PROGRESS.  
The Life of the Land is Established  
in Righteousness.

HONOLULU, FEB. 20, 1894.

## Deceiving Themselves.

The manner in which the P. G. organs read and interpret McCreary's resolution on Hawaii is a good illustration of their inclinations to sooth their followers with false hopes. It is impossible that the few annexationists who yet possess normal brains and ordinary power of thinking can misunderstand the meaning and intention of that resolution. They try though, to make capital out of the non-interference clause as if it had any bearing upon their case. The Democrats approve of Cleveland's policy. What was Cleveland's policy? To restore the governmental affairs in Hawaii into the status in which it was previous to Minister Stevens unlawful interference with our domestic affairs. Why is that Cleveland's policy? Because it is his principle that the United States should not interfere with the domestic affairs of another independent government. The McCreary resolution endorses Cleveland's view and approves of his intention to restore the status quo in Hawaii, and in the future avoid interference in the affairs of other countries. How any other interpretation can be given we fail to see, and we are more-over sure that Mr. Cleveland—endorsed by the people in his Hawaiian policy—is not going to make himself ridiculous by stopping half-way. The interference clause refers to the Harrison-Stevens policy which is condemned, and it outlines the future policy of the United States—after Cleveland has carried out his approved policy and rectified the wrong done by Stevens. If, however, the P. G. organs succeed in administering soothing syrup to the different clubs and leagues by reading the McCreary resolution, as it is supposed old Nick reads the Bible, there are no reasons why we should kick. But it shows neither common sense nor political intelligence on the part of the annexationists to accept the absurd interpretations of Messrs. Castle and Smith.

## The Board of Education

Professor W. R. Castle, President, Professor M. M. Scott, Professor W. D. Alexander, Professor A. Perry, Mrs. B. F. Dillingham, and Mrs. F. S. Dodge constitute the new Board of Education—the result of much thought and much labor of the gigantic brains of Mr. S. B. Dole, so he tells us. We cannot say that Mr. Dole is to be complimented upon the result of his tremendous efforts. He has evidently been forced by the Central Union coterie to abandon his outlined policy. He stated that it was his intention to, as far as possible, have all nationalities and creeds represented in the Board. He complained that the intelligent and suitable Germans to be found in this town were consuls and he therefore fixed his eagle-eye on a Dane to represent Germany. Now Germany has been dropped and so have England and Scotland, by our great educational reformer. It is evident, to judge from the selection of the new members of the Board, that all children frequenting schools in this country are Americans and recognize that peculiar religion which is peddled out in the Central Union Church. We are under the impression that one of the laws of this country, which yet is in force, establishes a Board of Education and makes a special proviso that it shall not be sectarian. Mr. Dole has evidently overlooked that fact. We believe that he claims that Mr. Perry represents the Catholic Church and also the Portuguese colony, but in spite of the most

earnest investigation among leading Catholics and leading Portuguese, we have been unable to get Mr. Dole's assertion confirmed. Mr. Perry is a persona incognita both in the Church and among Portuguese and we certainly don't blame the young man who so recently has left school for not having gained notoriety yet. What qualification he has to be a member of the Board of Education, we don't know, but perhaps Mr. Dole will arise and explain. If Mr. Perry doesn't belong to the Central Union combination—but we have been rather inclined to believe he does—we shall of course so far consider him an acquisition to the Board and acceptable to the people who foot the bills for our schools. Of the other members we willingly admit that Professor Alexander is from an educational point of view a most suitable man to sit on the Board. He is a pedagogue of no mean experience and he knows the educational business of Hawaii pretty thoroughly. It is deplorable that the Professor instead of remaining satisfied by being recognized as an excellent surveyor and a savant in many branches has seen fit to branch out as a poor politician a still poorer diplomat and a decided success as a history—no—story writer. The large majority of school-children and their parents have lost faith in him and view schools under his supervision with a great deal of dire apprehension.

