## HATCH REPLIES TO ATTACK ON HAWAII

### SUGAR COMPANY PLEADS NOT GUILTY

(Associated Press Cable to The Star.)

NEW YORK, July 6.—The American Sugar Refining Company has entered pleas of not guilty to indictments for frauds in weighing sugar for duty and has been granted two weeks to prepare for trial.

### GUNBOAT MISSING WITH NAVAL MILITIA

CLEVELAND, July 6.—U. S. Gun boat Dorothea, enroute from Chicago to this port, is missing. There were twenty-eight members of the naval militia aboard.

### SCHOONER LOST IN ARCTIC OCEAN

SAN FRANCISCO, July 6.—The schooner P. J. Abler, with twenty-one persons on board is missing in the Arctic ocean.

### TEHERAN THREATENED; CHOLERA IS FEARED

ST. PETERSBURG, July 6.—Troops are held in readiness to march for the occupation of Teheran. The governments of Germany and Austria have established quarantine guards upon their borders against Russia on account of cholera.

### BENSON GOES TO CALIFORNIA JAIL

SAN FRANCISCO, July 6.—Benson, convicted of frauds in connection with Federal land matters will go to San Quentin tomorrow to serve his sentence.

### REBELS READY TO ATTACK TEHERAN

LONDON, July 6.—Teheran has been completely invested by the rebels and an attack is expected at any moment.

**HURT IN BUGGY.**  
A horse driven by Dr. N. S. Fairweather, who was accompanied in a buggy by W. H. Battersby, yesterday afternoon on Kalaheua avenue became frightened and bolted, bringing the rig to a complete smash against a telephone pole. Fairweather was taken to the Queen's hospital with severe cuts about the face.

### HAD FEW LIFE PRESERVERS

NARROW ESCAPE OF PASSENGERS OF SCHOONER RAINBOW—TOLLEFSON GOT BIG CROWD BY CUTTING UNDER INTER-ISLAND PRICES—WAS TO BE USED FOR CARRYING PAIAI TO MOLOKAI SETTLEMENT—NO KOLI GIVEN LICENSE.

One life was lost and over thirty endangered at Pukoo, Molokai, on Sunday afternoon by the capsizing of the gasoline schooner Rainbow, owned by F. Tollefson, of this city. Being under fifteen tons burden the Rainbow does not require inspection by the Federal authorities, but it is stated that she did not follow the requirement that she carry a life preserver for each passenger on board. The Rainbow was taking an excursion from Pukoo to one of the other island points and was crowded to her full capacity. It was originally expected that the Mikahala would be used, but when Tollefson arrived he cut under the figure offered by the Inter-Island Company and got the job. The Rainbow is an old schooner, built by Walker, of this city, and always considered as of the freak type. Recently she was fitted out with a 25-horsepower gasoline engine and was to be used in the freight trade between this city and Molokai. Tollefson was awarded the contract for

### HILO'S GREAT CELEBRATION

THREE DAYS OF HORSE RACING, FIELD SPORTS, FOOT SPECIALTIES AND OTHER FEATURES THAT GO TO MAKE THE GLORIOUS FOURTH ALL IT SHOULD BE—THE EVENTS IN DETAIL.

Every available space in the grandstand at Hoolu park, Hilo, was occupied for the horse races yesterday, and all along the track for two hundred yards on either side people crowded in to get a view of the events. The Hilo band played during the entire day. Not a drop of rain fell—in fact it was dry bordering upon unpleasantness. Clouds of dust arose from the hoofs of the horses as they flew by, and the refreshment stands below the big audience were kept busy washing the real estate down several thousand throats. Betting was something enormous for a small community. It was carried on openly—in the grandstand, on the front lawn, in the paddock, on the track—everywhere; and those playing the game seemed to be everything from bartenders to preachers. They bet on everything; bet on different horses, bet on the time to be made; bet on the last horse to finish and even bet that they would win the other fellow's bet. As a general thing, the races seemed square enough; but as in many other human matters, there was an exception. It was in the third event—the one be-

### TWO MOTIONS FAIL; WAIPAHU RIOT DEFENSE OPENS

After an hour of bitter wrangling between the opposing attorneys the motion for continuance of the Waipahu riot trial was denied by Judge Robinson this morning. This was following an intermission given by the court to give an opportunity for the cause of motion to be removed. At 9 o'clock the time set, the motion was presented by J. Lightfoot for continuance for and on behalf of defendants Jotaro Mikawa, Fushino and K. Kawakami until such time or day when these defendants, out of the ten left on trial, should have an opportunity to discuss with their attorney matters pertaining to their defense. At 9:15 Judge Robinson continued the hearing until 10 o'clock, thus giving counsel for defendants three quarters of an hour to confer with his clients. At 10 o'clock Lightfoot read his affidavit in support of the motion and argued. Kinney replied and Lightfoot closed, and at 11 o'clock Judge Robinson denied the motion. **THE KIDNAPING CASE.** Between the two sittings before Judge Robinson, Fushino and Kawakami were before Judge De Bolt under a charge of false imprisonment for the purpose of fixing their bail. This is the case of kidnaping a Japanese on Sunday and placing him on trial before a tribunal of the Higher Wage Association, which proceeding was interrupted by the arrival of the police and the arrest of the unlawful court. W. A. Kinney for the prosecution said that the men were now under arrest on another charge, meaning the Waipahu riot case in the midst of trial. So far as the prosecution was concerned, no object was to be gained by keeping them in jail. Judge De Bolt suggested \$200 bail each. Lightfoot said it was too much. Those were poor men, depending on their labor. He thought \$50 would be enough. Kinney laughed at the proposal, saying the prosecution would rather have them released on their own recogni-

### MATHESON APPOINTED

R. O. Matheson, of the Advertiser staff, has been appointed by Secretary E. A. Mott-Smith, as chief clerk in his office to succeed D. L. Conkling, recently appointed Treasurer of the Territory. Mr. Matheson has been in the Territory five or six years, most of the time, in the employ of the Advertiser. He is a Canadian but has taken out first papers for naturalization.

### 180 DAYS FOR FIEND

CHRONIC WIFE BEATER TO JAIL—FEW DRUNKS—MANY GAMBLERS—BLACKWELL'S CASE.

There were less drunks on the police court calendar this morning than might have been expected the morning following a Fourth of July celebration. One of them, an ancient Hawaiian, had never been arrested before and so was allowed to go with a warning. Seven or eight others, American, Hawaiian, Norwegian and Korean, were fined according to their deserts.

Of gamblers there were several lots of Chinese, Japanese and Hawaiians, gamblers of Sunday and yesterday's holiday. A conviction was obtained in every case except that of a minor who was referred to the juvenile court.

Mahua, Hawaiian, who became drunk and beat his wife, was given the limit, this not being the first time he has brutally struck his helpmeet. Six months for him in the City and County Jail.

Mahl was given ninety days for stealing a bicycle.

The cases of Hieshi and Tamura, for violating the liquor law, went over until July 8. T. C. B. Blackwell's case is again continued, for the fifth time at defendant's request. Blackwell is George R. Carter's chauffeur and is charged with violating the city ordinance, improperly handling an automobile. Carter is going to Hawaii Island and needs his chauffeur hence the continued continuance. His case comes up again on July 9, when the sixth postponement will be asked and the case then will probably not come up again until late next month.

