HONOLULU, H. I. WEDNESDAY, FEBRUARY 15, 1899.

PRICE 5 CENTS.

Views on Situation.

New York, Feb. 8.—A dispatch to the Herald from Paris, says: There seems to be an idea here that Japan will make trouble for the United States by surreptitiously aiding the Filipinos. The Autorell and the Journal des Debats both refer to this, though neither gives its reasons for giving Japanese filibustering probable. At any rate the papers are satisfied that annexation pure and simple is now sure.

The Liberte says the ratification of the treaty entails fresh responsibilities on the United States. They cannot longer leave the Spanish prisoners in the hands of the natives. They must demand their immediate release, and enforce the demand by every possible means.

Meantime the New York Herald announces that instructions have been sent to Otis and Dewey ordering them to assume a vigorous attitude. Iloilo is to be attacked by General Miller. The Filipinos therefore have to make the choice of merciless repression or submission that may be to their advantage.

GERMANY AND SAMOA.

Berlin, February 4.—The German Government claims to have received advices from Samoa which dispose the Ministers in no wise acquiesce in the view that the German representatives are entirely to blame for the recent troubles.

The Raleigh at Port Said.

Port Said, February 7.—The United States cruiser Raleigh, which sailed for Manila on December 15th, via Suez, has arrived here.

Baron von der Heyderbrand, who has general charge of the Austrian laborers on Oahu plantation, speaks in fine sarcasm of the "vacation" a local paper said he was enjoying.

BIG OPIUM SEIZURE.

The tug Eleu arrived in port at 2:30 p. m., with 600 or 800 pounds of opium captured at Diamond Head.

A white man and two natives were caught.

Port Surveyor Stratemeyer was in charge on the tug, having with him Guard Kahuha.

Inspectors Neeley, Drake and Makaeha, with C. C. Rhodes from the customs office, went out on horseback and co operated in the capture.

Nine large and four small sacks, about the size of sugar bags, were found buoyed. The smugglers were pulling away from the plant.

It comes next to the Henrietta catch, and is the result of vigilant watching.

Residence Sold.

Mr. and Mrs. T. A. Simpson have sold their new house and lot in Makiki street, near the pumping station, to Mr. Jocker, a recent arrival in Honolulu. A good round figure was obtained. Mr. Simpson has been filling a position at Hilo for some time past.

The British Parliament opened Feb. 7.

Territorial Bill Shelved.

Washington, Feb. 4.—Speaker Reed is opposed to any general Hawaiian legislation at this session, and the Committee on Rules is believed to have shelved the resolution of the Committee on Territories providing for the setting aside of a day for the consideration of the Territorial bill.

AGUINALDO IS SORRY.

Washington, Feb. 8.—The War Department today received the following dispatch:

Manila, Feb. 8.—Situation rapidly improving. Reconnaissance yesterday to south several miles to Lagunaz bay to southeast eight miles, driving straggling insurgent troops in various directions, encountering no decided opposition, army disintegrated and natives returning to villages displaying white flag.

Near Caloocan, six miles north, the enemy made a stand behind entrenchments, were charged by Kansas troops led by Col. Funston. Close encounter, resulting in rout of the enemy with heavy loss. Loss to Kansans Lieutenant Alford killed, six men wounded.

On the fourth Aguinaldo issued flying proclamation charging Americans with initiative and declared war. Sunday he issued another calling all to resist foreign invasion. His influence throughout this section destroyed, now applies for a cessation of hostilities and conference. Have declined to answer. Insurgents expectation of rising in city on night of fourth unrealized. Provost marshal general with admirable disposition of troops defeated every attempt. City quiet, business resumed, natives respectful and cheerful. Fighting qualities of American troops are a revelation to all inhabitants. OTIS.

Manila, February 5, 8:15 p. m.—The long expected rupture between the Americans and the Filipinos has come at last. The former are now engaged in solving the Philippine problem with the utmost expedition possible.