Professor Scott's appointment is simply absurd. He is a school teacher himself, and we decidedly consider it impolitic to place a paid servant on an equality with the men who virtually are his superiors. But if the Professor will confine his business on the Board to reading Herbert Spencer to Professor Castle, we shall feel satisfied, but we don't think Willie will be President, Professor Castle will cut a funny figure on a Board of Education. As trustee of Kawaiabao female seminary and a chief spouter in a Sunday school class, he has perhaps gained such knowledge as will fit him for the job. His Chinese every day-school-class in his law office would hardly enlighten him on educational matters. The members of the Board are ladies God bless them! If we are going to have women pitchforked into spheres were they don't belong the choice of them is immaterial to the country and one will suit us as well as the other. In the meantime Mr. Dole has broken his publicly stated promises. He has deliberately ignored the Hawaiians, the English, and the Germans, and he has paid no attention to that portion of the taxpayers who worship in the Episcopal Church or in the Roman Catholic Church or to the numerous Lutherans in the community. If his action in regard to the appointment of the Board of Education is an indication of the fairness and impartiality he intends to show in matters political then—well then, we are doably glad that Cleveland is President, and McCreary's resolution is passed.

## Honolulu Musicians.

Something over the signature of A Resident in last night's Bulletin takes occasion to pass some disagreeable remarks against Mr. Plunkett the manager of the Misses Albu. The reflection on Mr. Plunkett seems to us extremely uncalled for. Mr. Plunkett has already explained himself in the Advertiser this morning as far as the alleged remarks of his are concerned. We desire to call A Resident's attention to, that this community does not support any company of concert singers which remains here for any length of time. Mr. Plunkett has staid here with the Misses Albu for nearly three months and the party has certainly expended much more money during their stay, than they ever took in here. Concert singers of the ability which the Misses Albu have shown do not make a financial success of concerting here. The expenses are very high. The prices for tickets very low and

the audience patronizing the concert altogether too small in proportion to the expenses incurred. The Misses Albu came here to spend a month in recreation. They have evidently liked the country and extended their visit considerably. If there was sufficient patronage Mr. Plunkett would undoubtedly be only too happy to give a concert as often as he could induce the ladies to sing but that he should be abused for refusing to lose money by giving concerts not well attended seems both unjust, unfair, and ungentlemanly. If Mr. Plunkett had said that the alleged musical portion of our community generally exhibit a very vulgar musical taste and honestly enjoy a tableau or a tight-rope performance, or a minstrel show much better than genuine good music—he would not have been very wrong.

CONGRESSMAN HIT's resolution against the restoration of the Constitutional Government in Hawaii was lost by a majority of sixty-two votes.

THE P. G. patriots are very busy devising flags for the proposed Hawaiian republic. It is of course a very important matter. May we suggest a screaming rat on a black ground sitting on an Irish shillalah, and a motto in the Portuguese language (Chinese character) which might read: "Ain't we rather previous?"

In another column will be found a memorial presented by the Hawaiian Patriotic League through Mr. Moreno to the United States Congress. It is signed by Mr. J. A. Cummins as president and Mr. J. K. Kaulia as secretary.

## A Clumsy Liar.

Such eminent lawyers and jurists as Cooley, Coudert and others, and historians of the high rank of James Schouler, have declared the legal and historical evidence complete for the conviction of Minister Stevens upon the charge of plotting against the Hawaiian Monarchy, to which he was accredited. Nothing at all is offered by those who seem to overturn Mr. Blount's report and conclusions, save the bare assertions of Stevens, Dole and others who stand as it were, in the dock and completely convicted by the affirmative evidence. And now we have the testimony of a fellow named McCandless given to the senate sub-committee. The report of what he asserted says that "he denied emphatically that there was a collusion between the committee of safety and minister Stevens, and denied that Mr. Stevens had made any promise that could be construed to mean that he would help the committee. Had the troops not landed the result, he said, would have been the same although, Mr. McCandless admitted that, it might not have been quite so easily accomplished." This convicts Stevens, Dole and all the rest of the conspirators of last February of lying. They all affirm that there was a distinct understanding between the American Minister and the committee of safety, that Stevens would land marines, at a certain hour of a certain day. Also it is admitted by them that Stevens told the conspirators he would promptly acknowledge them as the government, whenever they should get possession of the government house, archives, arms, barracks etc.