(Special Correspondence of The Star.)  
WASHINGTON, D. C., June 26.—The views of Governor W. F. Frear, in reference to the strike prevailing in Hawaii telegraphed here yesterday are regarded by the Federal authorities as a correct statement of the situation. The Governor regards the strike as local, and not calling for action on the part of the Federal authorities. The views of the Governor apparently are held also by the diplomatic representatives of the Japanese government at home and in Hawaii, and so far as is known, no appeal has been made to the United States government through the Japanese embassy here for any interference or action in relation to the strike. Recently Representative Victor Murdock, of Kansas, was quoted by the Washington Post as criticizing severely the treatment of Japanese in Hawaii, by their employes. F. M. Hatch, the

### INJUNCTION IS ASKED FOR

WAIPAHU PLANTATION ASKS THAT STRIKE LEADERS BE ENJOINED FROM PICKETING AND ALL MANNER OF INTIMIDATION AGAINST JAPANESE WHO WISH TO GO TO WORK—JUDGE ROBINSON ISSUES ORDER TO SHOW CAUSE RETURNABLE TOMORROW.

"Government by injunction," has finally been brought into the Japanese strike through the issuance of an order this afternoon by Judge Robinson that Fred Makino and thirty-two others, the leaders of the strikers, should appear tomorrow at 4 p. m. and show cause why an injunction should not be issued that they should refrain from all picketing or urging of the Japanese of the Territory to strike against the Oahu Sugar Company. The complaint presented by Kinney, Prosser, Ballou and Anderson, is voluminous, taking up twenty-eight type-written pages. It commences by setting forth the facts of the Oahu Sugar Company's existence as a corporation and recites the details of what took place before and after the strike was called. It is stated that on account of the strike the company is unable to plant for coming crops and that it is hardly able to preserve the growing crop of cane. For the work which must be done now, it is set forth that 500 extra men are needed.

The complaint states that the Higher Wage Association contemplated from the first the use of unlawful, sinister and indirect methods through which to accomplish its purpose, that it restrains through the defendants, by means of financial boycotts, blacklists and social ostracism, the Japanese of the Territory from working on the plantation. It sets forth that many of those against whom the injunction has been asked are under indictment, but that they have nevertheless proceeded in the same manner as before to go ahead with the work by illegal means. Since the law forbids the holding of a criminal trial during the

months of July and August it is asked that an injunction be issued which shall restrain the defendants from all picketing, blacklisting and boycotting or otherwise intimidating laborers who desire to work for the plantation. The fact that pickets are placed on all the roads near the plantation and at the railroad stations is set forth, also that these pickets restrain and intimidate all Japanese who wish to go to Waipahu. The list of defendants includes the officers of the Higher Wage Association, the officers of the Waipahu branch, the editors and officers of the Nippo Jiji and a number of those who have taken part in the more active part of the work of intimidation.

**SALOON SUICIDE**

Germania Saloon Bartender George Tietzen, Kakaako, killed himself Saturday afternoon at 1 o'clock or thereabouts by hanging himself with a curtain cord in a house near the brewery. He fastened the cord to a hook in the wall and then swung to one side to bring the strain on his neck. The police officer's report was a wonder. The cop stated that he found the man dead from hanging but could not say what was the cause of death. Tietzen was German, unmarried and despondent.

works as he pleases. The estimate is made that unskilled plantation labor in Hawaii receives the equivalent \$7 to \$1.25 a day.

"The one thing that Hawaii has courted is publicity. With that in view, it invited out a large party of congressional visitors in 1907 to study conditions there, and hopes to welcome another party this year. The Hawaiian sugar industry probably will be found to be in the hands of fairly reasonable and intelligent people, who will compare favorably with business men in general and not the abnormal characters Mr. Murdock describes."

In reply to an inquiry George B. McClellan secretary of the Chamber of Commerce of Honolulu and private secretary to the Delegate, today said in reference to the strike: "There is no reason for any apprehension for the Japanese strike in Hawaii. The strike is a result of the agitation by professional labor leaders and is in no way inspired by the Japanese themselves in my opinion. I take the view already expressed in Honolulu that the strike is already at an end and that there will be no serious results from it."

### THE LOG-BOOK

The transport Sheridan, which arrived here last night shortly after 7 o'clock sails for the coast this afternoon at 1 o'clock. She met with head seas all the way across the Pacific and had a hard trip. She was in communication by wireless for nearly all the time since her departure from Nagasaki, the Alameda helping out in the connections.

Birgadier-General Murray, accompanied by his family, were among the passengers to arrive for this city. The general has been ordered to make an inspection of all the fortifications on the Pacific and stops over here to take a look over the work which has recently been done by the army engineer officers.

The Mongolia was due early this morning, or possibly last night, from the Orient, but nothing could be seen of her up to almost noon. It is believed that she has encountered the same head winds that delayed the transport Sheridan and that she will not arrive till quite late in the day. She will probably sail for the coast, taking passengers and mail, at about 10 o'clock tomorrow morning.

## GREAT HAVOC BY CELEBRATION

Toll of Casualty from Fourth of July

Sixty-four Dead and 1575

Injured.

ONE PROMINENT MAN KILLED.

Troops Crushing Out Mutiny and  
Outlawry in Philippines—Income  
Tax Resolution.

CHICAGO, July 6.—The nation's  
toll of dead and injured as a result  
of Fourth of July accidents yesterday  
shows sixty-four dead and one thousand  
five hundred and seventy-five injured,  
so far as the reports have come in.

Fire losses, directly traceable to the  
use of firecrackers and other fireworks,  
aggregate over half a million dollars.

RECORD FOURTH IN GOTHAM.

NEW YORK, July 6.—Four deaths  
from Fourth of July accidents have  
been reported and the number of seriously  
injured is three hundred and thirty-two.  
The hospitals in New York and Brooklyn  
are swamped with the number of emergency  
cases which have been brought in.

The fire departments have responded  
to scores of fire alarms during the day.

It was a record Fourth of July.

INSURANCE MAGNATE KILLED.

LOUISVILLE, Kentucky, July 6.—  
Arthur Granville Langham, ex-president  
of the Provident Life Insurance Company,  
of Pennsylvania, is dead, as the result  
of injuries received from the explosion  
of a giant firecracker.

TOWN DESTROYED.

PRATTVILLE, California, July 5.—  
Fire, started through the use of fireworks,  
wiped out this town yesterday. Eight  
hundred persons are homeless and at  
least one person is known to have lost  
his life in the flames. The property loss  
is estimated at one hundred thousand  
dollars.

WIPING OUT MUTINEERS.

MANILA, July 6.—Detachments of  
the Sixth Cavalry, under command of  
Captain Byram, engaged in a desperate  
fight yesterday in Jolo with a band of  
outlaws, led by Jikiri, the famous bandit  
leader. The cavalrymen drove the outlaws  
through the mountains into a cave, in  
which they took refuge, fortifying the  
entrance and preparing for a desperate  
resistance. Jikiri refused to surrender  
and it was necessary to keep up the fight  
until the last man was dead.

One private of the Sixth was killed  
during the attack and three officers and  
twenty-four men were wounded.

MANILA, July 5.—Reports from  
Mindanao are to the effect that seven  
more of the Diavao mutineers have been  
rounded up by the troops pursuing and  
hunting them through the mountains.  
This leaves only three missing of those  
known to have attacked their officers last  
month.

TAKAHIRA THE ORATOR.

PHILADELPHIA, July 6.—Ambassador  
Takahira was the orator at the patriotic  
exercises yesterday held in Independence  
Hall.

KETCHELL GETS DECISION.

SAN FRANCISCO, July 6.—Ketchell  
received the decision over Papke in the  
fight here yesterday, after the go had  
gone twenty rounds.

