## HONORED DEAD GREETED BY GREAT THROING ENGINEER DROWNED AT PEARL HARBOR

### Prince's Remains Here; Will Lie In State In Capitol Throne Room

The state funeral of the late conveyed the body to the Pensacola Prince David takes place on Sunday afternoon at 2 o'clock, from the Capitol building," said Colonel Hauka, who has charge of the funeral arrangements, this morning.

"The body of Prince David will be taken to the Throne Room on Friday night, where it will lie in state, and the public will be given an opportunity to view the remains on Saturday from 10 a. m. until 2 p. m."

Immediately upon the arrival of the Manchuria, Hon. E. K. Liliha-lani took charge of the remains and with the assistance of H. H. Williams

### Hawaii To See Great Baseball

Evening Bulletin, Honolulu, T. H.

Gentlemen:—I shall be passing through Honolulu shortly, and will drop in and see you. Prince papers will give you a line on my baseball scheme.

The probable line-up of the All-American team that will tour Japan, China, Manila, and Hawaii is as follows: Pitchers, Overall, Chicago; White, Chicago, and Burns, Washington; catchers, Donshou, Boston, and Billas, St. Louis; first basemen, Chase, New York; Donshou, Chicago; second basemen, Joe Neelon; third basemen, Devereaux (captain); shortstop, Leider, San Francisco (San Francisco has been offered \$6,000 for Leider); outfielders, Hildebrand, Bill Langer.

This will be a grand team. Comiskey is still anxious to visit Honolulu next season and no doubt the two men who are on our team from his aggregation will do much to influence him.

Bill Devereaux has promised me to give Reuter a chance with the Santa Cruz team. I think Reuter can make good. Very truly,  
JESS S. WOODS.

### Governor Frear Returns Confident of Taft And Much For Hawaii

Governor Walter F. Frear jumped into the routine of his work this morning, immediately after arriving on the Manchuria from his trip to Washington. His office was decorated with leis and flowers, welcoming him back home again, and all morning the Executive chambers were crowded with visitors. The Governor talked at length to the representatives of the press, outlining the work that has been and will be accomplished for the betterment of Hawaii.

He stated that one of the matters he had looked into was that of Federal appropriations for forestry work, hydrographic and soil surveys and an inland industry. He tried to have the decision regarding the non-allowance of money to Territories for these purposes now in force reversed, so that Hawaii would get the benefit, and the matter would probably be heard from in the future.

"I also took up the matter of having an architect come here for the purpose of designing the Federal building. The bill for a second United States Judge passed the House, but not the Senate. It will probably go through at the next session of Congress. Another matter which will probably come up at the next session is the salaries of various officials of the government here.

"The Congressional trip to these islands told. The feeling towards these islands in the East is very favorable, and it seems to have been brought about in the main by the impression which the members of the Congressional party carried back with them. Hawaii has many friends in Washington. Many of the Congressmen want to make another trip here next year.

"I doubt very much that Secretary Metcalf will come here.

"The Manchuria passed the battleships Maine and Alabama on the way down here. Secretary Garfield is on board the Maine and will arrive here probably tomorrow evening. The cruiser St. Louis will come down here for the express purpose of taking him back, and he will probably leave on the 28th, although this is entirely optional with him. He is very busy, and at one time thought he would not come here at all, but would go to Alaska. However, he arranged to have Judge Parker, who is his more-than-private-secretary, bring a man of affairs and consequence himself, go to Alaska. Judge Parker, by the way, has a great deal to do with Territories. He it was who worked so hard for and got the money for the Agricultural College. The Maine and the Alabama will remain here probably about six days, and there are, I think, a couple of colliers following them. There will be a public reception for Garfield in all probability within the next few days. He desires to see as much of the islands as possible in as short a time as possible, and consequently things will have to be arranged along that line. The itinerary which has been tentatively arranged I have not yet had an opportunity to look over carefully, but I will soon. Generally, it will be carried out along the lines already spoken of.

"The Federal building appropriation

CALIFORNIANS FOR KNIGHT  
CHICAGO, Ill., June 15.—The California delegation is booming Senator Knight of California for Vice President on the Taft ticket. The fight on the platform will be centered on the injunction plank.

### Smallpox On Sherman

ASTORIA, Wash., June 15.—The transport Sherman arrived here today with smallpox on board. One death occurred during the trip. She will be sent into quarantine at San Francisco.

This dispatch would indicate that a new case of smallpox broke out on the Sherman after leaving this port.

### M'GALL LOSES LIFE AT PEARL HARBOR

### May Have Been Victim Of Man-Eating Shark

Wm. G. McGall, a dredger operator employed on the Pearl Harbor dredging, last evening lost his life in the breakers at the Pearl Harbor entrance. He may have been drowned, but it is reported that he was the victim of a man-eater. Another man, who was with him at the time, was saved this morning, after he had been hanging all night to the keel of an overturned boat, and it is likely that he will not survive his awful experience.

The first report of the affair was brought to Honolulu this morning by E. B. Mikalemi, the caretaker of the Pearl Harbor reservation, who was the one who saved McGall's companion. Mikalemi reported at the police station that McGall and his friend went sailing in a small boat yesterday afternoon, but failed to return. A search was made for them last night, but with no result. This morning Mikalemi saw an object near the breakers at the harbor entrance. He immediately got in his launch and started for the object and found that it was the sailboat, which had capsized. One man was clinging to the

### Bodies Of Prince David And Dreier Abard; Frear Arrives

With flag at half mast and awaiting on the pier by an immense crowd of mourners, sympathizers, and the idly curious, the Pacific Mail steamer Manchuria, Captain Saunders, arrived this morning, bearing the bodies of Prince David Kawananakoa and August Dreier. She also brought a large crowd of the families of both men, among them Prince Cupid, who has been recently in Washington as the representative of this Territory in Congress.