The man McCandless is a bad witness for the oligarchy, because he is a clumsy liar. He should have sense enough to stick to the track marked out by Stevens, Dole & Co., which is to vehemently deny everything that makes against the only sensible and truthful theory of how the provisional government was organized and through what forces. The admission of McCandless that it would "not have been so easy" to bring the conspiracy to a head without Stevens' help comes very near giving the whole case away. Stevens affirms

he landed the troops solely to protect American citizens and property on the islands. If this were true, and no other use was made of the marines than the furnishing of such protection, they could have been of no help to the provisionalists. McCandless virtually admits that Stevens and the marines were of essential help to the oligarchists—Chattanooga Times.

## CORRESPONDENCE.

[We do not hold ourselves responsible for the opinions or the utterances of our correspondents.]

### EDITOR HOLOMUA:

The newly elected councillor D. B. Smith is said to have taken a cast iron oath before the American League against encouraging Chinese labor in any shape or form which proves the truth of the old saying, that it's never too late to mend. When his store was fitted up, he did not put up a printed notice that no white man need apply for the job, but that was what it amounted to for Asiatics were employed in fitting up the store and shelving, and the big white desk in Smith's store came from a Nuanuu street Chinaman, which some of the League wood-makers ought to see and take a pattern of. President Murray ought to see it, he might fancy a companion to it for his office, and D. B. S. can tell him where to get it.

### CAUCASIAN.

### EDITOR HOLOMUA:

In your issue of yesterday you report me as having, at the mass meeting on Sunday, invited the Portuguese to take up arms against the Chinese and Japanese!! The report is as erroneous as it is absurd! What I did say was in regard to further Asiatic immigration which is a very different thing.

M. A. GONSALVES.  
Honolulu, H. I., Feb. 20, 1894.

[Officially reported Mr. Gonsalves said: "They (the Portuguese) are threatened with the Chinese and Japanese immigration. Both races are equally distasteful to us \* \* \* If it is necessary to carry a rifle to stop the Asiatic immigration he hoped that there was not a man there who would refuse." who Asiatics, Mr. Gonsalves, if the Chinese and Japanese are not? Words spoken, often bring sorrow to the speaker, when printed. Ed. H.]

## The Minstrel Show.

The benefit entertainment given by a number of amateurs for Mr. W. B. Ash last Saturday night at the Opera House, was a success and all the numbers were appreciated by the audience. The steady rain which fell during the evening prevented many from going to the show and the House was consequently not so well filled as could have been desired and expected. Professor Berger with his orchestra played "enchantment" as an overture in a very clever and pleasing manner. There were also well rendered solos for piccolo (L. Barsotti), cornet (Kreuter) and a clarinet duet (Keogh and Naone). Mr. Edison showed himself as a clever comedian, and Hoogs, and Cuelho sang several songs which were received with applause. Little Della Ash sang a lullaby and as an encore the irrepressible "After the ball." Dr. Moore presented his three very clever dolls who spoke wonderfully well by proxy. They gave several political hints—Nancy Davies being quite eloquent. The Doctor is evidently an experts ventriloquist. Messrs. Ritman, Ordway, and Hennessey are always favorites of any Honolulu audience. Mr. Chester Doyle with his fund of good humor and localised songs kept the audience roaring and would have been recalled during the rest of the evening. The song which made the greatest hit was Mr. Doyle's "So would I" which we some day will publish. It is hoped that the result of the evening was satisfactory to Mr. Ash.

## AN APPEAL.

The "Aloha Aina" League to Congress.

To the Honorable, the members of the Senate and House of Representatives of the United States at Washington:

The Hawaiian Patriotic League as representative of more than 8000 Hawaiian citizens, taxpayers and lawful voters of the Hawaiian Islands, whose names with their ages, were given to Hon. J. H. Blount make the appeal to the congress of the United States in behalf of our country's nationality and independence.