INCOME TAX RESOLUTION.

WASHINGTON July 6.—The Senate  
yesterday adopted the resolution calling  
upon the States to vote upon a constitutional  
amendment empowering Congress to enact  
an income tax law.

Before an amendment to the Constitution  
can be passed it must be adopted by two-thirds of the Senate and  
two-thirds of the House and then

## FOURTH IN HONOLULU VIGOROUSLY OBSERVED

MILITARY PARADE AND FIREWORKS, ORATORY AND IMMENSE

HOLIDAY CROWDS—THEATER'S JAMMED—RESORTS WELL PATRONIZED—OPERA HOUSE EXERCISES STIR ENTHUSIASM—POLICE HAVE DIFFICULTY TOWARD CLOSE OF DAY.

Fireworks and fireworks, military parade and music, entertainment and some excitement marked the celebration yesterday of Independence Day.

Hilo may have had the greater attraction of the two cities, in the way of sports and mixed events, but Honolulu had the multitude and the pomp of power.

The military parade of Monday morning was viewed by thousands, thousands of Americans by birth and Americans by annexation and spirit, and thousands of aliens who are not subject to Americanization. In American hearts was stirred the satisfaction that comes of a display of American forces, while in some other hearts emphasized the respect due the flag of the country in which at least they live and whose privileges they enjoy.

At 9 o'clock yesterday the military procession moved from the region of the drilled and paraded the principal streets of the city. There were four of the Twentieth Infantry from Fort Shafter, a battalion of Marines from Camp Verry, the Hawaiian band and several companies of the National Guard of Hawaii, the Fifth cavalry band and a squadron of the Fifth Cavalry from Lihoua. Major Dunning led the infantry and was marshal of the parade. The troops made a line display and the viewing crowds beheld some splendid exhibitions of marching. The procession was reviewed by the Governor and officers of the Army and Navy from a stand at the Gore in Palace Square.

The parade over, hundreds crowded the Opera House for the patriotic literary exercises. A forest scene adorned the stage. Dr. Thomas Green was the orator of the occasion and many declared that they had never heard anything quite so acceptable in the way of a Fourth of July oration, though others thought it evangelistically dramatic. His address was not the mere bursting of a dam of eloquence upon the heads of an indulgent audience, however. It was in some respects a presentation of truths so satisfactorily convincing and altogether rationally patriotic that it became an inspiration. His rapid-fire eloquence covered what deficiencies would otherwise have been too apparent. Dr. Green had the day before moved a large audience to considerable admiration in Central Union church.

and will be joined by the President as soon as Congress adjourns.

STORM IN COLORADO.

DENVER, Colorado, July 6.—This section of the State was visited by a severe storm yesterday which has demoralized the railway systems. As a result of the blockade thousands who were spending the holiday at the various mountain resorts are marooned there.

THREATENED SPRECKELS.

SAN FRANCISCO, July 4.—B. W. Soule has been found guilty of the charge of sending threatening letters to Rudolph Spreckels, demanding three thousand dollars on pain of death or injury if the money was not forthcoming. He was sentenced to four years in the penitentiary.

SETTLED FOR SUMMER.

BEVERLY, Massachusetts, July 5.—Mrs. Taft and children, the wife and family of the President, have arrived here from Washington. They will spend the summer at their home here

## SPORTDRIFT

The baseball game at Hilo yesterday between the Honolulu and Hilo resulted in victory for the latter by the score of 8 to 16. Honolulu made its eight runs in two innings, recording six in the second and two in the eighth. Playing on both sides was ragged.

The game of baseball between the St. Louis team, of Honolulu, and the All Mails played a good game at Kahului, on Sunday, the former winning by a score of 9 to 3. The next day Honolulu scored another victory at Wailuku, the score being 11 to 1. Enough money was cleared out of the games to more than pay the expenses of the Honolulu team on its trip.

Five Honolulu men were arrested at Hilo about 1 o'clock Sunday morning and charged with gambling. They were released on \$5 bail each, forfeiting the same. The Hilo police claimed that craps was the game and the open sidewalk the place. On the other hand, the Honolulu men claimed to be tossing cubes of sugar upon the ground, and that they were only teasing the police. The police, however, laughed last.

Three saloons were "pulled" in Hilo Sunday for booze selling. The Sunday law was strictly enforced, Fourth or no Fourth.

M. F. Strauss, J. B. Ponte and Harry White took their Reading Standard autos to Hawaii for the holidays, and wheel up to the volcano house. They left Hilo Sunday morning about an hour behind the regular excursion and got into Glenwood with the train. The motorists gave the excursionists about 15 minutes and then beat them to the volcano nearly an hour. Actual running time, 1 hour and 30 minutes. The down trip was made in about the same time.

Why does the FRANKLIN win all the important economy contests and outclass all other automobiles in reliability trials, if it is not the most economical, most efficient and strongest automobile made?

### 1909 FRANKLIN RECORD CONTEST

HARRISBURG RELIABILITY AND ENDURANCE TEST.—Franklin Model D won the Governor's Trophy, the highest award of the contest. In this run the Franklin's nearest competitor had 96 points penalization.

NEW YORK AUTOMOBILE TRADE ASSOCIATION ONE-GALLON MILEAGE CONTEST.—The Franklin won its class prize, also grand prize, and established a world's economy record by carrying the greatest load the greatest distance on one gallon of gasoline.

PITTSBURG ENDURANCE RUN.—Franklin Model D was the only automobile to make the run of 450 miles without penalization for repairs or adjustments.

WORCESTER RELIABILITY TRIAL.—Franklin Model D won the only perfect score. The technical examination after the contest eliminated thirteen contestants who had clean road scores.

CLEVELAND ENDURANCE AND ECONOMY CONTEST.—Franklin Model D won the highest award. It had a perfect road score and also the lowest gasoline consumption.

CHICAGO 1000-MILE RELIABILITY TEST.—Franklin Model D won a perfect score. The technical examination after the contest caused the penalization of many entrants.

BRETTON WOODS RELIABILITY RUN.—Franklin Model D won a perfect score. In this run it was the only 1909 stock model that was shipped direct from the factory to the contest route. It went through the 1000-mile grind without a single adjustment.

GLIDDEN TOUR.—Franklin Model D and Model H both won perfect scores. In this contest they were acknowledged to be the easiest-riding of all motor-cars, and they had no tire trouble.

All of which proves that an automobile constructed so that it rides easily is the best automobile mechanically and the most reliable, that great weight is not necessary for strength, that Franklin non-jarring construction and light weight mean comfort, economy and safety, that the Franklin air-cooled engine is without a rival for efficient work and staying power.

### THE GREATEST WORK FOR HONOLULU.

The supervisors are to vote tonight on a Promotion appropriation. At the Seattle Exposition, the Hawaii Promotion Committee's work has once more showed its value. It is evident now that the exhibit is going to be as productive an advertisement as these islands ever had. At the same time, in general local prosperity, there is a very clear showing of the effectiveness of the earlier work. In all lines of local trade, there is a showing of better business. We have more visitors than ever before, and almost all over the world, Hawaii is beginning to be talked of as a tourist resort. A traveler just arrived from England tells of the intentions of the Santa Fe railroad agency in London to make Hawaii a part of its advertising campaign for travellers.

