HAWAII'S "BLUE" LAWS

CONSTITUTION and LAWS
Framed by the Missionaries.

LAWS of the HAWAIIAN ISLANDS.

2. In those places where the cultivated grounds are surrounded by a fence, animals may go at large, but if any animal be really mischievous and break away the fence or jump over it, then the owner of the animal shall pay according to the amount of food destroyed and the loss sustained by the injured person. But goats and sheeps shall not be permitted to go at large at all in the vicinity of cultivated grounds, because they will not be confined by a fence, they will overleap it. Wherefore it is taboo for them to go at large in the vicinity of cultivated grounds.

3. If the fence become rotten, or if an adobe or stone fence fall down, by which means the cultivated grounds become exposed, then the animal not being in fault and not being of a mischievous character shall pay no fine. But if it was generally known that the fence was poor and out of repair, and on that account most of the people confined their animals, or if the officer had proclaimed that people must take care of their animals, and some one refused or neglected to take care of his, then he shall pay all damages done by his animals.

4. But the best course is, when it is perceived that the fence is defective, for the officer to repair it immediately. In making fences, the labor shall be done on the labor days of the King, the land agents, and the people. They shall work twelve days in the month until the fence is finished for it is not made for the benefit of the Nobles only but for the people also. But transient laborers shall not work, unless they feed cattle.

5. Furthermore, in making public fences those who own cattle and horses shall do more than those who do not. Five cattle shall be considered equal to one man, and in making fence if the officer think best to divide it into portions he shall have a right to do so, and it would be especially proper to give a separate portion to him that has cattle. But the estimate for cattle and horses shall be as mentioned above, though if they are tied by ropes, or feed in a separate pasture, such animal shall not be counted.

6. If an animal stray away into the cultivated grounds of a man, or into his enclosure, it shall be proper for the owner of the ground to seize the animal, and kindly return him to the owner, or if not, then give information that the animal is confined in order that the owner may come for him. But if any one unnecessarily hold the animal of another in confinement, and do not restore him nor consent to the owner's taking him away, or if he do not give notice of the confinement, but retains the animal secretly, then the man who seized the animal shall pay all damage sustained by the owner.

7. If an animal be seized, and it is not known to whom he belongs, then the man shall take care of the animal for one month, feeding him well, making diligent inquiry whose the property is, but if the owner do not appear, and is not heard of, the man who seized the animal may then act his pleasure and his will, but he shall make his seizure of the animal public, that it may be extensively heard of. If he conceal it he is like a thief, but if he make it public and it is not called for, he is then faultless. If the owner appear after the end of the month spoken of above, he shall pay the man who has taken care of the animal for all his labor, and take him away.

8. If the owner of the animal and the person who seized him do not agree, then the judges shall decide the case. But the animal shall be restored immediately and the judges decide respecting the payment according to principles laid down above.

9. All those words are applicable both to house and yards and enclosed plantations, but if the gate of the enclosure be left open, then the animal is not in fault for entering. If a man leave the gate of his enclosure open for the purpose of enticing animals to enter, or if he go for the animals of another and drives them in or entices them to enter, and afterward make application for damages, he shall be brought to trial therefore, and on being convicted thereof shall be punished as a thief, thus: If he apply for one dollar he shall be fined four dollars. If he apply for two dollars he shall be fined eight dollars and this shall be the rate of fine for all who make such criminal application for damages, when the animals have committed no fault.

10. If an animal be tied by a rope and any one goes in a criminal manner and loosens it, or pulls up the stake, he then shall pay to the owner of the animal all the damage sustained by him, and shall pay for all damages done by the animal, and shall pay a fine of five dollars.

11. Cattle and horses shall not go at large in streets of villages where there are many people traveling, nor shall they be tied there for feeding, and when travelers tie their horses in the streets it shall be done only on the side of the street and with a short rope it is not proper in the middle of the street where people are traveling.

