(S. F. Call.)

(Continued from Saturday.)

Napoleon III. remained throughout his reign submissively subject to the grand master of the Italian order of Carbonari, which he joined while residing with his mother at Rome. When Napoleon became Emperor he at first imagined himself to be powerful enough to be able to afford to turn a deaf ear to the commands of the Carbonari and to be in a position to sever all further intercourse with them. But they had not the slightest intention of permitting him to become thus unfaithful to his vows of fealty to the order, and after they had instigated several attempts to assassinate him (one of which, commonly known as the Orsini bomb outrage, resulted in the death of a large number of bystanders and in the destruction of the imperial equipage on its way to the opera at Paris) he abandoned all further idea of resistance. He readily obeyed when he received orders from Rome to declare the preposterous war of 1859 against Austria, which, while it profited Italy a great deal, brought France little or nothing except the ill will of Austria, who would otherwise have come to her rescue in 1870. In 1866 again Emperor Napoleon took advantage of the struggle between Austria and Prussia to demand from the latter territorial compensation along the Rhine, threatening otherwise to march to the assistance of Austria, which had just inflicted a crushing defeat upon the Italians at Custozza. Bismarck was on the point of yielding to the demands of Napoleon, the Prussian defeat of Austria having been a very close affair, which had left the victor in a sadly weakened condition. But suddenly the demands of France were withdrawn, and Napoleon contented himself with requesting that the surrender of Venice by Austria to Italy, which Prussia had insisted on, should be made to him. Only after Napoleon's death did people become aware that his inexplicable withdrawal of demands which were about to be conceded to the advantage of France was solely due to the threats and commands which had reached him from his Carbonari associates in Italy. Indeed much that is otherwise incomprehensible in the eighteen years' reign of Napoleon, who was a man of remarkable cleverness, becomes clear as day when it is pointed out that he was constantly forced by the Italian Carbonari to embark upon enterprises and to adopt measures disadvantageous in every respect to France, but calculated to benefit Italy.

(To be continued.)

Fitzgerald Should be Chained.

Labor Commissioner Fitzgerald may be big enough to handle himself on American soil, but when he becomes a self-elected diplomatic representative of this country to Hawaii, he painfully illustrates the difference between ability and absurdity. His threat made to the planters that Congress would oppose annexation if the islanders did not open their arms to the unemployed of the Pacific Coast, who are supposed to be anxiously peering over the bosom of the ocean toward the cane fields of the Hawaiians, was a stretch of the Fitzgerald imagination. Our Labor Commissioner should be chained up in his office, or sent to join the ranks of the unemployed himself.—S. F. News Letter.

MONKEYING WITH PRINCIPLES

THE INDEPENDENT is informed and verily believes, because of the congruity of the action, that "the best government these islands ever had," desiring an expression of public approval of its policy in dealing with the Japanese question, has circulated or caused to be circulated a paper for signatures signifying approval. Having violated its treaty obligations and being called to an accounting, and not being quite sure of the righteousness of its case and desiring a backing, hence the paper and its signatures.

Our "best government" and its supporters should go slow, for they have a treaty that is threatened with a short cut to abrogation. As they are all eminently pious people they must have some acquaintance with an invocation which might read: "That justice we to others show that justice show to us." If Hawaii may violate its treaty of amity and commerce with Japan why may not the United States abrogate its treaty of commercial reciprocity with Hawaii? Hawaii claims that the immigration of Japanese into Hawaii threatens the social and political economies of Hawaii; while the United States claims that a continuance of the reciprocity treaty is a raid upon its Treasury which, if continued, works a wrong to the citizen taxpayers of the United States. You are monkeying with principles, Mr. Dole.

Alleged Brutality.

Hendrickson, an American sailor on the schooner Echo, was under the influence of liquor on Saturday afternoon, and was arrested by Lieutenant Kekai. Bystanders claim that the man, who is terribly bruised, was all brutally ill-treated by the officer and his assistants. Hendrickson is charged with assault on an officer and his case will be heard tomorrow. It is hoped that he will have proper medical attendance in the meantime. Johnson an employee of the Iron Works remonstrating with the officers was arrested and charged with obstructing justice. He is released on a bail of \$250. His case is set for Wednesday.

Sterling Testimonials.

It has seldom been our privilege to peruse such high certificates and valuable testimonials, as those possessed by Mr. Richard John Fenn, the latest addition to the staff of Iolani College. They are contained in 24 printed pages, and show a continued progress in honor and efficiency in scholastic work, including music and special branches, for over thirty years. Mr. Fenn's experience has been very varied in England and the Colonies, and apparently he has been eminently successful in all that he has undertaken. Bishop Willis is to be congratulated upon his acquisition.

Smash Up on the Railway.

About 7:30 this morning the heavy freight train while going into Pearl City met with a serious accident owing to a defective switch. The engine took one line of rails while the tender and cars took the other. This resulted in the engine being bodily thrown over, and the Engineer Coutrill and the fireman being badly bruised and cut. The tender and cars kept the track. Fortunately no explosion occurred or the accident might have been much more serious. The passenger train was delayed about an hour and a half.

DECORATION DAY.

A Splendid Parade, Appropriate Ceremonies and Beautiful Flowers.

On Saturday last progressive Honolulu again excelled all previous efforts in the commemoration of Memorial Day, and the G. A. R. and their associates in arms nobly discharged their duty to those who have joined the greater and grander army now on the eternal shores.