The course taken by us is unusual it is justified by events and circumstances as extraordinary. On the 17th of January 1893, J. L. Stevens, Minister Plenipotentiary of the United States, accredited to the Hawaiian government, consummated a conspiracy with a small faction of traitors to our country to overthrow the constitutional government of the Hawaiian Kingdom. In violation of treaty obligations of international law, and the plainest principles of justice, the armed forces of your powerful nation were used to encompass this wrong under the shadows of your powers called into action against a handful of Hawaiian native men, women and children under threats, unmistakable, and pregnant when they left the lips of Stevens and Wiltse, (then commanding the U. S. S. Boston.) Our royal friendship to your people, our gratitude for all past benefactions received at your hands, induced us to avoid a conflict which threatened to embroil us with the United States. We therefore confided our fate to your nation, relying upon your greatness, magnanimity and upon your courage to be just to the weak and defenseless.

Your faithless servants have enabled a faction, unsupported even by a tithe of the people of the islands, to render us powerless by disarming us, to enlist and arm alien mercenaries to menace, trample upon and destroy our liberties and god-given rights. Now, while these bandits hold our helpless nation by the throat ready to plunge their murderous weapons into its vitals, every rascal, every filibuster in the United States shouts "hands off" and cries out against interference with the men whom your servants permitted and assisted to rob us of our means of defense and to manacle us. We cannot, we will not believe that you, representing the great, the just, the cultured, the Christian people of the United States will allow the question of our great wrong and injustice to become the play thing of partisan politics.

Not alone our national life and independence, but our personal liberty and the few rights and possessions which have not been filched from us by alien intruders, are imperilled, and will be lost if your people refuse to do us justice and leave us bound and powerless at the mercy of our enemies. If you had declared it necessary to take our country for the welfare or safety of your own, we would most willingly and with one voice have ceded to you what we call our own, but outside of that necessity under our native monarchy. The unjustifiable acts of your servants force us now to appeal to you to repair the outrages and wrongs done to us, by delivering us from the tyranny which was cast on us by your servants. We cry to you for justice, and for such help as the honor and fair name of American people command you to extend us. And may the Great Lord of all nations so deal with your people as you deal with the weak oppressed and deposed nation of Hawaii nei.

With respect and aloha,  
Your servants,  
J. A. CUMMINS,  
Honorary President.  
J. K. KAULIA,  
Secretary.

The Asiatics in quarantine and who came hither by the Oceanic will be permitted to mingle with the multitude today.

Star Waiakaloa, for Kona,  
Star Claudine, for Maui and Hawaii.

The bk Matilda is at Fort street wharf discharging coal.

The German bk Nautilus is discharging coal at the Pacific Mail wharf.

The British ship Eastercroft is discharging coal at the Railroad wharf.

The tern Transit sailed for San Francisco this morning sugar-laden.

The tern Robert Seales is at the Dillingham wharf taking in sugar. She will probably sail next week.

The bk S. C. Allen is discharged and is now at the Fish Market wharf awaiting her turn to load sugar.

The Am schr. Carrier Dove is awaiting a berth to discharge her coal cargo. She is now lying at Allen & Robinson's wharf.

**LOCAL NEWS.**

The stolen Crown jewels have been nearly all returned. Wonder if they are genuine!

The bk Alden Besse is at the Oceanic dock loading sugar. Captain Fries hopes to get away the first part of the coming week.

Another German club, secret, is in process of formation. Germans only, are to be admitted.

The sealing schooner Theresa is in the stream, off Brewer's wharf. She will probably sail on her sealing cruise next week.

Kum Won was captured by Captain Larsen this morning. He is an escaped prisoner and a much wanted man.

The bark Albert, Captain Griffith sailed yesterday afternoon for San Francisco with 1190 tons sugar. Domestic value \$67,641.63.

The report of the entertainment given at the Opera House last Saturday evening was omitted in last night's, but appears in this issue, of the HOLOMUA.

The bark Rither is at the old Custom House wharf waiting her turn to take in sugar. She will probably commence loading today.

A new and somewhat lucrative business has been engaged in by the Government of late, viz; auctions sales of dogs at an upset price of \$1.60 per head.

The proposed excursion to Ewa last evening did not take place. There was no "ad" of the projectors in the HOLOMUA.

Don't forget the concert in aid of the Sailor's Home Society at the Opera House on the eve of Washington's Birthday. 'Tis for a good purpose.

The British ship Villalta is in the stream at present waiting sugar. She will not commence loading for a couple weeks to come.

