## "MY SON-IN-LAW" CAPT. LYDIG MARRIED

### DAVID ACCUSED OF TALKING THROUGH HIS HAT.

Sam Parker Denies that Dole Has Been Asked to Resign, or that he is to be Governor.

SAN FRANCISCO, February 4.—"My son-in-law, Prince David, is talking of something of which he knows nothing when he says I am to be appointed Governor of Hawaii," said Samuel Parker at the Occidental Hotel yesterday afternoon.

Parker is just back from his Eastern honeymoon trip. He spent some time in Washington, D. C., and his frequent visits to the White House during his stay at the capital gave rise to the story, corroborated by admissions made by Prince David that President Roosevelt had asked for the resignation of Governor Dole and that Parker would be appointed to succeed him. Parker now declares that the whole story is without foundation.

"I cannot deny," he said, "that I made several calls on the President, because many people saw me there. I called, however, solely in my capacity as Republican National Committeeman from Hawaii. Senator Hanna and Joe Manly were there, and there were many matters which we had to talk about the President. These matters, however, did not deal with the Governorship of Hawaii. If I remember rightly, President Roosevelt asked me if I had seen the Governor, and I told him I saw him shortly before I left Honolulu. Beyond this I cannot talk about my visits to the President of the subjects of our conferences. In doing so I would be violating a confidence.

"While in Chicago, Prince David and myself saw a number of newspaper representatives. I do not know whether Prince David said all the things which he is quoted as saying, but he does not know what he is talking about when he says I am to succeed Dole as Governor. Dole was appointed for a term of four years, and he still has two years to serve. Of course, I cannot say whether or not he will serve throughout his term, but there is no truth in the statement that his resignation has been requested."

SAN FRANCISCO, February 3.—Prince David Kawanakoa of Hawaii, accompanied by Princess Kawakoa, daughter of the late J. A. Campbell, of Honolulu, to whom he was married in San Francisco a few weeks ago, arrived from the East last evening. They are on their way back to the islands, after an extended honeymoon trip through the Eastern States, and during their stay in town are occupying apartments at the Occidental.

Prince and Princess Kawakoa were married the day after Mrs. Campbell, mother of the Princess, became the bride of Samuel Parker. They all departed for the East together, and during their stay in Washington, D. C., publicity was given to the statement that Parker was likely to be honored with the office of Territorial Governor of Hawaii, as successor to Governor Sanford B. Dole. Prince David was questioned about the matter last evening, and while declaring that he had no official knowledge on the subject, expressed the opinion that the statement was correct.

"I really know no more about the matter than Parker," he said.

"Well, what does Parker know about it?" he was asked.

"Well, he knows a great deal more about it than I do," was his somewhat contradictory reply. "I guess, however," he added, "that Parker can have the Governorship if he will accept it. That seems to be generally understood."

Mr. and Mrs. Parker are expected here from the East on the Santa Fe overland this morning. Apartments have been engaged for them at the Occidental.

## WEDS DIVORCED WIFE OF W. E. D. STOKES.

She Sacrifices \$12,000 a Year Alimony for Him—They Sail for Europe Immediately—Her Young Son.

NEW YORK, February 3.—Mrs. Rita H. de Alba Stokes, formerly the wife of W. E. D. Stokes, a New York millionaire, was quietly married at 1 o'clock this afternoon in Grace Church church by Captain Philip M. Lydig, Captain Lydig was an Army officer during the Spanish-American war. Two hours later they sailed for Europe.

By marrying Captain Lydig Mrs. Stokes forfeits \$12,000 a year alimony, to which she was entitled by the divorce granting her divorce. Stokes is now at liberty by the terms of the divorce to go into court and make application for the custody of his son. The child is in this city, and Mrs. Lydig may not take him abroad without the written consent of her former husband.

The marriage of Miss Rita de Acosta, then a debutante of a season, and Stokes took place in the spring of 1895, and the ceremony was performed by Archbishop Corrigan in the presence of an assemblage which filled the drawing rooms of the bride's parents. For three years they lived together; then came a separation, and later, about two years ago Mrs. Stokes obtained an absolute divorce and the custody of their child, W. E. D. Stokes, Jr., born one year after their marriage.

Captain Lydig was in Honolulu during the Spanish-American war as Commissary of Subsistence, and is well known here.

## HANDEL'S MESSIAH.

## DOLE REMAINS.

A telegram was received by the China from a prominent Honolulu business man now in Washington saying he had received indubitable assurances that there is to be no change in the Governorship of Hawaii. The telegram is dated Washington February 6, 1920.

## SIERRA DELAYED.

Advices received by this mail from San Francisco state that the Sierra could not be dispatched from that port for Honolulu and the Colonies before Sunday morning, at 10 o'clock, and that she might not be dispatched until later. If she was dispatched on Sunday, she should arrive here at any time, but in case she was delayed until Monday or later, she cannot, of course, reach here today. She has fifty-five cabin passengers for Honolulu.

## SUSTAINS THE FINE.

The Treasury Department has decided to sustain Deputy Collector Ridgeway at Hilo in the fine of \$100 levied against the captain of the bark Marion Chilcott for failing to enter his vessel within the hours required by the Revised Statutes.

## COMMISSIONS HERE.

Circuit Judge Robinson received his commission as third judge of the First Judicial Circuit today. He will take the oath this afternoon or next week before Chief Justice Frear.

Judge Robinson will probably open court a week from Monday. His clerk, it is stated, will be M. T. Simonton.

United States Marshal Hendry's commission is also supposed to be in this mail. Information was received that it left Washington on the same day as Robinson's. It is addressed to Judge Estee, and had not been delivered up to one o'clock today.

## THE POWERS PROTEST

### BRITAIN, AMERICA AND JAPAN UNITED.

Oppose the Manchurian Treaty of China With Russia, Which is Linked With the Bank Concession.

