Dear Wally:

Your kind letter of July 23rd is deeply appreciated.

I hope the land condemnation matter can and will be effectively settled before the August 1st deadline. Getting an additional extension of time may pose some difficulties but we'll cross that bridge when we come to it.

Do keep me advised and I will likewise keep you informed of any developments which may reach my office.

With warmest regards,

Aloha,

Dear Dan:

I did want to tell you how much we in Kaiser appreciate your effective assistance in delaying the land condemnation against Hawaii Kai and Mr. Kaiser. Negotiations are progressing in Hawaii with the District Engineer, and we are hopeful that a satisfactory settlement will soon be reached without the need of a condemnation action and the attending adverse publicity that goes with such a condemnation action.

I hope to have word from Hawaii on this issue and will let you know just as soon as possible.

Thank you again.

Sincerely,

DEPARTMENT OF THE ARMY
OFFICE OF THE SECRETARY OF THE ARMY
WASHINGTON 25, D.C.

AUG 1 1962

AUG 2 1962

Honorable Daniel K. Inouye

House of Representatives

Dear Mr. Inouye:

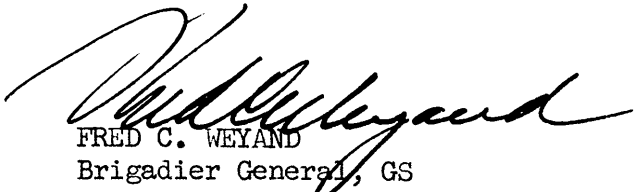

The Secretary of the Army has asked me to reply to your inquiry concerning a proposed condemnation proceeding to acquire certain land and interests therein from the Bishop Estate, et al., for NIKE Batteries 3 and 4, Hawaii Defense Area, State of Hawaii.

A delay in the filing of the condemnation proceeding until 1 August 1962 was heretofore approved in order to permit the Bishop Estate to submit a firm proposal to the Government in an effort to resolve the matter without resort to court action. A proposal has been received by the Division Engineer, United States Army Engineer Division, Pacific Ocean, Honolulu, Hawaii, who is now endeavoring to resolve a few remaining areas of disagreement with the Bishop Estate.

In view of the possibility that negotiations can be concluded satisfactorily, the institution of condemnation proceedings will be deferred for a reasonable period until such time as it appears that further negotiations would be futile. However, it is believed that it would not be beneficial to set a definite time, viz. 60 days, within which to conclude the negotiations in view of the long period of time that has elapsed since efforts were first made to acquire the desired real estate interests by voluntary conveyance or lease.

I trust this information will be of assistance to you.

Sincerely,

FRED C. WEYAND
Brigadier General, GS
Deputy Chief of Legislative
Liaison

The Honorable

The Secretary of the Army
Department of the Army
Washington 25, D. C.

My dear Mr. Secretary:

A land condemnation action is imminent in Hawaii which I feel could and should be delayed for 60 days in the interest of both the United States and the property owners involved. I am advised that on Friday, July 13, the U.S. Attorney in Honolulu has been directed to file condemnation action for the project identified as:

Acquisition Project for Nike-Hercules --
Control Numbers 3 & 4 -- Bishop Estates Land,
Maunaloa, Oahu.

I believe this condemnation action is the result of a recent request through the authority of your office to the Attorney General.

The condemnation action involves facilities lines through Bishop Estates lands to service Nike-Hercules units 3 and 4 on Oahu. These facilities are a communications cable, a water line, a water pumping station and an access road.

The land through which these facilities now run is under development in an agreement with Bishop Estates for a large, outstanding housing project with all necessary services that will make this project a city within itself. It is a multi-hundred million dollar project well along in development. The developer, Hawaii Kai, has been negotiating with the District Engineer in Hawaii to reach equitable settlements for the relocation of a portion of the communications cable, the water line and the pumping station. The access road is not at issue.

