## BIG EXECUTION NOT SATISFIED

### Defendant in Lanai Case Has No Property In Jurisdiction.

## THE SUMNER CASE OVER TILL MONDAY

### PROCEEDINGS OF THE SUPREME COURT—OBJECTIONS TO BILL OF EXCEPTIONS—RETURNS ON EXECUTIONS.

Plaintiff in Kapolani Estate, Ltd. vs. E. Peck & Co., Ltd., objects to allowance of defendant's bill of exceptions on grounds that statements are not in accord with the transcript of testimony.

High Sheriff Brown returns the execution for \$10,634.20 in the Lanai mortgage suit of Bishop & Co. against W. H. Pain, E. S. V. Neumann as executrix and Talula L. Hayselden, commanding him to levy on the personal property of the last-named defendant, unsatisfied because upon a due and diligent search for personal property, not exempt by law, and real property belonging to Talula L. Hayselden none could be found within the First Judicial Circuit of the Territory of Hawaii.

Deputy Sheriff Chillingworth returns execution for \$67.50 in the suit of J. M. Vivas vs. A. F. Franca fully satisfied.

High Sheriff Brown returns execution in Robert Grieve Publishing Co., Ltd. vs. J. M. Poepeo for \$98.37 partially satisfied, he having received \$15 for a parcel of land and paid the money to plaintiff's attorney. Another land interest was withdrawn from sale and released from levy.

Deputy Sheriff Chillingworth returns execution for \$572.95 in the suit of H. G. Middleitch vs. J. M. and M. D. Monsarrat as fully satisfied by payment of the amount.

At the request of counsel on both sides, Judge De Bolt continued the summer guardianship matter till 10 o'clock Monday morning.

The Supreme Court resumed the hearing of Kapolani Estate Ltd. vs. Mary Atherley this morning. The next in order is H. Hackfeld & Co., Ltd. vs. Hilo Railroad Co., Ltd. In this case defendant today filed a satisfaction of judgment against plaintiff for costs.

## EXCELLENT PROGRAM.

Mr. Wilczek, the great violinist, has arranged a varied and interesting program for his concert Tuesday evening, October 14, in the Opera House. It includes such numbers as "The Spanish Dance," by Sarasate; "Fantaisie Caprice," by Vieuxtemps; "Suite for Piano and Violin," by Goldmark, etc. The management wish to impress upon the public that the time set for the concert is 8:30 o'clock sharp.

# FANNING ISLAND CABLE LAID

The cable-ship Colonia, the largest of its kind in the world, arrived off port early this morning. She was docked at the Pacific Mail wharf a little before 9 o'clock.

**Longest Section of Cable.**  
The Colonia returns from her trip from Vancouver to Fanning Island, between which points she has just laid the All-Red Line cable, which is the longest section ever laid by a single vessel.

The Colonia was built in the spring of this year expressly for the purpose of laying this enormous stretch of cable, 3,454.97 knots in length. She left Vancouver Island on September 18. The cable station at this end, the Bamfield station, is named after a creek of that name running in the vicinity.

**Fortune Favors.**  
On the morning of September 18 the cable was landed there and at 2 p. m. the vessel began paying out the cable. The weather was rather rainy and unpromising at the start, but it improved day by day; so that the rest of the voyage was performed in splendid weather.

Fortune favored the cable-layers throughout. The cable-laying machine made one million and a quarter revolutions without a stop. There was no hitch in the cable-laying and no mishaps of any kind occurred.

**Uniform Rate of Speed.**  
The Colonia laid the cable at a very uniform rate of speed, about 200 miles a day being the average speed. She

was timed to reach Fanning Island in the morning and therefore kept exactly to the schedule which had been laid down. The cable was buoyed on October 6 in the morning and a message was sent to the head office in London as follows:

**Message to London.**  
"Fanning Island, Oct. 6, 11 a. m.—About to buoy and one mile from Fanning Island cable house. Have had fine weather all the way, and the whole of this long section has been paid without a check of any kind. Everything and everyone has worked splendidly; length laid, 3,455 knots. Colonia proceeds to Honolulu this afternoon. All well. LUCAS."

**Cable House Building.**  
Several of the officers of the Colonia landed on Fanning Island in a boat belonging to Mr. Gregg, the well-known "king" of Fanning Island. The cable house is now under construction there, a space for it having been cleared in the dense tropical growth near the beach. Until the building has been completed, the cable men will have to live in tents.

**Has Cable Left.**  
The Colonia has now in her hold 85.5 miles of cable left. This will be transferred aboard the Anglia, which will take it on to the company's cable tanks in Fiji.

The Anglia moved up alongside the Colonia at about 10:30 this forenoon and the work of transferring was immediately begun.

Anglia to Fanning.  
The Anglia will proceed to Fanning Island to lay the rest of the Vancouver-Fanning Island cable and the section between Fanning Island and Fiji. This will complete the Vancouver-Brisbane cable, as the lines between the latter place and Norfolk Island and Norfolk Island to Brisbane were already laid early this year.

**Transfer of Staff.**  
The entire staff of the Colonia, which has just laid the Vancouver-Fanning Island cable, will go over to the Anglia and complete the Fanning Island-Fiji cable. The distance between these two points is about 2,100 miles. If all goes well, the staff expects to have the work completed by November 1, this date marking the full completion of the cable between the American continent and Australia. The Colonia already had the distinction of bringing the first telegraphic messages ever received over a Pacific cable, to this city, these telegrams being given elsewhere in this issue.

**Members of Staff.**  
The staff which is engaged in laying this cable consists of the following, all of them being the staff of the Telegraphic Construction and Maintenance Company:

Chief engineer—F. R. Lucas.  
Chief electrician—T. Clark.  
Laguneer's staff—T. London, R. Bound, Mr. Studdart and Mr. Berner.  
Electrician's staff—W. Todhunter, J. Downes and W. Intze.

Mr. Pinkerton and Mr. Clifford, who came here from London in the Anglia, will join this staff when the transfer is made to the Anglia. On the Colonia are also R. E. Peak, who represents the Pacific Cable Board, with three assistants, Messrs. R. Sayres, A. Harbin and Winegar, who looked after the cable company's interests during the laying.

