RESOLUTIONS AND SENATE REPORT

At This Morning's Session of the Upper House.

EDUCATION COMMITTEE HAS MADE INQUIRIES

Nuisance on the Judiciary Building Grounds Soon to be Abated—Something About Fire Proof Vault.

The Senate adjourned for the day at 12 noon out of respect for the day. However, previous to this step being taken, the Senators rushed through a lot of work along the line of reports.

The first business attended to at the morning session of the Senate was the reading by Mr. Baldwin of the following report of the Committee on Education and Health to whom was referred a resolution introduced April 1, by G. R. Carter:

Your committee interviewed the Board of Health in regard to the matter, and find that, on July 11, 1900, and again on April 1, 1901, the Board served a notice on the Superintendent of Public Works calling his attention to the insanitary condition of the lavatories and ordering him to remove the nuisance and put the premises in a sanitary condition.

Your committee interviewed the Superintendent of Public Works, who stated that the matter had not been attended to sooner owing to a disagreement between the Assistant Superintendent of Public Works and some of the officials in the Judiciary building as to the location of proposed new lavatories, but that the matter had been finally settled and new lavatory rooms would be immediately constructed on the back veranda of the Judiciary building to connect with the sewer system, and the nuisance in the yard removed.

D. KALAUOKALANI, H. P. BALDWIN, D. KANUHA.

This report as well as the following of the same committee to whom was referred a resolution introduced April 4 by G. R. Carter, instructing the committee to investigate and report on estimate of the cost of a fire proof vault containing the Probate proceedings and records of the Judiciary Committee, was adopted.

We find that the construction of a vault for the Judiciary Department was recommended by a committee of the Legislature of 1892, and an appropriation probably made at that time for the same.

That an appropriation was made for this vault in the Loan bill passed in 1898 by the Council of State, but that the money borrowed under said Loan bill has been about exhausted for the sewerage system and other items in the bill.

It is estimated by the Superintendent of Public Works that the proposed vault will cost \$2,000 and an item calling for this amount for the vault has been put in the Loan bill now before the Senate.

D. KALAUOKALANI, DAVID KANUHA, H. P. BALDWIN

JAPAN WAR STORY

London, March 28.—The Japanese cruiser Iwate, recently constructed at the Elswick works, left Devonport for the Far East early Tuesday morning. Instead of departing next Saturday, as was originally intended, she shipped her ammunition while she was coaling and so hastily that portions were left behind.

WON'T SIGN TREATY

Washington, March 27.—The British Government has protested against China making a convention with any power touching territorial or financial matters until the present troubles in that country are concluded. The fact of the British protest was made known here for the first time today by a dispatch from one of the Foreign Offices in Europe. It says the protest was made through Sir Ernest Satow, the British Minister at Peking. It does not state when the representations were made, but from the fact that the dispatch was received in Washington today it is taken that the protest occurred within the last day or two.

New York, March 27.—A special to the Herald from Washington says: Following fast upon fresh assurances from Russia that she has no intention of acquiring Chinese territory came official news today that China has rejected the Manchurian treaty. Kogoro Takahira, the Japanese Minister, said tonight that he had received a dispatch announcing the issuance by the Chinese Emperor of an official decree prohibiting the signing of the Manchurian treaty. Until the text of the decree is available and the representations made by China to Russia are ascertained the extent of the diplomatic victory achieved by Japan will not be known.

PORTO RICANS COMING

Ponce, Porto Rico, March 27.—The American steamer Californian, which sailed from Guainco yesterday for New Orleans, has on board 899 emigrants destined for Hawaii. Of the number 395 are men and the remainder are women and children. The emigrants are physically superior to those of the previous expedition.

The American steamship Porto Rico, which sails hence today, will take 400 persons who are to be employed in the Cuban iron mines.

TO PAY HAWAIIAN DEBT

Washington, March 26.—W. F. McLenon, Chief of the Warrant Division, and W. W. Ludlow, one of the officials of the Auditor's office, Treasury Department, will sail for Honolulu about the middle of April for the purpose of paying the bonded debt of the Islands.

