position than the one he has just left.

JOHN REILLY GUILTY.
John Reilly, the negro charged with an infamous crime committed on Sumner's Island, was found guilty by the Judge. Humphreys court yesterday afternoon and was sentenced to imprisonment at hard labor for eighteen months. This is the limit of the law in such cases.

SAYS HONOLULU IS THE PLACE.
Colonel A. W. Thompson manager of the Boston Lyric Opera Company which played to such a profitable business in Honolulu was interviewed by the Anacanda (Mont.) Standard recently upon his experiences in the islands. The colonel has nothing but good to say of Honolulu. He declares that Honolulu is the most prosperous community in the world and every body seems to have money. Wages are high he says and there is no such thing as a beggar. A singular fact however is that locks to the houses were never known until the arrival of the American volunteers. After that advent the residents found it necessary to put their goods under lock and key. Colonel Thompson says he would like to pass his last days in Honolulu.

AMERICANS AT TIEN TSIN.

HAWAII PART OF UNITED STATES.
WASHINGTON, Aug. 23.—Controller Tracewell of the Treasury has rendered a decision in which he holds that the Hawaiian Islands, under the act of May 16, 1906, constitute an integral part of the United States, and therefore officers of the Navy therein are serving within the realm or dominion of the United States and consequently are not "beyond seas" within section 13 of the Navy personnel act.

DEATH MASK OF LEE.

A correspondent of the Chicago Tribune in Washington has recently reported that workmen engaged in making repairs at the Corcoran Art Gallery found a plaster cast of a face said to be that of General Robert E. Lee. It is well known that Clark Mills took a death mask of Lee at the time of Lee's death, while president of Washington and Lee university. For the last ten years this mask has been sought for. It is now proposed to make a bronze reproduction of the mask for the Corcoran gallery. The original mask will be in the Southern university.