When the Anglia arrives at Fanning Island, Messrs. Pinkerton and Clifford will be left in charge of the cable station there.

**Experienced Men.**  
The Construction and Maintenance Company's two chiefs, Messrs. Lucas and Clark, are probably the two most experienced cable men in the world. Both were engaged in the unsuccessful attempt of laying the first Atlantic cable in 1865 and in the successful laying of it in 1866. Since that time the two veteran cable-layers have seen over 100,000 miles of cable roll off the spools in all the seven seas of the globe.

**Largest of Kind Afloat.**  
The Colonia is now the largest cable-ship afloat. She is 501 feet in length, 56 feet beam and 39 feet deep. She has a tonnage of 7,396 tons, the Anglia, which is next to the largest cable vessel, being a thousand tons smaller.

The Colonia has twin screws and a speed, when fully laden, of 12 knots. She made 14-3/4 knots on her trial trip. She can carry 4,000 nautical miles of cable in her enormous tanks. She was completed in the spring of this year. Wigham & Richardson of Newcastle being her builders.

**Ship's Officers.**  
The officers are as follows: Captain Woodcock, First Officer Lee, Navigating Officer Newton, Second Officer Carlton, Third Officer Brown, Fourth Officer Barrett, and Chief Engineer Slater.

**Anglia Starts Snuday.**  
The Anglia will, after taking aboard the cable left by the Colonia, start for Fanning Island. She will probably leave Sunday noon.

**Colonia Sails Next Week.**  
The Colonia will be in charge of Mr. Dickinson of the Pacific Commercial Cable Company and will leave in the beginning of next week. She will go from here to Manila, via Midway Island and Guam to make soundings for the new cable and to locate landing places for the cable at Midway Island, Guam and Manila. This will probably take her about one month. Mr. Dickinson will then proceed to Hongkong, whence he will return to San Francisco.

**More Cable for Colonia.**  
The Colonia will proceed to London, where she will take on board a load of cable. Her officers state that she will probably lay the long stretch from this port west after the Silverton has laid the section between San Francisco

## PUBLIC WORKS ARE NOT DORMANT

### Acting Chief Cooper Is Handling Business Energetically.

## THE DISABLED DEPUTY ALSO KEEPS IN TOUCH

### REPORTS OF WORK COMPLETED AND PROGRESSING IN CITY AND COUNTRY RECEIVED.

Secretary H. E. Cooper, as acting Superintendent of Public Works, is hard at work, amidst the duties of his regular office and those of the Treasurer also devolving upon him, in reducing the crying demands of the department into practical relations with the financial resources.

Notwithstanding all handicaps, works are being prosecuted all over the Islands as well as Honolulu, while at the same time loose ends are being gathered into firm administrative grasp.

Deputy Superintendent Marston Campbell, from his bed of languishing in hospital, still keeps in working touch with his office. Yesterday two letters under his personal signature and one under clerical proxy were delivered to the acting chief, reporting various things satisfactorily accomplished.

The River street sewer had been completed according to plans, profile and terms of agreement. It was constructed by the property owners on

makes no mention of the personality. The petition gives the estate as consisting of real property in Beretania street valued at \$15,000 and personality of corporation stock and cash valued at \$1700.

The will was executed on June 6, 1900, in presence of William O. Smith and William J. Forbes. As stated in the petition, the heirs at law are Charles Hustace, husband, Frank and Charles Hustace, sons, and the petitioner, daughter of the testator.

## REGISTRATION POINTS

## SOME OF INCIDENTS OBSERVED BY BOARD

### ONE MAN 108 YEARS OF AGE WAS AMONG THOSE WHO REGISTERED—HE IS A REPUBLICAN.

Although there has been a good deal of drudgery about the work of the Board of Registration during its sessions there have also been incidents that have served to break the monotony. Here are some of them:

A native 108 years of age, the father of Rev. Kekahuna, was among those who registered. His mind was perfectly clear and he wrote a better hand than a great many of the younger men who registered. This old man is a Republican.

A native 84 years of age walked all the way from Kahana to register and when he had completed this task, walked all the way back again. A native of Paoa walked into the registration office this morning and wanted to register but he was of course denied the privilege. When he was told the story of the man from Kahana he said, "Awe, I am ashamed of myself. I will be sure to register two years from now." With this, he walked away.

## LEADERS IN RACE BEGINNING TO PULL TO FRONT

The Newsboys' Race is on in earnest and the boys are hard at work for the prizes to be given to those selling the most papers by Thanksgiving Day. The prizes for which the boys are striving are well worth the extra exertions, but the Bulletins are easy to sell, so the little fellows are having a pretty easy time. Several huls have been formed among the sellers to help each other out for the following prizes:

- First Prize,..... Order on Whitman & Co. for Argonaut Bicycle
- Second Prize,..... Order on Hub Clothing House for Suit of Clothes
- Third Prize,..... Order on H. W. Foster for Waltham Watch
- Fourth Prize,..... \$10.00 Cash
- Fifth Prize,..... \$7.50 Cash
- Sixth Prize,..... Thanksgiving Pig
- Seventh Prize,..... Thanksgiving Turkey
- Eighth Prize,..... Thanksgiving Turkey
- Ninth Prize,..... Thanksgiving Chicken
- Tenth Prize,..... Thanksgiving Chicken

Ten boys have forged ahead of the others and their names, with the number of papers sold, are as follows:

ALEX HEWITT	326
WILLIE JOHNSON	230
CHARLES CORREA	144
VINCENT	134
DAVID	116
LOUIS RICHARDS	95
WILLIE CUNHA	82
JOHN MEDIEROS	70
CHARLES WICOX	66
MAN'L TISCHERA	46

The prizes offered will be on view in the store windows of the firms supplying them on Monday of next week.

LITIGATION OVER LANAI

Charles Gay has brought an injunction suit against John F. Colburn and F. H. Hayselden to restrain them from proceeding with an action of ejectment against himself and Alex. C. Dowsett for a part of the Lanai ranch property. Complainant recites his purchase of the interests judicially sold in the suit of Kunst vs. Pain and alleges conspiracy on the part of Hayselden and Colburn to defraud him out of a portion of such interests. Judge De Bolt granted a temporary injunction.