I am informed certain agreements have now been reached between the District Engineer and the developer on the partial relocation of the communications cable. There is substantial expectation that a similar agreement will be reached shortly for the partial relocation of the water line and pumping station. Following this, it will be possible to quickly conclude easements or forms of land tenure acceptable to the Government and the land owners.

July 12, 1962

May I point out that condemnation action under the order contemplated on July 13 would produce an adverse impact and harmful publicity to the development, the property owners thereon, and to prospective property owners. Also, I believe this condemnation would impose unnecessary costs both to Bishop Estates and the U.S. Government.

I would like to emphasize as a Congressman that I recognize the importance of the defense facility involved. I in no way wish to jeopardize our defense. However, I firmly believe that in view of the favorable negotiation prospects it would be in the best interest of all parties involved if you would now request the Attorney General to postpone the condemnation action for 60 days.

I wish to inform you I am sending a similar letter to the Attorney General.

Please be assured I would deeply appreciate your consideration and earliest favorable action on this request since time is so important.

Sincerely yours,

Daniel K. Inouye

EXTENSION OF REMARKS OF

HON. DANIEL K. INOUYE

OF HAWAII

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 22, 1962

Mr. INOUYE. Mr. Speaker, earlier this month a great American marked the 80th anniversary of his birth. On this occasion President John F. Kennedy expressed in a personal letter America's appreciation to Henry J. Kaiser for the industrialist's contributions to America:

The most constructive character of your life and work, coupled with your warm understanding of the human problems of the men and women who worked under you, earn you our gratitude as you pass this milestone.

As I also recall the many good deeds Mr. Kaiser has accomplished for the benefit of our society, I am reminded of the concluding remarks of President Kennedy in his inaugural address:

With a good conscience our only sure reward, with history the final judge of our deeds, let us go forth to lead the land we love, asking His blessing and His help, but knowing that here on earth God's work must truly be our own.

For the better part of his 80 years, Mr. Kaiser has shouldered the responsibilities of leadership in helping to make America, and indeed, the world, a better place in which to live. I have no doubt that the journal of history will remind the world of the accomplishments of my good friend and fellow American, Henry J. Kaiser.

On the eve of his birthday, Mr. Kaiser reminded his associates of the reason for the success of the Kaiser companies:

Every undertaking that we've tackled was entered upon because we saw unfulfilled needs of people. There is an almost irresistible force in giving of ourselves for the needs of others.

The Honolulu Star-Bulletin honored the industrialist on his birthday by publishing an editorial which recognizes some of his efforts. I ask unanimous consent to place this editorial into the RECORD:

The editorial follows:

[From the Honolulu Star-Bulletin, May 9, 1962]

LIFE BEGINS AT 80

Only one figure in Hawaiian history—or mythology—can lay claim to more prodigious feats than Henry J. Kaiser. That was Maui, the demigod, who slowed down the sun so that his mother's tapa could dry, and all but succeeded in uniting the islands of Maui and Hawaii.

We don't expect Henry Kaiser to tow Maui to Hawaii but it wouldn't surprise anyone if he were to announce that his next project is a series of bridges connecting the islands of the Hawaiian Archipelago. Out of just such dreams is the Kaiser story made.

And on his 80th birthday anniversary today, he shows no signs of slowing down. The cobbler's son who quit school at 13 to take a \$1.50-a-week job in a dry goods store, then went into the photographic business and finally migrated West to get into construction and earn enough money to claim a bride, presides today over a global empire of steel, aluminum, cement, construction, motors, and allied ventures worth at least \$2 billion.

In the less than 10 years his money has been at work in Hawaii, Henry Kaiser has transformed the west end of Waikiki, made Kaiser pink a household word, made poodies and catamarans popular, locked horns with the Dillinghams, introduced color television, stimulated the State into undertaking the Ala Moana "magic island" project, established a modern hospital against an almost united front of opposing doctors, built an estate for himself on the slopes of Koko Head and is now engaged in transforming the whole Koko Head area into Hawaii-Kai.