NEBRASKA'S SENATORS.

Lincoln, Neb., March 28.—Joseph H. Millard of Omaha, and Governor Chas. H. Dietrich of Hastings were elected United States Senators respectively for the long and short terms by the joint session of the two houses of the Legislature, which met at noon today. Both candidates received the unanimous support of the Republican members, each receiving seventy votes.

Coffee and Sugar War Ended.

Toledo, O., March 27.—The Blade today says: Though the suit in the Supreme Court of Ohio in the war between the Arbutkies and the American Sugar Refining Company has not yet been withdrawn, that action will be taken and the bitter fight between the two companies is at an end. The exact terms of the agreement are not made public, but this much is known: Both will continue to handle sugar and coffee and the price will be governed entirely by the price of the raw material.

The Richardson family of Maui arrived in the steamer Hanalei this morning to be present at the funeral of Mrs. John Richardson. The sad news of the lady's death was made known to them yesterday by telegraph.

AGUINALDO BY FUNSTON CAPTURED

Manila, March 28.—General Frederick Funston's daring project for the capture of Aguinaldo in his hiding place in the province of Isabella, Island of Luzon, has proved completely successful. Aguinaldo was captured there on March 23d. The United States gunboat Vicksburg, Commander E. B. Barry, with General Funston and Aguinaldo on board, arrived here this morning.

New York, March 28.—A cable to the Sun from Manila says: General Funston, with the assistance of a number of Macabebes, has captured Aguinaldo in the country near Casiguran, nine miles from Baler, on the northeast coast of the island of Luzon. The rebel leader and his entire staff are now in Manila. General Funston employed a very clever ruse to reach Aguinaldo. His plan worked successfully, with the result that the head and front of the insurrection is now where he will do no more harm to American interests.

Recent dispatches from Manila told of the departure of General Funston on what many believed was an almost hopeless expedition. The very audacity of General Funston's plan, however, was such that those who knew him intimately had faith that he would accomplish his object. Some months ago letters were captured by Americans showing beyond peradventure that the rebel leader was hiding in the northeastern part of the island. General Funston immediately conceived his bold plan to capture him, which received General MacArthur's approval. Two weeks ago he started from Manila with Surgeon Major Harris, Captain Newton of the 34th Infantry, Lieut. Admire of the 22d Infantry, Lieut. Mitchell of the 40th Infantry, six veteran Americans and a number of native scouts, all of whom were selected for their bravery and extensive knowledge of the country.

General Funston's plan was that after he and his party landed as near as possible to the place where Aguinaldo was thought to be in hiding native scouts were to pass themselves off as insurgents, who, having captured General Funston and other Americans, were conveying them to Aguinaldo. When the supposed prisoners were brought by their alleged captors before Aguinaldo they were to suddenly appear in their true character, seize the wily Filipino and make their way back to the coast, where the gunboat Vicksburg, which had conveyed the party, was to await their return. It will readily be seen that the adventure was a desperate one, as treachery was always possible, and General Funston had no absolute means of knowing how many men Aguinaldo had with him. It was possible that he would have enough to overwhelm the Americans and their native allies; but this did not deter them. They accepted the risk, with the result that Aguinaldo is now safe in the hands of the American military authorities in Manila.

Washington, March 29.—Frederick Funston, capturer of Aguinaldo, will be made a Brigadier General in the regular army. This is the impression left on the minds of the Kansas Congressional delegation, who called on President McKinley today.

The visitors were Senator Burton and Representatives Long and Curtis. They spent the better part of a half hour in the President's private office and their object was to boom Funston. The reward to be given Funston and

PORTO RICO OBJECTS

San Juan, Porto Rico, March 27.—The agents of the company engaged in constructing the railroad from Guayacil to Quito, Ecuador, are in Porto Rico recruiting for laborers. This, in connection with the departure yesterday of 899 emigrants for Hawaii and 400 more for Cuba to work in the iron mines, is draining Porto Rico of its best laborers. The entire press of the island is objecting to this emigration. Planters cannot cultivate their lands owing to the lack of money, and consequently there is no work to be had

the disposition to be made of Aguinaldo were the principal subjects discussed at the Cabinet meeting today. The general commendation of Funston by the press and the enigmisms of Generals MacArthur and Wheaton have had the effect of silencing the criticism of Funston in War Department bureaus and among army officers.

