AGREES TO PAY FOR BOYD'S TRIP

HOUSE VOTES TWO THOUSAND FOR LAND COMMISSIONER'S EXPENSES AT WASHINGTON.

The House this morning added to the unpaid bills act, on third reading, an item of \$2,000 for the expenses of Land Commissioner E. S. Boyd's trip to Washington. The item was not placed in the bill without a warm discussion, in which Kanilo led the opposition to the item. He claimed that the money had been illegally spent, as there was no appropriation for it, and objected to making up amounts spent unlawfully in such ways by the executive department. Lewis and Long spoke in favor of the item. It was approved by a vote of 14 to ten.

AORANGI HAS ITS OWN PAPER

NEAT LITTLE WEEKLY PUBLISHED EVERY FRIDAY ABOARD MAIL STEAMSHIP.

The S. S. Aorangi arrived from Victoria and Vancouver this morning about 11 o'clock. She left Vancouver May 29 and Victoria May 30. The vessel was a day late sailing. The delay was due to the strike of laborers on the Vancouver wharves. The crew from the vessel had to do double service as stevedores. The vessel experienced smooth seas and pleasant weather during the voyage to this port.

At 8 p. m. of May 30, she passed the ship Barlowe bound south. This ship left Puget Sound May 21 for South Africa.

At 1 p. m. June 1, the American bark Palmyra of Port Gamble was passed going northwest. The S. S. Moana was passed at 1:40 p. m. of June 4.

Mrs. Pfeuger and daughter returned to Honolulu on the Aorangi.

Mrs. F. J. Church was also a returning passenger.

The vessel has rather a small list of through passengers.

"The Aorangi Argus" is the name of a little paper that is published every Friday aboard the vessel. The paper is quite neatly gotten up. It contains items of personal interest to those aboard the vessel, and also has time tables and general points of information for the benefit of the passengers.

"How to Spend Four Hours in Honolulu" is the title of one of the articles. The Aorangi is scheduled to sail at 5 p. m. today for Suva, Brisbane and Sydney.

Keep Cool

In hot weather there is nothing so refreshing and delicious as a glass of our soda. Soda to be good must be made right, served right and taste right. There is a vast difference in quality. People walk several blocks to get our soda. There's a reason for it. They are sure of a delicious beverage not a lukewarm, sickish drink. Ours has vim, snap and fizz that makes soda popular.

Our water ices seem to take the popular fancy. We serve a different one every day. These are made from fresh fruit.

We have a large store and large soda counter. Don't feel that you must hurry. Make our store your headquarters when down town. We have plenty of chairs. Use them. MAD MULLAH ANNIHILATED

ABYSSINIAN TROOPS IN AMBUSH FALL UPON HIS ARMY AND INFLICT FRIGHTFUL LOSSES ON HIS FORCES—TEN THOUSAND OF MAD MULLAH'S FOLLOWERS REPORTED TO HAVE BEEN SLAIN IN BATTLE.

Associated Press Cable to the Star.

LONDON, June 30.—Highly sensational news has been received by the War Office. According to a brief cablegram just received the Abyssinian troops surprised the Mad Mullah's forces in Somaliland and a desperate battle ensued.

The Mad Mullah's army was taken completely by surprise and for a time was practically in an ambush. The Abyssinians poured in a murderous fire on the Mullah's followers. Ten thousand of the Mullah's forces were killed. A large number were also wounded. The fatalities were much greater by reason of the attacking forces having gotten within effective striking distance of the enemy. It is not known whether the Mad Mullah was slain or not. The British officials are inclined to the belief that the Prophet succeeded in escaping with the remnants of his army.

MANY DIE IN A MINE DISASTER

Associated Press Cable to the Star.

HANNA, Wyoming, June 30.—A horrible explosion occurred in a coal mine at this place today. Two hundred miners were imprisoned. The bodies of twenty-five victims have been taken from the mine. It is now feared that the remainder of the party are dead. Fire damp caused the explosion. The rescue parties are bending every energy to break through the wall and reach the imprisoned men for there are hopes that the imprisoned people may not have died. Fears are now entertained that the mine will catch fire.

TEXAS OFFICIAL ASSASSINATED.

Associated Press Cable to the Star.

AUSTIN, Texas, June 30.—State Comptroller Love was assassinated today by a discharged employe who was killed in an effort to capture him after he had assassinated Love. The greatest excitement prevails.

RUSSIA HAS A VAST FLEET.

Associated Press Cable to the Star.