The crowd hung about until the usual load of trunks had been slung over the side, and the caskets were reached. It had been expected that wailing would be heard as the body of the Prince was swung over the side of the ship. But the crowd was exceedingly quiet, and the act was done in silence. Flowers were there in abundance.

The pier has hardly ever borne such a crowd as this morning. They were an hour streaming in, and filled the building with a sea of faces.

The Manchuria brought a large list of very interesting passengers for Honolulu, including Governor Frear

The above letter speaks for itself. It means that the biggest baseball event in the history of the Territory is in prospect; it means that the White Sox will probably train in this city for a season; it means that Reuter is having a big baseball future opened up for him, if he can seize it and his work of late looks as if he certainly can.

The scheme of Woods, to which the papers from San Francisco refer, is to make this tour, being back at San Francisco by the first of October. He is planning to have the whole country posted with lithographs on his way, to assure the crowds. In fact, this is probably to be one of the most notable baseball tours which has ever been conducted. And Honolulu will come in for its part of the big sport.

### Tom Burns

[Associated Press Special Cable]  
SYDNEY, Australia, June 15.—Tom Burns and Squires are matched to fight for a purse of \$14,000, during the stay of the American Fleet.

C. S. Desky returned this morning from San Francisco. He was accompanied by his daughters.

### PACIFIC HARDWARE STORE FOR WALL

Wall, Nichols Quarters For Department Store

The old Pacific Hardware building on the corner of Fort and Merchant streets, which has been vacant for a long time past, has been leased by the Wall Nichols Co., which will shortly open therein a modern store with all the latest improvements. The lease, which was made by J. O. Carter, trustee for John Cummings, was made through the Henry Waterhouse Trust Co.'s real estate department.

Mr. Wall stated today that he intended to use the entire building himself. He will make it a modern store, at which he will locate his music, stationery and picture departments, all on a greatly enlarged basis. The present premises on King street will be maintained as well, but as they are very badly crowded the enlargement of the business was made necessary, especially as a great stock of holiday goods will soon be coming along. A unique feature of the new store will be a reading and writing room, which will be open for the use of the public free of charge. Mr. Wall expects to move into his new store by August 1.

### Kansas City Is Flooded

[Associated Press Special Cable]  
KANSAS CITY, Mo., June 15.—The Union Station here is flooded. The situation is worse.

### BUFORD DANCE AT THE SEASIDE

Mr. Stout, the manager of the popular Seaside Hotel, has arranged a dance for this evening in honor of Col. Watts and the officers and ladies on the U. S. T. Buford. There are many young officers who have been graduated from West Point aboard and they will all be there. The Army and Navy and friends of the Seaside are cordially invited.

### GARTER WILL ASK HUSTAGE FOR OIL

The Executive Fleet Committee held a meeting this afternoon at which several matters of detail were decided upon.

On motion of F. L. Waldron, it was decided that \$100 be appropriated for printing for the Information Committee. It was also decided that the program for the fleet be formulated no later than Thursday, so that the commander-in-chief of the fleet may be provided with it and know what was being done here by the local people.

Smith moved that Monday and Tuesday, July 20 and 21, be set aside for automobile excursions of the fleet's officers to Pearl Harbor. Carried.

Peck moved that thanks be extended to Marston Campbell, Superintendent of Public Works, for the assistance he has shown in the fleet matters.

With reference to other matters along the waterfront near the Seaside Station, before the fleet arrives, it was decided on motion of Smith that the Children's Center at a committee of one to see that the children of the Board of Stationers.

The fleet is coming. Let us clean up the City.

+ COMMITTEE CAN'T COME. +  
+ The Merchants' Association received a letter this morning from Delegate Kuhio, written while he was in Washington and announcing that it will be impossible for the members of the Naval Committee to accept the invitation extended to them to visit Hawaii this summer. The demands of the campaign are too strong for any tour abroad by the Congressmen.  
+ It is probable that an invitation will be sent the committee to come next season.

There will be many side-shows, the attractions of which will be heralded broadcast by a corps of very active "splinters". Rev. H. H. Hanna and wife arrived in the Manchuria to stay with the family of W. L. Hopper for a vacation, they being relatives of Mrs. Hopper. Rev. Mr. Hanna has been a Presbyterian minister at Monmouth, Ill., for the past 22 years. "The police have received information from various sources to the effect that an attempt would be made this evening by certain Japanese to re-open Iwilei, and that any interference by the police would be resisted. The police intend to send a strong force to the place this evening. At noon on Friday, the Manchuria passed the special squadron composed of the battleships Maine and Alabama, in close company. The weather was perfect and the vessels quite close, and the sight was a beautiful one. The Manchuria left port two days behind the ships, overtaking them in about four days. S. Kimura, director of the Bank of Japan, who has been traveling in Europe and United States, is a through passenger in the Manchuria. He is accompanied by Secretaries T. Sasaki and J. Yokobe. WATERFRONT NOTES

