SALES ON STOCK EXCHANGE

One of the Biggest Days on Record in Honolulu.

Ned Macfarlane Buys Honoka'a—Deal in C. Brewer & Co.—Hawaiian Sugar—Wailua Paid Up—Orders From Coast.

This morning's session of the Stock Exchange opened briskly with bids in plenty. During the session sales aggregating \$55,674 were made. The largest sale was of 1000 Honoka'a to E. C. Macfarlane at \$34.50. Wailua paid up opened at \$125, but later was offered at \$120 and 150 shares changed hands. There were no future offers made on the paid up stock, although \$115 was bid for a sixty day delivery and \$50 for the assessable stock, future delivery. After the sales of Wailua the stock was steady and closed strong, 119 being bid and \$120 asked. Hawaiian Sugar had its share of the patronage and on the opening price at which it sold, \$230, it jumped to \$232½, closing at \$231 bid and \$232½ asked.

There is a demand for Ewa at \$27, but no offers at less than \$27½. McBryde still stands at \$4.75, all offered at that price being taken. One of the most important transactions in a long time was reported at the afternoon session as a between boards sale. Geo. R. Carter having sold 260 shares of C. Brewer & Co. at \$125, a total sum of \$110,500 changing hands. The stock was bought by a local banker.

A BIG COMBINATION.

News comes by the Moana that an effort is on foot to combine Hawaiian Commercial, Pala, Haku and Kiheli, with a probability of Wailuku being taken in also. The Wailuku option which has expired, it is understood will be renewed.

The new mill being constructed for Spreckelsville is being carried out on such a scale as to be able to accommodate the crops of all the plantations. Ed. Pollitz and Chas. Sutor, Jr., of San Francisco, are now in New York, whither they have gone to place Hawaiian securities and talk up the proposed combination.

Vice President Hobart's Condition

Patterson, N. J., Nov. 1. (San Francisco 10 p. m.)—The Vice-President had a very restful day with no discomfort and no distress. He will likely have a favorable night.

Mr. Hobart took some nourishment to-night. Mrs. Hobart says he looks better and stronger than he has appeared in two or three weeks. The prospects are that he will pass a better night than he did last night. He had the newspapers read to him tonight and took quite an interest in current affairs. He also talked for a time tonight about his private business affairs.

The doctor left the Hobart residence at 9 o'clock and it is not likely that he will return tonight.

Nihau Wrecks a Fishboat.

As the Nihau rounded Barber's Point at 7 o'clock this morning she ran down a Japanese fishing boat that was anchored there. The wreck of the boat and its one occupant was picked up and he was found to be but slightly injured. He was sent to the hospital when landed.

Owing to the glare of the sun and the reflection on the water the boat was not seen, nor its presence suspected until the sound of the crashing in of the side of the fish boat apprised them of the fact.

SAD DAYS FOR BRITONS

Boers Score a Victory but Ladysmith is Safe.

White Gives Details of His Defeat—Annihilation of Nuts Stamped—British Leaders Speak.

London, Nov. 1. (San Francisco 10 p. m.)—Lord George Hamilton, Secretary of State for India, speaking at Railing this evening regarding the situation in South Africa, said: "Our ultimate victory is certain and when the terms, which we as victors, will propose to the vanquished, are known, foreign nations will see that the main cause which has forced us to embark upon this conflict is not a desire of pecuniary profit or of territorial aggrandizement, but a determination to emancipate a vast territory for the common benefit of mankind from an ignominious and degrading tyranny."

The Earl of Selbourne, Under Secretary of the Colonies, speaking at Dumfries, said: "It is not the fault of the statesmen of the Transvaal that we have not become embroiled with some European power. If hostilities had not come when they did they would have come at some moment of national danger and difficulty."

Baron Tweedmouth, former parliamentary Secretary to the Treasury, speaking at Edinburgh, said: "The public mind has not been so moved since the news of the dreadful events of the Indian mutiny. We unfortunately are warring with a nation of the same stock and religion as ourselves. At this crisis all hearts go out to the brave Boers and to the small British army in Natal, which against fearful odds has performed magnificent feats of valor. It is not time to call our opponents names or to utter cries of vengeance, but to back up her Majesty's ministers who have a fearful, yes, an awful responsibility upon their shoulders."

