PRICE 5 CENTS

WANTS GOVERNMENT IN TRAFFIC CONTROL GIRL VICTIM IN PLANTATION TRAGEDY

Urges Territorial Aid For Island Homesteads

COMMISSION REPORTS TO GOVERNOR

Three bills have been drafted by the Commission on Advances to Homesteaders, and submitted to the Governor, which will have a far-reaching effect on the future of this Territory if they are passed by the next Legislature.

The commission recommends, first, that the Territory provide cheap transportation for agricultural products; second, that improvements on public land about to be opened for homestead be made such as the erection of houses, building of fences, etc., and, third, that the rate of interest on deferred payments to the Territory by homesteaders be reduced to 5 per cent. per annum.

In regard to the first recommendation, a bill for which, as well as for other purposes, has been drafted and submitted with the report, is that the open road for the transportation of the products of the homesteader be extended from his homestead to the Pacific Coast, and that this highway, both on land and sea, be regulated and controlled by the territorial government.

This commission which has just submitted its report to the Governor was appointed by a joint resolution of the last Legislature and was approved November 6, 1909.

The interesting part of the report follows: "Our duties, as above detailed, are confined to a consideration of the ways and means of aiding homesteaders by advances of money, but we have assumed that the spirit of

the resolution would authorize consideration of other ways and means of securing the same results to the homesteaders, and we have taken the liberty of performing our duties from that standpoint, particularly as there are grave questions as to the constitutionality of a law providing for direct loans of public moneys to private individuals for private purposes, however laudable the purpose and however beneficial the result. We believe, however, that the same result can be obtained by methods, the legality of which can not be assailed. In short, we see no good reason why the government can not improve public lands, about to be cut up and disposed of for homesteads, by fencing the lots, erecting suitable dwelling houses thereon and by laying water pipes through the same, or erecting water tanks thereon, when there is no running water; all this to be done before the lot is put up for sale, the theory being that the government can sell and dispose of its public lands to better advantage by first improving them and making them attractive for sale. It is on this ground, we presume, that the opening up of roads to lands about to be homesteaded, and making other like improvements, have heretofore been sanctioned.

"We have also taken the liberty of considering ways and means for promoting by Territorial aid cheap and adequate transportation of agricultural products and other freight, the establishment and successful operation of such a transportation

system, will promote the sale of public lands and increase their value therefor. In other words, all men concede that roads should be opened to a tract about to be homesteaded, at public expense, and this should be done, if possible, before the land is put on the market. We simply recommend that the open road for the transportation of the products of the homesteader be extended from his homestead to the Pacific Coast, and that this highway, both on land and sea, be regulated and controlled by the intervention and control of the Territorial government.

"We also believe that the rates of interest for deferred payments for land by homesteaders are excessive, and that relief can and should be granted in this direction. "To effectuate the above idea, and present them in concrete form, we have drafted three bills, which are presented herewith. First, a bill providing for cheap transportation of agricultural products; second, a bill providing for the improvement of public lands about to be homesteaded, by the erection of houses and other improvements thereon, as indicated; and, third, a bill reducing the rate of interest on deferred payments to the Territory, due from homesteaders, to 5 per cent. per annum.

"We also append hereto a resume of legislative and executive action, prepared at our request by W. S. Edging, Esquire, taken at the present time by leading countries of the

Governor Will Not Interfere

RENO, Nev., June 28.—The Governor of Nevada has positively announced that he will in no wise interfere with the big fight between Jeffries and Johnson billed for July 4th.

Bureau Is Abolished

WASHINGTON, D. C., June 28.—President Taft today signed the bill which abolishes the bureau of equipment for the Navy Department. This bureau will be again established, but under three different heads.

AUTO VICTIM MAY RECOVER

(Special Bulletin Cable.)
BEVERLY, Mass., June 28.—The Italian laborer who was severely injured yesterday by being struck by young Taft's automobile, may recover.

TAFT GOES TO SON'S AID

(Special Bulletin Cable.)
WASHINGTON, D. C., June 28.—President Taft started for Beverly, Mass., this morning in interest of the accident yesterday, when young Taft accidentally struck an Italian laborer with his automobile.

BARON GETS PORTFOLIO

(Special Bulletin Cable.)
BERLIN, June 28.—Baron Kiderlen Waechter has been appointed Secretary of State and Foreign Affairs.

CURTIS GUILD TO MEXICO

(Special Bulletin Cable.)
WASHINGTON, D. C., June 28.—Curtis Guild has been appointed special ambassador to represent the United States at the centennial celebration of the Mexican Republic.

HANGING FOR ASSASSIN

CAIRO, Egypt, June 28.—The fanatic who assassinated Premier Chail was hanged today.
Charlie Lambert, mine host of the Orpheum, will entertain all his friends on Thursday night of the old resort. All the sports of the city are expected to roll up and partake of the "corned beef and cabbage."
Chief McDuffie has not yet returned from Waianae, where he went to investigate the shooting that occurred there yesterday.

Accidental Shot Slays Young Girl

Waianae Scene Of Tragedy In Which Japanese Child Is Victim

Sheriff Jarrett received word this morning that young Meyer had accidentally shot and killed a young Japanese girl named Chiosa Kimura. The girl was just ten years of age, and very prepossessing in appearance. She was much liked by everyone who knew her, and her parents are distraught over the shooting.

It appears that young Meyer had an old rice-bird gun which he was trying to fix up for use, and in some way the contents lodged in the body of the girl, who was watching the tinkering with the gun.

Very meager reports of the shooting are to hand, and Deputy Gilliland's letter only contained the bare statement that the girl had been shot accidentally by young Meyer.

The telephone connection was had this morning, and Sheriff Jarrett could not get any further details of the affair. As soon as the sheriff got word of the shooting he despatched Chief M. Duffie and Officer Bergauk to Waianae, and as the latter speaks Japanese fluently, he will be able to get both the haole and Japanese version of the shooting.

It is thought that the accident is the same old story of "I did not know it was loaded," and that another young life has been snuffed out through the idiotic practice of thinking that every old gun that has been in use for years must of necessity be unloaded.

Further details of the tragedy will be brought to town by M. Duffie when he returns on the 5 o'clock train this afternoon, and there will be a coroner's inquest this evening at Waianae.

NEW JOBS FOR CUSTOMS MEN

Efficient Officers Are Promoted By Changes

Several deserving officers connected with the staff of the custom house will receive well-merited promotion commencing with the first of July, through the changes made in the official personnel by the resignation of Hugh M. Tucker, a deputy collector and clerk.

Mr. Tucker has handed in his resignation to Collector Sixakable and is said to be considering a number of lucrative offers of employment.

Tucker is one of the old guard in the customs service. His name was some years ago mentioned for the office of collector of the port of Honolulu.

With the retirement of Tucker, Day Inspector Louis R. Medeiros will be transferred from the outside to the indoor staff at the custom house. While the position held by Tucker will be nominally abolished, Medeiros will serve as clerk in the main customs building.

Isaac J. Arcia, a customs clerk, will be promoted to the position of day inspector in the place vacated by Medeiros.

In the general shifting about, Robert K. Brown, now on night duty, will take a step higher in the local service and will be transferred to the clerkship formerly held by Arcia.

In going over the existing civil service eligible list, Edwin S. Barry has been drawn as the successful applicant for a position with the customs, and he will be assigned to the night squad of inspectors.

"For Rent" cards on sale at

HAWAIIAN FILMS FOR THE STATES

California Company Will Take Pictures Early In August

Early in August two moving picture men will arrive in Honolulu from San Francisco and will spend two weeks in taking films of interesting scenes, sports and industries in the islands.

This news came to the Promotion Committee on the last mail from San Francisco and the company asks that these men be helped to get good subjects by the committee.

In return for any favors which may be shown the men while here the company agrees to let the committee have any of the films for lecture purposes on the coast or in Honolulu free of charge.

The Swift Company shows films in independent theaters in the United States, Canada and Great Britain and agrees that these films, which will be from one to two thousand feet in length, will be shown in the United States for 200 consecutive nights.

The Promotion Committee can do a great deal toward selecting the subjects which the machine operators will take on the films and in this way will accomplish work that will do much to place Hawaii before the eyes of the people.

When a man is said to be all right in his way he is usually in a bad way.

Pity is a polite way of showing contempt.

Some folks cry more over onions than over anything else.