TIENTSIN, June 30.—Russia has gathered a vast fleet of war vessels at Port Arthur. Latest advices from that place state that there are now 57 war vessels flying the Russian flag. The massing of the Russian fleet has been in progress for months. Now that she has secured such a formidable gathering of naval strength, it is thought in some quarters that Russia will refuse point blank to withdraw from Manchuria. The Japanese are showing the utmost activity and their fleet has been placed on an effective war footing. A demonstration of some marked character seems likely on the part of Japan.

RELIANCE CAN'T BE BEAT.

Associated Press Cable to the Star.

NEW YORK, June 30.—The cup defender again won everything today. The Reliance was given a fine trial in her contests with the other yachts and she demonstrated her superiority throughout.

AMERICAN FLEET LEAVES KIEL.

Associated Press Cable to the Star.

KIEL, June 30.—The United States squadron sailed from Kiel today. There was the greatest demonstration as the American vessels left the harbor. The American fleet will now visit England and Portugal.

COLLAPSE OF SHIPBUILDING TRUST.

Associated Press Cable to the Star.

NEWARK, N. J., June 30.—The United States Shipbuilding Company, the Nixon Shipbuilding Trust, has been declared by the United States court to be insolvent. A receiver has been appointed to take charge of the property of the concern tomorrow.

THE CABLE IS COMING RIGHT ALONG

Superintendent Gaines was advised by cable this morning that up to noon yesterday, the cables Anglia had paid out 607 knots of cable from Midway in the direction of Honolulu. At that time the vessel was in latitude 26 degrees, 14 minutes north, and in longitude 167 degrees and 55 minutes west. It was expected that the Anglia would pay out on this section about 1300 knots of cable, so that there is every reason to believe that the Anglia will reach here July 3.

RELIEVED THE DISCOVERY

CAPTAIN OF RELIEF SHIP MORNING IS THROUGH PASSENGER ON SONOMA—TOOK SUPPLIES TO SOUTH POLAR EXPEDITION VESSEL THIS YEAR—BROUGHT OFF PEOPLE FROM DISCOVERY TO NEW ZEALAND.

Captain Colbeck, the man who commanded the ship Morning when she went out to take supplies to the Polar ship Discovery this year, is a through passenger on the Sonoma.

He took his vessel close to the Discovery and put additional supplies, as well as some men, aboard the exploration vessel. Several of the crew of the Discovery went to Auckland on the Morning.

From the South Polar regions the Morning went to New Zealand and there reported the progress made by the Discovery. Among the passengers on the Morning on that trip was Lieutenant Shackleton who had been a member of the Discovery's party.

Owing to ill health Lieutenant Shackleton had to be invalided home. He was one of a party of three who made a dash for the South Pole from the Discovery. They went several hundred miles over the ice flows and Antarctic country. All of them were seized with scurvy and had a desperate fight to regain the vessel. Lieutenant Shackleton's health was seriously impaired that it was deemed unwise for him to remain any longer with the expedition.

Captain Colbeck is going to England.

THE HAWAIIAN EVANGELICAL ASSOCIATION

A discussion of the language question occupied practically all of the forenoon session of the Hawaiian Evangelical Association today, at Kaunakapili church.

The question turned on what should be the language of instruction at the North Pacific Missionary Institute, the theological seminary for the preparation of ministers of the gospel for the churches of Hawaii. The language used in instruction now is English, but a large number of the association, especially the older members thought that the native Hawaiian language should be used. Formerly there were twenty or more students. But at present there is just one, and it is said there are no others so far as known to enter the institution with the beginning of study in the autumn. The older members of the association attribute the falling off in candidates for instruction at the institute to the fact that instruction is in English instead of in Hawaiian. The principal of the institute is the Rev. John Leadingham who is strongly in favor of instruction in English.

The matter was finally referred to a committee consisting of Rev. O. H. Gullick, Rev. O. Nawahine, and Rev. J. M. Lydgate, to report at the session this afternoon.

This is the forty-first annual meeting of the association which was organized just forty years ago by the Rev. Dr. Anderson the foreign secretary for the American Board at that time. It was organized to carry on the work which was conducted by the American Board previous to the withdrawal of that organization from the work in these islands. It is now composed principally of the ministers and delegates from the native churches. It was at this first meeting, forty years ago that Rev. H. H. Parker was ordained pastor of Kaunakapili church. There are scarcely any white members of the association at present. The proceedings are all in Hawaiian. The annual meetings of the association have always been held in Honolulu with the exception of last year when the meeting was held at Lahaina and two years ago when it was held at Hilo.

The meeting this morning was organized by the election of the Rev. E. S. Timoteo, pastor of Kaunakapili church, as moderator, and L. K. Kaku, the editor of Ka Hoaloa, as secretary. The statistical reports of the churches showed progress in membership, in support of pastors, and in contributions to the benevolent work of the churches.

