PLANS FOR AN ELABORATE PARADE

GREATEST MILITARY DAY FOR HONOLULU

HAWAII'S FLORAL PARADE WILL BE MADE THE OCCASION OF GRAND PUBLIC REVIEW OF THE CAVALRY, INFANTRY AND MARINE FORCES OF THE ARMY OF OAHU—MOVING PICTURES TO ENTERTAIN THE WORLD.

Washington's Birthday, Monday, 21st Infantry, at Fort Shafter, the February 22, will not only be the day of the fourth great Floral Parade in Honolulu, but it will be the greatest military day that this city has ever known.

T. H. Petrie, who is in charge of the doings of the carnival of flowers and the gorgeous procession which will then be brought about, has the assurances of the Army and Navy heads that they will do everything possible to add to the success of the occasion, and it is hoped that the two squadrons of the Fifth Cavalry, now stationed at Camp Leilehua, will join in the parade, together with the Twen-

ANOTHER NEW TAX LAW PROPOSAL

A. V. GEAR DRAFTS A LAW AND SENDS IT TO MEMBERS OF THE LEGISLATURE—PROVIDES A GRADUATED PROPERTY TAX RANGING FROM HALF OF ONE PER CENT TO TWO PER CENT.

Another proposed taxation law has been submitted to members of the legislature which meets next month. Its sponsor is A. V. Gear, and copies have been sent, with circular letter, to members. The act and letter accompanying it are as follows:

AN ACT.
 To Amend Sections 1212 and 1225 of the Revised Laws of the Territory of Hawaii, Relating to the Rate Per Cent for Property Taxation.

Be it Enacted by the Legislature of the Territory of Hawaii:

Section 1. That Section 1212 of the Revised Laws of the Territory of Hawaii be and the same is hereby amended to read as follows:

Section 1212 Property Tax. Except as otherwise provided, all real property and all personal property and all combined real and personal property and combined closes or kinds or parcels of real or personal property forming the basis of an enterprise for profit, within the Territory shall be subject to an annual tax upon the full cash value of the same at a rate per cent as per the following schedule:

On the sum total full cash value assessed to any one taxpayer in any one taxation division of the Territory.

When said total value does not exceed \$5,000 1-2 of 1 per cent.

When said total value exceeds \$5,000 but does not exceed \$10,000 1-2 of 1 per cent on \$5,000, and 3-4 of 1 per cent on the excess over \$5,000.

When said total value exceeds \$10,000 but does not exceed \$15,000 1-2 of 1 per cent on \$5,000, 3-4 of 1 per cent on \$5,000, 1 per cent on \$5,000, 1 1-4 per cent on the excess of \$15,000.

When said total value exceeds \$15,000 but does not exceed \$25,000 1-2 of 1 per cent on \$5,000, 3-4 of 1 per cent on \$5,000, 1 per cent on \$5,000, 1 1-4 per cent on the excess of \$15,000.

When said total value exceeds \$25,000 but does not exceed \$50,000 1-2 of 1 per cent on \$5,000, 3-4 of 1 per cent on \$5,000, 1 per cent on \$5,000, 1 1-4 per cent on \$10,000, 1 1-2 per cent on the excess of \$25,000.

When said total value exceeds \$50,000 but does not exceed \$100,000 1-2 of 1 per cent on \$5,000, 3-4 of 1 per cent on \$5,000, 1 per cent on \$5,000, 1 1-4 per cent on \$10,000, 1 3-4 per cent on \$20,000, 2 per cent on the excess of \$100,000.

Section 2. That Section 1225 of the Revised Laws of the Territory of Hawaii be and the same is hereby amended to read as follows:

CANE LANDS TO BE OPENED FOR SETTLERS

TWELVE REMAINING LOTS IN KAIWIKI TRACT, FORMERLY UNDER LEASE TO HAKALAU PLANTATION, ABOUT TO BE OPENED—PART NOW UNDER CANE—THE SALE TO BE UNDER THE NEW FORM OF AGREEMENT.

Land settlement matters have not been long in taking a forward movement since Governor Frear's return. Land Commissioner J. W. Pratt announced this morning that he was able and part land adapted only to remaining twelve lots in the Kaiwika Members of the Osorio Settlement tract, Trawai, being part of the land until of late under lease to the Hakalau Plantation.

These lots to be opened are forty to fifty acres each in area. They are to be sold under the new form of agreement to purchase, a product of much study with defects of former methods to have been avoided. This agreement requires ten years to prove up of the lots about to be opened but a title, five years of actual residence on the land, the cultivation of fifty per

THE ORGANIC ACT AND LAND LEGISLATION

Being asked if the bill to amend the Organic Act was likely to pass Congress in time to enable the Legislature to amend the Hawaii land laws under its provisions, Governor Frear replied:

"It depends on the people here. Not so much to hasten its passage but to delay it. In Washington much interest was taken in the measure, but this is a short session.

"Committees held unusually early hearings on the bill to accommodate me while in Washington. Some people oppose the bill because they do not like it, and others on general principles of opposing everything. So far as the Democratic opposition is concerned it will not amount to much, but there may be other people who do not like all the proposed amendments. It is impossible to please everybody and I suppose if I went over the bill a hundred times I myself might make some alteration each time."

DR. CASE WAS FINED A FIVER

The county treasurer was enriched \$5 this morning and Dr. Case ascertained, judicially, that there is a law on the Hawaiian statutes against driving automobiles without license.

Case was arrested in Koolau-poko at the instance of Paul Isenberg. Complainant was driving a team of horses and came having a runaway and smash-up as a result of the antics of Case's machine.

