IN PREVENTION OF CRUELTY

Glance at the Work of the Humane Officer During the Year.

There Have Been Forty-four Prosecutions Under the Law—Convictions and Effect—Notable Reforms Brought by Mrs. Craft.

The annual report of the Honolulu Society for the Prevention of Cruelty to Animals could be only the record of the keen watchfulness and effective work of Mrs. Helen Wilder Craft...

As time goes on Mrs. Craft seems to become more and more devoted to the work. She has always been known as one of ready sympathies, and being a person of practical turn, there is nothing of the faddist about her methods...

Mrs. Helen Wilder Craft gives much of her own time to what she considers her duties as Humane Officer, and in the performance of these duties is sharp-eyed and courageous and if it is a matter of money is as liberal with her own funds as in any good cause.

When Mrs. Craft went to the Coast last summer a man who had been assigned as her aide was found inefficient and was dismissed. Returning to the Islands she secured as orderly, Apana, a Chinese boy who had been in her employ and who, in the Police Department is rated a bicycle patrolman.

It is part of the self-imposed task of the Humane Officer to frequently inspect in and around Honolulu the stables and corrals holding live stock. By this no little reform has been brought about. In one instance draft animals found to have cobble stones for stall floors now have straw provided on a smooth surface.

During 1899 there were a number of proceedings against men driving draft animals with harness sores and the drivers are quick to learn that it is dangerous to themselves to use a horse or mule with a sore back or neck, and better still many of them are looking into harness methods with a view to avoiding the chafing of the skins of animals.

The blackest chapter in the book of the Humane Officer for the year is the story of the gouging out of a horse's eye by a native man. The fellow was crazy drunk, became infuriated at the horse and taking a spur savagely inflicted wounds that most painfully destroyed the eye.

It is not very long ago that Mrs. Craft heard that some Chinese were in the habit of plucking feathers from live fowl. She put a stop to this promptly by making out cases against two men. They were sent to prison for twenty days.

In following up one case with her usual determination, Mrs. Craft found it necessary to arrest a Tram company driver, herself taking the man from his car to the Police Station. Out of this happening grew a damage suit for \$5,000 against the Humane Officer.

The Humane Officer, next to mentioning the generous citizens who show their sympathy and confidence, and her aide, desires that credit be given Marshal A. M. Brown and Magistrate Wilcox and the legal department generally and the police as a whole for cooperation and assistance in forwarding the mission of the Society for the Pre-

vention of Cruelty to Animals. There is law against cruelty, but no special fund for enforcement of the statute.

Court records show that in 1899 there have been forty-four arrests by the Humane Officer or at her instigation, and 500 investigations. Nearly, if not quite all of these prisoners have been prosecuted by Deputy Marshal Chillingworth, who says: "The convictions have been fully 90 per cent showing caution in proceedings on the part of Mrs. Craft. Judge Wilcox has not been at all lenient with offenders. The moral effect of the work has been most wholesome. Effect is shown right in Honolulu, it being a rare thing indeed now to see a bruised or lame horse in harness, and cases of cruelty to any animals are becoming fewer."

IMPORTANT LAND SUITS

There has just been placed on file in the Circuit Court of the First Circuit a suit which has been anticipated for several months past by which is brought into litigation all the lands now entrusted to the care of the corporation known as the Queen's Hospital. The suit is brought by C. K. C. Cooke, a close relative of the father of the late Queen Emma, through his attorney-in-fact, T. M. Swansey, of Theo. H. Davies & Co.

It is claimed by the plaintiff that the defendant has, unjustly and contrary to law and the rights of the plaintiff, taken into its possession and converted to its use and occupation certain lands in Honolulu situated on Fort, Hotel, Nuuanu and Queen streets and at Niolopa (Nuuanu valley), Puunui and Waolani. The land is minutely described and takes in some of the most valuable property in and about this city.

Another big suit in the Circuit Courts of all the Islands, Kauai excepted, is that of Lucy K. Peabody vs the following action to quiet title.

1. R. A. Lyman, T. S. Lyman, W. S. Terry and R. A. Lyman, Jr. Plaintiffs of Kula and Halekamakina, Island of Hawaii.

2. S. B. Dole, C. M. Cooke, Henry Holmes, C. M. Hyde, J. O. Carter, S. M. Damon, W. F. Allen, W. O. Smith, Trustees of the Bernice Pauahi Bishop Monah Kulaniana'ole. Lands at Waipio, Island of Hawaii.

3. Walluku Sugar Co. Lands at Kaohu, Waialua, Maui.

4. Kailua Coffee Co. Lands at Kailua, Kona, Hawaii.

5. S. W. Wilcox and J. B. Castle. Land at Pelekunu, Molokai.

6. Samuel Parker and P. C. Jones. Land at Kalahaupia, Hawaii.

7. Pioneer Mill Co. Land at Lahaina.

8. Kipahulu Sugar Co. Land at Kipahulu, Maui.

9. H. R. Macfarlane, F. W. Macfarlane, J. M. Dowsett in their own right as executors under the last will and testament of H. A. Widemann, deceased, Emma Macfarlane, Patti Berger, Carl Widemann, Hermann Widemann, Anna Widemann, Gertrude Lang and W. Lang, her husband, Alwine Conrad and Christian C. Conrad, her husband. Land at Panoo, Honolulu and at Ukumehame.