The parade was ably managed throughout without any hitch to mar the spectacular effects or to tax the patience of the onlookers. The marching was excellent throughout, and the solidity of the trained forces of the United States seemed to add spirit and compactness to our own little army of horse and foot, volunteers and regulars, military and civilians. The services at the cemeteries were impressive and solemn and well conducted, and the memorial address of Comrade Col. G. F. Little an able, well considered and delivered effort.

The following members and veterans turned out under the auspices of Post Geo. W. De Long G. A. R.:

R J Greene, C H Eldredge, L L La Pierre, Capt. McDonald (9th Mass), G W Smith, James Teague, A S Hartwell, James Dodd, C James Sherwood, Frank Godfrey, Robert Nelson, S M Dodge, W. F. Williams, Wm H Place, Harry Saylor, W L Easton, J H Thompson, H J Rhodes, Chas Thompson, Gunner Somers, Gilbert F Little, Rev. J M Monroe, S C Wilder, J H Wright, T Sheehao, Fred Sherman, M S Phillips, L Adler, G W Kelly, J D Conn, T H Palmer.

The streets along the line of march, Alakea, Vineyard, School and Nuuanu were thronged at all vantage points, for nearly every store and place of business was closed during the hours of the parade, and every flagstaff had its colors lowered to half-mast. The order of the procession was as follows:

Platoon of Police
 Marshal: C H Eldredge,
 Lieutenant Colonel Fisher and Staff
 Followed by Non Com. Staff
 Hawaiian Band

The Cricket Club Smoker.

The tickets for the Cricket Club Smoker to take place at the American League Headquarters on Thursday evening next, June 3rd, are selling rapidly. The "galaxy of talent" engaged is almost bewildering in its musical immensity and jovial intensity. The church wardens will blow and the liquids flow under the pleasing personal presidency of Dr. Murray whose merry laughter will be as sonorous as his wit is graceful and pungent. Yardley and Marx will bend the tuneful bow, while Chester Doyle, Stanley, Tibbs, Mackintosh, Shanks and others will make the welkin ring with specialties. Other contributors to the entertainment are too numerous to mention. The committeemen in charge (and of the tickets \$1.00) are A. St. M. Mackintosh, W. L. Stanley, L. Ahlo, W. Thompson, H. Herbert, R. Catton, F. Auerbach, H. Vincent, F. Harrison, A. M. Hewitt and Prince Cupid Kalaniana'ole.

THE LEPER SETTLEMENT

The Board of Health Pays Its Semi-Annual Visit to Molokai—The Grand Humanitarian Institution Excellently Conducted.

In former days the Leper Settlement at Molokai was visited once in two years, whenever the Legislature was in session. A committee was appointed by the President of the Legislative Assembly and a general exodus of the committee, other legislators and everyone else having a pull, took place for Molokai.

There, a legislative "spree" was held. A mass meeting was held and the "sea lawyers" of the Settlement and the "lawyers" of the Legislature fired eloquent speeches at each other to the mutual satisfaction of both parties. A dray load of complaints was then produced from the leaders of the lepers, and conveyed to Honolulu in the hold of the steamer together with the "dead legislative marines."

When the legislators had recovered from their sea voyage, they met in the halls of wisdom once more and after a while a voluminous report about the "horrid" condition of the lepers and the Settlement was presented—to the extreme satisfaction of the committee—and the printer, and eventually pigeon-holed to the extreme dissatisfaction of the lepers who were forced to wait another two years for a chance to be heard—and pigeon-holed.

DIFFERENT METHODS.

The present Board of Health has adopted a different and far wiser policy. The Board is now in constant touch with the Settlement. The members understand the conditions thoroughly from frequent personal inspections and when matters pertaining to the Settlement arise each member knows just what he is talking about. The result is that the "mass meetings" have become unnecessary and that the volumes of "complaints" have been relegated to history. There is no "politics in leprosy." We believe that the administrations of the monarchical government were as earnest in devising the best means for the succor of the unfortunate wards of the country as are the administration of the Republic. Rome was not built in one day and there can be no denial that experience has taught the present Board of Health a system which is and ought to be an improvement of that in vogue in past days. Men, women and children suffering from the dread disease are not sent to Molokai as a "punishment" or as a precaution of an unreasonable fear on the part of the Government. The interest of the individual must submit to the welfare of the state, and for the protection of the many the segregation of the few, however, harsh the measure may seem, has been adopted. But the community realizes its duty to the few, and in the hands of the Board of Health the Leper Settlement has now become an institution the like of which cannot be found in the world.

THE VISITORS.

On Thursday evening the 27th inst., the Iwaland left for Molokai. On board her were: W. O. Smith, Dr. N. B. Emerson, C. A. Brown, Charles Wilcox, C. B. Reynolds and Keliipio of the Health Department; Dr. F. A. Hessler, Dr. R. K. Smith, Cade's W. Mettingill, H. I. Cone and T. A. Kearney of the Philadelphia; Dr. C. P. Bagg and Lieutenant G. E. Gelin of the Marion; Dr. T. Kaayano of the Naniwa; Dr. H. C. Sloggett, Dr. B. F. Burgess, Dr. W. T. Monsarrat, Dr. Iga Mori, Rev. A. M. Clarke, the Bishop of Panopolis, Bandmaster Berger, Emil Berger, W. Mutch, H. E. Coleman, Y. Ishikawa and S. Furuya of the Japanese Press, Adams of the Advertiser, Logan of the Bulletin, Shingle of the Star and Norrie of THE INDEPENDENT. Misses Jones and Edwards nurses at the Queen's Hospital were also in the party. A small number of Hawaiians, having important business with relatives at the Settlement were permitted to visit them on this occasion.