The universal eulogy of Funston has also had an effect on Cabinet officers without exception. There is no question that the President feels there is no way out of tendering Funston substantial reward.

What to do with Aguinaldo is still an open question at the White House. The War Department announced today that it would not be politic or expedient at this time to make any announcement of the Administration's intentions. It is fairly to be inferred from this that such an announcement might interfere with certain plans which are being formulated in which Aguinaldo is concerned and which would be impossible of execution if the case of Aguinaldo were summarily disposed of. MacArthur's dispatches show that it is proposed to use Aguinaldo as a power for good in the islands if he is tractable. It is obvious that if within the next few days Aguinaldo's influence in the islands is realized on to the advantage of the United States, the degree and character of any proposed punishment would be materially changed.

It is for this reason, without doubt, that Cabinet members say nothing will be done with Aguinaldo "until further advices have been received from Manila."

DETAILS OF CAPTURE

On the night of March 8th the party embarked on the United States gunboat Vicksburg. At 2 a. m., March 14th, the Vicksburg put her lights out and ran in shore twenty-five miles south of Casiguran, province of Principe. They landed and marched to Casiguran. The Americans had never garrisoned this place, and the inhabitants are strong insurgent sympathizers. Having arrived there, the ex-insurgent officers, ostensibly commanding the party, announced that they were on their way to join Aguinaldo between Pantobang and Baler; that they had surprised an American surveying party and that they had killed a number, capturing five. They exhibited General Funston and the other Americans as their prisoners.

The insurgent president of Casiguran believed the story. Two of the Lacuna letters, previously concealed, were forwarded to Aguinaldo at Palanan, province of Isabella. General Funston and the others were kept imprisoned for three days, surreptitiously giving orders at night. On the morning of March 17th, taking a small quantity of cracked corn, the party started on a ninety-mile march to Palanan.

Aguinaldo dispatched supplies and directed that the American prisoners be kindly treated, but not to be allowed to enter the town.

On the morning of March 23d the advance was resumed. The column was met by the staff of Aguinaldo and a detachment of Aguinaldo's bodyguard, which was ordered to take charge of the Americans. While one of the ex-

HAWAII CHINESE LAND

San Francisco, March 29.—Port Collector Stratton received an official communication yesterday from the Immigration Bureau at Washington to the effect that all the native and naturalized citizens of the Hawaiian Islands, irrespective of race, color or previous condition of servitude, are citizens of the United States, and that the wives and children of such, although aliens, become citizens and acquire the political status of the father, and the

insurgent officers conversed with Aguinaldo's aid, another, a Spaniard, sent a courier to warn General Funston and the rest, who, with eleven Macabebes, were about an hour behind. Having received this warning, General Funston avoided Aguinaldo's detachment and joined the column, avoiding observation. The Tagalos went ahead to greet Aguinaldo and the column slowly followed, arriving finally at Palanan. Aguinaldo's household troops, fifty men in neat uniforms of blue and white, and wearing straw hats, lined up to receive the newcomers. General Funston's men crossed the river in small boats, formed on the bank and marched to the right and then in front of the insurgent grenadiers. The Tagalos entered the house, where Aguinaldo was.

Suddenly the Spanish officer, noticing that Aguinaldo's aid was watching the Americans suspiciously, exclaimed: "Now, Macabebes, go for them." The Macabebes opened fire, but their aim was rather ineffective and only three insurgents were killed. The rebels returned the fire.

On hearing the firing, Aguinaldo, who evidently thought his men were merely celebrating the arrival of reinforcements, ran to the window and shouted: "Stop that foolishness; quit wasting ammunition."

Hilario Placido, one of the Tagalo officers and a former insurgent Major, who was wounded in the lung by the fire of the Kansas Regiment at the battle of Caloocan, threw his arms around Aguinaldo, exclaiming: "You are a prisoner of the Americans."