Curiosity is sometimes impudence spring through the keyhole.

FEW RUSSIANS ARE DEPORTED

To Pass Muster With Immigration Authorities

Nine Russians, one Chinese and two Japanese were included in the number of passengers who sailed for the Far East this morning by the Toyo Kisen Kaisha liner Nippon Maru.

These people did not leave the Territory of Hawaii of their own free will. They were deported at the instance of the Federal immigration department, which found several immigrants who arrived here by a recent steamer to be suffering from diseases that would cause them to sooner or later become a public charge upon the community.

In addition to the deportees, one hundred and twenty-five Japanese were included in the list of those who took passage by the liner for their native land. This delegation was pretty well divided between men, women and children. The departure of the Nippon Maru was attended with the usual banquets from the host of local Japanese who always flock to the wharves at the sailing of an Orient-bound steamer. Four saloon passengers joined the vessel at Honolulu.

FRENCH CRUISER DUE FROM EAST

The French cruiser "Montcalm" with Rear Admiral de Castris is expected here from the Orient July 13th and will probably remain at Honolulu for one week.

MAN CHOSEN FOR R. R. SECRETARY In response to a request made to John F. Moore, secretary of the international committee of the Y. M. C. A. by the Oahu Railway management that he find someone to fill the position of road secretary for the Y. M. C. A. to devote his time among the employees of the local system, Mr. Moore has stated that a Mr. Gordon, who has been acting secretary on the lines in St. Louis, will take the position.

A Skin of Beauty is a Joy Forever

D. R. T. FELIX GOURAUD'S ORIENTAL CREAM OR MAGICAL BEAUTIFIER

HOME RULERS SOON TO MEET

On Saturday, July 30, four days after the plebiscite election, the political convention of the Home Rule party will be held in Kahili Hall on Kukui street.

While it is doubtless that the convention this year will not be as interesting and enthusiastic as that of the former year, the delegates expect to make it as great an occasion as they can possibly arrange.

Charles K. Notley, president of the Home Rule party could not be seen this morning and on that account no definite information could be obtained from him. It is true that vice president Kalaokalani Sr. is at present, busily engaged in working for the success and prosperity of the prohibition party, of which he is a member.

Princo-Kuhle, the Delegate and Link McCandless, who is aspiring for the honor of delegateship to Congress have expressed themselves respectively on prohibition matters, which are very important to the local people.

Although he was repeatedly asked to express himself on the question, Notley has absolutely declined to entertain the subject, apparently fearing that his statement might be misrepresented, in which event he would be placed in a peculiar position.

FISH THAT EATS MOSQUITOES

Will Rid Any Water It Is Put In of the Pests—Pacific Fish Sings to Its Young.

WASHINGTON, D. C., June 5.—Prof. E. E. Prince of the Canadian Fisheries Service has given the United States Bureau of Fisheries particulars of a fish that sings while it nurses its young. The account, though remarkably interesting, does not indicate the singing fish is ready, just yet, to take a place in a church choir.

According to Prof. Prince the piscatorial songstress is of the genus Porichthys Porichthys (toad fish), and is very unprepossessing in appearance. But it has the peculiar habit of staying beside its eggs during their development. "And not only sitting by and watching them," says the Canadian, "but singing to them, and as you walk along the Pacific coast beach you hear the strange cooing sound, or kind of croaking sound which the parent fish makes when sitting by her brood and watching them. What the meaning is we can not as yet surmise."

Prof. William P. Seal claims to have found a breed of tiny fish which eat mosquitoes with such greediness they will rid any neighborhood in which they are put of the malarial pest. New York will soon be rid of the bad Anopheles, he says, if her people will cultivate the "Gambusia affinis," a small fish now found on the South Atlantic coast from Delaware to Florida. A still smaller species of another genus, "Hebranda Formosa," about half an inch in length, is generally to be found with "Gambusia," and is of the same general character. Both of these species are known as top minnows, from their habit of being at the surface and feeding there. They have protruding lower jaws.

Both are to be found in vast numbers in the South in the shallow margins of lakes, ponds and streams in the tide-water regions. They are also to be found in shallow ditches and surface drains, even where the water is but a fraction of an inch deep. They find their way to the remotest possible breeding places of the mosquitoes, and eat the mosquito larvae by the million. Prof. Seal also advises Northerners to cultivate gold fish and two small kinds of sun fish, known as the "roach" and the "shiner," which live among plants. The gold fish is lazy, but eats immense numbers of mosquito larvae. But it is cannibalistic. The top minnows are foragers, always on the move in search for food, skimming over the tops of plants with restless energy.

"While the children," says Prof. Seal, "are being stuffed with Greek, Latin and geometry, they do not learn how to prevent the growth of mosquitoes about their own homes, or how properly to screen the houses in which they live."

HE WANTS TO PLAY DOMINOES FOR \$500,000 Mr. Spring's Plan to Compromise With Syndicate and Finish New Hotel is Rejected.

San Francisco, June 5.—John Spring, an Oakland banker, who owns a half interest in the unfinished Claremont Hotel, of Berkeley, has challenged the Oakland Realty syndicate, which owns the other half, to a game of dominoes involving \$500,000. The construction of the Claremont was stopped by the financial fury of 1907.

Walter Leimert, formerly a stockholder, recently said to Mr. Spring: "Why don't you and the syndicate get together and finish up that hotel?" Mr. Spring replied: "I've got \$250,000 in that hotel and the syndicate has \$250,000. Tell 'em I'll play 'em one game of dominoes, my interest against theirs, the winner to be pledged to finish the house."

But E. A. Heron, president of the syndicate, declined. And so the game of dominoes was not played and no work is being done on the hotel. But Mr. Spring says he is game to stand by his offer any day.

BOXING SHOW FOR JULY 9

Good Program Is Being Arranged By The Promoter

There will be a boxing show at the Aloha Park on July 9, and Jack McFadden is figuring on a good program to pull off. Arrangements are being made to match Ironman McCollough against Jim Hoao for fifteen rounds, and the go should be a very interesting one. It will be remembered that McCollough defeated Wahliani some weeks ago, and since then Hoao has figured in a couple of battles that have made people think that he can take McCollough's measure.

For a second contest, McFadden is figuring on Wahliani and Terrien, and the pair may be matched for eight rounds. Terrien "got his" from Hoao a little time back, but it is said to be willing to take on Wahliani, who is about the same weight.

A third match will be arranged between Crowley of the Chattanooga and another Jackie from the Cleveland, and with three bouts the followers of boxing should be satisfied.

STATUE OF SAMUEL SPENCER UNVEILED MAY 21.

STATUE OF SAMUEL SPENCER

ATLANTA, Ga., June 2.—In honor of the late Samuel Spencer, first president of the Southern Railway Company and one of Georgia's most distinguished sons, a portrait statue of heroic size in bronze, set upon a pedestal of Knoxville marble, placed on the plaza of the Atlanta terminal station was presented to Atlanta and to Georgia at 2 o'clock on the afternoon of Saturday, May 21, as the gift of 30,000 employees of the railroad system which represents the great work of his eventful life.

The statue is the work of Daniel Chester French, perhaps the most famous of living American sculptors, and has been declared to be among the best that has come from his hand. The ceremonies marking the unveiling were in keeping with the occasion and the life of the man it will honor. On behalf of the employees of the system J. W. Connelly of Washington, chief special agent and chairman of the general committee of employees who raised the funds for the monument, introduced J. S. B. Thompson of Atlanta, assistant to the president. After prayer by Right Rev. Cleveland Kinloch, bishop of Atlanta, Judge Alexander P. Humphrey of Louisville, a lifelong friend of Mr. Spencer, delivered an address on "The Life and Character of Samuel Spencer."

WATERFRONT NOTES

THE AMERICAN ships Falls of Clyde and the Marlon Chilcott are on the way down from the California coast bringing a shipment of fuel oil to the local branch of the Associated Oil Company. The Falls of Clyde sailed from Gaviota nine days ago while the Chilcott is reported but three days out.

THE ARRIVAL of the schooner A. F. Coates from Hadlock, with material for Pearl Harbor docks is expected daily. The vessel is now out twenty-one days.

A Russian named Kirloff, who was employed on the new residence of J. W. Waldron, at Nuuanu Valley, managed in some way to fall headlong into an excavation this morning and was rendered unconscious. The unfortunate man was conveyed to the Queen's Hospital, where he was admitted for treatment.

