VOL. IX. NO. 3815

HONOLULU, TERRITORY OF HAWAII, MONDAY, OCTOBER 7, 1907

PRICE 5 CENTS

BIG DISTILLERY PLANT CAPTURED

Inter-Island To Get The Hilo Wharf For 18 Years

WILL SPEND \$30,000 IN REPAIRS

The Inter-Island Company, it is stated by Superintendent Holloway, will in all probability accept the counter-proposition made by the Government in reference to the Hilo wharf in answer to the proposition of the company that it be granted a 20-year lease of the property. Although no written acceptance of the proposition has yet been received, it is understood that the directors have voted to accept and Superintendent Holloway expects to receive, some time today, the letter stating this fact.

According to the terms of the proposition made by the Government, the Hilo wharf is practically turned over to the Inter-Island for a period of 18 years. The Territory does not surrender control of the wharf, as under the law it cannot do so, but reserves the right to have other vessels than those of the Inter-Island moored alongside it and to charge wharfage therefor.

Otherwise the steamship company has full use and control of the wharf, in return for this concession, it is to repair the wharf and keep it up. The additions to the end of the wharf, which the Inter-Island wanted the Territory to build, so that their vessels could lie alongside the wharf and yet lie with the current, will be built by the Inter-Island company itself, and the company will also make the needed repairs to the wharf, which are extensive. The entire work, Holloway figures, will cost about \$30,000. "The proposition," says Holloway, "is a fair one to the Territory. At present we are getting only about \$30 a month rent out of the wharf and it is costing us about \$1,000 a year to keep it up."

JACK ATKINSON CANDIDATE FOR COLLECTOR?

Is Jack Atkinson to be a candidate for Stackable's job? The question has been suggested by a number of business men and by some people more or less closely connected with the custom house, and is in line with the predictions that were made before Jack went out of office as Territorial Secretary. At that time it was the general belief that Jack would be taken care of in some way, probably by appointment to a Federal job. If this program is to be carried out, the ex-Secretary could hardly look for a softer place to fall on than the position of Collector of the Port of Honolulu. The place pays \$6,000, which would be a big advance over what Atkinson got as Secretary, or even what he might have got had the gods been good to him and placed him in the gubernatorial chair to hold down the lid. Stackable's paper of endorsement has been very freely signed by the business men of the community, but his term of office does not expire until next June and lots of things can happen in that time. So far, no acknowledged candidate has sprung up for the job in opposition to Stackable, but it is unusual for a billet as easy as that of Collector of the Port to be assigned without there being more than one applicant for the place.

There was a rumor on the street last week that A. G. M. Robertson was to be proposed for the position, but this bears little evidence of genuineness. Robertson's law practice is a good deal more valuable than the income from the Federal position and there is no probability that he would consider for a moment the acceptance of the job.

With Atkinson, however, it is different. He was for several years in a Government position and in that time his law practice was, of course, lost. It is no easy matter to build up a good law practice in Honolulu now, and it is hard to conceive of Jack wavering aside the position if he thought he could get it.

The Pythian Sisters are giving a chowder at Pythian Hall this evening and all Pythians are invited.

TO MAKE CITIZENS OF IMMIGRANTS

Court Clerk To Visit All Islands And Issue Papers

With the idea of giving as many of the recently arrived Spanish and Portuguese immigrants as desire, a chance to take the first steps toward becoming United States citizens, Governor Frear is trying to make arrangements to have a court clerk make a round of all the islands and issue first papers to all who desire to take them out. It is probable that a majority of the immigrants will avail themselves of the opportunity.

It is not necessary that the clerk be an official of the Federal court, as the Circuit Judges of this circuit can issue naturalization papers. But the clerk of the outside courts have not this matter of naturalization more seriously than it used to, and greater care is being exercised in the matter.

Some of the immigrants wish to take up government land, and they must have declared their intention of becoming citizens before they can do so.

MAYOR CALLS PEOPLE TO SURVEY PROPOSED TANTALUS ROAD

The Hillsboro (Oregon) Independent of September 13 publishes the following:

MAYOR'S CALL.

The citizens of Hillsboro are requested to meet at the court house next Tuesday evening at 8 o'clock to make arrangements to meet Mrs. Edith Tozier Weathered, who is soon to visit Hillsboro, accompanied by nine young ladies from the Hawaiian Islands.

JOHN DENNIS, Mayor.

Unanimous opposition to Fred Kiley in his renewed efforts to secure a liquor license was expressed by the clergymen of the city this forenoon at the annual meeting of the Ministerial Union. The discussion of the Kiley matter was merely informal, but the sentiments expressed were strong and all adverse to the applicant.

"We were all of the opinion that Kiley should not be granted a license," said Rev. W. D. Westervelt this forenoon after the meeting. "We did not pass any resolutions in regard to the matter, or decide to take any action, as we felt that that would come under the scope of the Anti-Saloon League rather than under that of our body, but we expressed full confidence in the Liquor Board Commissioners that they would, in view of all the evidence which had already been produced before the Board in regard to Kiley's place, not think of such a thing as granting him another license."

At the meeting the following new members were elected: Rev. Mr. Crane, who came here recently to take charge of the Methodist Episcopal church; Rev. Mr. McKeever, the new pastor of the Christian church; Rev. Mr. Woolley, who is at the head of the Anti-Saloon League; and Rev. Frank Scudder, a cousin of Doremus Scudder, who came here a few weeks ago to take charge of the Japanese work of the American Board of Missions.

The following officers were elected for the coming year: Rev. Mr. Crane, president; Rev. Frank Scudder, secretary; and Rev. Mr. McKeever, chairman of the Program Committee. The rest of the members of this committee will be elected later.