RECOINED PESOS. The U. S. A. T. Buford, a little behind time, arrived in port yesterday, crowded with officers and their families, and carrying over 600 sailors for the Philippines, and Guam, to take the place of the men on the ships and in the stations in the East, whose terms have expired. The city looked yesterday and this morning almost as if the battleships were already here. The slowness of the Buford was due to the fact that she is down by the stern. She carries a large amount of pesos, which have been recoined, and reduced in size and weight, in the mint at San Francisco, and are now being taken over to the Philippines to be put again into circulation. The weight of the coin has been reduced owing to its great and inconvenient weight. THE TENYU MARU sailed this morning from Yokohama for this port, on her first trip across the Pacific. She is the new floating palace of the T. K. K., which has three propellers, and is otherwise a unique craft in these waters. She is due here on the 23rd. THE MARAMA, due from Victoria and Vancouver a week ago tomorrow, has room for thirty first cabin and 13 second cabin passengers. Twenty of the first class berths are open for men only, and 10 of the second class are not available for women passengers. THE MANCHURIA will carry about 110 Asiatics from this port when she leaves this afternoon. THE BUFORD sails for the Orient tomorrow.

BORING BEGINS AT PEARL HARBOR TODAY Boring operations should have begun at Pearl Harbor this morning. An outfit was gotten on the ground Monday, and things have been busy since, getting the place in shape to go to work. Today was pay day, so the engineers in charge could not get on the ground. However it is hoped that the boring began as was expected. M'GALL LOSES LIFE (Continued from Page 1) keel. Mikalemi was not able to get close to the boat with his launch, so he returned and went out again in a skiff together with Jack Rothwell, the engineer of the dredger. They managed to get hold of the man on the overturned boat. He was at this time almost exhausted, and could barely give an account of the accident. This man told Mikalemi that he and McGall had been sailing near the breakers when they lost control of the rudder, and the craft upset. He himself managed to get hold of the keel of the boat, but when he looked around McGall was nowhere in sight. The anchor fell out of the boat when she capsized and held her in the same position all night. The man stayed on her bottom from 5 o'clock last evening until 5:20 o'clock this morning when he was rescued. Later reports brought from Pearl Harbor by workmen differ from the story told by Mikalemi in that they state that after the boat had capsized McGall was seen by his companion. He called for assistance, saying that he could not swim, but was almost immediately taken by a shark, of which there were a number around the boat.

READY FOR CONVENTION CHICAGO, Ill., June 14.—The delegates to the Republican National Convention are arriving, the delegations from California, Oregon, and Hawaii having already reached the city. Speaker Cannon has arrived and will lead a fight against the placing of an injunction plank in the platform. The indications are that Cortelyou's name will not be presented as a candidate. CHICAGO, Ill., June 13.—The Hawaiian Republican delegation has been invited to sit with the Californians. Many State headquarters have been already opened, and candidates for the Republican Vice Presidential nomination are flocking to town.

EARL DERBY DEAD LONDON, Eng., June 14.—The Earl of Derby is dead. Frederick Arthur Stanley, the sixteenth Earl of Derby, was one of the richest peers of Great Britain, his estates in Lancashire consisting of seventy thousand acres. He was born in 1841 and held several of the most important political and diplomatic posts in the British Government. He entered Parliament in 1865 and held at different times the portfolios of Lord of the Admiralty, Secretary for War, Secretary for the Colonies, and President of the Board of Trade. From 1888 to 1893 he was Governor General of Canada.

The coffin was surrounded by the kahlil-bearers, waving gently and solemnly over the remains of the dead Prince. In the room standing in honor of the late Prince were Prince Kaiulani, Col. Sam Parker, Col. John Baker, Col. Iaukea, Hon. E. K. Liliakalani, Hon. Jessie Makainai, and several ladies-of-honor. In the mauka corner of the room rested Prince David's picture on an easel, around which leis of mourning were placed. Commencing tonight, the singing and the chanting of ancient meles will be in order. Already a large number of Hawaiians, especially ladies, are congregated at the Pensacola home. Col. Baker, who went along with the late Prince, said this morning that the death was unexpected, and it was a great shock to them all. Baker said that the physicians who attended the Prince were largely responsible for his death. "When we found that Prince David's condition was getting worse we asked the physicians if they were still hopeful of recovery. They said there was no danger. Shortly afterwards the Prince died. In this connection, I had thought that it would have been better had the physicians, who evidently knew there was no hope for recovery, told about it. I believe if I had my way there would have been some show for recovery. I am a member of the Christian Science Society and had consulted with a cer-

REMAINS OF AUG. DREIER ARRIVE

The Funeral Will Take Place Next Wednesday from Catholic Cathedral. On Wednesday afternoon at 2 o'clock the funeral of the late August Dreier takes place from the Catholic Church, the interment being in Nuuanu cemetery. The remains of the deceased arrived this morning on the Manchuria and were taken to the Williams undertaking parlors, where they will remain until the funeral day. F. A. Schaefer and Cecil Brown have charge of the funeral arrangements. The pall-bearers will be selected some time today or tomorrow. The St. Louis Alumni Association will attend the funeral in a body. This was decided on at a meeting yesterday morning. The college band will also be in attendance. Brother Robert of St. Louis College is drafting resolutions of condolence to be presented to the widow and family. Details of the death of August Dreier were learned this morning on arrival of the body in this city, with relatives, by the Manchuria. About four hours out of Bremerhaven on the steamer, while he was accompanied by all of his family, Mr. Dreier sat down to breakfast. He was just taking his coffee, when he fell forward dead, without any warning. It was learned by a post-mortem examination that an artery had burst near the heart, causing instant death.