ATTORNEYS' HEARING

SUMNER CASE CHARGES BEING FURTHER HEARD IN THE SUPREME COURT—CROSS-EXAMINATION OF MAGOON BY THOMPSON IS COMPLETED—THE TYPEWRITER WHO WROTE FOR SENATOR FOSTER.

J. A. Magoon resumed his place on the witness stand in the Supreme Court this morning in the Sumner case disbarment proceedings and was cross examined by Frank E. Thompson. Thompson went at once into the meeting in Magoon's office when Thompson agreed to compromise the claims of the Ellises for \$12,000. Magoon's recollection was clear that the sum had been agreed upon, but he didn't remember at all clearly who made the various statements and propositions. He said that Sumner had said he was willing to pay \$10,000, according to Wally Davis, and Thompson agreed to \$12,000, which Magoon acceded to in behalf of Sumner.

"Davis showed much heat and talked very warmly," said Magoon, "and you wanted him to leave the room, so I told him to leave. When the agreement was made Mr. Peters sat down at the typewriter and began to write it out, and you left to consult with Mr. Humphreys. Then \$1,000 was demanded for fees and refused."

"Do you remember that I telephoned to Mr. Peters?" asked Thompson.

"I don't remember that," said Magoon.

"Do you remember that Mr. Peters went to the phone?"

"No, I don't remember what happened after you left until you returned," said Magoon. Magoon didn't remember who came to his office with the compromise first, Thompson or Wally and Sumner, but remembered that all were there together. He said that Sumner and not Wally, wanted to compromise, on account of the worry of the litigation.

Thompson inquired about Magoon's statement that he telephoned Humphreys about going into the case, and brought out a long statement which he characterized as a "tirade against Humphreys." Magoon said that he asked Humphreys because he had talked with him as a host, about the case, and, as a host, didn't want to reveal any confidences or embarrass Humphreys by entering the case.

"You have since got over your feelings as a host?" asked Thompson. Magoon in reply stated that he had not until attacked by Humphreys in the Sumner case. "I did my best to keep this out," said the witness. "I made no reflections on Mr. Humphreys but he constantly attacked me. I tried to have Judge De Bolt stop him attacking me and stop his tirades against me but the court would not."

COOPER'S CHANCE TO HIT BACK

THE SUPERINTENDENT OF PUBLIC WORKS, WHO TWO YEARS AGO WAS TOLD THAT HE WAS INTERFERING WITH THE LEGISLATURE, CAN NOW TELL THE LEGISLATURE TO MIND ITS OWN BUSINESS.

Superintendent Cooper has withdrawn his resignation presented to Governor Dole and will remain the head of the Department of Public Works, in view of the joint resolution passed by the House and Senate, asking him to do so, or at least Cooper asked the governor to permit him to withdraw it. It is well known that the chief executive desired Cooper to remain in the office, so there was little question about the withdrawal of the resignation.

The Superintendent was asked this morning what action would be taken with regard to the House's resolution regarding Marston Campbell, but said that he could not state what would be done. A reply will be sent to the House after the receipt of the resolutions.

The action of the House is regarded in some quarters as an unwarranted interference of the House with the office of the Superintendent. It is a turning of tables. Two years ago when Cooper placed a desk in the House for the purpose of reporting its proceedings, the House got sensitive and thought Cooper was interfering as an executive with the legislative department and a resolution was passed to fire him out. Now the House is entering by a resolution into the administration of the Public Works Department.

A WORDY WAR IN THE HOUSE

FERNANDEZ GETS ANGRY BECAUSE HARRIS ASKS THE NAME OF A MAN WHOSE SALARY THE NATIVE MEMBERS WERE BOOSTING, AND WHO TURNS OUT TO BE FERNANDEZ' BROTHER.

The House continued work on the unpaid bills act this morning. A very warm wordy encounter between Fernandez and Harris resulted from a motion by Kupihea to raise the salary of the deputy sheriff of Ewa to \$150 per month. The deputy is a brother of Fernandez, and Harris rose to enquire who was the deputy.

Fernandez said that Harris knew well enough that the deputy was his brother and added that the question was an insult. He supported the raise. "We want fair play," he concluded. "Is the raise opposed because he is a kanaka?"

Harris replied with a great deal of vigor that he had never been influenced by race feelings and would not stand having such an imputation flung at him. "I won't have it jammed down by throat that I have ever acted along such lines," said Harris. "I have lived here all my life and we are all Americans together, and there is no man can say I ever voted for or against a proposition with any race consideration."

