BIG FRUIT GROWERS' ASSOCIATION PLANNED WILL INSPECT HAWAII IMMIGRATION

Would Develop Fruit Industry

Business Men See Great Future If Producers Will Get Together

The formation of an association of fresh fruit growers throughout the islands, to develop the industry, to create and command markets from San Francisco to New York, and to handle their products direct to the mainland consumers, will be taken up tomorrow afternoon by the directors of the Merchants' Association, meeting in Young Hotel building at 3 o'clock.

Difficulty experienced by fruit growers of Hawaii in reaching the market, in getting their products handled advantageously by commission men, together with the competition among the island farmers themselves will be done away with, and will have a ready market and a good price, according to the plans contemplated. The proposed association will be to the fruit trade what the

Planters' Association is to the sugar industry.

Ultimately it is hoped to establish lines of fast fruit steamers between Hawaii and San Francisco, and Hawaii and Los Angeles, the fruit steamers being under the control of the association. It is also hoped to develop the markets east of San Francisco, to secure markets for fruits not now sold on the coast, such as papaya, and to be able to employ expert scientists to exterminate fruit pests as the Planters' Association has exterminated cane pests.

All these far-reaching plans will be taken up by the directors of the Merchants' Association at a meeting tomorrow. Secretary Mill L. Berdell stated this morning that the proposed association will be one of the most important of the year.

SUPERVISORS NOW INTEND TO SETTLE NEW BUILDING ORDINANCE BY END OF YEAR

A new building ordinance for the city and county of Honolulu bids fair of becoming a law before the passing of the present board of supervisors with the close of the year 1910.

The ordinance consisting of several hundred typewritten pages has been drafted after the expenditure of much care and research. The measure is now in the hands of Deputy City and County Attorney Fred Milverton, who is going through the document with a view of establishing its legality and shaping up its paragraphs and sections in a manner that will pass muster before the courts of the Territory should a question of the enforcement of its provisions ever arise.

According to the present plans it is proposed that a call for an open meeting be made at which to architects, builders, contractors and all others interested in the matter of a suitable building ordinance for the city of Honolulu will be invited to be present and participate in the discussion of the proposed measure. It is believed that much can be gained by submitting the ordinance to those most vitally interested in its passage.

The supervisors hold another regular meeting on the evening of December 20th. Allowing for a series of several conferences with architects and builders, the building ordinance is predicted should pass a final reading and receive the signature of the Mayor making it a law with the passing of the old year.

As far as known the building ordinance has the support of Supervisors M. Glehan, Quinn, Logan, Cox and possibly Kane and Aylett. Member Ahia of the board has early signified his refusal to vote for the measure mainly on the ground that he does not thoroughly understand its numerous provisions.

COL. E. A. FORBES LIKES HONOLULU

Col. Edwin A. Forbes of Marysville, Cal., with his family are visitors in the city, stopping over for a few days incident to their tour of the world.

Col. Forbes is a very well known figure of California political life and has gained especial prominence in the National Guard of the State. He is just completing a tour of the world that included the Orient, reached by way of the Siberian railway.

"We have had a very pleasant and instructive trip," said the colonel, "but we were mighty glad to see the American flag again. Honolulu is an interesting place and I wish we could stay longer but I have seen considerable of this island, making the circuit by auto the other day. This is a busy,

thriving city and you seem to have a great future. But I don't believe you will reach the full tide of your prosperity until these great plantations are broken up into one hundred and sixty acre farms. Of course that may seem impossible to you. It did to California in the days when we had the big ranches of thousands of acres. But the big ranches were broken up and the prosperity increased. I think you will have the same experience here. I should think the city of Honolulu would grow up on much the same basis as Los Angeles. This is a splendid place to grow the tourist crop and you ought to succeed with that."

Although a lawyer by profession Mr. Forbes has taken strenuous side trips into the newspaper business having at one time owned the Sacramento Union and a chain of papers published in the cities and towns of central California. He was one of the active factors in the organization and development of the Lincoln-Roosevelt League and naturally is highly pleased

EIGHT MEN QUIT HAWAIIAN BAND

Lured From Famous Organization By Theatrical Offers.

BERGER'S FORCE IS CASUALLY DISRUPTED

Men Refuse to Work Longer for Present Pay When They Can Make More Elsewhere.

Eight men left the Hawaiian band this morning because they can get more money paying for the legitimate establishments in town than they are working for the public.

This means that the famous Hawaiian band was called upon the next morning and the new band, with a less capable force than ever before and this is the year when the tourist trade was at its largest on record, unless all signs fail.

One of the men who left has been with the band for over twenty years. The reason for his withdrawal is that one of the successful amusement places gave him a contract for a year at one hundred dollars a month. With the steady work, he can get at least \$150 a month, he said.

One of the men leaving is paid \$55 a month in the band. The show people pay him \$80.

Another gets \$65 a month from the public for playing in the band. The show people pay him \$100 a month.

Still another gets \$55 a month in the Hawaiian band. The theatre pays him \$75.

And so it goes down the list. The Hawaiian band is losing its best men its numbers are reduced, and though the places of some of the old timers are filled it stands to reason that the dropping out of those men will serve to discourage the band and certainly not improve the product.

What the city needs is a larger band and one whose members are paid well enough to at least hold them as against the theatres and the various places of amusement, where the public has to pay for its music.

The band is made up of trained men and yet the wages of the members are much lower than the police and other departments of the city. The band men have to play every day and devoted much time to rehearsals.

Police men get seventy dollars a month and the band boys' salaries run from \$50 to \$60 a month. Members of the fire department get \$90.

Captain Berger is famous for getting good music out of most anything that is thrown at him. When the people criticize the band, they little realize with what raw material the band leader is forced to work.