The Earl of Carlington, Liberal, speaking at Buckingham, gave expression to virtually the same convictions.

The Earl of Lonsdale, honorary colonel of the Third Battalion, Border Regiment, at a banquet this evening at White Haven, declared his confidence in General White, the British commander in Natal and predicted a grand review in Pretoria next March.

Referring to Emperor William's celebrated telegram to President Kruger, at the time of the failure of the Jameson raid, Lord Lonsdale said: "If his Majesty's despatch had been rightly understood it would have had a totally different effect. It was sent with a view of allaying two sores. It was not antagonistic to Great Britain. I have the pleasure to know the views of the German Emperor and they are in accordance with the views of England."

LORD ROSEBERRY'S SPEECH.

Edinburgh, Nov. 1. (San Francisco 10 p. m.)—Lord Roseberry, toasting the Army and Navy, at a banquet given this evening by the Lord Provost of Edinburgh to the officers of the Gordon Highlanders and the Scots Greys, referred to the reverse in Natal, and said:

"It is much to be regretted, but in a considerable campaign we must look out for such incidents. It is not in the nature of Britons to take much notice of them. We have a good many of the same kind and have generally got out right in the end. But whatever happens we must see this thing through, even if it cost still more battalions and still more millions."

"Some day there will be an inquiry as to the preparations made for this war, but the time for that is not now. Our duty now is to support those who may have the direction of affairs."

GENERAL WHITE'S REPORT.

London, Nov. 1.—The British War Office today made public a despatch received from General White, describing the operations of Monday. It follows: "Ladysmith, Oct. 31, 7:30 p. m.—Took out from Ladysmith a brigade of mounted troops, two brigade divisions of the Royal Artillery, the Natal Field Battery and two brigades of infantry, to reconnoitre in force the enemy's main position to the north and, if the opportunity should offer, to capture the hill behind Farquhar's Farm, which had on the previous day been held in strength by the enemy. In connection with this advance column, consisting of the Tenth Mountain Artillery, four half companies of the Gloucesters and six companies of the Royal Irish Fusiliers, the whole under Lieutenant Colonel Carlton and Major Ayle, Deputy Assistant Adjutant General, was despatched at 11 p. m. on the 29th to march by night up Bellspruit, and seize Nicholson's Nek or some position near Nicholson's Nek, thus turning the enemy's right flank."

The main advance was successfully carried out, the objective attack being found evacuated, an artillery duel between our field batteries and the enemy's guns of the position and Maxims is understood to have caused heavy loss to the enemy.

"The reconnaissance forced the enemy to fully disclose his position, and

Cheers for Sir Lipton.

New York, Nov. 1.—Sir Thomas Lipton sailed today for his home in England. He received a surprising tribute of the esteem in which he is held by a great many people, in a kind of a triumphal march through several down town streets, and a great reception at the American line pier, where he went on board the St. Louis and a series of informal receptions of people. He also received word of the presentation of the loving cup which will be ready by Christmas for him.

Sir Thomas and a few friends left the Fifth-avenue Hotel at 8:30 o'clock to go to the Astor House to meet the loving cup committee. All the way to the American line pier, Sir Thomas Lipton got a reception that surprised him. People lined up on the sidewalks and cheered him and many rushed out to shake hands with Sir Thomas as his carriage slowly passed.

Arriving at the dock he was soon surrounded by longshoremen, street sweepers and vendors, and Sir Thomas smiled as he shook hands right and left. Both of his hands were shaken by the crowd which good-naturedly half pulled him out of the carriage.

Sir Thomas and his party ascended to the second floor of the American line pier, where a platform had been erected. The long floor had been decorated with banners and bunting and a large crowd had assembled.

At the banquet platform was a floral representation of the Shamrock with hull of immortelles and sails of white silk. The sea was made of white and yellow chrysanthemums and red roses. The vessel was four feet long. At the masthead floated the flag of the Royal Ulster Yacht Club.