The clash came at 8:40 p. m. yesterday evening. Three daring Filipinos darted past the Nebraska Regiment at Santa Mesa, but retired when challenged. They repeated the experiment without drawing the sentries' fire, but at the third time Corporal Greeley challenged the Filipinos and then fired, killing one of them and wounding another. Almost immediately afterward the Filipinos' line from Caloocan to Santa Mesa commenced a fusillade, which was ineffective. The Nebraska, Montana and North Dakota outposts replied vigorously and held their ground until re-enforcements arrived.

The Filipinos in the meantime concentrated at three points. Caloocan, Gagalangin and Santa Mesa. At about 1 o'clock the Filipinos opened a hot fire from all three places simultaneously. This was supplemented by the fire of two siege guns at Balik Balk and by advancing their skirmishers from Paco and Pandacan.

The Americans responded with a terrific fire, but owing to the darkness they were unable to determine its effect. The Third Light Artillery finally succeeded in silencing the native battery. The Third Artillery also did good work on the extreme left. The engagement lasted over an hour.

The United States cruiser Charleston and the gunboat Concord, stationed off Malabon, opened fire from their secondary batteries on the Filipinos' position at Caloocan and kept it up vigorously.

At 2:45 there was another fusillade along the entire line, and the United States monitor Monadnock opened fire on the enemy from off Malate.

With daylight the Americans advanced. The California and Washington regiments made a splendid charge and drove the Filipinos from the villages of Paco and Santa Mesa. The Nebraska Regiment also distinguished itself, capturing several prisoners and one howitzer and a very strong position at the reservoir, which is connected with the water works.

The Kansas and Dakota regiments compelled the enemy's right flank to retire to Caloocan.

There was intermittent firing at various points all day long. The losses of the Filipinos cannot be estimated at present, but they were known to be considerable. The American losses are estimated at twenty men killed and 125 wounded.

The Ygorates, armed with bows and arrows, made a very determined stand in the face of a hot artillery fire, and left many dead on the field.

Several attempts were made in this city yesterday evening to assassinate American officers.

Notables in Death List.

Manila, Feb. 5.—A most unfortunate accident occurred during the firing. A sharpshooter within the American lines in some unaccountable way shot and killed Sergeant George Regan of the First Wyoming Infantry while the latter was sitting at the window of the Second Reserve hospital.

Lieutenant Colonel George R. Colton of the First Nebraska Infantry was attacked by a native armed with a sword while he was riding in a carriage to the front. Colonel Colton drew his revolver and killed his assailant.

Colonel William C. Smith of the First Tennessee Infantry was attacked by apoplexy during the warmest part of the fighting and died before assistance could be given to him.

SHIPPING AND TARIFF LAWS

Chances of Being Extended at This Session.

Change of Date by Senate on Question of Registry—Aldrich Has Tariff Matter in Hand.

Washington, Feb. 2.—While the Committee on Commerce of the Senate today refused to add any of the other emergency legislation which was urged for Hawaii to the bill extending the navigation laws, it did find reason to extend the time during which vessels purchased by the citizens of Hawaii are eligible for American register. Instead of making the date at which the law of the United States should apply July 1, as did the House bill, it was decided to set the date at January 1, 1899, which allows several vessels bought after the passage of the annexation resolution by Congress to secure American register. In fact, it was stated in the House during debate that Hawaiian register was given to several ships as late as December 15, 1898. There is a chance that this action will be met by the House with a firm refusal and the result may be that the lobby of shipowners here may hold out until the end of the session.

In the meantime Senator Aldrich, the new chairman of the Senate Finance Committee, today said he would call his committee together Tuesday next to consider the customs bill. There may be no changes in the measure, although there will be an attempt to have a tariff placed upon any goods manufactured in the islands by Oriental labor and offered for import into this country. This, however, is only talk, as there will be no such legislation passed, the friends of the islands being too strong.

Senator Fairbanks, who is chairman of the Senate Committee on Labor, said today he would report the Perkins bill to exclude Chinese and contract laborers tomorrow.

CURRENCY OF HAWAII.

Some Peculiar Fact Discovered by a House Committee.

