HIGH KOREAN OFFICIAL HERE

WILL VISIT ALL OF THE ISLANDS

HIGHLY EDUCATED KOREAN FOREIGN OFFICE ATTACHE WILL INVESTIGATE LABOR CONDITIONS IN HAWAII BEFORE CONTINUING HIS JOURNEY TO MEXICO TO ATTEND TO GRIEVANCES OF HIS COUNTRYMEN THERE—WILL NOT DISCUSS THE WAR.

Yun Tehi Ho, or as he puts it in English "T. H. Yun" an attache of the Foreign Office of the Korean Empire, was a passenger by the Manchuria today from the Orient and although such was not his original intention, he intends to stay here for some weeks studying labor conditions as they affect his fellow countrymen. Yun Tehi Ho is a special commissioner from the Korean Government to investigate certain stories of ill-usage of Korean laborers in Mexico. Not unnaturally the word was passed round that he was also to enquire into some such condition of affairs existing here, but to this rumor he put an effectual denial when he was seen by the Star this morning. He has taken rooms at the Royal Hawaiian Hotel whither he was escorted by F. M. Swanzey, president of the Planters' Association, who was his fellow passenger on the Manchuria. He is a slightly built man, this high caste Korean, with a face of great intelligence and a thorough grasp of international affairs as well as those of his own country. He speaks English with only a slight Oriental accent.

GRAND JURY BEGINS MONDAY

SUBPOENAS ISSUED FOR A LARGE NUMBER OF WITNESSES MONDAY MORNING.

The Territorial Grand Jury is to begin its work next Monday, and a large number of subpoenas of witnesses are out. The jury will meet at 9:30 and take up the list of pending criminal cases. Among the cases for which witnesses have been summoned is that of P. D. Kellett, charged in the district court with embezzlement of the funds of the Barete estate. Many of the heirs of the estate and others, including those to whom Kellett made alleged incriminating statements after his arrest, have been summoned to appear and testify. Kellett's alleged embezzlements were from the Barete estate, of which he was trustee. The case of the Territory against Dan Vida, charged with assault and battery, is another in which subpoenas are out, also the case of Manuola, charged with perjury.

VENTURA SAILED ON TIME. The S. S. Ventura sailed at noon today for the Colonies. She loaded 1,000 tons of coal at this port. The steering apparatus was readjusted during her stay in port.

NOTABLE NEW GOODS. The S. S. Alameda brought some striking novelties for Sachs' Dry Goods Co., which are now on display at the big store. Ladies' Shirt Waist Suits in white linen and white soft Serge Suits are features which will be appreciated.

HAWAII'S EMISSARY TO MEET W. J. BRYAN

E. A. McINERNEY WILL LEAVE BY THE MANCHURIA TODAY TO MEET DISTINGUISHED LEADER.

E. A. McInerney will depart today by the S. S. Manchuria as the special representative of leading Democrats to escort William Jennings Bryan to Honolulu. McInerney will call upon Mr. Bryan in San Francisco and extend to him the welcome to Hawaii. The local man will return on the S. S. Manchuria with the distinguished Democratic leader and will acquaint him with general conditions in Hawaii. The vessel is expected here October 4.

Dan Renear was defeated by Daniels of the New York Athletic Club at Philadelphia in the 100 yard swimming race August 18. Renear led to the sixty yard mark. Renear will try again in the events in New York.

Many of the Hawaiians who took up the 999-year leases in Palolo Valley, have already begun to clear their lots and build.

Automobiles can be hired day or night at Club Stables, Fort Street.

GLEE CLUB AT ZOO. The Kawaihau Glee Club will play and sing at the Kaimuki Zoo Sunday afternoons from 2:30 until 6 p. m. Just the music to please and satisfy you.

UNNECESSARY EXPENSE. Acute attacks of colic, cholera morbus and dysentery come on without warning and prompt relief must be obtained. There is no necessity of incurring the expense of a physician's service in such cases if Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases. Sold by all dealers, Henson, Smith & Co., agents for Hawaii.

TERRIBLE EARTHQUAKE IN CALABRIA

(Associated Press Cable to The Star).

ROME, Italy, September 8.—An earthquake of tremendous proportions is reported from the Calabria district. The disaster is a terrible one and the known dead already number 347. There are a large number of injured. Entire villages were devastated.

The province of Calabria, Italy, is the "toe" of the boot which Italy resembles. It is formed from a backbone of volcanic mountains and is separated from Sicily, on which is the active volcano of Etna, only by the narrow Strait of Messina. On the Calabria side of the Strait is the village of Scilla which takes its name from the legendary Scylla while the equally legendary Charybdis was supposed to be on the Sicilian shore. Calabria has suffered frequently from disasters by earthquakes.

TEAR DOWN ITO'S STATUE

TOKIO, September 8.—Affairs are quiet here today. There is no more rioting. The statue of Marquis Ito at Koke was torn down by a mob and dragged through the streets. A special session of the Diet is expected to be called.

THE TROUBLE IN TOKIO.

From Washington D. C.

Received at Honolulu 10 a. m. Sept. 8. Consul-General Saito, Honolulu.

"A section of the local martial law was declared at Tokio and its immediate vicinity on the 8th inst. This is simply a precautionary measure against any manifestation of idle, vicious and

irresponsible persons, who might incite others to disturb peaceful citizens, and also against any probable disturbances among the general public, which might be caused by sensational opinions of the worse sort of newspapers. "A disorderly matter of small importance occurred last night, but owing to the vigilance of the authorities, it was of no consequence." HIOKI.

CORPORAL TANNER WINS

DENVER, Colo., September 8.—Corporal Tanner was today elected commander of the Grand Army of the Republic. The next National encampment will be held at Minneapolis.

