

Every mercantile business in Honolulu has been built up by women customers

EVENING BULLETIN

3:30 O'CLOCK The Bulletin has no Competitor as Hawaii's Home Paper EDITION

The value of advertising to any business continuously in the field is shown by results. It widens the entire scope of a merchant's trade, and when he casts up his balance sheets he finds that there has been increased activity in every line. The daily advertiser in the Evening Bulletin establishes his house in the public mind as a fixed institution to which one feels he or she may always go and secure the best at the most reasonable prices.

NATIONALIST PARTY LEADS.

MANILA, Aug. 22.—The Nationalist party have the largest representative assembly.

St. Louis Team May Go To Japan To Play Ball At Tokio

The proposition to make a trip to Japan and play exhibition baseball games with the teams of Susebs and Koto universities in Tokio is creating a great deal of interest among the St. Louis College boys. The proposition has been under consideration for some time by some of the Saints, and the plans in this regard were furthered somewhat this forenoon.

Among the arrivals in the Nippon Maru yesterday was Mr. K. Inouye, a member of the Japanese Diet for the last 17 years. He was approached this morning on board the Nippon Maru before she sailed for Japan by a delegation of the Saints. As usual, Captain Pat Gleason of the Saints was there, accompanied by H. Miki of W. C. Peacock & Co. The baseball proposition was submitted to Inouye by Captain Gleason through Miki, who acted as interpreter. Inouye, who always is interested in seeing a good baseball game, promised to do all in his power to make the proposition a success.

In an interview Inouye said that while his time is pretty fully occupied, he was willing to see the boys come to Japan and play ball with the university teams. In conclusion he promised to write a letter to Captain Gleason after his arrival in Japan.

This baseball proposition was first made by Lieutenant Ito, who is a graduate of Koto University. It is expected that the transportation of the local team to and from Japan will be furnished by some prominent financier of Japan.

"Should the Saints go to Japan to play ball it will be a paying proposition," said Miki.

"According to an authoritative report, the Saints will probably be sent for some time in November, a little before the Japanese Diet meets. This arrangement will enable the Japanese statesmen to see their university teams and the Saints play ball.

Captain Gleason said today that in the event of the Saints going to Japan he would take fourteen players, with Bushnell and Hampton as pitchers. ff.

JAPANESE CAPTAIN OF INDUSTRY HERE

Japan Will Hereafter Build Her Own Warships

TAXATION MEASURES DISCUSSED BY INOUE

Consul Saito Advises Local Japanese to Educate Their Children in Japanese.

Hon. Kakugoro Inouye, a member of the Japanese parliament, who arrived in the Nippon Maru yesterday from a successful business trip to England, was entertained and banqueted last night at the Shin Rio tel club, corner of Vineyard and River streets. The banquet was given by the local Japanese of the Hiroshima prefecture in honor of their statesman, and was honored by the presence of Consul Saito. Dr. Haida officiated as toastmaster.

Inouye did not go to England on a government mission, but to enter into a contract with the famous firms of Armstrong & Co, the great ordnance and shipbuilding concern and Vickers, the manufacturers of the Vickers-Maxim gun, in a great coal mining, steel-making and steamship building enterprise in Wanabi, island of Hokkaido, Japan.

Inouye is the managing director of the Hokkaido Coal Mining and Steamship Company, which formerly owned and controlled the railroad business on that island. Subsequent to the purchase of the railroad business by the Government, Inouye directed his attention to the coal mining and steamship business, which he has successfully operated for some time. The company of which he is the head is capitalized at 27,000,000 yen, or \$13,000,000, with 10,000,000 yen, or \$5,000,000 in bonds. This is the strongest company of its kind in Japan today.

In his mission to England Inouye succeeded in interesting the heads of the Armstrong & Vickers companies, who share in the development of this new enterprise, with the privilege of sharing the profit proportionately. On his return to Japan Mr. Inouye will begin the operation of his business in earnest. He will be given, it is reported, the monopoly of constructing war ships, guns, and the kinds of ammunition which come within his reach. The materials, if not obtained in Japan, will be imported from England by the firm of Armstrong & Vickers.

"My intention is to build our own ships and manufacture our guns," said Inouye yesterday. "In the past, we have depended largely on foreigners for the construction of our war ships, etc., but today we intend to build them at home."

The prominent Hiroshima men in Honolulu who knew of the coming of Inouye met him at the wharf when the Nippon docked yesterday afternoon and immediately took him in an

Admiral To Meet Merchants

Admiral Very is having invitations issued to the leading business men of the city to attend a meeting which will take place at his office at the Naval Station tomorrow afternoon at 2 o'clock. The purpose thereof is to secure an expression of opinion on the part of the local merchants in regard to the work which the War Department intends to have done at Pearl Harbor. The invitations are being sent to about forty-five persons through Secretary Mott-Smith.

"As I understand it, there has been some opposition expressed in regard to the proposed work," said a member of the Chamber of Commerce this afternoon. "And it is the Admiral's intention to secure an expression of opinion from the merchants here in order that the War Department will be able to show that there are commercial, as well as strategic, reasons which warrant that the work is done."

Following is the form of letter sent out:

Dear Sir:—Will you kindly be present at Admiral Very's office, Naval Station, on Friday, August 23rd, 1907, at two o'clock P. M. to give your views as to the commercial advantages to be gained from the opening and development of Pearl Harbor, the buildingthere of a Naval Station and other Federal works.

Very sincerely yours,
E. A. MOTT-SMITH,
Secretary of Hawaii.

Local Hui Is Held Up

The troubles of the Kumerie hui are by no means ended as yet. On the contrary, there seems to be more pillage brewing from a new and unexpected quarter. From advices received by the Maru it appears that the famous \$25,000 show money fund has been tied up on account of the action of the hotelkeepers at Vancouver who are trying to bleed their fellow bond-faces of Honolulu for all they are worth.

"I have now for the first time received a full statement of the affairs of the Kumerie at Vancouver," said S. F. Chillingworth today. "When the Kumerie passengers landed some of

BLOODY TRAGEDY AT LEPER SETTLEMENT

Kahoomana Murders Mia, Attempts Wife's Life And Suicides

CRUSHES FRIEND'S SKULL WITH BLOW OF HAMMER

Woman Was Badly Beaten Up But Will Live—Murderer Ends His Own Existence With a Knife.

A murder, attempted double murder, and suicide took place at the Leper settlement early on the morning of 'sat Tuesday, August 20, when Kahoomana killed J. K. Mia by crushing his skull with a hammer, attempted to kill his own wife and ended the tragedy by stabbing himself fatally with a knife.

It was the old story of a woman and the green-eyed monster. Mia was an advanced leper, the disease having reached such a stage in his case as to require the amputation of one foot some months ago. Being thus rendered practically helpless, he boarded with Kahoomana in order to have the assistance of that man and his wife. Kahoomana appears to have been of a jealous disposition, a fact of which Mia was warned but to which he apparently paid no heed. What cause there was, if any, for the trouble, no one knows, but a row began over the woman which ended in a bloody tragedy. Grasping a hammer, Kahoomana swung it viciously, crushing in the skull of his friend. Kahoomana's jealous frenzy was not yet satisfied, and he attacked his wife with intent to kill her. He succeeded in beating her up and she was very badly but not fatally and was taken out of danger.

The blood crazed man then put a knife and used it on himself with suicidal intent. He did not kill himself outright and physicians were called, who attempted to save his life. Their efforts were useless, however. He had done too thorough a job and died in spite of all they could do.

Kahoomana, the murderer and suicide, had a bad record. He had often before been arrested on charges of swine making, drunkenness, wife beating, etc.

BAND CONCERT AND DANCE AT SEASIDE

Tonight, as a farewell to the Maui Solo team. The Royal Hawaiian band will play during the intermissions of the dances. Everybody go and give Maui a fitting farewell.

PARIS, Aug. 22.—One thousand sharpshooters have been dispatched to join the forces at Casablanca.

Stanford Jewels Sold For \$350,000

NEW YORK, Aug. 21.—The famous Stanford diamonds, which were appraised at half a million, have been sold for \$350,000.

A San Francisco paper of recent date says: The jewels of Mrs. Jane I. Stanford, left her for the benefit of Stanford University, are being sold in New York by a committee of the trustees of the university consisting of Timothy Hopkins, Charles D. Lathrop, Joseph D. Grant and Whitelaw Reid, United States Ambassador to Great Britain.