If the Honolulu public and the visitors of the year are to be well entertained it is certain that more serious and liberal attention must be given the Hawaiian band.

Taft's Message Is Up Before Cabinet

(Associated Press Cable.)
WASHINGTON, D. C., Dec. 1.—President Taft has submitted his forthcoming message to the cabinet for final revision.

with the result of the recent election in his State.

"Governor Johnson is absolutely square," said Col. Forbes. "When he says he will do a thing, you can absolutely depend on it, and I am certain he will represent the people of California as conscientiously and successfully as any man living."

Col. Forbes is now proprietor of the Marysville Appeal one of the successful daily newspapers of one of the smaller inland cities of the State. He leaves for San Francisco on the Chiyu Maru tomorrow.

KEEFE TO BE IN HONOLULU SOON

WASHINGTON, D. C., Dec. 1.—Daniel J. Keefe, chief of the general office of Immigration, is on his way to Hawaii to investigate immigration conditions there. He left San Francisco yesterday, where he has already conducted an investigation.

JOHN E. MONK.

Raymond C. Brown, inspector in charge of the local immigration station, stated today that outside of the information he has gained from the newspaper, he has no advice as to what the commissioner general will do here. The investigation may be purely a perfunctory one.

INAUGURATION OF DIAZ WITHOUT TROUBLE

(Associated Press Cable.)
CITY OF MEXICO, Mex., Dec. 1.—President Porfirio Diaz and Vice-President Raimundo Cordero were inaugurated here today, following the policy of little public demonstration that since the rebellion broke out. There was no disturbance at the inauguration ceremonies. Henry Leon Wilson, Gen. of the diplomats to the Mexican republic, congratulated Diaz on his administration, and the president responded.

ONLY ONE BID FOR BUILDING BATTLESHIP

(Associated Press Cable.)
WASHINGTON, D. C., Dec. 1.—The Newport News Shipbuilding Company was the only bidder today on the new 27,000-ton battleship that is to be built. The bid was \$5,760,000. The government will build the other battleships.

TWO STATES SHOW LARGE INCREASES

(Associated Press Cable.)
WASHINGTON, D. C., Dec. 1.—Figures given out today by the census bureau show that Pennsylvania has 7,665,111 people, an increase of 21 per cent, and West Virginia 1,221,119, an increase of 27 per cent.

DAMON NAMED QUEEN'S TRUSTEE

Samuel M. Damon is to succeed to the place held by the late Archibald Cleghorn as a trustee under the trust deed executed in December 1909 by Liliuokalani. A petition for the appointment of Mr. Damon was filed in the Circuit Court this morning by the remaining trustees, W. O. Smith and C. P. Jansen. This is in accordance with the provision included within the deed, providing for the election of a third trustee by the remaining trustees when one of their number was removed by death.

The trust deed is inclusive of practically all of the former Queen's property and provides also for its disposition and control upon her death.

OAHU WILL ASK FOR MORE IN LEGISLATURE

Plan Reapportionment Bill On Basis of Big Voting Strength.

MAUI IS REPORTED TO FAVOR SUGGESTED PLAN

Approaching Session of Legislature Will Have Problem Presented in the Form of a Bill.

A movement for a new legislative reapportionment has developed as a result of the figures shown at the registration for the last general election and it is practically a certainty that the problem will be brought before the consideration of the next Legislature in the form of a bill, the apportionment of Territorial representatives being left to the discretion of the Legislature by the Organic Act.

A combination to secure a reapportionment schedule being put into operation is reported as having been tentatively reached between some members of the Oahu and Maui delegations.

Those who advocate a reapportionment point out that the voters of Oahu are not receiving adequate representation in either branch of the Legislature. At the present time the vote of Oahu is fifty per cent of the vote cast in the entire Territory and the advocates of a readjustment in the prevailing representation claim that they have everything on their side as far as the justice of their demand is concerned.

The readjustment has not progressed far enough apparently to establish a definite basis for the new plan but if the Maui-Oahu combination becomes a reality there will be no great difficulty in drawing up a bill to cover the ideas of its supporters.

The Territorial Legislature possesses full power to make any change that it agrees upon and there is little doubt that the next Legislature will thresh the question out at length.

WALDRON COMING HOME TOMORROW

Chamber of Commerce Delegate to Orient on Board the Chiyu Maru.

Fred L. Waldron, of this city, delegate to the Orient on the visit of the Chamber of Commerce, which has just closed, will arrive in Honolulu tomorrow on the Chiyu Maru, completing his journey as an ambassador of progress.

Mr. Waldron has taken a prominent place among the business men who were delegates on the epoch-making trip, and will have some interesting things to say when he returns.

The Chamber of Commerce has already taken up by wireless with Mr. Waldron the matter of making an address on the result of his trip to the Orient, and the following wireless messages tell the story:

Honolulu, Nov. 28th, 1910.
Fred Waldron, S. S. Chiyu Maru.
Welcome home. Chamber of Commerce Trustees hope you may favor them with address on China as soon after your return as convenient.

Money Shortage In Water Works

Warrant of Employe Could Not Be Cashed Yesterday When It Was Due

Failure of the water works department to pay some of its employees yesterday, the regular pay day, has resulted in a number of protests emanating from the employees of the department. One employee of the department, who works as a clerk in the office of the water works division of the Department of Public Works, stated this morning that the failure to receive the money yesterday was simply due to the treasury of the water works department running so low that there was nothing left with which to pay the men.

The condition complained of by some of the employees is minimized by officials of the department, the Auditor's office declaring this morning that only one warrant was held up yesterday owing to an insufficiency in funds. This it was declared, to be the smallest of them all and would be paid tomorrow.