HAWAIIAN PROGRESS.

The Love of the Land is Established in Righteousness.

HONOLULU, AUGUST 2 1894.

THE MONOWAI ARRIVES.

No Startling News.

The R. M. S. S. Monowai arrived in port shortly after 3 o'clock this afternoon. She carries a large number of passengers especially for this port and considerable freight.

Messrs. Widemann, Parker and Cummins, arrived safely in San Francisco, on the Rio Janeiro, and continued their journey to Washington on the day following their arrival.

The great railroad strike is not altogether finished, but it has evidently lost its serious aspect. Mails and passengers are carried through under military escort.

Among the *kumainas* returning by this boat we notice Messrs. W. M. Giffard, S. M. Damon, A. F. Hartwell and Oscar Unna. All gentlemen looked well and happy in returning to their homes.

There are no new developments in regard to the tariff question or the Hawaiian affairs.

THE DIFFERENCE.

Our esteemed morning contemporary, gives an abbreviated report this morning of the discussion in the Senate on the Hawaiian reciprocity treaty. According to Mr. Dole's organ Senator Morgan eulogized the president of the so-called Hawaiian republic while Senator Mills abused him "in the style of the HOLOMUA." Mr. Morgan characterized Mr. Dole as "an honorable, and, I believe, a trustworthy man. He is a gentleman, and not only a gentleman, but a man of extraordinary ability, great courage and beauty of character."

Mr. Mills, on the contrary, (in the style of the HOLOMUA) put Mr. Dole down as a robber and as "a tool of the United States marines."

It is noteworthy, that none of the two Senators know Mr. Dole or has the slightest comprehension of the "beauty" or otherwise of his character, or of his here tofore undiscovered "extraordinary ability." Minister Stevens, who knew him, referred to him at a certain time in very different terms—but that was before he became "a tool of the United States marines."

What we desire to point out is, the indisputable fact that Senator Mills spoke from an honest conviction derived from the facts laid before the Senate pertaining to Hawaii and Dole, but what he said was his honest and frank opinion.

Senator Morgan, on the contrary, has from the beginning taken up the Hawaiian fight in a most personal manner in favor of the revolution and annexation. Mr. L. A. Thurston stated a few weeks ago at a public meeting, that Morgan was "a crank" on the Nicaragua canal scheme, and that therefore, the party favoring annexation (which Dole doesn't do,) could depend on him. But what is of more consequence is that Morgan has from the first been "subsidized" by the men interested in the annexation scheme, and that he simply talks like a lawyer, for a fee. It will not be very long before the world will know the exact amount expended by the "wealth, intelligence and goodness" of Hawaii for the furtherance of their little scheme. It has by this time cost a pretty round sum and some of the contributors would now rather have paid with "shingles" than "shekels." Morgan is a tool of the agents for the annexation scheme. Mills is an independent, honorable and true American. That's the difference.

We may here call the attention to the fact that the attitude of Senator Morgan in the Hawaiian matter as well as his disobedience to the party which elected him

has killed him politically. When he accepted a position from the Harrison administration on the scandalous Behring Sea Commission, he immediately became the object of grave suspicions. When he opposed Cleveland on the Hawaiian affairs and espoused annexation without consulting his party he was finished. His political suicide was accomplished, and his willingness to fill his pockets with some of the gold from the Honolulu schemers was quite natural.

REPUBLICANISM.

The *Advertiser* is very happy because an agitation is said to have been started in Louisiana tending to restrict the electoral franchise. As the *Advertiser* is not quoting its authority for the statement we are unable to criticize the truth of it. But, we must say that if a convention in Louisiana presumably elected by the people ever proposed or accepted an amendment as the following, the members must be a great deal more imbecile and incompetent than the "delegates," who framed the so-called constitution of the Hawaiian Republic—or rather adopted the cut-and-dried instrument presented to them by the family compact.