This is the man who formed the six companies to build the Hoover and other great dams of the West. This is the man who turned out a third of America's World War II fleet of Liberty ships, one every 10 days, although he had been in a shipyard only once before he started building them.

His formula for success? First, know yourself and decide what you want most of all to make out of your life. Second, use the great powers that you can tap through faith in God and the hidden energies of your soul and subconscious mind. Third, love people and serve them. Fourth, work.

As I also recall the many good deeds Mr. Kaiser has accomplished for the benefit of our society, I am reminded of the concluding remarks of President Kennedy in his inaugural address:

With a good conscience our only sure reward, with history the final judge of our deeds, let us go forth to lead the land we love, asking His blessing and His help, but knowing that here on earth God's work must truly be our own.

For the better part of his 80 years, Mr. Kaiser has shouldered the responsibilities of leadership in helping to make America, and indeed, the world, a better place in which to live. I have no doubt that the journal of history will remind the world of the accomplishments of my good friend and fellow American, Henry J. Kaiser.

On the eve of his birthday, Mr. Kaiser reminded his associates of the reason for the success of the Kaiser companies:

Every undertaking that we've tackled was entered upon because we saw unfulfilled needs of people. There is an almost irresistible force in giving of ourselves for the needs of others.

The Honolulu Star-Bulletin honored the industrialist on his birthday by publishing an editorial which recognizes some of his efforts. I ask unanimous consent to place this editorial into the RECORD:

The editorial follows:

LIFE BEGINS AT 80

Only one figure in Hawaiian history—or mythology—can lay claim to more prodigious feats than Henry J. Kaiser. That was Maui, the demigod, who slowed down the sun so that his mother's tapa could dry, and all but succeeded in uniting the islands of Maui and Hawaii.

We don't expect Henry Kaiser to tow Maui to Hawaii but it wouldn't surprise anyone if he were to announce that his next project is a series of bridges connecting the islands of the Hawaiian Archipelago. Out of just such dreams is the Kaiser story made.

And on his 80th birthday anniversary today, he shows no signs of slowing down. The cobbler's son who quit school at 13 to take a \$1.50-a-week job in a dry goods store, then went into the photographic business and finally migrated West to get into construction and earn enough money to claim a bride, presides today over a global empire of steel, aluminum, cement, construction, motors, and allied ventures worth at least \$2 billion.

In the less than 10 years his money has been at work in Hawaii, Henry Kaiser has transformed the west end of Waikiki, made Kaiser pink a household word, made poodles and catamarans popular, locked horns with the Dillinghams, introduced color television, stimulated the State into undertaking the Ala Moana "magic island" project, established a modern hospital against an almost united front of opposing doctors, built an estate for himself on the slopes of Koko Head and is now engaged in transforming the whole Koko Head area into Hawaii-Kai.

This is the man who formed the six companies to build the Hoover and other great dams of the West. This is the man who turned out a third of America's World War II fleet of Liberty ships, one every 10 days, although he had been in a shipyard only once before he started building them.

His formula for success? First, know yourself and decide what you want most of all to make out of your life. Second, use the great powers that you can tap through faith in God and the hidden energies of your soul and subconscious mind. Third, love people and serve them. Fourth, work.

OF HAWAII

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 22, 1962

Mr. INOUE. Mr. Speaker, earlier this month a great American marked the 80th anniversary of his birth. On this occasion President John F. Kennedy expressed in a personal letter America's appreciation to Henry J. Kaiser for the industrialist's contributions to America:

The most constructive character of your life and work, coupled with your warm understanding of the human problems of the men and women who worked under you, earn you our gratitude as you pass this milestone.

As I also recall the many good deeds Mr. Kaiser has accomplished for the benefit of our society, I am reminded of the concluding remarks of President Kennedy in his inaugural address:

With a good conscience our only sure reward, with history the final judge of our deeds, let us go forth to lead the land we love, asking His blessing and His help, but knowing that here on earth God's work must truly be our own.