The fact remains that it has been demonstrated that the portion of the receipts obtained by Marston Campbell's department allotted for expenses are insufficient to assure the payment of the salaries of the employees when due.

EUROPEAN CROP LARGER, BUT SUGAR OUTLOOK BRIGHT, IS OPINION OF W. PFOTENHAUER

In spite of the news from Europe that the early estimate of the beet sugar crop will have to be materially increased, W. Pfothenauer, vice president of H. Hackfeld & Co., Ltd., today sounded an optimistic note in discussing the sugar situation. He sees no reason for gloom at all; on the contrary, he thinks the immediate outlook is for a good price for the staple Hawaiian product.

Last week H. Hackfeld & Co. received news from Europe giving a revised estimate of the beet sugar crop of 7,876,500 tons, an increase of 150,000 tons over the earlier estimates. This, however, is not final, and Mr. Pfothenauer said this morning that the actual amount of the crop will very likely fall below this.

He is of the opinion anyway that no one need be alarmed at threatened low price for sugar.

Talking over the sugar situation this morning he said:

"The islands have faced a low price for sugar before and found business coming out all right, and there is no need for businessmen to get alarmed now. I do not believe the tariff on sugar will be reduced. It is hardly likely that it will be done during the coming session of Congress, and President Taft will not call a special session."

"Although the estimates for the crop in Europe show that it is to be even larger than was first stated, the final figure I hope will show that it is less. Even should it be as represented, the situation is certainly not dark."

"We are still paying our regular dividends, and there is no reason to predict that they will be reduced. However, this is a matter that will be taken up in a directors' meeting later this month. I certainly should not prophesy now that dividends will be cut."

Of the Hackfeld plantations, Lihue and Koloa, the Kanai properties, the possibilities of the tons has been made will a decision be made as to a reduction of dividends, declared Mr. Pfothenauer this morning. "We say that so far there has been no move-

ROAD MEN MAKE PLEA FOR JOBS

A representative delegation of Hawaiians and citizen laborers has called at the Mayor's office, making protest over the threatened reduction in the force of workers in the road department of the city of Honolulu, because of the probable passage of a resolution calling for the expenditure of approximately seven thousand dollars, necessary to pave Fort street, this sum to be taken from the road fund of Honolulu district.

The resolution to pave two blocks of Fort street between Queen and Kings streets, successfully introduced before the board by Supervisor

Quinn and passed at the last meeting of that body calls for the payment for the improvement to come out of \$14,000 that is set aside each and every month to carry on street, road and park maintenance in Honolulu.

The contention is raised by the workers that the withdrawal of something like seven thousand dollars from the December appropriation will leave the Honolulu road fund with but sufficient money to maintain the horses, mules and perhaps operate the city dump carts.

A balance of seven thousand dollars is claimed by the delegation as barely sufficient to maintain the Honolulu street and road equipment. In diverting the money necessary for the paving of Fort street from the existing road fund will throw at least three hundred men out of employment, so it is claimed.

The merry holiday season is fast approaching and the laborers who have heretofore maintained a close connection with the road department payroll are much exercised over

**Leaves for Hawaii to Have
Chinese Extradition
Papers Signed.**

Jue Yuen Mow, the accused Chinese absconder from San Francisco continues to trouble the authorities from Governor Frear down. Police Officer Conlon of San Francisco left on the Wilhelmina today for Hilo on the way to meet the Governor with the extradition papers requiring the signature of the chief executive of the Territory.

Conlon is hopeful of leaving for the coast on the Wilhelmina with his charge on December 7th. A wireless was received from Governor Frear this morning stating that he would be back in town on the 10th of the month and was responsible for the decision of the San Francisco officer to take up the chase of the Governor.

Attorney McBride is still endeavoring to get some monetary satisfaction for his habeas corpus efforts in behalf of the Chinese. McBride had a garnishee summons of \$70.00 served on Police Officer Kelleit this morning, alleging that Kelleit held that sum of the Chinese's coin.

**WOULD ANNUL
CHILD MARRIAGE**

Deputy Sheriff Charles Rose is investigating a marriage of a fourteen-year-old part-Hawaiian girl to a youth of less than twenty which it is claimed took place last evening, the Rev. A. Fernandez, an elder in the Mormon church, performing the ceremony, according to the story of the child who has been questioned by the officers.

Eva Bertelman is hardly past her fourteenth year, according to the statement made by her mother this morning. The girl has been missing from her home for several days and when she did make her appearance, she startled the family by telling of her marriage to an Hawaiian lad but five years her senior.

The child claims that she applied to John Baker for a license. She admits that she misrepresented her age and told the duly authorized agent for the government that she was eighteen years of age and therefore did not require the consent of her parents or guardian.

It is the intention of the parents to avert the marriage ceremony annulled. Miss Eva will be brought before Judge Whitney at the juvenile court and steps will be taken to have her sent to the reform school for a time in order that she may mend her ways.

The parents claim that they have been unable to maintain control of the young lady, who is alleged as wayward.

THURSDAY DECEMBER 1, 1910

I have been taught to believe, with Matthew Arnold, in the power in this universe that makes for righteousness, and I have been brought up in the faith, so well expressed by Alfred Tennyson, that there is an increasing purpose running through the ages giving coherence and reason to the chaos of our poor human affairs. I wouldn't live in this world unless I felt that there was upon the progress of society the divine hand.—Jonathan P. Dolliver.

President Taft's message may not mention Hawaii, but you can bank on it that he will not endorse reduction of appropriations for Pearl Harbor.

Everyone likes to hear the old band play. But especially when the present band is properly supplied with men to keep it up to the old band standard.

Though the Governor talk against Roosevelt in a ratio of three to one, that doesn't prove that Roosevelt is wrong. Every reform has started with the backing of the minority.