The jewels, which approximate in value half a million dollars, have been kept mostly in New York, and are being sold to the jewelry dealers there. Tiffany is accredited with having purchased the greater portion of \$350,000 worth reported sold. Some of the most splendid of these jewels, which had international fame before being secured by Mrs. Stanford, will gain in value in the courts of Europe on the necks and hands of princesses and duchesses.

The money secured by the sale of the jewels will not be used for general university needs, but will be applied directly to library purposes. Mrs. Stanford established what is known as the "jewel fund" as an endowment for the library, bequeathing her jewels to the university and providing that the proceeds of their sale should be invested and the income spent from year to year in the purchase of books.

Harriman Buys Coal

OMAHA, Neb., Aug. 21.—The scarcity of labor on the Harriman railway lines has forced the companies to buy coal, although they have abundance in their own mines.

MOORISH SITUATION IS SERIOUS. SAVINGS BANK CLOSED.

PARIS, Aug. 21.—The Moroccan situation is again becoming serious. The appearance of a new Moorish army at Casablanca is causing much apprehension.

SLAUGHTER OF MOORS. MRS. EDDY CASE IS WITHDRAWN.

TANGIER, Aug. 21.—It is reported that the Sultan's troops have defeated the Knass tribesmen. Six hundred Moors were killed.

Metropolitan Meat Co. Limited.

JAPANESE CAPTAIN

(Continued from Page 1)

automobile to many points of interest. At the banquet last night Inouye gave a business talk and also entertained his fellow-prefecture men with one of his characteristic and catchy speeches, which have given him the name of one of Japan's best speakers.

Inouye said they had more of interest to tell him of conditions here than he had to tell them that was of value. Years ago he had been editor of the Jiji Shimbu, the most influential newspaper at that time in Tokyo. He wrote articles advising his countrymen to emigrate to the United States. The proprietor of the paper told him he ought instead of writing about emigrating to emigrate himself, and with twenty-seven others he went to California, where they secured land and began operations. Impressed with the opportunities he saw he returned to Japan to interest others in the enterprise.

"One of the most important measures, that will confront the Japanese parliament is the taxation question," said Inouye. "It is a difficult subject to handle, and if it is not carefully and wisely considered it will cause a national trouble."

"There is no question but that the Japanese government needs money, and the way to get money is to raise taxes. This will mean a burden to the people. Still, the Government has got to go on. I am pretty sure it can be handled in such a way that when the measure becomes a law, it would not be as heavy a burden to the people as they would think. This taxation question is a delicate one to us. I mean those who are trying to be elected to the Parliament at the next session, which meets next year. Some of us, I suppose, will be compelled to say that they will kill the taxation measure if elected to the Parliament. Knowing well at the time that they will do otherwise if elected. If any of us would tell the people before election that they would raise taxes if elected they will surely be defeated."

Consul Saito also spoke and was very highly complimented by Inouye. Among other things, Consul Saito urged his hearers to educate their children in Japanese as well as in the English language. He asked Inouye to impress the people in Japan with the idea that Hawaii-Japanese are prosperous and civilized, and not to consider them as mere immigrants and coolies.

Speeches were also made by S. Sheba, Dr. Katsunuma and M. Kawahara. Mr. S. Sheba of the Jiyu Shimbu

made a pleasing address in which he eulogized the Hiroshima people of whom his wife was one. Other addresses were made by Dr. Katsunuma and Mr. Kawahara, who spoke for the local Hiroshima merchants.

Mr. Inouye is reckoned one of the most eloquent speakers of the Selyuk party which looks on Marquis Ito as its head, and of which Premier Salomon is a member.

Mr. Inouye started on a round of sightseeing this morning at 6 o'clock. Mr. Inouye was in company with Mr. Monden as his interpreter. Mr. Monden is a graduate of the Cambridge University and is well known in England.

Prominent among those who attended the banquet last night were Consul Saito and Secretary Imai, Editors Onodera of Hawaii Shingpo, Tsurushima and Kimura of the Japanese Chronicle, Y. Soga of the Nippon Jiji and S. Sheba of Jiyu Shimbu, Manager Arai of Hamano, T. Sumida, R. Odo, Hotel-keepers Kobayashi, Yamashiro, Kawasaki, Koidi, Anno-H. Hamamura, Matsuda, Kawahara, Motoshige, R. Yasui, chairman of the Japanese Barbers' Union; Takahashi, business agent K. mo; Mito Matsukata, Yasaka, Y. Ishii, Dr. Katsunuma, Dr. Haida, O. Kasako, Suga, Kawate and many others.

"RUSSIAN FRANK" DEAD

Frank Laeweiko, for many years known as "Russian Frank," died yesterday afternoon. For many years previous to his moving out to Moiliili he kept a sailor boarding house on the "city front." "Russian Frank" has been in a broil or litigation with the Rapid Transit Company ever since that company cut through his property at the Wai-ki-ki junction of Beretania avenue and King street. He obtained judgment for \$1500 against the company but the case has been on the appeal list for a long time.

The funeral was held from the undertaking parlors of H. H. Williams after services in the Catholic cathedral at 1:30. The burial will be at Pearl City. He leaves a widow as the only relative in this city.

In the will left by "Russian Frank" the following appears: Fifty dollars is left to Jack French, \$50 to Mrs. Smith, the nurse; one-half of the estate goes to the widow. After all expenses are paid the residue of the other half goes to the Catholic church.

Clean mirrors, window panes, etc., by washing with a cloth dipped in alcohol and polishing with a chamouis skin, or crumpled tissue paper.

Philadelphia Record—The moon affects the tide and the untied.

Because you are not in the dry goods line do not suppose for an instant you are not interested in appealing to ladies. Who buys the furniture, the stoves, the tinware, the pianos, the carpets, the groceries, and often decides on the gentleman's necktie and suit of clothes? Who buys most of the boys' clothing, and takes the children to have their pictures made? The wife or the elder sister, of course, and they read the Evening Bulletin six days a week.

NEW MEMBERS FOR PROMOTION WORK

Jas. F. Morgan, who was yesterday elected president of the Chamber of Commerce, has appointed Willard E. Brown as his successor on the Promotion Committee and has reappointed J. A. McCandless as the other of the Chamber's representatives on that body. These members, together with those appointed by the Merchants' Association, will choose the fifth member.

The committee will have a regular meeting this afternoon. The Secretary has prepared the following report, which he will submit at that time:

It is gratifying to note by the extract from a private letter, published in this morning's paper, that the work of the Promotion Committee in Los Angeles is attracting so much attention. The moving pictures, which we were instrumental in getting the Edison people to take are proving of the greatest assistance possible in calling attention to the attractions offered by Hawaii, not only in Los Angeles but elsewhere.

We are in receipt of letters from different American Consulates acknowledging the receipt of our pamphlets.

Mr. Henry B. Miller, our Consul General at Yokohama, Japan, writes under date of August 6, 1927, stating that the folders had been received and that "They will be kept on file at this Consulate General as you request for the information of all who desire to obtain reliable data about the Garden of the Pacific."

Mr. Gebhard Whitech, our Consul at Saint John, New Brunswick, writes under date of August 6th:

"I have received your pamphlets and have placed them, as you request, in my reading-room in a manner that they will be visible to all persons who may be interested in your country and its many interesting features. I have also read the same myself and shall be glad to call the attention of others to your country. I shall be glad to aid you in any other manner which you may suggest."

By the mail just to hand we are in receipt of a large number of inquiries for our advertising matter from different points along the Canadian Pacific, Great Northern and Northern Pacific Railways.

We also continue to receive requests for our folders from different hotels throughout the eastern part of the United States.

Our plan to assist the Agricultural Experiment Station in its effort to introduce Hawaiian fruits into the markets of the Middle West is working nicely.

Mr. T. Edward Wilder of Chicago, in a letter dated August 10th, writes:

"I have been absent in the East for the past two weeks and find your good letter of the 29th of July, together with the photographs and newspaper clippings, awaiting my return.

"I have this day arranged to have a committee from the Chicago Commercial Association meet your Mr. Higgins on his arrival here in Chicago. I wish I could have his San Francisco address, for we could help him in routing his car, saving time and expense, if coming direct to Chicago.