Fernandez repeated that he had made his remark because Harris had asked an insulting question, well knowing when he asked, that the deputy whose salary was being raised was Fernandez' brother.

Kumalae moved to make the salary \$750, a raise of half the amount proposed by Kupihea, and made a speech which the English-speaking members were happily spared. The motion carried, Fernandez being among those to support it.

An amendment putting back the appropriation for the clerk of the Board of Health was carried, after Kaniho had opposed it, saying that the president of the Board should do his own writing and that the clerk of the Board had failed to get up a report asked from him at the regular session. Amendments of small items came thick and fast from all over the House, though once Andrade had a chance to move passage of the bill. The House wasn't ready even by noon, however, and the morning session ended without final action on the amendments.

The water works at Kahului and Wailuku were raised to \$600, sheriff of Hawaii to \$1200, and a motion to fix the sheriff of Kauai at \$1050 carried.

Harris secured an amendment of the appropriation for three first circuit court bailiffs, to provide that they shall be appointed by the judges in whose courts they are to serve.

A.B.C. BOHEMIAN KING OF ALL BOTTLED BEERS. SOLD EVERYWHERE.

CHARGED WITH EMBEZZLEMENT. Higuchi has sworn to a complaint charging T. Misawa with embezzlement. It is claimed that Higuchi gave the other man \$90.75 to purchase for Higuchi a steamer ticket to San Francisco and also to defray other expenses. Misawa is alleged to have skipped to Wailuku. A warrant for his arrest has been issued.

MURDERER STILL AT LARGE. The police officers returned yesterday from the Ewa district after their search for Yanagai, the suspected murderer. Detective McDuffie is inclined to the opinion that the Jap could easily have worked his way up to Honolulu from the Peninsula, as Japanese fishing boats are going and coming from there constantly.

CABLE DAY AND THE FOURTH

NO FORMAL CELEBRATION OF EITHER AT HONOLULU—THE BAND TO HILO.

The joint committee of the Chamber of Commerce and the Merchants' Association at a meeting held yesterday afternoon decided not to attend any formal celebration either of the landing of the cable from the west, or of the Fourth of July. In consequence of this, the governor gave his permission yesterday for the band to go to Hilo and to take part in the Fourth of July celebration there which will include breaking ground for the Hilo-Kohala railroad.

The only public events for the Fourth of July for Honolulu are the rowing races at Pearl Harbor in the morning and the baseball games in the afternoon.

Observances to mark the landing of the cable and the completion of a direct cable across the Pacific under American ownership and control will be confined to the sending by the governor and the committee of congratulatory cablegrams.

These messages will take the form of memorials and while necessarily brief will explain the attitude of the local commercial organizations. The cables will be sent to President Roosevelt; to Governor Taft of the Philippines; the Governor of Guam, Governor Pardee of California, Clarence H. Mackay, president of the Commercial Cable Co., and to the Merchants' Association and Chamber of Commerce of San Francisco.

Clarence H. Mackay has extended the free use of the cable to the two local organizations for the purpose of sending these messages. It is likely also that the same courtesy will be extended to Governor Dole, so that even those there is no general celebration of the event, Cable Day will be sufficiently remembered otherwise.

Lord & Belsler have been directed to have the cable hauling engine ready and to open the trench by the morning of the third of July, in anticipation of the arrival of the cable ship.

The last chance to go to Hilo for the Fourth was at noon today by the Kinua. To go to the Kahului races, the last chance will be by the Claudine Friday night.

The train to the rowing regatta will leave Honolulu at 8:45 o'clock in the morning. The senior race is scheduled for 9:30 o'clock, and the junior race immediately afterwards. The train returns to the city immediately after the last race, and it is hoped that it will get back to town by noon.

EXECUTIVE COUNCIL

The Executive Council yesterday morning approved a number of applications for licenses and renewals of licenses. R. A. Lucas of Hilo was granted a retail liquor license for the establishment that was formerly in the name of the late Captain Andrews and Thomas McTighe and Company's application was approved in place of that of Gomes & McTighe. Matt McCann of Lahaina, H. Hackfeld & Company and the Waimea Wine Company, Kaula, the two latter being dealers' licenses were approved.

TO QUASH LIENS.

Motions have been filed in the various cases against F. M. Swanzy and F. A. Redward, in which liens were asked for on the Swanzy place, to quash the liens. The principal ground is that the petitions ask that the parties be required to appear and answer before the August term of the circuit court and there is no August term this year, the law having been changed.

"THE JUDGE" TOMORROW.