It was as expected. Talk of the Chief Justice's intention to not resign immediately starts the populace wondering and asking whether Judge Cooper or Judge Hatch will get it.

Among the optimists of Honolulu mark William Frotzenhauer high on the list. When every citizen is included it will be easy as pie making Honolulu a Hundred Thousand town.

Among other gratifying things is the evidence on the Stock Exchange that not all the people in Honolulu feel that the country has gone to the bowwows because sugar prices will be low.

Japan ought to make a definite business of establishing confidence in its peace talks. Europe is as qualified in its acceptance of the protestations of good intent, as the jingoes of the States.

Every Honolulu who tours the States is impressed with the tremendous number of otherwise intelligent citizens who don't know that Hawaii is on the map. Territorial appropriation for Promotion is what's needed to correct this error.

Mayor Fern does not strengthen himself with voters or taxpayers when he holds up the Fort street paving ordinance. This measure has received the unqualified endorsement of the principal taxpayers of the city. As there is no "job" behind it, one can hardly imagine what more the Mayor wants.

Mayor Fern should remember that the Democratic party was killed in the last campaign because it made a political game of measures vital to affecting the prosperity of the country. He should therefore refrain from using an ordinance endorsed by the business section of the town, as a medium for playing politics.

Running short of money is probably one of the evidences of the great reforms accomplished by the present management of the waterworks. To turn the most prosperous bureau into the one "hardest up," all in eighteen months, is a record equal to the Nuanu dam, and further proves the need of turning the Honolulu water works system over to the City and County of Honolulu, where it belongs.

ENLARGE THE BAND.

Eight members leaving the Hawaiian band because they can get better pay at the amusement houses may not be a matter that will attract the attention of the directors of Big Business or of the officials who are weighted with the importance of affairs of state. They may think the incident beneath their notice. They will wake up only when the band degenerates to three tin horns and a trumpet, and is wanted to play at a "function."

But it is of interest to the ordinary citizen who believes in maintaining the institutions of Honolulu that have proved to be worth while.

It is of more than passing importance to the average citizen who is proud of the reputation of the Hawaiian band, and who understands the value of a first class public musical organization as a community asset.

The Bulletin believes in the Hawaiian band, kept up to a state of perfection that will place it on a par with the best bands of the country.

We are sure that the people believe in the Hawaiian band, and are just as anxious to have it kept up as to have the police, the fire department and the roads maintained.

If the band, through insufficient appropriation is allowed to run down at the heel, lose its standing and become generally a discredit to the city or the subject of excuses rather than praise, months and years will be occupied in "bringing it back" if it ever "comes back."

The Bulletin again reminds the people and the city fathers that the coming season will be one of the most notable in Honolulu's history for tourist travel.

If there is one thing in this city that should be up to the standard of its old-time reputation and a little better, it is the Hawaiian band. Proper appropriation will secure the desired result.

Lend the weight of your influence to have the money provided.

ROAD MEN MAKE PLEA FOR JOBS

(Continued from Page 1)

er the threatened severance from the public service.

Mayor Fern has taken the protest of the city employees who declare that they face a joyless Yuletide, under advisement. The resolution which authorized the Mayor and the city and county clerk to enter into a contract with the Honolulu Paving Company to lay two blocks of bituminous pavement along Fort street, has not been passed up to Mayor Fern. He stated today that the measure was in the hands of the city and county attorney where an examination of the contract was being conducted.

Mayor Fern declined to state what position he would take when the resolution was brought to him for signature. He proposed to take sufficient time to carefully consider the city finances before affixing his name to the document.

Despite the statement made that the pavement could be laid for approximately \$4500, the contention is raised that the contract price embodied in the new resolution calls for no reduction. The paving company ask three dollars a square yard and it is estimated that there are at least 1700 square yards of street surface within the boundaries designated in the contract drawn up with J. A. Gilman, representing the Warren Brothers in the islands. This will entail an outlay of over five thousand dollars, not counting the additional expense to the city in getting out the rock at the municipal quarry and the laying of headstones and supplying piping. Before the city has paid the paving bill the cost of the improvement will foot up very close to \$3.40 per square yard, mak-

WOULD DEVELOP FRUIT INDUSTRY

(Continued from Page 1)

portant ever held. Besides the question of a fruit growers' association, there will be other matters of vital importance to the islands.

Mr. Berndt has recently returned from the coast, where he had an opportunity to see the efficient working of the California Fruit Growers' Association. "Five years ago the growers were losing money, in spite of big crops," he said this morning. "They lost because of cut-throat competition, poor handling, lack of system in developing the market and lack of facilities for getting the fruit to the market. Now this is changed. All are working together and all who can raise the fruit are making money."

"The Merchants' Association feels the need of a body in the islands similar to that in California, and the Merchants' Association feels that it can be the medium for bringing together the factions in the fresh fruit industry and getting them all to work together. Local people might just as well handle the big fruit industry of the islands as some who come here from the mainland. The meeting tomorrow will probably bring these plans to a head and develop some scheme for getting the growers together."

The directors tomorrow will take up also a plan to control the billboard system. This is part of the fight to regulate billboards that has been going on for some time. The association until recently found no way to control the boards legally. However, under a recent decision on a case in Portland, Mr. Berndt thinks the city and county can control them. Portland fought out an ordinance which provides for an annual merchandise license and for a tax of so much per square foot on billboards, and the courts upheld the validity of the ordinance. E. A. DeWitt, the association's attorney, is now investigating this plan and it will be discussed tomorrow.

Another thing to come up is Hawaii's support of San Francisco as the place for the exposition of 1915. San Francisco and New Orleans are the chief claimants for the honor and Hawaii's support is naturally with the former. Local influence on congressional representatives will be for San Francisco.