REPUBLICANS SPEAK

Republicans of Punahoa collected at the corner of Wyllie and Liliha streets last night and heard rousing speeches in both Hawaiian and English by candidates of the Republican party. The gathering was a most enthusiastic one. J. A. Alapai acted as chairman and called on the speakers in their order. Nainoa was the first speaker and he told of some of the things that had not been done by the Home Rule party. Henry Vida spoke first on the leper question which he said was the most important issue of the campaign. Should the policy of Wilcox and the Home Rule party be put into effect about 2000 citizens would be placed in duration vile and it would be far beyond the power of any future Territorial Legislature to establish them in the liberties that they now do and always should enjoy. In closing his remarks on the leper question, Mr. Vida said: "I appeal to you who have relatives at the settlement; I appeal to you who have friends there, as I have friends there myself; I appeal to you Hawaiians and haoles who have members of your race there, to thwart this damnable plot. Thwart this fiendish conspiracy, and when you go to the ballot box on November the 4th show the world at large that them ilk of human kindness has not yet dried up in the breasts of the citizens of Hawaii nel."

ST. LOUIS BRIBER.

St. Louis, Oct. 1.—A special to the Post-Dispatch from South McAlester, I. T., says that Emile Hartman, a former member of the House of Delegates, who has been a fugitive from justice since September 8, was arrested last night by a deputy marshal at the residence of his brother-in-law in that city. The prisoner is one of the six fugitives indicted for bribery on the confession of John K. Murrell, another former Congressman under indictment, who recently came back from Mexico, whither he had fled. Hartman is charged with bribery in the Suburban bill and the Lighting bill affairs and with perjury by reason of his testimony before the Grand Jury last spring.

PRINCE CUPID'S WORK

GREAT ENTHUSIASM ON GARDEN ISLAND

HOW A SOLID FORTY-THREE BROKE ITS VOW AND JOINED RANKS OF REPUBLICAN PARTY.

The officers of the steamer Ke Au Hon, which arrived from Kauai ports early this morning, bring news of Prince Cupid's Republican campaign on the Garden Island. On Tuesday a very big luau was given at Hanalei. Cattle and pigs galore were killed and from all parts of the countryside people came to attend the feast and listen to the arguments of the politicians. It is estimated that about 500 people attended the meeting. Among them was an aggregation consisting of about 43 men who had claimed that nothing should ever sway them from the Home Rule party. However, when Prince Cupid after a rousing speech, asked those of the assemblage, who favored the Republican party to stand up, the whole crowd, including the staunch forty-three, arose to a man and great enthusiasm was shown throughout. The officers of the steamer state that they are sure Hanalei will show a strong Republican majority on the day of election. The Prince began his campaign in the northern part of Kauai and is now on a tour around the rest of the island.

#### GRAVE ROBBERS.

Indianapolis, Ind., Sept. 30.—The confession of Rufus Cantrell, the colored chief of the grave-robbing gang arrested yesterday, has caused great excitement among those who have friends and relatives buried in the smaller cemeteries. Many are preparing to open the graves of those who have been buried within the last three months to see if the bodies have been taken.

Though the evidence thus far has implicated only one medical college, the detectives believe that further confessions from Cantrell and his gang will involve other colleges. The preliminary hearing of Dr. Alexander and the janitor of the Central College and the seven negroes was held in the police court today. The cases were continued until October 23 and additional warrants were issued against Dr. Alexander. Dr. Alexander is out on bail, but the negroes are in jail.

#### STRIKE CONFERENCE.

Washington, Oct. 1.—The President, Secretary Root, Secretary Moody, Attorney General Knox and Postmaster General Payne resumed their conference on the strike situation at 10:30 this morning. The conference closed shortly before noon. It is understood that a decision was announced that there would be no more conferences on the question. By direction of the President an official statement will be given out at the temporary White House at 2 o'clock this afternoon.

#### GEORGIA ELECTION.

Atlanta, Ga., Oct. 1.—An election for Governor and State and county officials is being held throughout this State today. The Democratic State ticket, with Joseph M. Terrell, former State Attorney General, for Governor, is the only organized ticket in the field, although in some remote counties the Populist party had put out a ticket.

The principal and perhaps only contest for State House officials will be in the election of an associate justice of the Supreme Court to fill the unexpired term of Associate Justice Lewis, who recently resigned on account of ill health. The two candidates are Judge John S. Candler and Judge John P. Ross, both Democrats.

#### BATTLESHIP ASHORE.

Yokohama, Oct. 1.—The Japanese battleship Shikishima, which was driven ashore at Yokosuka during the typhoon of Monday, is still on the rocks. Operations for refloating her are proceeding.

The estimates of the number of people who lost their lives when the tidal wave, which accompanied the typhoon, swept over the Odawara district, near Yokohama, were exaggerated. It is probable that not more than 200 persons were drowned.

## ZOLA IS DEAD

Paris, Sept. 29. — Emile Zola, the novelist, who gained additional prominence in recent years because of his defense of the Jews and of Captain Dreyfus, was found dead in his Paris house this morning. Asphyxiation, resulting from fumes from a stove in his bedroom, is given as the cause of death. M. Zola and his wife retired at 10 o'clock last night. Madame Zola was seriously ill when the room was broken into this morning. At about noon she was removed to a private hospital, where she recovered consciousness for a short time and was able briefly to explain to a magistrate what had happened. M. and Mme. Zola returned to Paris from their country house at Medan yesterday. Owing to a sudden spell of cold weather, the heating stove in their bedroom was ordered to be lighted. The stove burned badly, and the pipes of the stove are said to have been out of order.

To the magistrate Mme. Zola explained that she awoke early this morning, with a splitting headache. She awakened her husband and asked him to open the window. She saw him rise and attempt to move toward the window, but he staggered and fell to the floor unconscious. Mme. Zola fainted at the same moment, and as therefore unable to give the alarm.