Washington, February 2.—The question of retiring Hawaiian coins and silver certificates was considered today by the House Committee on Coinage. Representative Hitt of Illinois and Judge Frear of Hawaii explained the need of this step. The Hawaiian silver amounts to about \$1,000,000 and the silver certificates \$272,000.

The curious feature developed was that literal specie payment prevailed, each numbered silver certificate having a corresponding number in the silver coin in the Hawaiian treasury for its redemption. It was stated also that the only full legal tender in Hawaii was the United States gold coin, Hawaiian and American silver being legal tender only up to \$10. The bill was referred to a subcommittee for further consideration.

Mr. and Mrs. Martin Smith.

Mr. and Mrs. Albert M. Allen of San Francisco have issued invitations to the wedding reception of their daughter Adelaide Maltman Allen and Mr. Martin Irving W. Smith. The reception will take place at the Hotel St. Nicholas. Mr. and Mrs. Smith will arrive here on the Moana to spend their honeymoon.

Saturday Evening.

Col. Albert Whyte's lecture on Klondike will be given at Y. M. C. A. hall on Saturday evening as announced. It will be illustrated with stereopticon slides operated by Prof. J. Lightfoot.

A letter received from Pollitz & Co., brokers, San Francisco, states that Hawaiian Commercial stock had reached \$74.

CHURCH DIRECTORY.

REORGANIZED CHURCH OF JESUS CHRIST holds meetings as follows in Millant Hall, rear of Opera House: Sunday 10 a. m. Bible class; 11 a. m. preaching in Hawaiian; 6:30 p. m. preaching Hawaiian; 7:30 p. m. preaching in English; Wednesday 7:30 p. m. prayer meeting.

THE WHISTLES WILL BLOW

Proposition of Mutual Telephone Company to Operate Signal Station.

Interview Between Collector General and Telephone Superintendent—Objection to Whistling for Tramps and Transport.

Collector General McStocker was authorized to tender payment to the Mutual Telephone Company for the telephone at Diamond Head signal station hitherto free. Accordingly Superintendent Cassidy had an interview with the Collector General of Customs yesterday afternoon.

Mr. McStocker stated that all the custom house wanted was to have the pilots' office immediately notified whenever any vessel was signaled from Diamond Head.

Mr. Cassidy in response made a proposition. The government was paying \$900 a year to maintain a lookout at Diamond Head. Now the Mutual Telephone Company would accept that \$900 and fully equip and maintain the signal station. It would promptly notify the pilots, the port physician and others interested in vessels when such were sighted. The system would be like that of the Merchant's Exchange of San Francisco.

There was no objection, Mr. Cassidy stated, to the blowing of whistles to signalize the approach of regular passenger steamers. The stirring up of the whole town, however, for tramp and transport steamers was a different thing. It compelled the replying, by the telephone operators, to questions poured into central from hundreds of people who had no practical interest in the arrivals.

Central was willing now, as it always had been, to ring up officials, hackmen, subscribers expecting friends in steamers, or those having any actual interest in coming steamers. It records the number of any such applicants, and by means of a switch can set all their telephones ringing at once.

The understanding at the interview was that the usual signals by whistle would be given for regular passenger liners. Mr. McStocker in the meantime submits the proposition of the company, for taking full charge of the signal station, to the Minister of Finance for consideration.

Locomotive Didn't Arrive.

It was expected by the Oahu Railway & Land Company that its big new Baldwin locomotive would come in the Australia. The article does not appear, however, in the steamer's manifest. This is a thirty-ton, ten-wheel, passenger engine. It has three pairs of driving wheels, and will be the most powerful engine yet put on the road.

TREATY WAS RATIFIED

Vote of One Democrat was What Saved the Day.

Hale and Hoar the Only Republicans Against It — Opponents Hopeful Up to the Last Moment.

New York, February 6.—A special to the Sun from Washington says: Political history will record the fact that the ratification by the United States Senate of the treaty of peace with Spain, by a vote of 57 to 27, or 61 to 29, counting the pairs, marked the close of one of the most bitterly fought contests since that honorable body came into existence.