KALAUAPAPA.

Early Friday morning the party was landed at Kalauapapa after a very smooth trip. A large number

of residents had gathered at the wharf and the visitors to the "living grave" (which by the way doesn't look like a grave at all) were greeted by the Kalauapapa band. The Right Rev. Bishop of Panopolis, was one of the first to land and after greeting the people proceeded to the church where he celebrated Mass, the church being crowded to its utmost capacity. People who are laboring under the idea that the Leper Settlement on Molokai is a horrid hell hole are suffering under a mistake, undoubtedly unintentionally. Any stranger having read the descriptions of Kalauapapa by morbid tourists or sensational newspaper fakirs would be surprised indeed by watching from the approaching steamer the grim, inaccessible picturesque mountains which surround and enclose an oasis where brightly painted houses and flowery gardens meet the eye, where merry brass bands are playing, flags are flying and in spite of the terrible disease with which the 1,110 inhabitants are infected, a cheerful sentiment prevails and good order rules, under the guidance of the self-sacrificing noble men and women who devote their lives to alleviate the sufferings of their unfortunate fellow men.

THE BISHOP HOME.

Hawaii can boast of many philanthropists. Highest in the rank among our private citizens stands Mr. C. B. Bishop who, although no longer a resident of Honolulu, has never forgotten the country that for many years gave him wealth and happiness. Among his many donations we doubt that any has done more general good than the establishment of the Bishop Home for girls at Kalauapapa. The moral conditions of the Settlement prior to Mr. Bishop's munificent gift was frightful. Despairing men, women, boys and girls, huddled together without hope and indifferent to life here or hereafter, created a perfect Pandemonium. Few hospitals can produce a ward similar to the picturesque Bishop Home where 125 young, unprotected leprosy girls and a number of old women unable through disease to care for themselves are cared for by the devoted Sisters of Charity. The beautiful gardens which are now the pride of the poor girls, the scrupulously clean cottages and other buildings show that the minds of the inmates are occupied, and that in spite of the disease they have ceased to lie down bemoaning their fate, but yet find pleasure in life. Reader, if you had seen those poor girls "splitting their sides with laughing" when C. A. Brown, dressed in knickerbockers and the rest of the bicycle outfit, gave an exhibition on his wheel, you would have thought it was a merry class of merry girls in an ordinary school. If you had seen them flocking around the piano to hear Prof. Berger hammering our popular tunes, and applauding him with a will, it would be hard to believe that you were in the dreaded Leper Settlement on Molokai. Before leaving Kalauapapa the party visited the beautiful granite monument erected to the memory of Father Damien by the people of England. It is a noble structure in honor of a noble man.

KALAUAPAPA.

Horses were now procured and the party set out for Kalawao which is about two miles distant from Kalauapapa. Horseback riding did not agree with all the visitors and one gentleman used four horses, one mule and two kanakas for his journey to and from Kalawao. When he gets home he will join the Mikado's cavalry. The road to Kalawao is in an excellent condition. Brown rode over it on his wheel and Dr. Oliver finds it as good a carriage road as seen anywhere in the country districts. At Kalawao a forest nursery has been started and the young trees seem to do very well. Fencing is needed to keep the cattle out and if sufficient water can be obtained there are prospects for a much needed forest arising on the mountain slope.

THE BALDWIN HOME.

The noble example set by Mr. Bishop has been followed by another philanthropist, Mr. Henry P. Baldwin, of Haiku, Maui, who a few years ago donated a large amount of money for the erection of a Home for leprosy boys. We don't know whether Mr. Baldwin recently has visited the Settlement but we know that the condition and appearance of his home would cause him the greatest satisfaction and that he would consider his donation well spent indeed. Under the ceaseless care of Brother Dutton and his help-mates of the same Christian order, the wilderness has disappeared and a fertile picturesque garden spot has been created. An immense lawn that would be the envy of many of our local magnates is surrounded by cosy cottages on the three sides and at the makai side the pretty houses occupied by the

brothers finish the square. Wherever the Baldwin Home is inspected the most scrupulous systematic order is visible. To keep 130 diseased men at work and under a perfect discipline is a task that few would undertake and fewer could accomplish. But these devoted brothers who work for glory (to come) and not for dollars have fulfilled their task. Kalawao can also boast of a band and Prof. Berger took pleasure in spending two hours with the boys teaching them with some new pieces and given them pointers. The band boys are enthusiastic and their music is highly appreciated by their fellow sufferers. But even on Molokai among the disfigured poor boys human vanity is not dead. The Kalawao band asks for white uniforms, like their colleagues at Kalauapapa have. The Board of Health cannot grant an appropriation for such a purpose, but we believe that there are kind people enough in Honolulu willing to donate a little to make the boys of the Kalawao band happy by getting uniforms and yet more by being convinced that they are not out of mind although out of sight. The amount needed will probably be \$150. The secretary of the Board of Health and the newspaper offices will gladly accept any donations for "Uniforms for the Kalawao Band."

Father Damien's grave next to the Catholic Church was kept in a manner showing that loving hands are still honoring the dead martyr. Father Pamphile, the brother of Father Damien, is the priest at Kalawao. He is a studious recluse devoting his activity to spiritual rather than to mundane matters.

GENERAL IMPRESSION.

