DAYLIGHT BANK ROBBERY

MANAGER DEAD CLERK DYING

(Associated Press Cable to The Star.)

SAN FRANCISCO, October 3.—Armed with revolvers and pieces of gas pipe, two robbers entered the Japanese Kimmon Ginko Bank on O'Farrell street today at noon. The robbers beat Manager Urakata and Clerk Sasagi and escaped with \$5,000 in gold.

Manager Urakata was killed by the robbers and the clerk is dying from the effects of injuries inflicted upon him.

GENERAL MANAGER OF CABLE COMPANY

GEORGE G. WARD ARRIVED HERE THIS MORNING ON THE CABLE-SHIP RESTORER FROM MIDWAY

General Manager George G. Ward of the Pacific Commercial Cable Company arrived this morning from Midway by the cable ship Restorer. He is spending the day in seeing the city as the guest of Superintendent Gaines of the local station. Aside from visiting points close to town he was taken up Tantalus shortly after noon today.

Mr. Ward is making a complete tour of the world. He has visited all of the cable company's stations in the Far East and has over looked the new cable line which the cable company built in the Far East.

Mr. Ward will proceed to the coast in the near future. It is probable that he will sail on next Friday.

It was Mr. Ward who was the cause of the stranding of the Pacific Mail steamer Mongolia at Midway. He wished to visit that station and Captain Porter ran in and touched at that place, something unusual for a Pacific Mail boat and in the process the Mongolia was there for some days hard and fast on the reef.

INQUEST WILL BE HELD TOMORROW

CORONER'S INQUEST WILL BE HELD OVER REMAINS OF LITTLE JAPANESE GIRLS.

The inquest over the remains of the three little Japanese girls who met their death while in swimming yesterday will be held tomorrow at noon at the Police Station.

The hole in which the three little girls were drowned is about 60 feet square and is over ten feet deep. It was dug by the Public Works Department in order to obtain coral for the Beach road and it was not marked in any manner. It is impossible at high tide to know that there is any danger there.

Many people about town today expressed the desire to see it bouyed or marked in some manner. They are all of the opinion that the department should tend to the matter as they are responsible for it being there.

The hole is about 200 yards from the Ala Moana drive.

Driving The Vagrants Out Of Town

THE POLICE ON A CAMPAIGN TO
RID THE COMMUNITY OF THE
VICIOUS CLASS.

Ever since the carnival of thievery in different parts of town began, the police have been engaged in a campaign of rounding up the vagrants. A dozen or more have been gathered in during the last fortnight or two.

It is claimed that one handicap under which the police labor in this matter is that even when they produce conclusive evidence that the suspect is a vagrant, the District Court seldom imposes a sentence of more than thirty or sixty days. Under the law the maximum penalty is a year. But under decisions of the circuit and supreme courts, this has few terrors for the vagrant. He cannot be compelled to work, but imprisonment simply means that he will sit around the jail and get three square meals a day, and grow fat.

But most of them have learned that a sentence of a year is very improbable, thirty or sixty days being more likely. It is the belief of many that if the court should start imposing the maximum sentence, that it would not be long before this class would all leave.

The police now have adopted the plan of shipping the "vags" out of the country, and several have been induced to leave during the last few weeks.

DORIC EXPECTED TOMORROW.
The S. S. Doric is expected to arrive tomorrow from the Orient, en route to San Francisco.

WISCONSIN IS CHAMPION OF THE NAVY

BIG BATTLESHIP IS GOING TO
SAN FRANCISCO WITH THE
GUNNERY RECORD.

Flying at her fore peak the pennant that proclaims her to be the champion battleship of American gunnery the Wisconsin, Captain Drake, arrived this morning shortly after 8 o'clock from the Asiatic Station. She is going home from duty on the Asiatic Station and will probably never go there again until she is sent on some mission of war. The personnel of the vessels on the Asiatic Station has now been changed and no more battleships are to be on duty in that part of the Pacific.

The pennant that marks the Wisconsin as the target champion in the battleship and cruiser classes, is a triangular flag with red ground and a black ball in the center. The vessel made the record during the target practice at Manila Bay this year. The scores made by all of the vessels of the American fleet are as follows: Wisconsin, 137,925; Missouri, 128,830; Kearsarge, 125,971; Kentucky, 123,060; Colorado, 118,155; Maryland, 112,490; Indiana, 112,358; Illinois, 110,960; Alabama, 110,234; Ohio, 106,649; Pennsylvania, 105,448; Texas, 99,537; West Virginia, 87,903; Maine, 83,515; Iowa, 42,313.

The scores are given in points but the exact detail or their particular significance is not made known to the layman. The Navy Department is wisely guarding information of this character. The men of Admiral Evans fleet in the Atlantic thought the battleship Missouri had won the trophy but the honor belongs to the Pacific ocean. The following is the order issued by Secretary Bonaparte of the Navy regarding the result of the competitions:

Sir: The department takes pleasure in informing you that the annual record target practice of 1906 the U. S. S. Wisconsin attained the greatest final enria of any vessel of her class, and that her name will accordingly be inscribed upon the trophy for excellence in naval gunnery which, by direction of the President, is hereby awarded her. The trophy will be received on board ship with appropriate ceremonies, as indicated in the instructions relating thereto, will be mounted in such position as to be accessible to the members of the crew, at least while the vessel is in port, and will remain in her possession.

Dramatic Club On Wisconsin

BOYS WILL GIVE A PERFORM-
ANCE FRIDAY EVENING AT
THE ORPHEUM.

The U. S. S. Wisconsin which is now in port, after leaving Honolulu will proceed to San Francisco. After arriving at San Francisco and discharging the officers and crew who have completed a long cruise on the Asiatic station, she will have some minor repairs. After getting a new crew of officers and men she will make a long cruise around the Horn and join the North Atlantic fleet. The fleet is to be the most powerful ever collected under the American flag, and its principle feature will be sixteen battleships. The Wisconsin has had a glorious record in the Far East. In addition to winning most of the trophies in athletics, base ball and other sports, in competition not only with other ships of the American Asiatic fleet, but with foreign ships, she has won for herself the battleship trophy, presented by President Roosevelt, in competition with all the battleships of the American navy. In token of this she proudly carries the red trophy pennant at her foremast head.