James Tanner, known throughout the United States as Corporal Tanner, was born in Richmondville, N. Y., April 4, 1844. He enlisted in the 5th N. Y. Volunteers during the Civil War and was made a corporal. He lost both legs at the second battle of Bull Run. He is a lawyer by profession, but has held office most of the time since he lost his legs in the war. He was United States Commissioner of Pensions in 1889. When not holding office he has been a pension attorney.

ENORMOUS SALES FOR PRIZE FIGHT.

SAN FRANCISCO, September 8.—The sales for the Britt-Neison fight at Colma aggregated \$60,000. Champion James Jeffries will referee the contest. The fight will start at 2 p. m. tomorrow.

TARTARS STILL IN REVOLT.

BAKU, September 8.—Fierce fighting continues here between the troops and the Tartars. The foreign consulates, banks and government buildings are protected by troops.

Balakhian has been completely burned. Although they were shot down in masses by the artillery, the Tartars were not deterred in the work of wreckage.

AUTOMOBILE TO CUT SUGAR CANE CROP

HONOLULU MAN INVENTS A MACHINE WHICH MAY REVOLUTIONIZE SUGAR HARVESTING.

By the next Alameda there will arrive a machine for cane cutting which, it is expected, will tend to revolutionize the harvesting of Hawaii's main product. The new cane cutter represents the work of many years on the part of Henry G. Ginnac, an employe of the Honolulu Iron Works who has now left that employ to devote himself to the development of his invention.

It was reported from Washington D. C., that he had sold half of his interest in the invention to G. P. Thielan of this city and Thielan admitted this morning that he had an interest in the concern.

"Yes, it is an invention in which I have the greatest faith," said Thielan. "It was invented by Ginnac and has been perfected in San Francisco and will be down here by the next Alameda. Until the machine comes I prefer to say nothing about it for I think it will speak for itself when it gets to work."

From other sources it was learned that the Ginnac invention is of the automobile style, electrically impelled, and that its inventor is certain that it will simply walk through a cane field cutting as it goes. If the hopes of the inventor are realized, there is no saying how far the idea may be develop-

WATERING STOCK IS NOT A FRAUD

FRANK ARGUMENT IN THE SUIT AGAINST THE HONOLULU CLAY COMPANY.

If the stock of the Honolulu Clay Company was watered, there was nothing wrong in it under the laws of Hawaii, is one of the contentions made in a brief filed this morning in support of the demurrer filed by defendants in the case of C. R. Hemenway, trustee, against stockholders of the company. Hemenway is suing as trustee in bankruptcy, to compel payments from stockholders who are alleged to have been delinquent on payments on stock, and he charges that in the organization of the concern there were gross over-valuations of its property holdings. The defendants sued are the Honolulu Clay Company, F. J. Long, Frank Hustace, F. J. Amweg, O. L. Sorenson, J. B. Rohrer, J. R. Burns, C. H. Cooke, F. C. Atherton, W. Gehring, F. D. Damon, M. L. Smith, H. L. Kerr, C. G. Ellison, F. L. Litherland, T. McCants Stewart, W. R. Castle, Jr., and A. N. Campbell. The argument in support of the demurrer likens the company, which was organized to dig for clay, to a mining corporation digging for valuable metal, and says its property is incapable of accurate valuation. "If the stock was watered," says the brief, "there is nothing wrong in it."

Townsend Says Filipinos Are Eager For Education

SCHOOLS OF THE ARCHIPELAGO NOW CROWDED TO THE CAPACITY OF THE GOVERNMENT TO MAINTAIN—AMERICAN TEACHERS HAVE FOR THE MOST PART ACCOMPLISHED EXCELLENT RESULTS—TOWNSEND ON MANCHURIA WITH STUDENTS.

Among the through passengers by the S. S. Manchuria is H. S. Townsend who was formerly at the head of Hawaii's schools, but left these islands to become a division superintendent in the Philippines. This is the first visit that he has paid to Honolulu since he left here over four years ago and he was met at the steamer by a number of former friends. He looks the picture of health and is well satisfied to remain in the Philippines. "In fact," said Townsend this morning, "I should be very disappointed if I thought that I were not going to return to the Philippines. I have been division superintendent of Samar," he continued, "but am not attached to any division now. At the present I am taking to the United States forty Filipino youths who are to be entered in various colleges. They are being educated at the expense of the Philippine government and they enter into a four-years' contract with the government. They are, as one of them expressed it, 'to study hard and not be too bad'; during their term at school. After concluding that work they will go back and serve four years in the civil government at their home. The majority of the students will enter institutions in California, but some will go east. "Affairs are quieting down in the Philippines now, with the exception of the Island of Samar. There has been more or less trouble, but it is not directed so much against the Americans. (Continued on page five.)

The Taft Party Honored Captain Saunders Of Manchuria

GAVE THE MASTER OF THE VESSEL, WHO HAD CONTRIBUTED TO THEIR ENJOYMENT DURING THE TRIP, THREE MAGNIFICENT PRESENTS AND ALSO GOT UP A HIGHLY COMPLIMENTARY SET OF RESOLUTIONS IN HIS HONOR.

Those people in the Taft Party are like Father O'Flynn, they have such a way with them. They know how to return courtesies and they can do it in a gratifying way with gifts that always possess particular significance both from their value as well as the sentiment attached to them. Captain W. Saunders the master of the S. S. Manchuria which took the crowd out to the Philippines, was the recipient of a very graceful tribute from the Taft party for the courtesy and attention showed the party during the trip aboard his vessel.

The trip was the most notable of the kind in the history of the United States and Captain Saunders showed himself in every way worthy to play the host on the biggest vessel of the Pacific Mail fleet. The presentation took place on August 4 the night before the vessel got into Manila.