10. Hoakalei Kamaoaha and J. Friedlander. Land at Kona, Hawaii.

Engagement Announced. The engagement has been announced between Robert Frederic Lange of this city and Alys Maud Danford, third daughter of Lady Anna Herron.

THE CARSON MAY BE SAVED

Eleu Gets the Wreck Within a Mile of the Port.

Further Assistance of Iroquois Refused—May Be Beached Near Harbor—Proved to Be Well Built Ship.

The tug left the wreck of the William Carson at 2:30 o'clock to come in after coal. The Lehua remained by her with a line attached.

The William Carson was found yesterday morning by the tug Eleu still floating on her starboard side. After many attempts a line was finally made fast, and the steamer Lehua and the tug Iroquois having also arrived on the scene they proceeded to take hold. The latter finally returned to port leaving the Eleu to do the work alone.

After towing all night and the greater part of today the tug had managed to bring the wreck up to a position one mile out from the bell buoy where she remains at present awaiting assistance, as a request had been made of Commander Merry to have the Iroquois sent out. This seems to be the only chance of saving the Carson, as with the help of the Iroquois she could be turned over on to her keel and towed into the harbor. As she lays at present she is drawing 40 feet of water and her starboard anchor is hanging loose.

That she will not be brought into the harbor in her present position is a certainty as it is impossible on account of her depth and the chances of blocking the entrance to the harbor can not be taken.

There are possibilities that she may sink at almost any time, and old sea captains on the front are considerably surprised that she has stayed so long above water. They think she must be a remarkably well built ship to hold the air so well, but hardly think it possible that anything outside of the cargo can be saved. When asked what value they placed on the ship as she stood this morning opposite Diamond Head, they said: "Not five dollars."

The R. P. Rithet passed the tug and the Carson at 11 o'clock this morning and Captain Fris, who was a passenger, states that the wreck is on her beam ends and her rails are even with the water. He thinks it remarkable that she floats at all and believes it to be impossible to save her.

The case of the Volante in San Francisco harbor six years ago is almost a similar one. The Volante was lying in the same position as the Carson and the tug Fearless, now the Iroquois, after many attempts turned the vessel on her keel and towed her into safety.

Commander Merry has declined to allow the tug Iroquois to render any more assistance towards saving the Carson. He thinks he has done all that can be asked of him.

Japanese Try to Escape.

There is still more to the story of the Japanese trying to run the Kukui street guard last night, mention of which is made in another column. The Japanese, as soon as they saw all was quiet again, made a second and more determined effort to get out of quarantine. As it happened Deputy Marshal Chillingworth, Lieut. Leslie and a couple of mounted patrolmen were close by. A shout brought them to the place as the Japanese were trying to get through by climbing up on all sides. The officers made a charge together, drove the men into the creek and back into the quarantine district.

One of the Japanese tried to pull Leslie from his horse. The young officer became so angered that, in his chase after the fellow, he lost his bearings and was caught by a suspended wire that took off both his epaulettes and came near jerking him from his horse.

Waialua Rumor Denied.

The report that San Francisco subscribers to Waialua stock had refused to receive their stock on the basis of four and a half instead of three million capitalization, is untrue absolutely. Ed. D. Tenney received a letter from W. A. Bowen stating that all but 535 shares of the 10,000 subscribed for had signed acquittances and those who had not signed had not at the time of writing been called upon.

Other Islands Quiet.

The Mauna Loa reports that news of the reappearance of the plague in Honolulu has caused but little excitement at Lahaina. The passengers and freight of the Kinai and Claudine were landed without any trouble. The same quarantine regulations will be enforced as before.

Chasing the Missing.

Inspector Fullerton in making his rounds this morning found six Japanese missing from his district. He immediately started out in search of his proteges and found one on School street. With the help of guards the whole crowd of six was found and taken back to the quarantine district.

The outside inspectors under Judge Carter are hard at work. Most of the men are supplied with horses.

HARTWELL'S STORY TOLD

The "Agent" Details Opposition Offered Hawaii's Bill.

Sam Parker and Prince David Make Good Impression—Tariff and Ships—Life Tenure of Judges Won't Go.

At a meeting of the Executive Council this forenoon President Dole presented to the Ministers the salient points contained in the communications of A. S. Hartwell that were received by the America Maru. President Dole summed them up to a Bulletin reporter as follows:

There are some important people in Washington, not members of Congress, who oppose allowing anything from the Islands to pass into the United States free of duty. Certain members of Congress favor continuing the Reciprocity Treaty as it is now and putting Hawaii on the same plane with Porto Rico.

Samuel Parker and Prince David Kawanaoaka are making a very good impression in Washington. Objection is made by certain members of Congress to the Territorial Act as it now stands. They think that there is too much machinery attached to it. The life tenure of office is objected to on the ground that this difference from the other territories of the United States would amount to discrimination.

It is also desired by certain members of Congress that the Tariff Regulations be preserved as they are now. This arises from the fear of the labor unions who believe that Hawaii will become a manufacturing country and that Asiatic labor will be put in the field against them.