Among other things the Wisconsin has a well organized dramatic club and a minstrel troupe. They have given many performances in Manila, Hongkong, Shanghai, Yokohama and other places. The dramatic club will give a melodrama on Friday night, October 5, at the Orpheum Theater. All the parts both in male and female are taken by members of the crew. As this is the farewell and final production of the dramatic club, it is expected that this will be a gala night and a most interesting as well as amusing production. The performance will be given for the benefit of one or more of the popular charitable institutions of Honolulu, and arrangements have been made so that the people of Honolulu may attend.

The Star's Dinner To The Newsboys

The eleventh annual dinner of The Hawaiian Star to its newsboys will be given, as usual, on Thanksgiving Day, which this year will be Thursday, November 29.

For more than a decade now, The Star has made the newsboys its guests on this particular holiday of the year, and the Thanksgiving dinner has become one of the events of the year both to the newsboys and to The Star.

The Star extends its invitation to be its guests at this pleasant affair. It extends the invitation thus early because there are other features of the event than the dinner, and in arranging these it will want to consult with the boys themselves, so as to fill out the whole day with as great a round of pleasure as it is possible.

The practice of giving the Honolulu newsboys an outing was originated by The Star, and it has been a source of satisfaction to this paper for eleven years now, and to several generations of newsboys. There is probably not a newsboy in the city who can remember when The Star's Thanksgiving dinner to the newsboys was not an established thing. The Star expects to maintain it as an established institution for many, many years to come.

So here's to the newsboys; you are all invited to The Star's Thanksgiving dinner on Thursday, November 29.

BASEBALL SATURDAY.

A nine from the U. S. S. Wisconsin have been to the base ball trustees for a game of base ball. The matter was passed to Charlie Falk and he will try and accommodate them. The game will be played next Saturday afternoon at the base ball park. The Wisconsin has a crack nine and there will be something doing.

AUDITOR SUPPRESSES THE LIST

WILL NOT ALLOW ACCESS TO THE RECORDS SHOWING HOW NUM-
EROUS GOVERNMENT EMPLOYEES HAVE BEEN SUED AND GAR-
NISHEED—OVER 500 SUITS HAVE BEEN FILED AND MORE THAN
FIFTY ARE STILL PENDING.

The Territorial auditor's office has come to the protection of garnisheed government employes and will not allow access to its list of the employes who have been garnisheed. Though the garnishees are all a matter of public record, the department has decided to protect the don't-pay-bills men and try to keep their names from being published. In the business community generally there has long been considerable soreness over the difficulty of collections in the Capitol, and this is one of the propositions which Governor Carter started out to reform.

At the auditor's office yesterday it was stated that no one was authorized to allow access to the list of garnisheed suits, in spite of the fact that the suits are really a matter of public record not only in the audit office but also in the district court. Auditor Fisher was not in the office, and could not be found. It was stated that he might appear during the day, but he didn't.

This morning the auditor was again absent. G. W. R. King, the second deputy was in charge. He stated that the matter of allowing publicity in connection with the garnishments of gov-

ernment employes had been submitted to Deputy Auditor Meyers, and that the latter had ruled that the records should be kept private. Auditor Fisher was not in the office, and it was stated by the clerks that it was not known whether he would be down today or not. No one seemed to know even where he was.

During the three years of the garnisheed law there have been over 500 garnishments of the Territorial auditor. About seventy of the suits are still pending, and some of the garnishments will last many years yet, unless the law is repealed.

It is reported that there are some very prominent officers of the government among the list of those garnisheed and the auditor's office is itself by no means left out of the list.

Local merchants, who have spent much money in defending the garnisheed law successfully, are considerably interested in the list. The Territorial auditor's department, however, refuses to let them know whether a man is garnisheed or not, and all they can do under the circumstances is take chances.

Try some of the coffee they serve with whipped cream at the Star Oyster House.

WANTS BATH HOUSE AT WAIKIKI

PARK COMMISSIONER THURSTON ASKES BOARD FOR \$4500 WITH WHICH TO BUILD BATH HOUSE.

Park Commissioner Thurston last evening sent the following communication to the Board of Supervisors, relating to the building of a bath house at the free bathing place at Waikiki: Honolulu, T. H., Sept. 27, 1906. Mr. D. Kalaauokalani, Jr., Clerk, Board of Supervisors, County of Oahu. Sir:—I am instructed by the Honolulu Park Commission to present for your consideration the following facts and suggestions.

Since the Board of Supervisors purchased the lease of the Kunst property at Kapiolani Park and requested the Honolulu Park Commission to care for the administration of same, the attendance of the public at such beach side park has been constantly increasing. The fact that free bathing is allowed is attracting a large number of people, especially women and children, although there is no adequate accommodation should be provided for them, on the premises not being designed for such purpose.

Feeling that, if the public are to receive the full benefit of the beach side park, bathing and other accommodation should be provided for them, the commission has been, in consultation with your Committee on Roads and Parks and secured from the architect, Mr. H. L. Kerr, preliminary plans and estimates of the cost of construction of a bathing house with fifty rooms, twenty-five each for men and women, with shower baths and toilets attached, and also estimate of cost for renovating the old building on the premises and arranging the same suitable for a rest and refreshment station.

They have also secured an estimate of the cost of making the bathing accommodation one hundred rooms. The said architect's estimate for the cost of rearranging, repairing and painting the old building is approximately \$1000; and for building fifty bath rooms, with toilets and shower baths attached, \$2500.

An additional fifty bath rooms would cost approximately \$1000 more. These figures show that for \$3500 the old building can be put into good shape and fifty bath rooms and accompanying accommodations constructed, while for \$600 one hundred bath rooms can be made and the old buildings renovated.

The Commission therefore suggest for your consideration, and recommend that our Board appropriate \$3500 for the purpose of repairing and renovating the old building and building fifty bath rooms, with accompanying shower baths and toilets.

In case it is found that fifty bath rooms are insufficient to accommodate the public, an additional appropriation to build additional rooms can be made. The bathing grounds immediately in front of the beach are obstructed by a large amount of coral, which, however, is easily blasted out. The debris removed can be made good use of in filling in the park. This work is being done by prisoners, making the actual expenditure comparatively low, the main cost being for powder and tools and transportation of the prisoners. The work is such that a definite estimate beforehand can not be presented. The commission are of opinion, however, that it should not cost over \$500 and ask your approval of expending that amount in the preparation of the bathing grounds.

The preliminary plans for the buildings submitted by the architect accompany this communication. I have the honor to remain, your obedient servant.

L. A. THURSTON,
Secretary, Honolulu Park Commission.

MORE BURGLARIES REPORTED.