After the visit to Kalawao the party returned to Kalauapapa. Several visitors called at Dr. Oliver's beautiful residence, and a trip was also taken by some to the slaughter house. The beef there certainly justified some complaints in regard to the meat furnished the lepers. It would probably be wise and justifiable to pay a little more for good cattle than giving the poor people the slightest just cause for complaint.

A number of the visitors rode up to the "crater" and looked into the unfathomable water at the bottom of it.

Returning to Kalauapapa a refreshing luncheon was served at the office of the Board of Health, where after a meeting of the Board was held where administrative matters were discussed. Very few "complaints" were heard. Of course there was a little grumbling now and then. It cannot be expected that 1100 sick and mostly ignorant people should exist without one or more kickers.

Somebody wanted a poi factory, another complained that the store charges too much "profit," then again there was a growl over the quality of beef, and then someone wanted paint for a house, or a fence or other similar trivial items. The Board granted the requests whenever reasonable and took other matters into consideration. Here is where the advantages of frequent visits to the Settlement show.

Water however is needed. A 12in. main pipe from Waikolu ought to be built and Kalawao as well as Kalauapapa would have a supply which would turn the fertile lands into use. The grave problem with which the Board of Health has to deal is the question of fuel. The expense of sending fuel from other districts would simply be enormous and without sufficient water it is useless to attempt planting trees. The sides of the mountains formerly covered with trees are as bare as a rock and the distance and difficulties connected with procuring fire wood are getting greater every year. Let us hope that the Legislature will appropriate sufficient money at the earliest date, and that money will be available to improve the waterworks at the Settlement.

In conclusion let the community join in congratulating the Board of Health in its clever, economical and fair administration of an institution, based on a principle praised but never yet adopted by any country in the world. And let us all join in helping the poor lepers exiled for the benefit of Hawaii nei.

(Continued from Saturday.)

Napoleon III. remained throughout his reign submissively subject to the grand master of the Italian order of Carbonari, which he joined while residing with his mother at Rome. When Napoleon became Emperor he at first imagined himself to be powerful enough to be able to afford to turn a deaf ear to the commands of the Carbonari and to be in a position to sever all further intercourse with them. But they had not the slightest intention of permitting him to become thus unfaithful to his vows of fealty to the order, and after they had instigated several attempts to assassinate him (one of which, commonly known as the Orsini bomb outrage, resulted in the death of a large number of bystanders and in the destruction of the imperial equipage on its way to the opera at Paris) he abandoned all further idea of resistance. He readily obeyed when he received orders from Rome to declare the preposterous war of 1859 against Austria, which, while it profited Italy a great deal, brought France little or nothing except the ill will of Austria, who would otherwise have come to her rescue in 1870. In 1866 again Emperor Napoleon took advantage of the struggle between Austria and Prussia to demand from the latter territorial compensation along the Rhine, threatening otherwise to march to the assistance of Austria, which had just inflicted a crushing defeat upon the Italians at Custozza. Bismarck was on the point of yielding to the demands of Napoleon, the Prussian defeat of Austria having been a very close affair, which had left the victor in a sadly weakened condition. But suddenly the demands of France were withdrawn, and Napoleon contented himself with requesting that the surrender of Venice by Austria to Italy, which Prussia had insisted on, should be made to him. Only after Napoleon's death did people become aware that his inexplicable withdrawal of demands which were about to be conceded to the advantage of France was solely due to the threats and commands which had reached him from his Carbonari associates in Italy. Indeed much that is otherwise incomprehensible in the eighteen years' reign of Napoleon, who was a man of remarkable cleverness, becomes clear as day when it is pointed out that he was constantly forced by the Italian Carbonari to embark upon enterprises and to adopt measures disadvantageous in every respect to France, but calculated to benefit Italy.

(To be continued.)

Fitzgerald Should be Chained.

Labor Commissioner Fitzgerald may be big enough to handle himself on American soil, but when he becomes a self-elected diplomatic representative of this country to Hawaii, he painfully illustrates the difference between ability and absurdity. His threat made to the planters that Congress would oppose annexation if the islanders did not open their arms to the unemployed of the Pacific Coast, who are supposed to be anxiously peering over the bosom of the ocean toward the cane fields of the Hawaiians, was a stretch of the Fitzgerald imagination. Our Labor Commissioner should be chained up in his office, or sent to join the ranks of the unemployed himself.—S. F. News Letter.

MONKEYING WITH PRINCIPLES

THE INDEPENDENT is informed and verily believes, because of the congruity of the action, that "the best government these islands ever had," desiring an expression of public approval of its policy in dealing with the Japanese question, has circulated or caused to be circulated a paper for signatures signifying approval. Having violated its treaty obligations and being called to an accounting, and not being quite sure of the righteousness of its case and desiring a backing, hence the paper and its signatures.

Our "best government" and its supporters should go slow, for they have a treaty that is threatened with a short cut to abrogation. As they are all eminently pious people they must have some acquaintance with an invocation which might read: "That justice we to others show that justice show to us." If Hawaii may violate its treaty of amity and commerce with Japan why may not the United States abrogate its treaty of commercial reciprocity with Hawaii? Hawaii claims that the immigration of Japanese into Hawaii threatens the social and political economies of Hawaii; while the United States claims that a continuance of the reciprocity treaty is a raid upon its Treasury which, if continued, works a wrong to the citizen taxpayers of the United States. You are monkeying with principles, Mr. Dole.

Alleged Brutality.