PEKING, February 6.—The British, American and Japanese Ministers here have renewed their opposition to the Manchurian arrangements between China and Russia. It is probable that this action will result in the further postponement of the consummation of this treaty.

The powers opposing the Manchurian treaty are now beginning to recognize the force of the representations of the Chinese plenipotentiaries that China is making the best terms possible for herself, and incidentally for the equal rights of the other nations in China, and are shifting their protests to Russia as the responsible party.

Paul Lesnar, the Russian Minister here, is endeavoring to maintain the transparent diplomatic fiction that the Manchurian treaty and the Russo-Chinese Bank agreement are not related. He has informed his colleagues that the Russian Government has no official knowledge of the negotiations of the Russo-Chinese Bank. The Russian agents are playing their parts with the greatest regard for appearances, while Lesnar is arranging the treaty with China. The manager of the bank, M. Novikoff, one of the most able and trusted of the Russian agents in the East, is negotiating the bank agreement with Wang Wen Shao.

In the light of the statements of Chinese officials, which were repeated yesterday, namely that Russia, upon the simultaneous signing of the Manchurian treaty and the bank agreement, the representations of Lesnar fail to carry weight. The native newspapers are filled with stories that Russia is trying to gain her ends by offers of heavy bribes.

## MORE ARRAIGNMENTS

### GRAND JURY BRINGS ELEVEN INDICTMENTS.

Jurors Start This Morning to Visit Public Institutions—Divorce Day in Judge Humphreys' Court.

The Circuit courts began their sessions this morning to the tune of the hammer and saw, workmen being busy with the alterations of the upper floor of the Judiciary building. With Judge Humphreys it was divorce day, while Gear took up the matter of arraigning the defendants just indicted by the Grand Jury.

Eleven new indictments were returned yesterday by the Grand Jury and the men were arraigned this morning. The charges are as follows: George Godfrey, larceny, second degree; Jose Miranda, larceny, second degree; W. Kamakawale, larceny, second degree; Otto, malicious injury; Abraham Helena, larceny, second degree; R. Manuall, malicious injury; Ah Chuen, larceny, second degree; Santiago Frantara, assault with weapon; W. McCants, mayhem; Robert Edgar Williams, burglary; Ah Chew, embezzlement.

Three new appeals from the district court have been filed. They are Jesse Makainae vs. Goo Wan Hoy, in which a judgment for plaintiff for \$250 was rendered by Judge Dickey; Mrs. Emily C. Williams vs. W. H. Sims, judgment for \$178.50 for plaintiff; and W. W. Graham vs. the Orpheum Company, judgment for plaintiff for \$79.01.

In Judge Humphreys' court the periodical divorce suit of De Greaves vs. De Greaves was placed on the calendar, from which it had been omitted by mistake, and set for trial next Saturday. This time John De Greaves is suing Caroline De Greaves for divorce.

In the case of Amelia Arundel vs. James Arundel, Attorney Wilder asked for an order of service of the summons by publication. The return of the sheriff showed that the defendant could not be found. The court ordered publication made and the case went over to next term.

Dr. J. S. B. Pratt has been appointed administrator of the estate of the late Sarah Catherine D. Pratt, under bonds of \$25,000. In the estate of Samuel Johnowitz C. A. Long was appointed master to examine the administrator's accounts and E. J. Farley was appointed master to examine the accounts in the estate of the late J. de Costa.

Pleas of not guilty were entered by all the men arraigned this morning except three. They are George Godfrey, larceny; Santiago Frantara, assault and battery; and Chew, embezzlement. These will be sentenced on Monday.

## TO RAISE SALARIES

WASHINGTON, February 4.—Delegates Wilcox today introduced a bill amending section 81 of the Hawaiian government act fixing the salaries of the Territorial officers. The Governor is allowed \$8,000 with \$3,000 for a private secretary and \$500 for incidentals; Secretary of the Territory, \$5000; Chief Justice of the Supreme Court, \$6000; Associate Justice, \$5,000 each; Circuit Court Judges, \$4,200 each; District Judge, \$6,000; Marshal, \$4,500; United States Attorney, \$4,500.

## MOTORMAN WAS ACQUITTED.

Judge Wilcox discharged Motorman O. C. Scott this morning on the charge of running an electric car heedlessly and with danger to the safety of others. Scott's car struck a Japanese who was on Liliha street several nights ago in a crowd that was standing on front of the entrance to the Chinese Theater.

## MAUI STRUCK A ROCK

### THE ROUGH WEATHER NEARLY WRECKED HER.

Sudden Squall Piled the Steamer on a Sunken Rock at Kipahua Yesterday Afternoon.

The Maui had to put back to Honolulu yesterday on account of a leak, which was caused by striking a sunken rock at the harbor at Kipahua, and arrived this morning. The vessel went to Kipahua for the purpose of landing the mails. A boat was lowered and the mail started ashore. The weather was so rough that the crew could not make a landing, so they started back to the steamer.

In the meanwhile the wind and sea, which had been very rough, increased and Captain F. Bennett realized that he would have to get out of the harbor. He saw a squall coming up, but he could not desert his boat crew, so he waited until the men came alongside and the boat was raised on the vessel.

The anchor was raised and just as the vessel was starting to back out of the place, the squall struck her and swept the steamer over on to a sunken rock. The vessel struck about midships. Just how many plates are dentured is not known, but she began to leak.

The vessel did not make water so rapidly but that the pumps could handle the flow without trouble. After hitting the rock, the vessel was taken out of the harbor safely and Captain Bennett hurried to Honolulu. The Maui will go on the Marine railway for repairs. She struck a rock off the Molokai lighthouse some time last year and had to put back to port, leaking.