The grocery store of Y. Wo Sing on the Ewa side of Nuuanu street between Beretania and Pauahi streets was entered Sunday night or early Monday morning and robbed of \$20 in cash. Entry was secured through a rear window. The robbers tried to open a safe in which \$1,000 was left but they were unsuccessful. The residence of a woman on Beretania street near Fort, was robbed the same night and another place in the same vicinity was also entered by a burglar.

SUPERVISORS DO MUCH BUSINESS

THE BOARD MET LAST EVENING AND DISCUSSED FUNDS—PETER BARON PAID.

The County Board of Supervisors met last evening and were called to order by Vice Chairman Lucas, Chairman Smith not arriving until late. Much of the evening was spent in the discussion of money matters for the county funds are running low.

Trouble first started when the Kapiolani Park bill came up. After considerable talk the board voted nem 3255.56. The Park Commission is to be notified to keep their expenses down. A letter from Sheriff Brown was read in which the case of Peter Baron came up. At the last meeting of the Board Baron's salary was thrown out. It was ordered paid last evening.

The request of the County Engineer that he have an assistant was acted upon. He will obtain an assistant at not more than \$150 a month. The County Clerk will appoint election clerks and these clerks will be paid \$10 whether they work one day or two.

The pay roll of the police department as was ordered some time ago to be investigated was reported upon. The pay roll covered duties which certainly had to be paid for. Brown was complimented on the assistance he had given the committee.

Road Supervisor Sam Johnson asked for \$15,000 for October for road work. His monthly report was as follows:

Honolulu, T. H., October 2, 1906. D. Kalaauokalani, Esq., Clerk County of Oahu. Sir: I herewith respectfully beg to submit a statement of the most important work completed during the month of September, and a list of the most important work under construction at the present time, and the estimated expense for payrolls and bills for material and supplies, to carry on the same during the month of October, 1906.

WORK COMPLETED DURING MONTH OF SEPTEMBER, 1906.
Construction, new bridge, Vineyard street.

Filling and coral dressing, Kawalaha street, 600 feet.
Drainage and macadamizing, Kapukaki Hill road, 1650 feet.
Macadamizing, Kalakaua avenue, 500 feet.

Grading, coral subgrading and macadamizing, Waialae road, 800 feet.
Grading and macadamizing Liliha street, 1125 feet.
Grading, coral dressing, Hobron Lane, 600 feet.

And a number of other light repairs such as patching, cleaning, oiling sweeping, etc., mentioned in the monthly report.

WORK UNDER CONSTRUCTION AND TO BE CARRIED ON DURING MONTH OF OCTOBER, 1906.

Construction, new road, "Horseshoe road" Pauoa.
Construction, various sizes concrete pipe.

Filling and coral dressing, Kawalaha street.
Drainage and macadamizing, Kapukaki Hill road.
Macadamizing Kalakaua avenue.

Grading, coral subgrading and macadamizing, Waialae road.
Grading and macadamizing Liliha street.

And a number of repairs in the outside districts of Manoa, Tantalus, Palolo, old Nuuanu Pali road, Kalihi valley road and Diamond Head road, such as patching, cleaning, grading, etc., also oiling different streets in different sections of the city.

The quarries which are in operation at the present time to supply macadam for the above mentioned work are, Kalaupatena Alewa and Makiki Quarry, also South street bunkers which furnishes coral dressing for Kalakaua avenue and Waialae road.

In estimating the expense to carry on the above mentioned work, I would respectfully ask that an appropriation of \$15,000 be made for the month of October, 1906.

Very respectfully,

Dole's Ruling On Trust

LEGAL PROPOSITIONS SET FORTH REGARDING TRUST LAW BY THE FEDERAL JUDGE.

Judge Dole's beef trust decision of yesterday is one of the most interesting, to members of the bar, that has been delivered here for a long time. In some way or other, nearly every local law firm of prominence is in the case, and it is also of importance as affecting the lumber trust case, which is pending in the same court.

The "beef trust," if it was one, is said to have gone out of existence after the filing of the suit, new methods of dealing with the meat supply having been adopted. The suit, however, will be fought to a finish, and the government expects to get an injunction, directing the meat growers and the market company to refrain from engaging in any combine.

Ten legal propositions ruled upon by the Judge in the case, were set forth by him in the syllabus as follows:
"Competition in trade and commerce."
"Competition is essential to trade and commerce from the point of view and in the interest of the public."
"Combination to destroy competition."
"Combinations to destroy competition are within the act of July 2, 1890 (26 Stat. L. 209), known as the anti-trust act, as combinations in restraint of trade or commerce."
"Restraints of trade and monopolies."
"While all restraints of trade are not monopolies, all commercial monopolies are probably restraints of trade. A combination to effect a monopoly in a Territory is therefore a combination in restraint of trade, and is within the third section of the anti-trust act."
"Practice.—Bill for enforcement of anti-trust act:—It is sufficient if a bill for the enforcement of the anti-trust act shows that a combination in direct restraint of trade or commerce, with sufficient power for the accomplishment of that object, has been entered into, without showing that any means have been taken to carry out such object."
"Combination in restraint of trade.—Injunction:—A combination of 'nearly all of the graziers and wholesale dealers in beef cattle and fresh beef in the Territory of Hawaii and a corporation engaged in the wholesale and retail trade in beef cattle and fresh beef in such Territory, whereby the former agree not to engage in such retail trade as competitors of the latter, not to deal in beef cattle or fresh beef with any competitor of the latter and to prevent and discourage importations of beef cattle and fresh beef by outsiders in favor of competitors of any member of the combination, and whereby such corporation agrees to purchase its entire demands for beef cattle and fresh beef from the former in equal portions at an agreed price, which should be the same for each of them and should not be changed by the supply or demand of beef cattle and fresh beef in the localities supplied by it, not to produce, deal in or import such commodity other than that purchased from the former and would prevent and discourage importations thereof by outsiders, in order to control prices of beef cattle and fresh beef to dealers and consumers in the Territory and to destroy competition among themselves and monopolize the trade in beef cattle and fresh beef in the Territory, is an illegal combination within the meaning of the anti-trust act and may be restrained and enjoined in an action by the United States."
"Unlawful combination.—Acts to effectuate.—Not necessary to a case under the anti-trust act that the acts alleged to have been done or agreed to be done to carry out the unlawful combination, shall in themselves be unlawful."
"Agreement.—Mutuality.—Where an agreement intrinsically shows mutuality between parties to it, it is sufficient without an express statement of such mutuality."
"Combination in restraint of trade.—Construction.—The words of the statute 'in restraint of trade' cover both the meaning of the words 'restraint of trade' indicating intention and the broader meaning of a scheme whose main result must be restraint of trade whatever its ostensible purpose."
"Reasonable restraint of trade.—The words of the statute allow no exception on the ground of the reasonableness of a restraint and it is not limited to unreasonable restraints. But a combination to effect some lawful purpose, but which remotely and incidentally restrains trade is not within the statute, the intent being absent. A combination, however, whose main result must be direct restraint of trade, is within the act, whatever its ostensible purpose, for the parties thereto cannot be ignorant of such necessary and paramount effect."
"Practice.—Allegations as to restraint of trade.—Not necessary to show in proceedings under the anti-trust act that restraint of trade is actually effected or made complete by the combination complained of."

STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers a great many years.
Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for many years under her direction, and since her decease she has been advising sick women free of charge.
Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation.
Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.
If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.
When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it, "I do not believe it will help me."

REAL DISCUSSION OF A VITAL QUESTION

ANTI-SALOON LEAGUE ASKS EVERYBODY TO GIVE THEIR HONEST OPINIONS ON THE SUBJECT.

The Anti-Saloon League is again to come before the public in a series of articles. This time it is not to be one person writing a number of articles, but a number of persons each writing one article. The intention is to have an article appear in each of the Honolulu dailies once per week from now on until election time. Tuesday is the day for speaking through The Star.
An invitation is extended to the public to join in discussing the articles from time to time as they appear. The invitation too is insistent with respect to the temperance forces. The agents of the liquor traffic can be depended on to say their say since they are financially concerned. It is the temperance elements who must speak without the financial stimulus. There is only regard for public welfare to prompt them. The easy thing is to keep still, the most popular thing perhaps. But it is not the patriotic thing, the right thing. For all of us to follow that course would leave the temperance cause with no champion from any quarter. For the temperance elements to keep silent when the liquor forces are aggressive means to give the impression that the sweep of public sentiment is against temperance. We believe dominant public sentiment, if it could only be made to show its hand, points in the other direction. We want the impression too to be in harmony with the real fact. It may mean financial sacrifice to some to espouse the right. But what if it does? The world's saviors have always been those who have been willing to sacrifice.
Show your colors and let us know what you think. We may not always be able to agree on details. But if we did there wouldn't be so much need for discussion. We don't expect perfect agreement even in the papers which will appear. We simply wish a good-natured discussion of principles and conditions, hoping thereby to help each other toward the truth, and to make it possible all together to move forward in the direction of the ideal.
We should even welcome independent papers dealing with special phases of the liquor problem. We have topics we are every anxious to have someone treat of, and which have not yet been assigned. We should be very glad indeed to confer with any one who may be interested enough to write.
Very respectfully
Agitation Com., Anti-Saloon League.

What The Matter Is With The Party

There can be no doubt in the mind of any intelligent observer that the Republican party of Oahu has been led into a position of the utmost danger to its ascendancy, which but a short time ago seemed so safe as to be beyond question.

The Fourth District is almost aflame with resentment against the methods of party management and the Fifth runs wild on the race issue, with all sorts of rumors of application of the knife to every haole. That the result of it all will be a partial defeat, at least, for the dominant party, seems to be quite certain,—and the defeat is thoroughly deserved.

The lack of popular support for Republicans comes not from maladministration or failure of administration of the affairs of the County. It is not a result of either incompetence, indifference or corruption in the police department, as some would like to have it. The party can safely boast that it has given the County government system a good, successful start. The opponents of the party will not devote much campaign time to attacking the record that has been made. The weakness is almost wholly a matter of political methods. The "machine" is becoming too much for the party to carry. Intelligent voters will not, and should not, submit to be mere tools of an organization in which they have no voice. They will not and should not submit to being ruled by a Boss whose power is based, in the last analysis, on how many jobs he can control and how many grafters he can feed. This does not apply any less to one boss than another. It is a system that has grown up within the party and disgusted the voters. American cities in some cases have stood it for years, but it was because they had not our little provincial closeness of acquaintance with everything that goes on, and didn't know how the trick was being worked. And American cities which stood the bossism for years have frequently rebelled, regardless of party.

A party convention in a city of Honolulu's size with about forty policemen as delegates, is an outrage and an affront. Add to it a lot of road laborers under orders, not from the voters, and there is a situation which quite naturally brings on the gloom that pervades Republican ranks today. Between them, these sorts of forces succeeded in forcing on the party, nominees who would have stood no chance in a primary where the people had a chance to name their choices. And in Honolulu, where the "straight ticket" doctrine, now dead almost everywhere as far as purely municipal matters are concerned, never had much life, the voters have revolted against this sort of thing. Two months ago The Star warned the Republicans against this very danger, telling the organization that the people, upon whom it must finally depend for success, would not submit to be led to the polls for bad candidates merely because they had a Republican label.

It is perfectly evident now that the voters are not going to be led. The light registration in many precincts, as anyone can hear on the street corners, is due in part to the fact that there are many voters so disgusted that they will not vote at all,—it is their way of avoiding the unpleasant experience of voting for the opposition. The machine and graft precincts have registered to the limit.

Job Holders Who Don't Pay Debts

The law relating to the garnishment of the salaries or pay of public employes has been upheld by the Supreme Court. By the law one-fourth of the salary or pay of any public employe may be garnished by a creditor and on final judgment in his favor he applied to the extinguishment of the debt, until the judgment is satisfied. As The Star has frequently made known, there are a considerable number of public employes who have been garnished, and are now drawing seventy-five per cent of their pay while the other twenty-five per cent is going to their creditors. In some cases the employe, if he lives and continues in public employment will have satisfied the judgment in the course of a few years. Six and eight years are the terms of some of these job-holders.

The law is a good one in some particulars. The operation of the garnishment being continuous, the records of the auditors' offices will show just who among public employes don't pay their debts, and how long it will take for the garnisheeing creditor to get his money. These records constitute a list of very great importance to the public. If the public is willing that thirty or forty of its county employes and from fifty to a hundred of its territorial employes shall belong to the garnishee class, it can know just who the individuals are. But it is not to be believed that the public will tolerate any such thing. There ought to be a sentiment in this community that will refuse to condone any such thing. The merchants are more vitally interested in this than anyone else. They ought from motives of self interest to seek to arouse public sentiment on this subject.

There should be no debt shirkers in public employment.