SEASON OF DRAMA WITH RICHARD BUHLER

The Lumley company, a premier dramatic organization, known from Denver east to San Diego west as the best stock company touring the Middle and Far West will play a season at the Orpheum theater under the personal direction of J. C. Cohen and Gerald R. Lumley. The company is headed by the romantic young actor, Richard Buhler, and contains a duplicate set of leading players, two leading men, and two leading ladies, Miss Mae Keane and Frank E. Montgomery, two artists who are great favorites on the Coast will alternate with Richard Buhler and Miss Virginia Thornton in the leading roles. "The Climbers" will be the opening bill, which requires a large cast of characters, and gives the entire company of twenty members parts suited to their particular line of art. New and special scenery is being painted by the company's artist, Harry Marshall, a scenic artist whose reputation is firmly established on the Pacific Coast. It is the intention of Managers Cohen and Lumley to change the play Monday and Wednesday and give a family matinee every Wednesday and Saturday afternoons. On Thursday evening, June 25, Ralph Stewart's romantic costume drama "By Right of Sword" will be given. For the second week the comedy "Browns in Town" and "The Love Route." During the engagement such plays as "Why Smith Left Home," "The Virginian," "The Christian," "Friends," "Human Hearts," "The Ensign," "Old Heidelberg," "What Happened to Jones," "La Belle Marie," "Carmen," "The Silver King," "Northern Lights," "Raffles," will be produced with special scenery and costumes. Seats will be on sale at the Orpheum box office Friday 10 a. m. Sold one week in advance. Tom Bates is in town. With him is Mr. Marshall, the scenic artist for the Lumley-Cohen dramatic combination. Tom has wandered far and wide since he was last in Hawaii. He has not changed—much. He is enjoying the first few days calling on his many old friends. He hopes to stay as long as he can, and the show is popular, which he believes will be for several years.

# Victories For Hawaii

Editor Evening Bulletin: The closing week of Congress has brought one more victory for Hawaii in the passage of my passenger transportation bill by the House on Thursday.

That it should have passed by a vote of more than three to one was particularly gratifying in view of aggressive personal campaign made against the bill by the California delegation. The friends of Hawaii stood by me loyally in the fight, and a number of them did personal canvassing in its favor to offset the similar work being done in opposition.

Strenuous efforts were made by the opposition to get two of the particular champions of American shipping to turn against my bill; but they refused to change their attitude, giving as their reason the fact that we had accepted an amendment to put the bill in the least objectionable form, and that we had not pressed our bill for passage until the mail subsidy measure was finally defeated. The support of my bill by these known friends of American shipping, influenced many doubtful members, and it is very certain that they could have defeated it if we had pressed it in its original form against their opposition.

The time limitation in the debate did not admit of speeches by the dozen, or more men who helped me to rally the votes would have turned up; neither did it allow time to answer some of the unfounded statements made by Mr. Kahn in opposition.

The personal attitude of members, as well as the decisive vote, shows that the House, as well as the Committee, recognized the unusual conditions requiring this legislation, and do not regard it as any attack on the American protective system.

Members of Congress in general agree with my contention that protection does not mean deprivation; and that the protective system was never designed to deprive American citizens of any commodity.

Owing to the existing status of business in the Senate, my bill cannot receive consideration by that body before their final adjournment tonight. But I have strong assurance that the bill will be promptly passed when the Senate re-assembles in December.

The Omnibus Territories bill,

which contained the Wahiawa Water Company franchise and the two Maui electric franchises, had a stormy career in the Senate, and finally failed of enactment. Owing to the illness of Senator Foraker, his committee were unable to get a quorum together to consider our bills, and they were reported to the Senate by a poll of the committee. This procedure has often followed before, but this time it was objected to on the floor of the Senate, and the two Maui franchise bills were stricken out of the omnibus bill together with one Alaskan bill; the Wahiawa Water Co. franchise bill was permitted to remain in, because it had been considered regularly in committee.

Owing to the fact that this omnibus bill did not pass the Senate until late in the evening, it was physically impossible to have it engrossed and acted upon by the House before the hour agreed on for adjournment, and it will consequently lie on the Speaker's table till Congress reconvenes in December; at that time we can doubtless have the two Maui bills reinserted in conference; meantime the Wahiawa bill is safe, having now passed both Houses and only awaiting agreement on other parts of the omnibus bill.

Very truly yours,  
J. KALANIANA'OLE,  
Delegate to Congress.  
Washington, May 30, 1908.

# Regal Shoes have come to Honolulu

HERE'S THE MOST INTERESTING ANNOUNCEMENT AND THE BEST KIND OF GOOD NEWS FOR YOU.

THE OPENING WILL BE

Wednesday Evening, June 17th,

FROM 7:30 TILL 10:30 O'CLOCK.

# REGAL SHOES

ARE HERE

There never was a footwear event in Honolulu more important to those after style, fit, and satisfaction than the arrival of the Summer models in REGAL SHOES.

They are the handsomest shoes ever shown in Honolulu. You'll say so when you see them. We've the same styles that the best-dressed men and women in New York are wearing this season. No matter whether you prefer styles that are somewhat pronounced or the more conservative models, you'll find a REGAL that suits you. You're sure to get a perfect fit in REGAL quarter sizes. The materials used in REGALS are of the highest quality. The uppers are cut from the choicest leathers, such as King Calf, King Kid, and Heyl's Patent Calf. All the linings, facings, and finishing materials are regular custom made grade.