Tomorrow night, Wednesday July 1, is the night set for the presentation of the strong melo-drama "The Judge." The plot centers around Triss, the pride of a western mining camp, who is, by right of discovery, under the protection of the rough-mannered, whole-souled, combination of humor and logic, Hank Jordan. The scene of the heavily laden stage-coach toppling over the steep embankment, the hair-bread escape of "Hank" and the tiny "Triss, their life in the wilderness, is a most thrilling one.

Then the life at the camp is an excellent picture of a miner's routine, and the plots and counterplots involving Triss and the fate of "Nat Webster" and his rich strike, illustrate the cupidity of a scheming villain and his total disregard for life.

New specialties are introduced in every performance. The box office is open daily.

Souvenir candies will be given every one present and will be furnished by Hart & Co.

NEW POST OFFICE.

The newest post office is Ferndale, at 11-miles, Oahu, which will open July 1, with Mrs. Harriet Paty in charge.

THE HAWAIIAN SECESSION.

There has been a disposition in some quarters to criticize Representative Aylett and those other native Republicans, who have expressed fears of the entire sincerity of the Republican party in its support of county government.

And yet it must be admitted that there has been a train of circumstances during the past few weeks, which while not the acts of the Republican party, have so much the appearance of being born under its aegis, that Representative Aylett, and those who feel as he does, are not altogether to be blamed for the conclusions they have drawn.

There can be no doubt that the native element of the electorate has set its heart on county government. It is not necessary now to enter into a consideration of the reasons why this is so. The fact remains. The Republican party at its last territorial convention declared for county government and asked for the votes of the native Hawaiians on the basis of that pledge.

Scarcely, however, had the act become law when one of the governor's heads of department, began an attack on the validity of the law. To those who remember with what persistence it was iterated and reiterated before the senatorial commission last fall by Hawaiians that Governor Dole was opposed to county government, it can easily be seen that this act of one of the governor's official family, of one of his subordinates, and one of the principal factors in his administration, was likely to create suspicion in the Hawaiian mind, of the governor's sincerity.

Then came Judge Gear's decision holding that the sections relating to the Board of Public Institutions were invalid, and expressly refusing to decide whether the remainder of the act was valid or not.

With this set of facts before him, is it any wonder that Representative Aylett on last Saturday, immediately after the appointment of Davis became known, should have expressed himself as doubting the sincerity of the Republican party on the county act?

The error in Aylett's reasoning, as in the reasoning of those who feel as he does, is in drawing conclusions as to the party's fealty from the governor's acts.

CARRARA Mixed Paint

Is not an old paint in the sense that it has been in the market for many years, but the pigments used in its manufacture are believed to be old, because they are supposed to represent the re-discovery of the secret of permanent color, thought to have been lost with Michael Angelo, Leonardo da Vinci, Fra Angelico, Corregio, Murillo, Titian, Guido, Raphael and other Old Masters.

CARRARA has been in the market long enough, however to establish the fact that it gives a BETTER FINISH, lasts LONGER, under the most severe tests, covers more surface, and COSTS LESS than the best Lead, Zinc, and Oil.

If you want the Best Effect and the Best Results, USE CARRARA. Of course some people want what came over in the "Mayflower" and think that pure lead, Zinc and Oil Paint is the thing to use because "Grandpa" used it. "Grandpa" was no doubt an authority in his day, and a man of judgment; but if he were alive today, it goes without saying, that he would use CARRARA.

In passing, we may say, that we still have a balance of the OLD KIND OF PAINT, as good as can be made under the old formulas, which we were selling when our knowledge was in the rudimentary stage.

This we can give you at A BARGAIN.

The rate of the pulse varies greatly in persons of different ages.

Table showing pulse rates for different ages: At birth (130 to 140), One year (115 to 130), Two years (100 to 115), Three years (95 to 105), Four to Seven years (85 to 95), Seven to Fourteen (80 to 90), Fourteen to Twenty-one (75 to 85), Twenty-one to Sixty (70 to 75), Old Age (75 to 85).

However, it makes no difference in the age of a person, whenever interest is aroused the pulse increases greatly. For instance; when a person purchases the Douglas Patent Closet the pulse increases fully 100 per cent. It's a sign of contentment.

ATTORNEYS' HEARING

(Continued from Page 1.)

Thompson objected and asked that the statement be stricken out. The court ruled that the remarks had been called for by the question.

Magoon admitted that he had appeared with George A. Davis in the suit to declare Sumner insane and was now defending Sumner.

Thompson wanted to know about Magoon's motion during the trial to strike Humphreys and Thompson from the record and why Magoon withdrew it.

There were lively interchanges over the proposition alleged to have been made by Humphreys to compromise for \$30,000.

Magoon replied that there was nothing to be done in the \$30,000 case, which was a hold up only.