In view of these developments, which are constantly increasing, the supervisors in voting finally tonight upon the proposed Promotion Committee appropriation, will make a great mistake if they do not pass it. That they will be flying in opposition to strong local sentiment is easily ascertainable. The Promotion Committee's work, kept up to its high mark, means the making of Honolulu, and other island communities with it. To cite an oft-mentioned example, all the vast productiveness of Southern California have been but an item in making the great city of Los Angeles as compared to the tourist trade. In the West Indies and other places comparable to Hawaii and Los Angeles, the people are beginning to find the value of a tourist campaign. Year by year the speed and comfort of travel are increased and the volume of travel grows with them. By her Promotion Committee work, Hawaii is forging to the front in this most profitable of all trades. It is the only one which may in reasonable time fulfill a recent enthusiastic tourist's prophecy that Tantalus would soon look down upon a city of a million inhabitants.

For the local supervisors to neglect this work would be folly. Let the appropriation pass, and let the management of it be left with those who have so ably done the work thus far.

### AN IMPROVED CELEBRATION.

The private use of fireworks is likely to be done away with in many more American communities as a result of yesterday's accidents. In its issue of June 26, a week before the celebration this year, the Literary Digest called attention to a record of about 1,300 persons killed and 28,000 wounded in Fourth of July celebrations of the previous six years. Some important American cities had already passed laws to prohibit use of fireworks by private individuals, and more may be expected to follow suit. Springfield, Massachusetts, is referred to as a city which while stopping fireworks, provided for other pleasures, among them being an elaborate morning parade, of which the following feature is one in which Honolulu could far outdo this larger Mainland city:

"Most impressive and significant was the contribution of the various races and nationalities that help make up the citizenship of Springfield. In a population of 80,000, representatives of thirteen peoples were found who by their interest, enthusiasm, and public spirit furnished the climax of the parade. Three great divisions of the human family appeared in this pageant of the nations: in the ranks were the offspring of four continents, Europe, Asia, Africa, America. Chinamen, Ethiopians, English, Scotch, Irish, French, Germans, Italians, Greeks, Swedes, Poles, Armenians, and Syrians strove, in cordial emulation, to show the characteristic qualities of each people, and the contribution each was making to American life."

Such friendly strife of the races here in the formation of characteristic parade features, would produce a wonderful result. For the rest, after suitable exercises the Springfield celebrations were held in parks, where music, games, etc., attracted the crowds. In the evening there was illumination of the most elaborate kind, and grand displays of fireworks, at four centers, in charge of committees. This ended a day of great life and brilliance with no unnecessary accidents.

The Eagle screamed well in Hawaii yesterday. Dr. Green thrilled and entertained an immense audience in the Opera House with a splendidly eloquent Fourth-of-July address, there was a fine parade and plenty of fireworks, while Hilo broke all her records for celebrations, aided by a large excursion from this city.

The moving picture shows will have to be decent, or, like the Th—s and Ag—t—ors, they will have to "go."

The Seattle pineapple scheme makes the right kind of a hit. A very great majority of the people of the Mainland have never even tasted pineapple at all.

It is to be hoped that next Fourth of July the plan of setting off fireworks at the beach will be tried. A display from a barge anchored some distance off the Waikiki beach would be far more effective than one in the town. It would also be more safe, for there is always some little dagger in sending up rockets and other pieces in a crowded section.

# HAWAII'S HIT IN SEATTLE

(Will J. Cooper.)

SEATTLE, Wn., June 23.—If the first three weeks can give any indication Seattle's big show will certainly be fully up to all the expectations of its promoters. The attendance thus far has exceeded expectations, and the statement is now made that there is no doubt that the enterprise will not only prove a success artistically, but that it will break even financially; a thing which most similar enterprises in recent years have not done. Starting in on June 1st, with an attendance of over 91,000, the daily attendance has averaged nearly 23,000 since, with a grand total of 528,315 up to last night. And the best is believed to be yet to come. Travel from the East has not yet begun to any extent, and the railroads are all preparing for a heavy traffic beginning next month and continuing through the summer.

I have seen the Pan-American Exposition at Buffalo, and also the big St. Louis fair, and I cannot see that the Alaska-Yukon-Pacific Exposition is eclipsed by either of these in attractiveness. The grounds here are most beautifully laid out, and the natural topography and beauty of the Puget Sound country has rendered possible features of beauty that no previous exposition had to work with. Everybody with whom I have talked has been impressed the same as I have been with the imposing attractiveness of everything and surprised with the pretentious character of the exposition.

Hawaii's exhibit has certainly made good. We were a week late in getting opened, and there is a lot of detail work to be done yet, but in spite of the fact that carpenters are still at work in the building, and that things look rather mixed up to us, we are drawing larger crowds daily than almost any other building in the grounds, the main government building possibly excepted. Not only do people come in crowds, but they go away only to come back again. They say that the Hawaiian building is "something different." Now California, for instance, has a beautiful building and a magnificent display splendidly arranged. California is an old hand at exposition business and knows exactly how to do things, but by this same token people know a good deal about California and California products and I don't know how many persons have said to me in substance—"Yes California's building is just beautiful, but you know I've seen all that kind of thing before. But here everything is so new and interesting."

There is scarcely anything in Hawaii's building that does not attract attention. Hundreds of persons daily stop to examine and enquire about the magnificent kukui nut portiere made by the Industrial School boys, which hangs at the entrance, with its greeting "Aloha" worked out in lighted nuts in the design. Then our koa wood furniture and fittings come in for much admiration and comment, especially the great "family sized" four-poster bed furnished by Lucas Bros., and the hall clock and desks built by James, of Hilo. The tables and chairs used in the pineapple section, which were made by the Hawaiian Mahogany Co. are the cause of endless envy on the part of visitors, and if we had a building full of such stuff, and a selling concession I think we could make a good thing in the furniture business alone.

In the matter of selling things, people want to buy practically everything

we have on exhibition. A great pyramid of coconuts standing fifteen feet or more in height, attracts a great deal of attention, although until yesterday not more than one person in ten knew what the nuts in the husks are. Now we have fastened a number of the nuts upon the pile, which have half of the covering removed, and several which have been sawn in half. Now these people recognize the nuts as they have been used to seeing them in the markets, and our force of attendants do not have so much explaining to do. A large framed photograph of a coconut grove we have also fastened to one side of our coconut heap to show visitors what the trees look like on which the nuts grow, and half a dozen of the sprouted nuts half buried in tubs, and a number of coconut palms ten or fifteen feet high, completes our nut display and affords much interest. If we wanted to I think we could close out our entire coconut stock in half a day at a good profit for it keeps us all busy talking would-be purchasers that they are not for sale.

The pineapple exhibit and demonstration section is one of the greatest attractions on the grounds. It is wonderful how people will go after that canned fruit. Of course we all know that it is good, and that most persons like it, but it is a revelation to find that not one person in a hundred really knows what a real pineapple tastes like, and how they invariably enthuse after eating two or three slices. The other day one man sat down and ate six dishes of it before he left the table, or considerably more than the contents of a can. A great many others have several helpings, and at times our girls have to call for help in serving the fruit. We employ regularly three or four young women from the university in order to take care of the business which has developed almost in a day.

Kaai's boys have been here for over a week. They have a palm bedecked stand elevated above the pineapple table, and when they are playing (which is at half hour intervals throughout the day) the crowd in that part of the building becomes so compact that it is difficult to move about at all. The Federal government's biograph room is in a section of our building with a thin partition between, and it has been necessary to alternate the music with the lectures, else the lecturers would talk to empty benches, and the moving picture operator show his views to a deserted house. Our music beats every other attraction within hearing distance, and we have really aroused some envy, I think, on the part of less patronized exhibitors elsewhere.