The same element of opposition favors treating Hawaii in the same manner as the other new possessions, and allowing none statehood although such a law could be repealed at any time. This is merely the expression of sentiment at the present time.

Certain members of Congress also oppose the extension of United States shipping laws to this country for fear that American built vessels will monopolize the trade of the new possessions. Exciting debates will probably result from this stand taken by members of Congress.

The President and the Administration feel the necessity of early legislation in regard to public lands. The matter of opening the public schools next Tuesday was referred to Minister Mott-Smith who will confer with the Board of Health as to the advisability of such proceeding.

The application of W. J. Coelho for a notary public's papers was refused. The Executive Council authorized the minister of the Interior to erect a shed on that portion of the water front included between the Likelike wharf and the Ewa end of the Pacific Mail wharf shed for Custom House purposes. This place will be necessary at all times, but the present situation makes it doubly so.

Cuban Arms Found.

Santiago De Cuba, Dec. 14.—For months it has been suspected that large quantities of military stores were in the possession of Cubans in some point in the interior. Yesterday the Mayor of Tunis, a small town in the district of Holguin, voluntarily disclosed and surrendered three effective field guns, 10,000 rifles and a large amount of ammunition to the Americans. The guns had been stored in an obscure place in a rough country under palm leaf blinds. The Holguin district has been regarded as a probable starting point for a possible uprising.

On Christmas Trees.

Owing to the establishment of the quarantine in Chinatown neither the Christmas tree at Frank Damon's school nor the one at Kaunakapili church, fully arranged for, could be held last evening. The Kawahao Christmas tree will take place in the church at 7 o'clock this evening. It is expected that there will be over three hundred children present, these including the Reform School boys.

New Year's Football.

A football game between a team from the 6th Artillery at Camp McKinley and another from the ranks of the crack players of the city has been arranged for the afternoon of New Year's Day on the grounds of Oahu College. Both teams have been practicing for over a month and are in position to put up a fine game. Admission will be twenty-five cents; children ten cents.

Foreign Plants Growing.

Commissioner of Agriculture David Haugh reports having planted all the seeds of the ornamental and fruit trees as well as the croton and hibiscus slips sent up from the Colonies and Fiji by Prof. Koebele. They are all growing and Mr. Haugh has no doubt whatever that the plants have been excellently selected and will do well in this country.

Ejectment Suit.

The Kapiolani Estate, Ltd., has brought suit for ejectment against the Kanoche Ranch Co., Nanny R. Rice, David Rice, her husband, and Yim Quon. The land in question is in Kailua, Koolauoko, Oahu. Plaintiffs claim \$10,000 damages.

PILING UP OF FREIGHT

Blockade of Pacific Mail Wharf Will Be Relieved.

Action of Government in Matter—Fumigation of Japanese and Chinese Goods—Particulars in Case.

The old Fishmarket wharf has been set aside by the Government as a place to assist in relieving the blockade of freight on the Pacific Mail wharf. As fast as the Japanese and Chinese goods are fumigated they will be moved to this place where they will be used as a distributing station. Most of it being consigned to Chinese merchants who are in the quarantine district they will be unable to attend to the removal of their goods; consequently it will remain there until some plan as to disposal can be hit upon. The fishmarket wharf can just accommodate about 4,000 tons and what is here now will fill nearly all of the space. Seven hundred tons of fumigated freight is already on the wharf while the balance of what is coming remains on the Pacific Mail wharf. Most of this is to go through the fumigation process.

The warehouse has been found too small for this purpose, so it has been filled to its limit and the rest of the goods will be fumigated on the wharf where they were landed. To do this the shed of the Pacific Mail wharf is being rapidly boarded up to make it comparatively airtight, and the whole of the remaining cargoes of the Alcoa and Nanyo Maru will be fumigated at one time. This will be done by tomorrow. As will be seen, an immense amount of labor will be saved.

The Pacific Mail wharf has been in a congested condition since last Monday, when the Alcoa commenced to discharge her 2,240 tons of freight upon a wharf that was already filled to the rafters of the shed with cargoes from the steamers Warrimoo, Gaelic and the Nanyo Maru.

The Warrimoo's cargo was placed on the Walkiki end of the dock and did not need fumigation, but it was removed very slowly, part of it still remaining. The cargoes of the other three steamers, amounting to 3,200 tons of Oriental merchandise had to pass through the fumigation process, this was done to the Gaelic's freight which was then removed to the Ewa end of the dock and covered with tarpaulins. The Nanyo Maru's cargo is now in the warehouse with part of the Alcoa's cargo awaiting fumigation.

Part of the cargo from the Alcoa was fumigated yesterday and was then moved into the street and stacked into huge piles. Most of it was carted away before it commenced to rain last night and what was left together with the Gaelic's cargo, sustained very little damage.

There are 9,000 tubs of sake and soy piled up on the corner of Alakea street opposite the dock. They are awaiting removal, but men and drays are scarce so this freight will probably remain there for some days to come.

The way the work is now progressing and the arrangements made for its removal to the fishmarket wharf will undoubtedly put the Pacific Mail wharf in proper shape to receive and handle the cargo of the China which will arrive January 6.