When Sir Thomas and the others had ascended the platform ex-Mayor William L. Strong, Chairman of the Loving Cup committee, signalled for silence and John M. Beach, one of the committeemen, formally advised Sir Thomas of the loving cup that is to be presented to him, adding that he and every one else trusted that Sir Thomas would soon return.

Sir Thomas was cheered half a dozen times before he was allowed to reply, when he said:

"It is impossible for me to convey at once my feelings at this moment. This extraordinary reception that I have received has gone to my heart. The great kindness shown me here has endeared the American people to me, and I am proud to be held in such esteem by you."

"I will always cherish the cup which is to follow me, and I will prize it, I assure you, much more than I would the America's cup."

"As you know I came here with designs on one of your most valued possessions. I did not accomplish my purpose. But I have been thoroughly compensated. It was a square and fair race and I was squarely and fairly licked. I could not have received kinder or more courteous treatment."

"I am very sorry to be leaving you, but I sincerely thank you for your kindness and goodness."

AMERICANS STILL STEADILY ADVANCE

Washington, Nov. 1.—General Otis cables the War Department as follows: "Manila, Nov. 1.—Lawton's advance on Allaga and Talerva from Cabanatuan, which places are now occupied, was successful, enemy driven north and westward; two small cannon captured with considerable ammunition and large quantities of corn, rice, river and land transportation, also telegraph operator with entire equipment and important insurgent dispatches; no casualties."

"Insurgents advancing from Tarlac to meet Lawton's troops. Hughes reports Negroes in better state of lawful submission than for twenty years, planters no longer in danger, quiet election; over 5000 votes cast, no frauds attempted; inauguration of military civil government 6th inst. Hughes commences active operations against Tagalos in Panay as soon as condition of roads and trails permit."

All signs show that General Young's rapid advance is demoralizing the insurgents northward. Prisoners report them to be fleeing to the hills. There are many deserters and sick men and the former are taking their arms to the Americans.

The cavalry's rapid movements are a puzzle to the insurgents, who think that the Americans in striking so many places must have overwhelming forces.

Aguineldo is personally conducting the campaign. He is asking the people for rice and is trying to replenish the army with recruits, but without success.

THEY OPPOSE ANNEXATION.

Chicago, Oct. 28.—According to George W. Perkins, president of the Cigar-makers' International Union, a bitter fight is to be waged by that organization against the annexation of the Philippine Islands. The cigar-makers will make the first stand on the question this fall when the Federation of Labor holds its regular convention at Detroit.

Later, delegates will be sent to Washington to make an effort to secure the support of Congressmen on their side. The objection to the Philippines is that over 50,000 of them are engaged in the manufacture of cigars at very low wages, and it is believed that should the Philippines become a part of the United States, the American cigar-makers would be unable to continue at their trade.

HOOVEN-GULICK.

The Chicago Evening Post of October 10 mentions the marriage at the Auditorium on that date of Miss Catherine Agnes Gulick, daughter of Rev. and Mrs. O. H. Gulick of this city, and Envoyn Hooven of Hamilton, Ohio. Mr. Hooven is the son of Col. J. C. Hooven and was captain in the Astor Battery that went to the Philippines for service with the very first volunteers. The young couple will make their home in the Buckeye state.

To Transfer Anglican Church.

At the meeting of the house of Bishops of the Protestant Church held in St. Louis, Oct. 27, the question of a bishop for Hawaii was discussed. Bishop Doane of Albany, the chairman, was requested to enter into correspondence with the Archbishop of Canterbury for the purpose of having the spiritual jurisdiction of the islands transferred to the American church.

DIVIDE POWER IN SAMOA

Washington, Nov. 1. (San Francisco 10 p. m.)—The negotiations for the partition of the Samoan Islands are proceeding rapidly and officials here would not be surprised if a final agreement was reached in the near future.

The discussion which is going on in London with the co-operation of the authorities here and in Berlin has brought out certain essential features on which all three powers, Great Britain, Germany and the United States appeared to be agreed.