The most interesting in the amendment relating to the alleged restriction is the last. It reads: "He (the voter) shall be able to read the constitution of the State in his mother tongue, or shall be the *bona fide* owner of property, real or personal located in this State and assessed to him for the year next preceding the election at a cash valuation of not less than \$200."

Now that is the clause which fills our intelligent friend on Merchant street with enthusiasm. We beg to call special attention to the *or* which makes the two qualifications mentioned optional with the voter. We honestly thought it should have been an "and," when we read the section, but by further perusal we found that the "restriction," simply means that a voter must have either a property or an educational qualification. It means that an ignorant or criminal cur who has been able to swindle his neighbors of \$200 worth of property will be able in spite of his ignorance to register and vote.

The *Advertiser* is charmed with the educational qualification, and "believes that the time is not far off when, as much or more will be required of every voter in the United States."

And at the same time the Louisiana statesmen propose, and the *Advertiser* approves of an amendment which places the educational qualification on a par with a trifling property qualification. An amendment that makes the possession of \$200 worth of property equal to the knowledge, and education sufficiently to vote intelligently. Verily, the republican ideas of the *Advertiser* are getting more and more unique and incomprehensible.

A PATENT CAD.

We do not generally devote any of our space to notice the *Star*, or the insults of its editor towards the Queen. Last night's report, though, of the concert at Washington Place, on the morning of the 31st ult. is so outrageous that we consider it right to reproduce it as a specimen of the tone of the paper which is presided over by Mr. J. B. Atherton, contributed to by Rev (?) S. E. Bishop, and subsidized by the Planters Labor and Supply Company, of which W. O. Smith is the secretary and virtually manager. The editor himself, is the ex-protégé of the National Reform party, a powerful (!) anti-missionary of former days and a man married into a Hawaiian family, always ready and always willing to accept in the most respectful manner, the kindness and hospitality of the Queen. We beg our readers to read for themselves the following example of the tact and good form of the Atherton-Johnstone combination. That the report is manufactured, and another *Star*

fake does not relieve the cad, who published it from the stigma attached to his action.

About 6:30, when the band boys were taking a short recess, they were summoned, by the grace of God, to appear before "Her Majesty," Mrs. Dominis, in one of her private halls. The band boys filed in, but most of the crowd were excluded, the explanation being that "We" desire to address the members of the band who had been so faithful during the many months of thumb-sucking.

It was also whispered around that "Her Majesty" had something important to communicate to "Her" musicians. And such was the case.

Clad in an unpretentious morning gown Madame Dominis talked to the band boys. She told them that she had received good news from Washington. A letter had come bearing the intelligence that she would soon be restored. It was not a great way off. She had known all along that it would come in time. Then speaking directly to the band boys, she said:

"You have eaten stones a long while. But still have patience. Bear up, for your reward is near at hand. You have stood firm for a long time, and will continue faithful a few days more."

CORRESPONDENCE.

[We do not hold ourselves responsible for the opinions or the utterances of our correspondents.]

EDITOR HOLOMUA:

The Legislature of 1892, made an appropriation for the use of the Bureau of Water Works, amounting to \$78,750 to cover the following items:

Repair of Reservoirs. \$ 6,000 00
General repair of ditto 10,000 00
Pumping Plant, apparatus and connections for Honolulu Water Works. 50,000 00
Purchase of Water Pipes. 12,750 00

In the Biennial Report of the Minister of Finance, submitted to the tax-payers on the 1st of April, 1894, it is to be found, that an expenditure of \$9,423.19 has been made for "Repairs to Reservoirs."

The RATE PAYERS, now demand to know what has become of the unexpended balance.

The RATE PAYERS, demand an explanation, and expect to know, why the provisions under such appropriation have not been carried out.

The RATE PAYERS, demand to know, why it is that advance payment of water rates is demanded, while no water is furnished them in return.