When the matter was called in police court this morning Prosecutor Brown moved that it go over until a later date as the government's witness, Mr. Isenberg, had gone to Kauai yesterday afternoon. Dr. Case replied, however, that there was no use for postponement as he had no intention of making a fight. He was ignorant of the law when he took the machine out and upon looking over the statutes could see that he was plainly guilty of violating it. He would plead guilty.

The maximum fine for the offence was \$25, but in view of Dr. Case's frank statement and plea Judge Andrade thought that both Dame Justice and the City and County of Honolulu should be satisfied with a gold fiver and costs. This amount was promptly paid.

PUBLIC LOANS

THE GOVERNOR HAS NOT YET FORMULATED HIS POLICY ON THE SUBJECT.

Governor Frear was asked today if he were yet prepared to give out anything regarding a policy of Territorial, county and municipal loans for submission to the Legislature.

"I cannot quite yet say anything about the loan policy of the Government," the Governor answered.

"I am getting estimates from the different departments as to their needs, and when I get them all in I can decide on a general plan. Then it will be up to the Legislature what to do."

COASTWISE SUSPENSION

The Civic Federation public meeting for discussion of the matter of suspension of coastwise shipping laws will be held at four o'clock Friday afternoon, in the makai pavilion of the Alexander Young Hotel roof garden. All are invited and a big attendance is expected.

WATER SUPPLY PROBLEM

KAIMUKI CLUB ASKS ALL THE IMPROVEMENT CLUBS TO TAKE THE MATTER UP.

Superintendent Campbell's local water supply plan is being brought to the attention of all the local improvement clubs, by the Waialae, Kaimuki and Palolo Improvement club, as a result of the recent meeting of the club, at which Campbell gave an address explaining his plan. At that meeting the club decided to ask all other clubs to take the matter up. The plan in brief is to use the big Nuuanu reservoir simply to provide power to pump artesian water to reservoirs at Kaimuki, on Punchbowl and elsewhere supplying every part of the city with artesian water.

In accordance with the action of the club, the following letter has been sent to various other clubs:

"Gentlemen: For sometime past the Waialae, Kaimuki & Palolo Improvement Club has endeavored to improve its water system and supply. The club is particularly aggressive just now, as the legislature to convene next month, will be asked for relief.

"The administration is well aware of the urgent needs of this district but is powerless until the Legislature makes the necessary appropriations. In fact, the administration admits grave deficiencies throughout Honolulu's entire water system, and is now working on a plan that will not only provide properly for Kaimuki but will perfect the whole system. The plan originates with Mr. Marston Campbell and is to supply the whole city with artesian well water. The supply from this source can be increased so as to take care of a city many times the size of Honolulu at present—in fact it is unlimited. Under the proposed system the possibilities of infection will be done away with entirely, for only artesian water will flow in all districts of the city, and no disease could be carried by the water mains, the water being always pure. The much talked of Nuuanu dam will lose none of its value, for all the water conserved there will be used to create electrical power to run additional pumps throughout the city—this in itself a great saving in expense. We are told by Mr. Campbell that his plan will be embodied in the governor's message to the Legislature. This shows that it is not something in theory but that it is practical and profitable.

"As the Campbell plan seems to be one of the greatest good to the greatest number, we feel that it should be heartily endorsed by everyone who has the welfare of the community at heart. The Waialae, Kaimuki and Palolo Improvement Club feels particularly called to support the scheme, as it is an improvement pure and simple and well within the scope for action. May we ask your improvement club to look into the proposed Campbell plan and give it the support it merits?"

"Mr. Newell of the Reclamation committee said in his address before the Engineers' Association:

"Honolulu's population will only be limited by its water supply."

"Now, if we can make this endless supply available the fact that it is absolutely pure and all of artesian origin, will remove one of the greatest barriers in the way of The Greater Honolulu. Respectfully yours,

"D. W. ANDERSON,
 Secretary, Kaimuki & Palolo Improvement Club."

 President."

THE "MAYFLOWER" STAMPS

This is an upper view of our Twenty Stamp Mill, showing the ore bins in the rear. These stamps can handle 80 tons of ore per day, and allowing 300 working days in the year, this means an annual output of 24,000 tons per annum. The general run of ore from the "Mayflower" has netted about \$10 per ton and in no place has the mine been worked to a depth of 800 feet.

In all the great mines around us values substantially increase with depth. There is not one known exception in our district to this inflexible rule. The "Empire" for instance, has an annual output approximating \$1,000,000 and is now down to the 3,500 foot level, and making preparation to go much lower. The "Idaho Maryland" a short distance west of us, is taking out richer quartz than ever from its lower levels today, and the North Star has just paid a December dividend of \$187,500 (quarterly) and in addition has added \$300,000 cash to its reserve fund. And all this from ore that has to be taken from levels nearly a mile down in the bowels of the earth.

If values on our property did not increase with depth the same as our royal neighbors, it would simply be an unprecedented freak of nature. But we will assume that the values from the lower levels are exactly the same as the past average production, or only \$10 net per ton. On an annual output of 24,000 tons as before mentioned, this would give us \$240,000 profit per annum, or 20% on the par value of our entire capital, or 80% a year to the man who secures his stock today at 25 cents per. How does 80% strike you as a minimum investment return? If you know of a better buy put me next. I tell you this is your "OPPORTUNITY" for a safe, sound, high paying investment. Pass your plate. Do not delay any longer. Get your share while opportunity extends the Golden hand. "Twill be passing strange" if Mayflower does not crowd to the limit the best and richest mines that California ever had the right to boast of. I have a special proposition to make you if you will come in this week and see me. Better look into it. BUY "MAYFLOWER" STOCK. BUY IT NOW!