Mme. Zola does not know yet of her husband's death, and it is feared she may suffer a relapse when informed of it. It is thought tonight, however, that she will recover.

The death of M. Zola, which only became generally known late this afternoon, has caused a great sensation in Paris, and this evening there was a constant stream of callers at the Zola residence.

M. Zola's body lies on a divan in the center of the spacious drawing room of his house under a canopy of rare and ancient hangings. The body is covered with a sheet.

### Airship Rival Of Santos-Dumont

New York, Sept. 29.—The first flight of airships in American took place this afternoon, a Santos-Dumont airship flying from Brighton beach, guided by Edward Bolee, a millionaire, and a rival airship of Leo Stevens winging its way from Manhattan beach almost immediately afterward.

Bolee's ship ascended from the shed where it had been built, taking a northerly course toward Sheepshead bay. After it had reached an altitude of, seemingly, more than 1000 feet the ship skimmed along in a horizontal line to the north, moving rapidly.

Soon afterward Stevens' airship was seen to rise from its aerodrome at Manhattan beach. It took a westward course to the west end of Coney island and passing over the point at Brighton beach from which Bolee had ascended. After a flight of three-quarters of a mile from its starting point Stevens' airship descended so low that the lower part of it caught on the top of a telegraph pole and was held fast.

Stevens climbed down the telegraph pole and requested several trolley line men, who were at work in the neighborhood, to help him disentangle his ship. The men responded with a good will.

Stevens said later: "I was not going to allow the Santos-Dumont ship to beat mine, and so, as soon as I saw it go up, I followed suit. I got 1000 feet in the air before I directed my ship westward. The air, such as there was, blew directly against me. Bolee was plainly visible from my perch. He seemed to have lost control of his ship, and I saw it descend into a vacant lot at Sheepshead bay. He had down one and a half miles from his starting point."

### CHOLERA AT ILOILO

Manila, Sept. 29.—It is announced that 5125 cases of cholera and 2749 deaths from that disease were reported in the province of Iloilo, island of Panay, on Monday. This is the highest record for any district since the outbreak of the disease occurred and exceeds the total of Manila and many of the provinces since the commencement. The town of Miago, in the province of Iloilo, was the worst sufferer, 1173 cases being reported there Monday. At Cabatuan there were 929 cases and at Dumanguas 295 cases were reported Monday.

The people are fleeing to the mountains, leaving the dead unburied and the dying uncared for. The Government has ordered additional doctors and medicines to be sent to Iloilo. The number of victims makes ordinary sanitary measures impossible. The totals for all the provinces Monday were 5391 cases and 3091 deaths.

### WESTERN EXPANDED METAL & FIRE PROOFING COMPANY.

San Francisco, Sept. 25th, 1902.

To the Hawaiian Electric Co., Ltd., Honolulu, T. H.

Gentlemen:—We have almost completed our contract for fire-proofing the Young Building in Honolulu, Hawaii, on which building we have used Westinghouse motors, furnished and erected by you for all of our hoisting purposes, also for machinery for mixing concrete and the same have given perfect satisfaction in every respect. In fact, we find that the electric power and appliances have been much cheaper for us than either steam or gasoline. This is proven to us by the fact that we have used both steam and gasoline on different buildings on the Coast and other places, with greater cost for doing the same class of work. We have used your motors for over seven months and were only delayed once for about twenty minutes, which delay was caused by lightning entering your station and shutting down all machinery.

We deem it a great pleasure to recommend your electric power and apparatus to any one doing similar work and believe that it would give satisfaction in any other class of work where either steam or gasoline power could be used.

Thanking you for the courteous treatment we have received from you during all our business transactions, we remain, yours very truly,

FRIDAY, OCTOBER 10, 1902.

The registration this year has reached a figure that justifies declaring all bets off, if made on the basis of the last election vote.

The cable messages from Fanning Island serve to make the people of Hawaii realize that they are very soon to be out of the wilderness.

Carrie Nation certainly met her Waterloo when she started in on the Yale boys with her smashing tactics. A few more refusals to take Mrs. Nation seriously will put her out of business.

President Roosevelt's failure to secure an amicable settlement of the great coal strike should give him new inspiration to continue his war upon industrial combinations whose war cry is rule or ruin.

It is highly gratifying to the public to learn that there's something doing in the Public Works Department. It is mighty seldom the wheels of any department are allowed to remain at a standstill when Mr. Cooper is at the helm.

Devery was too much for the Democrats of his State. His turn down in the New York State Convention is evidence that the State has not lost its conscience though New York city may be given over to the ghosts of Tammany.

The reappearance of Russell A. Alger and David Bennett Hill as party leaders in their respective States shows that it is mighty hard work to kill an able politician who stays with the game. Both Alger and Hill have been turned down by their parties in days gone by and supposedly relegated to political oblivion. They now bob up on the scene of action as leaders and Hill is the boss of his State.

The completed task of the cable ship Colonia in laying a cable from Vancouver Island to Fanning Island marks an era in cable construction quite as important to the islands of the Pacific as the original Atlantic cable furnished the two great continents. The distance successfully spanned by the British Pacific line makes a record never before equaled in the history of cable construction and puts an end to the bugbear of "insurmountable barriers" which has always taken a prominent place in the discussion of the various Pacific cable projects of years past.

SEASON OF RALLIES.

With the registration closed to Republican forces have the boards cleared of all the preliminary demands upon their time and energy. The way is now open for entrance upon the enthusiastic centralized work of solidifying the party ranks and the wavering voters. In this line of action the organization should have the steadfast support of every Republican voter. The assistance rendered by attendance at the rallies may seem insignificant. It is by no means unimportant, however, and is the least the Republican voter can do previous to his final action at the polls in behalf of the party candidates.

Lack of enthusiasm during the past four weeks has been more apparent than real. The campaign has been carried out on the plan of concentrating noise and enthusiasm building to the last few weeks. This period has now arrived, and have been very successful in canvassing and registering voters the organization should support in the final number of the political program. The next three weeks will witness a series of rallies throughout the

Fourth and Fifth districts, in the strongholds of Republicanism and the hotbeds of opposition. All these meetings should be characterized by the enthusiastic swing expressive of strength and inspiring confidence. To accomplish this the candidates and party workers must have the assistance of individual voters at all times and places.