"One of the members of our committee will be Mr. R. G. Murdock, who distributes about two-thirds of the California fruits that come to this market. He will be very glad to give Mr. Higgins all the information possible about the fruit. We are also making other arrangements which should greatly facilitate the speedy distribution of the island fruits."

TELEGRAPHERS STILL HOLD SITUATION

Companies and Opera- tors Confident Of Winning

The strike of the telegraph operators, which had its initiative move in the Eastern States, has spread over the entire continent from the Atlantic to the Pacific. The demoralization of business that depended on the wires is complete up to the present time. The non-receipt of cable news here in this city from the outside world shows how complete that organization has laid its plans.

President Samuel Small, who directs the movements of the strike from his headquarters in Omaha, last week, wired the Western Department of the telegraphers that only government intervention would prevent a general tie-up of all the lines operated by the Western Union and the Postal. At the same time it was reported from Oyster Bay that the President was not prepared to take an emergency step.

Up to the 15th of the month both sides claimed they had the situation well in hand but the stagnation of wire business seems to leave the game in the hands of the operators.

In eastern cities, as far as New York, the companies are in a badly crippled condition. A single wire between San Francisco and Los Angeles became congested and messages stacked up until it was useless to attempt to do business.

The Western Union building at West Oakland has been under the protection of armed guards since the opening of the strike.

The Western division of the telegraphers have not as yet decided to call out the stock brokerage operators, but if such action is taken it would cripple the mercantile and financial business of the entire country.

The railway telegraphers have not been molested so far. The commercial operators are of the opinion that they can win without calling on the railway telegraphers. Should the railway operators be called out, the entire train service of the country would be paralyzed. Such a situation would contain the gravest of possibilities.

Regarding the situation at the present time, I. N. Miller Jr., acting superintendent of the Pacific Division of the Western Union says: "The situation in the Pacific division tonight, as far as the strike of the operators is concerned, is very much improved, but we are still suffering from inconvenience from interference of our circuits in joint railroad offices, evidently due to the order of railway telegraphers' sympathizers."

The telegraphers are as decided in their belief of success crowning the strike for them.

W. W. McCandlish, president of local union No. 34, declared that the union's ranks were firm and strong. "No member had wavered and that all the strikers were prepared for a prolonged contest."

There are no telegraphers in active service in these islands except those on the cable and wireless so the fear of a tieup here is not entertained.

That the effect of the strike, however, has reached these shores is made evident by the fact that the Bulletin's Associated Press cablegrams have been received lately during the night, and at times not at all.

BONES GOING BACK TO NATIVE LAND

Chinese Government Is Good To Its Children

There will shortly pass through this port, en route to their native land, the bones of nearly one hundred Chinese who have, from time to time, passed to the beyond while residing at the city of Washington. The representatives of the Chinese Government have the matter in hand at the present time, and are making arrangements for this general disinterment. Ninety per cent of these Chinese bodies have been buried in the National cemetery.

Whether at home or abroad, no matter how far distant from the home empire, it is the all-absorbing wish of the Chinaman that after he has departed this life his bones will eventually be laid to rest in Chinese soil.

The custom of returning to China the bones of Chinese who have died in far-off foreign countries has been handed down for hundreds of years. It has become such a fixed institution that a Chinaman feels safe and sure on this score, for he knows of a certainty that if friends neglect to return his bones to his native land his home Government will do so.

China is good to its own. It is the most generous mother country on the globe. It ever keeps a watchful eye on its children who are scattered, and if any misfortune befalls, she is ever ready with a helping hand.

During the recent fire in San Francisco, when thousands of Chinese lost their all, the mother country at once stretched out her hand and brought all the aged and infirm back to their native land with no cost attached. She then turned her attention to the Chinese who had scattered throughout the Pacific States, and if they so desired they were given passage back to China with never a cent to pay.

The representatives of the Chinese Government at Washington have recently received word from the home Government to the effect that the Chinese Government desires the return of the bones of all Chinese who have been buried in the national cemetery at that city. It has directed its representatives to proceed at once to have the bodies taken up and prepared for shipment. In this respect thorough fumigation will be the first act. In many cases the bones will be about all that remains of the body. These will be placed in airtight boxes and started on their long journey half way around the world.

Chinese are seldom, if ever, buried at sea. Deaths among Chinese frequently occur on the liners of the Pacific Mail Company, but the bodies are never buried at sea. The body is hermetically sealed in a casket provided for that purpose, and of which the Mail steamers carry a number on hand for such uses. The majority of deaths occurring at sea among the Chinese on the Pacific happen while the vessel is en route to the Orient; from the fact that the Chinese passengers consist of aged persons who are, in most cases, going home to die.

LOCKED UP ON CHARGE OF THEFT.

Vallejo, Aug. 19.—"Dick" Turpin, the colored hero of the Marine and Bennington disasters, is at present confined on board the prison ship Manila at the Mare Island yard, charged with being implicated in the theft of a large quantity of copper and brass which has been stolen from the yard during the past few months.

Turpin has always had an excellent record during his eighteen years of service in the Navy, and at present he holds a rating of first-class petty officer. For some time past he has had charge of one of the shooting ranges at the yards target range, and it is alleged that he, with the help of other enlisted men, has carried away from the yard at different times in rowboats quantities of brass and copper, amounting to the sum of \$1500. Captain of the Yard McCracken is at present investigating the affair.

To stiffen window shades stretch them tightly on the floor and sponge with bran water. Two quarts of bran to six quarts of water boiled and strained through cheesecloth when cool. Apply to the shades on both sides with a clean sponge and iron while damp.

An obstinate fruit stain can generally be removed by holding the spot over the fumes of sulphur.

For Sale

Eight room house, well built, 32x42. Large veranda, 4 bedrooms, toilet, bath. Newly painted. 150 ft. frontage on Kuakini St. Cool and healthy. In walking distance to center of town. Near Liliha and Nuuanu cars. Only \$1500. Certainly a bargain.

"The Old Folks At Home"

ONE of the most beautiful of the old melodies is reproduced on a CORONET PHONOGRAPH with an exactness of time, technique and expression that is remarkable and it is difficult to realize that the music is only a REPRODUCTION of the notes of a great singer.

Five Dollars Buys a Coronet

and you have as good a machine as if you had paid fifty for it. Now note the advantage. Without a record you will get no music. When you buy a high priced machine your money is largely spent for wheels and horn and you find yourself limited to a half dozen, or less, records. With a five dollar CORONET you have money to burn on music. Buy records with the difference and get more music. We are

Still Demonstrating

the superiority of these machines to the hundreds who first hear and then buy. As a matter of convenience to our patrons we are going to sell from the main store. We will be as glad to have you drop in and hear a tune or two as if you came to buy; it's only a matter of a day or two when you will come back.

Business Manager.

Subscribed and sworn to before me
this 17th day of August,
(SEAL) Anno Domini, 1907:
P. H. BURNETTE,
Notary Public, First Judicial Circuit.

THURSDAY, AUG. 22, 1907.

Ex-Governor Carter is having a
new experience. The dam is being
discussed and he is not in the lime-
light.

Transportation is what Hawaii
needs, and no profit will be made by
waiting to solve the problem with
flying machines.

The exhibition of Harriman buying
coal when his companies have no end
of coal mines may furnish another
inspiration for a move against the
coal trust. Twenty-five dollars a ton
is the limit to which coal is expected
to soar this winter in Montana.

Something new will be expected
from the reorganized Promotion Com-
mittee. Not because the old one has
had faults but rather that new blood
is supposed to be valuable under any
circumstances.

HONOLULU'S POLO.

The people of Hawaii owe an ever
recurring debt of gratitude to Hon.
S. M. Damon for making the polo
tournaments possible and another
debt to the young men of the Terri-
tory who devote a good share of
their spare time, money and energy
to the development of the sport.

The Moanalua polo field makes the
inter-island contests possible because
of the perfection of every detail for
the accommodation of players and
horses, and the especial consideration
for the comfort of the onlookers. The
ride to the field and an afternoon in
the midst of the picturesque sur-
roundings is an outing in itself. Add
to this the excitement of the con-
testing sportsmen and you have a
combination that may be equalled in
some place in the world, but we
doubt it.

WALL STREET PESSIMISM.