Colonel Simeon Villa, Aguinaldo's chief of staff, Major Alambra and others attacked the men who were holding Aguinaldo. Placido shot Villa in the shoulder. Alambra jumped out of the window and attempted to cross the river. It is supposed that he was drowned. Five other insurgent officers fought for a few minutes and then fled, making their escape.

When the firing began General Funston assumed command and directed the attack on the house, personally assisting in the capture of Aguinaldo. The insurgent bodyguard fled, leaving twenty rifles. Santiago Barcelona, the insurgent treasurer, surrendered without resistance.

When captured, Aguinaldo was tremendously excited, but calmed down under General Funston's assurance that he would be well treated. General Funston secured all of Aguinaldo's correspondence, showing that he kept in close touch with the sub-chiefs of the insurrection in all parts of the Archipelago. It was discovered that Aguinaldo on January 28th had proclaimed himself dictator. He had been living in Palanan for seven months undisturbed except when a detachment of the 16th Infantry visited the town. On that occasion the entire population took to the mountains and remained there until the troops retired.

Aguinaldo admitted that he had come near to being captured before, but he asserted that he had never been wounded, adding: "I should never have been taken except by strategy. I was completely deceived by Lacuna's forged signature."

The expedition rested March 24th and then marched sixteen miles the following day to Palanan bay, where General Funston found the Vicksburg, which brought him to Manila. Commander Barry of the Vicksburg rendered General Funston splendid assistance.

right to visit and reside in the United States, exclusion acts and immigration laws to the contrary notwithstanding. The opinion was called forth by Collector Stratton's action in the matter of the application of two Chinese sailors on the ship John Currier for admission to the United States, on the ground that they were natives of the Hawaiian Islands. They failed to establish their claim to the satisfaction of the Collector, and they were denied a landing. In his report to the Secretary of the Treasury, Collector Stratton stated that even if the applicants had proved that they were natives of Hawaii he would not have allowed them to land, they being of the Chinese race. He asked whether in such a contingency the department would sustain his action.

ELKS WILL COME

Salt Lake, Utah, March 26.—Judge Jerome B. Fischer of Jamestown, N. Y., Grand Exalted Ruler of the Order of Elks, accompanied by his wife, arrived in this city today. He is en route to Honolulu, where he will establish the first lodge in the Hawaiian Islands.

Today the local Elks tendered him a public reception at the Grand Theater and tonight an elaborate banquet, arranged by Exalted Ruler Enzensperger, was given in his honor. From Salt Lake Judge Fischer will proceed to Portland and Seattle and then go to San Francisco.

From the latter point he will sail for Honolulu, accompanied by 100 members of the San Francisco lodge. The party will return in time to allow Judge Fischer to attend the meeting of the Grand Lodge at Milwaukee in July.

APOSTLE CANNON ILL

Monterey, March 29.—Apostle George Q. Cannon, who with President Snow and Joseph F. Smith constitutes the high council which controls the Mormon Church, is critically ill in this city and his two sons and an attorney, who is also his nephew, have left Salt Lake for Monterey.

Mrs. Cannon said tonight that her husband's present condition was the result of acute insomnia caused by severe nervous prostration; that he seemed slightly better today and she hoped he would be able to get home, but, when, she did not say.

COL. RICHARDSON ARRIVES.

The wireless telegraph message sent to Maui night before last, notifying Col. Richardson of the news of the death of his wife, brought the Colonel, Miss Rowena Richardson and all the family to Honolulu in the steamer Hanalei, the first boat that could be obtained after the receipt of the message. The funeral of the late Mrs. Richardson will take place on Sunday. Complete arrangements will be known tomorrow.

The Light That Never Fails

Another Large Shipment of Angle Lamps.