## FOUGHT WITH DEWEY

### HIS SECOND IN COMMAND ON BOARD THE CHINA.

Rear-Admiral Wildes and Other Officers En Route to Join the Asiatic Squadron.

Rear-Admiral F. Wildes and Commander Ward of the United States navy are passengers on board the China on their way to join one or both of the two Asiatic squadrons now cruising in Oriental waters. Rear Admiral Wildes comes directly from Pensacola, Florida and will succeed Rear Admiral Kempf as junior squadron commander. The Kentucky will be his flag ship. Commander Ward does not know until he arrives in Chinese waters which vessel or which squadron he is appointed to.

Admiral Wildes' command of the navy yard at Pensacola was but a brief one, he having been in charge barely a month before he came to proceed to China. His previous command was that of captain of the New York Navy Yard. He gained his step on October 1 of last year and was detached on promotion.

Admiral Wildes was the second in command under Admiral Dewey during the Spanish war, commanding the vessel during the maneuvers and the battle of Manila Bay. He has seen forty-one years in the United States Navy. Captain Merry said the Admiral a visit early this morning on board the China.

Naval Surgeon U. R. Webb goes through to join the squadron with Admiral Wildes. Dr. F. H. Humphris is a passenger for Honolulu. He will take charge of Dr. Walter's practice during that physician's trip for recuperative purposes.

## LIEUT. HOWELL.

WASHINGTON, February 4.—The President has exercised clemency in the case of Lieutenant James P. Howell, Sixth Artillery, convicted in the Philippines of drunkenness on duty and sentenced to be dismissed from the service. In view of certain extenuating circumstances the President has set aside the sentence and ordered the officer's restoration to duty.

## MACFARLANE-BALLINGER.

A Quiet But Pretty Wedding in San Francisco.

SAN FRANCISCO, February 7.—Miss Florence J. Ballinger and E. C. MacFarlane of Honolulu were married yesterday afternoon at the home of the bride's mother, Mrs. Watson, 3215 Twenty-third street, this city. The wedding was a very quiet affair, only the immediate family being present. Mr. and Mrs. MacFarlane left last evening for a trip East, after which they will live in Honolulu. The bride is noted for her beauty and charm of manner. The groom is widely known in the States as well as the islands and comes of a prominent family.

## NO CHINESE LABOR IS AGAINST SCHLEY

### BOYD PUTS A NEW CLAUSE ON A CONTRACT.

Plans Complete for the Drainage of Kewalo and Contractors are Invited to Offer Bids.

"No Chinese or Mongolian labor shall be employed on the work," is a new specification, in the plans prepared by Superintendent of Public Works J. H. Boyd for the improvements of Kewalo district, with which he is now ready to go ahead. This clause will appear in the contract to be let. It doesn't shut out Japs, but it restrains the contractor from employing any Chinese. Boyd recently received a resolution from the Home Rulers asking that he avoid employing Asiatics, and he replied to it by declaring that he had never done so where it could be avoided.

The plans and specifications for the drainage of Kewalo district have been completed and the contract is ready for his 'ers. Boyd is prepared to receive bids for the work of constructing the drainage ditch that will relieve the district of its superfluous water and put an end to the loud complaints of several hundred residents of Kewalo, who have lived in a swamp for many months.

The plans provide for the construction of a ditch, eight feet wide and averaging five feet in depth, through the district, close to Ward street. Bids will be received up to a week from next Monday. The ditch is to have concrete sides six inches thick. It will have a natural coral bottom most of the way, but wherever this bottom is imperfect, the contract will provide that a bottom shall be made. The government will furnish the cement and will also supply at the government quarry, sand and rock. At Ala Moana road a 50-foot concrete bridge is to be constructed, under the same contract.

The contract provides that the work shall be done in 3 months and that the contractor shall forfeit \$50 for every day he is late in finishing the job.

## HALSTEAD MUST PAY

### SUPREME COURT RULES ON INCOME TAX CASE.

HIS INHERITANCE OF \$20,000 NOT EXEMPT ON ACCOUNT OF PAYMENT OF A FEDERAL TAX.

The Supreme Court, by Chief Justice Frear and Justice Perry, Galbraith dissenting this morning gave a decision in the tax appeal case of Frank Halstead, submitted on an agreed statement of facts. It is held that Halstead must pay the income tax on his \$20,000, which he received on June 1, 1901, from the estate of his father, who died during the previous June. Halstead's contention was that the title to the inheritance passed at the time of the death, and that therefore it was income received before the fiscal year for which he was assessed. Another contention was that the inheritance, as federal tax had been paid on it, was exempt under the clause in the income tax law which says that the Hawaiian income tax shall not be assessed on any bequest or inheritance otherwise taxed as such.

The majority opinion is that this clause does not apply to a federal tax, but only to Hawaiian taxes. Galbraith dissents to this view.

The other point, which Galbraith does not discuss, is settled, a decision that an inheritance is "acquired" when it is actually received and not immediately on the death of the decedent.

## ROOSEVELT WILL RULE AGAINST HIM.

### Will Approve the Findings of the Court of Inquiry and Support the Position of Secretary Root.

NEW YORK, February 4.—President Roosevelt will announce in a few days his decision in the Schley case, and it will be highly unsatisfactory to Rear-Admiral Schley, says a Washington dispatch to the Herald. It will emphatically declare that Rear-Admiral Sampson was technically and actually in command of the American forces which destroyed the Spanish squadron at Santiago de Cuba; that the battle was fought in accordance with the plan ordered by Rear-Admiral Sampson; that Rear-Admiral Schley and the Brooklyn acted in accordance with the plan until the Brooklyn made her famous loop, which left an opening in the blockade line, through which the Spanish fleet steamed; that both Rear-Admiral Sampson and Rear-Admiral Schley hoisted signals at the beginning of the battle which were not observed, or, if observed, were not obeyed, as the captains of the ships were acting in accordance with a plan determined upon before the battle; that during the chase of the Colon, Rear-Admiral Schley was technically in command of the left wing of the American squadron but hoisted no signal nor gave any orders which in the slightest degree influenced the operation of any ship save the Brooklyn; that by retaining Rear-Admiral Schley as second in command after his arrival at Santiago on June 1st Rear-Admiral Sampson condoned the "reprehensible conduct" of that officer.

