SATURDAY, JULY 19, 1902.

CIVILIZATION IN ILLINOIS.

Out in Illinois they—the superior race—have been illustrating, shall we say American twentieth century civilization, by a wholesale crusade against the negroes. At Harrisburg this notice was posted up in public places on the morning of June 25 last.

"All negroes in Harrisburg and vicinity are given until 7 o'clock tomorrow, to leave. By order of Committee."

Further information and particulars of this enlightened and Christian movement is given us by the San Francisco Chronicle as follows:

"The anti-negro crusade did not assume serious proportions until April. Since then negroes who have lived nearly all their lives in the country and against whose character and integrity there has never been a complaint, have been compelled to sell their homes at a sacrifice, abandon their crops, leave their jobs and seek homes elsewhere. The public school has been closed, the pupils having been driven out of town. The Eldorado Normal and Industrial Institute, conducted along the lines of Booker T. Washington's School at Tuskegee, Ala., has been broken up, and Prof. J. D. Alston and Prof. J. B. Lott, its teachers, have been compelled to leave. The African Methodist Church building has been partly wrecked, and its pastor, the Rev. A. Green, is without a congregation."

But what about the law, one might ask, what are the authorities out there doing? Well, we further learn, one of them, City Attorney Davidson, has plainly declared that he will do nothing to bring the perpetrators to justice, and another of them, Sheriff Baxter has refused

to take any action with a view to obtain evidence against the criminals.

Now suppose it had been a case of striking workmen, flouting and defying the law—driving peaceful and industrious people from their homes, breaking up schools, chasing away the children, wrecking churches and issuing orders of banishment under plainly implied penalty of death to numerous families—if strikers began to do such things would they be permitted to carry it on for two months? Hardly!

Before two days there would be a force of State soldiers on the ground, and if that wasn't enough, Federal troops would be quickly sent to the spot. Of course, too, the daily papers would have much to say in hot denunciation of "anarchy" and there would be severe injunctions from courts which sheriffs would be ready to execute.

It is gratifying, however, to know that the Governor has given orders that some action be taken. Better late than never. As to the difficulty in getting evidence, which, under the circumstances, seems somewhat surprising at this distance, why not try the "water cure" plan? We presume that method of obtaining information should be as American in Illinois as in the Philippines.

TOPICS OF THE DAY.

"In Union there is Strength" is an axiom which can be applied with profit in local politics.

Sailors will swarm all over the town tomorrow afternoon. The Y. M. C. A. and Y. W. C. A. are going on board the Mohican to hold a prayer meeting. Too-tool!

Mayor Low, of New York city, is strongly in favor of opening the public school buildings and yards for the play of children for the summer, and the Board of Education has decided to try the experiment. Why not try the same in this city?

On the eve of a political campaign it is well to remind the public that THE INDEPENDENT is true to its name and is all that that name implies—its expressions are outspoken without fear or favor and nor is it pledged to any party, sect or factions.

Times are hard, incomes have been cut down and taxes are heavy in a degree which makes any prospect of their increase to be deplored—Advertiser.

Well, well! To think that times are hard when we are living under a flag which represents the greatest and richest country on earth! To think that times are harder and money not so plentiful as they were under the hated monarchy. Isn't it a shame?

Edward C. Viemeister, a Brooklyn lawyer, has appealed to court against the Board of Education for refusing to admit his son to school because he has never been vaccinated. The purpose of Mr. Viemeister is to prove that the vaccination law is unconstitutional. He denies the right of the Board to refuse education to his son unless he submits to what he considers a useless and dangerous operation. In response to the appeal Judge Gaynor has required

the Board to show cause why the boy should not be admitted to the school. Time was when doctors were just as emphatic about the necessity of bleeding as they are now about the necessity of vaccination. After killing a good many people that had passed away; vaccination is destined to go the same way.

Although the system we are under is named Territorial it is not much different from one of a municipal character save in respect to cost. Its legislature handles smaller concerns than do many Boards of Supervisors; the Governor has fewer responsibilities than have many mayors of cities. Things work in the municipal way and they work cheaply and well. Can any one show where they would work better to earn the difference in cost?—Advertiser.

They would work better because they would work according to the wishes of a majority of the people. The Governor will cut no ice in our affairs for we'll have a mayor elected according to traditional American lines, every member of the city government shall be elected by the people, and will be directly responsible to the people. They would work better because Thurston and Smith and Hartwell and Kinney and Carter will stay at home, for lobbying at Washington will be unnecessary. They would work better because we shall have a popular form of government and the auxiliaries of the Governor, such as the Anti-Saloon League, and Central Union Church will have had their say, and will have to use the ballot box like the most common of mortals. And there are many more reasons, but why discuss? The majority wants municipal government, and we are under the impression that according to "traditional American lines," the majority must rule. Too-tool!