The RATE PAYERS, demand to know if the unexpended balance of such appropriation has been used towards the "General Expenses of the Provisional Government."

The total sum of the Appropriation Bill for the two years, ending March 31, 1894, was \$3,778,558.

The expenditures for the same period amounted to \$3,715,232.

The receipts for the same period were \$3,587,204.

The Treasury balance on March 31, 1892, was \$312,141.

Deduct from the Treasury balance of April 1, 1894, the amount of the receipts of Crown Land rents, which amounted to \$51,717, and which should have been placed to special deposit, the true balance would be \$132,386 instead of \$184,113, as announced.

RATE PAYERS, look at that and ponder!

OBSERVER.

A MERRY GO-ROUND.

In Soper's window on Merchant street can be seen a most beautiful circular group of the so-called Safety Committee which assisted Mr. Stevens in his little revolutionary scheme of 1893. The gentlemen who, on the picture are surrounding Mr. Cooper, the chairman, present a very significant appearance. Commissioners, explanations and letters to the United States would have been unnecessary in excusing or explaining the landing of the Boston men at the request of that committee. The picture now exhibited would have furnished all the explanation needed. Great Scott! If those were the committee of safety, how must the "others" look! Messrs. Stevens and Wiltz are exonerated, and we take it all back.

PISTOLS VS. PILLS.

The HOLOMUA, in an article recently published, took the liberty to criticize a late decision of our most immaculate and infallible Supreme Court. In doing so, the names of the parties to the suit were mentioned, in a way which gave offense to a local medical gentleman, a relative of the parties. The m.g. in question soon after invaded our sanctum, in fury and the early afternoon, and sought to extract from the editor, a confession that the article in question had been written by a local legal gentleman, who had been engaged in the suit, on the side opposite that espoused by the said m.g. The editor refused to so confess, chiefly for the reason that the article had not, as supposed by the m.g., been written by the l.g. But the editor's well-known reputation for unerring veracity did not serve to carry conviction to the mind of the furious m.g., who indulged in all manner of foamy threats against the l.g. aforesaid, the climax whereof was a reverend and holy promise to bring a pistol into play upon the l.g. in the near future. The editor, as in duty bound, and with a mind disposed to "save our streets the crimson dew that drips from patriots' veins,"—or which might otherwise dripped from the l.g.'s veins, took early occasion to inform the l.g. of his deadly peril from the pistol of his infuriated foe. But the contumacious disciple of Blackstone only laughed, and asked questions, and laughed again, and asked more questions, as to the florid rhetoric of the m.g., and finished by saying, "Well! give the old party my compliments, and my thanks for his moderation in proposing to attack only with his pistol, which I deemed much less deadly than his pills."

The foregoing is published merely as a "mild palliative," (the m.g. will recognize the professional turn of phrase,) to show the m.g. that the l.g. bears him no ill will.

Thanks are returned to Purser Bendell of the Monowai for late news favors.

In "Paddenhead Wilson's Philosophy" Mark Twain says: "Put all of your eggs in one basket—and watch that basket." Eggs are not the only things to which this applies, we can make it fit stoves and change eggs into dollars and make it read—Invest your coin in a Pansy Stove—and the stove will watch itself. We have been watching these stoves for the past five years, and find them the best iron stove sold in this market for the money. Where else than at our store can you get a stove that will do everything that a \$50 stove will do and get it for \$15? Echo answers, 'the place isn't built.' We have sold hundreds of these stoves in Honolulu, and never had a complaint. Two weeks ago, we sold one to a gentleman on Hawaii, and yesterday he ordered another for a friend. The stove sells itself through its fuel saving qualities, and because, it is a good baker. You can get other styles of stoves if you are not particular as to the quantity of fuel you burn or how your food is cooked. There's no dyspepsia in meals prepared on a PANSY.