In the outset it is stated that the determination was reached that the tripartite government of the group should come to an end and that not more than two powers and preferably one, should govern the island. It soon developed that an agreement was not likely to be reached giving the entire group to one power, but the chances seemed good for an agreement that two powers divide the islands, thus giving a dual government in place of the present unwieldy tripartite agreement.

It seemed to be generally accepted by the negotiators that the United States would be one of the two powers to be represented and that the island of Tutuila on which the harbor of Pago-Pago is located would naturally fall to the lot of the United States. It is understood that the British authorities quite fully coincided with this view and while the Germans seemed to regard it favorably, it was left open for more mature approval by the Berlin authorities.

In conceding this island and harbor to the United States, account was taken of the fact that if an agreement was reached on that point, it would still be for the United States Senate to give its approval to the agreement. One of the remaining islands, Upulu, is of much value while the other, Savali is practically valueless.

It is suggested that Great Britain cede the Gilbert and Solomon Islands to Germany, the latter retiring from Samoa. The Fiji Islands and some other points also have been considered during the discussion but thus far Germany has not acted favorably on the suggestion and there have been evidences that she preferred to retain her interests and make compensation to Great Britain. This remains open and appears to be the chief point remaining in the way of a final adjustment.

The foregoing general outline was given to-day in quarters well informed on the general lines of the negotiations, although it was with this reservation that the understandings were merely formative and still open to material change.

ONE MINUTE KNOCK-OUT.

Chicago, October 28.—Jeff Thorne of England was knocked out by Fitzsimmons after one minute of fighting at Tattersall's tonight. Thorne, who was evidently very much afraid of Fitzsimmons, did not land a single blow and only made a little attempt to lead with his left, the blow falling short several inches. The knock-out blow was a short right in the jaw bone.

ARTESIAN WELL BORERS.

Angels Camp, October 30.—A demand is being made here for miners to go to Honolulu for the purpose of sinking artesian wells at that place. Fourteen left today.

Troubles of James Love.

Judge Perry has signed an order directing J. A. Magoon, guardian of Jas. Love, to take his ward from the control of Annie Roe, into his own control. Falling to obey the order of the court the guardian must appear on the 11th inst., and show cause why the mandate has not been obeyed. The order is made on the petition of Annie K. Hart a natural child of Love. She claims that Love, who is possessed of certain valuable property in the Hawaiian Islands and who has evinced his intention of leaving it to petitioner is being influenced by a certain Annie Roe, with whom he is living.

Mr. Rodgers, the basso of the Boston Lyric Opera Co., has very kindly consented to sing at the Cricket Club smoker.

Mr. Cross Does Good Work.

Fred J. Cross writes by the Moana mail confirming the report, published in the San Francisco Call of November 1, that he has closed a contract with Sig. Marconi for the use of wireless telegraphy in Hawaii.

Mr. Cross says that the contract is a very favorable one, and although Marconi cannot come to Hawaii, he will send experts to install the stations and get the system for the different islands in good working operation.

During the tests of Marconi's wireless telegraphy by the United States government, Mr. Cross was on board the New York. The test was very exacting and proved beyond question the practical capacity of the system.

Marconi says there will be no trouble in connecting Kauai with Honolulu. Owing to the distance between Oahu and Kauai, it was at first feared by the promoters that Kauai would have to be left out. It is now assured, however, that all the islands of the group can be brought in close communication with this city. Marconi also states that only one station will be required on each island, thus reducing the original expense of the company inaugurating the system.

A telegram from New York dated October 31 states that Mr. Cross will return to the islands immediately. He will probably arrive in the China next week Thursday.

Wong Kwai's Birthday.

Wong Kwai, the wealthy Chinese rice planter is celebrating to-day at his beautiful new residence on Fort Street his sixtieth birthday and callers both Chinese and others are pouring in to extend their congratulations.