Hendrickson, an American sailor on the schooner Echo, was under the influence of liquor on Saturday afternoon, and was arrested by Lieutenant Kekai. Bystanders claim that the man, who is terribly bruised, was all brutally ill-treated by the officer and his assistants. Hendrickson is charged with assault on an officer and his case will be heard tomorrow. It is hoped that he will have proper medical attendance in the meantime. Johnson an employee of the Iron Works remonstrating with the officers was arrested and charged with obstructing justice. He is released on a bail of \$250. His case is set for Wednesday.

Sterling Testimonials.

It has seldom been our privilege to peruse such high certificates and valuable testimonials, as those possessed by Mr. Richard John Fenn, the latest addition to the staff of Iolani College. They are contained in 24 printed pages, and show a continued progress in honor and efficiency in scholastic work, including music and special branches, for over thirty years. Mr. Fenn's experience has been very varied in England and the Colonies, and apparently he has been eminently successful in all that he has undertaken. Bishop Willis is to be congratulated upon his acquisition.

Smash Up on the Railway.

About 7:30 this morning the heavy freight train while going into Pearl City met with a serious accident owing to a defective switch. The engine took one line of rails while the tender and cars took the other. This resulted in the engine being bodily thrown over, and the Engineer Coutrell and the fireman being badly bruised and cut. The tender and cars kept the track. Fortunately no explosion occurred or the accident might have been much more serious. The passenger train was delayed about an hour and a half.

DECORATION DAY.

A Splendid Parade, Appropriate Ceremonies and Beautiful Flowers

On Saturday last progressive Honolulu again excelled all previous efforts in the commemoration of Memorial Day, and the G. A. R. and their associates in arms nobly discharged their duty to those who have joined the greater and grander army now on the eternal shores.

The parade was ably managed throughout without any hitch to mar the spectacular effects or to tax the patience of the onlookers. The marching was excellent throughout, and the solidity of the trained forces of the United States seemed to add spirit and compactness to our own little army of horse and foot, volunteers and regulars, military and civilians. The services at the cemeteries were impressive and solemn and well conducted, and the memorial address of Comrade Col. G. F. Little an able, well considered and delivered effort.

The following members and veterans turned out under the auspices of Post Geo. W. De Long G. A. R.:

- R J Greene, C H Eldredge, L L La Pierre, Capt. McDonald (9th Mass), G W Smith, James Teague, A S Hartwell, James Dodd, C James Sherwood, Frank Godfrey, Robert Nelson, S M Dodge, W. F. Williams, Wm H Place, Harry Saylor, W L Eaton, J H Thompson, H J Rhodes, Chas Thompson, Gunner Somers, Gilbert F Little, Rev. J M Monroe, S C Wilder, J H Wright, T Sheehan, Fred Sherman, M S Phillips, L Adler, G W Kelly, J D Conn, T H Palmer.

The streets along the line of march, Alakea, Vineyard, School and Nuuanu were thronged at all vantage points, for nearly every store and place of business was closed during the hours of the parade, and every flagstaff had its colors lowered to half-mast. The order of the procession was as follows:

- Platoon of Police
- Marshal: C H Eldredge,
- Lieutenant Colonel Fisher and Staff
- Followed by Non-Com. Staff
- Hawaiian Band
- First Regiment, N G H
- U S Naval Battalion, 10 Companies

The Cricket Club Smoker.

The tickets for the Cricket Club Smoker to take place at the American League Headquarters on Thursday evening next, June 3rd, are selling rapidly. The "galaxy of talent" engaged is almost bewildering in its musical immensity and jovial intensity. The church wardens will blow and the liquids flow under the pleasing personal presidency of Dr. Murray whose merry laughter will be as sonorous as his wit is graceful and pungent. Yandley and Marx will bend the tuneful bow, while Chester Doyle, Stanley, Tibbs, Mackintosh, Shanks and others will make the welkin ring with specialties. Other contributors to the entertainment are too numerous to mention. The committeemen in charge (and of the tickets \$1.00) are A. St. M. Mackintosh, W. L. Stanley, L. Ahlo, W. Thompson, H. Herbert, R. Catton, F. Auerbach, H. Vincent, F. Harrison, A. M. Hewitt and Prince Cupid Kalaniana'ole.

FRUIT THATS OVER-RIPE

is hardly worth the picking, and even when it is in its prime it requires delicate handling lest the beautiful bloom upon it be tarnished by indelicate hands. We are not in the garden of Hesperides where the gods would pelt us with golden apples, but we are here in another fruit paradise where we can gather the fruit in a prettily designed lotus leaf shaped WIRE FRUIT PICKER, absolutely uninjured. Try it for 50 cents and when you are tired of it turn it into a flower basket.

It is time for our British friends to hasten up with their contributions towards the Diamond Jubilee celebration. The treasurers are always at their command.

Just think of it, and in Honolulu, too. "Ten girls and no husband." That's the kind of musical story Berger is going to give us this evening at the Emma Square concert.

L. B. Kerr opened his reduction sale this morning. The bargains he offers are unprecedented and his patrons are rushing to avail themselves of them. Don't get there too late.

Minister King and his hold-back, Mr. Rowell of the many-irons in the fire, have returned from Hilo in excellent health, ready to commence more new jobs before the old are completed.

Jim Doyle, yard master of the O. R. & L. Co., had his hand badly crushed on Saturday while switching cars, and suffers intense pain. He is under Dr. Wayson's treatment and progressing favorably.

The U. S. S. Adams sailed for Seattle on Saturday afternoon. The boys behaved themselves very well in port, and many of them will prove useful additions to the navy and a few of them will make their mark.