GEORGE F. HENSHALLMANAGER

WEDNESDAYJANUARY 20, 1909

Hawaii.—to Uncle Sam (as some people would have it): "Please continue to protect my sugar industry. American shipping? O, bother shipping. Please let me use the foreign boats, they are nice and cheap."

It is by no means bad news that Morgan is going to abandon the auction business. On the contrary it is a good sign. The prosperity of the auctioneer is far from an indication of good times, and it is pleasing to see that there is a falling off in the business. Honolulu has seen some periods during recent years in which there seemed to be a boom only in the business of selling out house and home. Things are the other way now.

AMERICAN SHIP PROTECTION WANTED.

Only with some explicit declaration of preference for a subsidy, some definite expression strongly asking for a prompt re-application of the coastwise laws when a subsidy begins to be effective, should Honolulu ask for a suspension of the coastwise laws. These laws are a part of the American protective system, from which this Territory has derived benefits not exceeded by any other part of the country. They are, as yet, about the only bit of protection American shipping has. Our community will appear in bad light in Washington asking with one breath for continuation of protection to our sugar industry,—asking for protection for coffee, for pineapples and other tropical produce,—and with another breath appealing for our own interests to deprive the shipping industry of its mite of protection. Such an attitude of selfish inconsistency will surely be harmful to our prestige, and rightly so. But it is nevertheless true that we have a local right to consider our unusual condition as well as the theory. For the time being,—at least until the next Congress meets,—the subsidy proposition is shelved. That is a fact which may as well be realized. Hence we are not inconsistent, as earnest advocates of a subsidy, and of the principle of protection underlying the coastwise regulations themselves, in asking a temporary suspension of those laws, if with our request we couple a request that the coastwise regulations be promptly applied again, just so soon as the American protective system is given a chance to uphold the merchant marine. Joining an earnest support of the principle of the coastwise rules, we may perhaps with good grace plead a temporary emergency calling for relief, though not without some risk of being misunderstood and accused of very ungrateful inconsistency. Those who follow tariff discussions may run across such statements as that the "average American family" is taxed \$8.00 per year in order to sustain the price of sugar and that Hawaii "needs no protection." We have the protection and profit by it, and it is dangerous policy to appear to "squel" if efforts to protect the shipping industry hurt us a bit. So if we are going to ask a suspension of the coastwise laws, let us be emphatic in stating that it is only a suspension, that we support those laws and want them applied again just as soon as those laws are backed up by a subsidy which will make them begin to accomplish what they are for,—the protection and encouragement of American shipping.

The various local improvement clubs will do well to take up the matter of a comprehensive water supply system, and study the plans advanced by Superintendent Marston Campbell. The matter is one of the most important which will come before the legislature. The Campbell plan, which contemplates supplying artesian water to every district, abandoning altogether the use of surface water for household purposes, certainly looks attractive. Of course it depends on the completion of the Nuuanu reservoir, to supply power for pumping.

The row between Congress and the President seems to have died down. Possibly Congressman Willetts spoiled it all for the enemies of the President in Congress.

KEPT THEIR POLITICAL PLEDGES.

The Republican legislature of Oregon has elected a Democrat United States Senator, fulfilling pledges made in the recent campaign. This action is the end of a long struggle over a new issue in American politics resulting from the action of the new Oregon direct primary law. Under that law, the people were given power to express their preference for United States Senator at the polls. There is nothing in the law to compel members of the legislature to vote for the candidate for senator who may win at the polls, but the legislative candidates pledged themselves to do so, during the campaign. Ex-Governor Chamberlain, a Democrat, by means of a very active personal campaign, aided by divisions among the Republican aspirants, led all the Senatorial candidates, though the general result of the election was a Republican victory, and the legislature was strongly Republican. Then came a very vigorous discussion of the question, Are the Republican members of the legislature bound to keep their pledges and vote for Chamberlain? Much was said on both sides. Oregon went Republican by 24,000 and the main argument used against keeping the pledges was that by their verdict the people of Oregon instructed their legislature to send a Republican Senator to Washington. But in spite of the plausibility of this excuse for avoiding a very unpleasant obligation, the Oregon legislators have kept their pledges, swallowed the bitter dose, and the strange result is a State strongly Republican sending a Democrat to the Senate. It won't happen again,—not in Oregon. They have learned a lesson about primaries in that state.

With a few conspicuous exceptions, political leaders joined in urging the Oregon legislators to stand by their pledges. Senator Fulton of Oregon was one of the exceptions. He vigorously urged the choice of a Republican. President Roosevelt took a significant means of showing his idea, when he not long ago took occasion to greet Chamberlain as a "senator-elect."

GREATEST MILITARY DAY FOR HONOLULU

(Continued from Page One.)

mobiles, and other rigs, pa-u riders, "Princesses" or "Queens" of the celebration, mounted on beautiful horses and robed delightfully, flower-crowned and beautiful, called from all the islands of the group to swell the joy and splendor of the occasion, attended by squires, heralds or outriders and exciting admiration wherever their graces pass.

The procession will be so arranged that where the line of march is through the crowded sections, where the populace turns out thickest to see the great show, the Federal infantry and marines will be in the line, and where the road covered is sparsely spectated the procession will include only the quickly moving portion, automobiles and other vehicles, the cavalry and pa-u riders and cowboys and other mounted incidents, while the foot section will make a short cut and join the rest of the parade as it slows down at the other end for review.

Prizes will be offered the cavalrymen, so they will have a double interest in showing well. The details of all this are not formed, but everything possible in the way of encouraging a magnificent show will be accomplished.

Letters have already gone to the other islands in regard to the selection of "Princesses" and the competition between the various island beauties for best riding and general appearance, being an inter-island tournament, as heretofore, will make this feature of the day one of the most interesting and happy affairs.