Another matter to be taken up is the Fort street paving. The merchants are anxious that the progress of the paving this month shall not interfere with their big holiday traffic, and will ask the paving company to operate with as little inconvenience and blockading of vehicles as possible.

CASTORIA

Physicians Prescribe Castoria.

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: 1st, The indisputable evidence that it is harmless; 2nd, That it not only allays stomach pain and quiets the nerves, but assimilates the food; 3rd, It is an agreeable and perfect substitute for castor oil. It is absolutely safe. It does not contain any opium, morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrup, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a medical journal to say. Our duty, however, is to expose danger and record the means of a vanishing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—*Child's Journal of Health.*

NOTICE OF SALE OF GOVERNMENT LANDS.

At 12 o'clock noon, Thursday, February 2, 1911, at the front door to the Capitol, Honolulu, there will be sold at public auction under Part IV, Section 17 of the Land Act of 1895, Section 276, Revised Laws of Hawaii, the following described lands:

Among the new dolls at Sachs is the "Teddy, Jr.", the "Smiling Sue" and the "Honey Boy". On Monday will be the great sale of Battenberg scarfs, squares and centerpieces.

Amateur photographers should always develop their films and plates. The Honolulu Photo Supply Co., Fort below Hotel, have just received a large stock of tanks and machines.

The re-enforcing rods for the foundation piles of the new building under construction at the corner of Hotel and Fort streets have been placed. Excavating is still going on.

The marriage of Miss Eleanor Terry, daughter of Rear Admiral and Mrs. Terry, and Lieut. Philip Connelley will take place at noon today, December 1, at St. Thomas' Protestant Episcopal Church, Washington, D. C.

It was reported yesterday, by wireless, that William Donald, a luna for the Laupahoehoe plantation, had been accidentally killed through the fall of his horse over a deep embankment. It is thought that the body has been washed out to sea as no trace of it has been found.

Mrs. E. E. Dye, the novelist, who was until recently a guest of Mr. and Mrs. Guild of College Hills, presented the archives the day before she left again for the mainland with John Colcord's journal of his life in the Hawaiian Islands between 1821 and 1829. From this journal Mrs. Dye obtained material for a novel which she is engaged in writing, the story taking the reader into Oregon as well as into the Islands.

NEW MAGAZINE OFF FOR COAST

Publication "Boosting" Islands Will Be Sent as Far as London.

The initial and January number of the Mid-Pacific Magazine, Hawaii's new 160 page illustrated monthly, will appear within a few days. Several thousand copies of this highly illustrated magazine will leave Honolulu by the Chiyo Maru Saturday for shipment to the Coast, New York and London, where arrangements have been made to give the Hawaiian publication prominent display.

The following is from the announcement to be made on the first page of the new magazine:

"The Mid-Pacific Magazine will be essentially a literary publication. It will be highly illustrated with photographs and drawings of scenes in many lands and islands, from Alaska to Cape Horn, and from California to Calcutta, Java and Australasia. It is published in Honolulu, in the Territory of Hawaii, because here it is easiest to assemble the literature of the Pacific from around the great circular ocean that borders on the American, Asian and Australasia.

"Honolulu has made the Mid-Pacific Magazine possible. Its amateur merchants and business men have stood behind the venture from the inception of the idea, as have the larger Americans concerned of the Chief Hawaiian City. But the Mid-Pacific is not a Hawaiian Magazine; it belongs to the entire Pacific.

"It is intended to publish the Mid-Pacific Magazine on the 15th of the month preceding the date it bears, simultaneously in London, New York, San Francisco, Sydney, Wellington, Manila, Yokohama, Honolulu.

"The Mid-Pacific owes its present life and excellence to the kindly enthusiasm of the business community of Honolulu and Hawaii at large."

Alexander Hume Ford is the editor of the new magazine and Howard M. Ballou associate editor. The Mid-Pacific will be placed on the market as a popular-priced Magazine, the subscription price being one dollar and a half a year.

The concert and dance that is to be given at the K. O. P. hall next Saturday evening will be under the auspices of the Waikiki branch of the Church of Jesus Christ of Latter Day Saints. A most excellent program has been arranged and a good time is vouchsafed for all who attend. They will be several instrumental selections.

THEY KISSED AND MADE UP

Mrs. Aloka appeared to think a lot more of her husband when she presented herself before Judge Lymer this morning than she did some days ago when visiting the police station. She is alleged to have declared that Aloka was a dangerous man and that she was in constant fear of her life.

A storm-cloud had passed over the Aloka household and during the partial eclipse of marital bliss and sunshine, Aloka is said to have employed threatening language in addressing the helpmeet of his home.

Mrs. Aloka called upon the police department to curb what she believed the combative tendencies of her husband. The man was placed under arrest and steps were taken to keep him under a suitable bond to keep the peace. The repentant wife stepped in this morning and asked Judge Lymer that he drop the prosecution. Asked why she had changed her opinion in the matter the woman simply stated that they had "made it all up again and were living together."

BANK ACCOUNT DEBILITATED

As no intent was established against a Chinese named Goo Yee charged with attempting to defraud through the overdrawing of his account placed in one of the local banks, the case against him in the District Court was dismissed this morning at the suggestion of Prosecuting Attorney Cathcart.

According to statements made before Judge Lymer, Goo Yee had tendered a check for payment of a bill of goods; the same being presented at the bank developed the fact that the account contained at the depository was some lines shy on the needful money to cover the piece of commercial paper.

The matter was brought to the attention of the Chinese and at the same time he was placed under arrest. Attorney Lightfoot was retained as counsel by the defendant, who declared that his client had "made good" at the bank as soon as his attention had been called to the shortage of funds.