The result was as close as the fight was desperate. Thirty-one votes were necessary to defeat the treaty, and all but two of them were recorded. Ten minutes before the result was announced it was still an open question which side would win, and even now after the smoke of battle has almost cleared away, the men who rallied about the standard of their heretofore successful leader, are still dazed with surprise, and even the victorious advocates of ratification are yet inclined to believe that it is all too good to be true.

It is literally the truth to say that when Gorman, the astute political manager, who has led his party in debate to so many political victories in the past, made the closing speech in open session today just before the fateful vote was taken, he spoke with all the confidence and self-satisfaction of a triumphant champion, as, indeed, he and his faithful followers then thought he was Gorman's cause was already lost when he defended himself from the widespread charge of opposing the treaty to further his soaring political ambitions, but he did not know it. He sat down amid an outburst of applause and acclaim.

One hour later the tactical manager of the other side, clear-headed, alert, resourceful Aldrich of Rhode Island looked across the chamber, and Gorman, who had just heard the verdict announced in the form of a negative vote of the junior Senator from Louisiana, caught his eye. Both smiled. One with the good natured triumph, the other with a characteristic expression which might indicate anything except sullenness or hatred.

All battles leave their scars and that of today is no exception. But the wounds soon pass away in the rush of events, and it will not be long ere peace will be restored between nearly all of the Senators, however, from whom many explanations and many apologies will be asked before they are restored, if they ever shall be, to their former standing in the ranks of their party colleagues. These Senators are Hale of Maine and Hoar of Massachusetts, the only Republicans who voted against the ratification of the peace treaty. The latter is spoken of with some small degree of tolerance because of his age and of the belief that he acted altogether from his convictions. Hale, however, must sit long upon the stool of repentance. He voted "no" today at a moment when it was thought his vote was needed to ratify the treaty. McEnery of Louisiana, McLaurin of South Carolina and Jones of Nevada, the men whose votes saved the treaty, had not been reached in the roll call when Hale responded "No."

When the Senate went into executive session after Chairman Davis, fearful of making a tactical blunder, refused five minutes to Wolcott to reply to Gorman, the opponents of the treaty were supremely confident of success, and the leaders on the Republican side, with the probable exception of Aldrich, admitted that the treaty was beaten.

In a moment another of the lightning changes which have marked the progress of the peace treaty to a vote took place, and hope quickly became a certainty on the Republican side of the chamber. Joy lit up the faces of the treaty adherents and its opponents listened crestfallen to the evidence that they had lost.

THE VOTE.

Washington, February 6.—This is how the Senate voted on the peace treaty:

Ayes — Aldrich, Allen, Allison, Baker, Burrows, Butler, Carter, Chandler, Clark, Clay, Cullom, Davis, Deboe, Elkins, Fairbanks, Faulkner, Foraker, Frye, Gallinger, Gear, Gray, Hanna, Hansbrough, Harris, Hawley, Jones of Nevada, Kenney, Kyle, Lindsay, Lodge, McBride, McEnery, McLaurin, McMillin, Mantle, Mason, Morgan, Nelson, Penrose, Perkins, Pottus, Platt of Connecticut, Platt of New York, Pritchard, Quay, Ross, Sewell, Shoup, Simon, Spooner, Stewart, Sullivan, Teller, Thurston, Warren, Wellington, Wolcott—57.

Noes — Bacon, Bate, Berry, Caffery, Chilton, Cockrell, Daniel, Gorman, Hale, Heitfeld, Hoar, Jones of Arkansas, Mallory, Martin, Mills, Mitchell, Money, Murphy, Pascoe, Pettigrew, Rawlins, Roach, Smith, Tillman, Turley, Turner, Vest—27.

Absent and paired—Cannon and Wilson for, with White against, and Proctor and Wetmore for, with Turpie against.

AUSTRALIAN FEDERATION.

Plans Finally Agreed Upon Copied After the United States.

Melbourne, February 2.—The unanimous agreement finally reached by the Australian colonial Premiers who have been in conference in some days regarding certain unsettled questions connected with the Australian federation bill, referred to them by the colonial legislatures, seems to insure the success of the federation project.