"THE ANGLE LAMP"
THE LIGHT THAT NEVER FAILS.
It seems almost incredible that any lamp could be good enough to talk, the place of electricity on even terms, yet such is the case with the ANGLE LAMP. All over the islands people are throwing away their old lamps and replacing them with this lamp, not merely because it costs about one-tenth as much to maintain (cost is no object to some people) but, beside being infinitely cheaper, it is more brilliant and more reliable in the bargain. It is a revelation to every one who uses it, and simply demonstrates that the old-fashioned lamp was a barbarous contrivance. THE ANGLE LAMP never smokes, smells or gives any trouble, is lighted and extinguished as easily as gas, and is the idea light from every standpoint. We carry these lamps from \$1.50 up.

TROUBLE IN THE HOUSE

MOSSMAN AND MONSARRAT HAVE A FEW HOT WORDS

The Call Box Question Creates a Row
—Robertson Hands Out Hot Articles to Home Rulers
Regarding Fire Claims.

When the House convened Thursday afternoon the call box system was debated, and Makekahu began where he left off when the House adjourned.

After Makekahu finished, Mossman took up the opposite side of the question. He stated that he had been present when the High Sheriff had given his report, and he had been unable to give an itemized expense for more than \$10,000 of the appropriation. The rest, Mossman stated, he had desired, so that he might help out his various friends. Mossman stated also that the agent of the call box system was a friend of High Sheriff Brown.

Monsarrat now opened up on Mossman, but Mossman only smiled, and Monsarrat went on punching holes in his opponent's arguments.

After a little more discussion the majority report came up for ballot. The result was, ayes 15, noes 13.

A rumpus was raised over the Speaker's voting on the question. Akina claimed that he had a vote as Representative Akina, and as Representative Akina he proceeded to vote. He finally withdrew his vote.

Emmeluth reported for the Judiciary Committee on House bill 4, relative to the fire claims. He found that the bill was not sufficient to carry out the needs of the people and advised that it be laid on the table. Carried.

The same committee reported on House bill 28, relative to the making of a Territorial flag, advising that the bill be tabled as no precedent was had for the using of such a flag. Adopted.

Emmeluth handed in a majority report for the same committee, relative to the Governor's request that a revision be made of the Hawaiian laws. The majority refused the request.

The majority report for the Committee on Finance on House bill 48, pensioning ex-Queen Liliuokalani, thought it best that the sum of \$150,000 be given outright. Tabled.

The Judiciary Committee reported on House bill 57, relating to the absence in Circuit Judges, advising that the bill be passed. Adopted.

Robertson filed a minority report relative to the payment of the claims, as follows:

Hon. J. A. Akina, Speaker of the House of Representatives,
Sir: The undersigned, a minority of your committee, begs leave to report on House bill No. 4, providing for a commission to take testimony concerning claims for injury to property in connection with the suppression of the bubonic plague last year.

This bill was referred to the Judiciary Committee on the 6th day of March last.

Recognizing the importance of making a beginning in the matter of the investigation of these claims, I have repeatedly tried to get a report of the committee upon it rendered to the House.

At first the committee seemed to be unanimously in favor of the main features of the bill and only a few unimportant amendments were suggested which were acceptable to the introducer of the bill.

Before a report was prepared, however, the chairman announced that the Home Rule Party was opposed to the bill and that a substitute bill would be reported to the House by the majority of the committee. This substitute bill has failed to materialize.

The objection now raised to the bill by the majority of the committee is that although the bill provides for the investigation of claims no provision is made for their payment.

When the bill was introduced (as indeed it is at present) it was not known what funds would be available for the payment of claims, and as the amount of the claims was unknown and uncertain, careful consideration was necessary to determine by what practicable means funds could be provided.

The object of the bill, therefore, was to provide for the immediate investigation of the claims, leaving the provision for their payment for further consideration and subsequent action.

The provision for payment would not necessarily require a bill. If funds should be available a section in the appropriation bill would accomplish the object.

A majority of the committee, in fact the whole House, knew and understood these matters. The Committee on Finance, by resolution passed some months ago, was instructed to make ways and means for paying these claims upon adjudication, and the fact that the committee has failed to report on the matter shows that it is still uncertain how the claims are to be paid or where the money is coming from with which to pay them.

Thus the introducer of the bill has been vindicated in his contention that the work of investigating the claims should not be delayed by the consideration of the ways and means to pay them.