GILLETTE PLAY FOR ORPHEUM

"All the Comforts of Home" will be presented tonight at the New Orpheum by the George B. Howard company. This is William Gillette's famous comedy and like "Charley's Aunt," will outlive many of the present day farces. "All the Comforts of Home" will also be offered Saturday afternoon at the usual special matinee at which ladies and children will be especially cared for.

of the kind that are sure to please, while Gladys Middleton and Walter Perry have acts that are bound to make good here. Ed Mongrief, James Rowe, Vernet Hughes and Richard Kipling are the leading members of the musical comedy company. A full orchestra, under the direction of W. F. Hughes and a series of new motion pictures, complete what is regarded one of the best shows of its kind that ever invaded Honolulu.

SAVOY'S NEW BILL PRESENTS COMEDY TEAM

Four of the Coast's cleverest comedians will open an engagement at the Savoy on Saturday night, replacing the Wilson Sisters, the Oldfields, Foster and Countess Irma de Pomme, who will fill a brief engagement at Hilo. The Malau-Magratu Comedy Company will put on the comedy sketch entitled "An Uptown Fair," which is a clean comedy, full of laughable situations and smacking of farce, but clean-cut comedy throughout. There are four people in the company including Jim Magratu, blackface comedian; Will Main, whose sartorial presentations will give him instant fame; while Nollie Howard and Dot Raymond, two dainty bits of femininity, will supply comedy, rich and laugh-provoking.

GO TO THE PARK TONIGHT.

The engagement of the great balancers, Wills and Hassan, will end at the Park this week, and they then proceed direct to New York, via Victoria, to begin a long engagement on the eastern coast. Their act has created a furore here, and the professionals who have seen them pronounce them without peers in their act. It is practically original with them, and they have made a success of it throughout the world. Lochrane continues to amuse the audiences at the Park with his Scotch songs and dialect recitations. He will remain only a short time longer at this theater before going to the mainland. Some very fine motion pictures were received by the management of this theater by the Wilhelmnia.

The Savoy is playing to big houses and the initial appearance of the new company will show that the management is receiving the talent that will make the Savoy the popular home of clean comedy.

THE NOVELTY.

Those who have not been to the Novelty to hear the Musical Millers should go before they close their engagement, for they are a treat to all who love good music on novel instruments and well played. "Wise and Milton" are to present their masterpiece, "A Study in Redskins," with original and appropriate costumes, calcium effects, etc., tonight. This is a stunt by one of the best teams that has visited Honolulu in a long time. Wise and Milton never grow stale, and to see them once in this particular sketch is not sufficient. George Stanley will introduce the latest song-land success, "The Jungle Band." The motion pictures are up to the limit of excellence, and the show as a whole is a good one.

KIPLING AND HUGHES

Of American Musical Comedy Co. new company is expected to present a performance of unusual merit. All the musical comedy artists as well as the vaudeville stars are the choice of the best people in their line in the States and it is only necessary for them to emulate their mainland successes to get along here. The "Speculators," which will be the opening number, is one of the funniest farces ever written and has for years been one of Kolb and Dill's happiest mediums. This story winds around the adventures of two Germans of the "get-rich-quick" kind and their manipulations and indulgences render the plot ridiculously funny. Dunn and Branson are comedians

Appreciation

TO THE PUBLIC—We wish at this time to express our appreciation to the Island public for the confidence reposed in us, as manifested by the large number of purchases of the motor cars we deal in. Altogether in the past we have handled some ten different makes of cars; we now handle only three.

There is a reason for this.

To handle any new make that was produced seemed to us too much like "trying it on the dog"—with the public as the Dog.

Our policy was to study the situation carefully, gauge local conditions and then consult the best automobile authorities in America—with the result that we represent today

The Pierce Arrow Chalmers Hudson

(All Licensed Under Selden Patent)

These three great makes represent a combination of best practice in automobile construction, with the widest choice of body types and prices. The manufacturers of these three great makes are the leaders in the industry.

By handling only these three great makes we can do justice both to the public and the manufacturers.

There are from five to eight thousand different parts in an automobile—multiply this by ten, and the number is enormous. Few dealers if any could keep even the necessary parts of ten makes to provide against inevitable accident, but with three it is different.

We wish our name to be synonymous with the
GOOD AUTO SUNDRIES AND GOOD SERVICE.

Faithfully yours,

The NEVER LEAK Roofing

A strong phrase, but it's a good name, for Congo. Perfect rolls, carefully made and every one inspected and tested. No imperfect rolls will reach you. That's why it never leaks. There are no flaws, no thin places, no weak spots. Once it is on the roof, the water will not get through.

A sample will show you why. Send for it to-day; it's free.

FACING the beautiful park in the heart of the city, which is the theatre of the principal events of the famous festivals of San Francisco, this hotel, in environment and atmosphere, expresses most pleasantly the comfortable spirit of old California.

The royalty and nobility of the Old World and the Far East and the men of high achievement in America who assemble here contribute to the cosmopolitan atmosphere of an institution which represents the hospitality and individuality of San Francisco to the traveler.

The building, which marks the farthest advance of science in service, has now the largest capacity of any hotel structure in the West, and upon completion of the Post street annex will be the largest caravansary in the world. WHILE THE SERVICE IS UNUSUAL, THE PRICES ARE NOT.

Cable News TO TEACH NAVY MEN TO FLY

(Associated Press Cable)

WASHINGTON, Nov. 30.—Stating that he agreed with Brigadier-General Allen that America was far behind Europe in the matter of the development of an aerial arm of offense and defense, Glenn Curtiss, the foremost American aviator, today announced his readiness to train, free of all cost to the government, a corps of naval officers in the art of aviation.

Curtiss announces that he has made this offer formally to the navy department, drawing the attention of the department to the fact established recently by a practical test, that it is possible for a heavier than air machine to be launched from the deck of a vessel, the ordinary battleship or cruiser affording plenty of deck-room for a start.