President Roosevelt will also generally approve the unanimous findings of the court, though he may differ on one or two minor points. In announcing this decision the President will absolutely support the position taken by Secretary Root and will show the country that notwithstanding the ovation given to Rear-Admiral Schley by the people of the West and South he does not propose to flinch from what he regards as his plain duty.

## DUTCH PLAN REJECTED

### BOERS MUST NEGOTIATE IN THE FIELD.

Britain Will Not Accept the Intervention of Any Foreign Power—Dutch Motives are Courteously Appreciated.

LONDON, February 4.—The British Government replied to Dr. Kuyper, the Dutch Premier, that if the Boers in the field desire to negotiate for peace negotiations can be entered into, but only in South Africa. The British Government adheres to its intention to not accept the intervention of any foreign power. The part of the correspondence giving this decision is as follows: "His majesty's government has given it its best consideration and while entirely appreciative of the motives of humanity which led the Netherlands Government to make this proposal, it feels that it must adhere to the position adopted and publicly announced by it some months after the commencement of hostilities by the Boers, that it was not its intention to accept the intervention of any foreign power in the South African war."

## MANSFIELD'S BIG SEASON

Richard Mansfield closed his New York season on Saturday evening, January 25th, and said farewell to the East for the balance of the season. His creation of the barber prince, Beauchamp, has proved the most popular character he has ever had. Up to the time of the record gauge of this artist's phenomenal business has been "Cyrano de Bergerac." At that time he was playing at the Garden Theater and his receipts were \$28,000 for eight weeks, which represents the total seating capacity sold for every performance at Madison Square, and 2,200 people standing during the engagement. This winter he played "Beauchamp" at the Herald Square Theater, which has a somewhat larger capacity than the Garden. Mansfield at the end of his eight weeks had played to 419,500.

Mr. Mansfield's management has mapped out for him the most comprehensive tour this artist has ever made. It will cover a few cities comparatively, although it embraces 13,500 miles. It will take him from New York direct to Richmond, Va., Atlanta, Birmingham and Mobile, into New Orleans. After a week at the Crescent City, Mr. Mansfield will appear six evenings in the six leading cities of Texas, and going thence via Little Rock, Memphis, Nashville and Cincinnati, he will be in the city of five weeks at the Grand Opera House, Chicago. After this he makes a one night stand at Milwaukee, a two night stand at Minneapolis. The balance of the season calls for the distinguished actor's appearance in Detroit, Cleveland, Toledo, Pittsburgh, Indianapolis, St. Louis, Kansas City, Denver and six of the principal cities of the Pacific coast, returning via Butte, Helena, Winnipeg and Duluth.

Mr. Mansfield's season will last into July. His trip South will be the first he has made since he played "Cyrano de Bergerac" and his appearances on the Pacific coast will be the first in eight years. The only play which Mr. Mansfield will produce on tour will be "Beauchamp."

### STEWARDS FIRES AT CAPTAIN.

Chief Steward Marshall Attempts to Kill Captain Pillsbury. For an attempt to shoot Captain Pillsbury of the Pacific Mail Steamship Peru with a rifle, Albert Marshall, chief steward of the same vessel, was arrested and tried at Hongkong on January 24th. The day following the affray, the case was adjourned until January 26th, between the Malle Ilmas and the Bustover till the criminal sessions of April, in which month the Peru will be due in Hongkong on her return trip. The captain states that he discovered the steward at the door of the steward's state room and in attempting to get him away from there was forced into a scuffle. The watchman came to the assistance of the captain and Marshall was placed in his room. Later the steward came into the cabin where the captain was sitting and raising a rifle with the words, "Captain, I am going to kill you," fired the bullet out through the shoulder of the captain's coat. The night watchman and a quar-

termaster assisted in putting the man under arrest.

### SOMETHING THAT WILL DO YOU GOOD.

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best things on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. Its promptness we have never any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup—Calden (S. C., U. S. A.) Messenger. Sold by all dealers, Denton, Smith & Co., general agents, Hawaiian Islands.

THE BEER LICENSES

HOLD HEREIN TWO DECISIONS FOR WRIT.

Brewery Will Get a Renewal of Its License and the Estate Decision Will be Appealed From.

Attorney General Dole yesterday supplied Treasurer Wright with an opinion in the matter of the appeal from Judge Estee's action in the Pihoo beer case.

The case just decided by Judge Estee, although it may involve like questions of law does not come before the Territorial government under like circumstances.

A new point has now been raised in connection with the brewery business, involving the license of the brewery itself.

The license is issued under Section 472, which says: "The Minister of Interior (Treasurer now) is hereby authorized to issue a license for the brewing of malt liquors in the district of Honolulu, on the island of Oahu, for a term of fifteen years."

Dole's reply to the Treasurer's inquiry as to the constitutionality of the rest of the malt liquor law, outside of that ruled out by Estee, is in the affirmative.

"It would be assuming a great deal to say that the question of the constitutionality of the remainder of this chapter can be found. But, if they exist, they are not clear and patent, and so far as I am aware, none have been suggested.

At a meeting of the stockholders and directors of the Manoa and Palolo Construction and Land Company Limited, held last Saturday, February 6, the capital stock of the company was increased from \$40,000 to \$200,000.

Some 400 acres of land are available for filling and two parties are now ready to close contracts for the filling of the low lands in the Waikiki district.

The portable side tracks leading from the main line to the land to be filled will be equipped with switch engines to take the cars from the main line.