Continued discussion in the large
financial centers of the important
subject of hard times—whether they
are coming or not—is a sufficient in-
dication that there are possibilities
in the situation. The differences of
the moment are founded on individ-
ual conclusions as to the cause for
the present lack of confidence. One
crowd is convinced that the country
is all right if President Roosevelt
would let it alone. The other claims
that powerful interests are forcing a
crisis in order to discredit the Presi-
dent and make him let them alone,
regardless of the country.

There may be some sound reason-
ing on both sides. It is most difficult
to prove that there is anything rad-
ically wrong with the country. The
crop yields on which so much de-
pends, give excellent promise.
The latest circular of the Henry
Claws banking house holds that the
country is all right and only the
speculators of Wall Street are wor-
ried. It says in part:
"Throughout the West business
continues on an active scale. There
has been no recession of consequence
in sales of goods going into consump-
tion. The masses are prosperous and
spending freely. Our farming classes
are richer than ever in their history
and better able than ever to with-
stand any agricultural setback. For-
tunately, there is no prospect of the
latter at this writing. The only sign

of recession in any direction is that
referred to above, the stoppage of
new business enterprises imposed by
the limitations of the money market.
Bankers in all parts of the country
are becoming exceedingly conserva-
tive and are effectively applying the
brakes on questionable operations.
In no part of the country can any
optimism be discovered correspond-
ing to that which exists on Manhat-
tan island south of Fulton street
(Wall street section). That seems
to be the bluest spot on earth just
now. Many of our great corporation
leaders are much disturbed and dis-
pleased at the recent activity of
Government and State officials. For
this they can hardly be blamed,
since not a few State attacks are in-
discriminate and ill-judged. Never-
theless, an era of reform in corpora-
tion management has already begun,
the effect of which will ultimately
be beneficial to stockholders and will
do much towards removing the politi-
cal and social discontent which has
been rising in a threatening degree
for several years past. There is the
best of reasons for stating that the
Federal Government has no 'trust
smashing' policy in view. There has
been much exaggeration as to the in-
tentions of the Government in this
respect, and all that is likely to be
enforced so far as can be ascertained
is a quiet but firm policy of com-
pelling the great corporations to
obey the law equally with the humb-
ler citizens. Of course, there is
more or less public hysteria connect-
ed with these movements, but this in
time will disappear, and the results
of past agitation will unquestionably
leave us with permanently higher
standards of corporate management
and responsibility."

This mainland condition has an
indirect bearing on Hawaii and has
already shown its effect in the con-
servative policies inaugurated some
months ago. Yet so far as the local
crop situation is concerned, few years
have offered more satisfactory pros-
pects than the next crop season of
these islands. According to all the
predictions made by the experts, the
world's sugar crop will not be so
large as to break the price. Our
own crop bids fair to be a good one.
And a fair crop at a fair price is a
source of comfort and confidence to
Hawaii, especially when its finances
are snug and well guarded.

If this Territory can add to its sat-
isfactory industrial condition, an era
of improved transportation facilities
and consequent increased travel, it
should be possible for the people to
overcome the perpetual pessimism
which usually supplies a damper for
every optimistic outlook.

That Tired Feeling

If Wishes Were Horses

Everyone would ride, and every-
one would own a horse. Everyone
wishes to own a horse, but wishing
will never secure it for you. After
you have been wishing for a horse
call and see us, and let us tell you
what the next step in securing a
horse is. It is an easy step and far
better than paying rent. We have
some nice homes in different parts of
the city. Some of them will be sure
to suit.

Trent Trust Co.

AMENDMENT COVERS,
SAYS HUSTACE,
ALL OBJECTIONS

"There is an amendment that goes
with the amending ordinance that
covers the objections made by McCar-
ties," said Chas. Hustace this morn-
ing. "And he knew of the amendment
at the time he made his public state-
ment but failed to state the fact. I
also showed the amendment to Link
McCandless yesterday but he refused
to look at it. There is an old law on
the statute books now that cover just
what we are driving at but it has never
been enforced. It was to prevent any
controversy over the legality of the
old law, simply because it was an old
law that this new ordinance was in-
troduced.

The amendment referred to is in
the first section of the ordinance and
states that the gutters must be "so
constructed and in such condition as
not to permit water to accumulate and
stand therein."

DESKS FOR SCHOOLS

Superintendent of Education Bab-
bitt has opened bids for sup-
plying the Territory with 470
desks and seats for the various
schools of the islands. Several bids
were received, but the contract has
not yet been awarded. Wall, Nich-
ols Co. bid \$2681.65 on the whole
lot. The Hilo Mercantile Co., Ltd.,
made a bid of \$645 on a few of the
desks. A. B. Arleigh & Co. bid
\$2509.20, but the bid covers only
about half the amount required.
Thos. G. Thrum bid \$2468.55 on the
same lot; Thos G. Thrum, by bill,
\$2296.40.

CONFIRM MAHUKA SITE

The Henry Waterhouse Trust Co.
received a letter in the Nippon mail
from the Treasury Department in
which cable orders regarding the per-
fection of the Mahuka public build-
ing site were confirmed.
It is said by those having the mat-
ter in charge that the work of com-
pleting the deal for transfer of this
property to the Government is pro-
gressing in a manner satisfactory to
all concerned.

The failure of the Pope Manu-
facturing Company caused a panic on
the New York stock exchange. The
amount involved in the failure was
\$22,000,000.

SALE OF Laces, Embroideries, Appliques, etc. NOW GOING ON

From our Window Display you can get an idea of the low prices
that will prevail. Net Top LACES, APPLIQUES REDUCED 50
per cent. EMBROIDERIES at Cost.

SWISS, NAINSOOK and CAMBRIC in all widths and at prices
from 5c. per yard up to \$1.
Also about 20 dozen pieces of NARROW VALENCIENNES
LACE AND INSERTION.
Remember, Good Things don't last long at an Ehlers Sale.

EHLERS,
Whose Sales ARE Sales.

SULPHUR MATCHES WERE CAUSE OF DEATH

Joe P. Mendonca, a Portuguese,
died this morning in a rather pecu-
liar manner. A few days ago Men-
donca went to his home at Kakaako,
where he was living alone during the
absence of his wife, and as he had
been drinking and anticipated that
he would be thirsty during the night,
he placed a container with water
near his bed.

During the night Mendonca helped
himself to some of this water. He
noticed that it had a peculiar taste,
but did not pay much attention to it.
The next morning he discovered that
a bunch of sulphur matches had fallen
into the water and had dissolved
therein, giving it its peculiar flavor.
Shortly afterwards the man was taken
ill. He was taken to the Queen's
Hospital yesterday, and there he died
this morning.

Coroner Jarrett has empaneled the
following coroner's jury, which will
hold an inquest this evening: Kalei
Aona, Steven Gumpfer, Henry M.
Honan, V. Fernandez, J. H. Schmack
and V. O. Teixeira. The deceased
was a native of St. Michael. He was
about 38 years of age.

TO REPRESENT HAWAII AT SACRAMENTO

Governor Frear has appointed M.
M. O'Shaughnessy and James T. Tay-
lor to represent Hawaii at the Irriga-
tion Congress to be held at Sacra-
mento commencing September 7.

Both these men are well qualified
for the appointment, having been en-
gaged in some of the most important
engineering projects in the islands.
O'Shaughnessy constructed the Ko-
hala ditch and has had to do with
a good many other big projects. Tay-
lor was connected with the construc-
tion of the Waialuku ditch, the Wa-
ialua electric light project, etc. Both
are now on the Coast.

FLEEING TO SAFETY

What an awful and wonderful
sight it must have been to see half
dressed men, women and children
rushing from the dreadful flames
that were eating up San Francisco
after the earthquake. What would
you give to see what an eye witness
saw during that time and to be in
absolute safety from those surging
flames and falling walls, and to see
those magnificent buildings dynam-
ited? Just think what a sight it was.
You can see the same as those on
the actual ground saw if you are
willing to spend the small sum of
25c for general admission or 50c for
a reserved seat. That huge Edison
Picture Machine will furnish this
most wonderful sight at the Hotel
Baths on Saturday night at 8:30
o'clock. Seats now on sale at the
Baths.

ST. LOUIS TEAM.