LOST.

Cruscent brooch of nuggets, Reward if returned to this office. 4456-2t

CRUISERS HERE FOR TWO WEEKS

Cleveland And Chattanooga Will Remain Till July 10th.

Cable advices have been received at the Naval Station that the U. S. collier Prometheus left Mare Island, June 26th for Honolulu bringing two empty coal lighters in tow for the local service.

It is expected that the vessels will arrive about July 10th, and as soon as practicable thereafter the Prometheus will start back taking the Chattanooga in tow—the latter vessel having been disabled by the loss of her port propeller. The U. S. S. Cleveland, command-er Rodman, will convey the two vessels as far as the Farrallones whence the Cleveland will go to Mare Island, and the Chattanooga and Prometheus will forward to Bremerton, Puget Sound.

WATERFRONT NOTES

THERE IS LITTLE doing in freights for the smaller windjammers. The only vessel now enroute from the California port is the schooner W. H. Marston and this vessel will go to Hilo. The bark Andrew Welch which has been making more or less regular trips between San Francisco and Honolulu is laid up in Oakland creek.

THE AMERICAN schooner Omega is one of three vessels now enroute from Grays Harbor with a shipment of lumber. The schooner was twenty-one days out from the Washington port today. The schooner Espada and the Golden Shore are also due to arrive here with lumber from Grays Harbor.

THE DEPARTURE of the schooner Alice Cooke from Port Ludlow with a shipment of lumber is reported by the local branch of the Merchants' Exchange. The vessel sailed for Honolulu on last Saturday.

THE DEPARTURES for the last of the week or the first of the next will include the schooners Mary E. Foster and the Robert Lewers. These vessels are discharging a shipment of lumber.

AMONG THE vessels scheduled to depart for islands ports this evening is the inter-island steamer Helene which steamer will call at Pauahau, Kohala, Kula, and Laupahoehoe.

PASSENGERS DEPARTED

Per T. K. K. Nippon Maru for Japan ports and Hongkong—Ethel McCormack, Dr. Yanagihara, Mrs. Yanagihara, C. Hedeman, Mrs. Hedeman, Dr. T. Ninomya, Mrs. K. Tomiyama.

WATERFRONT NOTES

NO ADVICES have yet been received concerning the amount of cargo that the Toyo Kisen Kaisha liner Chiyo Maru is bringing from Oriental port. The steamer is expected here on Friday and will go to the Alakea wharf. The Chiyo Maru will probably be dispatched for San Francisco on Saturday morning unless she happens to arrive here at a very early hour on Friday morning.

THE AMERICAN-Hawaiian freighter Columbian now at the port taking on sugar for the lathmus is expected to be ready to sail for Salina Cruz via Kaanapali, Kahului and Hilo by Thursday evening. The vessel will gather up sugar at the various island ports before leaving for Tehuantepec.

THREE THOUSAND tons of nitrates is due to arrive here on or about July 4th by the Japanese freighter Kiyu Maru. This vessel is coming from South and Central American ports. H. Hackfeld and Company will look after the interests of the vessel during the stay at this port.

IT IS EXPECTED that the shipment of coal brought from Baltimore by the Norwegian freighter Torstad will be discharged at the United States naval bunkers by the latter part of the week. The destination of the steamer upon sailing from here has not yet been disclosed.

THE NEXT ARRIVAL of American-Hawaiian freighters is the Alaskan which vessel according to latest advices received at the local agency should reach here on or about July 10th. The Alaskan is bringing New York cargo by the way of Salina Cruz, San Francisco and Seattle.

WITH A SHIPMENT of sugar, the American bark Nuuanu has arrived at Delaware Breakwater. The Nuuanu came out to Honolulu with merchandise from New York, and after discharging at this port proceeded to Kaanapali where the cargo of sugar was loaded.

H. HACKFELD and Company expect the arrival of the French Bark Jean Baptiste almost any day. The vessel is enroute from Leith and is bringing fertilizer and general cargo to Honolulu. The bark sailed for the islands one hundred and thirty seven days ago.

THE INTER-ISLAND steamer Maul with a general cargo was dispatched for Mahukona and Kawahae shortly after the noon hour today. The vessel will take on a shipment of sugar at Hawaii ports and is due to return here by the first of the coming week.

ONE OF THE schooners now at the port soon to sail for the northwest coast of the United States is the Fearless which arrived here on June 14th with lumber consigned to the City Mill. The Fearless is believed to be ready for sea by the last of the week.

THE SCHOONER Inca, arriving here on June 14th with lumber consigned to Allen and Robinson has completed the discharge of cargo and is now taking on ballast preparatory to sailing for the Sound. The vessel may depart on Thursday.

THE BRITISH ship William T. Lewis is now 68 days out from the port of Cardiff, bringing a shipment of coal to the Hawaiian Islands. Hind Rolph and Company will act as agents for the vessel upon arrival here.

THE PACIFIC MAIL liner China arrived at San Francisco on last Saturday.

URGES AID FOR HOMESTEADERS

(Continued from Page 1.)
world who are seeking desirable immigration, emphasizing, as it does, the wholly inadequate and half-way measures thus far inaugurated in this Territory to promote like objects, although Hawaii has, in many respects, far less to offer than countries like Canada and the Australian colonies, and is handicapped by the presence of a large alien population, which we have no right to assume can be thoroughly assimilated and become a part of the citizen population of Hawaii. These things considered, Hawaii, if she is to develop a citizen population, has got to do more, and offer more, not less, than countries like Canada, which have vast areas of rich and arable lands available for the would-be settler. We believe that this country has to face the fact that it can not restrain within its borders desirable immigrants, even after such immigrants have been brought here, if it can not offer as attractive inducements to stop as can be found on the Pacific Coast. In other words, more wages and more attractive inducements available on the Pacific Coast to any person now or here after in Hawaii, by the payment of twenty-five dollars passage money, sooner or later going to take that person there, unless we have as much to offer here, and it is sheer waste of money to keep on bringing immigrants of the better class to Hawaii, only to see them sooner or later drift to the Coast. The problem confronting Hawaii is not so much to get settlers here as it is to keep them here after they arrive, and we believe that the sugar planting interests are coming to realize this keenly; enough to concur in a diversion of a large part of the funds now raised under the conservation tax to a solution of the vital question—how to keep desirable laborers here after we get them.

The return to the Territory and its citizens by the enactment of the transportation bill recommended by us will be indirect, though in the end, in our judgment, returns will be sure and the favorable results far-reaching. The return from investment of government funds in the improvement of public lands before being the same for sale as homesteads is immediate. The title to land sold on deferred payments remains in the government, and, as provided in the bill, the land so improved must not be sold for less than the cash outlay for the improvement of the same. In short, if the Territory spends in two years a half million dollars in the method proposed that amount of money is not lost but is still retained in the hands of the government by means of the lien that has upon land sold to homesteaders for payment of the full amount of the purchase price. The money is, therefore, not lost, but is converted into a security, which, we believe, by further legislation, at the appropriate time, can be made available to the government in securing money in its own behalf for general governmental purposes.

Following this report is the resume of Mr. Edings, showing that in Australia and other countries the governments help the homesteader to a more wonderful extent than the methods provided by the report of this committee.

Advances to farmers in cash are shown to be made in these countries as well as in seed, and help in marketing livestock. Egg gathering stations are also maintained and per diem shipments made therefrom. Packing plants are established in Canada, also, where the supply of animals is sufficient.

Methods in Denmark, Argentina, Australia and New Zealand are shown, those of Queensland being gone into in detail and showing the almost paternal interest and help given by the government to the farmers, twenty years being given by the latter government in which to pay for certain kinds of land when purchased outright from the government.

In the bill recommended for improving the land before offering it for homestead, \$500 is the sum stated that may be used for such improvements, and from \$10,000 to \$250,000 is the total amount to be expended in this manner each year.

The act recommended to provide and regulate cheap transportation provides that transportation is to be provided from any point in the Territory to all ports on the Pacific Coast, a subsidy for such transportation not to exceed \$100,000 annually to be paid. Governmental depots or stations are to be established where fruits and vegetables may be left for transportation and grading into classes before shipment to Coast markets.

The following compose the commission on advances to homesteaders: W. A. Kinney, W. W. Harris and Jas. W. Pratt.