We received last week a lot of wire clothes-lines that hold washed clothes without using pins. It is a sort of double wire arrangement and the pieces are held in between; the harder the wind blows the tighter the pieces are held to the line. There is absolutely no danger of the clothing being torn as there is nothing sharp about the line. While the cost is a trifle greater than rope, this new style will last so much longer that it is economical to buy the pinless line.

The CLAUSS is one of the new fangled saw-edge knives that cut warm bread without leaving it heavy and iced cake without making crumbs. There are two or three different makes of these knives, all on the same principle and each one pronounced the best on earth by the manufacturers. We selected the Clauss, which we believe as a disinterested spectator to be better than its neighbors. You never had anything in your life that gives as much satisfaction for a dollar. If you were buying the other sort you would get only one.

The favorite sewing machine in any community is the one that does the most for the least money and which runs the easiest. In the "Wertheim" you have a machine that sews three distinct stitches—The Lock, Chain and Embroidery and runs easier than any other machine, and you pay twenty dollars less for it. Economy stands boldly every side when you buy a Wertheim. In tucking the chain stitch is preferable, but in other kinds of work, the lock stitch is the best. If you buy a machine that sews the lock, unless it is a Wertheim, it won't sew a chain stitch. There's no particular saving in buying a machine with but one stitch, the Wertheim does three and saves you lots of trouble and work.

We've just unpacked six cases of stand lamps that were built for hard times. They have metal bases and are decorated so as to make a very neat appearance in a room. We don't think you can get as good a lamp anywhere else for the money, try as hard as you please.

Our stock of table cutlery, spoons and forks is as large as you will find in any store in San Francisco, and our prices compare favorably with those in New York.

LOCAL NOTES.

The Councils met this afternoon.

The Nuuanu stream is not even a brooklet now.

The 'Tisc' states that, Saturday evening will be a gala night, at the Hotel.

Do not forget the Thistle Club concert tomorrow evening, at the rooms of the Club.

The new clerk of the Board of Education has taken the required oath and commenced work.

All the evidence in Mahelona's case is in, and argument by counsels will be heard tomorrow.

The Chief Justice has not yet left for "the other side" where he is to enjoy his long vacation.

Miss Evelyn Dexter will be married to Mr. W. W. Harris this evening, in the Central Union Church.

Arthur Johnstone the editor of the Star is still believed to be the local correspondent of the San Francisco Chronicle.

The bark S. C. Allen sailed yesterday afternoon for San Francisco, carrying forward 2,181,000 lbs. of sugar, valued at \$57,344.13.

Property along Nuuanu avenue, from Judd street to Beretania streets, is not being improved in value by the lack of proper water supply.

Members of the Honolulu Cricket club are to compete with a team from H. B. M. S. Champion in a game of cricket at the old Recreation grounds next Saturday afternoon.

The Press club had an extended meeting last evening and measures were adopted to impose club penalties on recalcitrant members. A special committee on island curiosities presented the remains of several old gun barrels of unknown date. Election of officers will probably take place at the next meeting.

It Leaves Tomorrow.

Some people here said that personally conducted affairs are not a success, but a glance at the booking list of Wilder's S. S. Co. for tomorrow's Kinau will utterly disprove this assertion. A large party has already signified its intention of joining Mr. Hoogs' excursion to the volcano, which is in such an active condition that it is nearly boiling out. The government band is to be in attendance at the wharf, and the Hawaiian quartette is to accompany the party for the round trip.

Berger's Jubilee.

We have in a former issue referred to the festive day on which one of Hawaii's most popular men celebrates the fifty-years anniversary of his birth, and at the same time leads a band for the 500th time in the Hawaiian Hotel grounds.

Untiring in his efforts, industrious from morning to night and ever obliging and ready to help in all good purposes has Professor Berger been. The 22 years which he has spent in these sunny isles have not altogether been easy. His office has not been a sinecure. But we trust that the appreciation of his fellow-citizens will show to him that his work has not been in vain. Heinrich Berger is full of music. Music is the Alpha and Omega of his nature and his whole life has been devoted to it. When Hawaii congratulates him on attaining his jubilee, we do not believe that we can say anything more acceptable to him than that, on that day, will find that he has only friends and admirers and not a single enemy. Let everybody be there on Saturday.