Secretary Taft, Miss Alice Roosevelt and the entire crowd were in the music room when Captain Saunders was summoned. When he got in the skipper realized that they had something in store for him. And they had. Secretary Taft made the presentation speech on behalf of the party, three elegant gifts. There was a Satsuma ware tea set for Mrs. Saunders, a heavy solid silver cigar box for Captain Saunders and the daintiest tortoise shell jewel box for their daughter. The presents were costly and the Satsuma set being such that would make the heart of a collector of rare Japanese ware glow with enthusiasm. The set is over 100 years old. The crowd had drafted a set of highly complimentary resolutions in expression of their appreciation of the services and kindness of Captain Saunders. The resolutions were not engrossed in time to give to Captain Saunders before the vessel left Manila on the homeward run but he will get them the next trip. Captain Saunders thanked the donors for the handsome gifts.

The Taft party will return by the S. S. Korea which goes direct from Yokohama to San Francisco. A few of the party will however remain in the Philippines and return to America by way of the Suez Canal. Secretary Taft and Miss Roosevelt will return by the Korea.

May's Old Kona Coffee

People often wonder why MAY'S OLD KONA COFFEE is so good. Its virtue lies in its age. The coffee was bought years ago and has been carefully stored until now. Most of the island coffee is too new. The new coffee bean contains a good deal of acid which doesn't agree with folks at all inclined to be rheumy. The older a coffee bean is, the better. There's another reason yet for the excellence of May's Old Kona Coffee. It is roasted and ground fresh every day. PRICE 25 CENTS PER POUND.

THE CAUSE.

The first causes of Indigestion, Biliousness, Loss of Appetite, Headache, Dizziness, etc., is constipation. Don't take cathartics, as they irritate the lining of the bowels, and are only a temporary relief. Dr. Miles' Nerve and Liver Pills permanently cure by strengthening the nerves of the stomach and liver. They effect a mild, natural movement.

A SAD DEATH.

Miss Frankie Covert Davis, a sister of Mrs. Thomas Wall of Honolulu, died in Salida, Stanislaus county, California, on August 15. News of her death was received by the Steamer Ventura.

The deceased was only twenty-one years of age and had recently graduated from the High School of Modesto, and her sudden death was a great shock to numerous friends. She was a beautiful young lady and had been a great favorite among her school mates. An attack of pleurisy caused death.

KENTWELL'S ADDRESS IN SAN FRANCISCO

TALKS ABOUT THE ADMINISTRATION OF THE EXCLUSION ACT IN HAWAII—ITS EFFECT HERE.

L. K. Kentwell who made a speech at the Chinese Theater in San Francisco is thus reported by the Call.

Kentwell delivered quite a lengthy address in the Chinese language, and was followed by Ng Poon Chew, editor of the Chung Sai Yat Po, a Chinese local newspaper, who has the full art of the orator and who delivered a rattling address. During both of these speeches not a Chinaman left the theater and instead of the plegmatic attention that one would have expected, the liveliest interest was shown and laughter even rang out whenever either of the speakers made what the hearers deemed a witty point.

Kentwell showed clearly that he was not here to mollify the Chinese in their attitude against the exclusion act or to help change their opinion that they are receiving unjust treatment. He said in part:

The greeting of a Westerner to a Western audience is "Ladies and gentlemen," and my greeting to you is, "Loyal sons and daughters of China in America—I greet you, one and all. This is my first attempt to make an address therefore I ask you beforehand your indulgence. My talk will be on the exclusion act. Through its operation in Hawaii since annexation the Chinese people there (merchants and others) has suffered heavy financial losses. His treatment under humiliating rules and regulations has been heaped upon them by the Federal Immigration officials. Prior to February 14, 1903, before the establishment of the Department of Commerce and Labor, the local customs officials had a hand at it. Oh! they were delighted to humiliate and insult a Chinaman or a person of Chinese descent.

Forty years ago the Chinese first came to Hawaii, which was then an undeveloped country, and through their labor Hawaii progressed. Times were good and everybody prospered when the Chinese laborers were permitted to come to Hawaii, but a year or two after generally was getting bad. It is now worse. Why so? Because the industrious and reliable Chinese laborers, who were the backbone of agricultural Hawaii, have been driven away from what formerly was a friendly and hospitable country, but is now a prejudiced and hostile Territory of the United States by and through the operation of the exclusion act. Prior to annexation Hawaii had over 30,000 Chinese, and today there are not more than 10,000. Exclusion law is the cause of this

decrease. An act of Congress of 1888 provides that no Chinese laborer in the United States shall be permitted, after having left, to return thereto, except under certain conditions, one of these being that no such laborer shall be permitted to return unless he has property of the value of \$1000 or a lawful wife, who, I suppose, is worth only a thousand dollars to a Chinaman, according to the American idea. Now a Chinese laborer cannot afford to get married in the United States or in Hawaii, therefore the law has the desired effect of barring him out altogether.

The thousand dollar clause and the property qualification imposed upon him are further hardships. It is very seldom that a Chinese laborer goes back to his native country with more than a few hundred dollars—the earnings of several years, perhaps, and to require him to own property of the value of \$1000 in the United States in order to be permitted to return after a visit is to say to the Chinese laborer, "If you go, you go for good." Why is this law made only for the Chinese laborers, whereas laborer to return is limited to one year permitted to go and come as they please? Why discriminate against a Chinaman? The law is unjust. I omitted to state that the right of a Chinese

laborer to return is limited to one year—another hardship. So the decrease of the Chinese population in Hawaii and this country is due to the enforcement of this unjust law.

The exempt class of Chinamen under the treaty is permitted to come to the United States also under certain conditions—those of being photographed, evidence of identity, etc. Even from Hawaii, which is part of the United States, Chinese are discriminated against—even those exempt. Chinese merchants have left in considerable number. America does not want Chinese; yet she wants the trade of and the open door in China. The boycott is the result of America's hostile attitude toward China and her people. She is the only nation that is against the Chinese. China desires the friendship of America, so modification of the exclusion act should be made, or an absolute repeal. A general immigration law is what China ought to demand.