Those on the inside of a deal can see only the bright side.

HOW TEDDY WAS RECEIVED

Very Glad To Get Back
To People He
Loves

NEW YORK, June 18.—The Kaiserin, bearing Col. Theodore Roosevelt, reached Ambrose channel at 7:05 a. m., and was taken off quarantine at 7:45 a. m. The Roosevelts boarded the revenue cutter at 8:20 a. m., landing in the midst of the cheering millions in New York.

When the South Carolina saluted Roosevelt clapped his hands with joy and, pointing to the battleships in the harbor, said:

"Look at them! Are they not wonderful? Can you blame me for wanting that kind of a navy? It is worth coming all the way from Kharisium to see."

Later, in replying to Mayor Gaynor's speech of welcome, he said: "I wish to thank you, and through your committee, the American people, for these greetings. I need not say that I am deeply moved.

"No man could receive such a greeting without feeling very proud and very humble. I have been away for a year and a quarter and have thoroughly enjoyed myself, but I am glad to get back to the people I love, and am eager to do my part to help solve the problems which must be solved if this great democratic republic is to see its destinies rise to the highest level of its hopes and opportunities.

"This is the duty of every citizen. Particularly it is my duty. Any man who has been honored with the Presidency is forever rendered the people's debtor and is bound throughout life to remember this as a prime obligation, in order that the people may never regret having once placed him at their head."

As he came from the pier house and advanced toward Mayor Gaynor, who was waiting for him with outstretched hands, Colonel Roosevelt was given the loudest vocal greeting that had ever been his fortune to hear. From massed bands there came the roar of music from the thousands of throats that were hurrah that lasted for several minutes.

LIPTON'S NEW YACHT IS ALMOST RUN DOWN

LONDON, June 10.—Sir Thomas Lipton's new racing yacht Shamrock and a narrow escape from destruction during the Felixstowe Regatta recently.

The Shamrock was at anchor, stretching her canvas, when a submarine steaming down the harbor apparently developed some defect in the steering gear, for her course became erratic. She turned right around and went in the direction of the Shamrock, which would have been rammed had not the crew quickly paid out the anchor chain.

As it was, the submarine glided under the overhanging bow of the yacht, where she became wedged.

A steam launch from the Erin tried unsuccessfully to tow out the errant craft, but eventually a tug pulled her clear.

This yacht's name is simply Shamrock. Sir Thomas reserves the numeral IV for the craft with which he intends once more to "lift" the America's Cup.

SAN FRANCISCO, June 20.—Tex Rickard left this morning for Reno. He will be met by a committee of goldfield business men as he steps off the train. Goldfield has offered Rickard a \$200,000 guarantee.

Tom Flanagan, Johnson's new manager, is en route to Reno to elect new training quarters. Johnson will probably start for Reno on Tuesday morning, and Jeffries the same time.

CALLS ROOSEVELT A TOY COLONEL

W. R. Hearst Roasts Former President for London Speech.

LONDON, June 1.—W. R. Hearst has telegraphed the Daily Mail from Paris a column and a half violently attacking Roosevelt for his speech at the Guild Hall yesterday. He says, among other things:

"Every true American abroad ardently wishes Roosevelt would cease claiming to represent American ideas in foreign countries, and that he would go home and attend to his own business. Self respecting Americans are tired of seeing this self-advertising individual parading Europe claiming to represent a Democratic nation, while seeking to inartiate himself in undemocratic ways with representatives of monarchies and empires.

"Americans who love their country, and believe in Republican institutions, are shocked and outraged to hear this supposed representative of republicanism preaching oppression of subject States. The United States is being misrepresented abroad by a tin soldier, a toy colonel, who although unwilling to submit to discipline for the few days he served in the Army, has been forever since trying to inflict military methods and arbitrary rule on his own people and others."

TUESDAY JUNE 28, 1910

Misfortune is never mournful to the soul that accepts it; for such do always see that in every cloud is an angel's face.—St. Jerome.

Roosevelt will not have to continue his tree chopping for exercise when he goes into the New York political fight.

The Congress just adjourned established its place as a record spender. Incidentally, Hawaii profited considerably in this connection.

Hawaiian corporations paid the Federal Government approximately \$75,000 today under the new corporation tax law. Uncle Sam can afford to be liberal with the Territory.

"When in doubt change your policy" seems to be the slogan of the Thurston-Woolley propaganda. Thurston should check up some of his editorial expressions before proceeding further with his official statements in behalf of his cause and "the rest of us."

The report to Governor Frear by the Commission on Advances to Home-owners, published in today's Bulletin, embodied a number of important recommendations affecting the welfare of the Territory. The commission has evidently done its work thoroughly.

In attempting to make light of the expressed opinion of George W. Smith against prohibition, the Morning Mother of Blind Pigs cannot abstain from a characteristic reflection on the honesty of purpose of those opposed to the Thurston-Woolley propaganda.

While his visit in Hawaii will be brief, Secretary of War Dickinson will be given every opportunity of seeing local conditions and it is safe to say that he will depart with a very good idea of the importance of Pearl Harbor to the defenses of the United States in the Pacific.

Mani presents an illustration of the far reaching discretionary power of the Boards of License Commissioners. The commission has decided that no liquor is to be sold at the Maui race track on July 4th. Just another proof of the fact that the liquor business is under absolute control by the Commissioners, appointed by the Governor.

THURSTON'S DEFENSE OF HIS PLATFORM.

Using as a basis the prohibition platform written by himself, Lorrin A. Thurston defends his brand of prohibition and Woolleyism, all of which he wants to see applied to the Territory of Hawaii. Thurston now steps into the shoes of publicity that were filled by John G. Woolley until he had succeeded in revealing the hypocrisy and false basis upon which the prohibitionists appear before the people. Then Woolley was hastily withdrawn. Thurston takes Woolley's place and in the Thurston prohibition organ proceeds to tell us the "facts about liquor which good citizens agree upon."

Thurston has undoubtedly consulted all the "good citizens" in the prohibition ranks—they are all disinterested men—and those who do not agree with the "certain facts" promulgated by Thurston are, presumably, associates of knaves and drunkards.

Thurston proposes to dispose of the whole question by conclusions based upon such abuse premises as "he is more liable to take a drink if he can reach a saloon by walking two blocks, than if he had to walk a mile," and "no saloon and the man, as a rule, will not think of liquor, but will go home and kiss his wife without paralyzing her with a whiskey breath."

Thurston no doubt pities the wives of the men opposed to his propaganda

who suffer from daily attacks of paralysis under the operation of the present liquor law. Thurston's sympathies are broad and general as was indicated when he asserted that he would not hesitate to form an alliance with the first guerrilla of evil to achieve his ends.

In his procession of premises and conclusions Thurston carefully avoids any of the real arguments that have shown clearly and with finality the essential evils of prohibitory law. He has not a word for the practical results of prohibitory legislation—he simply asserts that the saloon is the root of all evil and that a law of suppression should be clamped upon the people of Hawaii.

Thurston asserts what is fundamentally false when he declares that the difference between high license and prohibition is a difference in degree only and not in principle. Licensing is the fruit of years of experience in dealing with the problem of liquor traffic control. It is based upon reason and sound principles of statesmanship, recognizing the needs of the people and the right to individual liberty and, at the same time, controlling the liquor business absolutely.

In this connection can be recalled a famous declaration of personal rights by Professor Lecky, whose reasoning is probably of more weight than Thurston's conclusion that the "whiskey breath" is blowing a paralytic path through the fair land of Hawaii.

Said Lecky: To attempt to guard adult men by law against temptation, and to place them under a moral tutelage, is a dangerous precedent and a bad education for the battle of life. The essence of real liberty is that every adult and sane man should have the right to pursue his own life and gratify his own tastes without molestation, provided he does not injure his neighbors, and provided he fulfills the duties which the state exacts from its citizens.

The strong tendency to coercive laws on all matters relating to intoxicating liquors, to the restriction of the freedom of contract, to the authoritative regulation of industry in all its branches, is certainly not a tendency in the direction of liberty. The whole object of the prohibitionists at the present time is to throw anti-saloon dust in the eyes of the people and place over their propaganda at the same time a cloak of "temperance."