It was all right if Humphreys thought proper to make the proposition for him to do so, but I thought it unconscionable.

Prick your skin with a needle. You will see it is full of blood, full all the time. But what kind of blood? Rich and pure? Or thin and impure? Pure blood makes the skin clear, smooth, healthy. Impure blood covers the skin with pimples, sores, boils, eczema, eruptions, tetter, salt-rheum.

Mr. Frank Hewitt, of Kalaupapa, W. A., sends his photograph and tells what cured him. "When a boy my skin broke out in bad sores about my hands. After trying a great many remedies in vain, I took Ayer's Sarsaparilla and was quickly cured. Recently I was troubled again with severe boils, but one bottle of the same old remedy completely cured me. It's the greatest blood-purifying medicine in the world."

DISBARMENT CASES BEGUN

ANDREWS INTRODUCES RECORDS IN EVIDENCE AND MAGOON TAKES THE STAND.

The Sumner disbarment case trial was begun yesterday afternoon in the Supreme court, after the reading of the charges and the answers of respondents Attorney General Andrews began by introducing in evidence the records of the various Sumner cases, showing appearances of attorneys therein. There was an objection, resulting in a majority ruling of the Justices, to putting in the transcript of testimony in the last case tried before De Bolt, Humphreys and Thompson objected on the ground that the transcript was not proper except to prove their appearances in the case, and they admitted the appearances. Chief Justice Frear announced that a majority of the court allowed the evidence to go in, the dissenting justice being apparently Galbraith.

J. Alfred Magoon was called as the first witness. He stated that before Humphreys left the bench he had told Magoon that he was likely to be called into the Sumner case, and Magoon had stated that he didn't see any harm in accepting such a call, in view of the early retirement of Humphreys from the bench, already announced. Magoon told how he had been called to assist George A. Davis in the guardianship suit, and said that Thompson assisted Highton for Sumner, as he supposed, in that case. Magoon said that Humphreys during the last case, offered to settle for \$30,000 more, for the Ellises, and told Magoon that out of such a settlement Magoon might charge Sumner \$3,000 and Humphreys might charge the Ellises \$5,000, as fees. Magoon also said that Humphreys told him that Sumner would accept the settlement if Magoon advised it and told Magoon that all that mattered was the fees.

Indirectly, after objections had been sustained to his conversations with Sumner, Magoon told of submitting the proposition to Sumner, saying he had agreed to do so, and said that Sumner had finally agreed to pay \$12,000. He went to Humphreys' office to make a proposition, but before he had time to make it Humphreys said that it was useless, as he would not take \$29,999.99 and demanded \$30,000.

Magoon said that he had come to terms with Thompson on a basis of \$12,000 for the Ellises, and the type-writing of the agreement had begun, when Thompson went to consult Humphreys, who demanded \$1,000 as a fee. This ended the negotiations, Magoon refusing, and the case was therefore tried. Magoon said that Humphreys told him he expected to win in the circuit court and would appeal if he didn't.

On cross examination by Humphreys Magoon said that he had not regarded Humphreys' proposition to him as dishonorable and when asked when he came to so regard it said "I have not said that I regard it so now."

BATES' NEW VENTURE.
Tom Bates Organizes a Theatrical Company of His Own.

The current number of the San Francisco Dramatic Review says:

A combination of two clever people, and two popular ones, too, has been effected this week, that will have quite a bearing on the theatrical situation of the west. Tom Bates, the agent, and Al Watson, the comedian, have organized the Bates and Watson Company and will open their season within the next month. Everybody out west knows Tom Bates. His superior as an all-round hustler is not known in these parts. For a number of years, he has been the successful agent for Manager

W. J. Elleford's fine stock company. In fact he has been with Mr. Elleford from the start of the Elleford company. He has a wide acquaintance and knows the game from A. to Z. Al Watson for years has been associated with our best companies, and is rated a clever and artistic comedian. For the past year he has been the comedian of the Garden Stock Company in San Jose and before that time toured the coast with various companies. Messrs. Bates and Watson will present a fine line of plays, interpreted by a strong company. Tom Bates will look after the routing and billing and Al Watson will boss the stage. Walter McGinn will be the business manager. As he is recognized as a clever business man, he will hold up his end with credit. Mr. Bates tells us he has nearly his entire season booked, and all prospects look very bright.

REGATTA COMMITTEE.

To Whom It May Concern:

We the undersigned Manufacturers of Carbonated Beverages have formed an Association for the mutual protection of our property, viz: bottles and cases, the loss of which during the year last past has been enormous, in fact to such an extent that we have not been able to pay more than running expenses.