CAMPBELL MAY HAVE LIBEL SUIT

REMARKABLE COLLECTION OF MISSTATEMENTS ABOUT A KAULAI LIQUOR LICENSE.

A written application for a license, accompanied by a bond and an affidavit of property owners consenting to the license, are on file at the treasury office in the case of the liquor license granted to S. Ozaki, at Waimea, Kaula, which is the subject of an article in which the Garden Island, the Lihue newspaper, declares that Treasurer Campbell issued the license without having any of these necessities under the law. The Garden Island says that a wireless was sent to get the license, and that Campbell issued it in disregard of the provisions of the law which require property owners' consent, a bond and various other details.

Ozaki's application was presented at the treasury office in written form, on August 24. It was sworn to before P. H. Burnett as a notary and contained sworn statements as to the applicant's being qualified and having complied with the conditions. With it was a bond of the United States Fidelity and Trust Company, executed by the Henry Waterhouse Trust Company.

The application is endorsed with the approval of Treasurer Campbell, and a license was immediately issued as asked for, of the third class, a wholesale license. The same party has a license already of the fourth class, for retail sale of liquor on the same premises, and the application bears an endorsement which says: "This application being for the same premises now occupied by the applicant for the purpose of a fourth class license it was not considered necessary to have an additional affidavit from property holders, the original affidavit covering the premises."

As a result of the Garden Island's statements charging Campbell with breaking and evading the law, there is talk of a libel action. The treasurer this morning declined to discuss the matter, referring inquiries to the records of the office, which show the facts just stated.

MANCHURIA HAS A LARGE CROWD

BUT HAS NO SPECIAL NOTABLES ABOARD ON HER HOMEWARD TRIP FROM THE ORIENT.

On time this morning from the Orient the famous Taft boat, the S. S. Manchuria, Captain W. Saunders, arrived this morning from the Orient after an uneventful passage. She encountered good weather during the run from Yokohama which was left on August 30. The run to port was made in 9 days and 3 hours, the vessels having been slowed down for the last three days. She has for Honolulu 1,316 tons of freight, and 7,687 tons for San Francisco in which are 1150 bales of raw silk valued at \$893,000. The vessel brought 13 cabin passengers for Honolulu and a fair sized crowd in the steerage. No Koreans in the steerage arrived.

F. M. Swanzy returned from a business trip to the Orient. Miss S. L. Hyington, musical instructor at the Kamehameha Girls' School, was also an arriving passenger for Honolulu.

Among the Honolulu people was Quon Hang the rice planter, who was accompanied by his family. The vessel carries a large list of through passengers there being 165 in the cabin. Among the through passengers is Cheuk Poy Lum the Korean minister of foreign affairs. He is going to investigate the condition of the Koreans on the mainland and is also inquiring regarding them in the Hawaiian Islands.

Dr. Wan Pang Chung, Dr. Ho Kan Yuen and Dr. Ying Young Tsui are physicians going to attend the International conference of war surgeons at Detroit.

W. R. Watson is a customs inspector at Hilo. F. E. Cullundan is the postmaster of that place. They are going to the mainland on a vacation.

J. M. Underwood is a prominent merchant of Hilo and is going to his home in Scotland.

H. S. Townsend accompanied by 40 Filipino students who are on way to the United States to be educated at the expense of the government is a through passenger.

George E. Anderson, consul at Amoy is returning to Washington on state affairs.

Frank Seaman, banker of New York accompanied by his sister Mrs. Sarre, are returning home after touring the Orient.

W. J. Guthrie, the mining expert, who has been examining some mines in Japan for an American syndicate is returning home to San Francisco.

Isaburo Yoshida is an attaché of the embassy of Japan at Washington.

F. H. Houlder and wife are through passengers. Mr. Houlder is a well known shipping man of Liverpool, returning home.

W. S. Bartlette and family of Los Angeles, Mr. Bartlette being a banker of prominence in the City of Angels, are returning home.

John Bolt and wife, Miss H. D. Hornmann, prominent society people of Washington, D. C., are returning home after a tour of the world.

ESCAPED FROM OAHU PRISON

TIN SOON, A CHINESE CONVICT, GOT AWAY FROM OAHU JAIL LAST NIGHT.

Tin-Soon, a Chinese trusty at the Oahu Prison, escaped from the jail last night. The Chinese who is serving five years for assault with a weapon on a Japanese, remained outside of the cell last evening. The turnkey did not pay any particular attention to whether the Chinese was in the cell and locked the door. The Chinese went to the dark cell and hid until everybody but the guards had gone inside the building. He took a small ladder from the dark cell and used the ladder to scale the wall and get out into the vegetable garden and escape.

He was recognized last night by one of the former guard at the prison, but the ex-guard made no attempt to take the escaped Chinese into custody. Tin said he was going to ship as a coal passer on the S. S. Ventura. He was under the influence of liquor and was well dressed. High Sheriff Henry had the Ventura searched for the Chinese today, but it is not thought the man left on the vessel. The High Sheriff stated that Tin was in town and would be caught by night. Tin had four years more to serve.

RICHARDSON MAY ARRANGE VISIT

A FAIR CHANCE THAT HE MAY BE ABLE TO GET THE OAKLAND BALL TEAM TO COME HERE.

Frank Richardson who is leaving for the Coast by the Manchuria today, will look into the possibility of arranging for the Oakland ball team to pay a visit here. At least all of his friends say that he will and that should be sufficient.

"It's like this," said Bob White at noon today, "Cohen had the scheme in hand, but I guess he has other things to attend to. We can get the Oakland team down here for a month and play eight games with them. The local teams might each take a turn or they might play an All-Honolulu team, that is a matter of arrangement, but I know that the expenses would be made all right. It would give the game a boost down here all right, and I believe that Honolulu would surprise some of these Coast people. No, I'm not saying that any of the teams could beat Oakland, but I do say that Oakland, from what I saw of it would have anything but a snap."