The federal capital will be, like Washington, in federal territory, the existing capitals being excluded. It will be established in New South Wales, but at least 100 miles from Sydney, the colonial capital. Pending the erection of a capital building, the Australian Parliament will meet in Melbourne. The Parliament is to consist of a Senate and a House of Representatives, and an absolute majority of the members of both houses shall decide all differences that may arise between the two. In other respects the original bill in unaltered.

Mary E. Foster.

The steam gear for manipulating sails, anchors, etc., on the schooner Mary E. Foster is the best that has ever been seen here. Captain Thompson has an electric plant which he will soon put into operation in connection with the donkey room, for signals. Capt. Thompson is the man who had the schooner S. C. Allen built in Bath, Me., and came out here with her as the first master. In this schooner he remained about eight years. The Mary E. Foster makes the second new vessel he has brought to Honolulu. No better man could have been chosen for her. Mr. Nelson is first mate and Mr. Johnson, second mate of the Foster.

The Last Car.

The last cars of the King street line going to Waikiki and Palama pass the Anchor Saloon. The cleverest mixologists in the city are there always to put you up anything you may desire. Drop in and take a drop before you take the car. The celebrated Seattle beer is to be had here on draught. A full line of liquors including the famous A. A. Jesse Moore Whisky etc., always on hand. The most exacting and varied demands can be satisfied. The Anchor Saloon is here to please its patrons.

Mr. F. C. Helbig, a prominent druggist of Lynchburg, Va., says: "One of our citizens was cured of rheumatism of two years standing, by one bottle of Chamberlain's Pain Balm. This liniment is famous for its cures of rheumatism; thousands have been delighted with the prompt relief which it affords. For sale by all dealers. Benson, Smith & Co., Gen. Agents."

WEDNESDAY, FEB. 15, 1899.

The Chinese laundrymen all raised their prices when the clothes sprinkling law went into effect.

There was a great deal of talk about white American colonization on the Kihai lands when the Government opened them for settlement.

AGUINALDO'S FIRST LESSON.

At last the self proclaimed patriot Aguinaldo has tested the temper of the American troops in the Philippines, with the result that the insurgents have been given a drubbing that they will remember for many a day.

This fight coupled with the ratification of the peace treaty makes the duty of the United States in the Philippines clear.

Whatever responsibility the United States must assume in this outbreak must rest upon those who opposed the ratification of the Peace Treaty.

City of Peking.

The City of Peking came in alongside the Pacific Mail wharf at about 7 o'clock this morning.

THE LAST WOLF.

One of the Traditions of Scotland is Preserved in Honolulu.

In Scotland the honor of slaying the last wolf is contested by Clan Cameron and Clan Mackintosh.

Temple Bar gives an account of the Mackintosh achievement. The burning of the huge primeval forest of Duthill, about the year 1650, caused all the surviving wolves to take refuge on one wooded knoll that somehow escaped the general conflagration.

Mackintosh summoned his clansmen and vassals to combine in hunting down the murderer. One upon whom the chief specially relied was the only absentee.

NEWS OF THE NAVY.

Movements of Iowa, Centennial and Justin and Others

The steamer Centennial sailed on the night of Feb. 6 for Manila with some 1800 tons of Quarter master's supplies.

The United States collier Justin went Mare island Feb. 6, where she will receive whatever overhauling is found necessary and be prepared for further service without delay.

The Battleship Iowa arrived in San Francisco Feb. 7, after covering the distance from New York in 117 days.

The collier Nero, which is to be used for cable laying purposes, is now undergoing the necessary alterations at Mare island and will be ready in a few weeks to start out on her mission of reducing the distance between the United States and its Pacific possessions.

TWO CONSULS ARRIVE.

To Represent Great Britain and France Respectively in Hawaii.

W. R. Hoare, whose appointment as British Consul to Hawaii has previously been reported, arrived in the Australia.

ALDRICH OPPOSED.

W. A. Kieny in an interview with the Call Washington representative, says that Chairman Aldrich of the Senate Finance Committee is disposed to oppose the extension of American tariff laws to Hawaii, and favors the colonial scheme.