A Move To Be Commended

The efforts of the Agitation Committee of the Anti-Saloon League to promote good tempered, rational discussion of the liquor question is commendable. It is a subject which has come very prominently before the public of the whole territory during the past year in connection with the operation of the liquor license law which was passed by the last legislature. It is a question upon which there has been expression of opinion by sheriffs and other peace officers, grand juries, magistrates and circuit judges, and by many others who have either given observation to the operation of the law and its results, or have sought to draw conclusions from the announced observations of others.

All three of the local political parties have expressed themselves on the subject and have pledged their legislative candidates in more or less ambiguous phrase to "remedy the evils complained of."

Church and other reformatory organizations have pronounced themselves on the subject either in relation to particular phases of the larger question, or in relation to the question at large.

Yet for all that has been said there is a good deal of unstable and fluctuating opinion on the subject in the community. A great many people do not know exactly what they believe on the subject, and not at all what remedy they want applied, if any. It is not to be expected that any discussion of the subject will bring about unanimity. It hasn't anywhere else, and we are not essentially different from other communities. But honest discussion will advance the average sentiment of the community toward a sincerer and more serious stage. It will eliminate from within the purview of legislation some ill advised attempts at dealing with the question. It will very likely bring about a better consensus of opinion as to which is the best direction to at-

Oh, well; if the Advertiser thinks it is creditable to the Republican Central Committee to have in its employ a man who insists that he was connected with and a party to crooked prize fights, we will let it go at that.
Chairman Robertson says the Republican Central Committee has no persons connected with prize fighting in its employ. Perhaps it has been able to secure some Sunday School Superintendents to work for it.

If the Mongolia hadn't gone up to Midway to land Vice President Ward of the Pacific Cable, she wouldn't have gone on the reef. If the cablesheep Reared hadn't been here, the Manchuria might not have got off the reef. Now here is a nice opposition of obligations and responsibilities. Couldn't the two companies just balance them, the cable company saying "Here, we got the Mongolia into trouble, but we got the Manchuria out of trouble; lets call it horse and horse." To which the Pacific Mail might reply, "All right; we won't charge you anything for getting the Mongolia on the reef if you won't charge us anything for getting the Manchuria off; shake."

WISCONSIN CHAMPION OF THE NAVY

(Continued from Page One).

session until the first subsequent annual record target practice at which her final merit is exceeded by one or more of the vessels of her class, when upon receipt of instructions from the Department, the trophy will be transferred to the vessel having the highest final merit of her class at that practice. In transmitting this trophy the department extends its congratulations to you and the personnel under your command and commends the intelligent and zealous training which has produced the gratifying efficiency of the division officers and their gun pointers and gun-crews that is indicated by the scores made.

Very respectfully,
CHARLES J. BONAPARTE,
Secretary.

The Commanding Officer U. S. S. Wisconsin.

The trophy is a handsome bronze tablet.

The Wisconsin was lost in Honolulu in 1893 with Admiral Evans' fleet. She has been on duty for over three years on the Asiatic Station. The vessel left Chefoo September 2, Kobe, September 6 and Yokohama September 21. She had good weather to this port. The vessel sighted the America Maru and Siberia. She did not go near Midway. Efforts were made to reach the local station with the wireless apparatus but no response was received. It is thought that the high mountains intervened with the electric currents, from the direction in which the Wisconsin was coming. The vessel will remain at Honolulu about 4 days taking on about 600 tons of coal.

One very interesting feature, and incidentally a very valuable asset on the Wisconsin, is the Badger, the semi-monthly publication issued by Robert D. Jones. The Badger gives an account of the itinerary and history of the vessel and contains many bright allusions to those aboard. Jones was the editor when the vessel was here before and is a very clever fellow. During the recent trip of the vessel he published a little daily of the Badger, in which some very smart things appeared.

During the stay of the vessel in Honolulu the minstrel company will probably give a performance.

It is not thought the vessel will go out of commission. She does not require any extensive overhauling like the Oregon did. She will go to San Francisco from Honolulu.

Her officers are as follows: Captain Franklin J. Drake, U. S. N., commanding; Lieut. Commander Roger Welles, U. S. N., executive officer; Lieut. Zeno E. Briggs, U. S. N., navigator; Lieut. Henry N. Jensen, U. S. N., engineer; Lieut. J. P. Ryan, U. S. N., ordnance; Ensign Thomas L. Osburn; Ensign William Anernum, Ensign William J. Gilles, Ensign Frederick V. McNair, Ensign Daniel T. Ghent, P. A. Surgeon Henry E. Odell, Paymaster William B. Rogers, Captain James T. Boates, U. S. M. C.; First Lieut. Nelson P. Vulte, U. S. M. C.; Boatswain Frank Bresnan, Gunner Ernest Kellenberger, Carpenter Robert H. Lake, Warrant Machinist Charles G. Nelson, Warrant Machinist George S. Bingham, Warrant Machinist Arthur T. Perival, Acting Warrant Machinist John P. Richter, Pay Clerk John E. Francis.

PROSECUTION CLOSES THE CASE

EVIDENCE FINISHED BY THE GOVERNMENT IN THE CASE OF GEORGE WAINEE.

The prosecution closed this morning in the trial of George Wainee, charged with the murder of his wife. Most of the new evidence placed before the jury was in the shape of admissions by the defense, of statements made by Deputy Attorney General Prosser regarding the condition of the premises where the tragedy occurred. The jury viewed the premises yesterday afternoon, and the facts admitted had reference to alterations which have been made since the alleged murder.

When the prosecution closed Attorney S. B. Kingsbury for the defense asked for a recess, stating that he had not expected to open the defense so soon. He said that Prosser had told him he would occupy all of today, and that the defense had therefore not prepared to begin the defense. Prosser denied that he had said that he would take all day, and the attorneys seemed to be prepared for a nice scrap, but Judge De Bolt granted the request for a recess, though not without making a kick saying that time was precious.

MAIL DUE TOMORROW.

The S. S. China is due tomorrow from San Francisco with six days' later mail from the mainland.

POSITION UNCHANGED.

There has been no change in the position of the transport Sheridan. The donkey engines are being replaced on her so that she can be pulled off the reef without danger of her capsizing. She lies in an easy position and can be floated at any time.

DAMAGE TO KEKAHA MILL.

The fire at Kekaha mill several days ago started in the sugar room where about 5,000 sacks of sugar were stored. The fire destroyed or else damaged all of this sugar and then spread to the mill. The blaze was finally extinguished. It is estimated that the total damage is about \$16,000. Details of the disaster were brought this morning by the steamer Mikahala.