(Continued from Page 1)
MKI will go along with the team as
official interpreter.
Before leaving Mr. Inouye requested
the reporter to say that he visited the
Fall this morning and was very much
pleased with its beautiful scenery.
"There are many beautiful and attrac-
tive scenes in Japan," said Mr. Inouye,
"but none of them can be compared
with Fall."

The Territorial Supreme Court has
received the official notification from
the United States Supreme Court of
the latter's action with regard to the
T. H. Harrison "gold cure" case.
This matter was disposed of last
April, the Federal Supreme Court de-
ciding in favor of the defendants, J.
A. Magoon et al. Harrison was sug-
gesting to recover the money he sunk in
the gold cure fake speculation.

HOSTETTER'S CELEBRATED STOMACH BITTERS
Keep a bottle of the Bitters handy if you would save a lot of suffering. When the Stomach, Liver or Kidneys are unable to perform their work a few doses will help wonderfully. It never fails in cases of Dyspepsia, Indigestion, Costiveness, Sour Stomach, Poor Appetite, Liver or Kidney Ills or Malaria.

OFFICERS ELECTED BY THE COMMERCE CHAMBER

J. F. Morgan, president; J. P. Cooke,
vice president; H. P. Wood, secretary
and treasurer; trustees, E. D. Tenney,
W. Pfotenbauer, J. A. Kennedy, T. C.
Davies, Alex. Garvie, B. F. Dillingham,
E. I. Scadding, G. H. Robertson and A.
N. Campbell.

The above officers were elected by
the Chamber of Commerce at its an-
nual meeting which was held yester-
day afternoon. These names were sub-
mitted in the report of the nominating
committee, consisting of J. M. Dowsett
and F. J. Lowrey. Cooke asked to
withdraw in favor of E. E. Paxton, and
T. Clive Davies wished to have either
F. M. Swanzy or E. H. Wodehouse
take his place, but the nominating
committee opposed making these
changes, and the Secretary was finally
instructed to cast the ballot electing
the officers as nominated.

After the reading of the reports of
President Giffard and Vice President
Morgan, which appeared in the
Bulletin yesterday, the Secretary
reported that during the year there
had been added six new members. One,
W. H. Hoogs, had resigned. The total
number of members at present is sev-
enty-three.

The Treasurer reported that the re-
ceipts of the year had been: Balance
on hand, \$878.22; National Guard of
Hawaii Committee, \$400; Shippers'
Wharf Committee, \$580; membership
dues, \$3270; total, \$10,348.22.

The disbursements have been: Ha-
waii Promotion Committee, \$400; H.
P. Wood, salary, \$600; G. B. McClellan,
salary and allowance for traveling ex-
penses, \$1000; rent, \$600; expense, of-
fice and sundries, \$152.63; telephone,
\$48; stationery and printing, \$63; ca-
blegrams, \$172.16; Los Angeles Cham-
ber of Commerce Excursion, \$85; ban-
quet to Congressmen, \$334.54; legisla-
tive committee service, Buckland,
\$112.50; National Guard of Hawaii,
\$1900; total, \$9067.78, leaving a bal-
ance of \$1280.39.

In answer to a question by the chair
J. P. Cooke reported for the special
committee recently appointed to at-
tend to the newly arisen transporta-
tion questions that the Sugar Factors
had sent a request to the American-
Hawaiian line asking that the direct
service between this port and Salina
Cruz be discontinued. This request
was a very urgent one and would
probably be granted. Should this be
the case the danger of importing yel-
low fever from the Panama region
would be greatly diminished.

It was decided to amend the by-laws
by raising the number of members of
the Board of Trustees from twelve to
fifteen.
Those present were J. A. Kennedy,
J. P. Cooke, F. J. Lowrey, J. M. Dow-
sett, E. H. Wodehouse, J. F. Morgan,
Willard E. Brown, W. T. Lucas, M. P.
Robinson, G. P. Wilder, F. L. Waldron,
A. Gartenburg, E. A. Berndt, C. M.
Cooke, E. W. Jordan, H. A. Parmalee,
George F. Davies, Alex. Garvie, H. P.
Wood, T. J. Kling, E. D. Tenney, W. L.
Hopper, William Lanz, T. Clive
Davies, W. Pfotenbauer and G. W.
Smith.

PELL TWO STORIES LANDING ON HEAD.

A Hawaiian, named Keao, took a
five from the veranda of a Chinese
restaurant near Anala Park yesterday
afternoon. He landed on his head on
the hard macadam and was taken to
the Queen's Hospital for treatment.
He was somewhat under the influence
of liquor at the time, and in staggering
about, two stories from the ground,
he managed to fall over the railing.
When picked up he was unconscious
and had a good sized hole in his fore-
head from which the blood was spurt-
ing freely.

BOOZE BOARD HOLDS INQUEST ON KILEY

The Booze Board held a post-mortem on Fred Kiley yesterday afternoon and decided that he was totally and officially dead. They performed weird incantations, made a few passes in the air, and concluded that they had finally laid the ghost of the persistent saloon keeper.

The exercises took place at the usual hour of 4 p. m. The Board had, something over a month ago, put the hooks into Kiley and handed him a knock-out blow by refusing to renew his restaurant license. Then a few days ago they held funeral exercises over the corpse and buried him, though they did not praise him. But the ghost refused to stay dead, so they tried again yesterday, and by officially refusing now and forevermore to grant him a saloon license, they think they laid the uneasy spirit.

There is great rejoicing in the camp of Lyle Dickey and J. Oswald Lutted, the eating house keeper across the street from Kiley's whose sense of propriety was shocked at the idea of allowing Kiley to run a booze emporium in that refined neighborhood. A luau may be held to celebrate the event.

Having finished off Kiley, the Booze Commission now turns its attention to Scotty Weston and threatens to have him up on the carpet because he sells drinks at his tables without meals, as his license allows him to do. They will haul him over the coals tomorrow afternoon. It makes no difference what his license permits him to do; he must do as the Board wants him to do. The rumor, however, that they will require him to serve nothing stronger than weak tea, and to have sacred music in his place every Sunday morning at 11 o'clock is probably incorrect.

HOFF CONQUERS CONSUMPTION.

Home Treatment Advocated Instead of Banishment. New York, Aug. 18.—Instead of binding heavier burdens on the consumptive and suffering from asthma by banishment to the West it has been proven that the home treatment with the simplest medication brings about the best results.

The American Bureau is distributing gratuitously a valuable treatise on asthma and consumption which contains rules and regulations relative to diet, exercise, hygiene and medicinal treatment for the cure of these maladies. It also points out ways and means by which it may be safe to come in contact with the consumptive patient.

The establishment of the American Bureau is the result of the wonderful achievements of Prof. Hoff, of the faculty of the University of Vienna, whose success in the treatment of consumption, asthma and catarrh is little less than marvellous. His theories are to be promulgated in the pages of stamping the Great White Plague from the continent.

The pith of this little book has been copied by local boards of health, and by addressing the American Bureau, No. 47 Third avenue, New York City, the book will be sent free to any sufferer from asthma or consumption.

GOVERNOR FREAR INSPECTS THE DAM

Governor Frear, accompanied by Secretary Mott-Smith, Superintendent Holloway, Auditor Fisher, Attorney General Hemenway, Engineer Howland and Contractor Whitehouse visited the Nuuanu dam yesterday afternoon for the purpose of seeing things for himself and finding out what he could concerning the much-discussed project. Howland explained things and answered the numerous questions of the Governor and the other members of the investigating party. He also showed off his new pump, which is said to be doing much less work than its guaranteed capacity. He stated that he expected, by increasing its speed, to bring it up to the guarantee.

Holloway explained the financial part of the matter. The Governor obtained copies of the Whitehouse contract and the reports of Engineers Schuyler and Kellogg, which he will study carefully before taking any action.

BAND CONCERT

A public moonlight concert will be given by the Hawaiian band at the Seaside Hotel, Waikiki, this evening at 7:30, when the following program will be rendered:

- PART I.
 - March—"Governor Frear"..... Berger
 - Overture—"The Fiancee"..... Auber
 - Intermezzo—"Cavalleria Rusticana"..... Mascagni
 - Selection—"Ernani"..... Verdi
- PART II.
 - Vocal—Hawaiian Songs, Ar. by Berger
 - Selection—"The Grand Mogul"..... Luders
 - Waltz—"Artist Life"..... Strauss
 - March—"Our Jack"..... Berger
 - "The Star Spangled Banner."