The Republican Party favors the immediate investigation of the claims with a view to paying them without unnecessary delay. Bill No. 4 is designed to make a beginning on this program. The unfortunate claimants are still waiting for us to take some action for their relief.

I therefore, recommend that the bill be passed.

A. G. M. ROBERTSON.
He stated that the bill was made for the purpose of finding out how much was needed, and advised that the bill pass.

He also filed a minority report concerning the revision of Hawaiian laws, advising that the Governor's request be acceded to. He stated that the committee had held no meeting on the matter for the last three weeks, and that he knew nothing of the matter until he saw the majority report. The report was indefinitely postponed.

Dickey reported that the minority of the Finance Committee failed to agree with the majority report, concerning the ex-Queen's pension. He stated that the minority were in favor of a yearly pension not to exceed the salary of the highest Territorial officials. Tabled.

Makekahu reported for the special committee on the County bill. They found that the bill related to three things, the dividing of the Territory into counties and government of same, formation of school districts and formation of city government, etc. He suggested that the bill be divided so that each part would cover the matters cited.

An attempt was made to railroad through the majority report before Mossman could bring in his minority report, but it was finally tabled.

Monsarrat gave notice of his intention to introduce a bill amending sections 425, 428 and 429 of the laws regulating the manufacture of spirituous liquors.

A message from the Superintendent of Public Works was received relative to the Pali road contract. He stated that \$52,387 had been the total expenditure on the road. No convict labor was employed on the road. A sum of \$75,000 had been appropriated for the work.

The House then adjourned.

Reception is Given To Principal Dyke

A brilliant reception was given last evening to Mr. and Mrs. Dyke at Kamehameha school. The friends of the institution were present in large numbers and the new principal extended his acquaintance and made many new friends.

The assembly room of Bishop Hall was cleared of desks and beautifully decorated with palms and flowers. The roadway was lined on either side by glowing lanterns.

Mr. and Mrs. Dyke were assisted in receiving by Mr. and Mrs. W. F. Allen, Mr. and Mrs. U. Thompson, Miss Pope and Miss Knapp. There were more than a hundred guests present, besides the boys and girls of the school. During the progress of the reception, the students sang choruses and instrumental pieces were played by the mandolin club.

Those present were: Mr. and Mrs. W. F. Allen, Mr. and Mrs. W. O. Smith, Messrs. J. O. Carter and S. M. Damon, also of the Board of Trustees, together with Mrs. and Miss Carter, Mrs. and Miss Damon, Mrs. Cordelia Damon, Fred B. Damon, Mrs. Maxson Smith, Senators W. C. Achi and David Kanaha; Representatives Fred Beckley, J. W. Kelki, Jonah Kumalae, John K. Kekaula and J. W. Kelliko; Prof. Ingalls of Oahu College; Miss Paulding and Miss Myrick of Kawaiahao Seminary; Rev. and Mrs. E. S. Timotee, Rev. and Mrs. O. H. Gulick, Rev. G. L. Pearson, Rev. and Mrs. W. K. Azbill, Rev. A. E. Cory, Mr. and Mrs. Henry Waterhouse, W. Nevins Armstrong, Mr. and Mrs. Taggart, Prof. and Mrs. Edgar Wood, Mr. and Mrs. Nakuina, Mrs. W. A. Wall, Dr. A. E. Wall, W. E. Wall, Dr. Alvarez, Dr. Hoffmann, Miss Lawrence of the Kindergarten, School Inspector T. H. Gibson, Prof. and Mrs. H. S. Townsend, Mr. and Mrs. Gilmore, Dr. C. I. Garvin, Miss Templeton, Miss Arnold, Mr. and Mrs. Geo. Desha, W. M. Templeton, W. F. Storey and W. W. Bristol.

Alaeka Street Storm Sewer.
The storm sewer on Alaeka street was put to the test all day Wednesday by the heavy flow of water from the artesian well on the Alexander Young lot. The flow amounted to more than 4,000,000 gallons, but this did not tax the capacity of the big water hole.