Commission is Paid.

The Fire Claims Commission has practically completed its labors. Nearly all of the remaining certificates were given out yesterday by Secretary Riggs, the total number being over 700. There are still remaining about 40 certificates, which probably will not be given out at all. These are of individual claimants who for some reason or other have not called for them. Clerk Riggs will still be in the office of the court today and probably Monday, and expects to close up the business of the commission entirely by that time. There is still the report to be made to Governor Dole and the books will then be turned over to Treasurer Wright to do as he sees fit.

Christians on the Mohican.

The Y. M. C. A. meetings have been held on school campuses, on lawns, in an army camp and on an electric car, but the largest meeting of all will be tomorrow afternoon on Uncle Sam's training ship Mohican. Young Brothers' launches have been engaged to be at Brewer's wharf at 8:30 o'clock to take fifty people to this meeting.

This year's magazines will be very acceptable to the boys.

Involuntary Bankruptcy.

Hoffschlaeger & Co., Ltd., have filed a petition of involuntary bankruptcy against Luis Vasconcellos of Kailua, Hawaii. Claims are noted as follows: Hoffschlaeger & Co., Ltd., on open account, \$580.37; T. H. Davies & Co., Ltd., on promissory notes, \$482.75; M. Phillips & Co., Ltd., \$319.01. Thayer & Hemenway are attorneys for the petitioners.

Divorce suits just filed are Talborg Power vs. John Power, Antonio Garcia vs. Mary P. Garcia and Henry R. Warren vs. Laura Warren.

Nervous Debility

is often one of the most distressing after-effects of the Grip. It may also be caused by overwork, worry, mental strain or excesses of almost any nature. Whatever the cause, a debilitated nervous system means that the nerves lack nutrition. Feed the nerves and life will renew its joys for you.

The best nerve food, and the most valuable tonic (because it both builds up the blood and strengthens the nerves) is Dr. Williams' Pink Pills for Pale People. Hundreds of worn-out, depressed men and women have been made strong-nerved, ambitious, energetic and healthful by this remedy.

Among the well-known men of the newspaper profession is F. J. Lawrence, of 435 Fourth Avenue, Detroit, Mich., who for the past eleven years has been at his desk every day. He says:

"At one time I was in such a condition that my physician said I would have nervous prostration; that I would have to stop newspaper work or I would go to pieces if I persisted in doing it, as I was destroying what nerve force I had left. I lost flesh and had a complication of ailments which baffled skillful physicians. An associate recommended Dr. Williams' Pink Pills for Pale People and I gave them a trial. I can't say that I received any benefit from the first box, but derived very good results from the second. They gave me strength and helped my shattered nerves so that I could get a full night's rest."

"A great deal of pain in the small of the back I attributed to a derangement of the kidneys. For this complaint Dr. Williams' Pink Pills for Pale People worked wonders. Soon after I began taking them regularly, the pain ceased, and I felt like a new man. I am greatly encouraged from the results of using a few boxes and am confident that the pills will work a complete restoration of my former condition."—From Evening News, Detroit, Mich.

La Senorita Nita.

O, negra are her tresses,
Obscure are her eyes;
Her delicada dresses
Set off her poca size;
I feel that I could eat her,
So grata is her smile—
La Senorita Nita,
Of Puerto Rico Isle.
I know six words of Spanish,
She knows three English words;
But we all language banish
And twitter like the birds.
Our courting, it is o-o-o-ing;
Our tender glances speak
(Sufficient for our wooing)
The best of Velapuk.
O, raven are her tresses,
And dark her dreamy eyes;
I'm sure her dainty dresses
Set off her slender size;
I feel that I could eat her,
So sweet I find her smile—
The Senorita Nita,
Of Puerto Rico Isle.

Portuguese Political Club.

A mass meeting to which all Portuguese are invited to attend has been called for this evening by the newly organized Political Club. The meeting will be held in San Antonio Hall and will be called to order at 7:30. It is probable that permanent officers will be elected and by laws will be approved at this meeting.

LOCAL AND GENERAL NEWS.

H. A. C.'s Play B-a-l-l

There will be no Band concert today.

Baseball games at Punahou this afternoon.

A meeting of Wilcox followers will be held this evening at Emma square.

The Globe Navigation Company's steamer Tampico is due from Seattle, tomorrow.

The usual Sunday concert tomorrow will be played on the grounds of Iolani Palace.

The schooner Bertie Minor loaded with lumber from Eureka arrived in port last night.

Edmund H. Hart has petitioned for a license to practice law in the District Court of the Territory.

Kahaina has petitioned for appointment as administratrix of the estate of her mother, Keanu, which is valued at \$2000.