The Boston Lyric. Last night the opera Il Trovatore supplanted its comic predecessor Said Pasha at the Orpheum. Il Trovatore is highly tragic and afforded Miss Nellie Andrews ample opportunity to display her fine dramatic and vocal ability as Leonora. In the last act, where devotion of her lover, Manrico, is the cause of her tragic death by her own hand, she was especially effective.

Mr. A. L. Parmlay as Manrico maintained his reputation as an artist of ability, his song in the tower scene securing loud applause. Maud Leekley as Azucena, the gypsy, had an arduous part, creditably filled. Lovette Rockwell as Count de Luna and the balance of the cast was faithfully portrayed. Tonight; tomorrow afternoon matinee, and Saturday evening the comic opera Amorita in three acts, will be presented.

Death of C. A. Fogarty. C. A. Fogarty, aged 47 and a native of Dublin, Ireland, died at the Aloha House on Fort street at 8 o'clock last evening the complaint being typhoid pneumonia. Deceased had been sick but a week. The funeral will take place Sunday afternoon under the auspices of the Ancient Order of Foresters, No. 6,600. A military escort from Co. H, of which organization deceased was a member, will accompany the remains to the cemetery. The funeral will take place from Castle Hall, K. P., Fort street, at 2 p. m. on Sunday. All friends are invited to attend.

Ejectment Suit. The Kapiolani Estate, Ltd., has brought suit for ejectment against the Kanoche Ranch Co., Nanny R. Rice, David Rice, her husband, and Yim Quon. The land in question is in Kailua, Koolauoko, Oahu. Plaintiffs claim \$10,000 damages.

Hawaii Before Congress.

Private advices from Washington state that Senator Clark of Wyoming has been made chairman of a subcommittee on Hawaii made up by the Senate Foreign Relations committee. It is further stated that the changes of the Hawaiian bill being acted upon before the latter part of the session are very small.

MANY REPORTS, FEW CASES

2:30 p. m.—No deaths and no suspicious cases today. A call for Dr. Herbert was left at the Board of Health office, summoning him to Room 8 in the lodging house at the corner of King and River streets. This is the same case that was reported by Wm. Crawford at the police station at almost noon today as being suspicious. The patient is Kaea, a native. The Board of Health had not yet investigated the case.

Dr. Mitamura has performed an operation on the Japanese at the hospital and today he seems to be doing very well. However, his case is on the placid list at the Board of Health office and he is being very carefully watched. It has been definitely decided that the Chinese boy at the duck ranch on Sheridan avenue is not suffering from the plague.

The time of the Board of Health doctors and inspectors today has been taken up with the investigation of false alarms and scares. Up to noon there were no suspicious cases nor deaths.

President Cooper, Dr. Day, Dr. Wood and George W. Smith had a conference last night and discussed the matter of neglect in giving information on sickness. A resolution was passed, making this and the obstruction of an officer or agent of the Board of Health in the performance of his duty, a misdemeanor. This resolution is the result of the recent attempts on the part of the Board of Health to hide their sick and the Board of Health has decided to punish those who do this in the future.

Rumors Run Down.

A South Sea Islander living in block 5 on King street was reported this morning. Investigation by Dr. Garvin showed no suspicious symptoms. A child at the corner of Queen and Punchbowl streets, reported at the Board of Health office, was found to be suffering from bronchitis.

A Portuguese woman on the slopes of Punchbowl was reported as "suspicious." Investigation showed a case of hysteria and the doctor prescribed a simple remedy. There were at least fifty Portuguese collected about the premises. The woman "saw spirits" and imagined that a dead woman, whom she had refused to forgive, was attempting to "do things" to her.

Japanese Physicians Concentrate

The Japanese physicians who have offered their assistance to the Board of Health have decided to concentrate at Dr. Mitamura's office where they may be had at a moment's call.

Meeting Board of Health. A meeting of the Board of Health will be held at 3 o'clock this afternoon to decide on various matters in connection with the present situation. At the meeting Mr. Cooper will present resolutions which the Board, at a meeting last evening, authorized him to draw up and which deal with the matter of concealment of cases of sickness.

Mass Meeting of Chinese.

A mass meeting of Chinese in the quarantined district was held in the hall of the Chinese United Society last night for the purpose of devising ways and means to assist the Board of Health in the present crisis. There were between three and four hundred present.

Hawaiian and Japanese Case. Maunakina, a native boy, died at his home in Kewalo early yesterday morning. The body was removed to the morgue and a post mortem examination held by Dr. Garvin. Plague signs were found and the body was cremated.

The Japanese who was taken to the Kakaako hospital yesterday morning and placed in charge of Drs. Mitamura and Kobayashi, has developed unmistakable signs of the plague. This is the statement of Dr. Scaparoni made to a Bulletin reporter last night. This is the first case of plague among the Japanese and the native boy who died yesterday was the first among the Hawaiians. This makes five nationalities that have been attacked by the plague—Chinese, South Sea, Islander, Swede, Japanese and Hawaiian.

SALICYLIC ACID.