The first track will be laid from the park through the Gear, Lansing tract to Palolo and Manoa valleys.

The tract which February has to offer the members of the Kiloahana Art League will occur on the afternoon of Washington's birthday.

Just received ex-Elihu Thompson from Seattle a shipment of Choice beef, Veal, Mutton, Lamb and Pork, also Poultry, Salmon and Halibut.

TO OUR FRIENDS

Every now and then in a bad season some one puts up a question as to the hundred best books...

How can one choose the hundred best books, when books are so many and appeal to so varied interests?

Different ages have given different books which so occupy our attention. For years in the ancient world it was Homer's Iliad and the Odyssey...

But there are very few now who would put either Homer or Horace into their category of books...

Looking round one sees almost a decadence among the generation of the present day in the matter of book love.

Happy is the man of few book friends. He may have thousands of acquaintances. Years ago our ancestors only had one book...

But when one comes down to the choosing of only this book or that, out of a number, it is hard to say what one can discard.

It appears from the annual statement in the "Publisher's Circular" that the books of 1901 showed a fall of about a thousand in number compared with 1900.

Then there is Thackeray with his keen cutting satire. We never tire of him. He was precious in youth, he is still a friend in old age.

His cynicism Thackeray ever shows the large kindly big heart which was behind the mask. One other attribute he had. He certainly could draw a gentleman. He was essentially a gentleman himself and bore the terrible domestic affliction of his life as a gentleman should.

And one could not discard Dickens. One wants every book of his, though it is the fashion among the dilettante set to undervalue Dickens. Truly some of his work is caricature but it is kindly caricature. Who would want to lose Mrs. Gamp or Sam Weller, or Young Halley, or the Crumhorns, elder and younger. And then his pathos and tragedy. Take the self sacrifice of Sidney Carton in the " Tale of Two Cities" and his last scene where he goes to the guillotine and keeps up the heart of the little sempstress, who is afraid. Well one can't very well do without Dickens.

Then of course one must have Shakespeare, and one dearly loves Washington Irving, especially the Sketch Book and Bracebridge Hall. And there are a couple of plays of Sheridan one would not be without, and Kit Marlowe is pleasant to dip into, and Prescott is pleasurable, while Parkman is enthralling. How one can swell the list. Dear old friends, they are never dull never wearisome, never tired. Always ready to talk to you, and ready to stop when you are tired. Have a pleasant circle of such friends, and know them well, and whether stocks go up, or stocks go down you will be happy.

A TOURNAMENT.

Progress is being made with regard to the playground for the Boy's Brigade and a strong effort is to be put forth for obtaining funds. It is one of the misfortunes of life that no improvements can be made without money, and that those who desire to make improvements in nine cases out of ten, have to go to others for money, being themselves somewhat impecunious. But after all it may not be so much of a misfortune, for the necessity of asking other people for money makes those who plan improvements careful, and look at their scheme from many sides. The untrammeled use of money even in philanthropic schemes is by no means an unmixed good, as history has shown us over and over again.

However, to return to the Boy's Brigade. A very fine and central site has been obtained for a term of years. The playground lies between Liliha street and the Kaulawela school. Part of the land belongs to the Bishop Estate and part to the Department of Education. Most children can reach the place by walking, but if they are far out Palama way or towards Waikiki-kai, the rapid transit can bring them up in a very short time and drop them at the very entrance to the playground. For some time there seemed to be a hitch in the negotiations for the lease of the land, but that has now been entirely overcome.

Of course there requires a considerable amount of work to be done on the land before it can be used as a playground, and for this purpose the Boy's Brigade is getting up an athletic tournament to be held some time during the next few weeks, which will enable that body to put the land in order, and make a regular athletic center.

There is nothing better for the healthy, well developed youth of a nation than athletic training. But you cannot have athletic training unless you have a proper place to train in. Athletics can be and are sometimes overdone, but there does not seem any such chance with the Boy's Brigade. It is an organization which is well supervised, and as long as it remains well supervised it will be a success and a valuable ameliorating agent in our city life. If it is allowed, however, to run itself it will very soon deteriorate. One thing that should be kept in mind by the managers of the coming tournament is that it should be and indeed must be to obtain support, strictly amateur.

The city of Aguadilla, P. I., is desirous of negotiating a loan of \$50,000. The money is needed to pay the present municipal debt, amounting to \$8000, and to build a market-house and pave the streets.

The denial by Sam Parker of the Governorship story ought to set that ghost at rest. That when the story was first given out by Prince David in Chicago it was believed, is very evident from an article which comments upon the injustice done to Governor Dole, and scores Sewall and Humphreys. But it was very soon learned that no such action had been taken and that, as Sam Parker says, the Prince was talking through his hat. Governor Dole remains in his seat and it will be the firmer for the abortive attempt to oust him.

THE WILL IS BROKEN.

In the matter of the will of Nalimu Nalimu, deceased, the Supreme court today rendered an opinion supporting the verdict of the jury, which upheld a contest of the will. The will was contested on the ground that it had not been executed or published according to law and also on the ground that it had been obtained by undue influence. The opinion of the court is by Galbraith and is concurred in by the others. Perry, in a concurring opinion, says that the case for the contestants was a weak one, but that the responsibility for the finding of fact is upon the jury, and the verdict must not be disturbed.

She brought a small list of passengers for Honolulu. The vessel carried 200 sacks of mail from San Francisco to this port and also brought six days later news. She will sail for the Orient at 5 a. m. tomorrow.