EAT AND I HOPE YOU DIE

CHRISTMAS CHEER AS IT WAS IN SCHAEFFER HOME AS DESCRIBED BY MRS. SCHAEFFER.

Mrs. Ida Schaffer, by her attorney Henry Hogan, this morning filed a sensational suit for divorce from Albert Schaffer. The complaint reeks with profanity and with accusations of drunkenness and brutality. Schaffer is accused of making all sorts of rough houses at his home until his wife and children hid under the beds when he was around.

The complaint says that the marriage took place in April, 1902, and that there are four children (the eldest 16 years of age and the youngest eight years old. Soon after the marriage the cruelty is alleged to have begun. A long list of vile names which the defendant is alleged to have called his wife is given, and it is set forth that in August, 1903, Schaffer was convicted of larceny and had to work as a prisoner on public parks, greatly to the mental anguish of his wife. After his term as a prisoner was over he frequently came home drunk, it is stated, and threw stones at his family on the street. They sometimes hid under the bed when he got extra lively, and finally they had to leave the house. In fact he came home drunk every pay day, says Mrs. Schaffer, and she had a warm time dodging the things he threw at her. Among them on one occasion was a bottle of beer half full.

In September, 1904, he chased her with a big guava stick in his hand and at Christmas time he came home drunk again, bringing the family food, "Eat and I hope you will all die," was his Merry Christmas greeting, says the complaint, and he frequently remarked that he could live without his wife and could get along fine without any family. He apparently had a habit of calling his wife and children the vilest of names in public, and Mrs. Schaffer finally says she is afraid he will do some violence to her.

After all these allegations the complaint sets forth that Schaffer is not a proper person to have the care and custody of the children.

Judge Robinson signed an order presented by Hogan, restraining the libelous from breaking the peace about his home, and commanding him to appear in court on September 14 and show cause if any why he should not pay alimony pendente lite. The complaint says he is a rough carpenter and makes \$75 or \$80 per month.

Charles G. King, is a prominent capitalist of Cleveland.

FILIPINOS EAGER FOR EDUCATION

(Continued on page five.)

In my opinion, it is an outbreak of innate barbarism more than anything else, and a lawless element simply indulges in violence annually for the down-right love of the excitement. Affairs are however in the main settling down.

"While in a number of instances the experiment of sending the American school teachers out to the Philippines were unsuccessful, the general effect of those teachers has been good. Some of the dissatisfied ones have gone back and many who were not suited to the demands gave up the work, but those who were suited remained and have been getting along very well. Many were disappointed however at the general conditions. They probably went out expecting that the American teacher could accomplish everything.

"However education in the Philippines is making rapid strides. Every division superintendent is being pressed by demands to increase the educational facilities and they have probably been forced to make promises in this respect, that they have not been able to keep. In fact the attendance of natives in the schools has increased to such an extent that the government has simply told us that nothing more can be done for the present as the government can not stand the expense of maintaining the system, if it is increased any more. There are now about 600,000 pupils attending the schools. The absorption of American ideas is very gradual, however, but there is an eager desire on the part of the Filipinos to be educated."

Professor Townsend was met at the steamer by D. Howard Hitchcock, his brother-in-law, whose guest he will be during the visit of the Manchuria in port. Townsend expects to remain some months on the Mainland. He will visit his wife and family at Oak Park, Illinois. The children are in school here.

HIGH KOREAN OFFICIAL HERE

(Continued on page five.)

using the precise grammar which very often the studious foreigner employs to the disadvantage of those to whom English is the mother tongue.

"No indeed, I am not the Minister of Foreign Affairs," he said when greeted as such this morning. "I am a member of the Foreign office staff, however and I am now bound on a special mission to Mexico to enquire into stories of ill-treatment to Korean laborers there. No stories of ill-treatment of Koreans in Hawaii have come to the government's ears as far as I know and I feel sure that if they had I would have been directed to make enquiry into them on this my present trip. As a matter of fact, from what I have heard, the Koreans here have no complaint to make, they seem to be happy and satisfied.

"I am staying over at the suggestion of Mr. Swanzy whom I chanced to meet on the ship and I shall see the conditions under which labor is employed on these islands. I have never been here before and my plans will be along the lines suggested by Mr. Swanzy."

Asked as to what the stories of ill-usage received from Koreans in Mexico amounted to, the Korean Commissioner said that while they were not absolutely definite, there were tales of poor housing, of failure to live up to agreements as to pay and others of a like nature which had come in so frequently as to demand attention.

"The Korean colony in Mexico was recruited by a Japanese firm," he said. "There are about 1300 there altogether and their complaints in their letters home were such as to cause much uneasiness. I was in Tokio at the time that I received my instructions to proceed to Mexico and I fortunately fell in with Mr. Swanzy. I understand that there are over 7000 Koreans here in Hawaii and it is my intention to see how they are faring, so far as I can in the limited time that I have."

Questioned as to the excellent command that he has of English Yun Tehl Ho said with a laugh that he had been learning the language wherever he went. He was a student in a college in Georgia for five years and after lived in different parts of the United States. He has been in Britain considerably and also in Continental Europe, Russia being one of the countries that he has explored.

Naturally enough the name of Russia suggested topics of war and peace and here the Korean representative became suddenly dumb. No amount of polite questioning could extract from him anything more than an even more polite refusal to say nothing.

"You see," he explained with a deprecatory gesture, "I might be glad to give my opinions if I were a private citizen, but being of the Foreign Office it is impossible for me to say anything."

And that was about all.

HACK DRIVERS LOSE THE CASE

One of the hack cases was decided this morning by Judge Whitney. In the case against Caesar Freitas charged with driving a vehicle for hire without a license so to do, Judge Whitney discharged the defendant.

The court held that a hack is a common carrier and has to be licensed but a carriage rented from a livery stable does not come under such classification. It appears that Freitas solicited his load of the passengers who had arrived from a steamer and after getting them to hire his rig went to the livery stable and secured the rig and went to the wharf after them.