Genuine Oak-Bark-Tanned Sole Leather is the foundation on which these shoes are built, and it costs the REGAL factory \$800 a day extra to put this unsurpassed leather into every pair of REGALS. You won't get this kind of stock in any other shoes selling at REGAL PRICES.

The most skillful shoemakers in the world are employed to build REGALS, hand-work being used at every point where it is actually superior to machinery. As a result, REGALS have every detail of fine finish usually found only in made-to-order shoes.

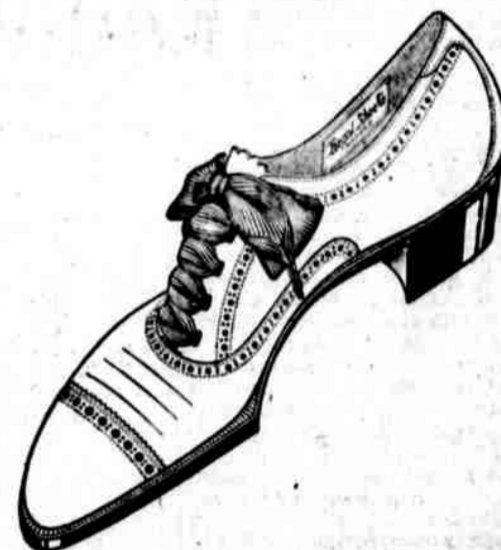

We want every man and woman in Honolulu to call and inspect these SUMMER REGALS. We're proud to show them. Experienced shoe salesmen are at your service, and they will take pleasure in assisting you to obtain exactly what you desire.

WE WANT YOU TO SEE WHAT REAL LIVE PEOPLE CAN DO WITH REAL LIVE SHOES.

Aloha, Claudius. You're all right. Honolulu merely wanted its usual football and you happened to be handy at that time.

Governor Frear sees the nomination of Mr. Taft on the first ballot. If he were firing a gun he would probably hit a bull's eye.

The curio of Honolulu's business status is found in the fact that with the price of sugar the highest for months and promising to go higher, the stock market is the duller. May it not be duller.

### DELEGATE KUHIO'S RETURN.

The greeting the people of Hawaii extend today to the returning Delegate to Congress is mixed with deep sympathy and sincere congratulation. It seems a most unkind fate that has coupled Delegate Kuhio's unusually successful labors in Washington for the Territory with the death of his only brother. His journey homeward, which gave promise of being a particularly happy one, has been attended by the deepest sorrow.

It is proper, however, to include the expressions of congratulation with the words of sympathy.

Delegate Kuhio returns to his home with a record of accomplishment for the Territory of Hawaii which cannot be duplicated for the session just closed by any Congressman representing any other district in the United States.

He has gained the largest appropriation for public buildings and the largest appropriation for dry docks that has been obtained by any city or State during this session of Congress. He has been able to obtain a prompt and enthusiastic hearing for the measures affecting Hawaii and those involved in the greater development of American power in the Pacific.

On matters dealing with the strictly domestic affairs of the Territory he has been particularly successful, and the land-lease amendment to the Organic Act will be found a promoter of business and an increasing source of revenue to the people.

He has fought a consistent and generally successful contest for the improvement of the transportation facilities of the islands in their relation with the mainland. He has stood for subsidizing American mail ships, and, when Congress decided that this should not pass, has called for legislation that shall prevent the people in Hawaii from becoming marooned in their own country.

The Delegate has had good assistance, but, what is quite as important, he has by his uniform courtesy and manly bearing gained for Hawaii a wide circle of Congressional friends who have taken up our cause as if it were their own. This we believe has been the secret of the Delegate's success, outside the fact that he had a cause that was just.

Among these Congressional friends the Delegate has always found a ready hearing for any measure proposed for the benefit of Hawaii, and when called upon to defend his own bills Kuhio has done so on the floor of the House and in a manner to command favorable attention.

We don't know what the citizens of the Territory of Hawaii want better of a representative in Congress. Delegate Kuhio has landed more Congressional prizes than the average Congressman with a vote. He has sustained the honor of the Hawaiian commonwealth. He has made friends for Hawaii.

He is entitled to enthusiastic congratulation. We have no doubt that the Bulletin expresses the sentiment of the people in extending to him the warmest praise and assurance of return to Congress for another term.

## Plans Of Garfield's

"There is nothing like seeing things for yourself," said Secretary Garfield last night. "Hawaiian affairs are new features of my department, and I want to get information about them through personal observation. I will visit each of the islands before returning.—Examiner.

"The situation in Hawaii, as far as the Department of the Interior is concerned," said he, "is different from that of this country. The land question and kindred subjects are controlled by the Territorial Government, and my inspection will be limited to those matters which come directly under the sway of the Federal Government, such as lighthouses and such other Federal domains. I probably will make a report on labor conditions in the Hawaiian Islands, but will not take up questions dealing with the exclusion act, as those belong to a different department."—Call.

The Chronicle of June 8 says: Secretary of the Interior James Rudolph Garfield arrived in this city last evening and went direct to the Mission street wharf, from which he was taken on board the battleship Maine. On this warship he will leave this morning at 7 o'clock to go to Hawaii on an official tour of inspection of the Territory, which is now under the jurisdiction of his department.