The Standard Oil Company recently launched a campaign against the boats it is having constructed by the Panama Shipbuilding and Drydock Co., at Baltimore.

Instead of using a bottle of wine to christen the vessel, a large bottle of kerosene was used for that purpose by one of the workmen. The laughing was informal, only about thirty being present.

Among the recent inventions is a typewriter thimble. It is a pneumatic thimble of rubber that fits any finger that is used to excess on a typewriter machine. It is said to be a great relief to the nerves in the ends of the fingers. It protects them perfectly.

The Weekly Edition of the Evening Bulletin gives a complete summary of the news of the day.

MINISTERIAL UNION IS AGAINST KILEY

Clergymen Do Not Want Him To Have New License

A survey is to be made of the proposed extension of the Tantalus road which is to go from Makiki valley up Tantalus. Land Commissioner Pratt and Governor Frear talked the matter over this morning and decided to have a preliminary survey made.

The road will not be constructed right away, however, though it is probable that work on it will be commenced within a short time. The money for its construction is not yet on hand, but most of it will probably be raised by the sale of lots along the line of the proposed road. One half of the money realized from the sale of government lots may, by law, be applied to road building, and as there are a considerable number of lots along this road, either already laid out or to be surveyed and offered for sale, Governor Frear thinks there will be plenty of money for the work by the time it is needed.

Patrick Gleason, administrator of the estate of Susan Brash, deceased, and heir and legatee of William Brash deceased, has filed a motion in the Circuit Court that J. Alfred Magoon, administrator of the estate of William Brash, be required to file his final accounts, and also to file his final accounts as administrator of the estate of Susan Brash.

Mrs. Elizabeth B. Robson, one of the heirs of William Brash, also files a motion that Magoon be required to file his annual accounts as administrator of the estate.

A. Judd, guardian of Susan Brash, files his inventory showing the value of the estate to be \$470.05.

John K. Hiram was today granted a divorce from Annie K. Hiram on the ground of continuous desertion since the year 1901. The custody of the two minor children was awarded to the libellee.

German Consul William Potenhauer gives an elaborate dinner this evening at the Young Hotel in honor of the captain of the German cruiser Condor.

The Territorial Messenger Service, Phone 361, corner Union and Hotel streets, does all kinds of shopping.

Joy Lost This One

(Special Cable to Bulletin)

SAN FRANCISCO, Oct. 7.—The ball game played Saturday between Los Angeles and San Francisco resulted in a score of 2 to 1 in favor of Los Angeles.

Barney Joy pitched for the San Francisco team, striking out seven men.

Olaa Held Distillery

(Special Wireless to Bulletin)

Hilo, Oct. 7.—An illicit distillery plant complete seized in mountains beyond Olaa. Capacity fifty gallons daily. Five gallons mash taken and two Japanese arrested by Officer Coleman.

WAILUKUANS GIVE COMFORTABLE HOME

(Special to The Bulletin)

Wailuku, Maui, Oct. 4.—The new 2-story cottage for the Brothers of St. Anthony's school for boys is completed and the three Brothers are now comfortably quartered in it. Last Saturday afternoon the officers of the Catholic Ladies' Aid Society, Mesdames T. B. Lyons, A. Enos, S. Keiloi, J. Garcia, and L. Burlem, went down to the school premises and with appropriate remarks handed over the keys of the cottage to Brother Frank, who is head of the boys' school. The Brothers were very much affected at first. Their spokesman delivered the following neatly written testimonial to the ladies who have been mainly responsible for the success of getting financial aid to put up a cozy \$1,000 cottage, the lumber being supplied at cost by the Kahului Railroad Company:

To the President and Members of the Ladies' Aid Society.

"Dear Ladies:—In the year 1882 the Very Reverend Father Leonard, who for 28 years had been stationed at Wailuku, was commissioned by the Right (Continued on Page 3)

KINGSTON WILL STOP CHINESE

New York, Sept. 23.—A cable to the Herald from Kingston, Jamaica, says: The influx of Chinese here is a serious matter. One section of the press is urging the Government to take steps to prevent their landing here as being detrimental to local traders. The Chinese, it is declared, are responsible for the spread of the gambling evil here.

Kingston's City Council today adopted a resolution calling on the Government to amend the alien immigration law so as to prohibit the entrance of the undesirable class of foreigners who seek trade in this city, to the ruin of the natives and other subjects of the King. The resolution is aimed at Chinese and Syrians, who, it is said, are overrunning the islands.

Siberian Convicts Revolt

(Associated Press Special Cable)

TOBOLSK, Siberia, Oct. 7.—A number of convicts attacked their guards and wounded six of them. The guards fired on the convicts and killed twenty-two of them. Eleven made their escape.

Thaw Trial In December

NEW YORK, N. Y., Oct. 7.—The trial of Thaw will begin December 2.

Another Wireless Triumph

(Associated Press Special Cable)

SAN DIEGO, Calif., Oct. 7.—The steamer President, in Alaskan waters, has gotten into wireless communication with Point Loma, a distance of 4,200 miles.

Time Given Rebaters

(Associated Press Special Cable)

TOPEKA, Kansas, Oct. 7.—The oil companies, which have been accused of rebating, have been given thirty days in which to file their answers.

Hondurans Take City

SAN FRANCISCO, Calif., Oct. 7.—Acajutla has been captured by the Hondurans.

Watch this paper for date of dance and reception to be given by the Royal Hawaiian Hotel to the Bulletin girls on their arrival home.

Squadron Goes South

SAN FRANCISCO, Calif., Oct. 7.—The cruisers Charleston and St. Louis and the gunboats Perry and Preble have sailed for Magdalena Bay for target practice. Admiral Swinburne is on board the former.

Good penman for extra work is wanted. See ad this issue.