The case against E. H. Lewis was continued until September 12. These cases are the outgrowth of the old fight that the hack drivers have fought against the livery stable owners and drivers. The decision is in favor of the livery men.

TITLE FROM THE KING

Findings of the examiners in the land court have been filed in the case of the application of Libana de Nobrega for title to a piece of land at Punchbowl and Luso streets. It appears that the title is based upon a deed from King Kamehameha third or fourth, but that no record of such deed can be found. The examiner's report says that it appears probable that such a deed was made prior to November, 1856. Judge Lindsay in his decision says that there is prima facie evidence of such a deed which is strong enough to entitle the petitioner to a decree of title, after notice to the Territory as a possible claimant.

RECORD SIZED CROWD TO DEPART

MANCHURIA WILL CARRY A LARGE NUMBER OF PEOPLE FROM HONOLULU.

The S. S. Manchuria will take a record sized crowd of people from Honolulu this afternoon bound for San Francisco. She will take 96 in the cabin. This list is swelled by the number of young people returning to the mainland to school, after passing their vacations in Honolulu. A number of well known people are going to the mainland on pleasure and business trips. The parents of some of the young people are going to attend to their entering school.

Mr. and Mrs. C. M. Cooke Sr., and Mr. and Mrs. C. M. Cooke, Jr., and infant are among those who will depart by the vessel.

S. W. Wilcox and wife will also depart for San Francisco.

W. O. Smith and son will depart for the mainland.

F. L. Stolz, wife and daughter return to San Francisco after a visit to the islands.

E. A. McInerney departs with his daughter who is to enter school.

Alfred Castle is a departing passenger.

Harold Spencer departs for school. Dr. L. E. Cofer wife and child depart for a vacation to the mainland.

W. R. Castle and wife and Miss Beatrice Castle depart for the mainland. Dr. and Mrs. F. R. Day will also leave for a trip to the mainland. Mr. and Mrs. J. A. Gilman and two daughters leave on a business and pleasure trip to the mainland. Frank Richardson and Mrs. Richard-

OFFICIAL LIST OF CONFIRMED DRUNKS

FIRST COMPILATION OF THIS ROLL UNDER THE NEW LAW BY TERRITORIAL TREASURER.

Honolulu at last has an official list of habitual drunkards duly issued by the Treasurer of the Territory. This morning every liquor retailer in Honolulu was notified of those who have been adjudged drunkards and were warned in writing not to sell or furnish liquor to them. There are nine on the list thus officially promulgated and it is remarkable to add that four of the nine are sea-faring men. "Jack ashore" has been credited from time immemorial with a fondness for the flowing bowl but hardly in the proportion that Honolulu seems to furnish.

Section 53 of Act 7 of the Legislature of 1905 runs thus: "Any person who shall have been twice found guilty of drunkenness by any judge or district magistrate shall for the purpose of this Act be deemed an habitual drunkard."

It is under this section that the following have been proscribed: Mike Healy, ship St. Katherine; William Hickey, Queen street; "Jack," S. S. Claudine; Mahi, Waikiki; Pola, Emma street; Willie Dias, Punchbowl; W. C. Druce, S. S. Sierra; Gaines, S. S. Iwani; and Louisa Testa, Kakaako.

The act provides dire penalties for any license holder who supplies them, or any of them with intoxicants, but the difficulty is that it does not make any provision for holding guiltless any liquor seller who does not know the proscribed persons and furnishes any of them with liquor unwittingly.

"About the only safe way for a liquor dealer to act under the law as it stands is to make every stranger produce his birth certificate," remarked one this morning. "Even then, though, the certificate might be a 'phony' one and if it turned out that the customer had been interdicted, it would mean \$1000 fine, or three months, or both. It's a cheerful business to be in at that rate."

AUTHORITIES ARE IN A QUANDRY

A DEAF MUTE WHO PRETENDS THAT HE CANNOT UNDERSTAND SIGN LANGUAGE OR READ.

The police and Judge Whitney are confronted with about the hardest proposition that has ever presented itself in their experience. They have a defendant who is charged with larceny but from the present indications, it looks as if the fellow could never be brought to trial. He is Moau Jr., the deaf mute who is charged with the theft of some money from a hack driver yesterday.

When arraigned in court today Moau indicated that he neither understood reading or writing and could not appreciate what the charge that was being brought against him was. Special Prosecutor Rex Hitchcock said he could brand the wildest bullock that ever roamed over the Hawaiian islands but the deaf mute boy was too much for him. Rex passed the buck up to Deputy County Attorney F. W. Milverton.

Nobody seemed to know any sign language that the prisoner would admit knowing so in their perplexity, the authorities had to continue the arraignment until tomorrow. In the meanwhile unless some deaf and dumb Mezzafanti may arise and rescue the authorities by acquainting Moau with the nature of the charge against him Moau stands a good chance of escaping on this technicality. The authorities are declaring that the defendant is faking on them but they are not able to prove this contention.

The Sugar Market

Williams, Dimond & Co., under date of August 31, say regarding the raw sugar market:

Sugar.—July 19th and 20th, no sales, 21st, cost and freight sale, 400 tons at 3.99c; 22nd to 25th, no sales; 26th, spot sale, 400 tons at 4.1-10c; 27th to Aug. 5th, no sales; 7th, spot sale, 400 tons at 4.1-3c; 8th, spot sale, 3000 tons at 4.1-3c; and on same date "to arrive" sale, 1000 tons at 4.1-3c; 9th, no sales; 10th, spot sale, 1300 tons at 4.1-3c; 11th to 16th, no sales; 17th "to arrive" sale, 650 tons at 4.1-3c; 18th to 21st, no sales; 22nd, spot sale, 1600 tons at 4c; 23rd, spot sale, 4000 tons at 4c; 24th, spot sale, 3400 tons at 4c; since which no sales, establishing basis for 96 deg. Centrifugals in New York on that date 4c; San Francisco, 3.625c.