AGUINALDO IS SORRY.

Continued from Page 1.

It is evident that the natives have been preparing for some time for just such an attack as this one. In furtherance of their scheme last night they cut the telegraph wire which for a time caused no little bother to the Americans.

Loss of Filipinos.

Manila, February 6.—Careful estimates place the Filipino losses up to date at 2000 dead, 3500 wounded and 5000 taken prisoners.

Loss of Americans.

New York, February 6.—A special to the Sun from Washington says: On the basis of reports of the casualties so far received from General Otis, the War Department officials agree that the fight between the American and Filipino forces on Saturday and Sunday must have been a terrific affair.

Officers killed, 3; enlisted men killed, 32; enlisted men missing and possibly dead, 2. Total killed, 37.

Officers wounded, 3; enlisted men wounded, 38. Total wounded, 41. Total casualties, 78.

Otis Has Full Power.

New York, February 7.—A special to the Sun from Washington says: As a result of the discussion of the situation in the Philippines at the regular meeting of the Cabinet today, the first field since the news of the Manila battle was received, Major-General Otis will be left to pursue whatever policy he pleases in dealing with the army of Aguinaldo.

Americans Hold Water Works.

New York, Feb 8.—A cable to the Sun from Manila dated 7 says: The scene about Manila today is a dreary one. Prior to Saturday night there were seven or eight villages that could be seen from the observatory here, which is the highest point for miles around.

There was no real fight today. Reconnaissance parties who were sent out by the Americans were in a number of cases fired upon by detached bodies of natives, but the shooting was desultory and so far as is known did no damage to our troops.

As has been told in the dispatches and mail advices to the Sun, the rebels captured the Manila water works, five miles northeast of the city, some time before General Gaudenes, the Spanish commander, capitulated to the Americans.

which is on the Mateo river, that the enemy had retreated, but had attempted to cripple the water supply by carrying off parts of the machinery that were absolutely necessary to work the plant.

Made Steamship Time.

The bark Roderick Dhu arrived yesterday from Hilo after having done some of the best sailing for a boat of her class on record.

Agoncillo in Canada.

New York, February 6.—A Washington special to the Herald says: Agoncillo, though in Montreal, is still under surveillance of the American secret agents.

Red Cross Ball.

The Hospital Corps of the Army assisted by their many friends in the city will give a ball next Tuesday evening, February 21, to celebrate Washington's birthday.

Sugar Prices Advanced.

New York, February 3.—The American Sugar Refining Company and the National and Moltenbur refineries have advanced the price of Nos. 5 and 10 refined sugars one-sixteenth of a cent a pound.

YOUNG/GRIFFITHS DEAD.

Was Only Son of Captain Griffiths and Well Known in Honolulu. Captain Thomas H. Griffiths of the bark Albert received the sad news this morning of the death of his only son, T. Alfred Griffiths, which occurred in San Francisco on the 7th inst. It was all the more painful tidings owing to the fact that the last previous word from Mrs. Griffiths was that the young man had continued to improve since the father's departure. Young Griffiths visited Honolulu in December, 1895, in company with Terrill, a comrade of the Bay City Wheelmen. Wheel road races were got up for the occasion, with handicaps for the benefit of local wheelmen, and in a very pretty and close event the visit was carried off the Hawaiian cup. This cup is now one of the most treasured trophies of the Bay City Wheelmen. A San Francisco paper says Griffiths has carried that organization's colors to victory in scores of road and track events. He was 25 years of age and held a responsible position in the Spreckels shipping house.

Mr. Rennie, a prominent planter of Fiji, came in the Miowera this morning. His object in coming here is to look into the rice culture.

LOCAL AND GENERAL.

Rev. Wm. Ault came from Lahaina this morning. A. M. Mellis has a severe crick in the back from a cold. Conductor Brown leaves for Vancouver in the Miowera tonight.

Dr. Watt of Libue came from Kapas in the James Makee this morning. A cottage on Young street, near Sam Parker's, is for rent. See N-w Today.