**ROBBED OF MONEY**  
OVER THREE HUNDRED DOLLARS TAKEN.  
Hold Inventory Reported to Police by Japanese—Thief Removed Trunk from Under Victim's Bed.  
A profitable haul was made Thursday night by a burglar. Most Shiro was the victim. Shiro has a store on Vineyard street near Camp No. 2. He closed his place of business shortly after 9 o'clock that night and retired to his sleeping quarters which are located in the rear of his store.  
During the night, the place was entered through a rear door by a burglar. Under his bed, Shiro had a trunk in which he concealed his money. He had \$212.35 there. This trunk was removed from the building, broken open and rifled of its contents. Nothing else was taken. The thief secured entrance by unlocking the door with a skeleton key of some character.  
Shiro reported the theft to the authorities and Detective David Kaipa is at work on the case. The reported robbery presents some very peculiar features. It seems rather strange that the trunk could have been removed without the noise waking Shiro. He says he was not drugged and knew nothing of the affair until yesterday morning when he discovered the trunk outside in the rear yard.  
The police are inclined to think that some one who was acquainted with the contents of the trunk and its hiding place must have committed the theft. No arrests have been made.

**SEWALL'S INTRIGUES**  
AS DEPICTED BY THE RECORD-HERALD.  
A High Tribute Paid to Dole—What His Resignation Would Mean to Unchecked Vicious Legislation.  
The Chicago Record-Herald of January 28, has the following editorial on the Hawaiian situation:  
It was written immediately following the published interview asserting that Dole had been asked to resign, and assumed that those were true. While it is in error as to this assumption, it shows clearly the vicious lack of confidence in which he was held by the whole community. In the trying times that followed he became more widely distinguished for his care ability his sound judgment, his integrity and fine sense of character, and when the annexation that he had done so much to accomplish was fully accomplished history pointed to him unmistakably as the very best man who could be named governor of the new territory of Hawaii.  
But the opposition which has finally secured his overthrow had already developed through a combination of various disgruntled elements which were manipulated to further the political ambition of Harold M. Sewall, the United States Minister to the Island Republic. Sewall was a Democrat turned Republican. He had served as consul general at Samoa under President Cleveland, but resigned, and later had an appointment from President Harrison. With the next return of the Republicans to power he appeared again as a Sealer, a male minister in 1897. He is the son of the wealthy Maine shipbuilder who ran for Vice-President on the Bryan ticket of 1896 and a member of the national Republican committee.  
Sewall had no rational claim to the governorship, but he made a hard fight for the office, and was bitterly disappointed over his failure to secure it. Moreover, from that time forward he did everything in his power to trouble Governor Dole's administration. While he was away from the islands maneuvering in this country he was represented by A. S. Humphreys, an American adventurer with an unsavory record, who tells the story of himself. When he went to Hawaii in 1896 he had only \$22, though the law required that every newcomer who intended to settle there should be the possessor of at least \$50. He was accustomed to being helped by his wife, and he got around the difficulty by putting some old confederate bills between two good tens and carrying off the trick so well that the inspector was deceived into letting him pass. Through Sewall's efforts Senator Frye of Maine was induced to back Humphreys for a judgeship, and that is how he happens to be known now as Judge Humphreys. He has become conspicuous on the bench by conduct which led to a request for his dismissal by a large majority of the bar association of Honolulu, which was the result of the political intrigues in which he was engaged. That the request was denied is plainly due to an utter misconception of the real condition of affairs on the part of the Attorney General and the President.  
Besides Humphreys the Sewall combination includes many of the old royalists who did their best to prevent annexation. It is distinctly inimical to good government and with the resignation of Governor Dole there is the promise of unchecked vicious legislation in the territory and a host of bad appointments if the opposition is to have its way. Furthermore, whatever the future may bring forth there is no excuse for the treatment of Governor Dole. He is discharged under fire with an absolutely brutal disregard of his character and service.

**THE LOCK AND THE KEY.**  
You can get into a lock only with the key that fits it. Very well, but you can cure a disease only with the medicine that goes down to the cause of it. Now, many so-called diseases are in truth only toxins of our disease, branches of one tree, as we may say. For example, if we can nourish the body and enrich the blood, we speedily get rid of many of our troubles, such as Anemia, Fevers, Rheumatism, Scrofula and Blood Disorders, Lung Diseases, and so on—all proofs that the body lacks vitality and force. Nothing is so effective a body-builder as cod liver oil; but, also, how many are nauseated at the very thought of it. In **WAMPOL'S PREPARATION** which is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, we save the taste without the loss of the valuable drug which is in the taste. Add to this the Compound Syrup of Hypophosphites for making bones, and the Extract of Malt and add every the equally excellent purgative, and we have a remedy which is as pleasing to the palate and stomach as it is potent and successful in banishing disease in old or young, and making life worth having. It cannot be disappointed in it. More lives have been saved by it than by any other medicine; you get an effective remedy while seeming to be using only a palatable food. Dr. O. C. Shannon, of Canada, says: "I shall continue its use with I am sure, great advantage to my patients, and satisfaction to myself." It was made to cure and it cures because it cures. One bottle convinces. Effective from the first dose. Sold by chemists in Europe, Asia, Africa, Australia, North and South America.