On Saturday afternoon a careless Japanese ran under the horses of H. B. Commissioner Hawes and was thrown down. The man was driven in the carriage to a physician's where it was ascertained that his injuries were not serious.

The boat boys are anxious to pull a race against all comers in anything from a pair oared to a 14-oared barge or cutter. Now let some one give them a chance. There is the British celebration which will afford an opportunity.

Marksmen Burnette did some excellent shooting at Kakaako on Saturday. Having started out with two 4's he added eight 5's, and then for fun put together two more 5's, although they did not count in his practice score they do honor to his skill.

The Coptic arrived this morning early, and sails at 5 o'clock this afternoon. She brought a clean bill of health, and 538 Chinese, of whom 300 are contract laborers, who are now at the Quarantine grounds. All cabin passengers were at once granted the freedom the city.

The elaborate work of twenty-two days on the address to Queen Victoria has severely strained Viggo Jacobsen's eyesight, and he has been imperatively warned to desist from his line of work for several days. He desires a little indulgence with the orders entrusted to his care for this reason alone.

THE LEPER SETTLEMENT

The Board of Health Pays Its Semi-Annual Visit to Molokai—The Grand Humanitarian Institution Excellently Conducted.

In former days the Leper Settlement at Molokai was visited once in two years, whenever the Legislature was in session. A committee was appointed by the President of the Legislative Assembly and a general exodus of the committee, other legislators and everyone else having a pull, took place for Molokai.

There, a legislative "spree" was held. A mass meeting was held and the "sea lawyers" of the Settlement and the "lawyers" of the Legislature fired eloquent speeches at each other to the mutual satisfaction of both parties. A dray load of complaints was then produced from the leaders of the lepers, and conveyed to Honolulu in the hold of the steamer together with the "dead legislative marines."

When the legislators had recovered from their sea voyage, they met in the halls of wisdom once more and after a while a voluminous report about the "horrid" condition of the lepers and the Settlement was presented—to the extreme satisfaction of the committee—and the printer, and eventually pigeon-holed to the extreme dissatisfaction of the lepers who were forced to wait another two years for a chance to be heard—and pigeon-holed.

DIFFERENT METHODS.

The present Board of Health has adopted a different and far wiser policy. The Board is now in constant touch with the Settlement. The members understand the conditions thoroughly from frequent personal inspections and when matters pertaining to the Settlement arise each member knows just what he is talking about. The result is that the "mass meetings" have become unnecessary and that the volumes of "complaints" have been relegated to history. There is no "politics in leprosy." We believe that the administrations of the monarchical government were as earnest in devising the best means for the succor of the unfortunate wards of the country as are the administration of the Republic. Rome was not built in one day and there can be no denial that experience has taught the present Board of Health a system which is and ought to be an improvement of that in vogue in past days. Men, women and children suffering from the dread disease are not sent to Molokai as a "punishment" or as a precaution of an unreasonable fear on the part of the Government. The interest of the individual must submit to the welfare of the state, and for the protection of the many the segregation of the few, however, harsh the measure may seem, has been adopted. But the community realizes its duty to the few, and in the hands of the Board of Health the Leper Settlement has now become an institution the like of which cannot be found in the world.

THE VISITORS.

On Thursday evening the 27th inst., the Iwalani left for Molokai. On board her were: W. O. Smith, Dr. N. B. Emerson, C. A. Brown, Charles Wilcox, C. B. Reynolds and Keliipio of the Health Department; Dr. F. A. Hesler, Dr. R. K. Smith, Cadets W. Mettingill, H. I. Cone and T. A. Kearney of the Philadelphia; Dr. C. P. Bagg and Lieutenant G. E. Golin of the Marion; Dr. T. Kaayano of the Naniwa; Dr. H. C. Sloggett, Dr. B. F. Burgess, Dr. W. T. Monsarrat, Dr. Iga Mori, Rev. A. M. Clarke, the Bishop of Paopoli, Bandmaster Berger, Emil Berger, W. Muteh, H. E. Coleman, Y. Ishikawa and S. Furuya of the Japanese Press, Adams of the Advertiser, Logan of the Bulletin, Shingle of the Star and Norrie of the Independent. Misses Jones and Edwards nurses at the Queen's Hospital were also in the party. A small number of Hawaiians, having important business with relatives at the Settlement were permitted to visit them on this occasion.

KALAWAO.

Early Friday morning the party was landed at Kalawao after a very smooth trip. A large number

of residents had gathered at the wharf and the visitors to the "living grave" (which by the way doesn't look like a grave at all) were greeted by the Kalawao band. The Right Rev. Bishop of Paopoli, was one of the first to land and after greeting the people proceeded to the church where he celebrated Mass, the church being crowded to its utmost capacity. People who are laboring under the idea that the Leper Settlement on Molokai is a horrid hell hole are suffering under a mistake, undoubtedly unintentionally. Any stranger having read the descriptions of Kalawao by morbid tourists or sensational newspaper fakirs would be surprised indeed by watching from the approaching steamer the grim, inaccessible picturesque mountains which surround and enclose an oasis where brightly painted houses and flowery gardens meet the eye, where merry brass bands are playing, flags are flying and in spite of the terrible disease with which the 1,110 inhabitants are infected, a cheerful sentiment prevails and good order rules, under the guidance of the self-sacrificing noble men and women who devote their lives to alleviate the sufferings of their unfortunate fellow-men.

THE BISHOP HOME.