Secretary Garfield expects to make a stay of two weeks on the islands, and, according to the itinerary prepared for him by Governor Frear, he will be a very busy man during his visit. He does not expect to settle any momentous questions on this trip, and he professes to be ignorant of any urgent need for his services in Hawaii. He has recently concluded a tour of Arizona and New Mexico, looking into such questions as public lands, forests, natural resources, irrigation projects and reclamation plans, all of which are part of his work, and he expects to investigate similar problems on the islands. After he returns to San Francisco he expects to journey for two months through the Western States and Territories, excluding Alaska, which Territory he will reserve for a special trip later. The Philippines are the only territorial possessions which are not under the jurisdiction of the Department of the Interior.

Secretary Garfield says that the law, passed a year ago, giving the supervision of the Territories to the Department of the Interior, has simplified immensely the Federal control of these possessions. It has centralized the administration of Federal matters pertaining to these Territories, and brought about harmony where formerly there was much confusion and useless expenditure of energy. Under the system whereby the head of the department journeys through these Territories, families-

izing himself with conditions and needs, the work in these possessions has been rewarded with rich results, and the way has been paved, through the exchange of ideas and the correlating of different interests, so that substantial economic development of the Territories is now assured. It is not at all improbable that important changes in existing laws may be suggested from the Secretary's present tour.

Because the disposition of public lands was reserved by the Territorial Government in the annexation treaty, Secretary Garfield does not expect to have to deal with that problem at all on his tour of Hawaii. Neither does he expect to touch the manifold immigration problems in the islands, that being the prerogative of the Department of Commerce and Labor. He may touch on such matters as the enlargement or reduction of military reservations, but that will be merely because his department and the War Department meet on such common ground.

Secretary Garfield is a man only 43 years of age, but he has already crowded into his career a number of notable achievements. Before being made Secretary of the Interior he was Commissioner of Corporations under the Department of Commerce and Labor, and it was at that time, between the ages of 38 and 41 years, that he made his famous fight against the Standard Oil and carried on his relentless investigation into the embalmers scandal. Between the ages of 34 and 38 years he was United States Civil Service Commissioner and between the ages of 31 and 34 he was State Senator from Ohio.

**RESOLUTIONS.**

Whereas, a high official of the Government of the United States will soon arrive here in Hawaii to investigate the conditions of Government lands in this Territory; and

Whereas, The American citizens of Hawaii feel that it is their duty to express their views to that representative, the steps taken by the Government of the Territory of Hawaii in dealing with these government lands only for the benefit of moneyed people and depriving the Native Hawaiians of small means to acquire such lands; and also to inform said representative of the United States the wish of the native Hawaiian people, that such government lands should be parcelled out upon reasonable conditions that will meet the poor Hawaiian's purse, in conformity with the provisions of the General Land Laws of the United States; or to pass an Act by Congress controlling the Government lands of Hawaii, which Act to contain provisions awarding homesteads, under favorable and reasonable conditions, to native Hawaiians, and also a provision for a financial aid from the Government of the United States to assist indigent Hawaiian families to improve their holdings.

Be It Resolved, By this mass meeting assembled in the City of Honolulu, County of Oahu, Territory of Hawaii, on this 13th day of June, A. D. 1908, to appoint a Committee of fifteen members to present a memorial or petition on behalf of the Hawaiian people, to the representative of the United States, in regard to Hawaiians getting homesteads on reasonable conditions; and such committee have authority to place before said representative such complaints upon the action of the present administration on Government lands; and that this committee is to consist of the following gentlemen: C. K. Nottley, D. Kalauokalani, Wm. White, W. C. Aehl, Charles Broad, Wm. Olopanu, Abraham Fernandez, J. K. Nakookoo, Frank R. Harvey, Joseph Fern, Chas. K. Kanekoa, A. S. Kalelopi, Bernard Gregory, S. C. Dwight and J. Mokuohai Peepoo.

Be It Resolved, That the majority of the committee has the honor to fill up any vacancy in the committee by reason of any member not willing to serve, or by resignation, or any other cause.

(Sgd) KALAUOKALANI, SR., Chairman.

The Hawaiians are after the scalp of certain government officials. They said so at a public meeting, held at Aala park last Saturday night. The above resolution, which was read and unanimously adopted at that meeting will be presented to Secretary Garfield of the Department of Interior when he arrives here. A memorial to be presented together with the resolution will be considered and passed tonight at the committee meeting. It is the intention of the committee to request of Secretary Garfield that he make an independent investigation of the local land laws and the method under which the Government lands are disposed of by lease or by sale at public auction. Almost every speaker at the meeting denounced the officials who have charge of the Government lands. They expressed themselves in favor of having better land laws here so that the interest of the poor may be as well protected as those of the rich.

### INSPECTORS FOR HONOLULU

Official notification of the passing of an act by Congress, on March 3d, for the appointment of an inspector of hulls and an inspector of boilers for this port was received today. This is a good bit of news for the shipping people, as the inspectors have been long needed here, it being necessary to have men down from the Coast to do this work, as matters have always stood. It is probable that some local men will receive the appointments.

The need of such men here is illustrated in the case of the Irmgard, which was delayed from the 8th to the 13th in getting away this time, owing to the fact that her license expired while she was here, and she had to get another from the Coast.

