## **2021.05.13 Child Tax Credit**

Hawai'i! Earlier this year, we passed President Biden's American Rescue Plan, the historic coronavirus relief legislation to put shots in arms, money in pockets, and children in schools. In this bill we provided a tax cut for most families with children.

Almost 250,000 keiki in Hawai'i and their families could benefit from the expanded Child Tax Credit. Many families could receive up to \$300 a month per child as part of the advanced monthly payments.

But you have to act now. Secure your monthly Child Tax Credit payments by filing your taxes before May 17th. You can file your taxes for free through the IRS by visiting the link below.

We're putting America back on track and setting our keiki up for success, because when American families do well, our nation thrives.