New York Refined.—Quotation 5.10c net cash in barrels, equivalent to 5.05c net cash in bags established July 18th, continued in force until July 31st on which date an advance of 10 points occurred establishing a price of 5.20c net cash in barrels, equivalent to 5.15 net cash in bags. Since that time no further change has occurred.

London Cable.—Aug. 26th quotes Java 96 deg. test 10s. 3d; Fair Refining, 9s. 3d, against 11s. 6d. and 10s. 6d. respectively, same date last year. September Beets 9s. against 10s. 6d. corresponding period previous year.

Eastern and Foreign Markets.—The rally in European Beets to which we called your attention in our previous circular, operators were unable to sustain. Prices, save for temporary interruptions speculative in character, have since continued to decline rapidly throughout the period under review, the downward tendency being quite marked at the close and it is evident that a complete realization of a shrinkage in the world's consumption of sugar of approximately 10 per cent has been the chief factor in the determination of the present course of the prices abroad.

Original prognostications developed 300-500,000 tons of sugar in stock and about at the end of the present campaign, but according to present indications the actual output will be in the neighborhood of 3,000,000 tons and it is not surprising that the trade has been greatly disturbed by the discrepancy as well as by other influences, while in some quarters the decline is attributed to the fear that the new beet crop will equal that of the largest on record which was 6,750,478 tons sugar in 1901-2. However statements to this effect which have been disseminated lately seem rather premature since it is too early yet for reliable estimates of the coming crop to be formed although cable reports indicate that the weather is favorable for the growing crop, but in this connection consideration of the fact must be taken that this year's sowings amount to 1,578,978 hectares against an acreage planted to beets of 1,352,685 hectares in the season of 1901-2. When such a heavy output of sugar occurred.

The New York market during the early portion of the period under review evinced greater firmness but hopeful signs of recovery were checked effectually by the sharp fall in the European quotations for August beets and the unfavorable market reports impelled holders of spot sugars to offer freely at a concession in price, the resultant effect of which is seen in the decline in Centrifugals to a price of 4c, and the

present prospects are that the bottom has not yet been reached. Considerable business has been done in Java at current prices in competition with Cuban yet to be marketed. As regards refined a firm market was in evidence for the time being and although new business was of moderate proportions a very active call for withdrawals was the feature of the situation, but at the close the demand has been very limited at unchanged prices. This fact no doubt in conjunction with other features affecting the raw sugar market has created a feeling of indifference among refiners relative to increasing their stocks of sugar at this juncture.

Latest Statistical Position.—Willet & Gray reported U. S. 4 ports in all hands estimated August 23rd 198,032 tons against 128,512 tons, same date last year. Six ports Cuba estimated August 22nd, 234,000 tons against 53,673 tons, corresponding period previous year. United Kingdom July 31st (bonded stock) 109,000 tons against 116,000 tons same date in 1904. Total stocks in all the principal countries by cable August 24th at latest uneven dates 1,349,032 tons against 1,550,183 tons, decrease from last year 201,151 tons. Sugar crops of the world; total cane sugar production 4,483,129 tons against 4,207,701 tons, same date previous campaign. European beet sugar production 4,631,900 tons against 5,574,968 tons in 1903-4. United States beet sugar production 209,722 tons against 208,135 tons, same date previous year. Grand total cane and beet sugar 9,373,551 tons against 10,290,804 tons; established decrease in the World's production 916,953 tons.

Telegraphic advices have just been received from New York reporting advance in price of European beets to 8s. 9d.

In the absence of transactions basis for 9 deg. Centrifugals in New York remains unchanged, viz. 4c. Dry Granulated in New York, no change.

Coffee.—Stock of Hawaiians in first hands today is 1600 bags. Under the influence of a urmer market for Brazil coffees in New York the demand here for Central Americans has been very brisk, but as heretofore mainly confined to coffees ranging from 10c. to 10 1/2c. As against these facts we have to note that buyers are still disinclined to purchase the higher qualities in advance of their requirements and although our last quotations are to some extent maintained by holders, it has been difficult to effect business in these grades. The market closes quiet and steady at 12 1/2c. to 14c. for Fancy, 12 1/2c. to 12 3/4c. for Prime, 10 1/2c. to 11c. for Good, 9c. to 11 1/2c. for Fair, 7c. to 8 1/2c. for Inferior, 10 1/2c. to 12c. for Peaberry.

Rice.—The market remains about the same as last report. The new crop will not be ready for about six weeks, in the meantime mills are opening up on the old crop of which there was carried over about 250,000 pockets of all grades. Basis, 3c. mill, San Francisco 33.55. Better grades about 1/2 higher. Sandwich Island rice is slow selling, pero grades 3.20 to 3.25 F. O. B. San Francisco. Should large lots come in the market will break at least 1/2. China rice No. 2 is selling from 4.05 to 4.35. No. 1, 4 to 6. Imported Japan is being superseded by the American and there is very little being imported. Price 4.85 to 5.13.

AFTER GLANDERS AND TUBERCULOSIS

BOARD OF AGRICULTURE AND FORESTRY ADOPTS RULES TO PROTECT ISLAND LIVE STOCK.

The new regulations adopted yesterday by the Board of Agriculture and Forestry, to prevent the introduction and spread of diseases in cattle as exclusively announced in the Star contain the following:

In order to prevent the introduction into this Territory of infectious, contagious and communicable diseases among live stock and other animals, local managers or agents of steamship and navigation lines or the commanding officer of any ship shall notify the Territorial Veterinarian, or the local Live Stock Inspector immediately upon the arrival of any ship of the presence on board if any, of live domestic animals, including poultry and dogs, when same is intended to be landed in this Territory and shall upon arrival of any ship, furnish the inspecting officer with a list of the number and kind of animals taken on board from any port out side of this Territory, the number and kind destined for the Territory, the names of the owners or consignees, and a report as to the condition of health and cases of sickness or death among the animals while on board.