Dear Dan:

The statement today by the Vice President is so timely. In addressing the Conference of United Press Editors and Publishers, the Vice President said that Communism can be stopped in Asia if the United States will work intelligently and firmly with free Asian countries who are trying to raise their living standards.

Mr. Johnson said that we must work with the people of Asia to improve their health, their housing and their standard of living so that they will have something to fight for. I am attaching a press quote of the Vice President's talk.

I well appreciate that this is not new in the wise thinking of the Vice President, but I think it is so timely in view of the East-West Cultural Center program, especially with regard to establishing a medical center. I feel that such a medical activity becomes a must if the goals proposed by Mr. Johnson are to be attained. Certainly the tools are available, including a most important item -- appropriation.

Thank you so much for talking with me today, and for your interest and support.

Sincerely,

Walter T. Chair
Assistant to the
Vice President

WASHINGTON--VICE PRESIDENT JOHNSON SAID TODAY COMMUNISM "CAN BE STOPPED IN ITS TRACKS" IN ASIA IF THE UNITED STATES WILL WORK "INTELLIGENTLY AND EFFECTIVELY" WITH FREE ASIAN COUNTRIES WHICH ARE TRYING TO RAISE THEIR LIVING STANDARDS.

HE VICE PRESIDENT, WHO RECENTLY RETURNED FROM A TOUR OF ASIA, MADE THE STATEMENT IN AN ADDRESS PREPARED FOR DELIVERY BEFORE THE 1961 CONFERENCE OF UPI EDITORS AND PUBLISHERS.

JOHNSON SAID THE COUNTRIES WHICH HE VISITED HAVE A COMBINED POPULATION OF 606 MILLION PEOPLE.

"THE COMMUNISTS ARE HOPING THAT WE WILL SURRENDER THESE PEOPLE WITHOUT A FIGHT," HE SAID. "BUT WE ARE NOT GOING TO DO IT. WE ARE NOT GOING TO PULL BACK TO HONOLULU AND SAN FRANCISCO TO AWAIT THE INEVITABLE COMMUNIST ASSAULT THAT WOULD FOLLOW SUCH A TREMENDOUS VICTORY."

HE OUTLINED FIVE STEPS WHICH HE SAID THE UNITED STATES MUST TAKE TO HALT COMMUNIST ADVANCES IN ASIA:

1. "WE MUST BE ABSOLUTELY CLEAR ABOUT OBJECTIVES" SO THAT ASIANS WILL KNOW THAT "WE DO NOT SEEK SATELLITES" BUT MERELY WANT TO HELP THEM PRESERVE THEIR INDEPENDENCE. THIS, HE SAID, THEY ARE EAGER TO DO.

2. "WE MUST HELP STRENGTHEN THE DEFENSES OF THOSE NATIONS LIKE VIET NAM THAT ARE ON THE FRONT LINE OF THE BATTLE AGAINST COMMUNISM." HE SAID NO ASIAN COUNTRY SEEKS AMERICAN TROOPS, "THEY WANT EQUIPMENT AND ADVICE FOR THEIR OWN TROOPS."

3. ~~BEHIND THE PROTECTIVE MILITARY SCREEN, WE MUST WORK WITH THE PEOPLE OF ASIA TO IMPROVE THEIR HEALTH, THEIR HOUSING AND THEIR STANDARD OF LIVING SO THEY WILL HAVE SOMETHING TO FIGHT FOR.~~ HE SAID THE PEOPLE OF ASIA "ARE GROUND DOWN BY POVERTY THAT MUST BE SEEN TO BE CREDITED BY AMERICAN EYES" AND "THERE IS A DESPERATE NEED TO RAISE THE STANDARD OF LIVING."

4. WHILE NO "MASSIVE" INCREASE IN THE AMOUNTS OF U.S.M ECONOMIC AID IS INDICATED, "WE MUST REDOUBLE OUR EFFORTS TO BE CERTAIN THAT THE AID IS REALLY TAILORED TO THEIR NEEDS AND THAT IT GETS TO THE PEOPLE WHO NEED IT."