As usual, the sharpshooters are called together this evening to meet in the basement of the Palace.

Mr. J. H. Hare went as pursor on the steamer Hawaii this trip vice "Jimmie" Simms who is doing land duty.

Mr. T. A. Simpson the popular host at the Sans Souci Hotel has severed his connections with that famous seaside resort.

The Philadelphia Band and the Mannerehoer Society will assist at the open air concert next Saturday evening at the Hotel.

A guard at the Oahu Jail viciously assaulted his mother last evening and, although the woman reported the matter no arrest occurred until this morning.

The bark R. P. Rithet arrived in port last evening from San Francisco bringing a miscellaneous cargo valued at about \$21,000 and six cabin passengers.

The Hollister Drug Co., at No. 533 Fort street, are selling the Pure Vaseline, highly recommended for sores, burns, and skin diseases, at the extremely low price of five cents a box.

It is understood that there will be no defect in the Electric Light next Saturday when the Government Band plays as there was when the National Band played last Tuesday.

The members of the Scheutzen Club and those of the American League are getting at loggerheads. The superior pull of the Club is distasteful to the self-expatriated Americans (?)

If YOUR HORSE OR DOG is sick send them at once to 205 King Street. The only Veterinary Infirmary in the Republic fully equipped with modern appliances and skillful attendants. aug1-1m

Long Life Whiskey, which is the new and famous brand displayed by Wm. Cunningham at the Anchor, is recommended to all those who "pray and wait." It can be taken without guardian and what is better, at the present time, without water. It will also show all sportsmen of the Ass. where to find the desired doves, ducks and pheasants—on the other side of the Chinese Theatre.

Go There!

To further insure the success of the grand jubilee concert at the Hawaiian Hotel next Saturday, in honor of Professor Heinrich Berger, the management of the great hostelry has arranged an excellent menu for dinner, which will be enjoyed not alone by the regular guests of the hotel, but by everybody who should desire to add something substantial to the more spiritual enjoyment of the concert. Mr. Frieman, the well-known caterer, has selected the following tempting menu:

- SOUP.
- Cream of Asparagus, Consomme.
- RELISHES.
- Olives, Chicken a la Mayonnaise.
- TOMATOES.
- FISH.
- Filet of Mullet a la Hollandaise.
- Pommes Chateaux.
- ENTREES.
- Filet of Beef a la Printanier.
- Chicken Liver en Caisse.
- PUNCH.
- A la Delmonico.
- LEGUMES.
- String Beans a la Paulette.
- ROAST.
- Dressed Roast Turkey.
- Cranberry Sauce.
- SALAD.
- Lettuce a la Bordelaise.
- ENTREMETS.
- Cabinet Royale.
- DESSERT.
- Tutti Frutti Ice Cream, Cafe Noir.

An Accident.

The Advertiser contained this morning a report in which it was stated that Simon Von Topaz an officer of the mounted police had been thrown from his horse last evening and slightly injured. The Advertiser was as usually incorrect or was imposed on by somebody wishing to get a "dig" at the party in question. A representative of the HOLOMA called on Von Topaz this afternoon and found him sick, but not injured by any fall from a horse. He explained the occurrence by saying that he had been unwell for several days, and that he last night was ordered on duty on Nuuanu street. Between 8 and 9 o'clock he was in the vicinity of the residence of W. O. Smith when he was overtaken with faintness and dizziness. He succeeded as far as he can remember in dismounting and securing his horse, and the next thing he remembers was that he was the object of the attendance of the ladies in Mr. Smith's house from where he was taken in a hack to the hospital. Upon raving he drove to the station house, and from there to his home where he is now resting comparatively easy. Topaz who is one of the best riders in the city objects to any reflection on his horsemanship.