Persons in Honolulu who viewed the school work exhibited in the rifle range building before .. was packed to send to the exposition, will be scarcely surprised to learn that Hawaii has one of the very best, if not the best, school exhibits at the exposition. It is more extensive than almost any other, and in character of work is much superior to much that is to be seen in the buildings at California's and Washington's. Teachers and educators have been very generous in their praise, and there is no doubt that this one part of our display will go a long way towards placing Hawaii in the proper light to the mainland people. Mr. Charles E. King, who installed the exhibit for the school department, deserves much credit for the effective manner in which he did it.

## STOCKS GOING UP

WAIALUA, HAWAIIAN COMMERCIAL AND PIONEER ALL STARTING SKYWARD.

While there were not very many sales on the Stock Exchange this morning, the strengthening of the market was very noticeable. Hawaii Commercial went to 31.12 1-2 and Waialua went to \$92.50, fifty shares going at this price in two lots. Pioneer went back to its old position and sold easily at \$167.50.

The bond market was active, two large blocks of Hilo Railroad bonds being sold at \$96 and \$96.25, while Paia and Haku bonds also were sold, the two latter going at a small premium. The usual twenty cent dividend on Hawaiian Commercial was declared, also a two and a half per cent dividend on Onomea and a one and a half on Honoumou.

### DRUNKEN COUPLE.

Two Hawaiians, man and wife, Mahua by name, spent last night in a police cell, jagged with gin, or rather the husband was drunk while the wife went to the hospital with a cut face caused by her love. The man had felled his wife, so that she struck the

edge of a bed and cut her face. She did not cut the bed with her face as reported in another paper. Both had been drinking, hence the difficulty.

## THE MAMALAHOS ARE INSTALLED

Prince Kalaniana'ole, assisted by Nagaran Fernandez and John K. Kamano of the Hawaii Chapter No. 1, Order of Kamehameha installed the officers of the Mamalahoa Chapter No. 2, Order of Kamehameha last Sunday at Hilo. There were present during the installation ceremonies the following members of the local order, Carlos A. Long, Kamal Kaaihue, L. A. K. Evans, Antone Fernandez and Manuel K. Cook.

After the installation ceremonies the order marched out in a body to Haili Church.

### MAJOR NO MORE.

Major J. T. Clarke, 28th Infantry, traveling to the States aboard the U. S. transport Sheridan which arrived here yesterday, is in receipt of cable news at this port which means his dismissal after 37 years in the service. In Manila he was tried on charges of financial irregularities. The Major is well liked and there are many who believe the dismissal is not in accordance with the best justice.

## HANGED TO HAU

The body of an unknown Japanese was found hanging from the limb of a hau tree by James G. Spencer on Sunday in a secluded spot in Spencer's residence grounds in Nuuanu. Indications were that the Jap had climbed the tree, adjusted a rope, slipped the noose about his neck and dropped to death, his body remaining there several days before being found.

### ABOUT THE CHANGE.

The departure of Mr. Bidgood from Haleiwa has been a source of wonder to everyone who has ever visited the place and to all of Mr. Bidgood's friends. That he has made good there, as everywhere else he has been goes without saying and the public felt that he was a permanent fixture at the hotel. Mr. Kimball who succeeds him has all of the qualifications of a good hotel man and will be as popular as his predecessor. He is well known here has a host of friends and is a good handler of the golf sticks. The patrons of Haleiwa may rest assured of as polite attention at the hands of Manager Kimball and staff as the place was noted for under the management of Mr. Bidgood.

WORDY COMBAT IN RIOT TRIAL

There was a strong tincture of tabasco in the proceedings related to the Waiapu riot trial in Judge Robinson's court this morning. Elsewhere the stages passed are reported, but the way they were reached is another story.

Lightfoot. It was the practice here always not to admit lawyers to see arrested persons until a charge was entered. There was no reason for continuance, as Lightfoot might start to put in his evidence and would have abundant opportunity to consult with his clients before closing the defense.

Union Jack as under clothing. All he wanted of Fushino was to get him to keep his mouth shut. His clients had been under arrest and out on bail for weeks, when there was ample opportunity for consultation with them.

TWO MOTIONS FAIL

The men were charged with a felony. Lightfoot objected to going into circumstances. The Supreme Court held that two things were to be considered in bail—the financial condition of a defendant and the heinousness of the charge.

DISCHARGE IS DENIED. Following the denial of his motion for continuance before Judge Robinson, Lightfoot presented a motion of which notice had been given for the discharge of Jotaro Mikawa and the nine others on trial.

(Continued from Page One.)

tween Banonica and Weber. A quiet tip had been passed around to those on the "inside" to bet on Weber, although Banonica had been figured as an easy winner. Hundreds upon hundreds of dollars were thrown into the mill.

From the first half the Banonica jockey began to pull his horse. It was at first done on the off side, but could be seen, and a great howl arose from the grandstand. This did not stop the cheat, however, for in the stretch it was clear to everyone that the jockey was throwing his own horse—the animal, however, being willing enough to win. The judges saw the swindle, announced no race and ruled the jockey off the track.

There were four entries for the half mile free for all—Adrian Lecouevre, J. T. Weber and Ronlon. Purse, \$125. Lecouevre was the winner; J. T. second, Ronlon third and Weber fourth. Time, 52.

Second race 3-4 mile for Hawaiian bred, purse of \$500. Easter boy was first and Young Sam second. Time, 1:22 1-2.

The Merchants Stakes free for all, purse of \$1,500, was the one in which the attempted swindle occurred. As before stated this was declared no race.

Race 4, free for all trot or pace, Waldo J won from John D, the time being 2:31 1-2.

Race 5, 3-4 mile Japanese, free for all, \$150, was by Tenyo in 1:24 3-4. Lina was second and Johnnie third.

Race 6, 3-4 Hawaiian bred, purse \$250, was won by Major Collier.

Race 7, 3-4 mile free for all, purse \$200, was easily won by Banonica, who had a new jockey, Weber, who was also in this race, dropped back to the place expected for him.

Despite the bad feature referred to above, the meet was a great success.

**JACKSON DONE UP BY A LITTLE JAP**

The defeat of Nigel Jackson, champion Marathon runner of the Hawaiian Islands, in the eleven mile race at Hilo on Saturday, was as great a surprise to many of the good people of the Rainy City as it was to Jackson's friends here. Sir Nigel struck Hilo as other heroes have struck other towns. His head was high and his self confidence supreme. By his swag, his record and his talk it was made plain to the Hilo folk that nothing in the running line could defeat the terrible Mr. Jackson. Nearly everybody had this opinion. After the race was over there were those who declared "I told you so," but in this they had merely forgotten a little.

Jackson was beaten fair and square at his own game, and by a little Japanese at that. He protested on the ground that the Jap had been assisted in the run, contrary to the rules; but this claim was found to be unworthy of particular notice. He claimed, at the finish of the race, that his ankle had gone to the bad; but the fact that he was around the streets of Hilo Saturday night, Sunday and Monday, knocked this excuse in the head.

But to the race. Six men lined up at the Nine Mile post near Oahu for the run. These were: Nigel Jackson, Tsukamoto (the winner), Ah Fook, Joe Canario, Dai Fahey and Hasegawa. E. E. ("Dick") Richards was the starter. The gun was fired at 9 a. m. The run was down the government road to Hilo and thence three times around the race track.