MERRY WEDDING AT HANALEI

MARRIAGE OF MISS LENA DEVERILL TO W. F. SANBORN MANAGER OF PRINCEVILLE.

LIIHUE, Kauai, October 1.—It is over now, and everybody declares that it was just the sweetest affair imaginable.

The main parlor of the Deverill home was the scene of the ceremony and here in a bower, artistically arranged in green and white, Miss Lena Deverill and W. F. Sanborn, manager of the Princeville Plantation Hanalei, were united in holy wedlock by Rev. Lydgate last Thursday night. Precisely at eight the bride entered the room attended by the Misses Allen Aldrich, Mary Chillingworth, Molly Cummings and Ethel Whiting, her bridesmaids while Florence Deverill acted as maid of honor.

The groom and his best man J. W. Donald were as prompt and the most momentous minutes in the life of the young people soon passed.

After congratulations had been offered by the many guests present the beautiful gifts, with which friends of the young people helped to beautify their new home, were viewed in the second parlor. Beautiful things, useful and ornamented in silver, cut glass and china attested to the popularity of the young people.

Back of the House a large lanai had been erected for the occasion and here an excellent cold supper was enjoyed, and some both eloquent and witty speeches made. The Depevism must have commanded the undivided attention of the guests, as it suddenly was discovered that both bride and groom had taken French leave of their friends.

The consensus of opinion was that this was altogether too sudden, and the whole company therefore started out in search. They were traced to their new home, and here they were given the serenade of their life. They stood it as long as possible, but at last had to capitulate and open the door for their insistent friends.

The whole house with its new arrangements and improvements was examined and something cold enjoyed in the dining-room.

At last friends took pity on them and went away, but not, as should be expected to their several abodes. Hanalei beach laid there, shining in the moonlight and proved too tempting. A bathing party was hastily arranged and it was the "wee wee" hours" before the merry makers thought of snatching a few hours' rest.

Present on the occasion besides bride and groom were: Messrs and Mesdames Henry Kirkby, C. Chillingworth, J. K. Lota, C. B. Mokee, J. R. Myers, Dr. and Mrs. Yamagata, Mrs. S. B. Deverill, Mrs. Helen Noonan, the Misses Allen Aldrich, Mary Chillingworth, M. Cummings, Florence Deverill, Ethel Whiting, Messrs. D. L. Austin, A. M. Boyle, L. B. Boreiko, B. Clark, George Clark, E. Deverill, P. Deverill, J. W. Donald, Edwards, Rev. J. M. Lydgate, J. L. Robertson, J. I. Silva, Van Hizen, E. C. Vaughan.—The Garden Island.

MORNING STAR IS GOING AWAY

The missionary steamer Morning Star is to leave Honolulu. Orders were received some days ago by Captain Garland, the master of the vessel, to take her to Seattle where she is to be offered for sale. The vessel arrived July 13 of last year badly battered from having been in a hurricane in the South Sea Islands. Efforts were made to sell the vessel in Honolulu and abroad as the American Board of Foreign Missions desired to save the expense of maintaining the craft. No satisfactory offers were received for her. Captain Miller offered \$15,000 for the boat. She had been held at double this figure, but she was cut to \$22,000, but he declined to give the extra \$7,000.

It is thought there will be more demand for the boat on Puget Sound, so she is being put into commission for her trip. She went on the marine railway some days ago and is now coaling. She will probably get away next Saturday. Captain Garland will take her up.

DEFENSE OPENS IN WAINEE CASE

The defense in the George Wainee murder trial began today, and it appeared that intoxication was not the only line of defense. In addition it is being claimed by counsel for the defendant that the death of Mrs. Wainee was not due to any blows inflicted upon her by her husband, the defendant. The line of defense was outlined in an opening statement to the jury by S. B. Kingsbury, leading counsel for the defense.

Dr. C. B. Cooper was called as an expert to testify as to the nature of the bruises on the head and face of the deceased, and the possible cause of the brain hemorrhage from which she is alleged to have died.

It is expected that the case will be finished tomorrow.

LINDSAY TAKES CRIMINAL CASES

Judge Lindsay will take up the criminal calendar of the circuit court after the conclusion of the Wainee murder trial, now before Judge De Bolt. The three circuit judges have signed an order reassigning the criminal cases to Lindsay, who was to have taken them all this term but for his absence.

LAKE'S GARNISHEE.
County Detective Denies That He Is Held Up For \$163.

"I see that I am on the garnishee list as published, as garnisheed for \$163," said Detective Lake of the County Attorney's office this morning. "Such a publication does me an injustice, for I do not owe any \$163, nor anything like a quarter of it. "The fact is that I did owe \$163, on a debt of honor, which I have practically paid up. There is less than \$20 left on the account. It is therefore a misrepresentation to state that I am garnisheed for \$163."

THE ONLY SPOT.
The influx of visitors to Haeiwa continues for it is more than a honeymoon spot though better place for a honeymoon is not in the Territory. The climate at this resort is ideal and there is not a day in the year when a good breeze does not blow. The cuisine and appointments are the best and the rates about half what they should be. You will be benefited by a day's sojourn there. St. Clair Blagood, manager.

DIAMOND HEADS PLAN GOOD TIME

WHEN NEXT THE MOON IS FULL AND ROUND THE DIAMOND HEADS WILL OWN THE TOWN.

There will soon be something doing in the circles of the Diamond Head Athletic Club. When the moon shines forth next time in all of its glory it will gaze upon a scene of jollification. If the present plans are carried out, for the Diamond Head boys are to have a good time and into the hands of an able committee the affair has been placed. It is composed of Ben Clarke, E. Fernandez, E. Jane, Sam Chillingworth and L. Petrie.

The Diamond Head Athletic Club, Ltd., held their monthly meeting last evening and between times they did business. However they managed to appoint the following managers: E. Fernandez, Association football; E. Fernandez, basketball; A. S. Robertson, swimming; A. K. Akana, track athletics.

O'MEARA NOT EMPLOYED.

A. G. M. Robertson stated this morning positively that Dick O'Meara was not in the employ of the Republican Central Committee. He stated further that he never was employed there. Some time ago in answer to an article in these columns O'Meara stated that he was working and in the employ of the Republican Central Committee. Mr. Robertson states that that is not true. O'Meara is the man who published an affidavit accusing Dick Sullivan of crooked prize fighting.

DEMOCRATS HELD SEVERAL MEETINGS

FIRST AND SECOND PRECINCTS CLUBS HAD JOINT RECEPTION FOR CANDIDATES LAST NIGHT.