Salicylic acid is an organic acid. It has powerful antiseptic qualities, prevents the souring of beer, also the development of bacteria contained in fluids. Applied externally it will remove corns and warts. TAKEN INWARDLY salicylic acid rapidly lowers the bodily temperature, reduces the pulse rate, blood pressure, and rapidity of respiration; some people being peculiarly susceptible to its action.

The Board of Health has condemned all beers containing salicylic acid. Among those proved to be free from this adulterant was the OLYMPIA BEER, sold by Larry Dee of the Hoffman Saloon.

Well Made and Makes Well

Hood's Sarsaparilla is prepared by experienced pharmacists of today, who have brought to the production of this great medicine the best results of medical research. Hood's Sarsaparilla is a modern medicine, containing just those vegetable ingredients which were seemingly intended by Nature herself for the alleviation of human ills. It purifies and enriches the blood, tones the stomach and digestive organs and creates an appetite; it absolutely cures all scrofula eruptions, boils, pimples, sores, salt rheum, and every form of skin disease; cures liver complaint, kidney troubles, strengthens and builds up the nervous system. It entirely overcomes that tired feeling, giving strength and energy in place of weakness and languor. It wards off malaria, typhoid fever, and by purifying the blood it keeps the whole system healthy.

APPEAL FOR THE BOERS

The following circular was received by the Bulletin by the last mail, with the request to publish and receive funds for the widows and orphans of the Boers:

AMERICAN TRANSVAAL FUND.

TO Aid Widows and Orphans of Boers.

In the name of the Africaner Bond, on behalf of the citizens of the South African Republic and their noble ally, the Orange Free State, I appeal to all Americans to show their sympathy with the brave people who are now, in the words of John Hancock, literally offering all they have, all that they are, and all that they hope to be, upon the altar of their country, fighting to the death the arrogance and imposition of the great British Empire. In order to remain free and independent, as did our American forefathers in 1776 and 1812. There will be no Boer wounded on the British-American hospital ship.

Send your subscriptions, small or large, to the newspaper which publishes this appeal to forward the same to me, and I will send the amount to Mr. C. C. de Villiers, Cape Town, Hon. Treasurer of the Committee of the Africaner Bond, to be expended under the following appeal just received by me:

If fuller information about the Boer question be desired, "The Outlook" pamphlet upon the "War in South Africa" will be mailed upon receipt of six cents in postage stamps.

GEORGE W. VAN SICLEN,
141 Broadway, New York City.
December 7, 1899.

AN APPEAL TO THE PUBLIC

Dear Countrymen:—It is in accordance with a resolution, unanimously adopted at a meeting of Africaner and Bond members of Parliament, that we address you as follows:

Notwithstanding the most strenuous efforts made by our clergymen, our ministers, our party in Parliament, our Bond branches, and our women, by means of respectful petitions, public meetings, and by other means to preserve the invaluable blessings of peace in South Africa, the much dreaded war has virtually broken out.

Her Majesty's forces will soon be involved in a bloody war with the burghers of the Transvaal and the Free State, who are one with us in religion, language and descent.

There are but few Colonial Africaners who are not bound to the inhabitants of both Republics by ties of relationship, intimacy or friendship. This makes war still more painful to you and to us, and much more calamitous to South Africa than it would otherwise be.

It is not our object to inquire too whom all this misery and calamity which await our country, owing to the existing circumstances, are due. Enough acrimony exists without such inquiry. Much more does it behoove us to yield to the overpowering impulse which fills the heart of our people with a desire to do something in aid of our kinsmen and friends beyond the Orange and Vaal rivers, by giving it an opportunity to express itself in some legitimate manner in work and deed.

What may, what can we Colonial Africaners do in this sorrowful time? Join in the work of warfare with the weapons? The law and our duty as British subjects forbid this, even should other circumstances not oppose such a course of action.

But what neither the law nor the duty of the subject forbids, and what, moreover, agrees in every respect with all principles of religion and humanity, is the offering of help to the wounded, to the widows and the orphans.

If you are in earnest in your expressions of sympathy with your brothers and sisters in those parts, you will make sacrifices in favor of those men who will be wounded or mutilated on the field of battle, and for the sake of those wives and children who will be robbed of their only support in life by sword or bullet.

With that object in view we entreat you to subscribe to the appended list, and to do so with unstinted liberality.

When the war is concluded there will be hundreds, perhaps thousands, of widows and orphans left quite unprotected for. It is chiefly on their behalf that our party in Parliament appeal to you. Large sums of money will be needed to provide them, even to a slight extent, with the necessities of life.

Let each one, therefore, contribute, and not only a trifle, as if it were for an ordinary matter, but to the utmost of his or her means; even though he or she should have to deny himself or herself some pleasure or other for a long time to come.

Provision will be made to prevent the abuse of your donations.

Mr. C. C. de Villiers has kindly undertaken the duties of hon. treasurer of the committee.

Give liberally and speedily. Open subscription lists in each district and each field cornetcy, and appoint collectors to call upon each inhabitant to solicit contributions, so that no person be omitted.

Convinced that we have not appealed to you in vain, and trusting that an all-wise Providence may see fit speedily to terminate the calamity of war in South Africa, we subscribe ourselves with due respect your obedient servants.

FRIDAY, DECEMBER 29.