Thurston dwells not on the plank of the prohibition platform that would make a crime of the importation of a bottle of wine or beer into the Territory. How does he reconcile the editorial statements of the Advertiser—which he has asserted "is my paper"—with his logical masterpiece on whiskey breath, paralysis and whether it is easier to get a drink in a blind pig or a licensed saloon.

Thurston is striking a different lyre from the one he used on May 23rd when his paper made this interesting statement:

"The proposed law practically puts the whole Territory under the sort of liquor regulations that exist on Kauai, except that the source for wholesale supply instead of being local shall be abroad—adding somewhat to the severity of the regulations by increasing slightly the cost and difficulty of getting liquor."

The Thurston-Woolley propaganda is now before the people with its true colors unfurled. Its colors are many, Thurston is at the helm with Woolley down in the hold shouting directions—directions hardly needed by the helmsman in the trimming of the prohibition craft's sails in deception, falsehood and evasion.

What has become of the old-fashioned horse that was afraid of automobiles?—Atholton Globe.

Every mother knows a lot of good rules for raising other people's children.—Chicago News.

An Attractive Home For Sale

\$15,000

This is a splendidly-appointed and well-kept property in the choicest section about Honolulu. TRANSPORTS TO HAVE
SPARKLESS SYSTEMS
Four Army Carriers to Receive New Wireless Telegraph Apparatus.

Four United States Army transports are to be equipped with the sparkless system of the wireless telegraph. The Dix, now at Seattle, is receiving the apparatus and Dr. De Forest, inventor of the system, as well as the long distance wireless telephone, will be in San Francisco this month to install the instruments on the Buford. The transports Kilpatrick and Sumner will be equipped later.

The Dix will be the first vessel on the Pacific to use the new sparkless transmitter. The apparatus is noiseless and works on a different principle from the spark system, yet it can be operated directly with any existing spark telegraph, both sending and receiving.

Electricians are now engaged in installing the instruments on the Dix and the apparatus will be thoroughly tested out before the vessel sails on the return voyage to the Philippines.

Dr. De Forest says that the sparkless apparatus weighs much less than the spark transmitter, uses relatively low potentials and, therefore, there is no longer reason for the difficulties with the spark system in the way of which vessel owners have experienced insulation or inductive effects upon the ship's rigging.

100 SCOTCH LASSIES TO WED AMERICANS

NEW YORK, May 30.—Nearly 100 young Scotch women, betrothed to men who have been in America from six months to several years, arrived yesterday in the first and second cabin and stowage of the steamship Caledonia from Glasgow. Some of the first cabin voyagers were met at the pier by men who took them away to marry them.

Stepping Stones to
Fortune

For two years we have been urg-
ing our clients to invest in good Cal-
ifornia Oil Companies. Many have
followed our advice and have made
large profits on their investments.
Our investments are absolutely safe
and extremely profitable.

After our usual careful investiga-
tion, we advise the purchase of
shares in the VENTURA OIL DE-
VELOPMENT CO. Like all new com-
panies, the stock of the Ventura Oil
Development Co. is now offered at
the low price of 15 cents per share.
AS ITS HOLDINGS comprise A FULL
SQUARE MILE OF LAND in the
heart of the Ventura Oil district,
this company has a great future.

It is a SOUND BUSINESS ENTER-
PRISE with an economical man-
agement; no preferred stock, no bonded
indebtedness; no promotion stock,
and, last of all, we have the goods
to sell.

If you invest your money in this
company, you are sure of making
large profits. Remember, the price
is only 15 CENTS PER SHARE.
Buy now. This is YOUR OPPORTU-
NITY for making large profits.

P. E. R. STRAUCH, Agent
Lincoln Mortgage & Loan Co.

ritorial Co.'s office, and order a load
of their wood. It's the best on the mar-
ket.

Ruberoid Roofing is a protection
against heat because it keeps the
sun's heat out. It is also a protec-
tion against fire and rain and has
wonderful wearing qualities. For sale
by Lewers & Cooke, Ltd., 177 King
street.

The McInerny Shoe Store window
display is something to set men
thinking. There are shoes for well
dressed men to wear on dress occa-
sions and customers may have their
choice of the products of the world's
best shoe factories.

Captain J. Rupert Foster, president
of Western Hotel Association, was a
caller on the acting governor today.
He came with a letter of introduction
from Governor Gillett of California
and will be in the Territory for some
time on a business and pleasure trip.

The Promotion Committee has re-
ceived a letter from Mabel Wing
Castle, in which she tells of a visit
paid to a famous collector's in
Southern France, where Hawaiian
pineapples are used exclusively in
the manufacture of glace pineapple.

General Ulter yesterday paid a
visit to Pearl Harbor as guest on
board the Matson towboat Intrepid.
Several others interested in the work
going on there also availed them-
selves of the chance to observe the
harbor. The site of the new drydock
was visited and all dredging work
inspected.

The convalescence of the local stock
market seems to be an assured fact
and no relapse is expected.

Between boards a 500 block of Oiaa
moved along at 5.125. This is a slight
drop from last week's quotation but
holds with sales of yesterday. Sev-
enty-five shares of this same stock at
session sales went at the same figure.

Honokaa showed up a 200 block
sales between boards at 19.50. This
is a decided upward move over
quotations of last week when 18 1/2 were
asked.

Two lots of McBryde, totaling 15
shares, moved at session sales at 5.75.
This has been the quotation for near-
ly two weeks.

Haw. C. & S. unloaded 70 shares at
41.25 at session sales yesterday 41 1/2
were asked. The first of last week
this stock was held up at 39 1/2.

The estimate of yield for Honokaa
is but 10,000 tons. This is below the
estimate of Manager Gjerdrum, but
it is stated that this condition of af-
fairs will have no effect on the divid-
end.

COLD WAVE FELT ON BOTH COASTS

ATLANTIC CITY BUSINESS IS BAD

So Say Reports to Promotion Committee—Many Inquiries About Products, Positions and Plantations.

On both Atlantic and Pacific coasts the weather for the present month has been so cold and disagreeable that the resorts and beaches have been doing almost nothing compared to what they should do at this time of year.

Word comes to Promotion Committee from the Pacific coast and from H. P. Wood at Atlantic City stating almost the same kind of weather is being experienced. At Atlantic City business on the board walk the middle of June was at a standstill.

Up in Dawson there is a man who has been there for the past thirteen years and who now looks to a different country for his home. He says it is getting old fashioned there and wants to know the chances Hawaii offers to the man with a few thousand dollars to invest.

J. C. Jensen and his three sons at Langley, Washington, may come to Hawaii to take up homesteads if they find conditions right. They have written the Promotion Committee to tell them all about it.

Hawaiian pineapples are being heard from in Europe and requests are coming in for them there.

Miss Emelyn M. Koch of Bradford, Penn., has been a court stenographer for seven and one-half years and now wants to come to Hawaii if there are opportunities here for such work.

"Times of India" published at Bombay and one of the most influential papers in that country recently had a long leader on Hawaiian fish called forth by the booklet on these species which is sent to different parts of the world by the Promotion Committee. The booklet from which the Times made its article was sent to Cook's agency at Bombay and turned over by them to the Times.

THE KEYSTONE TO HEALTH IS HOSTETTER'S STOMACH BITTERS

The first aid to a weak stomach, sluggish liver or constipated bowels should be the Bitters, because it has proven its right to be called "the best." It is for Indigestion, Costiveness and Malarial Disorders. Try it.

THE TELEPHONE GIRL SCORES DISTINCT SUCCESS

A rattling good musical comedy company is here and those who were at the Opera House last night do not have to be told that this is so. "The Telephone Girl" as presented for the first time by the Casino Musical Comedy Company was nothing less than a treat. The members of the company are all good. Miss Rockwell, the prima donna of the company, sings with power and feeling. Olga Steek is captivating as "Toots" in "The Telephone Girl" and it is safe to say that she would make any old kind of a part "take" with an audience.

Frank Blair as Hans Nix is as good as he could be. Carlton Chase, the leading man, made an excellent impression last night and much will be expected of him in the future.

"The Telephone Girl" is good, without exception or qualification and will undoubtedly secure the full houses that it deserves.