There were two meetings of Democrats last night. The largest meeting was that at Kamohili where the First and Second Precinct Clubs of the Fourth district combined forces to receive the various candidates. The meeting was held in the club rooms of the Second Precinct club. Jesse Ululih the president of the Second Precinct club and who is also running for the legislature from the Fourth district presided.

Among the speakers were Iola Kikahiki who is a representative candidate, Curtis P. Iaukea, Charles Rose, R. H. Trent, Thomas Gandall, Joe Fern R. Beverly Kidd, Harry Juen and others. Fred Weed acted as interpreter.

It was decided to have another joint mass meeting next week at the church yard at Kamohili. The other Democratic meeting was held in the Ninth precinct of the Fifth district on Liliha street near Vineyard. Various candidates addressed the meeting.

There will be a big ratification meeting at Aala park on Saturday night. All of the big guns of the party will speak.

FIGHTERS LEAVE FOR THE COAST

SULLIVAN AND McFADDEN GOT AWAY THIS MORNING ON THE ALAMEDA.

The fighters have went. With the good ship Alameda this morning "Honolulu" Dick Sullivan and "Scarier" Jack McFadden made their departure for other fields of conquest. Winning every fight since they came here they only took the count when they went up against the Ministerial Association. That body of men proved to much for the two and they went down and this morning they went out.

It was easily seen this morning at the wharf how popular the two boys were with the people of Honolulu. It was not only the sporting element of the town that wish them a good voyage and much luck after their arrival at the coast but many business men waved them a good bye from the wharf for both of the boys have acted only as gentlemen while in this city. "I will be a whole Promotion Committee," shouted Dick to John McCandless as the boat left the wharf. "I will do all I can to spread the good word for Honolulu. It is only the fighting line that is on the bum down here."

"Give that lei to O'Meara," said Mac, "and tell him to stay away from 'Frisco. I only wish him good. Too bad his little tale of woe wasn't believed more. It was a good bluff."

The two boys were covered with leis given them by their many friends. Both of them stated that they might at some future date return to this place and look up old friends.

San Francisco reached Sullivan will try and match Al Neil and McFadden will try a go with Harry Baker. Either event means fame to the boys if won.

SOARES TO THE COAST.

Louis Soares left for the coast this morning on the Alameda. He will be missed by the H. A. C. baseball team if he is not back here in time to play with them next year. He is their most successful backstop.

SERIOUS FIRE AT KEKAHA

A PART OF THE MILL WAS BURNED, BUT SUGAR AND MAIN BUILDING SAVED.

KEKAHA, Kauai, October 1.—Kekaha was aroused at two o'clock Sunday morning by the call of fire. The mill was found to be ablaze.

The boiler room and the trash room was burning. All hands were called to help, but the heat was so intense that it was impossible to get near enough to get the pumps started.

The only water supply was from the ditch passing the mill and this was used to its full extent with the result that the fire was confined to the boiler room, trash room and the carriers.

Quite an amount of sugar was stored in the mill awaiting shipment but that was gotten out in time.

A small force had been drying sugar up to midnight but nothing suspicious was noticed when the men left. It is supposed that the fire originated in the trash pile.

The mill had just finished grinding the season's crop and was going to start in the new one next week.—The Garden Island.

UNPROVOKED MURDER AT KEKAHA

PACHECO WITHOUT WARNING DREW KNIFE AND SEVERED RODRIGUEZ' JUGULAR VEIN.

KEKAHA, Kauai, October 1.—The peace of the community was rudely shaken Saturday night by an act of violence which Kauai has been singularly free from.

A number of Porto Ricans were assembled at Kekaha and during the night got into a quarrel. During the fight Frank Pacheco drew a jack knife and without warning dealt one Rodriguez a cut in the neck, severing the jugular and causing his death within ten minutes.

Deputy Sheriff Crowell, notified of the fact and the escape of the offender posted men along Waimea River to prevent him getting away, and searched town with the result that the man was caught and arrested Sunday morning.—The Garden Island.

CHARLES E. STACY

The "Run Down" Condition

"Why do I feel used up and all run down most of the time?"
How many ask themselves this question daily? The answer is simple. It is lack of nerve force. Science with its unerring methods of research has proved that the various organs and tissues of the body continue in health and perform their work properly as long as their nerve supply retains its vigor and strength. But if the nerves degenerate or lose power from poor nourishment or any other cause, the entire physiological mechanism of the body is thrown out of gear and we have as a result some pronounced "run-down" condition or disease.

The heart, the stomach, the liver, all have their great nerve centres which supply them with the power to work properly. When these nerve centres are weakened these important organs cannot act properly.

The experience of Charles E. Stacy is a case in point.

Brooklyn, N. Y., Aug. 12, 1904.—"Paine's Celery Compound cured me of chronic biliousness of many years' duration. I was all run down and I thought I never could feel better, I had tried so many remedies without success. It affords me pleasure to state, however, that four bottles of the Compound made an entire change in me and I now feel better than I have in years. I will always heartily recommend Paine's Celery Compound to all suffering from derangement of stomach and liver."—Chas. E. Stacy, 450 Fifth Ave.

Prof. Edward E. Phelps, the famous discoverer of Paine's Celery Compound, was the first physician to openly declare twenty years ago that the health of the human body depends entirely upon the health of the nerves.

Paine's Celery Compound furnishes food for the nerves themselves, and, while gently stimulating them, restores them to their original strength and vigor and at once all the organs of the body take up their work and health is restored.

Paine's Celery Compound sends new life throbbing through every artery and gives that glorious feeling of perfect health.

For the past 17 years this great nerve vitalizer and tonic has been the most universally used prescription in the world. Pale, sickly children, weary women, broken-down, discouraged men find strength and happiness in this great prescription.

It cures disease by removing the cause. Whenever you suffer from rheumatism, headache, sleeplessness, dyspepsia, nervousness or "run-down" condition you can be cured by Paine's Celery Compound. Its effect is almost immediate.

Remember this.—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, and all reputable druggists sell and recommend it.

JAPANESE GIRLS VICTIMS OF SEA

THREE SCHOOL CHILDREN DROWNED NEAR KAKAAKO YESTERDAY.

A distressing accident occurred off Kakaako presumably yesterday afternoon. Three little Japanese girls named Tasu Ikada, Tocuruwa Osaki and Yoshi Somata, about 11 years of age each, were drowned in a hole in the coral reef near the foot of Ward street. No details of the accident have been learned, for thus far, nobody appears to have witnessed the affair.