LOCAL AND GENERAL

Bulletin want ads are read carefully and answered promptly. They cost little.

Order your polo rigs. Stockyards Stables.

Souvenir postals in large variety at Hill's souvenir store at post office.

Remember—Full moon and delightful bathing at Seaside. Bath houses open all the evening.

K. Uyeda, who has been here on liquor business connected with Lovewell & Co., returned to Japan today.

W. Motoshige, a prominent local Japanese druggist, left for Japan in Nippon Maru today. He will return in October.

Miss M. Aech, the 17-year-old daughter of Julius Aech, died this morning at the Queen's Hospital. She was operated on for appendicitis a few days ago.

The Longworths were initiated into the mysteries of the hula last night. It is reported that they saw it all and enjoyed the sight thoroughly.

It is reported that the Japanese who was struck by a Rapid Transit car at Kalihii a few days ago is very low and it is feared that he will not survive his injuries.

Captain Lilly, who came here a few weeks ago to take charge of the local branch of the Sailors' Union, has tendered his resignation and is anxiously awaiting the arrival of his successor.

The August number of "Paradise of the Pacific" was issued this morning. It contains able articles on recent local topics. The new Governor, ocean transportation and Secretary Straus' visit are well handled.

FREAR BUSY WITH PRATT

Governor Frear was not visible this morning. He was closeted with Land Commissioner Pratt from half past nine to some time after noon, discussing certain land matters. It is probable that the conference will result in increased activity at the Land Office, as Pratt had several measures of importance, affecting the opening up of new tracts of Government land, to discuss with him.

Two official calls were made on the Governor during the morning. Consul Schaefer of Italy arrived to present his respects, and W. Lanz, acting consul for Mexico, also left his card and his congratulations.

ASSESSOR APPEALS TO SUPREME COURT

Wm. T. Robinson, Tax Assessor for the Second Taxation Division, has appealed to the Supreme Court from the adverse decisions of the Maui Tax Appeal Court in two important cases. One is that of the Hawaiian Commercial & Sugar Co. The amount of deductions and exemptions as allowed by the Assessor was \$1,457,870.89; the amount claimed as exemption and deduction by the sugar company is \$1,644,069.63. The latter figure was decided by the Tax Court to be the correct one.

The other case is that of the Wailuku Sugar Company. The Assessor placed the taxable value of the property at \$2,380,000. The Tax Court reduced this figure to \$2,000,000.

LOCAL HUI

(Continued from Page 1) them tried to get away with the show money which had been advanced to them, but the hotelkeepers at Vancouver set themselves against this, and at their suggestion the whole sum of this fund was turned over to the Japanese consul. They claimed that if this action were taken it would facilitate the settling of the claims which they had against them.

Now when the Kumeric hui made its demand upon the consul for the return of this money, he declined to pay it over unless the hotelkeepers would sign certificates showing that the passengers had paid all their bills to them and that they had found employment. He explained that he did this in order to prevent any of them who were liable to become public charges from remaining in the country.

"It was then that the Vancouver hotelkeepers saw their chance to bleed the hui which was backing the Kumeric venture. They claimed that not only must all the hotel bills be paid before they would sign the certificates demanded by the consul, but in addition to this they wanted a bonus of \$3000, which was to be divided amongst them. Now, the Kumeric hui does not object to paying the hotel bills, although it had not made itself liable for any expenses incurred after the landing of the passengers, but it does decidedly object to paying the \$3000 bonus, and as the hotelkeepers will not sign the certificates which the consul wants, unless this amount is paid them, the money is now being held up by the consul.

"This is the situation as it is at present. We have cabled to Charlie, who is now in Nevada, to go immediately to Vancouver to straighten the matter up."

If you haven't been wearing Hart

Schaffner & Marx clothes, maybe your experience with cotton-mixed, "mercerized" fabrics has taught you something.

Have your clothes kept shape? Do you feel satisfied with them? Have they proved to be worth the price? Maybe you'll take our advice this Fall and get into the best.

Hart Schaffner & Marx use none but pure wool fabrics; or wool and silk. It's the only thing worth buying in clothes.

We sell these goods.

IN THE CIRCUIT COURT OF THE First Circuit, Territory of Hawaii. At Chambers—in Probate. In the matter of the Estate of Emily Backeberg, deceased. Order of Notice of Hearing Petition for Administration. On reading and filing the Petition of Heity Waterhouse Trust Company, Limited, of Honolulu, alleging that Emily Backeberg, of Milwaukee, died intestate at Arizona on the 29th day of May, A. D. 1907, leaving property in the Territory of Hawaii necessary to be administered upon, and praying that Letters of Administration issue to Heity Waterhouse Trust Company, Limited, it is Ordered, that Monday, the 9th day of September, A. D. 1907, at 9 o'clock a. m., be and is appointed for hearing said Petition in the Court Room of this Court at Honolulu, at which time and place all persons concerned may appear and show cause, if any they have, why said Petition should not be granted, and that notice of this order shall be published once a week for three successive weeks in the Evening Bulletin newspaper published in Honolulu. Dated at Honolulu July 31, 1907. (Sgd) J. T. DE BOLT, First Judge of the Circuit Court of the First Circuit.

Attest: (Sgd) L. P. SCOTT. 3758—Aug 1, 8, 15, 22.

Harriman has purchased the steamship "Kansas City" on the Atlantic seaboard to take the place of the lost Columbia. Captain Friele has gone east to bring the vessel around to the Pacific.

Colonel Bellinger recently got into trouble by defying the state police and insisted on smoking on the transport dock in San Francisco. The harbor commissioners have referred the matter to General Funston.

Lieutenant Fay, who is a passenger on the Buford, comes to Honolulu to take command of the marine detachment at the Naval Station. He will relieve Lieutenant Bigler, who has been here for the last 18 months.

It has been ascertained that E. Baker, who came in on the Sierra, died shortly after at the Queen's Hospital of typhoid fever. His back pay will be sent to his parents, the address of whom he gave when first entering the hospital.

The steamer Claudine, Captain Bennett, came in this morning from Maui ports with the following cargo of freight: 8000 feet koa lumber, 22 cases potatoes, 28 cases honey, 90 hogs, two horses, 118 packages hides, 127 packages M. T. bottles and 117 packages sundries.

While the steamship Enterprise was lying in the harbor at San Francisco a fireman of that vessel attempted to carry a water named Brooks up the gangway. Both men were under the influence of liquor. The fireman lost his balance when near the top and they both fell into the bay. The fireman was fished out but Brooks was drowned.

Kriegland, a Scandinavian sailor on the schooner Marston, was washed off the bowsprit of that vessel by a flapping sail while on the way to San Francisco. A boat was lowered, and for two hours the search was kept up but no trace of the man was found and the schooner proceeded on her way. The Marston left here with a cargo of sugar some little time ago.

Captain Lynam of the Transport Thomas expresses much faith in wireless work, and says that if a wireless station was installed on Twin Peaks near San Francisco and another on some high elevation on these islands and both equipped with powerful instruments he believes that his ship could be kept in communication with one point or the other during the whole trip. The Thomas arrived at San Francisco a week ago Monday.

GOOD WORK IS DONE BY SUBMARINES.

Newport, R. I., July 22.—The submarines Octopus and Cuttlefish, which are now undergoing their official acceptance trials at Newport, under the supervision of the Board of Inspection and Survey of the Navy, have both broken submerged target records. The Cuttlefish, while going full speed submerged, made two bulls-eyes with Whitehead torpedoes at a range of 500 yards.

The other shot varied a little to one side of the center of the target. The Octopus this afternoon made three bulls-eyes, under the same conditions as the Cuttlefish.

The San Francisco savings banks have combined in bringing suit to restrain the supervisors from acquiring the Geary street railroad.

The Alaskan is due here next Monday direct from San Francisco. The next steamer of this line due here is the Missourian, from the Sound. She will leave Seattle on September 4.