The day of the parade falls on Monday, which is most convenient. This will give some floral decorators Sunday to finish the adornment of automobiles, and will give the cavalry a chance to come in from Lihouua in comfortable style.

One of the pleasures to be afforded the community through the joining of the cavalry in the celebration, will be the opportunity to see the horse soldiery in camp life, for the committee will arrange a town camp for the men and their mounts and everybody will have a chance to see what a cavalry camp looks like.

The Fifth Cavalry band will be another great asset and this, with the Hawaiian band, the Portuguese band, and perhaps a Chinese band, in fact with all bands available, will supply the music of the jollification.

R. K. Bonine, the moving-picture

expert, will be specially provided for and the procession will, as far as possible, be handled for the greatest effect for the moving-picture machine. Stations will be established along the line of march, that Bonine, with his picture machine, may jump from place to place to catch the best views of the procession. He will be supplied with an automobile. The pictures will be the best ever taken here and will do much to advertise the islands.

There will be no advertising matter allowed in the procession as the presence of trade placards would greatly take from the beauty of the scene.

Every city of any consequence along the Pacific coast of the United States is being advised of the coming great day here, and advertising is being done from Chicago westward. A thousand dollars have already been spent on the mainland in advertising Hawaii's monster floral parade.

"Arrangements are moving on in splendid shape for the Floral Parade on February 22," Secretary H. P. Wood of the Promotion Committee said this morning.

"There is no question that it will be the finest parade ever made here. At Mr. Petrie's suggestion requests have been sent to friends on the other islands to obtain nominations for princesses to represent Hawaii, Maui and Kauai respectively in the procession. Mr. Hendrick, who was lately returned, reports seeing the posters advertising the Floral Parade all over the Coast and great interest in the event over there."

NO INDICTMENTS REST OF WEEK

There will be no more indictments returned in the United States Court this week, Judge Dole having adjourned court this morning until Monday.

In the meantime the grand jury is holding its sessions in the courtroom. There is a great swarm of Japanese witnesses, most of them women, awaiting their call to give evidence.

BARK RITHET ARRIVES.

The bark R. P. Rithet, Captain Drew, arrived in port this morning, 26 days from San Francisco, having sailed from the Bay City on December 24. She brought a general cargo, consigned to C. Brewer & Co. Two passengers, L. Kirkpatrick and G. W. Hume, came down in her. Mrs. Drew, bride of the genial master of the Rithet, accompanied Captain Drew on this voyage. She had not been in Honolulu before and was charmed with her first view of the city this morning.

RECLAMATION BILL IN ITS FINAL DRAFT

Governor Frear today gave out copies of the bill to extend the Federal Reclamation Service to Hawaii which, as before reported, he was assured should be introduced the first Monday after the holiday recess by Senator Perkins and Delegate Kalani'ano'ole respectively in the Senate and the House. Following is the final draft of the bill:

An act to extend the provisions of the Reclamation Act to the Territory of Hawaii.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, that the provisions of the Act entitled "An Act appropriating the receipts from the sale and disposal of public lands in certain States and Territories to the construction of irrigation works for the reclamation of arid lands" approved June seven-

CLAIM ON HIS HOME

MIDDLEDITCH AGAINST CATH-CART—DEVAUCHELLE DIVORCE TRIAL IS A SENSATIONAL ONE.

An amended bill of complaint has been filed in the case of H. G. Middle-ditch, trustee in bankruptcy of Chas. F. Herrick Carriage Co. against John W. Cathcart and others being a claim on a judgment for \$337.65. It is prayed that Mary Cathcart be decreed a trustee for plaintiff and other creditors in the title of a house and lot at College Hills and that the property be condemned and sold, that out of the proceeds Edith E. Pond be paid such sum as may be found due to her on the contract of purchase alleged, that plaintiff and such other creditors as may join in the proceedings be paid their respective claims and that the surplus if any be paid to Mary Cathcart.

DEVAUCHELLE DIVORCE. Judge Robinson is trying the divorce suit of Mercedes Devauchelle against Eugene K. Devauchelle. F. E. Thompson represents the libellant, and Clem K. Quinn the libellee. It is a more than ordinarily sensational case.

The divorce was granted this afternoon for non-support, the expected defense having not been put on.

HAYSELDEN ESTATE. E. F. Bishop has filed his annual account as trustee of the estate of James G. Hayselden, balancing at \$2,701.13. Besides the expenses all of the disbursements consisted of remittances to Esther A. Quingley, the remarried widow of decedent.

Judge Robinson approved the report of M. T. Simonton, master, on the final account of Fred W. Macfarlane, guardian of Georgiana Macfarlane Friel now come of age, and discharged the guardian.

COURT ITEMS. Judge De Bolt is still engaged with the trial by jury of seven Chinese for assault and battery on Chick Wa, a play actor, with such deadly weapons as an iron hammer and iron bars.

William Savidge, trustee, vs. Richard Antone was the case being heard by the Supreme Court this morning.

A. G. M. Robertson has filed findings of fact requested by defendant in the suit of the Dowsett Co., Ltd., against L. L. McCandless, an action to quiet title.

REGISTERED TITLE. Judge P. L. Weaver in the Court of Land Registration has filed a decree granting a registered title to Frederick C. Miller for a lot of land on the east side of Makiki street containing 5484 square feet.

ANOTHER NEW TAX LAW PROPOSAL

(Continued from Page One.)

will be hereby amended by striking the words: "of 1 per cent."

Said Section 1235 is further amended by striking out the words "three hundred dollars" and inserting in the place and stead thereof the following words: "five hundred dollars."