THEY JOLLIED GARRIE

MRS. NATION WRESTLES WITH THE YALE BOYS

GLEE CLUB SANG "GOOD-BYE, BOOZE" — HAND ORGANS AND BARKING DOGS.

New York, Sept. 30.—A special to the Sun from New Haven, Conn., says: Mrs. Carrie Nation faced the Yale students yesterday, and after her rather forced retirement said that the Yale men were very tough.

In less than five minutes after Mrs. Nation's arrival on the campus a thousand students faced her. They brought along several dogs that could do some tail barking when necessary, an Italian with a barrel organ and part of the Yale Glee Club. Right in front of her were scores of students puffing away on cigarettes. Occasionally she walked down into the crowd and snatched the cigarettes from the lips of the students.

During her address on the evils of whisky and tobacco the students broke in on her again and again with the college yells. While she was discussing the liquor evil the Yale Glee Club and a thousand students began singing "Good-by Booze," and then took up "Down With King Alcohol," and wound up with "Show Me the Way to Go Home, Carrie." These melodious rattle her, for she went back at the boys with the remark: "You are on the road to hell."

"Oh, fudge, Carrie," shouted back the college lads. That settled it. Mrs. Nation could not stand it any longer, and she stopped. She walked right down into the body of the students and snatched several cigarettes as she passed.

"The nasty things," she remarked as she pitched the cigarettes into the street. Then she retired greatly discomfited to her hotel.

BIG STOCKTON BLAZE

Stockton, Sept. 28.—Four entire blocks bounded by Washington, Hunter Sonora and Sutter streets, in this city, and portions of the two blocks directly south of these, are in ashes. This devastated area is only two blocks south of the courthouse and the commercial center of the city and was occupied mostly by homes.

The Agricultural Pavilion, in which the fire started, is totally destroyed, also the Physicians' and Surgeons' Hospital. These are the only public buildings burned, although the St. Mary's Catholic church had a narrow escape.

The total loss will aggregate half a million dollars. The pavilion and the exhibits it contained are figured at about \$200,000. The balance of the loss is distributed in various amounts throughout the burned district, including private residences and the hospital. Many of the homes were licked up by the flames before the occupants had time to save any of their clothes or household goods, and tonight hundreds are homeless and destitute.

PLANS FOR A RALLY

A meeting of the executive committee of the Republican Territorial Central committee will be held in headquarters tonight for the purpose of arranging for the big meeting down the road Monday night and attending to other important matters.

This meeting will be at the railway station and not at Remond Grove as had been supposed. A special platform will be erected for the speakers among whom will be Prince Jonah Kalani'aoale, Rev. S. L. Desha, R. H. Makekahu, the Republican nominees for the Senate and the nominees for the House from the Fifth District.

A special train will convey people all along the line from Wai'anae to Pearl City and another train will take the city people and others along the line from Honolulu to Pearl City.

A great big, rousing time is expected.

WISCONSIN AT PANAMA.

Panama, Oct. 1.—The United States battleship Wisconsin, Captain George C. Reiter, which left San Francisco September 17th for the isthmus, arrived here yesterday morning and exchanged salutes with the land batteries. Captain Reiter tomorrow will visit General Salazar, commander of the Government forces on the isthmus.

GERMAN CATTLE TARIFF.

Berlin, Oct. 1.—The tariff committee of the Reichstag at today's session maintained its previous decision regarding minimum duties on cattle.

TOM BATES HERO OF RUNAWAY

Sacramento, Sept. 28.—"Tom" D. Bates, the genial advance agent of the Elleford Dramatic Company, had an adventure in Nevada City the other day—"Tom" is the hero of several, by the way. He is no giant; on the contrary, he is rather below the average in strength, but he has courage enough to make even. The Grass Valley Union of last Tuesday said: "A lady and child, whose names could not be learned, were saved from serious injury or perhaps death last evening by the rare presence of mind displayed by "Tom" Bates, the well known advance agent for the Elleford Company. The lady mentioned, together with her child, was driving up Sacramento street toward the depot, when the horse took fright at some object and clutching the bit between its teeth, it swung around and made a wild dash off the main road onto the railroad and down the track toward Grass Valley.

"Every moment it seemed as if the buggy would be overturned and its occupants dashed to death on the rough ground.

"Mr. Bates was taking a short stroll down the track and heard the runaway rig approaching. Instead of getting out of harm's way, the plucky agent stepped to one side and as the frightened animal dashed by he grabbed the reins and, using all the strength at his disposal, he brought the maddened animal to a standstill.

"The occupants of the buggy were almost speechless with fright and did not regain their composure until Mr. Bates jumped into the buggy and drove the horse into the street.

"The lady was profuse in her thanks to Mr. Bates. She stated that she lived in Grass Valley, and with her daughter had driven to Nevada City on a visit. When the animal started to run away she was on the way to her home. Her name could not be learned.

"Several persons had congregated in the vicinity of the scene and the plucky Mr. Bates was highly complimented for his brave act."

The Record-Union has ascertained that the woman and child are the wife and daughter of Mr. Savage, a well-to-do mine owner. Mr. and Mrs. Savage overwhelmed Mr. Bates with gratitude, and pressed upon him tokens of thankfulness he treasures highly. One of these glitters with diamond scintillations whenever "Tom" waves his hand.

RECORD HIGH JUMP

At the Bryn Mawr horse show at Philadelphia recently a phenomenal high jump was made by Heatherbloom, a famous crosscountry horse in those parts. Heatherbloom, ridden by Dick Donnelly, cleared 7 feet 5 inches, and thereby established a new world's record for achievements of that kind. The former record, also held by Heatherbloom, was 7 feet 4 1/2 inches.

Heatherbloom made his new mark in competition. It was in the race for the Radnor challenge cup, which must be won three times by the same hunter or before ownership is established. The race comprises a sweepstake of a guaranteed cash value of \$1,000, 75 per cent to first, 25 per cent to second, third to save his stake. The order of the finish was Howard Willett's br. g. Heatherbloom; S. E. and V. C. Math'er's gr. m. Imp. Vengeance; Mather's br. m. Imp. Welcome; Highland Farm's ch. g. Hawkeye.