Discouraging.

The experience of Mr. Cornwell at today's auction sale of 'Johnny Hayward,' his well-known trotter is not very encouraging to horsemen or to those interested in improving Hawaiian stock and who at considerable expense import horses from California. The trotter was withdrawn from the sale as the highest bid was only \$230, offered by Mr. S. G. Wilder. It may be a sign of hard times that no higher bid was made, and it is to be hoped, that it is so. We would hate to see horse-racing and high-bred horses disappear from Honolulu together with Baseball and other sports.

The Mannerehoer.

This Society which is engaged in cultivating the arts of peace, not war, has an excellently well attended meeting at its last gathering. Music was the practical subject under discussion and amongst the many songs and choruses vocalized were, Schafers "Sonntagslied" or "Sunday Song," "Der Rhein," by Mastosi, and the famous Student Song "Bänkelt-Lied."

In Honolulu??

Mr. Streckstein (presenting bill) — Good morning, Mr. Paynon. I came to tell you there's lots of people talking about you. They say you're a cheat, a liar and a rief, and you don't pay your bills. But I said: "No, Mr. Paynon is an honorable gentleman and pays his bills." Now, vich is it?—Truth.

LADIES COLUMN.

This week will be one you will all remember aside from Double Width Serges (all wool) at 50 cents a yard. Waists will receive an awful Cut; such as Children's Double Ve Waists in two weights (Summer and Winter.)

Equipose Ladies Waists. Compromise Bodice Waists. Jeannes Miller Waists. Children's Reefer Jackets and Children's Long Cashmere Coats.

Another line of goods that are worthy of your notice will be our Tusore Draperies for Curtains and Divans, there is no reason why you should let them pass.

You all know your friend, the P. D. Corset, none better were ever made, or sold at our prices. Ask to see our Tan Colored Hosiery to match the different shades of shoes. We have them for ladies and children all sizes, and when it gets to Ladies and Childrens Black Hosiery—no other House in town can offer you such a stock to select from or at our prices. At the same time buy Lubby a dozen of Fast Black Socks, for Two Dollars, he is now paying more money for them.

SATURDAY, Aug. 4th, will be the great Hosiery day with us, though we won't refuse to sell you them during the week. One thing we wish to impress upon your minds, and that is we are actually selling goods for less money than we ever have before, all through the house, you will find a general mark down; they are the same High Class of Goods we have always carried; the secret of it all is, we are satisfied with less profit.

We have a lot of material that will make Handsome Costumes for the Masquerade Ball.

The FRANK L. HOOGS' Personally Conducted Excursion to the Volcano.

LEAVING ON THE KINAU FRIDAY, AUG. 3, 1894, AND RETURNING TO TOWN ON SATURDAY, EIGHT DAYS LATER.

Some people who claim to know all about it are of the opinion that the Crater's present great state of activity may not last over two months, and then it may drop out of sight altogether. If this story should turn out to be correct, there would be hundreds of people in this city who would regret that they allowed an opportunity to visit it to go by. Why not go now? The Steamer Kinau will leave on Friday, August 3d, with an Excursion Party on board—another chance of the same kind may not present itself for a long time, and you are sure to enjoy the trip. A ticket will cost you \$50, which includes hotels and transportation. You will never forget your first sight of the Great Burning Lake, and without seeing it you will remain in the dark as to its appearance, as no pen can do it justice. The trip is a most enjoyable one; you spend a day or so in the Beautiful town of Hilo; you traverse the Volcano Road with its wealth of tropical foliage, and when you reach the Volcano House you will say that the trip, so far, is of the memorable order. But this is nothing compared to the awful splendor of the Crater; there is nothing like it in this earth. Read the Advertiser of Monday, July 23rd, and get an idea of what awaits you high up in the mountains of Hawaii. jy20