As a matter of business, we will, on the 1st day of July, 1903, inaugurate a system whereby a strict account of bottles delivered to and received from each dealer in Carbonated Beverages will be kept, and at the end of each month or as soon as possible thereafter our authorized agent will balance each bottle account and should there be a shortage he will collect for such deficit at the rate of Five Cents per bottle; we respectfully request each dealer in Carbonated Beverages commonly called "Soda Water" to co-operate with us to the extent of requiring a deposit of Five Cents per bottle where said bottles are taken away from their place of business.

We shall on the above date discontinue the practice which has been in vogue for some time of giving any "extra bottles" on each dozen and any discount on our prices which will be net. The increase in the cost of material and the loss of bottles has forced us to make this change in our business methods.

We thank our patrons for their support in the past and solicit a continuance of the same under the new conditions. HAWAIIAN SODA WORKS, FOUNTAIN MINERAL AND SODA WORKS. STAR SODA WORKS CO. ARCTIC SODA WORKS. ENTERPRISE SODA WORKS. CONSOLIDATED SODA WATER WORKS CO., LTD.

EXTERMINATED MIDWAY ISLAND

CAPTAIN RODMAN FOUND PARTY JAPANESE TAKING BIRDS ON THAT ATOLL.

Unless some measures are promptly taken by the Territorial government to protect the birds on the various islands lying to the northwest from Honolulu, the feathered inhabitants on those islands will soon be exterminated. As a matter of fact this is precisely what has occurred on Midway. The Japanese bird hunters are the culprits. Captain Rodman the commander of the U. S. S. Iroquois which returned early Sunday morning from Midway Island has brought this matter to the attention of the Governor. It is not improbable that some proclamation prohibiting the taking of birds on those islands will be issued by the Governor. Certainly some such measure to stop the depredations of the Japanese is needed.

When the Iroquois arrived at Midway this month, Captain Pond who had visited the islands in 1900 expected to find the usual extensive amount of bird life. To his astonishment he found that comparatively few birds were left. The cause of this depletion of the bird life was very apparent. A Japanese schooner with a party of 37 Japanese was at the island. These Japanese had been engaged for months in taking the birds. As the result of their work, they had practically denuded the islands of the albatross and the dusky tern—varieties that were to be found on Midway. The wings are the most valuable portions of the birds. All about the beach could be seen evidence of the work of destruction. Countless number of the birds had been injured by the Japanese in taking them and the birds were dying of these injuries.

Captain Rodman lost no time in dealing with the Japs. As Naval governor of the island he fired the entire outfit off bodily. The Japs did not return to their own land but sought another island to continue their profitable work. They went to Lisiansky island and when the Iroquois touched at that island on her way home June 23, the same schooner and the same Japs were taking the birds. The Japs were at once ordered off Lisiansky.

That some protection should be given the bird life on the various islands lying to the northwest is apparent. The matter has already been brought to the attention of Governor Dole and some action will no doubt be taken to suppress the abuse. The Japs are the culprits.

In addition to the Japs violating the laws regarding the ruthless slaughter of game, it is very probable that the Japs can be prosecuted, and deported for violations of the alien contract labor laws. They are hired by their bosses to work at a certain amount of wages and for a certain length of time. Those islands are United States property of Hawaii. The labor laws apply to them as well as to any other section. The only difficulty is firing the Japs away. However some steps will probably be taken to protect the birds and prevent their extermination. Many of the other islands between Midway and Honolulu appear to have been visited by the Japanese.

En route home, Captain Rodman stopped at Laysan island. Everything was in fine condition. He was much pleased with the method taken by Max Schlemmer to protect the Guano birds. None of these birds are allowed to be slaughtered. In consequence the birds are on the island in vast number. The Iroquois stopped at Laysan Island June 24. Mail was brought from Laysan Island.

The Japanese were indirectly responsible for both Captain Rodman of the Iroquois and Captain Rinder of the S. S. Coptic being badly fooled. The Coptic stopped at Midway June 13 from Honolulu with mail. Captain Rinder reported that he had passed within seven miles of Hermas and Pearl reef and he seen signals of distress flying. He was of the opinion that there must be a shipwrecked crew on that reef. It so happened that Captain Rodman had been fooled also when the Iroquois was approaching that reef. When going out, Captain Rodman and the officers say what they thought were signals of distress hoisted on Hermas and Pearl reef. The vessel went close in shore. Not until one of the "signals" of distress suddenly flew off the pole, diving down into the water and came up swallowing a fish, did the officers realize what the signals were. The apparent "signals" were nothing but birds that had roosted on the poles the Japanese had erected about the huts on the reef. There was no shipwrecked crew at all on the reef but there was ample evidence that the Japs had lived on the place for a time.