Section 3. This Act shall take effect from the date of its publication

Dear Sir: Enclosed please find a draft of an act amending sections 1212 and 1225 of the Revised Laws of the Territory of Hawaii, relating to the rate per cent for property taxation.

I ask for your careful and earnest consideration of the said proposed Act and urge the following reasons for its adoption:

(a) It would shift the burden of taxation from the shoulders of those who can least afford to pay to the shoulders of those who can best carry it. President Roosevelt says in his last message to Congress: "As far as possible we should lighten the burden of taxation on the small man."

(b) It would be an encouragement to the middle classes to acquire and own their own homes. "We should put a premium upon thrift, hard work, and business energy,"—President Roosevelt in his message.

(c) Progressive taxation is the fairest and most just taxation in both theory and practice. President Roosevelt adopts the principles of progressive taxation when he says in his message to Congress: "There should be a progressive inheritance tax on large fortunes."

Respectfully, A. V. GEAR.

A SERVICE BY MEN FOR MEN ABOUT MEN

The Mid-week service at Central Union church this evening will be in charge of the Men's League. The subject to be discussed is the Brotherhood Movement—National and Local. The following topics have been assigned to different members of the League: "Men's Organizations in the Different Denominations," "The Laymen's Missionary Movement," "The Congregational Brotherhood," and "Our Men's League."

Items of interest on what other clubs are doing will help to fill out the hour. A cordial invitation is extended to all to attend, but the meeting will be of special interest to men.

THE NEW ASSISTANT SECRETARY OF STATE.

Mr. O'Loughlin, whom Mr. Knox has made an Assistant Secretary of State, is an old friend of A. L. C. Atkinson, who entertained him when he passed through Honolulu some time ago as secretary to the Tokio Exposition Commissioner. Mr. Atkinson happened to be at the White House when President Roosevelt was first informed of the Japanese naval victory in the Yellow Sea, Mr. O'Loughlin being the man to bring the news. As correspondent of the Chicago Tribune he had got one of the earliest tips of the event through a diplomatic channel. Mr. O'Loughlin received a Russian decoration on one occasion. He is an exceedingly bright newspaperman.

Three Japanese witnesses for the Grand Jury were brought up from Ewa this morning and, by mistake, turned over to Clerk Conkling of the Governor's office. Conkling telephoned to Sheriff Jarrett and was instructed as to the proper destination of the men.

Miss C. W. Goodale, daughter of the manager of Waianua plantation, left by the Alameda for college in the East.

TO PHOTO FIREMEN

It is understood that the Supervisors will leave it to Fire Chief Thurston as to the manner in which the men of the fire department of this city shall conduct themselves before Expert Bonine's moving-picture machine.

Thurston has plans to make the exhibition complete and in this he will have Bonine's expert assistance in regard to what goes to make a stirring picture, for the films will be scattered the world over and it is likely that thousands who now have a small knowledge of the Hawaiian Islands will sit up and take particular notice when they observe on the screen the splendid behavior of Honolulu's modern fire department.

The aim will embrace the dash of the engines from the headquarters, the swift run of the horses, the manipulation of hose on the fly, the rapidly moving buggy of the chief, the attendant crowds full of excitement, the smart connections with hydrants, the acted rescue of people from supposedly burning buildings, the jump into the life-net, the work of sealing waists, the salvage of household effects and

all that goes to make a complete fire scene from the jump of the eager horses from their stalls to the pick-up and finish of the fight against a fire.

FOR LINCOLN CENTENNIAL

A meeting was held in the Capitol last night to consider the celebration of the Lincoln centennial. C. H. Dickey was elected chairman and H. M. Ayres secretary. The chairman stated that the meeting was called at the instance of the G. A. R. and asked for suggestions.

Supt. W. H. Babbitt promised the cooperation of the schools, and Capt. Rees that of the naval station force. Suggestions were made by Professor M. M. Scott, Capt. Rees, J. C. Davis, J. N. Taggard, A. M. Merrill and others. An advisory committee to confer with the chairman for the appointment of a permanent committee on arrangements was appointed, consisting of W. H. Babbitt, Mrs. W. W. Hall, J. W. Francis and Daniel Logan.

This committee met and proceeded to select a representative executive committee with Governor Frear honorary chairman and A. L. C. Atkinson active chairman. When nine had been selected for the committee, the idea was changed on the suggestion of Mr. Babbitt to a smaller body, with power to appoint sub-committees. Governor Frear, honorary chairman; Mr. Atkinson, active chairman; Major Dunning and Mr. Dickey were accordingly appointed.

Suggestions approved by the general meeting were for the largest military parade that can be had, an assembly of school children to sing, the reading of the Gettysburg speech and several short addresses on Lincoln.

HONOLULU MILLIONAIRE FINDS WIFE

BISBEE, (Arizona), January 6.—A three-years' chase after a fugitive wife and his eight-year old daughter ended for C. H. Brown, a Honolulu sugar planter and reputed multi-millionaire, at the passenger depot of the El Paso & Southwestern Railway in Douglas thirty-five miles south of this city, this morning.

Brown arrived here early this morning from El Paso, where he learned that his truant wife was living in this city with Theodore Becker, a book-keeper in the general offices of the Copper Queen Mining Company.

The Honolulu man enlisted the aid of Deputy United States Marshal John W. Foster, who learned that Mrs. Brown who had been living in sumptuous apartments here with Becker as his wife, had engaged a berth on a train to Douglas and the two men caught the same train.

Mrs. Brown, who is a woman of striking personality and beauty, stepped off the train almost into the arms of her enraged husband. The woman maintained her composure with rare coolness, extending her hand and saying: "Well, hello, Pa."