### BEKKEY RETURNS

H. Bekkey, manager of the Yokohama Specie Bank, returns today to Japan on the Manchuria. It was intended that while here he would lay the corner-stone of the new building, which is in course of construction, but on account of Mr. Akai's illness the event was postponed. Mr. Bekkey found the local bank in good condition and is returning to Japan gratified with the success of local business.

J. Lightfoot has filed suit against John F. Colburn for the sum of \$450, on promissory notes issued to J. W. Podmore.

Dr. John D. Quackenbos, professor in Columbia University in New York, astonished his associates at the Medical-Legal Society the other night by telling them how a young actress bounded into fame in a single night under the hypnotic spell. It is the case of a Trilby in real life; not the trick of a charlatan, but a sober actual accomplishment of latter day science. The new Trilby is a favorite with the astro-gazers. Her first appearance on the stage was made at a New York Theatre, when, under the hypnotic spell, she carried the audience by storm. She was called before the curtain again and again—at a bound she was famous. The press of the city united in applauding her splendid work. It is only one of the many marvels of this wonderful power.

The New York Institute of Science, of Rochester, N. Y., has recently issued a new book which is being distributed free throughout the country for the purpose of educating and protecting the public. It is one of the most weird and fascinating works ever written. It is richly illustrated with the finest engravings and its vivid descriptions of the practical uses and possibilities of this marvellous mind-power fill one with awe and amazement. Among the many intensely interesting subjects are: How to hypnotize instantaneously; how to influence a person secretly without his knowledge; how to develop personal magnetism and use it in business, society, etc.; power of the human will; how to cure the most obstinate diseases and bad habits by magnetic forces without drugs or medicines; how to make people like you; how to win in business, in society, in love; any one can develop personal magnetism; rules which will absolutely develop this power within a short time; the transmission of thought; the development of soul power; how to make a business man listen to you when he would send anyone else away; how to sell a man goods when he does not want to buy; a legitimate way to double your salary; how to keep people from influencing you; hundreds secretly influenced and controlled in body and mind without their knowledge; how to implant a suggestion or command in a subject's mind that he will carry out a week, month or year hence, just as the hypnotist may wish; how to hypnotize by mail or by telephone; how to develop within yourself that inward power, that force of character, which instantly gives you a control over people without saying a word or making a single gesture.

For the benefit of the public, we wish to state that if you will write the New York Institute of Science, Dept. 204B, Rochester, N. Y., U. S. A., a copy of the above book will be sent you by mail, absolutely free of charge. This institution guarantees this offer to be absolutely genuine with no conditions attached. It is proposed to give away several thousand copies of the book; so that the public may learn the wonderful secrets of this marvellous but misunderstood science.

## SPORTS

### Great Interest In Big Carnival of Sports

The greatest interest is being manifested about town in the boxing contests which will be pulled off during the visit of the battleships Maine and Alabama.

The first show will be given, in all probability on Wednesday night, and there will be another fine card presented for the delectation of local ring-goers on Saturday night.  
 The scene of the sport will be Independence Hall on King street, which is admirably suited for such exhibitions. The place is being well lighted and the comfort of the spectators will be attended to in every particular. Today the ring is being erected and hundreds of chairs put in place.

### GAME CALLED OFF ON ACCOUNT OF RAIN

The Kams won out last Saturday from the Jewels, as recounted in the baseball extra of the Bulletin, by a score of 7-6, in an exciting contest, which, while it could not be called high-class baseball all round, was probably one of the most exciting games which has been held here in quite a long time.

The second game, which was to have been played by the Puns and the Saints, was called off on account of rain. It will probably be played off at the end of the present series.  
 The losing of the game by the Jewels on Saturday leaves the outcome of the first series now very much in doubt. Until two weeks ago, it seemed that the other teams could do nothing to win against them, as they were taking the games straight, but now they have lost two, and if the Puns had won out in the game which should have been played with the Saints Saturday, they would have been tied with the Jewels, and then things would certainly have been uncertain.

### KAMEHAMEHA WINS GOVERNOR'S CUP AGAIN

The yacht Kamehameha won the Governor's Cup for yet another year, by defeating the Gladys in the race around the Island, starting Saturday afternoon and finishing shortly after 9 o'clock yesterday morning, making a new record of nineteen hours for the run. The exact time of finishing was a little over eight minutes past nine. The Gladys arrived about 1 o'clock in the afternoon.

The course was from the Myrtle boathouse around Oahu by Barber's Point to within 100 yards of the spar buoy. Heavy seas and strong winds were experienced. The spinaker was torn near Pearl Harbor, but was soon patched up again. The mainsail was taken in a reef near Keana Point, and the yacht finished this way. N. E. and E.-N. E. winds were encountered.

Points of the course were passed as follows:  
 Barber's Point 4:30 p. m., Keana Point 7:20 p. m., Kahuku 2:00 a. m., Mokuapu Point 5:10 a. m., Mokuapu Point, 6:40 a. m., Koko Head 7:25 a. m., Diamond Head 8:30 a. m., Spar Buoy 9:02:30, Myrtle Boathouse 9:08:30.

### NO SOCKER OR CRICKET TEAMS WITH THE FLEET

Robert Anderson this morning received a letter from Lieutenant Weaver, the Fleet athletic officer, in which he says: "I regret to have to inform you that we have no socker football-teams nor cricket teams in the Fleet, but if we can find time to organize teams we will gladly play with you in Honolulu."  
 Mr. Anderson says that there seems nothing to do but wait until the Fleet arrives, and take up these sports with Lieutenant Weaver.