Wm. Thompson, the Davies traveler, went down the railway this morning.

Ed. G. Hitchcock went down to his new stamping grounds at Ewa plantation this morning.

Harry Armitage bought the 14 Waianae fractional shares at Morgan's auction yesterday for 181.

Mrs. Meredith of Cape Town, a sister of Dr. Watt of Libue, Kauai, arrived in the Miowera this morning.

William Dunbar has the contract to erect the new powder magazine for \$1200, the Bureau of Public Works furnishing brick.

Letters received per Australia state that San Francisco after a week of most beautiful weather, has experienced the coldest snap for several days, ever known.

J. T. Waterhouse & Son regret that on account of the Australia's refrigerator being under repairs, no cold storage goods arrived this trip. They have, however, received a fine assortment of seasonable fruits, breakfast cereals and a general supply of groceries. See ad on first page.

Assistant Engineer Lyon.

On February 4, the Naval Promotion Board composed of Admirals Sicard, Matthews and Norton, with Ensign H. E. Smith as recorder, recommended promotion of twenty-eight officers who showed eminent or conspicuous service in the recent war. Among these was Assistant Engineer F. Lyon of the Battleship Oregon. He was promoted one number, equivalent to five in the line.

Benefit Luau.

On March 4, the ladies of the Hawaiian Relief Society will give a luau in the large lanai at Maternity Home for the purpose of raising funds for the society. The cause is a good one and people should keep the occasion in mind. The Relief Society is now supporting forty families.

ORPHEUM THEATER.

Tonight a grand double bill will be presented at the Orpheum. "A Jealous Husband" and "A Delicate Question." Several new specialties will be introduced in conjunction with the above.

"A Delicate Question" is descriptive of western life and very vividly portrays the characteristics of desperado and half-civilized Indians. The play is of the sensational melodramatic order and abounds with stirring scenes and thrilling situations.

Saturday night a new play will be introduced which promises to be a genuine sensation. Tickets on sale at Honolulu Drug Co.

GERMAN LLOYD STEAMERS

New York, February 2.—It is learned here that the Santa Fe has entered into an arrangement with the North German Lloyd by which the latter is assured such rates over the Santa Fe system that the steamship company will be warranted in putting in execution a project contemplated for some time of establishing a line of steamers between the Orient and the port of San Francisco. The whole subject has been thoroughly investigated by the North German Lloyd people, and they found it necessary, in order to insure the success of their venture to arrange for a connection with one of the transcontinental railroads which would enable them to secure west-bound freights of cotton from San Francisco to Japan and China, and also of other commodities produced east of the Rocky mountains which are going forward to the Orient in constantly increasing quantities, such as iron and manufactures thereof, notably wire nails. The Santa Fe is in a position to tap the great manufacturing centers of the Middle West, it can handle the iron produced in Alabama, and will have facilities for putting the cheap cotton of the Southwest on the wharves of San Francisco not surpassed by any other transcontinental railroad. It is expected that the new arrangements will begin in September next, by which time the Santa Fe will be in a position to put its freights directly on the North German Lloyd steamers in San Francisco.

The North German Lloyd Steamship Company will put in operation within the next six or eight months a transpacific line of big, fast and elegantly appointed steamers between San Francisco and Hongkong, thereby closing the only gap in the company's extensive system of ocean lines that almost encircle the globe.

If you want a nice rubber tire back with a careful driver ring up Club Stable Hack Stand Tel. 319, and we guarantee you will be satisfied.

When WE Offer An Article For Sale And call it something, we're quite sure there's no false label on it; quite sure, indeed, that it is just what we call it, or we wouldn't expect to hold our position in the trade very long. We haven't labored steadily well on toward the quarter century mark to reach the top in our line of business just to fool away that good name we prize so much on a game of chance like misrepresenting an article of food.

CABLE BILL MAY PASS

Administration Forces Now Assisting the Measure. Postmaster General May Call for Bid from Various Companies—Hawaiian Lobby Giving Its Assistance.