The house is in gala attire and several close friends of Wong Kwai are assisting in the duty of receiving the guests. First they pass into a small side room, are offered a cup of tea and are then shown into the large reception room where the Chinese, on a bedded knee, bow before a large figured banner and a table with candles and Chinese ornaments that represent the age of Mr. Wong Kwai.

A Chinese band of four or five pieces stationed on the veranda plays as each guest or party of guests enters the gate and ceases as the house is entered.

The yard is one mass of chrysanthemums and other Chinese flowers and the remains of firecrackers all about give an indication of the celebration that is going on.

A dinner will be given at one of the Chinese Club this afternoon to celebrate Mr. Wong Kwai's birthday.

MORE TROUBLE.

Mr. and Mrs. Holder, steward and stewardess of the ship Great Admiral, had another quarrel aboard ship yesterday afternoon which resulted in the arrest of the former. The case came up in the Police Court today and there was a repetition of yesterday's scene. The stewardess claimed that Holder had threatened to break every bone in her body. This was admitted by the steward himself. Judge Wilcox finally put Holder under a \$50 bond to keep the peace for one month. This was furnished by the captain.

SALICYLIC ACID.

Salicylic acid is an organic acid. It has powerful antiseptic qualities, prevents the souring of beer, also the development of bacteria contained in fluids. Applied externally it will remove corns and warts. TAKEN INWARDLY salicylic acid rapidly lowers the bodily temperature, reduces the pulse rate, blood pressure, and rapidity of respiration; some people being peculiarly susceptible to its action.
The Board of Health has condemned all beers containing salicylic acid. Among those proved to be free from this adulterant was the OLYMPIA BEER, sold by Larry Dee of the Hoffman Saloon.

CONTRACT CLOSED WITH MARCONI
New York, Oct. 31.—Telegraphic communication by Signor Marconi's wireless system is to be established between five of the Hawaiian Islands by a company of Americans.
Frederick J. Cross, of the firm of Catton, Neil & Co., engineers, of Honolulu, who is now in this city, has closed a contract for an American company in Hawaii. Although many engineers regarded the connection of the five islands by cable as impracticable, because of coral reefs, on which a cable is soon covered with a coral growth, which renders breaks frequent, and repairs exceedingly difficult, the American company has about decided to attempt it, as the needs of telegraphic communication had grown most urgent. When Signor Marconi's achievements were heard of and Mr. Cross was sent to this country to view the workings of his system as used by The Call and Herald during the international yacht races. He found that the Marconi system would cost much less and be more practicable in many ways than a cable. A regular telegraph business will be done by the company installing the wireless system. The distances over which communication will be established will vary from eight to sixty-one miles.
This message was received in this city, via Navesink, today by the Marconi system:
"ON BOARD THE NEW YORK—9:30 a. m.—The fresh blow was too strong for the Massachusetts spar, so no communication was established until the Massachusetts passed in. We worked with the Massachusetts last night thirty-six miles, going to the Tompkinsville anchorage, the Massachusetts remaining inside the Hook. We will go out again tomorrow. The Massachusetts lost her anchor in this morning's blow. This is via Navesink, with which we worked O. K."
The United States cruiser New York and the battle ship Massachusetts, which were out to sea on Monday to experiment upon wireless telegraphy, passed in Sandy Hook at 9 o'clock this morning, the Massachusetts anchoring in the lower bay and the New York proceeding toward the city.

THOSE PHILIPPINE ISLANDS
Madrid, Oct. 31.—A sensation was caused in the Senate today by the declaration of Count d'Almeida that owing to the ignorance of the Spanish-American Peace Treaty Commissioners, three islands of the Philippine group, the two Balanes and Calayan islands, both north of Luzon, were not included in the scope of the treaty. These islands, he asserted, ought to be made the basis of negotiations for the liberation of the Spanish prisoners.