SPORTS

SPORTING EDITOR

WANTS TO COME

San Francisco, Aug. 13th, 1907.
Mr. Jess Woods, Honolulu, T. H.
Dear Sir:—Mr. Mike Fisher has permitted me to read your last letter to him and I wish to state that I am keenly interested in the undertaking you two gentlemen have in mind. Of course the Chronicle is printed quite a distance from Honolulu but I believe its columns are read in the islands and I beg to assure you that I will be only too glad to give the project a "boost" every now and then, feeling that it will help the cause along. Being a fanatic on baseball I would like to arrange some way whereby I could make the trip. Mr. Fisher thinks it would be a good idea if I could leave San Francisco say two steamers before the teams and that my knowledge of the players and other points concerning baseball could be well brought before the people of the islands through the columns of the "Bulletin" I would be in a position to bring data and photos of the various men and with these we could make a great display of what the fans can expect. This project is bound to do much towards bringing the beauties of Hawaii before the public and I cannot see why the trip will not be a howling success. As to the talent to be taken along by Mr. Fisher I think it is the best that can be procured here and that the people of the islands are to see some high class baseball. Barney Joy is right now the star of baseball and I think he is going to continue his success for a more marked degree next year via several of the eastern teams want him. I am enclosing you a clipping of how I do baseball and I think that you will agree with me when I say that it suits the public immensely ferocious. I have heard some glowing reports from friends of mine that have come from the islands concerning a player named Reuter of the Kam team. Can you give me some data on him as two of our managers are much interested in him. Would be pleased to hear from you at any time and if you have any "dope" that you think would interest the reading public here why send it along and I will find space for it in our columns. Wishing you all the success in the world in your venture I beg to remain,

Yours truly,

HERBERT G. LOWRY.

Sporting Editor San Francisco Chronicle.

TENNIS TODAY

The tennis matches that were to be played yesterday were postponed and will take place today.

Following are the matches that will be played:

The semi-finals will be played at the Beretania courts this afternoon and some hard tennis will be seen. At 1 o'clock A. T. Brock and W. Williamson will play A. L. Castle and R. A. Cooke, and at 5 o'clock C. O. Bockus and H. S. Grey play Greenfield and McKeever.

NELSON-BRITT TO A FINISH

There is danger of the Gans-Britt fight being declared off and Nelson substituted for the colored champion. Willus Britt states that the Reno promoters have offered a purse for a fight to a finish between the Battler and Jimmy, to be decided on Labor Day. Britt is guaranteed \$15,000 for his end, win, lose or draw, and Billy Nolan left for the snarebrush State to discuss the proposition. Word is expected from that locality by Monday. The postponement of the Los Angeles fight has brought about this condition of affairs.

ON-LOOKER RIGHT

There appeared in these columns yesterday a letter signed "On-looker" pertaining to the picking of the All-Hawaiian team. Here is a fan who is interested and who has the proper spirit. Mr. On-looker has some very good ideas in selecting this team and he is certainly thinking along the right lines. Where he got some of his ideas, however, is not known. Surely this is the first time that we

GOOD SHOOTING RECORDS

Some fine shooting was seen at the range of the Hawaiian Gun Club yesterday evening, when the eighth shoot for the club's third Weekly Challenge Cup was pulled off. J. W. Harvey proved winner by smashing twenty straight of the swift flying disks. This is the first time that Harvey has obtained one leg on the cup, although having made four clean scores on a like number of occasions during the eight times that the cup has been shot for, luck would have it that on each opportunity a handicap man made over a possible twenty.

Other scores made yesterday which were above the average but would have been better had it not been for the poor working of the electric trap which failed to throw as uniform as usual, were as follows:

J. Conner, nineteen out of twenty-two.
H. M. Whitney, nineteen out of twenty-five.
W. E. Wall, eighteen out of twenty-one.
J. A. Robb, eighteen out of twenty-one.
K. B. Porter, sixteen out of twenty.
H. D. Bower, twelve out of twenty-seven.

The average previous scores which have taken the present cup have been the highest made on any of the dozen or more Weekly Challenge Cup that have been put up for competition since the organization of the club, four years ago, the cup having to be won three times before coming into the property of the lucky shooter. Both Messrs. Conner and Porter have their names on the cup twice and are very likely to walk off with the cup before long.

Previous winners have been:

1. J. Conner, July 3rd, twenty-five out of thirty.
2. K. B. Porter, July 19th, nineteen out of twenty.
3. J. Conner, July 17th, twenty out of twenty-five.
4. W. E. Wall, July 24th, twenty-one out of twenty-four.
5. T. Treadway, July 31st, twenty-one out of twenty-nine.
6. J. E. Whitney, August 7th, twenty out of twenty-five.
7. K. B. Porter, August 14th, twenty out of twenty.
8. J. W. Harvey, August 21st, twenty out of twenty.

EXPLOSIVE PLACED ON LILIIHA STREET TRACK

The report that some malicious person had tried to wreck a Rapid Transit car on the Liliha street line this morning by placing a stick of giant powder on the track created some excitement on the street this forenoon. On investigation it was found that while there was some foundation for the rumor, the matter was not nearly as serious as was reported.

When car 22 went down the Liliha street track this forenoon at about 9 o'clock it struck some explosive which had been placed there. The car was lifted up a little and the ground near the track was loosened by the force of the explosion, which frightened the passengers not a little. No damage was done, however.

The conductor sent a preliminary report containing these facts to the Rapid Transit office, and Manager Ballentyne went out to investigate. The police also took the matter in hand. It was found that the explosive used was a torpedo such as is used commonly on the railroads for signal purposes. These torpedoes are clamped to the track by means of metal bands and make a loud noise when exploded by a wheel striking them. The police found the remains of the torpedo near the place where the explosion had occurred.

The Rapid Transit people complain that it is quite a common occurrence for their cars to strike explosives of various kinds, especially boxes of toy torpedoes, which are placed on the tracks by mischievous persons. At times these are used in sufficient quantities to do damage to the cars which strike them.

HONOLULU NOT YET ON BOSTON'S MAP

Boston, the Hub of the Universe, the Centre of Culture; Boston, the One and Only, The Real Thing in the way of Knowledge, Learning, Isms, etc., Boston, Massachusetts, has not yet awakened sufficiently from the trance into which prolonged study of her own excellencies, virtues, Beams and Superiority has thrown her, to know that We are on the Map.

This morning a letter was received at the Executive Building addressed to Hon. George R. Carter, Port au Prince, Hawaii!

Ye Gods! Where are We?

It appears there is still missionary work to be done by the Promotion Committee. Instead of confining their efforts to bringing tourists to Hawaii they might better take a day off and inform Boston that the capital of Hawaii is not Port au Prince. Otherwise Hawaii is liable to lose by having eaged thousands from the Center of the Universe go to Port au Prince, in the Islands of the Atlantic, to takesnap shots of Kilauea and the Bishop Museum.

And to think that the fame of our own George has not spread widely enough for the bean-enters to know yet that he lives in Honolulu!

Don't Blame the Hens

Now this is YOUR fault. Don't blame the hen. She is a natural egg-machine whose desire, whose every inclination is to lay. Furnish proper food and surroundings and she will lay just as readily in August and September as in November or December.

We can not make favorable surroundings. YOU must attend to that. But we can, AND DO, with LEE'S EGG MAKER, provide the requisite so far as food is concerned. The basis of our poultry food is granulated blood (deodorized), one pound of which is equal to 16 pounds of fresh beef. It is essentially a food for winter egg-production, supplying better than anything else the requisites for the formation of egg and shell.

You can coax, drive, and "hopper feed" until doomsday, but that won't make hens lay unless food and surroundings are RIGHT.

REDS DEFEAT BLUES 4 TO 3 AT POLO

Weird Playing Seen On Moanalua Field

In a game that was amusing if not exciting, the Reds defeated the Blues at polo on the Moanalua grounds yesterday afternoon by the score of 4 to 3. The teams were composed of players from Oahu, Maui and Kauai. There were two or three of the players of the regular teams, and the rest were substitutes who were given a chance to show what they could do. Some of them had had very little practice, and as a result the playing was at times weird.

The line-up was as follows: Reds—E. Peck, F. F. Baldwin, C. A. Rice and C. Cooke. Blues—A. Rice, H. Castle, G. Denison, S. A. Baldwin. Lewis and Shingle acted as umpires.

The men played individually and without any idea of team work. It was every man for himself and hit the ball any old way, just so you hit it. One team played as badly as the other. On one occasion the ball was struck far out in advance of the whole crowd and they streamed away after it. As each man passed it he had a free chance to use his mallet. Each man struck, and everyone of them missed. Then they all turned and came back, and that time someone succeeded in hitting it.