Brown, who was almost overcome at the sight of his wife and child, restrained his emotions and Foster conducted the couple to a hotel where Brown begged the woman to return for the sake of the child. Mrs. Brown agreed to surrender the child to the father if Brown would agree not to prosecute her or Becker.

Brown persisted in his entreaties, however, and the couple left on the night train for San Francisco, where Brown intends taking the first boat back to Honolulu.

The woman told Deputy Foster that it was her intention to give Brown the "slip" as soon as she was free of Arizona jurisdiction. Brown's chase, which began three years ago, extended clear around the world. He got track of his young wife and the child in various places on the 27,000-mile journey, but she always escaped him.

ANOTHER SHORT BOARD MEET

A thirty-minute session of the Supervisors with the Mayor was held last evening, and adjournment was taken until tomorrow evening, today being missed. The supplementary appropriation bill, with an estimate of \$2,550 for six months to be paid to police court interpreters and a special officer for the County Attorney's office, was read for the third time and passed. This time the Mayor himself, contrary to previous custom, put the motion. He has a veto coming, however, if he wants to use it.

A communication from R. K. Bonine, moving picture expert, asking for permission to take moving pictures of the Honolulu Fire Department in action, was referred to Ahia, Logan and Aylett. This committee will arrange

a date for the exhibition. F. S. Lyman had a request that the Board, when, in parts, the new road in the Paumotu tract. The communication is now in the hands of City and County Engineer Gere.

GREAT NOVELTY AT OPERA HOUSE

Next Saturday evening the Camera-Phone will entertain at the Opera House. This will be the first appearance of the moving picture machine that sings, talks and acts. Think of pictures appearing on the screen giving actions with the voice produced at the same time. This is the next thing to real life on the stage. The Saturday night program will be made up of vaudeville stunts, dramatic acts, operatic numbers, etc.

Seats are on sale at Bergstrom Music Co. Popular prices 15c, 25c, 35c and 50c.

ASSISTANCE FOR OUTRIGGER CLUB

A strenuous effort is to be placed the Outrigger Club on a satisfactory financial basis. It is understood that a request will be made the Promotion Committee at its meeting tomorrow afternoon to assist the club financially, for, at least a few months.

The club is rightly considered to be one of the best promotion assets that the city has and it is probable that the Promotion Committee will see its way clear to extend the help desired.

The objects of the promoters of the club were to provide a place where the ancient Hawaiian sports of surf riding and native canoeing might be indulged in amid surroundings as nearly resembling those of ancient Hawaii as it is now possible to secure. Thanks to the generosity of several members of the club who donated glass houses and canoes, also the wherewithal to erect the necessary buildings, the club has taken tangible form.

The expense has, however been considerable, and money is urgently required to carry on the undertaking.

As the Outrigger Club and its facilities for seabathing and native water sports, is available for the entertainment of tourists visiting the islands, it appears to be a natural corollary to the work of the Promotion Committee, and worthy of my consideration and pecuniary assistance which the committee may feel disposed to grant.

REEVES GETS BIG TURTLE

Charlie Reeves, while fishing by torchlight off the Kailahi flats on Monday night, appeared a sixty-five pound turtle which, after a hard struggle he succeeded in bringing to shore.

Reeves came upon the turtle in shallow water and after appearing it in the flipper grasped it by a leg and hauled it over a hundred yards or so until dry ground was reached.

The same night Reeves speared two five-pound kumu. His catch was so heavy that he had the greatest difficulty in packing it home.

BURN'S SMOKER NEXT SATURDAY

The list of talent engaged for the Burns' anniversary smoker which takes place on Saturday evening next in Waverley Hall, is being steadily added to. The latest recruit to the vocal portion of the program is Curzon Usborne who will sing a song which will display his fine voice to advantage.

The program is not yet complete but will be announced in a day or so. Suffice it to say that the best amateur entertainers in town will be on hand. The speeches, always a notable feature of the Burns' smokers, will this year be fully up to the high standard established in past years.

As usual refreshments of an appropriate nature will be served and an unlimited supply of smoking stuff will be on hand.

Tickets of admission, price one dollar each, may be obtained from members of the Scottish Thistle Club.

MOTION PICTURES IN OPEN AIR

Honolulu is to have a new entertainment enterprise. Howard Laws and Harry Werner have leased a lot in the center of town which they intend to use as the site of an open air theater.

A fifteen-foot fence will be placed round the lot and the best illumination which can be obtained will be installed.

This theatre should be very popular, especially during the warmer months for it will always be comfortably cool and never stuffy.

Messrs. Werner and Laws intend to present moving pictures and vaudeville, two acts a week being the projected program. Good talent from the Coast will be imported all the time and no pains will be spared by the management to give Honoluluans a high-class show.

Building will commence on the first of next month and the theatre will be opened on or before March 1.

The cup racer Hawaii will be brought from Pearl Harbor in a day or so and put on the ways.

Married Men, Third Team—Bray, Sorenson, Fuller.

Married Men, Fourth Team—Nott (Capt.), Pringle, Castle, Kerr.

Entries are still open. There is no entrance fee and it is expected that several more teams will come in before the entries close.

ATHLETIC ROW SMOOTHED OVER

NEW YORK, January 7.—What proved to be a tempest in a teapot in amateur athletic circles was stilled tonight when the registration board of the Amateur Athletic Union lifted the ban of suspension for alleged professionalism which it placed ten days ago upon six prominent athletes, four of whom had won international and Olympic honors. The men who thus again are eligible to compete as amateurs are: J. J. Lee of Boston, unattached; F. G. Bellares, New York Athletic Club; and Melvin W. Sheppard, Charles J. Bacon, George V. Bonhag and H. F. Porter, Irish-American Athletic Club.