The flood of water was so great that it gouged out a big hole in the street which made it necessary to shut off the water last evening. As soon as the man holes have been completed, the crossing at Fort and Alaeka will be raised and graded anew. This will remove a depression which has been a constant nuisance in wet weather for some time.

PAIN-KILLER, so justly celebrated was introduced to the public about sixty years ago, and now enjoys a popularity unequalled by any other medicine. For the cure of dysentery, cholera morbus, rheumatism, coughs and colds, neuralgia, burns, etc. it is without an equal. Sold by all druggists. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. Price 25c. and 50c.

A Chinaman, driving back No. 246, lost control of his horse on Beretania street this morning and it had its own way. At the corner of Alapai, it wheeled into the fence at the pumping station and smashed things. The Chinaman was thrown out and bruised and scared. The damage otherwise was slight.
Harry Bird, the head boat builder of the Wilder Steamship Co., has been arrested on the charge of carrying a weapon. It seems that, while going home from the Hawaiian hotel last evening, he states that, upon reaching his gate, he was set upon by dogs belonging to natives. In order to defend himself, he used his gun on the dogs. The owners of the animals came out and gave him a severe beating. Two natives have also been arrested.
The law passed by Congress March 2, 1901, gives to all naval officers at this station an increase of pay, amounting to 10 per cent upon their salaries as well as sea pay. This makes the compensation of naval officers here, equal to that of army officers and places Honolulu among the most desirable stations in the United States Navy. The law also changes the ranking rule to that prevailing in the army, with increase of pay accordingly. This came about by placing the Hawaiian Islands in the beyond-the-sea list.

A GOOD THING.

The people of Honolulu may be depended upon to appreciate a good thing when they see it.
This is evidenced by the interest manifested in the superb "Bird's Eye View of Honolulu" lately made and published by KING BROS.
With a view to making larger and better photos of Hawaiian subjects, this enterprising firm has been experimenting along new lines for the past year with most gratifying results.
A feature of these productions is the beautiful cloud effects, which, it will be noticed, do not rob the landscape of any of its values. This was one of the hardest problems of all to solve, as anyone versed in photography will appreciate.
Owing to the unusual size of these pictures (7x30) no paper on which to print it can be procured short of the factory, which fact causes the delay in filling orders. It is hoped, however, that the steamer of the 30th inst. will bring a fresh supply.

BUFF AND BLUE.

The Oahu College students are now making arrangements for the second edition of the college annual. The boys intend to improve the publication a great deal, enlarging it and covering it with leather. The articles will be of an entirely different nature than those of last year, and the boys will spare no expense in making this edition the most attractive thing of its kind ever issued in the Islands.

AGGRAVATION-VIRGIE A.

Tom Hollinger's Aggravation and Moore and Hancock's Virgie A will again meet on the track on the 20th inst. The purse is to be \$500 and the distance one mile. Hollinger will spare no expense in securing a good jockey this time and will do his best to change matters a trifle.
Watson will be matched against the winner.

What Physicians Say About

TAROENA FOOD

"Being a sufferer from fermentative dyspepsia, I used Taroenia with many doubts as to its starchy food agreeing with me. To my surprise, Taroenia and my stomach have always remained on the best of terms, to my great satisfaction and comfort."—JAMES STIMSON, M. D., Watsonville, Cal.

"I have had occasion to test the merits of a great number of prepared foods while treating cases of seasickness. I find none of them half as useful as Taroenia Food. I am thoroughly convinced that Taroenia is the most nutritious food I have ever used."—MILAN SOULE, M. D., Steamship Australia.

"My experience with Taroenia warrants me in recommending it as one of the most valuable of the farinaceous foods. It is particularly suited to all inflammatory conditions of the gastric intestinal tract. When made into the form of a gruel and iced it is retained when other foods are rejected."—F. R. DAY, M. D., Honolulu.

"Taroenia Food is a most wholesome and nutritious article of diet, invaluable to dyspeptics. I know of nothing to equal it. The stomach will retain it when nothing else."—GEORGE HERBERT, M. D., Honolulu.