**FAT MANILA JOBS**  
HEAVY SALARIES PAID IN THE PHILIPPINES.  
A Filipino Chief Justice—Governor Taft Gets Salary of \$20,000 a Year—Other Fat Jobs.  
The scale of salaries in the Philippines puts Hawaii far in the shade, as shown by a report received at Washington recently. There is a long list of fat offices, and the Philippines seem to be getting in as American officials very well. The Washington Post contains the following statement of the list of jobs and salaries:  
Gov. Taft, president of commission \$20,000  
Each of four commissioners \$12,000  
Secretary to the commission 7,000  
Chief Justice, a Filipino 7,000  
Six Justices, two of them Filipinos 7,000  
Treasurer 6,000  
Auditor 6,000  
Collector of customs 6,000  
Head of department of posts 6,000  
Chief of bureau of education 6,000  
Chief of health bureau 6,000  
Attorney General 5,500  
The civilian salary rolls at Manila, 4,000 names of Americans and Filipinos, who draw an aggregate annual stipend from the government of \$2,000,000. Of these, 2,044, not including the Philippine secretary commission posts up \$2,250,000. There are 2,242 Filipinos, all with a few exceptions occupying minor places, which yield a total of \$406,945 to the incumbents. These figures, taken from the copy of rolls brought to this country recently by a Republican member of the House, do not, of course, include the cost of the military establishment in these far-off possessions.  
The returning Congressmen are inclined to criticize certain of the salaries paid under the Taft government. It is probably the most ventilation of the subject in Congress. The wisdom of paying men in high places good salaries that the incentive to dishonesty may be removed is recognized, but according to the talk of the Congressional visitors, there are many unnecessary offices. While many of the high officials receive no more than their services are worth, the opinion seems to be that honest men and efficient men could be had for much less.

**Taft's Salary Raised in September.**  
Up to September last Gov. Taft was receiving \$12,000 annually and \$15 per diem. That made him a total salary of \$17,500 a year. After that date his salary was fixed at \$20,000 a year. Commissioner and \$15,000 additional as the head of a bureau. Accordingly he is now receiving a salary of \$20,000 annually. His other colleagues on the Commission also are paid \$5,000 a year as members of the commission and \$10,000 as heads of bureaus.  
Their compensation, therefore, is \$15,000 annually. But while the consensus of opinion from the Congressional visitors is that Gov. Taft earns all he receives from the government, the other members of the commission are practically enjoying sinecures. Worcester is said to be receiving his salary chiefly for writing about bugs. Moses is nominally the head of the education bureau, but the man who does the work is F. W. Atkinson, formerly of Boston, now superintendent of education at \$6,000 a year. The commissioner in charge of each bureau has practically no duties of importance, except to keep a diary of the commission. Wright is now acting as vice governor in the absence of Gov. Taft. At other times he and Commissioner Ide, a Vermont, whose career in the Philippines was marked by service in Samoa, are making rapid progress in modifying the Filipino laws. As the statements of Republicans and Democrats go, when not made for quotation, none of the commissioners in Manila is considered as much of anything but a figure-head, saving only Gov. Taft, whose ability and usefulness are freely admitted. There are two Filipino commissioners who are associated with the American members.

**GRANTED AMERICAN PAPERS**  
WASHINGTON, February 5.—The House Committee on Merchant Marine and Fisheries today favorably reported the Kain bil granting American register to the barkentine Hawaii owned by James Robinson of San Francisco. The report states that the vessel was built in Scotland by contract for Hind, Rulph & Company, to go into the San Francisco-Hawaii trade with the intention of securing registry under the laws of Hawaii. In the meantime Hawaii was annexed to the United States. The bill provides that the vessel shall not be used in the coasting trade of the United States except between the Pacific Coast and Hawaii.

Though William Black was not a great man, he deserves well of a public which he delighted for many years, and the forthcoming biography is fully merited. It is the work of Sir Wemyss Reid, who has before this written a readable life of Lord Playfair. **AYRES WINS THE RACE.**  
H. M. Ayres won the race at Kapiolani Park this morning, crossing the line ahead of "Denver 60" Smith by a narrow margin of fifteen inches. The time made by Ayres was 7 minutes and 2 seconds for the 150 yards covered. "Denver 60" started at scratch and walked or ran the mile as the times suited him. The race was muddy and not conducive to good time. The anger is understood to have been for a dinner, the number of persons not being specified.  
**MRS. HARRISON.**  
Col. Russell B. Harrison has done well to deny the story that he would oppose the granting of a woman to his distinguished father's second wife. It was of a character to rain the old friends and admirers of Gen. Benjamin Harrison. As to the claim of the former president's widow upon the government, that is a matter to be considered on its merits. The impression has been that the general left her comfortably provided for.—Springfield Republican.

**MR. SCHWARZ**  
The puritanical Springfield Republican thinks Mr. Schwarz's little diversion at Monte Carlo should not be too harshly condemned, for, really, it says, it was not much more reprehensible than stock gambling. The Republican evidently does not make strenuous efforts to be intolerant and never argues with anybody on anything.—Adany Journal

A Life Saved Sixteen Months of Awful Suffering

Impure blood is always dangerous. Just as soon as you begin to feel weak and languid, nervous and depressed, you are in danger. Make your blood pure and your nerves strong at once.

Mr. Thomas H. Carbot, of Honolulu, New South Wales, Australia, sends us this letter, with his photograph

was suddenly taken very ill about three weeks ago. I was delirious nearly all the time, and my life was despaired of. The doctors said I was lying on my back, and I was very weak. I suffered the most frightful agony; the poisoning all settled in my head. I then went to St. John's Hospital, where several pieces of bone were taken from my leg. But I grew weaker and weaker, and I could hardly raise my head. I then had the hospital, believing I must surely die. Then my joints brought me a bottle of

AYER'S Sarsaparilla

It did me good at once. In all I used fifteen bottles. Without doubt it saved my life, even after sixteen months of suffering.

BREACH OF PROMISE

A VERDICT FOR \$250000 IN DAMAGES

Supreme Court Justice in Honolulu. - - - - -

The Supreme Court yesterday rendered a unanimous decision, with Chief Justice Ewing, sustaining the verdict of a jury and finding of Judge Ewing in the breach of promise suit of Ada Brown against Andrew Anderson, wherein the young woman was awarded \$250,000 damages.

The court declared that there was proof of evidence to sustain a verdict for substantial damages, and discussed at length the relations existing between the plaintiff and defendant. As to the motion for a non-suit the decision says:

The motion for a non-suit was passed on the ground that the evidence showed that the sole consideration for defendant's promise to marry the plaintiff was an immoral aim. There was other testimony, however, which was clearly sufficient to sustain a finding by the jury that the defendant's promise to marry the plaintiff was based solely on the plaintiff's promise to marry him. The jury may well have found, further, and such finding would find ample support in the evidence, that the seduction was subsequently accomplished by virtue of the promise of marriage.