Hawaii can boast of many philanthropists. Highest in the rank among our private citizens stands Mr. C. R. Bishop who, although no longer a resident of Honolulu, has never forgotten the country that for many years gave him wealth and happiness. Among his many donations we doubt that any has done more general good than the establishment of the Bishop Home for girls at Kalawao. The moral conditions of the Settlement prior to Mr. Bishop's munificent gift was frightful. Despairing men, women, boys and girls, huddled together without hope and indifferent to life here or hereafter, created a perfect Pandemonium. Few hospitals can produce a ward similar to the picturesque Bishop Home where 125 young, unprotected leprosy girls and a number of old women unable through disease to care for themselves are cared for by the devoted Sisters of Charity. The beautiful gardens which are now the pride of the poor girls, the scrupulously clean cottages and other buildings show that the minds of the inmates are occupied, and that in spite of the disease they have ceased to lie down bemoaning their fate, but yet find pleasure in life. Reader, if you had seen those poor girls "splitting their sides with laughing" when C. A. Brown, dressed in knickerbockers and the rest of the bicycle outfit, gave an exhibition on his wheel, you would have thought it was a merry class of merry girls in an ordinary school. If you had seen them flocking around the piano to hear Prof. Berger hammering our popular tunes, and applauding him with a will, it would be hard to believe that you were in the dreaded Leper Settlement on Molokai. Before leaving Kalawao the party visited the beautiful granite monument erected to the memory of Father Damien by the people of England. It is a noble structure in honor of a noble man.

KALAWAO.

Horses were now procured and the party set out for Kalawao which is about two miles distant from Kalawao. Horseback riding did not agree with all the visitors and one gentleman used four horses, one mule and two kanakas for his journey to and from Kalawao. When he gets home he will join the Mikado's cavalry. The road to Kalawao is in an excellent condition. Brown rode over it on his wheel and Dr. Oliver finds it as good a carriage road as seen anywhere in the country districts. At Kalawao a forest nursery has been started and the young trees seem to do very well. Fencing is needed to keep the cattle out and if sufficient water can be obtained there are prospects for a much needed forest arising on the mountain slope.

THE BALDWIN HOME.

The noble example set by Mr. Bishop has been followed by another philanthropist, Mr. Henry P. Baldwin, of Haiku, Maui, who a few years ago donated a large amount of money for the erection of a Home for leprosy boys. We don't know whether Mr. Baldwin recently has visited the Settlement but we know that the condition and appearance of his home would cause him the greatest satisfaction and that he would consider his donation well spent indeed. Under the ceaseless care of Brother Dutton and his help-mates of the same Christian order, the wilderness has disappeared and a fertile picturesque garden spot has been created. An immense lawn that would be the envy of many of our local magnates is surrounded by cosy cottages on the three sides and at the makai side the pretty houses occupied by the

brothers finish the square. Wherever the Baldwin Home is inspected the most scrupulous systematic order is visible. To keep 130 diseased men at work and under a perfect discipline is a task that few would undertake and fewer could accomplish. But these devoted brothers who work for glory (to come) and not for dollars have fulfilled their task. Kalawao can also boast of a band and Prof. Berger took pleasure in spending two hours with the boys teaching them with some new pieces and given them pointers. The band boys are enthusiastic and their music is highly appreciated by their fellow sufferers. But even on Molokai among the disfigured poor boys human vanity is not dead. The Kalawao band asks for white uniforms, like their colleagues at Kalawao have. The Board of Health cannot grant an appropriation for such a purpose, but we believe that there are kind people enough in Honolulu willing to donate a little to make the boys of the Kalawao band happy by getting uniforms and yet more by being convinced that they are not out of mind although out of sight. The amount needed will probably be \$150. The secretary of the Board of Health and the newspaper offices will gladly accept any donations for "Uniforms for the Kalawao Band."

Father Damien's grave next to the Catholic Church was kept in a manner showing that loving hands are still honoring the dead martyr. Father Pamphile, the brother of Father Damien, is the priest at Kalawao. He is a studious recluse devoting his activity to spiritual rather than to mundane matters.

GENERAL IMPRESSION.

After the visit to Kalawao the party returned to Kalawao. Several visitors called at Dr. Oliver's beautiful residence, and a trip was also taken by some to the slaughter house. The beef there certainly justified some complaints in regard to the meat furnished the lepers. It would probably be wise and justifiable to pay a little more for good cattle than giving the poor people the slightest just cause for complaint.

A number of the visitors rode up to the "crater" and looked into the unfathomable water at the bottom of it.

Returning to Kalawao a refreshing luncheon was served at the office of the Board of Health, where after a meeting of the Board was held where administrative matters were discussed. Very few "complaints" were heard. Of course there was a little grumbling now and then. It cannot be expected that 1100 sick and mostly ignorant people should exist without one or more kickers.

Somebody wanted a poi factory, another complained that the store charges too much "profit," then again there was a growl over the quality of beef, and then someone wanted paint for a house, or a fence or other similar trivial items. The Board granted the requests whenever reasonable and took other matters into consideration. Here is where the advantages of frequent visits to the Settlement show.

Water however is needed. A 12in. main pipe from Waikolu ought to be built and Kalawao as well as Kalawao would have a supply which would turn the fertile lands into use. The grave problem with which the Board of Health has to deal is the question of fuel. The expense of sending fuel from other districts would simply be enormous and without sufficient water it is useless to attempt planting trees. The sides of the mountains formerly covered with trees are as bare as a rock and the distance and difficulties connected with procuring fire wood are getting greater every year. Let us hope that the Legislature will appropriate sufficient money at the earliest date, and that money will be available to improve the waterworks at the Settlement.