The introduction of a few more cable bills will assure the postponement of actual cable construction till another Congressional session.

In going over the list of Bishop Estate trustees whom the morning paper attacks, it is interesting to note the prominence of men prominent in the counsels of the local government.

Consternation in many households resulting from the quarantine in Chinatown should impress upon the people how vitally important it is to the homes of Honolulu that Chinatown be kept in sanitary condition.

As usual on his Washington tours, Mr. Hartwell outlines a very dark outlook for Hawaiian legislation. The general situation is reassuring except for local official facts, which it is to be hoped Mr. Dole will have the good sense to abandon.

Fortunately local investors in securities do not base their estimates of values on the ups and downs of the San Francisco stock market. The days when Honolulu indulged in speculation have passed and the market is established on sound values.

Can Hawaii afford to hoard money in the treasury at the expense of public health and consequent interference with commerce? There is but one reply for the officials and the Council or State to make to the municipal problems now before them. Spend the money; forward the public work.

With the large pro-British population of Hawaii there is small prospect that the financial aid to the men opposing British rule will be large. The widows and orphans, however, whether British or Boer are deserving of sympathy and of such financial assistance as the well-to-do can afford to offer.

With Senator Clark of Wyoming chairman of the Foreign Relations subcommittee on Hawaii, the people of these islands may rest assured that there will be no playing of individual favorites at the expense of the territory as a whole. Senator Clark knows the Hawaiian Islands and his knowledge of its people was gained as a man among men, not as an official directed and influenced by officials.

The neatness and dispatch with which the House of Representatives disposed of the finance bill gives promise that the 56th Congress will make a good record for promptly disposing of the nation's business. A small majority in full sympathy with the administration and governed by Reed's business like rules can accomplish wonders. The incidents thus far attending the efforts of the "anti-imperialists" of the Senate also indicates that none of the important measures of this Congress will be blockaded by damaging tactics of the minority filibusters.

The attempt of Chinatown denizens to make a break en masse should impress the boys of the military with the serious responsibility that is placed upon them. Statements have frequently come to this office that Chinese and Japanese have evaded the guard by sneaking through the banana field on Nuuanu near Kukul street. The individuals making these statements have invariably refused to stand sponsor for their assertions before the public. The incident of last night, however, shows that the motive to break quarantine exists and that the guards cannot be too strict in the fulfillment of their important task.

The splendid work that has been done by Mrs. Craft in her efforts for the prevention of cruelty to animals is deserving of unstinted praise. Few, if any instances of cruelty have escaped her notice and the aggressive manner in which she has brought inhuman acts to proper account has had a wide-spread influence among those who have no heart for the sufferings of dumb animals. Certain it is that her watchfulness has reduced cruelty to beasts of burden to a minimum within the limits of Honolulu; her earnestness and fearlessness in carrying on the good work at all times is evidenced by incidents during travels abroad. Honolulu may well claim the honor of counting among its people one of the most sensible and active humane officers of the nation.

REVOLVING THE REVOLUTION.

Threshing over the details of the revolution of 1893 is interesting and valuable only to those who desire to register personal opinions on events that have passed into history. So far as the United States Congress and official action of the nation is concerned the question is settled and cannot be upset or modified by reviving old wrangles. The vital issue of today is, whether the new governmental conditions of Hawaii will be organized on lines that will continue the old local war sentiment between supporters of the monarchy and leaders of the revolution.

These conditions will continue if the organic law granted the Islands is framed on lines that favor the continuance in power of the ruling faction of the present or past. Give Hawaii an American government administered by an American governor and the old bitterness and jealousies that accomplish nothing in the interests of progress or general public welfare will gradually sink out of sight. Let the majority rule under the beneficent and liberal conditions found in an American territory. Let the standard of political life be the American standard that sets aside the past and meets the present with votes. Neither Hawaiians nor the Dole government will gain prestige with Americans or with Congress by reverting to the discussions of former days. The Queen will not be returned to power and the Dole government will not be continued in power. The sooner both of these factions come to a realization of the situation, the better will be Hawaii's chances of speedily securing a form of government which will leave the people free to settle their differences at the polls and obtain such administration of local affairs as shall meet the approval of the majority irrespective of former individual affiliations.

THE REED RULES.

Although the Reed rules gained for ex-Speaker T. B. Reed the title of Czar and brought upon him the calumny which fierce partisanship breeds, the Reed rules are one of the most important and most acceptable legacies which any Speaker of the House of Representatives has left to the country. Previous to the opening of the Fifty-sixth Congressional session discussion was rife as to the advisability of continuing the parliamentary rules for which Reed stood sponsor. This discussion like that which took place at the organization of the House was largely perfunctory. The Democrats oppose the rules, that allow the majority of the House to do business, principally because these rules are Reed's and Reed is a Republican.

Notwithstanding purely partisan discussion, the Reed rules have come to stay and while slight changes may occur from time to time the foundation principle—the majority must rule—will remain. The day has passed when the people will view with indifference, weeks of Congressional sessions wasted in useless discussion and the business of the nation blockaded by a minority which does nothing but retard progress. Reed's rules put new life into the work of Congress and put an end to the manipulations of filibusters whose only claim to prominence was based on their physical ability to talk their colleagues to sleep and the nation's business to death. In days when the tariff was the all absorbing topic, business men, irrespective of party affiliations, called for action, prompt settlement after a reasonable discussion be the final result for or against the opinions of individuals.