Fernandez, Olmos, and Evers put up a pretty bunting game. Heavy hitters are relying on beating out a bunt in preference to flying out to one of the fielders.  
 Next Saturday's games should be doubly interesting, as the postponement of one game may hold up the question of who's who at the end of the first series.

Olmos handled the closing fly of Saturday's game in beautiful manner, making one of the prettiest plays of the season.

Game Goes 15 Innings On The Aala Park Grounds

The Aala Park grounds ran red with blood when the Nippon nine and the Palama artillery opened fire. The firing on both sides began sharply at 1:30, with the Japanese on the offensive, and, after 4:25 p. m., the guns of the Nippon artillery were silenced by the Palamas.

Thousands of people witnessed one of the finest games that ever took place on the Aala Park grounds between the Palama and the Japanese nine. Both sides were determined to win and the Palamas were out in force to root for their team. They were so confident of victory that they even predicted that they would run all over the Japanese nine. On the other hand, the Japanese were out determined to give the Palamas a hard run for their victory, or, if possible, to defeat them.

The game started with Bert Bowers holding the indicator. Both teams failed to score until the beginning of the seventh inning, when the Palamas scored a run. Thus the game played until the ending of the fifteenth inning when the Japanese nine led by a run. The Palamas went to bat with all hope gone, for the last time, and the Japanese, with one run leading, were going to hold them down. With two men out of the Palamas, one man on second, Henry Walker came to bat. It was up to him to bring the team out to victory. Walker sent an easy pop just behind the second base, and Kuali, the centerfielder of the Japanese, evidently did not see the sphere. He fumbled the ball, the Palamas tied the score, and, while everybody was up in the air, Walker stole third and went for home base. Kuali threw wild to Fred Luning—and the game was over.

The Chinese A. C. defeated the Alohas, and, though it was expected, this would be the best game, it proved the weaker of the two by a good deal. The score was 8 to 3. Kalmi pitched a losing game for the Alohas, as he did not seem in form at all.

Giffard and Cartwright Win In Foursome Tourney

H. B. Giffard and H. C. Cartwright won the four-ball foursome at the Country Club yesterday, with 3 up and 2 to play. The links were in nice condition and a fine turnout was secured. The committee is gratified with the results. Handsome prizes went to both the winners.

A big tourney is being planned for the Fourth. Though plans are not nearly matured as yet, it is probable that a smoker will be held in the evening after the play.

MAUI BALL GAMES

WAILUKU, Maui, June 15.— The Sunday games at Wells Park were attended by a great crowd that was highly enthusiastic. Upton pitched for the Kahululu. The results follow:  
Kahului 10, Waikapu 9.  
Stars 5, Heanani 3.

BIG SCORES MADE BY KAPIOLANI PARK TEAMS

The Reliance and Twilights were winners at the games at Kapiolani Park yesterday. The former team won from the Young Tidal Waves, by a score of 11-9, and the latter trimmed the Hylands by a score of 14 to 11. The league will suspend on next Sunday owing to the fact that the funeral of Prince David will be held on that date.

The league will meet at the residence of John S. Silva, McCully and Beretania avenue, on Wednesday evening.

HILOS DEFEAT MAUNA KEAS

The Hilo picked team defeated the Mauna Kea team on the 11th by a score of 3-0. The line-up of the teams was:  
Hilos—Lyman, G. Desha, S. Desha, Todd, C. Brickward, Williams, W. Ah Hip, Medeiros, Andrews.  
Mauna Kea—Macaulay, C. Lynch, J. Lynch, Jarrett, H. Kahu, G. Say, H. Ikeway, Makeona, Williams.

Fast Ball Player From Seattle In Town Yesterday

A baseball player of note was in town over the week-end, coming in on the Columbian, and leaving on her for Kahului and the Coast. He is Harry Isbell of the University of Washington and other teams around Puget Sound. He has a long record, and a good one.

Isbell played for three years on the U. of W. team, at shortstop, captaining the bunch for one of the years. He also played with Russ Hall and with Dugdale, extending his experiences to the Coast and Northwest Leagues.

Yesterday he attended the games of the Newspaper League, and was considerably excited at times, as he is an old team-mate of Charlie Albright, of the Bulletins, and had the fast local shortstop for a captain one season.

He is a Phi Delta Theta, and very popular in the University.

BEST GAME OF SEASON PLAYED IN JAP LEAGUE

The best game which has yet been put up in the Japanese Baseball League was played yesterday between the two leading teams of the league, when the Asahis Junior and the Tokiwass crossed bats. The contest resulted in a score of 7 to 3, in favor of the former.

The first game of the day was between the Kachos and the Y. M. B. A., won by the latter after a landslide, by the score of 13 to 4.

The games took place at the vacant lot of the O. R. & L. Co. This leaves the Kachos at the bottom of the list.

Bill Chillingworth started in strong and made a very weak finish, while Reuter opened up weak, but finished like a rapid-fire gun. It is astonishing what one can do when the crowd is with him.

Jack Doyle was ably assisted by Barney Joy on the Ewa bleachers, in an effort to win the game for the Kams, and, from the result, one may draw conclusions as to who did the most talking.

Jimmy Thompson was credited with an assist in Saturday's game, handling a foul in clever fashion. Jimmy is one of the old guard and may yet be seen sparkling amongst the Jewels.