There was a large crowd on hand when the brown gelding cleared the lofty jump, and there was considerable enthusiasm over the performance, the horsemen present evincing their admiration for both horse and rider by tumultuous applause.

Dick Donnelly, who rode the winner, has trained the famous timber topper for three years, and was commendably proud of his equine charger's latest feat.

HOLT'S SECOND ARREST

The case of Owen Holt Jr., charged with assault with a deadly weapon, was called in the Police Court this morning but was continued. Holt is the young fellow who filled four Chinese with small shot at Iwilei yesterday morning.

The young man was out on \$250 bail on the first charge but he was arrested this afternoon on a second warrant sworn to by another of the wounded men.

The management of the Wilczek concert has arranged to give a special rate to students of music in the city. For information regarding this, call on W. D. Adams at the Bergstrom Music Co., Fort street, near Beretania.

There is a well-defined rumor on the streets that Frank L. Hoogs, business manager of the Star, will replace Alatau T. Atkinson as editor-in-chief of that paper.

"Johnny," said the boy's employer, "here's a ticket for the vaudeville show. I want you to take it this evening."

"O' thanks!" gasped the office boy, "yer orful kind—"

"Not at all. I thought you might pick up a new tune to whistle. I'm getting tired of 'Sunday Afternoon'—Philadelphia Press.

Democrats of New York State

LED BY HILL

Rule Out Devery Corruptionists

Saratoga, N. Y., Oct. 1.—Interest centered in the meetings this morning of the committees on platform and contested seats of the Democratic State Convention. It was conceded that if William S. Devery and his delegates from the Ninth New York District were not seated there would be troublesome times. Mr. Devery having declared he would make an appeal on the floor of the convention. Devery held more than 500 spectators' seats for the convention hall, which were given him by sympathizing delegations from all over the State, quite a large number coming from Tammany delegates. When approached with the suggestion that the wisest way out of the difficulty would be to leave the representation of the Ninth District vacant, Mr. Devery replied: "I will make no such agreement. I won by a big majority, and I am entitled to the seats, unless the Democratic party wants to go on record as saying that an election certificate is of no value and that the will of the majority means nothing. In addition to that I want to call attention to the fact that Goodwin received the lowest vote on the ticket. Mr. Sheehan's party received the second lowest and he does not contest."

After remaining at the rear of the hall for a short time Devery started down the aisle. In a minute the convention hall was in an uproar. Even the band was drowned out as delegates and friends stood on their chairs and cheered and waved hats and handkerchiefs. "He's seated, he's seated," yelled the crowd, but Devery raised his hand and called out, "Not yet, not yet."

Then arose the cry from one side of the gallery, "What's the matter with Devery?" and back in a roar came the answer, "He's all right."

Shortly thereafter the announcement reached the convention hall that the committee on credentials would not seat either Devery or Goodwin. In deciding the Devery contest a number of heated speeches were made and when it was explained that it was Senator Hill's desire that neither Devery nor Goodwin be recognized, a motion to that effect was carried with but few dissenting votes.

When Senator Hill entered the convention hall there was a great outburst of applause.

When the report of the committee on credentials as called for, Chairman McMahon said:

Death Horror of Brave Mine Worker

Winnemucca, Nev., Sept. 30.—Ross S. Briggs, employed in the Searchlight mine in Lincoln county, met a death so horrible on Saturday that the hideous agony he suffered during the few seconds while he awaited his doom seamed and wrinkled his features as though old age had come upon him in a moment. Imprisoned at the bottom of a deep shaft but a few feet in diameter, with a lighted fuse attached to a heavy charge of dynamite beside him, he was helpless in the face of impending disaster. After the blast had exploded and the burden of the debris had been lifted, his lifeless, shattered body was found crouching in one corner of the hole, its face set in an expression of terror and protected by an upraised arm, and the finger nails imbedded in the palms of his hands.

Briggs was an old employee of the mine. Just previous to the accident he had drilled several holes in the bottom of the shaft, filled them with dynamite and attached the fuses. After a thorough inspection he fired the fuses and prepared for his escape.

Dangling down into the hole was a rope on which he was to ascend out of the reach of danger. When he gave the signal that everything was ready those above hauled the rope surfaceward, little imagining that with each revolution of the windlass they were drawing father and farther away from the terrified miner his only salvation.

When Briggs gave the signal to ascend he evidently lost his hold on the rope and fell back into the hole, on top of the burning fuse. It was too late to extinguish the fire. The fuses had already burned into the rock beyond his reach. He may have shouted a warning of his peril, but only the damp walls of rock heard him.

As soon as those on the surface realized that the rope was without a human burden they stopped in dismay, for they had heard the explosion. They hastily went below and found Briggs crouching in a corner, buried under a

"In presenting the report I move the previous question."

This was to prevent debate. When the secretary read "In the Ninth New York neither delegation is entitled to seats in the convention because of the wholesale corruption—" a roar of cheers and hisses went up and as it continued Devery was seen making his way to the platform. Vainly the chairman rapped for order, vainly a hand played. When he reached the platform steps Devery raised his hands in an effort to stop the pandemonium that reigned. A sergeant at arms with his hand on the big ex-chief's shoulder tried to force him back to a seat, but he shook him off and started to speak. He stood amid cheers.

"Democrats of this convention, Samuel J. Tilden was deprived of his right of franchise as were the people of the United States. We do not want that to occur here today. It was through the work of a clique of this convention that the people of the Ninth District are about to be deprived of a similar right. Mr. Hill, as State leader of the State of New York, we ask justice from you as leader of the Democratic party. We do not care here as honest Democrats to be deprived of our rights."