If one desires to be in touch with the music of the outer world it is advisable to visit the Poplar Phonograph Rooms, Arlington Block, and listen to some of the latest "hits."

The bkne Irgard is at Brewer's wharf. She has finished discharging and will probably be hauled out in the stream to await turn for loading.

The question has been asked why the side-walk by the Eagle House and up to the Nuanu bridge has not been graded and laid? Another problem is surveying, and there will, probably, be an attempt to dodge the question.

The American ship C. F. Sargent is entirely discharged and is now taking in ballast. Her cargo here was 2000 tons of coal for the U. S. Government.

The British bark Velocity is at the old Custom House wharf, foot of Nuanu street. Captain Martin is only waiting for a few more passengers, before departure for China.

Captain Griffiths of the bark Albert enjoys such popularity amongst Island people that his ship rarely leaves port here without some of the gentler sex as passengers. Mrs. T. F. Lansing a well known society lady, and her children, were among other passengers by the vessel for San Francisco yesterday.

Father Theodore Lauter a well-beloved Catholic priest of the Mission at Wailuku, Maui, died at the Mission-house on Friday (Feb. 9th). The deceased priest has lived and performed the duties of his office, on Maui for nearly a quarter of a century. His death will remove the presence, from the Hana district of one who was a father in social as well as religious council. Father Lauter was only fifty years at the time of his decease.

**A DESPARADO**

**A Smuggler Stabs Two Police Officers.**

Joseph Cassideras, cook on the bark S. C. Allen, which arrived in port here from San Francisco lately, a man known to the police as a smuggler has added to his record by again being captured, and, in attempting to escape, having dangerously stabbed two police officers.

The circumstances as related, are that Cassideras had made effort to sell some opium to a Chinaman. The expected buyer informed officer Kanhane, one of the detectives of Captain Larsen's force, and he, Kanhane and Kaouli were detailed to capture the smuggler. Officer Kaouli waited in the vicinity of the vessel on which Cassideras was engaged. About 7 p. m. Cassideras came on shore and was shadowed by the detective until near the corner of King and Maunakea streets when an attempt of arrest was made.

Cassideras immediately became desperate and dropping the opium which he had with him draw a dagger some twelve inches in length and two inches broad and cut and jabbed at the officer Detective Kanhane who was close at hand came on the scene and immediately closed with the desperate smuggler throwing him to the ground. Determined to escape if possible the murderous Chilean cut and slashed with his knife reaching Kanhane in many places the most serious being on the arms and legs. Both officers had their hands cut seriously in the endeavor to get the knife away from their prisoner. Kanhane stuck to his man however and although bleeding from many wounds, he clabbed his man into quietude, and the smuggler was then brought to the Station. There examination was had of the officers wounds by Dr. Cooper and both were ordered immediately to the hospital. Today both officers are in great pain and at one time it was thought that Kanhane would die, but he has since rallied. The desperado smuggler is in the station, and evinces no contrition for his crime.

The American ship B. P. Rither is at the Mail wharf discharging coal. When discharged she will load sugar for San Francisco.

New postage stamps, ordered by the Provisional Government from designs by Mr. E. N. Holds, worth have been received from New York and will be distributed to the public in the near future.

The British Lion and English coat of arms look very much out of place over the doorway to the business house, on Queen street, of that much vaunted spread-eagle American citizen, John Thomas Waterhouse. "Between two stools," etc.

Mr. George Tyrol the sailing master of the yacht Tolna, of which Countess de Festetics is commander, will be sorry to hear of the loss of the steamer C. R. Bishop as he was the sailing master on that vessel, on her 3,000 miles cruise in search of the Lady Lampton's missing boat.

There was a very heavy rain pour last evening from 5 to 7 o'clock. Many streets were flooded but no damage was done except to the road beds. It was noticeable that Adams lane acted as a conduit for a great amount of water which fact being now reported may tend to assist in giving a "pointer" with regard to improved upper grades.

A Board of Education has been appointed by the Executive Council and consisting of W. B. Castle, Antone Perry, M. M. Scott, W. D. Alexander, Mrs. B. F. Dillingham and Mrs. F. S. Dodge. Mrs. Dillingham and Prof. Alexander will be approved by the public; but why Mr. Scott, who is an employe?