5. "WE MUST GO DIRECTLY TO THE PEOPLE THEMSELVES AND REMOVE THE IMAGE OF AMERICA AS A WELL-DRESSED OFFICIAL WHO WHIZZES THROUGH THE STREETS IN A CHROME-PLATED CADILLAC TO AN AIR-CONDITIONED PALACE TO DRINK TEA AND MAKE A DEAL."

WASHINGTON--VICE PRESIDENT JOHNSON SAID TODAY THAT THE UNITED STATES WILL NOT SURRENDER ASIA TO THE COMMUNISTS WITHOUT A FIGHT AND ANNOUNCED A SERIES OF STEPS BEING TAKEN TO HELP RED-THREATENED SOUTH VIET NAM.

JOHNSON, WHO RECENTLY RETURNED FROM A 30,000-MILE FACT FINDING MISSION TO SOUTHEAST ASIA, SAID "THERE HAS BEEN SUBSTANTIAL IMPROVEMENT IN THE SITUATION IN VIET NAME."

IN A SPEECH TO THE 1961 CONFERENCE OF UNITED PRESS INTERNATIONAL EDITORS AND PUBLISHERS, THE VICE PRESIDENT SAID COMMUNISM "CAN BE STOPPED IN ITS TRACKS" IN ASIA IF THE UNITED STATES WILL WORK "INTELLIGENTLY AND EFFECTIVELY" WITH COUNTRIES WHICH ARE TRYING TO RAISE THEIR LIVING STANDARDS.

HE LISTED THE FOLLOWING ACTIONS WHICH HAVE BEEN TAKEN TO HELP SOUTH VIET NAM COMBAT THE COMMUNIST GUERRILLAS AND REMAIN FREE:

1. VIET NAM HAS CALLED UP 6,000 ADDITIONAL TROOPS AS THE FIRST STEP IN AN INCREASE OF 20,000 MEN IN ITS ARMY. IT IS ALSO INCREASING ITS CIVIL GUARD FROM 30,000 TO 60,000 MEN. THE UNITED STATES IS PROVIDING FUNDS AND MATERIEL TO SUPPORT BOTH INCREASES.

2. A TEAM OF AMERICAN EXPERTS HEADED BY DR. EUGENE STALEY OF THE STANDARD RESEARCH INSTITUTE WILL LEAVE FOR VIET NAM NEXT WEEK TO ADVISE ITS GOVERNMENT ON ECONOMIC AND FINANCIAL PROBLEMS.

3. A MOBILE TEAM OF HEALTH EXPERTS FROM THE ARMED FORCES AND PUBLIC HEALTH SERVICE IS NOW BEING FORMED FOR SIX MONTHS INTENSIVE WORK IN IMPROVING HEALTH AND SANITATION FACILITIES AT THE VILLAGE LEVEL, WHERE DISEASE NOW IMPEDES BOTH MILITARY RESISTANCE AND ECONOMIC PROGRESS.

4. PRESIDENT NGO DINH DIEM OF VIET NAM HAS REORGANIZED HIS GOVERNMENT AND IS SENDING ONE OF HIS TOP OFFICIALS, NGUYEN DINH THUAN TO WASHINGTON NEXT MONDAY FOR CONSULTATIONS WITH U.S. OFFICIALS ON THE SPECIFIC AID NEEDS OF HIS COUNTRY.

5. A SPECIAL UNIT HAS BEEN SET UP IN THE U. S. GOVERNMENT "TO WORK ON THE SPECIFIC PROBLEMS" OF STRENGTHENING VIET NAM.

JOHNSON CITED THESE ACTIONS AS CONCRETE EVIDENCE THAT THE UNITED STATES INTENDS TO "PUT UP A FIGHT" FOR FREEDOM IN SOUTHEAST ASIA.