The Japanese, Tsukamoto, took the lead at the start and never lost it but once during the entire run. Ah Fook, the Chinaman, pulled up second and once actually forged ahead of the new champion, but the Jap, after repeated long sprints, drew ahead again and left Jackson far behind. The Jap finished without any show of distress. Ah Fook arrived upon the racetrack ahead of Jackson, but in making the final laps he quickly wilted, and was passed by Jackson.

Canario and Fahey reached the race track together and continued to run together until near the finish when Canario seemed to take wings and flew over the line ahead of his opponent. Fahey gave an excuse for his failure the statement that he had not trained for the event and was not in condition.

Saturday night Jackson was around Hilo targets offering to bet \$250 against a like amount that he could defeat the little Jap in a full Marathon run around the horse track. This wager was promptly taken up by John O'Rourke, the horseman. Jackson asked to be allowed time, and in less than ten

minutes he was back with the \$250. Then, however, the ex-champion began to prescribe different terms upon which the race should be run, and this caused a postponement temporarily, at least of an agreement.

The time made by the principals in the race was as follows: Tsukamoto, 1 hr., 16 min.; Jackson 1 hr., 18 min.; Ah Fook, 1 hr., 26 1-2 min. Jackson claimed that his own time was 1 hr., 17 min., but this would make no difference, the Jap being still a minute to the good.

Jackson may really have not been in the best of condition, but overconfidence was probably the cause of his undoing. Dai Fahey was plainly not in condition. He frankly admitted having celebrated too many Glorious Fourth's of late and that training on that route had done him no good.

**FIELD SPORTS AT MOOHEAU PARK**

The field sports program at Mooheau park, Hilo, Monday morning proved a delightful feature in the general big round of happenings on that date. E. E. ("Dick") Richards, Dr. Bowman and Mr. Johnson (of the Hawaii Herald) were in charge. These events followed the literary stunts at the band stand in the same park and to witness them the grand stand was filled with people and hundreds more crowded upon the lawn.

Following were the principal events: First—Climbing greased pole—Prizes at the top consisted of money, baseballs, bats and other things.

Second—300 yard race for boys, won by J. Gonsalves. Prize, \$2.50.

Obstacle race—First prize \$2.50, won by Ah Fook; second \$1.00, J. Pa.

Three-legged race—First prize won by M. Furtado, \$3; second \$1.50, by J. Gonsalves.

600 yards dash—Prize \$1, won by L. Kekoa.

Extra pole climbing contest—Won by Donald James. Special cash prize.

In addition to these events there were a number of others of which no records could be kept. One of the most interesting of these was a scramble of small boys for nickels. Two or three dozen nickels at a time were thrown the bunch of some thirty small boys, resulting in the merriest sort of a scramble. By repeatedly shifting the financial center, "Dick" Richards, who had charge of the event, made it possible for all of the boys to catch something.

**MOOHEAUS DOWNED BY HILO GIANTS**

Three fine games of baseball were played at Hoonu park in Hilo on the afternoon of July Fourth. The first was between two junior teams known as the Young Hilos and Punas. The last also a junior game. Interest centered in the second game—Hilo vs. Mooheau—for the reason that Eddie Fernandez' bunch of twirlers appeared in it. In place of the Honolulu straight, the visitors were divided up between the two teams. This created considerable dissatisfaction at first, but when it became clear that the arrangement was thus made in order to obtain a better quality of baseball, the kickers subsided.

The big grandstand at the race track was well filled during the games. About \$200 were taken in at the gate. Ragdale was the umpire.

In the first and second innings, no runs were made. In the third the Mooheaus failed, but the Hilos made two runs. In the fourth there were no runs for either side, but in the fifth the Hilos added another figure to their score. In the sixth no runs were made, but in the seventh the Hilos again managed to get in a run. The eighth and half of the ninth resulted in goose eggs.

The Hawaii baseballers are to be congratulated upon the quality of the baseball put up. Both of the teams played nearly as well as some of the Honolulu teams. Barring was rather weak on both sides, but the field work was simply splendid.

Harry Warren, the well known boiler-maker, employed by both the Honolulu and Catton, Neill Co. iron works, is now following his trade in the shops of the Hilo Railroad Company. He was one of the first to greet Honolulu friends upon their arrival on July Fourth at the second city and took an active interest in the sporting events of the season.

Colonel Peter Lee, for many years manager of the Valcano house, was in Hilo for the Fourth. He took in the races and there met many of his old Honolulu friends.

**RACES SATURDAY ON TRACK AT HILO**

The horse races on Saturday, July 3, resulted as follows:

Race 1, one half mile, Japanese horses, 14 hands or under, \$50 prize. Won by Inade's Lina; Yamanaga's Charley, second; Tasaki's Dickey, third. Time, 54 1-2. There was considerable difficulty in getting this race, some of the Japanese claiming that Lina was over height. The judges decided against this objection, but this intensified the dissatisfaction of the Japanese.

In the race, Lina drew ahead from the start and increased her lead up to the finish. Charley was second a considerable part of the distance, but Dickey pulled up and finished only a length behind the winner.

Race 2, three-fourths mile, free for all, purse \$1,000. McClennan's Weber, first; Warren's Waring, second. Banonica did not finish. Time, 1:18. Weber, with Domingos Ferreira up, was leading slightly, when, in some way, the horse struck Banonica. The latter stumbled and fell and the jockey's collar bone was broken.

Third race, one half mile free for all, \$250 prize. Adrian Lecouevre finished first. Time, 51 1-2. Clara C, second; Lizzie Moore, third; J. To fifth. Winner finished three lengths to the good. Clara C held a close second place throughout race and Lizzie Moore came in a close third, finishing only a length behind. Mr. McLennan was much congratulated on the form of his horse in this event.

Race 4, three-fourths mile, free for all, \$100 purse. Tenyo, first. Time, 1:24 1-2. Lina second; Charles, third; Jimmy, fourth. Tenyo, the winner, was a great favorite among the Japanese.

Race 5, one mile Hawaiian bred, \$1000 purse. Major Collier, first. Time, 1:46 1-2. Indigo second; Young Sam, third. The start was excellent, and race close and exciting. Collier winning by a neck only.

Race 6, five-eighths mile, free for all, \$500 purse. Banonica, first. Time, 1:03 1-2. Bonnie Judd's Captain Foresee, second; Weber, third. Major Collins did not finish.

There had been some doubt about Banonica starting, on account of dissatisfaction resulting from the accident in the first race. Delight was unbounded when the popular animal appeared. Weber ran away before starting, making three-fourths of the track before being pulled down. Banonica led at the start and held almost precisely the same position through to the end.

**HILO'S WALLOP THE HONOLULUS**

The grandstand at Hoonu park was well filled for the great football game between the Honolulu and Hilos. By all the game was closely watched. Both sides had their friends, and the rooting was about evenly divided. When the struggle closed, however, with the score 2 to 0 in favor of the home team, the Hiloites broke loose in a mighty cheer.

The respective teams were as follows: Honolulu—Rice, goal; H. Chillingworth and Greig, full backs; Walker, Zeigler and Fernandez, full backs; Dwight, Desha, Norton, Bailey and Friendo, forwards. Hilo—Desha, goal; Irwin and Kellener, full backs; Lindsay, Rattery and Craik, half backs; Hunter, Donald, Black, Leonard and McKenzie, forwards. Joe Catton was umpire. Hampton and Williams, line-men.