The departure of the steamer Kinau today for Hilo and way ports was the cause of a very large crowd going to Wilder wharf. Queen Liliuokalani was a departing passenger for Hilo. Her attendants accompanied her.

Senator Palmer Woods took departure on the Kinau. He is on the committee of the Kohala-Hilo railway celebration for July 4th, so he secured permission from President Crabbe of the Senate to go to Hilo.

SONOMA HAD DIRTY WEATHER

RAIN SQUALLS, HEAVY SEAS AND STRONG TRADES MAKE HER TRIP VERY DISAGREEABLE.

Promptly at daybreak, the S. S. Sonoma was sighted on time from the South. She docked by 3 o'clock at the Hackfield wharf.

The vessel left Sydney June 15, Auckland June 19, Pago Pago June 23 and Fanning June 27. She experienced dirty weather, with strong trades and rough seas. There was plenty of rain to make the trip disagreeable.

There is a good sized crowd of through passengers on the vessel. Eight passengers stopped at Honolulu. Nothing in the way of sailing craft was sighted during the run.

Among her through passengers are: Mr. and Mrs. Courneigh theatrical people. They are going to the mainland after an extended visit to the colonies.

F. A. Lohmann is a German mercantile dealer of Brewer and Sydney.

Mrs. G. A. Hodson is the wife of the purser of the vessel. She is going to pay a visit to the United States.

James Mills is the Union Steamship manager of New Zealand. He is accompanied by his wife.

A. W. Sanford is an Australian politician. He is accompanied by his wife.

The Sonoma is scheduled to depart at 3 o'clock this afternoon from the Hackfield wharf, for San Francisco. She will take a big crowd of passengers from this port.

HEALANI'S ARE THE FAVORITES

SENIOR EVENT SEEMS TO BE IN FAVOR OF BLUE CREW—PLANS OF THE RACES.

Betting has scarcely begun on the Pearl Harbor rowing races. According to present prospects the Healanis senior crew has the best of the proposition. In fact they ought to win. The Myrtle followers appreciate the superiority of the Healanis crew and are holding off for odds. The Healanis senior crew should be favorites in the betting. The Myrtles have gotten together a strong crew, but it is not so strong as the original one with which they had started out. Lishman and Lyle, two of the veterans of the club, are laid out with dengue fever, and will be unable to participate in the race.

The Healanis think they have a strong crew for the junior race. This event will be very closely contested, however, and the two crews seem to be fairly well matched. A junior event is an uncertainty, however, and the reversal of form are most surprising sometimes.

The crews of the races on Saturday at Pearl Harbor are:

Healanis Senior: Stroke, F. B. Damon; bow, B. F. Heilbron; No. 2, Paul Jarrrett; No. 3, Dan Rensar. (Capt.); coxswain, Harry Steiner.

Healanis Junior: Stroke, H. Williams (Capt.); No. 3, F. Williams; No. 2, R. McCornist; bow, J. Clark; coxswain, Harry Tinker.

The usual program will be followed. At 8 a. m. Saturday the train conveying the officials and representatives of the press will go to Pearl Harbor. At 8:45 a. m. the regular train for the public will leave the Oahu depot. It is expected that a much larger crowd than usual will go to the races this year. Certainly the conditions are much pleasanter than those that formerly characterized the races. Instead of the train stopping within half a mile of the water front and the crowds having to walk the remainder of the distance through nasty, red dust, the trains will run down to the water front and the passengers will be landed in view of the course. A fine pavilion has been erected.

The course is a mile and a half. The finish will be across an imaginary line from the end of the little wharf on the Peninsula. As in former years, there will be a boat stationed at the half and mile flags during the races. The men in these boats will signal by means of a red or a blue flag, which crew passed first. Red will be shown if the Myrtle crew, and blue if the Healanian. Through the courtesy of Collector Stackable the fast gasoline launch Water Witch has been secured for the use of the officials in following the race. The representative of the press are to accompany this race boat.

The senior race will be rowed first and then the junior event. The first race is to start promptly on the arrival of the 8:45 a. m. train.

GOING TO KAHULUI RACES.
The steamer Claudine will make a special trip to Kahului this week to take over a crowd of local people who desire to witness the Maui races. The Claudine will sail from Honolulu Friday night at 7:30 o'clock. She will touch at Lahaina, arriving at Kahului at daybreak. Retiring she will leave Kahului Sunday at 6 p. m., returning to Honolulu via Lahaina. She will arrive here early Monday morning. The Claudine sails this afternoon at 3 o'clock on her regular run to Maui ports.