Washington, Oct. 31.—The islands in the Philippine group referred to in the Madrid dispatch as not having been included in the treaty ceding the archipelago to the United States are not regarded by the members of the Philippine Commission as of any importance, and no regret, they say, need be felt if the statement should prove correct. The opinion was expressed by one of the Commissioners tonight that the islands referred to are not worth negotiating for, as they would not be of any material benefit. They are not thickly populated and their commerce is small, as the islands are out of the way of the regular ocean travel. The Balanes islands referred to are north of latitude 20 degrees, and if the parallel should be strictly adhered to they would not fall within the scope of the treaty. The Calayan islands, belonging to the Babuyan group, which lie south of the twentieth parallel, come within the scope of the treaty.

THE ORPHEUM.
Counter attractions do not appear to affect the attendance at this house. Last night a large audience witnessed an amusing and interesting program. The Rands maintain their record as laugh provokers, while Mindell Dreyfuss and Jackson Hearde in their cake walk continue to earn nightly encores.

WEDNESDAY, NOV. 8, 1899.

No Minister of Finance. What's the matter, is no one anxious to tackle the two million dollar surplus?

Lack of any serious opposition from the insurgents gives a popular impression that very little is being done in the Philippines. Otis however is steadily forcing his troops into the enemy's country and getting beyond the towns, near Manila, the names of which have been stereotyped in his despatches for a year past. When Otis reviews the full complement of troops, Aguinaldo will retire from his leadership and take to the woods.

News from Transvaal speaks for itself. The Boers have again demonstrated their shrewdness and the British uphold their national character for stubborn defense and hard fighting. Outside the serious loss of men the British disaster will unquestionably have a far reaching effect. The Boers have taken the first trick and are in a position to recruit a large following from the element waiting for decisive results before enlisting support for either side. The only way open to Great Britain to overcome her losses is to give more money and more men. She has the money and the men and eventual victory, barring European troubles, is merely a matter of time.

Electrician Cross will come home with flying colors and wireless telegraphy for Hawaii in his valise. As a "newcomer" Mr. Cross has made a splendid record which should suggest to those crying out against the "carpetbagger" that Hawaii needs a good sized addition of newly arrived Americans to keep the islands in the march of progress. The advantages to be gained by telegraphic communication between the islands is second only to those to be obtained from the trans-Pacific cable. With the wonders Marconi is working, before us, it becomes a question whether wireless telegraphy will not annihilate the distance between Honolulu and San Francisco before the cable is laid.

SAD DAY FOR BRITON.

Continued from Page 1.

After a strong counter attack on our right, the infantry brigade and cavalry had been repulsed, the troops were slowly withdrawn from camp, pickets being left on observation. Late in the engagement the naval contingent under Captain Lambey, of H. M. S. Powerful, came into action and silenced, with their extremely accurate fire, the enemy's guns of position. The circumstances which attended the movement of Lieutenant Colonel Carlton's column are not yet fully known, but from reports received the column appears to have carried out the night march unmolested until within two miles of Nicholson's Nek. At this point big boulders rolled from the hill and a few rifle shots stamped the military ammunition mules.

The stampede spread to the battery mules, which broke loose from their leaders and got away with practically the whole of the gun equipment and the greater portion of the regimental small arm ammunition. The reserve was similarly lost. The infantry battalions, however, fixed bayonets and accompanied by the personnel of the artillery, seized a hill on the left of the ford two miles from the Nek with but little opposition. There they remained unmolested until dawn, the time being occupied in organizing the defense of the hill and constructing stone sangars and walls as covers from fire. At dawn a skirmishing attack on our position was commenced by the enemy, but made no way until 9:30 a. m., when reinforcements enabled them to rush to the attack with great energy.

Their fire became very searching and two companies of the Gloucesters, in an advanced position, were ordered to fall back. The enemy then pressed to short range, the losses on our side becoming very numerous. At 3 p. m. our ammunition was practically exhausted, the position was captured and the survivors of the column fell into the enemy's hands. The enemy treated our wounded with humanity. General Joubert at once dispatching a letter to me offering a safe conduct to doctors and ambulances to remove the wounded. A medical officer and parties to render first aid to the wounded were dispatched

to the scene of action from Ladysmith last night, and the ambulance at dawn this morning.

"The want of success of the column was due to the misfortune of the mules stampeding and the consequent loss of the guns and small arm ammunition reserve."