Fernandez kicked off for the Honolulu in the first half. Dwight followed up and passed to Chillingworth, the latter sending it to Desha, who had a shot for goal but missed. A striking feature at this stage was the quick work of Greig. Shortly after this Honolulu a free kick, which was taken by Chillingworth who followed up his own kick, then passed to Fernandez, who kicked out of bounds.

Lindsay, from throw in, centered the ball, and McKenzie, with an extremely brilliant play, shot for the goal and scored. Score, 1 to 0.

Bailey kicked off; McKenzie again centered. Dwight secured the ball, passed to Greig, who dribbled it down the field. Lindsay blocked and kicked toward Honolulu end and Chillingworth made a brilliant save. Shortly after Walker made a good attempt to kick goal but the wind carried the ball outside the post. Chillingworth kicked off, followed up the ball but was blocked by McKenzie. In the scuffle which ensued, McKenzie injured his knee and was put out of commission for twenty minutes. On resuming play, with one minute to go, Norton made a fine attempt to kick

goal but missed by three feet at the whistle. The score stood 1 to 0 in favor of Hilo.

**THE SECOND HALF.**

Thomas Black kicked off for the Hilos; Eddie Fernandez blocked it and passed to Dwight who sent the ball to Chillingworth. The latter carried it to the other end but Kellener made a brilliant save. Shortly afterward McKenzie made another try for goal but missed. Kellener kicked ball out; Bailey made a fine stop. McKenzie had another kick, but his knee again failed and he was laid out. On resuming, did the best dribble of the leg, going right down the field and under the goal, but Desha saved.

Here there was a dispute lasting about twenty minutes as to whether it should be a corner kick or a throw-in from the outer bounds, the decision finally being on a corner kick.

Fernandez and Dwight showed fine combination playing, getting the ball down field in good style, but Kellener punted it out of bounds. Then Greig got a free kick. Walker, getting the ball, did a fine double down the field, finally shooting for goal but missing. At this juncture Dwight had gotten an ugly kick, by a member of the opposing team, in the face, laying his chin open. The forwards then rushed the ball down the field, and Chillingworth shot for goal but was again blocked by the indomitable Kellener. Greig made a gallant attempt to save but was blocked by Lindsay, who then took the ball. Then Dwight got the ball and dribbled it right down to the end goal post looking like a certain score; but Kellener, as usual, saved. Craik made a fine, spectacular run down the field and finished up by kicking the ball out of bounds. With four minutes more to go, Friendo made a fine run down the field and passed to Chillingworth, who shot for goal but was again blocked by Kellener. Kellener kicked off. Donald got the ball and in a few seconds took goal and ending the game. Score—Hilo, 2; Honolulu, 0.

**EARLY MORNING PARADE IN HILO**

The street parade in Hilo on the morning of July 5th was one of the big events of the holiday celebration. All of the vehicles in its were elaborately decorated and the streets through which the monster procession passed were thronged with people. Capt. W. A. Fetter, who is deputy sheriff in those parts, was marshal of the day, and much credit is due him for the success of the event. The procession started at 9 a. m., as follows:

Hilo band in tallyho; 20 cowboys, horseback, in charge of Richard Lyman; five floats, put in by the Hilo Mercantile Co., Economic Shoe Store, Empire theater, Vulcan Stables, five automobiles, drum corps of eight boys led by W. S. Terry; 16 young ladies dressed in the stars and stripes; Y. M. I. order, in a body; bicycles; decorated carriages; fire department; Board of Health wagon and light touring cars, not decorated.

The prize winners were as follows: Cowboys—Mahl, best rider, \$5.

Hilo Mercantile Company, best float, a grass house and Hawaiian setting, first prize, \$25; Economic Shoe Store, an Uncle Sam effect, second prize, \$10. Creditable mention—Vulcano Stables, decorated tallyho, with 26 young ladies; Empire theater, representing music and mirth.

Decorated automobiles, five entries—J. T. Moir, first; Charles Alden, second.

Bicycles—Motorcycle car of P. C. Beamer, first, \$10.

Decorated Carriages—W. H. C. Campbell's children, pony cart.

**FIELD SPORTS IN PROGRAM AT HILO**

Although no records were broken, the field sports pulled off at Hilo last Saturday were of a most interesting character. The results were as follows:

Throwing hammer—F. M. Anderson, 79.9; 77.10 and foul. Jim McKenzie, 78.11, 76. 21-2, foul. H. Forbes, 85.19; 86, 89.8. W. Nicoll, not measured, ditto and 57.8. C. Makani, 75.474, 74.9 1-2, 77.6.

## CHAMPION AYRES OUT WALKS FAHY

H. M. Ayres and Dal Fahy were the only starters in the one mile walking race at Hoolulu park, Hilo, yesterday, the other four men who had entered having backed out. This event was sandwiched into the horse race program and was witnessed by the big crowd present at the park.  
Dal Fahy took the lead and held it for seven-eighths of a mile, when Ayres sprinted for 200 yards and gained the lead by two yards at the finish. The event proved a big card on the program, there being a great deal of betting upon the result.  
Fahy, who had fallen down so badly in the Marathon run of Saturday, was still in rather bad shape for a test of endurance.

## HALEIWA CRUISE GREAT SUCCESS

The yachts that sailed away late Saturday for Haleiwa returned to the city last night, the crews tired but highly pleased with the results of the cruise. In the bunch of sailing craft were the Hawaii II, Kamehameha, Gladys, Charlotte C and Luka. The run down was leisurely made. Sunday was a gala day at Haleiwa. Manager Kimball intended to spread

himself on this his first reception as manager, and he did so to a nicety. There was plenty of eatables and drinkables, music, fireworks and all the accessories of a first class "outing" on the hotel plan. Golf was a feature of Sunday.

The whole bunch left Haleiwa yesterday morning and arrived back in the harbor shortly after dark, the Hawaii being the last to finish, coming in about 9 o'clock.

The fistic program at the Orpheum theater Saturday evening resulted as follows: Sullivan vs. Cordell, 15 rounds, draw. "Limy" Richards knocked out Soldier Miller in fourth round. McCullough vs. Wahilani, draw. Sarconi, decision over Fernandez in second round. Mike Patton was referee.

W. H. Hiserman, of Hackfeld & Company's, Hilo store, had charge of the ticket office at Hoolulu park during the crush of the racing season. He was a bureau of information within himself to strangers and was untiring in his efforts to ensure a good time for everybody.

## THE EXCURSION TO AND FROM HILO

The excursion steamer Mauna Kea, Captain Freeman, sailed from Honolulu at 3:30 sharp Saturday afternoon, July 3, taking 246 passengers for Hilo and the volcano—probably the heaviest first-class list ever carried by any island steamer. Hundreds of people were at the wharf to witness the departure of the big, pleasure party—and the profusion of leis on the decks lent a picturesqueness to the marine setting, both typical and claiming. As the vessel passed the steamer Mokoli, which was making ready to sail for Maui and Molokai, the pleasure seekers aboard that craft played and sang "Aloha Oe," and were given hearty cheers in return.

Once clear of Diamond Head, the Mauna Kea steered straight for Hilo. Upon the open sea there was no swell to speak of, the steamer speeding upon her way as smoothly as though she were upon the breast of an unblowied haven. But there were those with a

touch of mal de mer—Ah, yes; but they were out for a good time and soon forgot this small affliction. The crowded tables at supper attested to the splendid quality of the weather and the steadiness of the local flagship.

After dinner as many as could crowded into the saloon where musical selections were rendered by James A. Wilder, William Welch and others, with it for a few. Even in the Maui-Then came bedtime and trouble for room along with it for a few. Even in the Hilo-Hawaii channel it was not rough, and Hilo was reached in a smooth sea at 8 o'clock Sunday morning.