The court then reviews the promise of marriage, made on September 8, 1897 and repeated over and over many times until September, 1900, when the defendant suddenly told the plaintiff that he was going to marry another woman, which he did on October 1, 1900. The court says that the announcement that the defendant had decided to marry another woman was not made with tenderness and tenderness, but with harshness and cruelty and adds:

"The injury to plaintiff's feelings and affection, the mortification and distress of mind, the humiliation and physical pain suffered by her in consequence of the seduction and otherwise, the length of the engagement, the degree of plaintiff's devotion to defendant, the conduct of the parties toward each other, the injury to the plaintiff's prospects in life, and the disappointment of her reasonable expectations of worldly advantage resulting from the intended marriage, were all elements of damage resulting from the breach and proper to be considered by the jury in estimating the amount of the verdict. In my opinion the proof of damage was sufficient to sustain a verdict in a substantial amount."

Andrews, Peters and Andrade appeared for the plaintiff and J. T. De Bolt for defendant.

In Judge Humphreys' court the case of E. O. Hall & Sons vs. the Faialua Valley and Upland Development Company was heard and resulted in a mistrial. The suit was for goods to the value of \$900, delivered to W. H. Hain, for an alleged co-partnership, but all the important evidence of mutual responsibility was ruled out, on account of failure to establish the co-partnership. Under this ruling the Hon. attorney for plaintiff stated that he would accept a non-suit. The court stated that withdrawal of a jury would be allowed so that the case might stand over as a mistrial, to allow the defendant in amend or get no evidence. This course was taken.

Application was made to the supreme court by Robertson and Wilder, in behalf of Mrs. Irene B. Holloway, for a writ of error in the matter of the Brown minors, whom Judge Humphreys ordered delivered to their father every other week, in accordance with an order of Gear's, later refusing to allow an appeal.

SPORTS FOR TODAY.

Polo Practice, Football and Indoor Baseball.

The second and third polo teams will play a practice game at Kapiolani Park this afternoon at 3:30 o'clock. The second team will be coached by the members of the first. Fleming has changed places with A. W. Carter, of the third team. The day being fine, the match will be played.

"Denver Ed" Smith and "Honolulu Herbert" M. Ayres started around the track at Kapiolani Park at 10:30 this morning. The last game of the indoor baseball series will be played this evening in the gymnasium of the Y. M. C. A. at 7:30 between the Malle Hinas and the Business Men. A win for the former team gives them the championship of the League, while a victory for the Business Men will mean a tie for themselves, the Malle and the Evening Classes.

The Malle Hinas and the Honolulu will play a close match this afternoon at Makiki. Both teams are playing substitutes, their regular players having, some of them, been put hors de combat in previous match or practice games. The Malle Hinas and Panahous, junior teams, will play the first game of the junior league previous to the regular match.

## TO WIDEN HOTEL ST.

WATERHOUSE & COMPANY SELL PROPERTY.

James Steiner thinks it is a question of Easy Philanthropy as Waterhouse Once Promised it Free.

The government on February 7th bought from the Henry Waterhouse Investment Company 1400 square feet of ground on Hotel street, having acquired the ground for the purpose of widening Hotel street. The price paid was one dollar per square foot, or a total of \$1,400, with additional compensation in the shape of repairs to be made and improvements carried out on the diminished property.

In addition to the actual money paid the government undertakes free of cost to pay all the expenses of curbing, cement sidewalk, the erection of a suitable fence and the removal of the verandah from a two-story house.

The property and house are situated on the main side of Hotel street, immediately Waikei of Adams Lane, lying between there and the public library.

James W. Steiner, of the Ellice building, expressed himself as surprised that Waterhouse and Company had received any money for the land. "Only a comparatively short while ago they were quoted in the paper, I think the Advertiser, as being about to give the government the strip in question as an example to others to go and do likewise, and also to give a helping hand to public improvements. Now I see that they have changed their mind and sold the property for one dollar a square foot as well as getting their improvements."

"It is about the last strip that will be needed to complete the operations, and it seems remarkable that it should be the first one to be bought for cash by the government, after having been promised once as a gift."

**FORESTER GRIFFITH LEAVES.**  
Will Spend Month in Japan En Route to Manila.

Expert Forester E. M. Griffith leaves today on the China, not, however, going directly to the Philippines, but staying at Japan, where he will spend a month studying Japanese arboriculture and the general condition of their forests and climatic results. Mr. Griffith spent yesterday in the Bishop Museum, staying there the whole day, this being practically the only holiday he has enjoyed since his arrival. The early part of the week Mr. Griffith was for a day or two seriously indisposed. He thinks from drinking water at Wadsworth that failed to agree with him, and was forced to postpone his trip over Moanalua with E. S. Damon. His departure of Henry Von Holt's place down the railroad is almost rapacious. He says that it is the most perfect and beautiful estate of its kind that he has ever seen.

Mr. Griffith will keep in communication with Commissioner of Agriculture Wray Taylor and send him or exchange with him from time to time such trees, seeds and plants as he thinks will thrive in Hawaii or do equally well in the Philippines. There are several varieties of extra insectous mangoes that Wray Taylor has already made attempts to get here which will probably arrive now that Mr. Griffith, who has a firm abode for everything Hawaiian, has taken the matter in hand.

## R. R. WASHOUT

The heavy surf of last night washed out a portion of the track and road bed of the Oahu Railway and Land Company on the Honolulu side of Kaena Point. About 20 feet of road bed was washed out. Passengers and freight were transferred around the washout, which is being rapidly repaired today.