Washington, February 4.—Another attempt to pass the Pacific cable bill, which was killed by the determined opposition of Congressman Corliss of Michigan, will be made soon, and there have been assurances given to the members of the House of Commerce Committee that the bill will pass. They are now satisfied there will be only feeble opposition to the measure.

There will be such changes made in the bill that it will not offer any of the objections which were made against it in the first place. There is to be a clause which will give the Postmaster General discretion in the awarding of contracts, and this will bring into the field other bidders for the franchise than Strymser, with result that in the end the cable may be constructed without the expenditure of a cent for bounty on the part of the Government.

The Cabinet has already taken up the matter and there has been a decision that every power of the Administration should be put behind the measure to force its passage at this session. With the aid of the President there seems little chance that the bill will fail to pass when it is again called up. The Hawaiian lobby now here is at work for the bill, and will aid its passage in every way.

TO PROTECT NEW YORK MORALS.

Lawmaker Who Wants a Censor for Public Amusements.

New York, February 3.—The fact that public opinion does not prevent the production of improper plays in New York has impelled Senator Grady to prepare for presentation to the Legislature a bill creating the office of censor of public amusements. This official, it is intended, shall examine every play to be produced, every song to be sung and every dance to be danced, eight days before the same is done in public. If the performance does not offend public decency the censor must, within three days after the application is filed, issue a permit for its production. If a theatrical manager thinks that the censor does not know his business he may appeal from his decision to the Art Commission. Any manager who produces a play, an act, a song, or a dance, of which the censor has not approved will be liable to punishment for a misdemeanor. That means that he may be required to live on Blackwell's island for a year and pay a fine of \$500.

Mr. Lansing Resigns. Attorney General W. O. Smith, who as president of the Board of Health, was asked if any steps had been taken toward appointing a successor to Theo. F. Lansing in the Board of Health, upon that gentleman's assured election as Senator. Mr. Smith answered: "No. Mr. Lansing has resigned. I would like to say personally that I feel it is a loss to the Board. He has always not only taken a great interest in the work, but has shown good judgment in its counsels. His advice in business matters, relating to the settlement on Molokai and quarantine matters, has always been valuable. "The work of the Board demands a good deal of time and thought of the members. They all serve without compensation, and at times have a good deal of responsibility, besides sometimes being subjected to criticism."

Coptic Makes Record.
The steamship Coptic arrived in San Francisco, February 2, more than a day and night before she was expected and with a new record for speedy traveling. She made the trip from Yokohama to this port in 9 days, 9 hours and 5 minutes, and her time from Honolulu to San Francisco, 6 days, 3 hours and 47 minutes, would have been considerably less but for a strong head wind. The Coptic sighted and spoke the Nippon Maru on the morning of January 29th and some hours later got a glimpse of the Mariposa. She overhauled the Aztec on the morning of February 1st. The big freighter will probably reach this port tomorrow evening.

Bark Seminole Changes Hands.
The old bark Seminole has just been sold in Vancouver for \$2500 to J E Macrae of this city. The Seminole is well known in this port. She is an old vessel, and in her present condition is not considered very seaworthy. She has formerly owned by a Seattle firm. She will probably be taken to San Francisco and converted into a coal hulk call.

Notable Visitors.
Among the arrivals in the Australia this morning were the Hon Thomas J Clunie of San Francisco, A J McNab of Idaho, and Dr Simmons of Sacramento, Cal.
"Tom" Clunie is one of the war-horses of the California Democracy, has several times been in the State Legislature as Senator, was Congressman from 1888 to 1892, and was on the floor with President McKinley, whom he somewhat resembles in appearance. He is the owner of the Clunie Opera House in Sacramento, has large holdings all over the State and is interested in many enterprises. He says that Dan Burns will win the Senatorial fight in California, and that he is here only for his health. However, those who know him say he knows a good thing when he sees it and generally goes after it.
Mr. McNab went to Idaho in the early seventies, invested in land and mining properties and made returns that places him in the ranks of the many millionaires of his State. He says he may invest here.

Lucas Bros. have begun excavations for the basement and foundations of the new McChesny building in Queen street. It will be united into one block with the old I. I. S. N. Co. office.