In conclusion let the community join us in congratulating the Board of Health in its clever, economical and fair administration of an institution, based on a principle praised but never yet adopted by any country in the world. And let us all join in helping the poor lepers exiled for the benefit of Hawaii nei.

HAGEY SOCIAL CLUB.

A Broader Constitution Adopted—Officers Nominated for Next Saturday's Election.

Under the able management of President Harrison and Secretary R. S. Scrimgeour, and the generous impulses of the Directors of the Institute, the Hagey Social Club, in its handsome and convenient new quarters on Beretania street, is assuming such solid proportions that it has been deemed advisable to broaden out its field of pleasant usefulness.

Accordingly last month a committee of fifteen was appointed to prepare a new constitution and by-laws for the Club. At the regular meeting on Saturday evening, at which nearly fifty members were present these were unanimously adopted.

The principles and objects of this Association are: Total abstinence from all intoxicants, including the use of opium, morphine, cocaine or other pernicious and deleterious drugs; but the use of tobacco is permitted; Good fellowship, brotherly feeling and mutual assistance to each other, irrespective of race, color, condition, or politics.

There are three classes of membership, active, honorary, and life, all of whom have the same privileges, even to participating in debates and voting. Active and honorary members must be total abstainers in conformity with the principles of the Association. Life members are donors of \$50, or the equivalent in books, etc., or articles of use or ornament. Officers are elected semi-annually. Dues are 50 cents a month, and the initiation fee for honorary members \$1, with the same dues as active members. The club now has a piano, a billiard table and pool table, card tables and other attractions, but for the present a small library, but that will increase.

The following members were placed in nomination for election at next Saturday's meeting, until which date the nominations remain open and several changes will be made, as several of the leading nominees prefer to serve on the floor to assist the to be newly elected officers in their duties. For president, Robert S. Scrimgeour, W. Horace Wright, Allan B. Scrimgeour; vice-president, J. G. M. Sheldon, J. Mahiai Kaneakua; secretary, Chas. Henry White, Frank Metcalfe; treasurer, A. B. Scrimgeour, W. H. Manning, J. B. Weatherbee, Chas. Lind; sergeant-at-arms, W. C. Lounsbury. Executive and Relief Committee, W. Horace Wright, Frank Metcalfe, Chas. Lind, J. T. Copeland, J. K. Stewart, J. W. Yandley and G. R. Harrison. The president and treasurer are members of this committee by virtue of their office.

All friends of the association are welcome at all times to the club parlors until the installation of the new officers when an introduction by a member will be required. The club now numbers over sixty members.

Sharkey Will Defeat Maher.

"There can be no doubt," says a prominent sportsman, "that Sharkey will defeat Maher when they meet at the end of this month." If this prophecy comes out correct the Sailor's victory can be attributed to the fact that he "rubs" his inner man down with the fine brand of O. P. S. whiskey now imported here by J. H. Lovejoy & Co., and cools off on pure Seattle beer, which wholesome beverages are now being served at the Anchor Saloon.

Only Enterprise.

The first question put to Jim Dodd by the pilot yesterday, on board of the Australia was "did you bring a cable?" The next question was, "Jim, did you go to Washington?" Then came, "how about annexation?" Jim looked mysterious. He winked a wink and then he said: "Come up boys to the Pantheon, and I will tell you all about my Enterprise" and the boys are coming.

IT IS PURE.

Rainier beer is not injurious to the weakest organization, but promotes health and strength and preserves it. As a wholesome tonic it has NO EQUAL. On tap or in bottles at the Criterion Saloon.

BUSINESS LOCALS.

Mens Hats at 25 and 35 cents each at Kerr's.

Mens ready made pants at \$1 per pair at Kerr's.

Sachs is selling 25 yards of Brown Cotton for \$1.00.

Mens Suits ready to wear at \$4.25 the suit at Kerr's.

All Silk Neckties, made up and to tie 2 for 25c. at Kerr's.

Flannelettes 16 yards for \$1.00, Night Gowns for 50 cents, and Ladies Chemises 3 for \$1.00 at N. S. Sachs.

H. Carl, one of the most expert barbers in Honolulu, is now to be found at the tonsorial parlors of M. A. Peixoto, at the Union Art Gallery Lane.

Buffalo Beer, half and half, with the best of ambrosial brews rule at the Pacific Saloon. The checks are transferable at the Royal and Cosmopolitan.

The only place in town to get genuine Cambridge Pork Sausages is at Jos. Tinker's City Meat Market, Nuuanu street, opposite Chaplain Lane. Telephone 289.

Ned Doyle at the Cosmopolitan is recommending the celebrated Putnam's Blackberry Brandy, a tonic which is unrivalled, assisted by Jim Thompson formerly of the S. S. Australia an excellent "half and half" is served to the thirsty customers of the Cosmopolitan.

One ounce of prevention is better than ten ounces of cure. The Empire boasts of infallible remedies against the varioloid. Wieland beer or draft beats vaccination, and Doctor Charlie Andrew presides over the finest stock of "remedies" that can be found in town. All for medicinal purposes—and cash.

Jurors as a rule get out nowadays very late in the evening. In the morning the wise men who have been drinking the ice water of the Supreme Court and eating dry sandwiches need something to clear their throats. That is the reason why the Pacific Saloon serves Rock and Rye every morning to the "rocky" who walk through the Rye.