As Devery left the platform not a delegate was in his seat and the gallery was in a wild state of excitement. A Devery delegate got to the platform and attempted to speak. The chair told him that he could not address the convention. Amidst tremendous uproar he started to speak, but a sergeant at arms hustled him down the steps. For fully ten minutes the convention and spectators roared, applauded and hissed, and then as the noise subsided Temporary Chairman Stanfield said:

"For the sake of the delegates to this Democratic convention and those present I desire to say that the party does not propose to have his voice put down or allow its convention to be run by thugs and ruffians and—"

Here the Devery adherents broke out again and drowned Mr. Stanfield's voice by cheers for Devery.

For several minutes it went on and then the chair said:

"I want to say to the gallery, everybody will get fair play. If the gallery does not cease the galleries will be cleared."

Cries of "Try it—let's see you." Finally, some semblance of order was obtained and then Devery presented a minority report.

Cuba Passes Law Favoring Laborers

Washington, Sept. 30.—United States Minister Squiers has transmitted to Secretary Hay, under date of Havana, September 16, the text of the bill passed by the Cuban House of Representatives requiring a stipulation in all concessions granted by that Government that the labor employed shall be Cuban.

It provides that "neither the state, the province nor the municipality shall grant concessions or a franchise of any kind for the operation of a public service without stipulating, as an essential clause of the grant, that the concessionary enterprise, company or corporation must employ in the works and working thereon at least 80 per cent of Cuban labor and employees."

Provision is made for the cancellation of concessions where this provision is violated.

WILL DREYFUS ATTEND

FUNERAL CEREMONIES OF HIS DEAD FRIEND ZOLA

PARIS COMMENT ON TRAGIC DEATH OF LATE NOVELIST. WORDS OF COMFORT FROM DREYFUS.

Paris, Sept. 30.—The autopsy on the remains of Emile Zola has resulted in an official declaration that he died from asphyxiation, caused by carbonic oxide fumes. The post mortem examination this morning resulted, in addition to the regular report that his death was due to asphyxiation caused by carbonic oxide fumes, in showing that the novelist fell in a densely saturated atmosphere as he attempted to open a window, and was suffocated.

Mme. Zola, it was further declared, owed her life to the elevated position of the bed.

A medical bulletin issued this morning says: "Mme. Zola is progressing as satisfactorily as possible, in spite of the terrible shock caused by the news of her husband's death. Complete rest and isolation are indispensable. She had a heartrending fit of anguish when told of his death, which was communicated to her this morning. It was followed by a state of torpor. She is now calm, but is unable to utter a word or make a gesture."

A crowd drawn by curiosity has remained in front of Zola's house since morning, and his tragic death continues to be the chief topic of conversation here. The funeral has been fixed for Friday, and interest is shown in the question whether Dreyfus will attend. The Patrie says: "If he dares to show himself in the procession the looks and contempt of all the spectators will be concentrated on him. If he hides himself in this decisive hour he will show himself to be his own judge of the work of his benefactor."

The body of Zola has been emblazoned in an oak coffin in the center of the drawing room of the Zola residence. The room is already filled with wreaths and flowers. Among the telegrams of condolence was one from Captain Dreyfus. His message was couched in affectionate terms and expressed M. Dreyfus' gratitude to the deceased. M. Dreyfus called at the house today and was admitted to see the remains. He manifested great emotion. Mme. Dreyfus, his wife, called subsequently and brought a handsome wreath of flowers. M. Dreyfus says he will attend M. Zola's funeral.

The remains of Zola will be interred in Montmartre Cemetery. The funeral will be a civil ceremony, though probably the body will be accorded the military honors to which the deceased is entitled as an officer of the Legion of Honor. The League of the Rights of Man is organizing an imposing demonstration at the funeral, and has issued an appeal for subscriptions to erect a monument to the dead novelist. Among those who signed the register at Zola's house or sent condolence were Premier Combes, a majority of the Cabinet Ministers, M. Waldeck-Rousseau, Maitre Labori, Colonel Picquart and M. Millerand.

Jules Claretie has written for the Tribune a eulogistic appreciation of Zola's literary labors. In which he says the name of the dead novelist will remain in the history of French letters and his name and work will live for centuries, and concludes with recalling how the votes for Zola at the elections for members of the Academy dwindled until the last time, there was only one recorded. "And," M. Claretie says, "that vote was mine."

BIG STEEL PROFITS

New York, Sept. 30.—Notices were sent out tonight by J. P. Morgan & Co., including checks for another distribution of 5 per cent, amounting to \$10,000,000, payable tomorrow out of the profits of the United States Steel Corporation underwriting syndicate. This syndicate was for \$200,000,000. Its members were called upon to furnish \$25,000,000 in cash upon their subscriptions, and this has since been returned and in addition there have been three 5 per cent dividends out of the profits, each amounting to \$10,000,000, besides the dividend declared today, which is therefore the fourth. Its payment makes the profits so far distributed equal to 160 per cent upon the amount of \$25,000,000 of actual cash which was advanced by the syndicate members.

REGISTRATION JUMPED ON ALL SIDES

The Board of Registration closed its sessions at 8 o'clock last night with a total of 6283. There were 160 numbers representing names held up or blanks which have been filled improperly. It is thought that some of these will be added to the registration lists as soon as the Board can settle the question. The increased vote in the Fourth District is 255 and that of the Fifth 427. Notwithstanding this apparently large gain in the Fifth, it is believed by many who know the situation that there are many more who have not registered.

In the Fourth District there is a decrease this year in the Fifth Precinct, where the mechanics of the Honolulu Iron Works lived when they were here two years ago. This loss may also be accounted for by the fact that a large number of natives have gone over into the Fifth District. Another element entering into this decrease is the new sub-division in the Fourth District to provide for eight precincts. In the Waimanalo precinct the registration has also fallen off.

In the Fifth District, the Second and Sixth precincts show a slight falling off. However, the gains in the other precincts are so great as to overshadow all the losses. The Kalihi camp precinct shows an increase of 221 votes. The character of the registration during the last week or so, which has been watched with the utmost care, would seem to point to a Republican victory on this island.

Following is a comparative table of the registration of this and two years ago:

Table with 2 columns: Year (1902, 1900) and various precincts (Fourth District, First precinct, Second precinct, etc.). Totals: 3287, 3129.