Curtiss intends to establish a school of aviation at Los Angeles and it is at this school that he will train any naval officers detailed by the department.

DIAZ WILL HAVE NO GRAND FUNCTIONS

CITY OF MEXICO, Nov. 30.—An eleven-hour change in the program for the inauguration of President Diaz and Vice-President Corral, which takes place here tomorrow, will make of that ceremony a very simple one. Less than a week ago it was announced that the inauguration ceremonies were to be most elaborate when the veteran president would take the oath for the eighth time and his next in power would be for the first time formally installed in office. By a sudden countermanding of orders, all preparations for tomorrow ceased.

According to the latest orders, the oath of office will be administered will be no fetes to follow.

NEW NATIONALISM NOT POPULAR

LOUISVILLE, Nov. 30.—Theodore Roosevelt's "New Nationalism," so far as it concerned the conservation of natural resources, was the subject of discussion at the Governors' Congress here today. Four Governors spoke on the subject, which was in order as touching the matter of uniform laws for the States. Three of the speakers came out strongly against the Roosevelt proposals, while one defended the ideas advanced in the famous Onawatoona address.

It was decided that the Congress, when it adjourned, would be reconvened next year in New Jersey.

APPROPRIATIONS FOR THE NAVY

WASHINGTON, Nov. 30.—The naval estimates for the fiscal year 1911-12, to be submitted to Congress at the coming session, have been finally revised into shape, after being curtailed in many ways. The estimates provide for the expenditures of \$126,046,659, nearly eleven million dollars less than was appropriated for the present fiscal year.

The naval estimates of some of the European powers for the current year were: Great Britain, \$100,117,517; Germany, \$88,000,000; France, \$68,580,000; Italy, \$31,927,200; Russia, \$49,000,000.

STEEL WORKERS TO BE PENSIONED

NEW YORK, Nov. 30.—Elbert H. Gary, chairman of the board of directors of the United States Steel Corporation, announced that the plan of pensioning the aged employees of the corporation had been perfected and would be started after the New Year.

BENEFIT FOR HOME IS THIS AFTERNOON

SIMPLY LIGHT AND INSERT TUBE

Warmer does the rest

The Welkom Warmer

Size 2 1/2 x 5 1/2 inches, weight 4 1/2 ounces.

The only modern, safe, effective and sensible substitute for the antiquated Hot Water Bag.

No water to heat—no rubber to rot. Will last for years.

The Warmer is made of metal heated within one minute by the lighting and insertion of a paper tube containing a blazeless, smokeless and odorless fuel generating a uniform heat which lasts over two hours at a cost of less than one cent. It is curved to fit any portion of the body and held in place by means of a bag and belt allowing the wearer to move about at will.

AS A PAIN KILLER

The Welkom Warmer has no equal. It can be put into constant action and is indispensable in cases of rheumatism, lumbago, neuralgia, sciatica, cramps, etc.

By placing the Warmer on the affected part the heat being dry, not moist, takes out the cold. Physicians say that the moist heat of the hot water bag will not cure but aggravate the ailments above mentioned.

Many have been sold—not a single complaint.

Complete outfit including Warmer, bag, belt, coil and 10 tubes of fuel sent prepaid to any part of the U. S. upon receipt of \$1.00.

If you wish to know more about this wonderful device write today for free descriptive booklet.

KAMS ARE NOW THE CHAMPIONS

Defeated Puns Seven-Nothing In Grammar League Yesterday.

It was all Kams yesterday afternoon when that team clinched its title to the championship of Grammar School Soccer League by defeating the Puns 7-0 and ending the season with a record of not having been scored against by any team in the league.

The Kams have played seven games and have not been scored against by any of their opponents, thus having a clear title to the championship of the league.

In the game yesterday the Kams' goal was never in danger and the play was kept almost entirely in their opponents' territory.

Four tallies were made in the first half of the game and in the second half the other three were put up, and during all of the time the Kams went into the game with a dash and go that their opponents lacked.

Captain Pahlia of the Kams kicked two of the 7 goals made, Hipa and Manoha kicked one each in both the first and second half, and Kealehili made the last one in the first period of play.

Other games of the series played yesterday were between the Saints and Centrals in which the former won 1-0, thus giving the Saints title to second place in the league, and a tie game played between Kaahumanu and Normals in which each scored one.

By these games the Puns are tied with Kaahumanu for third place in the league.

Tomorrow's games scheduled are Puns vs. Royals, Iolani vs. Saints, and Kaahumanu vs. Centrals. These games concluding the series unless a tie exists which will have to be played off later.

It is planned now to pick a team from the regular teams to go up against the champion Kams next Wednesday afternoon and try to humble the pride of the victors.

Word has been received from the coast that a large shipment of Hawaiian pineapple by-product has been seized in Philadelphia and has been condemned as unfit for food. It is stated that the shipment was contained in fifty-pound tins. A local inquiry was set on foot yesterday to ascertain which factory had made the shipment but there were none that would claim the responsibility. The Hawaiian Pineapple Company stated that they are not guilty as they have never shipped any pineapple in any shape in 50-pound packages. All the shipments from this factory are in bottles and are sterilized before leaving the factory. There were nineteen cases of the goods destroyed by order of the government inspector of drugs and foods.

PILES CURED IN 6 TO 14 DAYS. PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded.—Made by PARIS MEDICINE CO., Saint Louis, U. S. of A.

JEM MACE WAS ENGLISH CHAMP

Death of Old-Time Fighter Marks Passing of Old School.

JIM MACE—SPORT—H. F. L. "The cable from England yesterday that Jem Mace, one-time heavyweight pugilist of England, had died, marks the passing of the last of the old school boxers," said Jack Grace, this morning, commenting on the death of a man whom he has known well for many years.