The cast and numbers:

Hans Nix, inspector of telephones F. B. Blair
Col. W. M. Goldtop, an old beau Harry Stuart
Dick Marvel, a young broker Dick Marvel
Ebenezer Fairfax, father of Beauty Fairfax Carlton Chase
Shuffles, a messenger boy Harry Garrity
Samantha Fairfax, mother of Beauty Fairfax Harris McGuire
Beauty Fairfax, a musical hall favorite Harry Garrity
Estelle Cooloo, the telephone girl Estelle
Mrs. Puffaway, in charge of the telephone office Ellae Schuyler
Laurel Atkins, a lunch counter girl Maud Rockwell
Clémentine, captain of telephone girls Samantha Fairfax
Vilma Stock Rita Abbott
Rosa, a maid Mrs. Puffaway
Suso in charge of the telephone office
Adele Laurel Atkins
Viola Toots, a lunch counter girl
Serephine Olga Steek
Salle Clémentine
Pauline captain of telephone girls
Miriam Vilma Stock
Lillian Rosa
Josie Suso
Margaret Seymour Adele
ACT I
Opening Chorus—"Hello! Hello!"
"My Estelle" Estelle
"Would You Like to Make Love?" Estelle and Dick

"I Know Them All" Chorus
Shuffles, Toots and Chorus

FOR MEN WHO ARE HARDEST TO PLEASE

ADLER-ROCHESTERS are not for men who find ordinary clothes "good enough." They are made for those who demand all that is possible in fit—the best in style materials and workmanship.

And since 1869 they have never disappointed. Today they're worn by the fastidious men of six nations.

Every garment in our stock gives ample proof of these facts.

ADLER-ROCHESTER CLOTHES

You'll find among them this season's most fashionable shades—grays, blues and browns—in the finest fabrics, the handsomest patterns.

A trip through the new Adler-Rochester plant—America's finest tailoring institution, where 1011 windows give light and air; where vacuum cleaners operate and the air is changed every eight minutes; where the artisans employed work amid home comforts—would make you forever a convert to Adler-Rochester Clothes.

The trip may be impossible, but you can see the RESULTS of these ideal conditions in our store; Pay us a visit today.

AMATEUR PROFESSIONAL SPORTS LOCAL FOREIGN

AMATEURS. UNION WILL SOON EXIST

FINE MEETING OF ALL INTERESTED YESTERDAY

J. H. Fiddes Will Represent Hawaii at Convention in New York—Amateur Status is Clearly Defined by Rules.

Hawaii will enter the Amateur Athletic Union this fall, or perhaps even sooner. That was the decision arrived at yesterday afternoon at the meeting of delegates from the several clubs, held in the office of Lorin Andrews. Not only that, but it is all probability Hawaii will enter the union direct, and not as a part of the Pacific Coast branch. J. H. Fiddes of the football association will leave for New York on the 13th of next month as a delegate of the several clubs to take the matter up with Secretary Sullivan. At the same time, Hawaii will become a part of the A. A. U., seven clubs having yesterday assumed the responsibility of entering the Territory (four being the requisite number), and there is a practical promise that if ten clubs apply, in November, at the general convention, Hawaii will enter the A. A. U. as an independent self-ruling body, and not as the tail of California's kite.

The meeting at Andrews' office was a lively one. There were seven clubs and organizations represented while word was received from several others that they were ready to come in as soon as they had all the details made clear to them. There was a warm discussion as to the initiation fee of each club, which the constitution fixes at \$7.50 per club \$5 of which would go to the California association, of which Hawaii is necessarily a branch until the national body orders a separation.

A letter was read from Felixott of San Francisco offering, in the name of the Pacific Coast organization, to request the national body at the annual convention in November to make Hawaii a separate branch. It is by that time ten Hawaiian clubs had registered. This offer it was finally decided to accept, and Mr. Fiddes was appointed delegate to New York to confer with General Secretary Sullivan looking toward a settlement of Hawaii's status.

Among those present at yesterday's conference were Chairman Lorin Andrews, G. H. Tuttle of the Outrigger Club, J. H. Fiddes, representing the Hawaiian Association Football League; Stanley Livingston, from the Kanehameha Schools; Paul Super of the Y. M. C. A., R. S. Gaul, for the Boys' Club and Grammar School League, and A. J. Ford of the Ocean Club.

That the organization of a branch of the Amateur Athletic Association here will create a revolution in Hawaiian sports is conceded, and for that reason many who would be ruled out as professionals or semi-professionals hesitate about boosting the good work along. The Hawaiian organization will have full authority to wipe out all past records, and a new start will be made for all. It will then be definitely determined just what constitutes a professional; the rules will be strict; the man who shows another how to play tennis or golf, and receives compensation therefor, will cease to

be an amateur; any coacher, for salary, or teacher of swimming, for money gain, will be barred. The officials of the A. A. U. leave little doubt as to who is an amateur.

Perhaps the following, from Rule 1 of the general rules of the A. A. U., is of most pertinent interest in Honolulu: "Any person receiving compensation for services performed in any capacity in connection with athletic games, or in an athletic club, will be ineligible to represent such club in games under the rules of the A. A. U. until he shall have permanently abandoned such employment."

So strict, in fact, is the interpretation of the definition of amateur sports, that a yacht carrying a tug captain aboard has been disbarred from racing events. Any person who accepts money for services of any kind of an athletic nature ceases to be an amateur. This point seems to be definitely settled in the rules that must become effective throughout Hawaii the moment a branch of the A. A. U. is organized here.

DOTS AND DASHES.

On Saturday afternoon last the Industrial School's second baseball team defeated the Waianae school nine by a score of 8 to 5. Kalliwai, a one-legged pitcher, did fine work, and he covered the infield as well as if he had the ordinary number of limbs.

Dick Sullivan has arranged to have the results of the big fight, round by round, posted at his place of business, on King street, on July 4.

Ehlers & Co.'s baseball nine beat the Levy outfit of ball-tossers last Sunday morning at the Makiki field by the score of 17 to 11.

WASEDAS. ALL READY TO GREET TEAM

RECEPTION COMMITTEE TO WELCOME JAPANESE TEAM

Mayor, Band, League Officials and Thousands of Sons of Nippon to Assemble on Wharf in Honor of Visitors.

On Saturday next when the Chiyomaru is signaled, all will be excited among the Japanese of Honolulu, for on board the trim liner are the Waseda University baseball players, who are to play a series of games against local teams.

Great preparations have been made for the reception of the Wasedas, and as soon as the Chiyomaru is sighted a move will be made to the waterfront by all the Japanese of the city. Mayor Fern, the band, Oahu League officials, and the manager of the different teams, will be on the wharf to greet the representatives of Nippon as soon as the steamer docks.

On the launch, that goes out to the steamer will be a bunch of representative Japanese, who will meet the Waseda men on board the mail boat. The preliminary greetings will be extended while the steamer is at anchor, but it will be on the wharf that the great welcome will be given.

As soon as the Japanese have been welcomed to the city they will be driven around the usual route and shown all the beauty spots near at hand. Then the party will proceed to the Azuma Club, where they are to be domiciled during their stay in Honolulu.

The opening game of the season will be played at the Athletic Park on Sunday, July 3, and it will be against an All-Oahu league team. Then on Monday the Wasedas will play the C. A. C. nine, and a straight tip as to their ability will be obtained.

The Tenyo Maru, which left this morning for Japan, will get into wireless communication with the Chiyomaru, and then relay some messages to and from the Waseda team to Honolulu.

The Military league teams would like to have some games with the Wasedas, and it is possible that a series will be arranged. On Saturday the Putahou team will play the visitors, and there should be a good crowd at the games. Many the excuse will be rigged up by some youth who will, on arriving at the park, find that his ticket calls for a seat right alongside of his "boss."

The prospects for the series are very bright, and some of the largest crowds that ever assembled at a ball game should be seen at the Athletic Park on every Sunday the Wasedas play. The bicyclers are nearly complete and extra sitting accommodation for several thousand people has been erected. The tickets for the full season are selling fast, and very few remain now. People who leave the purchase of their passes till late in the week will find that they have no chance of getting a seat.

The big race at Kahului is the mile-and-a-quarter event, and the prize money is \$500. Webber, Waring, Flarigny and Major Collier are the entries, and the race should be a beauty.

JAPANESE BICYCLE MEN ENTERTAIN THEIR FRIENDS

Fine Luau Given at Akebono Hotel—Speeches, Songs and Geisha Dances—Good Time for Everyone.