Judge Humphreys yesterday dismissed the bill of injunction in the case of Jacintho Jose Rodriguez vs. A. R. Silva.

The application of F. J. Cross for permission to establish a telephone system in Honolulu, has been refused by the Executive Council.

Deeds have been accepted by the United States from the Bishop Estate for its condemned Pearl Harbor land, and placed on record by United States Attorney Dunne.

The steamer Ke Au Hou and Noeau are making special trip today to Kauai ports with laborers for the plantations. The former vessel goes to Nawiliwili and Kilauea, while the Noeau goes to Nawiliwili.

The new compound engine for the Oahu Railway which arrived recently on the Helene is now being set up in the company's shops. The mate to this engine, which is of 40 tons' weight, and the largest in the islands, is expected to arrive on the Nevada.

M. A. Cheek, bookkeeper in the Bank of Hawaii, has resigned, to go to Siam, where he will take charge of his father's estate. Mr. Cheek Sr., who died in Siam recently, was for many years a merchant there, and leaves extensive property interests for his son to manage. The Cheek claim in Siam was the occasion of a big diplomatic tournament.

Died in the Convent.

Sister Arsene, one of the members of the Order of the Sacred Hearts in Honolulu, died last evening at 9:15 in the convent on Fort street after a short illness. She was born in the department of Ille et Vilaine, Province of Brittany, France. She came to Hawaii eight years ago, and has been the teacher of music at the convent during this time. She was known all over the islands and was much beloved by her pupils.

A solemn Requiem Mass was sung at 9 o'clock this morning at the Roman Catholic Cathedral in presence of a large number of pupils and friends. The Rev. Father Matthias officiated while Father Valentin presided at the organ.

The burial service will be said this afternoon at 5 o'clock, and the interment will take place in the Catholic Cemetery.

Baseball at Punahou.

The baseball game between the Honolulu and Custom House teams on the Punahou campus this afternoon is stirring up considerable interest, particularly from the fact that the latter players intend putting a new man into the box. This new man is Blackburn, supposed to be a crack pitcher. The Custom House men will hold Bates and Tucker as a reserve force should Blackburn fail to do what is expected of him.

The Honolulu may put Woods into the box. He is a brother of the famous Woods of the Star team and is a fine pitcher.

HAD REGIMENTAL DRILL.

Headed by the Band the National Guard Marches Through Town.

The practice march and regimental drill of the First Regiment National Guard of Hawaii last evening was well attended and the boys presented a natty and martial appearance. Headed by the Hawaiian Band and the Regimental Drum and Bugle corps the regiment proceeded up Miller street to Beretania, along Beretania to Fort, down Fort to Merchant, thence to Union square. Colonel Jones was in command attended by his staff. The first battalion was commanded by Major Zeigler and the second by Major Camara.

The regiment marched in an excellent manner, and executed numerous evolutions while marching very acceptably. The blare of bugles and drums wake up the town and hundreds of people turned out to witness the drill.

Much amusement was caused before the start, by captain, bag pardon, Major—Barger drilling his men in the art of marching and executing the commands To the Rear or About Face. Herr Barger, was full of the spirit of the occasion and with a martial voice was instructing his men thus: "When I sing out: Battalion! you look out! Now, eh! when I say march! you go." And they went. When the crucial time arrived to give the order to the rear, the Major forgot himself and let go a formidable, "Go back there!" which was received with a roar of laughter. When he ordered the drum corps to move "Makai a little" Captain Marston Campbell took out his tactics book from his pocket to investigate while Major Camara softly whistled Tommy Atkins.

It was all right though. The band played exceptionally fine, and the drum and bugle corps have reached a stage where it could be difficult to improve upon.

To Make Experiments.

Special Agent Smith of the Department of Agriculture has received some cinnamon seed, with which experiments will be made. The work will not be done at the experimental station, however, but the seeds will be sent to Hawaii, where the conditions are thought to be somewhat more favorable. There are a number of cinnamon trees in the islands, but the cultivation of the tree has never been attempted on an extensive scale before. It is the policy of the Department of Agriculture to assist private experiments in every possible way, even to the extent of furnishing the seed, the results of course being placed at the disposal of the Department for its own use.

Master's Report.

P. D. Kellett Jr., as master, yesterday reported the accounts of W. O. Smith, guardian of Thomas and Lucy Richardson, to be correct. In the inventory of Lucy Richardson is noted one share in Hamana Plantation, which the master reports was obtained in exchange for ten shares of the Reciprocity Sugar Co., which had been reported as worthless by the executor.

Police Raids.

The stores of J. Borges, King street and Kamehameha IV, Kalihi, Manuel Vieira, Kinau and Miller streets and the one at the corner of Wilder Avenue and Makiki street were raided by the police yesterday evening and their proprietors arrested. They are charged with selling liquor without a license.