Mace tried several times to get the world's championship, but never succeeded. He died at the age of 76 and up to ten years ago he gave boxing lesson in England and at times in other parts of the world.

He conducted a boxing academy with Grace in Johannesburg in '97 just previous to the Boer war, and at that time he was still among the most scientific in the world with his fists.

Mace's last fight was in the early eighties when he was to box four rounds for points with Charley Mitchell, but the latter knocked him out in the second round.

Mace was the first man to use the open-hand in blocking punches instead of the wrist, which had been used up to the time he introduced the hand idea.

Thirty years ago Mace was a well known figure along the Bowery and everyone in the fighting game knew him and his work.

He went into the fight game in the fifties and his passing marks the last of the early men who went in to the squared circle for the amusement of good sports.

Mace is dead and he died poor, having been supported by men now in the ring for the past few years. Nelson and others of the bunch sent the old man money regularly after their fights and in that way he was kept from want.

During his life he made several fortunes, but he spent them as fast as they were made. He was an inveterate gambler and when he had money he proceeded to get rid of it as quickly as possible, being a great follower of the races.

BAND CONCERT.

The Hawaiian band will play this evening at the Kakaako Mission at seven-thirty, as follows:

- March—The Navy
- Overture—Light Cavalry
- Ballad—Kaulokalani
- Selection—Belle of Bohemia
- Englander
- Vocal—Hawaiian Songs
- Ar. by Burger
- Intermezzo—Frisolous Cupid
- Waltz—Neptune
- Lineke
- Finale—The Gigglers
- The Star Spangled Banner.

George Hackenschmidt, the Russian wrestler, is back in the United States, and on November 15 he threw both Lundin and Pilkooff at Hartford, Conn. The Russian agreed to throw the two men in an hour, and he threw the first in twenty-three minutes and the second in eight minutes.

DECEMBER FIGHT IS ASSURED

Hall and McGurn Will Meet on 17th, Promoted By Nigel Jackson.

The big fight between Australian Hall and Joe McGurn for fifteen rounds is practically assured, as the men and their managers got together last evening with Nigel Jackson and agreed to fight on December 17 for a purse of \$300, of which the fighters got sixty per cent and the promoter forty, the other arrangements to be made later.

It is up to Hall to show that he can fight and he has agreed to a press trial either Saturday or Sunday at some place in the city at which time he will have a four-round go with Mike Paton, so that the sports can see what he is in the fight game.

Hall has several medals he won in Australia in bicycling events before he broke into the fight game, but he says that all the clippings he had about his performances have been lost recently.

The sports-haze know what McGurn can do, but they want a public exhibition by Hall to see if he can get into the game with the man from the coast.

At the conference last night each of the fighters and the promoter agreed to post a forfeit of \$100 and it is expected that this money will be put up today to assure the match.

Jackson plans three preliminary bouts, one of eight rounds between Trooper Bauersocks and Marine Fink which is already assured, a six-round go between Sarcone and Gans, and another six-rounder between Pete Stanley and another fighter to be arranged later.

With these preliminaries there should be no trouble in bringing out a good crowd to see the evening's sport, and the fifteen-round go between Hall and McGurn should prove the most costly of the bunch.

Here's hoping Jackson makes it a go and everything runs off smoothly.

CHAUFFEURS PLAY SUNDAY MORNING

Kapiolani Park Scene of Great Diamond Struggle.

Sunday will see one of the most exciting games of baseball which has been on the diamond in this city for some months, for on that day the chauffeurs will show what they can do.

The two teams to cross bats on that day are the Honolulu Auto Stand team and one composed of men of the Auto Livery and the exhibition will be given at Kapiolani Park.

The make-up of the teams are: Honolulu Auto Stand—Bennett Brown, c; Sonny Markham, p; Harry Markham, 1b; Bill Aylett, 2b; Jimmie Hart, 3b; Willie Wells, ss; Capt. Joe Santos, lf; S. Be kley, cf; Vincent, rf.

Auto Livery—Capt. C. Weatherbrook, c; W. Cluney, p; H. Lewis, 1b; E. Chmery, 2b; M. Souza, 3b; B. Lagan, ss; Machado, cf; K. Ewart, cf; J. Raymond, lf.

NEW CHURCH MAY HAVE NEW ORGAN

It is expected that a new organ will be one of the features at the dedication of the new Methodist church next month.

Some time ago, when Mr. Whitfield was here he learned of the wish of the Methodists to have their church free of debt when it was dedicated and it is said that he whispered the same into the ear of Mr. Carnegie, who is his brother-in-law, and that shortly afterwards an application blank for a new organ was received which was filled out by the trustees of the church and returned to the Ironmaster, who is aware of the opening date of the new church.

Bishop Hughes, who will dedicate the new church, is expected to arrive the middle of January and the dedication service will be held on the Sunday following his arrival.

The parsonage is being fitted up in readiness for the new pastor Rev. Robert E. Smith and his family, a wife and two daughters.

ECZEMA CURED IN SIMPLE WAY

When you have a scratch on your hand you wash it out and cleanse it and then the skin cures itself.

The best skin specialists today are agreed that the only way to cure the skin is through the skin. For statistics show that nearly all eczema sufferers are perfectly healthy in all other ways except as to their skin. And if the eczema patient were really suffering from an internal malady, the entire body and not only the skin would be diseased.

You can prove immediately the relief of a true skin cure by using oil of wintergreen as compounded in D. D. D. Prescription. This liquid kills the disease germs, while toning up the healthy part of the skin.

We have now handled this meritorious and thoroughly scientific remedy for so long and have seen its reliable results so many times that we freely express our confidence.