OF THE NEED TO RAISE LIVING STANDARDS, JOHNSON SAID: "IT IS PRETTY DIFFICULT TO GET A MAN WORKED UP ABOUT FREEDOM WHEN HE HAS A PER

CAPITA INCOME OF \$40 A YEAR." THE VICE PRESIDENT SAID THAT "WE MUST FOLLOW EVERY DOLLAR OF AID WITH AMERICAN JUDGMENT AND MANAGEMENT BRAINS" TO MAKE SURE THAT IT IS WISELY USED. HE SAID THIS HAS NOT BEEN DONE TOO WELL IN THE PAST, "AND AS WE SAY DOWN HOME IN TEXAS I FOUND A GOOD MANY GATES OPEN."

JOHNSON DELIVERED A 15-MINUTE PREPARED ADDRESS AND THEN ANSWERED QUESTIONS FROM THE CONFERENCE DELEGATES FOR MORE THAN ONE HOUR.

Dear Dan:

Attached are memoranda ~~to~~ pertaining to Senator Johnson's Hawaii trip.

Yesterday afternoon, I delivered several copies of the memorandum addressed to you to Rein VanderZee, who is a very personable young man, and who, as I am sure you know, has spent some time in Hawaii.

Everything is on track and there will be no derailment. I appreciate how interested and anxious you are for the Johnson trip to be most successful and most effective from Mr. Johnson's standpoint and the November 8 results.

Thank you again for your effective assistance.

Sincerely,

Senator Lyndon B. Johnson

Walter T. Phair

Senator Lyndon B. Johnson has, as you know, accepted your invitation and that of the Hawaiian Village Hotels. The Senator's trip is now firm for September 4-5.

The group is flying Pan American commercial from San Francisco on Sunday, September 4, arriving at 3:30 P. M. They are scheduled to depart in the P. M. on September 5. The Senator's entire family will be with him as well as aides noted below.

Members of the party include:

Senator and Mrs. Johnson
Lynda Bird Johnson (16 year old daughter)
Lucy Baines Johnson (13 year old daughter)
Congressman and Mrs. Daniel Inouye
Dr. William Moyers (Top Senate Assistant)
Mr. George Seedy (Top Senate Assistant)
Miss Mary Margaret Wiley (Personal Secretary)

Approximately 30 additional people will be flying with Mr. Johnson. Most of them represent the press. I understand they will be accommodated separately in the Village Tower.

There are two advance men flying to Honolulu this Saturday, August 27. These gentlemen are Mr. Vincent Caughan and Mr. Tyler Shell and they will be in contact with Jim.

As I mentioned in my letter of August 19, Congressman Inouye personally followed up your kind invitation to materially assist in this matter.

REP. DANIEL INOUE (D-HAWAII) LATER TOOK THE FLOOR IN DEFENSE OF HOUSE COMMERCE COMMITTEE MEMBERS WHO HAD BEEN CRITICIZED IN THE KNIGHT NEWSPAPER SERIES FOR BILLS THEY RAN UP AT THE SURF BAR OF THE ROYAL HAWAIIAN HOTEL IN HONOLULU DURING A 1957 GLOBE-CIRCLING MISSION.

INOUE ADDED THAT THE SURF BAR PRICES ITS FOOD "AT COFFEE SHOP RATES" IN CONTRAST TO THE HOTEL'S EXPENSIVE DINING ROOM, SO THE TRAVELING CONGRESSMEN ACTUALLY MIGHT HAVE SAVED THE TAXPAYERS' MONEY BY EATING THERE. HIS SPEECH DREW APPLAUSE.

SEN. JOHN J. WILLIAMS (R-DEL.) MEANTIME SAID IT IS "HIGH TIME" CONGRESSMEN GIVE A DETAILED ACCOUNTING OF THEIR TRAVELS AND EXPENSES. IN ANOTHER DEVELOPMENT ON THE EXPENSE ACCOUNT ISSUE REP.