"The official list of casualties and prisoners will be reported shortly. The latter are understood to have been sent by rail to Pretoria."

"The security of Ladysmith is in no way affected."

The gloom caused by the British disaster at Ladysmith was in a measure relieved by today's story giving an account of the heroic stand made by the decimated battalions until their last cartridges were gone. The British nerve was momentarily shaken by General White's use of the word "capitulate" in his first telegram, but now that it is known that the Gloucesters and Fusiliers fought against overwhelming odds and upheld the best traditions of the British army, the tension has been relieved, since there is no longer any ground to dread that the loss of life was accompanied with dishonor.

The details today show the catastrophe in a brighter aspect.

The full battalions were not engaged, and therefore the list of prisoners is materially reduced, while the disaster now appears to have been not so much the consequences of defects in the plan of action as to misfortune whereby the column was deprived of its ammunition. Still, it seems incomprehensible why the plight of the luckless column was not known at headquarters as the scene of the surrender was only about three miles northwest of Ladysmith, and Lieutenant Colonel Carlton must have expected relief to reach him or instead of attempting to occupy a defensive position he would have retraced his steps to Ladysmith, when he suffered the loss of his ammunition.

Apart from General White's statement that the losses are very numerous, there is nothing to indicate the extent of them except a vague report that the soldier who brought the news to Ladysmith said the British dead and wounded were lying in heaps and that hundreds needed doctors. This, however, is hardly borne out by the long list of captured officers.

The concluding sentence of General White's despatch, relative to the safety of Ladysmith, was received here with a certain reserve, in view of the fact that similar official assurances were given recently at Dundee and Glencoe, and there is intense anxiety for news of the renewed attack which is not mentioned in the despatches.

The calamity has served to alarm the British and their friends. The papers comment on the splendid reserve of patriotism existing in the far-away Colonies and the deep seated feeling of friendship and sympathy of the great kindred nation across the Atlantic.

The Standard sums up the feeling of the nation, saying: "From the United States and our colonies alone we hear the voice of friendly sorrow and encouragement. But that suffices. All others are welcome to congratulate themselves over the misfortunes of Great Britain."

The war office has made a welcome concession to the public desire for news. Hereafter every postoffice will be open Sunday morning and will post copies of all telegrams received by the war office up to 1 a. m. Sunday.

It was learned today by a representative of the Associated Press that the British Government has been obliged to refuse permission for the United States to send four officers to watch the Transvaal war owing to the precedent which only permits one representative from each recognized power. Captain Stephen L. Hommedieu Slooem, the United States Military Attaché at Lisbon, has been selected. He was in London today, buying an outfit, and sails Saturday. Colonel Samuel S. Sumner, the United States Military Attaché here, remains in London.

BOERS AROUND LADYSMITH.

London, Nov. 1.—It was announced today in a special dispatch from Ladysmith that the Boers again last night, sending shells into the British camp. The two guns landed from the British cruiser Powerful opened fire on the Boers at dawn Tuesday. The Boers brought up more guns, but some of them were silenced. It is added that the Boers' loss must have been heavy. The garrison of Ladysmith is described as being in good spirits and confident, and the troops are said to be full of fight. The artillery duel was still in progress Tuesday night.

PETITION FOR PEACE.

Berlin, Nov. 1.—The Tagblatt says Count Bothmer, President of the German Peace Societies, has telegraphed to Queen Victoria praying her to accept the mediation of the United States in the war with the Transvaal.

FRA DIAVOLO PLEASED ALL.

A much smaller audience than the production deserved greeted the Boston Lyric last evening. Miss Stanton has the principal part and covered herself with laurels again. The disrobing scene in the second act while it caused in the beginning a certain uneasiness among the audience generally, was so prettily and modestly done as to allay all thought of vulgarity. The finale in this act was the best rendered of all the pretty music and the performers were twice encored.

Fra Diavolo as played by Mr. Hallam was exceeding well done although in the "Serenade" in the second act the high falsetto notes might just as well have been omitted. They gave the appearance of straining the voice.