CHALLENGES

Co. F, 20th Infantry, challenge any amateur baseball team to a game to be played at any time on any of the local grounds.

Kid Terry, the U. S. S. Irouou hurricane, stands ready and willing to box any man in the Territory at from 122 to 125 pounds. First come first served.

Charlie Lambert challenges Arthur McDuffie to a walking race over the Walkiki course for anything from 10 cents to two 15-gallon kegs of Primo.

MAZUMA LIVES UP TO NAME

RENO (Nov.), January 7.—According to a dispatch from Mazuma, a mining camp in the central part of the State, the athletic club of that place met last night and decided to offer a purse of \$100,000 for a fight between

WILL DECIDE HAWAII'S FATE

The following letter has been sent to all the members of the Hawaii Yacht Club:

The annual meeting of the stockholders of the Hawaii Yacht Club, Limited, will be held at the Commercial Club rooms on Wednesday evening, January 27, 1909, at 7:30 p. m., the following subjects of importance to be considered:

The annual election of officers for the coming year.

A resolution reducing the par value of the shares of the Hawaii Yacht Club, Limited, from \$20 to \$25.

A resolution increasing the capital stock of the Hawaii Yacht Club, Limited, from \$4000 to \$5,000.

A resolution amending certain sections of the bylaws of the Hawaii Yacht Club, Limited.

A statement of the club's finances.

A disposition of the W. G. Irwin trophy.

A final decision regarding the ownership and control of the yacht Hawaii, and any other matters that may come before the meeting.

As no change whatever can be made to the bylaws without a majority vote of the stockholders, it is very important that you attend.

JEFFRIES IS AN ATTRACTION

NEW YORK, January 8.—Charles Waldron, a theater owner of Boston, was here today, prepared to book dates for the coming exhibition tour of James J. Jeffries and his sparring partner, Al Kaufman. Waldron took Jeffries on his first tour of this country and has been asked to act in the same capacity again by Billy Delaney, from whom he received a letter a few days ago.

"Jeffries has agreed to go on a tour with Kaufman and wants you to manage them on the Eastern circuit," wrote Delaney, who predicted the "big fellow" would be a great attraction. Waldron says he may bring Jeffries and Kaufman from California direct to Boston and have the tour begin there.

An exciting game of baseball played at Fort Shafter on Tuesday afternoon resulted in Co. G defeating Co. H by the score of 4 to 3. Boulton struck out 13 men for the winners.

Jeffries and Johnson, the fight to take place within the next six months at that place, preferably on July 4th. Local sports are not inclined to take the offer seriously.

YOU WANT The News First.

You Want Your Ads Read

Here Is Some Advice

Honolulu more than any other city in the World, is a place where the Evening Paper gets the news first. The clock here is over two hours behind the clock at San Francisco, four hours behind Chicago, five hours behind New York and ten to eleven hours behind the clocks in the Europe an capitals.

This means that when The Star is going to press THE DAY IS CLOSED in Washington, Chicago, New York and Europe and almost over in San Francisco. The news of the day is here for The Star.

Under modern conditions it takes practically no time to prepare and transmit news and THE STAR gets every evening the cable dispatches giving

The News Of All the World

For the Day Just Ended--

Here are some of the features that go to make the evening paper the predominating factor in an advertising campaign:

It is delivered at the home each night when the whole family has plenty of time to read it.

It is carried home by the business man when his day's work is done and it stays there. A morning paper is usually carried down town by the head of the family and hurriedly read.

The evening paper is not read hurriedly, but thoroughly, so that all the advertisements receive their share of attention.

It presents the store news a little ahead, giving the prospective purchaser time to plan a shopping tour for the next morning.

The evening paper presents the news the day it happens. The morning paper the day after.

The evening paper presents the news first. The morning paper merely elaborates it.

The evening paper prints daylight news. The morning paper takes what is left.

SAILORS' WAGES ARE PROTECTED

There was an interesting battle over the wages of the sailors of the vessel A. J. West in the Federal court at noon yesterday. The sailors were beaten in a libel against the ship brought for them by George A. Davis. Before leaving port the captain of the A. J. West left the wages due them up to their discharge amounting to \$220, in the hands of U. S. Commissioner Almy.

Davis wanted to collect an attorney's fee out of the money, having a power of attorney, but Almy with Uncle Sam's regulations before his eyes refused to pay any claims against the deposit.

Almy came into court, where Davis was waiting, and W. L. Stanley, attorney for the vessel, also appeared, but Almy, being a sort of judge himself, was allowed as much freedom of speech in court as the licensed limbs of the law.

"There has been quite a little conversation," Almy said at the first call on him, "since your decision in this case. So far as I know there are only two bills presented against this money. One is from the court stenographer, Mr. Deas, and the other from Mr. Everton of the Seamen's Institute. I am informed there is also a power of attorney from some of these sailors to collect their wages. Your Honor decided you had no jurisdiction to order the payment of the money into court. I have notified the agent of the Sailors' Union here and the shipping commissioner in San Francisco of the circumstances. There is no reply as yet from San Francisco."

District Attorney Breckons, examining the papers, said that in the record the amount due the men and the place of deposit were fixed. He thought the court could take jurisdiction of the money to collect the costs. Almy, however, had taken a safe course in submitting the matter to the court.

Almy asked how about the order he received from Washington not to pay out sailor's wages for anything.

"Could you pay any debts, to Mr. Everton for instance?" the court inquired.

"No, sir," Mr. Almy replied, quoting a case where one was fined \$50 for paying an express bill.

Davis contended that the sailors submitted their cause to the court, therefore the court had entire power over the funds.