The best work, of course, was done by Frank Baldwin for the Blues, and Sam Baldwin for the Reds. These experienced players had the game all to themselves much of the time, and when one of them got the ball and started up the field with it things began to happen.

Frank Baldwin's bluffing was amusing. He and one or more of the other players would be riding hard for the ball, when Baldwin's big voice would boom out, "Get out of the way; leave that ball alone,"—and almost invariably the bluff worked. The other players would shy off and leave the ball to Frank Baldwin. He kept up a running fire of comments, commands and entreaties not meant for the side lines but which occasionally drifted across, to the great amusement of the spectators. "Get in, now, some of you fellows and help me," he entreated once. His men responded to the pathetic and carried the ball away from the blue goal. "Our side can't play polo," he grumbled once near the side line.

Arthur Rice put up a good game, considering that he has not been playing in the big games, and Charlie Rice performed marvelous stunts in the reaching line. Harold Castle played hard and justified the expressed opinion of many of the spectators at the other games that he should have been given a chance in the championship games.

The game was a very even one, not being won until the last period, and then only by a margin of one point.

REUTER TO FOLLOW JOY

The fans of the Coast League may have the chance of seeing another Hawaiian pitcher on one of the teams in the near future. "Babe" Reuter, who twirls for the Kams of Honolulu, wants to come to the United States, and Walter McCredie of the Beavers has offered him a job. Barney Joy used to act as catcher for Reuter, and says that he is a good man, both in the box and at the bat. What a card it would be if this youngster should come here and prove a winner and be pitted against his countryman in a game.—Chronicle.

BARNEY LOSES ONE

Portland, Aug. 14.—In a bunting game in which Joy and Esola failed to make good on the Portland men's rapid fire of little hits, the home guards won today by a score of 4 to 3. Hartman was on the slab for Portland and with the exception of bad luck in the third and fourth cantos he had the Seals at his mercy. When-

POSTPONED GAME

SAINT LOUIS VS. DIAMOND HEADS
FOUR GOOD TEAMS!
TWO GOOD GAMES!

ever they became dangerous Hartman's support came to the front with sensational plays and shattered the hopes of the visitors.

Barney Joy got a two bagger in the third that registered the Seals right fielder. Mott's error, hits by Williams and Esola, a wild pitch by Hartman and a couple of outs gave the Seals two more in the fourth. In their half of the inning the locals rallied and chased two runs over. The bunting game later on was responsible for Portland's other runs.

ALOHA BARNEY JOY

(By W. O. McGEEHAN.)
When the brown Kanakas gather Down at old Waikiki beach, And the hula girls get busy In a dance that is a peach, And the cooks are stirring gently On a fire of cedar logs Fricassee of pol and mango, And a toothsome stew of dogs, Then they tune the ukuleles, And their voices ring out strong In the soft Kanaka lingo And they sing a baseball song.

Chorus:
Aloha pol, Aloha Joy,
The Seals will get the rag.
Aloha once, Aloha twice,
He'll surely cop the flag.
A hula hula, it's getting cooler,
Aloha, Barney Joy.

When the game is started Sundays And the fans are on the job, And the crabs begin their crabbing And the umpire starts to rob; When the smiling kid, Jack Gleason, Tosses off the festive bull, And he scans the distant bleachers And he sees that all are full, Then the local fans get busy And their voices ring out strong, Till they make a noise like riots In that old Hawaiian song.

Chorus:
Aloha pol, Aloha Joy,
The Seals will get the rag.
Aloha once, Aloha twice,
He'll surely cop the flag.
A hula hula, it's getting cooler,
Aloha, Barney Joy.

What will become of Joy? This is the problem of the hour. Will he be found in one of the major leagues or will he remain with the Seals next year? According to the rules of organized baseball, but one player can be drafted from a club a season. That drafts will be put in for Joy in the event that he is not sold there is no question. Already St. Louis National, Boston American and New York American have their eyes on the big pitcher, and if the local club would set a price on Barney it would realize handsomely; but will it? As Joy is such an immense attraction, would it not lose even if it sold him for, say, \$6000? What is \$6000 when a pitcher will pack Recreation Park like Barney did Sunday? In a few games Barney would bring this amount in the grounds. Barney is not only a drawing magnet here but at Oakland and elsewhere. The fans over the bay are already kicking because Joy is not used Sunday mornings. But Long has promised to exhibit the big fellow as soon as the club hardens up the pitcher's box. There is so much soft dirt in the box that Long feared he would twist an ankle. An athlete of Joy's size requires hard ground to perform on, so he won't be seen at Oakland until the grounds are made to suit him.

There will be drafts sent in for other players belonging to San Francisco. Charley Street is almost sure to be wanted. He is catching the best ball of any of the backstops, and good backstops are scarce. Henley may be wanted. As the club can lose only one by draft, the club may take the chance of letting go of Henley or Street and holding Joy.

After losing a heart-breaking game in the morning, Danny Long placed the fate of the Seals in the sun-tanned hands of Barney Joy for the afternoon struggle. Result: Another victory for the boys representing this good town, and a triumphal procession to the clubhouse for the Honolulu heavy weight. That procession was something nearly everybody missed. Only those who turned to take a last look on their way out saw what was happening to Long's star boxman. Small boys and grown men crowded around the smiling one, so that it was all but impossible for him to make any headway in his voyage to the shower bath. Barney was as shy and bashful as a schoolgirl. He doffed his cap and said: "I did my best," and he tried to squirm his way out of the throng. Finally they decided to let him go, but they followed him all the way from the bench back of third base to the clubhouse over in centerfield, patting him on the back.

The future of big Barney Joy is the topic of fandom these days and people are wondering if he will be on the boards of the Coast League next

season. His fame has reached the big brush and several of the high moguls there would very much like to have the Kanaka on their payroll in 1908. Jack Huston, just before he left town, offered the San Francisco management the big sum of \$4500 for Barney, but Long informed him that he was not for sale. Naturally some one will put in a draft for the Hawaiian, as well as for a couple of the other men on the Seals team, but if these people out here don't want him to go they can easily cover him up as has been done in other cases.

The trip of the picked team at the end of the baseball season to Honolulu is now an assured fact, as Mike Fisher has received word from Jess Woods of the Islands that he is going right ahead with the arrangements of the same and that he will have everything in shape for the arrival of the visitors. Hal Chase, Overall and Chance have promised to go, and it is the request of Woods that a place be found on the team for Devereaux. Bill was with the bunch that made the trip some years ago, and with Fred Perrine, the umpire, did the pitching.

Barney Joy is without a doubt, the most popular player in the Coast League today, and the fans give him a rousing reception every time he walks on the diamond. When he fanned the hard-hitting Cravath in the fourth, the noise was deafening, and Barney blushed like a school girl.

"MIQUE" FISHER WRITES

The following letter has been received from Mr. Fisher and shows what the great baseball magnate is doing in reference to the baseball team that will visit Hawaii in November. Those who still have an idea that a bunch of bush leaguers are coming on this trip can see by this letter and clippings that they are sadly mistaken. The boys on the Coast are taking as much interest in this project as the local lads:
San Francisco, Aug. 12, 1907.
Mr. Jess Woods, Honolulu, T. H.

Dear Sir:—Replying to yours of the 31st ult, am pleased to note that everything is progressing favorably at your end and glad to say the same for this end. Bill Lange has expressed a desire to make the trip with us and Hal Chase is considering the matter. We are all looking forward to the time for the trip.

Honolulu is getting all sorts of advertising from this, as all the papers have taken the matter up, not only on this Coast but all over the country.

As regards transportation, a number of people here are anxious to make this trip and are asking what rate, if any, can be made for them, also hotel rates. Some of the boys wish to bring their wives. I shall bring mine and we would like to know what provision could be made for them as to rates, etc.

Without any doubt Barney Joy will either be sold to or drafted by the big league. He has placed his business in my hands and you may be sure he will be well taken care of. Devereaux informed me that unless I take him on the trip the ship will never get out of the harbor.

From time to time will send you photos of the different players.

How many men would you suggest that I bring? Of course Barney Joy will do the work for your club. I am figuring on bringing three catchers who will play in the outfield when not catching, so you can have the use of one of them at any time.

Send me all particulars and papers, so I can have everything republished here.

With kind regards,
Yours very truly,
M. A. FISHER.