If necessary to remove such animals before the arrival of the inspector, they must be confined on the pier in such a manner as to facilitate inspection, but should in no case be turned loose on the pier. Hogs and sheep shall be confined in temporary pens. Cattle and horses shall be tied on the pier. No animal of any description shall be allowed to leave the pier until the Territorial Veterinarian or local Live Stock Inspector has issued a certificate of health permitting the landing of the animal or animals in question.

In no case shall the removal of live animals from the ship for inspection or other purposes, constitute a landing until a certificate of health for such animals has been issued.

Until further notice the ports of Honolulu, Oahu and Hilo, Hawaii, shall constitute the only ports of entry for live stock and other animals for this Territory.

No horse stock (including mules and asses), shall be admitted to the Territory unless accompanied by a certificate of health showing that the animal or animals in question have been submitted to the mallein test and found to be free from glanders. Said test must be made and certificate issued by a competent veterinarian whose name appears upon the list of graduates from a recognized veterinary college and whose professional standing is satisfactory to this board. The test must be made according to the rules of the Territorial Veterinarian and recorded on blanks furnished by him for this purpose.

If such animals shall not have been tested before shipment they shall, upon arrival in this Territory, be placed in quarantine and held there until mallein tested under the supervision of the Territorial Veterinarian or the local Live Stock Inspector, and at the expense of the owner.

Any person contemplating the importation of horse stock to this Territory shall notify the Territorial Veterinarian or the local Live Stock Inspector and obtain from him the necessary blanks and instructions.

In order to prevent the further introduction of tuberculosis in cattle it is hereby ordered, that:

No cattle above the age of six months shall be admitted to the Territory unless accompanied by a certificate of health showing that the animal or animals have been submitted to the tuberculin test and found to be free from tuberculosis. The said test must be made under the same conditions as those governing the importation of horse stock and be recorded on blanks furnished by the Territorial Veterinarian. If unaccompanied by such certificate the animals shall be tested upon arrival in the same manner as prescribed for horse stock.

If any horse stock shall be found by the Territorial Veterinarian or the local Live Stock Inspector, upon arrival in the Territory, to be infected with glanders or any cattle to be infected with tuberculosis, the same shall be immediately destroyed, and the carcass disposed of, at the expense of the owner, under the supervision of the Territorial Veterinarian or the local Live Stock Inspector.

It having been brought to the notice of this Board that a contagious disease known as glanders and farcy prevails among the horse stock in various portions of this Territory; therefore, in case any animal shows symptoms of glanders, the owner or person having charge of the same or any person having reason to believe or to suspect that an animal has glanders shall immediately notify the Territorial Veterinarian or the local Live Stock Inspector.

If the inspector or the Territorial Veterinarian decides that there is reason to believe an animal is suffering from glanders he shall at once isolate the suspected animal or animals and either submit them to the mallein test or remove them to quarantine, where they shall be kept under observation until the nature of the disease can be definitely established.

All animals which, upon an examination by an inspector or the Territorial Veterinarian, are found to exhibit definite symptoms of glanders shall be destroyed and the carcass disposed of under the supervision of one of the above mentioned officers.

All other animals which have been exposed to the infection by being in contact with a diseased animal, shall be kept in quarantine for a period of ten days from the date of their exposure. If during this period the animal is found to be diseased, it shall be destroyed and the carcass disposed of as above.

the same stall, yard or premises, or which in any way have come in contact with an affected animal, shall be quarantined for such period as shall be required by the Territorial Veterinarian or the local Live Stock Inspector, or submitted to the mallein test.

The premises where affected animals have been kept shall be disinfected under the supervision of the Inspector or the Territorial Veterinarian.

All expenses in connection with the examination, testing, destroying and disposing of affected animals, as well as quarantine and disinfection, shall be paid by the owner.

Violation of any of the regulations is declared to be a misdemeanor.

SOLD TO THE JAPANESE. SAN FRANCISCO, August 30.—The well-known bark Alden Besse, for years engaged in the sugar trade between the Hawaiian Islands and this city, has been sold to a Japanese firm for a sum under \$5000. The vessel is soon to sail for Puget Sound to take on a cargo of fish for the Japanese coast, and it is not likely that she will ever again be seen in this port. Time was when a vessel as well found as the Alden Besse would have brought \$20,000 or \$30,000, but vessels are cheap now. She went to the Japanese for about \$4000.

WATERING STOCK IS NOT A FRAUD
(Continued from page one.)
ing wrong in it in common law, and this is a common law jurisdiction."
It is customary for corporations to capitalize their property at a high valuation, says the brief, because it is easier to sell stock at less than par than at par. Another statement is to the effect that with corporations it is customary to keep dividends down so as not to "arouse the cupidity of creditors" nor cause "the intervention of legislators."
The suit is one to enforce the payment of delinquent assessments, in the interest of creditors. The demurrer further says that there is no definite charge of fraud in the complaint and that as the company is bankrupt the plaintiff has no standing in court. The charges of over-valuation of property do not constitute a charge of fraud, it is argued, and if there is any ground for action the means should be an action at law, and not the equity suit brought by Hemenway.
Atkinson, Judd and Mott-Smith are attorneys for the defendants.

MISS ROOSEVELT JUMPED IN THE TANK
SHE CALLED THE BLUFF OF SENATOR WARREN WHO HAD TO FOLLOW THE DARING GIRL.
Miss Alice Roosevelt did take that dive into the swimming tank after all. But she did not go alone for no less a personage than Senator Warren had to follow her. He dared her to go in with her clothes on and she said she would if he would follow. He took up her banner and to his chagrin, Miss Roosevelt showed herself to be a thoroughbred and into the tank she went.
The incident occurred after the ves-