Roosevelt Wants Strike Settled

Washington, Sept. 30.—The President today took initiative steps to ascertain what, if anything, could be done by Federal authority to settle the coal strike. The result was a general expression of opinion by the advisers of the President who were present, to the effect that the Federal laws and Constitution did not afford means of Federal interference to end the strike, but another conference will be held tomorrow, and the President will do all he can properly and legally to bring about settlement. At the temporary White House a conference was held with three Cabinet officers—Attorney General Knox, Secretary Moody, and Postmaster-General Payne. Governor Crane of Massachusetts was also present. These gentlemen met with President Roosevelt, and after the subject had been considered for some time they adjourned to another room and conferred together for an hour. They all returned later in the day and held another conference with the President, and the strike situation was discussed further. President Roosevelt is deeply concerned over the situation. The approach of winter with a coal famine imminent, and the distress and suffering that must ensue unless coal becomes available, present a situation which, he thinks, should receive the attention of the Administration if there is anything that can be done by the Government. Many appeals have been made to him and many suggestions have been received by him, and it was with a view to ascertain what power the Federal authority could evoke that caused the conference to be held.

ATKINSON RESIGNS.

Manila, Sept. 27.—Fred W. Atkinson, Superintendent of the Philippine schools, has resigned. The resignation takes effect January 1, 1903. There have been numerous rumors of late of friction in the School Department in the Philippines, and a few weeks ago came an intimation that Atkinson would resign because of dissatisfaction with the condition of affairs. Up to the time of his appointment as Superintendent of Schools in the Philippines Atkinson was principal of the High School at Springfield, Mass. He was born in Reading, Mass., May 23, 1865. After graduating from the State Normal School at Bridgewater of the same State, he taught school one year and then took a course at Harvard. He studied in Europe a year and in 1894 was appointed principal of the Springfield High School.

### SOME POINTERS ON ADVERTISING HAWAII

It is understood that the Merchants' Association has not yet made answer to the recommendation of Joe Cohen relating to the project of making the band to the coast for the purpose of advertising Hawaii. The matter is in the hands of the board of directors and time is passing very rapidly. If arrangements are made by which the band will be enabled to go to the Coast for legitimate advertising purposes such as Mr. Cohen proposes, the boys will probably leave in the Korea.

The statement was made at the meeting of the Merchants' Association the other day that Mr. Cohen might introduce the "hula-hula business" on the Coast. In justice to Mr. Cohen, it should be stated that he alone of all others has stood for good, clean advertising and he has invariably talked against the hula dances from the time when he first began to consider the subject of advertising. He is perfectly frank in saying that naturally he expects to get something out of the proposition.

Mr. Cohen, when seen this morning by a Bulletin reporter, said: "I do hope that the Merchants' Association will see its way clear to endorse the band proposition. What we need here is talk about the islands in the newspapers and this is just what the band would succeed in getting. The papers in the various cities would be only too glad to devote columns to a band from far away Hawaii and good legitimate matter about what the Territory has to offer would be furnished them for the purpose of weaving into their stories. To reach the people, it is necessary to have good, legitimate newspaper advertising."

"I do not wish to belittle the honest efforts that have been made at advertising the islands but to my mind there has been a great deal of matter sent out that has and always will prove useless.

"For instance, it is usual to see the old time grass hut, a native pounding pot, canoes, lei vendors, native boys diving for coin and all that. Now this is well enough as a side attraction but what the prospective tourist wants to know is what accommodations he can get here to assure him of comfort, steamship connections, transportation and the like. That is the principal thing and should be played up. All the minor details can be dealt with in good time. Once assure a tourist of comfort while visiting the islands and he will be much more liable to come than if his mind is in a jumble as to how he will fare when he arrives here."

### SYMPHONY SOCIETY TO GIVE A CONCERT

The Honolulu Symphony Society will give a musicale and smoker in honor of Captain von Burski and officers of the German corvette Cormoran at their club rooms, the Dow homestead, corner of Prospect and Hackfeld streets, at 7:30 o'clock tomorrow evening. Every member is requested to be present. The electric cars will take persons to Hackfeld street and from there, it is but a short walk to the club house. There will be several selections by the orchestra as well as vocal solos and chorus work.

Last night, the officers of the Cormoran were entertained at the home of J. F. Humbert and tonight there will be a big reception at the Schaefer home in Nuuanu. Tomorrow will come the picnic. The Germans have been given a continual round of pleasure during their stay here and it looks very much as if it were to be kept going to the end of their stay here.

Repairs and extension of the Nawiliwili wharf have been completed in accordance with the plans. Men are reconstructing the piers for the Waialua bridge, for which the necessary lumber and piles were shipped some time since. Mr. Campbell transmits a blue print of the Channel wharf, showing the recently damaged piles, and says all these have been replaced and the wharf is now in good condition. Repairs to the kerosene warehouse are completed, also the fence along Ward avenue.

## SENATOR THURSTON'S SON

St. Louis, Oct. 1.—Clarence Thurston, a son of former United States Senator Thurston of Nebraska and an attaché of the World's Fair offices in St. Louis, was found unconscious from asphyxiation in his apartments at a hotel late last night.

The door of his room was tightly closed, the keyhole plugged, the windows bolted and the gas-jets open, indicating that an attempt had been made at suicide.

Thurston is 22 years of age, and has been in St. Louis about three months. He was taken to the City Hospital, where at 2 o'clock the physicians say there is a possibility that he may not recover.

There will be no rallies tomorrow night but the party workers will get out and do some good missionary work among the voters. On Monday night, simultaneous with the big meeting down the road, the Fourth District men will hold forth in Kakaako.

### TO BEAUTIFY CABLE STATION.

The All-Red cable folks are esthetic. They propose that their cable stations shall be things of beauty. That at Fanning Island is to be a garden oasis in the midst of the coraline desert.  
Mr. Dickett, who goes to take charge of the station, called on Agricultural Commissioner Wray Taylor this morning in company with a representative of Theo. H. Davies & Co., Ltd., to solicit a collection of tree, plant and flower seeds for embellishing the cable station premises with attractive vegetation. It is needless to say that Mr. Taylor placed the quite ample resources of the department at the applicant's disposal.