Despite the early hour, several hundred Hilo people were at the wharf to receive their friends. The special train was also in waiting to take the volcano passengers through to Glenwood. Exactly 149 persons from the steamer made the trip to the volcano—and right here it may be stated that this was far too many for the small hotel at one time. The fine weather caused hundreds of unexpected guests to crowd into Hilo from the neighboring plantations, and it was hard enough, heaven knows, to find accommodations there. It was the biggest crowd the second city had ever been called upon to entertain, and, although taxed far beyond her capacity as a hostess, she made a desperate and noble effort, and won the kindly plaudits of everyone.

The volcano party stopped around the hotel all of Sunday and at night were taken out to see the crater. There was considerable activity and the sight was truly a grand one. Local people were delighted, and the several mainland tourists in the big party were completely carried away by the grandly awful spectacle. At 4 o'clock Monday morning the visitors were hustled out of their beds and about 7 o'clock started again for Hilo.

Monday in Hilo may be easily surmised from the accounts of events under other heads. The Mauna Kea was to have sailed at 4 o'clock, but was set over to 5 at the request of many passengers who wished to see more of the horse races at Hoolulu park. As on arrival, the Hilo people turned out in large force at the wharf to wish their friends a happy conclusion to their holiday travels. Light showers came on along the Hamakua coast, and it became rough there; but the passengers were too tired and sleepy to know or care much of this. A short

stop was made at McGregor's landing, Maui, for passengers. Then the Mauna Kea struck into the rough Molokai channel. The ship rolled and creaked, the wind whistled through the rigging, drowning the ghostly cry of the storm birds. But the weary souls aboard were then deeply in their slumbers, leaving the boat, the blasts and the high seas to the gallant officers. A few of the original passengers were left behind in Hilo, they to return by the Claudine Friday morning.

HAWAII'S INTEREST

CURIOS QUESTIONS FROM AN OFFICIAL OF THE NATIONAL IRRIGATION MOVEMENT.

Arthur Hooker, secretary of the Board of Control of the National Irrigation Congress, in a letter to Governor Frear says that the aim and object of the movement is home-building. His conclusion is curious reading for all who know how long Hawaii has been knocking at the national reclamation movement door. It is as follows: "To what extent is your Territory interested in these matters. We would appreciate a statement from you as to Hawaii's interest in these great national movements, the extent to which you would be benefited thereby and your ideas as to the advantage or disadvantage of this plan or some modification thereof for assisting in the internal development of our country."

"The National Irrigation Congress desires to be of material benefit to Hawaii. May we co-operate with you and have the co-operation of your territory? If so, in what way can this co-operation be most effective?"

GUN WAS LOADED, BUT WITH BLANKS

It was the intention of a Japanese last night to put out the life of another Jap who was bothering his sister in a tenement in Paunahi street. He held a revolver close to the face of the objectionable chap and pulled the trigger five times. There were five explosions, but the enemy did not drop. The wielder of the weapon had supposed the cartridges in his gun contained bullets, but they turned out to be blanks. The gentleman aimed at was somewhat scorched by powder, on his face, but otherwise not affected.

The latter, recently divorced by his wife, persisted in trying to get an interview with her at odd hours of the night, against her brother's and her own inclinations. He had been warned to stay away, but last night he again persisted, finally breaking down a door only to find his ex-wife's brother on the other side with a revolver that burned his face without making holes in it.

FAVORABLE NEWS ON IMMIGRATION

"I have received a favorable letter from Washington on immigration matters," Governor Frear said this morning. "The departments are assisting Mr. Campbell on his mission."

NEW ISSUE OF RAILROAD BONDS

The new issue of \$2,000,000 five per cent bonds of the Oahu Railway & Land Company were handed over today to Claus Spreckels & Co., by the trustees and the Treasurer of the Railway Company and the same are now being exchanged with the holders of the scrip receipt for the old bonds, which were delivered July 1st.

POLYGAMY AGENT.

One of Mormon Joseph F. Smith's numerous sons is said to be proselyting for polygamous marriage, a respectable woman of Waikiki being the alleged complainant to the effect that he is visiting homes in the absence of the husbands and fathers and preaching the alleged advantages of many wives. There are several disciples of polygamy in Oahu jail.

MARE DYING AS RESULT OF NEGLECT

A valuable mare, formerly driven by Superintendent of Public Works Marston Campbell, lay dying in the government stables on Miller street on Sunday night, and all on account of improper attention or no attention at all.

One of the witnesses to the pathetic sufferings of the noble beast was the young man who had for three years or more been the stable attendant. He says he was fired for economy's sake and a man put in his place who had been working at the cleaning of sewers. The sewer-cleaner did not know how to feed a horse, with the result that the horse lay down to die after being improperly watered and fed.

AT THE THEATERS

In all the bustle and hurrying and fireworks of the holiday season just passed, the moving picture shows at the theaters were not forgotten. All of them entertained good crowds both Saturday and Monday evenings. Tonight the new program started for the first of this week will be repeated.

Manager Lawson has notified the agents for films in the east that hereafter nothing but what is strictly first class and moral in tone will hereafter be received by him. This precaution is taken as an additional safeguard against anything of poor creeping in. For tonight an exceptionally fine program will be picked from the many films received per the Manchuria.

THE PARK TONIGHT.

"The Cord of Life" will be the feature film at the Park theater this evening. This is a thrilling set of pictures, having to do with the "Black Hand" but have no features of a jarring character. George Milne will sing a patriotic air. A local specialty will be the Marine and 20th Infantry on the march, and an excellent French comedy.

THE EMPIRE.

Manager Overend has arranged for an experienced Japanese juggler to appear at the Empire this evening and the remainder of the week. This will be a big feature. In addition there will be other films and some excellent music.

THE NEW GEM.

Manager Kubey has secured the services of Jita, one of the best Japanese jugglers in the islands, and that artist will appear in the program at the Gem this evening. Don't fail to see him, for he is the best ever seen here. Other features at the Gem will make tonight's program a most attractive one.

AT ALOHA PARK.

Manager Love has a new program at Aloha park for tonight, set off with excellent music. The evenings are fine now and the Aloha park is just the place to spend them.

TOO HEAVY BLAST

People living at Waiatae road and 10th avenue were startled by an explosion on Monday afternoon which had nothing to do with patriotism. Mr. Gertz, who lately acquired "Main-top," Captain Dutton's stone castle, in making an excavation set off a charge of dynamite much heavier than prudence or necessity dictated. There was a tremendous report followed by a crashing and rattling noise that lasted several seconds. A prodigious cloud of red earth dust rose over the adjacent house occupied by Fred Turfill and a stone as big as one's head fell close to the house. Another big stone fell in a path on the premises of Professor Blackman across 10th avenue, striking where Mrs. Blackman had been walking but a few moments before. Part of Mr. Turfill's fence was carried away and a mass of fragmentary lumber was thrown into his garden.

FREAR'S CALLERS

Among callers on Governor Frear this morning were the following: Brigadier General Arthur Murray, chief of Coast Artillery, accompanied by Captain Robert E. Callan. General Murray stops over for ten days or so on his way home from the Philippines.

Colonel Charles A. Booth, 6th Infantry, passing through in the transport Sheridan. Captain Babcock, making his last trip as quartermaster after four years' service in the Sheridan. He brought a box of mango seeds from the Philippines for the Governor. Senator Knudsen and Representative Rice, both of Kauai.