To Reed belongs the honor for action in the interest of prompt fulfillment of the legislative promises made by the dominant party. Though condemned by those whose political business it is to condemn, the principles laid down by Reed are accepted by the people and will stand as long as common business sense is a ruling element in the nation.

Probate Notice.

In the Circuit Court, First Circuit, of the Hawaiian Islands.

In the matter of the Estate of Genevieve Dowsett, Marion C. Dowsett, Madeline C. K. Dowsett, and Annie H. K. Dowsett, Minors:

On reading and filing the petition of J. M. Monsarrat and David Dayton, guardians, praying for an order of sale of certain real estate belonging to said minors, situate on the Island of Oahu and on the Island of Maui, and setting forth certain legal reasons why such real estate should be sold.

IT IS HEREBY ORDERED, that the next of kin of the said wards and all other persons interested in the said estate, appear before this Court on WEDNESDAY, the THIRD DAY OF JANUARY, A. D. 1900, at 10 o'clock a. m., at the Court Room of this Court, in Honolulu, then and there to show cause why an order should not be granted for the sale of such estate.

ARE NOW OFFERED FOR SALE.

No residence property having similar advantages and attractions, as for healthfulness of location, having an elevation of from 170 to 800 feet, and affording the grandest marine and scenic views; as also its proximity to the business part of the city, being less than a mile from the Progress Block,—has ever before been presented to the people of Honolulu.

One of the main features of this property, and procured at great expense, is the abundant supply of pure spring water, pronounced by Dr. C. B. Wood as being the purest and best drinking water obtainable in the Island, which is now being conducted into storage reservoirs upon the property by an independent pipe line, and will be supplied to residents at Government rates.

OUR GUARANTEE: We guarantee to all purchasers of lots on Pacific Heights, that we will, within six months, provide rapid transportation to the highest lots on the property, connecting the same with the Honolulu Rapid Transit Co.'s line on Pauoa Road, at the beginning of Kaulani Drive.

TERMS: 1/3 cash, 1/3 in one year, 1/3 in two years; interest 6 per cent. per annum on deferred payments.

Our carriage will convey parties desiring to inspect the property to and from the same.

For maps and full particulars call at our office, [Rooms 7 and 8 Progress Block.

Boer Protest Ignored.

New York, Dec. 16.—The shipment of arms and ammunition from this city to South Africa for use by British forces against the Boers last Tuesday caused Consul Charles Pierce of the Orange Free State to file a protest with Secretary of State Hay in Washington. Today Mr. Pierce received a note from Mr. Hay declaring that the Department of State could not take action in the premises.

According to the authorities cited by the Secretary of State in case of war, belligerents have the right to purchase any kind of goods in a neutral country, subject to confiscation after shipment. As the Boers have no navy and no port of entry the ruling is decidedly advantageous to the British. Last Monday I received a letter from Dr. Hendrick Muller, Envoy Extraordinary of the Orange Free State at The Hague, said Mr. Pierce, "calling my attention to the shipment by a cartridge company of Breda, of 5,000,000 cartridges to South Africa. He also stated that this company had received other large orders from the British Government. I at once transmitted Dr. Muller's letter to Washington, and today received the reply."

Scenes at War Office. London, Dec. 16.—The most pathetic scenes are almost daily enacted at the War Office in the eagerness for news that does not come or fear of news that comes. Crowds, chiefly of women, assemble daily. The lobbies and waiting rooms were filled with sobbing, hysterical women on the day of the publication of the Magerfontein casualties. The scene was heartrending when the officials, carrying blue sheets, appeared. All the suppressed emotion burst forth in pitiful cries, as if beseeching heaven that the bitter cup might pass by them. An official in sympathetic tones before fixing the list on the green boards first read the list so that all might know as quickly as possible the best or worst. How war levels all ranks was pathetically illustrated by one incident. A lady clad in costly furs and a poor, starved looking little woman in faded shawl were carried out together, fainting, into the air. The rich woman had swooned on hearing herself proclaimed a widow and the poor one because there was no news of her dear one at all. To relieve the terrible strain officers' casualties are always published a day or two ahead of those of the rank and file.

Trouble on Negroes. Washington, Dec. 16.—General Otis cables as follows today: "Manila, Dec. 16.—On the 8th inst. General Smith at Negros reports that early in December a number of the inhabitants of four coast towns entered the mountains, believing the statements of Panay and Luzon agents that the Americans had been overwhelmingly defeated in those islands, that Aguinaldo was about to dictate terms of peace and the American Congress was to confer independence, when the established civil government of the island would be overthrown. They were also told that the Negroes were about to rise and drive out the Americans. No depredations were committed and no consequences of importance apprehended. The Brooklyn arrived at Manila today, winning easily the long race from this country out which she has been running with the New Orleans. The New Orleans sailed from Singapore today for Manila.