The parts of Beppo and Giacomo by Messrs Kunkel and Rockwell were amusing and well played there being nothing done to produce a laugh not consistent with the parts portrayed.

The costuming and music were excellent and the choruses beautifully drilled. Tomorrow night "Martha" with Miss Nellie Andrews in the title role will be the production which if it is as well enacted as was the play last evening should draw a large attendance.

PACIFIC HEIGHTS.

Residence Lots on Pacific Heights

ARE NOW OFFERED FOR SALE.

No residence property having similar advantages and attractions, as for healthfulness of location, having an elevation of from 170 to 800 feet, and affording the grandest marine and scenic views; as also its proximity to the business part of the city, being less than a mile from the Progress Block,—has ever before been presented to the people of Honolulu.

One of the main features of this property, and procured at great expense, is the abundant supply of pure spring water, pronounced by Dr. C. B. Wood as being the purest and best drinking water obtainable in the Island, which is now being conducted into storage reservoirs upon the property by an independent pipe line, and will be supplied to residents at Government rates.

OUR GUARANTEE: We guarantee to all purchasers of lots on Pacific Heights, that we will, within six months, provide rapid transportation to the highest lots on the property, connecting the same with the Honolulu Rapid Transit Co.'s line on Pauoa Road, at the beginning of Kauai Drive.

TERMS: 1/3 cash, 1/3 in one year, 1/3 in two years; interest 6 per cent. per annum on deferred payments.

Our carriage will convey parties desiring to inspect the property to and from the same.

For maps and full particulars call at our office, Rooms 7 and 8 Progress Block.

NEW TREATY WITH SPAIN.

Washington, October 29. — An understanding has been reached by which it is expected that negotiations will be opened soon at Madrid for a new treaty between the United States and Spain. This will be the last step toward completely restoring the friendly relations between the two countries. The war with Spain swept the old treaty out of existence and the only international agreement now in existence is the peace treaty, which is confined to the events growing out of the war, and has no reference to commerce, navigation, extradition and other manifold relations between nations in times of peace. The coming negotiations will be for the purpose of forming such a treaty of commerce, amity and friendship.

Paulist Priest for Hawaii.

San Francisco, November 7. — Both priest and painter is the Rev. Father John Wegle, who will sail from here today on the steamship Hongkong Maru. He is going to Hawaii, by special orders of the head of the Paulist Fathers, to devote himself to educational work; among the natives of the various lands, including those at the leper settlement of Molokai. For more than ten years Father John, as he is generally known, has been hard at work as missionary in the Marquesas islands. His work has been attended with extraordinary results, and his transfer to the more important Hawaiian fields is in the nature of a promotion. Father John is of attractive personal appearance. He was in Belgium forty years ago, and for some years studied art in the European cities. He speaks French and German fluently, besides several kanaka and South seas dialects. While in San Francisco for the past few weeks, he painted a striking study of St. Anthony for the French Church of Notre Dame, on Bush street, and he also presented to the Young Men's Society of that church an artistic decoration for the altar of the Sacred Heart.

The International Commercial Congress met to discuss ways and means of increasing commercial interests among nations. There were 350 delegates and 43 nations represented. The meeting was a great success but immediate business results can hardly be expected.

New Shipping Company.

San Francisco, October 31. — The California Shipping Company has been incorporated with a capital of \$1,000,000, of which \$600,000 has been subscribed. The ten ships of the Flint line recently purchased for \$550,000, will be controlled by the new company and possibly a dozen more now managed by W. E. Mighell. The stockholders will meet on the 20th of November to further perfect their organization. San Francisco has secured all her supply of ships from the start from Eastern shipyards.

No Islands for Spain. Washington, Nov. 7.—The positive statement is made here by authority that Spain does not retain possession of a single island in the Philippine archipelago.

There is stated to be no doubt as to the sufficiency of the treaty clause to cede the entire archipelago. If there has been a failure on this point that fact will not rebound to Spain's benefit, for it is held officially that the islands north of the Philippine archipelago belong to Japan.