Judge Dole thought everything submitted to the court was subject to the order of the court.

THE WORKERS WHO AID CHILDREN

At the annual meeting of Free Kindergarten and Children's Aid Association, the Castle Memorial Kindergarten was well filled with a company of interested ladies, on Friday morning. Mrs. Richards, presided. After the usual opening exercises, most interesting reports were presented, by the different heads of departments, all showing that the work of the association has been faithfully carried on during the past year.

The election of officers resulted as follows: President, Mrs. Theodore Richards; 1st vice president, Mrs. L. L. McCandless; 2nd vice president, Mrs. L. T. Peck; 3rd vice president, Mrs. C. H. Cooke; recording secretary, Mrs. Richard Myers; financial secretaries, Mrs. Gerritt P. Wilder, Mrs. James K. Judd; treasurer of Kindergarten Department and treasurer of Castle Home Mrs. F. M. Swanzy; auditor, D. W. Anderson.

The funeral of Jack Wailea, the boy killed in the freight elevator at the Young Hotel this morning, will take place from H. H. Williams' undertaking parlors at 3 o'clock tomorrow afternoon. Deceased was a brother of Mrs. Sol. Peck, of Waikeane.

Chung See, a Chinese woman from the Koolau side, charged with selling liquor without license, had her case put over in police court this morning to the 27th. She was arrested by Inspector Fennell.

KILLED IN ELEVATOR

Jack Wailea, native, aged about 25, for one and a half years elevator boy at the Alexander Young hotel, was caught between the second floor landing and the top of the freight elevator about 6:15 o'clock this morning and crushed to death. When taken from the jam it was found that his head was smashed in, two ribs and the collar bone were broken and the body was otherwise mangled. There were no eye witnesses to the accident, although a Japanese helper named Kinoshita reached the scene in a very few seconds.

Manager Hertsche immediately instituted an investigation, which resulted in the above findings.

The dead man was elevator "boy" at the maka lend of the building. At 6 o'clock he went to the freight elevator in the mauka end to relieve the regular man there for breakfast. Kinoshita, the Japanese boy, was taking ashes from the kitchen floor down the elevator to the basement. On the particular trip down the elevator had reached the second floor when Wailea was halted by the regular boy, who had finished breakfast. A second later the crash came.

While, as before stated, no one saw the accident, circumstances indicate that upon reaching the second floor Wailea had thrown open the door and attempted to jump out upon the landing. This theory is borne out by the fact that the body was caught between the floor and the top of the machine.

The elevator cage is of the most modern type and is perfectly safe. In no way could the accident have occurred except by the deliberate opening of the cage door from the inside and the attempted departure from it by the boy.

The body was removed to the morgue where it was viewed by the following coroner's jury: William J. Smith, E. E. Hartman, Robert Clark, J. W. Miller, John Wallace and William Savidge. The jury will sit at the deputy sheriff's office at 7 o'clock this evening to officially investigate the case.

A brother of the dead man works for Theo. H. Davies & Company and another brother is about town. The father lives near Waialua and was notified this morning of the accident to his son.

BOY BUSTED BOTH BANKS

Philip Guerero, a Spanish boy aged 13, holds the juvenile record for bank breaking in Honolulu. He went through two banks yesterday afternoon and used the wealth obtained in one huge, good time. To be sure the banks, the property of Daniel Kama, were not as large as some in this city, but they had an interesting patronage of children and fulfilled an important service for the wee "stockholders." They were the small banks issued by the Bank of Hawaii for children's savings.

Out of one of the banks young Guerero recovered about \$6 and out of the other something over \$2. This he spent or made away with, for he had little left when he told his story between sobs to Special Officer Medeiros this morning. The offense is a serious one and the boy will likely be turned over to the Reform school in order that the kinks in his morals may be straightened out. Lee Sin, charged with selling a diseased horse to S. Stoddard, was before Judge Andrade this morning for trial. As there was a question as to whether the Chinaman knew or not that the animal was sick, the court took the matter under advisement.

SUPERVISORS FEEL CERTAIN OF VICTORY

The City and County Supervisors are feeling that they will win out in the contest with the Mayor in the matter of appointments and are even hinting that the questions of authority and procedure between themselves, between the six republican members of the Board, and the Mayor, will not find their way to the courts for settlement.

On the other hand the Mayor maintains the attitude that there are questions that cannot be settled out of court and his friends say that he is in no mood for any compromise or retreat.

The Supervisorial majority is basing its confidence of a settlement out of court on a report that the Mayor or his friends cannot get or will not put up money for a legal fight and also on the assertion that since the appointees of the Supervisors are actually doing the work appointed them to do the only way they can be ousted is by individual application. In the case of John Cummins, for example, who is an employe as the road overseer under the appointment of the Board of Supervisors, they claim that the only way Cummins, who is actually doing the work, can be ousted is by individual injunction by some one of the opposition to have him restrained from doing the work in which he is now active, and that none of the opposition is desirous of undertaking the legal expense.

From the Democratic viewpoint the matter will have to be settled in the court and it is claimed that, as was the case on the island of Hawaii, between the sheriff and the Board of Supervisors, the properly appointed employes hold whether or not they have actually performed their duties.

The Supervisors claim that they must win, if for no other reason, on the proposition that none of Fern's appointees are provided for in the charter or by law.

Section 81 of the Act incorporating the City and County of Honolulu, says that the Mayor, with the approval of the Board of Supervisors, shall appoint all officers of the City and County whose election or appointment is not otherwise specially provided in the charter or by law.

This is the section Fern stand on, but the Supervisors declare there are no "officers" and have chosen employes to carry on the work of departments.