THE LAST CAR. The last cars of the King street line going to Walkiki and Palama pass the Anchor Saloon. The cleverest mixologists in the city are there a ways to put you up anything you may desire. Received per Warri-moo, Rainier Bock Beer on draught. The Anchor Saloon is here to please its patrons.

Police Court Dilemmas. In the Police Court this forenoon Attorney Chas. Creighton announced that his office, being in the quarantined district, could not be gotten at this morning and that therefore, the case of perjury which he had been retained to defend, would have to be continued. Judge Wilcox granted a continuance until this afternoon, to give Mr. Creighton a chance to procure a permit to get his documents.

Wireless Telegraph Contract.
Toledo, Ohio, Dec. 16.—The Ann Arbor Railway will put wireless telegraphy to a practical test by introducing it in connection with the car ferry business across Lake Michigan. The contract with the Marconi people has been closed and the system will be put up at once. The stations will be at Frankfort and a point near Menominee, Mich. The space to be covered is about eighty-three miles. The Ann Arbor Railroad is aiming to keep this ferry open all winter. The new method will give a thorough test. If it fails a cable will be laid across the lake next year. Representatives of the wireless system express perfect confidence that they will be able to give satisfactory service.

Finest Horse in the World.
East Aurora, N. Y., Dec. 8.—Mambrino King, known as the "handsomest horse in the world," died at the Village Farm here on Tuesday. He was a dark chestnut stallion, foaled in 1872. He was bred by Dr. Herr at Lexington. Mambrino King was owned by C. J. Hamlin when 10 years old for \$10,000 and brought to this village. He began at once to make a name for himself and the Village Farm.
His victories in the show ring, which were numerous even before he came here, gave the stallion a national reputation. Mambrino King stood 15.3 hands, and combined strength, intelligence, courage, faultless action and good breeding with symmetry and style.

WAR OF BRIGANDAGE.
New York, Dec. 15.—A special to the Times from Washington, says: At the War Department it is learned that an order has been sent to Manila directing the military officers there to adopt a course that will render unsafe to the Filipinos the continuation of cruel acts upon friendly natives, who have disregarded the instructions of the insurgent leaders. Many have been killed or maimed by the insurgents for their refusal to give further aid to the rebellion.
The assumption at the department is that Aguinaldo, since the dispersal of his army and the apparent futility of attempting to reorganize it for military purposes has determined to lead a war of brigandage. It is believed the rebellion is practically wiped out; that there are only small bodies of Filipino insurgents left with arms in their possession; that they are far from points occupied by United States troops, and that they will follow the lives of outlaws until caught red-handed in attempts to kill careless troops who may fancy they are secure in neighborhoods.

"GRASP ALL AND LOSE ALL"
Many people are so intent on "grasping all" that they lose strength of nerves, appetite, digestion, health. Fortunately, however, these may be restored by taking Hood's Sarsaparilla, which has put many a business man on the road to success by giving him good digestion, strong nerves and a clear brain. It does the same thing for weak and tired women.

Shoulder Dislocated.

The Jabez Howes put in an appearance off port yesterday afternoon and the pilot boat set out after her with the temporary port physician appointed to inspect sailing vessels. After a long chase it was found that the Jabez Howes did not intend to make port until this morning. The pilot boat returned and set out again at daylight. The captain decided to come to an anchor outside to await the tug Eleu now busy with the work of towing in the wreck of the William Carson.

It was found that during last night the Howes got into a heavy gale, during which the first officer was thrown over with the result of a dislocated shoulder. The injury was attended to by the doctor.

Gilmore Party Rescued.

Manila, Dec. 19.—It was officially announced that General Young reports that he believes the American prisoners, including Lieutenant Gilmore, are now in the hands of the United States troops.

Lieutenant Colonel Hawse and Major Hunter have been operating with smaller commands in northern Ilocos Province, and it is believed that one of these has effected the release of the Americans. The report has not been verified.

Police Court Notes.

Jock Maguire and Joe Kahama have been bound over to the Circuit Court for trial on the charge of perjury in connection with the Gorge Houghtaling case. The cases of George Cavanaugh and Johnson are on in the Police Court this afternoon. The case of Antone Sylva, charged with common nuisance, has been set for tomorrow.

Lubricating Oils

Will be used very freely for the next 6 or 8 months so we wish again to call the attention of all mill men and users of machinery to our TROPIC LUBRICATING OILS. For years this brand has been used on these Islands and each season the demand has increased so that this year we have had to build a special oil warehouse at Kakaako to hold the hundreds of barrels of oils we have to carry in stock. Tropic Cylinder, Engine, Machine, Dynamo and Carbox Oils are the ones you want if you want everything to run smoothly.

Benton Boiler Compound

This compound is entirely vegetable, contains no oil or acid, it being a natural preservative for iron or steel. It rots the scale in the boiler and gradually cleans same. After the boiler becomes clean, the Compound, if used according to directions, will keep the scale forming properties of the water in the form of solution or deposit, and the boiler can be kept clean, and the scale forming properties of said water can be blown out in the form of mud. It is a great saver of fuel as it will clean and keep clean any boiler. Let us send you a barrel on trial, no pay if not satisfactory. Packings, Waste, Compounds, Engineers' tools and supplies of all kinds.