Thomas Fitch has substituted H. W. Robinson for himself as attorney for plaintiff in Kahalupena vs. L. L. McCandless.

The Oriental Life Insurance Co. is suing Loo Chit Sam on a promissory note for \$1500 and interest at 6 per cent from October 1, 1901.

Hackfeld Wharf Ready.

The new Hackfeld wharf has been completed and will be accepted by the Department of Public Works as soon as a few small changes have been made. It is to be ready for use and the approaches to it are to be improved by the time the steamship Korea arrives next month. This means the construction of a bridge over Nuuanu, for which a contract has been let to Cotton Bros. at \$20,000 and the improvement of Queen street.

The new wharf was built by the Department of Public Works, with money which Hackfeld and Company advanced. The treasury was empty and the company wanted a wharf at which the large new steamers could dock. The next Legislature is expected to reimburse the firm. If it fails to do so, Hackfeld and Company will probably make an effort to make the wharf its own and collect wharfage.

A Great Register.

Secretary Cooper is having printed 18,000 certificates, to be sent to registration boards throughout the Territory, for use in registering voters for the coming election. This is for the purpose of getting up a Great Register, which can be finished in time so that the register can be used next November.

The certificates contain blanks for personal descriptions of voters. The election officers are asked to have them filled out and returned them to Cooper, who will incorporate them in brief in a register. This was done last year on the island of Oahu, but the other districts had no such records. The personal descriptions of each voter are useful in preventing impersonations at the polls.

Tenies Fraud.

N. Naketa has filed an answer to the suit of C. R. Hemenway, trustee of K. Taketa, a bankrupt to set aside a sale of goods for \$1870 as fraudulent. A denial is made of the charge and it is alleged that plaintiff was indebted to him in the sum of \$1870, in consideration of which was transferred the stock of goods at Aiea, Oahu, but the sale was in good faith, and without knowledge on the part of defendant that K. Taketa was bankrupt. This sale was made Jan. 15, instead of April 8, as alleged. Defendant further says that since said transfer he has purchased for cash further merchandise amounting to \$2418.84 which has also been attached by the sheriff.

Dies from Wound.

Walter Renton, son of Manger Renton of Eva plantation, died yesterday at the residence of his father. The youth never rallied from the shock of the wound and the operation and his death came not unexpectedly to the watchers at his bedside. The funeral will take place this afternoon. The funeral train is due to leave Eva at 1:15 p. m. and is due at the Honolulu Depot at 2:15 p. m. Interment will be at Nuuanu cemetery.

Cricket to Waikiki.

Cricket will be played this afternoon at three on the Miki playing fields between eleven chosen by H. E. Pickett and A. T. Miles. Prince Cupid and Allan Dunn have a yacht race to look after so will not play. Twelve were chosen on each side as a precautionary measure so that full teams will probably go in to bat. The eleven are supposed to be more evenly divided than on last Saturday.

Died.

RENTON—At Ewa plantation, Oahu, July 18, 1902, William Walter Renton, son of Mr. and Mrs. George F. Renton, aged 10 years, 2 months 18 days.

SISTER ARSENE—At the Sacred Hearts Convent, in this city July 23, Sister Arsene, aged 40, a native of France.

requested the Captain to marry them,
but the Captain refused.

Both prisoners declare they were
brought ashore here under pretence
of consultation with the French
Charge d'Affaires. They have asked
to be allowed to marry here. The
French Consul refused to advise with
the girl's parents relative to this re-
quest, although offered the cable

Sentiment of the Havana press is
against Senor Zalzo's action. Several
cases are cited as precedents contrary
to the Secretary's stand, among oth-
ers that of General Sanguilly, in 1896.
The latter was en route from New
York to Vera Cruz when the Spanish
government tried to detain him here.
Consul General Lee refused to permit
this and ordered the ship to put to
sea without the Spanish clearance pa-
pers, which had been denied by the
authorities.

La Republica Cubano condemns
Secretary Zalzo's action as arbitrary,
reciting the fact that there is no
treaty of extradition between Cuba
and Mexico. El Mundo declares the
action outrageous.

El Diario Marina editorially con-
demns the Secretary's "high handed"
action. The Diplomatic Corps is dis-
turbed by the incident, on account of
its being the first which has aggra-
vated the international complication.

The First Local Mint.

One of the institutions here
which has the special attention of
tourists as well as the local people
is the Mint, which is established on

enter the large main working room
where general manager McDonough
and his corps of assistants are at
work. The cool and large lanai is a
proper resting place and the vaults,
where the "bars" to be minted and
beer are kept present a very tasty
spectacle. The Mint is open from
5:30 a. m. to 11:30 p. m. and during
those hours the work never ceases.
Visitors after looking over the place
will find first class refreshments and