The children left their homes shortly after 6 o'clock yesterday morning to go to the Japanese school and then the regular grammar school. Evidently after attending the latter school they decided to go in bathing. Divesting themselves of their clothes they waded in the water. There is a hole about twelve feet deep that the dredger has dug in that section of the reef, in order to obtain coral filling for repairs to the beach road. The children evidently fell into this hole and were drowned.

When the children failed to return to their respective homes last evening to dinner, a search was instituted for them. No particular alarm was at first felt, but when the clothes of the trio were found on the beach, the apprehension over their fate became general. A search of the beach finally discovered the remains. It was the father of Tasu Ikada who dived into the hole and brought up the body of his child. Then he recovered the bodies of the other victims. The scene at the edge of the beach where the three bodies lay

CAPTAIN BYRON'S LETTER OF THANKS

THE MASTER OF H. M. S. BLONDE SENT FAREWELL LETTER TO THE ROYAL FAMILY.

Secretary Lydecker of the Board of Archives has discovered a letter from Captain Byron, who commanded the warship Blonde in these waters in 1825, giving thanks to the royal family for their hospitable treatment of him. Byron was a cousin of the great poet Byron. The letter is as follows:

"H. M. Ship, Blonde,
"July 16, 1825.
"Aroha Karaimoku (Kalaninimoku).
"Before I quit the Sandwich Islands, I must bid farewell in these few lines to thank you in the name of my country, myself and my officers for all your kindness and attention during our stay among you.
"Yourself and Chiefs have rendered us every assistance, long may you live and particularly yourself and my warm friend Boki, and my kind friend Kaahumana. Support the young King and bring him up in sobriety and every Christian principle and God grant that your island may long be at peace, and prosper under the guidance of so good and wise a director as yourself.
"Aroha my friend,
"Ever yours faithfully,
"BYRON.
"Nahi and his wife have been very kind to us."

COLLEY ARRIVED ON THE RESTORER

SUPERINTENDENT OF MIDWAY CABLE STATION ON A THREE MONTHS' VACATION.

B. W. Colley, the superintendent of the cable station at Midway, arrived this morning by the cable ship Restorer. He is accompanied by his wife.

Mr. Colley will probably sail tomorrow for a vacation in Japan. He is on a three months' leave of absence and as he has never seen Japan he thinks that this would be a good opportunity for such a visit. His plans however depend upon what an occultist has to say regarding his eyes. They have been troubling him for some time and that is the chief reason for his leaving the station.

"Every thing is fine at Midway. Things move much in the same way," said Mr. Colley this morning. "We had considerable excitement for a time with all of our visitors but it soon subsided."

"I know nothing whatever of the matter regarding the Japanese ship. We saw her come in and then go away without stopping a great while, but we heard nothing of trouble of any kind."

"I know nothing whatever of the matter regarding the Japanese officers of the training ship Anegawa using charts which were made by Americans of the islands. If they used such charts they did not obtain them from the cable company as far as I know and I would have known had such been the case."

ALAMEDA CARRIED MONGOLIA PEOPLE

A GOOD SIZED CROWD DEPARTED TODAY FOR SAN FRANCISCO ON THE OCEANIC VESSEL.

It looked like old times with the S. S. Alameda this morning. The vessel had a very large crowd of passengers bound for San Francisco. Many of those departing by the vessel were passengers from the Mongolia who are continuing their trip to the mainland.

Among those departing was Mrs. Captain Porter, wife of the master of the S. S. Mongolia.

A. Berg departed for the mainland on a business trip, as did W. H. Hoogs, E. F. Bishop was a departing Honolulu.

T. E. Gibbon, of Los Angeles, who has been visiting here for some weeks, return by the Alameda today.

H. P. Wood of the Promotion Committee departed for the mainland to inaugurate an aggressive campaign along the Pacific Coast for Hawaiian-bound tourists.

A. Waterhouse and wife were departing passengers.

The Alameda is due in San Francisco next Tuesday.

THE MAD MUSICIAN

The Oceanic, or sweet potato whistle, is on Vasco's list to be played upon when this well known and favorite artist presents his company of players at the Opheum on the evening of Thursday and Saturday this week.

Vasco's repertoire is an extended one comprising many pretty and popular selections played on any number of varied instruments by the "Mad Musician," as he styles himself.

The lady trapeze performer, Mlle. Alexandra, has made an intense study of this peculiar class of entertainment, and Bertie, the other member of the aerial team can give an excellent account of himself.

Both of these headliners, with all the rest of the program, passion play, character monologue, tures, must assure good times for all.

CULTIVATION OF SCHOOL LAND

BOYS OF INDUSTRIAL SCHOOL COMMENCE CULTIVATION OF ITS MAUKA LAND.

The Boys' Industrial School at Waialeale has begun the cultivation of its mauka lands. The school has an acreage of several hundred acres of land extending from the seashore well up toward the ridge of the mountains. Up to the present the cultivation has been limited to the land along the sea shore which is level and little elevated above the sea. This land requires irrigation for cultivation. Here the school has about thirty acres of sugar cane planted under contract to be sold to Kahuku Plantation. It has also extensive fields of taro, and plenty of garden vegetables and has planted a great many fruit trees.

About a quarter of a mile back from the sea the land abruptly rises in a cliff two or three hundred feet high, and from the top of this cliff the land slopes in a ruling, and in places broken savannah toward the crest of the mountains. Here are several hundred acres which has been nothing but a range for cattle for two or three generations. Just what it will produce under cultivation is not known. Superintendent Gibson has just reached the point in the development of the industrial feature of the school when he can begin to experiment in cultivation here. He has had about thirty acres plowed, and on this he is planting Irish potatoes, corn, pineapples and other similar crops. There is no means of irrigating this land, so that its value depends on the amount of rainfall. This, however, is believed to be sufficient for many crops, and it is believed that pineapples will grow there as well as they do at Wahiawa. If that shall prove to be the case, a profitable opening for the school will be made.

IROQUOIS RETURNED LAST NIGHT

The U. S. S. Iroquois returned late yesterday afternoon from Midway via Barber's Point. Captain Carter, the master of the Iroquois, said that had not the Sheridan been benched she would undoubtedly have captured. It was necessary to beach the Sheridan to save her. The Iroquois went to Midway to try and help save the Mongolia but the steamer had floated herself before help arrived.

TIME TO BEGIN HATCHING CHICKS

Begin hatching in the Fall and raise the young chicks during the cool months of Winter and early Spring. That is what observant poultry raisers say. Less likelihood of sorehead and chicks are stronger.