Not content with having treated the officials of the race meeting last Sunday to a fine lunch at Kapiolani Park, the Japanese Bicycle Association last night gave a luau in honor of everybody connected with the sports meeting. A big crowd sat down to a Japanese dinner at 8 o'clock, and from then on till a late hour all was fun and frolic.

Charming geisha girls entertained the company, and the two principal young ladies were the Misses Wakafuku and Ichiko, who danced and sang their way into the hearts of everybody.

Johnnie Anderson made a speech in Chinese which was translated into Japanese by Mr. Onodera and finally into English by Tony Marcellino. The stunt was the biggest hit of the evening and caused roars of laughter.

Many other speeches were made by those present, and some gems of oratory were turned loose. The whole tone of the affair was to the effect that the bicycle races were very successful, and that the Japanese promoters were delighted to see men of other nationalities taking part in the events.

MANY LOVERS OF SPORTS WORK HARD FOR FUN

Judges, Scorers, Timers and Other Officials Always Ready to Take Part in Good Work.

There are a bunch of men in Honolulu who seem to think nothing of putting in a hard day's work on Sundays or holidays, when they could be resting at home, and who assume the responsibility of deciding contests before huge mixed gatherings without a quail.

It is to men like this that the sporting community has to look to see fair play, and to give their verdicts without caring a cuss who is pleased or annoyed.

Then there are the announcers and timers, who for hours watch and record the pace of runners, skaters and cyclists. The best man with a watch in Honolulu is Ben Hollinger, and he has a timepiece that cost a mint of money. Ben is always willing to take a hand in sports, and is to be relied upon for the correct figures in connection with any event.

On Sunday last Hollinger did excellent work at the Kapiolani Park bicycle race meeting, and he has the art of timing down to a fine point.

As long as men in whom the public have confidence take a hand in the different sports, so long will all the different nationalities which go to make up a Hawaiian crowd feel that every decision will be on the square and that no crooked business will be tolerated.

GREAT SHOW WILL BE GIVEN JULY FOURTH

Outrigger Club Going Strong—The Royals to Perform and Big "Chorus" to Do Cake-Walk.

Charles Royal and his pretty little wife, Edith Elliott, are rehearsing their company three times a day at the Skating Rink. There are more than thirty in the cast that will appear on the stage being built in the big lagoon of the Outrigger Club at Waikeiki. The Royals will give one performance there on the evening of the Fourth of July. There will be a full minstrel show, a vaudeville performance, and a one-act play with the full strength of the company. The Art Theater is lending the several sets of scenery.

The big show at the Outrigger will take place in the evening after the surfing stunts are over. In the afternoon there will be a regatta and the surf canoeing for the Clark cups.

The Outrigger Club is accumulating quite a collection of cups and trophies. There are the four Clark cups, two of which will be contested for on the Fourth, and to this collection Frank Speight, the Dickens reader, has added a handsome solid silver cup, which is to go to the best six-paddle crew among the amateurs. There will be several six-paddle races next Monday at Waikeiki. The seniors and the juniors will each enter three crews, and it is expected that the Chattanooga, the Cleveland and the Belgian training ship will also enter six-paddle crews.

Out in the big surf, both small and large boys will handle canoes of every description before the rollers, and two of the Clark cups will be awarded—one to the most skillful steerer of a large canoe, and the

DON'T STIMULATE EXHAUSTED NERVES If You Would Be Cured Feed the Nerves by Using a Tonic That Will Nourish Them Through the Blood.

Every person is endowed with a certain amount of nervous energy which is being constantly drawn upon by the work, worry and responsibilities of our daily life. It is also largely drawn upon during the after-effects of wasting diseases, as fevers.

Unless these drains upon the nerves are replaced by nourishment from the blood, the nerves become overworked and exhausted and some form of nervous trouble results.

The value of the tonic treatment with Dr. Williams' Pink Pills lies in the fact that these pills do not stimulate the already exhausted nerves to keep up their work for a time longer out that they keep the blood pure and red and in that way fully replace the nervous energy that has been used up.

Mrs. Frances Clark, a dressmaker, of No. 1748-A Mission street, San Francisco, Cal., says: "I suffered for about three years from nervous debility. I was very nervous and during most of the three years I could not sleep well. My stomach was quite bad and I was pale and somewhat run down. I was not able to work steadily."

"A friend urged me to take Dr. Williams' Pink Pills and upon doing so I felt better from the start. I took them for several weeks and gained ten pounds in weight and am able to work every day. I have recommended Dr. Williams' Pink Pills to many of my friends and always with good results."

If you are suffering from any nervous trouble, as neuritis, sciatica, nervous headache, nervous prostration, nervous dyspepsia, St. Vitus' dance, partial paralysis or locomotor ataxia, send today for our new booklet, "Diseases of the Nervous System," which is free upon request. This booklet explains how the health of the nerves depends on pure, red blood and shows what Dr. Williams' Pink Pills have accomplished in nervous diseases through their blood-building property.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

LA FOLLETTE AND ROOSEVELT

OYSTER BAY, June 27.—Senator La Follette, the insurgent leader from Wisconsin, spent two hours here today in consultation with Theodore Roosevelt, the two spending the time in a discussion of the present political situation.

Upon leaving the former President's home, the Wisconsin Senator stated that the talk had been principally upon the position assumed during the session by the insurgent section of the party. The Senator expressed himself as being greatly pleased with the reception given him by Mr. Roosevelt, whom he found in fighting trim and apparently eager to reengage in active politics.

A number of press representatives called upon Mr. Roosevelt as soon as the Wisconsin Senator had stated the result of his interview. The former President was busy chopping down trees for exercise, but laid aside his ax long enough to state most vigorously that he had not sent for Senator La Follette, but that the latter had come to Oyster Bay on his own initiative.

TAFT PAYS THE BILL.

WASHINGTON, D. C., June 27.—President Taft has wired to Boston to have the best procurable surgeon hasten to Beverly to do whatever is possible to save the life of the man injured today by the automobile driven by his son Robert. The President desires that no trouble and no expense be spared to restore the injured man to his full health. The surgeon is asked to attend the man until all possibility of danger be passed.

MORE WIRELESS ARRESTS.

SEATTLE, June 27.—George Parker, the local fiscal agent of the United Wireless Telegraph Company, was today arrested on a Federal warrant charging him with an illegal use of the mails in a scheme to defraud. He was released on a bond of ten thousand dollars.

SECRETARY DICKINSON COMING.

SAN FRANCISCO, June 27.—Secretary of War Dickinson arrived here from the East today and will sail tomorrow morning on the S. S. Siberia for Honolulu and the Philippines.

SIMPLE WASH CURES ECZEMA

Why Salves Fail While a Simple Liquid Has Accomplished Thousands of Cures.

It is now thoroughly established among the best medical authorities that eczema is purely a skin disease, due to a germ, and curable only through the skin. It is not a blood disease at all; in fact, thousands of people suffer with skin disease and are perfectly healthy otherwise, and thereby prove they have no diseased blood.

Simple washes cannot reach the germs because they do not penetrate the skin. The only way to reach the germs is by means of a penetrating liquid.

Such a liquid can be obtained by simply mixing ordinary oil of wintergreen with thymol, glycerine and other healing agents. This compound, known as D. D. D. Prescription, stops the itch instantly—and the cures all appear to be permanent. In fact, it took thousands of cures, case after case, before the best scientific authorities were convinced. D. D. D. Prescription kills the germs in the itching skin. Its effect is seen within one minute after the first application. We especially recommend D. D. D. Soap in connection with the treatment. Honolulu Drug Co., Fort Street.

BICYCLES CARRY WIRELESS OUTFIT

NEW YORK, May 31.—A new wireless feat, which has been accomplished "under service conditions," by a bicycle squadron of boy scout militia in Brooklyn, has attracted the attention of Army men at Governor's Island, and may be taken up by the United States Signal Corps. Two youthful members of the Brooklyn militia organization have perfected a wireless outfit which they attach to their bicycles and use for transmission of messages at distances up to two miles.

The aeriels are erected on the handle bars of the bicycle and extend ten feet in the air. These wires are strung up on both machines and connected with induction coils with a transmission power of 3000 volts. The boy operators have become so familiar with the apparatus that they send and receive messages easily while riding and during rapid maneuvers.

CASTORIA for Infants and Children. Don't Poison Baby.

Forty years ago almost every mother thought her child must have paregoric or laudanum to make it sleep. These drugs will produce sleep, and a few drops too many will produce the sleep from which there is no waking.

Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody, without labeling them "poison."

The signature of Dr. H. Fletcher guarantees genuine Castoria. Physicians Recommend Castoria.

"I have frequently prescribed Castoria for the most ailments of children with good results." W. A. CRANDALL, M. D., Buffalo, N. Y.

"As the father of thirteen children I certainly know something about your great medicine and, aside from my own family experience, I have, in my years of practice, found Castoria a popular and efficient remedy in almost every form." W. J. McCASIN, M. D., Omaha, Neb.

Children Cry for Fletcher's Castoria. In Use For Over 30 Years.

NAT GOODWIN LOOKING FOR WIFE NO. 51 THAT'S THE REPORT.

MRS. NAT GOODWIN, FORMERLY EDNA GOODRICH

New York, June 12.—The question that is worrying Broadway is, Is Nat Goodwin looking for Mrs. Goodwin No. 57? Reports from Paris have it that Mrs. Goodwin No. 4, who was Edna Goodrich, has left her husband. She is quoted as saying she will not ask for a final divorce unless Goodwin desires to marry again. Miss Goodrich, as she is known on the stage, is alleged to have said she was willing to have Nat marry again, but she "could not stand the worries of married life."

HOW TO EVADE SUNDAY LAW

BOARD HEARS OF KIMBALL'S ADVISERS

Hotel Manager Tells on Lawyers to License Board—Licenses Granted and Denied for Coming Year—Screens Stay.

Eleven licenses were granted and five denied by the Board of License Commissioners yesterday afternoon and no Sunday privilege was granted Halewa Hotel as was requested personally by Manager Kimball of that hostelry.

"If the members of this Board could come to Halewa any Sunday they would be able to hear all sorts of ways for me to evade the law and sell just one bottle of beer. These suggestions have come from former holders of the office of Attorney General and from about all the members of the Hawaii Bar," said Manager Kimball in asking for his Sunday privilege.

Licenses granted yesterday were to Halewa Hotel, H. Hackfeld & Co., Schaefer & Co., Wagner & Gonsalves, Merchants Exchange Saloon, Encore Saloon, Isaac Crockett for saloon on Hotel near Nuuanu, Thomas McTighe retail, Anchor Saloon, Union Grill, Criterion Saloon and K. Ono, the latter on rehearing.

Those who were denied licenses were M. G. Silva, for saloon on River street, Shigemasa at Waipahu, Old Corner Saloon, Ishihara at Waiakua and Nekemoto on rehearing.

The matter of no screens in saloons was voted upon but the Board decided to let such premises remain as they now are.

The attendance at the meeting of the license board yesterday afternoon was much smaller than at the last meeting, but the legal fraternity was well represented again.

Frank Thompson, W. W. Thayer, M. F. Prosser and R. W. Breckons were among those of the legal lights present at the meeting.

Rehearing of petitions denied at the last meeting of the board was the first business taken up.

R. W. Breckons addressed the board on behalf of K. Ono, stating that he had known the applicant ever since he had been in Honolulu and were he a member of the board he would grant the applicant a license sooner than any Japanese.

If possible, in case the license was granted, he would like to move to the Harvey premises, should that license be refused or should it run out at the settlement of the estate.

W. W. Thayer at this point stated that the Harvey estate wished the license continued, as this business was practically all that the family had to support it.

S. Nekamoto was represented by Frank Thompson, who presented the testimony of the court in the case of his being fined for selling gin in bottles under another brand.

Thompson brought up the point that ignorance of law might be as well applied to district magistrates who decided cases on laws that had been repealed for several years.

Testimony from residents near the saloon and from the plantation near which it is located was presented, all of which was favorable to Nekamoto and the way he had conducted his business.

Mr. Myhre told about going to the saloon with Duncan and buying gin from small bottles which contained more alcohol than it should and was hence misbranded and adulterated.

Ishihara was spoken for by M. F. Prosser. This license was held at Waiakua by Oaki, and he now wished it transferred to the applicant, as he had made arrangements to sell out to Ishihara, as he himself could not have a license owing to the fact he had a license in Honolulu.

No complaint has ever been made by Fennel except once, and that was soon after its establishment, and that was only in regard to the counter over which the liquor was served.

At this point Chairman Cooke stated that there was a petition from the voters of the district. To this petition Prosser replied that the signatures were not voluntary ones.

Mr. Cox addressed the board in response to a question from Cooke, who asked that the deacons of the church started the petition first. If another man wanted a license, all right, but this man had not conducted the place in a proper manner.

A Hawaiian told the board of conditions at Waiakua after payday, when money was spent freely there for booze. It was his opinion that one saloon was enough there in addition to the hotel.

Thayer asked about the Harvey license. An opinion of ex-Attorney General Hemenway was that no license could be granted to an executor or administrator, and that extension could be granted only that selling might be done to close up the business without sacrifice.

In this case Thayer asked for an

THE most exquisite cleanliness is necessary in the care of bottles and other utensils used in the preparation of a baby's food.

For this purpose, there is nothing quite so good as Ivory Soap.

Dissolve a few shavings of Ivory Soap in a quart of hot water. Rinse the bottles with cold water, wash them inside and out in the Ivory Soap suds and then scald with boiling water.

Ivory Soap
99 4/100 Per Cent. Pure

extension until an application could be presented by the heirs for a new license.

Fisher & Day were represented by Day, and a letter addressed to the board was read. Day had purchased the interests of Lishman and promised to comply rigidly with any rules or suggestions of the board. If the license could not be granted, a six months' license was asked for, so that fixtures and stock could be sold without sacrifice.

After finishing the rehearing, a large number of liquor men appeared who were interested in the new licenses to be granted, and the board passed to the first consideration of other applications.

Halewa Hotel in its application asked for the Sunday privilege. The license paid is \$750, when formerly only \$250 was paid. This was on account of the raising of the Waiakua postoffice from fourth to third class owing to the large amount of money-order business done by Japanese.

This increase did no good to the hotel. The business of the hotel was practically a Sunday business and was far enough from town so that getting a drink there was incidental and not the main purpose.

Manager Clifford Kimball of the hotel said that every Sunday there were many ways suggested to him to evade the law and sell a bottle of beer. These suggestions had come from former attorneys-general and nearly all members of the Hawaii bar. (Laughter.)

In all the new applications considered by the board there was no one present in any instance to protest against the granting of a license to any applicant.

Hackfeld & Co. and F. A. Schaefer & Co. were among the applicants whose applications were considered, and Thos. McTighe applied for a retail license and will do no wholesale business if this license is granted.

F. AUGUSTUS HEINZE, THE ONE TIME "COPPER KING."

F. AUGUSTUS HEINZE
UNDERWOOD & UNDERWOOD

NEW YORK, June 19.—F. Augustus Heinze will not serve a term in the federal prison at Atlanta as a result of the charge of operating a pool in copper stock with the funds of the Mercantile National bank, the jury having acquitted him. The one time copper king made a hard fight in the federal court before Judge Hough, but District Attorney Wise brought out evidence that he claimed supported the government's case of manipulation of the bank funds.

The price of doughnuts has gone up. This promises well for the digestion of the American people.—St. Louis Herald.

"IF YOU FAIL—"

If you fail, don't forget—
That you are human.
That you aimed high.
That you are still alive.
That no matter how ambitious you are, your ideal will always be far ahead of you.

That nothing venture, nothing have.

That you are better off than millions of others.

That maybe you needed the lesson of this one failure, so-called.

That you are 60 years old, and as long as you draw breath, you will keep up the fight.

That you still exert an influence upon someone, either for good or for bad.

That there is no need dying of shame, especially when you are the only one who is to be shamed to death.

That next time you will avoid your present failure.

That you need to fail in order to gain experience, and ultimate success.

That nothing succeeds like overcoming failures.

That humanity is good.

That sometimes the world knows best.

That possibly you didn't select your goal wisely.

That you may need the help and encouragement of someone else.

That what you may call failure is by some other people termed success.

That success isn't money alone.

That success isn't alone getting some high office.

That success isn't always worth while—if you have the wrong ideal.

That success isn't so much your own estimate of yourself and your acts, necessarily.

That success is more a matter of what other people, that is, the right-thinking people, think of you and your acts.

That success is not so much what other people think of you now, but more what they will think of you, and the good you have done, when they look back upon you in the years to come.
